SALUTE THE STARS AND STRIPES, OR TAMPICO AND VERA CRUZ WILL BE SEIZED, SAYS WILSON

CARRANZA AND VILLA WILL NOT AID HUERTA IN CASE OF INVASION

Co-operation Between the Rebels and Their Enemies Is Impossible.

Velasco, Driven From Torreon, Is Defeated Again.

Villa Wins a Six-Day Battle at San Pedro.

Juarez, Mexico, April 15.—The startling developments at Tampico, in point of interest felt here, far exceeded that in the reports of a new victory for the rebel troops at San Pedro.

No official would lend his name to comment on the situation, but one man in a confidential Constitutionalist position declared that under no circumstances would the rebels join with Huerta against a common enemy.

"In case of a foreign invasion, Gen. Villa and Carranza long ago agreed that they would simply content themselves with opposing any armed force which entered rebel territory," said this informant.

It is known that Villa would find it practically impossible to co-operate with Huerta. Huerta, it is related, at the battle of Rellano, two years ago, compelled Villa, then serving under him, to get on his knees and apologize for some offense. Later Huerta threw him into prison in Mexico City, where Villa learned to read and write. He finally escaped and made his way north, where, upon the assassination of Madero and the elevation of Huerta to the provisional presidency, he started a revolution and in due time joined other insurgents under the supreme chiefship of Venustiano Carranza.

Velasco Defeated Again.

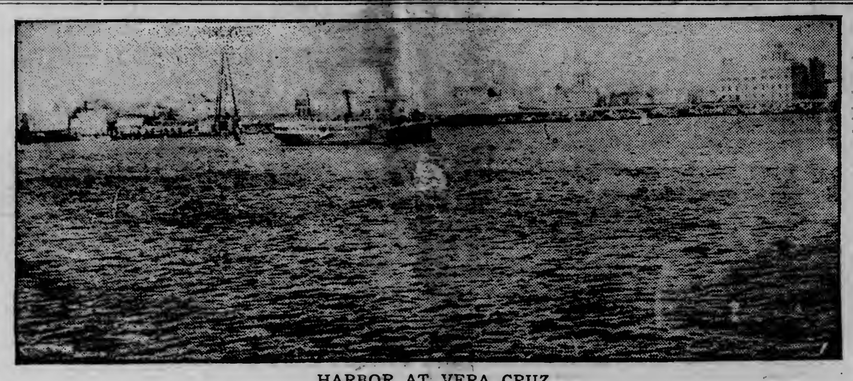

The defeat of the combined Fed-

U. S. ADMIRAL WHO WILL COMMAND UNITED FLEET

REAR ADMIRAL CHARLES J. BADGER,
Who Will Have Eleven Battleships and a Score of Smaller Vessels, With a Total Complement of 15,000 Men, Under Him to Enforce Washington's Demands on the Huerta Government.

HARBOR AT VERA CRUZ.

TWO SHIPS ARE MISSING

Hope Is Practically Abandoned for Kite and Grand Falls.

Wreckage at Sea Is Supposed to Be From Sealer.

St. John's Nfld., April 15.—Fears that the Kite, the smallest steamer in the sealing fleet, has met with disaster, was increased today when the steamer Eagle, in a radio message, reported sighting wreckage consisting of a ship's hatch, a plank and some oars 170 miles off here. Owing to stormy weather, the Eagle was unable to pick up the floatsam.

It now is believed that this wreckage and that sighted on Saturday by the sealer Bloodhound did not come from the missing steamer Southern Cross, but from the Kite, which carried a crew of sixty-five.

Schooner Posted as Missing.

London, April 15.—The British schooner Grand Falls, from Harbor Breton, Nfld., for Oporto, has been posted at Lloyd's as missing.

WASHINGTON LETTER IS SOLD FOR $107.50

New York, April 15.—A two-page autograph letter written by George Washington at Mount Vernon on July 15, 1798, to John Marshall, later chief justice, congratulating him on his return from France, brought $107.50, the highest price at a sale yesterday of rare autograph letters and other documents collected by a Massachusetts lawyer.

STATEMENT BY PRESIDENT ON THE MEXICAN SITUATION

Washington, April 15.—The following official statement was issued today as representing the views of President Wilson and the administration:

"In discussions in official circles in Washington of the present Mexican situation, the following points have been very much dwelt upon:

"It has been pointed out that, in considering the present somewhat delicate situation in Mexico, the unpleasant incident at Tampico must not be thought of alone. For some time past the de facto government of Mexico has seemed to think mere apologies sufficient when the rights of American citizens or the dignity of the government of the United States were involved, and apparently has made no attempt at either reparation or the effective correction of serious derelictions of its civil and military officers.

Orderly Arrested With Mail.

"Immediately after the incident at Tampico an orderly from one of the ships of the United States in the harbor of Vera Cruz, who had been sent ashore to the postoffice for the ship's mail, and who was in uniform and who had the official mail bag on his back, was arrested and put into jail by the local authorities. He was subsequently released and a nominal punishment inflicted upon the officer who had arrested him, but it was significant that an orderly from the fleet of the United States was picked out from the many persons constantly going ashore on various errands from the various ships in the harbor representing several nations.

Washington Dispatch Held Up.

"Most serious of all, the officials in charge of the telegraph office at Mexico City presumed to withhold an official dispatch of the government of the United States to its embassy at Mexico City, until it had been sent to the censor and his permission received to deliver it, and gave the dispatch into the hands of the charge d'affaires of the United States only upon his personal and emphatic demand, he having in the meantime learned through other channels that a dispatch had been sent him which he had not received.

"It cannot but strike anyone who has watched the course of events in Mexico as significant, that untoward incidents such as these have not occurred in any case where representatives of other governments were concerned, but only in dealings with representatives of the United States; and that there has been no occasion for other governments to call attention to such matters or to ask for apologies.

Apparently Deliberate.

"These repeated offenses against the rights and dignity of the United States—offenses not duplicated with regard to the representatives of other governments—have necessarily made the impression that the government of the United States was singled out for manifestations of ill-will and contempt.

"The authorities of the state department feel confident that when the seriousness and the cumulative effect of these incidents is made evident to the government of Mexico, that government will see the propriety and the necessity of giving such evidences of its desire to repudiate and correct these things as will be not only satisfactory to the government of the United States, but also an evidence to the rest of the world of an entire change of attitude.

"There can be no loss to the dignity of the de facto government in Mexico in recognizing in the fullest degree the claims of a great sovereign government to its respect."

DUNNE DONS HIS OVERALLS

Illinois Governor Joins Citizens in Work on Roads.

Many Contests Are Held in Parts of State.

Chicago, April 15.—Governor Dunne, members of the Illinois legislature, judges, bankers, businessmen, school children and scores of others today began the work of building the Lincoln highway across Northern Illinois, from the Mississippi river to the Indiana state line.

Every one of the scores of persons who wielded a pick or shovel will receive a check of 1 cent and a card signed by Samuel Gompers signifying that he is an honorary member of the American Federation of Labor.

Under the terms of a proclamation issued several weeks ago by Governor Dunne, this was "Good Roads Day" in Illinois. The celebration marked the beginning of road construction in Illinois with state aid. In Cairo, Aurora, Bloomington, Quincy, Moline and about fifteen other cities, road dragging contests were held and cash prizes awarded to the winners.

Many Contests Held.

Hundreds of smaller towns and villages of the state participated in the good roads celebration by holding stone hauling and road dragging contests. In every locality the townspeople turned out in large numbers and took part in the contests, or assisted in working on the roads.

As guests of the Chicago Motor club, Governor Dunne and a party of state officials left Chicago early today on a 130-mile automobile trip to Sterling, Ill. The party planned to visit twenty-four cities in which good roads mass meetings and celebrations were to have been held.

Governor Dunne donned overalls at Mooseheart, near Aurora, and officially began the work on the Illinois stretch of the Lincoln highway by turning the first spade of gravel.

THE DAY IN CONGRESS

SENATE.

Foreign affairs committee discussed Mexican crisis.

Canals committee continued hearings on the repeal of the Panama tolls exemption.

HOUSE.

Miscellaneous bills were considered under calendar Wednesday rule.

Advocates of Hobson prohibition amendment heard before judiciary committee.

VINCENT ASTOR IS MUCH IMPROVED

Will Remain at Fiancee's Home Until He Recovers.

New York, April 15.—Vincent Astor had a restful night and was much improved this morning, according to announcement made at the country home of his fiancee, Miss Helen Dinsmore Huntington. Physicians were in conference during the morning, and it was said a formal statement might be issued later.

He was stricken Monday night and his temperature rose to 105. It was said that it might be necessary to postpone the wedding, set for April 30.

The Huntington place is at Staatsburg, N. Y., near the Astor country home at Rhinebeck. Young Astor will remain there until he recovers. In addition to local physicians, two doctors from New York were summoned.

It was said that Vincent Astor had not been in good health for several weeks. Recently he exposed himself boating on the Hudson, and congestion of the lungs developed. Physicians were not sure, however, that he had pneumonia.

MYSTERIOUS MURDER IN CHICAGO STREET

Well-to-Do Grocer Refuses to Tell Who Shot Him.

Chicago, April 15.—The police today investigated the mysterious murder last night of Louis Milone, said to be a well-to-do grocer, who was shot by three men while he was on his way home. Milone died at a hospital an hour after the shooting. During his few conscious moments he refused to tell the police who shot him or why he had been attacked.

Because of his refusal to talk, the police believed Milone was murdered by the agents of some secret society. The dying man refused to tell the police who he was, but his identity was learned from papers found in his clothing.

Three men were seen to run away from Milone immediately after the shots were fired.

JACK JOHNSON WILL RETURN FOR TRIAL.

Paris, April 15.—"Jack" Johnson, the negro pugilist, will return to Chicago for the retrial of the charges against him, under the Mann act. He was out of town today, but had authorized his Paris representative, Henry Wolf, to say that after his fight with Frank Moran he would sail for America and place himself at the disposal of the court.

ATLAS UP-TO-DATE.

FATE OF GREYTOWN CITED AS PRECEDENT

Many Acts Unfriendly to the United States Are Charged to the Huerta Authorities.

Naval Mail Carrier Arrested, Sailors Taken From U. S. Boat, Dispatch to O'Shaughnessy Seized By Censor.

United States Apparently Singled Out for Contemptuous Treatment---Congressmen Approve President's Course.

Washington, April 15.—Huerta will salute the American flag or the Atlantic fleet will seize Vera Cruz and Tampico. What happens afterward depends on Huerta.

That is President Wilson's determination. Leaders in congress, with whom he conferred today agreed there was ample precedent for such action.

Not only the Tampico incident, but a long series of indignities offered to the United States, to the conspicuous exclusion of other foreign nations, represented in Mexico, have convinced the president and his advisers that the United States has been singled out for "manifestations of ill-will and contempt."

One new fact brought out today was that two of the American bluejackets arrested at Tampico actually were taken from the Dolphin's boat.

Official dispatches to Charge O'Shaughnessy have been intercepted by the Mexican censor.

A ship's orderly ashore in full uniform in Vera Cruz on business of the United States was arrested and released, while a nominal punishment was meted out to the local officials. These hitherto unpublished facts were disclosed today in an official statement.

What Happened to Greytown.

President Wilson refers to the Greytown case as a precedent for the demand for reparation made by Rear Admiral Mayo. In that demand for reparation for injury inflicted upon the property of an American corporation near Greytown, Nicaragua, and an insult to American Minister Borland because he had assisted an American ship captain in resisting arrest, Secretary Dobbin, in June, 1853, sent the United States ship Cyane to Greytown to obtain redress and an apology. These were refused by the local officials, and Capt. Hollins, at the expiration of a time limit of twenty-four hours, bombarded the town, after taking away in a steamer such persons as desired to go. The bombardment was intermittent; an interval of several hours was allowed between fusillades for an apology. That was not offered, and a landing party burned the town without loss of life, and then withdrew.

President Pierce, in his message to congress Dec. 4, 1854, defended that action.

For Peace, But—

President Wilson told his advisers that he stands for peace, but is determined to force Huerta to recognize the honor and dignity of the United States.

Were After Gasoline.

The bluejackets arrested had gone to the Tampico wharf to load gasoline. Two of the men were in the boat. The

(Continued on page 10, third column.)

HUERTA IS "DISPOSED TO UPHOLD HONOR OF MEXICO AT ANY COST"

Vera Cruz, April 15.—The Mexican foreign minister, Senor Portillo Y. Rojas, has transmitted to American Charge d'Affaires O'Shaughnessy a note dealing with the arrest of the assistant paymaster and a detachment of bluejackets from the United States gunboat Dolphin at Tampico. In effect, the note says that the Mexican government cannot see wherein, under international law, the Federals have inflicted any insult on the American nation; that its ordering the army publicly to salute the American flag under the circumstances would be an admission that the United States is exercising undue influence over this country's free action, and that the president is disposed to uphold the honor and sovereignty of Mexico at any cost.

WARSHIPS IN FIGHTING TRIM

Vessels of Atlantic Fleet Get Ready to Go South.

New Superdreadnought New York Is Put Into Commission.

Norfolk, Va., April 15.—The battleships Arkansas, Vermont, New Hampshire and New Jersey and the dispatch boat Yankton sailed from Hampton Roads today for Mexican waters, at full speed.

The New Hampshire was the first to get under way. All but the Yankton were in their war paint of dull gray. The activities in Hampton Roads almost equalled some of the scenes preceding the departure of Rear Admiral Schley's flying squadron during the Spanish-American war.

Worked All Night.

Philadelphia, Pa., April 15.—Officers and crew of the battleship Michigan worked all night under the glare of searchlights at the navy yard preparing the big fighter for sea duty in response to the order for the concentration of the Atlantic fleet at Tampico. A number of barges loaded with coal came alongside the Michigan last night soon after sailing orders were received

DEFECTIVE PAGE

TWO CAUGHT FOR CROSSING LINE

Are Held By Immigration Officials as Illegal Residents.

After being barred from entering this country on two different occasions, Michaelo Kulanchuck, alias Palisky, and Iwan Pylupeczuk, alias Palisky, were arrested near North Branch on the Alger-Smith line Monday afternoon by the local immigration officers on a charge of being illegal residents of the United States.

The two men applied at Winnipeg last year and were there denied admission and last fall they were denied entrance at Fort Frances, Ont. Recently the local authorities received word that the men had smuggled their way across the border and were now living in the woods.

Both men were yesterday brought to Duluth and a report of the case was sent to the secretary of labor at Washington. It is probable the men will be ordered deported.

LAKE SUPERIOR FISH CO. MARKET.

LIGHT DEMAND FOR STATE LAND

The city of Virginia purchased a forty-acre tract within its corporate limits today at the state land sale at $18 an acre. The land was bought as an addition to its water works system. The city officials paid $720 over to the county treasurer for the tract.

In all there were only twenty-one descriptions covering 831.3 acres sold. The amount paid in was $1,581.68. Theodore Nelson, manager of the state land department conducted the sale.

Weather—Fair weather tonight and Thursday; moderate easterly and southerly breezes.

SHIRT SALE!

MARINE NEWS

TUG MINNESOTA BREAKS PATH FOR VESSELS THROUGH TWENTY INCHES OF ICE IN HARBOR

—Photo by McKenzie.

THE MINNESOTA BREAKING ICE.

The above picture of the tug Minnesota belonging to the Union Towing & Wrecking company of Duluth, shows how ice is broken in the Duluth harbor. The tug is an ironclad vessel about 80 feet in length, and is used each spring to clear the ice from the Duluth harbor.

Under the command of Capt. Charles Green, the Minnesota has broken considerable ice this spring. She started to clear a path through the ice at Howard's Pocket on the Superior side of the harbor and continued through to the shipyards. More than a mile of solid ice, more than twenty inches thick, was broken. The engines are powerfully constructed, and when put in motion, the vessel becomes a battering ram, smashing and bearing down on thick ice fields. Most of the ice is broken down by the vessel. As the heavy hulk mounts to the surface, the ice is crushed by sheer weight.

LONGEST SHIP ON GREAT LAKES IS LAUNCHED AT PORT ARTHUR

THE W. GRANT MORDEN.

The W. Grant Morden, owned by the Canadian Steamship lines, the merger, was launched recently at Port Arthur. She is the longest ship on the Great Lakes, but it is doubtful if her carrying capacity is as great as that of the W. P. Snyder, Jr., or of the Col. James Schoonmaker. The latter are each 617 feet over all, while the Morden is 625, but the American ships are said to be longer on the keel and from two to four feet larger in beam.

MAKES FIRST TRIP TO ISLE ROYALE

LAUNCH EDNA G.

The launch Edna G., belonging to the Morterud Fish company has just returned from Isle Royale, to which island she was the first craft to go this year. The launch is used for carrying freight and for collecting fish. She is of thirty tons burden, is sixty feet long over all and has a beam of twelve feet.

The Edna G. had great difficulty reaching Washington harbor with her cargo of supplies. The ice kept her away and she had to go back to Grand Portage. However one day last week she tried again and got close enough to the harbor so that she could unload the supplies on the ice.

LITTLE ICE TO BE SEEN

Navigation Is Expected to Open Within Next Few Days.

The warm weather of the last few days has practically cleared the Duluth side of Lake Superior as well as the harbor, and interlake navigation is expected to open within a few days. Between April 20 and 25 is the time set by marine men for the opening.

The steamer America, of the Booth line, which was to have started on a trip to Canadian ports with supplies, has been delayed by ice fields at Port Arthur and Isle Royale. It is expected that the ice will be cleared sufficiently this weeek so that the vessel can leave Duluth next Sunday at 10 o'clock.

The warm weather has wrought a great change in conditions at the Head of the Lakes within the last few days. The lake and harbor from the Duluth shore present a scene of nothing but clear water with hardly an ice floe in sight. Some ice, however, is said to exist on the Superior shore.

Vessels are now being inspected or loaded with cargoes of grain, ready to begin their initial voyage of the season at a few hours notice. Three vessels have just been inspected. These are the Bransford, Mary Elphicke and the Sonoma.

CALL MEETING ANTI-FARMER

H. G. Tank and J. W. Long Attack Western Economic Society.

Chicago, April 15.—The National Conference of Farm Credits and the Western Economic society are controlled by "big interests" bent on dominating the farmer and preventing him from having effective co-operative organization, it was charged on the floor of the convention today.

Representatives of the Equity Co-operative exchange of Minneapolis, Minn., and the American Society of Equity attended the conference and insisted on being heard. H. G. Tank, secretary of the American society, and J. Weller Long of the bureau of information of the society, were the speakers. They were not on the regular program, but were allowed to speak by vote of the conference.

Free Speech "stifled."

"The Western Economic society and the Conference on Farm Credits refused to allow discussion of terminal grain markets because the Chicago board of trade and the Minneapolis chamber of commerce refuse to meet representatives of the Farmers' Co-operative movement in public discussion," declared Tank. "You call yourselves friends of an open forum, yet you base the stifling of free speech on an important public question on the refusal of a conscienceless monopoly to defend its position in public.

"The grain combine never will voluntarily meet in open discussion the producers whom they plunder. So long as farmers' conventions are dominated by special interests it will be impossible to get the monopolists into the open."

"Not Farmers' Meeting."

"This conference is not made up of farmers, nor by farmers," declared Long. "We are doing all we can to further co-operation among the farmers and we look with suspicion on the activity of some here because of what they have been active in doing heretofore.

"There is going to be a real farmers' conference soon, at which the farmers will have a chance to get a hearing."

Charles W. Holman, secretary of the conference, said that the subjects brought up by Tank and Long were not the points being considered by the present conference.

"This meeting," he said, "is dealing chiefly with problems of farm financing and co-operative organizations in relation to the anti-trust laws.

Defense by Secretary.

"The societies represented by Mr. Tank and Mr. Long and similar societies were canvassed to see if sufficient interest would be taken to justify a section devoted to their matters but it was found that we would better devote our efforts to other lines. In fact, these organizations were invited to help pay the expenses of this meeting."

Marketing investigations by the Federal government and possibilities of farmers making extended uses of the parcel post in marketing were subjects of addresses by T. N. Carver and Charles J. Brand of the department of agriculture.

CARLTON HEAD OF THE WESTERN UNION

New York, April 15.—Directors of the Western Union Telegraph company today elected Newcomb Carlton president of the company in place of Theodore N. Vail. Mr. Vail remains president of the American Telehone & Telegraph company, from which the Western Union was recently divorced. Mr. Carlton was for many years vice president of the Western Union.

PUPILS LOOK FOR LOST BOY

Forty Boys of Jefferson and Franklin Schools in Search.

Child Is Finally Found Sitting in Water on Lake Shore.

Forty schoolboys were given a recess yesterday afternoon to hunt for a lost child.

Disappearing from his home about 10 o'clock yesterday morning, little 2½-year-old William Batchelor, son of Mr. and Mrs. J. R. Batchelor, 127 East Fourth street, was found about 4 o'clock in the afternoon sitting in the water on the lake shore at the foot of Twelfth avenue east by Harvey Brownson, 12-year-old son of Charles E. Brownson, 311 East Seventh street, one of forty boys who had been detailed at 2 o'clock by the principals of the Jefferson and Franklin schools to make a search for the missing child.

Little Billie, as he is known to many of the East end residents, left his home about 10 o'clock to play with a little girl across the street. He was last seen crossing the road and when

HARVEY BROWNSON.

he failed to return at noon a search in the neighborhood was made by Mr. Batchelor. All efforts to find the child failed.

At 1 o'clock Mr. Batchelor went to the Jefferson and Franklin schools and requested the principals to ask the children if any of them had seen Billie during the noon hour. When it was learned that the child had not been seen at all, fears began to be felt for the safety of the little one, and Miss Belle F. Caverley, principal of the Jefferson school, and Edward A. Mooney of the Franklin school each detailed a squad of twenty boys to make a complete search of the eastern end of the city in the hope of finding the missing child.

Visits Lake Shore.

Harvey Brownson, one of the boys detailed from the Franklin school, thought of the lake shore after the boys had left the institution and had decided to separate and search in different directions. He went directly to the foot of Twelfth avenue east and there saw Billie sitting in the water up to his waist. The child was apparently in a half-conscious state from exposure and Harvey immediately rushed into the water and carried Billie out.

Harvey said this morning that there was a man standing about twenty yards away, who saw the child in the water, but paid no attention to him whatever. The young rescuer is of the opinion that the man may have attempted to kidnap the child and believes he dropped Billie in the water. Harvey said this morning he picked up a rock to throw at the man in case he came back, but the man continued to walk away from the child. Harvey took the child in his arms and carried him home to his parents.

Mr. Batchelor, father of little Billie, said this morning that the child is none the worse for his experience, except that he has contracted a slight cold from exposure.

Harvey is back at school today with a reputation as a detective.

BOYS HEAR TALK ON GUERNSEY COW

Prof. Gibson Gives Lecture Before D. C. H. S. Agricultural Club.

At the meeting of the D. C. H. S. Agricultural club yesterday afternoon E. P. Gibson, local instructor in agriculture, delivered a lecture on "Guernsey Cattle" in tribute to the breed that has just developed a new world's champion butter cow.

May Rilma, a Guernsey cow owned by E. B. Cassatt of Berwyn, Pa., completed last week a yearly record of 1,059.59 pounds of butterfat, her milk record for the same period being 19,639.59 pounds. This record is certified fully by state and Federal supervisors. The butterfat that this cow produced in one year is equivalent to 1,246.6 pounds of the best quality butter, which at Duluth's average retail price of about 34 cents per pound for the past year would be worth $423.84, and this does not include the value of 18,580 pounds of skim milk, which also finds a ready market. The average of 2,544 official yearly records of pure-bred Guernsey cows is 8,843.59 pounds of milk and 424.15 pounds of butterfat, their milk testing an average of 5.02 per cent butterfat, while the average cow in Minnesota produces about 175 pounds of butterfat and the city inspectors require a 3.5 per cent butterfat test.

The lecture was illustrated by about fifty lantern slides and it included discussions of the dairy cow compared with the beef cow, the world's butterfat records by breeds, of the Island of Guernsey, the work of the American Guernsey Cattle club, of records made by Guernsey cows, the merits of Guernsey cattle and famous individuals and families of the breed.

Smaller Than Duluth.

"The Island of Guernsey, measuring only twenty-four square miles, or about one-third the area of the city of Duluth which covers 67.37 square miles, through intensive agriculture supports about 40,000 people on its garden-farms, none of which is larger than forty acres," said Professor Gibson. "The roads and lanes between the island farms wind almost as close as city streets, for Guernsey has 600 miles of roads. On Guernsey are kept 6,000 cows which contribute substantially to the income from the $1,500 per acre land. Conditions there are comparable to those that face the settler in our St. Louis county, where woods and perhaps rocks require intensive methods in developing a farm. What the Guernseys have done there, they can more than do here.

"However remarkable the Guernseys from other parts of the United States that were shown on the screen, the Duluth community can show those that are practically their equals. Starlight's Excelsior, one of the greatest sires of the breed, was last owned at the Jean Du Luth farm. At that farm are now owned record makers and such cows as Coraletta Trianon, Dalena Trianon and Coquette of Haddon, all splendid Guernseys of that big, rugged and vigorous type that make butter and make dollars in Northeastern Minnesota."

While most of the pictures were of pure-bred animals, the fact was emphasized that the grade Guernsey is likewise capable of high production and is to be highly rated as a conservative farmer's cow. The completeness of the lecture was made possible partly through the courtesy of the American Guernsey Cattle club in loaning a number of lantern slides to supplement Mr. Gibson's set.

At the business session of the agricultural club, the president, Chauncey Larsen, announced the appointments to two additional committees, as follows:

Inquiries' committee—P. H. Stevens, chairman; William Nickelson, Carl A. Olson.

Extension committee—Harold Bradley, chairman; Duncan Macdonald, Douglas McKay.

The duty of the inquiries' committee is to investigate through correspondence with actual settlers the agricultural progress, opportunities and drawbacks of various sections of the United States and Canada. The results of these inquiries will be of value to those of the young men who, upon completing a college course, leave for other parts of the country. The purpose of the extension committee is to give the grade schools and the community the benefit of the agricultural work in Central high schools.

WOMAN'S NERVE TOO MUCH FOR MURDERER

Huntington, N. Y., April 15.—Miss Mary Sammis, who lives with her brother Frank, on their Long Island farm, awoke early today to find a man with a bloody ax in his hands standing by her bed. In the dim light she recognized Frank Fowler, a young farm hand, who slept in the house.

"I've just killed your brother," said Fowler, "and I'm going to kill you, too."

"I've always been kind to you, Frank," pleaded the woman, "and you have no reason for harming us."

"That's right," answered Fowler. "I guess I won't kill you, but I'll go away," and he walked out of the house leaving the ax behind him.

Miss Sammis stumbled upstairs and found her brother's body on the bed

ULCERS OF STOMACH HELD INFECTIOUS

New York, April 15.—Two important announcements were made to the members of the International Surgical association at yesterday's session of the fourth congress here, during a discussion of ulcers of the stomach and duodenum. The first tended to show that these ulcers, which are comparatively common in persons of middle age, belong to the category of infectious diseases, while the second indicates the revolutionary character of bacterial life.

Dr. Arthur D. Bevan, professor of surgery at the University of Chicago, made the announcement relative to the origin of gastric and duodemal ulcers.

Dr. John B. Murphy of Chicago, who followed Dr. Bevan, spoke of the indications that evolutionary processes were going on in bacterial life under the comparatively slight stimulus afforded by a change in environment.

Best for all liver ills. Try them.

RAISING COLLEGE ENDOWMENT FUND

PROF. O. J. JOHNSON.

Tomorrow evening Duluthians will have an opportunity to hear one of the leading Swedish educators of the country in an address at the First Swedish Lutheran church, corner of Sixth avenue east and Third street. The speaker will be Prof. O. J. Johnson, president of Gustavus Adolphus college, St. Peter, Minn.

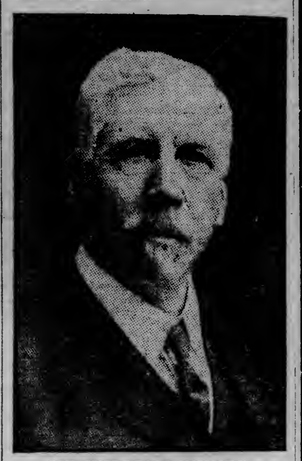

President Johnson is speaking in various parts of the state during the raising of an endowment fund of $200,000 for the college. One hundred thousand dollars of this has already been pledged by two of the leading men of the state provided the college authorities raise the other $100,000. The two men who have promised $100,000 are James J. Hill and C. A. Smith, each to give $50,000. President Johnson is meeting with much success in his effort to complete the fund. The First Swedish Lutheran congregation of Duluth has raised $1,600 for the fund and expects soon to have the sum reach the $2,000 mark.

Gustavus Adolphus college is the oldest in the Minnesota section of the Augustana synod. It was organized in 1862 at Red Wing by Dr. E. Norelius and was located at East Union, Minn., until it was moved to St. Peter in 1876. The college has been a great factor in the educational work of the state. Governor Eberhart and many of Duluth business and professional men are alumni of this institution. Dr. Johnson is said to be an accomplished speaker and a very able instructor.

OBITUARY

Sir William Whyte, 70 years old, of Winnipeg, Man., former vice president of the Canadian Pacific railroad, died of a complication of diseases. Sir William had been confined in bed since Feb. 14.

Sir William Whyte was born Sept. 15, 1843, at Charleston, Fifeshire, Scotland, and was educated in the schools of Charleston. In May, 1862, he entered the railway service of the West of Fift railway as station agent. He served with the Grand Trunk railway as brakeman, freight clerk, foreman of freight department, yardmaster, con-

SIR WILLIAM WHYTE.

ductor, stationmaster, freight and passenger agent, freight agent and division superintendent. He went to the Canadian Pacific as a division superintendent in 1884, and rose through various positions to the vice presidency in 1910. He was also vice president of the Winnipeg Electric Railway company, vice president Standard Trust company of Winnipeg, a director in the Imperial Bank of Canada, and a director in the Confederation Life association. Mr. Whyte was married at Toronto in 1871 to Jane Scott and they have four daughters and one son; Margaret, Christina Methven, Edith Jane, Gladys Helen and William Whyte. Sir William retired from the vice presidency of the Canadian Pacific railroad Aug. 23, 1911.

Cyril Archibald died at Northfield, Minn., April 13. He had been a resident of Northfield since 1888. He came to Minnesota from Ontario, Can., in 1880 and engaged in the milling business at Dundas with his brother, E. T. Archibald. He was born May 1, 1837, at Dickinson's Landing, Ont. He served as a Liberal member of the Dominion parliament from 1869 to 1879, during which service he was a colleague of Donald A. Smith (the late Lord Strathcona) and Sir Wilfrid Laurier. A wife and one daughter survive him.

Marcus P. Beebe, aged 55, president of the First State bank of Ipswich, S. D., and head of the South Dakota Bankers' association, is dead of heart trouble. Mr. Beebe was prominent in many business enterprises and public affairs and was a member of the South Dakota board of regents of education. He served as the first president of the South Dakota Development league and was prominently identified with business interests of the state since pioneer days.

Jacob B. Barnes, formerly part owner of the El Paso, Ill., Journal and of the Peoria Journal, died April 14.

Thomas Spencer Jerome, American consular agent at Naples, Italy, died at midnight April 12. Mr. Jerome was a native of Saginaw, Mich., and was 50 years old.

William L. Sayer, editor of New Bedford, Mass., Evening Standard and one of the owners of the Morning Mercury, died April 15 of pneumonia, aged 66 years.

TALKS TO HIGH SCHOOL BOYS

"Be Square" Is the Theme of Frank Crassweller's Address.

Frank H. Crassweller appealed to the honor of students this morning before the Central high school body in an address on "Be Square." He touched on the honor on the athletic field, in the classroom and said that similar honor was expected of them in the battle of life after leaving school.

"A few words spoken by a high school student some years ago impressed me very much," said Mr. Crassweller. "The student said 'you can't put anything over on Smith because he is square.' This student had reference to the late Principal Smith, who through his square dealings with the students won a loving place in their hearts."

The speaker said that the principles of life were based on the same principles as those on the football field, the baseball diamond and the athletic field. The game of life, he said, required the same self-control, grit and sacrifice which the young were now developing to a higher degree. He touched on the war on commercialization and the chase after the "almighty dollar," condemning those who bent their efforts only in that direction. New ideals are arising, he said, which are fast taking the place of the quest for cash. Men who have done the most in bringing radical changes and new ideas, he said, were W. J. Bryan and Theodore Roosevelt.

He said the rising generation, comprising the students in the schools, would soon be called upon to take up the reins of government. He told the students to take an active part in the welfare of their community, get into touch with political questions and when of voting age to vote for their ideals at both primary and general elections. He told them to work to arouse the dormant voters to the realization of their duty of voting on all public questions.

ACCOSTED BY STRANGE MAN

Policeman's Suspicions Are Confirmed and Immigrant Girl Is Rescued.

When Nick Ricovich, 22 years old, stopped Katie Milhelovich in the Soo station yesterday afternoon and began talking to her Patrolman Montgomery suspected something wrong and calling Frank Lukzek of 515 West Michigan street, who acted as interpreter, learned that Ricovich was attempting to induce the girl to go away with him.

Patrolman Montgomery arrested Ricovich on a charge of disorderly conduct, after placing the girl on a train for Ely, where she is going to make her home with friends. She came to this country but a week ago and came through Duluth yesterday on her way to the range. Ricovich pleaded guilty when arraigned in police court this morning and he will be sentenced this afternoon.

Ricovich, according to the story Katie told Lukzek, told her he had a large fortune and a home here in Duluth. He wanted her to come with him, she said. Katie told the officers she had never before seen Ricovich.

RETURNS TO AFRICA.

North Dakotan Goes Back to Work in Dark Continent.

Grand Forks, N. D., April 15.—(Special to The Herald.)—Charles Boise, graduate of the North Dakota university, who is in charge of the development of several hundred square miles in the heart of Africa, far up the Congo river, left yesterday for Africa after a short visit here.

Boise is one of thirty-five whites employed by a Belgian company which is exploiting the district. The territory is that in which the late King Leopold of Belgium was charged with permitting virtual slavery to exist, and where the natives were compelled to pay their taxes in rubber.

Commenting on sensational reports made by missionaries, who caused the powers to take an interest in the situation, Mr. Boise said they are "more or less true."

CHINESE CAPTURE REBELS FROM JAPAN

London, April 15.—Chinese government officials in Shanghai today arrested a number of revolutionaries who had come from Japan, according to an exchange telegraph company's dispatch. They were charged with spreading sedition among the regular soldiers.

At the same time documents were seized, alleged to be signed by Dr. Sun Yat Sen, former provisional president. They are said to contain instructions for a widespread uprising and the massacre of officials this month.

Brainerd Jail Fumigated.

Brainerd, Minn., April 15.—(Special to The Herald.)—Thomas Clark, a transient, was taken sick in the jail with scarlet fever and was removed to a pesthouse. The jail was fumigated.

HOBSON ARGUES FOR PROHIBITION PLAN

Washington, April 15.—Nation-wide prohibition was urged before the house judiciary committee today at hearings on the resolution of Representative Hobson of Alabama, providing for a constitutional amendment. Mr. Hobson opened the argument.

"We do not propose," he said, "to argue the merits of this question. Our position is that the question before the country is simply whether the committee and congress will give the people of the various states the right to pass upon the matter."

Representative Hobson contended that his resolution, directed against the sale of liquor for "beverage purposes," would not interfere with states' rights. He said that under the proposed amendment it would be possible to manufacture liquor "for use" but not for "sale." The amendment, he said, "would not interfere with the old drinker drinking," but would prevent the "debauching of youth."

THIRTY-FIVE MEN JOIN COXEY'S ARMY

Massillon, Ohio, April 15.—The first organized band in connection with "General" Jacob S. Coxey's second "army of the commonweal," arrived here this morning. It was composed of thirty-five men from Coshocton, Ohio, under command of "Col." Paul Armstrong.

It was estimated that about 100 men are ready to accompany "General" Coxey when the army starts tomorrow in the march overland to Washington. It is expected that the army will consist of several hundred men when the several other "brigades" later form a junction with the main Coxey forces at Beaver Falls, Pa.

CLOQUET WEDDING.

Rice Lake, Wis., Surveyor Takes Bride in Nearby City.

Cloquet, Minn., April 15.—(Special to The Herald.)—A very pretty wedding took place today when Miss Sadie Smith and Herman E. Gobler were married at noon at the home of the bride's father, Keyen Smith. Rev. Ramshaw performed the ceremony.

The bride has made Cloquet her home since childhood and is well known and popular among the young people. Mr. Gobler resides at Rice Lake, Wis., being employed as surveyer on the Soo Line. Mr. and Mrs. Gobler will make their home in Superior.

MUCH DONE AT WORK FARM

City and County Officials and Others Visit Institution.

Eighty Acres Cleared—Ten Acres Ready for Plowing.

County and city officials who yesterday paid a visit to the joint county and city work farm, which has been in operation since the first of the year, were agreeably surprised with what they found had already been accomplished at the new correctional institution and with the prospects.

The trip was under the direction of A. H. Crassweller, president of the work farm board, and Fred Ward, superintendent of the institution. The greater part of the morning and the early afternoon was spent on the farm, which is located almost in the center of a 1,000-acre tract of land which has been jointly acquired by the county and city for a work farm site, six miles west of the city on the Swan Lake road.

The visitors discovered that eighty acres of the land had already been brushed, ten acres of which are ready for plowing this spring. The prisoners—the term prisoners, however, is avoided at the farm—were at work under foremen who worked with them. They were engaged in clearing the underbrush from the land.

At noon, the visitors sat down to a meal which had been prepared by Mr. and Mrs. George Dease, who are in charge of the farm camp kitchen. The menu consisted of beef stew, baked beans, boiled potaotes and carrots, coffee, tea, white and brown bread, pie and cookies. The delicacies are provided only on special occasions, but otherwise the menu is the average daily bill of fare.

It was interesting to learn that the average cost per meal at the work farm, where as yet no garden truck has been grown, is about 20 cents per man per day. This is 13 cents a day less than the amount paid to the sheriff for the meals of city and county prisoners confined at the county jail.

Judge Cant of the district court and Judge Cutting of the municipal court, who were in the party, took a keen interest in the inspection of the farm and expressed themselves as being delighted with it. The city and county officials and others who took the trip also felt that they had been well repaid for their time.

COL. GRAVES HAS RESIGNED

Seeking to Regain Health in California Will Spend Summer Here.

Col. C. H. Graves, for the last nine years the United States minister to Sweden, has ended his term of service, ill health having compelled him to resign, according to a letter received today.

Col. Graves is now recuperating at the hot springs at Paso Robles, Cal., but he expects to be in Duluth this summer.

The letter received from William Jennings Bryan, secretary of state, informing him of the acceptance of his resignation, is as follows:

"The president has asked me to inform you of his acceptance of your resignation of the office of American envoy extraordinary and minister plenipotentiary to Sweden, to be effective upon the expiration of your present leave of absence, and to express his regret at the present condition of your health.

"In joining the president in the hope that your health may improve, and thanking you for your loyal and efficient service during your long tenure at Stockholm, I am, my dear Col. Graves.

"Yours very truly,
"W. J. BRYAN."

WATER AND LIGHT EMPLOYES ORGANIZE.

The employes of the water and light department formed a permanent organization at a meeting held last night at the city hall. G. L. Gross was elected president, Daniel Keefe, vice president and W. E. Cowden, secretary-treasurer. The members will consider matters which will be liable to further the welfare of the department and will endeavor to organize a general pension system for all employes of the city.

NEW BRUNSWICK PREMIER RELIEVED.

St. John's, N. B., April 15.—Announcement was made today that J. K. Flemming, premier of New Brunswick, against whom charges of securing $100,000 from government timber lands were made on the floor of the legislature, has been granted leave of absence by his own request, pending investigation of the charges. George J. Clark, attorney general of the province, will act as premier and J. A. Murray, chief commissioner of agriculture, will take over the premier's portfolio of minister of lands and mines.

GEORGE H. WRIGHT, Trustee.

VOTES FOR WOMEN CLUB.

Organization to Advance Suffrage Cause in North Dakota.

Bismarck, N. D., April 15.—(Special to The Herald.)—At a meeting held here at the home of Mrs. J. Bodenstab plans were laid for an active campaign in behalf of the equal suffrage amendment to the state constitution.

The Bismarck Votes for Women club was organized and resolutions adopted favoring a campaign of education, free from personalities and unessential features.

The Bismarck club is one of many of the same nature that are being launched throughout the state designed at bringing about complete organization of every section.

West End

WILL DISCUSS PLANS FOR "Y"

Mass Meeting Will Be Held at the Bryant School.

What may be the final mass meeting for the discussion of the proposition to build a Y. M. C. A. in the West end prior to the campaign of raising the money will take place this evening at the Bryant school. Several speakers including Rev. George E. Silloway, R. R. Forward and Carl E. Lonegren and a number of young men will talk on the subject.

From the amount of interest being taken in the proposition, there appears little doubt that the amount of money needed could be easily secured, according to Rev. Mr. Silloway, who has been thoroughly investigating the subject. A number of men have told him that they were ready to contribute good sums for the construction of the building, and it is intimated that some of the large firms in this end of the city would also assist.

"Nobody wants a brown stone structure although it would be acceptable if sufficient money could be raised," said Rev. Mr. Silloway. "What is wanted, and what we propose to get, is a substantial two-story frame building, with a good solid concrete foundation and basement, provided with a first class gymnasium, swimming pool and club rooms. Such a building could be erected for about $20,000. This amount, with the co-operation of the united strength of the seventeen churches of the West end, our well-to-do citizens and the factories, would in my opinion be easily raised."

Young men of the West end say that there are at least 300 who stand ready to give their application for membership in the association immediately. They also assert that with a little campaign properly pushed from 500 to 1,000 members could be obtained in a month.

WILL DISCUSS MANY PROJECTS

Commercial Club Will Hear Reports at Thursday's Meeting.

The West End Commercial club will meet tomorrow night at the club rooms and hear reports of its garden and other committees which have been working during the last month. A proposition to ask the Soo railroad to have its West end passenger and freight station located at Twenty-first avenue instead of Twenty-fourth avenue will also be taken up.

The garden contest instituted by the club is already under way. Nearly 800 pupils of the schools of the West end have entered their names in the contest, and many of these have already begun cleaning up their garden patches.

The club will also take up the matter of getting Railroad street opened. This matter has been in the hands of a committee, which has been working with the city officials. It is probable that this improvement will be realized before July.

THOMPSON, THE PHOTOGRAPHER, 2030 West Superior Street.

DR. C. E. BARKER GIVES ADDRESSES

Recites Duties of Fathers and Mothers Toward Their Children.

Dr. C. E. Barker of Washington, D. C., spoke on "A Father's Responsibility to His Boy" at the Swedish Mission church, Twenty-first avenue west and Second street, last evening. Dr. Barker gave the same talk to the West end people that he delivered at the Y. M. C. A. Monday evening.

In the afternoon Dr. Barker spoke to women only at the Bethany Swedish Lutheran church, Twenty-third avenue west and Third street. A large audience of women was present. His subject for the afternon was, "What Young Women and Mothers Should Know." He emphasized the importance of heredity and proper environment for growing children and a gradual explanation of the mysteries of life to the growing youth.

Revival Services.

Rev. Gust F. Johnson, pastor of the Swedish Tabernacle, Minneapolis, Minn., is coming to Duluth to hold a series of revival meetings at the Swedish Mission church, Twenty-first avenue west and Second street. He will hold his first meeting next Sunday evening and will continue every evening next week and over the following Sunday, April 26.

Rev. Mr. Johnson is the successor to Rev. E. A. Skogsbergh at the Swedish Tabernacle, Minneapolis. The Tabernacle will seat 3,000 people, being the largest church among the Scandinavian people in America. This church is overcrowded Sunday after Sunday to hear this eloquent preacher. He came from Rockford, Ill., to Minneapolis and this will be his first visit to Duluth. He preaches both in the Swedish and English languages.

Society Will Entertain.

The Dorcas Society of the Bethany Swedish Lutheran church, Twenty-third avenue west and Third street, will entertain this evening at a musical and literary program in the church parlors. Following the program the members have planned an "apron social" at which aprons made by members will be offered for sale.

Welfare Men's Banquet.

The Men's Welfare club of the Swedish Mission church, Twenty-first avenue west and Second street, will entertain this evening at its annual banquet in the clubrooms of the church. Women of the church will serve the supper. The members of the club have invited their wives as well as members of the Parthenoe society to attend. Thore Linne, president of the club will be toastmaster.

West End Briefs.

The French Naturalization club will meet at the French hall, Twenty-first avenue west and Third street, Friday evening.

Mrs. Adolph Weberg was hostess this afternoon at the meeting of the Ladies' Aid Society of the Swedish Mission church. The gathering was held in the church parlors.

St. Margaret's guild of St. Clement's Catholic church has arranged a special sacred concert to be given in the church Sunday evening. Rev. Hugh Floyd of the Cathedral will be the principal speaker.

Peter A. Carlson of Crookston is spending a few days visiting friends in this end of the city.

Mr. and Mrs. H. B. Thorwin of Fargo, former residents of the West end are spending a few days visiting relatives and friends.

Rev. C. R. Wermine, pastor of the Swedish Methodist church will conduct services tonight at Fond du Lac.

Central Plumbing & Heating company, 2004 W. Superior St. Lincoln 593.

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 oz.; Menthol Crystals, ½ drachm; Lavona de Composee, 2 oz. If you like it perfumed, add 1 drachm of your favorate perfume. This, however, is not necessary. Apply night and morning; rub thoroughly into the scalp. —Advertisement.

JOHN BURKE IS NOT CANDIDATE

Former North Dakota Governor Will Not Seek Senatorship.

Fargo, N. D., April 15.—Former Governor Burke will not be a candidate for the United States senate. He wired the Democrats attending the committee meeting held in Fargo to that effect in reply to a direct request as to his attitude.

After canvassing the situation thoroughly the committee decided to ask the men, whose names appear below, to enter the primaries as candidates for the various state offices and those nominated to then make the race in the fall.

Boost Henry Truelsen.

United States senate—W. E. Purcell, Wahpeton; John L. Cashel, Grafton; George P. Jones, LaMoure.

Congressman—First district, John S. Gogin, Osnabrook; Second district, Wesley McDowell, Marion; J. J. Weeks, Bottineau; Third district, H. Halverson, Minot; T. L. Murtha, Dickinson.

Governor—J. Nelson Kelly, Grand Forks; F. O. Hellstrom, Bismarck; O. Knudson, Michigan; D. H. McArthur, Fargo.

Lieutenant governor—J. W. Boeing, Minto; F. L. Brandt, Bismarck.

Secretary of state—W. E. Byerly, Velva.

Auditor—Frank Shanley, Cando.

Treasurer—O. C. Kucherman, Beach; M. F. Hegge, Hatton.

Attorney general—James Campbell, Mandan; V. R. Lovell, Fargo; G. Moelring, Ray.

Commissioner agriculture — Alex Morrison, Bathgate; E. A. Lillibridge, Dickinson.

Commissioner of insurance—Charles Whittelsey, Fargo; P. E. Byrne, Bismarck.

Superintendent public instruction—Mrs. W. B. Hancock, Fargo.

Railroad commissioners — A. J. O'Keefe, Henry Truelsen, ex-mayor of Duluth; Samuel Hall, H. J. Mitchell.

The Democratic meeting was entirely harmonious without the least semblance of bitterness or strife. John Fahey of Minot was indorsed for a position as special examiner for the department of the interior.

DISMISS CHARGES AGAINST J. C. MAHON

Accusations Against Grand Forks Man Have Been Dropped.

Grand Forks, N. D., April 15.—(Special to The Herald.)—The bribery charges against J. C. Mahon in connection with the Cooper murder trial were dismissed this morning by Justice of the Peace McLaughlin for lack of evidence. This is the third reversal for the state in the dismissal of the charges against Tracy Bangs and McLain Cooper occurring previously.

Pedal Autos, horse drawn, at $11.00 to $15.00.

Express Wagons, 95c to $1.50.

Doll Cabs, 69c to $5.00.

CLAIM AGAINST ESTATE.

Ida Timms Is Defendant in Action for Workman's Lien.

Ida Timms, as widow of the late E. A. Timms and the administratrix of his estate, is defendant in an action brought to trial before Judge Ensign and a district court jury this morning by John A. Sundstrom, who is seeking to have a claim of $407.74 adjudged a lien against the Timms residence on the Poole location, near Hibbing.

It is alleged that C. A. Remington performed work which contributed to the improvement of the house in question between Aug. 15, 1911, and Feb. 17, 1912, for which a charge of $400.74 was made. Remington assigned the claim to Sundstrom, who brought suit to recover.

The action was brought originally against Timms and his wife. Timms died Feb. 4, 1913, after he had been made a defendant in the action. Mrs. Timms was appointed administratrix of his estate and was substituted in his place as a defendant.

MAY CAUSE LOSS OF A LICENSE

Bartender Being Tried for Selling Liquor to Minor.

Joe Germ, bartender for Joseph Scharabon, 415 West Michigan street, is being tried today before Judge Cutting on a charge of selling liquor to a minor.

Germ was arrested shortly after 9 o'clock Monday morning on a warrant sworn out by Chief Troyer, who claims that the former sold a glass of beer Saturday evening to Waino Kivisto, 17 years old. He pleaded not guilty when arraigned following his arrest, and his trial was set for this morning. He is out on $100 bail.

Should Germ be found guilty of having sold liquor to a minor, the license of Scharabon will be placed in jeopardy, as the city commission has made it a point to revoke a saloon keeper's license immediately following his conviction for violation of a city ordinance.

Kivisto was arrested Saturday night on a charge of drunkenness, he and several of his companions being taken into custody by Patrolmen Ricketts and Monahan. When brought to headquarters Kivisto told the police he is but 17 years old.

Benjamin Goldberg, Hans Haroldson and E. J. Kenney are appearing in behalf of Germ, while City Prosecutor Gurnee is conducting the case for the city.

THIS IS THE DAY FOR CYCLOPEDIAS

"Big Five" Sets Go to Everybody That Saved a Coupon.

They are coming. Crowds of coupon clippers made their way to the Glass Block Store to get the five-volume set of People's Cyclopedia for a coupon and $1.98.

This was the first day of the great educational distribution and stacks and stacks of the neatly packed sets of ready reference were awaiting the onslaught of coupon clippers.

The National Newspaper syndicate has made no mistake in its calculations, because a close touch has been kept upon the public pulse and hundreds of inquiring letters demonstrate that coupons by the thousands are being clipped in preparation for the securing of this set of books that was made to suit the needs of those who "want what they want when they want it." If you want a fact and must have it quickly there is absolutely nothing to stop you, for this reference work contains all the knowledge of the world in five beautiful volumes. Without needless wading through a mass of words, the reader immediately grasps the knowledge sought. Every subject is condensed to an essence of crystal clearness in order to secure the compact and convenient size, and moreover this plan of condensation has permitted the inclusion of a greater number of titles than are to be found in the larger works of reference.

There was a big rush at the Glass Block store to get these useful sets today. There is a sufficient supply of books on hand to accommodate everybody, but "first come, first served" must be the rule. Be among the ones who are the first to take advantage of this great offer. Clip the coupon printed in the announcement of another page of this issue. —Adv.

WALTER THOMPSON DIES IN EAST

Former Duluthian Victim of White Plague—Well Known Here.

Walter M. Thompson, 45 years old, former manager of the Singer Sewing Machine company's branch in Duluth and a resident of this city for twenty-five years, died yesterday morning at the tuberculosis sanitarium at Black Mountains, N. C., where he went a month ago in the hope of recovering his health. Word of his death was received here yesterday by his wife, 109 West Third street.

Besides a widow he is survived by one daughter and his father, who resides at Farmington, Minn., two sisters, Tillie and Lillie of Minneapolis, and three brothers, N. A. Thompson of Duluth, A. N. Thompson of Virginia and Oil Thompson of Seattle, also survive him.

The body will arrive in Duluth tomorrow morning, when arrangements will be made for the funeral. It will be accompanied by Harry Thorp of Chicago, a brother-in-law of Mr. Thompson.

ESTATE UNSETTLED AFTER TEN YEARS

Son of A. P. Lovejoy Asks Court to Determine Heirs and Descent.

Although ten years have elapsed since the death of Allan P. Lovejoy, Sr., a Janesville, Wis., lumberman, no disposition has yet been made of his Minnesota estate, consisting of timber lands in St. Louis, Koochiching and Goodhue counties.

In probate court today Allan P. Lovejoy, a son also residing at Janesville, filed a petition in which he asked the court to determine the heirs and the descent of the title to the land. The various descriptions of property in the three counties are estimated by the petitioner to be worth $8,000.

Allan P. Lovejoy, Sr., died at Janesville on March 18, 1904, leaving a widow and one son. The elder Lovejoy left no will but his estate was administered in Wisconsin. His Minnesota interests, however, were not disposed of at the time.

ALLEGED CROOKS IN FORT WILLIAM JAIL

Police Claim Prisoners Are Notorious Safe Blowers.

Fort William, Ont., April 15.—Two alleged notorious safe blowers were captured by the police early today after a running pistol fight in which one of the men, who the police say is George Hardy of Baltimore, was painfully injured. The other man, according to police records, is Bert Sampson of Montreal.

The authorities claim that the two have confessed to robbing sixteen stores in Port Arthur and Fort William, and are wanted in the United States.

Old-Fashioned Housecleaning Is Unnecessary!

Housecleaning should not mean an ineffectual removal, once or twice a year, of accumulated dust and dirt. No longer is it necessary to tear up floor coverings and move heavy furniture from room to room.

A Vacuum Cleaner will clean house for you daily. Sweeping with a broom merely shifts the dirt and leaves the air full of dangerous germ-laden dust.

A Vacuum Cleaner removes the dirt entirely and does it quickly, silently and easily.

The Perfect Cleaner

The powerful, steady suction of a Vacuum Cleaner takes up every bit of dirt from rugs, floors and draperies, it removes every particle of dust from mattresses, pillows, upholstery, etc., and leaves them sweet and clean as new.

Call or let our representative explain to you.

REINSTATE MURPHY IN DEMOCRATIC CLUB

New York, April 15.—At the Democratic club's annual meeting last night Thomas F. Smith, secretary of Tammany hall, seconded a motion by J. F. Lee that Charles F. Murphy, Thomas F. Foley and George Plunkitt be reinstated to membership. The motion was carried by a vote of 11 yeas to 2 nays. Edward D. O'Dwyer, president of the club, and John R. Dunlap voted against the motion, it was said.

James W. Gaffney, who was declared no longer a member of the club at the same time as were Messrs. Murphy, Foley and Plunkitt, was not named by Smith, and it is said Gaffney did not seek reinstatement. All were excluded on the ground of nonpayment of dues.

TRAFFIC IS VERY HEAVY

Railroad Agents Are Well Pleased With March and April Business.

Settlers Shipping Effects to This Part of the State.

The volume of incoming and outgoing general merchandise being handled at Duluth is making a favorable comparison with last year, according to freight agents of the railroads operating from here.

A Soo line official averred today that his road's shipments of merchandise from this point last month were the largest for the season since it opened up here and from the way traffic is running an equally good showing is expected in April. As a result of the heavy snowfalls and cold weather during March, the company is now hauling an exceptionally large tonnage of forest products from loading stations on its Brooten branch. Another interesting feature noted is that settlers effects being brought into the farming districts on its branches in this territory are reaching a surprising aggregate in point of cars being handled, and a large migration this way during the season is indicated.

Moving Ore Freely.

The road is now moving ore freely from mines on the Cuyuna range to its docks at Superior, and judging by the preliminary estimates of the mining companies, the Soo line's share of the traffic is expected to reach 3,000,000 tons this year or double last season's total.

"Our business in and out from Duluth has been good all along this year," said a freight official of the Omaha road today. "Each month so far has shown an increase over last year. The merchandise movement in so far as this point is concerned has been setting new high records right along, and the tonnage in commidities is also much larger than we had expected. Coal shipments from our docks were heavier in March than a year ago, and it looks as if the volume this month is going to be satisfactory also. The movement of forest products was late in starting in, but it is now heavy owing to the quantities of stuff moved out from the camps at the fag end of the season.

Strike Settlement Helps.

With the final collapse of the Michigan copper miners' strike, forwardings of all classes of merchandise from here to points on that ground are expected to show almost immediate expansion. Stocks of the merchants in the various towns affected, have been reduced to the lowest point, making their replenishment necessary.

SAYS WOMEN KNOW GOVERNMENT NEEDS

S. S. McClure Talks About Capital and Government.

St. Louis, Mo., April 15.—"Few men and all women know the requisites of good government," was the declaration of S. S. McClure, editor of the magazine bearing his name, during an address on the "Cause of Hostility Between Capital and Government," delivered before the Washington University association here last night.

Women acquire this knowledge through their experiences in managing the home, and the few men who have it through the management of organized business enterprises, Mr. McClure said, and he ascribed most of the hostility between capital and government to the activity of "amateur lawmakers."

A prerequisite to good national government, Mr. McClure declared, is good municipal government. The ideal in city government, as suggested by the editor, would be the municipality in which only one set of officers—a board of directors—were elected by the people. The directors should be given the power to appoint all other officers, he said.

RAILWAYS HELP COPPER DEMAND

Will Use Metal as Rail Alloy and for Electrification.

A considerable expansion in the demand for copper is predicted as a result of the electrification program in the West about to be instituted by the St. Paul and the Great Northern railroads. In conjunction with the increasing use of copper as an alloy in railmaking, it is thought that the consumption of the metal will lead to a substantially higher price level within the next few months.

The engineering department of the St. Paul railroad predicts that the electrification of its system across Montana will result in a saving of from 25 to 30 per cent in operating costs. It will be the biggest job of the kind ever undertaken, and railroad men the country over are greatly interested in the outcome.

The company proposes to use electric engines to take the heaviest freight trains over three mountain ranges; the Belt, Bitter Root and Rockies, with a maximum grade of 2 per cent westbound and 1.6 per cent eastbound. Estimates of reduced operating costs are based on the consideration that the replacement of steam locomotives will do away with the hauling of coal, meaning the release of hundreds of coal cars for commercial service. Coal storage yards will be unnecessary, and water tanks will not be needed. At present a freight division is 100 miles long, and it is figured that an electric locomotive should cover two of these without change. At present engine failures are of frequent occurrence in Montana on account of the inferior coal the railroads are compelled to use there, and bad water. The new motive power is expected to relegate that loss and annoyance to history.

It is planned by the management of the St. Paul railroad to have its electric locomotives capable of hauling a gross trainload of 2,500 tons on a 1 per cent maximum grade at a uniform speed of from 15 to 20 miles an hour. The steam locomotives on its Montana division can haul only 1,650 tons at a rate of from 8 to 10 miles an hour and even that is not uniformly maintained.

UNVEIL BUST TO WILLIAM T. STEAD.

The Hague, April 15.—Solemn ceremonies marked the unveiling today in the Palace of Peace of the bust of the late William T. Stead, the English writer who was a victim of the Titanic disaster two years ago. There was a distinguished audience of delegates representing many countries.

The unveiling address was made by Jonkher Van Dachme Van Vraick, chairman of the committee which collected the funds for its purchase. Other speakers were Dr. Henry Van Dyke, United States minister to Holland; Wei Sun-Tchou, Chinese minister; Lord Weardale, Charles Richet of Paris, and John Stead, son of the late W. T. Stead. Among the guests were Mrs. W. T. Stead and Sir Alan Johnstone, British minister.

During the ceremony the choir of the Anglican church, accompanied by a small orchestra, sang "Nearer, My God, to Thee," and Stead's favorite hymn, "Be Gone, Unbelief."

The bust was carved by J. Jeltsema, a young Dutch sculptor, and is considered one of the finest among the many busts of famous peace workers sheltered by the peace palace. Most of the funds for the bust were collected in Holland.

EQUAL TREATMENT OF SEXES REFUSED.

London, April 15.—The report of the royal commission appointed two years ago to investigate the conditions of employment in the civil service, was issued last night. It shows a considerable divergence of views, but the majority of the recommendations will make no drastic changes either in the methods of selection or in conditions. With regard to women, the idea of their being treated on an equality with men is rejected, but it is recommended that the employment of women be extended, where possible, at higher rates of pay.

PASSENGER AND TRAIN ROBBER DIE.

Seattle, Wash., April 15.—Charles F. Swartz of Snohomish, Wash., the passenger wounded when Clarence Trew and William Sears attempted to hold up a Tacoma-bound interurban train at Riverton, south of Seattle, died yesterday. Swartz was shot in the left lung by Sears' pistol, when passengers overpowered the robbers.

Trew, who was beaten into insensibility with a hand drill wielded by one of the passengers, died in a hospital last night. Sears will recover.

YOUNG DUKE WILL SETTLE FOR DEATH.

Seattle, Wash., April 15.—Lawrence Duke, a nephew of James B. Duke, the millionaire tobacco manufacturer, will settle for $3,500 the suit brought against him by Alvin Simmons, whose father he killed by running him down in his automoblie. The superior court authorized the boy's mother to accept a compromise out of court, inasmuch as Duke recently was acquitted on a manslaughter charge resulting from the death of Henry N. Farr, killed in the same accident.

HACKETT WILL GET ESTATE.

New York, April 15.—James K. Hackett, actor, will receive the $100,000 estate left by his niece, Minnie Hackett Trowbridge. An order to this effect was signed yesterday by the surrogate here. Relatives of Mrs. Trowbridge, who had contemplated contesting the terms of the will, withdrew their claims last week and the will was probated. Under the law Mr. Hackett will have to wait a year for his legacy.

NEWSPAPER MAN TO HEAD STATE TICKET.

Oklahoma City, Okla., April 15.—John Fields, an Oklahoma City newspaper man, was nominated for governor by the Republican state preferential convention in session here.

ILLINOIS MINE HEARING ENDED.

Peoria, Ill., April 15.—The two wage scale committees of the Illinois miners and the Illinois coal operators have concluded the task of hearing the 700 demands, and last night referred the matter as a whole to a sub-committee composed of twelve men. The wage scale committee will not reconvene until the sub-committee is ready to report.

ROBERT E. LEE FAILS IN STUDIES.

West Point, N. Y., April 15.—Robert E. Lee of North Carolina, a grandson of Gen. Robert E. Lee, has been dismissed from the United States military academy because of deficiency in mathematics. P. R. Hodgson of Nevada was also dropped, for the same reason.

FATHER HAS TROUBLES.

Ely Man Writes Poor Commission a Pathetic Letter.

Charles Shogran, clerk of the poor commission, yesterday was in receipt of a pathetic letter from a man in Ely who is evidently having a hard time to keep his family together.

The man's wife is a victim of the white plague and is now under treatment at the tuberculosis hospital at the county poor farm.

The letter received by Mr. Shogran inquires about the woman's health and the welfare of an infant child. It follows:

"Dear Chas.:—I want to no hous my women. I want to no if she's any better. Let me no anyway how she feels. And I want to no which kind of sickness she got. And hous the baby. I like to see my women get better because I got a hard time with my six childrend. I don't no what to do with myself. If I am going to kill myself. I sent my Best Regards to All."

The man has been informed that his wife's condition is improving and that the child is being taken care of at the Children's Home.

Mott Creamery to Reopen.

Mott, N. D., April 15.—(Special to The Herald.)—The reorganized creamery will be soon opened with W. F. Schuelk of Garfield, Minn., as manager. The plant has been overhauled and remodeled. The concern is now a cooperative affair with practically every business man in Mott and farmer of the vicinity a stockholder.

April 15th, 1914.

Dear Friend:-

Are you going to save $50.00 from April 15th to May 15th?

A great many people all over the country are going to save that sum, and they are going to do it in this way:

To-day marks the beginning of the greatest nation-wide reduction on absolutely new, high-grade, pianos that has ever been made in the history of piano selling.

The reduction is $50.00. The piano is the Kranich & Bach.

The reason for the reduction is that April 15th marks the 50th year of Kranich & Bach's successful business. They want this anniversary to be the biggest selling occasion in their history. To make this possible they have authorized us and their many other dealers to offer a reduction of $50.00 ($1.00 for each year of their successful business career) to each purchaser of a Kranich & Bach between the dates of April 15th and May 15th.

Don't let that $50.00 get away from you.

What does this mean to you? $50.00 actually saved on the purchase of this well known piano. Just as good as putting that money in the bank for you won't have to draw it out. Pretty easy saving.

April 15th - May 15th is the period for this big nation-wide reduction on the Kranich & Bach piano.

We will allow liberally on your old piano, and will make it possible for you to buy on comfortable terms.

The enclosed picture is an exact likeness of the Kranich & Bach. It comes in beautifully figured Mahogany and Circassian Walnut. When you purchase the K & B piano you get as good as there is, and you save $50.00.

Very truly yours,

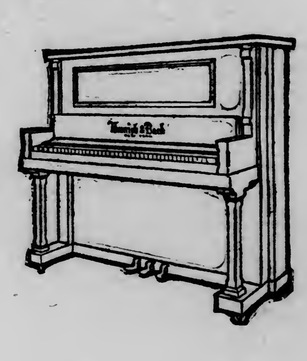

SMITH & ALLEN CO.

Woman's Realm

A large audience enjoyed the spring concert of the Apollo club at the First Methodist church last evening.

The Chicago trio pleased all by their well interpreted selections. Their first number was Mendelssohn's "Trio in D Minor," opus 49. They were called upon for an encore. The next numbers were violin solos by Isador Berger. He played "Ethelia," a tone poem by Sauret and "Variations" by himself with a great deal of feeling and excellent technique. He was accompanied by Miss Prudence Neff.

Rudolph Reuter won all by his excellent technique and truly artistic interpretation. He played Chopin's ever popular "Ballade in A Flat" and Tschaikowsky's "Troika." His third number was the "Twelfth Rhapsody" by Liszt. Into this he put the fire and enthusiasm and the poetry Liszt gathered from the folk songs and dances of the Hungarian peasants. The "Twelfth Rhapsody" is deservedly one of the best known of the series and Mr. Reuter's playing of it added to its popularity. The applause was so enthusiastic that an encore was given.

Franz Wagner's cello solo, "Symphonic Variations" by Boellman, was well received. The deep notes of the cello filled the large church auditorium with their musical tones.

The last trio by the Chicago musicians was "Walzer-Marchen." There were three movements.

All the honors of the evening did not go to the visitors for the Apollo club gave well chosen songs and were in good voice.

In their first group, that opened the program, were "Friendship" by W. E. Haesche and "Winter Song." For an encore they gave "Drink to Me Only With Thine Eyes." The next group was "Long Day Closes" by Sir Arthur S. Sullivan and "In Absence" by Dudley Buck. "Wanted, a Wife" was sung as an encore. The last number by the Apollo club was "What From Vengeance?" from "Lucia di Lammermoor."

The Apollo club is under the direction of George H. Madison. The active members of the club are:

First tenors—Dr. E. W. F. Boerner, Dr. Sydney E. Catherall, George B. Evans, Frank M. Gore, Louis J. Junker, S. Theodore Johnson, George A. Reifsteck.

Second tenors—Adolph B. Anderson, Emil A. Cayanus, Percy A. Dovey, Donald C. Eadie, George V. Heathcote, George D. Jewell, C. Stanley Lamb, Sydney P. Morterud, Ernest R. Olson, Joseph A. Sund.

First basses—Walter H. Benson, Curtis R. Carman, Stanley C. Coward, Frank F. Foster, Murray W. George, Hadley Hanson, Norman C. Johnstone, Richard Jones, Edward J. Petz, Baard Skogen.

Second basses—O. Edward Amtsbuechler, Salem E. Culp, Edward Downie, William D. McGill, Albert W. Mecalson, Oscar L. Solheim, Dr. Frank W. Spicer, Chas. H. Whitmore.

ORCHESTRA CONCERT.

High School Musicians Will Be Heard.

The Duluth Central high school orchestra, consisting of thirty pieces under the direction of Dwight W. Heistand, will give the following program in connection with the performances of the senior class play, "The Starry Flag," on Friday and Saturday evenings of this week at the high school:

"Pomp and Circumstance" march..... Elgar
"Simple Aveu" ..... Howe
Selections from "Lohengrin" ..... Wagner
Siegmund's love song from "Die Walkure" .....Wagner
Cornet solo .....
Ernest Paulson.
Spanish dances—
(a) Valse ..... Moszkowski
(b) Bolero .....Moszkowski
Intermezzo from "Cavalleria Rusticana" ..... Mascagni
War march from "Athalia" .....
..... Mendelssohn

Will Be At Home.

Mrs. Charles T. Fitzsimmons and Miss Fitzsimmons of 1431 East First street have sent out cards for an "at home" Wednesday afternoon, April 22, from 3 to 6 o'clock.

At Pilgrim Church.

After the supper served tomorrow evening by the women of Pilgrim Congregational church in the church parlors, there will be the regular Thursday evening meeting in the vestry at which speakers will present interesting phases of Congregational work.

Will Repeat Cantata.

"A Dream of Fairyland," the cantata given by the children of the Lincoln school last month, was such a success the parents of the children have asked that it be repeated. Next Monday matinee and evening performances will be given at St. Jean Baptiste hall. The proceeds of the entertainments will be used to buy a

ROMAN STRIPED GOWN IMPORTED FROM PARIS

This gown imported by J. M. Gidding & Co.'s New York house was designed by Premet, the famous Paris dressmaker. It is a Roman stripe gaberdine tailleur suit.

baloptican machine to enlarge post card views. The machine has a microscope attachment for nature study. The baloptican will be demonstrated at the entertainments. The money realized at the other presentation of the cantata was used to buy a piano for the school.

Will Attend Grand Opera.

Among the Duluthians who will attend grand opera in St. Paul are: Mrs. L. D. Fraker and Miss Helen Fraker of 45 Kent road, Mrs. Stephen H. Jones of 1215 East Second street, Mrs. F. D. Day of 2007 East Superior street, Mrs. John A. Stephenson, 1931 East First street, Mrs. M. Bunnell of 2017 East Superior street, Mrs. J. N. McKindley of 1024 East First street, and Mr. and Mrs. Milo A. Phillips of 421 Fifth avenue west.

Bishop's Club.

At the meeting of the Bishop's club last evening Senator James P. Boyle of Eveleth discussed the workman's compensation act, the minimum wage law and the mother's pension bill. The program, in charge of Miss Gertrude Knauf was as follows: Bible reading, Psalm 21, Miss Octavia Forgette; talk on the Bible, Bishop James McGolrick; two duets, "Prelude," (Rackmaninoff) and "Song of the Lark," by Tchaikowsky, Miss Alice Pastoret and Miss Susan Pastoret; "Greece of Today," Miss Louise Dyons; "Mohammedanism," Miss Belle Flaherty. The next evening meeting will be Monday, April 27.

The meeting of the afternoon class of the Bishop's club that was scheduled for last Saturday, will be held Saturday afternoon, April 18. Miss Lucile May and Miss Florence Flynn of Superior will be the leaders.

Garden Program.

There will be a garden program tomorrow evening at 8 o'clock at Irving school. A. H. Crassweller will speak on "Landscape Gardening," C. E. Roe on "Backyard Gardens" and P. H. Martin of "Garden Contests."

Literature Department.

There will be a special meeting of the Literature department of the Twentieth Century club tomorrow morning at 10 o'clock at the library club room. A new chairman for the department will be elected and plans made for the year's work.

Surprise Party.

Mrs. S. J. Bawden of 821 West Seventh street was given a surprise party Tuesday afternoon. The decorations were in pink and American beauties. The following were present:

Mesdames—
F. Lasky, P. A. Sjosellius,
W. L. Pierce, J. Budgell,
J. A. Harris, W. R. Patten,
C. Hansen, T. McGregor,
J. E. Cripe, J. Page,
W. Tunell, S. Rhode,
Rudean, F. Seville,
Anderson, J. L. Reamer,
Johnson, R. M. Green,
L. Seville, R. C. Krusckhe,
R. Shrigley, N. DiMarco,
R. Shrigley, Boehnke.
D. Blanchard,
Misses—
M. Lindahl, C. Tremelling.

Dr. Barker at Y. W. C. A.

By the request of the women of West Duluth, Dr. Charles E. Barker will give a talk on "General Health" at the Y. W. C. A. auditorium Friday afternoon at 4 o'clock. This is in addition to the regularly scheduled lecture, "The Relation of a Mother to her Daughter," to be given at the Y. W. C. A. auditorium tomorrow afternoon at 4 o'clock.

Dinner Party.

Miss Betty Holden and Miss Florence Manke entertained at a six-course dinner Sunday evening at the home of W. C. Manke, 1127 West Second street. The evening was spent in music and games. The following guests attended:

Misses—
Florence McCoy of Superior, Mary Butler,
Dollie Holden, Nonie M. Nicoll.
Messrs.—
Ben Ross of Superior, Gilbert Manke,
Emmet McKeever, Earl Patterson of Superior.
Earl Manke,
Messrs. and Mesdames—
W. L. Manke, A. H. Manke.

Address Called Off.

The address Dr. Charles E. Barker was to have given to girls at the Y. W. C. A. this evening has been cancelled.

Meeting at Bethel.

Tomorrow afternoon at 2:30 o'clock there will be the regular women's meeting at the Bethel, Mesaba avenue and West First street. The subject for the hour will be "Favorite Scripture Passages." There will be several short talks interspersed with singing. A social half hour will follow the meeting.

Bridge Party.

The Past President's club of the Woman's Relief corps will give a bridge party tomorrow afternoon at 2:30 o'clock at Memorial hall. Bridge and five hundred will be played.

Daughters of Liberty.

The Daughters of Liberty chapter, D. A. R., met this afternoon at the home of Miss Anna Upham, 1623 East Third street. The annual election of officers took place. The subject of the meeting was "Daughters of Liberty in Current Events." Miss Grace Wright was the leader.

Rigoletto Program.

Mrs. R. B. Liggett will give a reading of Verdi's "Rigoletto" this evening at 8:15 o'clock at the Smith & Allen company, 311 West First street. She will be assisted by the piano and victrola. The following program will be given:

Act 1—Secene 1, prelude, "Rigoletto Potpourri," pianola; reading of act 1—scene 1, Mrs. R. B. Liggett; "Questa o Queila" (Mid the Fair Throng), victrola, Caruso; scene 2, reading of scene 2, Mrs. R. B. Liggett; "Pari Siamo" (We Are Equal), victrola; De Gorgorza; "Deh! Non Parlare al Misero" (Recall Not the Past), victrola, Ruffo and Mme. Magrini; "E il sol Dell Anima" (Love is the Sun), victrola, Neilson and Constantino; "Caro Nome" (Dearest Name), victrola, Sembrich; act 2—scene 1, reading of act 2, Mrs. R. B. Liggett; "Parmi Veder do Lagrime" (Each Tear That Falls., victrola, Caruso; "Scorrendo Unite Remta Via" (On Mischief Bent), victrola, New York grand opera chorus, "Povero Rigoletto" (Poor Rigoletto), victrola, Amato; "Cortigiani, vil Razza Dannata" (Vile Race of Courtiers), victrola; Amato; "Tutte le Feste al Tempio" (On Every Festal Morning), victrola, Sembrich; "Piangi Fanciulla" (Weep, My Child), victrola, Galvany; act 3—scene 1, reading of act 3, Mrs. R. B. Liggett; "La Donna o Mobile" (Woman is Fickle), victrola, Caruso; quartet—"Bella Figlia Dell Amore" (Fairest Daughter of the Graces), victrola, Caruso, Abott, Homer, Scotti; "Lassu in Cielo," (In Heaven Above) victrola, Pareto and Ruffo.

FURS STORED and INSURED

BECKMAN FUR FACTORY

16 East Superior Street

Nurses Meet.

At the meeting of the nurses of the city held yesterday afternoon at the Y. W. C. A., Miss Helen M. Wadsworth, field secretary of the Minnesota State Graduate Nurses' association, urged the nurses to appoint a delegation to attend the meeting of the association at Rochester May 1. Miss Annie Goodrich of the Teachers' college of New York will be the chief speaker at the meeting.

Thursday evening, April 30, there will be an informal reception at the new nurses' club. Friday evening, May 1, a large reception will be given at St. Mary's hospital.

Drama League.

The executive board and the educational committee of the local center of the Drama League of America will meet at the Spalding hotel this evening at 8 o'clock. Ralph A. Graves, advance agent of the "Damaged Goods" company, and Henry MacMahon of the "Blue Bird" company will be guests at the meeting.

Five Hundred Party

Mrs. T. H. Hagen of 928 Fifty-third avenue east entertained six tables at five hundred this afternoon. The color scheme was yellow. Jonquils and ferns were used for decorations.

The out-of-town guests were: Mrs. E. A. Beaudin of St. Paul and Mrs. J. P. Covington of Minnetonka, Minn., the house guests of the hostess, Mrs. E. F. Lantry and Mrs. Charles H. Harnbeck of Superior, and Mrs. Gavin of St. Paul.

Evening Weddings.

The wedding of Miss Marie Hibbing and Dr. Herman M. Koller will take place this evening at the home of the bride, 1630 East Superior street. A reception will follow the ceremony.

Miss Florence E. Lundquist and Ernest E. Kuchenbecker will be married this evening at 8 o'clock at the home of the bridegroom's parents, 107 North Sixty-third avenue west.

Mothers' Club.

At the meeting of the Lester Park Mothers' club yesterday afternoon the following officers were elected: Mrs. A. L. Snyder, president; Mrs. W. G. Starkey, vice president; Miss Margaret Galligan, secretary; Mrs. John H. Norton, treasurer.

Mrs. John H. Norton read chapter 564 of the general laws of Minnesota for 1913. The law is: "It shall be the duty of the state fire marshal, his deputies and assistants, to require all public and private schools or institutions to have one fire drill each month and to keep all doors and exits unlocked during school hours."

Mrs. P. L. De Voist spoke of mothers' clubs and suggested that "parents' clubs" be formed instead of "mothers' clubs."

The following committees were appointed: Constitution commitee, Mrs. Charles Roberts, Mrs. James Young and Mrs. Charles Oaten; committee on the fire drill, Mrs. John H. Norton, chairman; Mrs. P. A. McFadden and Miss Bienhorn; program committee, Mrs. W. H. Vaughn, Miss Kemp and Mrs. C. A. McFadden.

Tin Wedding Anniversary.

Mr. and Mrs. Albert Honeysett of Summitt Park entertained last evening to celebrate their tin wedding anniversary. Progressive pedro was played. The first prizes were won by Miss Jane Logan and George Franklin, the consolation prizes by Mrs. William Foreman and William Foreman. Mr. and Mrs. Honeysett received many useful presents of both silver and tin. A luncheon was served to the following guests:

Messrs. and Mesdames—
George Franklin, E. Ward Anderson
William Foreman Arthur Johnson,
J. L. Larsen, Charles Murphy.
Mesdames—
H. F. Wolf of Superior, Roderick of Superior.
Misses—
Jane Logan, Katherine Foreman,
Ethel Logan,
Margaret Murphy.
Masters—
Leonard Larsen, William Foreman
Joseph Murphy,

Lodge Notes.

Duluth Lodge No. 110, Degree of Honor, will give a five hundred party Friday afternoon at Maccabee hall. Mrs. F. Lefler is chairman of the committee in charge.

* * *

Zenith grove, No. 10, Woodman circle, will give a card party this evening at the old Masonic temple.

Personal Mention.

Mrs. L. S. Loeb and Miss Dorothy Loeb of 1123 East Superior street will go to St. Paul for the grand opera season.

LEAVES NORMAL SCHOOL AFTER FOUR YEARS OF SERVICE

After four years as preceptress of Torrance hall at the normal school, Mrs. Bella Beard has severed her connection with the institution and the position will be filled in the future by Mrs. Alexander Milne, preceptress of Washburn hall, who has been made dean of women. Mrs. Milne will be in charge of both halls.

Mrs. Beard has made many friends during her residence in Duluth, and they will be grieved to learn that she has severed her connection with the local school. She was dearly beloved by the girls who attended the school, and the girls of both halls gave a dinner in her honor last evening at the Webster tea rooms.

As evidence of their esteem for Mrs. Beard the girls presented her with several large bouquets of flowers and a gold brooch immediately following the dinner. Mrs. Beard is still in the city and it is probable she will remain here for some time, as she has made no arrangements for the future.

AMUSEMENTS

TYTYL AND MYTYL

In "The Blue Bird," as Played by Burford Hampden and Editha Kelly. "The Blue Bird" Will Be at the Lyceum for the Week of April 20.

TONIGHT'S ATTRACTIONS.

LYCEUM—"Little Women."
ORPHEUM—Orpheum Road Show.
EMPRESS—The Parisian Revue.

Amusement Notes.

The week starting next Monday, with matinees Wednesday and Saturday, Maeterlinck's "The Blue Bird," one of the most notable of current pieces, will be on view at the Lyceum theater. The New theater production, which ran for 268 performances in New York its first season and returned there for a triumphant re-entry last fall, will be shown here intact. The cast of 100 players, great and small, who delighted New York on that notable occasion, will likewise be seen here.

Maurice Maeterlinck wrote "The Blue Bird" primarily as a poetic fairy fantasy. He chose as his theme the quest by two poor children, for the Blue Bird, the symbol of happiness. In this quest they visit such gorgeous realms as the land of memory, the kingdoms of the past and of the future, the palace of night and the vale of happiness. Finally, returning to their own humble cot, they find the Blue Bird where they least expected it. This delightful jeu d'esprit of the poet's imagination has been taken by theatrical producers as the basis of a series of magnificent spectacles, equally appealing to grownups and to children.

The marvels of old-time spectacular pantomime are said to be outdone by this new sort of "transcendental pantomime," with its eleven beautiful scenes, its wealth of whimsical characters, its riot of colorful effects, its music and its dance. And back of the simple tale—behind the obvious outer spectacle—is a great thought concerning Man's endless quest for the riddle of the universe, a thought which the little folks perhaps unconsciously imbibe, but which only the grownups can fully comprehend and appreciate.

* * *

"Little Women," the sensational success of the last two seasons, will be shown tonight and tomorrow matinee at the Lyceum. "Little Women" is the dramatization by Marian de Forest of Louisa M. Alcott's famous story and placed upon the stage by William A. Brady. Three decades of girls have gloried in the pluck of Jo; three decades of girls have sympathized with Meg for marrying the man she loved, and three decades of girls have cried over the death of Beth. As long as imagination weaves her many colored strands in the minds of maidens, so long will "Little Women" be read and loved. The play is given a faultless presentation by Mr. Brady. The cast is splendid, all the members of the company having been selected with great care.

* * *

There is an animal feud at the Orpheum this week.

Romeo the Great, a trained chimpanzee with an almost uncanny similarity to a human being, is headlining the Orpheum Road Show bill this week, and "Spareribs," a towsled little dog, appears with Claude and Fannie Usher in their one-act play, "The Straight Path." Romeo is ordinarily a very playful, mild tempered, well trained animal. Unlike many of the larger apes, he is not treacherous or vicious. The trainers of other monkeys bear scars on their hands as souvenirs of the sudden bursts of rage of their pets, but Prof. Drowiskey, who owns Romeo, says the animal has never proved treacherous or vicious. But Romeo became incensed at "Spareribs" Monday afternoon. The monkey's uniform was too much for the little dog, and as Romeo was descending to the dressing rooms after his act, the dog snapped at his heels. Romeo lunged and if his powerful paw had caught the little dog, there would have been a canine funeral, but "Spareribs" scampered for his dressing room. Later Romeo started along the tops of the dressing room walls looking for his enemy, but was recaptured by his owner and driven back to his own dressing room. But Romeo has a long memory, and he appears to be simply waiting his opportunity. The result is that Mr. and Mrs. Usher are anxiously guarding their dog every minute he is in the theater, and Prof. Drowiskey is giving even more than usual attention to his wonderful pet.

OBSERVATIONS

By PEGGY PEABODY

Women in Business Places Should Not Overdress.

How shall the girls and women who work in stores and offices, and public places generally, array themselves while at their duties? It is a question and a serious one, all things considered.

No one wants to ask the American girl to wear a uniform. She need not stifle her individuality or renounce all claim to style in order to properly dress for business. She can be fashionably attired, even expensively dressed, if her purse can stand the strain, but there are certain limits beyond which she should not go.

There is nothing to excuse the girl who appears at a desk in an office arrayed as if for an afternoon reception. Yet it is not uncommon to see women at the very top of the ladder in their chosen lines, wearing chiffons and velvets and jewels at their work, when fancy could not picture them in anything more elaborate if they were to be presented to the first lady in the land.

One sometimes wonders as this telltale sign makes itself apparent, how these women have attained as high as they have, so impressive of ignorance is clothing which does not fit a woman's position. There is such a thing as not dressing well enough—both as to style and neatness. However my pen is not directed towards those who offend in this manner. It is the girl who is actually overdressed, or whose efforts are in that direction, who comes in for my criticism.

I walked into an office the other day and immediately received an unfavorable impression, all because there was a gum-chewing, remarkably pretty girl, outrageously overdressed. Her prettiness was not objectionable. I like pretty girls, but only when they are well-mannered and not so overdressed as to attract attention.

The same day, I had occasion to chat with a woman who earns several thousand dollars a year. She wasn't chewing gum and she had an approachable personality. But she is always dressed beyond her position while occupied with her tasks. Her's are pretty arduous duties, yet whenever I see her she looks as though she were going to the matinee, a tango tea, or a formal reception.

It is not for me to say that you shall not have expensive clothes that are the extreme of fashion. Have them if you can and enjoy them thoroughly. But wear them appropriately. The clothes you wear for business should not be dowdy or ugly or out of style. Have them as smart, neat and attractive as you can, but do not confound clothes for business with those of the type of a social butterfly.

A HINT FOR HUERTA.

Huerta, manifestly, belongs to the type of thick-skulled individuals who are unable to understand patience, forbearance and self-control, and who therefore mistake them for timidity.

So the approaching demonstration off Tampico is likely to be a thoroughly wholesome affair. Huerta needs it, the Constitutionalists need it, and we guess we need it too.

The arrest of American marines at Tampico Thursday was of course a stupid blunder. The refusal to make due apology for it bids fair to prove a greater and more stupid blunder still. John Lind clearly is of the opinion that our attitude of aloofness has been mistaken in Mexico for one of timidity, and that it will be well if the Mexicans, north and south, are taught that their neighbor to the north is not safely to be trifled with.

At any rate, the insult of Thursday could not be passed by. Everybody will hope, of course,—always excepting those who have money invested in Mexico and who would like to see some American blood spilt in its protection,—that it will not be necessary to let the incident go so far as intervention. There will be no glory in a war with Mexico. It will simply open a tangled path the end of which no man can see. It will be infinitely better all around if the coming show of force compels Huerta to order a suitable apology. That would save bloodshed, and avert the uncountable annoyances and perils of intervention. Huerta is due for a lesson anyway; it will come much cheaper for him at the price of apology than at the cost of war.

But if war comes, since it comes only as a last resort and when it was impossible to evade it, the administration will have a united nation behind it.

Now, what would Henry Lane Wilson do in the circumstances?

VOTING BY MAIL.

They are talking about arranging to let the electorate vote by mail. Such talk comes from Kansas, from the election commission of Milwaukee and from elsewhere.

Frankly, at first blush that plan looked to us a good deal like coddling the voters, and perhaps diminishing the solemnity of the ballot. We felt an instinctive opposition to it, on much the same ground as to various plans of bribing citizens to do their duty at the polls. Some plan of increasing public interest in the sacred privilege and duty of the ballot seemed to us more to the point.

But we have learned—say by watching what happened to others—that it is reckless to leap to conclusions; so the proposal of voting by mail ought to be thought over carefully before it is either accepted or rejected.

One thing is clear enough—not enough people vote. And that's a bad sign, and often a dangerous condition. The choice apparently lies between doing something to arouse public vigilance, and doing something to make voting easier.

Voting by mail is easy enough, surely. The plan is to have the ballots in the hands of the voters about ten days before the primaries or elections are held. Three envelopes are used, one to mail the documents to the voter, a smaller one, stamped, for the voter to mail his ballot back to the election officials, and a still smaller one, blank, to enclose the ballot. On the back of the envelope addressed to the election officials the voter would sign his name, address and precinct, so that the signature could be compared with the one on file in the registration list. This, obviously, to prevent "repeating" and to eliminate "ringers." Returns could be made until the night when voting ceases.

The Milwaukee election commission claims these advantages for the plan:

1. The ballot, having been placed in the hands of the voter ten days before election, could be carefully studied before being marked.
2. Long waits at the voting booths would be eliminated.
3. Workers would not be forced to lose time and pay on election days.
4. Farmers would not be obliged to travel miles to the voting places.
5. Voting would be made so easy that the chronic stay-at-homes and invalids could all have a voice in the government, making it representative of the whole people.

Another argument, not enumerated by the Milwaukee officials, is that voters away from home on election day would not be deprived of their right to vote.

One point is not cleared up by the published explanation of the plan. That is how voters are to be registered, and how they are to convince the registration officials of their qualifications as voters unless they appear in person at the polls to register under oath. As negligent voters are about as reluctant to register as they are to vote, this would diminish the gain; although there are several registration days and only one election day.

With all those warships down there, each flying the Stars and Stripes, perhaps Huerta will make the excuse that he doesn't know which flag to salute.

TALK VERSUS ACTION.

The newspaper advocates of Governor Eberhart declare hotly that all this talk about economy and efficiency in state government is plain theft of the governor's thunder.

Has he not been urging economy and efficiency in all his messages for years and years and years?

Well, then, he is the original booster for economy and efficiency. All others are mere echoes and imitations.

Now it is true that Governor Eberhart has had this sort of talk in his messages to the legislature for several years.

But if we were a supporter of the governor we doubt very much if we should have the nerve to talk about it.

Mr. Eberhart became governor in September, 1909. He has been governor ever since.

In 1910 Minnesota's state tax rate was 2.7 mills. This year it is 5.03 mills—an increase in four years of EIGHTY-SIX PER CENT.

In 1910 the state treasury disbursed $13,145,734. This year it will spend $21,771,680—an increase of SIXTY-SIX PER CENT.

While these state taxes which are paid by the merchant and banker, the farmer and workingman, have been increasing at this appalling rate, indirect taxes have also been increasing at a prodigious pace—a rate that SHOULD have brought about a reduction in direct state taxes and the direct state tax rate. Direct taxes and tax rates have increased enormously—far more than in any other state of the Union—while railroad taxes, for instance, have increased from $2,972,792 in 1909 to more than five millions this year!

Meanwhile, Governor Eberhart has been TALKING about efficiency and economy! Just talking, you see; for he has vetoed no bill enlarging the state's appropriations, he has brought about no increased economy or efficiency in any department under his control, he has done nothing whatever but TALK.

The point—which the governor's friends strangely seem to have missed—is that the time has come when ACTION, not mere TALK, is demanded.

Which is ONE of the reasons why a great many people want a change in the state house.

Apparently John Lind remembered how to talk about the time he got inside the White House.

A POSTAL LABOR BUREAU.

Senator Clapp of Minnesota has introduced a bill in the senate proposing to create a Federal employment bureau to be operated in connection with the postoffice.

The bill makes every presidential postoffice a medium of getting the job and the worker together. At each office registers will be kept where men seeking work may file applications for jobs, and where employers seeking help may make their wants known. The idea is to make the service self-sustaining by selling "registration stamps" to meet its cost.

Always, no matter how abounding the nation's prosperity, there are unemployed in this country. Even though there may be, the country over, more vacant jobs than idle men, still there is unemployment because labor is congested in large centers, and there is no system of distribution.

The country's great need in this matter of unemployment is some quick method of relieving the labor congestion in the large centers and the scarcity of workers at other points.

How could this need be met more practically than through the postoffice department, which ramifies to every part of the country, which can collect promptly at a common center—Washington—all available facts about labor conditions, and which can tell the worker without a job where jobs are to be had and the employer lacking men where men can be found?

The Herald has a peculiar interest in this proposal because it has for years urged the need of a Federal labor exchange, and because the suggestion of a postal labor bureau was first made in the columns of The Herald by F. W. Fitzpatrick of Washington, D. C., but formerly of Duluth.

Senator Clapp's bill affords the basis for a thorough study of this problem, and from it a clear and practical solution should be easily worked out.

Now that Col. Roosevelt is considering a straight return to this country instead of a trip to Spain to see Kermit married, it must be a great source of consolation to the independent-spirited members of the Bull Moose party that their organization is absolutely unbossed.

When a Girl Is Ready to Marry

William A. McKeever, professor of child welfare in the University of Kansas, has set down in his book, "Training the Girl," recently published by Macmillans, ten characterizations of the young woman who is theoretically prepared for marriage. They are as follows:

About ten years after the beginning of the adolescent period probably the body and mind of the young woman are in the optimum condition for all the requirements of marriage.

She should have finished the so-called common school, which should have contributed to her thought a permanent interest in people and in public affairs.

She should have served a reasonable period of apprenticeship in all the duties of the household and should possess a knowledge of how to deal justly and sympathetically with the so-called household assistant (Mr. McKeever's term for "hired girl").

She should possess a thorough training in the business affairs of the home—in purchasing economically the furniture, food supplies, clothing and the like; and should be informed upon all other business matters necessary as a guarantee of her ability to save as well as to spend.

She should be ready to unite her efforts with those of some young man of honest mind and purpose; should be willing to settle down with him in very modest surroundings and to help him win the battle for bread and a good home.

She should possess such acquired charm of personality and such a knowledge of the characters of men as to enable her to win a worthy and loving companion and should be prepared to co-operate with him in living a worthy life.

She should have well-matured sentiments as regards children of her own and should possess the courage of her convictions sufficiently to discuss the child-rearing problem with her fiance before marriage.

She should possess an interest in some kind of civic, social or religious work and should plan to give at least a part of her thought and effort to the service of the common welfare.

She should have received experience and training in undergoing such trials and disappointments during the growing period as befitted her years, and thus gradually have been prepared to meet the heavy ordeals practically certain to be visited upon those who do their part in building up a substantial family life.

She should be well prepared to take up and pursue successfully some line of independent work, and this as a safeguard against the time when an unforeseen occurrence might throw her back upon her own means of support.

Arcady.

Where is the road to Arcady,
Where is the path that leads to peace,
Where shall I find the bliss to be,
Where shall the weary wanderings cease?
These are the questions that come to me,
Where is the road to Arcady?

Is there a mystic time and place
To which some day shall the traveler fare,
Where there is never a frowning face,
And never a burden hard to bear,
Where we as children shall romp and race?
Is there a mystic time and place?

For Arcady is an earthly sphere
Where only the gentlest breezes blow,
A port of rest for the weary here,
Where the velvet grass and the clover grow.
I question oft, is it far or near?
For Arcady is an earthly sphere.

And the answer comes, it is very near,
It's there at the end of a little street,
Where your children's voices are ringing clear
And you catch the patter of little feet.
Where is the spot that is never drear?
And the answer comes—it is very near.

For each man buildeth his Arcady,
And each man fashions his port of rest;
And never shall earth spot brighter be
Than the little home that with peace is blessed,
So seek it not over the land and sea,
For each man buildeth his Arcady.
—Edgar A. Guest in the Detroit Free Press.

Slum Heredity.

Albion Fellows Bacon in the Survey: Several generations of slum environment will produce a slum heredity, and the children will have that to contend with, as well as the slum environment. In our slums are girls who never saw a room properly cleaned, or ate a meal properly cooked, and neither did their mothers or their grandmothers. There was "nothing to do with," of course. They had no proper utensils or materials. There may have been wealth, even nobility, away back in that family, but it "buttered no parsnips," and provided no soap. The use of the right fork comes only by using forks. No matter how many Greek professors grace one's ancestry, or how many clergymen bless it, the descendant will lisp in Billingsgate, if he hears nothing else.

Bernard Shaw Scores on Chesterton.

London cable to New York American: Advising a friend to go see "The Music Cure," of which he is the author and which is being played as a curtain raiser to Gilbert K. Chesterton's "Magic" at the Little theater, Bernard Shaw wrote: "It is being done in front of 'Fatty's First Play,' which is considered here a neat score off the corpulent Mr. Chesterton and his first effort as a playwright."

It is believed that Mr. Chesterton is engaged upon the preparation of a suitable rejoinder.

Associated Press Is Accurate and Fair

Editorial in Sacramento Bee.

If Judge George Dayton of the United States court for the Northern district of West Virginia is correctly quoted in the newspapers, he belongs to the very dangerous type of judges who are content to base judicial action on personal prejudice or on uninvestigated statements from one side in interest.

He is credited with having made on April 8, in charging the Federal grand jury, the following statement:

"The Associated Press is the largest and most influential news agency in the world. This gigantic monopoly is selling the news to thousands of newspapers and this service, instead of being news in a fair and impartial manner, is made to serve personal and selfish purposes."

If Judge Dayton had made even casual inquiry he would have found the Associated Press not only does not sell news, but is not permitted by its charter to do so, or to make any profit from conduct of its business.

It is permitted only to collect for and distribute to its own members the news of the world and to apportion the expenses incurred to those members on an agreed assessment plan.

The same casual inquiry would have convinced him that the news report of the Associated Press, because of its method of organization, cannot be used "to serve personal and selfish purposes," and must necessarily be as fair and impartial as is possible to obtain under human conditions.

The Associated Press is composed of over 800 members, representing the most diverse opinions and interests in all matters handled by the report, each one watching it daily to see that those interests are not unfairly presented, and prompt to complain if, through the carelessness or disloyalty of an employe, they are.

And to enforce impartial handling of the news each member has the benefit of his own full vote, the machinery of his circuit, the advisory board of his division and the power of the directors, one or more of whom come from his division.

The news report of the Associated Press is fair and impartial because it is to the interest of every member to have it so, and because the membership has the power and the organization to make it so.

All other large news agencies are private ventures, run by their owners for profit and with no responsibility to their customers as to the character of news furnished.

This plain statement of facts sufficiently indicates why the Associated Press report is always looked to for accuracy in important matters and why most newspaper publishers prefer it.

It also suggests a cause for the very bitter attacks made upon the Associated Press by and through the agency of newspapers which have not been admitted to membership and cannot therefore secure its news until after publication by others.

It will be a sorry day for the free institutions of this country when a general news agency conducted on the lines of the Associated Press ceases to exist and the public is forced to base its opinion of all important matters entirely on the news reports prepared by private interests.

If Judge Dayton is a good citizen he will recognize the force of this suggestion and cease to use his position to denounce the Associated Press until he learns something of the facts.

Your Face

Lewis Edwin Theiss in St. Nicholas: If you stop to think about this for a moment, you see what a tremendously important thing it is. Just as surely as you have a face, the story of your life will be written on that face. If you are mean and crabbed and disagreeable, your face will settle into a disagreeable expression, and everybody will avoid you. If your disposition is sunny and kind and gracious, your face will beam with goodness and everybody will know at a glance that you are lovable. And the older you grow the more distinctly your face will tell the story.

When you go out into the world to earn your living, the first thing that people will ask is this: What kind of a boy is here? Or what kind of a girl is she? Under our present industrial system the employer has to teach young persons their trade after he hires them. So he is more interested in the applicant's character than in his present ability. And the character he will learn from the face.

It is just as the director of the employment bureau of a great department store said to me: "We base our choice largely on the applicant's looks. To be sure, the faces of boys and girls are not deeply marked. Many applicants have only begun to outline on the blank page of their cheek the picture that will eventually appear there. But even a sketch tells much. We know that almost inevitably a child will continue the facial development it has begun. The sullen, shiftless, don't-care kind of face we pass by, but when we find a face full of courage, hope, truth, good cheer and kindliness, we pick that child quick. That is the sort we are after." If, then, our faces have so much to do with our future success, isn't it worth while to try to make them attractive by being attractive ourselves?

The Hopeful Bull Mooser.

Emporia Gazette: Perhaps it will come this time. Perhaps the Underwood-Clark revolt against Wilson will be a real revolt. Perhaps it will lead to a split in the Democratic party between the progressives and the reactionaries, even as Cannon and Taft split the Republican party.

For twelve long months, three weeks and one beautiful spring day we have been peering into the East waiting for the dawn of a better day, politically. The dawn has been always hovering on the horizon. It has been graying a long and weary time; but the pink of promise refuses to flush the clouds.

Maybe this Underwood-Clark fight will do the work. Certainly it has been a sad wait. Old man Wilson's Mexican policy of watchful waiting has been nothing—absolutely nothing with a hole in it big enough to drive a cow through—compared with the wistful yearning of the Progressives for the fur to fly in the Democratic camp. For when it does begin to fly, the fur will look like a rainbow of promise to the Progressives. A year ago the Gazette said jauntily, "Either Woodrow Wilson by his progressive action will break up the Democratic party, or bust the Progressive party." Well, he has been busting us long enough. Let him try it on his own party and see how he likes it.

Statesmen, Real and Near

By Fred C. Kelly.

Washington, April 15.—(Special to The Herald.)—Under the laws of averages and compensation, no man is permitted to excel in all things. Those who rank high as tangoists may be only fair in philosophy or economics, and many of our leading authorities on the current modes in haberdashery have a ridiculously scant knowledge of the fourth dimension, whatever that may be.

Take the case of Henry Vollmer, who recently came to congress from Iowa. Vollmer is one of the most eloquent orators in that part of the country and will doubtless take rank as one of the polished speakers of congress. He can speak on short notice at almost any time or place on almost any subject—and unless one handles him with great care he will do so, too.

But when it comes to mechanical lines he is almost a hopeless cripple. The thought of operating a wheelbarrow, a screwdriver or any other piece of machinery fairly throws him into a panic. Several times in his life he has undertaken to drive a nail, but invariably the results have been disastrous if not fatal. He could no more hang a picture than he could skin a gnat.

* * *

Some time ago Vollmer bought a big touring car. The salesman came around the next morning to show him how to run the thing.

"Run it!" exclaimed Vollmer, horrified. "I'd as soon attempt to run a tiger."

He hired a chauffeur and never has touched as much as an oil can on the machine.

Later on he bought another machine, an electric runabout, for his wife. Now, an electric automobile is so simple in its operation that any little child of school age can drive it. Vollmer was beseeched one day to take the helm in the electric. He had an expert come and explain it all to him, and then in a moment of weakness he agreed to try his luck. They rescued him just in time to save the machine from climbing the front steps of his home. Since then he has consistently avoided all forms of engineering endeavor.

The only line in which Vollmer ever seeks after manual skill is on the golf links. And while he experiences much difficulty in making his sticks do just what they should, his record for profanity, day in and day out, is one of the prides of Davenport, Iowa.

With the exception of his mastery of the golf language, Vollmer can quote Shakespeare more readily than anything else. He became addicted to the Shakespeare habit almost as soon as he had learned to read, and he would be willing to go into a Shakespeare-quoting bout with any non-professional anywhere for half the gate receipts and moving picture rights.

* * *

Vollmer was always the show declaimer of his school from the first grade on up. It was invariably he that the teacher called upon to say his piece when visitors were present. When he was 17 he made his first political speech, and he has been making them on any reasonable provocation from that time on.

Vollmer dresses neatly, keeps his face free from any form of whiskatorial growth and wears his forehead high. There is something almost spiritual looking about him; but when he engages in oratory his mild manner entirely disappears and he tears large gashes in the atmosphere with reckless abandon.

* * *

The so-called bureau of information in Mr. Bryan's department of state is presided over by a certain Mr. John James, one of whose manifold duties it is to read various papers from all parts of the great, big, round world and file away clippings pertaining to matters of interest to the department. Regardless of its title, the bureau provides information only for the department itself, and not for the general public. Hence when somebody calls up and desires to know what railroad connections he can make for a point near Peru, Ind., as somebody did recently, Mr. James can shed scarcely any light.

But all this is apart from what we started to tell. The other morning Mr. James picked up a South American newspaper and read this:

"As an example of Senor Bryan's efforts to placate the hordes of bandits that inhabit the Western part of the United States, he has appointed John James, one of the famous Jesse James family of desperadoes, to an important post in the department of state."

There is really very little truth in the story. If Mr. James is any kin to Jesse James at all the relationship is extremely distant and they never had even a nodding acquaintance. He formerly conducted a newspaper in Urbana, Ohio, but is said to have borne a good reputation there.

* * *

"When it became known the other day that the senatorial election in Arkansas was extremely close, Ollie James of Kentucky walked into the senate chamber and exclaimed gloomily:

"Gracious! It looks as if Clarke may not have been re-elected."

"Oh, well, I could almost struggle through life even if he hasn't been," suggested another senator.

"Ah, yes," said Ollie, "but I just spent 60 cents yesterday sending him a telegram of congratulations."

In the Dispensary.

Their parents Vice and Need have placed them there
Upon the clinic bench. Wan Hollow-Chest
And Pallid-Faced, a sorry, bloodless pair;
Wee Drooping-Jaw and Sunken-Eyes who jest
At Twisted-Back and Crooked-Legs, their kin;
Each little lord transformed by Misery's spell.
How shall we succor them and give them back
What's theirs by right? Shall we disguise their woe
With drugs and brace, with splint and plaster-cast;
And walk our way in pride? How then to look
The future generations in the face
When hardened Time has worn the mask away
And each one lends his copy back to us?
Nay deeper, deeper far our duty lies:
To draw the fangs of Want—to throttle Greed
Within her lair—to clip the claws of Vice—
To break the stifling hold of Ignorance
From round their throat. In one to smother out
The fire within their hell! And they'll look up.
—Julian Walter Brandeis in The Survey.

An Anathema for Bridge Fiends.

Buffalo News: A Kansas City couple was married on a viaduct the other day. Curse these bridge fiends!

Keeping Up With Minnesota Editors

Press Comments on Current Events.

An Anti-Machine View.

Breckenridge Telegram: The Telegram believes that a Republican vote in June for William E. Lee for governor and Henry Rines for auditor will be in the interest of better government.

He Still Is Both.

Le Sueur News: The writer used to know Ed. Smith many years ago, when both were traveling for machine companies. The writer drifted into other lines and those who are now close to Smith say that he is still in the machine business. When we knew him, in the long ago, he was a good fellow and a success in the business.

It is to Laugh! Afraid of a Noise?

Waseca Herald: The grain gamblers of Minneapolis and Duluth are having cold chills running down their spines these days, owing to the prospects of a congressional investigation into their methods, which has been started by Congressman Manahan. This man Manahan is ever on the alert for the rights of the farmers, as the defunct United States Express company learned to its sorrow. No wonder the grain gamblers fear him.

Far Too Little Attention.

Aurora News: Inspectors in the various state departments may not be in sympathy with the economy commission, but nevertheless the commission is stirring things up in a manner that looks like a much smaller payroll for the state if the recommendations which will be made to the legislature are even partially carried out. There have been too many soft places made from year to year for the vote getters throughout the state and too little attention has been paid to the interests of the people.

Then He's Won Already.

Crosby Crucible: Walter Smith, state treasurer, and smiler of smiles that win, is to have opposition for the nomination for that office, and it is said that he even smiles when mention is made of it. That is about all Walter needs to do to win, too.

Something to Be Thankful For.

Mahnomen Pioneer: Governor Eberhart has announced that he will conduct a clean and dignified campaign for renomination. We should be thankful that there is to be something dignified about his administration after all.

Just as Reasonable.

Fergus Falls Journal: Minnesota can be proud of its delegation in congress. All of the Minnesota members of the house except Manahan and Smith voted to sustain President Wilson's position and wipe out the free tolls provision of the Panama canal law. The free tolls meant a gift of millions to the shipping trust. It would be just as reasonable to spend $300,000,000 of the government's money in building railroads and then giving certain railroad companies the free use of them.

Or the Tony Pastor.

Cokato Enterprise: Governor Eberhart, by writing his own lyrics, composing his own score and singing and dancing to his own music, is in a fair way to go down in history as the George M. Cohan of Minnesota or the Yankee Doodle governor of the Gopher state.

Archaic Lake Traffic Methods

Chicago News: Speaking generally, traffic handling methods on inland waterways in the United States are far behind those employed on the great inland waterways of Europe. The railroads, which aim to keep up-to-date their freight transportation by land, do not manifest similar enterprise in connection with the lake vessels owned by them.

The package freight lines on the Great Lakes operating between Buffalo and Western ports are owned by railroads. Julius H. Barnes, chairman of the traffic committee of the Duluth Commercial club, and G. R. Hall, traffic manager for the same organization, told the interstate commerce commission the other day that the freight handling methods of these boat lines are archaic. They asserted that no economies have been introduced in recent years by the boat lines in question, nor have attempts been made to develop modern facilities for the loading and unloading of freight.

Mr. Barnes is a stockholder in independent boat lines operating on the Great Lakes and he told the commission that these lines pay dividends in excess of 10 per cent. The boat lines owned by railroads, having a much heavier business, in Mr. Barnes' opinion could earn large profits on lower rates than now prevail for the lake-and-rail service between Western lake ports and the Atlantic seaboard.

The failure of boat owners, especially railroads that own and operate lake vessels, to interest themselves in modern freight handling methods should not be accepted with complaisance by the public authorities. As a part of its harbor development program, Chicago should give attention to the providing of ample freight handling facilities in connection with the new piers now under construction.

What the Public Wants.

Puck: Song Publisher—Personally, I like this song, but it's not what the public wants.

Composer—For the love of Mike, what does the public want?

Song Publisher—Ah, my boy, if I knew that I'd be an interlocking director.

Twenty Years Ago

From The Herald of this date, 1894.

***There is a strike on the Great Northern railroad extending over the entire main line from St. Paul to Spokane. The strike includes all connected with the handling of traffic, including train dispatchers and telegraphers. Last year all wages under $120 a month were reduced 15 per cent and from $120 to $200, 20 per cent, except the engineers and firemen, who had a contract to be broken only by mutual consent. The strikers are determined to stay out until the schedule of 1913 is restored.

***William Ross, an engineer who was injured in a boiler explosion on the Duluth & Iron Range road last summer, died on April 13.

***Thomas Raymond and family have left Fond du Lac for their new home at Pokegama, Minn.

***The Duluth Title & Abstract company has received a letter from Husband & Co. of Minneapolis asking as to "the value of lot 1, block 20, Lakeview addition to Duluth." W. A. Pryor, manager of the abstract company, has replied that this tract lies about ten miles from the center of the city back over the hills and is practically valueless. The selling of lots in this "addition" is denounced as a fraud.

***Mrs. Herman Boerner and family left West Duluth last evening for Herman, Minn., where they will reside in the future.

***Charles A. Towne has been secured by the senior class of the Duluth high school to deliver the address on commencement evening.

***Mrs. S. M. Stocker's light opera "Ganymede" is to be presented on June 29 and 30 for the benefit of the Duluth Home society.

***Mr. and Mrs. H. S. Bryan have returned from a month's travel in the West.

***Mr. and Mrs. J. E. Bowes are going to Colorado for three months for the benefit of Mrs. Bowes' health.

***T. W. Folkerts, brother of F. Folkerts of Spirit Lake, has returned from a visit of seven months in Germany. He is accompanied by his cousins, C. Logarmer and H. Wallrich.

***That Duluth has several talented men has been amply shown in the lectures given for the Associated Charities. On April 17, L. J. Hopkins, another scholarly man, will be heard. His subject is "The Man of Letters in Politics."

***R. L. Montgomery, who has been acting as advertising manager for a large clothing house in Cincinnati for the past year, has returned to Duluth to remain.

Taking His Cue.

Judge: A small street urchin from the city, who was spending some time in a fresh air camp, was the source of considerable entertainment to members of the family at a farm where he frequently called for milk and apples.

"Whaddye think about the youngster, anyhow?" the farmer asked his wife one evening.

"He's a nice little fellow," the wife replied; "but I can't just make him out."

"How make him out?"

"Every time grampaw sneezes 'Isch!' that boy allus laughs and yells, 'Ka Bibble!'"

AMUSEMENTS.

DEFECTIVE PAGE

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their ideas about the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 200 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer though these need not be published. A signed letter is always more effective, however.)

ANOTHER.

To the Editor of The Herald:

In answer to A. P. will say the man had 87 cents and 5 mills when he went into the first store. Easy. Try this one when you have five minutes to spare: A broker bought a number of $100 shares when they were a certain per cent below par, for $8,500. He afterwards sold all but twenty when they were at the same per cent above par, for $9,200. How many shares did he buy and what did he pay for each share? Respectfully,

A GARY READER.

New Duluth, April 13.

WHAT STRIKE COST.

To the Editor of The Herald:

"The loss to the mining companies is $4,000,000, while the loss to the strikers amounts to $1,000,000, making a total of $5,000,000," say the news dispatches.

The ratio between the loss sustained by the companies to that of the men is four to one. Yet—

When the miners lay down their tools not a dollar's worth of wealth is produced. When the miners produce the wealth they receive one-fifth of the value of their product in the form of wages, according to these figures.

"Labor produces all wealth." See Henry George, Karl Marx, A. Lincoln, et al.

Then how do we explain that the mining companies "lost" four times as much as the strikers in the recent Copper country strike? Private ownership of the valuable copper deposits of Michigan by men who live in palatial Boston homes.

If labor produces all wealth, then the "loss" to labor in this instance is not a mere million dollars of wealth, but five millions. Four-fifths of this loss to labor is summed up in the single word, "exploitation." Yours truly, TITCH HIGGINS.

Duluth, April 14.

THE PASSION OF PATIENCE.

To the Editor of The Herald:

It was very kind of you and consistent with your spirit of justice and true Americanism to quote the pretty lines written by Miss Humphrey, for the Atlantic Monthly, in compliment to Catholicity.

The "passion of patience," so admirably described, is at present undergoing a terrible strain at the hands of criminals, whose aim is not the furtherance of patriotism, but to coin money out of the ignorance and groundless suspicions of a certain class of people.

Confirmation of this is found in the fact that the unspeakable "Menace," when called upon recently by some of its dupes to furnish proof of the genuineness of the bogus K. of C. oath, admitted that it had none, that it was merely a bluff. Yet this foul publication is admitted into the homes of people who wish to be considered respectable and, what is worse, it receives their commendation and support.

If such people wish to be assured of this sheet's malignant deviltry they have only to insist on its giving the name of one man, woman or institution that is guilty of the atrocities which it alleges are being committed. Catholics have repeatedly urged it to do so.

What restrains it? Fear of the jail, nothing else.

This sort of thing has already gone too far. How long, I wonder, will the "passion of patience" last? It is about time for fair-minded citizens to join us and drive out of existence these liars for revenues, these calumniators of innocence, these "reverend" and "irreverend" assassins of character, whose proper place is either the lunatic asylum or the pen.

J. R. McKINNON.

Duluth, April 14.

THE HOUSING ORDINANCE.

To the Editor of The Herald:

Monday evening in your Open Court was printed an article by Gust Mattson, very nicely stating the results of the new housing ordinance. I know a man who was refused a permit to build a stone basement under his house in place of cedar posts. If you have a 25-foot lot and want to move your old house in the rear, borrow the money to put in a two-flat building in front, hoping to rent same until you have paid the mortgage, you cannot get a permit. If you have a low lot and the street grade has left your house down below the street they cannot give you a permit to build on another story to make a nice flat on top, with a fine view of the lake and harbor from the rear. Now we cannot blame them. They must obey the ordinance and abide by the provisions in giving permits, although it has already prevented the building of thousands of modern homes for the man who works. Would The Herald appoint one of its able corps of reporters to look into the working out of this vicious ordinance? Interview our builders, our architects, our contractors. See the man who wants to build and print his findings. Respectfully yours,

ONE WHO WANTS TO BUILD.

Duluth, April 14.

ORDERS MILITIA TO STOP RACE BETTING

Oklahoma Governor Acts on Adjutant General's Report.

Oklahoma City, April 15.—In orders declaring that "gamblers and law violators shall no longer flaunt their vice in the face of the decent citizenship of Oklahoma," the governor last night declared the fair grounds at Tulsa under martial law and directed Percy M. Canton, adjutant general, to order out a sufficient force of state troops to enforce the state anti-gambling laws.

This action was taken when the adjutant general, who is in Tulsa, reported to the governor that notwithstanding a restraining order issued by District Judge L. M. Poe, bookmakers were operating at the track, where the spring race meeting of the Tulsa Jockey club is on.

Cravath's House Burns.

Sea Cliff, N. Y., April 15.—The summer home here of Paul D. Cravath, a New York lawyer, was destroyed by fire yesterday afternoon. None of the family was at home. The loss is estimated at $250,000.

YOUR FIRST CHANCE

TAKE ADVANTAGE OF IT TODAY

This is the first day of the National Newspaper Syndicate's big book bargains, and there'll be a rush to get these useful sets today at The Glass Block Store. Come early, as there is sure to be a crowd. We'll do our best to accommodate everybody, but "first come, first served," must be the rule.

REMEMBER—The Glass Block receives not one penny of profit from this sale—but is handing out these sets solely for the great educational benefit of its friends and patrons.

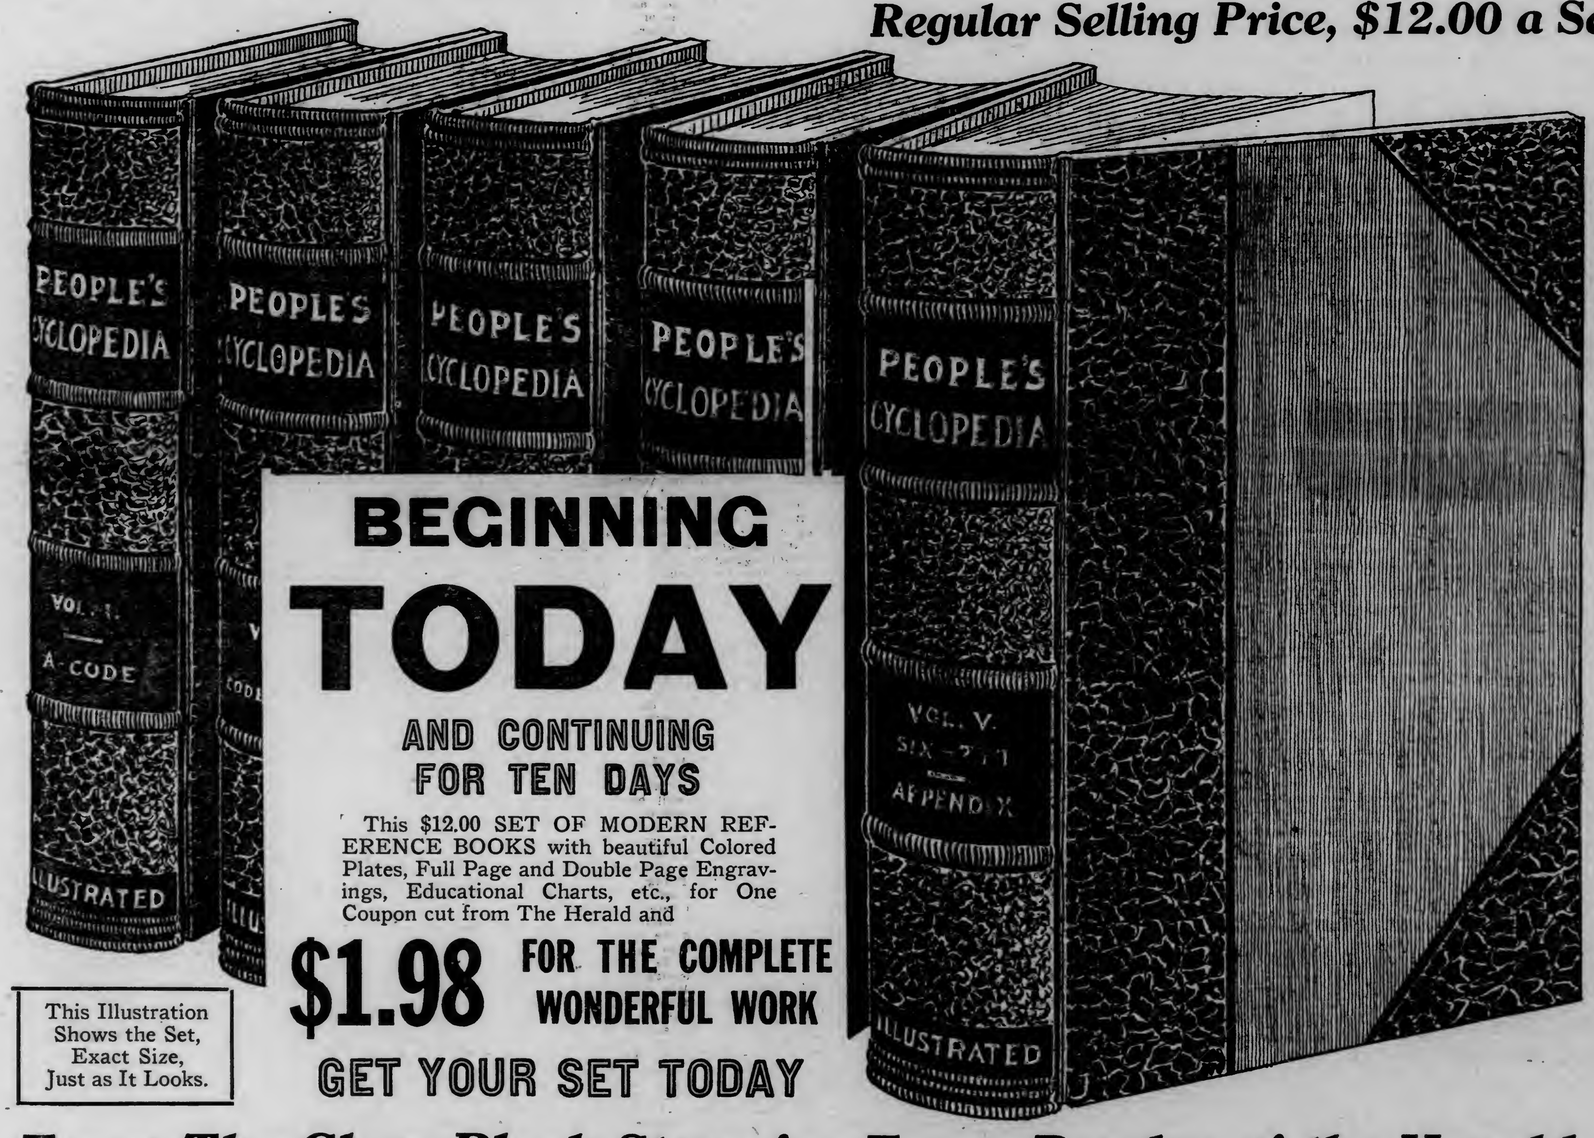

FIVE HANDSOME VOLUMES FOR $1.98

Every family in Duluth must have one of these useful sets. You all NEED a RELIABLE reference work; you've delayed getting one on account of the prohibitive price; so here's the chance you've been waiting for—a $12.00 set for $1.98—a book bargain that stands unequalled.

REMEMBER—This unheard-of opportunity is open only to readers of The Herald, representing The National Newspaper Syndicate. This paper makes no profit whatever from the distribution of the books.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating; too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Agent, Wirth's Red Cross Drug store, 13 West Superior street.

NEW RAIL AND LAKE RATES SUSPENDED

Commerce Commission Will Investigate Proposed Changes.

Washington, April 15.—Proposed increases of 2 per cent in class and commodity freight rates between points in the Middle West and the Atlantic seaboard, were suspended yesterday by the interstate commerce commission pending investigation, until Aug. 13. Other increases in so-called proportional rates between the East and West also were suspended for the same period.

A proposal by the Pennsylvania railroad to withdraw a charge of 5 cents a ton for handling lake cargo from vessels to cars at Cleveland, Ashtabula, Sandusky and Erie also was suspended for the same time.

AUTOMOBILE FOR WORK FARM HEAD.

An automobile will be purchased by the joint city and county work farm commission for use of Fred Ward, superintendent of the farm. The board authorized the purchase of a car yesterday at its monthly meeting.

Supt. Ward submitted his regular monthly report to the board yesterday. Among other things it showed that 136 prisoners had been committed to the farm since Jan. 1, or a daily average of 45.

BETTER HEALTH

FOR MEN AND WOMEN

Natural Methods Have Cured Many Diseased and Broken-Down Men and Women.

Remedies are introduced into the diseased parts of the body by high power of electricity, which breaks up the poison and establishes normal circulation. Patients sometimes feel as if cured from one or two treatments. If you are sick, try it and you will be convinced.

RHEUMATIC TROUBLES, like pain in the back, Lumbago, Sciatica and deformed Rheumatism, are among the easiest to heal. There is no one in the world who can claim to have any specific for these troubles. However, we have experienced that our method relieves the sufferer quicker than anything else. People with stiff joints and those with aches and pains have found permanent relief in our office.

NERVOUS DEBILITY—Men and women! Many of you are failing. Your hands are cold and clammy, dark circles about your eyes; your sleep does not rest you; you get up feeling tired; you have catarrh, foul breath, palpitation of the heart; trembling, unaccountable, uncontrollable fear; cold feet, cowardice, blurred eyesight, dizziness and many other almost unbearable symptoms. Dear reader, this must be stopped. Don't wait another day. Come to us. If we can we will cure you. If you are skeptical, come and we will give you a free treatment.

WE CURE Blood Poison and Skin Diseases, Eczema and Paralysis. Our system of treatments cures quickly Bladder Trouble and Urinary Diseases, Strictures and all chronic diseases of men and women.

Electro-Medical Doctors

26 WEST SUPERIOR STREET.

MANY HEAR MODERATOR

Dr. John Timothy Stone Speaks on "The Joy of Living."

Twenty-Fifth Anniversary of Duluth Presbytery Is Observed.

Rev. Dr. John Timothy Stone of Chicago spoke last evening at the First Presbyterian church. Dr. Stone, who is pastor of the Fourth Presbyterian church of Chicago, is moderator of the Presbyterian general assembly, the highest office which the Presbyterian denomination can confer; and is recognized as one of the really big men of the church.

He spoke last night bfeore the gathering of the Duluth presbytery, which is celebrating the twenty-fifth anniversary of its establishment, and about fifty delegates and ministers are attending from all parts of Northeastern Minnesota.

This evening at 8 o'clock another leading pastor of the Presbyterian denomination will speak. This is Rev. Joseph A. Vance, D. D., pastor of the First Presbyterian church of Detroit, Mich. His subject will be "The New Chance of the New Day."

This afternoon at 2 o'clock Rev. Henry B. Sutherland, stated clerk of the presbytery, gave a historical sketch of the organization, following which Rev. Maurice D. Edwards, D. D., stated clerk of the synod of Minnesota and pastor of the Dayton Avenue Presbyterian church of St. Paul, will preach the same sermon that he preached at the organization of the Duluth Presbytery twenty-five years ago. At 4 o'clock communion was administered by Rev. Robert Yost, D. D., pastor of the First Presbyterian church of Duluth.

Dr. Stone last night spoke on the subject "The Joy of Living" and spoke eloquently and forcefully on the solution of it—the doing of work for the Master. Dr. Stone took Peter's life as an illustration. He said that it seems that Peter appeals to more people than do the other disciples of Christ, probably for the reason that he was so intensely human. He was impulsive, and weak at times—much, in short, said Dr. Stone, like the average man.

"I suppose," said the doctor, "that that is why we like him. He was like ourselves. He was quick to try to defend his Master, but in the hour of direst need deserted and denied Him. And yet it was this Peter, who in after years steadfastly stood for Christ and preached of the peace that passes all understanding. The weak, very human disciple turned out to be one of the very strongest preachers of the Word.

"Peter discovered that peace and the joy of living were obtainable only in one way and that was by obeying the laws of God and working ever for His kingdom. Those who discover this for themselves and act upon their discovery are avoiding the soul-rackings that those outside of the pale are having. Money cannot buy that peace, honor cannot reach it; nothing can give one the great peace and the joy of living like labors for God!"

CARRANZA AND VILLA WILL NOT AID HUERTA IN CASE OF INVASION

(Continued from page 1.)

eral forces by the rebels at San Pedro de las Colonias, state of Coahuila, with Federal losses estimated at 2,800 killed and wounded and 700 prisoners and a rebel loss reported at 650 killed and wounded, it is pointed out here, was really the culmination of the battle of Torreon, which began on March 21.

While Gen. Velasco, the Federal general in chief, evacuated Torreon on the second of this month, his army was practically intact and the retreat enabled him to join the reinforcements which had failed to reach him at Torreon and to that extent the evacuation was a successful maneuver.

Stronger Than at Torreon.

In any event Velasco, after his retreat, was much stronger and more dangerous than before, for at San Pedro he had with him the columns of Generals Javier de Moure, Benjamin Argumedo, Emilio P. Campa, Mariano Ruiz, Carlos Garcia Hidalgo and Joquin Maas, a total of twelve or fourteen thousand troops.

While desultory fighting began almost as soon as the Federals left Torreon, Gen. Villa gives the duration of the battle proper as six days, culminating with the flight of the Federals last Monday.

The disordered state of affairs in the Torreon region is illustrated by the fact that Villa's report of victory required twenty-four hours to reach Gen. Venustiano Carranza, first chief of the revolution, at Chihuahua.

Retreated Eastward.

The Federals are reported to have retired eastward in the direction of Saltillo and Monterey, having, it is thought, repaired the railroad in that direction before the battle. The Federals destroyed the market building, a hotel and the property of the late president, Francisco I. Madero, before retiring from San Pedro.

WARSHIPS IN FIGHTING TRIM

(Continued from page 1.)

and the work of coaling her proceeded until early today. In the meantime other members of the crew were busy loading the ship with fresh meats and other supplies.

The Michigan is expected to leave the yard some time today. The big dreadnought is commanded by Capt. Albert P. Niblack. Her crew numbers 850 officers and men, in addition to which the Michigan will sail with the regular complement of sixty-six marines.

Takes on Ammunition.

Boston, April 15.—Preparations were hurriedly made over night for the departure of the third-class cruiser Tacoma, which was ordered yesterday to proceed to Tampico, Mex., with a preliminary stop at Newport, R. I. Navy yard officials announced that she would sail at about 10 a. m. today.

During the night the Tacoma crossed the harbor to Hingham, where ammunition was taken on board from the naval magazine. Meanwhile naval officials, assisted by the police, scoured the city and rounded up members of the cruiser's crew who were on shore leave.

The Tacoma is commanded by Commander Nathan C. Twining and carries 300 men. At Newport she will take on eighty ordinary seamen and coal passers.

Louisiana Is Ready.

New York, April 15.—All preparations for the departure of the battleship Louisiana for Tampico were completed early today. Fresh vegetables were put aboard during the night and with these it was said that the great ship was amply provisioned for a month's cruise.

Throughout the night white lights glimmered at the Louisiana's masthheads, summoning to the ship the men on shore leave. The police assisted in the work by hailing every sailor with "Louisiana" on his cap. Capt. George Cooper commands the ship. She came here on April 3.

New York Commissioned.

The new super-dreadnought New York, one of the two largest battleships in the world, was placed in commission today at the Brooklyn navy yard.

The ceremony was simple. Capt. T. S. Rogers received his orders placing him in command of the new battleship. Flags were broken out at the bow and stern and the commission pennant was released, as the ship's band played "The Star Spangled Banner."

If necessary the New York could steam out to sea in twelve hours. Other battleships at the yard are the superdreadnoughts Texas and Wyoming, the dreadnoughts North Dakota and Ohio and the armored cruiser Washington. All of these could join the fleet at a few hours' notice.

The New York and the Texas, the latter also just completed, are sister ships. Both will be assigned to the first division of the Atlantic fleet. Each has a displacement of 27,000 tons and a speed of twenty-one knots an hour. They are fitted each with a main battery of ten 14-inch guns and a secondary armament of twenty-one 5-inch rifles.

Hancock Has Sailed.

New Orleans, La., April 15.—The transport Hancock, with 950 marines aboard, sailed from here today to join the battleship fleet that will concentrate near Tampico.

DANDRUFFY HEADS BECOME HAIRLESS

Scalp Dries — Chokes Out the Hair and Prevents Its Growth.

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

NOTICE

Any person or persons in need of Painters, Paperhangers or Decorators call Grand 335-Y and men will be available.

SALUTE THE STARS AND STRIPES, OR TAMPICO AND VERA CRUZ WILL BE SEIZED, SAYS WILSON

(Continued from page 1.)

Mexican soldiers, after seizing the men on the wharf, boarded the American boat and took the two bluejackets forcibly into custody.

"If it is not actually an act of war," said a senator today in discussing the incident, "it comes very near it."

The incident in any event disposes of Huerta's claim that there is no ground for reparation because the men arrested were on Mexican soil, where, it is maintained they had no right to be.

While these developments were taking place in Washington the ships of the Atlantic fleet were beginning to move toward Tampico. The first of the big fighters cleared from Hampton Roads and others in the Atlantic navy yards were ready to sail before night.

While the fighting ships of the Atlantic fleet today were heading for Tampico, senators and representatives were summoned to the White House to be informed of all phases of the Mexican situation, in order that congress might be prepared for any further steps.

President Wilson told the congressmen that he stood first for peace, but that if Huerta did not comply with the American demands the first step to enforce them would be the seizure of Tampico and Vera Cruz, for which he considers there is ample precedent.

Congressmen at White House.

Acting Chairman Shively of the senate foreign relations committee, Senator Lodge, the ranking Republican of that committee, Chairman Flood of the house foreign affairs committee and Representative Cooper, ranking Republican of that committee, had an hour's conference with the president, at which Mr. Wilson outlined the details of the now historic Tampico incident in which a Huerta commander arrested bluejackets and refused to salute the Stars and Stripes as an apology.

An official statement, setting forth the view of President Wilson and the administration, disclosed that the Tampico incident alone was not the cause of the sending of the fleet and the preparations to back up the demand for an apology.

It disclosed the hitherto unpublished facts that official dispatches from Washington to Charge O'Shaughnessy have been intercepted and delivered to a Mexican censor; that a ship's orderly sent ashore for mail at Vera Cruz was arrested, although he was in full uniform and carried the government's mail pouch on his back, and that the succession of affronts to the United States has convinced the Washington government that its representatives are being singled out for indignities.

Other Nations Not Affronted.

It pointed out that with other nations having representatives in Mexico, none of them had found it necessary to ask for apologies.

Mr. Wilson impressed upon his callers that while he sincerely hoped no occasion would arise for the use of force, a contingency might follow as the result of the American demand for a salute, and he wished members of congress to be prepared.

All four men who saw the president said no steps would be taken of a serious nature, such as the landing of marines or the shelling of a town, without authorization from congress.

"Marines have been landed before," said Chairman Flood, "without authorization, and towns have even been shelled; but inasmuch as congress is in session, it would be more regular to get authorization from congress.

"Congress Will Support Wilson."

"The president gave us the history of the Tampico incident, and explained just what had been done, but future developments depend entirely on the attitude Huerta takes. Congress, I am sure, will stand by the president."

Senator Shively likewise described the conference as chiefly informative.

"There have been no overnight developments," he said, "and there really is nothing imminent as yet. We all hope that Gen. Huerta will yield and remove a grave situation, but if he does not we are prepared to back up our demands. Before any marines are landed or any bombardment or other serious steps are taken, the president intends to consult congress. We obtained from him today a complete account of what has taken place, and his purposes so far as they have developed. Of course future steps depend upon Mexico City."

Lodge Approves Action.

Senator Lodge said he was in accord with what the president had done, and expressed the view that the demand for the salute and the dispatch of the fleet was in accord with precedent. He said he supported the president's action and hoped that serious steps might not be necessary.

Senator Shively said congressional action would be based upon a message from President Wilson.

"Will there be a message from the president?" he was asked.

"It certainly will come to that if reparation does not come from the Huerta government for the contemptuous attitude it has taken," said he.

Senator Shively was emphatic in declaring ridiculous any idea that the United States was "bluffing."

Reasonable Time Given.

President Wilson, according to the congressmen who talked with him, declared he had given a reasonable time to Huerta, and while the time was without any fixed limit, there would be no quibbling, and prompt action would follow Huerta's failure to comply.

The exact status of affairs today Senator Shively characterized as unchanged, "except that the United States will insist, with all the power of this nation, upon reparation for the defiance of the Huerta government."

Senator Shively added that there were many precedents for action in retaliation which would not be considered as actual measures of war, and that it was possible to seize the custom houses of Mexico without a declaration of war. Before such an act was undertaken, however, congress probably would be consulted, he said.

"Teach a Lesson."

"There is no first-class power in the world from which the United States would have stood what it has patiently stood from poor, ungoverned, divided and embroiled Mexico. It is like the case of a cur snapping at the patient Newfoundland dog who must eventually act and teach his tormentors a lesson."

Some other senators expressed the opinion that Huerta had defied the United States in the hope of arousing support to his regime.

Villa's victory at San Pedro was pointed to as another element to emphasize the imminent danger to the Huerta regime.

The senate foreign relations committee informally discussed the situation today, but no action was taken, general approval being expressed over the new turn in the attitude of the United States.

Will Be 15,000 Men.

Rear Admiral Badger's force at Tampico, not including vessels held in readiness but not actually ordered to the scene, will comprise eleven great battleships with many cruisers and auxiliaries, carrying in all about 15,000 men. A statement issued by the navy department tonight said:

The complements of the seven battleships which will proceed to Tampico will total about 6,300 men. There will be 2,500 marines available at Tampico as a landing force, fully equipped for field service. There will be eleven battleships in Mexican waters with total complement of nearly 10,000 men. They are:

Arkansas, flagship of Rear Admiral Badger; Florida, flagship of Rear Admiral Fletcher; Utah; Connecticut, flagship of Rear Admiral Mayo; Louisiana, flagship of Rear Admiral Boush; New Hampshire, Michigan, Vermont, Minnesota, New Jersey, South Carolina.

Also the cruisers Chester, Dolphin, San Francisco, Des Moines, Prairie and Hancock, with a total landing force of 2,500 marines.

The Tacoma, now at Boston, has been ordered to Tampico via Newport.

The gunboat Nashville, now at Monte Christo, San Domingo, has been ordered to Guantanamo to coal and thence to proceed to Tampico.

More Are Available.

In addition, the battleships Rhode Island, Nebraska, Virginia and Georgia are available if needed, but as these vessels are now docking, it has not yet been decided whether they will join Admiral Badger's force. Also the battleships Wyoming, Texas, New York, North Dakota, Delaware and Kansas are available if needed.

The Hancock left New Orleans for Tampico this morning with the First regiment of the expeditionary force of marines, fully equipped for field service. The Hancock also carries a three-inch field battery and equipment.

The torpedo flotilla, Atlantic fleet at Pensacola, with the flagship Birmingham and tender Dixie, have been directed to hold themselves in readiness for service in Mexican waters.

The order for the mobilization of the fleet, including all auxiliaries and the marine regiment at New Orleans, was issued in six minutes after the order was given by the secretary of the navy.

The hospital ship Solace is en route to Tampico from New Orleans. The Solace is fully equipped with the most modern hospital equipment.

The supply ship Celtic is loaded at New York with a cargo of refrigerated meats and supplies, sailing on the 16th.

The colliers Vulcan and Jason are en route with full cargoes of coal.

The Ward liner Esperanza has been chartered by the navy department and has been placed at the disposal of Rear Admiral Fletcher at Vera Cruz for the accommodation of refugees at Tampico.

Stops Tobacco Habit In One Day

Sanitarium Publishes Free Book Showing How Tobacco Habit Can Be Banished in From One to Five Days at Home.

The Elders Sanitarium, located at 1059 Main street, St. Joseph, Mo., has published a free book showing the deadly effect of the tobacco habit, and how it can be banished in from one to five days at home.

Men who have used tobacco for more than fifty years have tried this method and say it is entirely successful, and in addition to banishing the desire for tobacco, has improved their health wonderfully. This method banishes the desire for tobacco, no matter whether it is smoking, chewing, cigarettes or snuff dipping.

As this book is being distributed free, anyone wanting a copy should send their name and address at once.

CARDEN APPOINTED MINISTER TO BRAZIL

Briton Will Go There Directly From Mexico City.

London, April 15.—The appointment of Sir Lionel Carden as British minister to Brazil was officially announced today. It is understood that Sir Lionel will proceed direct to Rio de Janeiro from Mexico City, to which place he is now on the way.

Peace in San Domingo.

Santo Domingo, Dominion Republic, April 15.—Provisional President Jose Bordas Valdez, at the head of a large force of Dominion troops today completed a march through Mosa, Santiago, and Monte Cristi without meeting any opposition from the rebels. He was received enthusiastically along his route. Dispatches from all parts of the republic indicate that there has been no disturbance of peace.

BURGLARS LEFT THEIR OLD SHOES

Enter Store and Get Away With Four Pairs of New Ones.

Burglars broke into the Michigan street entrance of the W. & L. Shoe store, 217 West Michigan street, sometime after midnight and stole four pairs of shoes. The men left two pairs of old shoes and it is believed by the police that there were two burglars, each having put on a pair before leaving the store.

About 4 o'clock this morning Patrolman Henry discovered a broken window, with a large rock lying underneath it. He called Patrolman Englert and the two made an inspection of the interior of the store. They found no one there, but this morning the management reported the burglary and the loss of four pairs of shoes.

POLICE ARREST FOUR IN RAID

Three Women Deny Guilt—Man Enters Plea of Guilty.

Three women and a man were arrested in a raid at 112 East First street shortly before midnight last night. Detective Irvine and Sergt. Roberg making the arrests.

Vintie Schutze, 55 years old, who is accused of running a house of ill-fame, pleaded not guilty when arraigned this morning, and her trial was set for 10 o'clock Friday morning. Bail was fixed at $100. Mary Meyers, 39, and Mrs. Helen Clemens, 42, who were charged with residing in a house of ill-fame, also pleaded not guilty and they will be tried Friday morning. Bail in each case was fixed at $50.

When the officers made the raid, they found Frank Rashman in one of the rooms and they brought him to headquarters with the women on a charge of visiting a house of ill-fame. He pleaded not guilty when arraigned this morning, but Judge Cutting continued sentence indefinitely, in order that he may be held as a witness against the women when they are brought to trial Friday morning.

The raid, the police say, was made following several complaints that had been made by people residing in the vicinity of 112 East First street.

"MOTHER" JONES NOT YET FREED.

Denver, Colo., April 15.—"Mother" Mary Jones, whose release from the Walsenburg jail was announced for yesterday, still was in her cell early today. The withdrawal of the state troops from Huerfano county had not been completed, and will not be effected until late today or tomorrow. Military authorities intimated that the release of Mrs. Jones probably would occur tomorrow morning.

LAND CREDIT BILL WILL BE ATTACKED

Speakers at Chicago Meeting Claim It Will Hurt Farmers.

Chicago, April 15.—Several delegates attending the second annual conference on marketing and farm credits which opened here yesterday, today announced their intention of attacking the Moss-Fletcher land credit bill, now before congress, on the ground that it will provide for a flood of improperly secured bonds and will injure, instead of help, the credit of the farmers.

Dr. Charles McCarthy, in charge of the legislative reference library at Madison, Wis., will lead the attack on the Moss-Fletcher bill in an address before the convention Friday. The bill will then be presented to the conference for indorsement.

The Moss-Fletcher bill provides for the establishment of a new series of banks for the loaning of money to farmers on a plan by which long-term loans could be discharged gradually by payment of interest and a small part of the principal each year. Opponents of the bill say it contains many jokers and that it is viewed with too great complacency by the bankers. Another objection put forth is that farmers to discharge their debt before it falls due, would have to pay big profits to bond speculators.

CHILDREN'S NATURE SHAPED SHOES

Children's Feet Grow Very Fast and There's Always Danger of Distorted Feet From Ill-Fitting Shoes

We've accumulated a great deal of valuable experience in regard to fitting Children's feet correctly.

STRAUS FOR REPEAL OF TOLLS EXEMPTION

Former Cabinet Member Supports Administration Plan.

Washington, April 15.—Repeal of the Panama tolls exemption was supported today before the senate canals committee by Oscar S. Straus, former secretary of commerce and labor. He discussed the treaty situation, adding that a strong nation could afford to correct mistakes.

Mr. Straus contended that an exemption would not profit consumers, but coastwise vessels alone.

Former President Roosevelt, he said, believed the exemption of coastwise shipping did not violate treaty obligations, but thought the question should be submitted to arbitration.

No other witnesses were ready and the hearing was adjourned until tomorrow, when Seth Low of New York will be heard.

FRUIT LAXATIVE FOR SICK CHILD GIVE "CALIFORNIA SYRUP OF FIGS"

Cleanses Tender Little Stomach, Liver, Bowels Without Injury.

Every mother realizes that this is the children's ideal laxative and physic, because they love its pleasant taste and it never fails to effect a thorough "inside cleansing" without griping.

When your child is cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember a good liver and bowel cleaning should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-days saves a sick child to-morrow. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other fig syrup with contempt.

"Y" BOYS GETTING READY FOR SUMMER

Active Preparations Under Way for Camp Miller Outing.

The monthly meeting of the boys' department Y. M. C. A. cabinet was held last evening at the home of Mrs. C. A. Congdon.

The cabinet has planned a strenuous program to last until the end of May, when the special summer program, which will be largely outdoor sports, will begin.

The committee on the Duluth Boys' exposition reported that nearly every school had been visited.

The camp and outing committee will order 100 Camp Miller pins and these will be given to the first 100 boys that enroll for camp. Camp Miller will be held for one month this year.

It was decided to put on the minstrel show again on Friday, May 1. The proceeds of this will go toward buying a new stove for the camp. On May 22 a little play entitled "Dizzy's Dilemma," will be presented, and on May 29 another play, "Fooling Father." It is hoped with these entertainments that enough funds will be secured to make the necessary improvements. The improvements scheduled for this year are: A new kitchen, a camp stove, swimming float, and camp dishes. The cabinet alumni and former campers have subscribed enough money to erect an administration building.

The athletic committee reported that the regular work would be continued until the close of school and that after then a special summer schedule would go into effect.

CHIN JOON WILL VISIT NATIVE LAND.

Chin Joon, a member of the Quong Chong Hai company, 325 West Michigan street, has been granted permission by the immigration authorities at Washington to leave this country on a visit to China.

Chin Joon originally applied for permission on Dec. 4, 1912, but he was unable to leave this country at that time and he was recently compelled to make another request. He plans to spend several months with relatives in China, returning here next year.

Customer: "I want some just-as-good." Merchant: "There are none just as good as 'buckskin' socks, 20 cents."

LEGAL TANGLE UP IN COURT

Moose Lake Wants to Know If It Is "Wet" or "Dry."

Voted Wet But the State Law Seems to Interfere.

Whether the state law, which prescribes that intoxicating liquors shall not to be sold at retail within a half-mile of "dry" territory operates in such a manner as to close the saloons of a "wet" village, less than one mile square, which is bounded on all sides by a "dry" township, is a question which will be submitted to Judge Bert Fesler of the district court tomorrow for his decision.

The point has been raised in habeas corpus proceedings brought to test the legal rights of those engaged in the saloon business in the village of Moose Lake, and to determine whether or not the village of Moose Lake will be "wet" or "dry" in the future. All saloons in the village have been closed pending the outcome of the case. In two instances, saloonkeepers recently sold liquor to Charles Vasterling, for the purposes of making out test cases on habeas corpus proceedings following their arrest.

They were Joseph King and H. K. Lower. They were arrested for selling liquor without a license, the claim being made that in spite of the fact that the village of Moose Lake voted "wet" by a 10 to 1 vote, their licenses are void for the reason that their saloons are within one-half mile of dry territory. The township of Moose Lake, which surrounds the village on all sides voted "dry" at the last election by 10 to 15, and the contention of County Attorney H. S. Lord of Carlton county is that the Moose Lake saloons must close.

Making a Test Case.

Both saloon keepers were arraigned before Carlton Wall, justice of the peace at Carlton, and were bound over to the next term of district court on a charge of the illegal sale of liquor. Each was required to put up $100 bail. For the purpose of making a test of the question under habeas corpus proceedings they refused to put up the bail and were committed to the custody of Sheriff Harry W. McKinnon, against whom the writs of habeas corpus are directed.

As a matter of convenience for the court and the attorneys the case will be reviewed by Judge Fesler in this city. Origirally the writ was returnable before Judge Fesler on Saturday afternoon at 2 o'clock, but the order has since been amended so as to bring the matter on for a hearing in district court tomorrow evening at 7:30 o'clock. H. S. Lord, county attorney of Carlton county, will represent the state and George H. Spear will urge the legal point in question for the Moose Lake saloon keepers.

Foresaw No Complication.

The "wet" and "dry" question came up as an issue in the township in a rather unusual way and it is probable that many who voted for a "wet" village cast a vote for a "dry" territory outside, not knowing that by so doing a question would be raised affecting the validity of a license in the village after the town election. The license question became an issue in the township largely through the fact that it was known that a "blind pig" had been operating at Kettle Falls, a small settlement in the township. The residents of both the town and village wanted it stopped, it is said.

The same question was raised once before when the city of Cloquet, in Carlton county, went "dry" and it was found necessary to close the saloons in the village of Scanlon, which adjoined the city limits. The saloon keepers at Scanlon, however, moved their places of business back from the city limit line so as to keep within the law. This, however, could not be done at the village of Moose Lake, as it is less than one mile square.

Proves He Was Born.

Refused admission into the navy when he made application last fall, because he was unable to produce the record of his birth, Charles Gagnon of Tower returned to the local station yesterday with the necessary papers. He was accepted by Chief Quartermaster Erickson and will leave today for Minneapolis, where he will be assigned to one of the battleships.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 125 Marcellus Avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Will Speak to Young Men.

Dr. C. E. Barker of Washington, D. C., will speak this evening in the gymnasium of the Y. M. C. A. on "Social Purity for Young Men." Dr. H. E. Webster, city health commissioner, will preside. It is expected that there will be a large attendance.

Will Mark Papers.

The civil service commission is scheduled to hold a meeting at 4 o'clock this afternoon to pass upon the examination papers of those who recently took the tests for various positions. The results of the examination will probably be known tomorrow.

Chance to Object.

The city will hold a hearing Monday afternoon, April 27, at 3 o'clock upon the confirmation of the assessment to pay for the cost of repaving West Superior street from Fifteenth to Thirtieth avenues west. The assessment roll has been prepared by the city assessor and any one who has any objections to it will have an opportunity to be heard at that time.

Gone to New York.

Edward A. Silberstein of the Silberstein & Bondy company, left yesterday for the East on a buying trip. The Silberstein & Bondy company report Easter trade as much in excess of last year.

Recovers for Horses.

A verdict for $480.66 in favor of John Colbrath & Co., and against the National Surety company, bondsmen for P. McDonnell, bankrupt contractor, was returned by a jury in Judge Ensign's division of the district court yesterday afternoon. The Colbrath company sued for $600, the value of a team of horses which had been hired by McDonnell for work on the city streets last fall just before he went into bankruptcy and the surety company took over his city contracts. The jury was out thirty minutes.

Fine Pictures and Frames.
Decker's, cor 2nd Ave. W. & First St.

Auto Was Stolen.

After searching for an hour last night the police succeeded in finding Dr. E. L. Tuohy's automobile that had been stolen about 8:50 o'clock from in front of his residence, 1923 East Third street. It is believed several boys took the machine and after driving it around abandoned it. The automobile was found a few blocks from the residence.

Puts Dog Out of Misery.

Patrolman B. Barber this morning shot a small dog in front of 123 East Fourth street, the animal having been run over by an automobile. It was suffering and residents in that vicinity telephoned the police to come and shoot it.

Sent to Work Farm.

Patrick Carr, 67 years old, will have to spend the next two months on the work farm, because he was drunk a third time yesterday afternoon. He was arrested by Sergt. Butchart and he pleaded guilty when arraigned in police court this morning.

Wanted by Dying Relative.

Frank Mullen, who is believed to be in Duluth, is wanted by his friends at Marinette, Wis., where a relative is reported to be dying. The police have also been asked to find Arthur Elsly, 30 years old, who is wanted by his relatives at Winegar, Wis.

Heino Case Still On.

John A. Mattinen and John W. Signer were the only witnesses examined this morning on behalf of the state at the trial of John R. Heino, charged with adultery. The testimony offered by both witnesses related to the telephone conversations between Mrs. Olga Gran and Heino, which witnesses for the state claim they overheard by means of a tapped wire. The trial may not be concluded before the end of next week.

Gift for Former Officer.

Members of the police force will this evening present Herman Fritz, former sergeant who retired from active service on April 1, with a traveling bag. He was granted a pension by the Police Relief association for twenty-two continuous years of service in the local department.

In the Becoming Hats We Would Like You to Try On

A hat which would cost about twice as much to import is copied closely in a hat we've marked to sell at $15.00. It's a mighty good looking hat, too—but it is only one of many. Some of them will suit you—others will not—but among them you'll find one that seems specially intended for "you." The price may be $5.00 or $25.00—or $7.50, $8.50, $10.00, $12.00 or $15.00—for our milliners put style and individuality in at each price.

You'll Find Many Smart Styles in Suits, Coats and Gowns In the Now Wanted Tango Shades

We mention the tango shades because they're in such demand—and not readily found in desirable styles at moderate prices.

You who want the less extreme will find charming shades in spring colorings — in models of refinement and fashion.

The coats at $15.00, $17.00, $20.00 and $25.00—and the suits at $25.00 and $35.00 are garments that will be admired in any well-dressed company. Come in the morning if you can—we're so busy in the afternoon that you will get more prompt service before noon.

The Right Shoe Is Absolutely Necessary for Your Comfort and for Your Satisfaction. Consider This One.

A patent leather shoe that is both good looking and good wearing is offered in a Cravenette Cloth Top at **$4.00**. The patent leather is one of the most satisfactory grades known in the shoe trade. It is good looking for dress wear, yet serviceable enough for street wear. A tip-toe adds smartness. Fashion says "buttons" hence, these shoes are here in 13-button, 14-button and 15-button tops.

A three-quarter foxing makes them fit snugly to the arch of the instep. Our price of $4.00 makes a value that is most uncommon.

COMPLAINANT IS FINED.

Contempt of Court Costly—Watch Thief Sent Up.

For stealing a watch from Charles Gustafson last Saturday night, John Duffy, 58 years old, will have to spend the next thirty days in the county jail, while Gustafson, although complainant in the case, had to pay a fine of $10 and costs for contempt of court. He failed to appear when Duffy's trial was called Monday afternoon and he was arrested that evening on a bench warrant.

Gustafson, who is 38 years old, was arrested Saturday night on a charge of drunkenness and when brought to headquarters he discovered that his watch had been stolen. Detectives Toewe and Bradley were sent out to investigate and shortly after they returned to the station with Duffy.

In police court Monday morning Duffy pleaded not guilty and his trial was set for 2 o'clock in the afternoon, while Gustafson was allowed to go after paying a $3 fine. He was served with a subpoena before leaving and was told to appear in court that afternoon, when the trial of Duffy would be called. Gustafson failed to appear and a bench warrant for his arrest was issued by Judge Windom. He was taken into custody Monday evening and yesterday morning pleaded guilty to the charge of contempt of court, sentence being continued until after the Duffy trial in the afternoon.

After Duffy was found guilty and given a straight sentence in the county jail, Judge Windom fined Gustafson $10 and costs or ten days. He paid his fine.

HEAD STUFFED UP?

Hyomei Gives Quick Relief.

If suffering from a cold or catarrh causing dull headaches, or an itching and burning sensation in the nostrils, surely use Hyomei. It gives quick, effective and permanent relief, is pleasant to use, and absolutely harmless. Hyomei goes right to the spot—you feel better in five minutes.

No roundabout method of stomach dosing with Hyomei—you breathe it. This health-giving medication goes directly to the inflamed membrane, all irritation and congestion is quickly relieved, the delicate tissues healed and vitalized.

Hyomei is a household remedy—there is nothing better for hoarseness, bronchitis, coughs, colds, croup or any catarrhal trouble. Boyce drug store and druggist everywhere sell it. Ask for the complete outfit—$1.00 size.

MANY WOULD JOIN THE NAVY

The movement of the Atlantic fleet to Mexican waters at the order of President Wilson is arousing the patriotism of young men in Duluth and six have made application for service in the United States navy since yesterday afternoon.

Whether there will be war with Mexico or not, no one knows, but the young men have become aroused over prospects of actual warfare.

The first of the young men to apply for recruit service was Martin Schlagel, 22 years old, of Fort Ripley, Minn., who successfully passed the admission tests yesterday and who will leave for Minneapolis this evening. The others, who applied, are the following: Edwain Banks, 22, Memphis, Tenn.; Herman Kroll, 20, Stillwater; Ole Broten, 21; Delass, Wis., and Joseph Poliquin, 20, Big Falls, Minn. They must first produce their birth certificates before being accepted and it will be several days before they will be able to leave for active duty.

DECREE GIVEN IN TAX TITLE CASE

District Judge Cant has signed findings in favor of the plaintiffs in a tax title suit brought by J. D. Bergstrom and Abel Nelson against Herman Hedblom, August Magnuson and John Gustafson involving certain descriptions of property in section 32, 58-19, this county.

The court holds that the plaintiffs are entitled to a lien on the land in question on account of amounts which they had paid for tax assignment certificates covering the property Aug 26, 1910.

Hedblom, the original owner of the property and one of the defendants in the action, was not served with a summons in the action and the court holds that the judgment, as the record of the case now stands, cannot bind him.

The court intimates in its memorandum that a stay of proceedings may be granted to the plaintiffs in order to bring Hedblom into the action and bind him also to the judgment.

CURLING CLUB ELECTS NEW OFFICERS AND DISCUSSES PLANS FOR FUTURE

FRANK H. WADE,
Re-elected President.

KENNETH McDONALD,
Vice President.

Frank H. Wade was re-elected president, and W. B. Getchell, treasurer, at the meeting of the Western Curling club held last night at the clubrooms, Fifty-seventh avenue west and Bristol street. Kenneth A. McDonald was chosen first vice president and Emil J. Zauft, second vice president, and Dallas C. Wakeman, secretary.

The annual meeting was one of the most largely attended in several years. Definite plans were approved for the removal of posts from the skating rink and turning that part of the building over to hockey playing for two or three nights every week.

Overtures recently made by managers of hockey teams in the city league were to the effect that they would place a guarantee of a certain number of new members to the club, provided that the club would make this improvement and provide the place for the regular games. This schedule of games, it was said, would not interfere with the regular music nights for the skaters. The matter was turned over to the new officers with full authority to act. A conference with the hockey team managers will be held at which definite action will be taken.

The reports of the secretary and treasurer showed that the club had enjoyed a successful year in spite of the late start made last fall. D. C. Wakeman and T. F. Wieland were appointed an auditing committee.

Mr. Wade announced that the plans for the banquet to be held next Tuesday evening were about complete. The affair will commence at 7:30 p. m., and following supper and a number of short addresses, there will be a dancing program.

county record keeper. It was decided to hold the next convention at Duluth in 1918.

RESCUED FROM SHALLOW POOL

Intoxicated Man Nearly Drowned in Four Feet of Water.

A man whose name could not be learned was nearly drowned this morning in four feet of water under the Fifty-seventh avenue bridge over Keene's creek. But for the fortunate appearance of Henry Boller, 15 South Fifty-seventh avenue west, who heard the man's cries for help, he would undoubtedly have been drowned.

The man is believed to have been slightly under the influence of liquor. He started to cross the lowlands in the ravine through which the creek runs and got into a foot of water. The water commenced getting deeper and when near the bank of the creek he fell into a pit. He was floundering under the water when Boller came to the rescue.

Ed Shanks, delivery man for the Duluth Steam laundry, Peter Sennett and Patrick Toomey were standing on the bridge when the cry for help was heard and hurried to the scene. When they got there Boller had already fished the man out.

MACCABEES OF COUNTY MEET

Elect Officers and Delegates to Great Hive Review.

The quadrennial county convention of the Ladies of the Modern Maccabees was held yesterday at the Odd Fellows' hall in Proctor. In addition to the election of officers, delegates to the Great Hive review at Bay City, Mich., this summer were chosen. These delegates will be Miss Charlotte Robinson, 13 West Fourth street, Duluth; and Mrs. Ella Norman, 133 Chestnut street, Cloquet.

The officers chosen were: Mrs. Margaret Murden of West Duluth, commander; Mrs. Margaret Tucker of Duluth, past commander; Mrs. Mary Pangburn, Duluth, lieutenant commander; Mrs. Ella Norman, record keeper; Vivian Welch of Proctor, finance keeper; Charlotte Robinson, chaplain; Theresa Bogett, Hibbing, sergeant; Pearl Ayotte, West Duluth, mistress at arms; Mary Hoyt, Cloquet, sentinel, and Mabel Esterbrook, Chisholm, picket.

The convention was attended by delegates from every hive in St. Louis and Carlton counties. Mrs. Hattie Hosner of West Duluth presided and Mrs. R. K. Welch of Proctor acted as

HAIR GREW 4 INCHES IN A FEW WEEKS

A St. Louis Lady Increased the Length of Her Hair Four or Five Inches in a Few Weeks With This Simple Home Recipe.

A well-known St. Louis lady, after using a simple recipe on her hair which she mixed at home, made the following statement: "Without exaggeration, my hair has grown four or five inches." The recipe she used is as follows, and any lady or gentleman can mix it at home: To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and ¼ oz. of glycerine. Apply to the scalp two or three times a week with the tips of the fingers. It not only promotes the growth of the hair, but removes dandruff, scalp humors and prevents the hair from falling out.

It darkens streaked, faded, gray hair and makes it soft and glossy. These ingredients can be obtained from any drug store at very little cost and mixed at home.

WOMEN WILL ENTERTAIN AT MERRITT CHURCH.

"The Low Holler Choral Singing society" will present tomorrow and Friday evenings the "Singing School," under the auspices of the Ladies' Aid Society of the Merritt Memorial M. E. church.

W. C. T. U. Meeting.

The West Duluth Women's Christian Temperance union will hold its regular meeting tomorrow afternoon at the home of Mrs. C. R. Keyes, 705 North Fifty-seventh avenue west. The hostess will be assisted by Mrs. W. C. Ives, Mrs. J. T. Culbertson and Mrs. George King.

TWO ILLUSTRATED LECTURES.

Two illustrated sermons touching on sociological conditions will be given next Sunday and the following Sunday by Rev. W. H. Farrell, pastor of the Asbury Methodist church, Sixtieth avenue west and Raleigh street. The subjects will be "Hours and Wages" next Sunday and "Women and Children in Tolls" a week hence. Mr. Farrell intends touching on labor conditions generally in the mines, lumber camps and in agriculture and other pursuits. His second talk will refer especially to women and children employed in factories and other places.

Children under 14 years of age will not be admitted to either of these two lectures unless accompanied by their parents.

Talks on Gardening.

Gardening and agricultural talks will be given tomorrow evening at the social center at the Irving school. A. H. Crassweller will speak on "Landscape Gardening," C. E. Roe on "Back Yard Gardening," and P. H. Martin on "Garden Contests."

West Duluth Briefs.

The Ladies' Aid Society of the West Duluth Swedish Mission church will be entertained tomorrow evening at the home of Mrs. Gust Erickson, 31 North Sixty-fourth avenue west. The Young People's society of the church will be entertained by Mrs. Erickson tomorrow evening.

Mrs. Charles Payne and daughter, Stella of St. Paul, who have been visiting at the home of Mrs. W. E. Kern, 4809 West Sixth street, left for their home this morning.

John O. Brandon of Humbolt, Sask., Can., is a guest at the home of W. H. Stowell, 120 North Fifty-fourth avenue west.

The Oneota and Hazelwood Improvement club will hold its semi-monthly meeting this evening at the Merritt school. Tree planting will be taken up.

The Ladies' Aid Society of the Plymouth Congregational church held an all day sewing bee today at the home of Mrs. J. H. Lee, 124 Winona street.

The Ladies' Aid Society of Our Savior's Norwegian Lutheran church will be entertained tomorrow afternoon at the home of Mrs. T. Buck, 312 North Sixty-third avenue west.

The Fairmont school alumni association, assisted by the Fairmont Mothers' club, will give a musical and literary entertainment in the school tomorrow evening.

At a meeting of the committee in charge of the banquet to be given for the children of the Asbury Methodist Sunday school last night final arrangements were completed. It will be held in the church parlors Friday evening at 6:30 o'clock. The church is being decorated. It is expected that about 250 children will attend.

Watch repairing, Hurst, West Duluth.

Old Engineer Dies.

St. Paul, Minn., April 15.—Patrick Cleary of St. Paul, aged 76 years, died Sunday. He was a veteran of the Civil war and for many years an engineer on the old St. Paul & Duluth road. He is survived by a widow and five children, one of the latter being William H. Cleary of Brainerd, formerly a Stillwater resident.

DEFECTIVE PAGE

ON THE IRON RANGES

SAY STEWART CAN BE FOUND

Report in Hibbing Missing Official's Whereabouts Are Known.

Surety Company Asks Council for Definite Figures on Shortage.

Hibbing, Minn., April 15.—(Special to The Herald.)—A letter from the National Surety company of New York asking for further figures as to the shortage in the office of J. L. Stewart, former village accountant, and also soliciting any information as to his whereabouts was read at the council meeting last evening and will probably hasten a final report on the probe that has been under way.

It is expected that a final report from S. S. Williamson, expert accountant, will be ready this week definitely fixing the amount of the shortage that exist. It is claimed that the total amount will run considerably over the $7,000 mark that was first fixed.

Can Produce Stewart.

There is a rumor current that Stewart has been located in the West and could be produced on three days' notice. It is also claimed that when the final accounting is made that friends stand ready to produce the amount.

There is considerable speculation as to the liability of the Surety company for any shortages found to exist prior to the audit that was made last spring and which has since been found to have been incorrect. Stewart was given a clean bill at that time, though numerous errors that were too plain to have been overlooked have been found in the books.

A saloon license was granted to Al Walsh at Alice.

May Burn Garbage.

The purchase of a garbage incinerator by the village was recommended by the board of health last evening and will probably be seriously considered.

It was brought out in the request that the present dumping grounds are so close to the new Bennett park as to be objectionable, and that prompt action should be taken. The suggestion was considered by the board some time ago, but no move made. With the rapid increase in population south of the village, a new dumping ground would soon have to be provided or some other method secured for the disposal of the garbage.

Anti-Spitting Campaign.

The first gun in the anti-spitting campaign was fired last evening when 500 signs were ordered calling attention to the ordinances prohibiting spitting on the sidewalks. After these have been given a chance to soak in the police officers will be instructed to add their warnings, and it is then thought that a few arrests will bring about the desired results.

MUST GIVE NOTICE OF HIGHWAY CHANGES

Mining Companies and Stuntz Township Board So Agree.

Hibbing, Minn., April 15.—(Special to The Herald.)—Mining companies in the future desiring to make changes in township roads because of operations must give ninety days' notice to the board and consult with other companies affected before any steps may be taken, as the result of an agreement reached yesterday afternoon at a joint meeting between representatives of the various companies and the Stuntz town board.

President Silliman of the board outlined the purpose of the meeting, stating that it was the desire of the board to eliminate the dissatisfaction that had been noticeable in previous years because of sudden changes in roads. He advised that some scheme be adopted so that due notice might be given, and the other companies affected consulted before any changes were made. In cases where only a short stretch is to be built, the company desiring the change will probably be required to do the work; while where more extensive operations are necessary the township will take charge.

Companies Agreeable.

The mining men agreed that the desire of the board was but just, and decided to require a ninety days' notice to the board and the other concerns affected.

The men at the meeting in addition to the township supervisors were: William Tappan of the Oliver Iron Mining company, J. C. Agnew of the Mahoning Ore & Steel company, E. W. Mayne of the Shenango Furnace company, O. B. Warren of the Meridan Iron company, G. E. Harrison of the Stevenson Iron Mining company, Walter Either of the Corrigan-McKinney company, A. K. Knickerbocker of the Arthur Iron Mining company; Robert Murray of the Pickands-Mather company and E. F. Tillinghast of the Leetonia Mining company.

GIVE ME A CHANCE TO CURE YOUR RHEUMATISM FREE

Mr. Delano took his own medicine. It cured his rheumatism after he had suffered tortures for thirty-six years. He spent thousands of dollars before he discovered the remedy that cured him, but I will give you the benefit of his experience for nothing.

If you suffer from rheumatism let me send you a package of this remedy absolutely free. Don't send any money. I want to give it to you. I want you to see for yourself what it will do. The picture shows how rheumatism twists and distorts the bones. Maybe you are suffering the same way. Don't. You don't need to. I have the remedy that I believe will cure you and it's yours for the asking. Write me today. F. H. Delano, 295-P Delano Bldg., Syracuse, New York, and I will send you a free package the very day I get your letter.

SERVICE MAY CONTINUE.

Certain Hibbing People May Continue to Have Light and Heat.

Hibbing, Minn., April 15.—(Special to The Herald.)Despite the definite declaration of the water and light board that the steam heat service that has been enjoyed by eighteen residents of the village would be discontinued on June 1, there is a chance that a new system will be installed and the service continued under a new schedule of rates.

J. P. Ryan and Herman Antonelli appeared before the board last evening with a petition asking that the subject be given careful consideration.

The board decided that it would be best to securing an engineer to go over the line and ascertain whether a new system could be installed and made to pay. If the line were discontinued it would be necessary to provide some way for heating the village hall. This it was shown would be a considerable expense and it was thought that perhaps by adding a trifle more the entire line could be put in.

An examination will be made in the near future and some decision reached by the board.

FEARS FOR HIS LIFE.

Steve Urich Has Chisholm Baker Put Under Bond.

Chisholm, Minn., April 15.—(Special to The Herald.)—Steve Urich made complaint against Mikus Kankaras, his partner in the bakery business, alleging the latter drew a knife on him during a row Saturday. The accused was arrested, haled into court and forced to put up a bond for $500 to keep the peace. When he was arraigned it is claimed he shifted a pistol from his pocket to his bread basket used in delivery of bread. The accused, three years ago, was charged with killing a man at the Leetonia mine for trying to break into his boarding house.

WOMAN NOT SENTENCED.

Warring Chisholm Pair May Patch Up Their Troubles.

Chisholm, Minn., April 15.—(Special to The Herald.)—Mrs. Mike Kovich, who was arrested on April 6 and given a hearing the following morning is still in jail waiting the passage of sentence on the charge of disorderly conduct. She and her husband live at the Sawmill location across Longyear lake and the police have been called to the house on numerous occasions due to their family quarrels. Mike has visited her at the jail but each visit results in a long drawn out discussion. The affair is due largely to her family troubles and the police have tried to patch matters up but to no avail.

CHISHOLM MAN CAN NOW HEAR.

Chisholm, Minn., April 15.—(Special to The Herald.)—Manual Training Instructor R. W. Jackson, who on March 8 was threatened with losing his hearing entirely has returned to his duties practically cured. Local physicians recommended that he consult a specialist. This was done both at Duluth and Minneapolis. The specialists differed; one wishing to operate at once, the other to defer operating. He choose the latter by reason of the convenience and after two weeks' treatment improved.

EVELETH CLASS PLAY.

"Her Gloves" Is Presented in the City Auditorium.

Eveleth, Minn., April 15.—(Special to The Herald.)—The senior class of the high school had a packed house last night at the auditorium when the class play, "Her Gloves," was excellently played. The performance last night was the third, it having already been given at a matinee and in the evening at the high school auditorium. The cast of characters was as follows: Walter Dillingham, a dealer in real estate, Earl Corbin; Jefferson Ruggles, his father-in-law, Roland Davey; Robert Slocum, friend of the family, Wilfred Johnson; Charles Brooks, a neighbor, Harold Roberts; Jim Ryan, theatrical manager, Dan Masucci; Mrs. Jefferson Ruggles, Florence Pfremmer; Mrs. Dillingham, Selina Saari; Dora Ruggles, in love with Slocum, Margaret Van Buskirk; Mrs. Charles Brooks, Viola Knight; Valeska Bijou, an actress, Lois Johnson.

FOUR ARRESTED.

Fight in Spruce Location at Eveleth Causes Arrests.

Eveleth, Minn., April 15.—(Special to The Herald.)—Tony Malovich, Peter Fomich and Frank Babich have been arrested as the result of a fight which took place at the Spruce location. All are charged with assault and battery, the prisoners making counter charges against each other.

Babich was badly cut in the fight, receiving a gash beneath his left arm and a flesh wound in the left shoulder. The man who is alleged to have wielded the knife has not been captured. The hearing yesterday was postponed.

FINED FOR USING OBSCENE LANGUAGE.

Eveleth, Minn., April 15.—(Special to The Herald.)—Frank Grocel was fined $25 and costs yesterday by Municipal Judge Moylan on a charge of having used obscene language in the presence of Mrs. Mike Grocel, his sister-in-law. He is alleged to have made a remark detrimental to the character of Mrs. Grocel.

TWO EVELETH DEATHS.

Eveleth, Minn., April 15.—(Special to The Herald.)—Matt Thompson, age 44, who engaged in the saloon business here until a year ago, died from heart and kidney trouble. He is survived by a wife and two children. Interment will be made Sunday at Cokato.

Loyd Clement Stetzler, 4 months old son of Mr. and Mrs. Loyd Stetzler, Sr., of Nichols township, died from rickets.

Hibbing Learning Tango.

Hibbing, Minn., April 15.—(Special to The Herald.)—The tango classes for which the Hibbing dancers have been waiting with no little interest, start this evening at Wasa hall under the supervision of Miss Katherine Deveau of Minneapolis. A large number have already signified their intention of joining and others, it is expected, will enroll this evening.

MAN AND TEAM ARE DROWNED

John Lundquist Loses Life in Ditch North of Mountain Iron.

Returning to Farm When Driver and Horses Pitch Into Water.

Mountain Iron, Minn., April 15.—(Special to The Herald.)—John Lundquist, a farmer living about seven miles north of here, and his team of horses were drowned in a ditch near the Oliver mine, about a mile north of town, some time last night.

Men working on a culvert on the road discovered the bodies of the man and horses in the ditch this morning and sent word here.

Was Returning Home.

Lundquist left town last evening for his home and is said to have been under the influence of liquor. It is presumed that he lost his way and drove into the ditch which is five or six feet deep where the tracks showed the horses and team pitched into the water where it crosses the Proctor-Anderson road.

Mr. Lundquist was about 50 years of age and leaves an invalid wife and four children, one a boy of 19 and three girls who are younger. The Lundquists had lived on the homestead north of town for several years.

JOHN KROGDAHL NOW ASSESSOR

Virginia Council Also Elects Dr. Crowe Health Officer.

Virginia, Minn., April 15.—(Special to The Herald.)—The city council last night managed to fill two of the positions over which there has been a deadlock—assessor and health officer.

John Krogdahl was elected assessor and Dr. J. H. Crowe health officer. The council could not agree upon street commissioner, E. Lindsay getting five votes on the informal ballot and the present official the balance.

Action on the appointment of a milk inspector was deferred.

Various routine matters were disposed of.

EPISCOPALIANS MEET.

Virginia Members Choose Delegates to Duluth Convention.

Virginia, Minn., April 15.—(Special to The Herald.)—At the annual meeting of St. Helen's Episcopal church Reese was elected senior warden, J. E. Howe junior warden, and G. C. Maudsley, Albert Stevens, F. W. Lusk and W. B. Bennett, vestrymen. Delegates chosen to the diocesan convention to be held at Duluth soon were J. E. Howe and Prof. George C. Jensen, with U. G. Holoway and Reese Reese as alternates. The total receipts of the church outside the improvement fund for the year were $1,649.06, while the total disbursements were $1,600.87, leaving a balance on hand March 1 of $48.19, which with the annual Easter offering is swelled to $235. The receipts in the building and furnace improvement fund for the year were $1,519.45, with disbursements of $1,518.79. To the support of the church the ladies' guild contributed during the year $771.03. Of this amount $110.29 was realised at an afternoon luncheon, $120.62 from a sale of fancy articles, $177.36 from a supper and from the sale of fruit labels $67.20. It was voted to raise the salary of Rev. Hans J. Wolner, rector, $100 a year.

MOOSE AT HIBBING.

Many Going There to Attend the Institution of New Lodge.

Virginia, Minn., April 15.—(Special to The Herald.)—The local lodge of Moose initiated twenty new members last night, among them being Peter Cosgrove of Gilbert, candidate for county commissioner. The installation of officers was postponed until a later date.

There will be a great gathering of range Moose at Hibbing tonight when a new lodge of the order is instituted. It is expected that about seventy-five local members will go to Hibbing for the event.

YEOMEN HAVE AURORA HOMESTEAD.

Aurora, Minn., April 15.—(Special to The Herald.)—The Brotherhood of American Yeomen instituted a homestead of about forty members here Monday night. The degree team from Two Harbors did the work in a very excellent manner. After the institution of the homestead a grand ball was given which was attended by more than fifty couples.

Hibbing Saloon Orders Closed.

Hibbing, Minn., April 15.—(Special to The Herald.)—The saloon license of Mario Sognalla was revoked by the village council last night and the owner instructed to close his place at once. Evidence was presented regarding violations of the ordinances and there was no appearance on the part of the defense the revocation was quickly acted upon.

MEN, When in Chicago Come and See For Yourself

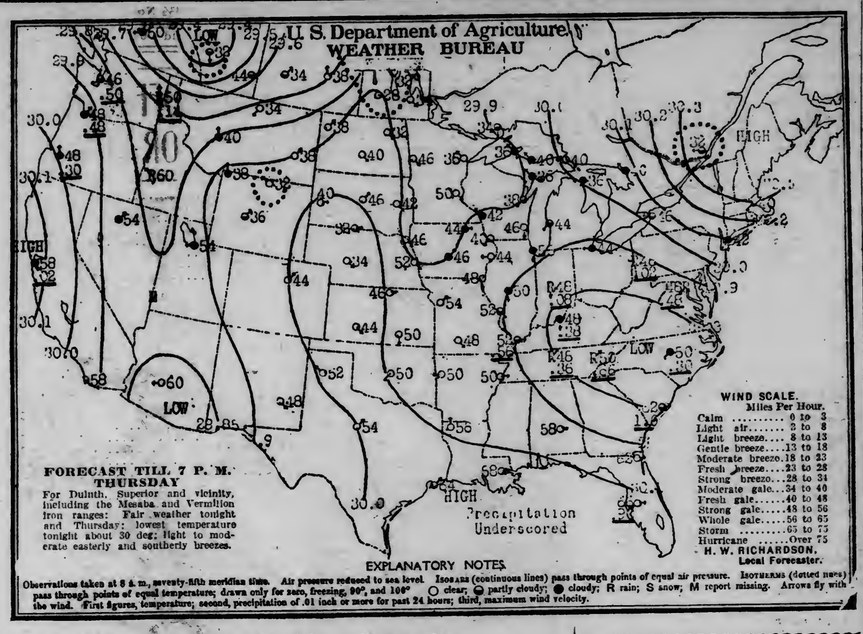

The Dr. Lorenz Electro Body Battery is the greatest self-cure for weakness and debility the world has ever known. No drugs, no medicine, no dieting, no unusual demands of any sort, just cease all dissipation and this invention will do the work. It sends a stream of vital life into your nerves, organs and blood during the time you are asleep. For the treatment of rheumatism, weak back, nervousness, stomach, liver and kidney disorders, varicocele, and losses, it is incomparable. Dr. Lorenz Dry Cell Storage Battery is a high-grade battery, requires no charging with vinegar or acids, is 800 per cent greater applied, gives 400 per cent greater service, and is sold at a low price without added cost for fancy books.

A Booklet with full particulars and factory prices by mail FREE; sealed.

H. M. LORENZ ELECTRIC WORKS
2240 Lincoln Ave., Chicago, Ill.

OFFICIAL MAP OF THE WEATHER

FORECAST TILL 7 P. M. THURSDAY

For Duluth, Superior and vicinity, including the Mesaba and Vermilion Iron ranges: Fair weather tonight and Thursday; lowest temperature tonight about 30 deg; light to moderate easterly and southerly breezes.

Observations taken at 8 a. m., seventy-fifth meridian time. Air pressure reduced to sea level. Isobars (continuous lines) pass through points of equal air pressure. Isotherms (dotted lines) pass through points of equal temperature; drawn only for zero, freezing, 90°, and 100° ○ clear; ◒ partly cloudy; ● cloudy; R rain; S snow; M report missing. Arrows fly with the wind. First figures, temperature; second, precipitation of .01 inch or more for past 24 hours; third, maximum wind velocity.

FAIR

The weather man is evidently trying to square himself for the gloomy weather of a recent stretch, for he is offering Duluthians weather over which nobody can kick. This morning could scarcely be improved upon and the rest of the day seems to be following suit. And Mr. Richardson says that the weather will be fair tonight and tomorrow with reasonable temperatures and light winds.

The weather was fair and warm a year ago today. The sun rose this morning at 5:30 and will set this evening at 6:56, giving thirteen hours and thirty-six minutes of sunshine, three minutes more than yesterday. A week from tomorrow the fourteen-hour day will be reached.

Mr. Richardson makes the following comment on weather conditions:

"Disturbances centered over North Carolina and Alberta respectively, caused light to heavy rains over the Ohio valley and Atlantic and Pacific states during Tuesday or last night. Temperatures continue moderate in all districts.

General Forecasts.

Chicago, April 15.—Forecasts for the twenty-four hours ending at 7 p. m. Thursday:

Wisconsin—Generally fair tonight and Thursday; moderate temperature.

Minnesota and Iowa—Fair tonight and Thursday; moderate temperature

North Dakota—Fair tonight and probably Thursday; moderate temperature.

South Dakota—Fair tonight and Thursday; moderate temperature.

Montana—Generally fair in east, unsettled weather in west portion tonight and Thursday with showers tonight; cooler Thursday.

Lower Michigan—Cloudy tonight; Thursday fair.

Upper Michigan—Generally fair tonight and Thursday.

Temperatures.

DANDENEAU DENIES KIDNAPING CHARGE

Virginian Pleads Not Guilty to Stealing Gilbert Child.

Virginia, Minn., April 15.—(Special to The Herald.)—Frank Dandeneau, the local sawmill worker, indicted for kidnaping the 4-year-old daughter of Mr. Johnson of Gilbert, was arraigned in district court yesterday afternoon and pleaded not guilty to the charge. Judge Hughes fixed his bail at $5,000 which, of course, he was unable to furnish and he was remanded.

Mike Novich pleaded not guilty to grand larceny in the second degree. Henry Helmuth of Chisholm will plead this afternoon to second degree grand larceny. It is expected he will plead guilty. Peter Galovich pleaded not guilty to wife desertion.

The trial of Peter Biondi of Eveleth of the charge of assault with a deadly weapon is still on. Assistant County Attorney Mason Forbes is conducting the prosecution in the place of James P. Boyle who is looking after the state's interests before the grand jury which resumed its session today. The burden of Biondi's plea is that he acted in self defense.

ROW OVER 15 CENTS.

Charles Looksa of Nashwauk Mulcted Sum of $60 for Fighting.

Nashwauk, Minn., April 15.—(Special to The Herald.)—Charles Looksa was fined $60 and costs by Justice of the Peace Oscar Johnston for fighting with Edward Rokala over 15 cents which he gave the latter to buy a lunch for them following some drinking. It is said Looksa pulled a knife. He pleaded guilty when arraigned by Policeman Blanchini, who arrested him, before the judge. He was given the alternative of paying the fine, or going to jail for sixty days and chose the former.

BURIED AT ISHPEMING.

Last Rites Held for Late Virginia Mining Man.

Ishpeming, Mich., April 15.—(Special to The Herald.)—The funeral of Capt. Joseph Shimmen, who died in Virginia, Minn., was held here this afternoon from the home of William Shimmen on South Pine street. Burial was beside his wife in Ishpeming cemetery. The body arrived yesterday morning. Capt. Shimmen was 59, and since leaving Ishpeming had been employed as captain of the McKinley mine at Virginia. He worked at the Salisbury mine here, and for a time worked at Humboldt.

COHASSET MAN IS OUT FOR SHERIFF.

Grand Rapids, Minn., April 15.—(Special to The Herald.)—Two filings for office were made with County Auditor Spang yesterday. A. M. Peterson, a Coleraine lawyer, filed for member of the legislature from Itasca county, and Mike Stapleton, Cohasset, village marshal, filed for sheriff. Mr. Peterson is the first filing for the legislature from this portion of the Fifty-second district, which, as far as members of the legislature, comprises only Itasca county. It is likely that there will be a Grand Rapids man in the field for this position. Mr. Stapleton will oppose Charles Gunderson, a deputy under Sheriff Riley, who filed when Riley announced that he would not be a candidate some time ago.

GRAND RAPIDS ALSO HAS SCARLET FEVER.

Grand Rapids, Minn., April 15.—(Special to The Herald.)—The home of A. Probst, a mile south of town was quarantined yesterday for scarlet fever, this being the third case discovered in Grand Rapids this spring. The others were at the Jess Oles place, south of the river, and at the C. A. Carlson home, Miss Ester Carlson, who was the victim, being now on the way to recovery. At the Oles home, it is reported that another little boy was this week taken ill with the disease. August Probst, whose home was quarantined, is seriously ill in St. Benedict's hospital with pneumonia.

HIBBING'S MAYOR FEELS ALL RIGHT.

Hibbing, Minn., April 15.—(Special to The Herald.)—Mayor Victor Power, who has been absent some time on account of ill health, has returned from Minneapolis, Chicago and Battle Creek, Mich., very much improved in health. There were some alarming reports printed about his being ill in Chicago, but these appear to have been greatly exaggerated, as he says the rest he secured at Battle Creek proved all he needed and he returns feeling fit for public and private business.

EVELETH MILITIA SHOOTING SCORES.

Eveleth, Minn., April 15.—(Special to The Herald.)—Members of Company F, Third Battalion, M. N. G., who have already tried for the prize offered for high score on the indoor range have made following scores out of a possible 150:

Capt. J. C. Hartness, 140; First Lieut. C. U. Jenkins, 138; Paul Cartwright, 134; Ray Westaway, 132; Anthony Pryor, 129; Corporal William Wargstrom, 126; L. A. Morrison, 126; Corporal E. F. Postel, 124; Lawrence Maydich, 124; Cy Emery, 122; M. Levant, 121; Dennis Masucci, 118; Ed J. Greenfield, 111; G. A. Perham, 110; E. E. Dennis, 107; Ed Walstrom, 102; Peter Walstrom, 99; Tony Craker, 77; Louis Cloon, 77.

Hibbing Lecture.

Hibbing, Minn., April 15.—(Special to The Herald.)—Every indication points to an exceptionally large attendance at the lecture to be given this evening by Father A. B. C. Dunn of Eau Claire, Wis., who is to speak on "The Average Man" at the Armory, under the auspices of the local Knights of Columbus. Admission is free and a cordial invitation is extended to all.

Postpone Club Meeting.

Hibbing, Minn., April 15.—(Special to The Herald.)—The Commercial club meeting that was scheduled for this evening and postponed because of the lecture in the Armory, will be held next Wednesday.

Hibbing Police Motorcycle.

Hibbing, Minn., April 15.—(Special to The Herald.)—The new motorcycle purchased by the council for the use of the police department has arrived, and was put in service today. The machine is to be used mainly for timing the speeders and will also answer hurry-up calls in co-operation with the patrol wagon. Patrolman Frank Haben has been selected to ride the machine and handle the automobile cases.

Biwabik Will Get Trolley.

Virginia, Minn., April 15.—(Special to The Herald.)—It seems to be generally expected that the Mesaba Electric Railway line will extend its trolley line from Virginia to Biwabik, about eighteen miles this year. The report cannot be verified here but is generally accepted as true.

Horses for Sale.

The fourth consignment in one month of draft and express horses, farm mares and drivers; guaranteed; terms. Carlton Horse market, Carlton, Minn., twenty-one miles west of Duluth.

BATH IN HOT WAX RHEUMATISM "CURE"

French Doctor Also Uses It for Gout, Sciatica and Like Ills.

Paris, April 15.—A paraffine wax bath heated to 123 deg. Fahrenheit is a new treatment for rheumatism, sciatica, gout and kindred ailments, as described by Dr. Barthe de Sandfort at the academy of medicine last night.

The physician, finding that superheated wax applied to wounds, burns and ulcers removed all pain and caused them to heal rapidly, was led to believe that it might be advantageously applied to the whole body. A number of patients suffering from various ailments were then put through the treatment, with results that exceeded the physician's expectations.

ASK $12,000,000 FOR MISSISSIPPI RIVER

Commissioners Begin Annual Tour of Inspection of Stream.

St. Louis, Mo., April 15.—The Mississippi river commission which met here yesterday agreed to recommend that congress appropriate $12,000,000 for the improvement of the river next year. The meeting was held on board the steamer Mississippi, and last night the commission departed for New Orleans on its semi-annual tour of inspection.

Plans were discussed for the improvement of banks and levees between St. Louis and New Orleans and also between St. Louis and Rock Island, Ill., which stretch of the river recently was added to the jurisdiction of the commission.

CROW WING FILINGS.

Several Candidates Have Already Got Into Game.

Brainerd, Minn., April 15.—(Special to The Herald.)—There have filed for office in Crow Wing county to date George H. Gardner for the senate from the Fifty-third senatorial district and A. M. Opsahl of Brainerd, city treasurer, and who in former years was a member of the Brainerd city council.

For representative of Crow Wing county Edward R. Syverson of Ironton has filed; also G. F. Edquist, a former county commissioner of Nokay Lake, and W. A. Fleming, a former representative, and who has also served as county attorney.

For sheriff there is one filing, that of Claus A. Theorin, who for seven years past has been a deputy sheriff, first for two years under Ole P. Erickson and then under the present incumbent, Sheriff Fred J. Reid. Mr. Reid has announced that he will not be a candidate to succeed himself.

For county attorney there are two filings, the present incumbent, G. S. Swanson, and his contestant, S. F. Alderman, former state senator, who has also served as county attorney and clerk of the district court.

County Auditor J. F. Smart has announced that he will not be a candidate to succeed himself. Charles W. Mahlum, who made the run for county auditor last term, has filed for the office.

Mrs. Irma Camp Hartley has filed for county superintendent of schools to succeed herself.

The Socialists expect to put candidates in the field shortly after their referendum vote is completed.

SHERIFF UNDER FIRE.

Charges Against Ontonagon County Official Being Probed.

Ontonagon, Mich., April 15.—The hearing of the charges of brutality to a prisoner made against Sheriff Paul Francis of Ontonagon county is being held here by Herman A. Weidler, court commissioner of Houghton county, appointed by Governor Ferris to take the testimony.

The charges were made by T. A. Green, manager of the Greenwood lumber company, and Andrew Anderson, president of the village of Ontonagon. Nominally they are directed against Under Sheriff Charles O'Rourke and Deputy Sheriff A. T. O'Rourke and M. Cane, marshal of Ontonagon, also a deputy sheriff.

The charges state that Erick Krause, a prisoner in the Ontonagon county jail, attempted to escape July 18 and that the three officers recaptured him and gave him a brutal beating.

Under Sheriff O'Rourke expresses no fear of the outcome of the hearing. He is confident that he can make such a showing before the commissioner as will convince the governor the charges should not be sustained.

Organize Auto Club.

Beach, N. D., April 15.—(Special to The Herald.)—The Golden Valley Auto club, the main purpose of which will be road improvement, was organized at a meeting held in this city. A membership of 100, representative of all sections of the county, is anticipated. Local clubs will be organized in each city and town in the county.

THE LANPHER HAT

A WOMAN'S HEALTH

Every woman's health is peculiarly dependent upon the condition of her blood. How many women suffer with headache, pain in the back, poor appetite, weak digestion, a constant feeling of weariness, palpitation of the heart, shortness of breath, pallor and nervousness? If you have any of these symptoms, do not despair of getting better but begin now, today, to build up your blood with Dr. Williams' Pink Pills. See how the nervous energy of the body is restored as the blood becomes pure and red and the entire system is strengthened to meet every demand upon it.

Dr. Williams' Pink Pills are useful for all women but they are particularly valuable to girls of school age who show symptoms of going into a decline, who become pale, nervous and languid. These pills aid in securing perfect development and health by strengthening the system and purifying and building up the blood. Thin blood during the growing years of a girl's life usually means a flat-chested and hollow-cheeked womanhood. There can be neither health nor beauty without red blood which gives brightness to the eyes and color to cheeks and lips.

Write now to the Dr. Williams Medicine Co., Schenectady, N. Y., for two helpful booklets, "Plain Talks to Women" and "Building Up the Blood."

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Agent, Wirth's drug store, 13 West Superior street.

SPORTS

The Herald Sporting Gossip Is Reliable

LIVE SPORTING GOSSIP

By BRUCE

IT has been customary at the ushering in of baseball for mayors and fat aldermen to make speeches. It has also become more or less the custom for sporting writers to write essays with the start of the gay and festive pastime. After reading some of the lurid list of books prescribed for the unregenerated by Dr. Eliot, we have come to the painful conclusion that there have been enough essays written for all time. Nix with the essays.

Let us say this much, however.

That baseball stimulates digestion and the office boy. It stimulates the digestion of the tired business man and stimulates the office boy to invent casualties for distant relatives, always giving grandmamma the call.

It also stimulates the barber to talk about something other than the weather, and for this fact even those only remotely interested in the game and not owning safety razors, should be devoutly thankful.

Baseball also stimulates the growth of the peanut industry, and were it not for the great national game it is likely that peanuts, like the buffalo, would become extinct.

Baseball also induces some men who have been in the habit of riding in patrol wagons to ride in hacks at the opening parade. Thus it will be seen that it is not altogether lacking in the approach to culture.

The great national game makes patriots, lunatics and newspaper readers. Most of us believe that the United States can defeat the world at the game we have made particularly our own, and would fight in defense of this theory. There are some people in the insane asylums asking eagerly of the guards for the score, but every game has its drawbacks.

Henry Ford is justly credited with being one of the most illustrious advocates of the gleeful participation in the profit-sharing plan, but baseball must be credited with being also the bright eyed little instituter of the participating in happy sentiment idea.

The president of the large and stern corporation will become friendly with the office boy and weary clerk during the baseball season, and score time brings a distinct community feeling throughout our largest and most prosperous plants of various sorts.

Baseball has proved a boon to throat specialists and has stimulated the manufacture of red pop. It is a many-sided institution and its ramifications are many.

Large business men and politicians are made to see daily during the heat and turmoil of the summer, how small is the fame that they imagined was theirs, and wars and pestilence and the president and the high cost of living and the income tax and supper every evening and other things are forgotten in the stress and press of the baseball thing.

Gents, the season is open, nominate your choice.

* * *

The Contest De Luxe.

WITH the encroachment of summer sports the followers of the winter sport amusement are slowly giving away to the advent of baseball. There is one clash that followers of wrestling over the country would like to see ere the spring flares full upon us, and that is the meeting between Jess Westergaard of Des Moines and the large and alert Charles Cutler of Chicago.

The retirement of Gotch has left us with the problem of choosing the greatest American. The choice falls between Cutler and Westergaard, there can be little dispute to that statement.

Never in the history of his career did Cutler exhibit the form of the present season. The same is true of Westergaard. Therefore a meeting between the two giants of the American mat would be filled with interest.

Yesterday Oscar Thorson, the genial mentor of large Jess, sent this column a letter, in which he stated that three cities were after the contest—Chicago, Omaha and Kansas City.

"Jess is willing to meet any man in the world," writes Thorson. "He is the best of them all. For the last two weeks he has been on the road, regaining the splendid condition that he was in before the injury in the Zbyszko contest. Cutler has about recovered from the effects of the illness that was not as serious as first reported, so that the chances appear bright that we will meet this season and settle once for all the question of who is the best of all the American wrestlers."

* * *

The Kindly Cornelius.

ON this world of darkness the shining deeds of kindness of Connie Mack stand forth and give three cheers and a tiger for the soft answer and the cheerful giver.

Maybe you have noticed that none of the players of the Athletics have even talked of jumping to the Federal league. Some of the officials of the Federal declare that it was furthest from their thought to entice any of the stars of the world's champions—maybe so and maybe not.

The all potent fact in the argument for kindness and charity and the sweetly smiling and cherubic countenance, is that it is hardly possible that any of the Athletics would have considered leaving the ranks of the club.

Cornelius McGillicuddy is the most thoughtful manager in all of the leagues. He thinks constantly of his players. Their cares are his cares, likewise their joys are his joys. He rules firmly but lovingly, wisely and well, and his methods are upon so intimate and loving terms with old Mr. Success that some of the other managers of baseball players have been set to thinking—that is, understand, those managers capable of thinking. It is a great and grand habit—thinking. Some of our most successful men advocate it and practice it.

* * *

Watch the Ladies Labor.

JAMES LARABEE COFFROTH is one of the most successful and also one of the most optimistic promoters of boxing in the United States. He has been called "Sunshine," so radiant are his ways. But James foresees dark and malign forces preparing to attack the boxing game upon the Pacific coast.

The ladies—yes the ladies. They can vote in the golden state of California, and in the vote of the dear ladies the lover of the boxing game sees a lurking danger. One of the plans considered to avert the aforementioned danger, is to go before the legislature and ask for a boxing commission, patterned somewhat after the boxing commissions of New York and Wisconsin.

If boxing is prohibited in California, the game will be about through in this country—for the ten-round bout will never be recognized as the route to decide a championship title.

* * *

Like the Poor Prophet.

ONCE there was a promising young prophet, filled with rare visions, but very little food. He made several big league prophecies and the home folks fell upon him and chased him from the confines of the village.

Moving, because they assisted him, he sought and found more congenial haunts. After a while his nerve returned and he made another prophecy, and lo and behold the people fell upon his but recently healed neck and called him a real smart gink, adorning him with incense and myrrh and staking him to a feed.

Thus it was and is—the prophet or the home guy is without honor in his own home town.

Willie Ritchie is considered a weak champion in San Francisco, his own town, and Harlem Tommy Murphy is considered a hasbeen by the people of New York and one of the best lightweights in the game by the fans of San Francisco.

Another little thing—the bugs of New York believe Ritchie one of the greatest lightweights of all time.

BOWLING SCORES

The regular weekly schedule of the Major Bowling league teams was played last evening on the Grand alleys in the Oak Hall block. Some very good games were played and some very creditable scores hung up. In the Second game against the Big Duluths, Otterson of the Columbias hung up the high score of 215.

The scores in detail:

Stars Enter Field.

A baseball team has been formed among the employes of the Union depot, which will be called the Union Depot All-Stars.

The members would like to meet any of the amateur teams in the city.

Games can be arranged by calling Capt. Akerstrom at Lincoln 77-D.

The line-up is as follows: Catcher, McMartin; pitcher, Ackerstrom; first base, Ritchie; second base, Krause; third base, Padden; shortstop, Wagner; left field, Herring; center field, "Rube" Anderson; right field, Osborne.

Ide Silver Collars

WILLIAMSON & MENDENHALL, Duluth

INVADER IS AFTER THE LOCAL FIGHTERS

DAVE BATTLESTONE.

Battlestone has, according to his statements, fought some of the best little men in the ring. He is at the Head of the Lakes with the idea of meeting some of the boys of this section of the country, and declares that he will meet any man that the promoters will secure for him, from 126 to 130 pounds. The newcomer would like to get a crack at Jack Doyle.

SPORT BOOSTER LEAVES DULUTH

S. H. Marshall, connected with the Auditorium for a number of years, and one of the most ardent sportsmen of the city, has severed his connection with his business here and will leave today for Chicago, where he will engage in business.

Having charge of the rolling skating department, as well as the business department of the Auditorium, Marshall took a lively interest in amateur roller hockey, basket ball and roller skating races. While he was in charge the Auditorium was the center of certain forms of amateur as well as professional sport. Mr. Marshall will leave Duluth with the best wishes of his many friends.

Good Shooting By Amateur.

Oklahoma City, Okla., April 15.—Thomas A. Marshall, amateur of Keithsburg, Ill., was high gun in the first day's shooting of the Interstate association's second annual Southwestern handicap tournament yesterday. Marshall broke 149 targets out of a possible 150. C. G. Spencer, St. Louis and W. R. Crosby, O'Fallon, Ill., each with 146, tied for first among the professionals.

LEAGUE ORGANIZERS WILL MEET TODAY.

The first meeting of the organization committee of the Duluth Amateur National League Baseball association will be held late this afternoon at the Kelley Hardware company's store.

All members of the committee are requested to be on hand at 4 o'clock sharp, as there are some very important matters to come up.

As the burden of organizing the local branch of the national amateur league falls on the shoulders of the committee members, and as it is furthermore imperative that the machinery of the league be set in motion at an early date, it is desired that there be a full attendance of the members.

Released to Millers.

Kansas City, Mo., April 15.—Leo Murphy, catcher, and Roy Baxter, outfielder, were released today by Manager Armour of the local American association club to the Minneapolis club of the same league. Murphy and Baxter played in the Northern league last season.

WRESTLING TOURNAMENT WILL BE HELD AT Y. M. C. A.

Crack Amateur Grapplers From Northeastern Minnesota Will Compete With Duluth Boys for Mat Honors.

It was announced yesterday that the annual wrestling tournament of the Y. M. C. A. will be held at the association gymnasium on the evening of April 28.

Physical Instructor Olson states that efforts are under way to make the tournament larger than ever before. With that idea in view amateur wrestlers from all parts of Northeastern Minnesota have been invited to compete. It is expected that there will be about forty of the best amateur wrestlers in the state on hand to wrestle for the championships of the various classses.

As the wrestling class of the Y. M. C. A. is the largest this season of any year in the history of the association, and, furthermore, as Physical Instructor Olson has also received the assurance that there will be a large number of wrestlers from outside Duluth on hand to take part in the tournament, the show this year promises to excell all of the previous tournaments held under the auspices of the Y. M. C. A.

Duluth boasts some of the best amateur wrestlers of any city of its size in the country. Out at the street car barns several wrestling tournaments have been held during the season and some husky grapplers have been developed. As any amateur in the city is eligible to entry to the tournament, this will permit the cracks of the street car company to compete against the best of Duluth and the outside community.

The Y. M. C. A. will be represented by a heavyweight who ranks with the best in the Northwest. This lad has had the advantage of working out daily during the winter with some of the best professionals who have visited here, and it is expected that he will make a great showing in the heavyweight division.

Outside Talent Coming.

Letters have been sent out to Cloquet, Proctor, all of the cities of the ranges and to practically all of the towns of the northern part of the state.

Among the local athletic organizations that are expected to have representatives entered in the tournament, are the Adams Athletic club, the French club, the Street Car Athletic association, the Lakeside club and the New Duluth club.

The show will be held in the big gymnasium of the association, the mat being placed in the center of the floor space in order that all of the spectators can command an excellent view of the contests.

GAME ASSOCIATION WILL BE REORGANIZED

There will be a meeting of the members of the Northeastern Minnesota Game and Fish Protective association at the Commercial club, a week from this evening.

At that time the association will be reorganized according to the statement made yesterday by a number of the members.

There are some funds left in the treasury of the association, and with a large list of members on the books the enthusiastic boosters believe that the association will become a most potent influence in behalf of game and fish protection.

At the meeting of a week from tonight there will be some important matters to come up for consideration. There will be several speakers and some important information relating to the proposed work of the association, will be laid before the members.

Present members of the association are requested to attend the meeting, and others interested in the protection of game and fish are also cordially invited to come.

NATIONAL LEAGUE

M'GEE STARS FOR PHILLIES

Captain of National Runner-Up Team Slaughters the Giants.

Cardinals Beat Pirates, Cubs Lose to Reds, Dodgers Trounce Braves.

Philadelphia, April 15.—Philadelphia won from New York in the opening game of the National league season here yesterday, 10 to 1. In four trips to the plate Capt. McGee secured a pass on balls, two home runs into the left field bleachers and a single, his hits driving in six runs.

New York took the lead in the third inning on passes to Meyers and Burns, Marquard's sacrifice and Cravath's muff of Fletcher's fly. Magee's home run with Byrne on second base in the fourth inning, gave Philadelphia the lead and the home team had a walkaway after that. Marquard was succeeded by Fromme in the seventh, a total of twelve hits and ten runs being made off the Rube.

Alexander pitched fine ball and was accorded good support. Byrne and Herbert Murphy, who succeeded Knabe and Doolan, former Philadelphia stars, in the infield, gave a fine exhibition of fielding and the former also made three hits, one of them being a double.

A good sized crowd turned out. There was a band concert and Mayor Blankenburg threw out the first ball.

Score:			R.	H.	E.
New York	.001000000		1	6	0
Philadelphia	.00020440x		10	13	2

Batteries—Marquard, Fromme and Meyers; Alexander and Killifer. Umpires—Eason and Quigley.

St. Louis, 2; Pittsburg, 1.

St. Louis, Mo., April 15.—Players traded to the St. Louis team during the winter by Pittsburg played a prominent part in the defeat of the latter team here yesterday afternoon, 2 to 1, in the opening game of the season. It was "Chief" Wilson's single in the ninth inning, after two men were out, that sent Art Butler across the plate with the winning run for the local contingent. In the first inning Jack Miller, also with Pittsburg last year, doubled, scoring Butler from second base.

Wonderful fielding both in the in and outfields held the visiting players to one lone run. Recruit Cruise in left field was the star, getting seven putouts to his credit, three of which were sensational running catches over his head. Butler at shortstop, figured in several snappy plays.

The usual opening day ceremonies started the contest, which held the spectators' interest from start to finish. Probably a few more than 5,000 attended the game. Score:

		R.	H.	E.
Pittsburg	.010000000	1	5	1
St. Louis	.100000001	2	6	2

Batteries—Adams and Gibson; Griner and Wingo. Umpires—Rigler and Emslie.

Brooklyn, 8; Boston, 2.

Brooklyn, N. Y., April 15.—The National league season was opened here yesterday with a hurrah, Governor John K. Tener of Pennsylvania, president of the organization, throwing out the first ball, Brooklyn beating Boston 8 to 2. Reulbach pitched brilliant ball during the seven innings he occupied the box, being taken out when the game appeared safe. Boston's two runs were the result of a scratch hit by Deal, a single by Whaling and Crutcher's double. Brooklyn's runs were scored while Tyler was in the box. Crutcher relieved Tyler and held the Brooklyns hitless. Score:

		R.	H.	E.
Boston	.000000200	2	9	4
Brooklyn	.02114000x	8	11	1

Batteries — Tyler, Crutcher and Whaling, Coudy; Reulbach, Pfeffer and Miller. Umpires—Klem and Hart.

Cincinnati, 10; Chicago, 1.

Cincinnati, Ohio, April 15.—The Chicago team met defeat here yesterday in the opening game of the season after playing for two hours and eight minutes in a drizzling rain. The score was 10 to 1. The rain which began shortly before the time advertised for the starting of the game, not only kept down the attendance, but caused Cheney to lose control. He allowed eight bases on balls, made four wild pitches and hit two men besides having two runs registered off him. Benton, on the other hand appeared to like the wet going and held the visitors to two hits. Governor Cox of Ohio was the guest of honor at the game. Menager O'Day of the visitors, who was formerly leader of the Cincinnati team, was remembered by friends in the form of a huge floral offering which was presented to him. Chicago prevented a shutout in the ninth inning when they worked Benton for three bases on balls in succession with only one out. Zimmerman followed with a sacrifice fly. Score:

		R.	H.	E.
Chicago	.000000001	1	2	1
Cincinnati	.00020332x	10	6	0

Batteries—Cheney, Koestner and Archer; Benton and Clark. Umpires—Orth and Byrne.

THE PEERLESS LEADER GOPS OPENING GAME

FRANK CHANCE.

AMERICAN ASSN.

TWO SHUTS-OUTS IN ASSOCIATION

Milwaukee Stingy With Saints and Indians Blank Former Mudhens.

Milwaukee, Wis., April 14.—Timely hitting gave the American association champions a victory over St. Paul in the opening game of the season yesterday by a score of 4 to 0. Cy Young II, twirling for the home club, pitched a fine game while his support was without a flaw. Karger, on the other hand, was hit when hits were needed. Milwaukee scored in the first when Jones went to second on Johnson's bad throw, advanced to third on Beall's out and scored on Lewis' single. In the sixth, with two out and two on, Felch tripled to the center field bleachers, scoring both runners. Beall's home run to the pennant pole gave the champions their fourth and last run. The fielding for the home infield featured the game.

Score:		R.	H.	E.
Milwaukee	.01000201x	4	7	0
St. Paul	.00000000	0	6	1

Batteries—Young and Hughes; Karger and James. Umpires—O'Brien and Westervelt.

Kaws, 6; Millers, 3.

Kansas City, Mo., April 15.—With President Chivington a spectator, Kansas City celebrated the opening of the American association pennant race by defeating Minneapolis 6 to 3. The locals got away in front. In the second inning Wortman was safe on Williams' high throw, stole second and scored on Pfeffer's single. The visitors evened the score in the fourth, Altizer walked. Williams hit to Allison and Pfeffer dropped the throw to second, Altizer reaching third, Rossman's single scored Altizer. In the fifth Mattick doubled, took third on Compton's sacrifice and scored on Titus' single. Kansas City added three more in the sixth, on a walk, Rath's single, Mattick's single, an infield out, a stolen base and Brief's single. In the eighth Mattick singled, reached third on Clymer's error and scored when the outfielder's throw went through

By Your Lathe

You need skill of hand, a keen eye and steady nerves, and when you get a crackerjack chew or smoke you know how it helps all three. Nothing like tucking good old PEERLESS into your pipe, or taking a man's size chew, to hold you steady and put gimp into the job.

PEERLESS

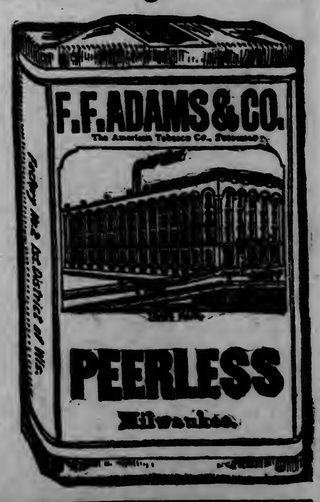

Long Cut Tobacco

is a substantial, satisfying, rich tobacco—made for *real* men who like the *honest* taste of *real* tobacco.

Manly men cannot get satisfaction out of insipid mixtures, any more than they can make a meal off of marshmallows. You go to PEERLESS to *satisfy* your *tobacco hunger*, just as you go to a beef-steak to satisfy stomach hunger.

We make PEERLESS out of *pure Southern Kentucky leaf*. We age it *three to five years*—so as to make it rich, ripe and mellow—naturally sweet, juicy and pleasing. It's got the *snap* and *taste* to it.

For over fifty years the big, two-fisted men that have "built the country" have used PEERLESS, because it is the *one* tobacco that *always* satisfies them. *You* try PEERLESS for a *week*, and you'll always *keep it* on the job. Sold everywhere in 5c packages.

Other sizes, 10c, 20c and 40c Packages, and 45c Tin Pails.

THE AMERICAN TOBACCO COMPANY

Whelan. The visitors scored twice in the ninth. Rossman doubled and scored on Hunter's single. Whelan forced Hunter. Whelan stole second and scored on Mogridge's two-base hit.

Score: R. H. E.
Minneapolis ....0 0 0 1 0 0 0 0 2—3 5 4
Kansas City ...0 1 0 0 1 3 0 1 x—6 11 4

Batteries — Lake, Mogridge and Smith; Allison and Moore. Umpires—Owens and Connolly.

Indianapolis, 4; Cleveland, 0.

Indianapolis, Ind., April 15.—With Joe Willis allowing Cleveland only two hits, it was comparatively easy for Indianapolis to win its first American association game 4 to 0 here yesterday. It was a pitchers' duel for seven innings, but in the eighth, Indianapolis found George for five consecutive hits, which scored three runs. First Baseman Metz drove in three of the home team's three tallies. Mayor Joseph E. Bell pitched the first ball. Score:

R. H. E.
Cleveland .....0 0 0 0 0 0 0 0 0—0 2 2
Indianapolis ...1 0 0 0 0 0 3 x—4 10 0

Batteries—George and Roth; Willis and Livingstone. Umpires—Johnstone and Irwin

FEDERAL LEAGUE

LONE FEDERAL GAME CLOSE ONE

Pitchers' Battle Between Brooklyn and Pittsburg, Former Winning.

Pittsburg, Pa., April 15.—Ideal weather, a parade, and many spectators, marked the opening of the Federal league season here yesterday. Brooklyn defeated Pittsburg in ten innings, the game being a pitchers' battle between Seaton and Knetzer. The score: R. H. E.
Brooklyn .....0 0 0 0 0 0 0 0 0 1—1 5 1
Pittsburg .....0 0 0 0 0 0 0 0 0 0—0 4 1

Batteries—Seaton and Owens; Knetzer and Berry.

LEVINSKY LOSES TO JACK DILLON

Battling's Condition Poor—Wolgast to Meet Rivers—Chip Wins Bout.

Butte, Mont., April 15.—Jack Dillon of Indianapolis was awarded the decision here last night over Battling Levinsky of New York city at the end of their twelve-round battle. Levinsky showed flashes of form only in the fifth, seventh and ninth rounds. He seemed worried early in the contest and was breathing hard at the end of the third. The men fought at catchweights.

Los Angeles, Cal., April 15.—Ad Wolgast, former lightweight champion, agreed to meet Joe Rivers here in a twenty-round bout on either May 19 or May 22. The exact date has not yet been settled.

Akron, Ohio, April 15.—George Chip, the Pittsburg claimant to the middleweight championship, last night was given the newspaper decision over George "Knockout" Brown of Chicago, after a twelve-round fight here.

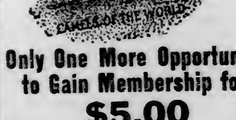

Paris, France, April 15.—George S. Mitchell, the amateur heavyweight champion of North England, was knocked out last night by the French champion, Georges Carpentier, in the first round, after 1 minute and 35 seconds of fighting. At that he managed to last 32 seconds longer against the Frenchman than did Bombardier Wells in his bout with Carpentier at the National Sporting club in London, a few months ago.

W.-I. Still Mixed.

Green Bay, Wis., April 15.—F. R. Weeks of the Wisconsin-Illinois baseball league announced today that the Freeport franchise may revert to Wausau as a result of the failure of the Freeport fans to support the team.

Released Unconditionally.

Chicago, April 15.—Jack Mulvaney, a catcher, was released unconditionally by the Chicago Federals yesterday. Mulvaney's career had been confined to semi-professional ball in Cincinnati. He suffered from illness on the training trip.

AMERICAN LEAGUE

WIZARD WING WORKS WELL

Walter Johnson, for Senators, Shuts Out Boston Red Sox.

Ty Cobb's Timely Play Gives Tigers Victory Over Browns.

Boston, Mass., April 14.—Walter Johnson pitched shut-out ball for Washington yesterday and the Senators won the opening game of the season from Boston, 3 to 0. A big crowd enjoyed the contest with weather conditions almost perfect.

Ray Collins' pitching was effective except in the third inning. Then Washington combined three singles with a base on balls and scored all three of its runs.

Boston batsmen did not get a hit off Johnson until the sixth, when Manager Carrigan singled to center. Both teams fielded sharply. Yerkes made a difficult catch of a low liner which he got while running backward.

Mayor James M. Curley threw out the first ball to Manager Carrigan and there was the customary flag-raising march by the players across the field.

Score: R. H. E.
Washington ....0 0 3 0 0 0 0 0 0—3 7 3
Boston .....0 0 0 0 0 0 0 0 0—0 5 3

Batteries—Johnson and Ainsmith; Collins, Kelly and Carrigan. Umpires—Connolly and Dineen.

Detroit, 3; Browns, 2.

Detroit, Mich., April 15.—Bonfires were flickering through the haze in centerfield in the last half of the thirteenth inning yesterday when Ty Cobb drove a triple to the score board which counted two runs and a moment later came home with the tally which enabled Detroit to take the opening game of the season from St. Louis, 3 to 2. It was a pitchers' battle from beginning to end. Neither team scored until the final inning when good, bad and reckless baseball gave St. Louis two runs and inspired a Tiger rally which brought back memories of championship days. For twelve innings the struggle was anybody's. Each team threatened again and again to score; on more than one occasion runners were cut down at the plate. In the eleventh, Cobb risked a broken leg in an attempt to decide the struggle, in the thirteenth Agnew secured the second run for St. Louis by a reckless diving slide and was carried off the field with a spike wound in his foot.

Dubus pitched wonderful ball for twelve innings. In the thirteenth he wrenched his weak knee while fielding a bunt and gave way to Dauss. Weilman, who was effective but erratic, was replaced by James in the thirteenth with Bush and Bauman on bases. Cobb tripled, Crawford singled, Veach drove a sacrifice fly to Shotten, Cobb beat the return, and the game was over. The score:

R. H. E.
St. Louis..0 0 0 0 0 0 0 0 0 0 0 0 2—2 8 0
Detroit ..0 0 0 0 0 0 0 0 0 0 0 0 3—3 8 5

Batteries—Weilman, James and Agnew, Crossin; Dubuc, Dauss and Stanage. Umpires—O'Loughlin and Hilderbrand.

Yankees, 8; Champions, 2.

New York, April 15.—New York's major league baseball season was opened auspiciously yesterday, Frank Chance's men defeating the Athletics 8 to 2. It was the first time in years the local American leaguers had won their opening game.

The game was New York's all the way, Bush being driven from the mound after two stormy innings in which he yielded five hits, four runs and four bases on balls. Boardman, a young left-hander from Brown university, who replaced Bush, also was hit hard.

The opening day crowd was one of the largest that ever has seen an American league game in New York. Chance's men won the game in the first inning on Hartsell's double, Walsh's single, passes to Williams and Holden, the former's steal and hits by Cook and Peckinpaugh, four runs counting. McHale held the Athletics hitless for five innings and was a puzzle throughout. Score: R. H. E.
Philadelphia ...0 0 1 0 0 0 0 1 0—2 6 2
New York .....4 0 0 0 3 0 0 1 x—8 13 2

Batteries — Bush, Boardman and Schang, Lapp; McHale and Sweeney. Umpires—Evans and Egan.

White Sox, 5; Naps, 2.

Chicago, April 15.—A batting rally in the seventh inning turned defeat into victory for the Chicago Americans in the opening game of the season here yesterday with Cleveland. The score was 5 to 2. A two-base hit by Tom Daly, a recruit from Lowell, Mass., who was sent in to bat for Schreiber, drove Bodie across the plate with the winning run. Up to the sixth inning, the game was an air-tight pitching battle between Scott for Chicago and Mitchell, Cleveland's clever left hander. The Sox's attack in the seventh routed Mitchell and Blanding finished the game, another Chicago batting streak adding two more runs for good measure in the eighth on timely hits off the former University of Michigan man.

Scott pitched a great game, striking out six men. A pass to Chase started the Sox rally in the seventh. Blanding replaced Mitchell and stopped the attack. Lord's two-base hit, Chase's triple and Collins' outfield fly made two more Chicago runs in the eighth. Chappelle, the outfielder, who is out of the game with a poisoned foot, arrived yesterday from Oakland.

Score: R. H. E.
Cleveland .....0 0 0 0 0 2 0 0 0—2 5 0
Chicago .....0 0 0 0 0 0 3 2 x—5 7 1

Batteries—Mitchell, Blanding and O'Neill; Scott and Schalk. Umpires—Chill and Sheridan.

REMARKABLE TRACK PERFORMANCES IN WEST

New York, April 15.—Reports of some remarkable running performances on the part of the University of Southern California athletes were received yesterday at local A. A. U. headquarters. In a letter to Secretary James E. Sullivan, Walter Christie, the Pacific coast trainer, states that Howard P. Drew and Fred W. Kelley, between them, tied three world's records on April 7.

At a set of games held at Los Angeles to defray the expenses of the U. S. C. team to the University of Pennsylvania relay meet, Drew ran 25 yards in 5 2-5 seconds. Kelley ran 60 yards over high hurdles in 8 seconds flat. All these times equal the world's amateur records in their respective events. It is not stated whether these times were made under conditions that would admit of their being accepted by the record committee of the A. A. U. Information regarding weather, track and competitive conditions has been requested by the record committee.

Track Under Martial Law.

Tulsa, Okla., April 15.—Adjt.-Gen. Canton early last night ordered companies of the state militia at Chandler and Pawnee to report immediately to Tulsa to declare the race track here under martial law. The Tulsa company was ordered to assemble at the local armory.

Governor Lee Cruce declared he would take this action if betting were not stopped at the Tulsa race track.

BLIZZARD DELAYS THE BIG DOG RACE

Terrible Weather Conditions in Alaska Make Contest Hard One.

Nome, Alaska, April 15.—A terrible blizzard carrying with the wind and snow temperatures as low as 40 deg. below zero is delaying the all-Alaska sweepstakes dog race from Nome to Candle and return, a distance of 412 miles over a snow trail for $3,000, a trophy cup and the title of champion dog team of the world.

Johnson's team left Council, seventy-five miles from Nome, at 6:03 this morning. Fred Ayers' team arrived at Council at 3 a. m. and Scotty Allan's team at 6:30. Leon Zeppala's team left Timber many hours behind the leaders. Some of the teams remained ten hours at Timber.

BOB DIBBLE TO TRY FOR DIAMOND SCULLS.

Toronto, April 15.—(Special to The Herald.)—Robert Dibble, who won both the Canadian and American championships in sculling last year, will try for the Diamond sculls at Henley, England, this summer. His entry, bearing the indorsement of the Canadian Association of Amateur Oarsmen, has been mailed to the secretary of the Henley Royal regatta by the Don Rowing club, of which Dibble is a member.

In the regattas in which he rowed last summer Dibble cleaned up nearly all of the single sculling races on the programs. He won the quarter-mile dash, the association singles and the championship singles in the American national regatta at Boston, and with F. Lepper won the senior doubles championship on the same day. In the Canadian Henley at St. Kitts he was first in the senior singles and won the senior singles in the interprovincial regatta at Hamilton.

GET BUSY ON TRUST BILLS

Congressional Committees Respond to Wish of President.

Labor Unions and Farm Organizations May Be Exempted.

Washington, April 15. — President Wilson's reiterated desire for completion of the anti-trust legislative program at this session of congress spurred committees in both houses to action. The house judiciary sub-committee responded with the introduction of the omnibus bill, including trust regulation measures and provisions to meet demands of labor for restriction of injunctional powers and to insure jury trials in contempt cases.

Members of the senate sub-committee on interstate commerce agreed to submit to the full committee as soon as possible a tentative draft of a long-considered measure to supplement the Sherman law, which will differ in many respects from the house measure.

In introducing the house bill, Representative Clayton, chairman of the judiciary committee, announced that the full committee would meet Thursday to consider it, and that he hoped the measure could be reported in the near future.

Trust Law Exemptions.

Exemption of labor and agricultural organizations from the ban of the anti-trust laws is provided in the house measure in a section declaring that "nothing in the anti-trust laws shall be construed to forbid the existence and operation of fraternal, labor, consumers', agricultural or horticultural organizations, orders or associations operating under the lodge system, instituted for mutual help and not having capital stock or conducted for profit, or to forbid or restrain individual members of such orders or associations from carrying out their legitimate objects of such associations."

This provision was declared satisfactory to the labor group in the house.

Another feature of the bill eliminates practically all attempts to make further definitions of restraints of trade. The measure incorporates the plan already made public for regulation of holding companies, for prohibiting interlocking directorates and for governing price-fixing and other trade relations.

Punish Discriminations.

It would penalize commercial interests that discriminate in prices between purchasers of commodities in the same or different sections or communities, with intent to injure or destroy the business of a competitor of either the purchaser or the seller, and mine owners and operators who arbitrarily refuse to sell their product to responsible would-be purchasers or who lease or sell goods, or fix a price or rebate, on condition that the lessee or purchaser shall not use competitors' products.

TRUSTEE SUES BANK.

Declares City National Was Favored in Bankruptcy Case.

Austin Lathers, trustee in bankruptcy for J. L. Prosser, yesterday started suit in district court against the City National bank to compel that institution to pay into his hands $448.37, which is alleged to have been collected from Prosser shortly before he went into bankruptcy.

The trustee declares that the transaction gave the bank a preference over the other creditors, and asks the court to require the bank to return the money in order that it may be distributed pro rata among all of the creditors. Prosser was adjudged a bankrupt in the Federal court Feb. 25, 1914.

ASYLUM ATTENDANT NOT INMATE'S SLAYER.

Chicago, April 15.—George L. Sandusky, former attendant at the Chicago state hospital for the insane, was found not guilty of the murder of Charles Hoenicke, a former inmate. Hoenicke was found dead from bruises alleged to have been inflicted by Sandusky. Sandusky testified that the bruises had been made by another inmate.

WADE GIVES "Y" HISTORY

Duluth Secretary Speaks to Service Club in Superior.

Says Western Suburbs of Duluth Need Y. M. C. A. Branches.

The history of the Young Men's Christian association from its beginning up to the present time and an outline of the work, development and equipment of the Duluth association, were given last night by B. C. Wade, secretary of the Duluth association, at a banquet and monthly meeting of the Twin Ports Special Service club at the Superior Commercial club.

Mr. Wade's account of the association's development covered every department of activity, and he emphasized the fact that the aim of the association is character building and the prevention of evil rather than reform. After covering the history of the association in general, Mr. Wade spoke of the Duluth association. His address in part follows:

Duluth Association.

"The Duluth association was organized in 1882. In 1890 it had 800 members, a $20,000 building, a daily attendance of 125, a $5,000 budget and two secretaries.

"Since occupying the new building the membership has averaged about 2,000, daily attendance 1,550, budget $52,500 and ten secretaries. The property cost of the building was: Lot, $30,000; building, $200,000; furnishings, $26,000. A mortgage of $65,000 was placed upon the building upon completion which has now been reduced to $53,000.

"We have at present 1,711 senior and 375 boy members: total, 2,086. These members reside as follows: Lakeside, 89; Woodland, 90; central section between Twenty-fourth avenue east and Fifteenth avenue west, 1,623; West end, 201; West Duluth, 69; non-resident, Superior and elsewhere, 14.

"Their occupation is: Professional, 220; business men, 311; office men, 265; clerks and salesmen, 435; industrial, 276; students, 38; miscellaneous and not stated, 166; total, 1,711. More than 75 per cent of the boy members are students.

"The religious denominations of the senior members are: Methodists, 168; Catholics, 148; Presbyterian, 147; Lutheran, 146; Congregational, 91; Episcopal, 80; Baptist, 52 Jewish, 28; Christian Science, 19; Unitarian, 15; Christians, 12; Adventists, 2; no church relation, 803.

Department Attendance.

"The daily attendance at the main building is 1,550, at the boys' building, 125. The monthly attendance at the physical department activities is about 5,000; at the educational department, 1,500; religious, 1,500. The billiard room has a very small attendance and the bowling alley is not used at all. An average of 325 daily patronize the lunch room.

"The laundry does only association work. It is a new feature and definite results cannot yet be stated, but it is evident that it will prove a profitable investment.

"The dormitory houses an average of more than 190 men. A large block of rooms are reserved for rental at low rates to young men working their way through school or getting started in business and who have an income not exceeding $50 per month. We can accommodate eighty at $7.50 a month each or less, more than half of this number being in rooms with two beds to the room. At the period when the Duluth building was erected all such buildings contained a goodly number of large, choice rooms which command good prices and are therefore available only to men of reasonably large income. Ours is no exception and the revenues received from these large rooms help materially in financing the general work of the association. A recent careful estimate shows that 74 per cent of our dormitory occupants receive incomes not exceeding $75 a month. By occupation 71 per cent are salesmen, clerks, warehouse men, bookkeepers, office men, workers at trades, students, teachers, stenographers or religious workers.

Boys' Department WoWrk.

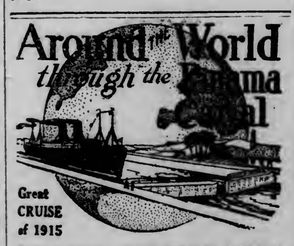

"The work of the boys' department conducted in a separate building is one of the most important and inspiring features of the Duluth association and the one with the biggest appeal to the public. The revenues from this department amount to only one-third its expenses, leaving a deficit of about $6,000 annually, which amount just about equals the sum raised by the association in subscriptions from the public.

"Extension work is carried on at twenty points including shops, factories, round houses, fire halls, business colleges, etc.

"A study of the international association year book indicates that the Duluth work on the whole is above the average for the size of the city, cost of building, etc., but Duluth is so situated physically that one building can never so adequately serve the entire city as is usual in cities of equal size. I believe there is a present urgent demand for general branches at West end and West Duluth and with the opening of the steel plant another will be required at that point. Also a central boys' building should soon replace their present rented quarters."

Claims Misrepresentation.

Fargo, N. D., April 15.—(Special to The Herald.)—T. L. Guild of the Fargo Courier-News is suing A. Y. More, former owner of the paper and national Bull Moose committeeman for North Dakota in the district court here to recover $35,000 for alleged misrepresentation when the plaintiff took over the paper.

TRAVELING REPUBLIC

Sixty-fifth Anniversary of a Peculiar Experiment in Altruism.

Government Formed By Tennesseeans Going to California Gold Fields.

Kansas City, Mo., April 15.—This date sixty-five years ago saw the departure from what is now Kansas City of one of the most grotesque and oddly formed expeditions which ever set sail upon the American plains—the Tennessee-California Traveling republic, a peculiar experiment in altruism having its origin at Memphis, Tenn. Late in January, 1848, gold was discovered near Sacramento, Cal., and the news sped to every part of the civilized world. Throughout the Eastern and Southern states thousands were fired with an almost insane desire to reach the new Eldorado; but between the farthest outpost and the Pacific coast stretched over 1,200 miles of practically uncharted, Indian-infested mountain and plain. It was to overcome these obstacles that the Traveling republic was formed.

Studying the problem of quickly reaching California, Capt. Joseph S. Watkins, a Virginian, who had served in the legislature of that state, conceived the idea of forming a complete government, with executive, judiciary, legislative and military branches, whereby all who desired to become citizens thereof, up to a certain limit, might be assured of safe passage to the fabled goldfields.

One Hundred Joined.

Announcing his plan, Watkins found little trouble in securing volunteer subjects and during December, 1848, a meeting was held at Memphis to organize a provisional government. About seventy-five volunteers from various parts of the South attended and took the oath of allegiance, each pledging himself to contribute $1,000 in cash to the treasury and to abide by the rule of the majority in every particular until the republic should be formally and legally disbanded in California. The citizenship was later increased to the full limit, 100.

An elaborate Constitution, covering every possible contingency, was drawn up and adopted. At the election which followed Capt. Watkins was elected president, the other officers being vice president, three judges, court of appeals judges, members of legislature and many minor functionaries, ranging down to sheriff and constable. The army was organized with a full quota of officers and privates.

Strictly according to law the Tennessee-California Traveling republic left Memphis on March 1, 1849, and proceeded by a specially chartered steamer up the Mississippi and Missouri rivers to the outfitting point at Independence near here. All went well during this portion of the journey. The legislature held sessions at intervals and passed such laws as seemed necessary, while the courts tried and punished any casual offenders among the ranks.

The Caravan Starts.

Arriving at the end of the steamer journey it was found that advance agents had about completed purchases of equipment and supplies and that the actual start for the goldfields might soon be made. The caravan, as outfitted, consisted of twenty wagons, each drawn by two ox-teams, together with many extra cattle and saddle horses for the president and leading officers. The store of supplies was large and expensive. Early in April all arrangements had been completed and on April 15 the Tennessee-California Traveling republic was set forth upon its voyage across the plains.

Early in its history the legislature of the Traveling republic had passed a law exempting all persons holding official positions, whether by election or appointment, from camp drudgery and guard duty. In the enthusiasm of the start, little attention was paid to this law, but before fifty miles of the plains had been traversed its practical workings became a source of irritation to the populace. Robust legislators, judges and all sorts of petty legislators insisted upon the privileges attached to their positions. They rode while others walked, rested in camp while others worked and slept while others stood guard. Murmurings were soon heard, the privileged class was openly reviled and before many days had elapsed mutiny and rebellion were rife in the Traveling republic.

Officials Upheld.

The class enjoying exemptions pointed to the Constitution and refused concessions. Acts of insubordination were promptly punished by the lower court and when cases were appealed to the supreme court, that august body upheld the right of those holding official positions to ride and rest and sleep.

Thus, that amazing aggregation drifted along for days and weeks, far up the Platte, sighting and skirting Pike's Peak and entering upon the mountain passes which led to the Great Basin. Probably nothing so ridiculous in the way of an expedition ever had existence in the United States. The humor of the thing helped to keep it alive.

Soon after passing Fort Laramie, however, affairs came to a crisis. President Watkins, although an aristocrat by birth, recognized the justness of the complaints of the common citizens and sought to have the obnoxious special-privilege law repealed. This, the legislature refused to do. The common people, thereupon, held a convention and adopted a formal ordinance of secession, thus disrupting the republic and leaving the office-holders with their offices, but minus anyone to govern.

Compromise Reached.

Following this open rupture, a compromise was reached whereby the property of the republic was apportioned among the members, or the various small groups which had been formed, and the expedition scattered, each group for itself.

The historian records that many weeks later, at beginning of winter, almost at the base of the Sierra Nevada mountains, a solitary, greasy, bearded, unwashed individual was encountered on the trail by one of the many parties pushing on to the gold fields. At first the man was thought to be a Mexican brigand, but he soon introduced himself, in courteous and cultured language, as Capt. Watkins, late president of the Tennessee-California Traveling republic. Deserted by the last of his once one hundred loyal subjects, the captain was under the necessity of asking aid of travelers along the way.

NEW HAVEN TROLLEY TRUSTEES SELECTED

Names Are Announced at Washington, Noyes Among Those Chosen.

Washington, April 15.—Judge Walter C. Noyes of New London, William M. Hyde of Hartford, Lyman B. Brainerd of New London, George E. Hill of Bridgeport and Charles Cheney of South Manchester, Conn., have been named as trustees to take over the Connecticut trolley lines owned by the New Haven railroad.

Rathbone Gardner, Theodore F. Green, John O. Ames, John P. Farnsworth and Charles C. Mumford, all of Providence, R. I., were chosen to take over the Rhode Island trolleys. Announcement was made by Attorney General McReynolds.

The announcement of the names of the trustees was accompanied by a statement of two sentences. In one the department said the men had been selected to serve "in case the suggested adjustment of the New Haven transportation problem is carried out," and in the other said, "It is believed that the trustees agreed upon will accept."

The fact that the statement referred to the carrying out of the suggested adjustment was not taken here to indicate that any disagreement had arisen between officials of the road and the department of justice. The attorney general and T. W. Gregory, his assistant in charge of the case, however, realize that the New Haven stock holders may vote not to accept the plan of dissolution, and in such a contingency only a suit under the Sherman law would be left to the government to effect the changes desired.

Officials of the department said the New Haven has complete control over both the Rhode Island and Connecticut trolley systems. They said the investment in the Connecticut lines was about $40,000,000 and in the Rhode Island about $24,000,000.

It's Great to Find Just What You Need

Blood-sick People Everywhere Welcome the Greatest Blood Purifier Known.

Come Out of the Clouds of Doubt and Let S. S. S. Fill your Blood with Health.

If you are down with any blood trouble, call it rheumatism, malaria, eczema, boils, carbuncles or any eruptive condition pin your faith to S. S. S.

It is really the most searching, the most effective, the most cleansing blood remedy known.

It has the peculiar action of soaking through the stomach and intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dissolves by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters these peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream the catarrhal, malarial germs; the bowels, kidneys, bladder and all emunctories of the body are marshalled into a fighting force to expel every vestige of eruptive disease.

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

You can get it at any drug store, but be careful not to accept a substitute. If yours is a peculiar case and you desire expert advice, write to The Swift Specific Co., 661 Swift Bldg., Atlanta, Ga.

SCOOP THE CUB REPORTER

The Gentleman Was Very Obliging

By "HOP"

NEWS OF THE NORTHWEST

ARE STANDING BY PRESIDENT

Three Brainerd Organizations Wire Executive, Upholding His Action.

Urge Minnesota's Senators to Vote to Repeal Canal Exemption Tolls.

Brainerd, Minn., April 15.—(Special to The Herald.)—Three local organizations approve the stand of President Woodrow Wilson in asking the repeal of the Panama canal tolls exemption clause.

The Brainerd Commercial club in a telegram signed by its president, Carl Zapffe and secretary, Ezra R. Smith, has sent to President Wilson this approval of the president's course: "The Brainerd Commercial club approves of your stand for the repeal of the Panama canal tolls exemption clause and hereby expresses its desire that the Minnesota senators give you their hearty support for a measure of greatest value and importance to the American people." Like telegrams were sent Senators Clapp and Nelson.

The Brainerd Booster club, through its president, Anton Mahlum and Secretary John A. Hoffbauer, sent this telegram to the president: "The Booster club of Brainerd unanimously indorses stand taken by President Wilson in urging repeal of Panama canal toll exemptions, commends Minnesota representatives who so voted and urges its senators to vote for such repeal." This message was sent to Senators Nelson and Clapp: "Booster club of Brainerd in special meeting assembled unanimously indorses the position of President Wilson on Panama canal tolls and ask you as a senator of Minnesota to support the president with your vote."

Lawyers Also Approve.

Members of the Crow Wing county bar, W. A. Fleming, W. H. Mantor, Alderman & Clark, A. D. Folk, D. A. Haggard, B. J. Broady, T. C. Blewitt, Charles A. Russell, W. H. Crowell, F. W. Wieland, Gustav Halverson and Hartley & Allbright sent this telegram to President Wilson: "The members of the Crow Wing County Bar association beg to express to you their approval of, and thanks for your efforts for the repeal of the canal free tolls law. We believe that the law conflicts with our treaty obligations, and that it is an unjust and indirect subsidy to the American boat owners and shippers at the expense of the American people who have built and must maintain the canal."

MINE GUARDS ARE NOW UNDER ARREST

Three Men Imported Into Copper Country Accused of Murder.

Houghton, Mich., April 15.—By order of Judge O'Brien, Harry L. Nellis, William Grimes and P. K. Kelly of Chicago, former Waddell-Mahon guards, who were brought here as witnesses in the Painesdale murder cases, were arrested last night charged with murder.

John Huhta, now held in jail here, and who was deposed as secretary of the Western Federation of Miners' local of South Range, in which Painesdale is located, was reported at the time of his arrest to have confessed that the murders were the result of a plot by the federation.

The charges were made against the three former mine guards, it was said, in order to hold them as witnesses against William Malven, a deposed mine guard who is charged with being accessory after the fact of the murders.

Malvin is reported to have made a confession in Chicago to Anthony Lucas, prosecuting attorney, in which he implicated Nellis, Grimes and Kelly.

Harry and Arthur Jane, brothers, and Thomas Dally, a boarding housekeeper, were killed one Sunday night last December when a number of shots were fired through the boarding house where the brothers lived from outside.

It was as a result of this shooting that the Citizens' Alliance was formed. A short time ago after the shooting, Huhta, who had been deposed as union secretary, went to Sheriff Cruse and is said to have made a confession that he was one of a number who fired the shots into the boarding house.

Members of the union asserted that the shooting had been done by imported guards in order to create a reign of terror that would insure them their jobs in the district.

ILLUMINATED WALK BETWEEN TWO TOWNS.

Mayville, N. D., April 15.—(Special to The Herald).—An electric lighted interurban sidewalk between Mayville and Portland is being planned. There is but little more than a mile between the extreme limits of the two municipalities. The intervening stretch across the Goose river and a part of it is through a beautifully wooded tract. It is proposed to construct the sidewalk by popular subscription.

KILLED RETURNING HOME FROM DANCE.

Dilworth, Minn., April 15.—The mutilated body of Gene Mulane was found in the railway yards here Tuesday by Watchman Boucher. It is supposed Mulane tried to board a westbound train to take him home to Fargo, but slipped and was run over. Boucher had seen him walking toward the freight train. He was a steamfitter working in Fargo, and had attended the machinists' union dance here. He was 26 years old and leaves a wife and one child.

MOUNTAIN, N. D., MAN FOUND DEAD

John Johnson Alleged to Have Taken Life in Grand Forks.

Grand Forks, N. D., April 15.—(Special to The Herald.)—John S. Johnson, aged 45, a well-known resident of Mountain, N. D., was found dead in a local hotel last night about eighteen hours after he is reported to have taken his life by drinking beer containing carbolic acid.

His family and business relations are said to have been all right and no cause can be assigned for his action.

BURN BRUSH NOW.

Forest Ranger Urges Clearing Land While Frost Is in Ground.

Cloquet, Minn., April 15.—(Special to The Herald.)—Percy Vibert, ranger in the Minnesota forest service announces that the service makes urgent request that homesteaders, farmers and others owning or having charge of lands, burn grass from meadows and sloughs, and all brush in condition for burning, at the present time while frost is in the ground preventing thereby the possibility of running fires. He says prompt action will very materially reduce the danger of extensive and expensive fires later in the season.

ADMITS STARTING BLAZE AT DAWSON.

Dawson, Minn., April 15.—A. G. Holton, proprietor of the restaurant where the fire broke out and explosion occurred here late on Sunday night, costing the lives of two firemen and seriously injuring other persons, is said to have confessed to a state fire marshal and other officials that he purposely set fire to the building and walked the same night to Revillo in South Dakota and has since been in hiding in various places in that state. He denied all knowledge of what brought about the explosion.

CEMETERY TANGLE.

St. Paul Man Seeks Receivership for Helena, Mont., Burying Ground.

Helena, Mont., April 14.—A receiver for Forestvale cemetery and an accounting from Henry Winters, secretary-treasurer and manager of the Helena Cemetery association, are asked in a suit begun here in district court by E. W. Williams of St. Paul. The complaint charges the corporate life of the association ceased in 1910, but that Winters has continued its affairs as a corporation, and that a board of directors selected by him has allowed affairs to be mismanaged and the assets to deteriorate in value.

ACCIDENTALLY SHOT BY COMPANION.

Little Falls, Minn., April 15.—Charles Krystosik, 18 years old, is in the hospital here hovering between life and death with eighteen perforations in his bowels, caused by the accidental discharge of a revolver in the hands of a companion. The bullet passed through the boy's body.

MEETING OF BANKERS

At St. Paul April 24 to Complete Reserve Bank Details.

St. Paul, Minn., April 15.—Bankers from every state comprising the ninth regional reserve district, will meet in St. Paul, April 24 to select directors and to agree upon other details of the new Federal bank. The district is composed of Minnesota, North Dakota, South Dakota, Montana and parts of Wisconsin and Michigan.

This was decided upon at the meeting here yesterday of national bankers from St. Paul, Minneapolis and Duluth. All banking associations in the district have been invited to send representatives to the conference.

WM. WEST IS FREED.

Convict Sent to Stillwater From St. Louis County Pardoned.

St. Paul, Minn., April 15.—The state board of pardons at its meeting Monday granted a pardon to William West, sentenced from St. Louis county in 1906 to serve ten years for grand larceny in the second degree. Evidence was introduced to show that West is suffering from tuberculosis and is rapidly losing his sight. An attorney appeared before the pardon board and said that if the man were given his freedom, he would be taken care of by his father-in-law in Calgary.

Capt. Tim Murphy, in charge of the volunteers of America in St. Paul in 1910 who absconded with the tag day receipts, amounting to approximately $1,250 and was arrested after a wild trip to Winnipeg, took a step toward freedom. With no one appearing for him, the board commuted his sentence from seven years imprisonment to six, making him eligible to parole.

The state parole board must act on his case before he can regain his liberty.

Frank Tanke, and his wife, Amelia Tanke, both serving life sentences for killing Mrs. Tanke's former husband, in Nicollet county in 1902, must serve their sentences. The board refused either to pardon or to commute Mrs. Tanke's sentence, and refused to take action in the case of her present husband.

ONE SUCCEEDS OTHER.

Republican and Democrat Alternate in Houghton Postoffice.

Houghton, Mich., April 15.—Richard B. Lang, Republican, and Ernest J. Dube, Democrat, appear to have monopolized the local postmastership for the last quarter of a century. When Mr. Dube recently assumed the duties of the office, he succeeded Mr. Lang, who was both his predecessor and successor, a relationship that Mr. Dube relishes as little as Mr. Lang. It was the third time the men had exchanged the postmastership Mr. Lang was appointed postmaster under the Harrison administration and served four years from 1890. Then Mr. Dube became postmaster under Cleveland and, after he had held the office four years, Mr. Lang was reappointed and served continuously for sixteen years. He now is again succeeded by Mr. Dube.

MARQUETTE ELKS TO BUILD HOME.

Marquette, Mich., April 15.—The financing arranged, the erection of an Elks' temple by the Marquette lodge of that fraternal order will be started shortly. The building will occupy a prominent site in the down-town district and will be of three stories, the ground floor to be devoted to business purposes. Bowling alleys will be provided in the basement, as well shower and other baths. A feature of the second floor will be a women's grill room. The temple will represent an investment of $40,000.

DEVELOPING GOLD MINE.

Cook County Man Thinks He Has One at McFarland Lake.

Grand Marais, Minn., April 15.—Adolph Carlson of Hovland is still industriously opening up his gold mine at McFarland Lake. The shaft is now down sixty feet and uncovers a fourteen-foot vein. The deeper he goes, Mr. Carlson says, the more encouraging the prospects become. He appears very well satisfied with the enterprise.

ALBERT LEA EDITOR IS POISON VICTIM.

Albert Lea, Minn., April 15.—H. G. Day, editor of a local newspaper for many years, died here yesterday afternoon. His death resulted from ptomaine poisoning. Mr. Day was a brother of Frank Day, a well known Minnesota newspaper man, and former private secretary to the late Governor John A. Johnson.

Farmer Fined for Speeding.

Crookston, Minn., April 15.—A. F. Mallard, a farmer residing near Crookston, was arrested Monday for exceeding the speed limit with his auto, while driving along the streets. He was arraigned before Judge Grossman in the municipal court, and fined $10 and costs for the offense.

Hazen Votes Consolidation.

Hazen, N. D., April 15.—(Special to The Herald.)—The advocates of a consolidated school won, 46 to 36, after an exciting contest. Some of the farmers opposed fearing high taxes because of the transportation of the pupils. The location of the building, the size and the bond issue will be determined within the next month in order to let the contract for construction soon and have the building ready for the opening of the fall term.

To Bridge Little Missouri.

Marmouth, N. D., April 15.—The Billings county commissioners have voted $5,000 toward the erection of the bridge over the Little Missouri river here. The bridge will be one of the connecting links in the Twin City-Yellowstone trail and will cost $15,000. Localities outside of Billings county along the trail have agreed to raise $10,000.

Fargo Trade Trips.

Fargo, N. D., April 15.—The annual trade extension trips by the members of the Fargo Commercial club will be made this year over three branches of the Northern Pacific not heretofore visited, over the Casselton line to Marion, down the Southwestern branch to Streeter, then back to La Moure, down to Oakes and over the Milnor line to Wahpeton.

WISCONSIN BRIEFS

Racine — The Milwaukee Electric Railway & Light company will extend its lines in Racine if the council will grant franchises without demanding double truck cars and double tracks throughout the system.

Eau Claire — Fire starting from sparks from an engine this afternoon destroyed a big barn, granary and grain, machine shed and all machinery and silo on the farm of Reinhart Willmer of Meridian. The loss was $4,000 with no insurance.

Beloit—Fearing that the automobile in which he was riding with three other men was going to be struck by an engine as it crossed tracks of the Milwaukee road in this city, Oliver Peterson, aged 25 years of Rockford, Ill., leaped from the car immediately in front of the locomotive and died in one hour from his injuries. The car crossed the tracks in safety.

Fond du Lac—Twenty-three thousand five hundred dollars, the greater portion of the cost of site for the state woman's reformatory at Taycheedah, was received from the state treasurer Monday and paid to farmers whose land was taken for the institution. The remainder, aggregating $10,000, will be paid as soon as deeds have been certified.

Eau Claire—A stone was driven through one of the office windows at the Kneer house. The missile was thrown by a passing automobile. It not only shattered the glass but landed against the wall on the further side of the room.

Hurley—Ironwood lodge, No. 389, A. F. & A. M., was the guest of the local Masonic lodge at a big initiation meeting held here. Refreshments were served.

Milwaukee—The 1914 property valuation of Milwaukee will be $500,000,000, in the opinion of Tax Commissioner Bodden, who is preparing for the assessment which begins on May 1.

Portage—Grand Chaplain Edmund Trimm of the Wisconsin I. O. O. F. died at Wesley hospital in Chicago after an illness of three months. He was 58 years of age and is survived by his wife, son and daughter.

DAKOTA BRIEFS

Minot, N. D.—Fee splitting, a practice which the Ward County Press association declares, in resolutions, has been resorted to by certain publishers of that and other counties, is condemned by the association.

Dickinson, N. D.—At a meeting of the board of commissioners of Stark county, the question of employing a county farm agent was discussed and it was practically decided to do so.

McClusky, N. D.—The Herr elevator here was destroyed by fire, originating from friction, in the upper part of the structure. When discovered the fire had gained such headway that it was impossible to save anything. About 10,000 bushels of grain was lost.

Minot, N. D.—C. H. Parker of Minot will soon call for bids on extensive improvements on the Leland hotel. An additional story will be added, and the rooms in the new part will be fitted up with baths, and made entirely modern.

Sheldon, N. D.—Drinking lysol from a bottle almost caused the death of the 18-month-old child of T. Helgesen, near here. Prompt home remedies and the early arrival of a physician saved the child.

Bismarck, N. D.—Word has just been received here from Pierce county that John Steen is a candidate for state treasurer. Mr. Steen is at the present time serving his second term as treasurer of Pierce county. He was a member of the state legislature for two years also.

Grand Forks, N. D.—President and Mrs. F. L. McVey have gone to Chicago, where President McVey is attending the second annual national conference on marketing and farm credits.

Devils Lake, N. D.—Cyrene commandery, No. 7, Knights Templar, attended Easter service Sunday morning in a body at the Church of the Advent, in full uniform.

Grand Forks, N. D.—Petitions are being circulated in the city nominating J. J. Quigley for the position of clerk of the district court on the Democratic ticket. Mr. Quigley is well known in the county.

PENINSULA BRIEFS

Houghton—Charles Salotti and Jatin Gaspardo have secured a tract of land adjoining the Houghton to Calumet county road, and situated about one and one-half miles from Boston location, for a dairy. The land includes a splendid pasture ground and an excellent site for the dairy buildings, the erection of which will be commenced at once. It is planned to have the plant in operation by June 1.

Calmet—Over 100 applications for membership were received and approved at the big meeting of the Finnish Anti-Socialist league held in the Finnish hall on Eighth street Sunday evening.

Houghton—F. W. Prosch, 40 years of age and a resident of Pearl street, East Houghton, died April 13 of Bright's diseases. The deceased has been a resident of this village for but a short time, coming here from Winona. The remains were shipped to Southern Michigan for interment.

Hancock—An early morning fire Monday totally destroyed the home of an Austrian resident at the Sing Sing location. The origin of the fire is unknown.

Marquette—State Fire Marshal Winship has issued a warning to housewives not to let rubbish accumulate during the spring housecleaning period on account of the fire risk.

Ishpeming—Five hundred and thirty-five books were withdrawn from the Carnegie public library Saturday. This is thought to be a record for one day's withdrawals.

Hancock—Thomas Brimacombe of Duluth is visiting his mother, Mrs. Sarah Brimacombe, College avenue.

Ishpeming—The funeral of Mrs. Jerry Beauchamp, an old resident who died April 11, was held Tuesday. Besides her husband she is survived by ten children, all of whom are living in the city. They are: John, George, Fred, Peter, Jennie, Opal, Marguerite, Bernadette, Cecelia and Mrs. George Rock.

Negaunee—A steel shafthouse is in process of construction at the Breitung Mining company's Hematite mine, No. 3, and a large crew of iron workers in the employ of the Worden-Allen company of Milwaukee has been employed at the property for the past week.

Marquette—At the regular annual meeting of Lake Superior commandery, No. 30, Knights Templar, the following officers were elected: Eminent commander, J. H. O'Meara; generalissimo, W. H. Schweitzer; captain general, G. A. Carlson; senior warden, C. M. Steele; junior warden, F. B. Bird; prelate, H. B. Hatch; treasurer, E. A. Brown; recorder, W. A. Urich; standard bearer, Louis Pendill; sword bearer, Edward Mitchell; warder, F. J. Schultheis; sentinel, F. E. Stolpe.

Hancock—Mayor Ojala of Hancock has arrived home from Mt. Clemens, where he spent two weeks taking the baths for rheumatism, and is benefited by the treatment.

MINNESOTA BRIEFS

International Falls—A patient at the Northern Minnesota hospital died April 13 of pneumonia. His name was Weimer and his home at Little Falls. That is practically all that is known of the deceased.

Brainerd—The Riverside Gun club has elected these officers: President, Art White; vice president, Edward Anderson; secretary, George Trent, Jr.; assistant secretary-treasurer, L. M. Schulstad; field captain, J. C. Davis.

Red Wing—The state board of pardons has been asked to parole Henry Prolow, who was sent up for life for the murder of Louis Zemke at Goodhue in October, 1905. He was found guilty by jury and sentenced to be hanged, but the sentence was changed to life imprisonment. He is now eligible to parole.

Little Falls—Edward Hirt of St. Cloud was the lowest of six bidders who submitted prices for the construction of the parochial school at Pierz, work to be started at once, so that the school will be ready in the fall. His bid was $23,411.

Crookston—Arrangements were recently completed by the local Commercial club to provide the Redpath-Yawter Chautauqua for our city, June 8 to 14, inclusive, beginning Monday, and closing the following Sunday.

Warren—Editor C. L. Stevens of the Warren Register, has filed as a candidate for nomination for representative.

Cass Lake—Examinations for rural mail carriers will be held at Cass Lake, Pillager and alker on April 25. This examination will be held for the purpose of selecting a carrier for the Cass Lake route No. 1, which it is expected will be established the coming summer.

St. Cloud—John Janker, for twenty years blacksmith at St. John's university, died suddenly at West Union. He was a victim of heart disease. He was about 53 years of age. Mr. Janke was born in Germany and came to America and to Minneapolis in 1858.

Stillwater—William Collins, formerly of this city, and who formerly kept a saloon in Houlton, Wis., died last Friday at Oelwein, Iowa, aged 44 years. He leaves a widow and five children.

Moorhead—Carl Tonsager of this city, who two years ago was the Democratic standard bearer in the general election as a candidate for sheriff, will file, so it is now declared, for nomination to the same office.

Minneapolis—J. H. Kinsey, aged 65 years, president of the Roberts Elevator company, and well known on the Minneapolis Board of Trade, died Monday evening at his home in Roberts, Wis. He was born in New York, but the latter part of his life was spent in Wisconsin, where he was closely identified with the grain business development of the state.

Polarine

FRICTION REDUCING MOTOR OIL

Gallons More than 1912

One Oil

for the motor is all that anyone needs for summer and winter, and regardless of the make or type of the motor car, motor truck, motorcycle or motor boat—if that oil is POLARINE.

We make hundreds of different kinds of lubricants. We could make any number for any number of motors, if it were necessary. But our experience plus the experience of nearly 300,000 motorists demonstrates that POLARINE meets every need in any weather, in any motor.

Maintains the correct lubricating body at any motor speed or temperature and remains liquid at zero.

Free To Men!

Strength and Vigor

New Invention

COURAGE NEVER FORSAKES THE MANLY MAN.

A new Sanden mechanical invention for the easy self-use of debilitated or enervated men, will interest a certain percentage who need that kind of aid, but the little illustrated treatise on sex, described below (sent free, sealed, by mail for the asking) is of interest TO ALL MEN, young and elderly alike. It should be in the hands of every man in the world who can read the English language. To date over a million copies of this private treatise have been printed and sent out free. Nothing like it was ever before published.

Mr. Reader: If you want the whole simplified truth, as I see it, in relation to that now widely discussed and vastly important phase of the sex subject which we call MANLY STRENGTH: if you want to know its legitimate uses, what you should or should not do to preserve it, how to make the proper efforts to restore it when once lost, and just what are the real and what are the imaginary results of certain forms of abuse which, unfortunately, are world-wide; if you want all this information, gleaned during my 30 years' practical experience in this field, all told in the simplest form, condensed, revised and systematized for the easy reading of men the world over, then you may have it free in my little treatise (book form), containing 8,000 words and 30 half-tone photo reproductions. Everything is complete. Please see coupon below.

SANDEN, Author.

As to my mechanical device, the Sanden Vitalizer, that may interest you as being a clever invention, even if you do not require a "strengthener" in your own case. In fact, I always send an illustrated description of it as a part of my free book on sex subjects. This little vitalizer represents the very latest scientific idea in mechanical self-treatment. It is entirely separate and apart from drugs or medicines. It is complete in itself. Nothing but the vitalizer is to be used. It weighs only several ounces, and is worn on the body all night. It generates a continuous, perceptible, though pleasant flow of a marvellous FORCE which I call VITALITY. The system appears to absorb this FORCE while you sleep. Men everywhere have said my Vitalizer takes pain out of the back almost at once and restores manly strength in 60 to 90 days. Over 200,000 of these Vitalizers are now in use or have recently been used by men, and generally after every other known treatment failed.

I send some special attachments with the Vitalizer, so it may be used by women as well as by men, where there is rheumatism, kidney, liver, stomach, bladder disorders, etc. You may not need the Vitalizer, but if you do I will be pleased to make some liberal proposition whereby you may have one to wear. We can correspond about that later, if you so wish, but first get the free book that you may know all.

Do you know, my friend, that this mysterious energy which we call Manhood or Manly Strength represents the BIG power which is behind every worthy achievement of our day? And if through the medium of the printed words in my little free book I may be the means of changing you or any other man from a state of physical debility and weakness into one of full vital, manly vigor, then I give you a foundation of energy and power which puts you in the same class with the biggest, strongest, most vital fellow of your acquaintance.

Men as well as women, everywhere, are influenced and charmed by that natural force which the truly manly man ever radiates. Get my free book and see what you can learn about your own vitality which you do not now know.

A call at my office, if you live in or near this city, will enable you to test the force of the Vitalizer as it is generated. Office hours, 9 to 6. Sunday, 10 to 1. Or otherwise please write for the free book.

WHAT MY FREE BOOK GIVES YOU

As stated elsewhere, by sending me the coupon below, you are entitled to receive by return mail, sealed, my little illustrated book of advice on sex subjects, and I will include, as well, a full description of the Sanden Vitalizer, telling you upon what terms you may have one for your own use if you wish to try one. Therefore, please send coupon today.

B. S. Sanden Co., 1261 Broadway, New York, N. Y.:
Dear Sirs—Please forward me your book, as advertised, free, sealed.

NAME.....

ADDRESS.....

SAYS SULPHUR DRIVES ECZEMA FROM THE SKIN

Use Like Cold Cream to Instantly Stop Itching and Clear the Skin.

Sulphur, says a renowned dermatologist, just common bold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with Eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

He tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur cream and apply it to the irritated parts the same as you would any cold cream.

For many years common bold-sulphur has occupied a secure position in the practice of dermatology and cutaneous affections by reason of its parasite-destroying property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

MARKET HAS GOOD BULGE

Wheat Advances on Strong Cash Demand and Light Receipts.

Flaxseed Is Higher, With Fair Buying and Small Offerings.

Duluth Board of Trade, April 15.—The market was strong at the close, with good buying in evidence. May wheat closed 1⅛c up, July 1⅛c up and September 1⅛c up at 88¼c. May durum closed ½c up and July ⅜c up.

Oats closed ½c up at 35¾c on the track, and unchanged at 35¼c for to arrive. Rye closed unchanged at 54½@56½c.

At Winnipeg, May oats closed at 34½@34⅝c bid, and July at 35⅝@35¾c bid.

Puts on Minneapolis May wheat closed at 88¾c asked, and calls 89¾c.

Light receipts and higher Liverpool cables led to a strong market in wheat during the first three hours' trading today. The situation in coarse grains was more bullish, and the short interest is nervous at present on account of the congestion in the May option at Chicago and the realization that it may result in a sharp advance before the end of the month.

The domestic outlook was regarded as bearish, reports telling of the continued perfect condition of the winter wheat plant throughout the Southwest. It was noted, however, that some complaints of dry conditions and consequent deterioration of the growing plant, are coming to hand from a few sections in Kansas. There were also more stories regarding green bugs being on the increase in Oklahoma districts.

Liverpool reported a poor consumptive demand, with Russian grain being freely offered. Official Russian figures indicate a crop for the present year of 220,000,000 bu greater than last year. Reports from that country are uniformly favorable, there having been an abundant snowfall with unusually mild weather.

Primary receipts fell off to 272,000 bu today, or 117,000 bu below last year's figures. Inspections at Duluth were 12 cars against 33 last year, and there were only 25 cars of all grains on the tracks for the day. Minneapolis receipts were 67 cars against 152 a year ago.

There have been no charterings of steamer space for grain here as yet, but it is expected that some business will be put through within the next three or four days. Space is now being offered at 1¾c on shipments to Buffalo.

May wheat opened ⅛c off at 89¾@89⅞c, and it advanced ⅞c up to the closing hour. July opened unchanged at 90⅞c and it gained ½c. May durum opened ⅛c up at 86⅝c and it gained ¼c more. The July option opened unchanged at 87⅞c and advanced ¼c.

Flaxseed Still Strong.

The bull interests in flaxseed held the upper hand in today's session. This was attributed to light offerings and fair demand and it was in the face of lower cables. Buenos Aires closed 1c off. London ⅞c off and Antwerp unchanged.

The market closed strong, with final prices showing advances of 1⅛@1½c.

May flax opened unchanged at $1.55⅜ and closed 1⅜c up at $1.56¾ asked. The July option opened unchanged at $1.57⅜ and closed 1⅛c up at $1.58½ asked. September opened ¼c up at $1.58 and closed 1½c higher at $1.59¼ bid.

At Winnipeg, May flax closed at $1.36¾ and July at $1.39½ bid.

Cash Sales Wednesday.

No. 1 northern wheat, 2 cars	$ .90⅝
No. 1 northern, 1 car	.90⅛

No. 1 flax, 2 cars	1.55¼

MARKET GOSSIP.

The Minneapolis cash market was firmer. Mills are now running to the terminals for supplies and a few of the larger companies bought round lots yesterday. No. 1 northern blue stem sold at from 2c to 3½c over May and velvet chaff at from 1½c to 2c over May. Flour sales were fair. Cash No. 1 northern wheat sold there at from 90⅝c to 92⅛c and No. 2 northern at from 89⅞c to 90⅛c.

* * *

The Russian official report covering eighty-eight governments is as follows: April 1—Wheat, 1,124,000,000 bu against 77,000,000 bu official on Nov. 2, 1913; corn, 82,450,000 bu against 72,794,000 bu last year; oats, 1,310,000,000 bu against 1,124,000,000 bu last year; rye, 998,750,000 bu against 995,000,000 bu last year.

* * *

A wire received from an expert at Geary, Okla., said: "All the fields examined today show green bugs somewhat more plentiful than at Enid, but no damage is apparent. The plant is strong and vigorous and in perfect condition, with plenty of moisture and I believe the wheat will grow away from the bugs. Oats look well. Farmers planting corn. The weather is fine."

* * *

The Chicago Inter Ocean says: "May wheat continues to widen its premium over July. The leading bull interest has been responsible for the advance as the trade looks at it, and shorts have been coming in. Cash houses, which have had May bought and July sold, have been buying July and selling May for some time past. It was said that the large buying of May yesterday by Norris, a cash house, was due to closing spreads. With numerous bug stories afloat some of the conservative traders were inclined to go slow on the selling side."

* * *

Broomhall cabled from Liverpool: "Steadiness in America yesterday stimulated support at the opening and values were ⅛d to ¼d higher. Later there was some pressure in a small way and largely in May on talk of liberal tenders on contracts. Indian and Australian offers are small and private reports forecast light Argentine shipments this week. The Russian official report is bearish. At 1:30 p. m. the market was quiet but steady, with prices unchanged to ¼d higher.

"Corn was higher on rains in Argentina and steadiness in Buenos Aires. Later there was some pressure in the near month on the quiet demand for spot."

* * *

The Spanish import requirements for the year will aggregate 11,250,000 bu and an active importation in corn is expected.

* * *

Damage resulted through France from the recent freeze and thaw and the fields are thin. Much replowing is in evidence.

* * *

Duluth bonded receipts—Wheat, 18 cars; barley, 4 cars; flax, 7 cars; total, 29 cars.

* * *

A. D. Goodman, manager of the Duluth Universal milling company, returned from Chicago today, where he attended the annual meeting of the Millers' National Federation. The millers at the meeting expressed themselves in favor of the proposed Federal inspection of grain as tending to bring about more uniform grading. A committee was appointed to look into the preliminary details with the department at Washington in connection with putting the law into effect. Mark Mennel of Toledo, Ohio, was elected president of the Federation. Mr. Goodman was re-elected to membership on its board of directors.

* * *

On the present prospects for a record wheat crop, four railroads entering Kansas City contemplate the erection of additions to their present storage capacity of 1,000,000 bu each. The Chicago, Milwaukee & St. Paul has awarded the contract for the addition of concrete storage tanks to its elevator in Kansas City, which is leased by the Simonds-Shields Grain company. The elevator now has a capacity of 1,500,000 bu, and with the addition of 1,000,000 bu, it will have as much storage space as the Santa Fe elevator, 2,500,000 bu, which is operated by the Neola Elevator company, a subsidy of the Armour interests. The Kansas City Southern is also considering the erection of 7,000,000 bu additional storage capacity to be completed before Sept. 1. Present elevator capacity in Kansas City is 15,000,000 bu, and the new crop movement will likely start with the capacity of approximately 19,000,000 bu.

* * *

Bankers in the Canadian Northwest are now pursuing a policy of making liberal loans to farmers to assist them in purchasing cattle and implements. The Canadian Bank of Commerce, has loaned Saskatchewan farmers $3 for every dollar they had deposited with it, according to the report of the royal commission on agricultural credit. This is regarded as accounting to a large extent for the rapidity with which that province has been developed.

§—Not included in the averages.
NOTE—The average highest and lowest temperatures are made up at each center from the actual number of reports received and the average precipitations from the number of stations reporting 0.10 or more.

CHICAGO MARKET.

Wheat Leans to the Bear Side Despite Moderate Rally.

Chicago, April 15.—Despite a moderate rally, wheat today leaned to the bear side. Reports of the nearly perfect condition of the winter crop outweighed smallness of receipts northwest and scattering complaints of dry weather in the spring wheat belt. The Mexican situation appeared to have little if any influence on the market. Opening prices which varied from ⅛@¼c lower to a shade advance were followed by some hardening all around, but then quotations receded to below last night's level.

Later the market took a temporary upward turn owing to a reported spread of the Hessian fly in Kansas. The May option continued to be tightly held. Closing prices were unsettled a shade lower to ½@⅝c up compared with last night.

Corn sympathized with wheat. The chief buying came from pit traders, who were conspicuous yesterday as active sellers. Prices started ⅛c off to a like amount up, made a slight general gain and then fell below last night's figures.

Unconfirmed rumors of lake charters for 2,000,000 bu of corn helped to bring about a transient bulge. The close was irregular, ½c lower to ⅝c up compared with twenty-four hours before.

Traders in oats seemed to be governed wholly by the course of other grain. Business was not large.

Provisions suffered from lack of demand. First sales were unchanged to 5c down and there was a subsequent further decline.

Wheat—No. 2 red, 94½@95½c; No. 3 red, 93½@94c; No. 2 hard, 92⅞c; No. 3 hard, 92¼@92½c; No. 2 northern, 94⅞@95⅞c; No. 3 northern, 93⅞@94⅞c; No. 2 spring, 94½@95½c.

Corn—No. 2 old, 68½c; No. 3, 66¾@67½c; No. 3 white, 67½@68½c; No. 3 yellow, 67½@68¼c.

Oats—No. 2 white, 38¼@38½c; standard, 39¼c.

July	.37⅝-½	.37⅝	.37	.37½a

MINNEAPOLIS MARKET.

Wheat Develops Strength Soon After the Opening.

Minneapolis, Minn., April 15.—A heavy cash demand, light receipts and strength to develop in the wheat market here today, soon after the opening. Only 67 cars were received today against 152 a year ago, and traders are inclined to the belief that the 1913 crop is not only out of the farmers' hands, but that country elevators are pretty well cleaned out. A heavy decrease in local stocks from now on is indicated.

Wheat—May opened 88⅝c; high, 89½@89¼c; low, 88¼@88⅜c; closed, 89⅛@89¼c bid.

July opened 89⅝c; high, 90⅜c; low, 89⅝c; closed, 90⅝@90⅜c to 90⅝c.

Cash—No. 1 hard, 93⅜@94c; No. 1 northern, 91¼@92⅜c; to arrive, 91¼@92¼c; choice to arrive, 92⅜c; No. 2 northern, 88¾c@90¾c; to arrive, 88⅜@90⅜c; No. 3 wheat, 86¼@88¼c.

Flax, $1.52¾@1.54¾.

The flour trade was reported brisk today. Most of the Minneapolis mills were running at capacity. Fancy patents, $4.55 in wood; other grades unchanged. Shipments, 57,739 bbls.

Barley, 43@45c; rye, 55½@56½c. Bran, unchanged.

Liverpool Grain.

Liverpool, April 15.—Wheat—Spot, quiet; No. 2 red western winter, 7s 3½d; No. 1 Manitoba, 7s 3½d; No. 3, 7s 2¼d; No. 3, 7s 1½d. Futures, steady; May, 7s 1⅜d; July, 7s 1⅞d; October, 7s ⅜d.

Corn—Spot, quiet; American mixed, 6s 7d; La Plata, futures, steady; July, 4s 6⅞d; September, 4s 7⅛d.

MINING STOCKS FAIRLY STEADY

A break of $4 a share in Granby was the feature in the mining stock market at Boston today. There was no special news out on the weakness in the issue, it being attributed to a lightening of committments on the part of weak holders. The stock opened at $84 and closed at $80.25 after selling off to $79.75.

Alaska Gold was strong, closing 75c up at $25.25; Butte & Superior closed a shade up at $34.38; Calumet & Arizona, unchanged at $66.50; Greene Cananea, unchanged at $36; Shattuck, 50c up at $25; North Butte, 50c off at $26, and Amalgamated Copper, 25c off at $73.38.

In the Duluth curb list Calumet & Corbin sold at 28c and Keating at $1.75.

* * *

A wire received by Gay & Sturgis from New York said:

"The New York city bond sale is unquestionably a success. Some 229 bids were received. This is a small number of bids, as in 1913 492 bids were received and in 1912 372 bids were received. However, the bids are higher than any previous bids for 4¼ per cent bonds. The bonds are selling on the curb, when issued, at 102⅛.

"William A. Read & Co. and Kuhn, Loeb & Co. bid 101.45 for all or none of these city bonds."

* * *

At the annual meeting of the Houghton Copper company at Boston today, W. Cameron Forbes was elected a director, succeeding Nathaniel H. Stone.

DECLINES IN STOCKS STOP

Market Free From Unsettlement of the Preceding Session.

Bears Defeated in Efforts to Cause Further Liquidation.

New York, April 15.—The stock market today was free from the unsettlement of the preceding session. As there was no evidence of aggressive selling, the market gradually hardened. The firm undertone induced shorts to take profits; much of the buying was for covering.

Moderate operations were undertaken on the long side on the theory that after a decline of nearly a week the market was due for a rally. The demand, however, was not large enough to impart sustained support, and shortly before noon the list eased off, influenced by heavy selling of Union Pacific and weakness of some of the Southern and Southwestern railroad shares.

Bonds were irregular.

First prices of stocks today in most cases were a shade under yesterday's close. Selling was active, but the market stood up fairly well. The largest movement was in Utah Copper, which dropped a point. Northern Pacific and Smelter lost nearly as much.

Certain issues received relatively little support, but the general market hardened half a point to a point after the stocks pressing on the market had been absorbed. Shorts were the chief buyers but some traders took the long side for a turn.

Scale buying checked the decline after many stocks had fallen below yesterday's close. Union Pacific sagged to 154¾ before rallying.

Prices rose steadily when the bears were defeated in their efforts to bring about further liquidation. Union Pacific recovered fully. Steel and Reading gained ½.

The market closed steady. Speculative interest converged on the city bond sale and little influence was exerted by a drive against Lehigh Valley, which lost 1⅝.

WILLIAMS HEADS COMMERCIAL CLUB

Club Directors Reorganize for Ensuing Year—Eva Re-elected Secretary.

The board of directors of the Duluth Commercial club held its annual meeting today and reorganized for the ensuing year by holding the annual election of officers after the new directors had been inducted into office. The election of officers resulted as follows:

President, David Williams; first vice president, Watson S. Moore; second vice president, A. Miller McDougall; treasurer, J. W. Lyder, Jr. (re-elected); secretary, H. V. Eva (re-elected).

PARTNERS ASK FOR ACCOUNTING

Charging that Austin A. Mendenhall converted to his own use a large portion of the assets of a co-partnership which had been turned over to him for the purpose of meeting the firm's obligations, Jay W. Lyder, receiver for the Duluth Oil company, a co-partnership in which Mendenhall, William Powers, A. S. Ames and Paul Davenport were engaged, today started suit in district court to compel Mendenhall to make an accounting. It is claimed that he used $4,375 which should have been spent in squaring the debts of the firm, in buying land in his own name. He purchased the land from his brother Watson Mendenhall, who is made a defendant in the action. Recovery of the money is sought.

"GENTLEMEN'S AGREEMENT"

A new feature to the strike of the painters, paperhangers and interior decorators' union came out today. A majority of the strikers are reported to be back at work and a union man said that no contracts had been signed but that the strikers had returned to work on a "gentlemen's agreement," and there was little contention between the master painters and the union.

It is reported that the strikers are now working for all the contractors except four.

CLAN STEWART PLANS FESTIVITIES.

This evening Clan Stewart will have a gala night for its members. To begin with, fifteen Scotsmen will be made clansmen. Following the initiation ceremonies a program, which Simon Clark has prepared and will have charge of, will be given for the entertainment of the members, and a discussion of future entertainments will take place.

Final arrangements will be made for the "Guid Scots Nicht," which is slated for one week from tonight.

Also arrangements will be started for the entertainment of Bailie Thomas McMillan and Prof. Alexander Walker of Glasgow, Scotland, who will be here on April 27 and 28 on their tour of America to study tax conditions.

Superior

Carelessness Causes Fire.

A lighted match, or a cigarette stub, is believed to have been responsible for a fire today in a workshop owned by A. Duplaise, Belknap street and Oakes avenue. The fire took place shortly after 8 o'clock. The loss is placed at about $200.

Work on Y. M. C. A. Soon.

Construction work on the Superior Y. M. C. A. at Fourteenth street and Ogden avenue will begin shortly after May 1. The contract for erecting the superstructure has been let, according to Rev. D. B. Cheney, chairman of the building committee. The building will be four stories high and will cost approximately $100,000. The basement and foundation were constructed late last fall.

Body Sent to Eau Claire.

The body of Olaf Didrickson, 30 years old, who died yesterday from the result of being overcome by coal gas in a rooming house on Grand avenue, was taken last night to Eau Claire, Wis., for burial. His two sisters, Mrs. H. King and Miss A. Didrickson accompanied the body. Peter Hagen, who also occupied the room, is reported to be recovering at St. Mary's hospital.

Officious Cop Is Fined.

John Ennis, a special policeman, who was recently arrested on a warrant charging him with assault on Ralph Greenfield, a photographer, while the latter was taking snap shots of the normal school ruins, was found guilty in police court yesterday afternoon. He was fined $10 and costs which he paid.

ORIGINAL "LAURIE" IS DEAD, AGED 85.

Rochester, N. Y., April 15.—Dr. Frederick Llewellyn Hovey Willis is dead at the home of his daughter in this city at age of 85.

Dr. Willis was an intimate of Longfellow, Emerson, Hawthorne, Toreau and the Alcott family. Louisa M. Alcott took Dr. Willis as the model of Laurie in "Little Women." Dr. Willis was also intimately connected with an attempt to found an altruistic colony at Fruitlands by the New England literary coterie.

NORTH BUTTE MINING COMPANY.

Notice is hereby given, that the annual meeting of the stockholders of North Butte Mining Company will be held at the office of the Company at room 1400 in the Alworth Building, in Duluth, Minnesota, on Monday, the 20th day of April, A. D. 1914, at 12 o'clock noon, for the election of three Directors to hold office for three years, and the transaction of such other business as may properly come before said meeting.

The stock transfer books will be closed from April 4th, 1914, to April 20th, 1914, both inclusive.

Dated Duluth, Minnesota, March 23rd, 1914.

FREDERIC R. KENNEDY, Secretary.

D. H., March 25, April 1, 8, 15, 1914.

ADDITIONAL SPORTS

POOR LUCK ON OPENING DAY

No Trout Caught in Any of Streams in the City.

Alas and alack! No trout were caught in any of the streams flowing through the city limits today, the opening date of the season.

This unfortunate state of affairs also applies to Lester river, which has not failed to produce a catch for years past upon the arrival of April 15. A number of youngsters were out at dawn with their rods and lines, but they were unable to land a single specimen of the highly-prized speckled beauties, so far as could be learned from reports from those who were trying their luck. The stream was too full of floating ice to permit of successful fishing.

The same condition applies to other streams in the upper part of Minnesota. For most of the distance the ice still covers them and where the deep holes are, the surface is a mass of floating ice. The fishermen will be obliged to wait until a little later in the season before they can fill their creels.

GAME LEAGUE IS ORGANIZED

St. Louis County Sportsmen Will Work for New Hatchery.

At a meeting held last evening the St. Louis County Game league was organized. M. J. Fillatrault was elected president of the new organization, which Mr. Fillatrault declared was organized for the purpose of taking the place formerly occupied by the Northeastern Minnesota Fish and Game Protective association. The latter organization is still in the field, however, and will be reorganized.

"We want to raise $1,000 to assist in purchasing a site for the state fish hatchery," said Mr. Fillatrault today. "Mr. Myers, the range game and fish commissioner, has promised to raise $300 of this amount among the sportsmen of the range. We believe that we will be able to subscribe the remainder of the amount here, and for that purpose, as well as to foster fishing and game hunting under the proper conditions, have organized the new league.

"It is open only to sportsmen living in St. Louis county. The success of other county organizations of a similar intent leads us to make this provision. Along this line I might mention the success of the Douglas County association."

It is the intention of the new league to hold frequent meetings, to take up matters affecting hunting and fishing in this county and in this part of the state.

In addition to the election of M. J. Fillatrault as president, Walter F. Dacey was elected vice president; Dr. D. W. Riesland, secretary; and Thomas F. McGilvray, treasurer.

Railroads

RESUME STEEL LAYING.

Northern Pacific to Put Down Rails to Dunn Center, N. D.

Bismarck, N. D., April 15.—(Special to The Herald.)—The Northern Pacific railroad will resume the laying of steel on its line from Golden Valley to Dunn Center at the end of this month, preparations being already under way.

Dunn Center, it is understood, will remain the terminus of the line for a year or two, the plan of extending northwestward into Montana having been temporarily abandoned because of the inability of the engineers to find a satisfactory grade.

The state railway commission has under considerations requests for the establishment of daily passenger service both on the Mott line, south of Mandan, and the Stanton line, extending north from Mandan.

ROAD INDICTED FOR GIVING REBATES.

Sioux Falls, S. D., April 15.—An indictment was returned yesterday against the South Dakota Central railroad, charging the giving of rebates. Details of the indictment were not made public.

FOUR MEN KILLED BY KATY ROAD TRAIN

Georgetown, Tex., April 15.—Four men were killed and two seriously injured here today when a Missouri, Kansas & Texas passenger train crashed into an automobile in which they were driving. The dead, all of Florence, Tex., are:

C. C. GRESSETT.
C. ROBINSON.
W. J. JOINER.
JOE HOWELL.

The injured are Lester G. Gressett and W. N. Howell. The automobile was demolished.

Form Trail Association.

Bowman, N. D., April 15.—(Special to The Herald.)—The Bowman County Yellowstone Trail association, at a meeting held here planned for carrying on extensive work during the coming summer. There will be a general campaign of road improvement, but special attention will be paid to the Twin City to Park automobile highway. E. E. Hogoboom of this city was elected president.

Glen Ullen Creamery Prospers.

Glen Ullen, N. D., April 15.—(Special to The Herald.)—The Glen Ullen creamery, co-operative, has distributed over $100,000 during the past year, of which amount $92,872 was for cream with about $10,000 for eggs and poultry.

Three years ago the operations of the creamery were represented by the purchase of slightly over $35,000 worth of cream.

LEGAL NOTICES.

NOTICE FOR BIDS—

Sealed bids will be received by the Board of Education of the Independent School District of Virginia, Minnesota, up until 2 P. M. April 22nd, 1914, for the erection of a two-story fireproof school building. Plans and specifications can be seen at the Builders' exchange in Minneapolis and Duluth, Minnesota, and can be obtained from the Architects, Bray & Nystrom, 1200 Fidelity Building, Duluth, Minnesota, upon payment of $15.00. This amount will be refunded when plans and specifications are returned in good condition. Separate bids will be received for the entire building complete or in part as follows:

1. General Construction.
2. Heating and ventilating.
3. Electrical Work.
4. Plumbing.
5. Vacuum Cleaning System.

Each bid must be accompanied by a certified check for 5 per cent of the amount of the bid and made payable to Andrew Hawkinson, Treasurer of the Independent School District of Virginia. Said check to be forfeited if contractor fails to enter into a contract with the said board within five (5) days after the receipt of notice of acceptance of bid. All bids to be addressed to R. J. McGhee, Clerk, Virginia, Minnesota, and marked "Bid for School Building."

The Board reserves the right to reject any or all bids.

Bids are to be opened at 8:00 P. M. April 22nd, 1914.

Dated April 8th, 1914.

R. J. McGHEE,
Clerk, Board of Education.

CERTIFICATE OF AMENDMENT
—OF—
ARTICLES OF INCORPORATION
—OF—
HELMER EXPLORATION COMPANY.

State of Minnesota, County of Crow Wing—ss.

We, T. P. Cory, as President, and E. A. Lamb, as Secretary of the Helmer Exploration Company, a corporation organized under the laws of the State of Minnesota, do hereby certify that at a meeting of the stockholders of the Helmer Exploration Company duly held at the office of the corporation in Deerwood, Crow Wing County, Minnesota, on the 6th day of April, A. D. 1914, all of said stockholders being present and voting at said meeting, the following resolutions were adopted by the unanimous vote of all the stockholders and issued shares of said corporation:

"Resolved (1), That Article 1 of the original Certificate of Incorporation of the Helmer Exploration Company be amended by substituting the words 'Seafield Exploration Company' for the words 'Helmer Exploration Company' wherever said words 'Helmer Exploration Company' appear in said Article 1, thus providing that the name of said corporation shall be the 'Seafield Exploration Company' instead of 'Helmer Exploration Company,' as heretofore.

"Resolved (2), That the President and the Secretary of the Corporation be, and they hereby are, authorized and directed to make, execute and acknowledge a certificate, under the corporate seal of the corporation, embracing this and the foregoing resolution, and to cause such certificate to be filed, recorded and published in the manner required by law."

IN WITNESS WHEREOF, We, the undersigned, have, pursuant to the foregoing authorization, hereunto subscribed our names as aforesaid and caused the corporate seal of said corporation to be hereunto affixed this 6th day of April, A. D. 1914.

T. P. CORY,
President.
E. A. LAMB,
Secretary.

(Corporate Seal, The Helmer Exploration Company.)

Signed, Sealed and Delivered in Presence of:
H. E. PETERSON.
AGNES I. LAMB.

State of Minnesota, County of Crow Wing—ss.

T. P. Cory and E. A. Lamb, being first duly sworn on oath, depose and say:

That they are the President and the Secretary respectively of the Helmer Exploration Company, the corporation named in the foregoing certificate; that the said certificate by them subscribed contains a true statement of the action of the stockholders of said corporation at a meeting of said stockholders duly held at Deerwood, County of Crow Wing, State of Minnesota, April 6th, 1914, as set forth in said certificate; that each and every statement contained in said certificate is true, and is made by direction of the Helmer Exploration Company and its stockholders; that the seal affixed to said certificate is the corporate seal of said corporation; that said certificate is executed in behalf of said corporation by its express authority and by authority of its Board of Directors, and they acknowledge the same to be the free act and deed of said corporation.

T. P. CORY.
E. A. LAMB.

Subscribed and sworn to before me this 6th day of April, 1914.

H. J. ERNSTER,
Notary Public,
Crow Wing County, Minnesota.

(Notarial Seal, Crow Wing County, Minnesota.)

My commission expires May 11, 1917.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 9th day of April, A. D. 1914, at 9 o'clock A. M., and was duly recorded in Book Y-3 of Incorporations, on page 356.

ORDER LIMITING TIME TO FILE CLAIMS AND FOR HEARING THEREON.—

State of Minnesota,
County of St. Louis.—ss.

In Probate Court. In the Matter of the Estate of Olivine Lemire, Decedent. Letters of administration this day having been granted to George Harris.

It is ordered, That the time within which all creditors of the above named decedent may present claims against her estate in this court, be, and the same hereby is, limited to three months from and after the date hereof; and that Tuesday, the 7th day of July, 1914, at ten o'clock A. M., in the Probate Court Rooms at the Court House at Duluth in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid. Let notice hereof be given by the publication of this order in The Duluth Herald, as provided by law.

Dated, Duluth, Minn., March 31st, 1914.

S. W. GILPIN,
Judge of Probate.

Seal Probate Court, St. Louis Co., Minn.
BENJ. M. GOLDBERG,
Attorney for Administrator.

ORDER FOR ADJOURNMENT AND OF HEARING ON PETITION FOR PROBATE OF WILL—

State of Minnesota,
County of St. Louis—ss.

In Probate Court. In the Matter of the Estate of Joseph Sellwood, Deceased.

In the matter above entitled, the petition of Richard M. Sellwood for the allowance and admission to probate of an instrument bearing date January 21st, 1914, purporting to be the last will and testament of Joseph Sellwood, deceased, duly came on to be heard before this court at the appointed time, to-wit, April 6th, 1914, at ten o'clock A. M., pursuant to notice theretofore given, and it appearing to the court that before the time so appointed for the hearing as aforesaid there has been duly filed in this court certain objections to the allowance of said purported will, by one of the heirs of said deceased, to-wit, Ophelia S. Leithhead, one of his daughters, upon the alleged grounds briefly summarized as follows: That said purported will and testament was not executed by the said Joseph Sellwood in the manner required by law to make said will valid, and that at the time of said alleged execution the said Joseph Sellwood was not of sound mind or disposing memory, and that said purported will was procured by undue and illegal influence of the residuary devisees therein named, and is not in fact the will of said deceased; and the said Ophelia S. Leithhead having also then and there filed her petition for the probate of a lost or destroyed will of said Joseph Sellwood, alleged to have been executed by the deceased as his last will and testament, at some time between December 25th, 1911, and the month of April, 1913, and devising and disposing of his estate, as alleged in said petition, in substance, as follows: That his antenuptial agreement with Martha E. Triggs of date April 4th, 1910, should be carried out; that his debts and funeral expenses should be paid; that his grandchildren, Richard M. Sellwood, Jr., Joseph G. Sellwood and Francis Sellwood, should have Five Thousand Dollars ($5,000) each, and that his grandchildren, Leslie S. Leithhead and Jim Leithhead, should have Fifty Thousand Dollars ($50,000) each; that his nephew, Joseph Sellwood, Jr., should have Twenty Thousand Dollars ($20,000), to be paid him on reaching forty years of age, and in the meantime the income therefrom, amounting to One Hundred Dollars ($100) per month; that his niece, Lucy Sellwood, should have One Thousand Dollars ($1,000), and the residue of his estate he gave, bequeathed and devised equally between his son, Richard M. Sellwood, his daughter, La Rue S. Mershon, and the petitioner, his daughter, Ophelia S. Leithhead, and alleging that said lost or destroyed will was the last will and testament of said deceased;

NOW, THEREFORE, by reason of the facts aforesaid, it is ordered, that the hearing set for this day upon the petition of said Richard M. Sellwood be and the same hereby is adjourned to May 4th, 1914, at two o'clock in the afternoon, and that the hearing upon the objections of said Ophelia S. Leithhead to the allowance of said purported will, and upon her petition for the allowance of said alleged lost or destroyed will, be heard before this court at the Probate Court Rooms in the Court House, in Duluth, in said County, on Monday, the 4th day of May, 1914, at two o'clock P. M., at which time and place proofs shall be taken upon both of said purported wills and objections, and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to appear and be heard.

ORDERED FURTHER, That this order be served by publication in The Duluth Herald, according to law, and that a copy of this Order be served on the County Treasurer of St. Louis County, not less than ten days prior to said day of hearing, and by mailing a copy of said notice to each heir, devisee, legatee or interested party at least fourteen days before said day of hearing.

Dated at Duluth, Minn., April 7th, 1914.

By the Court,
S. W. GILPIN, Judge of Probate.
Attest: A. R. MORTON,
Clerk of Probate.

Seal, Probate Court, St. Louis Co., Minn.
D. H., April 8, 15, 22, 1914.

ORDER OF HEARING ON PETITION FOR DETERMINATION OF DESCENT OF LAND—

State of Minnesota,
County of St. Louis.—ss.

In Probate Court: In the Matter of the Estate of Allen P. Lovejoy, decedent.

The petition of Allen P. Lovejoy having been filed in this Court representing, among other things, that the above named decedent died more than five years prior to the filing of said petition, and that no Will of decedent has been proved nor administration granted on his estate in this State; that said petitioner has, and claims to have, an interest in certain real estate of decedent lying and being in the counties of St. Louis, Koochiching and Goodhue in the State of Minnesota, described in said petition, and praying that the descent of said real estate be determined by this Court, and the same assigned to the persons thereunto entitled. It is ordered, that said petition be heard before this Court, at the Probate Court Rooms in the Court House, in the City of Duluth, in said County, on Monday, the 1th days of May, 1914, at ten o'clock A. M., and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, that this order be served by publication in The Duluth Herald according to law, and by mailing a copy of this order to each heir and interested party at least fourteen days before the said date of hearing.

Dated at Duluth, Minn., April 15, 1914.

By the Court,
S. W. GILPIN, Judge of Probate.
Attest: A. R. MORTON,
Clerk of Probate.

Seal Probate Ct. St. Louis Co. Minn.

AUTOS & MOTORCYCLES.

98 PER CENT OF AUTO BUYERS READ THE DULUTH HERALD.
The names in which automobile licenses were issued have been checked with The Duluth Herald's subscription lists and it was found that 98 out of every 100 people who buy cars read The Duluth Herald.
If you have a car for sale or trade, offer it in this automobile column and you will reach practically every one who will buy.

HIGH-PRICED CARS REBUILT.

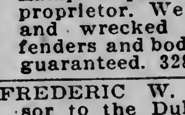

We have two of them, and believe them to be better bargains than the average new ones selling for the same money. Look these two cars over if you want a good family car, or a car for livery purposes, one you know will stand up under hard service. The first is:

A Lozier 7-passenger Type 1, fully equipped with Presto tank, Klaxon horn, speedometer, extra tire, etc. This is the $5,000 chassis, the model made famous by Ralph Medford in his sensational record-breaking races two and three years ago. It's an exceptional buy at $1,800. Come in and make us an offer.

One 1912 Oldsmobile, fore doors, fully equipped, has been driven but little; looks good, acts better, and is a snap at $1,200. Come in and look this over.

F. E. MURPHY AUTO CO.,
311 East Superior St.

DEFECTIVE PAGE

IF YOU HAVE ANY POULTRY, EGGS OR CHICKS FOR SALE YOU CAN EASILY FIND BUYERS THROUGH THE HERALD WANT 'AD' POULTRY COLUMNS

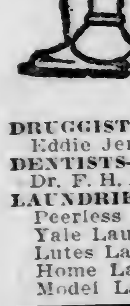

The Duluth Herald is the recognized poultry medium. It is the official paper of the Poultry Raisers of Duluth and Northern Minnesota.

CIRCULATION GREATEST--RATES LOWEST

The Herald has the greatest circulation of any newspaper in Duluth. Its rates for classified advertising are less per thousand circulation than those of any other paper in Minnesota. Best results are gained from ads when definite information is given. When information is lacking the presumption is that desirable features are lacking. Information as to contract rates and the probable amount of space your ad would take gladly given.

HUERTA AGREES TO SALUTE U. S. FLAG—CRISIS IS REGARDED AT WASHINGTON AS PASSED

WOMAN AND NINE MEN GO DOWN WITH CRAFT ON NEW JERSEY COAST

Lone Survivor of Wreck May Not Survive Injuries.

Tangled in Life Savers' Line, He Is Dragged Ashore.

Crowds on Beach Near Long Branch Watch Sea Tragedy.

New York, April 16.—The identity of the schooner which went ashore in a northeast gale near Long Branch last night was established by lifesavers at daybreak today as the Charles K. Buckley, from Jacksonville, Fla., for New York. The schooner is a total loss, and Capt. H. G. Hardy, his wife and all members of the crew except one seaman, named Emil Martinson, were lost while attempting to launch a lifeboat.

Martinson, who remained on deck, was rescued soon after midnight by being virtually lassoed by a line shot across the bow of the schooner from ashore. Martinson got twisted up in the breeches buoy line and was dragged from the deck with the seething sea. Lifesavers on shore then ran with the line, dragging Martinson upon the beach more dead than alive. He was rushed to the Monmouth hospital in the automobile of a wealthy shore resident. Both of Martinson's shoulders and one leg were broken. He is not expected to live.

Besides Capt. Hardy and his wife, eight men, members of the crew, went down when the lifeboat failed to weather the waves.

The Charles K. Buckley was heavily laden with lumber. She was a three-masted schooner of 430 tons. Her home port was Newark, N. J.

The schooner became unmanageable early last night. She first struck the beach near Seabright, N. J. Then the wind caught her and swept her down on the coast, where she appeared to break in two. Her cargo of lumber kept her afloat, though a great mass of it was swept away.

Lifesavers rigged up searchlights on the beach and shot line after line toward the vessel. Because of the breakers it was impossible to launch a boat. A great crowd stood on the beach watching the spectacle. Several lines fell athwart the schooner, but those on board were helpless or drowned, and with the exception of the lone survivor made no attempt to seize them.

VIVISECTIONIST'S TRIAL IS RESUMED

University Instructor Is Accused of Cruelty to Animals.

Philadelphia, April 16.—The trial of Dr. Joshua E. Sweet, a member of the faculty of the medical school of the University of Pennsylvania, charged with cruelty to dogs after vivisection operations was continued in quarter sessions court here today. The prosecution was brought at the instance of the Woman's Society for the Prevention of Cruelty to Animals. In addition to Dr. Sweet, five other physicians who are members of the faculty are under indictment.

Several witnesses already called in the case have testified that the accused had done nothing to alleviate the sufferings of dogs after they had been operated upon.

VESSEL IN TROUBLE NOW BELIEVED SAFE

Revenue Cutters Are Recalled From Maine Coast Search.

Kennebunkport, Me., April 16.—Some large vessel apparently lost her bearings in a northeast snow storm and was for several hours in difficulty off Cape Porpoise early today.

Between 2 a. m. and daybreak more than fifty rockets were seen by people on shore. The weather was very thick during the forenoon, but when it cleared and a view eastward was afforded no trace of any craft in distress could be seen. It was believed that the vessel had recovered its bearings and resumed its voyage.

Two revenue cutters started from Portland to investigate, but were later recalled to port.

Willcuts in Washington.

Washington, April 16.—(Special to The Herald.)—L. M. Willcuts, collector of customs at Duluth, is in Washington for several days on business before the treasury department.

ASKS ANNULMENT OF CONVICTION FOR CRIME

LEO M. FRANK.

MARY JONES IS SET FREE

Colorado Authorities Do Not Wait for Court Action.

Say Ending of Military Rule Brings Her Freedom.

Denver, Colo., April 16.—"Mother" Mary Jones, held as a military prisoner in the Walsenburg jail, was released today, according to announcement by Governor Ammons. A writ of habeas corpus issued by the Colorado supreme court was returnable April 18.

The release of "Mother" Jones was simultaneous with the departure of the last state troops from Huerfano county, according to the governor's statement.

Horace N. Hawkins, attorney for Mrs. Jones, said she probably would come to Denver for a conference with him. He declined to state what further action he would take with regard to the habeas corpus proceedings.

Deny Attempt of Court.

The theory of the military authorities is that the release does not constitute disrespect to the supreme court and that as a free agent she can appear in court voluntarily if she wishes to do so. Judge Advocate Boughton recently announced that if the court desires to fight the case out in spite of the release of "Mother" Jones, he was ready to appear and defend the action of the military in imprisoning her.

"Mother" Jones was arrested at Trinidad early in the year after she had defied an order to remain away from the coal strike district. She was released in Denver on March 16. On the night of March 22 she left Denver with the avowed intention of returning to Trinidad in defiance of the military. Early the next morning she was arrested, taken from the train at Walsenburg and imprisoned in the hospital ward of the Huerfano county jail.

THE DAY IN CONGRESS

SENATE.

Canals committee continued hearings on repeal of Panama tolls exemption.

Advocates of Senator Sheppard's resolution for constitutional amendment for prohibition heard before judiciary committee.

HOUSE.

Resumed debate on legislative appropriation bill.

Foreign affairs committee adopted resolution sustaining President Wilson in action toward Mexico.

Immigration committee heard Commissioner Caminetti on Hindu exclusion bill.

Judiciary committee in executive session worked on omnibus trust bill.

NEW MOVE FOR FRANK

Annulment of Sentence as Illegal Is Asked of Court.

New Attorneys Take Case From Hands of His Defenders.

Atlanta, Ga., April 16.—Possible basis for appeal of the case of Leo M. Frank, under death sentence for the murder of Mary Phagan, to the supreme court of the United States, was laid in a motion for annulment of his sentence, filed in superior court here today.

The motion charges that the presiding judge at Frank's trial advised counsel for the defense that, in the event their client was found guilty, it would be unsafe for him to be in court when the verdict was announced, and that such action was in violation of the Federal Constitution.

Surprise to Attorneys.

The motion was filed by a local law firm hitherto not connected with the case. Attorneys who have been in charge of Frank's defense said the action was taken without their knowledge. They had completed preparations, they said, for filing within a few hours an extraordinary motion for a new trial on grounds of newly discovered evidence. Notice of the intention of counsel to file such an extraordinary motion was given in court on March 27, when a copy of the proposed motion was submitted.

It is expected that in the event of a denial of the motion for annulment, appeal will be taken to the supreme court of Georgia, which probably would delay consummation of the case several months.

Point Raised Is New.

The supreme court already has confirmed the young factory superintendent's conviction, but the point raised by the motion today was not brought before that tribunal. Neither was it included in the copy of the extraordinary motion previously filed.

Frank's presence in court when a verdict in his case was announced on Aug. 25 last was waived by counsel for both prosecution and defense. The motion filed today argues that these waivers did not make the proceedings legal.

VINCENT ASTOR GETTING BETTER

New York, April 16.—Vincent Astor's condition continued to improve, it was said today at the country home of his fiancee, Miss Helen Dinsmore Huntington.

"The doctors are reluctant to say just how long it will be before his recovery is complete," said Robert P. Huntington, Miss Huntington's father, "but he is noticeably better."

BATTLE OF SAN PEDRO IS BLOODIEST FOUGHT IN MEXICAN REVOLT

Federal Loss 3,500 and Rebel Wounded 1,200; Dead Unknown.

Corpses Are Scattered Over Twenty-Mile Battle Front.

Velasco's Forces Narrowly Escape Absolute Annihilation.

San Pedro de las Colonias, Coahuila, Mex., April 15, via Torreon, April 16.—A survey of the battlefield of the last week shows that the battle for possession of this city, which engaged practically the full forces of rebels and Federals, was the bloodiest of the revolution.

The battle was at its climax Saturday, Sunday and Monday, and on the last day the rebel loss in wounded alone was 650 men. In all 1,200 rebels were wounded so seriously as to require hospital treatment during the engagement. The rebel dead may never be known, owing to the wide area covered by the battle.

The Federal loss was at least 3,500 in killed, wounded, prisoners and "dispersed." By dispersed is meant those Federals who were separated from their commands and fled individually or in small detachments to the hills or into the desert, probably to perish there for lack of food and water.

Captured 1,200 Men.

Twelve hundred rebels were cap-

WOMAN MURDERED IN QUARREL AT PARTY

Husband and Another Man Are Arrested at Erie.

Erie, Pa., April 16.—Mrs. Nora McBain was shot and killed here early today at Maccabee hall. Her husband and Samuel Stanton were arrested. According to the police, all were guests at a party in the hall and the shooting was the outcome of a quarrel over another woman.

HE HAS DECIDED TO SALUTE THE U. S. FLAG

GEN. VICTORIANO HUERTA.

ONE OF AUTO PARTY ROBS OTHER EIGHT

Gets Two Watches and 20 Cents and Calls Crowd "Cheap."

St. Louis, Mo., April 16.—Eight persons were routed out of an automobile here before daylight today by a man who had been the ninth member of the party, and had suddenly turned bandit.

The eight passengers were lined up at the muzzle of a revolver. The host of the party, Herbert Constance, and the chauffeur, Joseph Lauer, were robbed of their gold watches and George Fauth was robbed of a diamond stickpin. Albert Woechele was robbed of 20 cents.

While the bandit was robbing these four, the other four hid their valuables in their shoes. The bandit, finding nothing in their pockets, berated them as "cheap" and let them go.

A WORD TO THE UNWISE.

Uncle Sam: "See here, young man, is this what you're looking for?"

NUMBER OF GUNS ALL LEFT TO BE SETTLED

Dictator's Demand for Reply to Salute Only Asks Compliance With Custom.

Preparations for Retaliation Will Not Halt Until Huerta's Promise Is Fulfilled.

Washington, April 16.—Huerta has promised Charge O'Shaughnessy to salute the American flag in apology for the arrest of the American bluejackets at Tampico.

The only condition attached was that American ships fire a salute in acknowledgement. Officials close to the president said this was in accordance with naval practice of nations and according to precedent.

It was authoritatively stated that the only point remaining to be determined was the number of guns and that this would be speedily agreed upon. At the state, war and navy departments, officials considered the crisis past.

Officials pointed out that on occasions when the American navy had saluted the flag of other nations as a result of difficulties at sea, a salute in response had been fired.

The only question involved in Huerta's condition was whether a salute of response would constitute recognition, but it was pointed out that the Washington government considers recognition a matter of intent in each case, and would not so regard an acknowledgement of Huerta's salute.

Not Recognition.

Some officials declared that questions of recognition were no more involved in the demand by the United States for a salute from Huerta than in acknowledging a salute from him.

The disposition of the administration is understood to be to increase the naval forces in Mexican waters somewhat even after the salute is fired, so that in such an event only part of the ships now steaming south would be turned back.

The news was received at the White House today just as Secretary Bryan and Acting Chairman Shively of the senate foreign relations committee went into conference with President Wilson.

Unless Huerta changes his mind, the crisis promises to pass over within the next twenty-four hours.

With smiling faces, Senator Shively and Secretary Bryan came from the White House conference.

"The president has some very interesting news," said Senator Shively.

"The situation is highly encouraging," said Secretary Bryan.

Cordial to O'Shaughnessy.

Then it was made known that dispatches from Charge O'Shaughnessy have described his conference with Huerta last night as "very cordial and satisfactory," and officials said they were convinced that unless the charge had misinterpreted Huerta's intentions there was no doubt that compliance with the American demands for apology would be forthcoming within the next few hours, and that the crisis would be passed.

The text of the dispatches was not made public, nor was any formal statement made describing them.

No orders were issued to the ships already steaming toward Mexico, nor was there any change in the plans for enforcing President Wilson's demand. Some officials gave it as their personal view that after Huerta had complied with the demand for apology and saluted the American flag, some of the ships now under way might be turned back, but certainly not before.

No Delay in Preparations.

It was pointed out that all administration officials were gratified by the news that Huerta was to yield, but that there was no disposition to temporize or delay further and that all plans for action would go as they lie until all cause for action had been removed.

Other dispatches from Charge O'Shaughnessy were expected today, but both President Wilson and Secretary Bryan were convinced by the dispatches already at hand that Huerta had yielded to the pressure from Washington, and the dispatch of the fleet on both coasts to back up the demands.

Diplomatic representatives in Mexico City, under orders from their home foreign offices, anxious to avert a break, had pressed Huerta to yield, and Mexicans in the United States had advised him that to apologize would be the best thing for Mexico.

Just about the time Mr. O'Shaughnessy's dispatches were laid before the president, Charge Algara, representing Huerta here, was advised that some dispatches had been received, but was not fully informed of their nature. He was given to understand that they brought "favorable news."

Relief in Congress.

Word of the promised rift in the storm cloud spread quickly to the capitol, where the house foreign affairs committee had just adopted a resolution sustaining President Wilson in his attitude. Several resolutions were postponed, but one voting to sustain the president was adopted unanimously. The resolution will not be taken before the houses unless the crisis should not clear up finally and Mr. Wilson should find it necessary to lay the situation before congress.

In the senate and house generally there was a mingled feeling of gratification and relief.

Pressure From Europe.

European powers today were advising Huerta to apologize to the United States at once and end a situation which threatens grave consequences.

Friends of the Mexican dictator in the United States also were assuring him that unless a salute was fired to the American flag, the seizure of the ports of Tampico and Vera Cruz and a blockade of Mexico by the American fleet was the Washington program.

President Wilson and other administration officials silently awaited developments while the fighting ships and the marines were hurrying down

(Continued on page 5, third column.)

COXEY'S ARMY HITS TRAIL, 200 STRONG

Vagrants Are Freed From Jail to Join the March.

Massillon, Ohio, April 16.—Headed by "Gen." and Mrs. Jacob S. Coxey in an old phaeton drawn by a mule, the second "army of the commonweal," about 200 strong, assembled at the call of a bugle in Massillon's business section at 10 o'clock this morning.

From shanties along the railroad tracks outside the city limits the men gathered. Police authorities released all vagrants from prison who said they would leave town with the "army."

Rev. Harry L. Wilson of Rockdale, Pa., official chaplain of the "army," offered an invocation before the "army" started on the road to Washington, praying for the success of "Gen." Coxey's program. In and out among the ranks of the "soldiers" rode little David Coxey, the 11-year-old son of the "general," clad in khaki and mounted upon a pony. He is the official courier for the "army."

At a mass meeting in the city hall last night "Gen" Coxey outlined his plans to about 100 persons.

Several thousand persons assembled to witness the departure of the "army." A large corps of newspaper correspondents and moving picture men started on the march.

AGREE TO TELL OF NEW HAVEN FINANCES

Two Witnesses Weaken Under Threat of Criminal Action.

Washington, April 16.—Facing probable indictment and original prosecution for refusal to respond to "lawful questions" of the interstate commerce commission in the New Haven inquiry respecting the operations of the Billard company, some of the recalcitrant witnesses have indicated their willingness to testify.

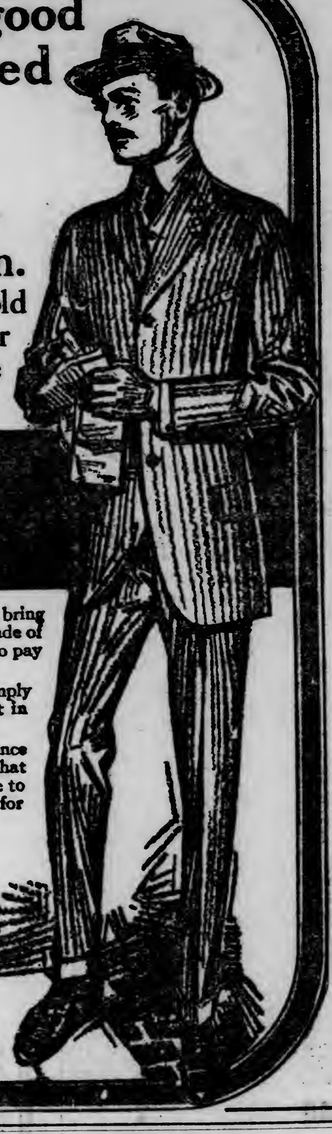

Joseph W. Folk, chief counsel of the commission, today received a letter from Henry Stoddard of New Haven, Conn., representing two of the witnesses, insisting that it was "unfair" to his clients for the commission to invoke the criminal statutes. He feels that in "all justice" the points in issue ought to be threshed out in a civil proceeding. His clients, it was pointed out, did not wish to be placed under the stigma of an indictment, and rather than suffer such humiliation, would give their testimony under protest.

Mr. Stoddard is acting as counsel for Harry V. Whipple, president of the Merchants' National bank of New Haven, and Edward I. Field of New Haven, said to be the president of the Billard company. Indictments against other witnesses already were prepared for submission today to the grand jury.

DEFECTIVE PAGE

The burden of good appearance is lifted from your purse

Many a man wishes he could wear better clothes—you can. Good clothes that have style, hold their shape, and wear. Better clothes for the money! They are STYLEPLUS CLOTHES $17.

Styleplus Clothes $17

If they were sold without the trade mark they would bring $20 to $25. Why? Because STYLEPLUS has the grade of fabrics, the styling and the careful making that men who pay as high as $25 demand.

In other words, STYLEPLUS CLOTHES are not simply right in style. They are "all around values," right in fabric and in workmanship as well as in style.

Let us show you how the question of good appearance becomes a matter of picking out the STYLEPLUS that looks best on you. No temptation to pay a little more to get suited. Big range of styles and fabrics. *Specials* for young men.

TAFT VIEW OF TOLLS IS TOLD

Ex-President Is Quoted as Declaring Exemption Was Subsidy.

Choate Writes That Treaty Means Exactly What It Says.

Washington, April 16.—The Panama tolls hearing today before the senate canals committee brought out a hitherto unpublished speech by Former President Taft and correspondence of Joseph Choate, American ambassador at London, during negotiations of the Hay-Pauncefote treaty. Dr. Ernst Richard, representing the North American Gymnastic union, appeared in favor of the repeal.

The speech of Mr. Taft, said to have been delivered before the Canadian club in Ottawa last January, was introduced by Senator Simmons, who said he believed it to be authentic.

Passed as a Subsidy.

In this speech Mr. Taft was quoted as saying:

"We doubtless shall have to arbitrate the matter unless congress reverses itself. There are some hotheads that talk in absurd tones about the right of the United States to manage her own canals and her own property as she likes, no matter what she has agreed to, but this is all froth. These are the explosivistas. The idea of congress in passing the bill, and my own in signing it, was that we were thus giving a subsidy to our coastwise ships between New York and San Francisco and Boston and Seattle, as we did in the early days of our transcontinental railways.

"All I object to is being told, when I approve the putting on of coastwise exemption, that I favor breaking a treaty. I am not in favor of breaking treaties, but the question is what the treaty means."

Letter From Choate.

Mr. Choate declared in a letter to Henry White, presented to the committee, that his official correspondence established beyond question the intent of the parties in the negotiations; that the treaty should mean exactly what it says and excludes the possibility of the exemption of any kind of vessels of the United States. Equality between the United States and Great Britain is the constant theme.

"It is not gentlemanlike to insinuate that President Wilson and those who share his voint of view," said Dr. Richard, "do so from cowardice; from fear of Great Britain, as a good chance to make the eagle scream and get Irish votes and a few German ones."

DIES IN SAME WAY.

Grand Forks Woman Is Suddenly Stricken, as Was Husband.

Grand Forks, N. D., April 16.—(Special to The Herald.)—The remains of Mrs. Ellen Lynch, who died suddenly in St. Paul early yesterday, were brought here today for burial.

Less than two years ago Mr. Lynch met death in almost the identical manner, heart failure, and he had been in the best of health up to the moment he was stricken.

Mrs. Lynch leaves extensive land interests near Wood Mountain, Sask. Her daughter, Miss Genevieve, has been attending school in St. Paul, and she was visiting her when stricken.

MISSOURI ICE GONE.

Little Damage Reported in North Dakota This Spring.

Bismarck, N. D., April 16.—(Special to The Herald.)—The Missouri river ice went out this year with little damage in North Dakota, advices received at the Federal weather station in this city being to the effect that the danger of flood waters is past.

Picturesque ice blockades of previous years were avoided this season through the fact that the ice was well rotted before it broke up. At one or two points small blockades threatened trouble, but they were broken up successfully.

PROMINENT GERMAN VISITORS ARRIVE

New York, April 16.—Prof. Herrmann Hahn of Munich, the sculptor, who designed the Goethe memorial, soon to be unveiled in Lincoln park, Chicago, arrived in New York today on the steamship Berlin. He will proceed to Chicago immediately to take part in the unveiling exercises.

Another prominent German on the Berlin was Hofrat Horst Weber, proprietor and manager of Leipziger Illustrirte Zeitung, one of the leading illustrated weeklies of Germany.

DISTRIBUTION DAY A GREAT SUCCESS

Crowds Carry Away Handy Reference Sets and Some Return for More.

The events of yesterday demonstrated that the intelligence and ambition of the citizens of Duluth were correctly gauged in offering them the only exceptional book publication of the year. Hundreds who already have shelves filled to overflowing with bulky and more or less obsolete encyclopedias were among the many who made a rush upon the Glass Block store yesterday. "Just what I wanted," was the common phrase which found its way to the lips of those who first saw the books. Many come as representatives of their families; others got a set for the son or daughter; some come as the messenger of those employed with them in places where the need of just such a work of ready reference is recognized; and still others, for fear they could not take two sets out at once returned for additional sets, some of them saying that they wanted to get several sets to use for various gift occasions. If the rush continues tomorrow, it will indicate that the allotment of books for Duluth and vicinity will not last through the ten days.

Clip the coupon from another page of this issue and get your set immediately at the Glass Block store.

Marine

NAVIGATION AT BUFFALO OPENS

Three Boats Leave for Duluth, Coming Up Light.

Buffalo, N. Y., April 15.—The sailing of three freighters today—the Harry Yates, St. Clair and Lake Port all bound light for Duluth—marked the opening of the navigation season on Lake Erie. A volley of salutes from harbor craft speeded the steamers on their way.

The Welland canal will be in operation within a week. Marine insurance went into effect at midnight.

GRAIN VESSELS READY TO MOVE

More Than 2,000,000 Bushels Loaded at Head of Lakes.

If the warm weather continues a few days longer a flotilla of vessels bearing more than 2,000,000 bushels of grain, mostly wheat, will steam toward Buffalo, Midland and Port Colbourne. A half dozen of the largest lake freighters docked at Duluth and Superior are already loaded and loading operations are still going on.

The Andrew Upson, a vessel of 227,000 bushels capacity, has just steamed to the Great Northern elevator, Superior, and is being loaded with wheat. Among the vessels already loaded are the Bixley, Cowle, Dimmick, Albright, Riddle, Pollock and Andrews.

Duluth is daily receiving additions to its marine crews. Nearly all of the captains have arrived and it is expected that practically all the vessels will be fully manned and ready for traffic in a short time.

The position of the ore shipper is not of the best. The holding-off policy of the Eastern manufacturer and the railroads is delaying orders for ore. Vessel owners are now anxiously awaiting developments from the East.

CASS COUNTY PAYS.

Finally Settles for Its Patients In Jamestown Asylum.

Jamestown, N. D., April 16.—(Special to The Herald.)—The long delayed payment of Cass county to the state asylum of the insane, for the care of patients, has just been made, the sum being $22,385.40.

The fact that six patients were charged to Cass county, whom the officials of that county asserted belonged elsewhere, caused the delay. Through the investigation conducted as a result of Cass' refusal to pay, it was found that two of the inmates belonged to Morton county, while the other four could not be fixed as to location, making them a burden upon the general state fund.

TO SAVE KRAFCHENKO.

Effort Being Made to Have Murderer's Sentence Commuted.

Pembina, N. D., April 16.—(Special to The Herald.)—Petitions are being circulated in the border cities asking for the commutation of the death sentence imposed upon John Krafchenko, the Plum Coulee bandit and murderer of H. M. Arnold.

A general campaign is being waged throughout Manitoba and the Canadian Northwest in behalf of the bandit, asking that his life be spared, and his sentence be commuted to life imprisonment.

Requests for petitions to be used in behalf of Krafchenko have come from numerous American points.

You'll Crow Over "GETS-IT" for Corns!

It Will Startle You How "GETS-IT" Gets Corns Every Time.

"One, two three!" That's about as long as it takes you to apply "GETS-IT," the new-plan, simplest, surest corn cure the world has ever seen.

"This Is No Place For a Crow. Her Corns Are All Gone. She Must Have Used 'GETS-IT.'"

Corn fussing is all over. Corns, corn pains and calluses are absolutely done for, from the minute you apply "GETS-IT." Forget the bother of useless plasters, greasy salves that spread and make toes sore and raw, little doughnut cotton rings that press on corns, forget knives, razors, scissors and the dangers of blood poison from drawing blood, and the contraptions and harnesses that simply make corns worse. "GETS-IT" never hurts the flesh, never fails.

"GETS-IT" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

DULUTH PIONEER DIES AFTER BRIEF ILLNESS

GEORGE A. EBMER.

George A. Ebmer, aged 49 years, a pioneer of the city, died rather suddenly last evening at his home, 511 Fourth avenue east from hemorrhage of the stomach. Mr. Ebmer was sick only five days, and seemed to be improving. No danger was expected from the illness and the sudden turn for the worse took the family by surprise.

Mr. Ebmer has lived in Duluth for more than thirty years. He was a son of Mrs. Margaret Ebmer, who survives him, and of the late Alois Ebmer, who died about a year ago. For years he has been a civil engineer and surveyor and assisted in the work of laying out Duluth's first streets.

He is survived by his mother; his widow; three sisters, Mrs. A. Gerein of St. Paul, Mrs. W. B. Marshall and Mrs. Edwin Wenzel of Duluth; two brothers, Louis and Arthur, both of Duluth; and three sons, Edward A. and Raymond R. of Duluth, and Harry A. of Virginia.

Unless plans are changed, the funeral will be held tomorrow afternoon at 2:30 from the family residence and interment will be in Forest Hill cemetery. Rev. A. W. Ryan, rector of St. Paul's Episcopal church, will conduct the services.

SMALLPOX IN TWO TOWNSHIPS

Duluth Health Officer Complains of Settlers' Carelessness.

The citizens of Duluth are being exposed to smallpox by people coming here from the towns of Gnesen and Fredenburg, according to reports which have been made to Dr. H. F. Webster, director of public health.

A local physician was called to Gnesen yesterday and vaccinated a large number of school children. The physician's report to the department was the first intimation received by the officials of conditions in the two towns. It is said that none of the patients has had medical attention and have been mingling freely with others.

Some of the residents have been coming to Duluth, thus exposing people here, which is the reason for the health department's interest in the situation. Dr. Webster communicated with the state board of health this morning, explaining conditions as represented to him and asking the board to send some one here to make an immediate investigation and enforce quarantine regulations.

PRINCE FERDINAND ACTS AS WITNESS

Prince Ferdinand is taking part in the trial of Joe Germ, bartender for Joseph Scharabon, 415 West Michigan street, on a charge of selling liquor to a minor last Saturday evening.

He told the court that he was in the saloon when Waino Kivisto was served a drink and declared that the latter did not purchase the glass of beer.

But Prince Ferdinand declared to City Prosecutor Gurnee, who is conducting the case for the city, that he is not of royal blood, but that Prince Ferdinand is his name.

After taking the testimony from J. W. Kays, Onni Kankonen, William Kylmaplio, Chris Peterson and Waino Kivisto, the prosecution rested its case and the defense began late yesterday afternoon. This morning Benjamin Goldberg, who with Hans B. Haroldson is conducting the case for the defendant, continued introducing testimony.

George A. Gray Co
THE STORE FOR SERVICE.
113-115-117-119 WEST SUPERIOR STREET, DULUTH, MINN.

To Be Well Dressed Is Largely a Matter of Taste

It is not what you pay—but what you get for your money that counts.

A visit to our store is pleasant proof of the above. Whether it is a hat—a suit—a coat—a gown—a blouse or a skirt—you find here styles that are pleasingly different—and prices are surely attractive.

No wonder this business grows so!

WEST DULUTH

HERALD BRANCH OFFICES:
A. Jensen, 830 North 57th Ave. W. J. J. Moran, 316½ North Central Ave.
Herald's West Duluth reporter may be reached after hour of going to press at Calumet 175-M and Cole 247.

MILL WILL BE REOPENED

Will Furnish Employment to More Than 300 Men.

The Alger-Smith sawmill at West Duluth will resume operations on Monday, April 27 for the 1914 season. Announcement to this effect was made at the office of the company this morning.

The sawmill has been closed down since early in November. The opening of the mill will furnish employment for about 325 men for the summer.

Two shifts will be operated, one days and the other nights. It is estimated that about 40,000,000 feet of lumber will be cut in addition to about 20,000,000 lath and shingles.

The mill will give employment to about 175 men on the day shift and about 150 men on the night shift.

MANY DULUTHIANS WILL CROSS SEA

More Than 100 From West Duluth Planning Trip.

That more than 100 residents of West Duluth will visit Europe this summer is the opinion of A. J. Lindgren, steamship agent, who says that inquiries for tickets are continually coming in. Within the last month reservations for future sailing have been made by at least twenty residents of this end of the city at this one office.

Charles Strand, Mrs. Strand and their daughter, Margaret of New Duluth, left last evening for a three months' visit in Norway and other European conutries. They will sail from New York on Monday.

Mr. and Mrs. Charles Frenberg and family completed arrangements this morning to leave here on June 1 to visit Sweden and Norway as well as in Denmark, Germany and England.

"There will be an enormous traffic on the ocean this summer," said Mr. Lindgren. "Notices received from some of the steamship companies show bookings for a long way ahead. Several of the large steamers that will leave early next month and in June have practically all their staterooms taken. There seems to be no doubt that 100 or more will leave from West Duluth alone."

SUBURBS AFTER BASEBALL HONORS

The suburbs of Duluth intend becoming strong contenders for the city championship honors on the baseball diamond. At Gary a strong team is expected to get into the field and already more than fifty young men of the suburb have enrolled as aspirants to membership on the team.

At a meeting held last night a board of directors was elected. These are L. S. Zalk, John Marsh, A. C. Anderson, Walter Giedrojc and Charles Carlson. More than $100 was raised by popular subscription to boost the team and purchase necessary uniforms. A report of members who intend trying for the team, each of whom have contributed 25 cents toward the fund was given. The members enrolled are:

Joe Wirtes, John Loki, Brayton Berry, Emil Christianson, Dan Shaughnessy, Ben Lane, Howard Johnson, William Le Gault, Joseph Giedojc, John Graff, William Seesz, Clifton Drolet, Walter Giedrojc, A. K. Wanczak, James Aird, L. S. Zalk, Fred Marsh, L. E. Davis, Tony Radasovich, W. L. Magee, Robert Long, Lee Norton, B. Ossanna, A. L. Rock, C. N. Inforzato, Jack Franzer, Sam Orlich, Elmer Johnson, Bert Shaughuessy, Bob Gurtz, George Drolet, Steve Giedrojc, John Giedrojc, George Lorence, Al Loffelmacher, Charles Carlson, Nick Thomas, M. L. Anderson, A. C. Anderson, John Marsh, James Funger, A. M. Brindos, Warren Roberts, A. N. Kuehnow, D. H. Lewis, H. H. Peyton, Fred Damkroeger, Gene La Rochelle, Louis Zabukovec, Ignaz Zabukovec, Frank Berich, P. J. Gospodar, John Lebarich, Mike Lubratovich, Emil Atalic, Charles Strand, J. E. Gervenack, Jack Lockhart, J. K. Wanczak, Mike Dankerlovich.

A meeting will be held Sunday and practice games will be started immediately the following week.

Banquet for Children.

Children of the Sunday school of the Asbury Methodist church, Sixtieth avenue west and Raleigh street, will be entertained at a banquet in the church parlors tomorrow evening. About 250 children will be present. The banquet follows a campaign for new members instituted in the school in which the "reds" were the victors over the "blues."

I. G. Wollan, superintendent of the school, will be toastmaster. The supper will be served at 6:30 p. m., following which the following program will be given:

Selection ..... Orchestra.
Invocation ..... Rev. William H. Farrell.
Duet—(Selected) ..... Miss Adella Horman and Floyd Williams.
Toast—"Sunday School Enrollment" ..... Albert Mohaupt.
Reading ..... Robert A. Clark.
Violin solo ..... Russell Johnson.
Toast—"Our Boys" ..... Floyd Williams.
Toast—"Our Girls" ..... Miss Eva McLyman.
Selection ..... Orchestra.
Toast—"Sunday School Progress" ..... Assistant Superintendent Albert Meldahl.
Reading .....
Toast—"The Sunday School and Church" ..... Rev. William H. Farrell.
Duet—Selected .....
Miss Eva McLyman and Byron Brooks.
Toast—"Sunday School Spirit" ..... Byron Brooks.
Selection ..... Orchestra.
Accompanist, Miss Maud Gilbert.

START STREET CLEANING

Large Crew of Men Begins Work in West Duluth.

Street cleaning in West Duluth is now well under way. A large crew of men working under the direction of Street Commissioner P. H. McGraw has been cleaning up the streets and hauling away the refuse. Central and Grand avenues have been thoroughly gone over and many of the side streets are now being cleaned.

"With a little work on the part of some of the residents in cleaning up their back yards, West Duluth will present a cleanly appearance this summer," said Mr. Graw this morning. "We intend doing what we can to clean up every part of the city's property, and have progressed rapidly so far."

MISSABE ROAD WILL DINE MEN

Banquet at Proctor Will Be Followed By Moving Picture Show.

The annual banquet and smoker tendered by the Duluth Missabe & Northern to its employees will be held next Monday evening at the Odd Fellows hall in Proctor. The affair will begin at 6:45 o'clock.

A special train which will carry the Duluth employes to the scene of the banquet will leave the Duluth union depot at 6 o'clock and the West Duluth depot at 6:15. This train will return at the close of the banquet about 10:30 p. m.

A feature of the entertainment provided following the feast will be motion pictures showing steel making in some of the large steel plants of Pittsburg. Several reels of these pictures have been secured for the occasion.

The program will include also a few short addresses on what the railroad has done so far and what is expected to be done during the coming season. J. W. Kreitter, superintendent of the road will be toastmaster.

Deatherage Gets Patent.

Isaac Deatherage, former resident of West Duluth, now living in the West end, has just been granted a patent for a paper cutter attachment for tables.

Crew Repairs Track.

The Duluth Street Railway company has a crew of men repairing its tracks at Fortieth avenue west. At this point the tracks have sagged since the removal of the bridge and filling in of the ravine at this point. New rails and ties will be put in at this point and the track raised.

Sunshine Circle.

The Sunshine Circle of Our Savior's Norwegian Lutheran church will entertain tomorrow evening at a Bundle social. Refreshments will be served and the following program given:

Speech of welcome ..... Rev. J. C. Reinertson.
Piano solo ..... Hazel Inwaldson.
Reading ..... Miss Magna Thorp.
Violin solo ..... Miss Freda Holterud.
Vocal solo ..... Miss Clara Egeland.
Address ..... Rev. Walter Sievers.
Cornet solo ..... Mr. Otis.

Cavanaugh Funeral.

The funeral of James Joseph Cavanaugh, 42 years old, son of Mrs. Ellen Cavanaugh, 3518 West Third street, who died Sunday at the Nicollet hotel, will be held tomorrow afternoon at 1:30 o'clock. Rev. D. W. Lynch of the St. James Catholic church will officiate. He leaves two brothers and five sisters besides his mother. They are J. T. Cavanaugh, who lives with his mother; William, 1517 South street; Mrs. Thomas Farrell of West Duluth; Mrs. J. Panther of Hibbing, Mrs. William McKeon of Portland, Or., Mrs. Ben Hanson of Seattle, Wash., and Mrs. Harry Sutton of New York city.

West Duluth Briefs.

The Ladies' Aid society of the Merritt Memorial M. E. church, Forty-sixth avenue west and Halifax street, will entertain this evening and tomorrow night at a musical comedy, "The Singing School," to be given in the church.

West Duluth lodge, No. 168, Independent Order of Odd Fellows, will entertain this evening at its annual dancing party at Dormedy's hall, Central avenue and Ramsey street. Invitations have been sent to 300 friends of the lodge.

Ray C. McDougall, 5813 Wadena street, returned last evening from a short visit to relatives at Forest Lake, Minn.

The Fairmont school alumni association, assisted by the Fairmont Mothers' club will entertain at a musical and literary program in the school this evening.

A Little Girls' society will be organized among girls attending the Swedish Mission church, at a meeting to be held Saturday afternoon at the home of Mrs. Albert Johnson, 1116 North Central avenue.

The first regular meeting of the Women's Missionary Society of the Westminster Presbyterian church, which recently was organized will be held tomorrow afternoon at the home of Mrs. J. P. Weir, 409 North Fifty-third avenue west. The officers of the new society are Mrs. G. L. Shoup, president; Mrs. J. T. Brandenhoff, vice president; Mrs. Wallace Blanchard, secretary and Mrs. J. P. Weir, treasurer.

Watch repairing. Hurst, West Duluth.

ANOTHER WANTS WIFE.

Frank Moran Would Be Second in Empress Contest.

Frank Moran of Duluth Heights has written the management of the Empress for second choice in the matrimonial contest that is being held at the playhouse all of this week.

This morning W. M. Abrahamson, manager of the theater, received a letter from Moran in which the latter writes that he has been reading of the contest in The Herald and that he would like to be considered when the final vote is announced Saturday evening. After a wife is selected for Olaf Larson of Holland, Mich., Moran asks that the woman receiving the second largest number of votes be given to him.

Moran writes that he is 32 years old, weighs 153 pounds, owns some property in Duluth and would like to have his wife go with him on a farm.

YOUNG WIFE GETS DIVORCE

Separation Follows Closely on Heels of Mrs. Trocki's Wedding.

Walter Anderson Cited to Appear After Failing to Pay Alimony.

Wedding ties no longer bind Mrs. Gertrude Trocki, 24, to her second husband, Roman Trocki, 30, whom she married last November after a brief acquaintence. Judge Cant of the district court today granted her a divorce on the grounds of cruelty after having had her case under advisement for a month.

Trocki, a cabinet maker, and Mrs. Gertrude Musol Chmiericz, a young widow with four small children, met for the first time at a wedding celebration at the West end on Labor day last. A brief courtship followed which culminated in a marriage on Nov. 3 last. Trocki was a widower with one child.

Hardly had the wedding vows dropped from his lips, she testified at her divorce trial, before he broke them. She stood two months of the abuse and then left him, she said. Mrs. Trocki married her first husband at 19. He died a year ago last November. Since she left her second husband, she has been living with her mother.

* * *

Because he has failed to keep up alimony payments to his wife, Emma Anderson, from whom he was divorced three years ago last November, Walter Anderson of St. Paul has been served with an order requiring him to appear in district court here Saturday morning and show cause why he should not be punished for contempt in failing to obey the court's order.

Mrs. Anderson alleges that her husband was ordered to pay her $5 a week alimony and that he is now $25 in arrears. Anderson barely escaped having to explain to the court once before, she states in an affidavit, by paying over $100 to her for overdue alimony after he had been cited to appear and show cause why he should not be punished. This was on Dec. 23, 1913, she says.

* * *

Charlotte Lavoy, 43, started suit for divorce against John Baptiste Lavoy, 42, in district court this morning, charging that her husband deserted her six years ago this month. They were married in the city of Superior, June 10, 1895. Mrs. Lavoy asks for a decree of divorce and the custody of her children, who are Fred, 18; Lureta, 16; Bessie, 14; Nellie, 10, and Mildred, 6. She says that she knows nothing of her husband's present whereabouts.

CADY WILL SPEAK ON GARDENING

Will Talk to Amateurs at Glen Avon Church Friday Night.

Prof. Leroy Cady of the University of Minnesota will speak tomorrow night at the regular monthly meeting of the Glen-Hunt-Wood commission at Glen Avon Presbyterian church. Prof. Cady, who addressed the Hunter's Park and Woodland people last month on the subject of landscape gardening, will this time take "Amateur Gardening" for his theme, and his talk will be illustrated with some new lantern slides intended to illustrate the principles of successful gardening as they may be applied by the amateur. His talk will be intended primarily for the benefit of the man with a backyard, instead of for the man with a big farm, and efforts are being made by the members of the community commission to get every garden-owner in that part of the city out for the lecture.

"We have always been proud of our fall garden truck exhibition," said Mayor W. A. Prince of the commission today, "and we have demonstrated that our part of the city is capable of raising just as good fruits and vegetables as any other section, and a good deal better than most. But we want to keep ahead, and so we have secured the services of Prof. Cady to tell us how to get the best there is out of our garden work. It will be a surprise to us if the results of his talks do not appear noticeably in the exhibition next fall.

"Incidentally, I would like to say that we wish interested people from other parts of the city would come to hear him. We don't feel that in addition to our natural advantages, we ought to take further advantage of the other communities by keeping all the good things Prof. Cady says for our own use. We would especially invite Lakesiders to come, though the great difference between our sunny climate and that of the cold lake shore may seem to them to make it hardly worth while for them to listen to a lecture of this kind that would be extremely helpful to us."

Prof. Cady's talk will be preceded by a supper served at 6:30 by the ladies of Glen Avon church.

Letters Patent Signed.

Madison, Wis., April 16.—Governor McGovern today signed letters patent for the city of Fond du Lac, authorizing it to operate under the commission form of government.

Al Broden, superintendent of a Reading, Pa., iron company, has been honored by the king of Sweden with a decoration of knighthood in recognition of his work in strengthening the international friendship between these countries.

NOW IS THE TIME TO **BUY A FARM**

THE SATURDAY HERALD will give many interesting facts in relation to Northern Minnesota Farm Lands. Interviews with men who know actual conditions that will prove profitable reading to all contemplating the purchase of 5, 10, 100 or 1000 acres. The most contented people on earth are the farmers of the Northwest. Farmers about Duluth are prospering.

¶ THE DULUTH HERALD AT ALL TIMES CARRIES THE BEST BARGAINS OF DULUTH'S FOREMOST FARM LAND MEN

The Doctor's Advice
by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Ellwood Sts., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

"Anxious M."—Give your children for bedwetting 10 to 15 drops in water before meals the following: Tincture cubebs, 1 dram; tincture rhus aromatic, 2 drams; comp. fluid balmwort, 1 oz. Mix well. This should be given about one hour before meals in water.

* * *

"T. R. A." writes: "I am afflicted with catarrh in throat and nostrils. Weak eyes and headache have resulted. Please advise what to use?"

Answer: Obtain a two-ounce package or box or antiseptic vilane powder and use it according to the directions which accompany each package.

* * *

"X. Y. Z." writes: "My hair is harsh and dead looking and my scalp is covered with dandruff. Can you help me?"

Answer: Get a 4-oz. jar of plain yellow mingol and use it regularly and your hair will become soft and fluffy and it will bring back the intense natural color in the hair; your dandruff will be cured and you will be rewarded with a healthy growth of hair.

* * *

"Mrs. G." writes: "I want something to increase my weight about 15 or 20 pounds. My blood is thin, watery and I have a pale complexion. Doctors say I am aenemic."

Answer: Probably your assimilative functions are impaired and aenemia is the result. I would advise that you begin taking three-grain hypo-nuclane tablets at once and continue until your blood is revitalized with red and white corpuscles. These tablets aid digestion and cause the body to assimilate the fatty elements in food, thus giving color, weight and strength to the abnormally thin.

* * *

"Tom K." writes: "I have been unable to work for some weeks on account of rheumatism. What would you advise?"

Answer: Take the following and I am sure you will soon be back at your work again. Mix the following at home and take a teaspoonful at meal times and at bed time: Iodide of potassium, 2 drams; sodium salicylate, 4 drams; wine of colchicum, ½ ounce; comp. essence cardiol, 1 oz.; fluid balmwort, 1 oz.; and syrup sarsaparilla, 5 ozs.

* * *

"Clara" writes: "I have had a cough for about a year and fear I shall never be rid of it, as it gets worse with every fresh cold I contract. Could you give me a remedy?"

Answer: I can give you a remedy that I am sure will relieve you and one that is absolutely harmless and pleasant to take. Make a syrup with one pint of granulated sugar and one-half pint of boiling water, put on the fire and let it come to a boil, then cool and add the contents of a 2 1-3 oz. bottle of essence mentho-laxene, which you can purchase at any drug store, and you will have a pint of the finest cough syrup on the market today. It is about eight times cheaper than ordinary labeled cough medicines and will last much longer.

* * *

"Miss Celia" writes: "I suffer with my stomach and have to live on a very limited diet. Please prescribe something so that I can digest food and overcome this nausea and distress."

Answer: Tablets triopeptine, you will find most effective if regularly used for several weeks. They are sold in sealed cartons with full directions.

* * *

"Adam J." writes: "A period has arrived in my life where I find my natural strength and nervous system failing me. I do not recuperate as of yore. My food and rest seem not to benefit as they should. Am weak, despondent and unable to perform the duties which were assumed earlier in life, while my ambition for work and pleasure is slowly going."

Answer: I think a powerful harmless tonic and nervine medicine will rejuvenate and restore the functions of digestion, assimilation, and elimination by invigorating the nervous system. Obtain three-grain cadomene tablets, packed in sealed tubes and take as per directions accompanying.

* * *

Ellen J. asks: "I am only 23 years old and weigh 190 pounds. I am short, fat and uncomfortable. I dislike to go in company, as I feel embarrassed. Can you advise a fat reducing remedy?"

Answer: Any one who is too fleshy can safely take 5-grain arbolone tablets. They are sold by well-stocked druggists in sealed tubes with full directions for use. A pound a day, if used regularly, can be taken off.

* * *

Mrs. Jewel C. writes: "My husband is surely afflicted with some kidney disease. He has become weak and suffers with headache and pains in his back and groins. Pains are like rheumatism. His ankles swell and his feet seem to be tired all the time. Some days he has chills and no appetite. Please prescribe."

Answer: The symptoms indicate derangement of kidneys and should not be neglected. I would advise balmwort tablets, a compound well suited to such cases. Obtain in sealed tubes with directions for home use.

* * *

"Q. R." writes: "Please advise something to take that will cure chronic constipation. I have suffered for years have hayed used many kinds of pills, but they do not cure."

Answer: I think most of the illness is caused by chronic constipation. If the following tablets are taken regularly they will gradually effect a cure as they stimulate the liver and bowels into healthy action. They are packed in sealed tubes and are called three-grain sulpherb tablets (not sulphur tablets) with full directions for taking. They will also purify the blood and tone up the entire system. If you are a dyspeptic, take tablets triopeptine. These two medicines you will find in any up-to-date drug store. —Advertisement.

TRADE STILL ON INCREASE

Houses Are Awaiting Navigation Opening to Replenish Stocks.

Salesmen Report Fine Business in All Lines of Staples.

Continued improvement in their aggregate trade is reported by Duluth wholesalers and manufacturers. The data of practically all the local establishments show that sales and shipments are bulking up well in advance of last year.

Houses here are now anxiously awaiting the opening of navigation, as stocks of all staples are badly broken up and the deferring of shipments upon an extended scale has consequently become the rule. That condition is said to be especially the case in hardware, groceries and other heavy staples.

Reports upon the season's outlook from salesmen over the country are uniformly encouraging.

Dry Goods Trade Satisfactory.

Business in dry goods lines is satisfactory in every respect, according to F. A. Patrick & Co. Future trade in mackinaws and woolen goods is still the feature, but a rush in current business was experienced during the last few days, attributable to the better feeling over the West with the favorable conditions now ruling for spring seeding operations. The Patrick factories on Superior street west are operating full time in all departments and are employing more hands than in any previous year at this season.

Grocers' Orders Expand.

Increased trade in groceries, staples and features was noted by the Rust-Parker-Martin company of this city, and the Twohy-Elmon Mercantile company of Superior. The situation is still weak in sugars and buying to cover immediate requirements is consequently the rule in trade circles. Business in coffees is also dull and featureless, with a further decline in quotations regarded as likely. The present is the heavy season in dried and canned fruits and vegetables. The market in them is strong in practically all directions. Evaporated apples are higher and prunes are firm. Peaches are firming up after having been weak for some time. Canned vegetables are moving out in surprising volume. Quotations in string beans have been materially advanced. Supplies in first hands are light, and they are said to be difficult to procure in any quantity.

Tomatoes are now firm with a liberal demand being met within them. Rice, rolled oats and other cereals are strong throughout the list.

Fair Sales in Shoes.

The Northern Shoe company advises that orders being taken by its salesmen for next fall's delivery are bulking up into large proportions. Sorting up business in spring lines is coming to hand in much better volume than had been expected a few weeks back. The sales department of the local factory is now pursuing the policy of covering the ground more closely and the result is evident in an increased proportion of the business being landed from over the territory. The placing of one or two additional travelers out over the Northern Minnesota ground is proposed shortly.

Furniture Men Busy.

"Our sales so far in April show an increase of 40 per cent over last year," said H. F. Seitz of the De Witt-Seitz company. Northern Minnesota is making an exceptionally good showing, he averred, but orders are also coming to hand freely over North Dakota and Montana. The collapse of the Michigan copper strike has already led to an influx of business from that quarter.

The company's mattress factory is turning out 100 mattresses daily, and is employing several more hands than a year ago.

Building Materials Moving.

The booking of the heaviest trade in its history in building materials, including Beaver board, was advised by the Peyton Paper company. Orders in general stationery lines are also being found satisfactory by the house.

Hardware Quotations Steady.

General trade in hardware staples and specialties is reported to be well maintained by the two Duluth jobbing establishments, the Marshall-Wells Hardware company, and the Kelley-How-Thompson company.

Prices are steady through the list in shelf hardware and steel goods. The feature this week is a sharp advance in .22 caliber ammunition, amounting to from 10 to 25 per cent. Heavy shipments of linseed oil and paints have been made so far this spring. The market is firm in each.

Leather Prices Up.

Further advances in leathers are advised by the Northwestern Leather company. Though it only entered the trade last fall, the company avers that it is booking a liberal business from over Northern Minnesota and also from the southern sections of the state.

Thirty Days for Jane Est.

New York, April 16.—Jane Est, the young woman follower of the Industrial Workers of the World who disturbed the Easter services in the Madison Square Presbyterian church, was sentenced to thirty days in the work house by a magistrate in the women's court.

WIDNEY AGAIN PUT IN CELL

Los Angeles Man Is Arrested With Woman in Chicago.

Series of Near-Deaths Figures in Their Record.

Chicago, April 16.—R. J. Widney of Los Angeles, Cal., last night was arrested at a downtown hotel on a charge of pandering. A woman registered as Mrs. Vivian Widney, 23 years old, also was arrested. She was charged with disorderly conduct.

Three weeks ago Widney left the hotel and went to Kansas City. The woman was found unconscious from poison. At a hospital she said her name was Mrs. Vera Lyons. She left the hospital last week and has been living at the hotel under the name of Mrs. Widney.

The suspicions of the police were aroused by the name the woman gave at the hospital. An investigation was made and the arrests resulted.

The police say that Widney is believed to have a wife and children living in Los Angeles.

Has Queer Record.

San Francisco, April 16.—Robert J. Widney of Los Angeles, Cal., came into notoriety here in December, 1912, when in response to a hysterical telephone call from Mrs. Vivian Merlin Lyons, the police found him in an apartment he was occupying with her, shot through the abdomen.

The woman was arrested, charged with attempted homicide, but later repudiated her first statements to the police and the case against her was dropped when Widney, who recovered after a critical illness, said he had shot himself accidentally.

Widney, who is a married man, is the son of Judge Robert Widney. His father came to his assistance and effected a reconciliation with his wife, but after his recovery Widney, Jr., was often seen with Mrs. Lyons and they came into the hands of the police a second time.

Again Mrs. Lyons telephoned for the police. Widney was found unconscious from a narcotic poison and his companion under its influence to a lesser degree. She said both had attempted suicide. Both were resuscitated and dropped from sight.

WEDNESDAY AGAIN PUT IN CELL

Los Angeles Man Is Arrested With Woman in Chicago.

Series of Near-Deaths Figures in Their Record.

Chicago, April 16.—R. J. Widney of Los Angeles, Cal., last night was arrested at a downtown hotel on a charge of pandering. A woman registered as Mrs. Vivian Widney, 23 years old, also was arrested. She was charged with disorderly conduct.

Three weeks ago Widney left the hotel and went to Kansas City. The woman was found unconscious from poison. At a hospital she said her name was Mrs. Vera Lyons. She left the hospital last week and has been living at the hotel under the name of Mrs. Widney.

The suspicions of the police were aroused by the name the woman gave at the hospital. An investigation was made and the arrests resulted.

The police say that Widney is believed to have a wife and children living in Los Angeles.

Has Queer Record.

San Francisco, April 16.—Robert J. Widney of Los Angeles, Cal., came into notoriety here in December, 1912, when in response to a hysterical telephone call from Mrs. Vivian Merlin Lyons, the police found him in an apartment he was occupying with her, shot through the abdomen.

The woman was arrested, charged with attempted homicide, but later repudiated her first statements to the police and the case against her was dropped when Widney, who recovered after a critical illness, said he had shot himself accidentally.

Widney, who is a married man, is the son of Judge Robert Widney. His father came to his assistance and effected a reconciliation with his wife, but after his recovery Widney, Jr., was often seen with Mrs. Lyons and they came into the hands of the police a second time.

Again Mrs. Lyons telephoned for the police. Widney was found unconscious from a narcotic poison and his companion under its influence to a lesser degree. She said both had attempted suicide. Both were resuscitated and dropped from sight.

LEASE STATE LANDS.

Two Secure Tracts at Office of the County Auditor.

County Auditor Odin Halden yesterday executed state land, grass and pasturage leases to W. G. Martin, 226 East First street and Isakki Salo of Embarrass at an annual rental of 10 cents per acre.

Salo rented a forty-acre tract in section 36, 61-16, and Martin was given a lease on eighty-seven acres comprising lots 2 and 3 in section 32, 63-20. The county auditor retains 10 per cent of the money collected on such leases for the county and turns the remainder over to the state.

DEDICATE BUTT MEMORIAL BRIDGE

Augusta, Ga., April 16.—Simple but impressive exercises attended the dedication here yesterday of the Butt memorial bridge, erected as a tribute to the memory of the late Archibald Willingham Butt, aide to Former Presidents Taft and Roosevelt, who perished in the Titanic disaster on April 14, 1913. Former President Taft, a delegation of Free Masons from the Temple Noyes lodge of Washington, of which Maj. Butt was a member, local Masons and members of the Butt Memorial association participated in the services, which were held on the handsome new bridge spanning the canal at Fifteenth and Green streets.

The formal dedication of the bridge was preceded by the laying of a cornerstone, with ritualistic ceremony by the Masons. Former President Taft, the first speaker, spoke feelingly of his former aide as "a Southerner through and through."

Diamond Frog Stickpin. Return to Herald office. Reward.

ACTRESS' BODY IN RUINS OF FLAT.

Boston, April 16.—The body of Miss Eileen Hazle, an actress, has been found in the ruins of the apartment house in the Allston district, burned Tuesday, bringing the number of dead to eight. Miss Hazle was a guest of friends in the house.

GOOD PREMIUM ON NEW YORK BONDS.

New York, April 16.—Bids for an issue of $65,000,000 of New York city fifty-year 4½ per cent bonds were opened yesterday, and the whole issue will be awarded to Kuhn, Loeb & Co., and William A. Read & Co., who offered 101.45. It was announced by Comptroller William A. Prendergast. This price produces a premium to the city of $942,500. A higher price has not been obtained for any offering of New York City bonds since the early part of 1909, Mr. Prendergast declared.

"WE HAVE ROOSEVELT."

Therefore, Says McCormick, We Will Never Join Republicans.

Seattle, Wash., April 16.—"Amalgamation of the Progressive and Republican parties is farther away than at any time since the ballots were counted in 1912," said Medill McCormick of Chicago, a Progressive leader, at a luncheon given here in his honor by the state Progressive organization of Washington.

"I make this statement," he continued, "after traveling through a dozen states and after correspondence with leaders of the Progressive party from Chicago to New Orleans and from Portland, Maine to Portland, Or.

"The Republicans have no leader; we have Theodore Roosevelt."

LEDYARD QUITS THE NEW YORK CENTRAL

New York, April 16.—Lewis Cass Ledyard retired from the board of directors of the New York Central & Hudson River Railroad company at the annual meeting of the stockholders yesterday in Albany. Mr. Ledyard, who was regarded as a Morgan representative as well as one of the railroad's legal advisers, was succeeded by Robert S. Lovett, chairman of the Union Pacific Railway company, which has large holdings of New York Central stock in its treasury.

The retirement of Mr. Ledyard marks another step in the gradual elimination of the so-called Morgan influence in the New York Central.

Steele Quits Lehigh.

Philadelphia, Pa., April 16.—The second resignation from the Lehigh Valley railroad board of directors within a month took place yesterday when Charles Steele of J. P. Morgan & Co., retired and was succeeded by William P. Clyde. George F. Baer, president of the Reading resigned from the Lehigh board last month.

IGNORES GAME LAWS.

Alger County, Mich., Illegal Hunter Faces Long Term.

Munising, Mich., April 16.—(Special to The Herald.)—Serving a term of thirty days and sentenced also to pay a fine of $75, James Twedale is undergoing incarceration in the Alger county jail for violating the game laws. He was arrested by game wardens for having in his possession the heads of thirteen deer, the most of which were does. Since it appears that these animals were killed within recent weeks, Twedale is facing the possibility of a prosecution for killing game out of season, the maximum penalty for which is a $125 fine and jail imprisonment for 100 days. He is a shacker living fourteen miles from Trenary, remote from other settlers and in a locality seldom visited. The wardens declare Twedale one of the most ruthless violators of the law by wholesale deer slaying that has ever been apprehended in Upper Michigan. He has lived in his shack for sixteen years and he is believed to have made a practice of killing game that time. The thirteen deer heads were found in a hollow log where Twedale had concealed them. The man acknowledged his guilt.

U. C. T.
ANNUAL MINSTREL SHOW
Lyceum Theater, Saturday evening, April 18th. Better than ever. If you want a good laugh, get in line.

YOU NEED A TONIC

Hood's Sarsaparilla, as a Spring Medicine, Is the Best.

Spring sickness comes in some degree to every man, woman and child in our climate. It is that run-down condition of the system that results from impure, impoverished, devitalized blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption.

The best way to treat spring sickness is to take Hood's Sarsaparilla. Ask your druggist for this old reliable family medicine. It purifies, enriches and revitalizes the blood. It is an all-the-year-round alterative and tonic, and is absolutely the best Spring medicine.

Get your blood in good condition at once—now. Delay may be dangerous. Be sure to get Hood's Sarsaparilla, nothing else can take its place.

H. H. PIERCE BUYS WATER COMPANY

Pittsburg, Pa., April 16.—The American Waterworks & Guarantee company was sold here yesterday for $1,250,000 to H. H. Pierce of New York, representing the bondholders' protective committee. The company, whose ill fortune began when the First Second National bank failed here last July, was sold under order of the Federal district court. The purchase price must be paid within four months after the sale is confirmed.

CROSBY MAN PRESIDENT

Dr. Froelich Heads Cuyuna Good Roads Association.

Crosby, Minn., April 16.—The Cuyuna Good Roads association which proposes to improve highways in this section and establish a ferry line over the Mississippi river has perfected its organization and elected officers as follows: President, Dr. H. W. Froelich, Crosby; first vice president R. W. Wedgewood, Cuyuna; second vice president, J. E. Mattson, Ironwood; secretary, J. C. Mick, Riverton; treasurer, R. Bergum, Manganese; committees: Executive, President Froelich, Dr. Sewall, J. H. Hill and J. Barr; finance, J. B. Haskell, J. C. Herbst, H. A. Hunter and Con Faupel; legislation, D. B. McAlpin, H. A. Brown, J. H. Hill; highways, Dr. Elftman, R. W. Wedgewood, Marcus Ellingson, J. Watt, F. E. Peabody; membership, Hugo Almquist, Dr. G. M. Sewall, G. C. Travers, C. B. Connors, Ed Lovedahl, William Syreen and Ed Kreuher; entertainment, W. C. Deering, Herbert Elingson and George Ridle.

CROSBY SUICIDE.

Crosby, Minn., April 16.—Charles Normi, a Finn mine worker, about 28 years old, was discovered by Nick Mattson in the act of cutting his own throat. Mattson attempted to prevent the suicide, but the drink crazed maniac threw him aside and drew a razor across his throat. He died instantly.

Japanese Cabinet Formed.

Tokio, April 16.—Count Shigenobu Okuma, former Japanese foreign minister, has completed his new cabinet.

CANNOT POISON WOLVES.

Michigan Legislature Furnishes Poster for Upper Peninsula Trappers.

Channing, Mich., April 16.—(Special to The Herald.)—Trappers in Upper Michigan are learning with amazement that killing wolves by means of poison is unlawful. It has developed only recently that at the last session of the legislature the practice was made illegal. Heretofore the much greater number of wolves have been killed by poison. The custom has been to secret the deadly drug in chunks of tallow or meat and deposit the bait in favored localities. It is not explained why the legislature has prohibited the practice, but it is believed the measure is intended for the protection of fur-bearing animals other than wolves. It is known that otter, marten and mink frequently have been poisoned by bait put out for wolves and in the great majority of instances the valuable pelts have been lost, for the reason the animals have dragged themselves off and have died in inaccessible places.

MUSTEROLE A Magic Ointment for Heuralgia

Ease that throbbing pain, that splitting headache in a twinkling with a little MUSTEROLE.

Try this clean, white ointment (made with oil of mustard), today. Millions have found it a marvelous relief. Millions use it now instead of the old-time mustard plaster. For they know MUSTEROLE does not blister as old-time mustard plaster did.

Best for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, all Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for $2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

RUSH A. WEBSTER, 794 E. 165th St., New York City, says:

"I can highly recommend Musterole to any one suffering from Neuralgia or a cold in the head." (60)

TWIN GIRLS WIN ILLINOIS ROAD PRIZE

Make Twelve and One-Half Miles of Highway in One Day.

Chicago, April 16.—Three girls were the winners of the leading prizes offered by the Associated Good Roads association for the best work of volunteer roadmakers.

Alma and Amanda Gewiske, 17-year-old twins, left their home at 4 o'clock in the morning on a home-made drag, and quit work at night with 12½ miles of road made. They received the first prize of $65.

Lillian Goede, 18 years old, also of Des Plaines, received the second prize of $45 for dragging seven miles of road.

STERILIZATION ORDER RESCINDED.

Des Moines, Iowa, April 16.—The state board of parole has rescinded the order it made some time ago for the sterilization of twenty-five convicts at the Fort Madison penitentiary. The action was taken on the recommendation of Attorney General Cosson, who held that none of the convicts was subject to the provisions of the law, which permits sterilization of convicts who have been convicted twice.

Clarke Renominated.

Little Rock, Ark., April 16.—United States Senator J. P. Clarke was renominated by a majority of 212 over Judge W. F. Kirby, according to an announcement by the Democratic state central committee, which has just completed a canvass of the vote at the recent state primary.

DON'T TRUST CALOMEL

Thousands Experience Bad After Effects From This Dangerous Drug.

A Safe Vegetable Substitute Is Dr. Edwards' Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a laxative and liver toner in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like calomel, except that there are none of the bad after effects.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him, years ago, towards experiments with the view of discovering a substitute, and he has been for several years in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-colored tablet.

The results of 17 years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets. And their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

There is no necessity, when you take Dr. Edwards' Olive Tablets, by following them up with nasty, sickening, griping salts, or castor oil, as you do after taking calomel. Try them, 10c and 25c per box. The Olive Tablet Company, Columbus, O. All druggists.

NOTICE

Any person or persons in need of Painters, Paperhangers or Decorators call Grand 335-Y and men will be available.

MINERS VOTE TO STAY AT WORK

Pittsburg, Pa., April 16.—Van Bitner, president of District No. 5, United Mine Workers of America, announces that reports from local unions indicate that a majority of the 45,000 miners in this district voted to continue at work while the negotiations for a settlement of the wage scale are in progress.

Terre Haute, Ind., April 16.—Although no reports of the voting on the action of the international policy committee had been received at District No. 11, United Mine Workers' headquarters here, it is the generally expressed opinion of the officials that the report has been accepted by the miners. No official report of the referendum vote is expected until about May 1.

PASS CITY TESTS.

Three Police Sergeants Are Eligible for Position of Lieutenant.

The civil service commission yesterday afternoon passed upon the examinations given recently for various city positions.

Three police sergeants, E. H. Barber, C. A. Holmstrom and Robert McDermott, were successful in the tests for promotion to lieutenant. One of them will be appointed at an early date to take charge of the central station at night, filling the position vacated by Herman Fritz, now on the pension list. Five passed the examination for rodman, chainman and axman, five for chauffeur, ten for senior clerk and five for junior clerk.

FEARS DISEASE FROM CANAL USE

Boston, April 16.—Fear that the opening of the Panama canal may be followed by a world-wide epidemic of yellow fever and cholera, which will cause great commercial loss, is expressed by Dr. Richard P. Strong, head of the Harvard school of tropical medicine. Dr. Strong formerly was at the head of the government biological laboratory in the Philippines, and later became prominent through his work in combating pneumonic plague in Manchuria. Last year he led the Harvard Medical school expedition to Peru, where an extensive study of tropical diseases was made.

Hooper Renominated.

Nashville, Tenn., April 16.—The Republican state convention here unanimously renominated Ben W. Hooper for a third term as governor. Judge Sam C. Williams, an independent, was renominated for the supreme court.

Dayton's City Manager Marries.

Leavenworth, Kan., April 16.—Henry M. Waite, city manager of Dayton, Ohio, was married at Fort Leavenworth last night to Miss Mary Mason Brown of Lexington, Ky. The ceremony took place at the residence of Capt. Preston Brown, the bride's brother.

IMMIGRATION INSPECTOR

Port of San Francisco Praises Peruna for personal benefit received.

San Francisco, January 6, 1914.

Mr. A. de la Torre, Jr., formerly U. S. Inspector of Immigration, Port of San Francisco, writes from No. 1111 Powell St., San Francisco, Cal.: "I take great pleasure in recommending your great national catarrh cure, Peruna, as the best I ever used. I sincerely express my thanks to you for the health which I now enjoy. It has done me and a number of my friends good, and I can assure you that I shall take every opportunity to speak in favor of what I consider to be the best remedy for catarrh in existence today."

JOHN B. ERD DIES IN ST. PAUL OF PLEURISY

JOHN B. ERD.

Pleurisy setting in, following an operation in Minneapolis eight weeks ago, caused the death at St. Paul yesterday afternoon of John B. Erd, 49 years old, prominent Duluth merchant and member of the Duluth water and light board up to the time commission government came into existence here about a year ago. He was a member of the board for several years and was one of the most faithful civic workers in Duluth.

Death Comes as Surprise.

The death of Mr. Erd at 4:30 o'clock yesterday afternoon at the home of his brother-in-law, Emil Geist in St. Paul, came as a distinct shock to the members of the immediate family who were at the bedside at the time, and it is a sad surprise to his friends and his business associates in Duluth.

Mr. Erd left Duluth on Feb. 12, accompanied by Mrs. Erd, to undergo a minor operation in a Minneapolis hospital. He recovered rapidly and was later able to go to the home of his brother-in-law in St. Paul. It was there that pleurisy set in about three weeks ago, finally causing his death yesterday afternoon. Mr. Erd suffered from a severe attack of pneumonia about a year ago and it is believed that his weakened condition resulting from that illness, was partly responsible for his inability to battle against the attack of pleurisy.

Mr. Erd was born at St. Paul on Dec. 21, 1864, and was educated in a parochial school in the Capitol city. When 13 years old he went to work in a drug store and later he obtained a position in the jewelry store of Emil Geist, with whom he was associated up to 1897, when he came to Duluth to take over the jewelry store of Joseph Geist, who died here that year. Mr. Erd brought his family with him and they have made their residence here ever since. They live at 202 South Nineteenth avenue east, while Mr. Erd's jewelry store is at 29 East Superior street.

Father of Senta Erd.

Mr. Erd married Miss Marie Geist, a sister of Emil Geist, who in turn married a sister of Mr. Erd. Besides a widow, Mr. Erd is survived by one daughter, Miss Senta Erd, a member of Duluth's musical circle and popular with the younger people of the city. She was to have acted as bridesmaid last evening at the wedding of Miss Marie Hibbing to Dr. Herman M. Keller of Minneapolis, but was compelled to leave for St. Paul Tuesday evening upon an urgent call from Mrs. Erd, who telegraphed that Mr. Erd had a sudden relapse and was then dying. Another daughter, Miss Marie Erd, 23 years old, died suddenly at Minneapolis two years ago. Two sisters, Mrs. Emil Geist and Mrs. Max Hermann of St. Paul, also survive him.

No funeral arrangements have as yet been made, but interment will take place in St. Paul, where Miss Erd was also buried, two years ago. It is probable the funeral will be held Saturday afternoon.

Mr. Erd's kindly, genial disposition made a host of friends for him in Duluth, and few men in the city were as widely loved and respected.

New Grand Forks Warehouse.

Grand Forks, N. D., April 16.—(Special to The Herald.)—Prominent officials of the Rumely Products company, including J. M. Robinson, general sales manager, were in Grand Forks yesterday, and announced that plans were under way for the construction of a machine warehouse in Grand Forks that will provide 75,000 square feet of space.

BATTLE OF SAN PEDRO IS BLOODIEST FOUGHT IN MEXICAN REVOLT

(Continued from page 1.)

tured by the Constitutionalists. The men were mustered into the rebel ranks while their officers will be held as prisoners.

A number of so-called volunteers, or "red flaggers," were captured and executed. These men were former followers of Madero, who are alleged to have joined the Orozco rebellion which overthrew him.

All the prisoners, including one major, three captains and ten lieutenants, are being sent to Torreon.

The last day's fighting was done by the Herrera and Benevides brigades attacking from the south, while Gen. Villa, with two brigades, and Gen. Contreras charged from the west. Gens. Ortega and Hernandez attacked from the east. Failure of the rebel column assigned to attack from the north to arrive on time saved the Federals from annihilation.

Artillery Played Havoc.

The assault was met by a withering artillery fire. The Federals were all but surrounded and fought desperately, their fire tearing great gaps through the rebel ranks. They fought from the cover of irrigation ditches and adobe houses over a line twenty miles in length, but gradually they were forced toward the center of the city. Their escape was through the north, left open by the non-arrival of the troops assigned to that position. The fugutives once clear, turned east in the general direction of Monterey.

This was at 5 o'clock in the afternoon, after ten hours' terrific fighting. The retreat was almost a rout. In the streets 500 Federal dead were found. Three thousand men were sent in pursuit of the fugutives.

The presence of Gen. Velasco, who evacuated Torreon April 2, at San Pedro was a surprise to Gen. Villa. He learned from the prisoners that when the Federal generals De Moure and Maas were driven from the town last week they sent word to Gen. Velasco, then at Parras, sixty miles south, that they were in danger of being surrounded.

Velasco, by forced marches, succeeded in joining them on the tenth at Benavides Junction, only a few miles from here. Later the troops of Gens. Argumedo and Campo came up, and the rebel garrison then here was driven out on April 11.

That night Villa, with 5,000 reinforcements and twenty field pieces, arrived and began an immediate attack which culminated Monday in the flight of the Federals.

Newspaper Men Prisoners.

Torreon, Mex., April 16.—Five newspaper men, said to be Americans assigned to the Federal troops, are reported to have been among the prisoners captured at the battle of San Pedro de las Colonias. Upon receiving this information Gen. Villa set a newspaper man with his own forces to investigate with instructions that the prisoners be treated with every consideration and sent to this city.

I. O. O. F.

All members of Zenith City Lodge, No. 160, and the members of our other Odd Fellow lodges in Duluth are earnestly requested to attend the funeral services of our late brother, Walter M. Thompson, at Odd Fellows' hall, 18 Lake avenue, on Friday, at 2 p. m., April 17, 1914. EDWARD LOWE, N. G.

HUERTA AGREES TO SALUTE U. S. FLAG

(Continued from page 1.)

the Atlantic and Pacific coasts to Mexican waters.

Pressure upon Huerta is being brought not alone by Charge O'Shaughnessy, but by the diplomatic representatives of other nations in Mexico City.

Say It Means Business.

Friends of Huerta in the United States, Mexicans and others, telegraphed him that for the best interests of Mexico the salute should be fired. They advised him that the United States "means business," and that there is ample precedent for the firing of a salute without loss of national dignity. They pointed out that the United States once saluted the flag of Spain and the flag of Brazil.

White House officials denied emphatically published reports that President Wilson was displeased with Charge O'Shaughnessy for his close association with Gen. Huerta. Secretary Tumulty said the president always had spoken of the American charge in a most complimentary manner and realized the difficulty of his position.

O'Shaughnessy Gets Messages.

The messages from Charge O'Shaughnessy apparently no longer are being delayed or intercepted. White House officials said they were coming through with regularity.

John Lind again was at the state department conferring with Secretary Bryan.

Congress With President.

The house foreign affairs committee today adopted the following resolution:

"Resolved, That the action of the president of the United States in the Tampico incident is sustained by the committee on foreign affairs of the house of representatives."

Congress stands behind the administration almost to a man in the aggressive policy to demand reparation for indignities offered by the Huerta government. In the senate and house the opinion was general that the president would be backed even to actual warfare against Mexico to uphold the sovereign dignity of the United States.

Both administration and Republican leaders expressed the emphatic view that the United States is not sending the fleet to Tampico as a "bluff"; that it is sending it there to signalize the fact that at last the patience of this government has been exhausted and reparation must be made; or the already war-scarred southern republic must suffer grave consequences.

There are many who hold the view that it is not necessary for the president to ask congress for authority to land armed forces in Mexico to seize the ports, but even these anticipate that, whatever the president and cabinet determine upon the congress will be informed thoroughly by the president and the purposes of the president would be ungrudgingly indorsed.

Some Discordant Notes.

A few discordant notes were sounded in congress. Representative Mondell of Wyoming in a speech in the house, charged that the president sought to use the Atlantic fleet "to enforce the mandates of his personal prejudice" against Huerta. Representative Barthholdt of Missouri declared that refusal of Huerta to salute the flag, with twenty-one guns, should not precipitate the sacrifice of American life. Senator Works of California issued a statement criticizing the attitude of the administration.

English Paper Displeased.

London, April 16.—Contrasting the action of President Wilson in connection with the arrest of American blue jackets at Tampico with what was done when William S. Benton, the British ranch owner, was killed at Juarez, the Manchester Guardian, one of the leading Liberal newspapers, says today:

"Intervention which murder and robbery failed to bring about is apparently to be the punishment for a merely symbolic slight on American dignity."

Expressing its admiration for the ability and the motives of President Wilson, the Guardian says it is impossible to suppress doubts and misgivings on his Mexican policy. It continues:

"Why should Villa murder with impunity and Gen. Huerta be chastized with the whole strength of the right arm of the United States for a mere breach of international politeness? It would be far easier to bring Villa to a better frame of mind than to teach Huerta manners. In the one case it would have been enough to threaten the rebels that the embargo on the exportation of arms and ammunition from the United States would be reimposed; but what sort of guarantee is there that the capture of Tampico by the American fleet will either mend Huerta's manners or relieve the hardships of foreign subjects in Mexico or help any of the interests President Wilson is anxious to serve?

"If the United States is anxious for an excuse for intervention in Mexico, an insult to her flag will serve very well; but no one knows better than President Wilson that armed intervention once begun, cannot easily be confined to the limits that are set for it at the beginning. It is next impossible for one country to make itself partly responsible for the good government of another and independent country."

London Press Sympathetic.

Most of the London papers in their editorial comment on the Mexican situation display sympathy with President Wilson in the difficulties which have arisen with Mexico, while at the same time contending that those difficulties were largely brought about by his idealistic policy.

Much curiosity is expressed over the intentions of the United States, because although it is generally believed Huerta will yield, it is pointed out that should he remain obdurate, the mere occupation of Tampico would not have much practical effect, and that the blockade of Vera Cruz would be the only measure that would deal a serious blow to the Huerta regime.

The Daily Telegraph cannot believe that President Wilson intends to put in effect a resolute military intervention, and sees no hope of putting an end "to the anarchy which has resulted from the Wilson policy of moral intervention."

The Daily Graphic considers that President Wilson's high moral purposes have landed the United States and the president himself "in a situation of the greatest difficulty and embarrassment."

SUFFRAGETTES BURN BIG IRISH MANSION

Leave Note to "Apply to Carson for Damages."

Londonderry, Ireland, April 16.—A suffragette arson squad burned a large residence here today. "Apply for damages to Sir Edward Carson," was one of the placards they left behind them.

URGES NATION WIDE WAR ON HIGH PRICES

Committee Reports to Conference on Farm Co-operation.

Chicago, April 16.—Recommendations for the establishment of a nation-wide organization to reduce the cost of living by improving methods of farm production, marketing and co-operation, were presented today to the second national conference on marketing and farm credits.

The recommendations were prepared by a committee appointed at last year's conference to look into the advisability of bringing together the various organizations interested in such a plan.

Establishment of a school of instruction to train managers of co-operative organizations, and an expert service corps to advise with farmers and co-operative bodies, were recommended in the committee's report. Should the proposed organization be formed, it was said, the general headquarters probably would be maintained in Chicago. It was expected the conference would indorse the recommendations.

New York Hearing Ends.

New York, April 16.—The examination in this city of witnesses in the government's prosecution of the so-called cereal trust was concluded today. The next hearing will be held in Chicago on Monday, April 27.

M. W. A. ATTENTION!

You are requested to attend the funeral of our late neighbor, Walter M. Thompson, which will take place Friday afternoon from the I. O. O. F. hall, at 2 p. m., 18 Lake avenue north. Signed,

EDWARD LOWE, Consul
A. M. ANDERSON, Clerk.
Duluth Camp, 2341, M. W. of A.

WANT TO COMPEL LEGAL RECOGNITION

Railway Union Men May Take Action at Kansas City.

Kansas City, Mo., April 16.—An initial move in the plan of organized labor to compel legal recognition of the right of workmen to organize was expected to be made at today's session of the convention of the railway department of the American Federation of Labor, being held here. This was to be accomplished by the adoption of a resolution to petition the industrial relations commission to hear the Illinois Central and Harriman line case.

Opposition to this action of the convention was forecasted during the debate preceding the putting of the resolution to a vote. A part of the delegates declared they did not believe it worth the effort necessary to present the cases to the commission, because the powers of that body do not include the right of adjudication.

Fight for the adoption of the resolution was led by Frank Comerford of Chicago, counsel for the Illinois Central system federation.

SULZER'S APPEAL ARGUED AT ALBANY

Ousted Governor Seeks Pay for Services After Removal.

Albany, N. Y., April 16.—The state court of appeals met today to listen to arguments on the question of the legality of the impeachment and removal from the office of governor of William Sulzer.

The proceedings, which were instituted by Mr. Sulzer himself in an effort to have the United States supreme court pass on the validity of the impeachment, were brought against William Sohmer, state comptroller, to compel him to pay the former executive the salary of governor from the date of his removal. Mr. Sulzer has drawn an assemblyman's salary from the state in the meantime.

A peculiar feature of the action is that the judges of the court of appeals who were members of the court impeachment, are asked to set aside the verdict for which they voted when Mr. Sulzer was removed from office.

COUNTY COMMISSION ELECTS OFFICERS

Grand Forks, N. D., April 16.—(Special to The Herald.)—Rev. W. H. Mathews of Grand Forks was re-elected president of the North Dakota County commission, at the annual meeting held yesterday. Rev. E. Peterson of Fargo, was made vice president, and Rev. W. C. Lyons of Valley City, was chosen secretary-treasurer.

The Glenburn situation, which has been giving the commission considerable trouble, was turned over to Rev. Beard, of the Congregational church at Fargo, for investigation. He will submit recommendations to the commission at its next meeting.

GRAND JURY TAKES UP SIMPSON DEATH

Coroner and Other County Officials and Doctors Will Testify.

Lexington, Ky., April 16.—Investigation into the death here on Feb. 23 of Mrs. Laura Wilder Simpson, former Chicago society girl, was begun today by the Fayette county grand jury. County officials, witnesses who testified at the two coroners' inquests, and the physicians who performed two autopsies on the body have been subpoenaed to appear before the grand jury.

Coroner Leigh R. Gordon has demanded that Dr. W. H. Wilder of Chicago, father of the dead woman, furnish a copy of the analysis of the dead girl's brain made by Dr. A. M. Peter and Dr. J. H. Kastle several weeks ago, when Chicago pathologists came here and an autopsy was had. The coroner's investigation showed no powder burns on the girl's brain, while the report of the pathologists showed the presence of powder burns.

"SKY PILOT" HIGGINS UNDERGOES OPERATION

Rev. Frank J. Higgins, the famous "sky pilot" of the northern woods who was here Tuesday to attend the twenty-fifth anniversary of the formation of the Duluth presbytery, was operated on yesterday at the Mayo hospital at Rochester, Minn.

Some months ago Mr. Higgins was injured in a train wreck on the Pacific coast. His shoulder-bone was broken, and since that time has failed to properly heal. To head off complications that might arise an operation was deemed necessary and was performed yesterday. Mr. Higgins left Duluth on Tuesday night for Rochester.

CLOQUET CUBS WIN.

Carry Off Honors in Y. M. C. A. Indoor Baseball League.

Cloquet, Minn., April 16.—(Special to The Herald.)—The indoor baseball season at the Y. M. C. A. came to a close last night with the final game of a series of forty-eight, extending through five months, between the teams of the indoor baseball league. Much interest has been shown in the league which consists of four teams, the Cubs, Pirates, Merchants and Professionals. The Cubs finished first and the game last night was a close and exciting struggle between the Merchants and Professionals to keep out of the last place. The Professionals lost and took last place. The games have been a source of both pleasure and benefit to the business men of the city during the winter and interest in them has never flagged. The standing of the teams is as follows:

Cubs won 18, lost 6, percentage, .750; Pirates won 13, lost 11, percentage, .514; Merchants won 9, lost 15, percentage, .350; Professionals won 8, lost 16, percentage, .333.

Post Leaves Rochester.

Rochester, Minn., April 16.—C. W. Post, millionaire manufacturer of Battle Creek, Mich., who recently was hurried here from California on a special train for a surgical operation, departed last night for Santa Barbara. He has completely recovered from the effects of the operation.

Draper Gives Away $234,000.

Worcester, Mass., April 16.—The will of Former Governor Eben S. Draper, filed for probate today, leaves $234,000 in public bequests.

Does your baby weigh as much as he should?

ARE his little legs and arms as plump as they should be? Is his little body round and chubby? Are his cheeks rosy and his eyes sparkling with health?

When your baby is six months old he should weigh twice as much as he did when born. At the end of his first year he should weigh three times his weight at birth.

If your baby does not weigh as much as he should, there is probably something wrong with his food. A baby that is getting proper nourishment, the right amount of sleep, exercise and fresh air, will be ruddy with health.

The best food for baby is mother's milk. But if you can't nurse your baby, use the one safe substitute and watch your baby grow strong.

Nestlé's Food

is the nearest thing there is to mother's milk. The basis of Nestlé's is pure cow's milk from sanitary dairies. The indigestible curd — meant for the calf's four stomachs — is made soft and fleecy as in mother's milk, and the special baby needs, not in cow's milk, are added. To prepare, just add cold water and boil one minute.

Send the coupon for a free box of Nestlé's—enough for twelve feedings —and our book on the Care of Babies —both free. The "Better Babies" Chart will also be sent you. It tells what your baby should weigh, how tall he should be, what chest, arm and leg measurements he should have, how large his head should be, etc. Measure your baby by this chart and see how he compares with the modern standards of baby health. Send the coupon today.

NESTLE'S FOOD COMPANY,
Woolworth Bldg., New York

"Trying to Get Him to Save"

THERE is a volume of sentiment back of those six simple words, if one but stop to consider. The mother, who can picture the future of her boy, is "trying to get him to save." We open accounts almost daily for the boy of today who will be the man of tomorrow. A wife starts an account for her husband. She is "trying to get him to save." She has a vision of the coming years when the accumulation of the earning days will mean rest, contentment, happiness. Perhaps it is a vision of a little farm or a snug home. Saving will make it real. We are trying to get YOU to save, because we see the actual results of saving in the lives of others.

Garden Seed Contest

Open to Every Boy and Girl Under 16 Years of Age

In order to encourage local homecrofting and to get every boy and girl in the city interested in gardening, we have decided to stimulate interest in this important matter by getting up a little contest. The conditions are very simple and the prizes, we think, provide sufficient incentive to put forth good efforts.

CONDITIONS—Any boy or girl under 16 years of age may enter. The L. L. May seeds on sale at the Glass Block are the only seeds to be used in this prize winning event. Contestants may register their names and addresses at the Seed Department in the Basement. Exhibits will be assembled in the fall at the Glass Block and awards made by the Agricultural Committee of the Commercial club.

—PRIZES—

MINNESOTA STOMACH VICTIMS FIND RELIEF WITH FIRST DOSE

Wonderful Remedy Saves Many From Desperate Illnesses and Dangerous Operations.

End stomach troubles quickly with Mayr's Wonderful Stomach Remedy. The first dose proves what it will do. Hundreds of people in Minnesota have used it with unusual benefit.

Here are the words of a few of the many in this state who have taken it:

JOHN TOWEY, 2030 Dayton avenue, St. Paul, Minn., ordering a second treatment, wrote: "I have been feeling fine since I took your medicine. It certainly cleared my skin." I have recommended your medicine to a number of stomach sufferers."

MRS. PETER WILLIAMS, 2749 Eighteenth street, S., Minneapolis, wrote: "I have taken Mayr's Wonderful Stomach Remedy and feel like a new woman. I am entirely out of pain. Four of our best doctors could do nothing for me and agreed I must have an operation."

Such experiences are general among the users of Mayr's Wonderful Stomach Remedy. It clears the digestive tract of mucoid accretions and poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare that it has saved them from dangerous operations; many are sure that it has saved their lives.

Because of its remarkable merit Mayr's Wonderful Stomach Remedy has many imitators, so be cautious. Be sure it's MAYR'S. Probably this remedy is known among your neighbors; ask them. Go to your nearest druggist and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg., Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

RELIC FROM FRIGATE CONSTITUTION IN GAVEL PRESENTED TO ELKS

Jay Cooke Howard last night presented Duluth lodge, No. 133, Benevolent and Protective Order of Elks, with a beautiful gavel made from a rib of oak of the historic frigate Constitution, "Old Ironsides."

The gavel is a work of art and was made by the boys in the Michigan school for the deaf at Flint, Mich. On one end of the head of the gavel an elk's head is carved. It will be wielded by the exalted ruler. Engraved on the silver band circling the center is the following inscription: "The block of live oak in the center of this gavel is from the old United States frigate Constitution. Made by the pupils of the cabinet shop of the Michigan school for the deaf, Flint, Mich. Presented to lodge No. 133 by Jay Cooke Howard, commemorating the admission of an appreciative member to B. P. O. E."

The presentation was made by E. J. Filiatrault, past exalted ruler, for Mr. Howard, and in so doing he briefly reviewed the history of the famous war vessel.

"In the center of our lodge we have the altar," said the speaker. "Over this we place the flag of our country; on the flag we place the Bible, and on the Bible we place the emblem of our order. As an organization we hold patriotism among the cardinal virtues. We reverence the flag and show that reverence by the prominence we give it in our rituals. The man who does not thrill where this flag has been carried to victory is not an Elk.

"Our navy has a proud history and of the many gallant ships that have unfurled Old Glory at the masthead, none has a prouder record than the Constitution, 'Old Ironsides.' The Constitution was launched at Boston in 1797 and was pronounced the finest frigate then sailing the seas. She distinguished herself in the war of 1800 with the French. In 1803 she was the flagship of the American fleet which drove the pirates from the Mediterranean. In the war of 1812 she was the terror of the seas. She riddled and sank the pride of the British navy, the Guerriere, captured the Java and single-handed defeated the Cayne and the Levant.

"In 1877 when she was being rebuilt for a training ship one of her battle-scared ribs of live oak was taken and preserved. A small piece out of this old rib was made into a gavel by the boys of the Michigan school for the deaf. Through the kindness of the instructor in this shop, Mr. Tripp, this gavel has been procured and is now presented to Duluth lodge, No. 133, B. P. O. E. As the Constitution ever fought for right principles, may this gavel, in the hands of the exalted ruler of this lodge, be an emblem of justice, loyalty and true fraternalism."

OBITUARY

Assemblyman Carl Zillier, probably the oldest newspaper editor in Wisconsin, died at Sheboygan, Wis., April 15, at the age of 75 years as the result of an accident on April 6, when he fell and fractured his hip.

William S. Shallenberger, member of the Forty-fifth, Forty-sixth and Forty-seventh congresses from Pennsylvania, and later for ten years, second assistant postmaster general, was found dead in bed at his home in Washington, April 15. He was a Civil war veteran and was 75 years old.

George Alfred Townsend, 73 years old, widely known journalist and author, who wrote for many years under the pen name of "Gath," died in New York, April 15.

James J. Green, 84 years old, pioneer editor of Minnesota, died at the home of his daughter, Miss Emma Green, in St. Paul. Death was due to old age. Mr. Green went to St. Paul from New Ulm four years ago, where for fifteen years he had been editor of the New Ulm News.

Mr. Green came to Minnesota in 1856 and settled at St. Anthony. Later he moved to Le Sueur, where he was editor of the Le Sueur Sentinel. During practically all of the time of his residence in the state he was engaged in newspaper work, with the exception of the last four years, when he has lived in St. Paul.

Besides the daughter, two sons, W. W. Green of Le Sueur, and J. M. Green of Minneapolis, survive. The body was taken to St. Peter for burial.

T. D. Collins, millionaire lumberman, died at his home in Nebraska, Forest county, Pennsylvania, April 16, aged 83 years. Mr. Collins contributed many thousands of dollars to the foreign missionary movement of the Methodist Episcopal church.

Restored to Health

Warner's Did More Than Any Other Remedy

MRS. L. C. FIGG

Mrs. L.C.Figg suffered intensely for months from kidneyn and liver trouble, but found relief and health in Warner's Safe Kidney and Liver Remedy.

"I was ill and miserable for months with backache, sick headche, dizziness, rheumatism, pains and neuralgia. I had kidney and bladder trouble. After taking other medicines with little or no relief, I tried Warner's Safe Kidney and Liver Remedy. The urinary disorders and pains disappeared and my health and strength returned. Six bottles effected a complete cure." Mrs. L. C. Figg, 1449 Dahin St., Chicago, Ill.

Most people do not realize the prevalency and alarming increase of kidney disease. When the kidneys are diseased the uric acid is not carried off, causing gout, lumbago and rheumatism. Warner's Safe Kidney and Liver Remedy possesses remarkable remedial qualities and is pleasant to take. At all druggists in 50c and $1.00 sizes. Write for free sample to Warner's Safe Remedies Co., Dept. 375, Rochester, N. Y.

OUTLOOK IS IMPROVING

Warm Weather Causes a Better Demand for Labor.

Many Men in Duluth Are Ready to Begin Spring Work.

The fact that several hundred workmen are idle in Duluth should cause no alarm, according to employment agents along Michigan street. The causes they say are but temporary. Up to this time the weather has not been sufficiently warm to allow railroad work and similar operations and the early thaws caused all the camps to break up early. A few more days of favorable weather is all that is necessary to supply work for all idle men at the Head of the Lakes.

"We have had a freak year in so far as weather is concerned," said G. S. Richards of the National Employment agency today, "and that is the reason so many men are now without work. A few days of weather such as we are now having will put things in good shape and give work to all good workmen.

"This is the first spring in several years when the winter work did not merge into the spring work. The spring has been cold and everything awaits the thawing out of the ground. Business conditions are good and operations are beginning to open up well."

Michigan street and lower Superior street were well crowded with workingmen today, but practically all of them were well dressed and apparently prosperous. A good share of them have come in from the woods and have money. New suits, hats, shoes, and pocket money were much in evidence.

WIDNEY'S WIFE WILL NOT PROSECUTE HIM

Says Trivial Quarrel Led to Charge That Caused Arrest.

Chicago, April 16.—The arrest of R. J. Widney, real estate dealer of Los Angeles, last night, was the result of a trifling quarrel with his wife, Mrs. Vivian Widney, according to a statement made in the morals court today.

The policeman who arrested Widney told the court that Mrs. Widney had declared that her husband had attempted to place her in an improper house several months ago. Because of that statement Widney was taken to the police station.

Mrs. Widney refused to sign a complaint against her husband and he was allowed to leave the police station.

Mrs. Widney today declared that if she had made a charge that her husband had violated the Mann act she must have been hysterical at the time and could not have known what she was saying.

BILL AIMED AT BOMB USERS BECOMES LAW

Albany, N. Y., April 16.—The Sufrin bill, introduced as a result of recent "blackhand" outrages, became a law today by the signature of Governor Glynn. The new statute increases from seven to twenty-five years the maximum for the malicious endangering of life or property by the placing of a bomb or explosive near any building.

S. S. MINNESOTA SAVES FISHERMEN

Montreal, April 16.—The shipwrecked crew of the Saint Anne, a French fishing bark, lost about 400 miles east of the Grand Banks, was picked up by the steamship Minnesota, said a meager dispatch from the steamship New York received by the government Gulf signal service department today. The Minnesota is due in Philadelphia April 20 from London.

NEW YORK CENTRAL PLANS NEW BUILDING

New York, April 16.—Architects for the New York Central railroad filed plans today for a nineteen-story office building to be erected on Forty-fifth street, near the new Grand Central station. The building will cost $1,000,000.

AH! MY TIRED FEET ACHED SO FOR "TIZ"

How "Tiz" Eases Sore, Swollen, Sweaty, Calloused Feet and Corns.

"Just couldn't wait to take my hat off!"

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." Its grand—its glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

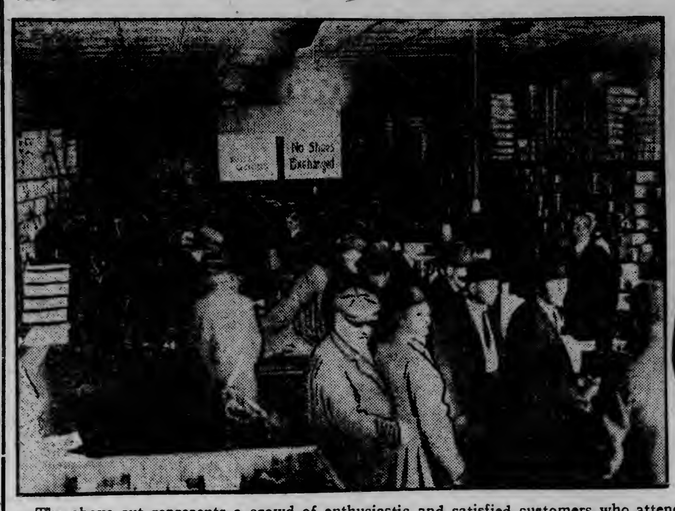

FOREIGN SURGEONS TO TOUR COUNTRY

New York, April 16.—Clinics in many New York hospitals today brought to a close a fourth congress of the International Surgical association. The foreign delegates prepared to leave tonight on a tour of the Eastern and Central parts of the country. They will spend a day in each of the following cities: Philadelphia, Baltimore, Washington, Chicago, Rochester, Minn., Niagara Falls, Montreal and Boston. They will return to New York on April 28.

Brainerd Debater Wins.

Brainerd, Minn., April 16.—(Special to The Herald.)—John Mahlum, son of Mr. and Mrs. Mons Mahlum, carried away the honors in a student debate held in Georgetown university, Washington, D. C., and won a cash prize of $25. Mr. Mahlum's good delivery and spirited rebuttal were factors in winning the prize.

"You'll Have to Take Your Hat Off to the "Truth Man"

BARBER AND HOLMSTROM ARE MADE LIEUTENANTS OF POLICE

SERGT. BARBER.

SERGT. HOLMSTROM.

Sergeant E. H. Barber, who stood highest in the recent civil service examination, has been promoted to the position of lieutenant on the Duluth police force, while Sergeant C. A. Holmstrom, who ranked second in the examination, will be appointed lieutenant some time before June 1.

Sergeant Barber ranked highest of the five sergeants who took the recent civil service examination to fill two vacancies in the corps of lieutenants. One of these is now open, caused by the retirement from the police force of Former Lieut. Herman Fritz on April 1, while the other will occur on June 1, when Lieut. John Drannen will also retire on a pension.

Chief Troyer said this morning that the report from the civil service commission places Sergeant Barber first; Sergeant Holmstrom, second, and Sergeant Robert McDermott, third, of those who passed the examination.

Chief Troyer announced also that Sergeant Barber would be the night officer at headquarters, the position formerly held by Fritz, beginning tomorrow, and that Sergeant Holmstrom would take charge of the West end station, where he is now next in rank to Lieut. Drannen.

Sergeant Barber, who is 35 years old and the youngest member of the corps of officers, was appointed patrolman on April 5, 1902. On June 1 of that year he was detailed to mounted patrolman duty, holding that position until Feb. 1, 1903. He was promoted to sergeant on June 12, 1909, and on Dec. 1 last was appointed desk sergeant at headquarters to take the place of Sergeant Webber, who was placed on outside duty.

Sergeant Holmstrom is 41 years old and was appointed patrolman on May 1, 1904, and sergeant on March 1, 1912, when he was placed on duty at the West end station.

Sergeant McDermott will not be appointed lieutenant until another vacancy occurs, but he is the next officer eligible for promotion. He is 38 years old and was appointed patrolman on July 29, 1907, and sergeant on March 1, 1912, when he was placed in charge of the New Duluth station. On the records at headquarters is the report of the incident that occurred on March 28, 1908, when Sergeant McDermott was attacked by Charles Heikkla, who shot at the officer with a .38-caliber revolver. Sergeant McDermott overpowered the man and succeeded in placing him under arrest.

CHINESE KILL MANY OF BRIGAND BAND

"White Wolf" and His Followers Are Severely Defeated.

Pekin, April 16.—Regular troops today severly defeated "White Wolf" and his brigands, several hundred of whom were killed. The troops encountered the bandit army at Li Chuan Hsien, northwest of Sian Fu. After a sharp engagement the brigands fled to a position twenty miles from Kien Chow, further northwest.

Heavy reinforcements of regulars were dispatched to the scene and the brigands, who have pillaged many towns and villages and killed the inhabitants, are being gradually surrounded.

A number of mission doctors have gone from Huh-Sien and Chow Chih to attend the wounded.

GIRLS! LOTS OF BEAUTIFUL HAIR NO DANDRUFF---25 CENT DANDERINE

Hair Coming Out? If Dry, Thin, Faded, Bring Back Its Color and Lustre.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

GERMAN PRAISES COL. GOETHALS' WORK

Kaiser's Representative Ends Visit to Panama Canal.

Colon, April 16.—Count Henckel von Donnersmarck, who is said to represent the German emperor, left here today for New Orleans. Before his departure he paid a high tribute to American engineering and administrative ability in the construction of the Panama canal. He spoke of Governor Goethals as "one of the greatest living engineers and administrators."

Count Henckel will visit New Orleans, St. Louis, Chicago, Washington and New York.

SENATORS HEAR PROHIBITIONISTS

Washington, April 16.—Advocates of prohibition by constitutional amendment had a hearing today before the senate judiciary committee, where such a proposal is fathered by Senator Sheppard. The testimony followed the lines of that given yesterday before the house committee on a like resolution by Representative Hobson.

Representatives of the German-American alliance and various Jewish organizations will be heard in opposition Saturday, April 25.

The Home Beauty Parlor

By Betty Dean

Dolly: I use a plain quinzoin tonic to give my scalp the health that insures hair-beauty. This tonic is prepared at home by pouring 1 ounce quinzoin into ½ pint alcohol, then adding ½ pint water. Rub a little well into your scalp twice a week for a time and all dandruff, hair falling and excess oil will disappear. I find this quinzoin tonic cannot be equaled for restoring the silky softness and rich, even color to brittle, faded hair, and its regular use will encourage a long, luxuriant growth.

Mrs. O'B.: Your surplus weight can be safely reduced with no ill after-effects by this simple treatment, which costs little and can be made at home: Into 1½ pints hot water put 4 ounces parnotis. Strain when cool and take a tablespoonful before meals. This dissolves fat rapidly without dieting or unusual exercising. The parnotis treatment also leaves the flesh firm and the skin free from wrinkles.

Gladys: Instead of pore-clogging powder I use a plain spurmax lotion, because one application is sufficient for an entire day or evening. This lotion adheres so closely to the skin that it seems part of it, so cannot be detected, and it gives it a very velvety appearance. To prepare, just put 4 ounces spurmax into ½ pint hot water or witch hazel and add 2 teaspoonfuls glycerine. The use of this lotion banishes pimples, blackheads, blotches and sallowness. It is particularly good for tan, freckles and oiliness of the skin.

Miss B.: For a small sum you can make a full quart of the very best blood-purifier and system-builder. Dissolve 1 ounce kardene in ½ pint alcohol (not whisky), then add ½ cupful sugar and hot water to make a full quart. Take a tablespoonful before meals. This rids the skin of pimple, blotches and "muddiness" and restores to the complexion the glow of youthful health. This kardene tonic is particularly recommended for kidney and bladder troubles and for rheumatic or gouty conditions, because it gently eliminates these poisons from the system and restores the sufferer to health.

Mrs. A.: I have made my face look years younger by using this wrinkle-removing cream-jelly, which I make at home by putting 2 tablespoonfuls glycerine into ½ pint cold water and stirring in 1 ounce almozoin, after which I let stand several hours before using. I apply the cream-jelly thickly on retiring and in the morning wash it off, dry the skin and use more cream as a massage. This treatment rapidly eliminates wrinkles and lines and restores the clear soft, velvety smoothness to the skin and dispels the oily, "muddy," shiny look.

Bright Eyes: Replying to your second letter, just dissolve 1 ounce crystos in a pint clear water and you will have a harmless and very beneficial eye-tonic. Two or three drops in each eye occasionally relieves the smart and soothes the aching, tired muscles. The crystos eye tonic is excellent for granulated lids and its use frequently overcomes the need for glasses.

Nancy: For a long time I have claimed that the best way to cleanse the hair is to just dissolve a teaspoonful of canthrox, which you can get in any drug store, in a cup of hot water. This makes ready a shampoo that cleanses and invigorates the scalp and restores health and beauty to dull, straggly hair. You will find canthrox shampoos are especially fine for faded or brittle hair, and occasionally shampooing in this manner makes the hair soft, fluffy and induces a bountiful growth.

Woman's Realm

A beautiful home wedding of last evening was that of Miss Anna Marie Hibbing and Dr. Hermann M. Koller of Minneapolis, which took place at the home of the bride's aunt, Mrs. Barbara Hibbing of 1830 East Superior street.

The bride wore white brocaded silk trimmed with shadow lace. Her veil was held in place by a wreath of orange blossoms. She carried a shower bouquet of lilies of the valley. Miss Senta Erd, who was to have been the maid of honor, was unable to be present, having been called to St. Paul by the death of her father. The bridegroom was attended by his brother, Dr. Louis Koller of Minneapolis. The Lohengrin wedding march was played by La Brosse's orchestra. The Mendelssohn wedding march was the recessional and the subdued strains of "Call Me Thine Own" were heard during the ceremony.

Following the ceremony there was a reception. In the receiving line with Mrs. Barbara Hibbing and the bride and bridegroom were Dr. Louis Koller and Thomas Flaherty of Minneapolis. Other guests from Minneapolis were Mr. and Mrs. C. A. Chinberg.

The house was beautifully decorated with flowers. The stairway was twined with smilax and Easter lilies. Lilies were used also in the parlor, where the ceremony was performed. In the second parlor lilies, smilax and American beauties were banked effectively. Jonquils were used in the dining room and La France roses in the upper rooms.

Dr. and Mrs. Koller left last night for New York. They will sail Saturday on the Olympic for Vienna and will take a six months' wedding trip before going to Minneapolis, where they will make their home.

WILL REORGANIZE.

Special Meeting of Literature Department Is Held.

A special meeting of the literature department of the Twentieth Century club was held this morning at the library club room to take action on the resignation of the chairman of the department, Mrs. J. C. H. Engel.

Mrs. Engel's resignation was accepted. As no program had been arranged by this department Mrs. A. H. Brocklehurst, president of the club, was instructed to appoint a committee of five women to work in conjunction with the president in the preparation of one program or more for this department, and to serve as a nomination committee for a chairman. These reports will be presented to the executive board of the club, a meeting to be called by the president when the committee is ready to report.

Birthday Surprise.

Miss Praksyda Milostan was surprised last evening at her home, 903 East Sixth street, in honor of her birthday anniversary. Games and music were enjoyed. Thomas Crawford gave a solo. The following were present:

Misses—
Laura Schuckel, Coraline Sorenson,
J. Hanson, Gertrude Milostan.
Signi Samuelson,
Olga Nelson,
Esther Erickson,

Messrs.—
Harry Muller, Thos. Crawford,
Dave Ekstrom, Frank Hawkins,
A. L. Heckman, H. Sinns,
Oswald Anderson, Alex Milostan.

Birthday Tea.

The Ladies' Aid Guild of St. Peter's Episcopal church will give a birthday tea this afternoon in the guild rooms of the church, Twenty-eighth avenue west and First street. Mrs. Edward Slocum is chairman of the arrangements committee. Mrs. Neil B. Morrison has arranged the following program:

Piano solo ..... Mrs. John Tupper.
Vocal solo ..... Mrs. C. W. Peters.
Vocal solo ..... Mrs. Stanley Butchart.
Violin solo ..... Miss Nina Hendricks.
Piano solo ..... Miss Gladys Byerly.
Trio ..... Violin, Miss Nina Hendricks; Piano, Miss Gladys Byerly, and Cornet, Miss Rice.
Sketch—"When Women Vote" ..... Five Young Women of the Adams School.
Reading ..... Miss Hart.

Schulte-Dunn.

Miss Cecelia Genevieve Schulte, daughter of Mr. and Mrs. August C. Schulte of 516 South Sixty-fourth avenue west, and Andrew C. Dunn of Winnipeg were married yesterday morning at St. James' Catholic church, Rev. D. W. Lynch officiated. The bride wore a blue going-away gown. Her corsage bouquet was of bride's roses and lilies of the valley. Miss Mary Schulte, sister of the bride, was maid of honor and Roderick Dunn, brother of the bridegroom, was the best man.

A wedding breakfast was served at the home of the bride's parents. Mr. and Mrs. Dunn left for a short wedding trip. They will be at home in Winnipeg after May 1.

Lundquist-Kuchenbecker.

Miss Florence Elinor Lundquist, daughter of Gus Lundquist, and Ernest W. A. Kuchenbecker, Jr., were married last evening at 8 o'clock at the home of the bridegroom's parents, Mr. and Mrs. E. Kuchenbecker, of 107 North Sixty-third avenue west. Rev. Walter Sievers of St. Stephen's German Lutheran church read the service.

The bride wore a gown of white charmeuse trimmed with real lace and carried a shower bouquet of lilies of the valley and smilax. Her veil was caught with lilies of the valley. Miss Ethel Nelson, the maid of honor, wore blue charmeuse with shadow lace drapery and carried Easter lilies. Luther Kuchenbecker, brother of the bridegroom, was best man. Miss Margaret Kuchenbecker played the Lohengrin wedding march. Easter lilies, roses and palms formed a background for the wedding party.

A wedding supper was served. Assisting in the dining room were Mrs. Carl Kuchenbecker, Mrs. Henry Fedi and Mrs. Richard Kiyg.

Mr. and Mrs. Kuchenbecker have gone for a short wedding trip. They will be at home after May 1 in West Duluth.

Reception.

Mrs. W. O. Falk will entertain the women of Pilgrim Congregational church at an informal reception at her home, 2014 East Superior street, tomorrow afternoon from 3 to 5:30 o'clock.

Missionary Society.

The regular monthly meeting of the Woman's Missionary Society of the First Presbyterian church will meet tomorrow afternoon in the church parlors.

Class Will Entertain.

Mrs. A. C. Taylor's class will entertain in the parlors of the First Methodist church tomorrow afternoon from 2:30 to 5 o'clock. There will be a musical and literary program. All friends are invited. The hostesses will be Mrs. A. D. Jacobs, Mrs. Fannie Worthington, Mrs. D. H. Haslem and Mrs. H. A. Sedgwick.

Surprise Party.

Mrs. W. A. Schultz and Mrs. Gardner were surprised at the home of Mrs. Schultz, 25 North Twenty-third avenue west, Tuesday afternoon in honor of their birthday anniversaries. Five hundred was played and the favors won by Miss Gerda Erickson, Mrs. Arthur Hudson and Mrs. R. E. Whittle. The other guests were:

Meedames—
A. J. Milligan, M. E. Lee,
A. Farrington, G. Pearson,
F. D. Davis, F. Van Buskirk.
J. H. Symington,

Bankers' Dance.

The Duluth chapter of the American Institute of Bankers will give a dance Friday evening, April 24, at Coffin's academy. The member of the committee in charge are G. H. McCarthy, S. M. Strain, S. S. Miller, W. A. Putman, E. L. Palmer, R. H. Magie, John Lucas, C. J. Grogan and J. P. Chapman.

Blue Bell Club.

The Duluth Blue Bell club will give a dancing party Wednesday evening, April 22, at Coffin's academy. The members of the committee are Miss Myrtle Fisher and Miss Tremellie Tripp.

Woman's Auxiliary Meets.

The Women's auxiliary of Trinity pro-cathedral met yesterday afternoon at the home of Mrs. H. L. Gage, 1524 East Fourth street. The general subject of the afternoon was "The Need of Present Day China for Christianity," Mrs. A. H. Brocklehurst, the leader of the study class, impersonated a missionary candidate preparing herself for foreign missionary work. Members of the auxiliary advised her to prepare herself in different branches of work, giving reasons for the special subjects advocated. Medical work, philanthropic, educational, literary and evangelical branches were among those the candidate was advised to study. The candidate asked instruction on the subjects mentioned and advice for conduct that would avoid criticism from both the people of her home country and those in the field of her missionary labors.

The president, Mrs. W. E. Jones, appointed a committee to formulate the work for next year. The members of the committee were Mrs. J. D. Morrison, Mrs. W. E. A. LeQuesne, and Mrs. W. E. Jones. The program will be submitted at the meeting on May 13.

Mrs. A. H. Brocklehurst, Mrs. Walker Jamar, Miss Rachel Hunter and Mrs. H. L. Gage were named as the committee to report on plans for the annual birthday party. This is the seventh year of cathedral parties of this kind. The members make a free-will offering, to be collected on their birthdays.

NEW PARIS GOWN OF ROSE TAFFETA

This gown, designed in Paris, is of rose taffeta, trimmed with pearl sequins. It is displayed in New York.

"CONFERENCE DRAMATIQUE"

Open Meeting for Discussion of "The Blue Bird" Will Be Held Under Drama League Auspices.

Under the auspices of the Drama League of America, Duluth Center, of which Mrs. S. R. Holden is president, an open meeting of the novel sort known in France as "conference dramatique" will be held in the Lyceum theater next Tuesday afternoon at 4 o'clock.

The purpose of the gathering is to discuss Maurice Maeterlinck, author of "The Blue Bird," and the stage version of his fantasy. The principal speakers will be Charles Hampden and Miss Alice Butler of "The Blue Bird" company and a Duluth authority on the modern drama, whose name is to be announced.

The drama league executive board, assembled at the Hotel Spalding last night, formulated the plans and listened to an address by Henry MacMahon, advance representative of the company. Among other things Mr. MacMahon said:

"Duluth owes the idea of the new departure in literary work to the University of the Sorbonne, Paris. There the professors and students meet from time to time the leading stars of the Theater Francais for the interchange of literary and dramatic views. Admission to these so-called 'conferences' is much prized. Men and women of fashion, as well as play people, crowd to hear the entertaining talks on stage themes.

"The same idea, adapted to the requirements of this country, has proven strikingly successful in Boston, Chicago, Minneapolis and other centers. About thirty of these 'conferences' have been held with 'Blue Bird' cooperation—in fact, this particular play and company have done more to bring the actor and his public together on an intimate footing than any other traveling organization, and always with the friendly aid of the drama league. Among the distinguished local speakers who have favored us have been Richard Burton of the University of Minnesota, M. Benedict Papot, who lectured recently in Duluth, and Professors Baker and Grandgent of Harvard.

"There is a big popular spectacular side to 'The Blue Bird,'" concluded the speaker, "but there is also, as well, a literary and symbolic side, the interpretation of which will add greatly to the pleasure of Maeterlinck students and admirers. Therefore we offer you the services of Mr. Hampden, the stage director, and Miss Alice Butler, the Fairy Beryluna, for such an interpretive meeting, and I am glad to tell you that C. A. Marshall, the proprietor of the Lyceum, has donated the use of the theater."

On motion the league's executive board accepted with thanks the offer of the speakers and of the meeting place for the "dramatic conference." They arranged for twenty-minute talks by three speakers: Charles Hampden on "A Visit to Maeterlinck," giving his personal impressions of the poet-philosopher whom he met in France last summer; Miss Alice Butler on the secrets of "The Blue Bird" Behind the Scenes," and the local speaker on "The Literary Influence of Maeterlinck." At the close there will be fifteen minutes for questions and informal discussion. Admission will be free not only to league members, but to the general public.

The other business before the executive board last night was the promotion of "Damaged Goods," the Brieux sociological play to be seen at the Lyceum for three days in the week following "The Blue Bird." Ralph A. Graves, dramatic editor of the Washington Post, who is on leave of absence representing this play, made an address. The league will announce its plans with reference to "Damaged Goods" a little later.

OBSERVATIONS

By PEGGY PEABODY

Dr. Mary Walker Errs on Views on Individuality.

Dr. Mary Walker, who wears trousers and other articles of clothing just like a man, is said to have coyly admitted that she once refused the heart and hand of one of the presidents of the United States. I think President Arthur was the one referred to.

She says: "I would have been prominent as the president's wife for a brief four years. Afterwards as his widow obscurity would have enveloped me. As it is I have retained my individuality."

These few words leave no doubt as to how Dr. Mary Walker professes to feel after a lapse of years. That she is a striking character cannot be denied. She has not sunk her own identity in order that a man should shine with greater glory or that children should arise and call her blessed. She will be remembered long after many a good wife and mother is forgotten as the woman who wore trousers and looked as much like a man as possible. Her identity will not be confused with any other in our age and generation, but of what worth is a life or a post-mortem reputation for individuality if it hinges altogether on eccentricity of character?

Lest anyone has an admiration for Dr. Mary Walker that will not brook criticism, let me immediately announce that I have no particular antipathy for her. I cannot see that her eccentricity, otherwise known as individuality, has contributed anything to the common weal that might not have been accomplished just as well in proper womanly garb. The fame that she might have enjoyed as a mistress of the White House and as a president's widow seems to be as enviable as that of an eccentric personality.

However, let Dr. Mary Walker rest. It was only her remarks anent the identity she had succeeded in preserving that inspired me. I find that there are thousands of women today giving expression in one way and another to this same idea—that of sustaining personality at the expense of many other better things. I would like to warn those, young in this sort of thinking, and striving against it. I do not believe there is any greater fallacy than that any of us should live or have the right to live for ourselves alone. The belief that one's individuality is worth preserving at a cost of the natural and normal things of life is the purest sophistry.

We can tolerate a few men and women with selfish ideas but the doctrine is a dangerous one. It is also false. One can preserve any real individuality worth the name without resorting to freak action or denying natural instincts.

A Skin of Beauty is a Joy Forever.

DR. T. FELIX GOURAUD'S Oriental Cream or Magical Beautifier.

Removes Tan, Pimples, Freckles, Moth Patches, Rash and Skin Diseases, and every blemish on beauty, and defies detection. It has stood the test of 54 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the haut ton (a patient): "As you ladies will use them, I recommend 'GOURAUD'S CREAM' as the least harmful of all the skin preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

Ferd. T. Hopkins, Prop., 37 Great Jones St., New York

CENTRAL BUSINESS COLLEGE
30 EAST SUPERIOR STREET.

Every boy and girl in the Public School should make arrangements to take our special Penmanship classes during the Spring and Summer months.

Our regular courses are Stenotypy, Shorthand—both Chartier and Gregg; Bookkeeping and all commercial branches; new classes every Monday.

BARBER & McPHERSON.

The Herald Shopping Girl

WRITES OF HER VISITS TO DULUTH STORES.

If you have been saying "Dutch blue," change and say Wilhelmina blue." The other new shade of blue is "Labrador." Turquoise, Alice, Copenhagen and navy are familiar terms, but they are as popular as the very newest ones. Blue is a particularly good for spring because it does not look too warm the first summer days that come and can be worn much later than brown and purple. The stores are showing semi-tailored models in sedate blues and fancy suits and afternoon gowns in the bright tones.

As suits are worn so extensively in the spring there is a demand for blouses. Many of the new ones are made of chiffon scarfing in either delicate Dresden designs or in bright colors. All are loose and collarless.

One of the new wraps is a bright green velour cape with a collar and vest effect of white velvet, trimmed with black buttons. The cape is just another step beyond the large armhole and Balmacaan style.

SOCIAL DANCE

Given by FIDELITY LODGE NO. 105, A. O. U. W., TONIGHT, APRIL 16, 1914, at MACCABEE HALL, 21 Lake Avenue North. Lavick's Orchestra. Tickets 50 cents per couple. Tango permitted. Door rights reserved.

Park Point Club.

The Park Point club will meet tomorrow evening at Mission hall. Meetings of the club will be held at Mission hall pending the meeting of the board of education, at which the question of meeting in the school in the future will be taken up.

St. Germain-Spenard.

Miss Mildred St. Germain and Charles Spenard were married yesterday afternoon at 3 o'clock at St. Peter's Episcopal church. The ceremony was performed by Rev. W. E. Hartmann. The bride wore a gown of crepe meteor with an overdress of shadow lace and carried roses and lilies of the valley. Miss Minnie Griffin, the maid of honor, wore crepe meteor with drapery of pale blue. Her bouquet was of white carnations. Roy Hutchinson was best man. A wedding dinner was served at the home of the bridegroom's parents, 1615 West Superior street.

D. A. R. Meeting.

At the meeting of the Daughters of Liberty chapter, D. A. R., held yesterday at the home of Miss Anna Upham, 1523 East Third street, the following officers were elected: Mrs. O. L. Mather, treasurer; Miss Julie Moore, historian; Mrs. L. D. Fraker, registrar; Mrs. T. J. Davis and Mrs. C. E. Lovett, directors, and Mrs. William Woodbridge, chaplain.

Reading of "Rigoletto."

Mrs. R. B. Liggett gave a reading of the libretto of "Rigoletto" before a large audience in the music rooms of Smith & Allen last evening.

The next best thing to grand opera was the combination of Mrs. Liggett's interpretation of the scenes of the opera with victrola records made by singers of world-wide fame and pianola records that illustrated the action of the play. This is an ideal method for studying the operas. Mrs. Liggett made the story plain to her hearers and the voices of Caruso, De Gogorza, Magrina, Abbott, Homer, Scotti, Sembrich and Amato presented the musical side of "Rigoletto" as it would be well-nigh impossible to hear it on the stage, considering the almost unhoped for feat of having so many stars in one cast. Even for those who are fortunate enough to attend grand opera the program of last night was the best kind of preparation for the complete and intelligent enjoyment of the opera on the stage.

Bridge Luncheon.

Mrs. J. A. Kirkwood of Forty-fourth avenue east and McCulloch street entertained the members of the L. and N. bridge club at 1 o'clock luncheon yesterday. The favors for bridge were won by Mrs. R. N. Ritchie, Mrs. J. W. Armstead, Mrs. Jesse Norton, Mrs. N. F. Russell and Mrs. J. I. Thomas. Pink carnations were used for decorations.

Personal Mention.

Mrs. F. D. Day of 2007 East Superior street left today for St. Paul to attend grand opera.

* * *

Mr. and Mrs. Julius H. Barnes and children of 25 South Twenty-sixth avenue east returned this morning from Washington, D. C.

* * *

Miss Senta Erd went to St. Paul Tuesday on account of the illness of her father, John B. Erd, who died yesterday afternoon. Miss Erd was to have been the maid of honor at the wedding of Miss Marie Hibbing to Dr. Louis Koller last evening.

* * *

Mrs. W. A. Weiss of 517 Fifth avenue east left Tuesday noon for Minneapolis to spend several weeks with her daughter, Mrs. Frederick Coaker, and with friends.

* * *

Mrs. Milton Fish, 502 North Twenty-second avenue west, has gone to Minneapolis to attend the meeting of the women's board of the Baptist Home and Foreign Missionary society. Mrs. Fish is district secretary. From Minneapolis, Mrs. Fish will go to Winona, where she will attend the state Sunday school convention as delegate from the Central Baptist church.

* * *

Mr. and Mrs. Claus Jeronimus, 17 East Fourth street, will leave Saturday for Minneapolis, to visit Mr. and Mrs. C. E. Jeronimus for several days.

* * *

Clifford Bridgeman, Forty-seventh avenue east and London road, who has been in the city for the Easter holidays, has returned to his college at Hudson, Wis.

* * *

Howard T. Abbott will leave today for Pasadena, Cal., to bring home Mrs. Abbott and the children, after the winter's sojourn in California.

* * *

Mrs. J. H. La Vaque, 1216 East First street, has gone to Minneapolis to visit her four sisters, Mrs. Richard Hankinson, Mrs. C. Z. Doolittle, Mrs. E. C. Holliday and Mrs. Ida Wilson. She will return in a week. Mrs. Hankinson returned from Europe yesterday.

* * *

Mrs. R. F. Belleperche, 1901 East Fifth street, will leave today for a ten days' trip to Hamlin and Fort Wayne, Ind.

* * *

Mrs. Harriet L. Carey of 5131 London road has returned from Washington where she spent the early spring.

SENIOR CLASS PLAY REHEARSALS HELD

The rehearsals of the play "The Starry Flag," which the senior class of the Central high school will produce, have been progressing for the last week in a very satisfactory manner. Last Monday afternoon the play was rehearsed completely with the various changes of scenery. All the members of the cast were in excellent form and went through their parts with enthusiasm and skill. Mr. Young and Miss Taylor of the high school faculty were present and enjoyed the performance.

Stage Manager Matt Brown's whole force was present and worked on the change of scenes. The longest change was accomplished in the short time of seven minutes.

A. G. Alexander, the coach, expects the play to be one of the best amateur performances ever given in Duluth.

Amusements

TONIGHT'S ATTRACTIONS.

ORPHEUM—Orpheum Road Show.
EMPRESS—Vaudeville.

Amusement Notes.

Many people who are going to see "The Blue Bird" next week are interested in it as a work of literary art and not merely or chiefly as a theatric production. One of the most illuminating analyses that has ever been made of "The Blue Bird" was delivered by Prof. Grandgent of Harvard university in a talk to the Drama league of Boston last fall. Some of the salient points are here given substantially in his language.

"The foundation of our play is laid

EDITHA KELLY
In "The Blue Bird."

in Fairyland, that charming realm created by the child-like imagination. 'The Blue Bird' is essentially a series of fairy scenes, dainty, poetic, humorous, contrived by a delicate, refined intelligence. It is akin to the Christmas pantomime and even to our old friend, 'The Black Crook,' into which, however, some quite extraneous elements were woven. To Fairyland belong Cat, Dog, Bread and their fellows. These are not symbols. They are amazingly clever representations of the things themselves.

"The second element we have to consider is dreamland, which is the fairyland of adults. Our play reveals several of its provinces—a series of fantastic, lovely, ethereal conceits, displayed before us for a moment in material form. The land of memory, the kingdom of the future and the palace of night are all situated in dreamland. Lastly Maeterlinck uses allegory to create a veil of mystery and to enforce certain didactic lessons. He employs the type of allegory used by Bunyan in 'Pilgrim's Progress' and not that familiar to Dante. In literature the second method is more effective; but on the stage there is little difference in their value."

The Harvard analyst expressed the belief that the allegory in "The Blue Bird" was the least valuable part of the work. He was wholly charmed by the fairy story and the fantasies of the poet's dream visions, and he took occasion to pay tribute to Maeterlinck's delightful humor that enlivens many of the scenes. The popularity of "The Blue Bird" he said, was a sign that the public appreciated genuine merit.

As played at the New theater, New York, it must have been very nearly a pure pantomime to the audience on account of the poor acoustic properties; but perhaps that notably successful run proved that "the effectiveness of the piece may be more or less independent of the spoken words."

* * *

"The burnt child dreads the fire" and for that reason the members of the Orpheum stage crew are just beginning to become friendly with "Romeo the Great," the wonderful trained chimpanzee that is headlining the Orpheum road show at the Duluth theater this week.

Several weeks ago there was a troupe of trained monkeys at the Orpheum, and among them a large trained ape. This animal was one of the most vicious and treacherous of his kind. One day he made a snatch at a member of the stage crew and took a large chunk out of his overalls. Fortunately he missed taking any of the man's skin with the overalls, but the experience made all members of the stage crew a little wary of monkeys. When Romeo appeared in the theater Sunday, the men behind, who are responsible for such a large part of the success of a vaudeville show, gave Romeo a wide berth, and carefully kept at a safe distance from the animal's powerful arms and teeth. But now they are beginning to realize that Romeo is one of the mildest tempered of animals, and so well is he trained that he is no more to be feared than a child of the same age.

Romeo has taken a particular liking to Richard Hanch, the stage manager of the Orpheum, and the animal takes great delight in standing in the wings beside the stage manager and assisting him in raising and lowering the curtain. Many times this week Romeo has helped "run the show" by working the curtain. The only time he is not allowed on the stage is when Claude and Fannie Usher are presenting their act, for Romeo's feud will "Spare-ribs," the little dog in this act, has not died out, and he is still longing to get his paws on "Spareribs."

* * *

It is always the aim of the Empress theater management to choose at least one act on the program that will appeal particularly to the many ladies and children who regularly attend the matinee performances. For the last half of this week the management has made a special effort in this direction in the engagement of Lord Robert, the smallest comedian in the world.

Lord Robert, though diminutive in body, has a wonderful intellect. He is quick at repartee and his spontaneous wit in answering questions hurled at him by his audiences elicits the greatest surprise and amusement.

Other acts on the bill at the Empress are Cal Stewart, the corner grocery store story teller, Mack and Scheftelles in a pleasing song act, and Happy Harrison's circus.

Oriental Floor Coverings Are the Most Lasting

Oriental Rugs, notwithstanding they are usually considered extravagantly costly, are the most lasting and economical in the end. They outlast several domestic rugs and will retain the rich coloring and lustre they originally possessed.

Our Oriental Rug Department presents an unusual showing of the handsomest and rarest rugs to be found—including carpet sizes in the Khiva—rug sizes in the Saruk—Mousal—Royal Bokhara—Sarabend — Kermanshah — Iran — Cabistan—Shirvan—Beluchistan—Kazak and Silk Mats, also other Far East makes, which were all selected with the utmost of care.

THE COUNTY AND CITY WORK FARM.

A group of plain but neat buildings on a gently rising knoll, swept by clean breezes and fragrant with the incense of the pines.

Inside, spotless cleanliness, compact practicality; plain but comfortable beds in upper and lower story iron bunks; a dining room whose floor you could eat from, a kitchen marvelously efficient in its small compass; no sight or smell of uncleanliness.

Outside, a clearing astonishingly large for the time it has taken to make it, with other clearings dimly caught through the vistas of the trees; men scattered here and there grubbing roots, cutting stumps, piling and burning brush, working as earnestly and faithfully as though they got three dollars a day for it, eating away at the overgrowth of a thousand acres of splendid soil.

This is the county and city work farm, an institution that will, we are sure, one day soon be famous.

A stranger might stumble upon this place in his rambles through the woods and observe it all day without realizing that it has any relationship whatever to a jail. He would hear the workers spoken of as "the men," never as "the prisoners." He would observe overseers scattered about, but he would hear them referred to as "foremen," never as "guards." Nowhere is there a hint of a barred window, a manacle or a chain.

When, at noon, the men filed in for their plain, wholesome and substantial meal—which is served at an average cost of less than seven cents—the observer, looking them over, would pick them for about as clean and decent and likely a bunch of workingmen as he ever ran across. Only on closer examination would he discover the thin sprinkling of "bad ones"—men who would rather be wrong than right—and he would hardly note even these unless he were aware of the character of the institution he was in.

Looking at this group of forty-odd men in the cells of a county jail, the observer would think of them as "prisoners," and condemn them in a body. Looking at them here, he thinks of them as men, and realizes that they are just "folks," much like the rest of us.

And then, seeing these things and thinking these thoughts, the observer would inevitably make this reflection: The difference between treating minor offenders this way and treating them as we used to treat them, between sixty days of wholesome work under wholesome conditions in the open and sixty days of stewing in a noisome county jail, is the difference between civilization and barbarism. The jail is a school of discouragement and crime; the work farm is a school of manhood.

The man convicted of drunkenness or petty crime used to be chucked into jail, to be fed under conditions where the sheriff's profit is the object in view, to be surrounded by iron bars and guards and the abnormal, unwholesome atmosphere of a prison, and to think that society cares nothing for his welfare—and why, then, should he give a hang about society or his own decency? Here the foundations of lives of crime and uselessness are laid.

The man convicted now of drunkenness or petty crime is sent—subject to the limitations of space which will soon be enlarged—to the work farm. There he is cleaned outside by a bath, shave and clean clothes. He is put at work and cleaned inside by wholesome outdoor labor. In a few days the poison of alcohol and bad living is out of his system. Thirty or sixty days away from "the booze," and he is a new man. The foundations of a life of self-respect have been laid.

Everything in such an institution, particularly when it has to be built completely from the ground up, with few precedents for guidance and not all of these reliable, depends upon the character of the men in charge of it. In this, Duluth and St. Louis county are fortunate. The joint city and county commission was admirably selected and its members are showing great and earnest interest and a thorough understanding of their job.

But above all, the city and county were exceedingly lucky to get such a man as Fred Ward to run the place. He is a big, husky young fellow with a straight, clear eye and a big heart, a kind face and a firm will and a grip that leaves you picking your fingers out one at a time and putting them back where they belong. He is laying the foundations of an institution that will make him and Duluth famous, and he is laying them right.

In short, the city and county work farm is a humanizing influence that takes the place of a brutalizing influence, and a thing of which Duluth and St. Louis county should be proud. No finer thing ever was done in this region than its creation.

Another and unexpected international complication over the Mexican affair—Washington seems to contain a Scotchman and a Swede, both of whom have their Irish up and propose to make Huerta walk Turkey.

WHEN PATIENCE CEASES TO BE A VIRTUE.

Senator Shively of Indiana put the case fairly yesterday when he said: "There is no first-class power in the world from which the United States would have stood what it has patiently stood from poor, ungoverned, divided and embroiled Mexico. It is like the case of a cur snapping at the patient Newfoundland dog who must eventually act and teach his tormentors a lesson."

We find people hereabouts unanimously pleased with the president's determination to let Huerta's impudence go unrebuked no longer. The very fact that action has been delayed so long, and that it comes now only when the cause is so gross that action is the only thing that is tolerable, increases this satisfaction. If intervention had come about when some hotheads, jingoes and stockholders wanted it to come about, a large proportion of the people would have been discontented. Now none will be discontented, and the churlish whines of such specimens as Mondell and Works only serve to show how overwhelmingly the masses of the American people are behind the president in his present vigorous insistence upon respect for the American flag.

And at that, we are half inclined to bet a cooky that Huerta will drop to his knees before the first shot can be fired.

Apparently Mexico City wasn't nearly so slow in getting the news from Washington as it was in getting that from Torreon.

THE STATE AS A LAND DEALER.

Commenting upon the opinion of the Brown's Valley Tribune that the state should clear a portion of each tract of state land before offering it for sale, the St. Peter Free Press says: "This would perhaps be good policy, provided always that care be taken not only to nominally add but actually collect the cost of clearing the land, thus encouraging the sale of the lands and at the same time increase the taxpaying property of the state. * * * Perhaps it would be a profitable investment for the state to clear a portion of each tract of stumpage land before offering it for sale, as had been suggested; nevertheless there is always a tendency to arrange things so as to unload most of the expenes of this nature upon the state in the end, and but for this fact there would be very little opposition to the proposition."

This is handsome indeed, and it comes from one of the most influential newspapers of Southern Minnesota, one that has examined this project of state development with extreme caution and, at first, with grave suspicion.

The precaution the Free Press suggests should by all means be taken. In whatever law the legislature enacts for the improvement of state lands before offering them for sale the requirement that purchasers must pay the cost of clearing should be put beyond any possibility of doubt.

The fear that a project of this character might work out to be a scheme to get the state to do at its own expense what the people of Northern Minnesota should do for themselves is perhaps natural in view of the vast difference that exists between conditions in Northern Minnesota and Southern Minnesota. Yet The Herald is positive that there is no real ground for this fear, and no danger whatever that the results it contemplates the possibility of will ever come about.

The land lies idle, stump-covered. Its soil is richly fertile, but the stumps guard it against the plow. It pays no taxes to the state, it yields no crops, it holds back the development of half the state. To settle it is to put it on the tax rolls, to set it at producing wealth, to make it an agency of state development instead of an agency of state stagnation.

It would pay the state richly to do this even if its treasury did not profit directly by a penny. To clear a portion of each tract so that the settler could make a living from the start while he clears the rest would, however, profit the state not only indirectly but directly, and to an enormous extent.

The cost of such clearing should of course be added to the price of the land; and if that is done there is as little danger that the settler will get off without paying it as there is that he will get title to his state land without first paying the price.

The man who swore he saw Rosenthal shot and that the accused men didn't do it has pleaded guilty to perjury in that testimony. It would be interesting to know who put him up to it.

CALLING WILSON A TRAITOR.

A "News Tribune special" from Washington in this morning's paper starts out this way:

> Is the Wilson administration, not content with its attempt to surrender American rights of free tolls to coastwise ships through the Panama canal, secretly dickering with Great Britain and other European nations to turn over the canal, lock, stock and barrel, to the world, to be used as a neutralized international waterway?

And so on for a column and a half.

Now this sounds very suspiciously like John R. McLean and his Cincinnati Enquirer, like William Randolph Hearst and his New York American, like the coastwise shipping trust and its string of purchaseable newspapers.

Manifestly, this is a crude attempt to cast suspicion upon the president, to charge him with treason and treachery by means that are supposed to be subtle but are not, and to foster the cause of the shipping trust at the cost of American honor and America's best interests.

If it is paid advertising, it should be labeled as such, as the Federal law requires.

Who said spring fever?

MINNESOTA GRAIN INSPECTION.

Congressman-at-large (still at large) Manahan of Minnesota is here, we understand, to interest people in a project for Federal grain inspection.

We can understand how he can get plenty of sympathy in Wisconsin, whose grain inspection system has no standing; but we cannot understand how he can expect any sympathy or support in Minnesota, whose grain inspection system towers in the markets of the world.

The Minnesota grain inspection system was created by and for the farmers. It is sound, efficient, thorough. Its standing is high in the markets of the world, and is recognized everywhere like a sworn pure food label.

Why anybody in Minnesota, from the fields to the cities, should be interested in having this system shouldered aside by an entirely new system which would have to prove itself before it would have any standing in the world's market, we are unable to see.

That is, we cannot understand why anybody but Manahan should be so interested.

Just the same, it isn't necessary to be in any hurry to enlist.

The Short Ballot—Genuine Democracy

Spokane Spokesman-Review: New York presents additional proof of the virtually universal concurrence of American citizens in the conviction that lessening the number of elective officials of states, municipalities and counties is indispensable to the attainment of efficiency in their public business. The legislature of that conservative commonwealth has enacted an amendment to the constitution providing for the short ballot, and has done so without the utterance of a single objection to this policy, albeit there was some variance of judgment, as is natural and inevitable, over the working out of details.

The American voter has had a century and a quarter of experience of choosing among multitudinous candidates for nomination to public office and then among the numerous nominees for the many positions of government. Discouraging and expensive experience has taught him that he can neither obtain adequate information as to their fitness nor pay enough attention to this matter to enable him to choose intelligently and then to place the responsibility for performance of their respective duties.

He has accordingly drawn the conclusion that whenever it may prove practicable and advantageous to elect a single official, to endow him with authority and power to appoint the subordinate officials in his department and to hold him to account for their results, then it is to the interest of the commonwealth to adopt this method and policy.

This conclusion runs on the road of genuine and better democracy. For self-government by the people does not consist of their electing many servants of the state. It consists in their having the substance of sovereignty and exercising real power. To elect a servant as to whom one knows little or nothing and over whose conduct the voter has no real control is to elect a master and to cease to be sovereign. To choose an official as to whom one has full knowledge and over whom he retains full control is to remain master and ruler.

The long ballot is the shadow of democracy and the shelter of oligarchy. The short ballot is the substance of genuine democracy.

Worth Knowing.

Lippincott's: The editor of the Evening Star was deeply engrossed in his work when he was suddenly interrupted by the office boy, who remarked:

"There's a tramp at the door, Mr. Hyde, and he says he ain't had nothin' to eat for six days."

"Fetch him in," said the editor. "If we can find out how he does it, we can run the paper for another week."

Tools the Gardener Needs

From the New York Evening Post.

Gardening efficiency depends first upon the gardener's tools. All garden tools have descended from the crooked stick, forerunner of the plow. The crooked stick gave results, but some of the implements displayed in the seedman's window and illustrated in the garden catalogue will give vastly better results.

There are about a dozen tools that the amateur gardener needs.

Pick up and examine a hoe and a spading fork on the first of your shopping visits for garden tools. Try half a dozen of each kind of these tools. See to the smoothness of the wooden handles—no splinters wanted. The difference of an inch or two in a spading fork will mean the difference between getting an aching back or developing the muscles of shoulders, chest and arms. The circumference of the hoe handle might just as well fit your palm and encircling thumb as not. Balance these tools, particularly the hoe.

Buy the spading fork and the draw hoe first. Test them at work. Ascertain the relation of your strength and their weight and balance, then go buy a heart shaped hoe and a rake—a steel, 12, 14 or 16-tooth rake, as you may fancy.

A steel garden reel will help to make your garden trim, orderly and well proportioned. It consists of two rods, each about twenty-eight inches long, sharp pointed and more readily to be thrust into the ground. One rod is a reel with 100 feet of garden line, and it is with this that you should lay out your flower and vegetable rows rather than a "piece of string." The garden reel preserves the symmetry of the garden and makes it a delight to the eye when growing.

And right here let the wheeled hoe be suggested if you have long straight lines of cultivation. The wheeled hoe, with its cultivator teeth, rake teeth, small plows, leaf lifters and other attachments, adds tremendously to the ease of cultivation.

Then there is the weeder. To see a weeder manipulated around three sides of a plant is to understand its suitability. Weeders come long handled, and with one the gardener can stand erect and weed away, but the short handled kind is the one that does the business. Down on your knees, with ten fingers in action, is, after all, the best way of weeding a garden.

The dibber or dibble is a comparatively unknown tool, but it is very useful. It is two to three feet long, and thrust into the earth makes a hole six inches deep and two inches wide for transplanting etc. A trowel aids in this work and in all garden puttering.

A spray pump and a dust bellows are essential to fighting the insects and fungus pests that infest gardens. There is no way of getting insecticides and fungicides on the plants evenly and effectively, except by spraying and dusting.

Ten Marks of the Man Prepared for Marriage

A few days ago the rules of William A. McKeever, professor of child welfare at the University of Kansas, for knowing when a girl is ready to marry, were quoted from his "Training the Girl" (Macmillans). In the same book Mr. McKeever gives ten marks of merit by which the young woman such as he described may know whether or not her young man friend is worthy to become her husband. The ten characterizations of the worthy young man are as follows:

As to age, the same theoretic rule obtains for him as for the woman, the maximum of physical and mental readiness probably being ten years after the beginning of adolescence.

His common schooling should be about the same as that required for the young woman, and it would be well, in case of an actual mating, if they had both attended the same type of common school.

During all the years of his physical development the young man should have been constantly trained and disciplined in the performance of the maximum variety of such work as the ordinary home, shop and field provide for the growing boy.

Besides having had ample experienced in the performance of a variety of plain boy work, he should also be thoroughly trained and skilled in some bread-winning occupation, with a thought of making it his lifework.

He should have been kept clean and pure in his moral life and should have a very high respect for the inherent worth and the reasonably guarded virtue of ordinary womanhood.

His wealth may not necessarily consist of a considerable amount of money saved or in prospect of an inheritance; provided, that he be trained as sketched above, and that he have developed in his character a genuine money earning capacity.

He should be well informed as to the nature and status of women of various classes and should especially know what traits of character in young woman constitute a guarantee of satisfactory wifehood and motherhood.

He should have the habit of being frank and honest and courageous in his business dealings and should possess a sense of his responsibility as a bread-winner for the family of which he expects to be the head.

He should possess a genuine interest in children, should have considerable theoretical knowledge about their care and training, and should be conscious of a father's full duty in respect to all other family matters.

He should keep himself in touch with current affairs and should be ready and willing to contribute a part to the civic, moral and religious welfare of the community in which he expects to live.

The Virtues of the Poor.

Albion Fellows Bacon in The Survey: It is so easy to account for the faults of the poor. It is their virtues that are unaccountable. We find many cases of heroism, in their struggle against desperate odds. The generosity of the poor is proverbial, and seems to be in inverse proportion to their possessions. It is a common thing to find a family giving up one of their rooms to another family. We knew of a family in two rooms giving one to a woman who was dying with tuberculosis. It is not unusual for one or more waifs to be taken into a family, even though the meager supply of food and clothing is already insufficient.

As I write these things there comes over me again that feeling that always overwhelms me when I look out upon an audience of well-dressed, well-fed, well-housed people and note the sheen of silk and the glisten of jewels. How can we put the story of Poverty's Children into the vocabulary of these Children of the Sunshine?

The Wise Fools.

Detroit Free Press: "I wish I knew enough to be called a fool today."

"What an idea! Why?"

"Some of my fool theories might be right, and I'd be hailed as a hero tomorrow."

Statesmen, Real and Near

By Fred C. Kelly.

Washington, April 16.—(Special to The Herald.)—A great many things might be said regarding Daniel Edward Garrett, congressman-at-large from Texas.

To begin with, he looks like a congressman-at-large from Texas. If one were to attend a performance of Hoyt's "Texas Steer" and then start right out and look over the house of representatives and pick a member-at-large from the great commonwealth of Texas, Garrett would be guess No. 1. He has large mischievous eyes, so black and glittering that they could frighten little children off almost any side street, and his hair, which is the color of the raven's wing, hangs down over his face in tropical profusion. A long black frock coat and a vast-brimmed black hat complete the scheme. It is just as if one had taken one of the "Texas Steer" lithographs, set it up in front of him and then made up for the part.

* * *

His friends twit him and say that that is precisely what he did. For Garrett did not grow up to look the way he does now. And in the beginning he was not a Texan at all. He belonged in Tennessee; until a few short years ago practiced law in Tennessee and served in the state senate. His hair was short in those days. He looked just like anybody. Then a friend of his down in Houston pestered him into moving to Texas. From then on Garrett was a changed man. Even his name became changed in the shuffle.

Whereas, in Tennessee everybody had called him Ed Garrett, in Texas men called him Dan. They called him Dan right to his face. But regardless of whether he was Dan or Ed, Garrett could shake hands in Texas just as well as in Tennessee. And gladhanding was one of the things in which he excelled.

It was inevitable even before he bought his wide-brimmed hat and let his hair grow long that Garrett would soon gravitate naturally right into office, just as he had in Tennessee. The mere circumstance of geography could not long keep him out of some high position of trust and emolument. If Garrett were to move now to England, it wouldn't be any time at all until he would be dressed in a tweed suit, exclaiming "Blarsted weathah!" and sitting as a member of parliament.

* * *

And that recalls this little tale.

Shortly after he reached Washington to enter congress, Garrett met up with an old friend from Tennessee.

"Well, if it ain't old Ed Garrett!" exclaimed the Tennessee man; "what're you doing here?"

"I'm a member of congress," owned up Garrett.

"Quit your kiddin'," said the old friend. "Joe Byrns is the congressman from our district. You can't fool me."

"But I'm from Texas," explained Garrett. "And my name's Dan, not Ed."

"Texas? Texas!" Say, I reckon the next time I see you, you'll tell me you're the ambassador from Russia."

* * *

Secretary of State Bryan was receiving a visit the other day from his son, William J. Bryan, Jr., who is a young lawyer of Tucson, Ariz. The younger Bryan accompanied his father over to a cabinet meeting one morning and, at the suggestion of the one of the other members, tried his father's chair.

"I wish you would just remain there right through the meeting instead of your father," remarked Secretary Josephus Daniels, roguishly.

"Why's that?"

"Oh," replied Daniels, "simply because the rest of us might then have a chance to talk."

* * *

Congressman Fess of Ohio dashed into a barber's studio back in his district in great haste one morning, looked at his watch, snapped the lid shut with a loud report and asked the operator at the first chair:

"Can you shave me without my taking my collar off? You see I'm in a great hurry."

"Ah, yes," replied the barber, who happened to be one of the foremost wits of that town; "fact is I think I could cut you hair without you taking your hat off."

* * *

Representative James F. Burke of Pittsburg, the most nattily garbed member of congress, if pinned down to it, will confess how he first became a nifty dresser. In his college days, Burke was struggling to make ends meet and had all he could do to keep a couple of lengths ahead of the wolf. He roomed, however, with a medical student, who, contrary to the general run of medical students, had a rather fashionable wardrobe. Burke used to borrow his roommate's gay garments and swing jauntily up the street to the great admiration of the populace. By the time he had finished the law course, Burke had become so accustomed to being fetchingly clothed, that he has stuck to it ever since.

* * *

Col. George W. Goethals insists on taking excellent care of his health. Just after he came up from Panama a little while ago, he met a friend on the street in Washington one cold, blustery day. After exchanging greetings, Goethals said:

"Glad as I am to see you, you'll have to excuse me from talking. I don't intend to talk in this cold wind."

Britain's Be-nightie-d Drama.

James Douglas in London Opinion: The British drama is no longer benighted; it is be-nightie-d. In nearly all the new plays the heroine is put to bed or prepared for bed, and the audience is permitted to see the very newest nighties and the very latest peignoirs.

This sounds very shocking, but the stage nightie and the stage peignoir are very substantial garments, and they are not half so naughty as they seem. In fact, a woman is more completely dressed when she is undressed than when she is dressed nowadays. That is the paradox of the lingerie school of dramatists. The more they take off the more they put on.

The theaters are forced to do something desperate to meet the fierce competition of the picture theaters, the revues, the musical comedies and the music halls. What can the starving dramatist do if he is forbidden to exploit the mysteries of the wardrobe? He has tried every other device to attract the public. But the public are tired of all his tricks. They demand brains behind the footlights. As the poor dramatist in nine cases out of ten is born without brains he is compelled to try the lure of silk stockings or the bait of lingerie. If he has no head, he must rely on hose. If he has no intellect he must put his trust in nighties. If he cannot cast out dullness he must at least cast off clothes. It is felt that if the worst come to the worst the British theater may owe its salvation to the laundry.

Standing By the President

The Minnesota Press of All Parties Back of Wilson.

A Tribute From Canada.

Manitoba Free Press: When Henry Clay said "I had rather be right than president" he bequeathed to succeeding generations of United States orators a saying which they have made hackneyed by repetition. Mr. Wilson is both. If ever there has been a man in the public life of his country who could truthfully describe himself in Henry Clay's words it is he. And because of his fearless devotion to the right, his "wisdom in taking the scorn of consequence" in taking his stand for the preservation of the national honor, with the leaders of all parties in congress, including his own, against him, he has scored an extraordinary triumph in making a decisive majority in congress range itself with him. There is something finely inspiring in this response to Mr. Wilson's appeal to honor, his raising of the whole question to the high level of conscience and national duty and self-respect.

In no country have public men of this stamp been too plentiful. The people of the United States may well take pride in having such a man as president, and may augur well for their country's future from the fact that such a man can attain the president's chair as the result of their system of self-government. So long as there come forward from among them leaders like Woodrow Wilson they need not "despair of the republic."

But Some Do on Partisanship.

Lake Crystal Union: None can dispute the wisdom of the president in his demand for equal terms to the ships of all nations in the use of the Panama canal.

A Proud Record.

Wabasha Herald: Whether we consider the downward revision of the tariff its greatest accomplishment, or the currency measure, or the income tax, or the practical elimination of Wall street, we will agree that the Democratic administration, under the leadership of the most admired president of recent times, can point to a year of achievements almost unparalleled in American history.

He has kept faith with himself, with his party, with the people. He has the capacity to feel the real needs of the people, a trained mind to analyze a problem correctly, courage that will not waver and ability that spells achievement. For the first time in fifty years the hand of Wall street has been removed from the government of the United States and the sun of peace, prosperity and justice is shining upon a free people.

And the Confidence Will Grow.

St. Peter Herald: It has been a year since President Wilson was inaugurated. The country is highly prosperous and there is not the slightest sign of the panic the Taft managers predicted. Better still, no chief magistrate ever enjoyed the fuller confidence of the people.

Short But Pithy.

Perham Enterprise: President Wilson has set a new standard in state papers. Messages to congress have hitherto been voluminous documents which no one read through except clerks of the house and senate and the proofreaders of the newspapers. The last message of the president contained fifty words, every one necessary to the thought and the thought hit the bull's-eye of the matter and did not need more than fifty words to do it. Thought has an amplitude that does not require expression. A nucleus of words will start it and the innate momentum carries it along. Verbiage is like too many flowers in a garden. It gives nothing but an idea of profusion and hides the garden.

Confidence in President.

Cass Lake Times: President Wilson enters the second year of his administration. It has been a year of strenuous effort for him and his advisers, but the efforts put forth to place the nation on a democratic basis have proven to the people that they made no mistake in their selection of a chief ruler. For the last half century such confidence in the ability and integrity of our chief magistrate has not been so clearly and satisfactorily felt as at present. The common people of the nation are content that there is a force at the head of our government that means to protect them and restore to them the rights so willfully and wickedly taken from them by organized greed and thirst for power. It is true that there are some who are dissatisfied and complain because of the loss of privileges, but the steady course of the administration, directed to the breaking up of all unlawful combinations with a firm determination to punish all who persist in breaking the law will not fail in convincing every liberty-loving citizen that a government like ours is not for the few but for all.

A Creed.

Faith in him who calls me friend,
Faith in what is sweet and clean;
Faith that just around the bend
All is peaceful and serene.
Faith that after care and strife
Come the happy days of rest;
Faith that everything in life
Really happens for the best.

This my faith and this my shield
'Gainst the arrows of distrust;
Much of justice is concealed
In what seems to be unjust.
Now what seems a dismal way
That alone I'm forced to tread
I may come to see some day
Is a glorious path instead.

Undisturbed by petty wrongs,
Undismayed by what is mean,
Though the false attracts the throngs,
Though the multitude unclean,
Though at times I stand alone,
Though I'm oft misunderstood,
Faith I still would keep and own
In the decent and the good.
—Detroit Free Press.

Slums and Cleanliness.

Albion Fellows Bacon in The Survey: As to the poor—many, not all of them—being "filthy," we must admit the fact, but we insist on the reason. As to their "preferring to be filthy," I have said enough in other chapters of the heroic efforts some of them make to be clean. I wonder, as I see them carrying water so far, and up and down stairs, how they have the heart to do it. I wonder how many of us would try as hard to be clean. One marvels at the persistence of the conception of purity, in our slums, and marvels, too, that the seven plagues have not swept the poor, and us along with them, off the earth.

An Americanism Anglicised.

Cardiff Western Mail: "Very sorry, my dear," spluttered the husband at midnight, "I could not get a car before." "So the cars were full, too, were they?" commented the good wife, just by way of a beginning.

Twenty Years Ago

From The Herald of this date, 1894.

***The Mountain Iron Water company has filed articles of incorporation. The object is to furnish a water supply to the village of Mountain Iron. The incorporators are A. Roscoe Merritt of Mountain Iron and Wilbur J. Merritt, Thomas H. Merritt, John J. Merritt and E. W. Merritt, all of Duluth. The capital stock is $25,000.

***Ex-Chief of Police Dan Horgan has purchased the East End livery barn at Superior street and Washington avenue from E. Butchart and is now a full-fledged liveryman.

***John M. Caplis, Representative Baldwin's candidate, will be appointed postmaster at West Duluth in a few days.

***Senator Vance of North Carolina is dead, the result of a stroke of apoplexy.

***Miss Maud Stevens has resigned as clerk of the municipal court at West Duluth and is succeeded by Miss Bundy.

***Louis Baire, sawyer at the Merrill & Ring mill, has returned with his family from a winter's stay in Michigan.

***William Chisholm of West Duluth has gone to Marquette, where he will enter the employ of the Duluth, South Shore & Atlantic railroad.

***The marriage of Miss Anna Hamlin and William Doyle of West Duluth took place this morning at St. James' Catholic church.

***E. W. McCormick has returned to West Duluth after a protracted visit in the South.

***Clark Poole is reported to have an option on Erie pier for the B. B. Richards Lumber company, which has in view the erection of another sawmill.

***W. P. and Mrs. Allen have returned to Cloquet from an extended tour in Europe, Northern Africa and part of Asia.

***The A. Booth Packing company is to have opposition in the fish business this year. M. F. Kalmbach, formerly of the Northern Fresh Fish company, has made contracts with owners of all but three of the forty fishing smacks between Duluth and Port Arthur. The steamer R. G. Stewart has been chartered and Capt. Con Flynn has gone to Bay City to get her. Stone, Ordean & Co. will handle the fish.

***The officers of the new Grand Army of the Republic post, installed by E. R. Jefferson, are as follows: Commander, S. F. White; senior vice commander, E. R. Paxson; junior vice commander, J. H. Baker; quartermaster, C. P. Bragg; officer of the day, C. T. Griffin; officer of the guard, John Stewart; surgeon, David P. Kimball; chaplain, M. S. Daniels; adjutant, Asa Dailey. The post is named after Col. Ellsworth, the first Union soldier who fell in the war.

Nature's Monitions.

Evermore, through year renew'd
In undisturb'd vicissitude
Of seasons balancing their flight
On the swift wings of day and night,
Kind Nature keeps a heavenly door
Wide open for the scatter'd poor.
Where flower-breathed incense to the skies
Is wafted in mute harmonies;
And ground fresh-cloven by the plough
Is fragrant with a humbler vow;
Where birds and brooks from leafy dells
Chime forth unwearied canticles,
And vapours magnify and spread
The glory of the sun's bright head—
Still constant in her worship, still
Conforming to the eternal will.
Whether men sow or reap the fields,
Divine monition Nature yields,
That not by bread alone we live,
Or what a hand of flesh can give;
That every day should have some part
Free for a sabbath of the heart:
So shall the seventh be truly blest,
From morn to eve, with hallow'd rest.
—Wordsworth.

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their ideas about the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 300 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer though these need not be published. A signed letter is always more effective, however.)

THE GREAT NORTHERN AND IMPORTED LABOR.

To the Editor of The Herald:

Who says that another name for James J. Hill isn't efficiency? Ye doubters, stop, listen, hear, comprehend and consider what I am going to say, for it will dispel all doubt in your minds and place your souls at ease. Why, Jim Hill is so efficient in everything that he left absolutely no particle of room for any sentimental foolishness, such as patriotism, "square deal," fairness to employes. He has no room for the idiotic doctrine that the employer and employes should treat each other as partners. Such things don't come in on Jim's "Highways of Progress." Now listen, for my story begins.

Ever since the Great Northern line to the iron ranges was built the settlers around about Arlberg have served the road as section men during the summer months when the road was active. It has been handy for Jim to call out these settlers in the spring when ore traffic began and lay them off for the winter when the traffic ceased.

For twenty years these settlers have competed with imported cheap labor in order to make a living for themselves and their families and buy dynamite to blow out stumps.

A few days ago the section foreman at Arlberg received orders to "take on" a few men and begin to prepare the track for business. The foreman's call for laborers met with the usual response from the settlers, although Jim can only afford to pay $1.50 for a day of ten hours' work.

In the meantime Mr. Hill's efficiency engineer makes a contract with a few carloads of freshly imported Greeks down in St. Louis and ships a couple loads of them up here. The roadmaster is ordered to find work for them at once for by terms of aforementioned contract these men draw pay whether they work or not.

So all the roadmaster has to do is to lay off "temporarily" these settlers and place a dozen Greeks in their places. He knows that these men can't pack up and leave. He can get them back when he wants them. This isn't exactly what one would call "nice." It isn't a just reward for faithfulness, it isn't exactly fair to American labor, but it had to be done for efficiency's sake.

The men from across the ocean have a boxcar on the sidetrack. They don't exactly patronize home industry; they aren't what Roosevelt would call "desirables," but cheap is the word.

The settler sits and waits till Jim finds other work for his beloved imported Greek stock.

I do not say that this shows an act of patriotism nor "square deal," nor brotherly love on the part of the distinguished empire builder of the Northwest, but it certainly is a splendid example of skill and efficiency in the manipulation of employes to the advantage of the man on top. From an admirer of J. J. Hill.

SUBSCRIBER.

Duluth, April 14.

PUZZLE FOR THE BOYS.

To the Editor of The Herald:

If a cannon, loaded with powder enough when stationary to send the cannon ball, when fired, one mile in one minute, be placed upon a train running at the rate of a mile a minute, and fired in the opposite direction from which the train is running, how far apart will the train and the cannon ball be at the end of one minute, not taking into account air resistance? R.

Duluth, April 14.

DEBATE WITH GRAND RAPIDS.

To the Editor of The Herald:

Has the Grand Rapids, Minn., high school held a debate with the Duluth Central high school this year? If not, is there a debate scheduled? I am sure that a debate between the two school teams would create considerable interest. ENTHUSIAST.

Duluth, April 14.

There has been no open debate between the Grand Rapids and the Duluth Central teams this year and the debating season is now over. The Grand Rapids team held a practice debate with the Central Debating club some time ago while the former was on its way to Two Harbors, but there was no public audience and no decision was rendered.—The Editor.

CITIZENSHIP.

To the Editor of The Herald:

Kindly answer the following question:

Can a natural born American citizen live in a foreign country ten years without forfeiting his rights as an American citizen?

FRED JOHNSON.

Duluth, April 14.

American citizenship is not forfeited by residence abroad. Naturalization in some other country would, of course, forfeit American citizenship.—The Editor.

DURATION OF PAROLE.

To the Editor of The Herald:

Please answer this question in your Open Court column. Supposing that a person pleads guilty to a crime for which the maximum penalty is two years in the state penitentiary, may the district court lawfully keep a parole over him for six or eight years?

C. H. HARRINGTON.

Cass Lake, Minn., April 13.

It is within the discretion of the district court in an offense of this kind to suspend the execution of the sentence for an indefinite period of time and place the prisoner on parole pending his good behavior. It would be very unusual, however, for a court to keep the parole over a prisoner for this length of time, although there is nothing in the law which forbids it.—The Editor.

Simple Home Treatment for Objectionable Hairs

(Toilet Talks)

Here is a toilet help you should remember, because it may at some time be the means of saving you from embarrassment: To quickly and painlessly remove hair or fuzz from chin, lip or cheek, apply a thick paste made by mixing together powdered delatone and water. Let this remain on the hairy surface about 2 minutes, then rub off, wash the skin and lo! the hairs have vanished. This treatment is entirely harmless, but caution should be used to see that you get delatone.—Advertisement.

SUBSIDY PLAYING PATRIOT

By SAVOYARD

Washington, April 16.—(Special to The Herald.)—"For I say unto you, that except your righteousness exceed the righteousness of the scribes and Pharisees, ye shall in no case enter into the kindom of heaven."—St. Matthew.

What was the doctrine of the scribes and Pharisees? This, simply this—"I am holier than thou." "God, I thank thee that I am not as this publican."

That is the spirit that crucified the Blessed Redeemer, stoned Stephen, broiled Lawrence, persecuted the saints and deluged Christendom in oceans of blood in a hundred wars since the Lamb of God suffered and died on the cross for bad folk like you and me.

* * *

Well, there is a political phariseism that is scarce less destructive and almost as odious. It says, "I am more patriotic than you." Mankind has been plagued with this vermin throughout the ages. It is the dagger and the staff of the demagogue; it is the food and raiment of that political miscreant whose citadel is ignorance and whose breastwork is prejudice. The Hon. Knowland is one of 'em, and their tribe is legion.

It pursued George Washington, and the little fellows in the congresses of his day denounced him for surrendering to Great Britain just as our fried meat set in this day charge Woodrow Wilson with sycophancy to the same power. There is nothing new in it. It is the virus that corrupted the blood of politics in all ages, in all climes, among all races.

* * *

Here is the Hon. Vardaman, who says that he loves the flag with the same fervor John A. Logan used to deliver himself of, and he has gotten himself into such a patriotic ecstasy about it that he has forgotten the nigger long enough to propose to tax the poor devil growing a miserable patch of cotton in the piney woods of Mississippi and bestow the swag upon an opulent ship trust monopoly that is worth untold millions. I hope the senator will speak on the bill.

Now here—this row about canal tolls is only the battle of Baltimore over again. The Hon. Vardaman was disastrously beaten, routed—horse, foot and dragoons—in 1912 at Baltimore, and he will be just as signally discomfited in his assault on Wilson's administration in 1914 as he was when he mustered himself against Wilson's candidacy two years ago. The issue then was, Shall Woodrow Wilson or Champ Clark lead the Democratic party? And that is the issue today. Vardaman was against Wilson then. He is with Clark now. The result will be the same.

* * *

And Champ—that lovable and delightful man—was born to be a greater Pepys, but he needs must be a statesman. With a mind the most impressionable, with instincts the most laudable, with heart the most loyal, with patriotism the most unselfish—this grand man has fallen into the hands of a set of harpies like Hearst who bullies him and like Dubois who flatters him. I do not say that Champ is conscious that Hearst dominates him, for he is not, but the consequence is the same.

It is deplorable—the course of Clark for the last twenty months and upwards. His chief endeavor—his sole endeavor—seems to be to so conduct himself as to vindicate the wisdom of the Baltimore convention of 1912 in rejecting his nomination.

* * *

Now there is no doubt of the personal popularity of Champ Clark and it is founded on affection more than upon admiration. The day the "rule" was brought in, Clark and Underwood got immense applause from the Republicans; but the day the debate was closed on the bill after the rule was adopted it was proposed by the real Democrats of congress, who abominate the special privilege of a ship subsidy, "to give the old man a hand." And they did it without demur and without stint, with the understanding that they intended to "run the steam roller over him and smash him as flat as a battercake when the vote was taken," and that was all right. It did the old fellow a heap of good and did the cause of true Democracy no harm. The steam roller was there and in action.

But the least said about Champ's speech the better—it was claptrap, hyperbole, an appeal to ignorance and prejudice. It will have a big run at Terrapin Ridge, Possum Scratch and Slipskin—nowhere else.

The sole issue before the house was this: Shall the Democratic party advocate the taxing of all the people to bestow a subsidy on an opulent, greedy ship trust? Without its corruption practiced on congress—though practiced in the reptile press—this ship subsidy is the reincarnation of the Pacific Mail scandal of 1872.

HISTORIC FIRE ENGINE.

L'Anse, Mich., Has Machine Used in Great Chicago Fire.

L'Anse, Mich., April 16.—(Special to The Herald.)—This village, the seat of Baraga county, owns the oldest fire engine in Upper Michigan. The apparatus has the further distinction of having done duty in the great conflagration at Chicago in 1871. At the time of that memorable fire the engine had been sold to the city of Racine, Wis., and was in the railroad yards, awaiting shipment. It was taken from the car and pressed into service. Afterward it was purchased by this village. The engine was damaged in 1895 when flames destroyed half of the town, but it was rebuilt and has since been ready for duty at any time and capable of giving efficient service, notwithstanding it is of a product of a past generation. L'Anse people are proud of the old fire-fighting apparatus.

WAS BUTTE OUTLAW.

Bandit Killed at Lemmon, S. D., Positively Identified.

Lemmon, S. D., April 16.—The bandit killed in a revolver duel with officers here Monday night and supposed to be Harry Mathews, the Bellingham, Wash., train robber, was J. W. Weininger, alias J. J. Barrett, a Butte, Mont., outlaw, for whom the officers of that city have been searching for some time. He was identified last night by Chief of Police Jerry J. Murphy of Butte.

A Great Northern detective had found Weininger's name on the dead man's coat pocket, and immediately communicated with the Butte police. Chief Murphy's arrival cleared up the mystery.

Weininger was arrested and convicted a year ago, charged with raising and forging checks on a copper mining company at Butte, but later escaped. He was discovered in a Butte saloon by a deputy sheriff last Friday night and placed under arrest, according to Chief Murphy. Weininger calmly submitted, but after leaving the saloon, he drew a revolver and held up the deputy. After compelling the officer to turn over his revolver, he disappeared.

LEFT $15,740 ESTATE HERE

James Jory, brother, and Ellen Perry and Elizabeth Jones, sisters of the late William Jory of this city, will each pay $88.05 to the state as a tax on their inheritances. The amount of the tax was determined by Judge S. W. Gilbin in the probate court today.

Jory, an English subject, died in Duluth on Feb. 20, 1912, leaving an estate of $16,740.03, of which the court finds $8,805 is subject to an inheritance tax. The estate was left to brothers, sisters, nephews and nieces, all of whom are residents of England and Wales.

The estate consisted of lands and investments in mortgages and other securities.

CANDIDATES ARE BEING ANNOUNCED

Many Seeking Republican Nominations in North Dakota.

Fargo, N. D., April 16.—(Special to The Herald.)—The different elements of the Republican party in North Dakota have their candidates for the various offices from United States senator down to the humblest state office already in the field. Some more nominations may be announced but the following will probably be the ones voted for at the primary:

United States senator—A. J. Gronna, Lakota; J. H. Worst, Fargo; Andy Miller, Bismarck.

Congress—First district—H. T. Helgesen, Milton; Second district, George M. Young of Valley City; Col. W. P. Tuttle, Dawson; Third district, P. D. Norton, Hettinger; L. A. Simpson, Dickinson.

Governor—L. B. Hanna, Fargo; U. L. Burdick, Williston.

Lieutenant governor—A. T. Kraabel, Clifford; H. J. Bessesen, Harvey; J. E. Fraine, Grafton.

Secretary of state—Thomas Hall, Bismarck.

Insurance commissioner—W. C. Taylor, LaMoure.

State auditor—Carl O. Jorgenson, Milnor.

Superintendent of public instruction—E. J. Taylor, Grand Forks; T. F. King, Cogswell.

Commissioner of agriculture—R. F. Flint, Bismarck; W. E. Holbein, Lansford; A. E. Hutchinson, Minnewaukon; A. T. Hogue, Washburn.

State treasurer—T. H. Tharalson, Grafton; John Steen, Rugby; S. M. Putnam, New Rockford.

Railroad commissioners—W. S. Stutsman, W. H. Mann, O. P. N. Anderson, candidates for renomination with State Senator Duncan of Benson county and others in the race.

Attorney general—A. Zuger, Bismarck; H. Linde, Stanley; A. T. Heffron, Dickinson.

Hanna Desires Indorsement.

Governor Hanna seeks renomination and a second term as an indorsement of his present work. U. L. Burdick is the candidate of the insurgent wing of the Republican party.

Lieutenant Governor Kraabel, like Hanna, seeks an indorsement of his work as presiding officer of the senate at the last legislative session. He is opposed by Bressesen and Fraine, the latter having been speaker of the house at the last session.

Neither Attorney General Miller nor Commissioner of Agriculture Gilbreath are candidates for their present positions and State Treasurer Olson is barred by the statute of limitations.

BANKERS WILL MEET IN ST. PAUL

Organizing of the Regional Bank Will Be Considered.

Representatives of banks in Minnesota, North Dakota, South Dakota, Montana, Wisconsin and Northern Michigan comprising the Ninth regional Federal reserve district, will hold a meeting at St. Paul on Friday, April 24. It has been called as a result of the informal meeting of Duluth, St. Paul and Minneapolis bankers, held at St. Paul on Tuesday.

At it the preliminary details in connection with the organization of the system in the district, and the instructions from Washington regarding the first call on the capital stock for the new regional bank, were discussed.

The meeting called for next week is expected to be attended by five bankers from each state representing the three classes of banks designated for Federal reserve purposes.

It is not known as yet whether the directors to represent the bankers will be named at the meeting. That, it is intimated, will depend on the action of the Federal authorities as the banks are not supposed to name their representatives on the board of directors until the government has selected those who will represent it.

BETTER ROAD TO HEAD OF LAKES

Improvement of Deerwood-Aitkin Highway to Be Made.

Brainerd, Minn., April 16.—(Special to The Herald.)—The good roads committee of the Commercial club, of which Judge C. A. Albright, president of the Northern Minnesota Development association, is a member, will take up with District Engineer Garrison and the county commissioners the improvement of the road extending from Deerwood to the Aitkin county line.

Deerwood people and others in that vicinity are clamoring for this improvement, many maintaining that at present much tourist auto travel avoids Brainerd in its run to Duluth and takes the Duluth road at the Twin Cities or motors to St. Cloud when they desire to reach the Head of the Lakes.

SURPRISES MANY IN DULUTH

The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the remedy which became famous by curing appendicitis, is surprising Duluth people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. Adler-i-ka is the most thorough bowel cleanser ever sold. W. A. Abbett, 205 West Superior street.

CASHMAN LAW IS HELD DEFICIENT

Brainerd Boosters' Club Claims Act Works Unfairly.

Brainerd, Minn., April 16.—(Special to The Herald.)—Desiring cheaper potato rates from Brainerd to Chicago and other points, a committee of the Brainerd Booster club will meet with a committee of the Farmers Produce company and formulate a memorial backed by freight tariffs for similar distances, to be presented to the Northern Pacific railway.

At the Booster club meeting the Cashman distance tariff law came in for some severe criticism. Attorney C. A. Russell said the law was a farce as it now stood. It may be right in principle, but its application was entirely wrong. It paid no regard whatever to the volume of business done.

Weak Features of Law.

Railway men present cited cases where the law clearly fell down. For instance, it was much cheaper and cost less coal per ton to move a carload of stuff from Duluth to Brainerd on the Lake Superior division than it would take to ship the same load an equal distance north on the Minnesota & International railway and yet the Cashman law, built on distance tariffs alone, paid no attention to the railway roadbeds, to the topography of a country or the difficulty in handling trains.

Farmers' Institutes' Head.

Madison, Wis., April 16.—Prof. C. P. Norgord was named superintendent of the Farmers' institutes yesterday to succeed George McKerrow of Pewaukee and George W. Ehler was reappointed director of the department of physical education at the annual meeting of the board of university regents.

Declines Anesthetic—Dies.

Truman, Minn., April 16.—Mrs. Ed West collapsed and died while a physician was treating a felon with a scalpel. She had been given no anesthetic. It is believed that death was due to the rupture of the large artery of the heart.

RESINOL HEALS TORTURED SKIN

How This Wonderful Ointment Ends Itching and Clears Away Eruptions.

The soothing, healing medication in Resinol Ointment and Resinol Soap penetrates every tiny pore of the skin, clears it of all impurities, and stops itching and burning instantly. Resinol speedily heals eczema, rashes, ringworm, and many other eruptions, and clears away disfiguring pimples and blackheads, when other treatments prove worse than useless.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for nineteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment (50c and $1.00), and Resinol Soap (25c); but for trial size, free, write to Dept. 9-R, Resinol, Baltimore, Md. Avoid "substitutes."

ASKS $15,000 FOR INJURIES

Switchman Claims Accident Incapacitated Him for the Service.

Trial of Case Begun—City Suit Goes to Jury.

Injuries which Joseph H. Crosson, 36, switchman, received during the course of his employment with the Minnesota, Dakota & Western Railway company at International Falls on Nov. 21, 1912, have rendered him unfit for that branch of the railway service for which he trained himself, according to claims made by him in a $15,000 personal injury suit brought to trial before Judge Ensign and a district court jury this morning.

Crosson had his left hand crushed between the couplers on two boxcars, making it necessary to amputate two of the fingers. He alleges that at the time of the accident he was earning $133 a month. Samuel A. Anderson of St. Paul and Warner E. Whipple of this city are his attorneys and the railway company is represented by Cobb, Wheelright and Dille of Minneapolis.

* * *

The jury in Judge Fesler's division of the district court, which has been engaged at the trial of the personal injury action brought by William M. Casey against the city of Duluth, will take the case this afternoon.

Casey alleges that he sustained injuries by a fall on First avenue east, between Eighth and Ninth streets, Jan. 10, 1913, on account of which he has suffered damages in the amount of $5,400. He testified that he was driving a team attached to a pair of sleighs loaded with coal up the avenue until he struck a ridge in the road, which capsized the sleighs and dumped the load on top of him. The ridge in the street was covered by snow, he said, and could not be detected.

The city denies responsibility for the accident and charges the plaintiff with contributory negligence. It is also claimed that Casey, who was employed by the Duluth Van & Storage company at the time, accepted $15 from them in full settlement of the claim.

APPEAL TO WILSON IN DYNAMITE CASE

Washington, April 16.—President Wilson was asked by a delegation from the senate and house today to request Attorney General McReynolds to obtain from the circuit court of appeals at Chicago a stay of execution for the twenty-seven labor leaders sentenced to Fort Leavenworth for complicity in the dynamite conspiracy.

They asked the president to stay the sentences until he had an opportunity to review all the proceedings and the application for pardon. The president promised to give the cases careful consideration.

OLD SORES

The Spencer Pharmacy Co., Special Agts.

WILL BE DRY ON THE RIVER

Saloons Near the Steel Plant Bridge Will Be Closed.

The St. Louis river will be dry after May 1. Not that the river will not be there and just as full of water as ever, but it will be "dry" along the banks.

The dry and the wet of it was decided at a recent election of the town of Superior. Whether the township should be wet or dry was an issue, and the drys won. Wherefore, being located in the town of Superior, the two saloons on the St. Louis river, one above and the other below the steel plant bridge, will go out of business. Hence the dryness of the river.

For several years past the two dispensers of the stuff that cheers have catered to people plying the river in motor boats and during the summer they did a thriving business, particularly after the town board put the saloon on the island, across from New Duluth, out of existence by refusing it a license. They were especially popular Sundays, when other saloons at the Head of the Lakes were closed.

The indications are that the river will be drier this summer than ever before. Not only will the saloons be in the discard but under a recent decision of the United States supreme court the municipal authorities believe that they will be able to prevent the sale of intoxicants on the excursion steamers which have done a considerable bar business, which also ran heaviest on Sundays.

TROUT ARE HOOKED ON FIRST DAY

George Rhodes Catches Five Beauties in Lester River.

Duluth and Lester river maintain their record of producing trout on the first day of the season, despite the first reports to the contrary.

George Rhodes of Sixty-fourth avenue east preserved the city's reputation. He caught five beauties in Lester river yesterday. Four of them were steelheads and one was a speckled trout. The smallest was fifteen inches long and weighed a pound.

The "kids" were out bright and early yesterday, but try as they would they did not succeed in landing any of the much-desired prizes. It remained for Rhodes to show them that it could be done. Although the others reported no luck, he got out his reel and line and turned the trick.

Last year Rhodes made a nice catch on the first day of the season.

LYDER HEADS THE BANKERS

Chosen President of the Eighth Congressional District Group.

Several Interesting Addresses Given; Craig Tells of Efficiency Commission.

J. W. Lyder, Jr., of the Northern National bank of Duluth, was today elected president of the Eighth Congressional Banking group of the Minnesota State Bankers' association. Mr. Lyder succeeds C. P. De Laittre of Aitkin. The bankers were in session at the Commercial club today.

S. R. Kirby of Hibbing was elected vice president and C. P. Osborn of Virginia, secretary and treasurer. H. S. McGregor of the City National bank of Duluth was elected as one of the new members of the executive committee, the other membership falling to George A. Whitman of Virginia.

One of the most important and also the most instructive papers read before the gathering was that of C. P. Craig, chairman of the state efficiency board.

Mr. Craig stated that the object of the members of the board was to simplify the confusion in the conduct of the state's business.

During the course of his remarks Mr. Craig stated that there are some 140 boards, bureaus and commissions, and that in attempting to trace the responsibility for the expenditure of vast appropriations it is difficult to place the finger upon any one directly responsible; and, furthermore, that it was generally admitted that it was the strength of the influence appealing for an appropriation that went further toward securing it than its importance.

Just "Growed."

Like Topsy, Mr. Craig pointed out, the present condition of the affairs of the state had simply "growed." For the last thirty years, he said, the legislature had been creating boards, bureaus and commissions without end, until their multiplicity was cumbersome, unwieldy and the very essence of inefficiency.

The commission had recommended, it was pointed out, three cardinal principles of procedure: simplification, the budget system and the civil service system.

The speaker clearly and forcibly pointed out that under the civil service system as proposed by the committee members, many of the evils of former civil service commission systems would have been eliminated, and that the adoption of the civil service commission plan would reduce the appointive positions in the power of the governor by at least 80 per cent and would greatly lessen the power to construct a political machine.

"If the governor has appointed this commission for political purposes, as he has been stated in some quarters," said Mr. Craig, "he has made a very grave mistake in the men selected. But I do not attritbute any such motive to the governor, and believe, moreover, that the people of the state will back up the recommendations of the members of the committee, if they appeal to the reason and logic of the people."

New Ideals in Banking.

Retiring President C. P. De Laittre spoke of the new ideals of those engaged in the banking business, declaring that it was his opinion that a new spirit is abroad in the nation, and that the banker possesses a new interest for the good of his patron and has a new and firmer desire to conform to the square deal in business.

Mayor W. I. Prince declared that the banking law was the one real piece of monetary legislation enacted within the lives of those present, and declared it his sincere belief that the progress of the country would be greater in the future for the reason that certain shackles have been removed from business, certain grave handicaps removed from the path of the bankers and the large business interests.

C. L. Mosher, secretary of the state federation of commercial clubs, explained in some detail his idea of the general effect of the federal reserve system, and gave it as his opinion that while it was still possible for the United States to undergo a financial panic, that the chances of a panic have been materially lessened.

Mr. Mosher also declared that the financial and banking system of the United States now compares very favorably with that of England, Germany or France.

"Business men generally have cooperated in the securing of the necessary sentiment to pass this law," declared Mr. Mosher. "It is just as essentially a business and commercial measure as a banking one. It has enjoyed in this state the cordial co-operation of business men and bankers, and Minnesota has played a very prominent part in the passage of the bill."

The speaker referred to the work accomplished in behalf of the bill by Senator Knute Nelson.

Miss Gladys Reynolds sang several selections, accompanying herself on the piano. They were so cordially received that the artist was obliged to respond to encores.

ARBOR DAY WILL BE OBSERVED HERE

Public Schools Will Give Programs and Plant Trees and Shrubs.

The school children of Duluth will observe Arbor day tomorrow with special exercises in all the grade schools and the planting of trees on school lawns and public parks.

Arbor day, which is observed in nearly every state in the Union, originated with B. G. Northrop, who was secretary of the Connecticut state board of education in 1865 and who in that year succeeded in having a day in April set aside for the planting of trees and shrubs.

In Minnesota Arbor day is observed on April 18 each year, but as it falls on Saturday, the children will plant their trees and hold special exercises tomorrow. There will be no special observanco in the high school, Principal Young said this morning.

WILL LOOK INTO SALOON QUESTION

City Commissioners Investigating License Transfers at West Duluth.

Commissioner W. A. Hicken and probably other members of the city commission, will make a trip to West Duluth this afternoon to investigate the saloon situation in that suburb.

At the last council meeting two applications for transfers were presented and petitions were received protesting against them. One was that of C. J. Petruschke for a transfer from 5217 Ramsey street to 5607 Ramsey street and the other was that of J. E. Bietala for a transfer from 103½ East Superior street to 410 Central avenue.

About 200 people signed the petition against the first and a number of business men objected to the second. The city officials will go over the ground in person in order to be better able to judge the conditions. The applications come up for a vote at the council meeting next Monday afternoon and it is probable that a large delegation of West Duluthians will attend to supplement the petitions with verbal protests.

D. H., 4-16-14.

The low Cost of a Columbia head-to-foot Spring outfit for MEN is $25.25

The SUIT	$14.50
The Columbo—best answer to the suit question.	
The HAT	3.00
The Columbia $3 Hat—great crown for commoners.	
The SHOES	3.50
Columbia $3.50 Shoes satisfy every inch of the foot.	
Two UNION SUITS.....	2.00
Cooper's, with crotch of comfort.	
The SHIRT	1.00
Pleasing patterns in the latest hues.

This Week's Sunday School Lesson

WRITTEN FOR THE HERALD BY REV. J. S. KIRTLEY, D. D.

SUNDAY SCHOOL LESSON: APRIL 19.

Luke xiv, 25-35: The Cost of Discipleship.

CONNECTION.

The Master is still over in Perea and it is probably January A. D. 30. He will soon be making His trip to Jerusalem for the final scenes in His life, and every hour is now precious, to be used in the most effective lessons He can teach. He tells them the conditions of discipleship because they are anxious to have a worldly kingdom and they want places of importance in it. He seems severe but just that kind of talk is needed. It costs something to be a real disciple.

THE LESSON.

I.

Renunciation of People, 25, 26.

"Now there went with Him great multitudes; and He turned, and said unto them, If any man cometh unto Me, and hateth not his own father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be My disciple."

Here is a paradox. He had taught them to love people, all people good and bad, especially parents and kindred, and He had illustrated His own teachings. Does He contradict Himself here? Not at all; this is a very familiar figure of speech which they all understood and we have no difficulty in understanding. The word hate means to "love less," than they love Him. Their love for Him is so supreme that it throws a shadow over all other loves even that of the dearest loved ones. Here is the teaching by comparison and by hyperbole or exaggeration, precisely the same as when He says they must love Him more than all others combined. The reason of it is two fold—He has done more for them and is more to them than all others combined; their love for loved ones is dependent in part on their love for Him. The more they love Him the more power they will have to love all whom He loves and would have them love, especially those who stand in special relationships. To put Him first is to place a still higher estimate on them. Yet their love for Him would alienate many of their loved ones from them and they must hold on to Him even if they lose all others.

II.

Renunciation of Self. 27-35.

"Whosoever doth not bear his own cross, and come after Me, cannot be My disciple. For which of you, desiring to build a tower, doth not first sit down and count the cost, whether he have wherewith to complete it? Lest haply, when he hath laid a foundation, and is not able to finish, all that behold begin to mock him, saying, This man began to build, and was not able to finish. Or what king, as he goeth to encounter another king in war, will not sit down first and take counsel whether he is able with ten thousand to meet him that cometh against him with twenty thousand? Or else, while the other is yet a great way off, he sendeth an ambassage, and asketh conditions of peace. So therefore whosoever he be of you that renounceth not all that he hath, he cannot be My disciple. Salt therefore is good but if even the salt have lost its savor, wherewith shall it be seasoned? It is fit neither for the land nor for the dunghill: men cast it out. He that hath ears to hear, let him hear."

1. CRUCIFIXION.—Christ had not yet been crucified, but the people had no doubt seen cases of crucifixion by the Roman government, a method of capital punishment reserved for the special criminal or the slave, therefore the most humiliating as well as the most painful death. The disciple is to bear his own cross as the criminal bears it to the place where he is to be put to death. Unless he does he is not a disciple. That means he must repudiate his own will and wish and substitute Christ's therefor. In following Christ there is only one path, that by the way of the cross. It is the inexorable condition of discipleship today, not as an arbitrary demand, but as a vital necessity of human nature. If one succeeds as a doctor or lawyer or a student, he has to deny himself many pleasures, like going fishing or visiting friends whenever the notion strikes him, and devote himself to his chosen business.

2. RECKLESSNESS.—Christ doesn't ask them to sit down and count the cost, as a man does who is building a tower out in his fields from which he can keep a watch for prowling beasts and men that are hunting for young lambs and ripening grapes, or as a king does who is thinking of going to war with another king. Counting the cost is exactly what Jesus forbids. If that were His idea it would imply that if they found they were not equal to the struggle they should not undertake it. Then what should they do? There are two difficulties in that view. One is that they are not capable of counting the cost in advance so as to arrive at a right estimate; another is that there is only one right decision, and that is to take up the cross and follow Him. He calls on them to ignore the precautions that the farmer and king rightly used, and to fling themselves into the right course under the teaching He had just given them that they are to put Him first and disregard the cross. He is not the first to teach the recklessness of love and devotion. The patriot who is such because he has found out after a rigid calculation that he can afford it, is not a patriot at all; nor is he a true son who stands by his father and mother only as long as he can succeed at it. In some one matter in which the question of discipleship is not involved you may count the cost, as in working in this field of service or that, putting up this kind of a church building or the other; but there is only one thing when it comes to discipleship—ignore the cost and follow Him.

3. POSSESSIONS.—"So therefore"—which ties what is to follow with what He has already said—"whosoever he be of you who renounceth not all that he hath, he cannot be My disciple;" cannot, in the nature of the case, any more than a man can be a successful doctor who doesn't renounce all the attractions of all other callings; cannot any more than a German can become a naturalized American citizen without renouncing allegiance to his native land and all other lands. Possessions are to be held in subordination to Him, so that you will be ready to drop millions into anything that it is His pleasure you should give to, or stop making money altogether if that is wisest in your special case, or devote yourself to the special business of making money with the one purpose of using it in His work. He cannot help you unless He is supreme in the sphere of your devotions and your daily work and your possessions and all your human relationships.

4. VITALITY.—There is such a thing as a dessicated life, devitalized, irreparably so. If the saltness is gone out of salt, there is no way of resalting it; it is a matter of its structure. When the nerve tissues are broken down by consumption, there is no cure. The alternative of the dessicated self is the consecrated self.

WHAT THE MASTERS SAY.

A notable instance of self-denial is found in the career of Fritz Kreisler, one of the greatest of living violinists. In his own words, "The life of the artist is a life of continual sacrifice. Mine commenced when I was a boy, and my career was mapped out. Then I was continually prevented from following out the boyish impulses that drove me to healthy outdoor exercises common to the age." He could not skate, for he might fall and break an arm, nor play ball, for fear of injuring a finger. Yet today, Kreisler finds the reward of all those hours of drill and sacrifice and discipline. One does not imagine that he regrets very much the drudgery and distasteful application, or the lost pleasures, as he stands before an audience, swaying them with graceful mastery, as he thrills all hearts with his wonderful music. It is the universal experience. Self-denial is the price of mastery.—Leonard.

Concentration and voluntary limitation, in order to fix all powers on the supreme aim which judgment and conscience have enjoined is the tradition of all excellence, of all sanity of living, and eminently of all Christian discipleship.—McLaren.

PERTINENT QUESTIONS.

1. Why should not Christ be willing to take second place?
2. How does your love for Christ increase love for your parents?
3. What is the value of despising your own life?
4. What is your particular cross?
5. How may you lose the Christian savor?
6. Why may it not be recovered?

COMPENSATION FOR WIDOW APPROVED

Other Injury Cases Are Disposed of in the District Court.

Mrs. Anna Jackovich, widow of John Jackovich, aged 34, was accidentally killed April 17, at the Knox mine, will receive $6 per week for 300 weeks from the Graham Iron company, operators of the mine. Judge Cant of the district court yesterday approved a settlement on these terms in accordance with the workingmen's compensation act. Jackovich left a widow and a minor child.

Edgar Prochnik, Austrian consul, has accepted $1,873.52 from the Oliver Iron Mining company in full settlement of a claim for the death of Milan Plecas, aged 31, who was accidentally killed at the Leonard mine, Nov. 12, 1913. The settlement which was made by the consul on behalf of a widow and two children in the old country was approved yesterday by Judge Fesler.

Judge Fesler also approved a settlement between J. C. Olsen and the Kelley Island Lime company, by which Olsen is to receive $130.45 from the company for the loss of a part of the second finger of his right hand while employed in this city recently.

SURGEONS APPLAUD MADE-OVER FACES.

New York, April 16.—Grafting and transplanting of tissues claimed the attention of the delegates to the International Surgical association at both sessions yesterday.

The achievements of plastic and reparatory surgery in remedying deformities through cutaneous, apidemic, cartilaginous and fatty grafts elicited the applause of the surgeons themselves during a demonstration of fifty lantern slides illustrating his work by Dr. W. Lexar of Jena.

Human faces deformed by burns, accidents or inherited disease were shown upon the screen. The insertion of nose, ear, bone or quantities of flesh was next shown, and the successive slides pictured the sculpturing employed during months to give the implanted raw material a final normal shape. The nicety of technique exhibited caused admiration at the congress.

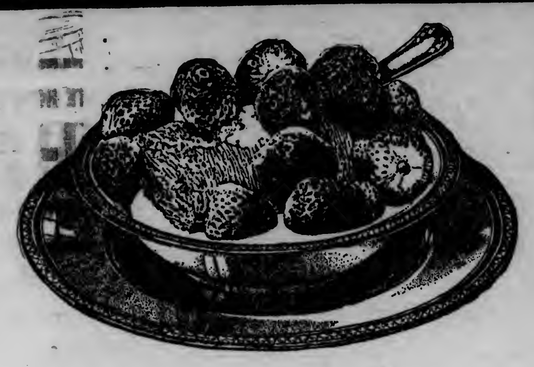

The next congress will meet in Paris in September 1917, it was decided.

The surgeons held an executive session in which they elected Dr. W. W. Keen of Philadelphia, president of the next congress in Paris. Dr. Keen is the first American president of the congress. Except Dr. J. P. Hoguet of New York the secretary, all the other officers were re-elected.

MINE WORKERS LOSE SECTION OF MINERS.

Pittsburg, Pa., April 16.—Denouncing their officials as "unscrupulous," declaring the miners' organization was a "dictatorship" and that the United Mine Workers of America, "like all other craft unions, had outlived its usefulness" the insurgent mass convention of the miners of Monongahela, Pa., voted to withdraw from District No. 5, United Mine Workers of America, and appointed a committee to launch a new organization to be known as the Industrial Miners' union.

The trouble grows out of the wage scale situation.

Berry Time and Biscuit Time

The way to get the full joy of strawberry time without any of its discomforts is to eat the luscious berry with

Shredded Wheat Biscuit

a combination that means health and strength for the warm days when the appetite is fickle and the digestive powers are weak. All the meat of the golden wheat, ready-to-serve, ready-to-eat—a dish that puts you on your feet. Get the Happy Health Habit today.

Heat one or more Biscuits in the oven to restore crispness; then cover with berries or other fresh fruit; serve with milk or cream and sweeten to suit the taste. Better than soggy white flour "short-cake"; contains no yeast, no baking powder, no fats, no chemicals of any kind—just the meat of the golden wheat, steam-cooked, shredded and baked.

The Shredded Wheat Company, Niagara Falls, N. Y.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—MRS. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

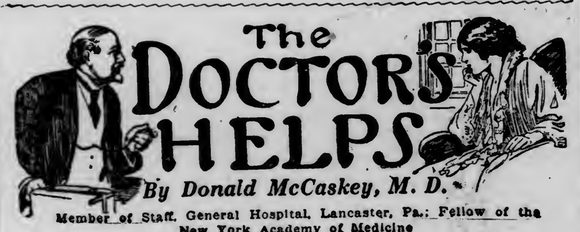

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—MRS. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

LYDIA E. PINKHAM

The DOCTOR'S HELPS

By Donald McCaskey, M. D.

Member of Staff, General Hospital, Lancaster, Pa.; Fellow of the New York Academy of Medicine

"NEARLY EVERY JOINT IN HIS BODY AFFECTED WITH PAINS," HE SAYS.

A Nashville, Tenn., inquirer, Mr. J. M., Jr., asks:

"I would be very grateful if you would tell me whether there is any hope in my case. Every joint in my body and limbs is affected with rheumatic pains. My limbs, hands and knees are almost perfectly stiff; they are also very much drawn. I have been to a great many sanitariums and health resorts and have had a great many of the best physicians treat me, including the recent serum treatment; but I got worse after every effort instead of better. I shall be a most grateful young man if you can tell me any way in which I can be benefited."

Your joints and muscles should be treated daily, if you have access to him, by a competent electro-therapeutic physician. The wave current can be utilized with good effect. You must realize, however, that autointoxication plays a powerful part in ailments such as yours. Cut your diet down rigidly to nothing but fruit and vegetables. Eat absolutely no meat, eggs, milk or cheese. This will remove the animal albumen from your dietary, which putrifies and continually poisons your system.

The cellulose, as found in vegetables, will be all right for you. "About Bowel Trouble From Autointoxication"—study this article. If you have electricity attachments in your house, it would certainly be worth your while to procure an electric-light bath. The daily treatment with this latter by means of the electric-light rays as they come through the variously colored glass incandescent globes will rapidly stimulate your system toward a more healthy plane of activity. The closer your tissues approach the healthy standard of chemical action the faster will be the elimination of the poisonous elements from your system, which are causing your chronically inflamed joints.

THIS PULLMAN CONDUCTOR HAS BADLY ULCERATED GUMS.

A Pullman car conductor from Michigan writes:

"Six weeks ago my gums began to ulcerate very badly. Since then the trouble has spread all over my mouth and the ulcers have eaten down along the roots of the teeth. No application will bring any relief to the pain. A few nights ago a swollen gum broke. Some bad clots of blood came away. This relieved the pain for quite a little time, but the ulcers are not healing at all. Two dentists have pronounced the trouble pyorrhea. Is there any cure for the above disease? I certainly cannot live different from my present occupation, which requires snatching two or three hours of sleep whenever I get a chance and eating in the same way."

You may have a severe case of pyorrhea, as your dentist declares; your condition may be one of ordinary stomatitis, which is an inflammation of the gums and mouth—results of local infection; your trouble may in some way be due to lead poisoning, which rapidly brings about an ulceration of the gums; or the trouble you speak of may be of syphilitic origin. One thing is quite plain; it is as impossible for me to intelligently diagnose the existing trouble with your gums as it would be for you to tell me what is the matter with a Pullman car whose truck is broken when you don't know all the circumstances of the case. The best thing you can do is to pick the best physician in your community, in whom you have confidence, consult him and follow his advice. If he urges that you place yourself under the care of a local dentist, by all means do so. There are many details which your letter does not explain at all. Furthermore, the condition of your urine and your blood should be closely examined. Mere guesswork treatment most always proves disappointing. Get at the exact cause of your trouble first, then you stand an excellent chance of obtaining prompt relief.

HIS JOINTS, ARMS AND WRISTS PAIN HIM.

"Do I have to have a special diet? I am in the water a good bit. My joints, arms and wrists pain me most all the time, and I would like to know what is good for rheumatism."

You must cut down the quantity of food you eat for the next three days; starve yourself absolutely. This may be a little bit "rough," but it is very prompt in its results. Start yourself off on this starvation treatment with a two-ounce dose of castor oil, and repeat this once a week for the next three months. Adopt a fruit-and-vegetable diet, absolutely avoiding all meat, eggs, cheese and milk. Procure and study the former Doctor's Health Article, "The Poisonous Accumulations Within Your System Must Be Cleared Away."

NEW RAILWAY FARES MAY 1

Readjustment on All Interstate Roads Effective on That Date.

All But 5 Per Cent of the Changes Will Be Reductions.

Washington, April 16.—Readjustment of passenger rates on all interstate railroads in the United States, in conformity with the long and short haul provision of the law, under orders of the interstate commerce commission, will become effective on May 1. The new tariffs filed by the roads with the commission indicate a material reduction in fares, particularly from important terminals and rate basing points.

It is estimated by officials of the commission, after an analysis of the tariffs, that "95 per cent of the charges in fares will be reductions" and 5 per cent increases. Such advances as are made are between terminals, or basing points, and in such instances the increases are made only when the tariff to intermediate points is so great as to affect seriously the revenues of the railroad.

Waited for Minnesota Case.

Soon after the enactment of the long and short haul provision, the commission ordered the carriers to readjust their passenger fares in conformity with that principle. After the request of the roads, the commission postponed the effective date of its order pending a decision in the Minnesota rate case and in the other cases involving the right of the states to fix rates had been given by the United States supreme court. Later the supreme court upheld the authority of states to make rates, and the commission directed the roads to readjust their passenger fares by May 1.

Except in such instances as the commission may grant permission to the carriers, for well-defined reasons, to exact a higher rate for the shorter than for the longer haul, the roads will be required precisely to conform to the law's provision.

Revenue Not Certain.

To what extent compliance with the orders may affect the revenues of the roads the commission has no means of determining accurately, because that will depend largely upon the volume of traffic, which is a variable quantity.

While some rates on long hauls will be increased, the fares on the shorter hauls to intermediate points will be reduced materially in a great majority of instances. It is provided that no interstate fares may exceed the sum of the local rates, and in the making up of interstate fares the rates fixed by authorities of states must be observed.

WHY NOT HAVE A CLEAR SKIN

CUTICURA SOAP

Used exclusively and Cuticura Ointment occasionally will promote and maintain a clear skin, free from pimples, blackheads, redness, roughness and other unsightly eruptions.

Samples Free by Mail

Cuticura Soap and Ointment sold throughout the world. Liberal sample of each mailed free, with 32-p. book. Address "Cuticura," Dept. 18H, Boston.

TWO FIRES OCCUR IN FIVE MINUTES

Two fires coming within five minutes of each other shortly after 5 o'clock yesterday afternoon kept the fire department busy, although the flames caused slight damage.

The first alarm was turned in at 5:06 o'clock, when a blaze was discovered at the residence of F. G. Rerard, 221 West Third street, where sparks from the chimney caused damage to the roof of about $15. Five minutes later an alarm was turned in from the Delmonico restaurant, 417 West Superior street, where several sacks piled around a chimney had caught fire. The damage was $5.

At 8:30 o'clock last night the department was called to extinguish a grass fire at Sixtieth avenue east and London road.

MANY EAGER TO JOIN THE NAVY.

Chicago, April 16.—Applications have doubled in both army and navy recruiting offices here. News that warships had been ordered to Mexican waters brought a stream of applicants to navy headquarters.

Expectation of active service was reflected in the army offices also, and the several stations in the city had their busiest day for some years. Fewer than 25 per cent of the applicants were accepted.

"The navy limit of 52,500 has been reached," said Lieut. W. E. Reno, in charge of the navy recruiting service. "We are only enlisting enough men to take the places of others whose terms of service will soon expire."

BECKER'S TRIAL IS SET FOR MAY 6

New York, April 16.—Wednesday, May 6 tentatively was fixed today for the beginning of the second trial of Charles Becker, the former police lieutenant, sentenced to die for instigating the murder of Herman Rosenthal, but saved by a court of appeals decision. Becker appeared in court, brought over from the Tombs, while District Attorney Whitman asked that the new trial be called as soon as possible.

College Head Quits.

Washington, Pa., April 16.—Rev. Dr. James D. Moffatt, president of Washington and Jefferson college has tendered his resignation to the board of trustees to take effect July 1. The resignation came as a surprise. Dr. Moffatt announced he believed it wise to lay down his work while he was yet in good health and thus make way for a younger man.

FURNITURE STORAGE

Better Dentistry For Less Money

We have the largest sanitary and most modern dental offices in the Northwest. All the latest appliances to make denistry absolutely painless.

SET OF TEETH, GUARANTEED

Our plates are made of the very best teeth and materials, made by experienced specialists — dentists who know how to make plates. They are made to look natural and to fit perfectly, so as not to drop or hurt the gums when eating. Many of our plates will last forever, and you pay double in many offices where a smaller business is conducted.

CROWNS, GOLD OR PORCELAIN

When a tooth is too badly decayed to hold a filling have gold or porcelain crowns put on. Our gold crowns are made of heavy 22-carat solid gold, and are guaranteed to be the best crowns, regardless of cost. Our porcelain crowns are the best quality also, and when we place them in your mouth they look as natural as your own teeth.

BRIDGEWORK, Gold or Porcelain

Bridgework is teeth without plates. They replace every tooth that may be missing. We make them out of gold or porcelain and fasten them in your mouth so as to fit just like your own natural teeth. These teeth may last a lifetime in many cases.

New York Painless Dentists 123 West Superior St.

An ironclad 20-year, written guarantee with all work.

DR. H. W. CLARKE, Mgr.

GRAND SPRING EXCURSION

TO NORWAY and SWEDEN

BY THE OLD RELIABLE CUNARD LINE ESTABLISHED 1840

"MAURETANIA"

32,000 tons, 790 feet long, four propellers; the fastest steamer in the world. SAILING FROM NEW YORK, APRIL 28, 6 P. M. Passengers leave DULUTH APRIL 26 for New York, with opportunity to travel via Washington, D. C., or Niagara Falls, where suitable stops will be made to view the sights. Passengers will go direct from station to dock, eliminating hotel expenses, etc.

Second Spring Excursion by the mammoth Cunarder, Carmania, SAILING FROM BOSTON APRIL 28. Special train service has been arranged for this excursion and so timed that passengers go directly aboard steamer upon arrival and avoid hotel expenses. To secure berth, deposit with local agent $5 for third class, or $10.00 for second cabin berth, or send to

P. GEO. HANSON & SON,
GENERAL TICKET AGENTS
THE CUNARD STEAMSHIP CO., Ltd.
1915 WEST SUPERIOR STREET, DULUTH.

FIRE HOSE NOZZLE IS FOUND PLUGGED

Hallock Fire Chief Finds Evidence of Tampering.

Hallock, Minn., April 16.—(Special to The Herald.)—Fire Chief Wase says that three or four times during the winter, he found the nozzle of the fire hose plugged with wood cut so as to fits securely into the opening. He says he has removed them a couple of times but always found them plugged again a few days later. An investigation has been started and it is likely that an arrest will soon be made.

QUEEN MAY BE GUEST AT THE WHITE HOUSE

Washington, April 16.—William Caspar, representative of Queen Eleanora of Bulgaria, conferred with state department officials yesterday over the forthcoming visit of the queen to this country. Upon her arrival in this country, the queen probably will be met by William B. Phillips, third assistant secretary of state. A feature of her entertainment in Washington is expected to be a dinner at the White House.

WILL DEDICATE NEW SCHOOL AT BUHL

Among the speakers on the program which will be held in connection with the dedication of the new Buhl high school building at Buhl tomorrow will be N. A. Young, county superintendent of schools. Mr. Young will leave for Buhl tomorrow morning. The exercises will take place tomorrow afternoon.

Others who will make addresses will be C. G. Schulz, state superintendent of schools, and S. A. Challman, state school building commissioner. The new school is modern in all of its appointments and one of the finest of its size in the county. It was built recently at a cost of $140,000. It has been occupied for about three months.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unforunates, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Optona; fill a two-ounce bottle with water and drop in one Optona tablet. With this harmless liquid solution bathe the eyes two to four times daily and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders report wonderful benefits from the use of this free prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind or nearly so, or who wear glasses, would never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong, magnetic eyes through the prescription here given.

TRUSTEE'S SALE!

I will sell, to the highest bidder for cash, at public auction the stock of groceries and store fixtures belonging to the estate of

GEORGE PERSGARD
631 East Eighth St., Duluth, Minn.

The sale will be held at the store building at 10:00 o'clock a. m., Friday, April the 17th.

I reserve the right to reject any and all bids.

GEORGE H. WRIGHT, Trustee.

CHILD FATALLY BURNED.

Hallock, Minn., April 16.—(Special to The Herald.)—Kathleen Ward, aged 5, daughter of Mr. and Mrs. Albert Ward, died Tuesday as the result of burns she received Monday when her clothing caught fire. She had been left at home alone and was trying to put some paper in the stove when her clothing caught fire and she was unable to extinguish the flames until help arrived.

RESERVATION IS TO BE OPENED

Baudette, Minn., April 16.—(Special to The Herald.)—The Canadian government has purchased the Indian reservation across from the Munger mill from the Indians and will throw it open to settlers. It is twelve miles long and five miles wide. The land is covered with timber and is very desirable. The people of this place are looking forward to the opening of the land.

DROPS COOPER CHARGE.

Grand Forks Prosecutor Dismisses Charge Against Elder Cooper.

Grand Forks, N. D., April 16.—(Special to The Herald.)—Prosecuting Attorney O. B. Burtness has dismissed the charge of jury bribing against Harry Cooper of Hillsboro, N. D., father of McLain Cooper.

Since he was arrested, the elder Cooper has been married, and his hearing has from time to time been delayed because he was absent from the state on his honeymoon.

The only cases which the state's attorney probably expects to push, which have reached the district court, are against J. C. Stevens and Richard Bruyere, jurymen in the case.

There is a charge against J. A. Sullivan, but the fact that he is free upon his own recognizance and is the state's informant, it is not expected that the charge will be pushed.

Plan Central Power Plant.

Portal, N. D., April 16.—(Special to The Herald.)—Plans for the establishment of a central electric power plant that will supply Portal, Bowbells and Flaxton, and possibly one or two other cities, are under way here. The estimated cost of the plant is $35,000. Portal already has a plant sufficient for local needs, and the plans to supply the other towns contemplate the increasing of its capacity.

HITTING INSURANCE LAW.

Weak Features of North Dakota Measure Being Pointed Out.

Bismarck, N. D., April 16.—(Special to The Herald.)—Should the provision of the state budget law, by which the several state institutions are required to pay their own insurance premiums, be declared invalid, as asked in a suit by the Northern Fire and Marine Insurance company against the state auditing board, several important enactments of the last legislative assembly will be knocked out.

The attorney general already has ruled that the repeal of the insurance premium measure is unconstitutional, because no reference is made to it in the title of the measure.

There are several other features of like nature in the measure, including which is the increase in the salary of the dairy commissioner of the state. Arguments will be made May 11 before the supreme court.

Little Girl Fire Bug.

Monroe, Wis., April 16.—Lillian Schemind, aged 10, confessed yesterday to Deputy State Fire Marshal J. F. Baker to setting fire to four farm buildings of her step-father, Arnold Acherman, in the last twelve days. She burned the barn April 2, then the shed and sixteen cattle last Saturday and another shed and two horses and hogs Monday. She fired the corncrib Tuesday just after Deputy Becker had returned to town for dinner.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. Agent, Wirth's Red Cross Drug Store, 13 West Superior street.

WEST END

HERALD BRANCH:
Herman Olson, Manager, 1825 West Superior Street.

Y. M. C. A. BUILDING MOVE NEAR TO CRYSTALLIZATION

REV. GEORGE E. SILLOWAY.

R. R. FORWARD.

Enthusiasm for a Y. M. C. A. building ran high at a well-attended meeting at the Bryant social center last night. Speakers indorsed the plan and laid stress on the fact that this end of the city, for a number of years, has needed such an institution but has been put off from time to time.

Among the speakers were R. R. Forward, John J. Moe, one of the present directors in the Y. M. C. A.; Carl E. Lonegren, cashier of the Duluth State bank; Rev. George E. Silloway, pastor of the Grace M. E. church and chairman of the West End Commercial club's public buildings committee; Miss Marguerite Culkin and B. C. Wade, general secretary of the Y. M. C. A.

Mr. Forward said that he was and has been an enthusiast for a "Y" in the West end for years.

"Some years ago I was induced to become a director in the Y. M. C. A. and I accepted such a position in the hope that I might be instrumental in the establishment of such an institution in the West end," said Mr. Forward. "All my efforts came to naught. While many of the directors favored such a proposition, none were willing to say 'Go ahead, we will help you out.' The time now appears right for the establishment of the West End Y. M. C. A."

Admits the Need.

John J. Moe said that a Y. M. C. A. in the West end had been needed for several years. Whether this is the opportune time to start the campaign or not he was unwilling to say, but said he believes that it would have the hearty co-operation of every merchant in this end of the city.

Mr. Lonegren declared that such an institution should have been located in this end of the city years ago.

"The young men have wanted it and hundreds of them are willing to join and lend their hearty co-operation to make it a success," said he.

Miss Culkin touched on present conditions in the West end, saying that there are now only the poolrooms and saloons where the young men can go to spend an evening. The time is now ripe for the institution, she asserted.

Rev. Mr. Silloway referred to the history of the efforts that had been made to secure a Y. M. C. A. in the West end and spoke in particular of an agitation that was started some three years ago by The Herald. He then quoted the report of B. C. Wade as published in last evening's Herald. Said he:

"According to this report, the Central Y. M. C. A. was started in 1882. In 1890, eight years after it began, it had a $20,000 building, a membership of 300 and an annual budget of $5,000. The report also shows that 201 members of the Central association now reside in the West end. If the Central association today has 201 members from the West end a local branch could certainly start out with as many members as that association had eight years after it began, which according to this report, was 300.

Has the Population.

"I am informed that the population of Duluth when this association was started was 6,000. The population of the West end is now conservatively estimated at 15,000. If a $20,000 building sufficed for the Central Y. M. C. A., it is not reasonable to delay the establishment and starting of a West end branch simply because a large and magnificent structure cannot yet be built."

Rev. Mr. Silloway said it was not the intention of the West End Commercial club's committee to work except through the board of directors of the Central Y. M. C. A. The committee consists of Rev. Mr. Silloway, Martin Timmerman and John J. Moe. The committee has arranged with Watson S. Moore, chairman of the board of directors of the Central Y. M. C. A., to meet with them some time next week and talk over all of the problems of the proposed institution.

B. C. Wade, general secretary, said that he indorsed the branch for the West end, but advised the committee to go slowly. He advised the employment of an expert in getting the work of organizing and soliciting of money for the proposed West End Y. M. C. A. as the best possible solution and the best way in which to get the movement under way.

A feature of the meeting was the Adams Glee club. Members of the organization said that the club was unanimously in favor of the "Y" and volunteered to do everything in their power to assist in the movement. The club gave a number of vocal selections during the evening.

GIRLS BUFFERS IN TEMPTATION FIGHT

Carl Mellin Says They Keep Young Men Out of Danger.

The Men's Welfare club of the Swedish Mission church, Twenty-first avenue west and Second street, entertained last evening, at its annual banquet in the parlors of the church. The affair was attended by 150 members of the club, wives of the members and members of the Parthenoe society.

The principal addresses were given by Albin Carlson, who spoke on "Cooperation," and Carl Mellin, who talked on "The Girl As a Young Man's Companion." Mr. Carlson confined his remarks to co-operation in church work, saying that only through joint work would any church, society or club prosper.

Mr. Mellin said he pitied the young man who did not have a girl companion. The further that young man got from the society of girls the closer he would get to temptation. He maintained that the society of young women would keep young men out of mischief and would make them good citizens.

The program also included vocal solos by Herbert Philstrom and Eddie Erickson, songs by a quartet and octet and a reading by David Erickson. The invocation was given by Gust Hjelm and the closing remarks and benediction were given by Rev. John J. Daniels. Thore Linne, president of the society, was toastmaster.

WILL VISIT NORWAY.

Rev. and Mrs. Nervig and Children Will Spend Summer in Old Land.

Rev. J. M. Nervig, pastor of Zion Norwegian Lutheran church, Mrs. Nervig and children will leave on May 2 to spend three months visiting in Norway. They will leave New York on May 5, spend about two days in London and expect to arrive in Christiania in time for the opening of Norway's centennial celebration on May 17. Rev. and Mrs. Nervig and family will visit all the points of interest in Norway. They expect to return home about Aug. 20. During the absence the pulpit of the local church will be filled by pastors of the community until in June, when a student is expected to arrive to take charge of the work until the return of Mr. Nervig.

Commercial Club Meeting.

The West End Commercial club will hold its semi-monthly business meeting this evening at Simonson hall, Twenty-first avenue west and Superior street. Reports of various committees will feature the meeting. It is probable that the committee in charge of the proposed establishment of a Y. M. C. A. in the West end will be authorized to go ahead and solicit money for the proposition.

Guests of Ladies' Aid.

Sunday school workers and members of the choir will be guests this evening at a banquet to be given by the Ladies Aid society of the First Norwegian - Danish Methodist church, Twenty-fourth avenue west and Third street. An attractive program has been arranged by the women in charge.

Boler-Cleveland Wedding.

Miss Elizabeth Boler and Orrie W. Cleveland were married at 3 o'clock yesterday afternoon at the parsonage of the Swedish Baptist church, 2212 West Third street. Rev. Swaney Nelson read the service. Mr. and Mrs. Cleveland will make their home in this end of the city. Mr. Cleveland is employed by the Wahl Candy company.

West End Briefs.

Rev. A. T. Ekblad of Superior and Rev. C. O. Swan of this city were the principal speakers last night at a social given by the Dorcas society of Bethany Swedish Lutheran church, Twenty-third avenue west and Third street. A musical program was also given.

Mr. and Mrs. Hans Carlson of Minneapolis left for their home last evening after spending a week visiting relatives in this end of the city.

The Ladies' Aid society of the Swedish Mission church were entertained this afternoon in the parlors of the church. Mrs. Adolph Wiberg was hostess.

The Sunshine society of Trinity English Lutheran church will be entertained Saturday afternoon at the home of Mrs. Collins, 419 North Twenty-first avenue west.

Rev. Gust F. Johnson, pastor of the Swedish Mission tabernacle of Minneapolis, is expected to arrive tomorrow to plan a series of revival meetings to be held for two weeks in the Swedish Mission church. The services will begin Sunday.

Persia's one railway is a six-mile line from Teheran to the shrine at Shah Abdul Azim.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten into rich, ripe, fat-producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat-producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Boyce's drug store and other leading druggists in Duluth and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

RECORD ONE OF SUCCESS

Duluth Presbytery Finds Constant Growth in Its Twenty-Five Years.

Closing Address of Dr. Vance Stimulates Ministers in Frontier Service.

The celebration of the twenty-fifth anniversary of the forming of the Duluth presbytery ended last evening with a stirring and stimulating address at the First Presbyterian church by Rev. Joseph A. Vance, D. D., pastor of the First Presbyterian church of Detroit, Mich. His subject was "The New Chance for the New Day."

As a whole the presbytery meeting, which began on Tuesday afternoon, was a very distinct success. Every report showed most encouraging conditions. A notable report was on the benevolences to which the churches of the presbytery have subscribed during the year, and which each year have shown a steady growth. It is considered that the growth of the benevolences is remarkable and shows a distinct and increasing interest by the Presbyterians of the district in the church work. Increases in membership, which are growing greater in proportion each year, point to the same thing.

The growth, also, of donations for home and foreign missions is in keeping with the other signs. The first year of the presbytery's existence, the reports shows, this donation was approximately $400; during the year just ended it amounted to more than $8,000. Other boards show equal growth, and the members of the presbytery feel greatly encouraged.

History of Presbytery.

Rev. Henry B. Sutherland of Grand Rapids, stated clerk, gave a short historical sketch of the presbytery. He has been stated clerk for ten years and is the oldest charge holder, in point of service, in the organization. He pointed out that although much of the original territory which was included in the Duluth presbytery has been taken away, the presbytery takes in 20,000 square miles. In the twenty-five years of its existence only four records show a lack of increase in the number of churches. In that time, Mr. Sutherland said, 131 ministers have been received into the presbytery, and the majority of them are still active members. He said that the five clergymen actively engaged in the field at the time of the presbytery's organization were Rev. James A. Page, Rev. Adam W. Ringling, Rev. T. M. Findlay, Rev. E. W. Raymond and Rev. John L. Johnson. There have been fifty-one moderators, the first being Dr. Ringling and the second Rev. T. M. Findlay.

Rev. M. D. Edwards, pastor of the Dayton Avenue Presbyterian church of St. Paul, and stated clerk of the Minnesota synod, preached yesterday afternoon, the sermon which he preached here at the forming of the Duluth presbytery. He dwelt on the fact that the church, in spite of modern changes in thought and conditions, is still found up to the highest requirements of the age.

At the business meeting, which followed the afternoon addresses and communion, which was administered by Rev. Robert Yost, pastor of the First Presbyterian church of Duluth, Rev. H. B. Sutherland was honored by being elected delegate to the Presbyterian general assembly which will meet next month in the Fourth Presbyterian church of Chicago, of which Rev. John Timothy Stone the moderator, who spoke here Tuesday night, is pastor. Rev. Willis O. Garrett, pastor of the Lakeside Presbyterian church, was named as alternate. A. A. Scott of Two Harbors, the pioneer elder of the range, was named as lay delegate and Elder James of Ely was chosen alternate.

Dr. Vance's Encouragement.

Dr. Vance's address last evening came as a climax of the gathering and the attending ministers and lay delegates say, was most stimulating and inspiring. His closing words to those who are on the frontier were very encouraging. He urged them not to weary of well doing for, he declared, it is always found that God takes care of his servants.

Dr. Vance, in speaking on his subject, "The New Chance for the New Day," declared that views of salvation have changed.

"The Bible," said he, "is no longer regarded as an arsenal from which to draw ammunition but as a storehouse from which to draw character and inspiration. Salvation is not a transfer from hell to heaven but a daily working out from error to truth. We are beginning to realize that we must clean the streets down here before we will be entitled to the streets of gold."

The church's new day, Dr. Vance said, is arrived at by the great movements that are stirring the world, leading which are the laymen's missionary movement, the go-to-church movement and the better feeling and co-operation which exist between churches, regardless of creed.

RED RIVER VALLEY FARMERS SEEDING

Operations in Full Blast in World's Great Bread Basket.

Crookston, Minn., April 16.—(Special to The Herald.)—Seeding operations started full blast throughout the Minnesota Red river valley yesterday. The farmers have been afield all the week, but the seeding of wheat and oats only started in earnest Tuesday and Wednesday. In the ten counties of Clay, Becker, Norman, Mahnomen, Polk, Red Lake, Pennington, Marshall, Roseau and Kittson in the Red river valley proper there are 19,417 farms, according to the last census, and figuring but one drill at work on each, every day of good weather means the seeding of 388,340 acres, or over a million acres every three days. As a matter of fact, the number of drills will average very close to two on each farm and Saturday night will see close to 2,000,000 acres of grain sown. The ground is in ideal condition.

North Dakota Farmers Busy.

Grand Forks, N. D., April 16.—(Special to The Herald.)—Seeding operations are on in earnest throughout the northern part of the Red River valley, and farmers who have commenced operations declare themselves well satisfied with the condition of the soil. While the moisture supply is not just now exceptionally plentiful, they are getting their seeding operations well under way while the sub soil is still frozen, and this will yield forth considerable moisture later on when the seed is in the ground.

There is very little spring plowing to be done, and that fact will hasten the operations very materially.

Brainerd Home Talent Play.

Brainerd, Minn., April 16.—(Special to The Herald.)—"The Fascinating Fanny Brown" will be presented at the Brainerd opera house on Friday evening by local talent instructed by Mrs. C. L. Burnett. It is one of the first productions given by the recently organized Dramatic club, an auxiliary of the Story Hour of the public library.

This Skin Peeler All the Rage in Society

There is a growing tendency among women of culture and fashion to pay more attention to hygienic means of preserving their charms. The advent of mercolized wax doubtless has been largely responsible for this. This remarkable substance produces complexions so natural in appearance, so magnetically beautiful, artificial complexions are no longer desired. Instead of "doctoring" an offensive skin, the skin is peeled off. The wax peels the skin so gradually, in such fine particles, no discomfort is experienced. The fresher, younger skin beneath, wholly in evidence within a week or two, is lily white, eating soft and smooth. It's not a patched-over complexion, but a brand new one. That's why mercolized wax has become such a rage among society folk. The wax is put on nights like cold cream and washed off mornings. All druggists have it; one ounce will do.

Another hygienic treatment now much in favor is one to remove wrinkles, made by dissolving 1 oz. powdered saxolite in ½ pint witch hazel. Used as a wash-lotion it "acts like magic."—Advertisement.

ON THE IRON RANGES

GIVES ADVICE TO ASSESSORS

State Tax Commissioner Armson Meets Itasca County Valuers.

Points Out Duties and Advises Living Up to Law's Provisions.

Grand Rapids, Minn., April 16.—(Special to The Herald.)—The assessors of Itasca county met at the courthouse yesterday for a conference with the state tax commission on the method of listing and assessing property under the new classified assessment law. J. G. Armson, a member of the commission explained the provisions of the law, and answered questions asked by the assessors.

Mr. Armson discussed the necessity of taxation, by whom and for what purpose they are levied. He pointed out that in the final analysis, nearly all taxes are local, and that with the exception of the tax levy, each country and its sub-divisions have entire control of the amount of money raised for public purposes by taxation.

How Money Is Divided.

In Itasca county, Mr. Armson said, in 1912 the total tax levy for all purposes was $907,379.96. Of each $100 of this amount, $6.64 went to the state revenue fund, $23.44 to the county, $21.20 to villages, $15.67 to townships, and $33.05 to school districts. In other words, of every dollar of direct taxes paid by the people of the county, only about 6 cents went to the state, the balance

J. G. ARMSON.

being controlled by the voters at the annual town meetings, school meetings and other ways where the voice of the people has the say.

Mr. Armson said that a great many people believe that the assessors are responsible for their high taxes, but he pointed out that the assessors might set people to thinking along the right lines if they would explain to such people that the duty of the assessor is simply to list the property and place the value upon it as justly as possible as compared with like property in his assessment district, and that the high taxes are traceable to the people themselves. It is the amount of money voted for public purposes which determines whether taxes shall be high or low. Larger appropriations make high taxes.

Prior to the present year, the laws required all property to be assessed at its true and full value. The provision of the law, however, has never been enforced. Instead, property was listed at anywhere from 20 to 50 per cent of its real value, according to the whim or needs of a county. So universal did the undervaluation custom became that it was finally accepted as the settled policy of the state to assess property at a percentage of value instead of in full as required by law, the custom grew to have almost the force of law, and at the last legislature, in order to make it possible to conform with the law without demoralizing the taxation system, a law was passed fixing a schedule of percentage of valuation at which property is to be assessed in the future, and which is known as the "classified assessment" law.

Assessors Who Attended.

Those present were: Emil Johnson, Alvwood; J. V. Guptill, Ardenhurst; Joseph Weston, Arbo; Martin Stram, Bearville; J. O. Larson, Bigfork; Ed Jeffers, Bass Brook; Erick Carlson, Blackberry; Bernard Lerch, Carpenter; A. T. Reid, Deer River; E. W. Ingersoll, Feeley; P. C. Warner, Grand Rapids; Joseph Meyers, Grattan; E. F. Logan, Greenway; Albin Rudquist, Good Hope; S. P. Hegdahl, Harris; C. J. Franti, Iron Range; Olif A. Lind, Jessie Lake; Gust Anderson, Moose Park; L. G. Trydean, Marcell; Roy C. Smith, Nore; Charles Kaminen, Nashwauk; J. A. Zimbrick, Oteneagen; Adolf Lindquist, Popple; Joseph McCaffery, Sago; John E. Westman, Sand Lake; Frank V. Smith, Spang; B. E. Benson, Trout Lake; C. E. Erickson, Third River; Phil Hauck, Wirt; John Lyly, Wawina; George Ruby, Deer River village; E. Westrun, Warba; O. S. Zetterstrom, Zemple.

Only three towns in the county were not represented by their assessors. The assessors for the unorganized districts are District No. 1, Charles Erven, Splithand; No. 2, D. A. McLeod, Keewatin; No. 3, J. A. Sandwick, Bigfork; No. 4, Levi Cochran, Effie; No. 5, Albert Anderson, Bearville. All of the latter were present.

COLERAINE ATTORNEY OUT FOR LEGISLATURE

Coleraine, Minn., April 16.—(Special to The Herald.)—A. M. Peterson, village attorney for Coleraine and Marble, has filed at Grand Rapids for representative in the Fifty-second district. He came here from Minneapolis, where he was graduated from the University of Minnesota law department four years ago. He has a wife and three children.

A. M. PETERSON.

GRAND JURY HAS FINISHED WORK

Virginia, Minn., April 16.—(Special to The Herald.)—The largest grand jury session in point of indictments returned ever held on the range concluded today when the grand jury made its final report to Judge Hughes and was discharged. Six secret indictments were returned, making thirty-six since the session began.

The grand jury reported that it found the courthouse here inadequate for court work and recommended that the county architect proceed to draw plans to provide larger quarters, the sheriff's, clerk of the court and juvenile court quarters being deemed too small. In district court the case against Mike Obreazhimson and Joe Miller, indicted for a cutting affray at Spina, is being tried. They are alleged to have cut a man named Millevich.

ELOQUENT PRIEST HEARD AT HIBBING

Hibbing, Minn., April 16.—(Special to The Herald.)—That the human and divine laws are the basis of all patriotism and that only through their observance may the full joys of a free and democratic country be secured, was the conclusion drawn by Father A. B. C. Dunn of Eau Claire, Wis., in a splendid address delivered last evening at the Armory on "The Patriotic Citizen."

The big hall was crowded long before Father Dunn was introduced and during the two-hour talk the orator held the closest attention of his audience. Incidents from history were freely used to show that upon the teachings of Christianity are based the fundamentals of patriotic duty and apt illustrations were frequently introduced to point out the path that must be followed by the man who would secure from his citizenship its full value.

Flag Symbolizes Country.

Father Dunn pointed out that in the flag of our country were symbolized the principles of Christianity. The white bars are rays of light from the Heavenly Throne denoting the service owed the Maker while the rays of red are emblems of the love all should bear for fellowman.

Likening the United States to a passenger train, each state a coach, with its share of responsibility and the great democratic form of government as the powerful engine, Father Dunn pointed out the freedom that was felt as long as each stuck to the two rails that signified the laws of man and God. The dire consequences that would follow an attempt on the part of the occupants of any of these coaches to take matters into their own hands, derail their coach or attempt to switch the train off these rails, were ably pointed out in glowing language and thundering tones.

A reference to a body of men calling themselves American citizens who were even now using efforts to derail the great train of state brought to the mind of every auditor the natural assumption that some little time would be spent in denunciation of the Socialist part ynnd its offspring, the I. W. W., but Father Dunn passed them over with but a paragraph and scored "The Men With a Million."

Traffic in liquor also came in for a scoring. He denounced not so much the licensing of the business but the nature of the man who runs it who permits himself to take from intoxicated workingmen the money that rightfully belongs to the wife and children in his home. The duty of the true citizen to correct this evil with the vote was the remedy that was suggested.

Superintendent Visits Range.

Hibbing, Minn., April 16.—(Special to The Herald.)—Supt. Votaw of Superior arrived in his special car over the Great Nortnern last evening on his way to Grand Rapids, where he will transact business. He was accompanied by other Superior officials of the company.

GILBERT COUPLE WED.

George Abeel and Miss Wiggins Are Married in Range Village.

Gilbert, Minn., April 16.—(Special to The Herald.)—A very pretty wedding ceremony took place last night at the Presbyterian church when George H. Abeel, Jr., and Miss Martha Wiggins were married. The services were read by Rev. G. S. Turner. The bridesmaids were Miss Ruth Carmichael of Hibbing, Miss Tuthill of Grand Rapids, Mich., Miss Ellen Forsberg and the best man was Percy Carmichael of Hibbing, cousin of the bride. The bride was given away by her brother, Bert Carmichael. The ring bearer was little Jack Barrett. The ushers were Fred Barrett, Walter Radermacher, Pat Boyle and Folsom of Buhl. The maid of honor was Miss Florence Wiggins, sister of the bride. Miss Mabel Carmichael of Biwabik played the Mendelssohn wedding march, and Miss Marion Hoy sang a solo. The bride wore white crepe meteor with a long veil and carried an Easter lily. The bridesmaids wore yellow. The church was beautifully decorated with plants, and lilies and streamers of white satin ribbon. A reception was held after the ceremony at the home of the bride, and the young couple left about 10 o'clock for Chisholm in an automobile. They left this morning for Minneapolis, the first place they will visit on their wedding tour. The young couple are well and favorably known all over the range and many attended the ceremony.

AGED BLACKBERRY MAN IS TRAIN VICTIM

Grand Rapids, Minn., April 16.—(Special to The Herald.)—Ole Selvadahl, about 78 years old, was killed by the Superior local on the Great Northern at Blackberry at about 7:30 o'clock this morning. The old man, who is a section hand at Blackberry and who lived on the south side of the track, ran in front of the train in trying to get across the track and before he could get across the train struck him and ran over him.

The train crew immediately made up an emergency special and picked the man up, who was still alive, and brought him to Grand Rapids. He was still alive as the train passed the hospital, just a few blocks east of the station, but upon reaching the station he died. The remains were taken to Kremer's morgue and his relatives will be communicated with. He has some brothers living. Judge of Probate Webster went to Blackberry this morning to take charge of the old man's effects and to ascertain the whereabouts of his relatives.

MINES BUREAU CAR IS VISITING MESABA

Virginia, Minn., April 16.—(Special to The Herald.)—Miners and mining men will have an opportunity to see the demonstrations of first aid to the injured and the most modern safety devices here next week when the United States bureau of mines demonstration car will be in the city for several days.

The car and its corps of experts is at Eveleth and probably will come to Virginia next Tuesday or Wednesday.

Attracted Eveleth Crowds.

The demonstrations and the exhibits have attracted much attention at Eveleth and hundreds of miners are expected to visit the car while it is in Virginia. The car was to have been exhibited in this district last fall but the demonstrations were indefinitely postponed on account of small pox at Eveleth. The headquarters of the car and its experts is at Ironwood, Mich. A. A. Krogdahl, brother of J. F. Krogdahl, city assessor, is in charge of one of the departments of the government exhibit. He was in Virginia last night. He is accompanied on the trip through this district by his wife.

THREE FORTIES WILL BE CLEARED

Grand Rapids, Minn., April 16.—(Special to The Herald.)—A. J. McGuire, superintendent of the North Central Experiment farm here, and a member of the state reclamation board, announces that the reclamation board will start as soon as possible to clear half of three forty-acre tracts of state lands, for sale to actual settlers along the lines planned by the reclamation board.

Camps will be built at once if suitable quarters in old logging camps or abandoned houses cannot be found. An interesting feature of this work will be the fact that it will be used largely as experimental work.

To Employ Day Labor.

The job will be done by day labor, and the cost carefully kept tab of. Experiments will be tried along the lines suggested by a resolution adopted at the close of the short course in land clearing held at the state farm last fall, and stump pullers and explosives will be tried out. A report of the results of the experiments will be published in bulletin form when the work is completed.

The lands to be cleared embrace three forties in the west half of section 30, Blackberry township.

VIRGINIANS HAVE GAS PLANT IDEA

Virginia, Minn., April 16.—(Special to The Herald.)—The proposition of a gas plant for Virginia may be discussed at a special meeting of the city council tomorrow night. J. P. Smith of the American Gas Construction company of Newton, Iowa, who has been interesting himself in the proposed project said this morning that members of the council had assured him that the question will be taken up. Mr. Smith said he has received encouragement in Hibbing and that many business men there look with favor on the erection of a plant in that village. The Hibbing council is said to favor a gas plant but will not grant a franchise.

For one, Mayor Mike Beylan of Virginia, is a gas plant enthusiast. Mr. Smith will leave Virginia today but hopes to return soon. His company recently was awarded the contract for a big plant at Alma, Mich., to cost about $150,000.

Underground Wires.

Other matters to be considered at the special meeting of the new council probably will be the application of the Mesaba Telephone company for laying underground wires on several streets, salaries and the housing ordinance.

Alderman George Harvey returned last night from Duluth where he attended the state land sale and bought for the city of Virginia forty acres of land which has for sometime past been used a garbage ground, at the listed price of $720, $18 an acre. Mr. Harvey was not opposed in the bidding. The purchase of the land settles Virginia's garbage disposal site for some years. The city now has eighty acres of ground, the first forty was purchased at the last land sale by City Clerk Albert Bickford at a cost of $896.64, the price being run up by competitive bidding. The city has recently built a good road into the grounds and constructed a sheltering shed for teamsters.

Virginia Democrats Meet.

Virginia, Minn., April 16.—(Special to The Herald.)—Local Democrats held an enthusiastic meeting last night and discussed the coming county and state campaign and decided to organze a club here.

HIBBING MAN PLEADS.

Virginia, Minn., April 16.—(Special to The Herald.)—Marino Sonaglio, whose saloon license was revoked by the village council at Hibbing, pleaded not guilty to charges of bribing a witness and selling liquor to minors in district court here this afternoon. His ball was fixed at $500 on the bribery charge and $300 on the other indictment. He was released and George F. Shea was retained as his attorney.

Petro Bionti, who was charged with having shot Frank Sartori at Eveleth on March 4, when the latter came home drunk and created a disturbance in Bionti's boarding house, was acquitted by a jury in district court yesterday after being out about an hour.

The case of Mike Gravich, charged with assault in the second degree, will probably go to the jury today.

L. M. Nelson, otherwise known as "Squawman" Nelson, was given a very light sentence by Judge Martin Hughes, after having been found guilty of selling liquor to Indians.

The judge imposed a fine of $50 and costs and warned the prisoner to consider his age and be good in the future.

Nelson was charged with having sold quantities of liquor to Nett Lake Indians. He is 70 years of age.

BUHL'S SCHOOL TO BE OPENED FRIDAY

Buhl, Minn., April 16.—(Special to The Herald.)—The dedication of the new Buhl school building will be next Friday evening. A program will be given and in all probabilities Hibbing and other educators will attend. After the program dancing will be induged. An orchestra from Duluth will furnish the music.

Afternoon and Evening Program.

The program for the afternoon and evening follows:

3 p. m.—Music (selected), high school orchestra; chorus, "Joys of Spring" (M. Vogel); address, N. A. Young, county superintendent of schools; address, C. G. Schulz, state superintendent of public instruction; "Ebb and Flow," (Oliver King), High School Glee club; address, E. W. Bohannon, president Duluth state normal; address, "An Interpretation of a Modern School Building," S. A. Challman, state commissioner of school buildings; "Song at Sunrise" (Charles Fonteyn Manney), High School Glee club; address, "The Purpose of a School," George B. Alton, state high school inspector; music (selected), high school orchestra.

8 p. m.—Music (selected), La Brosse orchestra; sextet, "Sing, Smile, Sleep" (Charles Gounod), Misses Lindholm, Sather, Jenkins, Bridge, Fuller and Berkness; address, "A Working Theory of Life," Dr. Marion D. Shutter, Minneapolis; music (selected), La Brosse orchestra.

EVELETH CASE LAID BEFORE GRAND JURY

Eveleth, Minn., April 16.—(Special to The Herald.)—Of the four men who were arrested on charges of assault for fighting, Peter Fomich, Frank Fomich and Frank Babich were dismissed and the costs of the cases were charged against Tony Malovich.

Later Malovich and Babich were taken up on charges of drunkenness and fined $5 and costs. Babich was stabbed in the affray.

Yesterday afternoon the state witnesses were taken to Virginia to present the facts to the grand jury and it is probable that some indictments will be returned.

Acting as Peacemakers.

The evidence given in municipal court here tended to show that the two Fomich brothers acted as peacemakers and incriminated John Bergant, who is alleged to have assisted in the escape of one of the men who used a knife.

Joseph Shofick and Mike Miklavic are the two men who are alleged to have used knives and one of them is said to have been cut. They have not been located.

BOBICH DREW KNIFE.

Hibbing, Minn., April 16.—(Special to The Herald.)—Because the evidence showed that the complaining witness pulled a knife during the trouble, the cases against Rada Pesnonovich and George Travica, charged with assaulting George Bobich, in a Pine street saloon, were dismissed in municipal court yesterday afternoon. The cases were bitterly contested with Attorney A. E. Templeton appearing for the state, and Victor L. Power for the defendants. Bobich in the melee sustained a broken rib and a badly bruised head. The defendants claimed that they acted in self-defense.

CATHOLICS WANT SCHOOL.

Virginia, Minn., April 16.—(Special to The Herald.)—The parochial school question will be the chief business for discussion before a special meeting of the Virginia school board tonight at the Technical high school. No report of the proposed board of appraisers will be available, as Mark Elliot, appointed as appraiser of the Central high school property by the board, found it impossible to act. The church of Our Lady of Lourdes is anxious to secure the Central school for parochial school purposes and offers to buy it at a fair valuation. But opposition to its sale has been developed in a petition bearing a large number of names recently filed with the board. It is scught to buy the Central for the reason that if a new building must be erected for the parochial school the playground facilities will be considerably curtailed. Whether or not the Central school is sold the parochial school will be established.

The committee of the Church of Our Lady of Lourdes is anxious for a fair understanding of the whole matter and it will be thoroughly gone over tonight, when it is hoped to have the matter of the sale of the Central submitted to a vote of the people.

BEATS WIFE BEATER.

Chisholm, Minn., April 16.—(Special to The Herald.)—The grand jury at Virginia will look into the case of Kosmer Smokowsky, a Pole, who was caught by his brother, John, cruelly beating his own wife and was promptly beaten by his brother at their home in the Glenn location. There is said to be some doubt about the Smokowskys being married.

Smokowsky has lived in America for several years but speaks no English. He came originally from Chocemierz, Galecia, Poland. He is a miner at the Glenn, on surface work, and has been living unmarried, it is said, with Melitia Smith for three years. One of his close friends stated that he was not aware that the couple were not married.

A number of other witnesses also went to Virginia to appear before the grand jury, among them Steve Urich, who will relate his experience with Mike Kankaras, who was arrested Monday evening on his return from Buhl for carrying a gun.

EPIDEMIC ABATING.

Two Harbors, Minn., April 16.—(Special to The Herald.)—Mayor Towl and the board of health have raised the ban placed on the theaters and other public buildings because of scarlet fever, to keep all children under the age of 15 from all public buildings. As only three new cases have developed in the last four or five days it is believed that the disease is now under control. Although at one time there were more than forty cases in the city quarantine has been removed from several of these places until now the total number is about thirty-five.

GRAND RAPIDS GUN CLUB TO BE BUSY

Grand Rapids, Minn., April 16.—(Special to The Herald.)—Grand Rapids has the largest gun club in this part of the state, having about sixty active, participating members according to the report of the committee on membership made at a meeting of the club last evening.

Bids were received for the erection of a clubhouse and trap building at the Itasca county fair grounds, and a committee consisting of Frank Sherman, Kep LeRous and G. C. McAllister was appointed to secure the official permission of the county board to erect the buildings on the fair grounds. A committee consisting of H. C. Lawrence, H. C. Bolthouse and E. J. Whaling was appointed to proceed with the erection of the necessary buildings. It is quite likely that the grounds will be ready to hold the first shoot the first part of May. Thursday of each week was designated as the day for holding the regular shoots.

ALL READY FOR WAR.

Eveleth, Minn., April 16.—(Special to The Herald.)—Members of Company F of the Third Infantry, M. N. G., are much interested in the Mexican situation, as they believe that the militia will be ordered to an army post or to the boundary if an invasion of Mexico takes place.

Statements in Wednesday's Herald that President Wilson will insist on a salute to the Stars and Stripes, and that President Huerta will protect the honor of Mexico at any cost, gave rise to a belief that something serious may develop from the present crisis.

Hibbing Soldiers Ready.

Hibbing, Minn., April 16.—(Special to The Herald.)—Because of the strained relations between the United States and Mexico, it is expected that the inspection of the local militia company this evening by Capt. McGee of the United States army will be severer than usual.

The officers of the company would not be altogether surprised if the National Guard organizations were ordered to mobilize in Mexico, and declare that it would take them but a short time to get ready.

HIBBING COUPLE WED.

Minneapolis, Minn., April 16.—(Special to The Herald.)—Thomas Turnbull and Miss Mary Ellen Cloutier, both of Hibbing were married here Tuesday by Rev. Mr. Lawton.

Mr. Turnbull is well known on the range and is superintendent of the Webb mine of the Shenango Furnace company.

Miss Lillian Tingstad was maid of honor and S. N. Vivian of Buhl best man.

After a short trip they will make their future home in Hibbing.

Hibbing Gun Club.

Hibbing, Minn., April 16.—(Special to The Herald.)—The first meeting of the Hibbing Gun club will be held Sunday morning at 10 o'clock, weather permitting. The officers are lining up all the members and it is probable that there will be a full attendance. It is expected that with the single shoot a week, instead of two as was the case last year that the interest will be increased.

MOUNTAIN IRON PARK.

Mountain Iron, Minn., April 16.—(Special to The Herald.)—At a splendidly attended meeting of the village Commercial club, held Tuesday evening, several important steps were taken for the improvement of Mountain Iron. The secretary was instructed to correspond with the owners of a piece of land adjoining the village, with a view to obtaining a lease on it for a public park. Committees were appointed to secure a village telephone exchange and to arrange for a big July 4 celebration.

FOR MUTUAL BENEFIT.

Chisholm, Minn., April 16.—(Special to The Herald.)—Mayor Joseph Austin has indorsed the plan of Mayor William J. Doyle of Buhl for an organization of presidents and council members of the Mesaba range to meet at intervals and go over matters of interest to the public and thereby make great economic gains. The plan as outlined is to discuss matters of interest as regards the expenditures of money, the governing of municipalities, etc.

CHISHOLM MAN TO SANITARIUM

Chisholm, Minn., April 16.—(Special to The Herald.)—Wilho Kaipia, 45 years old, a Finn, single, was sent to Duluth yesterday noon to the tubercular sanitarium. He was found across Longyear lake in a shack where he has been existing for the past few months and when Poor Commissioner W. E. Talboys and a physician visited the place it was decided that to prolong his existence it would be necessary to at once get him in a sanitarium. Railroad fare was provided and a letter of introduction given him to the Duluth authorities.

WEDDED COUPLE COME TO DULUTH

Virginia, Minn., April 16.—(Special to The Herald.)—Miss Hazel Reid, daughter of Mr. and Mrs. Alexander Reid, and Dr. J. M. Fisher were married yesterday by Rev. H. E. Neff, pastor of the Presbyterian church. Only the immediate members of the family were present. After the wedding Dr. and Mrs. Fisher left in an automobile for Eveleth whence they took a train to Duluth, where they will spend several days. Upon their return they will be at home at 417 Hickory street.

Hibbing Editor Engaged.

St. Cloud, Minn., April 16.—Mr. and Mrs. F. H. Whitney, announce the engagement of their daughter, Grace, to H. Z. Mitchell of Hibbing.

Miss Whitney has been a teacher in the public schools of St. Cloud for the past two years. The wedding will take place June 23 at St. Cloud.

Mr. Mitchell is on the editorial staff of the Hibbing Tribune and formerly lived here.

Two Harbors Funeral.

Two Harbors, Minn., April 16.—(Special to The Herald.)—The funeral of Mrs. Frank Lundquist, who died at the St. Luke's hospital in Duluth on Monday, was held this afternoon from the Swedish Methodist church. Rev. Louis Johnson, pastor, officiated. Interment was made in the Two Harbors cemetery. The funeral was largely attended.

Eveleth Brawlers Fined.

Eveleth, Minn., April 16.—(Special to The Herald.)—John Derzal was fined $25 and costs with an alternative of thirty days in the county jail for drunkenness.

Milo Dadezavich was fined $15 and costs for assaulting Sakri Rosovick. Rosovick paid $10 and costs for assaulting Radezavich. The fact that Rosovick wore glasses accounted for the difference in the size of the fines. The assaults took place on a crowded street in the evening.

To Build in Eveleth.

Eveleth, Minn., April 16.—(Special to The Herald.)—Shanedling brothers, Isadore of this city and Julius of Virginia, will erect a two-story business block here at an estimated cost of $15,000. A frame building occupied by Gust Johnson on a site recently purchased on Grant avenue is to be removed to make room for the new block.

Hibbing Girl Engaged.

Hibbing, Minn., April 16.—(Special to The Herald.)—The engagement is announced of Miss Hazel Kerback of Hibbing and Charles L. Richard of Minneapolis. Several interesting affairs will be given for her in the next few weeks, although the marriage will not be solemnized until fall.

Chisholm Sent Band.

Chisholm, Minn., April 16.—(Special to The Herald.)—A brass band made up entirely of members of the newly organized Moose lodge went to Hibbing last evening to supply the music for the big Moose gathering when a new lodge was organized. Oscar Simstrem, leader of the Commercial band handled the band. The local order which has a membership of nearly 200 has been organized but a few months but the spirit manifested is commendable.

Boy From Cook Dies.

Virginia, Minn., April 16.—Andrew Hegforce, 19 years of age, a laborer, died at a local hospital yesterday after a short illness. He was brought here from Cook.

Josephine, the 18-months-old daughter of Mr. and Mrs. Philip Whitmore, died Tuesday after a short illness.

Splithand Farmer Arrives.

Grand Rapids, Minn., April 16.—(Special to The Herald.)—Hans Outzen, recently of Davenport, Iowa, arrived yesterday with a carload of household goods and stock, including a fine team of horses and some cows, and will move into the Splithand country, where he recently purchased 320 acres of land, and upon which he will move and make his home.

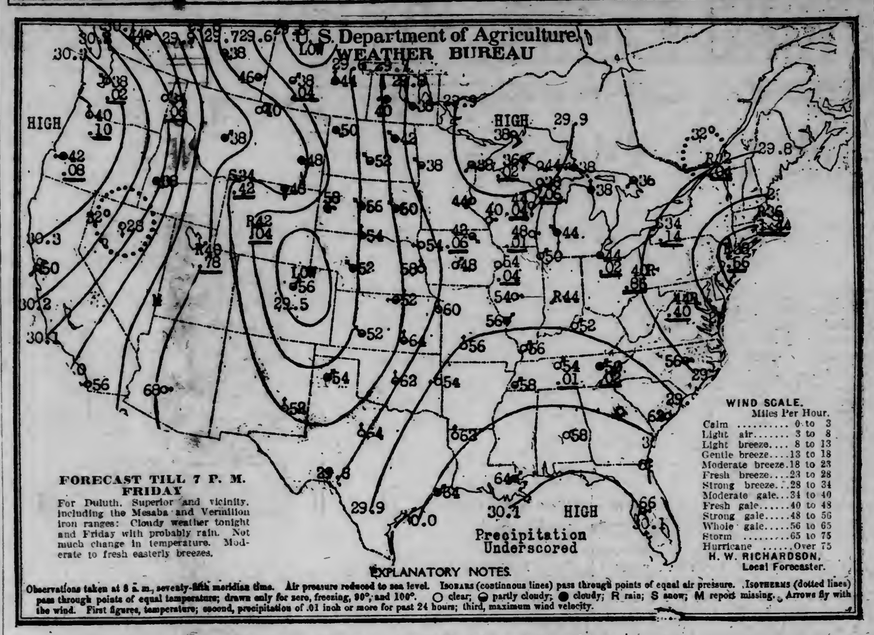

A DULUTH INQUIRY

Answered By the Statement of a Duluth Resident.

When first the long series of reports of Duluth people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Duluth is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declare their cures to be lasting.

J. C. Gilman, electrician, 1007 East Sixth street, Duluth, Minn., says: "My back and kidneys hurt me, especially if I caught cold. Someone told me to try Doan's Kidney Pills and I did. They soon relieved all the trouble and the relief has been permanent. I haven't needed any kidney medicine whatever since. You can certainly keep on using the indorsement I gave Doan's Kidney Pills a short time ago." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gilman had. Foster-Milburn Co., Props., Buffalo, N. Y.

OFFICIAL MAP OF THE WEATHER

RAIN

Again the weather man is about to shift the scenes. Fair weather for three consecutive days is about enough and the stage must be fixed he says. So the threat for tonight is cloudy weather, and for tomorrow rain. Men have hoped for the latter, however, in order that the streets and yards may get a good soaking and cleaning. The temperature will remain about the same.

Fair and warm weather prevailed a year ago today. The sun rose this morning at 5:18 and will set this evening at 6:58, giving thirteen hours and forty minutes of sunshine.

Mr. Richardson makes the following comment on weather conditions:

"Temperatures have risen over Central Southwestern states and the North west and have fallen over the Far West. Light to heavy rains fell over North Atlantic states, the lake region, Ohio valley, Iowa, Wyoming, Utah, Idaho, Oregon and Washington."

General Forecasts.

Chicago, April 16.—Forecasts for the twenty-four hours ending at 7 p. m. Friday:

Wisconsin—Fair tonight with warmer in southwest portion; Friday increasing cloudiness with probably showers in afternoon or night.

Minnesota—Mostly cloudy tonight and Friday, probably showers; cooler in south and west portions Friday.

Iowa—Mostly cloudy tonight and Friday, probably showers; warmer in northeast portion tonight; cooler Friday afternoon or night.

North Dakota—Mostly cloudy tonight and Friday; cooler.

South Dakota—Mostly cloudy tonight and Friday; probably showers; cooler.

Montana—Generally fair tonight and Friday; colder tonight.

Lower Michigan—Unsettled tonight and Friday; warmer Friday.

Upper Michigan—Unsettled tonight and Friday.

Starchy Food Necessary For Energy

But many persons cannot digest starch as found in ordinary food—hot biscuit, potatoes, white bread, etc.

In making

Grape-Nuts
FOOD

from wheat and barley, the starch part of the grains, needed for body energy, is so thoroughly dextrinized by long baking (partially pre-digested) that the time of digestion is reduced—generally to about one hour.

(White bread about 3½ hrs.)

Many forms of stomach trouble disappear when proper, easily digested food is used.

"There's a Reason"

for

Grape-Nuts

—sold by Grocers.

FRESH AIR AND HEALTH

Mental work calls an unusual supply of blood to the brain; the process of digestion calls the blood to the stomach. Brain work immediately after a hearty meal often causes indigestion because the brain has first call on a supply of blood that should be helping the stomach.

Wherever, in the economy of the body, work is to be done there is a demand for bright, red blood. Thin blood or blood dark with impurities will not do because it is the oxygen carried by the blood that does the work and oxygen-bearing blood is bright and red. The life-sustaining oxygen is taken up by the blood from the air which it meets in the lungs. Hence the great need of fresh air every hour of the day and night. But fresh air is useless if the blood cannot take up the oxygen which it gives. Dr. Williams' Pink Pills enable the blood to take up more oxygen because they increase the part of the blood that carries the oxygen. This corrects the lassitude, palpitation of the heart, shaky nerves and the palior that are the results of thin, impure blood.

You must have pure, rich blood to enjoy complete health. A booklet "Building Up the Blood" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. All druggists sell Dr. Williams' Pink Pills.

Watch The Herald for Baseball News

SPORTS

The Herald Sporting Gossip Is Reliable

LIVE SPORTING GOSSIP

By BRUCE

ATTUNING the lips to the popular brand of conversation, pray let us speak of baseball, a line of talk that for the time fills in the horrible void where the weather used to be dragged in.

What in the world are the released villains of the Federal league going to do? It is like throwing a thirsty man out of the caravan parade in the midst of the dusty desert.

Where, yes where, can the fozzled Federalists go? Whither is the burning question.

We notice that Josephius Tinker has just let one Mulvaney go. Mister Mulvaney is in all likelihood a nice and pleasant countenanced yonng man. Failing to make good with one of the teams oi one of the other leagues there would still remain one of the other teams of one of the other leagues for Mr. Mulvaney to go to. But in his present dire predicament Mr. Mulvaney is like Edgar Allan Poe's hero in the pit.

There has been some desultory conversation let loose around the baseball precincts regarding and relating to the establishing of minor Federal leagues. While it is not a bit of our business and does not concern us in the least, we would recommend that the Feds proceed to make a huge and unassailable success of their present undertaking before beginning the Herculean labor of forming the farms.

* * *

The Silent Agreement.

FROM various sections of the country scattered over the large league territory comes the veiled statement that in case the 1914 reserve clause fails to undergo court inspection, that there will be a gentlemen's agreement between the magnates of the two majors.

Understand that the reserve clause is to baseball what the spring hat is to the Easter semi-religious parade—the most important part.

Without the reserve clause the wealthy magnate would shake vulgar coin under the plebeian nose of the baseball player and entice and otherwise lure him from the penurious employ of the poor and lowly owner.

Thus you would observe the good players clustered and congested in the larger cities and the race made one-sided, like a contest between a particularly alert Belgian hare and a torpid turtle, and the turtle couldn't repeat in a future contest.

Therefore, in the case of the courts finding that the new tangled reserve clause of 1914 is illegal and a restraint in the search for increased coin, the gentlemen's agreement may be shot forth.

* * *

How Can They Gamble.

SCANNING St. Louis press dispatches we learn that Robert Lee Hedges, the owner of the Browns, has issued an edict against gambling on the grounds of the St. Louis American team.

For our part we don't understand why there should be any gambling at St. Louis. It is not a gamble to bet on or against either of the St. Louis teams.

St. Louis has no grounds for gambling.

* * *

Word From One Collins.

MIKE COLLINS, promoter of the large arena at Hudson and also the financial agent behind the Wolgast-Tillman contest, writes us that there will be a vast assemblage present when the gong calls the boys to the center of the ring.

One of the best cards ever offered the followers of the game has been arranged by this same Mike Collins, who is a commercial traveler and makes the Duluth territory frequently.

Fred Fulton, the large Minneapolis White Hope, will be opposed by young Carciofini, and Johnny Salvatore will also be on the card, as well as young DeFoe and Kid Coffey.

Viewing the entertainment slated for the evening of April 23, it might be said that the most rabid fan should get all the fighting his insatiable system craves in one evening.

* * *

Stirring Up Publicity.

WE are beginning to suspect that Kid Paul is one of the leading personal press agents of this section of the country. Since starting in the fight game, the kid has courted the searching interrogations of the press.

Yesterday Kid Paul called up the sporting department and announced that he had done five miles on the road. Miracles are not, it seems, a thing of the past.

The very suggestion of Kid Paul doing any work on the road is the very essence of news—for news, Bill, is the unexpected. Therefore, whether or not the kid did the five miles, the story is quite good enough for press uses. Those who know Kid Paul will be shocked into near insensibility. Those are the kind of stories press agents grow grey in the quest of.

* * *

The Millers Would Crab It.

HANS WAGNER comes forth and advocates a home for the old baseball players. This is fine and the sentiment animating the thought is beautiful, but after Joe Cantillon's players had been provided for there would be no room left for the other greying veterans of the diamond.

* * *

The Safety Valve.

FRANCIS OUIMET has taken his own caddy along on the trip to England. There is a trite and perhaps truthful saying which holds that no man is a hero to his valet. When the exuberant Mr. Ouimet really wants some unbiased and cutting opinion on the stride of his game, he will ask this caddy and forthwith receive a statement that will cause him to contemplate and practice the more.

* * *

Well, He Can Afford It.

SEVERAL serious statisticians have earnestly estimated that Charles A. Comiskey has $107,000 worth of crippled players. While comparisons are odious, particularly so at times, it might be stated along the general line of comparison that an estimate of the healthy and thriving players of the Philadelphia stars would bulge the price beam at about $107,000,000.

FEDERALS OPEN IN MISSOURI TOWNS

St. Louis and Kansas City to See New League Teams in Action.

St. Louis, Mo., April 16.—With Governor Elliott W. Major as pitcher and Mayor Henry W. Kiel as catcher of the first ball, the St. Louis Federal league baseball team was scheduled to open its season here today against Indianapolis.

According to the local club's promoters, every reserved seat in the newly erected grandstand had been sold. Bob Groom, who pitched for the Washington team last year, will take the pitcher's box for St. Louis after the opening ball and Mike Simon, who caught for the Pittsburg Nationals for five years, will receive. The visitors' battery will be Falkenberg or Mosely and Rariden.

Each of the Federal teams playing here today will carry five former "big league" players in the lineup. This is the Federal league's second year in St. Louis.

Kansas City, Mo., April 16.—Clear, warm weather ushered in this, the opening day of the Federal league baseball season here, and everything indicated that the Chicago team would face the local club before packed grandstand and bleachers. A long motor-car parade starting from the city hall and winding through downtown and residence streets five miles to the Federal park preceded the game.

President Gilmore of the Federals was the guest of honor at the game. Mayor Jost of Kansas City, Mo., hurled the first ball. Mayor Green of Kansas City, Kan., caught it.

Neither George Stovall, manager of the locals, nor Joe Tinker, the Chicago director, would make definite announcement of the batteries early. There was every indication that Hendrix and Wilson would be Tinker's choice and that Packard or Henning and Easterly or Brown would represent the locals.

BOTH SIDES BRING SUITS IN BASEBALL WAR.

Chicago, April 16.—Suits for damages aggregating $65,000 will be begun in a few days by the Federal league against five ball players who, it will be claimed, refused to comply with the provisions of their contracts with the league's clubs.

This was announced by President Gilmore upon his return yesterday from the Eastern cities of the Federal circuit. Blanding, Killifer and Kahler will be sued for $15,000 each, and Williams and Baumgardner for $10,000 each, he said.

Gilmore said that while he was in Baltimore three members of the New York Nationals called on him and informed him that they were willing to play in the Federal league if offered inducements they liked. He promised to take them on, he said, if any of his clubs wanted men. He refused to make public their names.

The Chicago defendants in the two suits filed against the Federal league by the Philadelphia Nationals were served with summonses yesterday. Tinker was handed his notice as he was boarding a train with his team for Princeton, Ill., where the first and second teams played an exhibition game.

The papers in the suits for injunction to restrain the Federals from attempting to hire Philadelphia players and for $25,000 damages, are returnable to the May term of the district court, and counsel for the National league club stated that they would be ready to proceed at once.

ENGLISH TRACK MEN HERE FOR BIG MEET.

New York, April 16.—Arnold S. Jackson, England's great mile runner, and three other representatives of Oxford university, arrived here yesterday on the Olympic to prepare for the international relay meet under the auspices of the University of Pennsylvania at Philadelphia a week from next Saturday.

Norman S. Taber, formerly of Brown university, a Rhodes scholar at Oxford, is a member of the English team, but he arrived here some days ago. The other men who accompanied Jackson are G. M. Sproule, an Australian Rhodes scholar, D. N. Gaussen, the fourth man on the team, and G. S. Robertson, a substitute. The last named pair are Englishmen.

Jake Doubert Arrested.

New York, April 16.—"Jake" Daubert, captain and first baseman of the Brooklyn National league club, must answer to a charge of violating the Sunday baseball law in Brooklyn police court on Friday. He pleaded not guilty yesterday and furnished $500 bail for his appearance at the hearing. Daubert is part owner of a semi-professional team which played the Brooklyn National second team last Sunday.

NATIONAL LEAGUE

Pirates, 5; St. Louis, 1.

St. Louis, Mo., April 16.—The Pittsburg Nationals, by timely hitting and through errors of the St. Louis club, turned the tables on the local team yesterday and won 5 to 1. Errors and bases on balls helped the visitors, the home club making five errors behind Sallee, who passed six. In the five times he went to the plate, Gibson was passed three times, twice intentionally with two men on bases. Twice he singled, sending a runner across the plate each time. The home team scored its run on a single by Butler who took second on Wagner's poor throw to first, and two sacrifices. Officially Dolan did not bat in yesterday's game as he got two passes and a sacrifice in as many trips to the rubber.

Score:	R.	H.	E.
Pittsburg .....0 1 0 0 0 0 0 3 1—5	5	1	
St. Louis .....0 0 0 1 0 0 0 0 0—1	5	6	

Batteries—Cooper and Gibson; Hopper, Sallee and Snyder and Wingo. Umpires—Rigler and Emslie.

AMERICAN LEAGUE

White Sox, 2; Naps, 1.

Chicago, April 16.—Timely hitting by Chicago, coupled with the sensational fielding of Weaver, enabled the locals to make it two straight from Cleveland yesterday, 2 to 1. The game was a pitchers' battle between Cicotte and Steen. The locals jumped into the lead in the first inning after Weaver had singled and after taking second on an infield out, scored on a single by Collins. The visitors tied in the sixth on singles by Johnston and Jackson and a sacrifice hit by Turner and Lajoie's sacrifice fly. Quick work on Bodie's part in this inning gave the Chicagoans a double-play which prevented the visitors making more runs. Chicago came back strong in the seventh. By bunching hits by Collins and Schalk, with Bodie's sacrifice between, they put across the winning run.

Score:	R.	H.	E.
Cleveland .....0 0 0 0 0 1 0 0 0—1	7	2	
Chicago .....1 0 0 0 0 0 1 0 x—2	7	2	

Batteries—Gregg, Steen and O'Neill; Cicotte and Schalk. Umpires—Chill and Sheridan.

Red Sox, 2; Senators, 1.

Boston, Mass., April 16.—Notwithstanding extremely cold weather for baseball, Washington and Boston played a fast game yesterday, the locals winning 2 to 1. A thermometer in the grandstand registered only five degrees above freezing.

Foster who pitched for the Red Sox, was effective in every inning except the second, when the Senators bunched two hits with two errors and scored their only run.

Boston tied the score in that inning on Lewis' two-base hit and Yerkes' single. The locals won in the sixth after Engle singled, went to second on a base on balls to Lewis and scored on Gardner's hit. Score:

	R.	H.	E.
Washington ....0 1 0 0 0 0 0 0 0—1	4	0	
Boston .....0 1 0 0 0 1 0 0 x—2	6	3	

Batteries—Ayers, Shaw and Williams; Foster and Thomas. Umpires—Dineen and Connolly.

AMERICAN ASSN.

Kansas City, 5; Millers, 4.

Kansas City, Mo., April 16.—Kansas City overcame a four-run lead by consistent batting and defeated Minneapolis yesterday, 5 to 4. Mike Reagon, a recruit from the Wichita Western league, pitched for the locals and outside of one inning held the visitors scoreless. Minneapolis made all of its runs in the third inning. In that session Flene started the scoring by driving the ball through the wire in right field for a home run. Clymer and Killifer walked. Then Altizer hit one over the right field fence for a home run, scoring Clymer and Killifer in front of him. In the local half of the third Pfeffer walked, took second on a wild pitch and scored on Rath's single. Kansas City added three more in the fourth. Compton and Titus walked. Brief's single scored Compton and sent Titus to third. Wortman singled to right, scoring Titus and Brief. The final local run came in the fifth. Pfeffer walked and Rath sacrificed. Pfeffer scored on Mattick's single. Score:

	R.	H.	E.
Minneapolis ...0 0 4 0 0 0 0 0 0—4	6	0	
Kansas City ..0 0 1 3 1 0 0 0 x—5	11	0	

Batteries—Flene, Burns and Rondeau; Reagon and Moore. Umpires—Owens and Connolly.

Champions, 3; Saints, 0.

Milwaukee, Wis., April 16.—The visitors were able to get but one scratch hit off Joe Hovlik yesterday and they were shut out for the second consecutive time by the champions of the American Association, 3 to 0. Dixie Walker pitched fine ball for St. Paul until the eighth, only twenty-one men facing him in the first seven innings. With one out in the eighth, McNally fumbled Beall's grounder, giving him a life. Felch followed with a long double, scoring Beall, and Lewis drove in Felch with a triple to the score board. A squeeze play scored Lewis with the last run. The home club did not have a man left on base.

Score:	R.	H.	E.
Milwaukee .....0 0 0 0 0 0 0 0 3 x—3	3	0	
St. Paul .....0 0 0 0 0 0 0 0 0—0	1	1	

Batteries—Hovlik and Hughes; Walker and Glenn. Umpires—Westervelt and O'Brien.

Colonels, 7; Senators, 2.

Louisville, Ky., April 16.—Louisville defeated Columbus yesterday in the opening game of the season, 7 to 2. Toney allowed but five hits, while Cook was batted off the slab. The features were Stansbury's hitting and McLarry's home run. While the grounds were soggy, the game was snappy.

Score:	R.	H.	E.
Louisville .....1 1 1 1 3 0 0 0 x—7	12	3	
Columbus .....0 1 0 0 0 0 0 0 1—2	5	3	

Batteries—Toney and Severoid; Humphrey, Cook and Smith. Umpires—Murray and Johnson.

Indians, 3; Cleveland, 2.

Indianapolis, Ind., April 16.—A base on balls, Baskette's bad throw, an out and Niles' single, gave Indianapolis two runs in the ninth and a victory from Cleveland here yesterday. Cleveland had the locals beaten until the pitcher's error allowed a base runner to reach third, from where he scored with the tieing run when Livingston was out at first. Score:

	R.	H.	E.
Cleveland .....2 0 0 0 0 0 0 0 0—2	7	1	
Indianapolis ....0 0 0 0 0 0 1 0 2—3	7	0	

Batteries—Baskette and Devogt; Schardt and Livingston. Umpires—Johnstone and Irwin.

EXPERT CASTER TO GIVE EXHIBITION

W. C. Vogt Will Show Duluth Fishermen His Marvelous Skill With Rod and Line.

W. C. Vogt, holder of the casting records, will give an exhibition of his truly marvelous skill on Saturday afternoon at the foot of Fifth avenue dock.

The skill that Vogt is the undeniable master of, is the result of years of practice. This wizard of the rod and line can make a cast at a distance of 200 feet and twist the line around the foot or tail of a dog. He can knock the pipe out of a man's mouth at an equal distance. At Central park, New York, last year he made the world's longest cast, 243 feet.

Since Mr. Vogt has been in the city he has been giving some exhibitions of his amazing control over a rod and line. Those who have been privileged to witness these exhibitions have marveled at the accuracy and distance that he was able to get into his casts.

However, in the exhibition of Saturday afternoon the expert will have the advantage of giving his exhibition beside a body of water, something that he has not done since he has been in the city, for all of the exhibitions have been given on the courthouse lawn. Branches of trees will be stuck up in the water, and in addition Mr. Vogt will give an exhibition that seems quite impossible—holding two men paddling in a canoe against the expert, holding against them with an ordinary silk line.

According to Vogt he can tire out these men within ten minutes and pull them to shore. He also makes the claim that with a cotton thread line he can pull in a bass.

The exhibition will consist in casting for distance, accuracy, and fancy casting, the casts to be made from distances of fifty to 200 feet.

In addition to this those present will be shown the correct methods of arranging artificial bait, and Mr. Vogt will also explain some of the benefits to be derived in the use of this kind of bait.

As the object of the demonstration is to promote general interest in fishing, and at the same time to show that artificial bait is just as effective as live bait and cleaner, it is hoped that those at all interested in fishing will be present.

The exhibition will last about two hours, beginning at 4 o'clock.

DOG RACE NEARS END.

One Team Reaches Half-Way Point and Turns Back.

Nome, Alaska, April 16.—John Johnson, the leader in the All-Alaska sweepstakes race for $3,000, a trophy cup and the dog team championship of the world, arrived with his eighteen dogs at the half-way point, Candle, 206 miles from Nome, at 3:50 a. m. yesterday, and turned back toward Gold Run at 7:33 a. m. Scotty Allan and Fred Ayer were still at Candle when last reported.

The blizzard has abated. The wind died away and the temperature is only 18 deg. below zero. Candle is a few miles south of the Arctic circle.

HAMILTON REGRETS JUMP TO FEDERALS

Back With St. Louis Now and Says He Made Big Mistake.

St. Louis, Mo., April 16.—President Hedges of the St. Louis Americans and Earl Hamilton, pitcher, who disregarded his contract with the St. Louis Americans to sign with the Kansas City Federals, yesterday decided to return to St. Louis, arrived here today on a St. Louis & San Francisco train from Columbus, Kan.

On his arrival, Pitcher Hamilton gave out the following signed statement:

"I was under written contract to play with the Browns in 1914 and 1915. It was a big mistake for me to go to Kansas City. I did not realize how big a mistake it was until I got to thinking it over and had a talk with my father.

"Mr. Hedges has always treated me right and when I got to thinking about him and Mr. Rickey and my contract I decided to go right.

"I never felt better in my life and if Mr. Rickey will let me, I'm going to pitch my arm off for the Browns. I want to forget the last ten days and hope everybody else will."

President Hedges would make no statement.

Parsons, Kan., April 16.—Earl Hamilton, pitcher, who jumped from the St. Louis American league baseball club to the Kansas City Federals last Thursday, yesterday agreed to rejoin the St. Louis team. Hamilton reached his decision after an all-day conference with President Hedges of the St. Louis club at Hamilton's home in Oswego, Kan., near here.

President Hedges met Hamilton by appointment. Hamilton's family joined President Hedges in urging the pitcher to return to the St. Louis club. In company with his father, M. C. Hamilton, a business man of Oswego, the ball player and President Hedges drove from Oswego to Columbus, Kan., a distance of twenty miles, in a motor car to take the train for St. Louis. Hedges fearing that legal action on the part of the Kansas City Federals might deprive him of Hamilton's services, friends say, caused him to keep his mission a secret until he had Hamilton safely on his way to St. Louis.

Hamilton's father really was the big influence in his returning to the American league.

Kansas City, April 16.—George Stovall, manager of the Kansas City Federal league club, who induced Hamilton to leave the St. Louis team last week, granted Hamilton permission to go to his home in Oswego Sunday night.

Stovall said the pitcher agreed to return last night and was slated to pitch the opening game today between the Chicago and Kansas City Federals. Although Hamilton had not returned, Stovall said he would not believe Hamilton had jumped until he had definite information from the pitcher himself.

To obtain Hamilton Stovall offered a $5,000 bonus and a 3-year contract or a total of $21,000. The pitcher came here and worked out at Federal league park. He was in such good condition that Stovall decided to use him in the opening game.

Signs With Sioux City.

Sioux City, Iowa, April 16.—Joe Crisp, a catcher last year with the Oakland club of the Pacific Coast league, was signed by the Sioux City Western league club yesterday. Crisp will fill the gap in the team made by the desertion of Grover Land, who is alleged to have joined the Federal league.

Killed in Ring Fight.

Billings, Mont., April 16.—Kid Fortney of Indianapolis, who was injured here Tuesday night in a prize fight with Roy Coughill of Cody, Wyo., died yesterday. He was knocked down in the seventh round and his head struck the floor. From then until he died, he was unconscious. Coughill is being held on orders of the coroner.

Rowing Coach Engaged.

Boston, Mass., April 16.—Frank W. Smith of Cambridge, an old-time oarsman, announced that he had accepted an appointment as coach of the St. Louis Rowing club. He will report in about two weeks.

MUCH INTEREST SHOWN IN WOLGAST-TILLMAN BOUT

Fistic Fans Over the Northwest Show Genuine Excitement Over Approaching Battle Between Lightweights---White Hopes to Settle Grudge.

St. Paul, Minn., April 16.—Fistic fans of the Northwest are worked up over the bout that will be fought at Hudson, Wis., before Mike Collins' famous boxing club, between Ad Wolgast, ex-lightweight champion, and Johnny Tillman, sensational lightweight from Minneapolis, who has surprised the ring world by his rapid advancement.

The two are scheduled for a ten-round encounter on Thursday night, April 23. Both the Minneapolis and St. Paul baseball teams open their home schedules the same day and undoubtedly thousands of fans will travel in to witness the diamond conflicts in the afternoon and watch the struggle of the 133-pound boys in the evening. Besides the main go Fred Fulton, a Minneapolis policeman who has a ring of knockouts to his credit, and Raymond Carciofini, son of the boxing instructor at the Minneapolis club, will also mingle in what is scheduled as a ten-round go but which will likely be terminated before that time as both of the giants carry sleep punches.

In the semi-windup Kid Coffey, former Pittsburg featherweight but now residing in St. Paul, will exchange wallops with Billy Defoe the Red Wing, Minn., battler. Two St. Paul boys will appear in the opener.

Wolgast Is a Fighter.

Wolgast is not a boxer but he is a fighter. The ex-champion, who only lost his world's championship on a questionable foul, is fighting even more viciously than ever before. He is trying to battle himself back so as to again secure a bout with Willie Ritchie for the title.

During the past winter Wolgast has met and vanquished a host of aspiring lightweights and has also defeated some of the best including such as Charley White of Chicago, and Joe Rivers, sensational Mexican. His last big bout was with the champion himself and it went ten rounds, each of which was filled with desperate fighting.

Those who are close to Tillman declare that a surprise is going to be sprung. They are confident not only that Tillman will hold his own but that he will win if not by a knockout b ya clean, clear-cut decision of the sporting writers and the spectators.

Frank Tyrell, manager of Tillman, is an experienced fight man. He has been in the game for a score and a half of years. He has seen champions come and go, has seen titles won and lost. He openly predicts that Tillman will win and is backing up his claim with real coin.

Therefore one may be startled at the outcome of the go. However no matter what the result fight fans can be assured that there will be some great milling in the arena of the Hudson club on April 23.

McNARRY AND MORRISON LOST TO THE BOAT CLUB

McNarry and Morrison have been lost to the Duluth Boat club rowing squad. McNarry dropped from the squad because of the press of his labors, and Morrison quit yesterday because as he announced, he could not find the time.

This makes the loss of four veterans since the start of real work, Grant, Thorburn, McNarry and Morrison.

Considering the prodigious task ahead of the club this year the loss of four old men is a very serious matter. Especially is the loss of McNarry and Morrison keenly felt, as both of these men were starboard oarsmen and thus it is difficult to fill the hole caused by the loss.

"It is far better to have the boys in the game heart and soul than to have some around who are going about the work in a half-hearted way," said Jim yesterday.

"We have a real fight ahead of us. All of the crews of the country realize that they will have to be primed to defeat Duluth, and both at the Northwestern and at the National we will have our work cut out for us.

"The loss of every member of the squad makes the work just that much harder for the boys that are left. Both Morrison and McNarry are good men and I regret exceedingly to lose them—but there you are. We will have to go along with what material we have and make a great fight."

If the weather permits, and it looks as if it surely will, the members of the squad will go on the water for the first time of the 1914 season, tonight.

There will be a large bunch out and it is expected that the early arrival of spring will give the members of the squad the opportunity of getting into the swing of the work much earlier than usual, and this will prove a distinct advantage, as Jimmy Ten Eyck has a large number of green men under his instruction this season.

COURT VS. MILITIA AT TULSA TRACK

May Be Serious Consequences If Jockey Club Persists.

Tulsa, Okla., April 16.—After conferring with attorneys for several hours last night, officials of the Tulsa Jockey club announced they would ignore the orders of Frank M. Canton, state adjutant general and resume racing at the fair grounds here to-

THE GOOD JUDGE AND THE NOVICE

A nibble of "Right-Cut" has more good tobacco substance than a cheekful of the old kind.

It's *the Real Tobacco Chew.* Pure, rich, mellow, full-bodied tobacco—seasoned and sweetened just enough.

A *ready* chew—short-shred, cut fine. You don't have to grind it. Just tuck it away and let the flavor come—easy and steady.

The Real Tobacco Chew
10 Cents a Pouch

We guarantee it to be pure chewing tobacco and better than the old kind.

WEYMAN-BRUTON COMPANY
50 Union Square, New York

day. Racing was stopped by the militia yesterday.

Canton has declared that if another attempt is made to race, he will order militiamen stationed at the race track to "shoot to kill both riders and horses." Canton has declared also that he will not recognize court orders, holding that as the fair grounds, where the races are being run, are under martial law, the militia is supreme. Jockey club officials contend that the proclamation declaring martial law was unwarranted and unconstitutional.

The order issued by Judge Breckenridge was secured by officials of the Jockey club and directed the adjutant general not to interfere with the running of races. General Canton, however, held that the court was without jurisdiction in view of the fact that martial law had been proclaimed. Subsequent court orders, General Canton declared, likewise would be disregarded so long as martial law prevailed.

The troops remained on duty at the fair grounds last night. Trainers will be allowed to exercise their horses, but no spectators will be allowed to enter the grounds.

Oklahoma City, Okla., April 16.—Governor Lee Cruce stated last night that, regardless of court action, the Tulsa race course will remain under martial law until he is assured that the race meeting has been discontinued.

Travers Wins Medal.

London, April 16.—Jerome D. Travers won the Easter Gold challenge medal at the North Devon Golf club's spring meeting at Westward Ho yesterday, with a round of 74.

IMPORTANT MEETING OF LEAGUE BOOSTERS.

The meeting of the members of the organization committee of the Duluth National Amateur Baseball league, to have been held yesterday, but postponed because of the delay in the arrival of the by-laws of the national organization, will be held at 4 o'clock this afternoon at the Keiley Hardware company's store. It is of particular importance that every member of the committee be on hand. There are some matters of very great importance to be considered.

"TO SIGN OR NOT TO SIGN?" IS SOLILOQUY OF MENIECE

The Tall Batter Will Make His Decision Known Friday.

Henry Clay Blancke Has Taken Up the Study of Maeterlinck.

Samuel Sycamore Meniece is to issue a ukase tomorrow a. m.

Peerless Leader Blume and "Coll" and Doc J. A. McCuen and Sheriff Meining and Georgie Lucore will all assemble in silent mark time attitude and wait for the answer of the large cleanup clouter.

As it is whispered at headquarters, it will be known definitely ere the low descending sun of Friday sinks beneath the horizon, whether Samuel will be with us this season.

Sam's bludgeon is of extreme use to the team and the populace of the city is animated by the desire to see the tall pine in the game again.

O. Sickey and Phillips, two of the recruit outfielders at the present time cavorting on the Cleveland lots, are making extreme progress in the affections of Darby O'Brien, according to the contents of a special dispatch that headed into this office this bright and blithsome day.

The Dock declares that these men together with Friends, a pitcher, and Darington, an infielder, are showing all the hall marks of the blown in the bottle kind.

Jerry Edmunds is at the Cleveland hangout and is having his hands full putting the vast multitude of pitchers through the warming up and showing up process.

As there were some 3,108 pitchers signed at the last census, it can readily be discerned that the Edmunds one is earning all the stipend that his contract calls for.

At Fort Wayne, a peaceful and prosperous little city in the Indian literary belt, the huge Hollingsworth, a pitcher, will be taken aboard the Sox special.

Mr. Hollingsworth comes with a large and glowing tag of recommendation pinned to his breast. Since this bird has been signed Peerless Laundry Leader Blume has heard much that is good and kindly of his prowess with the deceiving pill.

The Local Gangsters.

On Wednesday of the week that is about to come into view, Monty Woods, the hero and choir leader of Bottineau, N. D., will come down. Chicken lunches are being prepared against the departure of Monteith, for those Bottineauians look forward to travel as one of the rigors of the world that must be combatted with victuals and words of kindly parting.

Gee, but it's great to live in a little town and be famous!

Hi Brackett and George Westinghouse Cunningham will also arrive here on Wednesday. With George Westinghouse Cunningham will be Westover Westholm, also of Moose Lake, who accompanies George Westinghouse Cunningham to kep him from becoming lonesome. Westholm is also a baseball player and will try for the team.

During the lapsing winter Henry Clay Blancke deserted his beloved Keats and took up the study of Maeterlinck. Word was recived here yesterday by the members of the drama league committee that Henry Clay Blancke could not possibly be here to attend the reading and explanation of some of the more obscure and ambiguous passages of the "Blue Bird."

When Mr. Blancke was first informed of the "Blue Bird" dope, he thought that it was some kind of game dinner. He has not progressed very far in the exposition of the code stuff of Maeterlinck, and therefore, is not to be seriously inveighed against for his natural conclusion.

Place Henry Clay Blancke amid the edition de luxe covers of Keats and he is right at home. Acquiring true culture is a prodigious task, and one fraught with many perilous and tortuous paths. Many of the literary sign posts are pitched in obscure spots.

You'll Have *"Joyous Feet"*

O'CONNOR BRAVEST OF CHICAGO POLICE

Man Who Arrested Webb Is Given Medal of Honor.

Chicago, April 16.—The arrest of Robert Webb, automobile bandit, who shot and killed Policeman Peter Hart, was the bravest act performed by a member of the Chicago police force in 1913, according to the decision of James Gleason, superintendent of police, Herman Schuettler, first deputy, and the civil service board. William E. O'Connor, a detective, who arrested Webb, was awarded the Harrison-Tree honor medal for 1913.

Webb created a reign of terror here a year ago. Scores of automobile robberies were blamed to him, and he shot and killed Hart when the policeman tried to arrest him in his room. Shortly after the murder O'Connor discovered Webb, arresting the bandit after chasing him several blocks while he emptied the contents of two revolvers at the detective.

CHARITIES BUSY DURING MARCH

Relief Is Given in 758 New Cases, Involving 159 Persons.

March was a busy month for the Associated Charities according to the monthly report of Miss Edna G. Meeker, secretary of the organization.

Among other things, the report shows that 78 new cases involving 159 persons were dealt with during the month, relief being extended in each instance. Of the 159 persons, 67 were men, 56 children and 37 women. During the month 459 calls were made at the office. Representatives of the Associated Charities made 105 visits to the homes of unfortunates and 109 reference calls during the month. Of the 78 cases, 41 came before the organization on personal application and 37 were referred from other societies or individuals. The report shows a substantial increase over March 1913.

Men's clothing of all kinds is in great demand and charitably inclined people who have garments of this kind to give away are requested to so notify Miss Meeker by telephone. The clothing will be called for.

MUST NEVER SHOW TORPEDO SECRETS.

Washington, April 16.—A temporary injunction granted by Judge Veeder in the United States district court of New York, restraining the E. W. Bliss company from revealing to other nations the construction of the Bliss-Leavitt torpedo used by the United States navy, has been rendered permanent. The Bliss company was about to demonstrate the operation and construction of this torpedo, which officials say the navy has developed into the finest weapon of the kind in the world, to the Whitehead Torpedo company of Fiume, Austria.

Burgoyne Relics Burn.

New York, April 16.—Relics of Gen. John Burgoyne, who fought in the Revolution, were destroyed in a fire which burned the home of his great grandson, Stephen H. Burgoyne, at Elm Point, Great Neck, yesterday. The Burgoyne family and their servants escaped from the house safely. The loss is estimated at $35,000.

Another summer house on Long Island burned yesterday was that of Mrs. P. F. Collier, widow of the publisher, at Southampton, causing a loss of $50,000.

Ayer's Sarsaparilla

Ayer's Sarsaparilla is a tonic, a regular tonic. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this.

J. C. Ayer Co., Lowell, Mass.

On October 18, 1913, was dedicated the world's most tremendous memorial—the

Leipzig Monument

Commemorating the "Battle of Nations"

where, 100 years ago, allied Europe shattered the armies of the Great Napoleon. Its colossal dome is supported by twelve gigantic warriors forty feet in height resting on their swords as guardians of the Personal Liberty of the German people. All human progress rests upon Personal Liberty—without its blessing neither nations nor individuals can develop. To Americans the Constitution of the United States forever guarantees Personal Liberty. Upon the tenets of the United States Constitution Anheuser-Busch, brewers of Budweiser, 57 years ago founded their institution. To-day their great bottled beer is sold in every state of the nation, and wherever civilized man journeys Budweiser is demanded. Its Quality, Purity, Mildness and exclusive Saazer Hop Flavor have made it the natural choice of Americans. Budweiser sales exceed any other beer by millions of bottles.

LIED TO SAVE THE GUNMEN

Carl Dresner Pleads Guilty to Charge of Perjury.

Was to Have Testified for Becker at Second Trial.

New York, April 16.—Carl Dresner, who was one of the eleventh-hour witnesses before Supreme Court Justice Goff last Saturday in the final effort of the four gunmen, slayers of Herman Rosenthal, to obtain a new trial, was arrested yesterday after confessing himself a perjurer in a signed statement to District Attorney Whitman.

Justice Goff last Saturday denounced the testimony of Dresner and three others as worthless and unreliable. The prosecutor announced he would investigate the source of the testimony. Hearing this, Dresner appeared voluntarily at Mr. Whitman's office a few hours after the prosecutor had succeeded in having May 6 tentatively fixed as the beginning of the second trial of Charles Becker, the one-time police lieutenant convicted with the four gunmen, but granted a new trial by the state court of appeals.

Pleaded Guilty.

Dresner was examined sharply by Mr. Whitman, and after signing a statement in which he admitted that he told many lies on the stand in the final effort to save the gunmen, he was arraigned before a final committing magistrate and locked up in the Tombs in default of bail for a hearing before the grand jury. In court he pleaded guilty to a charge of perjury.

In his affidavit, one of several sworn statements which prompted Justice Goff to consider the gunmen's counsel's plea for a new trial, and in testimony before the justice, Dresner told of having seen the gray murder car on the morning of the murder. He said he saw Sam Schepps on the running board. Several nights before that, he testified, he had seen Jack Rose, "Bridgie" Webber and others near another restaurant and had heard Rose urge Webber to "put it over on" Rosenthal as the gambler was leaving the restaurant. Dresner's apparent purpose was to show that others than the gunmen were Rosenthal's slayers.

Was to Testify for Becker.

District Attorney Whitman is said to regard Dresner's confession as significant in connection with Becker's coming trial. It had been reported to him that both Dresner and another of the witnesses who testified before Justice Goff Saturday were prospective witnesses for Becker.

The last of the four funerals of the executed gunmen were held yesterday when the body of "Dago Frank" Cirofici was borne to a cemetery in Winchester county.

ODD FELLOWS IN CHARGE

Funeral of W. M. Thompson Will Be Held on Friday.

The funeral of Walter M. Thompson, 45 years old, former manager of the Singer Sewing Machine company's office in Duluth, who died Tuesday morning at the Black Mountain sanitarium in North Carolina, will be held at 2 o'clock tomorrow afternoon from the Odd Fellows' hall on Lake avenue. The service will be in charge of the local lodge of Odd Fellows of which the deceased was a member, and interment will be at the Forest Hill cemetery.

The body of Mr. Thompson arrived here this noon and it was removed to the Grady & Horgan undertaking rooms. It was accompanied from Black Mountains by Miss Lillian Thompson of Minneapolis, a sister, and H. W. Thorp of Chicago, a brother-in-law.

Mr. Thompson is survived by a widow and one daughter, Barbara, who live at 109 West Third street. Last fall he gave up the local position to take charge of the Singer company's office at Portland, his family remaining here in Duluth. About a month ago Mr. Thompson was compelled to give up his work on account of ill health, and he went from Portland to the Black Mountains, where he died Tuesday morning.

$1,000,000 TO AID THE POOR AND SICK.

Chicago, April 16.—A gift of $1,000,000 from James Deering to Wesley hospital is announced here. The gift is in the form of an endowment and is to be used in establishing clinics to furnish medical aid to the poor, it was said. The new free clinics will be at Wesley hospital in Chicago.

Mr. Deering stipulated that the income from the gift should be used exclusively in the care of charity patients. Wesley hospital was founded by William Deering, father of James Deering. The name of the hospital will be changed to Wesley memorial hospital.

A heel that stays level till you are thru with it—because you can change it yourself from heel to heel. Guaranteed not to work loose.

Heimbach's Double-Wear Rubber Heel

QUEZON URGES INDEPENDENCE

Talks of Philippines and Praises Policy of President Wilson.

Cleveland, Ohio, April 16.—Independence of the Philippines was strongly advocated by Manuel L. Quezon one of the Philippine commissioners at Washington in an address last night before the Cleveland Chamber of Commerce.

"The duty of the United States to the Philippines is plain," said Mr. Quezon. "Congress should enact a law giving the Filipinos their independence. The reasons are these: This country has promised, both expressly and by implication, to withdraw its sovereignty from the Philippine islands."

Referring to the time when independence should take effect, Mr. Quezon said:

"The question of time is all important. Those who promise an independence to be granted when you and I and our sons and grandsons are all dead and buried, are either insincere and too shrewd to disclose to the American people the real purpose which underlies their protestations, or if they are honest, they have been fooled. What would that promise amount to, when you who make it shall not redeem it, and we to whom promise is made shall not live to see it realized? Can you, by your pledge, bind generations yet unborn?"

As to Capacity.

As to Filipino capacity for independence, Mr. Quezon said:

"The argument of Filipino incapacity for self-government is hypocritical. It is the veil with which the American office-holder covers his desire to keep his place. It is the ambush behind which lurk the company which monopolized our hemp and the sugar interests which have already acquired lands, in defiance of an act of congress, and are ready to get more if given time and opportunity."

Concerning the present administration policy toward the islands Mr. Quezon said:

"President Wilson has adopted a policy whereby the question can be settled in the only practical way. After reaffirming the oft-avowed policy that independence is the goal toward which you would move as rapidly as the safety and permanent interests of the people of the Philippines would permit, the president has appointed a majority of Filipinos in the upper house, thus giving us the control of both branches of our legislature, so that we may fully show our legislative capacity."

MAHONEY IS NOT GUILTY OF FRAUD.

Chicago, April 16.—Bernard J. Mahoney, assistant state's attorney, was found not guilty of marking ballots illegally for Maclay Hoyne, state's attorney, in the election of Nov. 5, 1912. The jury returned its verdict after five hours. In the first trial of the case, which ended several weeks ago, the jury disagreed after twenty hours' deliberation.

John E. Northup, special state's attorney, sought to prove that eight ballots had been marked with crosses before the name of Hoyne in an indelible pencil, while the party circle markings were with an ordinary pencil. Mahoney was a committeeman in the precinct.

The Mahoney case was the third of a series of vote fraud trials as a result of an investigation by a special grand jury. In the first, two of four defendants were convicted. In the second case five defendants were found not guilty.

For affections of the throat, chest or lungs, bronchitis, pleurisy, aches in back and joints, rheumatism, sciatica, lumbago, and kindred ailments

There Is Nothing Better Than

GOOS-OLENE

The old remedy of our grandmothers put up in the new way. GOOS-OLENE is an ointment composed of old-fashioned home remedies such as Goose Oil, Mustard, Amber Oil, Turpentine, Eucalyptus and Camphor, combined with other potent modern discoveries in drugs.

At all Druggists, 25 and 50 cents, or mailed on receipt of price by the GOOS-OLENE COMPANY, Superior, Wis. TAKE NO SUBSTITUTE.

NEWS OF THE NORTHWEST

ARE FLOCKING TO MINNESOTA

Northern Part of the State Never Received So Many Settlers.

Large Number Come From Iowa, Locating North of Brainerd.

Brainerd, Minn., April 16.—(Special to The Herald.)—Northern Minnesota today is witnessing one of the greatest eras of settlement that this section has ever experienced. Settlers from Iowa and other states are arriving daily and bringing with them carloads of household goods, farm implements, stock, etc. This movement differs decidedly from others where men surveyed Minnesota, looked at land from car windows and content with long range observation returned home and went somewhere else.

Settlers Well Equipped.

The people coming to Northern Minnesota these days mean business. They are equipped with the supplies and talent to turn Minnesota soil into dollars. From April 1 to 6 the Northern Pacific and Minnesota & International railways moved cars of stock and emigrants' movables of settlers from Myrtle, Warville, Wyoming, Dayton and Cherry, Iowa, to points on the Minnesota & International such as Hines, Kelliher, Backus, Guthrie and Pine River.

TODD COUNTY OLD RESIDENT CALLED

Lincoln Admirer Dies on Anniversary of Emancipator's Death.

Staples, Minn., April 16.—(Special to The Herald.)—Thomas Milton Avery, one of the oldest pioneers of Todd county, died suddenly at 9 a. m. yesterday at the home of his daughter, Mrs. Bessie Berryman. Mr. Avery was born at Willshire, Ohio, March 17, 1850. He was the father of nine children of whom there survive Mrs. Bessie Berryman, Mrs. Lulu Stolhanske, Mrs. Mary Bodle, and Miss Violet Avery, all of Staples.

The deceased was a devout Methodist, a kind and affectionate father, husband and citizen, beloved by all who knew him. He has been an industrious and diligent provider, being manager of the Petit Potato and Grain elevator of this place, and his employers laud his sterling qualities. Mr. Avery has always been an ardent admirer of Lincoln, who died on the same date and hour. The funeral will be held Friday from the Methodist church.

TWO BRAINERD MEN WHO HAVE FILED FOR OFFICE

A. M. OPSAHL
Seeks Fifty-third Senatorial District

CLAUS A. THEORIN,
Deputy Sheriff, Who Would Be Sheriff.

FAVOR JUDGE WATTS FOR SUPREME BENCH

Polk County Lawyers Urge Crookston Jurist to Run.

Crookston, Minn., April 16.—(Special to The Herald.)—Last evening at a largely attended meeting of the Polk County Bar association in this city, after a short discussion, it was unanimously agreed to appoint a committee to wait upon Judge William Watts and ask his consent to indorse him as a candidate for the supreme court to succeed Judge George L. Bunn of the Minnesota supreme court. Judge Watts would not state what his attitude would be until after he has conferred with the committee.

Judge Watts has been on the bench of the Fourteenth judicial district for twenty years, and prior to that practiced law in Crookston since the pioneer days.

Never Had Opposition.

He has never had any opposition, and stands high as a trial judge, whose integrity and ability have never been questioned.

Some years ago the work was found too heavy for one judge, since which this time Judge Andrew Grindeland has served, having been re-elected several times. Judge Grindeland resides at Warren. Should Judge Watts decide to run for the supreme court there will be a number of candidates for the judgeship here. Among those prominently mentioned are W. E. Rowe and A. A. Miller of Crookston.

DIES AFTER BEING CARRIED LONG WAY

Carp, Minn., Settler Expires After Being Brought to Baudette Hospital.

Baudette, Minn., April 16.—(Special to The Herald.)—The remains of Andrew Forsell of Carp who died Sunday before an operation could be performed for appendicitis are still unclaimed at the undertaking rooms here. Mr. Forsell was carried twenty miles by eight of his friends to the hospital but the ordeal was too much. He was single and lived on a claim at Carp, a small settlement near here.

LOSES HIS LIFE ON MERCY ERRAND

Miner Falls Down Mine Shaft While Helping Companion.

Negaunee, Mich., April 16.—While riding to the surface of the Rolling Mill mine near here in a cage Tuesday bringing August Williams, his mining partner, above ground to be treated for an injured hand, Alfred Temby fell from the cage and down the shaft to his death. Whether Temby was seized with a fainting spell or whether he was attacked with heart trouble is not known, but in any event he fell from the cage and plunged 150 feet into the shaft. Temby was about 30 and leaves a wife and one child. He had been employed at the mine for four or five years.

FULL SECTION ENTRY.

Stockmen May Be Allowed to Take Up Big Bad Land Claims.

Dickinson, N. D., April 16.—(Special to The Herald.)—A full section stock-raisers' homesteads may soon be possible in the Bad Lands in the western part of the state. There are 760 sections of land in that part of the state upon which the amount of arable land is not sufficient to attract even those who could make a 320-acre entry. By allowing a 640-acre entry, not requiring any cultivation of the soil, but requiring the homesteader to make his actual residence on the land, it is thought it would quickly be taken up by stock-raisers. The recommendation was recently made by the public lands committee of the lower branch of congress. The idea has the approval of Register Quinlivan and Receiver McClure of this office. Under the proposed plan each homesteader must make improvements amounting to $1.25 an acre before final proof can be made. This can be in the way of buildings and fences. There will be same arable land on each quarter which the homesteader can fence and cultivate, and use the rest for grazing purposes.

SOLD STATE PROPERTY.

Former Wisconsin Superintendent of State Property Goes to Penitentiary.

Madison, Wis., April 16.—William L. Essmann, former state superintendent of public property, pleaded guilty to embezzlement yesterday afternoon. His attorney, Lester C. Manson, made a plea for leniency before the pronouncement of sentence.

Essmann was sentenced to fifteen months at Waupan. He was taken to prison this morning. The specific charge on which he was sentenced was the embezzlement of $478 in the form of two checks paid him by Sinaiko Bros. of Madison for waste paper sold them by the state while he was superintendent.

PATENTS ARRIVING.

Deeds to Marshall and Beltrami County Lands Reach Crookston.

Crookston, Minn., April 16.—Thirty-seven patents were received by the local land office Tuesday after the general land office in Washington had held the matter up since the early part of last summer when 100,000 acres of land in the counties of Marshall and Beltrami were sold in a public auction under the Volstead act.

Many more patents to the land brought by the purchaser will be forthcoming from day to day and the men and women buying the land will be sent their rights to the land as soon as they arrive.

EMIGRANT ROBBED.

Claims to Have Lost $260 Between Williston and Minot.

Minot, N. D., April 16.—Lee Jahnki, a Bohemian emigrant on his way from Lawton, N. D., west, was robbed of $260 cash while on a Great Northern train between here and Williston he asserts.

Jahnki alleges that he was riding in an emigrant car and that when near Berthold two white men and a colored man started a conversation with him. The men left the car at Roach and immediately thereafter, Jahnki asserts that he discovered his pocket had been cut out and his roll taken. Upon arriving at Williston the case was reported to the police and the officials immediately notified Great Northern detectives and the authorities at Minot, who are now working on the case.

BOY INSTANTLY KILLED.

Youth Run Down By Copper Country Car.

Calumet, Mich., April 16.—Herbert Yates, the 6-year-old son of Thomas Yates of Allouez, was instantly killed Tuesday by being struck by a street car, while the car was rounding the curve at the Allouez store. The boy ran in front of the car and was knocked down, death it is believed, being almost instantaneous.

The Yates boy, with a number of other boys was watching some men pumping water from the basement of the Peterman store. The motorman immediately on the boy being hit threw on the emergency brakes, stopping the car within fifteen feet.

NEW ENGLANDERS TO HAVE BANQUET.

Fargo, N. D., April 16.—(Special to The Herald.)—The members of the New England society will hold their annual banquet and entertainment this evening. The banquet will be typical of the New England states. The program will include some addresses and vocal and instrumental music, and will conclude with a New England playlet. There is a large membership of former New Englanders in the organization.

GIRL HOMESTEADER MAKES COMPLAINT.

Schafer, N. D., April 16.—(Special to The Herald.)—Charged with criminal assault, N. C. Hanson was placed in the county jail. The complaining witness is a girl homesteader near Senechal, and considerable indignation has been created over the stories current concerning the alleged assault.

LUCE COUNTY TO IMPROVE ITS ROADS.

Newberry, Mich., April 16.—(Special to The Herald.)—One hundred thousand dollars is to be expended in constructing roads in Luce county the next two years. An issue of bonds for that amount, recently authorized by vote of the people, has been sold to John F. McLean & Co. of Detroit. The bonds bear 5 per cent interest and are to be retired in installments, the first in 1917 and the last thirteen years from date of issue.

Strong for Special Session.

Madison, Wis., April 16.—Attorney General Owen has received replies from 464 towns favoring a special session of the legislature. Reports against the special session were received from 188 towns and in 69 no action was taken.

MINNESOTA BRIEFS

Moorhead—At the annual meeting of St. John's parish officers for the ensuing year were elected as follows: B. F. Mackall, senior warden; Edwin Adams, junior warden. The vestry is as follows: W. H. Davy, Oscar Rustad, M. M. Fulton, James M. Witherow and H. E. Roberts.

Bemidji—Judge C. W. Stanton left Tuesday morning for Walker to preside at the April term of court for Cass county.

Brainerd—Eli Marian of Oreland and lately a resident of Barrows, was in municipal court Monday afternoon charged with carnally abusing his step-daughter, Annie Raper, aged 15. Marian waived examination and was bound over to the grand jury.

Crookston—The state board of pardons denied the application of Margaret Dufour for a pardon. She was convicted in Crookston about three months ago of conducting a disorderly house and sentenced to a term of six months in the Polk county jail.

Baudette—John Hagen of Hackette, who is a patient in the Northern Minnesota hospital, is having his share of tough luck these days. He recently had his hand gashed and blood poisoning set in. Yesterday a horse broke a bone in his other hand, and now he has the use of neither of them.

Crookston—The condemnation board consisting of L. Ellington, David Huggard and James Stephens has deferred action because of the absence of the latter member. This board was chosen by the attorneys of the Red River Farm & Land company and the farmers residing east of the new dam whose lands the land company wishes to condemn because of the back water which will result when the dam is put into action.

Stillwater—George Callopy has commenced suit in the district court against the Modern Brotherhood of America, alleging $1,000 damages. He says that he was working at the Atwood B sawmill Oct. 5, 1906, when a piece of timber struck him and caused permanent injury to his right arm, head and body.

Hastings—Jacob Dietzen, aged 79, died April 14 at his home here after several months of illness with heart trouble. Surviving Mr. Dietzen are his widow and two sons, John Dietzen and Andrew Dietzen of Stillwater, and two daughters, Mrs. Wray of Minneapolis, and Mrs. Styles of St. Paul. Mrs. Henry V. Rice of Stillwater is a niece of the deceased.

Little Falls—A four weeks' summer school will be held here at the high school building next summer, from June 29 to July 24. The summer school is under the supervision of County Supt. M. E. Barnes, and is for the purpose of instructing teachers.

DAKOTA BRIEFS

Bismarck, N. D.—For the fourth time this year the I. M. Capper store at Baldwin, near here, was robbed Sunday night. The burglars got $300 cash and other booty valued at $200. The postoffice, situated in the store, was robbed of $100 worth of stamps.

Mott, N. D.—M. J. Lintch, arrested here by Sheriff Blexrud of Fillmore county, Minn., and wanted there to answer a felony charge brought a year ago, will resist extradition.

Jamestown, N. D.—Spring farming operations opened with Easter Monday. With a bright sun, no wind, and plenty of heat from the air, the ground dried out quickly and plowing, dragging and seeding began at once generally in the southern and eastern half of the county.

Fargo, N. D.—The work of the Associated Charities, under Miss Hazel, visiting nurse, has been very active during the winter just past. Miss Hazel says that there have been many calls for work from men and women who were destitute.

Grand Forks, N. D. — Mayor-elect James A. Dinnie of Grand Forks will be inducted into office April 21.

Mandan, N. D.—Charles Schaus, Jr., sustained a gash seven inches long across the top and back of his head when a team he was unhitching ran away. He received attention at Mandan hospital.

Bismarck, N. D.—The "Blue Bird," which has been booked by Manager Vesperman for the Auditorium on April 20, has canceled its contract for its appearance here. The date was canceled because this company found it would be unable to make connections in reaching Bismarck for that date.

Bismarck, N. D.—The exhibit of pictures sent out by the United States forest service has been shipped and will be here in a few days. It has been in use in the public library at Fort Collins, Colo., and comes from there here.

Grand Forks, N. D.—A large number of Minot Elks will come here April 24 and 25 to attend the minstrel show to be given on those dates by the local lodge.

Minot, N. D.—Fred Olson, arrested here Saturday night, was turned over to the sheriff of Benson county. Olson is wanted at Minneawaukon on a charge of grain stealing.

PENINSULA BRIEFS

Hancock —George Carroll of Dollar Bay has been apointed by Mark T. McKee as district manager of the Yeomen. Mr. McKee one of the officers of the American Yeomen organization of Detroit and addressed the members of the local district in a joint session in this city on Saturday evening.

Houghton — Jerry Dowd, alias S. H. Wood, a former resident of Marquette, and who also lived in Houghton for a short time, was taken to Marquette Sunday to the branch prison, to which he has been sentenced to serve fourteen years for passing a forged check for $35 in Iron county. Dowd received his sentence in Grand Rapids last week.

Hancock — At the annual meeting of Trinity church four of the vestrymen whose terms expired this year were re-elected. These are: Dr. L. L. Hubbard, George Edwards, John C. Condon and C. H. DeGraff.

Calumet — The last meeting of the year of the Copper Country Ministerial association will be held in the Y. M. C. A. lecture rooms Monday afternoon at 2:30.

Hancock —News has been received in this city of the death of Mrs. Joseph McGrath in Hamilton, Ont. Mrs. McGrath was formerly a resident of Hancock and some time ago moved to Hamilton to locate. She is survived by her husband, formerly chief teamster of the Hancock fire department, and one daughter.

Calumet — At the annual meeting of Christ Episcopal church the following vestrymen were elected: George Unsworth, Joseph Biscombe, John Chynoweth, Samuel Eva, Thomas Allen, A. C. Messner, William Howes, Joseph Ferrong, Fred Carpenter and Henry Yates.

Ironwood—The much talked of farm expert for Gogebic county will probably soon be secured as a committee was appointed at a joint meeting of the Commercial clubs of Ironwood, Bessemer and Wakefield in this city to take the matter up.

Ishpeming — Thirty-three liquor licenses were referred to the bonds and auxeties committee by the council at its meeting Monday night. Other business was purely routine.

Negaunee—Harold Williams has left for San Francisco, Cal., to resume his work for the L. E. Meyers company. The Meyers company owns the Marquette County Gas & Electric company and has a large contract at San Francisco for the building of a number of the exhibition buildings for the Pan-American exposition.

Ishpeming—Thomas F. Francis, a resident of Ishpeming for nearly forty years and a miner in the Lake Superior region for thirty-seven years, has announced his candidacy for the office of representative from the second district of Marquette county, which office is now held by D. T. Morgan.

Marquette—Bernard Lerch, aged 15, son of Mrs. Michael Salke died April 14 at the home of his mother. He had been ill but a few days. He was employed at the South Shore railroad shops. Besides his mother, he is survived by a brother, Carl, and a sister, Gertrude.

Houghton—Manager West of the Houghton County Gas company appeared before the council asking for an extension of ten years on the existing gas franchise, which has twenty years yet to run. He explained that the company wants to sell bonds to make improvements and that they will not readily be saleable unless backed by a thirty-year franchise. The council voted not to grant the request.

WISCONSIN BRIEFS

Ashland—Mrs. Fred Peterson, age 72 years and a resident of this city for the past forty-two years, died April 14 after undergoing an operation for cancer of the kidneys. Besides her husband, a daughter, Emelia, two brothers in Sweden and one in Kansas survive.

Janesville—The town of Porter has a troublesome election problem. Charles Hoag was a candidate for town clerk against Benjamin Towne and defeated him for the office. He was also candidate for justice of the peace, and now does not know which place he will accept.

La Crosse—Blood poisoning caused from a slight scratch on his leg by a rusty nail two weeks ago caused the death in a hospital here of Otto Bernhard Heck, 11 years old, son of Mr. and Mrs. John Heck of Viroqua.

Fond du Lac—George Wanninger, 40, a member of Brewery Workers' Union No. 9, Milwaukee, committed suicide in Lake Winnebago, near North Fond du Lac, April 13. He stabbed himself in the throat, waded out into the lake, and held his head under water until he became unconscious.

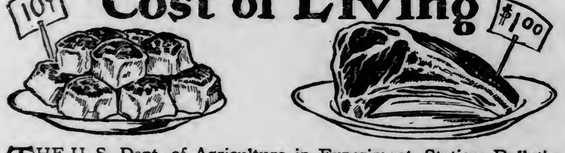

Milwaukee — Detective William J. Burns has been called upon to solve the mystery of the disappearance of Louis Patmont, Milwaukee temperance lecturer, who dropped from sight at Westville, Ill., March 29, while working in the interests of the "dry" faction. Detective Burns will take the case at the request of the Rev. J. E. Bickel, pastor of the First Church of Christ at Danville, Ill.

Madison—An ordinance will be introduced in the common council to reduce the number of saloons from ninety-four to thirty. The move is believed to have been inspired by the big vote cast by the "drys" last week.

La Crosse—C. C. Hamilton, clerk of the La Crosse county circuit court, former city tax assessor, Civil war veteran and a resident of La Crosse for the last thirty-three years, is at death's door at the St. Francis hospital, the result of septic infection believed to have been caused by rubbing the eyes with a handkerchief.

Merrill—The Northwestern presbytery is in session here this week with about forty-five delegates in attendance. C. L. Nisbet, in charge of the local church, will be ordained at this session.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is ***double acting*** and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws ***and to please.*** We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

56

A Hint for Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons.

It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly. It is used very successfully to prevent caking of breasts.

"Mother's Friend" has been prepared in the laboratory of Bradfield Regulator Co., 304 Lamar Blg., Atlanta, Ga., for more than two generations and can be had of almost any druggist from coast to coast.

Write to-day for the little book.

West Duluth Library Site Also Went at Tax Sale.

May Be Recovered---Commissioners Will Check All Holdings.

Not only did Charles Downer purchase the lot at 1928 West Michigan street, bought as a site for a West end police station, for non-payment of taxes, but he also bid in the six lots of the West Duluth library site, Central avenue and Elinor street, at a tax sale.

The county issued a deed to Downer last November for the property on Michigan street, the legal time for redemption having expired. Mayor Prince said that this is not the case with the library lots and that the city will not lose them. He also said that the city will likely recover the West end lot. It is explained that the property was offered for sale because the city did not file the deeds with the county or make application to have the property listed for exemption from taxation.

The disclosures relative to these properties will result in a thorough check upon all holdings of the city to determine whether or not any other realty is in jeopardy. Lack of responsibility is responsible for the sale of the Michigan street and Central avenue lots. To remedy this the council last week passed a resolution introduced by Finance Commissioner Fred J. Voss, making it the duty of the auditor to record all deeds and documents with the proper officials.

RIIS LECTURE IS CANCELLED

Duluthians who have been looking forward to the coming lecture of Jacob Riis of New York in this city next week are doomed to disappointment. Advices received from the noted lecturer and writer today are to the effect that Mr. Riis will be obliged to cancel his Duluth engagement owing to illness. Mr. Riis was booked to appear in Duluth next Tuesday under the direction of the Affiliated College clubs in a lecture at the First M. E. church.

WILL REPAIR THE CITY INCINERATOR

The city will begin at once to make repairs to the incinerator at the foot of Thirteenth avenue west. The estimated cost of the work is $600 to $700.

The plans originally drawn by the engineer of the plant will be followed, as the recommendations of the representative of the company which built the plant, who examined it recently, call for too heavy an expenditure.

The furnaces will be relined and other changes made. It is not thought that it will be necessary to close the plant for more than a short time, if at all.

EIGHTIETH BIRTHDAY.

Relations of N. B. Merritt Give a Luncheon in His Honor.

Sons and other male relatives of Napoleon B. Merritt, one of Duluth's oldest residents, this noon gave him a luncheon at the Commercial club in honor of his eightieth birth anniversary. Fifteen sat at the table in the red room of the club, and showered their venerable relative with expressions and tokens of affection. Many telegrams of congratulation and best wishes were received from relatives at distant points who were unable to be present. A huge birthday cake was cut by Mr. Merritt and most of the afternoon was given over to enjoyment.

Mr. Merritt came to Duluth in 1856 and has taken an active interest in the development of Duluth and this part of the country almost ever since.

Itching Stops Instantly!

One Application of ZEMO Stops This Unbearable Torture and Makes Life Worth Living.

Get a 25c Bottle Today and Prove It.

It doesn't take any longer to apply ZEMO than it does to scratch and rub those awful itching places, but it does more good. ZEMO puts an instant end to the itching, leaving the skin cool and comfortable, while scratching just makes it worse, and ZEMO conquers the cause of the itching at the same time.

Words Can Never Describe the Blessed Relief ZEMO Gave Me From Those Unsightly Itching Spots.

This remarkable skin remedy acts almost like magic. It quickly allays the irritation that causes itching, whether this is germ activity or clogged pores and blood vessels, and when used regularly produces really wonderful and permanent results.

Try ZEMO! Prove it for yourself. Buy a 25c bottle today and stop your torture at once.

ZEMO is sold and guaranteed by druggists everywhere, and in Duluth by Wirth's drug store, 13 West Superior street.

WHOOPING COUGH
SPASMODIC CROUP ASTHMA COUGHS
BRONCHITIS CATARRH COLDS

Vapo-Cresolene.

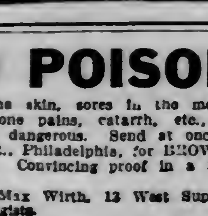

ESTABLISHED 1879

A simple, safe and effective treatment for bronchial troubles, avoiding drugs. Vaporized Cresolene stops the paroxysms of Whooping Cough and relieves Spasmodic Croup at once. It is a *boon* to sufferers from Asthma. The air carrying the antiseptic vapor, inspired with every breath, makes breathing easy; soothes the sore throat and stops the cough, assuring restful nights. It is invaluable to mothers with young children.

Send us postal for descriptive booklet.

ALL DRUGGISTS

Try Cresolene Antiseptic Throat Tablets for the irritated throat. They are simple, effective and antiseptic. Of your druggist or from us, 10c in stamps.

VAPO CRESOLENE CO.

BLOOD POISON

Pimples, spots on the skin, sores in the mouth, ulcers, falling hair, bone pains, catarrh, etc., are symptoms. Delays are dangerous. Send at once to Dr. Brown, 935 Arch St., Philadelphia, for BROWN'S BLOOD TREATMENT. Convincing proof in a $2.00 bottle—lasts a month.

Sold in Duluth by Max Wirth, 13 West Superior street, and by all druggists.

ENTIRE WEEK FOR CITY CLEAN-UP

Dr. Webster Plans to Use the Broom Some Time in May.

Dr. H. E. Webster, director of public health, will announce a general city cleaning day as part of the health department's program for May. A week in the latter part of the month will probably be selected, but no dates have been determined.

The health director said that it is unlikely that any additional inspectors will be added to the force to enforce cleaning regulations. He stated that he believes that the people generally appreciate the importance of having their premises in good condition, not only for aesthetic reasons but because they realize that it is excellent health insurance.

The regular inspectors will make a general survey of the city in connection with their daily duties and while answering the numerous complaints of insanitary conditions which come into the department every spring.

Complete line office supplies. Phones 114

New Investment Company.
Articles of incorporation were filed with Register of Deeds Calligan yesterday by the Rutland Investment company, a new concern which will engage in a general investment business with headquarters in Duluth. The capital stock of the company is $50,000, divided into 50,000 shares. The incorporators and directors are: F. A. Noreen, L. U. Young and Gertrude Palmquist.

Fine Pictures and Frames.
Decker's, cor 2nd Ave. W. & First St.

Socialist Lecture.
Prof. John D. Ohsol will deliver a lecture at 310½ West First street this evening on the subject: "The Difference Between Socialists and Reformers." The series began the first part of this year and the last lecture will take place next Thursday evening. The meeting tonight will be open to the public.

Will Burn Mortgage.
Rev. J. A. McGaughey, pastor of the Second Presbyterian church, went to Two Harbors today to attend the meeting tonight of the congregation of the First Presbyterian church there. The leading feature of this meeting will be the burning of the mortgage against the church, which was built some years ago while Mr. McGaughey was pastor there. The present pastor is Rev. W. K. Sherwin.

Northland Printery.
Good printing. Call Zenith 494. Adv.

Fined for Fighting.
For fighting on the street last evening, John Smith, 31, and Thomas Kegan, 44, were arrested by Patrolman Le Beau and Ricketts on a charge of drunkenness and disorderly conduct. They pleaded guilty in police court this morning and were each fined $40 and costs or thirty days on the work farm.

Denies Cruelty Charge.
Sam Widdes, 44 years old, of 1514 West Superior street, who was arrested yesterday afternoon on a charge of cruelty to animals, preferred against him by Humane Agent McKercher, pleaded not guilty when arraigned in police court this morning. His trial was set for 2 o'clock next Monday afternoon, he being allowed to go on payment of $100 bail. It is claimed that Widdes threw snuff in the eyes of a cow, when the animal laid down on the street and refused to get up.

Disorderly at Dance.
For creating a disturbance at a dance in the Auditorium last evening, William H. Warner, 24 years old, this morning paid a fine of $5 and costs to avoid spending five days in the county jail. He was arrested by Patrolman Perry on a charge of disorderly conduct and he pleaded guilty when brought in police court this morning.

Little Boy Was Lost.
After being lost for about two hours yesterday afternoon, Wayne Hilton, 3 years old, was found in the Smith & Smith drug store about 6 o'clock. He was taken to his home at 1301 East Sixth street.

Annoyed Wedding Party.
A large number of children gathered in front of the Hibbing residence, 1830 East Superior street, last evening, when Miss Marie Hibbing was married to Dr. Hermann Koller of Minneapolis, and annoyed the members of the wedding party. The police were notified and Patrolman Westerlund was sent out to disperse the children and keep them away from the house.

Out Again; In Again.
Upon completing a sixty-day sentence on the work farm yesterday afternoon on a charge of petit larceny, Robert P. Wirta, alias Robert Salo, was arrested by Sheriff McKinnon of Carlton county on a charge of grand larceny. Wirta, who was taken to Carlton last evening, is accused of hving robbed August Maki, a homesteader, of $175 on Feb. 2 last.

Arrested Again.
Patrick and Elizabeth Fox, well known police characters, were arrested last night on a charge of drunkenness. The latter, who is an Indian, pleaded guilty this morning to having been drunk a third time and she was given a straight sentence of sixty days in the county jail. Fox pleaded not guilty and his trial was set for 2 o'clock this afternoon.

Lecture to Architects.
Duluth architects, builders and engineers have been invited to attend a lecture which will be given Monday evening evening at the Commercial club by R. A. Plumb of Detroit on "Waterproofing and Dampproofing of Structural Concrete." Mr. Plumb is an expert on the subject of concrete and his address is expected to be an interesting one to construction men. The lecture will be illustrated by stereopticon views.

Temple Services.
There will be a special Passover service at Temple Emanuel, Seventh avenue east and Second street, tomorrow evening. Rabbi Maurice Lefkovits will preach on "An Easter Vision." A special program of music will be rendered during the evening. The service tomorrow brings to a close the observance of Passover or Pesach this year.

Capt. Pressnell Ill.
Capt. Thomas H. Pressnell, deputy clerk of the United States court, who was taken ill with a cold Monday afternoon while at work in his office, is still confined to his bed at his home, 3 Munger terrace. Capt. Pressnell is suffering from a severe bronchial attack.

Fined For Accosting Girl.
Nick Ricovich, who pleaded guilty in police court yesterday morning to a charge of disorderly conduct preferred against him because he attempted to induce an immigrant girl at the Soo station to leave with him, was yesterday afternoon fined $10 and costs or ten days in the county jail.

Circle to Meet.
The Missionary Circle of Endion M. E. church will meet at Deaconess' home, 405 East Third street, Friday afternoon.

PERSONAL

Clarence T. Mears, a member of the Duluth Board of Trade, has been called to Ipswich, S. D., by the death of a relative.

L. S. Bergin of Stevens Point is in the city, registered at the Spalding.

S. J. Turnliff of New York is at the Spalding.

W. D. Coleman of Chicago is stopping at the Spalding for the day.

Mack Cook is visiting friends and relatives in the city.

Nels Flodin of Marquette is in the city today.

George Nagle of Milwaukee is registered at the McKay.

George Fleming of Virginia is at the McKay.

George Wilson of Gilbert is registered at the St. Louis.

A. S. Greene of St. Paul is registered at the Holland.

Andy Thompson of St. Paul is stopping at the Holland.

H. J. Smith of Gilbert is at the Holland.

Capt. John Monahan and M. F. Chalk, inspectors of hulls in the Duluth-Superior harbor, will leave this evening for Port Arthur, where they will remain until the end of the week.

TALKS TO BUSINESS MEN ABOUT HEALTH

Two hundred and fifty men heard Dr. Barker last night at the Y. M. C. A. gymnasium, when he gave a most interesting address on "Social Purity," and the way he handled the subject made a deep impression on his auditors. He did not ignore the moral side of the question, but laid the emphasis of his address on the physical and mental results of youthful indulgence, which, he said, are all too common. Dr. Barker is meeting with great success by the sane and fearless manner in which he is handling these questions of health, and he is meeting with many men who seek private advice from him.

This evening, at the Y. M. C. A., Dr. Barker will speak to business and professional men especially, on "How a Busy Man Can Be Well All the Year Around." He will illustrate and demonstrate the means by which the best results can be attained.

Superior

ASPHYXIATED IN WELL.

Workman Succumbs Before He Can Be Drawn Out.

Erick Erickson of Wentworth died from the results of gas fumes in a deep well which he was assisting a crew of men to dig yesterday morning. Several of the men on the job had been complaining of gas fumes in the well and this necessitated the work being done in short shifts. When Erickson descended to relieve one of the men he gave instructions to be pulled up as soon as he gave the signal. He had been in the well but two minutes when the signal was given. The men pulled him out, but when he got to the surface he was unconscious and died before medical assistance could be secured. Erickson leaves a wife and family.

PREFERS PRISON TO WIFE'S COMPANY

"I would rather go to state's prison than live with that woman," is what L. Brown told Judge Parker yesterday afternoon when he was arraigned for wife desertion.

Brown left his wife at Westcott, Wis., ten months ago, and since then has been wandering about the country. He is said to have deserted his wife after living with her two months. Brown is 60 years old and his wife 70. Brown was bound over to the superior court.

Faces Two Charges.

Jim Buydos was arrested yesterday for carrying concealed weapons and later an additional charge of threatening to kill was placed against him. It is alleged that he has carried enmity against a laborer on the docks, whom he fought a battle with last summer. This, it is said, was the cause of Buydos being ordered out of the city. Buydos was bound over for a hearing to be held Monday.

Held as Car Looters.

Special officers of railroads arrested five men yesterday on charges of looting freight cars. Joe Holski and Frank Sams were arrested on a charge of stealing shoes from an Omaha car, and Teddy Van Dyke, Charles Stevens, and Julius Butchart were arrested for breaking into Great Northern cars. The men will be given a hearing Saturday.

Ask for Improvements.

The chamber of commerce of the East end adopted resolutions last evening calling upon the city commission for several street improvements in the East end. Among the thoroughfares that they want paved this year are Third, Fourth, Sixth and Seventh streets from Stinson to St. John avenues, and Fifth street from L avenue to Nettleton. They also want Robertson avenue improved.

CITY MAY BUY GAS EQUIPMENT

Commissioner Merritt in Conference With Lighting Company Officials.

Leonidas Merritt, head of the division of public utilities, has been in consultation with a representative of the Welsbach Street Lighting company relative to the city purchasing the company's gas lighting equipment in Duluth. No agreement was reached but the company will shortly submit a written proposition to the city.

A recent inventory showed that the gas standards and equipment would cost about $3,200 to install and the officials were of the opinion that they could be bought for a considerably lower figure. They believe that a saving could be made in the city's lighting bill if the gas lighting was done directly by the city, not only because of a less cost of the gas illumination but through installing more gas lamps and reducing the number of electric arcs.

One arc light costs as much as three gas lamps and in many localities it is thought that they would be more satisfactory.

IS SECOND TO ESCAPE.

Anton Kolhi Makes Getaway From County and City Farm.

For the second time since the joint city and county work farm was established on Jan. 1, last, a prisoner escaped this morning. Supt. Ward telephoned police headquarters and reported the escape. The city is being searched for the fugitive. Only two escapes in four months is considered a very good record, as escapes from the old chain gang were numerous.

Anton Kolhi, the prisoner who made his getaway from the farm about 10 o'clock this morning, was sentenced on March 18 to serve a term of ninety days following his conviction on a charge of non-support.

The police believe that Kolhi will walk into the city and a careful watch is being kept on all the roads. Kolhi is described by Supt. Ward as being 38 years old, five feet, eight inches in height, and dark. He has a mustache and was wearing a flannel shirt, overalls and heavy "rubbers" when last seen.

The first prisoner to make his escape from the farm was Oscar Palo, 27 years old, who made his getaway on the morning of April 6. He had been sentenced the previous week to serve a term of sixty days for stealing a suitcase from the union station. He has not yet been captured.

$500,000,000 NEEDED IN TWENTY-FIVE YEARS

Chicago, April 16.—Flood prevention and drainage projects will require the expenditure of $500,000,000 in the next twenty-five years, according to a report prepared by Edmund T Perkins, president of the National Drainage congress, who today left for Savannah, Ga., to complete arrangements for the drainage conference there next week.

The report puts the labor items at 50 per cent of the total cost and the estimate is that the profit to the country through the reclamation plans will be from $30,000,000,000 to $40,000,000,000.

DULUTH MAY HELP STATE

Volunteer Committee Asks Funds for Representation at San Francisco.

Subscriptions Will Be as Loan to Minnesota—Good Response.

D. M. Neill of Red Wing, president of the Minnesota Federation of Commercial Clubs, C. L. Mosher, secretary of that organization, and L. C. Anderson, commissioner of the Panama-Pacific international exposition to be held in San Francisco next year, are in the city today, their purpose being to further the work of raising money for the proper representation of Minnesota at that exposition.

The last legislature of the state failed to make an appropriation and it looked as though Minnesota would be one of the few states to have no representation at the coming world's fair. On Feb. 13 last, the various commercial organizations of the state held a meeting at Minneapolis and decided to try to raise the money as a loan to the state, and to make an effort among the various counties to have their representatives to the next legislature instructed to see that enough money is appropriated to pay back the loans at 6 per cent interest. This latter part has been successful, and enough promises have been secured to practically assure the appropriation.

Since then the volunteer committee has been hard at work raising the required $60,000, a considerable proportion of which has already been pledged. Minneapolis has already raised $15,000 and will raise $5,000 more. St. Paul is asked to raise $12,000 and Duluth, $8,000. This balance of $20,000 is being apportioned among the various counties of the state and everything indicates that the sum will be subscribed. The apportionment is made on the basis of the assessed valuation of the counties and they are said to be responding well. The subscriptions are received in the form of notes, not to be discounted until 60 per cent, or $36,000, will have been subscribed. When the notes are discounted the funds will be forwarded to State Treasurer Walter J. Smith.

The funds are necessary for the erection, furnishing and maintaining of the Minnesota building at the exposition. The site assigned this state for a building is in a most advantageous position, facing the Golden Gate, the shore line of which is only 200 feet away, and the other side being on a wide avenue directly across from the New York state site.

Plans for a most attractive building have been drawn and it is believed that the state will be adequately represented. The subscriptions are urged for the purpose of advertising the state properly, showing people from this nation and others what Minnesota can furnish settlers and investors. It is believed that a very great mistake would be made were the state not represented at the exposition, and that is why this volunteer committee has taken up the work so strenuously.

WANTS TO SEE HEINO IN PRISON

A. E. McManus, Gran's Attorney, Goes on the Witness Stand.

A mild sensation was sprung today at the trial of Attorney John R. Heino, charged with having committed adultery with Mrs. Olga Gran, wife of Victor H. Gran, when A. E. McManus, who appeared as Gran's attorney at the trial of the Gran divorce case, declared from the witness stand that he would like to see Heino in state's prison.

"I would like to see him in state's prison where he belongs," shouted Mr. McManus when Theodore Hollister, one of the attorneys representing Heino, inquired of the witness concerning his interest in the case. Mr. McManus also declared that he was "going to make him (Heino) pay" every cent he could get out of him in an alienation of affection suit which will follow.

The cross-examination of Mr. McManus by Attorney Hollister furnished twenty minutes of good fireworks in Judge Dancer's room this morning and brightened up an otherwise uneventful session.

John Linklater, a private detective, who was employed by Gran to shadow his wife and Heino, also took the stand this morning and related the events which led up to the raid on Heino's office in the Sellwood building on the afternoon of Jan. 31.

It is expected that the state will rest its case sometime tomorrow morning.

GARBAGE WAGONS ARE PAINTED RED

Health Department Wants City Vehicles to Be Distinguishable.

If you should chance to see a bright red wagon coming down the street, or two or three of them in a row, don't think that the fire department has suddenly slumped. For the outfit is liable to be a garbage wagon.

The health department is asking the garbage men to paint their wagons red in order that they may be more easily distinguished from others. This is not a requirement of the ordinance, but the department would prefer to have them uniform.

The garbage men are bringing their wagons to the city hall for inspection, as they must be satisfactory before a license will be issued. The boxes must all be tight and covers muts be used.

In the past some of the wagons, at least, would not have had to be painted red in order to make it easy to distinguish them from the rest of the traffic. They didn't have to be seen to be noticed, for even if they were soundless they made another kind of noise which was particularly noticeable, offensively so.

BODY MAY BE THAT OF REV. PATMONT.

Cleveland, Ohio, April 16.—The body of a man who was killed by a Lake Shore & Michigan Southern train near here on April 6, may be that of Rev. Louis R. Patmont of Milwaukee, who disappeared from Westville, near Danville, Ill., on April 1, police said, after receiving from Chicago a description of the minister. The body is being held in a morgue.

Rev. Patmont vanished from Westville during a "wet" and "dry" fight.

Kansas declares dogs are personal property and imposes a state tax.

PROGRESS IS BEING MADE

Julius H. Barnes Encouraged Over Deep Waterways Movement.

Just Back From Washington; Plans Up to Canada Now.

Julius H. Barnes returned this morning from Washington, D. C., where he has been for the last two weeks in the interest of Duluth and her shipping facilities. For the first few days he and G. Roy Hall, traffic commissioner of the Commercial club, were before the interstate commerce commission regarding rates; and since that time Mr. Barnes has been engaged in furthering the matter of deep waterways from the Head of the Lakes to the Atlantic ocean.

"I am glad to say," said Mr. Barnes today, "that the matter has made good progress. It has gone ahead far better than most of us hoped for at so early a stage of the game. Certain propositions that must be mutually agreed upon before anything can be accomplished looking toward a deep waterway to the sea have been formulated by the state department and forwarded to the Canadian government. That puts the matter now up to the dominion.

"It is felt that a mutual agreement will be reached before long and that the result will be an early and concerted movement toward the deepening of connecting waterways between the Great Lakes and the construction of necessary canals in the St. Lawrence.

"Mr. Hall told you all about the rate matters before the interstate commerce commission and the only thing I would add is that we feel very well satisfied with our treatment."

SHARP RALLY IN COPPER STOCKS

Granby and Alaska Gold Are Features in the Day's Trading.

Trading in mining stocks was animated at the close today and sharp upturns were recorded in some of the active issues.

Granby was the trading feature. The break of the previous three days was continued in it. After opening unchanged at $80 the stock sold off to $76.25 and then rallied sharply to a close of $82. The weakness was brought about through reports of decreased outputs at the company's older mines and a heavier outlay than expected in opening up its Hidden Creek property. Buying from reputed inside sources led to the rally.

Alaska Gold was another active issue. It opened 25 cents up at $25 and sold up to $27 at the close. The advance was attributed to a bull campaign in the issue in which Lawson is at the front.

Butte & Superior closed 75 cents up at $35; Butte & Ballaklava unchanged at $2.75; Greene-Cananea unchanged at $35; North Butte unchanged at $26, and Amalgamated Copper a shade off at $73.25.

In the Duluth curb list, Calumet & Corbin was especially strong, selling at 29@30 cents. The financing of the company's operations is now definitely reported to have been arranged. A wire was received from the mine today reporting shipments of three cars of ore to the Globe smelter at Denver last week. The value of the product ran from $35 to $55 a ton in gold and silver. This ore was taken from the first three levels of the New Era vein.

Alex Scott sold at $5.25; Keating at $1.62 and Cliff at 45 cents.

The Anaconda Copper company declared a regular quarterly dividend of $1.50 a share today, payable May 25 to stock of record April 25.

* * *

The foreign visible copper supply in England, France and afloat thereto, on April 15 was 18,997 tons, an increase of 1,074 tons in the past fortnight.

At Rotterdam, Hamburg and Bremen there were 8,366 tons, an increase of 131 tons.

* * *

A wire received by Gay & Sturgis this morning referring to the recent rise in Alaska Gold said: "There only seems to be one stock, namely, Alaska. Report is that Jackling's last visit enthused him very much and returns are expected to be far in excess of what has up to now been anticipated. Also Lawson is out with an advertisement this morning advising New Haven stockholders to sell out and buy Alaska."

GOOD FRIEND OF DULUTH WOULD BE A SENATOR

Hon. John G. Lennon of Minneapolis, who was a member of the last legislature, is in Duluth today on a short business trip. Mr. Lennon is a travelling salesman. He is a candidate for the senate this year.

While in the house Mr. Lennon made an excellent record and showed great fairness in his attitude toward questions that were vital to this part of the state. He has many friends in Duluth, especially among those who had business before the legislature, and they are hoping to see his senatorial ambitions realized.

PATRICK RETURNS FROM THE SOUTH

F. A. Patrick returned yesterday from a trip to the canal zone and Costa Rica. Mr. Patrick is enthusiastic in his praise of Costa Rican cities. He said planters are enjoying prosperity and that the plantations are supplying abundant crops. Many vegetables raised in the northern part of the United States are now being successfully raised in the tropical islands, among these being potatoes, corn, peas, beans, pumpkins and tomatoes. He told of the enormous banana plantations along the coast line and coffee plantations on the plateaus.

Mrs. Patrick, who accompanied Mr. Patrick on the trip is spending the month in New York. She will return to Duluth some time in May.

ONE BOY WILL LIVE; MATE MUST HANG

Harrisburg, Pa., April 16.—Liugi Deleo, a lad scarcely 17 years old, was saved from the gallows by yesterday's recommendation of the state board of pardons that his sentence of death for a murder in Fayette county be commuted to life imprisonment. Frank Wells, aged 19, convicted with Deleo, must die. The cases were presented together, it being represented that the extreme penalty should not be inflicted because of the prisoners' youth. District Attorney Shelby of Fayette entered a protest, setting forth that the boys were guilty of shooting down a man who interfered to prevent a highway robbery. Counsel for Deleo asserted that he did not do the shooting. Wells is to be hanged.

ACT AS MEDIATORS FOR NEIGHBORHOOD.

Commissioner Roderick Murchison and City Attorney Harvey Clapp went to Woodland and Lester Park yesterday to act as mediators in two neighborhood quarrels concerning a street in one case and an alley in the other.

In both instances one man was jealous, or angry, because the other was using part of the street or alley for a chicken coop or a garden. Neither of them have been opened or improved and are not in use for highway purposes. So in both cases the complainants were informed that at the present time the city has no interest in the matter and would not interfere. As far as the officials were concerned they could continue to quarrel or one or both could continue to utilize the street or alley until the city wants either of them for a highway.

BUSCH CALIFORNIA ESTATE $1,175,090.

Sacramento, Cal., April 16.—Adolphus Busch, the St. Louis brewer who died in Europe last October, left property in California valued at $1,175,090.62, according to an appraiser's report filed today. The inheritance tax due is $37,905.15.

Timlin and submitted an affidavit of said M. R. Timlin showing him to be a bona fide resident of the City of Duluth and submitting letters and petitions from others certifying to the character of M. R. Timlin and of the place conducted by him.

The question being upon the adoption of the resolution, it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

INTRODUCTION AND CONSIDERATION OF ORDINANCES.

The following entitled ordinances took their first reading:

By Mayor Prince:

An ordinance to amend an ordinance entitled "An ordinance regulating the use of streets, avenues and alleys within the city of Duluth by vehicles and imposing a tax or fee for such use" passed July 11, 1910, as amended.

By Commissioner Merritt:

An ordinance to appropriate from the public utility fund the sum of $3,000 for furnishing 36-inch cast iron specials for the water and light department.

By Commissioner Merritt:

An ordinance to appropriate from the public utility fund the sum of 500 for furnishing and erecting steel water tower and tank for the water and light department.

By Commissioner Merritt:

An ordinance to appropriate from the public utility fund the sum of $30,000 for extensions to water and gas mains for the season 1914.

The following entitled ordinances took their second reading:

By Commissioner Merritt:

An ordinance to appropriate from the public utility fund the sum of $500 for furnishing and erecting office partitions for the water and light department.

By Commissioner Merritt:

An ordinance to appropriate from the public utility fund the sum of $1,500 for hauling gas and water pipe during the season 1914.

By Commissioner Merritt:

An ordinance to appropriate from the public utility fund the sum of $200 for nursery stock for grounds adjacent to Lakewood pumping station.

By Mayor Prince:

An ordinance to appropriate from the general fund the sum of $155 for furnishing and laying linoleum on certain floors of the city hall.

By Commmissioner Merritt:

An ordinance to appropriate from the public utility fund the sum of $1,500 for completion of valuation of the plant of the Duluth-Edison Electric company.

The ordinance by Commissioner Hicken entitled "An ordinance to license and regulate keepers of intelligence and employment offices as well as all persons doing the business of furnishing employment for others or procuring or furnishing employes for others in the city of Duluth" took its third reading.

Commissioner Hicken moved the adoption of the ordinance and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.

The ordinance by Commissioner Merritt entitled "An ordinance to appropriate from the public utility fund the sum of $2,000 for the purchase of four 36-inch cast iron gate valves" took its third reading.

Commissioner Merritt moved the adoption of the ordinance and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.

MOTIONS AND RESOLUTIONS.

By Mayor Prince:

Resolved, That the director of public health is hereby authorized to employ an additional nurse for ten months beginning April 1, 1914, at a salary of $50.00 per month, one-half to be paid from the public welfare fund and one-half from the health department fund.

Mayor Prince moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

Commissioner Merritt submitted a resolution awarding contract for cast iron grate valves, action on which was postponed for one week under the provisions of the charter.

Commissioner Murchison submitted a resolution awarding the contract for cement, action on which was postponed for one week under the provisions of the charter.

Commissioner Murchison submitted a resolution awarding the contract for constructing a sanitary sewer in First street from 175 feet east of Fourteenth avenue west to Fourteenth avenue west, etc., action on which was postponed under the provisions of the charter.

Commissioner Murchison submitted a resolution awarding the contract for gravel and sand, action on which was postponed under the provision of the charter.

By Commissioner Merritt:

Resolved, That it is hereby directed that extensions to gas and water mains be made as follows:

On Gilliat street from Forty-fourth avenue east to Forty-fifth avenue east, on West Sixth street from mains in Eighth avenue west to a point 175 feet east of Eighth avenue west, on Eleventh avenue west from present mains south of Railroad street to a point 300 feet further south, on Sussex avenue from Leicester avenue to north line of lot 25, block 1, Kenilworth Park addition, on West Sixth street from Twenty-seventh avenue west to Winnipeg avenue, on Forty-third avenue west from Fifth street to Seventh street and in Seventh street from Forty-third avenue west to Medina street, in Charles avenue from Eighth street to a point opposite the line between lots 28 and 28, block 2, Dickerman's division, and gas only in Fortieth avenue west from Sixth to Eighth streets, on Thirteenth avenue west from First street to Second street and in Second street from Thirteenth avenue west to Fourteenth avenue west, on East Eighth street from Twelfth avenue east to connect with present mains between Eleventh and Twelfth avenue east, on Fifty-first avenue east from Wyoming street to Glenwood street, Commonwealth avenue from the present mains north of Goodhue street to the north line of Gary, First division, Ninety-sixth avenue west from Gary street to a point 210 feet north of Gary street, Ninety-seventh avenue west from Gary street to Rice street, Ninety-eighth avenue west from Gary street to a point 90 feet north of Dickson street, Ninety-ninth avenue west from a point 205 feet south of Gary street to a point 150 feet north of Dickson street, Gary street from Commonwealth avenue to Ninety-sixth avenue west.

Commissioner Merritt moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Merritt:

Resolved, That the Duluth-Edison Electric company is hereby directed to install and maintain incandescent lights as follows:

At Ninety-sixth avenue west and McGonagle street, One Hundred and Third avenue west and McGonagle street, Ninety-ninth avenue west and Dickson street, One Hundred and Third avenue west and Dickson street, Commonwealth avenue and Reis street, Ninety-seventh avenue west and Crestline court, Ninety-eighth avenue west and Crestline court, Ninety-ninth avenue west and Crestline court.

Resolved further, That said company is hereby directed to discontinue arc light now at Ninety-seventh avenue west and Crestline court.

Commissioner Merritt moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Merritt:

Resolved, That commissioner of public utilities is hereby authorized to advertise for bids for the sale of the following property acquired by the city of Duluth for use of the water and light department:

Lots 57 to 64, inclusive, in block 198, Duluth proper, third division, also a portion of section 22, township 50, range 14, required for reservoir site for the middle system.

Resolved further, That said commissioner is hereby authorized to purchase the necessary property for additional right-of-way for duplicate force main east of Lester river and also the necessary land required by the department for reservoir and pump station purposes adjacent to lot 6, block 2, First re-arrangement of Woodland Park, First division.

Commissioner Merritt moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Voss:

Resolved, That bills are hereby allowed and it is hereby directed that orders be drawn on the city treasurer to pay the same as follows:

Commissioner Voss moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Voss:

Be it resolved, That:

Section 1. In the method and upon the terms hereinafter provided for, the mayor and city treasurer be and they are hereby authorized to issue registered bonds, in the form hereinafter provided for, in lieu of outstanding negotiable bonds, whenever the purchaser or holder of such outstanding negotiable bonds shall so request; and that said registered bonds be issued in such denominations as shall be deemed proper by said mayor and city treasurer.

Sec. 2. No registered bonds shall be issued until the bonds in lieu of which said registered bond is to be issued has been surrendered to the city treasurer, and simultaneously with the issuance of said registered bond, said original bond or bonds so surrendered shall be canceled by the city treasurer in the presence of the mayor and city clerk.

Sec. 3. No registered bond issued pursuant to this resolution shall ever be issued for a longer term than the remainder of the term of the bonds in lieu of which such registered bonds are issued; nor shall any registered bonds ever be issued which shall in any way increase the indebtedness of the city of Duluth.

Sec. 4. That said registered bonds shall be in substantially the following form, and shall be lithographed or engraved, as the case may be, and shall be executed as provided by law.

"City of Duluth.
Registered Bond
Issued in Lieu of Bonds (describing issue.)

No.......... $..........

The city of Duluth, for value received, hereby promises to pay to.... .... the sum of .... dollars on the .... day of ...., with interest thereon at the rate of .... per cent per annum, payable semi-annually, both principal and interest being payable at ....

This bond is issued pursuant to section 782 of the Revised Laws of the State of Minnesota, in exchange for a like principal amount of valid negotiable bonds of the city of like maturity, and the indebtedness of the city is not increased hereby. The said negotiable bonds were dated ...., and were issued pursuant to chapter .... of the laws of .... and of proceedings of the city duly adopted. And it is hereby certified that every requirement of law relating to the issue hereof and of the said negotiable bonds has been duly complied with and that this bond is within every debt and other limit prescribed by the constitution of laws of Minnesota or the charter of the city.

This bond may be transferred by the surrender hereof, accompanied by a written assignment recorded in the office of the treasurer, in which case a new bond shall be issued to and in the name of the transferee.

This bond bears interest from ......

In Witness Whereof, The said city of Duluth has caused its seal to be hereto affixed and this bond to be signed by its mayor and treasurer and attested by its city clerk, this........ day of ....

.... Mayor.
.... City Clerk.
.... Treasurer.

....

Sec. 5. Suitable books shall be kept, showing each bond issued, the number, date and amount thereof, the number, date, amount and character of the bonds in lieu of which said registered bond is issued, the person to whom said registered bond is issued, and the date of issuance; and whenever a registered bond issued pursuant to this resolution is transferred, the transferee thereof may obtain a like registered bond upon the surrender of the outstanding registered bond, and the surrendered bond shall be cancelled and an accurate record made of the transfer of said bond before the new bond is issued to said transferee.

Sec. 6. All registered bonds issued pursuant to this resolution shall be deemed to be issued by virtue of the authority conferred by section 782 of the Revised Laws of the State of Minnesota for 1905.

Commissioner Voss moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Voss:

Resolved, That the city treasurer is hereby authorized to receive from the owner of lot 9, block 6, Kenilworth Park addition, the sum of $60.90 as full payment of assessment levied against said property for the construction of a sanitary sewer.

Commissioner Voss moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Voss:

Resolved, That extension of time is hereby granted to the owners of property for the payment of the remaining portion of assessments hereinafter mentioned, such payments to be made in not to exceed three installments, payable in one, two and three years, the first installment to be due and payable on Oct. 1, 1914.

Assessment against Mrs. Hilda A. Sandberg, owner of lots 14 and 15, block 4, Kenilworth Park addition.

Assessment against M. W. Lepp, owner of lot 9, block 4, Kenilworth Park addition.

Assessment against P. O. Hanson, owner of lot 3, block 4, Kenilworth Park addition.

Assessment against D. A. Blakeney, owner of lot 14, block 6, Kenilworth Park addition.

Assessment against W. C. Johnson, owner of lot 31, block 3, Kenilworth Park addition.

Assessment against E. A. Banister, owner of lot 10, block 4, Kenilworth Park addition.

Assessment against John Bergman, owner of lot 17, block 4, Kenilworth Park addition.

Assessment against M. A. Thompson, owner of lot 13, block 4, Kenilworth Park addition.

Assessment against George Madison, owner of all of block 5, Kenilworth Park addition.

Assessment against Hunter's Park Land company, owners of lot 15, block 6, and lots 26 and 24, block 3, Kenilworth Park addition.

Assessment against G. T. Eagling, owner of lot 34, block 3, Kenilworth Park addition.

Commissioner Voss moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Voss:

Resolved, That the city treasurer is hereby authorized to receive from the owner of the east half of lot 7, block 90, Endion division the amount of the original assessment levied against said lot for paving and improving Fourth street from Fourteenth to Twenty-third avenues east under Contract No. 1348, provided the same is paid within ten days from the date of the passage of this resolution and further provided said owner shall at the same time pay the sum of $1.50 the estimated cost of the publication of this resolution.

Commissioner Voss moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed—April 13, 1914.
Approved—April 15, 1914.

By Commissioner Murchison:

Resolved, That the salary of the assistant engineer be and hereby is fixed at $150 per month from and after May 1, 1914.

Commissioner Murchison moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed—April 13, 1914.
Approved—April 15, 1914.

By Commissioner Murchison:

Whereas this council did by resolution adopted on the 7th day of July, 1913, direct the pavement of West Superior street, Jenswold street and Oneota street from Twenty-fifth avenue west to Forty-sixth avenue west and

Whereas said resolution directed that said work be done by contract and,

Whereas, it is the intention to carry out only a part of said improvement during the present season, to-wit: that part of West Superior street between Twenty-fifth and Thirtieth avenues west, and

Whereas, the city is improving that part of Superior street lying east of Twenty-fifth avenue west and doing the work by day labor, therefore

Be it resolved, That it is hereby directed that that part of West Superior street from Twenty-fifth to Thirtieth avenue west be improved as directed in resolution of this council passed July 7, 1913 and that the work be done by day labor.

Commissioner Murchison moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed—April 13, 1914.
Approved—April 15, 1914.

By Commissioner Murchison:

Resolved, That the plat of North Homeland be and hereby is approved and accepted.

Commissioner Murchison moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commisisoners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed—April 13, 1914.
Approved—April 15, 1914.

By Commissioner Murchison:

Resolved, That this council deem it necessary for public convenience and safety that a sanitary sewer be constructed in Seventy-first avenue west, from Waseca street to Raleigh street, and it is hereby ordered that said sewer be constructed.

Resolved, That it is hereby directed that the work of constructing said sewer be done either by day labor or by contract, as the commissioner of public works shall elect, the cost thereof to be paid out of the permanent improvement revolving fund, and it is further ordered that an assessment be levied upon the property specially benefited by the construction of said sewer, according to benefits received to defray the cost thereof with such other expenses as under the provisions of the city charter may be assessed.

Commissioner Murchison moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Murchison:

Resolved, That public convenience and safety requires the construction of a four-foot plank walk on the west side of Ninety-eighth avenue west, from Gary to House streets.

Resolved, That it is hereby directed that said work be done by day labor or by contract as the commissioner of public works shall elect, the cost thereof to be paid out of the permanent improvement revolving fund, and it is further ordered that assessments be levied upon the property benefited by the construction of said walk, according to benefits received, to defray the cost thereof with such other expenses as under the provisions of the charter may be assessed.

Commissioner Murchison moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Murchison:

Resolved, That contract for sprinkling and cleaning District No. 12 be and hereby is awarded to Wennerlund & Gustafson.

Resolved further, That bonds with personal sureties be accepted on said contract.

Commissioner Murchison moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Murchison:

Resolved, That grade established by the city engineer on East First street, from Thirty-fourth to Thirty-sixth avenues east, the certificate of the engineer on the profile thereof being dated April 1, 1914, be and hereby is approved.

Commissioner Murchison moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Murchison:

Resolved, That the westerly sixty feet of the first story of the Armory building be and hereby is set apart for the purpose of a public market, the accommodation herein conveyed to include exclusive right to the patrons of the market to the use of the front double doors of said building, the removal of all structures and other property within the area described not desired for market uses, and a complete separation of the strip reserved for municipal purposes from the market section.

Commissioner Murchison moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Hicken:

Resolved, That applications for licenses are hereby granted and bonds accompanying same are hereby approved as follows:

EMPLOYMENT OFFICES FOR MEN.
N. O. Sundby at No. 523 West Michigan street.

POOL AND BILLIARD TABLES.
W. H. Wallace at No. 2805 West Superior street.
William F. Hatley at No. 301 West Superior street.

Commissioner Hicken moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Hicken:

Resolved, That applications for licenses to sell cigarettes are hereby granted as follows:

M. C. Pollock at No. 5528 Grand avenue, being a transfer from J. W. Coulter at the same location; Claud C. Sampson at No. 2004 West Superior street.

Commissioner Hicken moved the adoption of the resolution and it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

By Commissioner Hicken:

Resolved, That applications for licenses to sell intoxicating liquors are hereby granted and bonds accompanying same are hereby approved as follows:

R. W. Armstrong at No. 205 West Michigan street; J. M. Branscombe at No. 1524 West Superior street; Nick Jeanetta at No. 1117 West Michigan street, being a transfer from E. A. Storrs at the same location; C. J. Petruschke at 5607 Ramsey street, being a transfer from No. 5217 Ramsey street; E. J. Whalen at No. 212 West Superior street, being a transfer from Moses S. Cook at the same location; James Smith at No. 214 Central avenue; Fred Hellenius at 320 Lake avenue south; Ig Koziarek at No. 31 West First street; John E. Bietelo at No. 410 Central avenue.

Commissioner Hicken moved the adoption of the resolution and requested that the resolution be divided in that the question of granting the application of C. J. Petruschke at No. 5607 Ramsey street, being a transfer from No. 5217 Ramsey street, and the application of J. E. Bietelo at No. 417 Central avenue, be voted upon separately.

The question being upon the adoption of the balance of the resolution it was declared adopted upon the following vote:

Yeas—Commissioners Hicken, Merritt, Murchison, Voss, Mayor Prince—5.
Nays—None.
Passed April 13, 1914.
Approved April 15, 1914.

On motion of Mayor Prince action on the application of C. J. Petruschke and of J. E. Bietelo was postponed for one week.

MISCELLANEOUS BUSINESS.

Charles V. McCoy, attorney for Charles Sholund in the case of the State of Minnesota ex rel, Charles Sholund, relator vs. the Mayor and Common Council of the City of Duluth, respondents, was accorded the privilege of the floor and informed the council that the return made to the supreme court by the city clerk in compliance with the writ of certiorari issued by said court in the matter of the revocation of the liquor license of Charles Sholund was defective in sixteen particulars and proceeded to enumerate the same.

After the enumeration of the first point Mr. McCoy asked the council to direct that the return be amended as requested, whereupon the mayor directed that the matter be referred to the city attorney. Mr. McCoy then proceeded to the second point in which the return was defective but before the completion of the same a motion to adjourn was made and the same was carried on a vote by acclamation.

C. S. PALMER,
City Clerk.

Ordinance No. 464.

By Commissioner Hicken:

AN ORDINANCE TO LICENSE AND REGULATE ALL KEEPERS OF INTELLIGENCE AND EMPLOYMENT OFFICES, AS WELL AS ALL PERSONS DOING THE BUSINESS OF FURNISHING EMPLOYMENT FOR OTHERS OR PROCURING OR FURNISHING EMPLOYES FOR OTHERS, WITHIN THE CITY OF DULUTH.

The City of Duluth does ordain as follows:

Section 1. No person, or persons shall conduct an employment bureau or agency, and receive compensation for services as such, or solicit or procure laborers, within the city of Duluth, without first having obtained a license so to do, as hereinafter provided.

Sec. 2. Application for such license shall be made to the city council of the city of Duluth, in writing, designating therein the place where such business is to be conducted.

Sec. 3. Such application shall be accompanied by a bond in the sum of two thousand dollars for a general or male employment bureau license, and one thousand dollars for a female employment bureau license, with sufficient sureties, which shall run to the State of Minnesota, and be conditioned for the payment of all damages sustained by any person engaged by the licensee to labor for others, by reason of any breach of contract entered into by such licensee with any person for whom he agrees to secure employment, or any fraud or misrepresentation of the licensee or any or his agents or servants; and an action on such bond may be maintained thereon in his own name by any person so damaged.

Sec. 4. If the city council shall approve such application and bond and said applicant shall pay the city treasurer the sum of one hundred and fifty dollars for a general employment bureau license authorizing the holder thereof to secure employment for both males and females; the sum of one hundred dollars for a male employment bureau license authorizing the holder thereof to secure employment for males only; and the sum of seventy-five dollars for a female employment bureau license authorizing the holder thereof to secure employment for females only; and file the treasurer's receipt for the license fee with the city clerk, the city clerk shall issue to such person a license to engage in said business for one year, ending the 30th day of April next following at the place designated in the application, provided that when such license is issued less than one year prior to the 30th day of April next following, the fee to be paid shall be a pro rata portion of the fee for one year; provided that no license shall be issued for a less fee than $15 for a general employment office, $10 for a men's employment office and $7 for a women's employment office. No license shall authorize any other person than the person or persons named therein to actually conduct said business, and shall authorize such person to conduct said business only at the place of business described therein.

Provided, that no license shall be issued to conduct said business in any place then occupied by a saloon, or in any room having any connection or means of communication from the inside thereof with any saloon nor shall any license be issued to conduct said business within the following described districts in said city of Duluth. on any property fronting on Superior street from Second avenue east to Seventh avenue west or on Michigan street from Fifth avenue west to Sixth avenue west.

Sec. 5. Every person, licensed under the provisions of this ordinance shall enter in a book kept by him for the purpose, a memorandum of the terms of employment of every person engaged by him to work for another, showing the rate of wages, the kind of service, the period of employment, and the name and address of the person for whom the service is to be rendered, in the following form:

Manager......Name of company.......
Location ....Date ....
Name of person giving order..........
Acting for ....
Name of Applicant.....................
Nature of employment ....
Duration of employment ....
Name and address of parent or guardian ....
To report at ....
Wages........Per hour........Day........
Week ....Month.......Board, $.......
per week, $...... per month.

He shall furnish to each person so employed duplicate copies of such memorandum, one of which the latter shall deliver to his employer at the beginning of his service. Such licensee shall not, nor shall any agent, servant or other person, acting for him or on his behalf, charge or receive, either directly or indirectly from any applicant for employment, a registration, application or other fee, except as herein provided;

It shall be unlawful for any licensee to charge any applicant for employment any fee unless such licensee has a bona fide order either received or renewed within one week from an employer, for the services of such applicant; such order or renewal thereof must be in writing or by telegram or telephone, and appear in its chronological place in the order book of said licensee. He shall, upon the request of said applicant, at the time or, at any time subsequent to receiving said fee, exhibit to said applicant, said order or order book; a refusal upon his part so to do shall be prima facie evidence that the taking of said fee was fraudulent and contrary to the provisions of this ordinance.

The records of such agency or bureau shall at all times be subject to inspection by the commissioner of labor and his assistants, the license inspector of the city of Duluth, and the county or city attorney.

Sec. 6. Said licensee shall be entitled to charge each person so employed to labor for others, for such hiring, a fee not to exceed One Dollar ($1) when employed to labor at common labor within St. Louis county, Minnesota, and a fee not to exceed Two Dollars ($2.00) elsewhere when employed at common labor, and a fee not to exceed Three Dollars ($3.00) when employed anywhere for skilled labor.

Provided, however, That no person licensed hereunder shall pay to any employer of labor or to any foreman or employe thereof or to any person for such employer, foreman or employe any portion of the fee charged by such person licensed hereunder for obtaining employment for any person.

Sec. 7. No licensee shall post or exhibit at his said place of business any sign, advertisement or notice of "Men Wanted" unless at the time he has an unfilled order for such men.

Sec. 8. Whenever any person so licensed to hire others to labor shall receive from any duly organized trade union, federation of labor or lawful labor organization, under its official seal, a bona fide notice of a strike then in existence at any particular place where laborers are sought to be employed, it shall be the duty of such licensee to give like notice of such strike to all persons at his place of business, in large letters, the same as he uses for advertising for laborers, the words "Strike On," at the place where such strike exists. He shall also stamp across the face of all contracts of hiring then issued for said place, in bold type, in red ink, the words "Strike On" before delivering said contracts to the laborers so employed and before collecting fee.

Sec. 9. In any proceeding, civil or criminal, instituted against said licensee by any person employed by him for another, when such person so employed by him for another shall have shown that he was so hired and that he has been unable to obtain the work for which he was so hired, it shall be incumbent upon said licensee at the time of the trial of said action to prove that he had authority to hire or employ such employee upon the terms set forth in said memoranda authorizing the hiring and the copies thereof delivered to said employe. Any failure on the part of said licensee to prove his authority as aforesaid, or to strictly comply with the provisions of this ordinance, shall be taken in any such proceeding as prima facie evidence that such licensee's hiring or employment of such employe is unauthorized and fraudulent.

Sec. 10. Any person who violates any of the provisions of this ordinance shall upon conviction thereof be punished by a fine not exceeding one hundred dollars ($100) or by imprisonment for a term not exceeding eighty-five days (85) days, and in addition thereto if he be a licensee shall forfeit his license.

Sec. 11. All ordinances or parts of ordinances which conflict with the terms of this ordinance are hereby repealed.

Sec. 12. This ordinance shall take effect and be in force thirty days from and after its passage and publication.

Passed April 13, 1914.
Approved April 15, 1914.

W. I. PRINCE,
Mayor.

CITY NOTICES.

NOTICE OF HEARING ON ASSESSMENT—

City Clerk's Office,
Duluth, Minn., April 16, 1914.

Notice is hereby given that the assessment levied to defray in part the cost of repaving and otherwise improving West Superior street from Twenty-fifth avenue west to Thirtieth avenue west has been completed and the roll is now on file in my office and that on Monday, April 27th, 1914 at 3 o'clock P. M., in the council chamber, in the city hall, Duluth, Minnesota, the city council will hear the appeals of parties aggrieved by such assessment and that unless sufficent cause is shown to the contrary, the assessment as made will be confirmed at the meeting above mentioned.

C. S. PALMER,
City Clerk.

D. H., April 16, 1914. D 1113.

NOTICE OF PROPOSED ESTABLISHMENT OF RESIDENCE DISTRICT.

Notice is hereby given that there has been filed of record in my office a petition asking that blocks 109 and 110, West Duluth, Sixth division be designated as a residence district wherein only buildings for residences may be erected and maintained. Said petition will be considered by the city council at a regular meeting thereof to be held at 3 o'clock p. m. in the council chamber in the city hall, city of Duluth, Minn., on Monday, April 27, 1914, at which time and place the council will hear the testimony and evidence on the part of parties interested.

C. S. PALMER,
City Clerk.

D. H., Mar. 26; Apr. 2, 9, 16, 1914. D-1090

OFFICE OF THE COMMISSIONER OF PUBLIC UTILITIES—

City of Duluth, Minnesota.
April 15th, 1914.

Sealed proposals will be received at the office of the Manager of the Water and Light Department, until 10 o'clock A. M., Saturday, April 25th, 1914, for furnishing the Department with 36-inch special castings, in accordance with specifications on file in the office of the Manager.

A certified check for ten per cent of the amount bid, certified by some bank authorized to do business in the State of Minnesota, and made payable to the order of the Treasurer of the City of Duluth, must accompany each proposal.

Proposals must be addressed to the Manager, Water and Light Department, City of Duluth, and indorsed "Bid for Furnishing 36-Inch Special Castings."

The City reserves the right to reject any or all bids.

CITY OF DULUTH,
By C. S. PALMER,
City Clerk.

CHICHESTER'S PILLS
THE DIAMOND BRAND.
SOLD BY DRUGGISTS EVERYWHERE

MARKET HAS WEAK TURN

Wheat Sells Down on Lower Cables and Break in Corn.

Flaxseed Declines Moderately; Receipts Heavier and Demand Small.

Duluth Board of Trade, April 16.—The market closed weak on renewed selling. May wheat closed ⅝c off; July ⅝c off and September ½c off at 87⅝c. May durum closed ⅝c off and July ¼c off.

Oats closed ⅜c lower at 35⅝c on the track, and 33⅞c to arrive. Rye closed unchanged at 54½@56½c for the best grades.

At Winnipeg, May oats closed at 34⅝c bid and July at 35½@35⅝c bid.

Puts on Minneapolis May wheat closed at 88⅝c bid, and calls at 88⅞c bid.

The wheat market showed weakness throughout today's session under the influence of some bearish factors. Liverpool cables were unexpectedly lower, coarse grains showed a sagging tendency, and reports from over the winter wheat territory were generally favorable.

Liverpool was depressed by liberal Russian offerings and bids from there on this side were out of the line for export.

With the exception of Western Kansas, where rains are said to be needed, advices from the Southwest were not encouraging to holders. While the presence of green bugs was noted in several districts, no actual damage could as yet be found. Regarding Kansas, the president of the First National Bank of Commerce at Kansas City estimates that state will produce a crop of 120,000,000 bu of wheat this season.

Cheerful news came from over the Northwest regarding weather conditions. At Sheldon, N. D., southwest of Fargo, it was reported that the soil is in perfect condition for seeding and that farmers are now busy in the fields.

Chicago turned easier after the opening on a letup in buying in May wheat and a decline in corn on forecasts of heavy Argentine importations.

Traders here see evidences of a strong undertone in spring wheat. Good buying by some of the leading millers was reported at Minneapolis today, with the intimation that 1,000,000 bu had been bought to go from the terminal elevators there to an interior point.

Receipts continue to show a substantial falling off from last year. Inspections here today came to 22 cars against 41 a year ago, and there were just 20 cars of all grains on the tracks for the day. Minneapolis receipts were 152 cars, compared with 179 last year.

May wheat opened ⅛c off at 90⅞c and declined ⅛c more up to the final hour. The July option opened ⅛c off at 91⅞c and weakened ⅛c more. Durum was weak with lack of demand for the time being. May durum opened ⅛c off at 86⅞c, and it declined ⅜c more. The July option opened ¼c down at 88c and held on that basis.

Brisk Flaxseed Receipts.

Heavy receipts at Winnipeg and the impression among operators that considerable seed remains to be marketed up there yet led to weakness in the flaxseed market today in the face of higher cables.

Trading was comparatively light and mostly in small lots. The market closed weak with declines of ⅝@½c showing for the day.

Foreign markets were strong. Antwerp closing ⅝c up; Buenos Aires 1c up, and London ⅜c higher.

May flax opened ⅛c down at $1.56½ and it closed 1c off at $1.55¾. July opened unchanged at $1.58½, and it closed ⅝c lower at $1.57⅝. The September option opened ⅛c down at $1.59 and closed ⅝c off at $1.58⅞.

At Winnipeg, May flax closed at $1.36¼ bid and July at $1.39⅞ bid.

Cash Sales Thursday.

No. 1 hard wheat, 1 car	$ .91½
No. 1 northern wheat, 1 car and part car	.90½
No. 1 northern wheat, 2,700 bu, to arrive	.90¾
No. 1 northern wheat, 2 cars	.90¾
No. 2 northern wheat, 1 car	.88¾
No. 1 durum, 1 car	.85⅞
No. 1 flax, 1 car	1.55¼
No. 1 flax, 1 car	1.55⅞
No. 1 flax, 500 bu, to arrive in July	1.58¼

MARKET GOSSIP.

Duluth grain stocks, giving changes in four days:

Wheat—Western and winter, 640,000 bu., increase, 3,000 bu.; spring, 10,164,000 bu., increase, 16,000 bu.; durum, 2,247,000 bu., increase, 39,000 bu.; bonded, 1,402,000 bu., increase, 117,000 bu.; total wheat, 14,453,000 bu., net increase, 175,000 bu.

Coarse grains—Corn, 338,000 bu.; oats, 3,977,000 bu., increase, 11,000 bu.; rye, 319,000 bu., increase, 1,000 bu.; barley, 629,000 bu, increase, 1,000 bu.; flax, domestic, 1,586,000 bu., bonded, 409,000 bu.; total flax, 1,995,000 bu., increase, net 53,000 bu. Total all grains, 21,761,000 bu.; net increase, 241,000 bu.

* * *

Clearances reported: Wheat, 311,000 bu.; flour, 11,000 bbls., together they equal 361,000 bu.; corn, 2,000 bu.; oats, 1,000 bu.

* * *

Primary markets report the following receipts and shipments today:

Wheat—Receipts, 380,000 bu., last year, 434,000 bu.; shipments, 275,000 bu.; last year, 501,000 bu.

Corn—Receipts, 341,000 bu., last year, 258,000 bu.; shipments, 519,000 bu., last year, 899,000 bu.

Oats—Receipts, 393,000 bu., last year, 464,000 bu.; shipments, 739,000 bu.; last year, 494,000 bu.

* * *

Duluth bonded grain receipts: Wheat, 12 cars; barley, 8 cars; flax, 6 cars. Total 26 cars.

* * *

Cars of wheat received:	Wednesday	Year Ago
Duluth	22	41
Minneapolis	152	179
Winnipeg	355	261
Chicago	18	18
Kansas City, bu	35,000	31,000
St. Louis, bu	54,000	24,000

* * *

Cars of linseed received:	Wednesday	Year Ago
Duluth	5	6
Minneapolis	10	25
Winnipeg	83	37

* * *

Foreign closing cables: Liverpool—Wheat, ¼@⅜d lower; corn, ⅝d lower. Paris—Wheat, unchanged to ½c higher; flour, ½@⅝c higher. Berlin—Wheat, unchanged. Budapest—Wheat, ¼c lower. Antwerp—Wheat, unchanged.

* * *

Loading of steamers to go down to Buffalo at the opening of navigation has begun. At the Great Northern elevator today, the Upson took on 227,000 bu and the Mary C. Elphicke 240,000 bu of spring wheat. The Ashley will load spring wheat there tomorrow. The Consolidated elevator slip was opened by a tug today, and it is expected that some wheat will be loaded out by the Consolidated elevator by the end of the week.

* * *

Cash market at Minneapolis was steady with good demand. No. 1 northern blue stem sold at 2@3½c over May and velvet chaff at 2c over. There were fair flour sales but shipping directions were rather slow. Sales are now being made for lake and rail shipment. Cash No. 1 northern wheat sold there at from 90⅝c to 92¼c and No. 2 northern at from 88⅛c to 89⅝c.

* * *

Broomhall cabled from Liverpool: "Steadiness in America yesterday prompted moderate covering at the opening here and values were ⅛d higher with May ⅛d lower. Following the opening there was pressure and prices declined ¼@⅜d with liquidation in May on further talk of liberal tenders on contract. Private advices received here report Plata grading above expectations, with pressure in near Australian parcels and freer Manitoba offers and easier cargo offers helped decline. At 1:30 p. m. the undertone was easy, ¼ to ⅜d lower.

"Corn opened unchanged with fair support on the unfavorable weather in Argentina. Later prices declined ¼ to ⅜d on Argentine forecast of shipments."

Heavy rain continues in India causing damage to harvesting in the late districts.

* * *

The Chicago Inter Ocean says: "May wheat was up to 6 cents over July yesterday with cash houses and shorts buying. Shorts appear to be in bad for the present. It was noticeable that the new crop months were pressed for sale in a way that encouraged the bears to sell them freely, despite the strength in May as they regard the crop promise as bearish."

* * *

Receipts of grain and flour in New York by rail and water during March are reported at 7,392,787 bu, as compared with 9,601,857 bu in January; 7,786,241 bu in February, and 10,666,204 bu in March last year. Receipts by rail aggregated 94.53 per cent of the total.

* * *

A large increase in the growing of corn in the Northwest is expected this season. According to information gathered by crop experts, regarding prospective seeding operations, Minnesota will make an exceptionally good showing in that respect, with every prospect that last year's total of 97,200,000 bu of corn will be considerably surpassed. As a result of the better farming movement propaganda, it is taken as assured that North Dakota farmers will score a marked advance this season in growing a diversity of crops including corn.

* * *

Maj. F. C. Boggs of the United States corps of army engineers, has expressed the opinion that the Panama canal will be open for grain traffic by July 1. The opening of the canal is expected to bring on an end shipments by the sailing craft which have hitherto carried grain from the North Pacific to Europe on a voyage ranging from 120 to 130 days. In the case of steamers, the voyage ranging from Puget Sound to Europe via the canal is expected to be cut down to thirty-five days, instead of occupying from sixty-five to seventy-five days as at present around by the Straits of Magellan.

* * *

Duluth car inspection: Wheat—No. 1 northern, 4; No. 2 northern, 3; No. 3, 2; no grade, 1; durum, 8; winter, 1; mixed, 3; total wheat, 22; last year, 41; flax, 5; last year, 6; total of all grains, 27, last year, 55; on track, 20.

DULUTH. MINNEAPOLIS.

MINNEAPOLIS MARKET.

Fair Cash Demand Fails to Hold Up Prices of Wheat.

Minneapolis, Minn., April 16—In spite of a fair cash demand wheat prices opened fractionally lower in the local market today and continued dull during the forenoon. Receipts were somewhat heavier than for the past two days. Reports from the Northwestern states indicate that seeding of spring wheat is progressing rapidly and will be practically completed within a week.

Wheat—May opened 88⅞@89c, high 89c, low 88½c, closed 88⅝c. July opened 90¼@90⅜c, high 90½c, low 89⅞@90c, closed 90@90⅛c asked. Cash—No. 1 hard, 93⅛@95⅝c; No. 1 northern, 90⅝@92⅝c; to arrive, 90⅝@91⅝c; choice to arrive, 92¼c; No. 2 northern, 88⅛@90⅛c; to arrive, 89⅛@90⅛c; No. 3 wheat 85⅝@87⅝c.

Flax, $1.51⅝@1.53¾.

today. Prices unchanged. Shipments, 62,345 barrels.

Barley, 42½@56c. Rye, 55½@57c. Bran, unchanged.

CHICAGO MARKET.

Wheat Is Weaker on Low Cables and Rain Prospect.

Chicago, April 16. — Disappointing cables and the prospect of rain northwest had a weakening effect today on wheat. Predictions that Russia would ship more freely from now on acted also against the bulls. In addition, the best opinions regarding the domestic winter crop continued to be highly favorable. Opening prices were ¼@⅜c lower. A moderate rally ensued, but was not of a lasting sort.

Reports of the presence of Tessian fly seemed to be on the increase, but made no impression in the pit. The close was weak at ⅜@½c to 1c net decline.

Corn suffered from free selling and from lack of support. The West reported that the cash demand was not flattering. Prices, which started ⅛c to ⅝@¾c lower, underwent a further decline.

Covering yesterday on the part of the shorts left the market in a weak position. Many stop loss orders were reached the close was heavy, ¾c to1⅝@1¾c under last night.

Rapid progress of seeding tended to pull down the oats market. The sag, however, was soon checked by scattered resting orders to buy.

Provisions went down grade with hogs. "First sales were a shade to 20c lower. Later transactions, though, averaged somewhat better.

Wheat—No. 2 red, 94¼@95c; No. 3 red, 92½@93½c; No. 2 hard, 92½@92⅞c; No. 3 hard, 91½@91⅞c; No. 2 northern, 94½@95½c; No. 3 northern, 93½@94½c; No. 2 spring, 94@95c; No. 3 spring, 93@94c.

Corn—No. 2, 68@69½c; No. 3, 67@68¾c; No. 3 yellow, 67@67¾c.

Oats—No. 2 white, 40c; No. 3 white, 38@38½c; standard, 39@39¼c.

Range of prices:

Wheat—	Open.	High.	Low.	Close.

LOSSES ARE RECOVERED

Stocks Close Strong After Many Early Declines Are Regained.

Bear Selling Stops on the More Pacific Mexican News.

New York, April 16.—Bearish sentiment predominated today, despite early indications of underlying firmness. Softness of various issues encouraged traders to put out stocks more generally and after the downward movement was fairly under way, some of the lowest prices of the year were recorded.

The market missed the support which came from intermittent covering of the shorts. Particular heaviness appeared in Union Pacific and Lehigh Valley. Discouraging news of trade conditions and uncertainty over the Mexican crisis gave impetus to the selling movement. Bonds were easy.

Large blocks of Steel, Amalgamated and Reading were unloaded at the opening today. These offerings were absorbed with only slight recessions in prices, and although the general level was lower, the undertone was fairly good. Union Pacific made a new low record for the present decline at 154⅝.

Stocks were liberally supplied when a few of the leaders had advanced half a point and the whole list reacted. Union Pacific, Reading and Lehigh were particularly heavy, selling at the lowest figures of the present downward movement.

The whole market was shaken when unrestrained liquidation of New York Central broke it to 86⅝, the lowest figure in more than twenty years. Active selling was general all around the room with prices falling 1 to 2 points under yesterday's finals.

Bear selling stopped and a better tendency was imparted to the list by the announcement that Mexico would probably comply with the demands of this country. Prices hardened ½ point to a point. Speculation became dull on the rally.

The market closed strong. The upward movement continued in a spasmodic fashion with Canadian Pacific and the metal shares making the most headway. Full recoveries were made in many instances.

SEEKING SUPPORT FOR FEDERAL INSPECTION

Congressman-at-Large James Manahan was in the city yesterday trying to work up support for the proposed legislation for Federal grain inspection, but as to how much support he got outside of the grain inspection bureau of Wisconsin, some of whose members were here to confer with him, is doubtful.

It was reported in this morning's paper that O. P. B. Jacobson, the newly appointed member of the Minnesota railroad and warehouse commission, held a conference with Mr. Manahan. This Mr. Jacobson, who is in the city on business, denies. He declares that he is thoroughly against Federal inspection and favors the present Minnesota system, and that any conversation he had with Mr. Manahan was in the nature of an argument rather than a conference.

There are 30,000 unemployed building trade workers in Milan, Italy.

New Mining Sensation
—ON THE—
Cuyuna Iron Range
The iron property of Ver-Mes-Cuyuna Mining & Development company is situated in the very heart of the Cuyuna iron range. A year's drilling has proved up a large body of ore. The over-burden is the lightest yet encountered on the range. Mining will be cheap. The location is ideal and there are no transportation problems.
Results already secured at this mine fully warrant and demand further development work. To strengthen the company's treasury for that purpose, 25,000 shares of stock are offered for subscription at par, $1.00 a share.
This is the first stock offered the public since the company's organization was completed. It is a rare chance. Investigation is invited. Get some of this offering before it is all taken. Prospectus and any information desired on request.

Why Not Buy This Six-Room Bungalow

for a reasonable cash payment and $33.50 per month? Six rooms, built in 1912; complete and modern, with a fine yard. No. 5715 Glenwood Street, Lakeside.

John A. Stephenson & Co.
232 West First Street.

If Your Money Is Not Earning 10 Per Cent, Invest in the Following Five Houses:

Owing to the closing up of an estate five good houses, located on two corner lots, very central, are offered much below value; the land alone is worth from $3,000 to $3,500. Every house has eight large rooms, very well lighted; stone foundation, furnace heat, cement floor in the cellars, fireplace, bath, wash basin.

Only $3,000 to $4,000 cash required to handle this. Let us give you further particulars regarding terms and price.

L. A. LARSEN CO.
213-14-15 Providence Bldg.

..OWN.. YOUR OWN HOME

$3,500 buys nice 8-room house, near Tenth avenue east; worth investigating. 2-11

THE HERALD IS DULUTH'S GREAT WANT AD MEDIUM

LEGAL NOTICES.

NOTICE FOR BIDS—
Sealed bids will be received by the Board of Education of the Independent School District of Virginia, Minnesota, up until 2 P. M. April 22nd, 1914, for the erection of a two-story fireproof school building. Plans and specifications can be seen at the Builders' exchange in Minneapolis and Duluth, Minnesota, and can be obtained from the Architects, Bray & Nystrom, 1200 Fidelity Building, Duluth, Minnesota, upon payment of $15.00. This amount will be refunded when plans and specifications are returned in good condition. Separate bids will be received for the entire building complete or in part as follows:
1. General Construction.
2. Heating and ventilating.
3. Electrical Work.
4. Plumbing.
5. Vacuum Cleaning System.

Each bid must be accompanied by a certified check for 5 per cent of the amount of the bid and made payable to Andrew Hawkinson, Treasurer of the Independent School District of Virginia. Said check to be forfeited if contractor fails to enter into a contract with the said board within five (5) days after the receipt of notice of acceptance of bid. All bids to be addressed to R. J. McGhee, Clerk, Virginia, Minnesota, and marked "Bid for School Building."

The Board reserves the right to reject any or all bids.

Bids are to be opened at 8:00 P. M. April 22nd, 1914.

Dated April 8th, 1914.
R. J. McGHEE,
Clerk, Board of Education.
D. H., April 13, 14, 15, 16 and 17, 1914.

CERTIFICATE OF AMENDMENT —OF— ARTICLES OF INCORPORATION —OF— HELMER EXPLORATION COMPANY.

State of Minnesota, County of Crow Wing—ss.

We, T. P. Cory, as President, and E. A. Lamb, as Secretary of the Helmer Exploration Company, a corporation organized under the laws of the State of Minnesota, do hereby certify that at a meeting of the stockholders of the Helmer Exploration Company duly held at the office of the corporation in Deerwood, Crow Wing County, Minnesota, on the 6th day of April, A. D. 1914, all of said stockholders being present and voting at said meeting, the following resolutions were adopted by the unanimous vote of all the stockholders and issued shares of said corporation:

"Resolved (1), That Article 1 of the original Certificate of Incorporation of the Helmer Exploration Company be amended by substituting the words 'Seafield Exploration Company' for the words 'Helmer Exploration Company' wherever said words 'Helmer Exploration Company' appear in said Article 1, thus providing that the name of said corporation shall be the 'Seafield Exploration Company' instead of 'Helmer Exploration Company,' as heretofore.

"Resolved (2), That the President and the Secretary of the Corporation be, and they hereby are, authorized and directed to make, execute and acknowledge a certificate, under the corporate seal of the corporation, embracing this and the foregoing resolution, and to cause such certificate to be filed, recorded and published in the manner required by law."

IN WITNESS WHEREOF, We, the undersigned, have, pursuant to the foregoing authorization, hereunto subscribed our names as aforesaid and caused the corporate seal of said corporation to be hereunto affixed this 6th day of April, A. D. 1914.

T. P. CORY,
President.
E. A. LAMB,
Secretary.

(Corporate Seal, The Helmer Exploration Company.)
Signed, Sealed and Delivered
In Presence of:
H. E. PETERSON.
AGNES I. LAMB.

State of Minnesota, County of Crow Wing—ss.

T. P. Cory and E. A. Lamb, being first duly sworn on oath, depose and say:

That they are the President and the Secretary respectively of the Helmer Exploration Company, the corporation named in the foregoing certificate; that the said certificate by them subscribed contains a true statement of the action of the stockholders of said corporation at a meeting of said stockholders duly held at Deerwood, County of Crow Wing, State of Minnesota, April 6th, 1914, as set forth in said certificate; that each and every statement contained in said certificate is true, and is made by direction of the Helmer Exploration Company and its stockholders; that the seal affixed to said certificate is the corporate seal of said corporation; that said certificate is executed in behalf of said corporation by its express authority and by authority of its Board of Directors, and they acknowledge the same to be the free act and deed of said corporation.

T. P. CORY.
E. A. LAMB.

Subscribed and sworn to before me this 6th day of April, 1914.
H. J. ERNSTER,
Notary Public.
Crow Wing County, Minnesota.
(Notarial Seal, Crow Wing County, Minnesota.)
My commission expires May 11, 1917.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 9th day of April, A. D. 1914, at 9 o'clock A. M., and was duly recorded in Book Y-3 of Incorporations, on page 356.

JULIUS A. SCHMAHL, E.
Secretary of State.

ORDER OF HEARING ON PETITION FOR DETERMINATION OF DESCENT OF LAND—
State of Minnesota,
County of St. Louis—ss.
In Probate Court. In the Matter of the Estate of Ethel M. Crosby, Decedent.

The petition of Northern Hardware Company having been filed in this Court, representing, among other things, that the above named decedent died more than five years prior to the filing of said petition, and that no Will of decedent has been proved nor administration granted on her estate in this State; that said petitioner has, and claims to have, an interest in certain real estate of decedent lying and being in the County of St. Louis, State of Minnesota, described in said petition, and praying that the descent of said real estate be determined by this Court, and the same assigned to the persons thereunto entitled. It is ordered, That said petition be heard before this Court, at the Probate Court Rooms in the Court House, in the City of Duluth, in said County, on Monday, the 27th day of April, 1914, at ten o'clock A. M., and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this order be served by publication in The Duluth Herald, according to law, and by mailing a copy of this order to each heir and interested party at least fourteen days before the said date of hearing.

Dated at Duluth, Minn., April 1, 1914.
By the Court,
S. W. GILPIN, Judge of Probate.
Attest: A. R. MORTON,
Clerk of Probate.
Seal, Probate Court, St. Louis Co., Minn.
LATHERS & HAAG,
Attorneys for Petitioner.

AUTOS & MOTORCYCLES.

98 PER CENT OF AUTO BUYERS READ THE DULUTH HERALD.

The names in which automobile licenses were issued have been checked with The Duluth Herald's subscription lists and it was found that 98 out of every 100 people who buy cars read The Duluth Herald.

If you have a car for sale or trade, offer it in this automobile column and you will reach practically every one who will buy.

HIGH-PRICED CARS REBUILT.

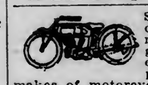

We have two of them, and believe them to be better bargains than the average new ones selling for the same money. Look these two cars over if you want a good family car, or a car for livery purposes, one you know will stand up under hard service. The first is:

A Lozier 7-passenger Type 1, fully equipped with Presto tank, Klaxon horn, speedometer, extra tire, etc. This is the $5,000 chassis, the model made famous by Ralph Medford in his sensational record-breaking races two and three years ago. It's an exceptional buy at $1,800. Come in and make us an offer.

One 1912 Oldsmobile, fore doors, fully equipped, has been driven but little; looks good, acts better, and is a snap at $1,200. Come in and look this over.

F. E. MURPHY AUTO CO.,
311 East Superior St.

FURNISHING BETTER SERVICE ON automobile and wagon repairing and painting is increasing our business daily. We make a specialty of Swedish Steel Automobile Springs, new leafs or complete springs, Foredoors Business wagons, Commercial auto truck bodies for any car. Prompt attention given out-of-town orders. Write for our "Share-Expense-Plan." "Dimco," 22-24 East Michigan street, Duluth.

Second-hand motorcycles; 2 good used machines at big bargains. We carry accessories and supplies and repair all makes of motorcycles. Motorcycle Repair Shop, rear 312 West First street.

DULUTH AUTO RADIATOR AND Lamp Repair Works, Joe' Gertner, proprietor. We repair burnt, frozen and wrecked radiators; also auto fenders and bodies straightened; work guaranteed. 328 E. Sup. st. Mel. 778.

FREDERIC W. NEWMAN, SUCCESSOR to the Duluth Auto Supply Co., tire repairing experts, has exclusive agency for the Republic and Diamond tires, also Stewart-Werner Speedometer Service station. 412 E. Sup. st.

Duluth Auto Tire Repair company. We carry a complete stock of tires and sundries. Our vulcanizing guaranteed. 313 E. Sup. St. Both phones.

FOR SALE—A COUPE BODY, VERY cheap if taken at once. Address T 569, Herald.

FOR SALE—SIXTY-HORSE POWER Kissell, six-cylinder, six-passenger, a snap. Address D 568, Herald.

FOR SALE — BRAND NEW SINGLE cylinder motorcycle, $150 cash, or payments. Lake Hardware company.

FOR SALE—BICYCLE MOTOR ATtachment, $25; nearly new. 5127 Dodge street or Lakeside 247-L.

FOR SALE—ONE HALF-TON TRUCK in first-class condition. Inquire Zenith Broom factory.

MONEY TO LOAN.

WHEN YOU WANT TO BORROW $10 OR MORE ON FURNITURE, PIANOS, ETC.,

you naturally want it quickly, confidentially and at the most reasonable cost. You want to feel that you are dealing with a company who will consider your interests, give you every advantage and extend the utmost courtesy and consideration at all times.

LOST AND FOUND

FOUND—IT HAS BEEN RUMORED that Cameron-Johnson-Horgan, the furniture distributers, "are going off the map." This is not true. Our only object of emptying our present salesroom and wareroom at this time is to wipe the slate clean, to enable us to open our greater salesrooms shortly after May 1 with a much larger assortment of better made furniture, rugs, Buck's steel ranges, etc., for the home, which are being prepared for us by the world's best manufacturers of home furnishings. Right now you can pluck many gems from our stock and yet save 35 to 40 per cent; besides you can pay the bill later. Cameron-Johnson-Horgan, Factory Distributers, 2110-2112 West Superior street.

LOST — BROWN FUR SCARF BEtween Twenty-first avenue west and Second street and Star theater, Monday evening. 214 Nineteenth avenue west. Reward.

LOST—ON THIRTY-NINTH AVENUE west car, 10 a. m. Sunday, lady's knit bead pocketbook. Please return to Herald office.

LOST — SMALL BLACK PURSE, SATurday night, between Lake avenue and Sixth avenue east on Fifth street. Return to Herald office. Reward.

LOST — POCKETBOOK, BROWN leather, on Michigan or Superior street between Fourth and Sixth avenue west. Finder please return to Herald. Reward.

LOST — A BROWN GLOVE, LINED. Updegraff make. Please call either phone. 2210.

LOST—MOTORCYCLE SEAT ON WEST Third street. Call L. E. Ostlund, Wolvin Exchange 88; reward.

HUERTA SEEKS TO MODIFY TERMS OF SALUTE; PROMPT REFUSAL IS SENT FROM WASHINGTON

MAN AND WOMAN ARE MURDERED AND BODIES BURNED AT GEDDES, S. D.

Charred Remains, With Feet Wired Together, Found in Ruins.

W. H. Menzie and Blanche Signal, Bookkeeper, the Victims.

Crime Is Discovered After Lumber Office Fire Is Put Out.

Geddes, S. D., April 17.—What appears to have been a double murder was disclosed here today when the bodies of W. H. Menzie, manager of the Farmers' Lumber yard here, which was burned last night, and his bookkeeper, Miss Blanche Signal, were found in the debris of the burned lumber office, lying side by side, faces downward. Both bodies were badly charred.

The feet of Miss Signal were tied with a wire and her hands were wired behind her. Her skull had been crushed with a clawhammer, which was found nearby.

Feet Wired Together.

Mr. Menzie's feet also were wired together, and a wire was found on one wrist. His skull also had been fractured.

The coroner's jury will probably not reach a verdict before sometime tomorrow.

There is no clew, and no known motive for the murder has been discovered.

Mr. Menzie and Miss Signal were last seen alive when they went to the office about 8:30 last night to do some extra work. Miss Signal had agreed to meet her mother at 9 o'clock, and they had planned to attend a dance.

The fire was discovered about 11:30. It had started just back of the office. The fire had gained such headway before the fire department arrived that nothing could be saved.

HORSE WILL NOT PUT HOOF ON DEAD OWNER

Stands on Three Legs for Hours Before Found.

Owego, N. Y., April 17.—An instance of the intelligence and fidelity of a horse came to light today when the body of Frank Hannon was found face downward in a brook near here. A blanket was so wrapped about him that he had been unable to save himself after falling.

Over Hannon stood his team, one of the animals having remained for many hours without being able to place one of its feet to the ground, as Hannon's body was under the hoof and the horses were unable to move freely in the tangled harness.

FIFTEEN IN COXEY'S ARMY

Number Dwindles From 200 Who Started on March.

Privates Sleep on Canton Benches and General in Hotel Bed.

Canton, Ohio, April 17.—Fifteen marchers made up the rank and file of "General" Jacob S. Coxey's "army" of unemployed when it fell into line at 9 o'clock this morning and set out for the village of Osnaburg, six miles away. A large crowd saw the "general's" aides assemble the "army" from the Socialist hall and from nearby saloons to make the start today on the second leg of the pilgrimage to Washington.

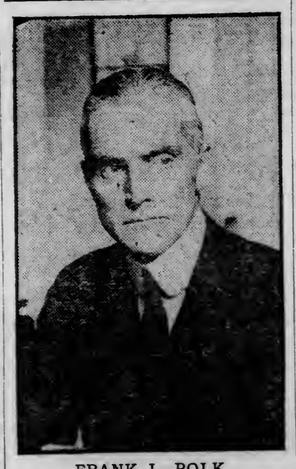

A corps of five fifers, organized by "Lieut." Paul Anderson, was near the head of the procession this morning and provided music at intervals. Eleven-year-old David Coxey, the "general's" son and courier of the "army," headed the line of march, riding his pony.

Chaplain Takes Car.

At the last minute the "army" chaplain, Rev. Harry L. Wilson of Rockdale, Pa., decided not to march to Osnaburg, but told the "general" he would take an interurban car and meet him in Alliance tonight. None of the sixty or more high school boys

(Continued on page 8, first column.)

WOUNDED BY BULLET MEANT FOR HIS CHIEF

FRANK L. POLK, Corporation Counsel for the City of New York.

BILLARD MEN CHANGE MIND

Criminal Indictments Persuade Them to Tell of Financiering.

Commerce Commission Is Assured Witnesses Will Talk.

Washington, April 17.—All the recalcitrant witnesses in the interstate commerce commission's inquiry into the financial operations of the Billard company with the New York, New Haven & Hartford railroad have agreed to testify fully concerning the facts in their posession, and to produce the books and papers of the Billard company.

Chief Counsel Joseph W. Folk of the commission today received from Homer S. Cummings, attorney for two of the witnesses, Hemmingway and Morehouse, a telegram saying that his clients would respond to questions.

Another telegram from Henry Stoddard, representing Whipple and Field, gave assurance that his clients not only would testify concerning the matters to which a week ago they refused to answer, but also would produce books and other documents of the Billard company desired by the commission.

Avoid Criminal Charges.

Confronted by indictment and criminal prosecution for their refusal to

(Continued on page 8, third column.)

NEW TRIAL GRANTED TO MRS. WAKEFIELD

Hartford, Conn., April 17.—Ruling that a part of the evidence given by Coroner Mix in her trial should have been excluded, the supreme court finds error in the conviction of Mrs. Bessie J. Wakefield of murder in the first degree, and orders a new trial for the woman.

Mrs. Wakefield was found guilty Oct. 31, 1913. Her trial had followed that of James Plew, who was put to death for the crime on March 4, at the state prison at Wethersfield.

Mrs. Wakefield and Plew were charged with having killed the woman's husband at the Wakefield home in Bristol. Plew, a farm hand, was a frequent caller at the Wakefield home. The evidence indicated that Plew, on one of his visits, started a dispute with Wakefield, according to a plan that had been arranged by himself and the wife, and Plew and the woman chloroformed Wakefield. Plew then took the man several miles into the woods north of Cheshire and killed him, according to the testimony.

Women's organizations have made a strong fight to save Mrs. Wakefield from the gallows.

2,000 BANDITS ARE KILLED OR WOUNDED.

Pekin, April 17.—"White Wolf," the notorious brigand lost 2,000 of his followers in killed and wounded in yesterday's battle at Li Chuan Hsien, according to the official report. The crushing defeat of the brigands occurred after they had captured and looted the town of San Yuan Hsien.

AGED MAN TRIES TO ASSASSINATE MAYOR MITCHEL; MISSES AIM

Wounds Corporation Counsel Polk at New York City Hall.

Prisoner Shows Signs of Insanity--Refuses to Explain Act.

New York, April 17.—An assassin's bullett, aimed at Mayor Mitchel as he was leaving the city hall in an automobile today for luncheon, missed its mark, but badly wounded Frank Polk, corporation counsel. The man who fired the shot was overpowered. His name is David Rose, his age nearly 70, and he gave evidence of being mentally unbalanced.

The bullet crashed through Mr. Polk's jaw, knocking out nearly all his front teeth and inflicting a serious though not necessarily fatal wound. He was assisted into the city hall, then removed to a hospital.

"Mr. Polk was hit by the bullet, but the bullet undoubtedly was intended for me," was the mayor's comment.

Had Tried to See Mayor.

Attaches at the city hall said that Rose had called to see the mayor several times lately, but because of his queer actions had not been permitted to see him.

While an ambulance surgeon was dressing Mr. Polk's wound, Rose was questioned by the mayor and a score of detectives. He refused to answer

ELEVEN DIE IN NEW YORK FIRE

Apartment House Burns and Flames Choke the Stairways.

Some Sensational Rescues Are Made By the Firemen.

New York, April 17.—A fire that swept through a five-story apartment house at 741 Eighth avenue early today claimed ten victims and resulted in the serious injury of four others, one of whom, a woman, died later.

Only four of the ten bodies taken from a theatrical boarding house that occupied half of the building could be identified, the others being charred beyond recognition. The identified dead are:

WILLIAM WALLACE, 46 years old.
MRS. NELLIE WALLACE, his wife.
MRS. NELLIE SPENCER, a cloak model.
MURIEL DAVIS, 3 years old.
MRS. GEORGE C. DAVIS, died in hospital.

The injured include Joseph Messer, Martin Welsh and Charles Burke.

Fire Shut Off Stairways.

The fire started in a pile of waste

SHOOTS WIFE FOR NOT AIDING IN DIVORCE

Ohioan Gets Angry When She Refuses to Share Expense.

Bellaire, Ohio, April 17.—Angry because his wife refused to pay half the costs of a divorce action he had instituted against her, John Luggi early today shot her four times, inflicting probably fatal wounds. He then killed himself. Two of their young children witnessed the tragedy.

MILLER VOTES FOR 20-CENT MILEAGE

Six Minnesotans Would Change to Actual Expense Payment.

From The Herald Washington Bureau.

Washington, April 17.—Representatives Miller, Davis and Stevens today voted to continue the present rate of 20 cents per mile each way for members of congress to meet their expenses in traveling to and from Washington. Representatives Anderson, Hammond, Smith, Lindbergh, Voistead and Steenerson voted for the payment of actual traveling expenses for members and their immediate families. James Manahan, congressman-at-large, was absent.

BACKED UP BY WILSON IN DEMAND ON HUERTA

REAR ADMIRAL HENRY T. MAYO,

who made the original demand that the Mexicans salute the Stars and Stripes, is a native of Vermont and 57 years old. He is a graduate of the naval academy. In the Spanish-American war he commanded the Maryland. He was in command of the Mare Island navy yard for a time and recently was personal aide to Secretary Daniels.

TAKES POISON ON HIS WIFE'S GRAVE

Minneapolis Man Then Calls for Help, But Dies of Dose.

Sparta, Wis., April 17.—Floyd Miller of Minneapolis, a painting contractor, committed suicide today in the Lutheran cemetery here on the grave of his wife. He drank whisky containing poison, then he called for help, but a physician who responded, was unable to save him and he died in a few hours. Miller was devoted to his wife, to whom he was married a year ago and who died a few weeks since.

SAWDUST FOUND IN BOSTON SAUSAGES.

Boston, Mass., April 17.—Sawdust formed part of the filling of sausages offered for sale by a merchant here, according to a court finding today. Sentence was deferred.

CABINET SUPPORTS PRESIDENT'S POLICY

Individual Members Favor Action By United States to Prevent Further Parleying.

Nothing More Than Customary Courtesy in Such Cases Will Be Conceded By United States.

ROJAS PREDICTS EARLY END TO SALUTE CONTROVERSY

Mexico City, April 17.—Jose Lopez Portillo y Rojas, Mexican foreign minister, said at noon today he believed the controversy between the United States and Mexico would be adjusted before tonight.

Washington, April 17.—Huerta's latest equivocation over an apology to the flag of the United States has been met with an unqualified demand for a salute of twenty-one guns, as originally asked by Rear Admiral Mayo at Tampico. The American warships will return it according to international custom.

This word went forward to Mexico City today, after President Wilson and the cabinet had discussed Huerta's latest proposal that the salute be a simultaneous one, and that he be assured that the American ships will return his gun fire.

President Wilson and his advisers considered Huerta's answer given in dispatches from Charge O'Shaughnessy, and Secretary Bryan left the cabinet meeting to send his reply. It was brief and final.

"We intend to have the salute," said Secretary Daniels as he left the White House. Other officials reiterated the intention of the American government to have no more temporizing, but a complete apology for indignities to the flag.

The text of Charge O'Shaughnessy's dispatches was not made public, but it was made known that Huerta's latest proposal was that as his guns fired their salute to the Stars and Stripes as an apology for continued affronts to the United States, particularly the recent arrest of bluejackets at Tampico, the guns of the American fleet should reply to the Mexican salute gun for gun.

Will Stick to Precedent.

Officials here were ready to acknowledge Huerta's salute of twenty-one guns after it had been finished, with a return salute such as is prescribed in naval custom and precedent. That would merely be acknowledging an amende honorable, they say. But to return Huerta's salute gun for gun, they pointed out, would make the apology valueless.

Officials described Huerta's latest move as an act to preserve his own dignity before the Mexicans of that part of the country under his control.

While Secretary Bryan, when he took the latest dispatches before the president, said the situation was "encouraging but not finished," and White House officials said the details remaining in dispute did not affect the "heart of the matter," it developed that Huerta's counter-proposition for a simultaneous salute was regarded as another play for time.

All the latest dispatches were laid before the cabinet. Practically all the members of the official family were said to be agreed that there should be no further temporizing.

When the cabinet meeting adjourned Secretary Bryan still described the negotiations as "encouraging," but not final.

"I have received one message from Charge O'Shaughnessy and have sent one in reply," he said.

Replied to Huerta.

Secretary Bryan left the cabinet while it still was in session to go to the state department and send some dispatches. He was silent as to their

(Continued on page 8, third column.)

TWO MOTHERS CLAIM "KIDNAPED" BOY

Opelousas, La., April 17.—Scores of women were waiting today at the doors of the St. Landry parish courthouse, where the state will attempt to forge the last link in its chain of evidence against W. C. Walters, on trial on the charge of kidnaping Robert Dunbar, 5 years old and claimed by two women as their son.

Walters, an itinerant, several months ago was arrested in Mississippi with the boy in his possession. Mr. and Mrs. C. P. Dunbar of Opelousas identified him as their son, who had disappeared in 1912. Later Julia Anderson of North Calorina claimed him as her offspring, and said that she had given him into Walters' possession.

Among the witnesses called by the state is a Bertillon expert of the New Orleans police department, who is expected to assist in unraveling by scientific methods the dual identification mystery.

Curious spectators daily crowd the courthouse, a majority of them women, who are permitted to sit within the bar and upon the rostrum.

EIGHTY JUMP FROM FIRE IN MINNEAPOLIS

Several Injured, None Seriously, at Lumber Mill Blaze.

Minneapolis, Minn., April 17.—(Special to The Herald.)—Eighty men saved their lives by jumping through the windows when trapped by fire in the sawmill of the North Land Pine company here today. Several were injured, but none seriously. Some of the men, who stopped to see that the machinery was shut down, were badly burned. The property loss has not been determined.

SCOUR MICHIGAN WOODS FOR THIEVES

Escanaba, Mich., April 17.—Bandits in this section who have committed several robberies of late, including the Soo line depots at North Escanaba, Schaeffer and Gladstone, are today being sought in the woods near Schaeffer.

The chief of police of Gladstone was shot in the hip by the bandits late last night.

Today a Soo line detective named Hicks shot himself in the foot when he fell over a log.

FIND $75,000 MORE TAXES FOR STATE

From The Herald Washington Bureau.

Washington, April 17.—Attorney General Lyndon A. Smith and Assistant Attorney General W. J. Stevenson are in Washington on their way to New York in quest of inheritance taxes due the state of Minnesota. In Chicago they discovered that there were several estates that owed Minnesota an inheritance tax estimated by Mr. Smith at an aggregate of $75,000.

THE DAY IN CONGRESS

SENATE.

Canals committee continued hearings on repeal of Panama tolls exemption and decided to call Col. Goethals.

Senator Gore introduced bill to compel interstate railroads to establish joint through passenger fares not to exceed sum of locals.

Senator Sheppard introduced resolution to have interstate commerce commission investigate relations between railroads and coastwise ships.

HOUSE.

Private claims bill considered.

POLITICAL ARBOR DAY IN MINNESOTA.

West End

GARDEN COMMITTEE WILL HOLD MEETING

Between 800 and 900 Pupils of West End Are in Contest.

A meeting of the garden committee of the West End Commercial club will be held tomorrow evening, according to James Maghan, chairman of the committee. It is expected that the school committees will attend this meeting, and plans will be made to have seeds distributed as well as to keep a record of those entered.

Mr. Maghan said that he had reports that between 800 and 900 children from the West end schools, all of whom were under 15 years of age, had already entered their names in the contest. Seven varieties of vegetables have been chosen for the children to raise and each may choose any three of these.

"We are hoping that every home will have a garden this year," said Mr. Maghan. "Whether it be a vegetable garden, flower garden or a pretty lawn, we do not care, but we intend to encourage all three. The idea is to make this end of the city one of the prettiest and most home-like of any part of the city."

CARLOAD OF FISH FRY DISTRIBUTED

Suburban Streams Will Soon Be Mecca for Trout Fishermen.

Fifteen rigs including automobiles, delivery wagons and buggies were pressed into service yesterday in the West end in distributing 300 cans of trout fry to the various nearby streams. The fry was deposited in Miller's creek, Keene's creek, Rock Run, Chester creek and Lester river.

The carload of fish fry arrived Wednesday consigned to James Maghan. Mr. Maghan was assisted in distributing the fry by rigs of the Scott-Graff Lumber company, Enger & Olson, Johnson & Peterson, the West End livery, Charles Mork, Johnson & Co., and a number of others.

"We intend doing all we can to prevent the destruction of the young fish," said Mr. Maghan. "There has been a practice by small boys living in the vicinity of the creeks to go in swimming, catching the small fish and throwing them out. When such practices are discovered we shall attempt the prosecution of either the children or their parents. Game wardens have been requested to keep close watch for these youngsters. The boys in past years have destroyed in this manner a large number of young fish, and but for that practice Miller's creek would today be a good stream to fish in."

WOULD DUMP ON RAILROAD STREET

Club Urges Use of Material From Superior Street for Filling.

The West End Commercial club at its meeting last night recommended that the city at once take possession of Railroad street and use it as the dumping ground for material removed from Superior street while the latter is in the course of being paved this summer. Members of the club averred that this seemed to be the only course to take in getting Railroad street again in use for the public.

Considerable material, it was said, would be required to fill in various places along Railroad street between Garfield avenue and the Soo Line dock.

A little opposition to the repaving of Superior street developed. Charles Hoar, former alderman of the Sixth ward, was the only member to voice this opposition. He said that he did not think it just for the city to repave the street and to charge the amount against the property. He said that in view of the fact that it was only six years since a paving was laid on the street that the city should stand the entire cost. He asked members of the club to consider the matter in that light, but none of those present would agree with him.

PRESENTED WITH CHAIRS

Rev. and Mrs. Daniels Pleasantly Surprised By Congregation.

Rev. John J. Daniels, pastor of the Swedish Mission church, Twenty-first avenue west and Second street, and Mrs. Daniels were pleasantly surprised by members of the congregation last evening. The affair was held in the parlors of the church.

On behalf of the congregation Fred W. Erickson, an elder of the church, presented Rev. and Mrs. Daniels with two handsome upholstered chairs. A musical program and a number of short talks were given. Refreshments were served at the close of the program.

Church to Give Play.

Staid pillars of the church and prominent members of the Allen Bible class of the Grace Methodist church will "cut capers" this evening in amateur theatricals when the class presents "At the Union Depot" at the Columbia hall, Twentieth avenue west and Superior street. The play is a comedy dealing with the departure of a "rube" from his home town.

James W. Preston will hold the center of the stage in the part of ticket agent. Other prominent members of the church taking part will be: Joseph W. Cumming, J. W. Selner, C. Haskins, George Sullivan, O. C. Stenberg, J. S. Fowler, A. Congy, Abner Swan, George Barnes, E. W. Lund, Mrs. J. W. Selner, Mrs. David Adams, Mrs. Clarence Kelley, Mrs. J. W. Allen, Mrs. George King, Frank Dardis, E. G. Pash, Mrs. E. W. Lund, Mrs. J. S. Fowler, Miss Jessie Lewis, Miss Hazel Selseth, Miss Ida Leonard, Miss Hazel Moir, Miss Lillian Doble, Miss Lennette Germroths, Miss Helen Anderson, Miss Gladys Shaw, Miss E. Nelson, Miss Margaret Gorman, George Donaghy, Alton Anderson, Walter Nelson, Miss Hettler and Mr. Bryant.

The play will begin at 8:15 o'clock. The cast has been holding numerous rehearsals during the last two months and Wednesday night held a dress rehearsal in the church.

West End Briefs.

Miss Mildred St. Germain and Charles Spinard were married Wednesday afternoon at the parsonage of the St. Peter's Episcopal church, Rev. W. E. Harmann, read the service. Mr. and Mrs. Spinard will reside in the West end.

Mrs. Adolph Olson, 429 North Twenty-sixth avenue west, will entertain the Rebekah Guild of St. Peter's Episcopal church at her home Thursday afternoon.

The Ladies' Aid Society of the First Norwegian Danish M. E. church, entertained last evening at a banquet in the parlors of the church in honor of Sunday school workers and members of the choir. A program was given following the supper.

The St. Luke's Guild of St. Peter's Episcopal church, Twenty-eighth avenue west and First street, entertained yesterday afternoon at a "birthday meeting" in the guild room of the church. A musical program was given.

Miss Alice Wendland of Minneapolis has returned home after spending two weeks in the West end visiting relatives.

SAYS OCEAN RATES MUST BE LOWERED

Booth of Cunard Line Makes Statement to Stockholders.

Liverpool, April 17.—Presiding at a meeting of the Cunard Steamship company, Alfred A. Booth, chairman of the board of directors, explained the reasons why a bigger dividend has not been declared. He said that the freight boom had come to an end, and henceforth they must be content with lower rates and a reduction in the quantity of cargo carried.

Further emigration to Canada, and probably to the United States, he believed, would be greatly diminished, while the volume of travel in the North Atlantic would certainly not keep pace with the increased tonnage now available.

GILPIN GOES EAST.

Judge Watkins of Carlton County to Serve in Absence.

S. W. Gilpin, judge of probate, has been called to Newfoundland, Pa., on account of the serious illness of his mother. He left for the East last evening. It is his intention to return about May 1. Francis A. Watkins, probate judge of Carlton county, will take charge of the local probate office during the first three days of each week during Judge Gilpin's absence.

WEATHER—Unsettled tonight and Saturday, with probably rain; moderate to strong northeast breezes.

You Will Remember by the photograph how he looked when he was home. Always preserve the family picture. Group Photos our specialty.

There Are "Established Reasons" Why You Should Always Find the Best at the Oak Hall!

It is our policy to single out from the many makes of Men's Clothing the best. We weighed the merits of them all, not from the standpoint of profit—but of your satisfaction with every feature in workmanship, fit and style. Here you'll find Strouse & Bros. High Art Clothing, Kuppenheimer, Society Brand and Style-plus Clothes—

$17 to $35

Spend a few minutes in our Hat department. It is an education in good taste and economy. All new Spring blocks and colorings, $2 up.

The Men's Furnishing Department is radiant with new Spring Ties, Spring Shirts, New Hose, New Gloves, etc., fully equal to the kinds carried by the exclusive furnishing shops, but a whole lot lower in price—because this section is run in connection with our main lines and the expense is comparatively small.

N. B. Our Shirt sale has been a huge success. Tomorrow is your last chance—better come in.

APPORTIONMENT LAW TEST.

St. Paulite Who Would File Under Old Law to Attack New Act.

St. Paul, Minn., April 17.—Thomas Milligan, who attempted to file yesterday as a candidate for state senator under the old apportionment law, will file a suit attacking the constitutionality of the reapportionment law of 1913. Senators from Southern Minnesota counties that lost representation through the measure are back of the movement, it is understood.

Milligan attempted to file yesterday from the Thirty-fourth district. The Thirty-fourth district is no longer in Ramsey county and Milligan, who lives at 44 Lyton place, lives in what is now the Thirty-eighth. He lives in the eighth precinct of the Ninth ward, one of the two precincts omitted from the reapportionment act in the engrossing.

An attack on the reapportionment law started by T. J. Meighen of Preston is pending in the supreme court.

Janesville After Flies.

Janesville, Wis., April 17.—Janesville's fly swatting campaign has begun. School children have been enlisted in the fight through efforts of the civic league. Ten cents per 100 dead flies will be paid to boys and girls during April. Several hundred ambitious youngsters began swatting early arcivals.

Duluth Chicago Quincy Kansas City

The Leiser Company

24 and 26 West Superior Street, Near First Avenue West.

It Is No Wonder That the Large Majority of the Women of Duluth and Vicinity Are Coming to THE LEISER for Their SUITS, COATS, DRESSES, WAISTS, etc., When They Can Get Such Styles and Values as We Are Giving.

Amusements

TONIGHT'S ATTRACTIONS.

ORPHEUM—Orpheum Road Show.
EMPRESS—Vaudeville.

Amusement Notes.

The city will see next week "The Blue Bird," an unusual play in the contemporary theater and one of the most noted of current pieces. Persons who read the Maeterlinck drama do not need to be informed of "The Blue Bird," but many thousands of people in this busy age are unable to devote time to the text of recent drama, and therefore the personages and the course of "The Blue Bird" in its wonderful flight towards happiness deserve to be dwelt upon. In the words of Lord Dunsany, the Irish poet, and romancer, published recently in the London Saturday Review:

"One takes away from 'The Blue Bird' memories of scenes full of mystery and beauty. In the first scene enters the Fairy Berylune into the woodcutter's cottage in search of the grass that sings, which she can do without at a pinch, and the bird that is blue which she must absolutely have because her little girl wants to be happy. In this scene the souls of the inanimate things dance blithely and the journey of the two children begins in quest of 'The Blue Bird.'

"Not silly musical comedy grotesques are Bread, Sugar, Wtter, Fire, Cat, Dog and the other creatures that accompany the children, but poetic embodiments of the inner spirit of the animal and inanimate world as Maeterlinck sees them. All the under man's dominion. All except the dog hate him, and would grow wild and savage again did the reign of man cease. Breaded wheat would relapse into its natural savage state; Sugar would become the untamed sugar cane again on the banks of the Nile; and the Cat, our insincere companion, would roam undisputed a jungle creature once more over the wastes of human habitation."

For sheer beauty of stage presentation Lord Dunsany and other reviewers can recall no other stage presentation equal to that of the third act and the beautiful blue children in the blue hall of the "Kingdom of Future." "Clouds drive over a troubled sky outside the earthward gate, and a deep red dawn is breaking, amid mournful gusts of music when the ship of Time appears to carry to earth the children to be born." "I will not attempt," says Lord Dunsany, "to describe the staging of this beautiful act. The ship moves from the earthward gateway with the children that are to be born, the song of the mothers arises, coming out to meet them, the dawn widens and blazes, then dies away until nothing is seen in the darkness but the scythe of Time and then nothing at all."

* * *

The Orpheum Road Show will close its engagement in Duluth tomorrow night, after one of the most successful weeks in the history of the Duluth theater. The Road Show has been very popular. "Romeo, the Great," the wonderful trained chimpanzee has been creating much comment. Bert Fitzgibbon has been the comedy hit of the bill, and Claude and Fannie Usher in their one act play "The Straight Path" have been very popular with the audiences all week. The other acts on the bill have been fully up to the best Orpheum standard.

The new bill which will open with the Sunday matinee will have two headlined acts. Miss Willette Whitaker an interpreter of darky folk songs, and who has made a big reputation in vaudeville during the last two or three seasons, will appear. She has just completed a very successful tour of Europe. The other headline act will be offered by Percy Bronson and Winnie Baldwin, who have probably been the most popular "team" on the circuit this season. They are looked upon as one of the "finds" of the vaudeville year, and have come to the front very rapidly.

The Australian Woodchoppers will return next week. The other acts on the bill will be as follows: Smith, Cook and Marie Brandon; "The Millionaires;" Conly and Webb in "The Storm," a musical novelty; Annie Kent, "The Little Jester," and Barrows and Milo, exponents of physical culture.

For the following week Eddie Leonard will be seen in the Duluth theater, and Manager Billings promises some exceptional bills for the remaining weeks of the Orpheum season.

ADDS $500,000 TO AGRICULTURAL BILL

Senate Committee Would Reorganize Department; Votes Out Free Seeds.

Washington, April 17.—Reorganization work of the department of agriculture is proposed in an amendment to the agricultural appropriation bill reported to the senate by the agricultural committee. The committee made a half million-dollar increase in the house bill.

Under the amendment the secretary would be instructed to submit a plan for a complete reorganization of the department, and to prepare his estimates for the fiscal year 1916 along the lines recommended.

The committee struck from the bill the appropriation for congressional distribution of free seeds, over which there is an annual contest. It inserted an item of $100,000 to furnish the primary cotton markets of the South with samples of government cotton standards and of yarns made from standardized cotton.

An item for farmers' co-operative demonstrations and cotton boll weevil study was increased $250,000, with the condition that no contributions for this purpose should be received from any individual or corporation.

If Your Money Is Not Earning 10 Per Cent, Invest in the Following Five Houses:

Owing to the closing up of an estate five good houses, located on two corner lots, very central, are offered much below value; the land alone is worth from $3,000 to $3,500. Every house has eight large rooms, very well lighted; stone foundation, furnace heat, cement floor in the cellars, fireplace, bath, wash basin.

Only $3,000 to $4,000 cash required to handle this. Let us give you further particulars regarding terms and price.

A Ten Dollar Bill Given With Every Suit

This Offer Is Made to Every Man Who Has Decided to Pay $25 for His Spring Suit!

That's some offer fellows! And it's absolutely on the square. I'll make a suit to your measure—from regular $25-$30 pure all wool fabrics in the latest Spring and Summer weaves and colorings—and it will cost you just $15. And if you have been in the habit of paying $25 for your made-to-order clothes—if you think I can't make a suit to equal it at my price, pay me $26. Match the suit I make with those you have been wearing—and when you are satisfied, take the $10 bill from the right hand trousers pocket, and the suit costs you just $15. That's my offer.

Most of you fellows have been buying your clothes like your father bought his. You've looked at a $15 price as a "jinx"—a black eye. You've been following a custom like a bunch of sheep.

But listen to me. I'm a part of the great Glasgow Woolen Mills. My material comes direct from the looms. We figure in car load lots. I sell direct to you—cut out all the middle men—save you these profits which you pay ordinarily—and save you $10. Now that's the reason I can give you real $25 and $30 fabrics for $15. It's plain business. And anybody can see it. However, it's up to you. If you want to throw away $10 it's your funeral. Come in and see me and I'll make you the swellest Spring suit you ever wore for $15. Come in anyway and see the pants I'm making this week for $2.75. They're regular $5, $6 and $7 value. George H. Mills, manager Glasgow Woolen Mills Store, 333 West Superior street. Be sure you get the "Glasgow" Woolen Mills.

Copyright, 1914, by Leon Sigman.

LICENSE NO. 10 MAY GET THE HICKEN AX

Joseph Germ, Bartender of Joseph Scharabon, Is Found Guilty.

With the conviction in police court yesterday afternoon of Joseph Germ, bartender for Joseph Scharabon, 415 West Michigan street, on a charge of having sold liquor to a minor, it is probable Scharabon's liquor license will be revoked by the city commission. Since the new government was established here a year ago, it has been the policy of the commission to revoke a saloon keeper's license for violation of a city ordinance. Should Scharabon's license be taken away, it will be the tenth revocation in the last twelve months.

Germ was arrested Monday morning on a warrant sworn out by Chief Troyer. On Saturday evening Waino Kivisto, 17 years old, was taken into custody on a charge of drunkenness and when brought to headquarters he told the officers that he had purchased liquor in the Scharabon saloon and as a result, the complaint against Germ was made the first thing Monday morning.

Germ pleaded not guilty when arraigned following his arrest Monday, and his trial was set for Wednesday morning, when it was started before Judge Cutting. For two days the trial continued, the defense finally resting late yesterday afternoon. Judge Cutting found Germ guilty and fined him $100 or sixty days in the county jail. On motion of Germ's attorneys, the court granted a stay of thirty days.

Scharabon's license expires on July 1.

SPRING STYLES NOW READY

THE LANPHER HAT

LANPHER

IRON WORKERS LOSE ARBITRATION.

Chicago, April 17—Bridge and Structural Iron Workers' union No. 1, which submitted a question a few weeks ago to arbitration by Federal Judge Landis, have had the decision rendered against them. The Iron Workers struck because laborers were employed on several big buildings here to put steel rods in reinforced concrete construction. Judge Landis examined the agreements between the union and the employers and ruled the laborers might be employed to lay in the steel rods, and directed the Iron Workers to go back to work.

PLAGUE IS UNDER CONTROL IN CUBA.

Havana, April 17.—The bubonic plague is believed to be under control. No new cases developed during the last forty-eight hours, but one suspected case—a Cuban—was transferred to a hospital last evening. Several government departments were closed yesterday so that the buildings might be fumigated.

Alfred McCann's Child Killed.

New York, April 17.—Frances W. McCann, the 12-year-old daughter of Alfred W. McCann, special writer and food investigator, was run down and instantly killed by an automobile delivery truck in front of her home on Washington Heights last night.

WARM PRAISE FOR THE NAVY

Secretary Daniels Among Speakers at Navy League Banquet.

He Lauds Personnel and Defends Abolition of Wine Mess.

New York, April 17.—With Josephus Daniels, secretary of the navy, attending, the Navy League of the United States held its ninth annual banquet last night and heard speakers laud the progress of the navy in its immediate action as shown by the prompt departure of a powerful squadron for Mexican waters at the call of the Washington authorities this week. Col. Robert M. Thompson presided. At the speakers' table, among others, were Capt. Albert Gleaves, commandant of the Brooklyn navy yard; Rear Admiral E. T. Evan, retired; Rear Admiral D. S. Higbee, retired; Dr. Henry S. Drinker, president of Lehigh university, and Rev. John P. Chidwick, chaplain of the battleship Maine, blown up in Havana harbor.

Navy Found Ready.

"Once more the nation in time of stress has called upon the navy," said Col. Thompson in his address, "and as ever, the navy has been found prepared and ready for immediate action, able to do what it is asked to do."

"We do not know what we will be called upon to do, but we are ready."

This, the only statement Rear Admiral Charles J. Badger, commander-in-chief of the Atlantic fleet, had to make as his ships steamed out of Hampton Roads for Mexico, was offered by Secretary Daniels "to be added to the splendid words by American naval heroes."

Mr. Daniels told members of the Navy league that the brevity and comprehensiveness of that statement deserved to rank with those of Dewey at Manila and John Paul Jones in the battle of the Bon Homme Richard and the Serapis.

An appeal for popular support of the navy was voiced by the secretary.

Where There Is Fault.

"There is nothing the matter with our navy," he said. "There is nothing the matter with our discipline; there is nothing the matter with our splendid personnel; there is a great deal the matter with the public viewpoint; there is a great deal the matter with the lack of information on the part of a great portion of our citizens as to the navy.

"It is my firm belief that no definite program of naval construction—by that I mean a program that will not be in jeopardy every time congress assembles—can be laid down until an overwhelming majority of our people become friends of the navy and give somewhat more than a passive support to the navy's proper development."

Mr. Daniels said his pride and admiration of American naval officers and men was stirred and strengthened by John Lind on his return to the United States recently. The secretary remarked that Mr. Lind called to tell him that the officers and men of the navy were the finest body of men he had ever known, and that Rear Admiral Fletcher was "a wise man, of sound judgment; and better than that, he is a patriot, loyal to the core to his country."

Spoke of Wine Mess.

Speaking of his recent order abolishing the wine mess, the secretary said:

"With singular lack of logic, critics who see fit to represent me as a foe to discipline on the one hand, twist this into a case of discipline run mad on the other. Far greater questions than that of discipline lie back of this."

He said there was no body of more temperate, clear-headed men in the world than American naval officers. He asked his hearers whether they would not demand the abolishing of a wine mess in railroad engineers' clubhouses if the railroads should permit such a thing.

"The wreck of a great battleship," said he, "the loss of a critical battle, and the honor of the country may easily hinge on many men in the varied and complex duties which these great masses of intricate machinery called battleships have created."

WILL SEE TWO BIG EXHIBITIONS

Visitors to Norway May Also Attend Baltic Exposition.

Duluthians planning to attend the Norwegian centennial celebration at Christiania, Norway, this summer are also making preparations to attend the Baltic exhibition at Malmo, Sweden, which opens on May 15 and continues until Sept. 15.

Although the Norwegian celebration out-shadows the exposition in Sweden because of its significant feature, yet it is believed, nearly all of those attending the former, will no doubt visit the Baltic exposition during their sojourn abroad. Circulars are constantly being received here describing the preparations for the Malmo gathering and it is expected excursions will be arranged for those in Christiania to attend the show at Malmo sometime during the summer.

The Baltic exposition will be the largest ever held in Sweden and is to be participated in only by the countries bordering the Baltic sea. These are Sweden, Russia, Denmark and Germany, all of which nations have already built large imposing structures at Malmo and have made extensive preparations for representation. Malmo is a city of 100,000 people and was chosen in place of Stockholm, because it is the geographical center of the countries participating.

CATARRH TROUBLE ENDED BY HYOMEI

You Breathe It — No Stomach Dosing—Clears the Head

Surely try Hyomei—nature's remedy for catarrh, head colds, sniffles, or croup of infants—a treatment that not only instantly clears the head and gives prompt and lasting benefit in all cases of catarrhal troubles, but is perfectly harmless and pleasant to use.

When using Hyomei you are treating your catarrh troubles with the natural remedy—no roundabout method, but a direct-to-the-point way. It's folly to doctor catarrh of the breathing organs with stomach medicine; instead, breathe Hyomei. Its curative and antiseptic medication will immediately reach the most remote air cells in the nose, throat and lungs; quickly heal and soothe the raw and inflamed membrane. You feel better at once.

Hyomei has benefited so many sufferers of the worst cases of catarrh, colds in the head, bronchitis, and weak or husky voice, that it is always sold by Boyce drug store under an absolute guarantee to refund the money if it does not do all that is claimed. Ask any druggist for a complete Hyomei outfit, $1.00 size. It contains inhaler and bottle of liquid.

COTTON BUSINESS SHOWS INCREASE

Mills Much Busier Than Year Ago—More Employed.

Cotton mills of the country are now busier than at any time since last October, as shown by official returns of the current consumption of raw material.

The amount of cotton used during March aggregated 493,774 bales as compared with 455,239 bales in February and 462,455 a year ago. There were 31,127,004 spindles in operation last month as compared with 30,575,028 last year, and the number of employes at the mills was increased accordingly. Linters consumed in the month amounted to 24,716 bales against 22,452 in February and 23,118 in March last year.

A good showing was made in exports which reached 695,305 bales in the month of 313,000 more than during the same period last year. For the present season to March 31, exports reached a total of 7,678,666 bales compared with 7,175,601 bales last year.

VERDICT FOR $125 AGAINST THE CITY

Teamster Sues for $5,400 for Injuries When Sleigh Overturns.

A verdict of $125 against the city was returned by a jury in Judge Bert Fesler's division of the district court yesterday afternoon in the personal injury action brought by William M. Casey.

Casey sued for $5,400 for injuries sustained by a fall on First avenue east between Eighth and Ninth streets Jan. 10, 1913. He alleged that he was driving a team attached to a pair of sleighs loaded with coal when he struck an uneven place in the road which overturned his sleigh and dumped his load. He was buried beneath it. The ridge in the street, he claimed, was covered with snow and could not be seen. The city denied responsibility and alleged that Casey had settled the claim for damages with his employers, the Duluth Van & Storage company, during the month of January, 1913, for $15.

Don't Persecute your Bowels

Cut out cathartics and purgatives. They are brutal—harsh—unnecessary. Try

CARTER'S LITTLE LIVER PILLS

Purely vegetable. Act gently on the liver, eliminate bile, and soothe the delicate membrane of the bowel. Cure Constipation, Indigestion, Biliousness, Sick Headache and Indigestion, as millions know.

CITY TO ACQUIRE AN ARMORY SITE

City Attorney Clapp Begins Condemnation Action to Secure Rights.

Condemnation proceedings were formally instituted in district court yesterday afternoon by City Attorney Harvey Clapp to acquire the site for the new armory which will house the Duluth divisions of the Minnesota National Guard and of the naval militia.

The site sought to be condemned by the city, which will bear the expense of acquiring the property, is located on lots 1, 2, 3, 4, 13 and 14, block 4, Banning & Ray's sub-division of Duluth. The real estate is owned by G. Willis Peters in his own right and as trustee.

TORPEDO MAKERS PROPOSE TO APPEAL.

New York, April 17.—The E. W. Bliss company will appeal from the decision of United States Judge Van Vechten Veeder of Brooklyn restraining the sale or promotion of the company's torpedoes to other nations than the United States, according to a statement by Arthur C. Frazer, chief counsel for the Bliss interests.

The secrets, which American naval officers believe give the American government superiority over other nations in the manufacture of torpedoes, are protected, in the opinion of these officers, by Judge Veeder's action, which was in the form of a permanent injunction against the Bliss company. The suit was brought by the government.

ICE DISAPPEARING IN GREAT LAKES

Floating Fields and Some Solid Ice Bar to Navigation.

Ice on the Great Lakes is breaking up or disappearing in practically all quarters, but there is still sufficient ice to offer considerable resistance to navigation. At Duluth the ice is fast disappearing but considerable remains in both bays and around the docks. Off Whitefish point the ice is drifting in the eastern portions, but bay ice is stationary. The United States weather bureau in its report just issued summarizes the situation as follows:

Summary of Conditions.

"The reports from the regular and display stations of the weather bureau and the meteorological service of Canada indicate that the ice fields over the western portion of Lake Superior have practically disappeared; but few are reported over the central portion drifting with the winds; off Whitefish point in the eastern portion the fields are drifting with the winds but the bay ice is holding stationary. In St. Mary's river the ice is gradually decreasing in thickness and the main channel is reported open to near Six Mile point in Hay lake. In Green bay the ice remains firm over the northern portion and is broken and moving with the wind over the central portion; none reported over southern portion. No fields are reported in Michigan over the central or southern portion and the field is breaking from Harbor Springs northward. At the straits there is more open water appearing and the ice is decreasing in thickness; a strong westerly wind would probably drive the ice out. In Huron the fields are confined to the eastern shore from Goderich southward. The ice in St. Clair river has run into Lake St. Clair and the connecting rivers are open. In Erie the field over the extreme eastern portion moved out of vision with easterly winds, but moved down the lake with westerly winds and was reported on the 13th extending beyond vision at Buffalo. The field is broken and would offer but little obstruction to navigation. The harbors are opened in Ontario and the fields have disappeared.

"In comparison with the same period last season there is less ice in all the lakes except Michigan, where conditions are about the same.

"The display of storm warnings on the lakes will be resumed on April 16, 1914."

WHEAT READY FOR SHIPMENT

Steamers Being Loaded Ready to Move When Navigation Opens.

A large quantity of wheat and other grains, but particularly wheat, is being loaded out of Duluth elevators these days. Most of the cargoes are being taken on charters made last fall or during the winter. Now that the elevator men's strike at Buffalo has ended, vessel men are looking for cargoes; before that they did not want them, for it was not known when they could be unloaded at the other end of the route.

The Mary C. Elphicke loaded 250,000 bushels of wheat at the Great Northern elevator "S" yesterday, the A. S. Upson loaded 227,000 bushels at the same place, and there also the J. S. Ashley took on 335,000 bushels.

This morning at the Itasca elevator the steamer Penobscot took on a mixed cargo, mostly of barley and oats. The amount taken on has not yet been learned.

Charters are reported at 1¾ cents at Duluth, and will sail within ten days of the opening, which probably means May 1 this year. One vessel will deliver her cargo at a Lake Erie side port and the other will go to Buffalo. Canadian shippers were bidding 1⅛ cents on oats to Buffalo.

Ore docks at Two Harbors, Superior and Ashland are not yet receiving ore. There is no change in the ore situation, and it will probably be the early part of June before outside boats will be needed by shippers.

NEW FISHING TUG ENROLLED HERE.

The steam tug "Tramp," formerly of Marquette, Mich., was enrolled and registered in the custom house here today. "The Tramp" is seventy feet over all and will be used in the fishing trade by the Scandia Fish company. It was sold by B. M. Johnson to M. H. Murray of the fish company for a consideration of $4,000 and henceforth its home port will be Duluth instead of Marquette as formerly.

ASSURANCE QUIETS ALARM OF PUBLIC

Those Startled By Recent Announcement Are Now Delighted With Discovery.

One could almost hear the cry of "help" that went up from the public when it was announced that the National Newspaper Syndicate's representative, the Glass Block, would distribute a carload of encyclopedias in Duluth.

"Another encyclopedia!" was the protest, and looking backward the reader could see with his mind's eye that endless procession of encyclopedia offers which have invaded many homes with persistent pleas for installment payments, which resulted in the books being but little used and allowed to collect dust undisturbed.

During the last few days those who have read the announcements carefully, or who have called at the Glass Block store and inspected the volumes, are delighted to learn that their fears have not been justified.

"People's Cyclopedia" is not only a work which every common-sense individual wants, but is one that everybody uses. There has been no wasted energy in compiling useless material to swell the volumes so that they would seem bulky, but every phrase, word, sentence and line not absolutely essential to the concrete presentation of facts has been eliminated and the meanings made more clear by the addition of beautiful illustrations.

The National Newspaper Syndicate's allotment for Duluth may be exhausted before the close of next week, when the offer must positively end. In the meantime coupons should be presented at the Glass Block store, and if not convenient to call, send the coupons with the $1.98 and the set will be shipped as per mail order terms in the announcement on another page. Clip the coupon and present it tomorrow.

Substitution and Cut Prices

usually go hand in hand

They comprise the greatest evils that are practised on an unsuspecting public. Do you know why dealers attempt to sell you their own article or something "just as good" in place of what you call for? It's a matter of profit—they make more money on that article regardless of your health. It is not fair to your judgment nor to us as manufacturers, who have told you through truthful advertising the immense amount of good

Duffy's Pure Malt Whiskey

has done for others and will do for you.

How It Is Done!

A retailer advertises Duffy's Pure Malt Whiskey (which is made to sell at $1 a bottle and well worth every penny of it) at a cut price, sometimes below cost, to attract trade to his store, and when you ask for Duffy's finds out what you want it for, then tries to sell you some unknown something "just as good." He does not spend his time trying substitutions for nothing? Not he! If he sells the substitute **he** is the one who profits, not you. He makes money on this article and is willing to chance a loss on the genuine hoping to sell **you.**—His clerks are probably getting a bonus for pushing the substitute as well.

The retailer (and there are many of them) who gives you what you ask for without a quibble, is the one who has your interest, as well as his own in mind—he should get your business. You feel comfortable while trading with him.

We do not approve of price cutting—for cut prices, along with substitution, means destruction—not competition. But—if prices are cut to attract your attention—**insist** on what you ask for. Get **Duffy's** and benefit yourself—don't help the dealer who tries to fool you by accepting an unadvertised, and possibly an unworthy product.

Remember:—The concern that can advertise a reliable article year in and year out for many years, has something of worth to sell you or they couldn't advertise.

Duffy's Pure Malt Whiskey is sold in sealed packages—**never in bulk.** The Company signature is on the label—the Company name blown in the bottle. **Get the genuine.** Sold by most druggists, grocers and dealers at $1.00 a bottle.

The Duffy Malt Whiskey Co., Rochester, N. Y.

MAY BE RUSH TO PACIFIC

Big Westward Movement Expected After Panama Canal Openign.

Increased Deposits in Jersey Banks Are Proof Prosperity.

New York, April 17.—Ellis Island was the scene of unusual activity every day last week on account of the large number of immigrants arriving. It is estimated that fully 28,000 newcomers passed through our open gates during the week.

Southern Europe, as usual in recent years, leads in point of numbers, Italians, Greeks, Slavs and Hebrews from Southern Russia, form the greater part of the new arrivals.

Few of those who enter here expect to go to the land as producers, and not many go beyond the Mississippi.

New England, New York, Pennsylvania and New Jersey absorb more than 50 per cent of the people who arrive. A very small percentage go to the Southern states.

Immigration authorities are of the opinion that as soon as the Panama canal opens arrivals in the ports of the Atlantic will exhibit a large falling off, while those at the Pacific ports of our country will largely increase.

Westward Movement Expected.

The agencies in Europe report many sales of tickets for the West coasts, and the outlook now is for a movement of Europeans, possibly reaching the numbers of 150,000 to 200,000, will go through the canal as settlers in the Pacific states during the first six months after the fleets of the world begin to pass through the big ditch.

The settlement of so many people in those states will without doubt create an immense business activity in the entire region west of Denver, and for the next ten years the manufacturer of the Central and Eastern portions of the United States should receive great benefits from the growing demands of the people of the Pacific slope.

This is especially true of the agricultural implement manufacturers, the tool and machinery shops and the potteries of the United States.

Everything now points to the establishment of millions of Europeans during the next ten years in the Pacific states as home builders there, and that means added demands upon the manufacturing plants of this country for all the supplies that enter into construction and furnishing of these homes.

Cattle From Abroad.

Last week there arrived by the steamer Minnewaska from Southampton the first shipment of cattle from abroad for nine months. These shipments had ceased, through refusal of the department of agriculture to permit importations on account of the dangers to our home cattle through the introduction of diseased cattle from foreign countries.

The embargo was recently lifted by the government, as it was deemed safe again to permit importations from British ports, the government there having diseases well controlled.

The shipment by the Minnewaska was of Jersey and Guernsey cattle from the Channel Islands, and is said to be the largest shipment ever made from these islands to this country. The cattle were choice specimens of the very best strains, and numbered 651; the values ranged from $250 to $2,500 each, and the total value was placed at more than $225,000.

They were destined to various breeding farms throughout the United States and undoubtedly will prove to be a most valuable addition to the country's stock of fine dairy cattle.

Contract Time Extended.

The Hudson & Manhattan company, which is under contract to extend the subway from Greeley square, Thirty-fourth street and Sixth avenue up to the Grand Central depot, has secured another extension of time for beginning operations on the work.

It is now fixed as on or before June 28, and there is evidenced a strong desire upon the part of the city authorities and the public generally that this section of the subway be constructed at the earliest possible moment.

The steady advance of the work of construction on the other subways gives hope of soon having a complete system in the city, and this connection between the Thirty-fourth street and Sixth avenue tube and that important center, the Grand Central depot, is a main link that cannot be omitted nor delayed in operation.

Big Bank Deposits.

A report of the state banking and insurance commissioner of New Jersey, showing the condition of the 150 savings banks, state banks and trust companies of that state at the close of business last Saturday, April 4, is a most encouraging one.

The deposits in these institutions amounted to $355,405,803, an increase since last July of $13,685,767. This report does not include the national banks in the state, as they are under Federal control and do not report to the state banking commissioner.

Including the deposits in the national banks the total bank deposits in the state of New Jersey will total well above $600,000,000.

These can be taken as good evidence that the proverbial Jersey thrift is still proof against the extravagancy of these days of automobiles and cabaret performances.

The most pleasing feature of the report is the fact that, notwithstanding the large number of unemployed in New Jersey industrial centers this past winter the deposits of these state institutions, which deal directly with the savings of the working people, exhibit such a fine increase in sums to the credit of the depositors.

Wall street continues dull, but not more so than the exchanges in London, Paris and Berlin. Cables from London confirm the published statements that fully 400 brokers in London retired from business April 1 by reason of the fact that business had retired from them.

The volume of general business in the United States continues well up to that of our best years, but investment and speculation are both dormant.

HINDUS WILL TEST CANADIAN TEMPER

Four Hundred Propose to Demand Admission as Citizens.

Vancouver, B. C., April 17.—Determined to test the temper of British Columbia under the recent decision of the Canadian courts which held that, as fellow subjects of the British crown, no province of the Dominion could bar East Indians, 400 Hindus are on their way across the Pacific.

Curdit Singh, a wealthy East Indian, has chartered the German steamer Komagata, which sailed from Shanghai April 14 with 200 Hindus and will take on more at Hongkong and Nagasaki.

Feeling has become so acute that earlier this year British Columbia attempted to hold popular sentiment in check by putting a temporary embargo on immigation from whatever source, hoping that during the life of the embargo some solution could be found. The decision of the Canadian courts ran counter to this hope, and the arrival of the Komagata is awaited with considerable apprehension.

NOTES "CANCELLED BY DEATH" SCORED.

Chicago, April 17.—Miss May Poertner of Racine, Wis., who was arrested Wednesday night for causing a disturbance in a downtown office building, was discharged by Municipal Judge Stewart after she had explained that she had tried to collect a note form Dr. E. O. Von Borrie, who she said owed her $9,000. Evidence of the indebtedness was shown to the court in the form of notes which contained a clause that if Miss Poertner should die before the notes came due, they should be void.

Judge Stewart refused to permit Von Borrie to explain.

"A man who would make out such notes cannot be heard in this court," said the judge.

ATTACK SUFFRAGE IN ILLINOIS COURT.

Elgin, Ill., April 17.—The constitutionality of the woman's suffrage law is attacked by the saloon forces of Hampshire township in a suit filed in the county court yesterday, contesting the "dry" victory in the election of April 7. The wets also charge that the local option question improperly was printed on a separate ballot, instead of on the ballot with the regular ticket.

PROVIDENCE TO BE PORT FOR IRON ORE.

Providence, R. I., April 17.—The chamber of commerce announces that a steamship company operating a large fleet of iron ore carriers from Sydney, C. B., will make this city its principal terminus for the distribution of the ore in the Eastern state. The service is expected to begin July 1.

ROMAN MASONRY.

Indianapolis News: It was largely their development of the dome and the arched roof in masonry that enabled the Romans to build on a scale of daring and magnificence which has not been surpassed in the present age of steel. Recent excavations in Nero's palace have revealed five subterranean vaulted rooms in the proximity of the dining room, which were built as fish tanks and used to keep fish alive for the use of the imperial table. The vault and the dome or round roof of the Romans served the purpose of the modern I-beam and latticed roof girder as used by the present day architect and engineer.

HOW CHURCH GAINED 1,500

Country Parish Puzzle Is Solved By Missouri Rural Preacher.

Grown to Be Religious, Social and Public Service Center.

Macon, Mo., April 17.—From a small country church with a membership of less than fifty five years ago, Harmony church, near Ravenwood, Nodaway county, has grown to be a religious, social and public service center for 1,500 persons.

All of that is owing to one man's idea. That man is Rev. C. R. Green, now president of the North Missouri conference, Methodist Protestant church, and pastor of the church at Harmony.

How Mr. Green Did It.

"Man is a social animal and if you organize him in the right way he will always pull hard for the general good," remarked Mr. Green in discussing the church. "That is the foundation of the idea which has developed our little church and the people of our community until they have become conspicuous in the state for what they have accomplished."

Mr. Green began his work at the little country church by asking everybody to come out. He said that it would not be a religious service that day, but just a little discussion of the needs of the community. He talked of good roads, of improved church and school buildings, of agriculture, of sanitation and—to the great interest of the young wolks—amusements.

It soon became known in the neighborhood that Harmony church was something more than a country congregation devoted to religious worship. In the building were meetings during the week for the organization and planning of good road work. Among the young men an athletic club was organized. Grounds were laid out near the church for baseball, football, tennis and other sports.

Could Be Done in Any Community.

Harmony church thrived wonderfully from the start. Among its supporters are many who do not belong to any church, but who have been benefited by the sort of campaign for the general welfare that was conducted by the various departments of that church.

"The name harmony was selected because it stood for the kind of work we are doing," Mr. Green explained. "To get the people all working together at helpful enterprises you must have perfect harmony. A church and a general welfare organization labor for the same end.

"Some surprise has been expressed that a matter of this kind should be taken up in a rural community and made so succesful. I know there are many country churches in Missouri and other states where they have preaching only occasionally because of the supposed inability of the people to pay a man to preach regularly. In the great majority of these cases a community welfare church would thrive splendidly. With the church acting as the head of all the rural enterprises it would attract immediate and constant interest. There is hardly any limit to the plan. It could be broadened indefinitely, and its influence for good extended for miles and miles around.

Business and Religion Mix Well.

"I know there are some who say a church is a church and should not mix religion and business. My idea is that religion and business mix pretty well. I am willing to trust the business man who takes his religion to the store with him Monday morning and keeps it there all week. He is more likely to give me full measure for my money.

"The movement for good roads is pretty close to religion nowadays. I never saw a bad man who was a good roads advocate. With good roads more people go to church and more students to school. Our good roads department has been of immense benefit in building up our church.

"We look very carefully to the social side of the life of all. Lectures, entertainments and dinners frequently are given in the school. All healthful sports are encouraged. We have recently added a good athletic field on which our teams moot opposing teams.

No Dancing or Cards.

"While all sorts of innocent sports are encouraged and while the pastor himself often takes a hand, yet there is no dancing in the community and no such thing as card playing. I don't recall having heard an oath among our people, and I am told it is very rare for such a thing to occur."

The church of the unique plan at Harmony is being looked into by the various religious bodies of the state. Up in Adair county the Rev. R. L. Halliday is experimenting along the same lines with the country church near Brashear. He will report at the coming conference that the interest shown justifies him in heartily indorsing the plan.

Hood's Pills

The painless, purely vegetable cathartic; cure biliousness, constipation, all liver ills. Pleasant to take. Work every time. 25c.

ONE HEAD OF STOCK SHIPPED, TWO ARRIVE.

Meridian, Miss., April 17.—With a freight bill for one head of livestock, the local office of the Southern Express company, two rate clerks and Manager Smith are scratching their heads for a solution of the problem.

The difficulty arose when a fine registered Holstein cow was received by the local offices from the A. and M. college destined to Mrs. S. F. Keller, Pearl River, La.

The animal was received over the Mobile & Ohio in the morning and was held in the local offices for transfer to the Alabama & Vicksburg to go to its destination. When the expressmen went to transfer the cow they found a fine heifer calf had arrived in the night and instead of one animal they had two.

The cow and calf were turned over to Veterinarian B. M. Leigh, while Manager Smith reported the circumstances to the division superintendent, explaining the delay in the shipment.

The main problem that is now bothering the express officials is whether or not they shall collect freight on one or two animals.

END INDIGESTION, DYSPEPSIA, GAS, SOUR STOMACH --- PAPE'S DIAPEPSIN

Time It! In Five Minutes Your Upset Stomach Will Feel Fine.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store, and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach, all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

Individuality

City Buyers to Meet.
The next meeting of the general purchasing committee of the city, consisting of the employes who do the buying for the various departments, has been called by City Clerk Charles S. Palmer for tomorrow morning in the council chambers. The committee will go over the new ordinance drafted by the city clerk providing for the establishment of a store system and a purchasing agent.

Fine Pictures and Frames.
Decker's, cor 2nd Ave. W. & First St.

Met Get Branch Library.
The request of Lakeside residents for the establishment of a branch library in the eastern suburb will be acted upon favorably if funds are available this year, according to Mayor Prince. Otherwise provision will be made for it in the budget for next year.

Duluth Floral Co.
Your Florist. Violets and violets.

Speeded On Motorcycle.
For exceeding the speed limit on his motorcycle yesterday afternoon, Chester Thompson, 23 years old, who was taken into custody by Patrolman Thompson on West First street, this morning paid a fine of $5 and costs to avoid spending ten days in jail. He pleaded guilty when arraigned in police court.

Held For Assault.
K. Makovski, 42 years old, was arrested this morning by Patrolman P. Barber on a charge of assault preferred against him by Thomas Maloney. The latter claims that Makovski struck him at the Montreal hotel this morning. Makovski will be arraigned in police court this afternoon.

Is Given An Assistant.
Robert Donaldson, one of the clerks at police headquarters, has been detailed to assist Gus Lahti in the Bertillon department. The work in the Bertillon room has so increased the last year that it was decided by Chief Troyer to have another man in the department.

Lawler Hearing.
Charles Patrick Lawler, who shot and killed his sister-in-law, Mrs. Mary Lawler at the Astoria hotel, last Friday night, will be examined in police court this afternoon on a charge of murder in the first degree. Lawler asked for a hearing when he was arraigned last Saturday morning and it was set for Monday, but owing to his inability to come to court, the examination was continued until this afternoon.

Erd Funeral.
The funeral of John B. Erd, 49 years old, Duluth jeweler, who died of pleurisy Wednesday afternoon at the home of his brother-in-law, Emil Geist, of St. Paul, will be held from the residence there tomorrow afternoon. Interment will be at St. Paul.

Elephant Tag on Each Orange
is a guarantee of the highest quality.

Patriotically Determined.
Rejected about a year ago because of a defective eye, Daniel Jylkka, 22 years old, of Virginia, this morning attempted to again seek admission into the United States navy. He denied ever having applied before, but upon examining the record at the local station Mate McClure found that Jylkka was turned down on June 4, last. Jylkka was again denied admission this morning because of his eyesight.

Condition Is Serious.
Taken ill with a cold while at work Monday afternoon, Capt. Thomas H. Fressnell, deputy clerk of the United States court, is today reported to be suffering from a complication of diseases that have set in and his condition is serious. Capt. Fressnell lives at 6 Munger terrace.

Passover Services.
Rabbi Maurice Lefkovits of Temple Emanuel will preach on "An Easter Vision" at the special Passover services to be held this evening. The services will begin at 8 o'clock and are open to the public. They will close the observance of the feast of Passover for the year.

Estate Awaits Heir.
John G. Sandquist, sometimes known as Gustaf Sandquist, has $370 coming to him as his share of the estate of Magnus Sandquist, who died recently at Scandia, Minn. The administrator is making efforts to locate him and has asked the local authorities to aid him. Sandquist's relatives have not heard from him for two years. They state that he generally spent the winters in the woods and the summers in Duluth and Superior.

Shrine Meeting.
Members of Aad temple, Nobles of the Mystic Shrine, will hold a business meeting at the Masonic temple this evening at which a long list of petitions for admission will be balloted on. Fifty have applied for initiation and four for affiliation, demitting from other temples.

Pays Board Bills.
Edward Paulson, 40 years old, who was arrested here yesterday afternoon by Patrolmen Le Beau and Grinager as a fugitive from Buhl, where he was wanted for defrauding an innkeeper, paid his hotel bill of $15 last evening to Edward Johnson, a bartender at the hotel, and the police gave him his liberty. John Dahl, 29 years old, also was arrested by Patrolman Connors this morning on a charge of defrauding an innkeeper at Buhl. He paid his bill of $9.90 and was released.

L. J. Hopkins Will Speak Here.
L. J. Hopkins of Chicago, formerly of Duluth, will address the regular meeting of the Men's club of the Unitarian church, Eighteenth avenue east and First street on Monday evening. His subject will be "The Philosophy of Socialism." The meeting will begin with a dinner at 6:30.

Will Entertain Club.
Tomorrow, for thirty minutes during the noon hour, the members of the Commercial club will be entertained by the Hamline Glee club. The club, which will give a concert tomorrow evening at the First M. E. church has volunteered its services for a noon concert at the Commercial club and the offer has been accepted.

Petition for Administration.
Charles Levant of this city today petitioned the probate court to grant letters of administration on the estate of his late father, Samuel Levant, who died, aged 58, on Feb. 20 last, to Mrs. Rose Levant of Eveleth. The estate is a small one and consists of $100 personal property and real estate worth $200. It will be divided among seven sons and one daughter.

Iron Company Organizes.
The Barrows-Mississippi Iron company filed articles of incorporation today with Register of Deeds Calligan. The company is capitalized at $30,000 and incorporators are M. H. Giffin, Nels Olson, Verne Frisk and B. B. Giffin of Superior and T. E. Dahljelm, Nicholas McPhee and John Wahl of Duluth.

MR. E. J.
WHALEN
has taken over the stock and trade of Cook's Buffet, 212 West Superior street, and as in the past, will continue to give only the choicest in wet goods and the best of service. For the past three years Mr. Whalen has engaged in other lines. Prior to that he was manager of the buffet for M. S. Cook. He's back at the old stamping ground to welcome old and new friends.

PERSONAL

M. T. Raymond of Hibbing is registered at the Spalding today.
Gus Widell of Mankato, a member of the governor's staff, is a guest of the Spalding.
S. Roseman of New York is at the Spalding.
S. M. Swartz of New York is among those registered at the Spalding today.
J. J. Grant of New York is stopping at the Spalding.
D. S. Irwin of Minneapolis is registered at the St. Louis.
W. J. Britton of Minneapolis is stopping at the St. Louis.
M. W. Kiley of Chicago is among the guests at the St. Louis today.
M. E. Elias of Appleton, Wis., is at the St. Louis.
W. D. Bahler of Minneapolis is a Hotel McKay guest.
P. J. Long and wife of Minneapolis are registered at the McKay.
A. L. Pederson is here from Minneapolis and is at the McKay.
L. M. Savin of Chicago is a guest of the McKay for the day.
Edward Rock of Ishpeming is at the McKay.
E. A. Carleross of Island is in the city.
Walter Ryberg of Minneapolis is in the city on business.
George Lang is down from Hibbing and is at the Holland.
B. D. Green of Bovey is at the Holland.
H. T. Henry of Fond du Lac, Wis., is at the Holland today.

SETTLE DISPUTE OVER TRANSFERS

The controversy regarding saloon transfers was settled by Commissioner Hicken this afternoon. The commissioners have decided to refuse to grant the transfer of the Beitela license from 103 East Superior street to 410 North Central avenue, but will allow C. J. Petruschke, owner of the license at the Grand hotel to more into this place instead of to 5607 Ramsey street.

DIVORCED DURING TRIP; KILLS WOMAN.

Cleveland, Ohio, April 17.—John Szori yesterday returned from a six months' visit to Hungary to find that his wife had obtained a divorce during his absence. Today he killed her, cutting her throat, and then, using the same knife, committed suicide.

SEND YOUR MAIL ORDERS TO
George A. Gray Co
THE STORE FOR SERVICE.
113, 115, 117, 119 West Superior Street, Duluth, Minn.

Gray's Gloves
are our choice of the best on the market — we've tried various kinds and know what gloves give most satisfaction.

Here Are the "Preferred" Styles
Come See How Becoming They Are!

EASTER has come and gone—it ushered in the new fashion season with the most brilliantly beautiful showing of styles Duluth has known. You saw what was worn—you saw what you admired, you know what to avoid—so don't delay longer the purchase of your spring wearables. Every day you put off buying your spring suit or coat—you deprive yourself of an extra day's service—and if you put off buying much longer, you might not have your new garment for some occasion when you'd much like to have it.

More than that—assortments are at their best now—later on you might not find some of the styles now most admired. -:- -:-

The time to buy is now—the place to buy is here, because

This Is the Store That Sells "Wooltex"

We offer you the styles you admire in garments of "quality"—

Women's Suits	$22.50 to $85.00
Women's Coats	$15.00 to $68.50
Young Women's Coats	$7.50 to $25.00
Young Women's Suits	$15.00 to $30.00

And we have your size—our assortment is large—there are odd sizes, 35, 37, 39, 41, 43, 45, etc., as well as regular sizes from 16 to 54; there are "stouts" as well as "slenders." Perhaps we can fit you so that you can wear the garment without alteration. Come and see. Perhaps you can have your new garment for Sunday.

A New Hat Will Give You a Delicious Spring-Like Feeling

YOU WILL find some charming new ideas in hats here tomorrow. No matter what kind of a hat you get you want a hat with pleasing individuality where really talented milliners look to your wants. That is one reason why you will be so well pleased with the becoming hats we can show you tomorrow.

THERE ARE SOME VERY LOVABLE HATS FOR "MOTHER"
The matron desires a hat that is unmistakably dignified, yet at the same time correctly fashionable.. The young matron and her elders will all find hats which will meet with the delighted approval of themselves and other good friends.. And the hats here are truly reasonably priced, though they are made from elegant materials in the most artistic and finished manner. ....

SMART LITTLE HATS FOR THE YOUNG GIRLS
To see them is to see fashion's best expression of styles for the young.

Very Important News of Women's Shoes —of the Kinds You Most Admire.

"Dress your feet as well as you can"—says fashion—and "Common Sense" adds "have them fitted carefully." This word is especially for those who are hard to fit in ordinary shoes. A pair of high-class shoes may easily last a year—but suppose you only wear them six months for dress wear—that's 180 days. But we'll conservatively say you wear them only 150 days.

Now we offer Women's High Art Shoes at $5.00 and $6.00 —they look what they are—aristocratic shoes that fit.

And instead of paying $3.00 to $4.00—isn't it worth your while to pay $5.00 or $6.00 if the shoe suits you best. You see that's only about a cent day more than common shoes would cost.

Children's Coats in New and Novel Styles

Checks, blues, ratines, whipcords and silks. Prices range from $2.00 to $18.00.

A SPECIAL LOT AT $2.00 to $5.00
consists of Messaline and light weight worsted of which we have but one or two of a kind from last season. The values were regularly much more.

At $4.50 and $5.00 there are many spick span new models of striking style.

Here Are Children's Seersucker Rompers to Sell at 65c

If you want to know how good they are, just compare them with $1 rompers. Other rompers in various materials; prices 50c to $3.00.

Oliver Twist Suits—Quaint little revivals of the styles of the days of Dickens. The boys of 2 to 5 will wear them. Prices $2.50 to $3.50.

Tango Suits for Girls of 2 to 6. Pretty wash materials. Prices $2.75 to $3.50.

Children's Hats That Are Uncommon

Straws, chips, braids and piques in assortments most pleasing Prices range 75c to $8.00. The lines at **$1.00, $1.50** and **$2.50** are especially attractive.

The "Old Dutch" caps for the little tots, very smart. Prices **$1.75.**

50c FOR SOFT SOLE SHOES FOR BABY.
Our Baby Shop offers tie, two-strap, and button models in suede, velvet, patent leather and kid in black, white and colors. Also combinations. Uncommon styles—uncommon values—**50c.**

Don't Envy the Lady With the Good Figure—Just Get the Right "Bon Ton"

You may have the suppleness, grace and poise you so much admire if you are careful in choosing the proper corset. All perfect feminine figures result from scientific corseting.

Undulating lines of present day fashions, suggesting entirely uncorseted figures, are finely created by the new Bon Ton Corsets. Charming Bon Ton models for all figures. Prices range $3.00 and $5.00 for some of the most admired styles. Remember the Bon Ton Corsets are great favorites with French dressmakers.

Whatever Style of Summer Underwear You Wish to Wear Is Here

Low neck underwear is in demand.

There are union suits in low neck, sleeveless, tight knee, umbrella knee, in cotton lisle and silk-lisle in every size from 34 to 44. Prices range 35c to $2.00 with very strong lines at **50c, 65c** and **89c.**

The Silk Union Suits at **$3.25** and **$4.00** are especially fine.

Summer Vests

Plain and fancy Summer Vests, 25c to $1.25 in lisle.

Those at **50c, 75c** and **89c** are most unusual.

FIFTEEN IN COXEY'S ARMY

(Continued from page 1.)

who marched with the "army" from Massillon yesterday put in an appearance this morning.

"Lieut." Anderson, the recruiting officer, had worked late last night and early this morning scouring the brickyards and railroad tracks near Canton in an effort to sign up more recruits, and gave out the names and addresses of twenty-eight men who had agreed to march today, but only fifteen put in an appearance.

General Stayed at Hotel.

While the members of the "army" curled up on benches or on the floor in the Socialist hall last night, "Gen." Coxey and his son David were quartered at one of the city's best hotels. The "general's" mule was quartered in a livery barn.

In spite of the meager proportions of the "army," Coxey says he has no intention of giving up the march to Washington.

The marchers found the roads between Massillon and Canton very bad. Squad after squad dropped out, and when the "army" finally reached Canton only a handful of privates backed up "Gen." Coxey.

"Where's the army?" demanded crowds that lined the streets.

"Quit yr kiddin'," yelled "Happy Jack" Kane, who claims Philadelphia as his home. "There's plenty waitin' to join us along the way."

ELEVEN DIE IN NEW YORK FIRE

(Continued from page 1.)

in the basement of a 5-and-10-cent store which occupies the ground floor of the building. It spread rapidly up stairways and shut off escape by them. There were no fire escapes in the front of the building, and the large number of dead and injured was due to the refusal of the panic-stricken people to remain in the front windows, where many were rescued by firemen.

All of the dead and injured were taken from the rear rooms and halls, where they were caught while attempting to reach the roof and fire escapes. One man was killed in trying to escape over roofs.

The fire was under control in less than an hour, but in that time many thrilling rescues were made by the firemen, working from ladders in front and from windows of a nearby tenement building.

Hangs By Feet and Saves Man.

Capt. Smith, who was suspended by his feet from a window, prevented Louis Boylan from being dashed to death when a ladder broke on which he was crawling from the burning tenement. Capt. Smith seized Boylan and held onto him until both could be dragged to safety.

The proprietor of the rooming house, a negro janitor and several of the rescued occupants of rooms in the building were summoned to appear today before Coroner Timothy Healy, who instituted an investigation.

Three of the victims were identified later as Michael Delaney and his wife, Delia, and M. Scott, manager of the New York office of the Rossiter Music Publishing company.

STATE BEGINS PROBE OF FIRE IN BOSTON.

Boston, April 17.—Ten witnesses were summoned to appear at the inquest begun today by Deputy Chief Neal of the state police into the fire in the Melvin apartment house last Tuesday, which cost eight lives. Those called upon for evidence included the janitor, occupants of adjoining houses, firemen and telephone employes.

Members of the legislature will seek the passage of drastic amendments to the present building laws, in an effort to reduce the fire hazard in the metropolitan district.

MISSING SCHOONER FOUND BOTTOM UP.

Washington, April 17.—The derelict schooner S. G. Haskell, for which the revenue cutter service has been searching several weeks, has been found bottom up 150 miles southwest of Bermuda by the cutter Algonquin, according to wireless messages today to the revenue cutter headquarters. The Algonquin will tow her into Bermuda. The Haskell hails from Boston. Her crew was rescued six weeks ago. The Haskell was abandoned Feb. 27.

Martinique Is Shaken.

Port de France, Martinique, April 17.—An earthquake occurred here at half-past 7 o'clock this morning. There was no serious damage.

WILL CLOSE HEALTH WEEK

Dr. Barker Will Tell How to Live to Be 100 Years Old.

Has Given Twenty-three Lectures Here Before Large Audiences.

Dr. Charles E. Barker, former medical advisor for President Taft while he was in the White House, will close his very successful course of lectures here tonight with an address at the Y. M. C. A. gymnasium on "How to Live to Be a Hundred Years Old." The lecture will begin at 8 o'clock and will be free to the public.

The doctor has had a remarkably busy week in Duluth. He has given twenty-three addresses and spoken to about 6,500 people. His lectures have covered practically every phase of hygienic problems and have been arranged to fit the needs of men, women, and children.

This morning Dr. Barker gave an address at the Central high school on "The Finest of the Fine Arts or How to Be Always Happy." Following is an excerpt from his address:

How to Be Happy.

"Many people have the notion that happiness is the result of environment, and that it depends on externals.

"After years of experience and observation I believe that genuine happiness comes from the ability to fit one's self into one's place in life."

Dr. Barker then proceeded to give in detail a prescription for happiness. Each of the points was amply illustrated by well chosen experiences from life. The prescription follows:

Dr. Barker's Prescription.

"One should cultivate the habit of looking for the bright side of every experience.

"One should accept cheerfully the place in life he is leading.

"The whole soul and spirit should dominate the work one is in.

"One should get into the habit of giving bits of kindness and courtesy to all those who come within the range of contact.

"A simple child like faith and confidence in God as a great loving Father."

Dr. Barker assured the students that these rules of conduct hold the greatest guarantee to happiness which life affords and he was given a generous round of applause for his inspiring address.

His Evening Address.

Dr. Barker gave his lecture last evening in the Y. M. C. A. gymnasium on "How a Busy Man Can Be Well all the Year Around."

About 200, including many of the leading business and professional men of Duluth, listened intently for more than an hour and a quarter and then the speaker asked if they desired to stay longer and have him go through the exercises which he recommends for daily use. The response was insistent. Dr. Barker then removed his coat and carefully described the exercises and at the same time went through each one.

At the close, opportunity was given for questions. Nearly half of the audience gathered about the doctor and for more than a half hour longer he answered questions.

BILLARD MEN CHANGE MIND

(Continued from page 1.)

respond to "lawful questions" of the commission, the witnesses concluded not to press their contention that the questions asked constituted an invasion of their personal rights.

It is known that the Federal grand jury yesterday voted indictments against the four named witnesses. In view of the acquiescence of the men in the demand of the commission for the information, the indictments may not be returned to the court. Meantime the indictments probably will be held in suspension.

It is expected that the next hearing will be on April 29. At that time opportunity will be afforded the witnesses to comply with the agreements entered into with Mr. Folk by their counsel.

Denies He Called It "Bluff."

Joseph L. Billard, promoter of the Billard company, through Mr. Cummings, today assured the commission that the published statement that he had said the commission in instituting criminal proceedings against the witnesses was "bluffing" was "incorrect," and that he never had said anything that could fairly be construed into such a statement.

HUERTA SEEKS TO MODIFY TERMS OF SALUTE

(Continued from page 1.)

nature, but it was understood that the word had gone back to Huerta that a simultaneous salute would not be accepted and that Charge O'Shaughnessy was advised that the United States would insist on its demand.

Officials expressed the view that Huerta has been listening to "bad advice" since he promised Mr. O'Shaughnessy yesterday that he would give the apology.

Meanwhile it was emphasized that no counter orders had been issued to the battleships speeding to the Mexican coasts. A blockade of Mexico and other drastic measures were discussed in official circules. Those well informed declared that if within the next few hours Huerta did not comply entirely, some announcement of what definite steps would be taken to compel his apology would be made in Washington.

Refusal is Final.

With the sending of the message to Huerta, stating emphatically that the United States would not accept his counter-proposal for a simultaneous salute, the Mexican discussion at the cabinet meeting ended and attention was given to other affairs. It was apparent that the cabinet officials believed that Huerta would yield all the points demanded by the United States, but that they were ready to back up every demand.

It was learned that one of the causes of Huerta's latest parley was a fear that, should he give the salute demanded, the American ships might not return it, and thus leave him in a humiliated position. It was said that he would order the salute if assured that the United States would comply with the international amenities and acknowledge it. Word that the United States would acknowledge his salute according to custom and precedent went forward to Mexico City.

Other members of the cabinet said Huerta had been informed no simultaneous salute would be acceptable to this government.

Report From Fletcher.

Rear Admiral Fletcher at Vera Cruz reported today that he took over the Ward liner Esperanza at Vera Cruz yesterday afternoon and placed aboard her a guard and a detachment of signal men. He has also taken on a few refugees. He does not say whether it still will be necessary to send the Esperanza to Tampico.

He reports the return to Vera Cruz from Mexico City of Lieut. George McC. Courts, an aide on his staff, but he does not say what the officer's mission to Huerta's capital was.

Admiral Fletcher has canceled his charter of the Ward liner Guantanamo.

Secretary Daniels explained today that immediately upon receipt of Rear Admiral Mayo's report of the Tampico indignity he called the navy general board into conference and found the members unanimous that the salute demanded by the American officer ought to be returned as an act of courtesy.

Wilson Changes Plans.

President Wilson changed his plan to go to White Sulphur Springs tonight and will go tomorrow.

Naval officers today declared that a departmental regulation which forbids a salute "in honor of any nation or of any official of any nation not formally recognized by the government of the United States" would not prevent an acknowledgment of the salute Huerta has promised to fire to the American flag.

Ranking officials pointed out that when the commandant at Tampico fires the salute President Wilson has demanded, the reply of the American ships, according to precedent and form, will be directed, not to Huerta nor any other individual, but to the Mexican nation. Officials added that should Huerta himself appear in person he would not be saluted.

Statement by Department.

An official statement by the navy department was pointed out as explaining the situation. It said:

"If a national salute is fired as an amende honorable, it is invariably returned gun for gun by a vessel of war of the power whose flag has just been saluted. This is in accord with international comity and there are many precedents to establish the custom."

SAY FARMERS BREAK THE ANTI-TRUST LAW

Delegates at Chicago Want the Sherman Act Amended.

Chicago, April 17.—Acknowledging that farmers' marketing associations are operating contrary to the Sherman anti-trust law, delegates planned to introduce a resolution at today's session of the second national conference on marketing and farm credits, asking congress to exempt co-operative marketing associations from the provisions of the Sherman law.

It was expected the resolution would draw much opposition from delegates who believe that farmers' organization should be regulated. The members of the conference who planned to introduce the resolution, said they do not want the Sherman law repealed, but that they went it amended so that agricultural combinations will not be amenable.

For State Commissions.

The resolution committee planned to introduce a resolution asking for the creation of state market commissions. B. W. Utman of Hudson, Wis., who introduced the idea, contended that state market commissions would be the most effective means of doing away with the superfluous middlemen and bringing about a systematic market procedure.

Other resolutions which were prepared for introduction at today's session provided that the government be asked to make a nation-wide investigation into conditions affecting farm labor and tenancy and their influences on farm management and the efficiency of farm marketing and to establish a system of farm products inspection similar to the government animal products inspection.

WOULD TEACH MINING IN MINE DISTRICTS

Labor Leader Offers Plan to Educators in Illinois.

Champaign, Ill., April 17.—An extreme measure of industrial education was advocated by John H. Walker, president of the Illinois Federation of Labor, in an address before the mining engineering class of the University of Illinois here today.

Walker advocated not only an extension of the university courses until they embrace all the problems of mining conservation, but proposed that mining be taught in the public schools in all districts where mining is the chief industry.

"I do not think it would be too much to make these mining courses compulsory for the children of the mine district," said Walker. "Then the miners would not only know how to protect themselves from dangers below ground, but would have a start on gaining the skill they will need to earn their living."

SPECIAL TRAIN FROM BILLINGS

"Blue Bird" Company Will Arrive in Duluth Monday Morning.

The arrangements for the 900-mile journey of "The Blue Bird" to play the Lyceum theater next week were completed this morning. The first plan was to run the company special from Billings to Staples and thence to bring in the equipment by regular train No. 58 from Staples to Duluth. But it was soon found that this plan was impracticable, the company's extra cars being far too numerous and heavy to handle in connection with regular trains. So there will be a special all the way.

A. M. Cleland, general passenger agent of the Northern Pacific, solved the problem by the following order:

"Will you kindly arrange to cancel moves on the itinerary between Billings and Duluth and substitute the following: Run 'Blue Bird' special leaving Billings 1 a. m., April 19, arriving Duluth 10:10 a. m., April 20. Besides, the baggage cars, a twelve-section drawingroom standard sleeper, a tourist sleeper and a day coach should be provided, and a dining car to be added to the train to serve all meals the day of April 19."

Mr. Cleland's orders will be at once made effective by P. H. McCauley, the superintendent of transportation. To C. P. O'Donnell, city passenger agent here, much of the credit for the improved itinerary is due.

Manager J. L. Morrissey of the Lyceum arranged this morning to commandeer all the 20-foot and 40-foot transfer equipment in town for 10 o'clock Monday morning, so as to get the big production up to the theater expeditiously. The staging of the show will require between eight and nine hours work on the part of a large crew of mechanics. In the three days that the house is dark all the preliminary work back stage will be done, including the hanging of three miles of new sets of lines and the installation of many new electric lights.

A perfect, smooth-running performance is promised for Monday night, which will usher in the week's unusual engagement.

Come Tomorrow and Save Money

OUR ANNUAL APRIL SALE of SPRING OUTERWEAR

FOR MEN, YOUNG MEN AND BOYS

Stunning models for young and older men who want nobby up-to-the-minute clothes of all wool fabrics and guaranteed tailoring.

ELIMINATION MAY NOT ELIMINATE.

Baudette, Minn., April 17.—(Special cial to The Herald.)—The elimination convention which was called for here on Tuesday may not eliminate, as one or two of the candidates refuse to abide by the decision of the convention. With four in the field and others who have expressed their desire to file if there is no convention, matters look dubious. Every effort is being made to persuade the candidates to come to some agreement.

Raises $60 Hog.

Le Sueur Center, Minn., April 17.—The largest hog ever sold in the local market was marketed here yesterday by L. Debrash, a farmer. The animal weighed 850 pounds and brought the owner nearly $60. It was a 3-year-old Poland-China.

HEAR TALKS ON GARDENING

Irving School Assembly Hall Filled With Deeply Interested Audience.

Commercial Club Will Inaugurate Garden Contests in West Duluth.

Garden contests, garden making and various other plans to beautify the community were discussed in addresses given before a crowd which filled the assembly hall of the Irving school last night. The talks were given under the auspices of the Irving School Social center. Among the speakers were P. H. Martin, president of the West Duluth Commercial club, who presided; A. H. Crassweller, Mrs. R. P. Boyington and C. E. Roe.

"No boy or girl who loafed after school ever amounted to much," said P. H. Martin. "When a boy or girl voluntarily works at gardening or other equally good vocation after and between school hours, he or she usually develops character and becomes a good progressive citizen."

Mr. Martin said that it was the intention of the West Duluth Commercial club to launch a garden contest which would embrace all of the schools of West Duluth. The contest he said would be for the purpose of stimulating interest in gardening as well as developing the home and making it more beautiful.

Mr. Crassweller gave an interesting talk on care of lawns and flower gardens. He said that it was not necessary to go to other cities to get shrubbery but that in the vicinity of the city as well as within its limits could be found bushes that would beautify any person's home. The speaker dwelt on the color scheme saying that flowers should be bunched more and not scattered about the lawn. In trimming lawns he said many people make the mistake of cutting the grass too close to the ground, thereby often killing the roots. He said that many people were of the opinion that flowers and vegetables would not mix, but that the idea was erroneous.

Mrs. Boyington spoke on the effect that gardening has on children. She said that the child and the garden should be companions. Every child, she said, should have a small plot of ground. Such work would build character and add strength to the child physically, she said.

Mr. Roe spoke on gardening from the standpoint of commercial value. Every back yard he said could be turned into a place of beauty thereby adding not only value to the property but also bringing in good revenue to the owner.

A number of people in the audience asked questions of the speakers which were readily answered. The meeting was one of the best held by the social center this year and from the amount of interest shown in the movement West Duluth is about to experience an extraordinary revival in interest in gardening.

ACTIVE OPPOSITION TO SALOON TRANSFER

Suburban Residents Have Petition to Present to Council.

The request to transfer the license of C. J. Petruschke from the Grand hotel to 5607 Ramsey street is going to meet strong opposition. A petition now being circulated through the residence district, which will have about 1,000 signatures before Monday, will be presented at the council meeting when the transfer comes up for consideration.

Ramsey street is now the only thoroughfare between the residence section and the business district on which it is not necessary to pass in front of a saloon. This point is the principal one in the objection and will be made the basis of the request to keep the saloon out. Members of the West Duluth W. C. T. U. are out in full force today circulating the petition. Many of the members were furnished with blanks for this purpose at the meeting yesterday.

DOFF YEARS AND ARE "KIDS" AGAIN

Staid Church Members Produce 'The Singing School' in Church.

An audience which packed the club rooms of the Merritt Memorial M. E. church, Forty-sixth avenue west and Halifax street, last night, attended the production of "The Singing School" given by the "Low Holler" Choral society. Prominent members of the church, deacons and trustees, as well as leaders in the Ladies' Aid society took parts of "kids" in the "singing school."

"Prof. P. Percival Pippin" was well portrayed by John Hall, while that of "Madam Pantaleska" taken by Mrs. L. Merritt received an ovation. Staid churchmen and women created much laughter in the audience as they went through antics of raw students.

The "students" were: Charles Boyden, Alva Merritt, Ben Wheeler, L. D. Merritt, Fred Knight, William Swanstrom, E. W. Merritt, Mrs. Walker, Miss Pearl Ayotte, Mrs. H. Merritt, Miss Ora Merritt, Mrs. F. K. Knight, Mrs. L. H. Merritt, Mrs. John Hall, Mrs. Emil J. Zauft, Mrs. L. C. Merritt, Mrs. A. L. Merritt, Mrs. E. W. Merritt, Mrs. C. D. Feil, C. W. Swanstrom and Mrs. E. A. Swanstrom.

The entertainment will be repeated this evening.

DANCE

Don't forget the Semi-annual Dance given by the Sons of Herman at Dormedy Hall, West Duluth, Saturday evening, April 18th. Tickets, 50c.

ENTERTAINMENT AT SANITARIUM.

A program of music, songs and other features is planned for tonight for the inmates of the Nopeming sanitarium. Members of the Clan Stewart accompanied by the bag pipe band of six pieces, as well as several drummers, will make the trip to the sanitarium in automobiles.

The party will be headed by Angus G. Macaulay, chief of the local clan. The party will leave West Duluth shortly after 6 o'clock. The program will include bag pipe music, Scotch songs and stories.

BANQUET PLANS NEARLY COMPLETE.

The general committee of the West Duluth Commercial club will hold a meeting tomorrow evening for the purpose of completing its arrangements for the banquet to be held on April 30. The full program for the evening will probably be announced.

Andrew Myles, chairman of the general committee, said this morning that only a few minor details remained. He announced that arrangements would probably be made for an automobile parade as well as a visit to some of the principal schools in the western end of the city. If possible it is planned to include a trip to the steel plant as a part of the program of entertainment for the guests.

General plans will be made tonight at the meeting of the club.

INTERESTING PROGRAM FOR RAILROAD WORKERS

The Proctor Railroad club, composed largely of employes of the Duluth, Missabe & Northern railroad, has planned a special feature for its monthly meeting to be held on Friday evening, May 1. Among the speakers will be Congressman Clarence B. Miller, A. B. Hinear of Chicago, international junior secretary of the Y. M. C. A., as well as members of the United Yard Masters' association.

Congressman Miller will speak on railroad topics, as relating to the country at large. A number of important railroad subjects will be covered in the address and these are expected to be of general interest to all employes of the road.

Mr. Hinear will speak on "Railroading in Panama." Mr. Hinear is well acquainted with this subject, having spent considerable time in Central America and has been in touch with railroad problems of the republics of Central America.

About seventy-five members of the Yard Masters' association are expected to be present at the meeting. This organization is strong in this part of the country and was organized only a few years ago for the purpose of bettering railroad service. Several members are expected to give short addresses.

This meeting of the Proctor Railroad club is expected to draw out the largest attendance of the year. Arrangements will be made to secure the largest hall in the village for holding the meeting. The meetings usually have been held in the Y. M. C. A. building, but this is expected to be too small for entertaining the crowd expected, and it is probable that the Odd Fellows' hall will be secured.

GUILD PROSPEROUS.

Women of Holy Apostles' Church Hold Annual Meeting.

The Ladies' Guild of the Holy Apostles' Episcopal church held its annual meeting yesterday afternoon at the home of Mrs. Edward Hambly, 4838 West Sixth street. Reports of officers showed that the society had just closed one of the most successful years in its history.

The society has a good sum of cash on hand in the bank according to the treasurer, with all bills paid. Its membership has also increased during the year.

At the election of officers Mrs. C. H. Mathews was elected president, Mrs. Grey, vice president; Mrs. W. E. Rickard, secretary, and Mrs. T. Burnside, treasurer.

Parish Meeting.

The annual parish meeting of Holy Apostles' Episcopal church, Fifty-seventh avenue west and Elinor street, will be held Monday evening in the church parlor. The remodeling of the church is about completed, only a small amount of work in the basement remaining to be done.

ANNUAL BANQUET OF CURLERS POSTPONED.

The annual meeting of the Western Curling club, scheduled for Tuesday evening at Dormedy's hall, has been postponed until next month. A number of requests from members of the club asking that the date be changed have been received, and at a special meeting of the officers held this morning it was decided to postpone it.

The date of the banquet will probably be decided on within another week. The club usually holds its banquets during the first or second week in May, and it was thought that it could be held earlier this year.

Annual Dance.

West Duluth lodge, No. 168, Independent Order of Odd Fellows, entertained last evening at its annual dancing party at Dormedy's hall. About 100 couples were present. The hall was prettily decorated in purple and white and colors of the order. The music was furnished by five pieces of Jackson's orchestra.

The committee in charge of the party consisted of: I. M. Flack, L. C. Heckroth, E. G. Mylund, L. F. Fleischer, W. H. Erickson, R. A. Clark, Dr. F. C. Grover, Dr. C. R. Keyes, L. A. Barnes, Joseph Becks, Wilfred L. Clark, W. H. Richter, M. L. Wedin, A. Beatty, Forest Kent and J. E. Foubister.

Lodge Will Entertain.

Euclid lodge, No. 198, A. F. & A. M., has planned to entertain on Saturday evening, next week, with a program of motion pictures for members of the lodge and their families. The pictures will be shown by Rev. Wilfred Clarke, rector of the Holy Apostles Episcopal church. Judge H. W. Lanners is in charge of the program, which will be held in the Masonic temple, 615 North Central avenue.

Special Church Music.

Special music is being arranged for the services to be held in Holy Apostles' Episcopal church, Fifty-seventh avenue west and Elinor street, Sunday evening. The services will begin at 7:30 p. m. Rev. Wilfred Clarke announced this morning that he had made arrangements to have the joint choirs of St. John's Episcopal church of Lakeside as well as the choir of one of the East end churches give the music.

Shannon Goes Fishing.

Patrolman Frank Shannon, desk officer at the West Duluth police station, left this morning on his annual vacation. Mr. Shannon intends spending most of his vacation fishing on some of the trout streams in the northern part of the county.

Will Entertain Pupils.

The primary department of the Sunday school of the Asbury Methodist church, Sixtieth avenue west and Raleigh street, will be entertained at a banquet in the church at 2:30 o'clock tomorrow afternoon. Mrs. Ethel Meldahl, superintendent of the department, will be in charge.

This evening at 6:30 o'clock the older pupils of the Sunday school will be entertained at a banquet. Arrangements have been made to entertain 250 children. The program will include short talks and music.

West Duluth Briefs.

Mr. and Mrs. Albert Loren of Seattle, who have been visiting relatives in this end of the city, left today for Boston, Mass., where they will visit Mrs. Loren's relatives.

For good clothing, hats, caps and shoes go to Swanstrom & Erickson, 325 Central avenue.

Miss Esther Nelson, 624 North Central avenue, returned yesterday from Fargo, N. D., where she has been visiting at the home of Miss Ruth Cosmith, a former West Duluth girl.

The Young People's Society of the West Duluth Swedish Mission church was entertained last evening at the home of Mrs. Gust Erickson, 31 North Sixty-third avenue west.

For rooms go to the Grand hotel, open day and night.

The last display in our school window contest has been placed in our east window. Have you seen it? It's by Master Leonard Hedman of the Longfellow school. Prizes will be announced soon through F. A. Foster, Grand Avenue pharmacy.

Watch repairing, Hurst, West Duluth.

Mrs. C. R. Keyes, 705 North Fifty-seventh avenue west, entertained yesterday afternoon for the West Duluth W. C. T. U. The hostess was assisted by Mrs. W. C. Ives, Mrs. J. T. Culbertson and Mrs. George King.

See bicycle ad of Wieland & Wade on this page.

The Alumni Association of the Fairmount school and the Mothers' club entertained last evening at a musical and literary entertainment in the school.

There will be an elaborate musical program with dinner at the Hotel Grand, West Duluth, Sunday dinner, 35 cents.

The Citizens' State bank is open for all banking business from 6 to 8 p. m. Saturday evening. Adv.

WHEELAGE TAX IS NOT SATISFACTORY

Owners of Motor Trucks and Electric Autos Claim Injustice.

The city council will hold a hearing next Monday afternoon at 2 o'clock on the new wheelage tax ordiance, which was introduced at the council meeting last Monday. The rates have been testatively revised but some dissatisfaction has been expressed with the proposed schedule.

The owners of motor trucks claim that although their tax was reduced from $10 to $8 per ton capacity, it is still too high, as compared with the charge of $12 per year for three-horse vehicles. Owners of electric automobiles have also said that $10 a year is too heavy a charge for that class of machines.

The hearing has been called to give all of them an opportunity to express their views and as the ordinance has had but one reading it will be easy to make changes should the objectors convince the commissioners of the justice of their positions.

"Y" BOYS BUSY AT WEEK-END

Meetings, Luncheons and Hikes Are Features of Big Program.

The intermediate Bible study clubs will meet at the boys' department of the Y. M. C. A. this evening for dinner at 6:15. All members are requested to be present.

The popular Friday social this evening will commence at 7:30. The program will take place in the gymnasium and a number of game contests will be held. Refreshments will be served at the close.

The outing committee will conduct a hike Saturday afternoon, leaving the boys' building at 2 p. m. The party will take the car to Woodland and the hike will be from there home.

The Knights of Sir Galahad will meet at 3 o'clock and will be addressed by Ed Scriven. The Sunday club will meet at 4 o'clock.

The minstrel show will be repeated at the boys' building on Tuesday, April 28 at 8 o'clock. The proceeds will be for the camp equipment fund.

The High School Bible Study Club will hold their final meeting next Tuesday. The closing meeting will be in the nature of a banquet and a number of the members will make short speeches.

Entry blanks are coming in daily for the Duluth Boys' exposition, which will take place Friday and Saturday, May 8 and 9. Every thing that a boy can do, make or save will be on exhibition.

The clubs' committee met at the boys' building last night and transacted regular business.

Keen interest is being manifested in the hustler clubs, which will close on May 14. Thorp's team is still in the lead.

CONTRIBUTE TO COLLEGE FUND.

J. P. Johnson, president of Gustavus Adolphus college, who is conducting a campaign for subscriptions throughout the state, addressed a large gathering at the First Swedish Lutheran church last evening.

Mr. Johnson announced that the local church has already raised $1,600 as its share of the $50,000 fund that the directors of the college have promised James J. Hill and C. S. Smith they would raise in order to get a $100,000 contribution from these two men.

Gustavus Adolphus college is located at St. Peter and has an enrollment of 400 students.

DRINK HABIT
RELIABLE HOME TREATMENT
The ORRINE treatment for the Drink Habit can be used with absolute confidence. It destroys all desire for whiskey, beer or other alcoholic stimulants. Thousands have successfully used it and have been restored to lives of sobriety and usefulness. Can be given secretly. Costs only $1.00 per box. If you fail to get results from ORRINE after a trial, your money will be refunded. Ask for free booklet telling all about ORRINE.
W. A. Abbett, 205 West Superior street, 902 East Second street and 101 West Fourth street.

Woman's Realm

The "Carnival of States" dinner at the Kitchi Gammi club last evening was one of the most brilliant affairs of the season. The dining hall was decorated profusely with flags, from the ceiling, over the doors and windows and on the tables. Pennants of the states hung from the walls. Hanging baskets were filled with foliage and red tulips and there was an appropriate frieze of American beauties. Tables seating four or eight were ranged along the sides of the room with larger tables in the center.

Each table represented a state, two states, and in some cases three states. When one table was made to represent two or three commonwealths they were usually neighbors, as North and South Dakota, or Nevada and Utah. The names of the states were written on white cards, the initial letters being red, the others blue.

The diners were summoned by a bugle call. As they entered the room was illuminated only by sparklers and a red fire in the fireplace. After they were seated the lights were turned on, revealing a brilliant assemblage and effective decorations. The snappers at each place contained paper caps and whistles.

The "Drunken" Waiter.

During one of the early courses of the dinner Stanley Lamb, dressed as a negro waiter and carrying a tray laden with a bottle of champagne, a roast chicken and dishes, entered. He walked around the room with a decidedly uneven gait, tilting the tray at such a dangerous angle over the heads of the guests that delicately colored gowns seemed to be in grave danger. He refused to be put out, insisting that he had a right to be there. He proclaimed his ability as a singer and sang "Sailing Down the Chesapeake Bay," accompanink it with a buck and wing dance, ending with a cake walk. As he left the room his mouth and the mouth of the bottle had met.

"Honor your birth state, the state of your childhood, by standing and with a cheer," was the instruction on the program and menu booklet. As La Brosse's orchestra played the "Star Spangled Banner" all stood. Then followed music appropriate for each state or section of the country. Natives of the different states stood when the music of that state was played. Several divisions were represented by so many persons that they formed in line and marched around the room. Among the most amusing combinations of state and popular music were: New York, "Forty-five Minutes from Broadway;" Illinois, "Carry Me Back to That Dear Old Chicago Town;" Utah, "My Harem;" Missouri, "Got to Quit Kicking My Dog Around;" North and South Dakota, "How Dry I Am." The other airs and states were: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut, "Yankee Doodle;" New Jersey and Delaware, "Glory, Glory! Allelifia;" Maryland, "My Maryland;" Virginia and West Virginia, "Robert E. Lee;" North Carolina and South Carolina, "Old Black Joe;" Georgia, Mississippi, Louisiana, Texas, Tennessee and Alabama, "Dixie;" Florida, "Suwanee River;" Kentucky, "My Old Kentucky Home;" Ohio, "I'll Get You;" Indiana, "On the Banks of the Wabash;" Wisconsin, "On Wisconsin;" Michigan, "The Trail of the Lonesome Pine;" Nebraska and Iowa, "Hawaiian Love Song;" Kansas and Arkansas, "Sweet Potatoes Grow Large in Kansas;" Arizona, Wyoming, Colorado and Montana, "Cheyenne;" Oklahoma and New Mexico, "Navajo;" California, "I Love You, California;" Nevada, Idaho, Oregon and Washington, "Apple Blossom Time;" Canada, "Maple Leaf Forever," and District of Columbia, "Columbia, the Gem of the Ocean."

College Songs.

A medley of college songs were played, among them being "We Won't Go Home Until Morning," "Oh, the Bull-Dog on the Bank," "Bingo," "Alma Mater" and "Boola March." The guests sang the most popular ones.

During "My Country 'Tis of Thee" confetti was showered on the diners from flags that had seemed to be parts of the decorations. Red, white and blue paper "serpents" were unfurled, wrapping around the heads and shoulders of the diners.

After dinner Noel Fahnestock and Mrs. Josephine Happer of New York gave demonstrations of the one-step, hesitation waltz and Argentine tango. After this the guests danced.

An attractive booklet, tied with a tri-colored cord and decorated with the United States flag contained a list of the states with the derivations and meanings of the names, mottoes, nicknames, flags and flowers.

The menu was:

Canape U. S., celery, tomato bouillon in cup, olives, turban of sole, English potatoes, roast breast of Long Island duckling, chestnut dressing, stringless beans, candied sweet potatoes, spring salad, strawberries and ice cream, cakes, demi tasse—served on main floor.

Among the diners were: Mr. and Mrs. A. W. Hartman, Mr. and Mrs. George C. Stone, Mr. and Mrs. Ward Ames, Jr., Mr. and Mrs. H. F. Williamson, Mr. and Mrs. R. A. Horr, Miss Edwina Stone, Harvey Clapp, Mr. and Mrs. Whitney Wall, Miss Martha Wall, Mr. and Mrs. George W. Wells, Mrs. Kraemer, Miss Irma Hartley, Miss Esther Adams, Mr. and Mrs. A. L. Goodman, Mr. and Mrs. G. G. Hartley, Mr. and Mrs. J. H. Harper, William Harrison, Mr. and Mrs. H. C. Nichols, R. H. Higgins, Dr. Homer Collins and Mrs. Collins, Mr. and Mrs. C. A. Marshall, A. W. Hepworth, F. E. Brooks, Mr. and Mrs. J. H. Madden, Mr. and Mrs. F. E. House, Cavour Hartley, G. G. Barnum, Jr., Charles McLennan, Mr. and Mrs. J. N. McKindley, Mr. and Mrs. J. A. Patrick, Mr. and Mrs. Walter Turle, Mr. and Mrs. A. W. Hunt, Wilson G. Crosby.

ANNUAL SENIOR CLASS PLAY IS READY FOR PRESENTATION

MARIE ELSTON.

LUCILE BIEBERMAN.

The seniors of the Duluth Central high school, who will give "The Starry Flag," a play of the Spanish-American war, have everything in readiness for the performance at the high schol assembly room tonight and tomorrow night. The cast has been well chosen and the players well rehearsed, and the big sale of tickets indicates that a large number will attend.

A. G. Alexander, the coach, who has directed the performance of this play nine times in other parts of the country, says that the production has always proved a great success.

The cast chosen is undoubtedly the best that could be selected from the present senior class. Marie Elston, who is taking the leading feminine role, acts her part of Alice Maitland, the fiancee of Kenneth Tracy, very well, considering that she has a very difficult part.

Lucille Bieberman as Mabel Horton, and Oliver Vivian as Harvey Maitland, will endeavor to keep the audience in good humor.

Seward Kempton as Capt. Le Claire, a hot-headed Southerner, takes the part of the villian.

Arthur Spear as Alfredo Surarez acts his part admirably.

Harold Bradley as Mark Horton, Gilbert Denfeld as Barney O'Shea and Irene Keyes as Nellie Maitland play their respective parts in a realistic manner.

SENIOR CLASS
D. C. H. S.
Presents "THE STARRY FLAG," a melodrama in three acts, Friday and Saturday evenings, 8:15 p. m. Tickets on sale at Huot's; 25 and 50 cents.

TALK TO WAGE-EARNERS.

Women Will Urge Better Hours and More Pay.

Miss Agnes L. Peterson, superintendent of the bureau of women and children, department of labor, and Mrs. Eliza Evans, secretary of the minimum wage commission, both of St. Paul, will speak Monday evening at a meeting of women wage earners at Memorial hall, courthouse.

Notices of the meeting are being sent out by Miss Victoria Ericson, deputy state factory inspector. All women who work for wages are urged to attend. They are also invited to bring others with them who are interested in the campaign for better wages and hours.

WEDDING DATE SET.

Miss Eleanor Wilson and Secretary McAdoo to Marry May 7.

Washington, April 17.—The president and Mrs. Wilson announced today that the wedding of their youngest daughter, Miss Eleanor Randolph Wilson, and Secretary McAdoo would take place on Thursday, May 7.

The announcement from the White House giving the date of the wedding also said:

"In accordance with the wishes of Miss Wilson and Mr. McAdoo, the wedding will be very small. Only the vice president and Mrs. Marshall, the cabinet, and the immediate members of the two families are to be present."

Saturday Club.

"Mechanical Inventions" will be the subject of the meeting of the Saturday club tomorrow afternoon in the library clubroom. Ten-minute talks will be given as follows:

"Color Photography" and "Mercury Vapor Lamps" ..... Mrs. R. E. Denfeld.

"Sun Motor" and "Luxfer Prisms". ..... Mrs. W. B. Brinkman.

"Mechanical Stoker" and "Mechanical Smoke Consumer" ..... Mrs. A. W. Nichols.

"Gyroscope" and "Monorail" ..... Mrs. A. H. Brocklehurst.

"Nicola Tesla and His Inventions". ..... Mrs. R. Spiegel.

"Educational Conditions in the South" will be the subject for current events. Mrs. W. B. Brinkman will be the leader of the meeting.

Benefit Program.

A miscellaneous program will be given Wednesday evening at 8:15 o'clock for the benefit of St. John's Episcopal church at the Lakeside Masonic hall, Forty-fifth avenue east and Robinson street. The following program has been arranged by Mrs. Stanley Butchart:

Piano solo—"Grillen" ..... Schumann
Miss Sadie Gingold.

Contralto solo—"The Lord Is My Light" ..... George Noyes Rockwell
Miss Borghild Dahl.

Reading—Scene from "Polly of the Circus" .....
Miss Agnes Mae Johnson.

Tenor solo—Selected .....
A. G. Alexander.

Piano solo—"Forest Murmurings" ..... Liszt
Miss Bernice Haverty.

Monologue — "Photographing the Baby" .....
Mrs. George A. Reifsteck.

(a) "Ecstasy" ..... Logan
(b) "Love Is a Bubble" ... Allittson
Miss Perle Reynolds.

Zenith quartette .....

Pantomime—"That Old Sweetheart of Mine" ..... Riley
Mrs. Hazen Clark.

Accompanists .....

Madame Egyptiade .....
Jean Marshall and Gudrun Tharna.

At Kitchi Gammi Club.

Mrs. G. G. Hartley and Mrs. E. D. Peek will pour tea at the Kitchi Gammi club tomorrow afternoon from 4 to 6 o'clock.

Birthday Party.

Harold Restid was pleasantly surprised last evening at his home, 2402 West Fourth street, in honor of his 17th birthday. The evening was spent in music and games, followed by a luncheon.

Those present were:

Mesdames—
Restid, Wedsteen.

Alfred Jentoft, John Flynn,
Harold Restid, Gilbert Granford,
Walter Pelland, Apolon Le Vasseur,
Wilbert Fish, Howard Kiley.
Elmer Cartier,

Wedding Not Postponed.

New York, April 17.—No arrangements for the postponement of the wedding of Vincent Astor and Miss Helen Huntington, set for April 20, have been made, notwithstanding Mr. Astor's illness.

This announcement was made at the Huntington country home today in contradiction of reports that the ceremony had been indefinitely postponed. A postponement may yet be found expedient, however.

Mr. Astor spent a comfortable night and was pronounced "about the same today."

Personal Mention.

Mrs. Peter Olesen of Cloquet was in the city yesterday on her way to Washington, D. C., to attend the International Child Welfare congress April 25 to 27. Mrs. Olesen is vice president of the Federated Women's Clubs of the Eighth congressional district of Minnesota. She will return May 1. Mrs. Olesen and Miss Katherine King were appointed delegates to the congress by Governor Eberhart. Miss King will leave for Washington tomorrow evening.

• • •

Mrs. Clarence H. Welch of St. Paul, who has been the guest of Mrs. C. D. Wagner of 401 West Winona street, will return home tomorrow. She will be accompanied by Mrs. Wagner.

• • •

Miss Foote of Red Wing, Minn., is the guest of Miss Mantie Powers of the Ashtabula apartments.

• • •

Mrs. H. J. Grannis of 4729 McCulloch street will leave Wednesday for Washington, D. C., to visit friends and relatives.

• • •

Mrs. Louise D. Fraker and Miss Helen Fraker of Kent road will go to St. Paul Monday to attend grand opera and to visit friends.

• • •

Miss Dess McClaran will return today from a trip to the Twin Cities.

• • •

Miss Nellie Bray of Cleveland, Ohio, who has been appointed secretary of the school board of Aurora, is visiting friends in the city today. She will leave tonight for Aurora.

• • •

Mr. and Mrs. G. H. Abell of Ironwood, Mich., are the guests of Mr. and Mrs. J. H. McLean of 302 North Sixteenth avenue east.

• • •

Miss L. B. Hays of Candle, Alaska, has gone to Lebanon, Ky., after spending several weeks as the guest of Mr. and Mrs. D. H. Haslam of 467 Mesaba avenue.

• • •

Miss Edwina Stone has returned from California, and is the guest of Mr. and Mrs. George C. Stone, 2221 East Superior street.

• • •

Mrs. Jack Hultquist, formerly of Park Point and now a resident of Eveleth, has been in the city for a few days.

• • •

Dr. E. W. French of New Rochelle, N. Y., and Mrs. Alice Haynes of Normal, Ill., are visiting with Mr. and Mrs. J. D. Haynes, 1720 East Third street.

BOY IS DROWNED AT FRONTIER, MINN.

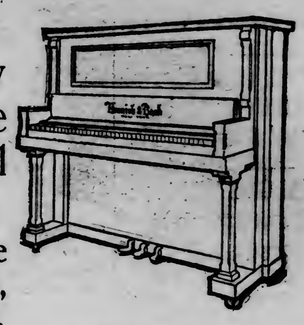

Baudette, Minn., April 17.—(Special to The Herald.)—The 3-year-old son of Mr. and Mrs. Oscar Johnson of Frontier, a small town near here, was drowned in a well on Wednesday. There was four feet of water in the well. The body was recovered shortly after the accident.

OBSERVATIONS
By PEGGY PEABODY

Let Children Face World on Their Own Merit.

In the opinion of a prominent railroad magnate, no man should leave a fortune to his children. If they are worth anything they will make it for themselves. He believes that wealth should be disposed of to help the youths of the land and prepare them to make their way in the world. In other words, this man of wealth believes the necessary thing is the start in life. With a good one, any man or woman should be able to forge ahead.

Today there are evidences on all sides of just how useless money has contrived to make the children of our rich men and just how worthless the sons of men have become who have lacked just the little to insure self-respect. Thousands have been destroyed from the one cause and tens of thousands from the other. We are led to exclaim sometimes that it is indeed fortunate for the children of vast wealth they were born with a silver spoon, and we are made to mourn that the neglected children of the land cannot benefit by what those in comfortable circumstances waste and ignore.

It does seem as though there should be a fairer division of the blessings of wealth. It is rather discouraging to know that its possession can rub a man out just as effectually in the full sense of manhood as the direst poverty has ever been known to do. One has too many props, the other, not even the saving grace of one, maybe.

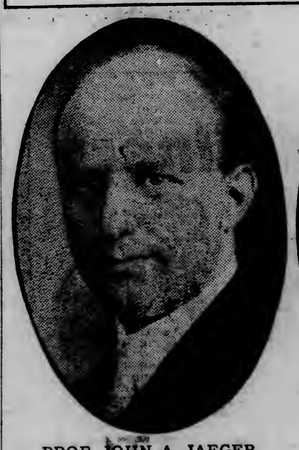

We do not and should not expect that all men should be gifted alike. Making money in vast amounts is not possible for all men, no matter what their training and environment may be. But certainly it is not too much to expect that every man who has had the advantage of education and environment anywhere equaling that which has been the everyday portion of hundreds of young people, the children of well-to-do and fabulously wealthy fathers, shall be able to sustain themselves respectably in some line of honest effort.

It is but three generations from shirtsleeves to shirtsleeves, where the efforts of one generation have attempted to carry the other two. I am not one who holds that money cannot accompany ability, when money has been inherited, but I do believe bringing children up in the dependence of what their parents will do for them should cease, not only among the very rich but the semi-rich and the moderately well-to-do.

There should be less of this mad scramble after riches to make ladies and gentlemen out of one's children, all the while leaving the children to grow up without a single serious idea, and a little more attention given to forming character and making them of use and able to fill a real place in the world on individual merit.

HAMLINE UNIVERSITY GLEE CLUB
Will Be at the
FIRST METHODIST CHURCH
SATURDAY, APRIL 18
—8 P. M.—
Admission, Adults 25c, Children 10c.

HAMLINE UNIVERSITY GLEE CLUB WILL BE HEARD IN CONCERT HERE

PROF. JOHN A. JAEGER.

ROBERT E. KELLS.

A large audience is expected at the First M. E. church tomorrow evening when the Hamline University Glee club will give a concert under the auspices of the Men's Bible class. The club consists of twenty members in addition to Prof. John A. Jaeger, director and soloist, and Robert E. Kells, dramatic reader.

The club is just returning from a very successful concert tour over the range and other parts of Minnesota. The program will consist of many tuneful melodies, full of college spirit, and the club is said to be composed of fine musical talent, ably directed by Prof. Jaeger. Mr. Kells is reputed to be a highly entertaining and capable reader.

Ride Your Baby In Ease and Elegance

"THERE goes a Sidway!" You recognize it at once because of its exclusive beauty of design and workmanship.

Examine a Sidway! Test the gentle movement of the special extension springs, and you will know why it is the only baby carriage that can not jar or shock the baby's spine or bounce him into fidgety nervousness. Look at the classy auto hood, the extra high back, wide seat, long body, real rubber tires, fine, non-cracking Fabrikoid leather top (an exclusive Sidway feature).

Guaranteed from Top to Tires for 2 Years

The Carriage that Your Physician Will Recommend.

Sidway GUARANTEED

This Name on the Frame of Every Genuine

Sidways Fold With One Motion

The tag attached to every Sidway contains the strongest guarantee ever given with a baby carriage. Any part that wears out or breaks within two years will be replaced, without any conditions whatever.

The special grade Fabrikoid Leather made exclusively for, and used exclusively on, the Sidway, is included in this guarantee, and in addition carries the guarantee of the Du Pont Fabrikoid Co., sole makers of Fabrikoid.

Yet the cost of a Sidway to you, is no higher than that of many other carriages which have not the splendid Sidway features, and are not guaranteed.

Made in various designs by the Sidway Mercantile Co., Elkhart, Ind.

See the Sidway at

ENGER & OLSON,

1328 and 1332 West Superior Street.

SOLDIER IN LOVE WANTS DISCHARGE.

Lafayette, La., April 17.—One year more to serve in the United States army and probably in the Philippines, Emile Martin, three years a soldier, is pleading to be released from further service in order that he may be near Miss Jeanne Olivier, formerly of this city.

Four years ago Emile Martin tucked his diploma from the University of Paris into his pocket and came to America. He was of French aristocracy, and the bottom of the family coffers had been scraped to provide Emile with an education.

Emile joined the United States army when he failed to find work. From regiment to regiment he was shifted, until one day he found himself in Texas City, one of the thousands of soldiers drearily waiting for something to happen in Mexico.

In Texas City he met Miss Olivier, who is of an old Creole family of Louisiana. She and her family moved to Galveston, Tex. Now Emile learns he is to be sent to the Philippines.

He has been granted leave of absence and is now in Lafayette, the birthplace of his bride, appealing to influential citizens in and about the city to sign his petition to Congressman Broussard, who is asked to use his influence with the government in releasing him.

CHINESE LETTERS TO BE DECIPHERED.

Evansville, Ind., April 17.—A stone engraved with Chinese characters so old that they cannot be deciphered by modern Chinese is owned by Mrs. G. W. Drolette of this city. She has had the writing photographed and a print sent to Prof. Nicholas Butler of Columbia university, an authority on ancient Chinese.

Mrs. Drolette obtained the stone at Nanking, China, a year ago, when the troops of the Chinese republic stormed the ancient capital of China in suppressing a rebellion. The wall about the city was demolished. It has stood for more than 2,000 years.

In searching the ruins Mrs. Drolette found one stone which had been over a gateway, the face of which was covered with Chinese writing. This was the only engraved stone known to have been found.

When Mrs. Drolette returned to America to visit her brother, Arthur Cintura, a physician of Evansville, she brought the stone, which weighs twenty-five pounds, as hand baggage. She carried it more than 11,000 miles.

A fine line of Boys' Mixed Colored Suits, with 2 pairs Pants (extraordinary value)

$5.00

Boys' Shoes from the famous Pat Cogan line in button or lace, colors — tan or black—at

$2.00 to $3.50

A complete line of Boys' Furnishings.

Kenney & Anker Co.,

409 and 411 West Superior Street.

EGGS MAKE LOW RECORD

Are Cheapest They Have Been in Duluth in Years.

Importations Break the Market—Butter Prices Hold Firm.

Consumers are now able to buy eggs at the lowest prices in several years, and the decline is likely to go still further, in the opinion of those well posted in the present trade conditions.

Receipts of them have increased in a marked degree of late and are now much above current consumption requirements. Large quantities of eggs have gone into storage since the first of the month, but present prices are thought extremely dangerous by packers, anxiety being occasioned by threatened importations. It is said, in fact, that large contracts have already been entered into for Austrian and Chinese eggs. Importations from the Celestial kingdom can now be laid down cheaply at the Pacific coast, and with the opening of the Panama canal, it will be possible to offer them in New York at a low figure.

While prices here today remain at 19 and 20 cents a dozen, it is predicted that they will sell lower within the next few days.

Butter Market Steady.

The butter market is steady, the Bridgeman-Russell company quoting 26 and 27 cents a pound for the best creamery; 25 and 26 cents for first creamery; 20 and 21 cents for imitation creamery and 18 and 19 cents for dairy.

A steady increase is being shown in the make of butter at the dairies, but with a good demand from Eastern points being met with by Duluth dealers, supplies are not accumulating at this point. As storage stocks in Eastern warehouses are now out of the way the trade reports a comparative scarcity of good fresh butter.

In cheese, twins and brick are slightly lower by reason of the factories making those lines first when starting up for the season. Prices of other items in the cheese list are unchanged.

Oranges Sell Freely.

Oranges are still the feature in fruits, with a heavy sale of them in Duluth and through the district towns reported by the Michigan street commission houses. The average low prices at which the fruit has been selling this season has led to a greatly increased inquiry for it.

A big business is advised in box apples. The quality of the stocks remaining in dealers' hands is considered exceptionally good for the season, but at the present rate of consumption they will be down to a low point within the next few weeks.

Lower prices in strawberries are looked for next week, as increased receipts are forecasted. They have been scarce up to the present on account of cold weather in the South. The first carlot of Cuban pineapples is expected on the market here next week.

Supplies of green vegetables have been held down through unfavorable weather at Southern producing points. Asparagus and tomatoes are the leaders in that line at present.

No Change in Potatoes.

A steady market and demand for Minnesota potatoes is reported by the Fitzsimmons-Palmer company. It is now believed that supplies in growers' hands through the district are not as large as had been counted upon, and the new Texas potatoes will not be a factor in the market for about a month yet.

Poultry remains firm, with supplies limited to frozen stock. Receipts of live birds have been slightly better during the last few days, but they are not sufficient to cut any figure in meeting the demand.

In meats, beef and veal are scarce and high, and the situation in pork is strong, as receipts of hogs at packing points are light.

HARDSHIPS OF TRIP IN TIBET

Perils of Mission Into Hostile Country Are Described.

Besieged for Two Months, While Surrounded By 20,000 Tibetans.

Washington, April 17.—The perils of a mission into a hostile country, through treacherous mountain passes, to negotiate a treaty with a people who refused to enter into any negotiations, are described in a communication to the National Geographic society by Sir Francis Younghusband, who headed the famous British Mission to Lhasa, Tibet. Sir Francis is now paying his first visit to America, after having spent more than twenty years on the frontier and in the hinterland of India.

Instability along the Indian frontier and the approach of a rival power in Tibet drove England into the latter country, explains the soldier-diplomat. It was suspected that secret negotiations were being carried on between the Tibetans and Russia, which would work to the detriment of England with her vast interests in India. Finally, no progress having been made by attempted long-distance negotiations, since the Tibetans refused to negotiate, it was decided to send a party to the sacred city of Lhasa itself. The escort of Sir Francis at the start was 200, but later the detachment was swelled to 4,200 native Indian and 800 British troops.

Hardships of the Trip.

"We started in May," says Sir Francis. "We halted twelve miles within the border to discuss with some Chinese officials the matter of a treaty regularizing our relations with the Tibetans, Tibet being under the suzerainty of China. We made little progress, however, and, in December, decided to push on to Lhasa." The hardships of the winter trip over the Himalayas, the endless and fruitless negotiations with the Tibetan military leaders and priests, and the siege endured by Sir Francis and 50 of his men for two months, while surrounded by 20,000 Tibetans in a small inclosure on one of the high plateaus, are described, together with the final fruition of his efforts, the signing of the treaty in the palace of the Dalai Lama himself in the forbidden city, the attendant celebration and the peaceful journey back to India.

"I thought at one time I had gone a step too far in insisting that the treaty be signed in such a sacred and famous place, knowing that my government would be as well satisfied with a document ratified in my own tent or anywhere else, so long as it was valid," continues Sir Francis. "But I clung to my point, feeling sure that the influence of such a setting on the Tibetans and the people of the territories that bound their land would greatly enhance the value of the agreement, and so it turned out."

Not Bravery But Altitude.

Sir Francis tells amusingly of the newspaper accounts which commented on and admired the "dignity and bravery" of the Tibetan troops, who, when forced to retreat, moved slowly off at the rate of but two miles an hour. "It was not bravery or dignity so much as altitude," he says. "Later we had occasions to retreat for short distances ourselves, and although extremely desirous of making good time, we found it impossible to run or walk at a faster pace than two miles an hour. In addition, owing to the rarity of the mountain atmosphere, shells from the guns of our mountain battery traveled about twice the distance on the same charge of powder as they would have done at sea level. Bullets from the rifles behaved the same way and we were compelled to revise completely our system of sighting our firearms."

The people of Tibet believe the soul of the Dalai Lama never dies. Upon his death it passes to the body of a babe born as near as possible to the time of the dissolution. The new lama comes into his full rights on his 18th birthday.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher

DENVER CAT SWIMS TWICE ACROSS RIVER.

Denver, Colo., April 17.—Braving the icy waters of the Grand river rather than stay on a ranch home, Murphy, a Maltese tomcat belonging to Ad Hockett, a wealthy rancher of Dotsero, Colo., swam a mile when he was left on the ranch while Hockett went to Glenwood Springs on a business trip.

The day after Hockett left his ranch Murphy went to the river bank, where he sat for an hour, and then swam the stream to the opposite side, where he sought company at a neighboring ranch.

Four days later, when Hockett returned and found Murphy missing, he began a search for his mascot.

Standing on the river bank, he saw his cat swimming back. When Murphy reached the shore he jumped on his master's shoulder.

At the point where Murphy swam the river the stream is treacherous, and several men have been swept down the stream by the swift current.

CARLOAD OF THESE BOOKS!

THINK OF IT! A carload of books shipped to the Glass Block Store to supply the demand for this great educational reference work, PEOPLE'S CYCLOPEDIA. And there are more to follow, for it is the intention of THE NATIONAL NEWSPAPER SYNDICATE, through the far-reaching channels of THE HERALD, to place a set of this wonderful storehouse of knowledge in every home in Duluth within the next few days. Neither the Glass Block Store nor THE HERALD derives one penny of profit from the distribution. It is an educational movement of national scope, and only through the co-operation of such public-spirit local enterprises could such a tremendous undertaking be successfully accomplished here.

PEOPLE'S $12 CYCLOPEDIA

SCHOOL CHILDREN

Readers of The Herald have never before had such an opportunity as this. Think what it means to the school children of Duluth.

—FOR—

$1.98

MEANS AN ACTUAL SAVING TO YOU OF $10.02

FOR EVERYBODY

Every man, every woman, every child—rich or poor, old or young, great or small—all should avail themselves of this great educational offer.

REMEMBER—This WONDERFUL WORK describes EVERY EVENT, EVERY PLACE, EVERY PERSON, EVERY THING worth knowing from the Creation to the present day. It covers the whole World from the American viewpoint and is the MODERN MARVEL of concise and COMPREHENSIVE INFORMATION for the progressive American people. This is a WORK to READ and for constant reference. It is therefore printed on the extra thin paper, making a volume that can be handled without effort. You will find it intensely Interesting, Practical and Valuable.

SUPERB COLOR PLATES

These copyrighted plates are an innovation and have been especially painted by noted artists for this work. More than 500 subjects are shown on these colored pages.

Prize Winning Animals—These embrace a double page of 44 leading breeds of dogs. Other pages are devoted to domestic poultry, cattle and horses. Specialists have made these original life-like paintings at great expense.

Plants of Commercial Value—On this color plate are shown plants, blossoms and fruits of vanilla, cotton, tobacco, flax, hops, cocoa, tea, coffee, hemp, maize, etc.

SPECIAL FEATURES

Among the scores of special and exclusive features found in PEOPLE'S CYCLOPEDIA, one of the most interesting is a series of colored charts scattered through the five volumes.

These charts show at a glance, among other things, the statistics covering tobacco products, comparative wealth, wheat, coal, wool, pig iron, silver, tea, coffee, corn, oats, gold and silver money, armies and navies. The charts show the figures of all countries as well as those by States of the United States.

A special page chart shows the value in dollars of all agricultural products in each State.

Thousands of Other Exclusive Features in This 5 Volume Set of Octavo Volumes

TO THOSE WHO PRESENT THE COUPON PRINTED BELOW—

ORDERS BY MAIL —MONEY REFUNDED IF NOT SATISFACTORY.

MAIL ORDERS—By parcel post, include EXTRA 14 cents within 150 miles; 24 cents 150 to 300 miles; for greater distances ask your postmaster—amount to include for 10 pounds. Address Glass Block Store, Duluth, Minn.

CLIP THIS COUPON TODAY —and present it as directed.

No such chance will ever be offered again—and next week must end it—as soon as the allotment of sets for Duluth is exhausted.

THE HERALD COUPON

For $1.98

I agree to show this set to my friends and explain how I got it.

This coupon, when presented with $1.98 at THE GLASS BLOCK STORE, entitles the holder to a five-volume set of People's Cyclopedia (regularly selling at $12.00).

THIS COUPON WILL BE REDEEMED AT

The Glass Block Store

2nd Avenue West and Superior St.

GIRL HURLS STONE AND KILLS COUGAR.

Spokane, Wash., April 17.—It was with a stone that 17-year-old Margaret Bell, graduate of the Lewis and Clark high school, felled the largest cougar ever brought to the auditor's office here for bounty.

Miss Bell lives on a ranch near Spangle, and while looking for the cows near her home she was compelled to cross a wild, rocky pass, and as she came around a boulder she stood face to face with the cougar, coming directly toward her. Being unarmed and fearing that if she turned the beast would spring upon her, she stood stock still in the path.

Having read that the human eye has power to pacify wild creatures, the girl focused her eye upon the cougar. Soon the animal ceased to switch its tail and crouched upon the narrow trail. Then Miss Bell picked up the stone and hurled it at the big cat. Her aim was good, the missile striking the animal upon its spine. This stunned the beast.

Fearing the beast might revive, she started on the run for her rifle. Upon her return the animal was just waking up. She quickly dispatched it with a rifle ball.

THE DULUTH HERALD

AN INDEPENDENT NEWSPAPER

Published every evening except Sunday by The Herald Company.

Both Telephones—Business Office, 324; Editorial Rooms, 1126.

Entered as second-class matter at the Duluth postoffice under the act of congress of March 3, 1870.

OFFICIAL PAPER, CITY OF DULUTH

SUBSCRIPTION RATES—By Mail, payable in advance, one month, 35 cents; three months, $1; six months, $2; one year, $4; Saturday Herald, $1 per year; Weekly Herald, $1 per year.

Daily by carrier, city and suburbs, 10 cents a week; 45 cents a month.

Subscribers will confer a favor by making known any complaint of service.

When changing the address of your paper, it is important to give both old and new addresses.

The Duluth Herald accepts advertising contracts with the distinct guaranty that it has the largest circulation in Minnesota outside the Twin Cities.

The Herald will be glad to have its attention called to any misleading or untrue statement which may appear in its news, editorial or advertising columns.

A STRANGE ATTITUDE.

The Herald remembers very distinctly, though with some tinge of mental disturbance at the thought, that one of the strongest reasons it urged in favor of the commission plan of city government was that it would be a ready and effective implement in all works for the upbuilding of Duluth.

Yet now, when one of Duluth's greatest needs is a public market, when there is public market space already provided on the ground floor of the armory, and when that public market is pre-empted for a city storehouse, the commission appears to be standing in the way and blocking progress.

We say it appears to be that way—we hope it is only a seeming, and not a fact.

The ground floor of the armory was built for a market. It is so labelled by a device plainly to be seen above its door. It was not built for a city storehouse. It should be abandoned as a storehouse, and put to use as a market.

Moreover, the commissioners should not do this grudgingly and under compulsion. They should do it willingly and eagerly, to show that when it was asserted that the commission form of government would respond readily to public need those who believed the assertion and voted accordingly were not deceived into voting as they did under false pretenses.

It would cost the city something to make the change. Opinions seem to differ about that. Some say a thousand dollars, some two or three thousand.

What of it? Looking at those figures as some of the commissioners are looking at them is examining the problem from a ridiculously wrong angle.

Suppose it costs three thousand—which it won't.

Can a public market be otherwise provided so cheaply as that?

Is that too much to spend for a public market when the city's great need, backed by a strong public demand, is a public market?

Duluth needs a public market. It has one in the Armory building. Because by custom it has been devoted to other than market uses is no reason why it should always be so—except to those who always resent change and oppose progress. The city market should be devoted to market purposes. The city needs it, and the public demands it.

We are sure no commissioner will be willing to put himself in the position of obstructing the public will when the public will is so clearly the outgrowth of a great public need.

The Armory ought not only to be made a market, but it ought to be made as fit for market purposes as it can be. It should be cleared out, whitewashed, a comfort station and waiting room for farmers' wives provided, and the farmers invited to enter and make themselves at home.

And it ought to be done not only willingly, but even eagerly.

Why didn't the regulars think to make the Federal leaguers salute the pennant?

A MISTAKEN TAXPAYER.

A letter in the Open Court the other evening, signed "A Taxpayer," strongly criticized the board of county commissioners of St. Louis county for authorizing a bridge across the St. Louis river above Fond du Lac connecting with the old military road. "Taxpayer" called this an uncalled for waste of taxes, and said we should use the existing bridge and let our road go out through Superior.

We do not agree with this taxpayer at all.

The road projected over this proposed bridge will knit the Duluth market and a rich Carlton county farming area by a direct and intimate tie.

It will give the Carlton county farmers a short and easy route to the big market at the steel plant and in Duluth.

It will give the steel plant dwellers the advantage of cheap and good food direct from the farm.

It will be a Duluth road, a St. Louis county road, a Minnesota road. It will be the beginning of a Duluth-Twin City highway that shall be every foot in Minnesota, and that will serve Minnesota and only Minnesota.

Why St. Louis county should spend its money to help Superior and Wisconsin, when it can spend it to help Duluth and Minnesota, "A Taxpayer" does not say.

The county commissioners are right and wise, and they deserve not blame but praise.

This year's slogan, instead of being "Swat the fly," is "Starve the fly." At least that system has the merit of never missing the mark.

MINNESOTA AT SAN FRANCISCO.

Reports are that the work of getting pledges of enough money to have Minnesota represented adequately at the Panama-Pacific exposition at San Francisco next year is going on swimmingly; that the Twin Cities are chipping in cheerfully; and that forty-seven counties—all the counties approached thus far—are in line.

St. Louis county and Duluth are next to be approached, and they will not be backward, we are sure.

Minnesota ought to be represented at San Francisco. The way the funds are being raised to do it is the right way. It is money well spent, and Duluth should and no doubt will do its share.

Duluth has peculiar reason to be interested. It wants as much of the fair traffic as possible diverted its way, because the people who make this pilgrimage will be the kind of people Duluth wants to come here and see what opportunities it offers to capital and enterprise.

There will be a vigorous campaign to divert traffic to the Northern route, and Duluth wants to see properly heralded the advantages of the cool lake route by way of this city. When the rush is at its height in the hot summer months, the argument in favor of the lake route via cool Duluth will be a powerful one.

Duluth has its glorious summer climate to tempt travelers to tarry here a day or a week.

Duluth will have its midsummer festival and pageant to make their stay here more interesting to them.

Duluth can't very well expect to profit by any diversion of traffic to the north unless it is in the game to see that its own peculiar advantages are properly set forth. So Duluth ought to join with Minnesota in playing the game with the rest.

President Wilson's patience is a whole lot longer than his messages, but in the words of that good old ditty, "it gets there just the same."

THOSE WHO KNOW.

Joseph H. Choate, who was ambassador to Great Britain when the Hay-Pauncefote treaty was negotiated, is clear that the exemption of American coastwise vessels from the payment of canal tolls is a direct violation of the treaty obligation. So is everybody else who had anything to do with making that treaty.

Yet the shipping trust senators, who had nothing to do with making this treaty and care nothing about it, say that it does not violate the nation's obligation.

Ex-President Taft, who signed the bill exempting American coastwise vessels, says that the exemption is a ship subsidy, that it was passed as a subsidy, and that he approved it as a subsidy.

Yet the Middle West senators who for one unworthy reason or another are opposing the repeal of this exemption declare that it is not a ship subsidy.

Those who KNOW are positive not only that exemption violates the treaty but that it is a ship subsidy.

Those who do not wish to know declare that it is neither a treaty violation nor a ship subsidy.

Could anything be clearer than which side is right and which wrong in this controversy?

Having learned from the courts that he isn't entitled to anything after all, "Fresno Dan" Russell may not feel that he has so much the laugh on "Dakota Dan."

LIABILITY INSURANCE.

When Ohio adopted a workingmen's compensation act, it provided that the state should carry the liability insurance, employers to pay into its treasury premiums large enough to meet it.

Ohio has just had to make its third reduction in these rates. Nobody knew, at first, how much of an insurance fund it would be necessary to carry, so the rates were put high enough to make sure. But the state didn't want to make a profit on this business, so when it developed that the rates were too high it reduced them. This it did three times; and there is no evidence of any complaint about it by employers.

When Minnesota adopted a workingmen's compensation act it could not provide for state liability insurance because the Constitution wouldn't permit it. Doubtless the private companies that are handling Minnesota's liability insurance also put their rates high enough to be sure in the beginning—at least they looked like it to those who had to pay them.

But even in Minnesota, where the insurance is private and not public, rates have come down as the compensation act showed what it would and would not do. It would be interesting to know whether they have come down as much as they have in Ohio, where the state carries the insurance.

When the workingmen's compensation act was up in this state there was talk of submitting a constitutional amendment that would make it possible for the state to handle liability insurance under its workingmen's compensation system. That should not be allowed to drop, but ought to be brought up again, for discussion at least if not for action.

The second son of the new Chinese minister at Washington is named Bacon. Which will no doubt make his father duly popular in Chicago.

1894 AND 1914.

Those partisans so ardent that their partisanship drowns patriotism and who, remembering that the hard times of twenty years ago brought about a Republican victory at the polls in 1896, are hoping that history will repeat itself, are obviously doomed to disappointment.

They have pinned much hope on the march of the new Coxey's army. They remembered what a striking thing it was in 1894, and when Coxey announced that a new army of the unemployed was to march on Washington to besiege another Democratic president, they cheered up amazingly.

"Now," they said, "the dearly beloved souphouse days again are upon us, when once more we can rally the timid voters to the support of Special Privilege by the cry of 'The Full Dinner Pail!'"

Coxey's army started yesterday, two hundred strong. By nightfall it had dwindled to twenty.

Whatever Republican money has gone to finance this demonstration clearly is wasted.

No doubt Sir John Seely is properly surprised that the United States naval officers were not asked whether they wanted to go to Mexico.

No More Dolls?

New York Sun: Mrs. Charlotte Gilman Perkins, one of the most original and refreshing of sociologists and genecophilosophers, now puts a taboo on two degrading, superstitions or survivals of the primitive and savage nursery:

"Little girls should not be allowed to play with dolls and call them their babies. Whether it is done instinctively or in imitation of their own mothers, they should not play house and put their 'children' to bed, nor harbor any of the emotions of duties of a mother. It is not childish; it is abnormal. That love of the little girls to "mother" things is just another proof that with a woman her sex predominates.

It must be discouraging for modern-minded mothers to see their young daughters practising in the twentieth century that strange maternal symbolism or magic, that nurture if not worship of blocks of wood or stone that was immemorially antique when Moses was in the bulrushes. Surely the world ought to gain as its grows. Shall the infants of "this enlightened" twentieth century dandle and dress dolls, even as brown babies of the eighteenth dynasty did? Shall little American girls be on an intellectual par with infant daughters of Ham in darkest Africa, babes of the Arunta, children of the Australian bush, Peruvian pickaninnies of prehistoric archeology? Those memorials of children of thousands of years ago may touch the idle sentimentalist in a museum. This wiser age scorns such toys. What says the poet of "the false Mahound" who used to play with his wife's dolls, if the legend is true:

The never enough-to-be-slammed
Arabian prophet Mohammed,
Would oft Ayesha's dolly coddle—
The old mollycoddle.

Did Dr. Granville Stanley Hall, who knows more about children than all the mothers in the world, ever use a doll? If dolls are not recommended to boys, their employment by girls is a dishonoring badge of inferiority, a stigma of servitude.

And if "mothering" dolls is "abnormal," motherhood, which it images, is also abnormal. This, we believe, is the conclusion to which the most logical petticoat geneophilosophy comes. "Playing house" has, in fact, an intolerable domestic connotation. Little girls should be taught to "play clubhouse."

Waves and Their Uses.

Life: Waves are used on the ocean and in hair. They come in crests, breakers and curling irons. They are also put up in ether when they cannot be seen and you have to take the dealer's word that you are getting your money's worth.

Warm waves are common to both summer and winter; in summer they come just when, owning to the delightful weather and a careful perusal of the "Old Farmers' Almanac," you have made all your arrangements to stay home; in winter, when you have filled your furnace with two or three tons of coal and turned on all the draughts until you have a bed of coals that would take a blue ribbon in hades, and nobody can put it out but the fire department.

Waves are also seen in Wall street. Little lambs can be seen occasionally sitting upon their crests until another wave comes along and knocks them over.

The Way It Was.

Everybody's Magazine: It was a cold day in December and the superintendent of a charitable institution was examining a number of poor children as to their claims for more comfortable clothing. Margaret was under examination. She was pinned up quite securely in a thin shawl.

"Have you any clothes at home?" she was asked.

"No'm.

"What have you got on?"

"Please, this is my aunt's shawl, and me dress is next and then comes I."

Flowers All the Season

From the Country Gentleman.

Note—In all such discussions as these, it should be remembered that the season in Duluth is from two to four weeks later than it is in the latitudes to which planting dates usually apply.

The greatest charm about a flower garden should be its ever present bloom, from the time the first snowdrops peep through the departing snow until the hoarfrosts kill the last of the pompon chrysanthemums. All this can be accomplished in any garden if one has knowledge of the proper flowers to plant.

The first flower to greet us is the snowdrop, followed by Scilla Sibirica and the crocus. These must be planted in early October and may be allowed to remain undisturbed until they require thinning. Next come the early narcissus, tulip, daffodil and hyacinth. By the last week of March the well-known Christmas rose will be in bloom; often it thrusts its fine white blossoms through the last of the snow. Others blooming in March and running into April are: Bird's-eye, bloodroot, iris and primrose.

First in April are the mid-season bulbs, the same as in March, except that there are no snowdrops. By planting clumps of blooming bulbs of different types in different locations, you can have early, midseason and late displays of these beautiful spring flowers.

The finest other flowers for this month are: Bird's-eye, false wall cress, leopard's bane, common columbine and liver leaf, the two last being shade lovers and requiring sandy soil for their best development. Another that requires special treatment for good results is the rock cress, which should be planted under the spreading branches of larger shrubs, where it will be both shaded and protected. It will cover the ground with its tiny white blossoms for several months.

In May we have a number of beautiful flowers or large range of colors. The shade-loving flowers are; Various hybrids of columbine, Japanese spirea, lily of the valley, forget-me-not and violet. Others are windflower, English daisy, sweet William, bleeding heart, barrenwort, avens, German iris, phlox amaena, polyanthus and Jacob's ladder. Most of the shade loving plants can be grown well if planted on the north or east side of other large plants or bushes or under them.

June is the month in which we get the first of the peonies in the latitude of Philadelphia. These now come in varieties enough to cover a blooming season of six weeks, running into July. Then there are these shade loving flowers: Late columbines, Alpine aster, late bleeding heart, foxglove and wild sweet William. Others, all very fine, are: Wooly yarrow, sandwort, Japanese spirea (late), early bellflowers of many shades, upright virgin's bower, larkspur and candytuft.

The list of fine flowers that will bloom at their best in July is very large—more than 200. Here is a fine selection of them: Early hollyhocks from pots, camomile, false indigo, starwort, midseason bellflower, Shasta daisy, tickseed, snakeroot, various larkspurs, purple coneflower, baby's breath, sunflowers of the long-stemmed, double sorts, bee balm, poppies, phlox paniculata, stone crop and spirea aruncus. Half this collection judiciously distributed over the borders will give a sheet of bloom all through the month.

August gives us most of the flowers named as starting to bloom in July and in addition the following good ones, which should have a place in the bright sunshine: Butterfly weed, aster amellus, plume poppy, false camomile, poppy mallow, shrub clematis, sea holly, various sunflowers, coneflower and speedwell.

Many of the flowers that started to bloom in July and August will remain into September. Most notable of these are the members of the phlox family. Others that will then be at their best are: Monkshood of various species, various hardy asters, turtlehead, various hardy chrysanthemums, mistflower, closed gentian, alum root, gay feather and Stokes' aster.

The Fear of the Mob

From "The Carpenter and the Rich Man," by Bouck White: Fear of "mob dominion" rides some people today like an incubus. They behold the uprising among the multitudes as a muddy proletary surge sweeping over the world. And a great terror is got hold upon them.

But never was fear more groundless. The workers will not be dangerous to this present civilization until they have learned to hang together. And when they have learned to hang together, they will have reached a loftiness of mentality that will make them not a destroying force, but rather a contribution to civil society. Visitors to a lunatic asylum are frequently impressed by the small number of guards. And ask: "Is is not dangerous? Because the inmates, suddenly combining, could easily overpower the keeper." But lunatics cannot combine. In deepest sense, the inability to combine is the distinguishing mark of lunacy. The moment they become civilized enough to pull together, they would be sane, and would not need a keeper. So long as the multitude is incapable of government, there is no danger that they will obtain the government—in that unadult stage they are too busy sharpening knives against each other.

The Dutcous Heart.

Spirit of grace and beauty,
Whom men so much miscall;
Maidenly, modest duty,
I cry thee fair befall.

Pity for them that shun thee,
Sorrow for them that hate,
Glory hath any won thee
To dwell in high estate.

But rather thou delightest
To walk in humble ways,
Keeping thy favor brightest
Uncrowned by foolish praise.

In such retirement dwelling,
Where, hath the worldling been,
He straight returneth telling
Of sights that he hath seen.

Of simple men and truest,
Faces of girl and boy;
The soul whom thou endurest
With gentle peace and joy.

Fair from my song befall thee,
Spirit of beauty and grace!
Men that so much miscall thee
Have never seen thy face.

—Robert Bridges.

Wicked King John.

London Chronicle: "Wasn't King John a wicked man?" said the professor's little daughter the other evening. "He used to run over people with his motor cars." The professor was puzzled. "Haven't you made a mistake?" he inquired, doubtfully. "Surely your teacher didn't tell you that?" "Oh, yes, she did. She told us that King John ground down the people with his taxis."

Statesmen, Real and Near

By Fred C. Kelly.

Washington, April 17.—(Special to The Herald.)—Howard Acton, publicity man for the National Geographical society, is one of the most persistent practical jokers in Washington. Usually, however, his are comparatively harmless jokes and hurt no one any more than himself. He is his own worst enemy, so far as practical jokes are concerned.

One day Acton was compelled to go to a dentist and when he had finished having a tooth fixed he coaxed the dentist to give him a small handful of loose false teeth that were lying hospitably on a nearby tea table.

"What do you want them for?" asked the dentist.

"Oh, I don't know," admitted Acton, and in truth he didn't know. He simply felt that they might come in handy.

The next day as he was boarding a street car, Acton happened to think of his false teeth. He took six or seven of them out of his vest pocket and placed them in his mouth. When he could see out of the tail of his eye that two passengers across the aisle were looking at him, he made a wry face, reached into his mouth, tugged at something a moment and then vexatiously threw a tooth on the floor, after which he went on unconcernedly reading his paper. Two women gasped, so Acton knew his joke was working. He waited a minute, then made another face, as if in great physical and mental distress, and jerked out another tooth. When he had removed five of his teeth in that way a woman rang the bell and staggered off several blocks ahead of her stop to avoid fainting clear away.

* * *

On another occasion Acton went to the theater with a lovely young woman he had just met. During the intermission following the second act their conversation dragged a bit and Acton, seeking a little quiet diversion, began to snatch imaginary objects out of the air. As rapidly as he caught one he put it in his pocket.

The helpless young woman shifted uneasily in her seat and asked:

"Wha—what are you doing?"

"Catching germs," explained Acton, soothingly, "they might have got on some woman who wouldn't know how to handle them and given her a horrible disease."

* * *

John T. McCutcheon, when in Washington recently, was recalling Eugene Field's love for just such harmless practical jokes.

"He would go to more trouble and pains to gain a quiet little joke," says McCutcheon, "than any man I ever knew.

"When he was working on the old Chicago News the managing editor of that paper was a man whose main hobby was horses. He owned a good horse or two and his thoughts in so far as possible were about horses. One morning Field got up bright and early, hurried down to the office ahead of the boss and devoted a couple of hours to drawing horses' hoof prints in chalk from the curb in front of the building, across the sidewalk and up the stairs clear to the managing editor's office.

* * *

"Many of his jokes were incidentally schemes to get his salary raised. I remember one time he got all the ragged clothes he could find and dressed up in them, and dressed his four or five children up in similar poverty-stricken fashion. Then he brought the youngsters down to the office and they all marched into the publisher's office as evidence of his need of more wages.

"Another time he sent down to Joliet for a convict suit and he actually wore the thing about for nearly a week. It looked so bizarre to see a man going about the office in convict stripes that the thing got considerably on the nerves of the publisher and he asked Field why he wore such garb.

"'To tell you the truth,' said Field, in his solemn, serious way, 'it is all the suit I can afford. On my meager wages I can't save enough to buy clothes very often.'

"So that, of course, meant one more raise."

* * *

When Wallace Irwin, the writer, was attending Leland Stanford university, he hired out one summer vacation as a farm hand to assist in baling a vast tonnage of hay. Up to that time he had been leading a rather sedentary life and the manual labor of feeding the hay baler became extremely irksome. It seemed no matter how much hay he tossed to the machine it acted ever eager for more. Toward noon of the second day at the job, Irwin, more dead than alive, was trying to go through the motions of pitching hay without actually using up much strength, for he had no more strength. All physical and mental ambition had been sapped from him by the ruthless hay-baling machine. The boss came along and Irwin saw him staring at him. He realized that he was making a failure of his efforts to look as if he were working. He ceased his haytossing, brought his pitchfork to his shoulder with a military movement, stood at attention, saluted the boss, and said:

"Sir, I surrender!"

* * *

Representative Connelly of Kansas owns a little weekly newspaper in Colby. When he came to congress he leased the paper for two years, but with the reservation that he should have one page for his own use, on which he could say anything that he pleased. It was a wise reservation, for today Connelly is the only man in congress who has a woman opponent for his seat, and when a man has a woman on his trail it is perhaps only fair that he should have every possible opportunity to give expression to his thoughts.

Belinda's Kick.

Philadelphia Telegraph: John L. De Saulles, who has been appointed minister to Uruguay, smiled the other evening when, during a talk on things military, reference was made to taps and the sunrise gun. He said he was reminded of Belinda's kick.

Belinda was a colored servant in the family of a certain colonel who commanded a Western garrison. That is, she held the job for a week or two and then went to her mistress with a life-size remonstrance.

"Look yeah, Missus," she complained, "I jes' done come to tell yo' dat dis ain't no job fer me."

"Why, Belinda!" exclaimed the surprised mistress. "What in the world is the matter? I thought you were perfectly satisfied."

"I like yo', Missus, responded Belinda, "an' I like de Kunnel an' I like de chil'en, but I kain't stay to no place wah I has ter be drummed to bed at night' an shot out ob bed in the mawnin'."

The Hero.

Flint, Mich., Journal: First Critic—Who was the hero of the show?

Second Critic—I was; I went!

The Primary System

Comments For and Against Direct Nominations.

Put 'Em Under Civil Service.

Isanti News: The primary election will never give a fair verdict of the popular choice of the people so long as hundreds of appointed officials devote their greatest energy to seeking votes for the governor and those who have the machine indorsements as "safe" candidates for office.

And Will Like It.

Fergus Falls Wheelock's Weekly: Neither the Republican nor Democratic party likes the non-partisan primary. Each is preparing in its own way, and with due respect to the "spirit of the law," to nullify it as far as possible. The people, however, are eager to see the law tried.

A Suggestion.

Browns Valley Tribune: The statewide primary should not be repealed, but it should be improved. We believe the double primary for state officers only—one in June and one in September—with terms of state officers extended to four years, would go a long way in making the primary an ideal law.

A Common Sense Ruling.

Waseca Herald: The state supreme court has decided that the primary election law is valid. This is another instance where petty technicalities were brushed aside and the plain intent of the statute upheld. If our courts continue to follow this procedure, the recall of the judiciary will be unnecessary in Minnesota.

In the Right Direction.

Willmar Tribune: The decision upholding the non-partisan primary law insures that Minnesota will be the first state in the union to try this innovation. There is no question that it will be a step in the right direction—taking, as it will, local and legislative offices out of national politics. The law should be amended to include state officers as well.

And Will Become Better.

Little Falls Herald: We doubt very much that the people, after becoming used to the primary and the power it gives them, will ever go back to the old convention system. The object of the popular primary was to get away from the deals and plotting which had made conventions obnoxious and to give a free field to every man who wished to be a candidate. It is the people, after all, who are to decide, and the best elimination plan ever devised is that found in a free and untainted ballot box.

Coming Back From Canada

Washington Post: "If you ask the Canadians they will tell you that American farmers are emigrating into their own country in great numbers and that none who has gone into the Dominion is returning to the United States," remarked Henry A. Fairton of Topeka, Kan., at the Willard. "The fact is, and it can be proved by the statistics of the immigration office of either country, I believe, that while the preponderance of immigration is on the side of Canada the difference in the number of those who have left the United States and those who have come across the border into this country is less than 25,000. To be exact, the number of Americans who have left this country for Canada in the last six years is 618,000, whereas 594,000 Canadians have moved to the United States.

"A few years ago the allurements held out by the Canadian immigration agents attracted many of our Western farmers. Dissatisfaction among Americans who have sold their farms and gone into the Dominion has accompanied many.

"It is doubtless true that lands can be purchased in Canada much cheaper than in the United States and the tremendous increase in farm values has undoubtedly caused many of our farmers to sell out and move to Canada, but so soon as they have found that the land values in their own country have increased more rapidly than in Canada they have come back home.

"To my mind, it is far more important to consider the extraordinary sum of money that has been invested in Canadian industries. According to the figures there is no less than $636,900,000 of American money invested in the Dominion."

Spring.

I.

Once more the Heavenly Power
Makes all things new,
And domes the red-plow'd hills
With loving blue;
The blackbirds have their wills
The throstles, too.

II.

Opens a door in heaven;
From skies of glass
A Jacob's ladder falls
On greening grass,
An o'er the mountain-walls
Young angels pass.

III.

Before them fleets the shower,
And burst the buds,
And shine the level lands,
And flash the floods;
The stars are from their hands
Flung thro' the woods.

IV.

The woods with living airs
How softly fann'd,
Light airs from where the deep,
All down the sand,
Is breathing in his sleep,
Heard by the land.

V.

O follow, leaping blood,
The season's lure!
O heart, look down and up
Serene, secure,
Warm as the crocus cup,
Like snowdrops, pure!

VI.

Past, future glimpse and fade
Thro' some slight spell,
A gleam from yonder vale,
Some far blue fell,
And sympathies, now frail,
In sound and smell!

VII.

Till at thy chuckled note,
Thou twinkling bird,
The fairy fancies range,
And, lightly stirr'd,
Ring little bells of change
From word to word.

VIII.

From now the Heavenly Power
Makes all things new,
And thaws the cold, and fills
The flower with dew;
The blackbirds have their wills,
The poets, too.

—Alfred Tennyson.

The Cocoon.

Woman's Home Companion: A man entirely wrapped up in himself carries a small package.

Twenty Years Ago

From The Herald of this date, 1894.

***The resignation of T. W. Abell as clerk of the board of public works was accepted yesterday and R. Murchison, the stenographer, has taken charge of the office.

***The decision of the Great Northern men belonging to the American Railway union at St. Cloud last night, to strike, has made that the Eastern point of the tied-up lines. That means that 4,000 miles of the lines of the Great Northern system cannot be operated by the company under the present conditions.

***Ernest J. Knabe, the well-known piano manufacturer, is dead at Baltimore.

***President Cleveland today sent to the senate the nomination of Theodore M. Helinski to be postmaster at Duluth.

***Miss Maud Stevens and Neil Darrah, well-known young people of West Duluth, were married at West Superior on April 14.

***The common council last evening designated The Herald as the official paper of the city of Duluth for the ensuing year. Ed Elston was confirmed as deputy assessor for the West Duluth district in place of J. O. Hancock, who declined the appointment. Mayor Lewis presented the appointments of Harry Woods as poundmaster for the West Duluth district and Aldermen Cox and Goldsmith as members of the board of health. The board of public works announced the selection of D. A. Reed for city engineer and A. M. Kilgore for clerk of the board. The council accepted the offer of Fredin & Wilson to construct the new central fire hall on First street for $30,975, outside of the excavation, taking city orders bearing 6 per cent interest.

***J. Adam Bede was sworn in before Judge Nelson at St. Paul yesterday as United States marshal for the district of Minnesota. He filed his bond in the sum of $40,000, William Sauntry of Stillwater and Edward R. Brown of Duluth being sureties.

***George Giles has gone to Hot Springs, Ark., for his health and to rest. He will be away a month.

***Butler Bros. of St. Paul have signed the contract for the erection of the new Board of Trade building on the corner of First street and Third avenue west and will start work within a few days.

***A marriage license has been issued to B. McNamara and Mary Carpenter.

***Duluth temperature at 7 a. m. today, 40 deg.; maximum yesterday, 55; minimum yesterday, 34.

Nothing to Fear.

Philadelphia Telegraph: Congressman J. Henry Goeke of Ohio smiled the other evening when one of the party referred to the festive frankfurter. He said he was reminded of Cousin Abner at the county fair.

Cousin Abner had spent the day watching the horses trot and helping the fakers to riches. As evening drew apace hunger headed him for a refreshment stand.

"Guess I'll take one o' them sandwiches," said Abner, pointing to the frankfurter crop. "How much are they?"

"Five cents," answered the restaurateur, slicing a roll and inserting the frankfurter. "There you are, the best on the ground!"

Abner took the sandwich and handed over his nickel. Then he opened the roll and critically examined the sausage.

"You needn't be afraid of it, young man!" loudly interposed the restaurateur. "The dog is dead!"

Looking Backward.

Pittsburg Post: Certainly we get sense as we grow older. Every man can remember when he wanted a revolver and a mandolin.

Significant.

The Mexican Herald: "How's everything in your house?" asked Smith.

"Oh," replied Brown, "she's all right."

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their ideas about the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 300 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer though these need not be published. A signed letter is always more effective, however.)

HELP! THEY ARE STILL COMING.

To the Editor of The Herald:

I am enclosing a solution to the problem in the Open Court column of your valuable paper under date of April 13, also enclose a problem which I beg leave to ask you to publish in Open Court column.

MYRTLE NORDQUIST,
Age 13, of Wright public school and an every-day reader of The Herald.
Wright, Minn., April 15.

A brewery is worth 4 per cent less than a tannery and the tannery 16 per cent more than a boat; the owner of the boat has traded it for 75 per cent of the brewery, losing $103. What is the tannery worth?

THE KIND OF LETTER WE ALL LIKE TO RECEIVE.

To the Editor of The Herald:

Yesterday about 9 a. m. I lost my watch on Second street, in the central part of the city, and upon discovering the fact about two hours later I immediately telephoned to the advertising department of The Herald in regard to my difficulty, describing the article, etc. At 6 in the evening a man appeared at my door with my watch and stated he had simply waited to read the evening paper to find to whom the watch belonged. I am very grateful and want you to know I appreciate the efficiency of your paper and the right-mindedness of the people who walk our streets.

MRS. JAMES A. CRAWFORD.
Duluth, April 16.

HERE'S ANOTHER.

To the Editor of The Herald:

I have read some mathematical problems in your Open Court the past few days that reminded me of one which happened to me some years ago when I was out in Denver, Colo. Here it is:

I went into a cigar store and asked for a 10-cent cigar. I gave the clerk a silver dollar. He picked up the dollar, rang up 10 cents, looked in the register and then turned around and put the dollar back on the showcase, saying to me: "I can't change that. Have you any smaller?" I said "No." A thought came to his mind, so he said: "Have you $3?" I said "Yes." The clerk said: "Give me the $3, then I can give you your proper change." I gave him the $3. He gave me back $2.90. He had no change for $1, but he could keep 10 cents out of $3. How did he do it? J. C. M.
Duluth, April 16.

WHO KNOWS THIS LINE?

To the Editor of The Herald:

Can I ask the courtesy of the Open Court for the publication of a quotation relating to Sir Tristram of Arthur's Round Table—Tristram of Lyonesse—which begins: "His birth was under Venus, Mercury and Mars," the quoted line of which is all that I can remember, and the authorship of which I do not know—though it might be Swinburne's or Edwin Arnold's. Very truly yours,

CHARLES CARROL.
Grand Rapids, Minn., April 15.

ONE SOLUTION.

To the Editor of The Herald:

The broker referred to in today's issue of The Herald purchased 100 shares of stock, paying therefor $85 per share. Yours very truly. A. J.
Duluth, April 15.

THE OTHER SIDE OF IT.

To the Editor of The Herald:

In Monday evening's paper you published some "beautiful words" of Zephine Humphrey, taken from the Atlantic. In last evening's paper a certain J. R. McKinnon thanks you for your kindness to quote these words.

Mr. McKinnon calls all men who are engaged in the cause of preserving free speech and free press and true patriotism criminals. He charges that these men are coining money out of the ignorance and groundless suspicions of a certain class of people. It might be true that there are a few men who are guilty of being patriots for cash only. But there are not many. Most of the men who are writing and lecturing on the questions of church and state in this country are seriously-minded, sincere and true men. They are men who are sacrificing their time and money to preserve the separation of church and state. Will you call men like Lieut.-Gen. Nelson A. Miles and Rear Admiral G. W. Baird criminals? Have Lafayette, Lincoln, Grant and many others been criminals when they have warned us against undermining the free institutions of our beloved country, institutions such as free speech, free press, free schools, etc.?

"Catholic patience." For a fine exhibition of that stuff look to Oelwein, Iowa; Denver, Colo.; Carbondale, Pa.; Springfield, Ill., and other places. For further exhibitions read the columns of the Western Watchman. "Beautiful words" Miss Humphrey wrote. Indeed, they are beautiful. And that's all. Words, hot air.

Mr. McKinnon advertises the Menace. This paper certainly has its mistakes. Its subscribers all realize that. But the paper is not a bit worse than the paper written by Father Phelan of St. Louis. Sure, the Menace failed to give proof for the authenticity of the K. of C. oath it printed. But remember, it copied this oath from the Congressional Record at Washington, D. C. It copied this alleged oath with the same privilege any paper in the United States has to copy official documents. The Menace never said one word as to the truth of this oath, and it never attempted even to try to prove the genuineness of that oath. The Menace says many harsh things with harsh words. But if these things are untrue, why in all the world does the Catholic church not sue the editors for libel? The Menace extends an invitation to any one in the United States to bring suit against it. Will you please keep in mind, Mr. McKinnon, that it is pretty difficult keeping cool and using pink tea language when the liberties of our country are assailed.

Mr. Editor, you have given one side of this affair and I am confident you will also give the other side. Yours very truly, W. SIEVERS.
Duluth, April 16.

Such discussions as this have no end till the parties cease from sheer weariness, neither side convinced. That is why sectarian religious disputes are barred from this column. Having given both sides an opportunity, The Herald is forced to call the controversy closed, so far as this department is concerned. Further communications on this subject or kindred subjects will not be published.—The Editor.

A LOAN PROBLEM.

To the Editor of The Herald:

This is a little scheme a lot of people fall for. A man wants to borrow on a house and lot $1,500. The loan company makes him this proposition: They will give him $1,500 cash. Then the loan is paid back at the rate of $30.20 per month, this to be kept up for ten years and at the end of that time a second $1,500 is given the borrower. Now figuring 6 per cent interest throughout how much bonus does the loan company get over and above the interest in ten years?

C. J. YOHO.
West Duluth, April 16.

SAM HUPP AGAIN.

To the Editor of The Herald:

I suppose now that the days of Lent are over we have a right to say and think as we please, also that the Open Court will be kept very well filled up with debates and problems.

After all perhaps C. N. O. S. Reves did the proper thing in waiting until after Easter time to express himself.

I had begun to feel very much disappointed on account of not being able to get any one else to say what they thought of Sam. Also I had begun to think that I was alone in reading that particular edition of The Herald. But I am feeling much better now, thank you.

I, like many others, am not infallible and the opinion of others may help to set those who are wrong right.

I wish to say to C. N. O. S. R. that although our walls are slightly defective and if force enough was used could be undermined, but not to such an extent that they could not be rebuilt mostly out of the old material.

I should like to see the present-day young woman who could be fooled very hard on what a man's income is, providing she knows what his occupation is.

It is to be understood, nevertheless, that I still believe that Sam Hupp has some very good reason for saying what he did or he would not have said it.

Wishing, however, to thank you for your admission that class and society are very largely to blame, I am, sincerely, J. J. SNAGGLES.
Duluth, April 16.

FILIBUSTER HALTS VOTE ON TERRELL.

Washington, April 17.—Southern Democrats, filibustering late yesterday against the confirmation of Robert H. Terrell, a negro, as a municipal judge in the District of Columbia, kept the senate in executive session for more than three hours without reaching a vote. Senator Vardaman of Mississippi said he would continue the struggle "until the last ditch."

ALL SHOES CUT DOWN

Spring Headwear
Headquarters for John B. Stetson Hats, $3.50 to $5.00.

Duluth Agents for Mallory Cravenette Hats, $3.00 and $3.50.

Gordon Hats, $3.00.

Spring Caps, 50c to $2.00.

CLEARS MYSTERY OF VERGARA'S BODY

Woodmen of the World Recovered It, Says Insurance Department.

Omaha, Neb., April 17.—Payment by the Woodmen of the World yesterday of an insurance policy on the life of Clemente Vergara, the Texas ranchman alleged to have been decoyed to the Mexican side of the border and slain by Mexican Federal troops, revealed the fact that the mysterious recovery of Vergara's body from Mexican soil had been accomplished by members of the order.

The proof of death furnished the order, which has headquarters here, gave the information that Vergara had been taken to a lonely island in the Rio Grande by the Federal soldiers, and there shot and his body bayoneted. The body, according to the proof of death, was buried by the soldiers.

The casualty department of the order gave out the information that a number of the members of the order had organized and executed the rescue of the body and brought it to American soil, where it was restored to the Vergara family.

URGES LABOR TO AID EFFICIENCY WORK

Louis D. Brandeis Talks on Scientific Shop Management.

Washington, April 17.—Hearings on so-called scientific shop management systems were closed yesterday by the Industrial Relations commission with the testimony of Louis D. Brandeis of Boston. Mr. Brandeis told the commission that if organized labor set itself squarely against the introduction of these systems into industry instead of demanding a part in them, it would lose the greatest opportunity which has ever presented itself to aid labor.

Mr. Brandeis declared that industrial unrest would continue as long as America was a "political democracy and an industrial absolutism."

HOLDS DEMOCRATS VIOLATED NO LAW

House Committee Interprets Solicitation of Campaign Funds.

Washington, April 17.—A resolution reported to the house by the elections committee declares that it is not a violation of the Federal criminal code for a senator or representative to solicit or receive contributions for political purposes from other senators and representatives. Republican Leader Mann recently asked whether campaign assessment letters of the Democratic congressional committee were in violation of the law.

Italians Win African Fight.
Benghazi, Africa, April 17.—A severe engagement was recently fought between the Italian forces and 2,000 rebels near Gedebia. The Italians routed the enemy after hard fighting, killing 154 of them, and wounding many. The Italian loss was slight.

See the ad.
It is a lit-tle ad.
Why is it lit-tle?
Be-cause it was made so.
What does it ad-ver-tise?
"Buckskin" socks (they wear) 20c.

LOST!

Diamond Frog Stickpin. Return to Herald office. Reward.

THREE ACQUITTED OF MURDER CHARGE.

Chicago, April 17.—Edward and Charles Barrett and Arthur Friedman, charged with the murder of Frank Witt, a street car conductor, were found not guilty by a jury last night. Witt was killed during a strike of pressmen in 1912. The three defendants were newspaper circulators, and the car on which they were riding was attacked by strike sympathizers.

CANADA HAS MAN ARRESTED IN IOWA.

Humboldt, Iowa, April 17.—Canadian detectives have caused the arrest here of a man giving his name as James Nolan, on a charge of slaying a homesteader near Regina, Canada, on March 9. Nolan was taken from a train while traveling with his wife and daughter, and is being held for extradition.

MINING COMPANIES COMPLAIN OF TAXES.

Six mining companies, through their attorney, A. L. Agatin, yesterday filed answers in district court to delinquent personal property tax proceedings for 1913, each protesting against the assessment levied under the classification of "moneys and credits" as "illegal, unjust, arbitrary and excessive."

It is claimed that this assessment was based on a wrong assumption of the royalties due or payable to them prior to May 1, 1913. The court is asked to order a reduction of their personal property taxes according to their theory of how much the assessment should be. The companies objecting are: The Shenango Furnace company, Weed Iron company, Wanless Iron company, Chemung Iron company, Canisteo Iron company and the Munroe Iron company.

Spring Is Here

It's time to think of those pictures of the baby before the weather gets too warm.

Have them taken now.

Christiansen Studio

AFTER-EASTER PURCHASE SALE

Last week marked the final close of the manufacturers' season. Our buyers have purchased the surplus stocks and sample lines of the world's most prominent makers at less than ONE-HALF of the regular cost. The result is that hundreds of new Suits, Coats, Dresses and Hats will be placed on sale tomorrow at prices never equaled before.

300 Ladies' Suits $20.00 Grades at $10.00

They are really beautiful. Of the finest quality fabrics in black and white and fancy checks, also solid colors; nobby jackets trimmed with fancy collars, ties and draped skirts; every garment has some mark of individuality—something about it that lifts it into the class of suits a woman of discriminating taste wants.

Wonderful Values in

Silk and Wool Suits $14.50

Elegant Dressy Suits that are distinctive in style and workmanship; made of such wanted materials as Moire, Chiffon Taffeta, Silk Poplin and Imported Wool Crepe, in all fashionable colors, also Black and White Checks.

Tailored Suits at $19.50

These suits are very largely reproductions of foreign models. A great many of them are exclusive models—no two alike. The materials are rich and the tailoring is of the highest character. From this fine collection of choice styles you can select a suit full of individuality—one that you need have no fear of seeing duplicated.

Smart New Trimmed Hats $1.98
Wonderful Values at

Another example of the value-giving that has made our Millinery Dept. famous. In this collection of Smart Hats you can easily find the style most becoming to you. They compare most favorably with hats offered elsewhere at $5 and $6.

Special Purchase of 200 Silk Dresses

(The manufacturer's sample line) to sell tomorrow at—

$9.50

Seldom at the beginning of a season are such fine Dresses as these offered for such a small price. Only a very special purchase such as we made could account for it.

These Dresses are made of Taffetas, Crepe de Chines, Silk Crepes, etc., in the season's newest and most fashionable models. They are made with all the care and exactness that the manufacturer always devotes to his samples. Two hundred Dresses are included in this offering. An early visit will insure the best choice. Offered at the low price of **$9.50.**

Women's and Misses' Coats

Jaunty Spring Coats in Fashionable Weaves and Colors, Values to $15.00—

$6.75

Handsome Silk-Lined Coats $12.50

100 Coats in the lot, all beautifully made from spring fabrics, lined throughout or half lined with Satin de Chine. They come in Wool Brocades and plain fabrics, in quiet tones or high colors, rich silk moires, black tussahs and imported serges, new styles with popular flare flounce and loose ripple backs; also dressy styles in more moderate designs, becoming models for misses or women. These coats would sell regularly for $19.50 to $25.00— while they last Saturday..... **$12.50**

MEMBERS OF MERRITT FAMILY GIVE LUNCHEON TO THE ELDEST OF MERRITT BROTHERS ON EIGHTIETH BIRTHDAY

—Photo by Gallagher.

MEMBERS OF THE MERRITT FAMILY.

The luncheon given at the Commercial club yesterday to Napoleon B. Merritt, by his son, Thomas A. Merritt, and attended by most of his male relatives, was by way of a tribute to one of the oldest of Duluth's pioneers and a man who has been highly esteemed by the residents of the city ever since he came to the Head of the Lakes nearly sixty years ago. Yesterday was his 80th birthday, and he has lived in Duluth, or what was then Oneota, ever since he was 23 years of age; and has done much to place the city in its present position. Those of his male relatives who were not present yesterday sent telegrams of regret. Such messages came from a son, Fred W. of Minneapolis, and from three grandsons, L. B., Wallie W., and Lawrence, all of Minneapolis. The relatives who were present were:

Brothers—Leonidas and Louis J. of Duluth.

Sons—Eugene T., Fred H., and Thomas A., all of Minneapolis.

Grandson—George A. of Duluth.

Nephews—Merrill, Louis H., E. W., Lonne, Harry and Alva, all of Duluth.

Cousin—John Culbertson of Duluth.

T. W. Hugo of Duluth, who has for years been a very close friend of the Merritt family, acted as toastmaster yesterday, and made an address of congratulation. Other speakers were N. B. Merritt, Louis J. Merritt and City Commissioner Leonidas Merritt.

The latter spoke of the arrival of the family fifty-seven years ago last November, his mother and her five children, including himself, coming up on the old propeller Manhattan from Cleveland, Ohio, and being met here by Napoleon, who, with his father, had preceded them. He spoke of his elder brother's great strength and agility in those days, and of the clean life he has led, which is the primary cause of his reaching and passing the four-score mark in life, and which has preserved to him the love of his relativts and the esteem of his many friends. The city commissioner voiced an eulogy of his brother that was echoed by the others present, showing the depth of feeling which the younger generation of Merritts have toward their elders.

HURLEY WATER RATES SLASHED

Wisconsin Commission Acts Favorably on Complaints Made.

Hurley, Wis., April 17.—(Special to The Herald.)—Chairman M. Lambrix has received from the Wisconsin railroad commission the decision of the commission on the complaint filed by the town of Vaughn against the Hurley Water company. The decision is a sweeping victory for this town. Water rates which have been in force in Hurley since 1890 have been cut practically in two and the hydrant rental paid by the town has been reduced to $2,800 per year which will mean a saving to the taxpayers of the town of $1,600 per year or $9,600 for the next six years.

Complaint Filed Last May.

The complaint was filed with the commission on May 22, 1913. It was alleged that the schedule of rates in force and charged by the Hurley Water company were unreasonable and exorbitant and that the service furnished the people of this community by the company was inadequate. The answer of the water company was filed at a hearing held in Madison on Oct. 1, 1913. At the hearing the town of Vaughn was represented by M. Lambrix, R. Paul and J. S. Kennedy of Ironwood, the water company was represented by A. W. Sanborn of Ashland. The company contended that it had a franchise that had still six more years to run and that the rates charged were in strict accordance as provided for in the contract.

As to Franchise.

In regard to this franchise that has heretofore existed between the town of Vaughn and the Hurley Water company, the commission says "as a franchise it has been modified by legislative enactment and has become an indeterminate permit; the company has, without voluntary election so to do, become subject to the provisions of Chapter 499, laws of 1907, known as the public utilities law, and acts amendatory and supplementary thereto."

The commission placed a value on the property of the company devoted to Hurley service of $33,425 and the required earnings on this valuation of $6,860. In this latter item it included $1,000 for taxes and henceforth the company will be compelled to pay taxes on its full valuation in Vaughn. The new rates will mean a saving to the people of this community of between $6,000 and $7,000.

POLICE CHANGES ARE BEING MADE

Lieut. Barber Begins Night Duty and Sergt. Webber Is on Desk.

With the appointment yesterday of Sergeant E. H. Barber and Sergeant C. A. Holstrom to lieutenants, the latter to take effect some time before June 1, several changes took place today at police headquarters. The promotion of Patrolman Hunter to the rank of sergeant will be announced shortly, to take effect June 1.

Sergeant Barber ranked highest in the recent civil service examination, with Sergeant Holmstrom second and Sergeant McDermott third. This evening Lieut. Barber will assume his new duties as night officer at headquarters, while Sergeant Holmstrom will become lieutenant on June 1 to fill the vacancy to be left at that time by Lieut. John Drannen who will retire on a pension. Lieut. Barber is filling the vacancy left by the retirement on April 1 of Herman Fritz.

Lieut. Schulte, who has been night officer at headquarters since Fritz retired on a pension, this morning returned to the detective department and will again work with Detective Irvine. Sergeant John Roberg, who had been detailed to detective duty, is back on the street today. With him on street duty will be Sergeants Youngberg and Butchart.

Sergeant Webber, who was taken from desk duty at headquarters last December, was this morning returned from street work and he is again desk sergeant. He is filling the position just vacated by Lieut. Barber, who goes on night duty this evening. This leaves three more sergeants on duty in Duluth, they being Holmstrom at the West end station, Andree at West Duluth, and McDermott at New Duluth.

THREE WOMEN ARE ON TRIAL.

Vintie Schulze, Mary Meyers and Helen Clemence, who were arrested in a raid on the rooming house at 112 East First street shortly before midnight Tuesday, are on trial today before Police Judge Windom.

The Schulze woman runs the rooming house and she is accused of keeping a house of ill-fame, while the other two women are charged with visiting a house of ill-fame. They all pleaded not guilty when arraigned Wednesday morning and their trials were set for 10 o'clock this morning. City Prosecutor Garnee rested the state's side just before noon and Judge Windom continued the trial until this afternoon.

Patrolman Ek of the West Duluth station and Patrolman Roy McLean, who was appointed on the force on April 1, caused the arrest of the three women, according to testimony introduced by the state this morning. The two men obtained admission in the house on Monday and succeeded in arranging to meet Mrs. Meyers and Mrs. Clemence on Tuesday evening. It was while the plain clothes officers were in adjoining rooms that Detective Irvine and Sergeant Roberg made the raid and caused the arrest of the three women and Frank Rashman, who was in the house at the time.

It is expected that the trial will come to an end sometime this afternoon.

Goes to Madison University.

Madison, Wis., April 17.—Dr. M. P. Ravenel, bacteriologist of the University of Wisconsin since 1907, will resign this week to join the staff of the University of Missouri, as professor of preventive medicine, bacteriology and director of public health.

"The man who does a little and does it well, does better than the man who does more, but only half well."

AN IDEAL BUST

Woman's Most Fascinating Charm—Natures Greatest Gift

Six Inches Bust Development in Thirty Days Guaranteed to Any Woman Under Seventy, No Matter How Flat, Thin, Bony, Flabby or Shrunken Her Figure May Be. How I Accidentally Discovered an Almost Incredibly Simple Means of Obtaining a Perfect Bust.

MY GRATEFUL MESSAGE TO ALL WOMANKIND AFFLICTED AS I ONCE WAS. SEND TODAY FOR EVERYTHING I OFFER BELOW ABSOLUTELY FREE, AND BEGIN DEVELOPING YOUR BUST AT ONCE. SEND NO MONEY.

No longer need any woman suffer the humiliation of a flat, scraggy chest, nor endure the thoughtless shafts of ridicule or pity which pierce the hearts of those unfortunate members of her sex who lack that distinguishing and essential attribute of perfect feminine beauty—a Perfect Bust. For 15 years I vainly longed for this alluring attraction which Nature had denied me. Everyone's eyes seemed to center upon my flat, scraggy chest, which plainly showed the outlines of the bones, and I keenly dreaded to wear a low-necked gown, for that only emphasized my glaring and humiliating defect. In my constant embarrassment I foolishly and vainly tried to disguise by means of false busts the shortcomings which completely overshadowed all other charms I possessed. But such an artifice deceived no one. Men even seemed to avoid me as a woman who looked like a man and one totally devoid of feminine charms that attract them. I faithfully tried worthless and harmful pills and medicines, also massage, creams, exercises, vacuum appliances, electricity, prescriptions, and everything else I had ever heard of, but there were no beneficial results whatever, so I was finally obliged to give up in despair, and conclude that my condition was hopeless and must be due to hereditary causes, like being too tall or too short.

The miracle-working discovery which released me from the condition which I found so unbearable was purely accidental, and occurred as a climax to the curious train of events which I shall never cease to regard as providential. A dull, dreary world became gay and bright again. I felt like a butterfly newly burst from its cocoon. In a single month my busts were developed six inches, the hollows in my cheeks, neck, chest and shoulders were quickly filled out and made marvelously smooth, graceful and fascinating. In contour, and from a flat-chested, imperfect, angular and masculine - appearing member of my sex I was transformed into the full-bosomed and sublime perfection of ideal womanhood. My secret is too good to selfishly keep for my own benefit alone, and I wish to share it with all womankind afflicted as I once was. I neither need nor desire the slightest profit for my trouble in explaining the method that did so much for me. I have nothing whatever to sell, and this offer is prompted by gratitude alone.

I found that the breasts, being the only organs in the human body which lie idle and out of use the greater part of one's lifetime, they positively can never be developed by treating them as though they were simple muscles or other organs in use daily with constant functions to perform. I firmly believe that the new and radically different method of development which I discovered is the only one in existence that takes this fact into consideration, and the utter failure of all the other methods, treatments, medicines and appliances which I formerly used is thus explained. Whatever may be the cause or causes of your undeveloped bust, or whatever your condition of health may be, you should find my method infallible. The first moment you feel the tingling, exhilarating action my treatment exerts the forerunner of the splendid development soon to follow, you will then be able to realize why it cannot fail to cause dormant tissues to rapidly develop as they awaken to new life.

Without knowing it, you already have the facilities for using the treatment in the strict privacy of your own home, unknown to your most intimate friends. My only caution to you is, do not use the treatment unless you require at least three to four inches more bust development. Do not use it to develop other parts of your body without developing the bust, for while it greatly improves the general health and fills out neck, shoulders and chest, it is certain to act primarily upon the mammary glands of the bust. As the development is permanent and cannot be reduced afterward, be sure to discontinue the treatment as soon as your bust becomes exactly the size and firmness desired. Growth cannot continue after treatment is stopped, but on account of the strong stimulating action exerted, you may begin to gradually lessen the treatment as your bust begins to reach the required size and firmness.

"These Pictures Show the Wonderful Bust Development Referred to in This Article.

Inquiries concerning my method have been so extremely numerous that, although many are letters from personal acquaintances, I found it impossible to write a personal letter in reply to each. I have therefore decided to have a full description of my method printed in the form of a small booklet for free distribution to any ladies sufficiently interested to send me two 2-cent stamps for return postage. I have nearly a thousand of these booklets left, and this offer is made in the belief that they may prove of interest to the general public, as well as to my personal acquaintances. Simply send your name and address to Marguerite Merlain, Suite 1064-E Pembroke House, Oxford street, London, W. England, and while they last a regular copy of by booklet will be sent you by return post, sealed and in plain wrapping. Postage on a letter to England is two cents, and no money is to be sent me, for I have nothing to sell as that is not my object in consenting to have this article published.

Note:—On referring this new method of bust development to Dr. Colonnay, of the Faculty of Medicine, Paris, for a disinterested opinion of its efficacy, his report is as follows: "No matter whether a woman be young or old, nor what her condition of health may be, I firmly believe that in this treatment she has an infallible method for developing and beautifying her bust." In view of this praise from the highest medical authority, rendered after careful examination of the treatment, there can be no hesitation in recommending it to every reader who requires anything of the kind.

TO INSTRUCT ASSESSORS

State Tax Commission Will Meet Here to Discuss New Methods.

Will Go Over Plan of Assessing Property Under New Law.

Methods of listing and assessing personal property under the new classified assessment law and other radical changes in the statute governing the assessment of both real and personal property, will be fully discussed by members of the state tax commission for the benefit of the assessors of St. Louis county at a meeting which will be held at the courthouse Tuesday, April 28. County Auditor Odin Halden has arranged for the meeting and is today sending out notices to assessors in every city, village and township in the county, urging them to be present.

Expect Full Attendance.

It is expected that all three members of the tax commission will attend the meeting and will explain the workings of the new law to the assessors. The members of the tax commission are J. G. Armson, Samuel Lord and O. M. Hall. The old law was radically changed by the last legislature and without a thorough knowledge of all of the provisions of the new statute it would be difficult for any assessor to make a legal assessment this year.

"The tax commission," said County Auditor Halden today, "and the county auditor's office are desirous of helping assessors in every possible way and the meeting which has been arranged will not be confined to an explanation of the new law. Every question relating to the duties of an assessor which is presented at the meeting will be fully explained."

Old Law Not Enforced.

Up to the present year, the law governing the assessment of property required that all property be assessed at its true and full value. The provision of the law, however, was never enforced and instead property was assessed at anywhere from 20 to 50 per cent of its actual value.

The undervaluation custom became a fixed and settled custom in the state, which was recognized in the courts as having the same force as law. The last legislature legalized the custom by passing a law which fixes a schedule of percentage of valuation at which property is to be assessed. The law is known as the classified assessment law.

Assessment books are made up every year in the county auditor's office. The description of all taxable property in the various taxing districts of the county are listed and it is the duty of each assessor to fill out the valuations in his respective districts and return the books to the auditor not later than the fourth Monday in June.

Assessors Given Mileage.

Assessors attending the meeting which has been called by the county auditor will be entitled to receive 5 cents a mile for each mile necessarily traveled in going to and returning from the meeting and to $3 additional for one day's attendance.

WILL ASK GOETHALS ABOUT CANAL TOLLS

Senate Committee Summons the Zone Governor to Testify.

Washington, April 17.—Col. George Goethals has been summoned before the senate canals committee to testify on the economic feature of the Panama tolls exemption for coastwise vessels. He is expected to favor repeal.

The colonel was asked to come at the request of Senator Simmons, but may not reach here before April 24, the day set for the closing of the hearings. In that event Senator Simmons will not ask for an extension of the hearings, but will either request that Col. Goethals' testimony be incorporated in the record or presented on the floor of the senate.

Sentiment was said to be crystallizing in the committee today for an amendment to the Sims repeal bill, stipulating that the United States will give up no rights of sovereignty over the canal by the repeal of the exemption. Supporters of that idea hope to win the president to that view.

OBSERVING ARBOR DAY IN SCHOOLS

Saturday Official Time But Schools Have It Day Ahead.

Duluth school children throughout the city are today observing Arbor day with special school exercises. Tomorrow will be Arbor day, but the board of education has chosen today because there are no school sessions on Saturday.

Owing to the cool weather here at this time of the year, there will probably be very little tree planting done by the children today or throughout the city tomorrow. In the cities in the southern part of the state, the day is actively observed by the planting of trees on all school grounds and in public parks.

It was announced this morning by several of the principals that special exercises would be held in all the schools this afternoon, but that the planting of trees would be postponed until some future date. Some time in May, it is expected, the park board will secure trees for planting and at that time they will be planted by the school children, with special exercises and programs.

MRS. GRAN ON STAND FOR HEINO

Mrs. Olga Gran, divorced wife of Victor H. Gran, is expected to take the stand in district court this afternoon or Monday as a witness for the defense at the trial of John R. Heino, charged with adultery. Heino and Mrs. Gran were jointly indicted for the offense, but demanded separate trials.

The state rested its case at the Heino trial this morning after Police Detective H. W. Toewe had finished his testimony which related to the raid by Gran and detectives on Heino's office on the afternoon of Jan. 31, last. Yesterday afternoon, Police Detective James L. Bradley, John Linklater, a private detective, and Victor H. Gran, complaining witness, were on the stand.

The defense opened its case shortly before noon today with the testimony of Albert A. Callow and E. J. Whalen. Callow is a Butte, Mont., attorney who was formerly in Heino's employ. Whalen is an elevator operator in the Sellwood building.

Phone your wants tomorrow before 11 a. m. for The Saturday Herald.

PAINTERS' STRIKE NEARLY CLOSED

The painters' union strike, which began early last week, is reported to be practically closed. It is said by the men that signed agreements have been made with thirteen of the master painters and "gentlemen's" agreements with seven others. This leaves five still to come in. The terms of the agreements cannot be learned, as both the master painters and the men who are back at work refuse to disclose the terms of settlement.

SUICIDE WILLS ALL PROPERTY TO CHURCH

Wisconsin Man's Estate Goes to Lutherans at La Crosse.

Westby, Wis., April 17.—Before committing suicide on Wednesday last, it developed when the will was opened today, Martin Leum, bachelor farmer of this village, made a will leaving his entire estate to the Norwegian Lutheran church with provision that it be devoted to the use of the Lutheran hospital at La Crosse.

Leum owned one of the most valuable farms in Western Wisconsin and $3,000 in cash was found in his pockets after he had shot himself dead in the road. The entire estate is estimated at $25,000. His suicide was due to despondency due to the recent death of his mother.

Leum leaves no near relatives and the property will go to the hospital without contest.

WANT ALL WOMEN IN CHICAGO TO MARCH

Suffragists Will Not Allow Clubs to Carry Insignia.

Chicago, April 17.—No political, social, church or other woman's organization will be represented as such in the suffrage parade here the evening of May 2, it was announced from suffrage headquarters here today. It was decided to avoid at the outset any of the antagonism and jealousy as to precedence that might be aroused by the women's clubs parading as organizations. The order was given that the women should assemble by wards, and that no club insignia should be carried among the marchers.

The only regalia required in the parade will be the Illinois suffrage cap and American flags. Club banners may be carried by representatives among the marshal's staff, but may not be displayed elsewhere.

All Women Invited.

Every woman in Chicago has been urged to march. Ministers received requests to urge their parishioners to take part in the demonstration. It is expected that the parade will be two miles long. Permission has been obtained to use Michigan boulevard and to erect stands along the lake front park. Governor Dunne, Mayor Harrison and other prominent persons will review the parade, which will be headed by a detail of mounted police and a squad of cavalry.

DEADLOCK OVER NEW PRESIDENT OF PERU

Public Is Pessimistic and Commerce Is Suffering Considerably.

Lima, Peru, April 17.—Matters are at a deadlock between the political parties in Peru in connection with the presidential election to choose a successor to the exiled President Billinghurst. The followers of Roberto E. Leguia, former vice president, today rejected the proposals advanced by the Pierola faction as a solution of the difficulties.

The general public is pessimistic as to the outcome, and commerce is suffering considerably owing to the uncertain condition of affairs.

KANSAS CITY GRAIN HEARING IS BEGUN

Board of Trade Complains of Levying of Class Rates.

Kansas City, Mo., April 17.—A hearing on the complaint filed with the interstate commerce commission by the Kansas City board of trade against the Chicago, Milwaukee & St. Paul and other railway lines involving grain rates to this city from Iowa points was opened here today by a special examiner for the commission.

The complaint alleges that some Iowa lines that do not reach Kansas City have a class rate on grain in the absence of a through commodity rate. The local interests hold that it is unfair to assess class rates when there are combination rates possible that are lower.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Luster and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Agent, Wirth's drug store, 13 West Superior street.

A carload of **Fumed Oak Buffets** just unpacked and placed on our floors all go in this sale at prices that will save you 40 per cent.

OUR GREATER SALESROOM SALE

BODIES FROM WRECK FLOATING ASHORE.

Monmouth, Beach, N. J., April 17.—The body of Mrs. H. C. Hardy, wife of the captain of the schooner Charles K. Buckley, which stranded and went to pieces on the beach near here Wednesday night, floated ashore today, as did the bodies of three members of the crew. Ten persons perished in the wreck. One sailor was rescued.

"DYNAMITE JOHNNY" O'BRIEN VERY ILL.

Newark, N. J., April 17.—"Dynamite Johnny" O'Brien, who gained fame as a filibuster and blockade runner in Cuba's revolutions, is seriously ill at his home here. O'Brien is 67 years old. For the last thirteen years he has served as chief government pilot of the Cuban republic, a position given him as a reward for his services to the Cuban people.

NEW HAVEN FREIGHT MEN WANT RAISE.

Boston, April 17.—Freight handlers employed by the New Haven railroad voted today to insist upon a minimum weekly wage of $15 throughout the year. About 2,500 men are affected.

NEW DETROIT COURT UNCONSTITUTIONAL

Michigan Supreme Tribunal Declares Law Is Invalid.

Lansing, Mich., April 17.—The court of domestic relations in Detroit, established by an act of the last session of the state legislature, is unconstitutional, according to an opinion today by the state supreme court. Since the domestic relations court was instituted about a year ago, its judge, Arthur J. Lacy, has granted in the neighborhood of 600 divorces. The supreme court held, however, that the decrees already entered are legal.

BINGHAM LAKE DEPOT BURNED.

Bingham Lake, Minn., April 17.—The Omaha railway station was destroyed by fire Wednesday night. The operator remained at his post until he called St. James in spite of the flames and smoke, and then made his escape through a window. The ticket and express books and money were saved, but much freight was a total loss.

Phone your wants tomorrow before 11 a. m. for The Saturday Herald.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength, from Boyce drug store and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

EXPLOSION MAY RESULT IN DEATH

Baudette Man Hurt When Dynamite Goes Off Too Soon.

Baudette, Minn., April 17.—(Special to The Herald.)—As a result of a premature dynamite explosion here today, Earl Sells received injuries that may result in his death. His infant son was cut and Met Sylikur was also hurt. The residence of Mr. Sells was partially wrecked. The accident occurred at the rear of Sells' property, where a well was being dug. Sells was taken to the hospital and had his right leg amputated.

WESTERN COLLEGIATE MEET.

Many Teams Arriving at Des Moines for Annual Events.

Des Moines, Iowa, April 17.—Relay teams from the various universities and colleges participating in the annual Drake relay athletic meet here tomorrow, began arriving today.

Eleven educational institutions of the Middle West will be represented in the events, including the state universities of Iowa, Illinois, Missouri, Kansas, Nebraska, Minnesota, Wisconsin and South Dakota, the University of Chicago, Northwestern and Drake University and Iowa State Agricultural and Grinnell colleges.

In the college section, teams will represent Cornell, Coe, Simpson, Highland Park, Des Moines, Hamline, Morningside, Brookings and Yankton.

A new Western record was predicted today in the two-mile university event in which the strong teams of Kansas, Northwestern, Chicago and Illinois are entered.

MUST BUY AT CITY STORE

New Purchasing Ordinance Gives Instructions to All Employes.

City Clerk Calls Meeting to Secure Suggestions on Measure.

The new purchasing and storeroom ordinance, which has been drawn by City Clerk Charles S. Palmer, makes it mandatory upon all employes of the city to make purchases through the purchasing department and provides that those who fail to observe this provision shall be personally liable for the purchase price.

Finance Commissioner Fred J. Voss explained that a start will be made in a comparatively small way but that as rapidly as it can successfully be done the system will be enlarged until eventually a complete storeroom is in operation. For the beginning the purchasing department is limited to office supplies and equipment, printed blanks, printed books, typewriter supplies and janitor supplies.

Provision is made for a contingent fund of $100 to enable the purchasing agent, who will be the city clerk until the system is further developed, to make small purchases. This will do away with the necessity for drawing the numerous requisitions now necessary.

Meeting of Buyers.

The city clerk has called a meeting in the council chambers tomorrow morning of the employes who do the buying for the various departments. They will be asked to pass upon the measure and make suggestions for changes. As tentatively prepared the ordinance is as follows:

"Section 1. That there be and hereby is created a purchasing and store room department for the purchase and storage of all office supplies and equipment, printed blanks, printed books, typewriter supplies, and janitor supplies used by the city of Duluth.

"Sec. 2. Such department shall be under the supervision of the commissioner of finance and the city clerk shall have charge of and superintend all purchases and when acting as such shall be known as the purchasing agent.

"Sec. 3. The purchasing agent shall purchase all supplies enumerated in section 1 hereof upon requisitions duly approved by the commissioner in charge of the department provided, however, that the purchases for store room purposes shall be approved by the commissioner of finance.

Personally Liable.

"Sec. 4. No officer, agent or employe of the city of Duluth shall purchase any of the supplies enumerated in section 1 hereof except upon purchase order issued by the purchasing agent and an yof said officers, agents or employes purchasing any of said supplies in violation of the provisions of this ordinance shall be personally liable for the purchase price thereof. The city of Duluth will not be in any way either expressly or impliedly liable for payment for any supplies purchased in violation of the provisions of this ordinance and all persons dealing with any officer, agent or employe of the city, shall be deemed to have full knowledge and notice of the terms of this ordinance.

"Sec. 5. There is hereby created and established a contingent fund to be in the sum $100 for the use of the purchasing agent in carrying out the provisions of this ordinance, which sum is hereby appropriated from the general fund of the city and which contingent fund shall be reimbursed for expenditures therefrom upon filing with the auditor proper evidence of said expenditure."

Phone your wants tomorrow before 11 a. m. for The Saturday Herald.

HEIRS FINALLY GET SOMETHING

Parents Receive $400 for Son's Death Following Much Litigation.

John Babich, administrator of the estate of Zioko Kandich, also known as Radisav Zozich, who was killed in a mine accident at Chisholm Dec. 15, 1910, has petitioned the district court for an order of final distribution of the estate among the heirs, a father and mother in Montenegro.

The estate is one in which V. D. Nicklovich, who is now serving time in the state penitentiary for embezzlement, was connected at one time in the capacity of administrator. Nicklolich received his appointment as administrator May 14, 1912, and a few days later settled a wrongful death claim with the Shenango Furnace company, Kandich's employers, for $700, which he later converted to his own use.

During the month of September, 1912, Nicklolich was removed as administrator of the estate and John Babich appointed in his stead. Babich instituted suit against the Title Guaranty & Surety company, which went on Nickolich's bond. The bonding company was asked to pay $700. The case was settled out of court for $665. The expenses of the litigation and the administration were about $260, leaving about $400 for distribution.

The heirs are a father, Nicholas Kandich, and a mother, Marie Kandich, residing at Slatina, Montenegro.

Edgar Prochnik, Austrian consul, through his attorney, M. Helm, today petitioned the district court for an order of final distribution of the funds of the estate of Albert Aleksandrowicz, who was killed April 1, 1913, while in the employ of the Hobart Iron company at Minorca, this county. The consul settled a claim for wrongful death for $900. After $130 has been deducted for expenses, the consul asks that the court order the balance paid over to Sebastian Aleksandrowicz, father and sole heir, living in Austria.

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred time better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

LYNCH AND HAMMOND MEET IN WASHINGTON

Work Together on Petition for Pardon for Beum.

From The Herald Washington Bureau.

Washington, April 17. — National Committeeman Fred B. Lynch arrived in Washington today to consult with Representative Hammond about the gubernatorial campaign. It is expected also while he is here that he will join with Representative Hammond and others in recommending a pardon for Charles Beum of Minneapolis, convicted at Indianapolis for connection with the dynamiting conspiracy.

E. G. Hall of Minneapolis, president of the State Federation of Labor, has been here several days in conference with Mr. Hammond, preparing the evidence on which the application for Beum's pardon is to be based. The application probably will be presented to Attorney General McReynolds tomorrow.

DREDGE OWNERS WANT DAMAGES FOR COLLISION

The Northern Dredge & Dock company is plaintiff in an action brought to trial before Judge Bert Fesler and a district court jury yesterday against the Pittsburg Steamship company to recover damages amounting to $2,510.61. The dredge company alleges that while it was engaged in the work of dredging a slip adjacent to a coal dock at Ashland, Wis., its dredge was struck by the steamer Samuel Mather. It is claimed that the collision knocked out the supports of the dredge and that it was necessary to suspend work for repairs.

POSITIONS OPEN WITH UNCLE SAM.

Four civil service examinations are announced by the department at Washington to be held here in May to fill government positions in the United States or the possessions.

Information regarding the examinations may be obtained from the department at Washington or from E. M. Barker, superintendent of the registry division at the post office, who is secretary of the local examining board. The positions for which examinations will be held and their respective salaries follow: Associate physicist, $2,200; assitant in poisonous plant investigations, $1,200; aid in grain standardization, $1,000; and rodman and chairman, $720.

STRUCK BY TRAIN; CLOQUETITE RECOVERS

Cloquet, Minn., April 17.—(Special to The Herald.)—Nick Lilia Nelson, a Finn, was struck by the 6:30 Northern Pacific train, near the Cloquet planing mill, Wednesday. He was hurried to the hospital and his injuries were found to be nothing more serious than a fractured shoulder and various cuts and bruises. There is promise of a speedy recovery.

OBITUARY

Archie Boyd, for forty years a creator of pastoral stage scenes, died at his home in St. Louis, Mo., April 16 as the result of a nervous breakdown, suffered several months ago. Mr. Boyd was 64 years old and continued his work on the stage until a year ago.

Mrs. Ethel May Katz, well known on the stage before her marriage as Ethel Adams, is dead of cancer at a private hospital in New York. Her husband, Edward Katz, a brewer of Paterson, N. J., is said to have spent $100,000 in radium treatment in an effort to save her life.

Angus McLeod, president of the Newport Trust company, died at Newport, R. I., April 17, at the age of 64. He had long been identified prominently with New England financial affairs.

Ferdinand Griffin, president of the Fall River National bank, died in Fall River, Mass., April 17, aged 70. He had been prominently identified for thirty years with New England financial institutions.

CHILDREN PLANT TREES AND SHRUBS.

Chicago, April 17.—Arbor day was observed by school children here today by the planting of many thousand dollars' worth of trees and shrubs in parks and school grounds.

Keep Record of Trees.

Rockford, Ill., April 17.—More than 12,000 trees were planted by the children of Winnebago county today. The children will keep a record of their trees and report in October.

HINCKLEY HAS HAMMOND CLUB.

Hinckley, Minn., April 17.—The Democrats of Hinckley gathered in the P. A. Christianson rest rooms, and organized a Hammond club. The purpose is to conduct an educational campaign in view of securing a mutual and a better understanding of state and local affairs.

The Hammond club will hold a meeting every Saturday night at 8 o'clock at the same place.

KILLS SELF AFTER QUARREL WITH WIFE.

St. Cloud, Minn., April 17.—Domestic troubles are alleged to have been the cause of William Walz, aged 58 years, committing suicide at his home in Albany, Stearns county.

Following a quarrel with his wife he went into his room and shot himself through the head. At one time he was engaged in the photographic business here. He leaves a widow and four children.

LIGHTED BOMB IN UNION'S HALL.

Indiana, Pa., April 17.—Twenty sticks of dynamite with a lighted fuse attached were found in the new hall of the United Mine Workers of America at Iselin, near here, by John Ties, foreman of construction. The fuse was extinguished a few inches from the explosive. The attempt to wreck the building, which is nearing completion, was made at the noon hour, while the men were at lunch. There is now clew.

WOMAN FOOTPAD ROBS MAN OF KISS.

Los Angeles, Cal., April 17.—A woman footpad who held up two men yesterday took a watch and $2.40 from the first and a kiss from the second. To James O'Hara the woman returned 40 cents and the watch, saying she did not "want to leave him broke." Walter Close, who surrendered the kiss, said he did not know whether it had been extorted from him in lieu of anything more valuable, or because the robber considered it enough in itself.

NEWS OF THE NORTHWEST

C. H. WARNER OUT OF RACE

Aitkin Man Retires From Senatorial Contest in Vibert's Favor.

Will Devote His Energies to Fighting State Republican Machine.

Aitkin, Minn., April 17.—(Special to The Herald.)—C. H. Warner of Aitkin, who represented the old Fifty-second legislative district of five counties for the past two terms, announces he will not be a candidate for the senate from the new senatorial district of Aitkin and Carlton counties. Some time ago the local friends of Mr. Warner and friends of Fred D. Vibert of Cloquet met at Carlton for a conference to determine which one could have a clear field for the senate. No conclusion was reached at that time and there has been considerable interest in both counties as to the outcome.

Mr. Warner's friends at the Carlton conference were authorized by him to withdraw his name from consideration, but they were so firmly impressed with the justice of his being given a term in the senate as a reward for the good work done by him in the house that they declined to withdraw his name. He has now done so himself, giving as his reasons the friendship between himself and Mr. Vibert and the fact that no important political issue would be involved in the contest. It would be a contest merely for personal advancement.

To Work for Lee.

Coupled with this statement he announces that he has become identified with the anti-machine Republican organization against the present state rule and such time as he can give to politics will be in the interest of William E. Lee. Friends from both Aitkin and Carlton counties have urged him to again file for the house, but to this he has said nothing. The legislative district is now Aitkin county alone.

Mr. Warner first ran for the legislature, following the work of the Northern Minnesota Development association in its demands for reapportionment and other legislation for the North country. Every one of the demands made by the association at that time have been accomplished, very materially through his progressive work.

BEMIDJI MEN HOSTS.

Serve Successful Ham and Egg Supper in Presbyterian Church.

Bemidji, Minn., April 17.—(Special to The Herald.)—At the men's ham and egg supper, given in the basement of the Presbyterian church, Tuesday evening, forty-eight dozens of eggs, seventy-five pounds of ham and six gallons of pancake batter were consumed by the 300 persons who patronized it. The church netted $50 as a result. Dr. E. H. Marcum made the batter and was assisted by E. E. Kenfield in cooking, an extra kitchen range having been set up in the basement for the cooking of the cakes. Ray Schumaker acted as cashier, and Andrew Warfield was head waiter. Julius Mellicke filled the plates, H. S. Annette and Attorney George Campbell cooked and served the eggs and W. B. McLachlan cooked the ham. The men who waited on the tables were: W. L. Brooks, F. A. Wilson, A. Lord, C. M. Jacobson, G. M. Torrance, James and Nat Given, F. M. Pendergast, Tom Ervin, Frank Koore, C. W. Warfield and Andrew Rood.

EDUCATORS TO MEET AT MINOT

Grand Rapids, Wis., Man and U. L. Burdick Chief Speakers.

Minot, N. D., April 17.—(Special to The Herald.)—M. H. Jackson of Grand Rapids, Wis., and U. L. Burdick of Williston, N. D., will be the principal speakers at the annual meeting of the Northwestern Educational association which will be held here April 24 and 25.

Mr. Jackson will speak on "Brain and Backbone" and Mr. Burdick will discuss "Compulsory Education."

The session will open with the address of President H. E. Layne of Bottineau, followed by an address on "The School as a Social Center," by Ralph D. Johnson; an address by Bernie Stanton on "Agriculture in the Rural School," and one by Eula J. Miller on "Essentials in Primary Work."

Burdick to Speak.

During the afternoon Mr. Burdick will speak, the other addresses following: "Rural Community Leadership," George Melbye; "Improvement of School Grounds," Fred W. Smith; "Teachers' Retirement Fund," E. J. Taylor, Bismarck; "Medical Examination in the Schools," A. C. Berg, Towner; "The Noonday Lunch in the Rural School," Irmah L. Olson.

Friday evening's session includes the address of Mr. Jackson and a reception to the visitors.

Saturday will be devoted to the following addresses: "Johnnie and His Folks," Mr. Jackson; "Improvement of Conditions in the Rural Schools," W. H. Lackey; "Consolidation," C. L. Baskin; "The Real Teacher," George F. Forester, and "Some High School Problems," Carl Gilbertson.

FLASH PHONE FOR BEMIDJI.

Bemidji, Minn., April 17.—(Special to The Herald.)—If material is received on time, Bemidji will be using the flash telephone system by June 1. When completed, both the Western Union Telegraph company and the Northwestern Telephone company will have their offices in the new building.

TO WED IN CHINA.

Wellesley Graduate, Native of Orient, to Marry There.

Grand Forks, N. D., April 17.—(Special to The Herald.)—Born in Pekin, China, when her parents, Dr. and Mrs. M. L. Taft, now of New York, were missionaries there, Miss Frances L. Taft, a Y. W. C. A. missionary, sent out by Wellesley college, where she graduated, will be married in China on her return. She visited the Y of the local university yesterday, leaving to visit the Y of the Minnesota U.

Her love affair dates from the time, three years ago, when Miss Taft began her work in Pekin, where she succeeded in establishing an association, which now has a membership of 400, two-thirds of whom are Christians, the others being Mohammedans, Budhists and athcists.

Two years were spent by Miss Taft in Pekin, during which she placed the Y on a good working basis. Following her work there, she was located for a year in Shanghai, where she was general secretary of the Y. W. C. A. mission, established several years earlier.

FARGO'S MARKET SITE SELECTED

Its Establishment Is Expected to Boom Market Gardening.

Fargo, N. D., April 17.—(Special to The Herald.)—The city commission will designate the stub end of Fifth street north for the central market site. The market proposition was recently indorsed by the voters, and the commissioners will put it into operation as soon as possible. The site is 75 by 200 feet and sufficiently large until it is demonstrated whether the plan will win. Should it prove popular, a larger site can be secured.

Is Advantageous Location.

The location is on the interurban and all the Moorhead street car lines and within a block of all the cars operated in Fargo. It is the most convenient possible. As a result of the decision of the commissioners to establish the market, many local people will engage in truck farming.

ANNUAL FARGO BANQUET.

Manufacturers' Affair Will Be Held on April 28.

Fargo, N. D., April 17.—(Special to The Herald.)—The annual banquet of the Fargo Manufacturers' association will be held April 28. Four hundred retail dealers have been invited to attend. Leslie Welter of Moorhead, president of the recently organized Red River Valley Development association, and J. S. Watson, president of the Fargo Commercial club, will be the chief speakers.

DEERING RE-ELECTED.

Is Again Chosen Head of Crosby Commercial Club.

Crosby, Minn., April 17.—The annual meeting of the Commercial club, just held, resulted in the election of the following officers:

President, C. D. Deering, re-elected; J. Latta, vice president; Dr. H. W. Froelich, secretary to fill the vacancy left by the refusal of former Secretary Charles Ruolo, to accept re-election; B. H. Hayes, treasurer, and F. A. Lindburg and H. Lefkovitch, directors for the short term.

The club dues were reduced from $12 a year to $6, and it was decided the secretary should be given 10 per cent of all dues collected as an incentive for prompt payment.

The club has decided to take steps for the improvement of the lake shore park, so that it may be made more attractive for the coming summer.

An effort will also be made by the organization to get the Soo railroad to put a gasoline car on the local branch road to connect daily at Lawler with the Winnipeg express.

LIKE GRIMM'S ALFALFA.

North Dakotans Find It Better Than Montana Brand.

Dickinson, N. D., April 17.—Grimm's alfalfa is the best for this section of North Dakota. It has a superiority over the Montana and other varieties. New forms of alfalfa are being developed and a general co-operative work is being conducted among farmers tributary to this place, according to the report issued by Supt. Waldron of the sub-experiment station at this place.

Th's report gives an interesting account of various tests conducted at the state. In some of them the seed yields were better after the first crop had been cut for hay. In other tests the first crop gave the best seed yields.

NORTH DAKOTANS TAKE TO POULTRY.

Fargo, N. D., April 17.—(Special to The Herald.)—Along with the increased interest in dairying in this state is also coming a greatly increased enthusiasm on poultry and poultry products. The people of the state are paying more attention to this line than formerly, and egg and poultry associations are being formed both for the purpose of breeding better birds and for handling the products for the market.

HORSE THIEF CRAZY.

Olaf Boen, Sent to North Dakota Penitentiary, Loses Mind.

Grand Forks, N. D., April 17.—(Special to The Herald.)—Olaf Boen, sentenced to state's prison a year ago for horse stealing, has gone insane, and will be removed from the state penitentiary to the asylum for the insane within a few days.

Boen attacked Duncan Ferguson, a farmer of Drayton, leaving him unconscious on the road, and driving away with his horse and buggy.

Several weeks later Boen was found in a Grand Forks hospital, illness having overtaken him after he had sold the horse and buggy.

TO REGULATE TAXES.

Mining Men Meet at Iron River to Protect Interests.

Iron River, Mich., April 17.—(Special to The Herald.)—Fifteen mining companies operating in Iron county were represented at a meeting here called, it is understood, by James D. Ireland, general manager of the M. A. Hanna interests, for the purpose of forming an association to regulate taxes and expenditures in the county. The organization is known as the Iron County Taxpayers' association. It has the following officers: President, O. C. Davison, Iron Mountain; vice president, W. J. Richards, Crystal Falls; secretary-treasurer, Chas. E. Lawrence, Falatika; directors, the officers and E. F. Brown, Iron Mountain; Rudolph Erikson, Iron River; J. D. Ireland, Duluth; and George L. Woodworth, Iron River.

MINING MEN TO MEET IN AUGUST.

Marquette, Mich., April 17.—(Special to The Herald.)—The Lake Superior Mining Institute will be held in Marquette county the week of Aug 17. this decision having been reached this week. The institute will bring prominent mining men here from the Mesaba, Menominee, Gogebic and other Lake Superior iron ranges.

AITKIN PIONEER CROSSES DIVIDE.

Aitkin, Minn., April 17.—(Special to The Herald.)—A. M. Nichols, one of the pioneers of Aitkin county, died at his home at Nichols, on Mille Lacs lake, Wednesday evening, at an advanced age. The widow, two sons, Dexter and Fred Nichols and one daughter, Mrs. Wollaver survive.

Detroit Burglars Taken.

Detroit, Minn., April 17.—(Special to The Herald.)—Two burglars broke into the clothing store of Halvor Langsle Tuesday night and secured about $75 worth of goods. They were caught the next day as they drove into Lake Park; the goods were recovered and the prisoners are now in the county jail.

$2,000 in Stock Prizes.

Grand Forks, N. D., April 17.—(Special to The Herald.)—Preliminary plans for the annual fair in Grand Forks, which are being made by D. Y. Moore, secretary, contemplate the distribution of $2,000 in prizes in the stock department. With the growth of that department during the past two or three years, it has attracted wider attention, and this year Secretary Moore is confident that previous fairs will be entirely outclassed in point of number of exhibits and the quality.

Approve Game Board.

Grand Forks, N. D., April 17.—(Special to The Herald.)—Sportsmen of the northeastern part of North Dakota, who met with the game and fish board of control here last night, voiced their approval of methods that are being employed by the board in fighting game law violations.

GET FLOODWOOD JOBS.

Village Officers and Standing Committees Are Appointed.

Floodwood, Minn., April 17.—(Special to The Herald.)—The first meeting of the new village council was held this week, President W. A. Baune presiding.

The president appointed the following regular and special committees: Streets and alleys, Elmer Johnson and John Tahja; sidewalks, Elmer Johnson and Henry Johnson; fire, water and light, Elmer Johnson and John Tahja; cemetery and parks, Henry Johnson and John Tahja; finance and contracts, Henry Johnson and John Tahja.

Charles Sandberg was appointed justice of the peace. Dr. Muirhead, George L. Idzorek and M. W. Hingeley, board of health; V. J. Michaelson, village attorney; C. H. Williams, marshal.

The board of health was authorized to set a day for a clean-up day.

MRS. BRAGG'S ESTATE.

Wife of Famous Iron Brigade Commander Left About $26,000.

Fond du Lac, Wis., April 17.—The will of Cornelia Bragg, widow of Gen. Edward S. Bragg, filed yesterday disposes of an estate of $26,000. A memorial room in a home for friendless and several small charitable bequests were made. Except for $2,500 to C. W. Henry, her son-in-law, the rest of the estate is divided between two daughters, Margaret Sherman of Oak Park, Ill., and Bertha Scriven of Washington. The latter having died since the will was drawn, her share will revert to her children.

WISCONSIN BRIEFS

Milwaukee—The Wisconsin Surgical association will meet in Milwaukee at the Hotel Pfister on April 22, 23 and 24. Addresses, clinics and social gatherings have been arranged.

Madison—A statement issued by Fire Marshal Host on Wednesday shows that during the nine months since July 1, 1913, to April 1, 1914, there were 2,042 fires, with total damages of $3,819,341. For the same period of last year the losses were $2,810,916 in 1,765 blazes.

Merrill—Ferdinand Kloss, aged 40, was killed in a runaway. He was thrown from the wagon and his back and arms broken.

Milwaukee—A warrant was issued late on Wednesday for the arrest of John Kumkel on the charge of murder. John Kumkel, who was found dying late on Sunday in her home on Grove street. The complaint was signed by Detective Shenar.

Madison—Ray Allen of Baraboo, who last October pleaded guilty to highway robbery, was on Tuesday sentenced to the state reformatory at Green Bay for five years by Judge E. Ray Stevens of the circuit court. Allen was placed on parole after he pleaded guilty in October, but violated the conditions of the parole.

Oshkosh—Wednesday was the closing date for all disorderly houses in Oshkosh, an order having been recently issued by the city council. The proprietors and inmates have left the city and the officials reported that there are no places now in operation.

Rhinelander—That a Y. M. C. A. building will soon be built here is assured by recent donations made by leading citizens. C. P. Crosby pledged $1,000 and F. R. Wedge $500 as starters of the movement. An energetic campaign will be inaugurated on May 1, when it is expected $25,000 will be raised for a building fund.

PENINSULA BRIEFS

Calumet—J. W. Petrie, for several years assistant superintendent of the Metropolitan Life Insurance company has resigned and departed with his family for Detroit, where he will make his future home.

Hancock—L. A. Chase, instructor for the past few years in history in the local high school, announces his resignation. Mr. Chase will accept a position in a similar capacity in the Houghton high school next year.

Lake Linden—Alfred St. John, aged 50, died at his residence at Gregoryville April 15. Heart trouble from which the decedent had been ailing but a few days, was the cause. A son, who is near death at the Lake Linden hospital, is the only surviving relative. The funeral was held Thursday.

Houghton—Victor Maki, charged with the murder of his brother, was arraigned Tuesday afternoon before Justice Little on a charge of murder. His examination was set for April 21 and he was remanded to jail. Maki does not seem as yet to realize the enormity of his crime.

Hancock—The board of public works is going after delinquents on water payments. Unless the money is forthcoming by May 20, it is stated that the water supply will be shut off from the premises of those who fail to settle.

Houghton—Nick Verbane, one of the defendants in the Painesdale murder case changed his plea from not guilty to guilty of the charge of carrying concealed weapons. He was sentenced to thirty days in the county jail.

Menominee—One step further in ridding Menominee of undesirable women was taken this week by Police Chief A. P. English, when he ordered the women on Wells avenue, to pack and move from the city.

Ishpeming—An increase of 1,674 volumes in circulation during the past year is shown in the annual report of the Carnegie public library. During the twelve months ending March 31, 1914, 84,532 books were loaned. Of this number 31,155 were withdrawn by children.

Negaunee—Felix Lacrosse of Champion, and Fred Martell of this city, charged with highway robbery, were bound over to the May term of circuit court at the hearing held in Judge Argall's court yesterday afternoon.

DAKOTA BRIEFS

Bowman, N. D.—After her name had been reported out favorably by the senate committee, the appointment of Miss Myrtle Nelson as postmistress of Bowman to succeed William Workman, has again been held up. Senators McCumber and Gronna, on representations made from this city by opponents of Miss Nelson, succeeded in delaying action on her name.

Devils Lake, N. D.—C. P. Kositzky, secretary of the North Dakota tax commission, has started the work here of listing leased sites along the right-of-way of railways. Mr. Kositzky will make Devils Lake his headquarters for several days in listing sites in this section of the state.

Fargo, N. D.—The druggists of the seventh district of the state divisions made by the North Dakota Pharmaceutical association, held a meeting Tuesday afternoon at the Fargo Commercial club.

Amenia, N. D.—The district convention for the W. C. T. U. will be held at Amenia on May 20 and 21, the district including Cass, Traill and Steele counties. Suffrage will be one of the most important subjects of this meeting.

Minot, N. D.—Mrs. Henrietta Jane Gill, aged 22 years, died April 14. Mr. Gill is machinist at the Northern Briquetting plant. The remains were sent to Grafton, the old home of the deceased. Mrs. Gill is survived by her husband and two small children.

Valley City, N. D.—The high school pupils of the Pillsbury Consolidated school very successfully presented the play "Our Domestics" at the school house.

Grand Forks, N. D.—Dr. W. H. Witherstine was appointed as coroner to succeed Dr. F. E. Murphy, who has left the city, at the last meeting of the board of county commissioners.

Edmore, N. D.—At the last meeting of the Farmers' club held here a resolution was passed designating April 17 as a day on which every farmer in the community will make war on the gopher family.

Larimore, N. D.—G. W. Thompson, formerly a pioneer resident of Larimore, died on his claim near Choteau, Mont., Tuesday afternoon. The body was brought to Larimore and the funeral services were held here Thursday afternoon.

MINNESOTA BRIEFS

Crookston—O. B. Lee, a saloonman charged with selling liquor to a minor, was found guilty in police court Wednesday and fined $25 and costs. The case developed that two girls, Myrtle Smith and Maud Jones with male escorts visited the saloon conducted by Lee.

Moorhead — Representative Knud Wefald of Hawley came to the county seat Tuesday and filed for the nomination to succeed himself in the lower house. Thus far there are no indications that the seat will be contested.

Cambridge —Last Sunday a class of twenty-one boys and girls were confirmed at the Lutheran church. The church was filled with people eager to witness the memorable event. The church was artistically decorated for the occasion.

Fergus Falls — At a meeting of the trustees of the George B. Wright Memorial hospital, held on Monday, it was decided to try and build the Nurses' home this summer. A home is very badly needed and the women have been at work for the past two years to get a fund started.

North Branch — Marvin Mehlin, the 10-year-old son of John Mehlin, now living at Duluth, died last week at the Bethesda hospital, Minneapolis, after an operation for appendicitis. The remains were brought here Saturday for burial beside his mother in the family lot at the Lutheran cemetery.

Pine City — Harold Carlson, aged 5 years, walked out on the ice and fell into the river here a few days ago. His companion, a boy of the same age, ran for help. Medical aid was summoned and everything possible done to resuscitate him but in vain.

Cambridge —S. E. Ericson of Spring Vale has filed for county commissioner in the district made up of Cambridge town and village and Spring Vale township. On Tuesday County Auditor Smith filed for re-election.

Red Wing—Mrs. Clara Josephine Servick Bondy, wife of Edgar M. Bondy of Harlem, Mont., died at the home of her parents, Mr. and Mrs. Isaac Servick, after an illness of several months' duration. Mrs. Bondy was born in Red Wing, Dec. 22, 1881.

Pipestone — Whether the state fire marshal's office can condemn a building that is in use and rented probably will be decided in the district court here as a result of the condemnation of the building owned by Mrs. Grace Keyes and which is rented to a restaurant man.

Mankato — Sparks from the chimney started a fire which totally destroyed the feed mill owned by F. E. Jefferson and located on his farm in Belgrade, April 14. Mr. Jefferson estimates his loss, including the machinery which was practically made worthless, at $2,000, and he carried insurance amounting to $1,000. He ran the mill in the same place for twenty-four years.

Brainerd — James Sullivan, aged 50, died at a local hospital from heart disease. He was married and leaves a wife and three children. He was employed in the Northern Pacific shops and had made his home in Brainerd seven or eight years.

Little Falls — Mike Stelnach, a saloon keeper at Bowlus, pleaded guilty before Justice Gaudet Wednesday to selling liquor on election day. He was fined $50 and costs, amounting in all to $54. Charles Oravitz, who was arrested on the same charge, waived examination and was bound over to the district court.

Big Falls — The bids for constructing the Elwell road through here are advertised this week, and the contract is expected to be let by the board at their meeting on May 8.

Minneapolis — Fannie Enstein and Jennie Isaacson are indicted in Hennepin county, charged with the theft of $1,200 worth of diamonds from the American Jewelry company, Marquette avenue, early in February. The Epstein woman is held by Chicago authorities on a similar charge, after having been released from Madison on a $2,500 bond.

A Staple Medicine for Every Family

No Self Respecting Group of People Should be Without a Good Family Laxative.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-tonic like Dr. Caldwell's Syrup Pepsin were given, the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort. Mothers give it to tiny infants and little children and grown people take it with equally good effect.

Thousands of good American homes are never without it, among them the home of Mrs. C. A. Wright, 1831 Pasadena Ave., Long Beach, Cal. She had considerable trouble raising litle Lawrence, three years old, but after regulating his bowels with small doses of Dr. Caldwell's Syrup Pepsin he began to thrive and she has had no further trouble with him. They use it generally in her home.

Syrup Pepsin saves the health of the family, and it saves doctors' bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the family, however young or old, for it contains nothing injurious to the youngest person.

LAWRENCE A. WRIGHT.

A bottle can be obtained at any near-by drug store for fifty cents or one dollar. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard pills, salts, cathartics and purgatives, generally as they are too great a shock to any average system.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Skin Health Comes From the Blood

Even Slight Eruptions Such As Acne Should Be Treated.

Pimples and other skin troubles do not alight on the face like flies. They come bubbling out from within. They are impurities. And if let alone or greased with salves they become chronic, simply because the cause is still at work within. It should be attacked with S. S. S. and the impurities in the blood thus rendered harmless.

The skin is but a net work of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an antidote. This is why S. S. S., the best-known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return.

Under the influence of S. S. S. this fine net work of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue and the cause of disease is just as constantly being removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 531 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle to-day and banish all skin afflictions.

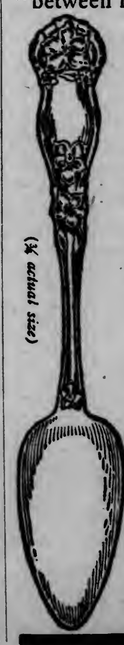

Families Are Buying "Sunkist" Oranges by the Box or Half-Box

Enjoy the rich, delicious meat and sweet, tangy juice of ruddy, thin-skinned, seedless "Sunkist" oranges.

Have this golden fruit for breakfast, dessert and "between meals." Cleanest of all fruits—never touched by bare hands. All the pickers and packers of "Sunkist" oranges and lemons wear clean, white cotton gloves.

"Sunkist" oranges are the finest, juiciest oranges in the world. Tree-ripened, fiberless. **Not a seed in "Sunkist."** Buy them by the box or half-box. That is cheaper than buying by the dozen. They keep for weeks.

Ask for "Sunkist" lemons — so full of juice that they go farther than other lemons. Try "Sunkist" lemonade—hot or cold. Lemons add flavor to fish, meats and salads.

(¾ actual size)

Get Rogers Silver with "Sunkist" Wrappers

Cut the trademarks from "Sunkist" orange and lemon wrappers and send them to us. We offer 27 different premiums, all Rogers A-1 Standard **Guaranteed** Silverware. Exclusive "Sunkist" design.

For this orange spoon send 12 "Sunkist" Orange or Lemon Wrappers and 6 two-cent stamps. "Red Ball" orange and lemon wrappers count same as "Sunkist."

Buy "Sunkist" Oranges and Lemons at Your Dealer's

Send your name and full address for free premium sheet and Premium Club Plan. Address all orders for premiums and all inquiries to

By BRUCE

BUNNIE SCHREIBER is striving to hold down a regular place in the outfield of the Chicago Americans. With Chappelle out of the game the fight for the position in the left pasture has narrowed down to Tom Daly, a catcher, who looks controvertible, and Schreiber.

Some of the fans seem to be possessed of the opinion that Schreiber hit the pill in startling fashion in the American association at the close of the season in the A. A. Such is not precisely the case.

When the former Duluth shortstop went to the St. Paul team he larruped the horse hide in nifty manner. Toward the fag end of the season Schreiber's hitting fell off and he finished with the average of .238 for forty-two games. He hit for three doubles and five triples.

In the Northern league Bunny pounded the ball to the sweet percentage of .285 for 121 games. Clustered in the list of swats were six hits for the circuit, five triples, the same number the youngster made in the association, and twenty-six two baggers.

Considering the fact that the kid came here direct from the city lots of Cleveland and slammed out the very respectable average of .285 per cent, there is reason to believe that he will improve a lot in his hitting and will eventually rank with the fair hitters of the larger leagues.

Looking over the lowly average of Red Bluhm, it might be stated that the auburn-locked one hit the spheroid for .220—yet look where the nifty fielding one is at the present time.

• • •

He Will Have to Hit.

SPEAKING of the devout desire upon the part of Dook O'Brien to make an outfielder of Pitcher Ili Brackett, let us state here, or immediately hereafter, that the fleet pitcher will have to show greater clouting ability than was on view last season, if he expects to add materially to the attacking strength of the Sox.

Ili hit for the shameful percentage of .223 for 50 games. Naturally it is to be supposed that if the Morrow, Minn., boy was in the game regularly and out of the pitching brigade, that he would hit more. That is just it—he will have to in order to be of much use to the club.

Outfielders these sweet and blithesome days of competition have to be able to hit to hold their places. Some of them go so far as to hit at a high clip and field faultlessly. Give us the hitters.

The Long Awaited Chance.

UPON this radiant day the rugged Irish personality of Harlem Tommy Murphy will be thrust into championship combat with the Chesterfield of the ring, Willie Ritchie.

One of the graphic details of the battle about to be, is the fact that Thomas Quin Murphy has waited for something like fourteen years to get a crack at the jaw of a champion

Every boy who enters the ring presumably does so with the idea that he is going to become the champion of the world. Some of the fighters are pathetically without the least glint of humor.

However, passing that up for the time being, it should be stated that Joe Gans told the persevering Murphy to go and get a reputation when the old master was approached in a perfectly respectful manner and asked by the Harlemite for a meeting.

Along this line it might be added that it was a custom of those approaching Gans to do so with respectability and even docility. Along came Nelson and with the aid of approaching consumption and Billy Nolan and low weight, took the title away from the waning negro.

Nelson refused to mingle with Murphy in any championship proposition. Bat gave it out that Murphy had called him names or something to that effect.

Time passed and so did Nelson. Wolgast and Cadillac, Mich., suddenly assaulted the vision of followers of the fight game. Wolgast triumphed over Nelson at Richmond, just as the exultant and wickedly grinning Dane had beaten the gasping Gans.

Wolgast refused to give Murphy a crack at the title, telling friends and even mere acquaintances that he was once given the worst of it in an exhibition bout with the Harlemite. And here at the expiration of eleven years of fighting we find Harlem Murphy at the goal of his ambitions—the quest of the championship.

Will he win? Most of the fans say no—too old, is the plaint of those who have studied the question.

But whether he wins or not, the perseverance of the Irish lad is something to be commended. One of the gamest, one of the smartest and one of the most decent of all fighters in the ring, Harlem Tommy Murphy is a lily white ring character, speaking from the comparative standpoint.

Boosting the Special.

FIGHT fans from the range and this city will make possible the running of the special train to the Wolgast-Tillman battle of April 23 by sending in their names to Blackwood's.

A block of the choicest seats of the huge Hudson arena has been left here for the Duluth and range delegation, and in the event of a hundred fans signifying their intention of going to the fight, a train will be chartered to leave here next Thursday afternoon at 3 o'clock and return at the conclusion of the battle.

Promoter Collins has carded one of the best shows ever signed up in the history of the Northwest. All of the bouts on the card are nearly good enough to serve as main cards. The fans will get the worth of their money and should see some of the best bouts that have been staged under the Hedman law.

OXONIANS GIVEN HEARTY WELCOME

Preparations Being Made for Big Intercollegiate Meet.

Providence, R. I., April 17.—The athletes who represent Oxford university at the international relay meet at Philadelphia next week received a vociferous welcome when they arrived here yesterday for a few days training at Brown university. Norman S. Taber, a Rhodes scholar and Brown alumnus, is a member of the team.

The entire Brown student body, accompanied by a brass band, met the Oxonians at the railway station and escorted them to the tune of "The British Grenadiers," up the hill to the Brown Union where they will stay during their visit here.

Cambridge, Mass., April 17.—The Harvard track team authorities have decided to send only a mile relay team to the intercollegiate meet at the University of Pennsylvania, April 25, abandoning the plan to send a team for the four-mile event. Five of the field performers will accompany the runners.

The relay team will be Capt. Barring, Caper and Biddle. The field men will be Johnstone, Camp and Chandler, high jumpers and Brickley and Sturgis, shot putters.

Charlottesville, W. Va., April 17.—On a heavy track and in the face of a stiff west wind, which prevented record performances, the University of Pennsylvania track team here yesterday overwhelmed the University of Virginia, field athletes in their dual meet. The score was 72 to 36.

Princeton, N. J., April 17.—Abel Kiviat, Irish-American A. A. middle distance runner has notified the management of the Princeton Track association that he will enter the combination athletic college track meet here on May 16.

The track training table has started with nine men at it, among them the four men who probably will compose Princeton's relay team which will run at the Pennsylvania relay races on April 26.

MILLER WINS BY RATHER ROUGH WORK.

Fort William, Ont., April 17.—After 1 hour, 17 minutes and 30 seconds of gruelling work last night, Walter Miller of St. Paul, welterweight champion wrestler of the world, retained his title by winning a decision over George Walker, welterweight champion of Canada.

Walker obtained the first fall in 1 hour and 17 minutes.

Thirty seconds after the bell for the second bout, Miller picked Walker up bodily and dropped him to the mat on his head and obtained the second fall.

Walker's neck was badly sprained and he was not allowed to re-enter the ring.

Here's one article that gives full value for every cent you pay, the Gordon Hat

WESTERN LEAGUE OPENS

Already Speculating as to Pennant Winner and Runner-Up.

Chicago, April 17.—An open race with the winner and the runners up in doubt, was predicted for the Western league's season of 1914, which opens today, by President Norris L. O'Neill. Changes in the makeup of the teams, and the addition of a number of young players are responsible for the uncertainty.

O'Neill and other critics were inclined, however, to give Sioux City's team a place in the front. In every department of the game Manager Clarke claims the Sioux are strong.

Recruit Tiger Released.

Detroit, Mich., April 17.—Walter Pipp, a recruit first baseman of the Detroit Americans, has been released to the Richester club of the International league.

Release Two Pitchers.

Chicago, April 17.—The Chicago Americans yesterday released two of their players to the Montreal club of the International league. The men who were sent away are C. Rogge, who was obtained from Des Moines, and E. W. Johnson. Both are pitchers.

NATIONAL LEAGUE

Pirates 4; Cardinals 1.

St. Louis, Mo., April 17.—The Pittsburg team by bunching hits with errors in the fifth inning, won from St. Louis again, 4 to 1, in a poorly played contest here yesterday afternoon. St. Louis' run came in the seventh inning on J. Miller's single and out by Wilson and Cruise's liner for one base. Score: R. H. E.
Pittsburg .....0 1 0 0 3 0 0 0 0—4 8 4
St. Louis .....0 0 0 0 0 0 1 0 0—1 6 4
Batteries — McQuillen and Gibson; Hageman, Doak and Wingo, Miller. Umpires—Rigler and Emslie.

AMERICAN LEAGUE

Sox 1; Naps 0.

Chicago, April 17.—Joe Benz's clever pitching, with bunched hits by his teammates, enabled the Chicago Americans to shut out Cleveland here yesterday, 1 to 0, and win their third straight game from the visitors. The game was a pitchers' contest between Benz and Blanding, with the former showing the better form. Three times the visitors threatened to score, but Benz tightened up and spoiled their chances, twice retiring Johnson and La Joie with one out and a man on base. He allowed the same number of hits as his opponent, four, but all were scattered.

Lord opened the seventh with a single. He reached second on Chase's sacrifice and scored on Collins' double, with the only run of the game. Each team fielded in spectacular style and time and again came to the assistance of the pitchers. Weaver was presented with a large silver bat and ball by some of his friends. Score: R. H. E.
Cleveland .....0 0 0 0 0 0 0 0 0—0 4 0
Chicago .....0 0 0 0 0 0 0 1 0x—1 4 2
Batteries — Blanding and Carisch; Benz and Schalk. Umpires—Chill and Sheridan.

Browns 8; Tigers 5.

Detroit, Mich., April 17.—Three Detroit pitchers were unable to stop St. Louis yesterday and the Browns won 8 to 5. James, who pitched his first complete game of major league baseball, was also hit hard, but only in the fourth inning, when they scored two runs, were the Tigers able to bunch their drives. Score: R. H. E.
St. Louis .....3 0 1 0 0 1 2 0 1—8 13 4
Detroit .....1 0 0 2 1 1 0 0 0—5 10 2
Batteries—James and Crossin; Dauss, Pall, Cavet and Stanage, Baker. Umpires—Hildebrand and O'Loughlin.

AMERICAN ASSN.

Saints 4; Brewers 1.

Milwaukee, Wis., April 17.—Errors mixed with timely hits by Autrey in the second and McNally in the sixth gave St. Paul four runs, enough to win over Milwaukee, 4 to 1 yesterday. Hall was hit hard in the opening inning but after that was steady and kept the hits well scattered. Slapnicka's control was poor and the visitors also bunched their hits off him.

Manager Clark, of Milwaukee, may have to visit Bonesetter Rees in Youngstown, Ohio, as he is suffering from a badly injured knee.

The score: R. H. E.
Milwaukee .....1 0 0 0 0 0 0 0 0—1 6 4
St. Paul .....0 2 0 0 0 2 0 0 0—4 7 0
Batteries—Slapnicka, Rowell and Hughes; Hall and Glenn. Umpires—Westervelt and O'Brien.

Millers 6; Kansas City 5.

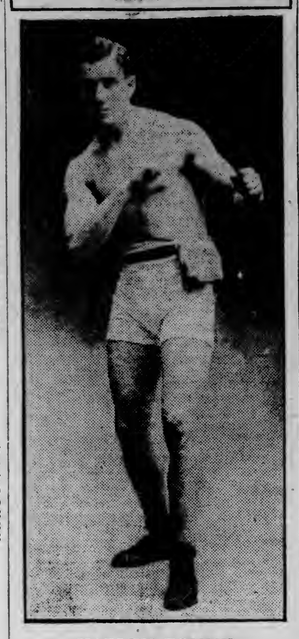

Kansas City, Mo., April 17.—Minneapolis out-hit the locals and won a 6 to 5 game here yesterday. Both teams used two pitchers, Mogridge and Gilligan serving for Minneapolis, while Willis and Richie officiated for the locals. Minneapolis took an early lead. Kansas City sprang into the lead in the fourth. Minneapolis took the lead in the fifth. In the sixth Compton beat out a bunt, took third on Titus' two-base hit and scored on Brief's infield out. Williams' double, a sacrifice and Lindeau's sacrifice fly, gave Minneapolis the winning run in the seventh.

Score: R. H. E.
Minneapolis ...0 0 2 0 3 0 1 0 0—6 13 2
Kansas City ..0 0 0 4 0 1 0 0 0—5 9 1
Batteries—Mogridge, Gilligan and Rondeau; Willis, Richie and Giebel. Umpires—Owens and Connolly.

VETERAN TO MEET CHAMPION RITCHIE

HARLEM TOMMY.

Harlem Tommy Murphy gets his first crack at the world's lightweight championship in the battle of this evening with Willie Ritchie. Though past the athletic age when most fighters are considered in the height of their ring effectiveness, especially the smaller men, Murphy is generally classed by the followers of boxing as one of the toughest, cleverest and headiest of all the lightweights. In Ritchie he is meeting the champion, a boy who is coming, and the general opinion is that the champion will win.

Ex-Mudhens 11; Hoosiers 8.

Indianapolis, Ind., April 17.—Cleveland outhit Indianapolis and won the third game of the series, 11 to 8 here yesterday. Benn, Cleveland's first pitcher was taken out in the third because of his wildness, and while Brenton did a little better his teammates secured a commanding lead by hard hitting. A batting rally in the ninth netted the locals five runs but not enough to win.

Score: R. H. E.
Cleveland .....1 0 0 3 1 3 1 0 2—11 15 3
Indianapolis ..0 1 2 0 0 0 0 0 5— 8 12 3
Batteries—Benn, Brenton and Roth; Harrington, Laroy and Livingston. Umpires—Johnstone and Irwin.

Senators 2; Colonels 1.

Louisville, Ky., April 17.—Columbus turned the tables on Louisville yesterday and won the second game of the series, 2 to 1. Three singles, coupled with McLarry's fumble in the fifth inning gave the visitors their two scores. While Northrup was in good form, Schneberg proved better in the pinches. Two fast double plays were features. The score: R. H. E.
Louisville .....0 0 1 0 0 0 0 0 0—1 5 2
Columbus .....1 0 0 0 0 0 0 2 0—2 6 1
Batteries—Northrup and Clemons; Schneberg and Smith. Umpires—Murray and Johnstone.

FEDERAL LEAGUE

Indianapolis 7; St. Louis 3.

St. Louis, Mo., April 17.—A crowd that packed the new Federal league park here yesterday saw Indianapolis defeat St. Louis in the first game of the local Federal season, 7 to 3. A home run by Dolan in the third inning brought in Kauff and Scheer. In the first inning, Kommers of St. Louis, drove the ball over the right field fence for a home run, bringing in Boucher. Score: R. H. E.
Indianapolis ....2 0 3 1 0 0 0 0 1—7 11 2
St. Louis .....3 0 0 0 0 0 0 0 0—3 7 2
Batteries—Falkenberg and Rariden; Groom and Simon. Umpires—Brennan and McCormick.

Chicago 3; Kansas City 2.

Kansas City, Mo., April 17.—Chicago defeated Kansas City, 3 to 2, in the initial game of the season yesterday, as a result of Hendrix's effective pitching. The visiting pitcher allowed but one hit up to the eighth inning.

Score: R. H. E.
Chicago .....0 1 0 0 0 2 0 0 0—3 7 2
Kansas City ..0 0 0 0 0 0 0 2 0—2 6 1
Batteries — Hendrix and Wilson; E. Packard and Easterly. Umpires—Cusack and Kane.

WINS BIG ALASKAN DOG CLASSIC AGAIN.

Nome, Alaska, April 17.—John Johnson, holder of the record for the 412-mile all-Alaska sweepstakes dog team race, became the winner in the 1914 classic when he drove his eighteen Siberian wolves into Nome at three minutes after 6 o'clock last night, having covered 412 miles over the snow trail from Nome to Candle and return in eighty-one hours and three minutes.

A. A. (Scotty) Allan, driver of the Allan-Darling team of eighteen Malamutes, is still on the trail, but will finish second. Fred Ayer, with his team of fourteen fox-hounds will finish third.

NORTH DAKOTA TRACK MEETING.

Grand Forks, N. D., April 17.—(Special to The Herald.)—The annual North Dakota interscholastic field and track meet will be held in Grand Forks, May 15 and 16. Dean Joseph Kennedy is chairman of the committee in charge of the affair, and Dr. F. L. Thompson of the athletic events.

The first day will be given over entirely to the preliminaries, with the second day to the finals.

STRONG ODDS ON RITCHIE

Belief Is That Tommy Murphy Has No Chance With Champion.

Both Men in Perfect Condition for Impending Battle.

San Francisco, Cal., April 17.—Reports from the training camps of Willie Ritchie, champion lightweight of the world, and the challenger, "Harlem Tommy" Murphy who will battle for the title tonight are to the effect that both men are in perfect condition.

Intense interest is manifested in the bout, despite the fact that the betting odds would indicate a general impression that it will prove a one-sided affair.

After holding their money to bet at 2 to 1 on the champion, the Ritchie supporters began today offering 10 to 4 and even money that Murphy will be stopped before the scheduled twenty rounds are finished

NORTHERNS ORGANIZE FOR THE SEASON.

The Northern baseball team will again be in the field to play semi-professional ball this season. Dave Larsen of the hardware company appointed Edwin Norsted manager yesterday. The new manager has lined up several players already, but he refuses to give out any names as yet.

The players will take their second workout next Sunday at 9:30 a. m. Cloquet will play them here twice this summer, as will Proctor and Superior.

KAW FEDERALS SUE HAMILTON

St. Louis Vacillating Pitcher Gets Himself in Trouble By Jumping.

Kansas City, Mo., April 17.—Earl Hamilton, pitcher, who jumped from the St. Louis American league baseball team to the Kansas City Federals last week, and Wednesday rejoined the St. Louis team, yesterday was made the defendant in a damage suit for $25,000 filed in the circuit court here by the local Federal club.

The petition charges Hamilton with violating a contract he signed with the local club. It further alleges that $500 had been advanced to him and that his contract called for $21,000 for three years' services. The plaintiff, according to the petition, suffered a great loss through Hamilton's return to the St. Louis team, as he is a "wonderful pitcher and a great drawing card."

GAME ASSOCIATION TO HOLD A MEETING.

Former members of the Northeastern Minnesota Game and Fish Protective association are making plans for the meeting of the association that will be held at the Commercial club next Wednesday evening at 8 o'clock. Secretary Cameron Hewitt of the old association has mailed a large list of postal cards to the members of the association and it is especially desired that every member of the association be present. There is a large field and a great need for the association and it is desired to get an early start this season.

KELLEY BOOKING AGENCY IS GETTING RESULTS.

The baseball booking agency established by H. F. Smith of the Kelley Hardware company store is already producing results. The Big Dulutha of this city have been scheduled to meet the strong Cloquet team at Cloquet on May 10, and the Moose team, which is under the capable management of Max Klein, is also booked to play the Cloquet aggregation on May 17.

Managers of amateur teams of the city are requested to send in the names of their teams and their open dates to Mr. Smith, care of the Kelley Hardware store. If all the team managers of this section of the country comply with this request, it will be a very simple matter to book all teams for games on their open dates. Mr. Smith already has been furnished with a large list of teams and is busily engaged in getting games.

JOCKEY CLUB BEATEN.

Oklahoma Governor Wins Out in Track Gambling Fight.

Tulsa, Okla., April 17.—As the result of the refusal of Adjt. Gen. Canton to withdraw state troops from the Tulsa Jockey club's grounds, R. J. Allison, president of the club yesterday announced the abandonment of the race meeting which began here Monday. The race course has been under martial law for several days because of the failure to discontinue betting.

Los Angeles, Cal., April 17.—Charged with making books on the race at Tulsa, Okla., Isadore Cohen, J. M. Burns and E. M. Buck were arrested here. Unable to give bail, they were placed in jail pending hearings.

PLANS COLORED TEAM.

Fargo Dusky Player Is Organizing a Ball Nine.

Fargo, N. D., April 17.—(Special to The Herald.)—Dave Kennedy, now a resident of Fargo, formerly shortstop of the Minneapolis Colored Gophers, will organize a negro ball team to play with teams in the two Dakotas and in Minnesota. It will spend the greater part of the time away from home but will play some local games in the absence of the Northern league team.

Donaldson, last year's star pitcher, will be the mainstay in the box for the local aggregation, which has already begun to schedule games.

AMATEUR BALL PLAYERS ARE IN NEED OF PARKS

Boosters for New League Suggest Means of Providing Additional Playing Grounds for City Baseball Teams.

There was a meeting of the members of the organization committee of the Duluth Amateur Baseball league yesterday afternoon at the Kelley Hardware company's store. The bylaws of the St. Paul branch of the National Amateur baseball league were gone over section by section and some minor changes suggested that would more nearly fit the conditions here.

It was the unanimous conclusion of those present that the most vital consideration that must be taken up by the new league, is the question of baseball parks for the various teams that have signified their intention of coming into the league.

Of all the cities of its size in the country Duluth is perhaps the poorest equipped in the matter of baseball grounds for amateur teams. The topography of the city has more or less to do with this.

It was suggested at yesterday's meeting that representatives be appointed to wait upon the city officials and endeavor to arrange for baseball grounds for the present season.

In the event of the proper negotiations it is believed that several diamonds can be laid out at the old fair grounds, if the necessary amount of money can be subscribed for the improvement of the grounds.

Committeeman Hargraves of the Northern Shoe company pointed out that arrangements should be made to secure a lease on the grounds and further suggested that the city might use its influence toward securing consent to use the grounds and also assisting in making the necessary improvements.

Formal Meeting Monday.

There will be a formal meeting of all the managers and baseball men of the city generally at the Kelley Hardware company's store on Monday evening and at this time it is particularly desired that every one at all interested in the successful launching of the league attend the meeting.

It is going to require a great deal of enthusiasm and a lot of hard work to start the league off and all those who have the good of amateur baseball at heart are asked to assist by coming to the meeting.

Mayor Prince will be asked to be on hand or have one of the commissioners present in order that the organization committee may get an expression as to the willingness of the city to assist in providing parks for the various teams to play in.

There is a party at Thirty-second avenue west and another at Fifty-second avenue west and perhaps one or two other ball parks in the city, including Jack Desmond's park, and this about completes the list of places where amateur baseball can be played in the city of Duluth.

In the event of some lease being secured of the old fair grounds it will be possible to lay out three diamonds, which will go far toward solving the problem of amateur baseball in the city.

TEN EYCK IS PLEASED WITH GREEN MATERIAL

Rowing Coach Declares New Oarsmen Are Best in Club's History.

New Sectional Eight and Barges Are Given Their First Tryout.

James E. Ten Eyck started his Duluth Boat club crew candidates on the trail of several more national championships yesterday afternoon.

The 1914 season of hard and continuous training was ushered in by sending the crews out upon the more or less placid waters of St. Louis bay for the first spin of what promises to be a very eventful year.

It was one of the largest squads ever assembled and it was, what is better, one of the most likely looking squads that recent rowing has developed.

"The green men looked fine," said Ten Eyck. "I can say that I have the best lot of green oarsmen that have been on any squad since I have had charge of the club."

Those who know the Sphinx-like conversation manners of Ten Eyck will realize that this statement is equivalent to loads of lavish praise.

The members of the great national championship intermediate and senior four, Horak, D. Moore, Rheinberger and P. Moore, rowed together, and of the veterans there are Kent, Quimby, Snyder, Thompson, Beschenbossel, Stanley, Forrestal and Sperry. Hoover is also one of the vets of last season, but he is rowing single.

Practically all of the remaining candidates of the large squad are green men. With so few veterans it is now practically certain that all or at least some of the members of the crack senior four will go to makeup the senior eight, as there are only about four veteran starboard oarsmen in the squad.

Try Out New Shell.

The new sectional eight was tried out for the first time. The crew stroked by the veteran Roy Kent was entrusted with the handling of the new boat, and according to the statement of Ten Eyck, the Davy boat came up to all expectations.

The rookies or green candidates were sent out in the two new barges, there being the late and early rowers.

Acording to the statement of Coach Ten Eyck the barges fill a long-felt want in the local rowing situation.

Heavier than the racing shells, shorter, broader and more seaworthy, the barges are the ideal boats for the training of the green men to the sweep and swing of the rowing game.

Following is the way the crews took to the water:

Senior four—Horak, stroke; D. Moore, 3; Rheinberger, 2; P. Moore, bow.

Junior four—Stanley, stroke; Sperry, 3; Arneson, 2; Forrestal, bow.

Senior eight—Kent, stroke; Quimby, 7; White, 6; Snyder, 5; Thompson, 4; Sutherland, 3; Forrestal, 2; Beschenbossel, bow.

Barge Crew No 1.—Williams, stroke; Hargraves, 7; Whiteside, 6; Moyer, 5; Whal, 4; Cathedral, 3; England, 2; Vincent, bow.

Barge Crew No. 2.—Blessner, stroke; Bromund, 7; Broeker, 6; A. Beschenbossel, 5; Haley, 4; Hall, 3; Hagberg, 2; Johnson, bow.

Barge Crew No. 3.—Kraemer, stroke; McQuade, 7; Ouellette, 6; Prudden, 5; Rowland, 4; Shields, 3; Troyer, 2; Lyman, bow.

Barge Crew No. 4.—Molean, stroke; Huber, 7; W. Nelson, 6; A. Nelson, 5; Olson, 4; Robinson, 3; Heckstrom, 2; Rossman, bow.

ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use Like Cold Cream to Subdue Irritation and Clear the Skin.

Constant or intermittent irritation producing itching and red, angry Eczema patches on the skin is readily relieved with bold-sulphur cream. The moment it is applied the itching stops and the healing begins, says a noted dermatologist.

It effects such prompt relief, even in aggravated Eczema that it is a never-ending source of amazement to physicians.

For many years bold-sulphur cream has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties. It is not only parasiticidal but also antipruritic and antiseptic and nothing has ever been found to take its place in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed raw skin right up and it is often years later before any Eczema eruption again appears.

Those troubled should get from any pharmacist an ounce of bold-sulphur cream and apply it directly upon the affected skin like you would any ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with itching.

MIKE DONOVAN ON PENSION LIST

Veteran Pugilist and Instructor Taken Care of By New York Club.

New York, April 17.—Mike Donovan, instructor in boxing at the New York Athletic club for thirty years, is to be retired on half pay after Sept. 1. Club members who worked with the veteran instructor in the gymnasium noticed his growing feebleness and started the movement to pension him, which has been approved by the board of governors.

In appreciation of the generosity of the club, Donovan has presented to the organization many trophies of his ring victories, together with his collection of sporting prints, one of the most complete in the country.

WOLGAST WILL TRAIN IN OLD MILWAUKEE.

Milwaukee, April 17.—Ad Wolgast will come here Saturday to train for his bout at Hudson next Thursday with Johnny Tillman. The "gate" is expected to reach $10,000. The "bear-cat" is the favorite.

Going Fishing Sunday?

Buy Your Tackle Saturday!

Trout season is open; go out Sunday and try your luck at catching some of the many millions that were planted in Lester river, French river, Amity and Miller creeks the past year or two.

We are offering a $6.00 Bamboo Trout Rod to the sportsman that catches the largest size brook trout this season. Bring in your big brook trout and let us weigh it. You may be the one the rod is waiting for.

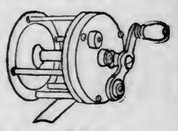

Trout Baskets

Best grade and quality Trout Baskets, in all sizes. Come and look them over; all this year's goods. We are showing for the first time this year a folding canvas Trout Basket that's a dandy. This basket can be folded up and carried in the pocket until you reach the stream.

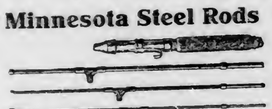

Price Only $1.00

Reels No store in the United States could show a better or larger line of reels than what we are showing at this department—over 30 different kinds. Makes such as "Meek," "Shakespere," and "Pflueger." Get your reel here Saturday.

Prices, 25c, 50c, 75c, $1.00 and up.

Minnesota Steel Rods

A first class rod, made in all lengths from 4½ feet up to 8½ feet. They have three joints and handle, nickel plated handle mountings, cork grip, in compartment cloth carrying case; any length. Price **$1.25**

Trout Lines

In this item we have many kinds at many prices; lines at **10c, 15c** and **25c** and up. See the 15-yard lines in our window at only **25c**; also the 25-yard lines at **50c** per spool. Kingfisher, Robertson's and Minnesota Casting lines at all prices, according to their kind and test in pounds.

We Received

direct from Scotland last month a big assortment of "Robertson's" and "Playfairs" Scotch Trout Flies; also "Robertson's" famous Trout Lines and Leaders. These Scotch goods are the finest in the world and were much in demand by Duluth fishermen last season.

Bait Boxes 25c Each

A handy box, fastens to the coat anywhere by a safety pin—always ready when you need a new worm for the big trout that stole the other one.

Hooks! Hooks! Hooks!

All the good makes of hooks are found at this store—Gut Hooks in all styles, such as Pennell Sproat, Pennell Limerick, Carlisle, Aberdeen, on single or double gut. Also common hooks in all sizes.

Landing Nets

These nets are the fisherman's best friend. Don't let your nice big trout get away after you hooked him. Use one of these nets and run no chances. Rattan frame and handle. Light in weight, but strongly built with long rubber string to carry over shoulder.

Price Complete, 75c

Kelley HARDWARE CO.

118 & 120 WEST SUPERIOR ST. DULUTH, MINN.

MELLEN MAY HEAD UNIONS

Is Invited to Be Chief of Amalgamation of Railroad Men.

Former President of New Haven Is Taken at His Word.

Boston, Mass., April 17.—Charles S. Mellen, formerly president of the New York, New Haven & Hartford Railroad company, may become the active head of a federated body supreme among the various organizations of the United States, with which 2,000,000 railroad employes are affiliated.

Mr. Mellen has been approached on the subject, and is giving it favorable consideration. The new organization, to be known as the Federated Council of Railroad Brotherhoods, will be formed at a meeting of delegates in this city on April 26.

The idea of the council has been promoted by the Order of Railroad Station Agents, which met here in January and appointed a committee to invite the many independent societies of railroad men to send delegations to the forthcoming meetings. It is stated that favorable responses were received and 100 delegates have been elected.

No Central Body Now.

At present there is no central body in this country, and the organization will be along the line of the English and German federations. Harry Phillips, deputy lord mayor of Westham, Eng., and associate secretary of the Federated Transportation Workers of England, will be present to aid in the organization. The council will represent all branches of the service, including conductors, engineers, with brakemen, station agents, freight handlers, telegraph operators, signal men and track walkers.

The plan to place Mr. Mellen at the head of the council was a direct outcome of a statement made by him in an address at a dinner tendered him by employes of the Boston & Maine railroad here Nov. 30 after he had resigned the presidency of the New Haven.

Offered His Services.

He had talked intimately to the men of the latent power in labor organizations, and said that labor had not received the reward it otherwise might have obtained because of jealousy among the different bodies and a lack of loyalty to the common cause.

"Exercise your power with prudence," he said. "Be fair, be prudent, but be steadfast one to the other. You have the power and others must pay the price."

With some feeling he concluded "I would like to lead you. I would like to advise you. I want to help you. Possibly the time will come when I can do so, and when you call you will not find me wanting."

KIRBY DIES WHILE NAME IS CLOUDED

Chicago Banker's Brain Will Be Examined By Doctors.

Chicago, April 17.—Dr. William T. Kirby, head of the defunct Kirby Savings bank, died at a hospital here yesterday, a mental wreck. Circumstances following the failure of the Kirby bank have been aired in the Federal court here for more than a year.

When the bank closed its doors Nov. 3, 1912, Dr. Kirby could not be found by depositors. Later it was learned he was in a sanitarium. Shortly after this Federal Judge Landis appointed the Central Trust company receiver.

It was declared there were $30,000 in deposits in the bank, but none of the money could be found. Judge Landis ordered Dr. Kirby to produce the money or go to jail for contempt. The former banker then told a story of wire tappers, saying that he had lost the money by betting on horses on which he had been led to believe he had advance information.

Wire-tapping Victim.

Judge Landis scouted the story and cited Mr. and Mrs. Kirby for contempt. Contempt proceedings also were threatened against F. H. O'Donnell, Joseph Rosenthal, Frank Houlihan and Thomas B. Lantry, lawyers who represented Kirby.

Subsequent developments strengthened the wire-tapping story, however, and several men were indicted. One of them, William Strosnider, was sent to the penitentiary for operating a confidence game.

Attorneys for the Kirbys and for the receiver finished their arguments before Judge Landis only a few weeks ago, and he announced he would take the case under advisement. If he ruled against the Kirbys, he intimated, they would either go to jail or produce the $30,000.

O'Donnell announced he would have an examination made of Dr. Kirby's brain in order to prove the contention that the banker had been mentally unbalanced at the time of the bank failure and ever since.

OPENS GRAZING LAND TO ENTRY.

Washington, April 17.—A bill to provide for the opening to homestead entry of stock raising lands in the public domain was reported to the house by the public lands committee.

It was agreed on after conference with house and senate members and department of the interior officials.

The measure would authorize the secretary of the interior to designate as subject to entry in tracts of not more than 640 acres, "lands the surface of which is, in his opinion, chiefly valuable for grazing or raising of forage crops, and which, in his opinion do not contain merchantable timber, and are not susceptible to irrigation from any known source of water supply."

Entrants, in order to perfect title, would be required to make permanent improvements on the land tending to increase its value for stock raising, amounting to at least $1.25 an acre.

JOHN ELIOT LETTERS SELL FOR $2,695.

New York, April 17.—At the first session of the sale of the autograph letters, historical documents and manuscripts from the collections of William Nelson of Paterson, N. J., and others, George D. Smith obtained for $2,695 the four autograph letters of John Eliot, "the Apostle of the Indians." These letters, written to Rev. Jonathan Hanmer in 1652, dealing with Eliot's own life, are said to be the rarest autographs in the history of the American nation.

Eliot's most notable work was his translation of the Bible into the language of the vanished Natyck nation.

OPPORTUNITY IS KNOCKING

Exposition Commissioner Sees Chance for Immense Tourist Trade.

Says Duluth Should Go After Exposition Travel in 1915.

Duluth has the greatest opportunity of her history to benefit from tourist business in 1915 according to L. C. Anderson, Panama exposition commissioner, who was in this city yesterday. Duluthians and the American people as a whole have but a slight conception of what the exposition traffic will be according to Mr. Anderson.

"We expect fully 2,000,000 visitors in San Francisco during the summer of 1915 from places outside a radius of fifty miles from the city. Two hundred and nine national conventions have already decided to meet in the coast city during the exposition season," said Mr. Anderson. "Thirty-one foreign countries have already made provisions for representation, and Canada is now building."

Mr. Anderson believes that the coming exposition will probably be the last of the "great" world's expositions, and says that gigantic plans are being executed to make it the greatest ever held, surpassing by far the St. Louis and Chicago expositions.

In speaking of the effect this great traffic will have upon Duluth, Mr. Anderson said: "Duluth is certainly ideally situated as the logical gateway for tourists from the East. The greatest number of exposition visitors will probably come in the summer during the hot weather, and for that reason the cool lake route to Duluth and then the northern route to the coast should appeal to them. If Duluth should get only one-tenth of the tourists coming to the exposition it would mean 200,000 visitors here during the summer—a sufficient number to swamp the hotels and keep business at high tide throughout the season when added to the regular traffic.

"The weather alone would be a great attraction, and combining the natural advantages—cool weather, beautiful and picturesque scenery along the lake route, with the midsummer festival being planned here. Duluth would offer wonderful attractions as a logical gateway for tourists.

"Duluth certainly should take advantage of her opportunities and go after this tourist trade hard, by advertising the city's beauties in the East in any way possible."

REFUSE MORE PAY TO ILLINOIS MINERS

Coal Operators Have Rejected Practically Every Demand Made.

Peoria, Ill., April 17.—The coal operators have flatly refused to accede to the demand for higher wages made by the Illinois Mine Workers. The operators have to date rejected practically every demand which has been made upon them.

A prominent coal operator said last night that the operators had decided to ignore the demands as a whole, and unless the miners would make concessions which would materially reduce the cost of production in Illinois, further conferences over the wage scale were useless.

The leaders for the miners charge the operators with trying to delay the negotiations, and claim that unless more interest is shown on the part of the operators, no agreement can be reached for weeks.

There was some talk of adjourning, but it was finally decided to continue the negotiations, which are now in the hands of the two sub-wage scale committees.

MRS. GRAHAM DEAD.

Mother of Mrs. W. A. Cant Succumbs to Long Illness.

Mrs. Martha J. Graham, 78 years old, mother of Mrs. W. A. Cant, 1231 East Third street, died yesterday noon at the home of her daughter, after an illness of nearly four months. She was stricken on Jan. 1 and ever since had been confined to her bed.

Mrs. Graham was born at Rindge, N. H., and had made her home there up to two years ago, when she came to Duluth to live with Judge and Mrs. Cant. Besides the latter she is survived by one other daughter, Mrs. Marshall O. Roberts of Washington, D. C.

Mrs. Cant and Kenneth Cant left yesterday afternoon for Minneapolis, and Judge Cant accompanied the body to that place last evening. The funeral will be held there at 2:30 o'clock this afternoon, with interment at the Lakewood cemetery.

ARE FORCED TO POSTPONE WEDDING.

The majesty of the law interfered with the plans of Dan Cupid yesterday afternoon and caused a four-months' postponement of a wedding.

Negotiations for the marriage of Adolph Glavanich and Almire Bellenger were suddenly halted yesterday after they had secured their license and had appeared before Judge S. W. Gilpin of the probate court to have the knot tied.

The hitch came when the court learned that the bride-to-be was a divorcee who had received her decree but two months ago. She explained that she had not lived with her former husband for five years, but that did not make any difference.

The Minnesota law requires that six months elapse after the time a divorce is granted before either party to the action may remarry.

Glavanich and his intended have set their wedding day for some time in August.

FULL BULL MOOSE TICKET IN NEBRASKA.

Lincoln, Neb., April 17.—After an extended secret conference of members of the state central committee of the Nebraska Progressive party, a call was agreed upon for a state convention in Lincoln, July 28. Unofficially it was announced that the party will place in the field candidates for every state office and congressional nominess in the six districts.

MOTOR TRUCK KILLS SOCIETY WOMAN.

Omaha, Neb., April 17.—Mrs. Presley Barr, aged 76, for years prominent in Nebraska society, and the Daughters of the American Revolution, was instantly killed by being run down yesterday by a heavy motor truck as she was crossing a downtown street.

Her daughter-in-law, Mrs. L. Barr of Missouri Valley, Iowa, who was with her, was seriously injured.

SAYS NEW YORK HAS BEST BANKING LAW.

Albany, N. Y., April 17.—"In my opinion New York now has the best banking law of any state in the Union," said Governor Glynn in announcing that he had signed the Van Tuyl commission bill.

The bill radically revises the banking laws, and for the first time places private bankers under the jurisdiction of the state superintendent of banks.

Minister Castberg Resigns.

Christiania, April 17.—John Castberg, minister of social and industrial affairs in the Norwegian cabinet, headed by Premier Knudson, resigned his portfolio yesterday owing to a disagreement with his colleagues on social questions.

HAYNES

Where *Safety* Is *First* Consideration Haynes Is *First* Choice

The foremost feature on the Haynes car is the Vulcan Electric Gear Shift, without doubt, the greatest safety device ever applied to the automobile.

It has so many advantages that you will *never* go back to the old-fashioned, hand-lever method of changing gears, once you have *driven* the electrically controlled

HAYNES

America's First Car

The electric gear shift permits you to *retain your hands on the steering wheel while changing gears.*

You can *keep your eyes on the road ahead,* at all times.

You can change speeds silently and simply, without physical effort and without danger of stripping a gear.

You can shift gears with the speed of lightning, and worm your way through congested city traffic with *perfect safety.*

You can *anticipate* your speed changes, so that shifting gears on the Haynes merely resolves itself into *touching a button* on the steering wheel for the desired speed, then, when you want the gears *actually* shifted *mere pressure* on the *clutch pedal* does it.

If you are looking for *safety* in an automobile, as well as comfort, convenience and service—you will *find* it in the Haynes, America's First Car.

The Haynes "Four," 48 dynamometer horsepower—

SUE FOR $22,000.

Mine Proprietor Is Charged With Damaging Property.

Judgment for $22,000 is demanded in separate actions begun yesterday in district court by Kalle Luoma and Olga Luoma against A. B. Coates, mine proprietor, for damages alleged to have been done certain real estate owned by the plaintiffs at Virginia. It is alleged that Coates, without permission or without paying them any compensation, made large drifts and sluices under their lots, causing serious depressions to be made and damaging their property. Punitive as well as actual damages are sought.

TRAMP AUTHOR HELD AS WIFE DESERTER.

Los Angeles, Cal., April 17.—Louis Le Clair, alias Lou Light, under which name he is said to have written pamphlets on tramp life, and who calls himself "A No. 1, the millionaire hobo," was arrested here yesterday on a telegraphic warrant from Oconto, Wis., charging wife desertion.

London 'Change Loses 150.

London, April 17.—At a meeting of the stock exchange shareholders it was announced that, owing to the depression in business, 150 members had not sought re-election. This is fifty more withdrawals than last year.

SMOKE LAW ON SATURDAY

No Drastic Measures Under New Ordinance Except in Extreme Cases.

Since the agitation of the abatement of the smoke nuisance was begun several months ago, the emission of dense smoke from stacks in the city, particularly in the downtown district, has been reduced fully one-third, according to estimates which have been prepared for Mayor Prince.

"This is highly gratifying to the mayor, especially as it has been done voluntarily by the owners and agents in charge of the buildings. A new ordinance was passed by the city council a month ago, but it does not become effective until tomorrow, as the charter requires all ordinances to lay over thirty days before they are in force.

"The men who have charge of the various buildings in the city have shown a most gratifying disposition to co-operate with the city to reduce the smoke nuisance to a minimum," said Mayor Prince this morning. "They realize that it is not only unpleasant and causes the general public considerable inconvenience and loss, but that in running their furnaces in such a manner that black smoke will be eliminated they are preventing the waste of a great deal of heat and are cutting down their fuel bills"

The new ordinance makes it unlawful for any stack to emit black smoke for more than six minutes in any one hour, and then only for cleaning the fire box or kindling the furnace. The penalty for violation is a fine of $100 or imprisonment for not more than eighty-five days. It is the intention of the administration to conduct an educational campaign. Those who are found to be violating the ordinance will be given ample warning and no arrests will be made unless the owner or manager fails to pay attention to them.

Chicago Demonstrations.

Smoke Inspector J. W. Schneider returned this morning from Chicago, where he attended a meeting called by O. Monnett, smoke inspector of that city, for the purpose of considering regulations for governing the stacks of vessels. He said that a number of demonstrations were given. Among them it was shown that the use of anthracite coal will prevent the black smoke, and that it can be as successfully used as bituminous coal. Figures as to the cost were not available, but they will be forwarded to him in a short time. He said that a brick arch, similar to that used in locomotives, is being installed on one tug for experimental purposes and that Roy L. Peck, chief mechanical engineer of the Great Lakes Dredge and Dock company, which has tugs in all the principal lake ports, informed those present that if it proves successful all the company's tugs would be fitted with them.

As the new ordinance will be effective tomorrow, the smoke inspector will shortly start to make observations of all Duluth's stacks. He will keep a complete record of them and use them in connection with an active smoke nuisance campaign.

"DRY" CLAUSE STARTS SUIT

Carlton County Attorney Says Law May Prove a Boomerang.

If the contention of H. S. Lord, county attorney of Carlton county, as to the construction to be placed on the state local option law is correct, the statute has operated as a boomerang with a sharp stinger so far as the citizens of Moose Lake village are concerned.

Moose Lake village has been a "wet" town for years. The last time the question of license was submitted to the voters it was carried by the "wets" 10 to 1. Moose Lake township, in which Moose Lake village lies, however, has been "dry" for years. The question of license never was an issue there until this spring.

Village Now "Dry."

Now Moose Lake village is "dry" and will remain dry until the courts decide to the contrary, because of the fact that the local option law says that when a municipality votes "dry" it also creates a "dry" zone of half a mile about it. Moose Lake villagers who were in favor of having a "wet" village and a "dry" township voted accordingly at the town election, with the result that the "drys" won out 107 to 15.

In district court before Judge Fesler the question is being threshed out in habeas corpus proceedings in order to test the validity of two arrests of Moose Lake saloon keepers since the election. Joseph King and H. K. Lower sold liquor after the result of the election in the township had been declared and were arrested.

Fesler Hears Arguments.

Last evening Judge Fesler listened to arguments pro and con on the question. H. S. Lord, county attorney of Carlton county, appeared in support of his position in the matter and George H. Spear appeared for the Moose Lake saloon keepers, who contended that they were within their rights. The question will be submitted to Judge Fesler on briefs within the next ten days.

Phone your wants tomorrow before 11 a. m. for The Saturday Herald.

M'KEE RANKIN, OLD SCHOOL ACTOR, DIES

San Francisco, Cal., April 17.—McKee Rankin, the veteran character actor, who was identified with Nance O'Neill for years in Shakespearian productions, died here today.

In the prime of his theatrical career, Arthur McKee Rankin was known to the theater-goers in all the English-speaking countries of the world. He was of the old school of bold versatility, hesitating at nothing as an actor or producer. First and last Rankin probably made a large fortune, but his big earnings were lost in one theatrical adventure or another.

He began his stage career in the Civil war period and continued it actively for fifty years. He was a Canadian, born at Sandwich, Ont., in 1841, the son of a member of parliament. While at Upper Canada college he had a disagreement with his father over his association with the dramatic society there, and ran away to New York with an actor. His father found him and made him return to accept a government clerkship.

Left Government Service.

"About two years later," Rankin has said in reminiscence, "the great Sir John A. MacDonald, who was then premier, told me what he thought of the government service. 'You keep on and on, and in the end you are only an old hack,' he said. 'I've heard that once you were an actor. Why don't you go back on the stage?'"

Rankin was quick to follow his advice. At 21 he was leading man for Mrs. John Drew. All of his three daughters married into branches of the Drew family—one is Mrs. Sydney Drew, one Mrs. Lionel Barrymore, and a third, Phyllis, married a brother of Fanny Davenport.

"I played in Denver, Colo., when there was only one brick house in the town," Rankin related once when pressed by interviewers for some of his experiences, "and I was the first American ever to take a theatrical company across the ocean. I preceded Daly and all of the others."

Made Hit on Broadway.

He bought "The Danites" from Joaquin Miller, and made a tremendous hit in it as Alexander McGee at the Broadway theater, New York, in 1877. For more than a decade he was famous in this part, and later distinguished himself in a play written by his brother, the late George Rankin, called "The Cannuck," and in a play written by himself, "True to Life." Other of his productions were "A Kentucky Colonel," "The Golden Giant," "A Bachelor's Baby," and "Capt. Imprudence."

In 1898 he became manager for Nance O'Neill. Together Rankin and Miss O'Neill toured all of the English-speaking world, in Shakespearian and other productions.

In later years the veteran Rankin, at the age of 70, continued to appear in Shakespearian duologues with his daughter, Phyllis Rankin (Mrs. Harry Davenport), in vaudeville houses.

LONG DELAY FOR FRANK EXECUTION

Atlanta, Ga., April 17.—The execution of Leo M. Frank, the young factory superintendent, for the murder of Mary Phagan, which had been fixed for noon today, at least will be delayed many months through the action of attorneys yesterday in filing two motions in superior court.

It generally was expected that the motion asking a new trial on the ground of newly discovered evidence would be pressed for action first. If, after arguments on April 22, this motion is denied, appeal probably will be taken to the supreme court of Georgia, which already has affirmed the lower court in denying a new trial on previously submitted evidence.

May Go to Supreme Court.

In the event a new trial is again denied, it is believed the other motion, asking annulment of the conviction, will be carried to the United States supreme court. This motion alleges that in violation of Frank's constitutional right, Judge L. S. Roan, who presided at Frank's trial, advised counsel for the defendant not to allow the prisoner to be present in court when the verdict was returned. This action, the motion states, was founded on fears that Frank might suffer violence in the court room should he be acquitted.

Attorneys for Frank today said the report of William J. Burns who investigated the murder at the instance of the prisoner's friends, probably would be placed in their hands before the hearing on April 22.

SEVEN FIRES IN LAKE MILLS, WIS.

Lake Mills, Wis., April 17.—Firebugs are thought to be at work in this village, there having been seven fires during the last three days, four occurring last night. The fires were all barns and the loss aggregates about $18,000. State Fire Marshal Clem P. Host is investigating the origin of the fires.

SHAKESPEARE TO BE THEME IN CHURCHES.

New York, April 17.—The three hundred and fiftieth anniversary of the birth of Shakespeare will be observed in many New York churches next Sunday, the clergymen having agreed to make Shakespeare the subject of their sermons. On Thursday of next week school children will participate in the exercises at the Shakespeare statue in Central park. An outdoor civic celebration will be held on Staten Island and on Friday and on Saturday a number of public school principals have arranged for exercises in public parks.

Phone your wants tomorrow before 11 a. m. for The Saturday Herald.

SULZER'S SUIT IN APPELLATE COURT.

Albany, N. Y., April 17.—The appeal in the mandamus proceedings against the state comptroller, through which William Sulzer hopes to have the United States supreme court pass upon the validity of his impeachment, was submitted to the court of appeals today. There were no oral arguments, the facts in the case being presented to the court in lengthy briefs.

Mr. Sulzer sued out the writ to compel the payment to him of the governor's salary from the time of his removal last October. The lower courts decided against him.

Superior

WILL BEGIN ON NEW NORMAL AT ONCE.

Construction work on the new normal will be commenced at once, according to President V. E. McCaskill. The removal of the rubbish has been about completed and the walls, brick and iron junk have been taken away. Next week it is expected that the laying of the concrete foundation for the new building will be begun. The new main building will be 256 feet long and will be built of brown stone. The auditorium planned will seat 1,000 people.

FLIP A DOLLAR FOR COUNTY OFFICE.

The flipping of a silver dollar was watched with bated breath yesterday by a large number of spectators at the county courthouse. The action of the dollar would decide which of two men would become a member of the county board.

James Philbrook and Andrew F. Olson, both of South Range, were candidates for the office. Each received forty-three votes in the recent election. They agreed to decide the question by the flipping of the coin. The former chose heads and won. Philbrook says he will keep the dollar as a souvenir.

Fire Loss Is $47,001.

Fire losses in Superior during 1913 amounted to $47,001, according to the annual report of Fire Chief Olaf Johnson, made public yesterday. The department responded to 278 calls. The actual amount of property endangered by fires is placed at $2,895,520, while the insurance on it amounted to $2,049,660. The majority of the fires were caused by defective chimneys, says the report.

BREAK INTO DEPOT.

Iron River, Wis., April 17.—(Special to The Herald.)—Burglars broke into the Northern Pacific depot here a few nights ago and stole some groceries stored there. Later officers searching for a keg of beer stolen found the stolen goods concealed in a culvert under the Northern Pacific tracks.

MILL CITY AUTOIST NOW BEING TRIED.

Minneapolis, Minn., April 17.—Charged with manslaughter because his automobile ran down and killed a 12-year-old boy who was playing in the street, Peter Johnson, a Minneapolis business man, is on trial in district court here. Johnson claims the accident which occurred in November, 1913, was unavoidable.

MAY CLEAR TITLE TO WESTERN OIL LAND.

Washington, April 17.—To relieve oil operators who have invested large sums in plants and facilities on the public lands of California and other states, Secretary Lane today recommended to the house public lands committee the enactment of a bill to clear in certain instances the titles to the land. The bill is designed to protect the equities and expenditures of the operators. It is believed it will save the government and operators large sums which might be spent in litigation.

Aviator Porte Arrives.

New York, April 17.—Lieut. J. C. Porte of the British navy, who expects to help pilot Rodman Wanamaker's aeroplane in an attempt to cross the Atlantic, arrived today on the Lusitania.

SOCIALISTS NOMINATE.

Put Burke at Head of New Hampshire Ticket.

Manchester, N. H., April 17.—John P. Burke of Franklin has been nominated for governor by the Socialist party. William H. Wilkins of Claremont is the choice for United States senator. The party platform contains a recommendation that "the solution of the liquor problem is the elimination of private profit in its manufacture and sale." A protest against armed intervention by the United States government in Mexico is also included.

AUTHOR'S NIECE IS BRIDE OF GAYNOR.

Fairfax Courthouse, Va., April 17.—Norman J. Gaynor of New York, son of the late Mayor Gaynor, and Miss Betsy Page, daughter of Rev. Dr. Frank Page of Fairfax, Va., were married here last night in the historic parsonage of Zion Episcopal church, of which the bride's father is the rector. Dr. Page performed the ceremony. The bride is a niece of Thomas Nelson Page, American ambassador to Italy.

CHICAGO WILL CLOSE MUNICIPAL STORE.

Chicago, April 17.—Chicago's municipal store, established to furnish supplies to the poor at cost, is a failure and will be closed at the end of April. In making this announcement, Joseph Meyers, county agent, said that sales have averaged only a few dollars daily and there was not enough demand for the enterprise to maintain it.

School For Non-Coms.

Appleton, Wis., April 17.—The commanding officer of each regiment of the Wisconsin National Guard today received notice from the adjutant-general that a school for non-commissioned officers will be held at Camp Douglas June 15-20. Each colonel has been instructed to designate a first and second lieutenant from his command for duty in the camp. It will be the first school of this kind ever held in the state.

ON THE IRON RANGES

8,000,000 TONS IS ORE ESTIMATE

About That Tonnage to Leave Two Harbors This Year.

Two Harbors, Minn., April 17.—(Special to The Herald.)—The iron ore shipping season will open on next Monday and while it is not expected that the early shipments will be large nevertheless by the end of next week the daily receipts will probably amount to 20,000 tons. Ore will be taken from those mines that can guarantee to have it removed from the docks as cargoes accumulate.

The officials of the Iron Range company do not believe the shipments this year will be as large as those of last season when about 10,000,000 tons were loaded at the local docks. A rumor has placed the estimate for this year at about 8,000,000 tons.

Four boats belonging to the Pickands Mather company and the Tomlinson lines tied up at the local docks this winter. They were loaded during January and with the opening of navigation are ready to depart for the lower ports.

A large force of railroad men reached the city during the last two weeks and are ready for work.

IRON AND STEEL TRADE IMPROVING

Still A. B. Coates Looks for Less Ore Shipments.

Virginia, Minn., April 17.—(Special to The Herald.)—Mr. and Mrs. A. B. Coates have returned from three months spent in Mediterranean points, Europe and Great Britain. They visited Alexandria, Cairo, Algiers, the valley of the Nile, spent a week in Sicily, saw Naples, Rome and other Italian cities and spent some time in Paris and London.

"We had a very pleasant trip," said Mr. Coates, "but I haven't seen any place that looked as good to me as Virginia. Travel is interesting, but it becomes tiresome and I have rather been wishing for home for the last month."

Outlook For Mining.

Mr. and Mrs. Coates spent several days in Cleveland and other Eastern cities. Mr. Coates says the mining men generally are not optimistic with regard to the outlook for ore shipments during the present season, while the condition of the iron and steel trade seems to be picking up. In the Eastern iron and steel centers the opinion is expressed that the tonnage moved from the Mesaba range this year will fall considerably below that of last season.

Mr. Coates, who is one of the owners of the Virginia baseball team is much interested in the progress of the team and is anxious to have Virginia represented by one of the best teams in the league.

Sees Ashland Pitcher.

In Chicago he saw a game between Chicago and Cleveland and says that Quarders, the Ashland boy, who is with the White Sox had a workout the other day. He has the usual speed and steam, but is wild and is not yet down to good form, while he promises to give the White Sox good service. Virginia made several efforts last year to sign Quarders late in the season, but was unsuccessful.

CLEANER STREETS ARE HOPED FOR

Virginia Pupils Asked to Cooperate With City Authorities.

Virginia, Minn., April 17.—(Special to The Herald.)—Arbor and Bird day are being observed in the public schools today with appropriate exercises in the grades and high school.

The pupils are asked to co-operate with the park board in keeping the boulevards free from papers thrown carelessly aside and to see that carpenters and builders do not permit unsightly spots by allowing material to accumulate along the streets.

Planting was not a feature of the day in the schools, as it is deemed too early in the season to set out shrubs or young shade trees.

BUILDING TRESTLE.

Two Harbors Coal Dock Improvement Is Going Ahead.

Two Harbors, Minn., April 17.—(Special to The Herald.)—The work of rebuilding the trestle for the towers at the local coal docks has progressed very satisfactorily during the last three weeks. Stack & McGarry completed the foundation for the steel trestle last week and the work of erecting the trestle is now being pushed forward as fast as possible. Within the few days the steel will have progressed far enough to make it safe to move the towers from the temporary trestle on which they have stood during the winter onto the permanent steel work. The temporary wooden trestle will then be torn down and the work of constructing the concrete retaining wall from the north end of the trestle to the east side of the lumber dock will then be taken up by Stack & McGarry. The work will probably be completed in May.

Removes Blackheads In Few Minutes

Valeska Suratt, Famed as the Greatest Self-Made Beauty Actress, Tells in the Boston American Her Wonderfully Effective Way to Remove Blackheads and Pimples, and Gives New Shampoo Secret.

"It is possible to get rid of blackheads in only a few minutes' time. The use of blood tonics and creams I have found a waste of time and money. This will remove blackheads absolutely and surely: Sprinkle some neroxin on a hot, wet sponge, and rub this on the blackheads for a few moments. Then wash the face and see the difference. The neroxin will cost fifty cents at the drug store."

• • • "A good shampoo is absolutely necessary to hair health. Ordinary soap does not remove all the scurf, grease and grit which form a film on the scalp and take away the vitality of the hair. Dissolve a teaspoonful of eggol in half a cup of hot water, and you will have the finest cleansing shampoo you have ever used. Your hair will be easier to do up, too, than after using the soap and other shampoos. Eggol will cost you twenty-five cents at the drug store, and for this amount you will have enough eggol for over a dozen luxurious shampoos."

• • • "You will get rid of pimples very quickly by taking one or two teaspoonfuls, after meals, of a mixture of twelve ounces of sugar, one ounce of sarsene and a pint of water. Get the sarsene at the drug store, by the ounce, in the original package." —Advertisement.

FINDS QUARTERS ARE INADEQUATE

Grand Jury Proposes Many Changes About Virginia Courthouse.

Virginia, Minn., April 17.—(Special to The Herald.)—Local people think that the grand jury hit the nail on the head in reporting to the court yesterday, as told in The Herald, that the county building here is entirely inadequate and recommending many changes. The final report presented by Foremen George Lerch and Clerk George Eubanks was the climax to the most important grand jury session ever held on the range as thirty-six indictments in all were returned.

The jury recommended that an architect be employed to make needed changes. The jury contended that the sheriff's office and the office of the clerk of the district court are entirely too small for the purpose for which they are being used. The report calls attention to the fact that there are no accommodations for the work of the juvenile court and no place therein to keep juvenile offenders or women accused or convicted of crime. The grand jury room, the jail, the sheriff's office and the clerk's office and other parts of the building are poorly ventilated, according to the report.

Walls Need Painting.

It was recommended that the walls of the building be re-painted and that certain devices should be installed in the engine room, the pulley, belt and motor guarded, the electric switch enclosed in asbestos-lined box and that there should be safety devices on the main valve on top of the boiler and on the water glasses about the boiler. The report suggests that the poles behind the county building be removed and the wires thereon placed in conduits underground.

QUINT PLAYERS' HONORS.

Boys in Virginia High School Team Who Get Rewards.

Virginia, Minn., April 17.—(Special to The Herald.)—Athletic Director Blair of the public schools announces the following basket ball men, who will be awarded their "letters," for their work on the Technical high school team the past season: William Rooney, capt.; Phillip Hodge, Harold Cusson, James Enright, Dave Gustafson, Harry Pribrow, Mark Elliott, and Edward Byrnes.

In order to win their "letters" the players were required to play three full games or the equivalent.

The Virginia high school won second place among the range high school basket ball teams, Hibbing winning the championship. Aurora was third.

Virginia played twelve games and won eight. Their points total 293 against 204 for their opponents.

LIKE AUTO TRUCKS.

Nashwauk Business Men Prefer Them to Horses.

Nashwauk, Minn., April 17.—(Special to The Herald.)—Business men of this village have come to the conclusion that motor trucks can be used to a better advantage than horses. Four trucks are now in use daily. Oscar Johnston of the Sebeka Mercantile company has received two trucks that are now being used to a good advantage. The Nashwauk Bakery company also has a new delivery truck. James Hayes of the Fitger Brewing company also is using one for his deliveries. Other business men are contemplating doing away with their horses for the use of trucks. Nashwauk now boasts of having within its city limits about fifty automobiles and almost as many motorcycles.

FAIR ROAD CHANGES.

County Fair Association Will Be Asked to Make Changes.

Hibbing, Minn., April 17.—(Special to The Herald.)—A change in the present Chisholm-Hibbing road will be suggested by the management of the Fair association in case the proposed plans for concreting that highway are carried into effect. Instead of making the turn as now, it has been suggested that the road be cut in diagonally so as to touch the present road near the fair grounds. This it has been demonstrated would entail but little work, would make a more direct line and would at the same time afford better ingress and egress to the fair grounds.

GILBERT JOBS FILLED.

Village Council Hands Out Village Positions.

Gilbert, Minn., April 17.—(Special to The Herald.)—The village council has made the following appointments for the ensuing year: Chief of police, Ole Saline; policemen, Alex Karvinen, Martin Bczich and Joseph Janisch; health officer, Dr. M. L. Strathern; street commissioner, Herman Bodas; superintendent of sewers, Frank Bowman. The council is composed of Dr. Fred Barrett, president; A. E. MacInnis, clerk; Julius Bordeau, C. M. Campbell and John Connors, trustees. W. J. Luke is village treasurer.

MINING MEN MEET.

Superintendent of Republic Iron & Steel at Gilbert.

Gilbert, Minn., April 17.—(Special to The Herald.)—The superintendents of the Republic Iron & Steel company held a meeting Wednesday at the Schley office. Those present were Harry Cash of the Kinney mine, Nels Johnson of the Bray mine, Paul Kurtzman of the Monica mine, G. H. Lohnels, assistant superintendent of the Franklin and Union mines, and D. T. Caine of the Schley and Pettit mines. General Manager F. J. Webb and General Superintendent T. A. Flannigan were present. Capt. William White of the Franklin and Union mines was unable to be present on account of illness.

GETS SIX MONTHS FOR TOTING GUN.

Hibbing, Minn., April 17.—(Special to The Herald.)—John Ciruti, the local Italian charged with threatening to kill Tony Azzi, another Italian, entered a plea of guilty to the charge of carrying concealed weapons in district court at Virginia yesterday afternoon, and received a sentence of six months at the work farm.

MEETS BLIZZARD IN CALIFORNIA

Chisholm Man Claims Tough Experience in Land of "Sunshine."

Chisholm, Minn., April 17.—(Special to The Herald.)—William Brown, who with Harry Austin left several weeks ago for California points, where they have an oil prospect, has returned, bringing not only many samples of oil promising sand and shale but an abundance of enthusiasm as well. Mr. Brown left Mr. Austin in Los Angeles in company with an oil expert, preparing to purchase drills and machinery to prospect the property.

Mr. Brown had a very narrow escape from losing his life by becoming lost in a blizzard. Mr. Austin and a companion had started on ahead and reached the hotel in the mountains just as the blizzard struck, but Mr. Brown, not feeling equal to walking the entire distance, waited for the stage. He became discouraged after several hours' waiting and started on a foot but soon became fatigued and when overtaken by the stage was almost exhausted.

FOUR-TEAM LEAGUE.

Chisholm, International Falls, Proctor and Hibbing in It.

Chisholm, Minn., April 17.—(Special to The Herald.)—A base ball organization was perfected Wednesday evening. James Leighty declined to manage the team again.

Officers elected were: Barney H. Graham, president; A. H. Kleffman, secretary and Frank Gouze, treasurer. Minty Tramontin was elected to manage the team for the season and a soliciting committee consisting of Judge William Masters, Barney Graham, A. H. Kleffman and Frank Gouze will be expected to obtain and handle the finances.

The league of which Chisholm will be a part will consist of four teams: Hibbing, International Falls, Proctor and Chisholm. Games will be arranged for every Saturday and Sunday during the summer and whenever a special attraction or holiday comes along it will be filled in at the convenience of the teams interested.

A number of the old players will return and it is hoped that some new material can also be added. Artie O'Day has been suggested as has also Pat Boyle of Eveleth, both of whom it is hoped can be secured. The old players who are ready for the workout are: Freeman, Leighty, Phelps, Ritchel, Mahan, Vigerust, Nason, Kriz, Chase, Larsocki and Benton.

Next Wednesday representatives of the clubs mentioned will meet here and will outline the season's schedule.

ARE EXERCISING CARE.

Hibbing People Taking No Chances With Gasoline.

Hibbing, Minn., April 17.—(Special to The Herald.)—Hibbing people are careful with gasoline, according to Chief McIlhargey, whose firemen have just completed a canvass of the village to ascertain the conditions regarding the storage of the fluid.

"While in some cases we found that automobile users had more than five gallons and that it was carelessly stored, the majority are very careful and we have few complaints to make," said the chief. "I have sent notices to all that were not keeping the gasoline in conformity with the laws and will make a second inspection in the near future."

JUDGE CAUSES ARREST.

Recognizes Wanted Man on Eveleth Street, Notifying Officer.

Hibbing, Minn., April 17.—(Special to The Herald.)—Joseph Skofich, who was wanted for the stabbing of Frank Babich in a fight here several days ago, has been arrested and turned over to the deputy sheriffs at Virginia, where an indictment was returned against him. Skofich appeared on the streets and was recognized by Municipal Judge Moylan, who caused his arrest.

DISCUSS ROAD WORK.

Hibbing and Nashwauk Men Attended Meet at Keewatin.

Keewatin, Minn., April 17.—(Special to The Herald.)—P. A. McEachin, George Matakovitch, Gust Johnson, Edward Verity, C. W. Ekstrum, F. V. Wakkinen, Mike Michelich, Joe Chastan, Jacob Jaffee of Hibbing, attended the meeting of the town board held here Monday to discuss the best method of repairing the road between the two villages and also the construction of a new and permanent road. It was the consensus of those present that crushed rock would be too expensive for resurfacing the old road and that with a little work, the road could be put in fair condition and would hold up until the new road could be built. The board members are now at work looking up a feasible route for the new road.

BURY CHISHOLM CHILD.

Little One Laid to Rest in Cemetery at Aitkin.

Aitkin, Minn., April 17.—(Special to The Herald.)—Mr. and Mrs. Gus Baum arrived here Monday from Chisholm with the body of their young child, who had died at their home in that city. The burial took place on Tuesday in Lakeview cemetery. Mr. and Mrs. Baum were residents of Aitkin for several years before moving to Chisholm.

POSLAM ENDS TORTURES OF ITCHING SKIN

Used for any skin disease, the action of Poslam is immediate. It stops itching, allays inflammation and heals with wonderful rapidity.

Aggravated cases of Eczema, Acne, Tetter, Salt Rheum, Psoriasis, Scalp-Scale, Barbers' and every form of itch are eradicated to the surprise of those unable to secure results by other means. Poslam shows results so quickly that you are never in doubt as to whether or not it is doing the work. The skin is forced to respond to its healing influence.

All druggists sell Poslam. For free sample write to Emergency Laboratories, 32 West 25th street, New York.

Poslam Soap, medicated with Poslam, is the best soap for your skin.

New toilet size 15 cents.

SEE BENEFIT IN BUHL MAN'S PLAN.

Hibbing, Minn., April 17.—(Special to The Herald.)—Mayor Power and the members of the local council heartily indorse the plan proposed by Mayor William J. Doyle of Buhl for an organization of the presidents and councilmembers of the range towns for the discussion of matters pertaining to the interests of the various municipalities.

"I can see where such an organization would be productive of much good," said Mayor Power.

ASSESSORS' LOT NOT HAPPY ONE.

Virginia, Minn., April 17.—(Special to The Herald.)—The new rules and regulations for assessors more than double the work this year, according to City Assessor Krogdahl.

This year the descriptions have been increased from 37 to 57 and property is classified into four divisions, covering almost everything from soup to nuts.

The assessment will range from 25 to 50 per cent on the actual value of the property.

HIBBING BOY MAKING GOOD.

Hibbing, Minn., April 17.—(Special to The Herald.)—Reports from the Virginia league team state that Ben Clifford, the Hibbing boy who was taken as an outfielder, is playing splendid ball and will prove a valuable man for Manager Taylor. His many Hibbing friends are watching his progress with no little interest and hope that he will become one of the bright and shining lights of the Northern league.

ODD FELLOWS TO HAVE CELEBRATION.

Hibbing, Minn., April 17.—(Special to The Herald.)—The following program will be rendered at the ninety-fifth anniversary celebration by the Odd Fellows in the Armory, April 26: C. E. Everett, noble grand, Hibbing lodge, No. 245, welcome; selection, orchestra; invocation, Rev. E. W. Elayer; address of welcome, V. L. Power, mayor of Hibbing; response, Edw. C. A. Johnson, grand patriarch-elect; solo, John Sheehy; piano solo, Miss G. Butchart; solo, Miss Ida Bogan; address, W. R. Palmer, grand master-elect; selection, orchestra; "America," audience.

Co-operative Concern Elects.

Two Harbors, Minn., April 17.—(Special to The Herald.)—The Svea Co-operative company held their annual election of officers and a smoker social at Iron Dock hall, Cedar street, last evening. The following officers were elected: President, Frank Strand; vice president, Axel Essen; secretary, Gust Nelson; treasurer, Andrew Norlen. These officers constitute the board of trustees: Financial committee, Alfred Anderson, Nels Erickson; boosting committee, John Norlen, Peter Rosendahl and Theodore Johnson.

Two Harbors Confirmation.

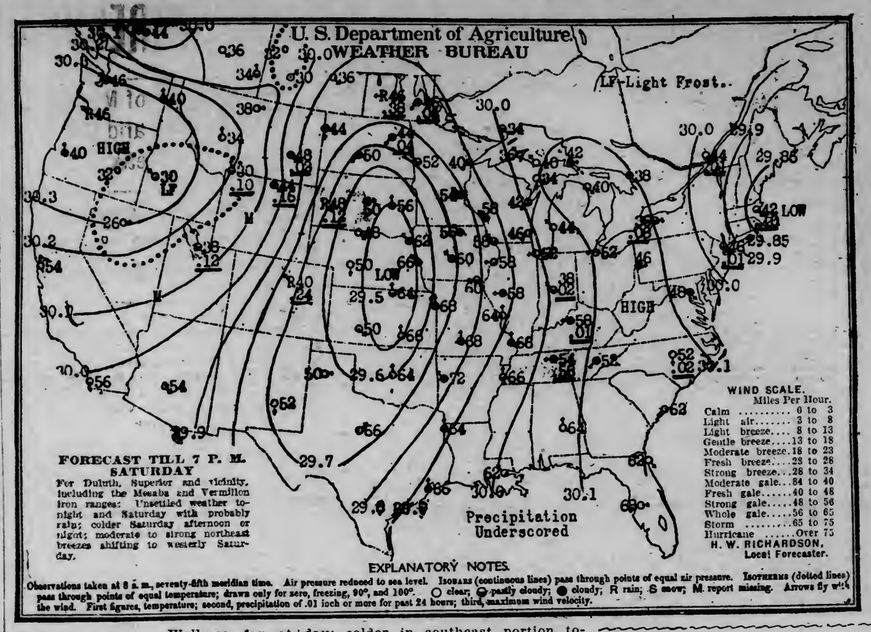

Two Harbors, Minn., April 17.—(Special to The Herald.)—Confirmation exercises will be held at the Swedish Lutheran church next Sunday morning, April 19, at 10:30. The class which is to be confirmed consists of fourteen girls and twelve boys, as follows: Esther E. Anderson, Esther M. Anderson, Martha Anderson, Hilma Carlson, Hilder Degerstedt, Anna Ekblind, Alice Engstrom, Anna Hanson, Elca Hedin, Nina Johnson, Elsa Larson, Nelly Lindgreen, Anna Nashlund, Ellen Myland, Karl Anderson, Harry Bergren, Reinhold Falk, Arvid Hedin, Carl Hedin, Albert Holm, Edwin C. Johnson, Herbert Lindgren, Andrew Nylund and Oscar Rafin.

CHURCH MORTGAGE GIVEN TO FLAMES

Two Harbors, Minn., April 17.—(Special to The Herald.)—The First Presbyterian church held a gala congregational meeting last night. The $5,000 mortgage which was placed upon the church property ten years ago was burned. The church is now practically free from indebtedness. The Ladies' guild raised $1,200 of this money during the last year. Several Duluth people attended the jubilation among whom was Rev. J. H. McGaughey, who was pastor of the church during the erection of the new building about nine years ago. It was largely through his hard work and perseverance that the plans were successfully completed. Mr. McGauhey is now pastor of a church in Duluth.

The following program was given: Anthem, boys' choir; solo, Le Roy Ballieu; reading of letters from former pastors, Rev. Mr. Gilt and Rev. Mr. McLeod, Rev. Mr. Sherwin; reading, Mrs. Colonel Scott; solo, Mrs. H. S. Bryan of Duluth; address, Rev. J. H. McGaughey; burning of the mortgage, Mrs. Bryan; Mrs. McGaughey and Mrs. Evans. After the program refreshments were served in the church parlors.

OFFICIAL MAP OF THE WEATHER

RAIN

Well so far at least, the rain has failed to materialize. It would probably be a good thing as a cleanser and many hopes were expressed that the weather man would make good his promise. However he has not yet given up hope, for he again predicts unsettled weather for tonight and Saturday with probable rain. It will also be colder tomorrow afternoon and night.

Fair and warm weather prevailed a year ago today. The sun rose this morning at 5:16 and will set this evening at 6:59, giving thirteen hours and forty-three minutes of sunshine.

Mr. Richardson makes the following comment on weather conditions:

"Rain fell during Thursday or last night over Middle and North Atlantic states, the Ohio and Red River valleys and Rocky mountain region. Temperatures are moderate to mild in nearly all districts."

General Forecasts.

Chicago, April 17.—Forecasts for the twenty-four hours ending at 7 p. m. Saturday:

Wisconsin—Unsettled weather tonight and Saturday, probably showers; warmer in east portion tonight; cooler Saturday.

Minnesota—Unsettled weather tonight and Saturday, probably rain. Colder in west portion tonight, and in south portion Saturday.

Iowa—Unsettled weather tonight and Saturday, probably showers; colder.

North Dakota — Unsettled weather tonight and Saturday, probably showers; colder tonight.

South Dakota—Generally fair tonight and Saturday in west, unsettled in east portion with probably showers; colder tonight and in east portion Saturday.

Montana—Fair tonight and Saturday; colder in southeast portion tonight.

Lower Michigan—Unsettled tonight and Saturday, probably rain; warmer tonight.

Upper Michigan — Unsettled tonight and Saturday, probably rain; warmer tonight.

Upper Michigan—Unsettled tonight and Saturday, probably rain; warmer tonight; colder Saturday in west portion.

JAIL DELIVERY PLOT IS NIPPED

Grand Rapids, Minn., April 17.—(Special to The Herald.)—Mr. and Mrs. Roy Boyer of Bovey were arrested this morning charged with attempting a jail delivery of the Itasca county jail. They were caught monkeying with the screens of the county jail and they had apparently pulled out one of the spikes or pins which are imbedded in the mortar of the brickwork to hold the screens on. When discovered they were talking to Orrin Culver, a Bovey man and a brother of Mrs. Boyer, who had been sent up for thirty days for fighting and disorderly conduct.

The man and the woman have been having their share of trouble, Boyer having been in court before on a charge of wife desertion and both having had somewhat checkered careers. They demanded a jury trial, which will be held this afternoon at the courthouse before Justice Kearny.

RESORT BURNED; SUSPECT TRAMPS

Grand Rapids, Minn., April 17.—(Special to The Herald.)—A building formerly used as a resort about half a mile down the Mississippi river from Grand Rapids was totally destroyed by fire last evening, the fire apparently having been set or was the result of tramps occupying the place and leaving a fire which ignited the building. The building was a large frame structure and probably cost $3,500. It had not been occupied for the past three or four years and there was no insurance.

Owner in Prison.

The owner was James Rhody, who is now serving a term in the penitentiary at Stillwater for running a house of ill repute, but Frank F. Price, a local attorney who defended Rhody in his trial, held a mortgage on the premises.

OLD MESABA MAN NOW BEING TRIED

Virginia, Minn., April 17.—(Special to The Herald.)—Shooting the bartender because that worthy would not give him a drink got Mike Ivoncocich of Old Mesaba into trouble and he is on trial in district court here today on the charge of assault. The case may be concluded late today.

Mike Mikalondich, the Eveleth man indicted by the grand jury for second-degree assault, who was captured at Wolf by Deputy Sheriff O'Day, an Oliver policeman and another after a tussle, was arraigned this afternoon and pleaded not guilty.

The jury in two hours yesterday afternoon concluded that Mike Obrichma, Mike Granich and John Bultovich were not guilty of the charge of assault in wielding knives during a fight at Kinney.

HINCKLEY FIRE REAL BLESSING

Grand Rapids, Minn., April 17.—(Special to The Herald.)—The Farmers' Institute opened this morning with a good attendance and the meeting promises to be one of the best held here. Supt. A. D. Wilson was introduced by A. J. McGuire of the North Central Experiment Farm, who is presiding, and he spoke for an hour on matters of interest to the farmers, touching upon the growth of the agricultural industry in the northern part of the state, crop rotation, clover growing and other subjects of interest to the farmers.

"Leave Timber and Farm."

Mr. Wilson made an appeal to the farmers present to take their eyes off the timber and wood's wealth of their farms and asked them to consider the country burned over by the Hinckley fire which is now a prosperous farming country because the farmers had to farm or starve as they had no timber to detract from their farming pursuits.

He stated that the destruction of the timber was a blessing instead of a misfortune.

Dinner was served at the Catholic church hall by the girls of the domestic science class of the high school, under Miss Norton, supervisor of domestic science. The program this afternoon consisted of talks largely by local people and including George B. Alton, former state inspector of high schools, whose interests here and his prospective residence here entitles Grand Rapids to call him a local man.

Virginia Teachers Sick.

Virginia, Minn., April 17.—(Special to The Herald.)—Supt. Colgrove of the Virginia public schools has had trouble obtaining substitute teachers to fill five vacancies.

Three of the instructors were unable to report Wednesday and three other teachers were forced to leave their work yesterday on account of illness. Miss Mary L. Ober left yesterday for Duluth, where she will consult an ear specialist. She teaches in the Johnson building. Miss Amelia Thompson, who has charge of the sixth grade in the Roosevelt building, is ill at her home in Mountain Iron. Miss Lola Craig, instructor in drawing, also is ill.

HERITAGE APPRAISER.

Will Value Virginia School Desired for Catholic School.

Virginia, Minn., April 17.—(Special to The Herald—A. D. Heritage, former alderman, was appointed by the school board to appraise the old Central school, which the local Catholic parish desires to purchase for a parochial school, acting in place of Mark Elliott, who cannot perform that duty. As soon as the appraisement is made the matter of making the sale will be voted on by the district.

SHOT BUYING PISTOL.

So Man Brings Damage Suit Against Gilbert Store.

Virginia, Minn., April 17.—(Special to The Herald.)—Claiming that he was damaged to the extent of $2,100 when he was accidentally shot while in the National Bargain store of Peter and Ben Banen at Gilbert last summer as he was examining a pistol that he thought of buying, Iaj Bidovich today began suit in district court here against the owners of the store to recover that sum. J. H. Norton of Duluth is his attorney and Mayor Power of Hibbing will represent the defense.

Hibbing Moose Elect.

Hibbing, Minn., April 17.—(Special to The Herald.)—The following officers were installed when the new lodge of Moose was installed before a large number of members of the order from other points: Past dictator, A. E. Tompleton; physicians, Dr. Morsman, Dr. Butchart; trustees, J. P. Holmes, J. H. Kaiser, Frank Di Marco; outer guard, Morris Mitchell; inner guard, C. J. Jackson; sergeant-at-arms, Oscar F. Peterson; treasurer, Leander Johnson; secretary, E. P. Shafer; vice dictator, F. Eldridge; dictator, H. E. Schneider. The lodge will meet every Wednesday evening in the Rood hall.

Inspects Hibbing Militia.

Hibbing, Minn., April 17.—(Special to The Herald.)—With the largest attendance that has been recorded at any drill this year, Company M was inspected last night by Capt. McGee of the regular army. The men were put through their paces in rapid succession and the work went smoothly. The equipment was inspected in the afternoon.

Quint Made Money.

Hibbing, Minn., April 17.—(Special to The Herald.)—To make money with high school athletics has been almost unheard of in the past, yet the local high school basket ball team reports that after completing a highly successful season and competing in the state tourney at Northfield they still have $45 in the treasury.

Needlework Club Meet.

Hibbing, Minn., April 17.—(Special to to The Herald.)—There will be a meeting of the recently organized Needlework Guild of America at the assembly room at the public library Saturday afternoon at 4:30.

PITT, MINN., FIRE.

Baudette, Minn., April 17.—(Special to The Herald.)—Fire at Pitt did considerable damage this week. Three hundred poles were burned, and only after hard work was the John Greenan residence saved.

While the ladies' aid was meeting at the home of W. J. Mason of Cedar Spur, a small town west of here, the residence took fire. Not much damage was done.

ACID STOMACHS ARE DANGEROUS

Nine-Tenths of All Stomach Trouble Said to Be Due to Acidity.

A Physician's Advice on Cause and Cure

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary bisurated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach itself as it would be for a man who stepped on a tack to rub liniment on the foot without first removing the tack. Remove the tack and the foot will heal itself—neutralize the acid and the stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisurated magnesia from their druggist, and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, if necessary, this being the dose which the doctor has found most efficacious in all cases.

A TONIC FOR THE NERVES

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession have the greatest trouble in finding relief. Irritation, headache, sleeplessness, nervous dyspepsia, all these discomforts make life miserable but are endured rather than run a doctor's bill without definite hope of recovery.

Every such sufferer should know the danger of such a condition of the nervous system. Nervous debility and even paralysis may easily result if the tone of the nerves is not restored.

The one big fact that brings hope and relief is that the nerves can be restored by building up the blood. It cannot be too often repeated that only through the blood can nourishment and medicine reach the nerves. Dr. Williams' Pink Pills make the blood rich and red and quickly restore vitality and energy to a weak nervous system. A nervous person who gives these pills a trial is almost certain to see good results and, what is more, the benefit will be lasting because the trouble is attacked at its root. Thin blood makes weak nerves. Building up the blood restores the nerve force.

Get a box of Dr. Williams' Pink Pills today and write the Dr. Williams Medicine Co., Schenectady, N. Y., for a free copy of "Diseases of the Nervous System."

Whoever demands a Piano of highest merit at the lowest possible cost will buy a

Fischer Piano

There is no piano made that has a better record for tone and durability, but there are many that are higher priced.

Durum—On track: No. 1, 86⅝c; No. 2, 84⅝c; to arrive, No. 1, 86⅝c; No. 2, 84⅝c; May, 86⅝c bid; July, 88c. Linseed—On track, $1.55⅝; to arrive, $1.55⅝; May, $1.56⅝ bid; July, $1.56⅛ bid; September, $1.59⅞ asked; October, $1.57⅝. Oats—On track, 35½c; to arrive, 34c. Rye—On track, 54½@56½c; to arrive, 54½@56½c.

Elevator receipts of domestic grain—Wheat, 18,812 bu; last year, 22,172 bu; oats, 1,882 bu; last year, none; rye, 282 bu; last year, none; flax, 5,769 bu; last year, 2,478 bu.

Shipments of domestic grain—Flax, 1,256 bu; last year, 6,920 bu.

Elevator receipts of bonded grain—Wheat, 31,290 bu; last year, 50,599 bu; oats, 1,384 bu; last year, 13,010 bu; barley, 12,953 bu; last year, 3,285 bu; flax, 16,683 bu; last year, 20,357 bu.

Shipments of bonded grain—None.

Duluth Board of Trade, April 17.—The market was slightly weaker at the close. May wheat closed ⅝c up, July ⅝c up and September unchanged at 87¾c. May durum closed ¼c up and July unchanged.

Oats closed ⅛c up on the track at 35½c, and ⅛c up to arrive at 34c. Rye closed unchanged at 54½@56½c.

At Winnipeg, May oats closed at 34⅝c bid and July at 35⅝c bid.

Puts on Minneapolis May wheat closed at 89@89⅛c bid, and calls at 89½c bid.

Wheat book on a reversal of form in today's market, substantial advances being recorded during the first three hours trading. The strength was largely attributable to the market having gotten into an oversold condition, and to an improved cash demand. It is known that stocks of wheat in the East are now fairly well sold up, and millers down there are said to be now showing greater readiness to contract for spring wheat rather than take any chances upon finding themselves short later on of covering their requirements.

The decline in the American market yesterday was reflected in a lower closing at Liverpool today, but it was noted that the predictions are for lighter world's shipments this week, with the amount from Argentina down to small proportions.

Advices from over the winter wheat territory were still bearish, though some experts professed to find spots in Kansas where high winds had blown out the plant. The weather is generally cloudy through the Southwest today, and rains are threatened over a wide area. Seeding is said to be making good progress under favorable conditions throughout the Northwest.

The May option is being especially strongly held at Chicago, and advices came from down there to the effect that hedging sales on new wheat bought to arrive are now being made.

Receipts were light at Duluth again today, there being only 11 cars inspected with 21 last year. At Minneapolis there were 67 cars of wheat compared with 119 a year ago. Wheat stocks in Duluth elevators are now 14,493,000 bu., a gain of 215,000 bu in the last five days.

May wheat opened ⅛c up at 90⅜c, and it gained ⅜c more. The July option opened ⅛c up at 91⅞c and advanced ½c more. Business in durum was limited and its price movement only fractional. The May option opened unchanged at 86⅜c, and it firmed up ⅛c. July opened unchanged at 88c and held there.

Flaxseed Turns Strong.

The market in flaxseed was erratic today. After opening strong it sold off on liberal offerings. Support then appeared from crushers and operators under the influence of a strong Buenos Aires situation and quotations were quickly lifted to substantially above yesterday's close. Strength at Winnipeg with the market there nearly on an export basis was also a factor.

The market closed weaker, with final prices showing advances of ⅝@1c.

The foreign markets were all strong, Buenos Aires closing 1½c up. Antwerp 1¼c up and London unchanged.

May flax opened ¼c up at $1.56 and closed ⅞c higher at $1.56⅛ asked. July opened ⅜c up at $1.58⅛ and closed ½c higher at $1.58⅛ bid and the September option opened ⅛c up at $1.59 and closed 1c higher at $1.59⅞ asked.

At Winnipeg, May flax closed at $1.37 bid and July at $1.40.

MARKET GOSSIP.

Vessel grain rates from Duluth to Buffalo broke sharply today under pressure of liberal tonnage offering, 1¼c being quoted on steamers to arrive here. Two boats are now under the spouts at the Cargill elevator. The W. G. Pollock is taking on a cargo of barley and the M. A. Hanna will load spring wheat.

* * *

At Minneapolis there was not enough wheat on the sample tables to make a cash market. Demand was keen, especially for the choice. No. 1 northern blue stem sold at from 2c to 3¾c over May, and velvet chaff at 2c premium. Flour sales were just fair. There was a broad inquiry there from the East but the bids were low and millers not disposed to accept them, on account of the strong cash wheat premiums. Cash No. 1 northern wheat sold there at from 91¼c to 93c, and No. 2 northern at from 88¾c to 90⅝c.

* * *

World's shipments, exclusive of North America, are estimated at 6,000,000 bu, against 10,976,000 bu actual last week. Of this Europe will take about 5,200,000 bu. Total shipments last week were 11,664,000 bu, and last year, 14,544,000 bu. Arrivals into the United Kingdom were about 3,600,000 bu. Broomhall predicts a fair decrease on passage. Australian wheat shipments were 928,000 bu and Indian shipments, 80,000 bu.

* * *

Broomhall cabled from Liverpool: "Weakness in America and Buenos Aires yesterday stimulated moderate realizing at the opening here and values were ⅛d to ¼d lower. Following the opening the market was supported and prices advanced with shorts covering, gaining ¼d from low. Light Argentine shipments and the forecast of light world's shipments this week, other than America, together with an improved demand for cargoes, helped the advance. At 1:30 p. m. prices were ⅛d lower to ⅛d higher.

"Corn opened ⅛d lower, being influenced by the weak American cables, decline in Buenos Aires and heavy Argentine shipments. Later prices advanced with good support on a sale of spot Plate to Halifax and the good percentage of Plate shipments this week to America. At 1:30 p. m. the undertone was steady and prices unchanged."

* * *

At Buenos Aires wheat closed weak today, with free realizing on lower American markets and a quieter foreign demand.

* * *

Broomhall forecasted Russian and Danubian shipments for week at about 4,000,000 bu, against 5,140,000 bu last week. Argentine wheat shipments at 848,000 bu, against 1,168,000 bu last week, and 5,864,000 bu last year. Corn, 4,412,000 bu, against 2,585,000 bu last week, and 1,488,000 bu last year.

* * *

A wire received by Baker today said: "Just finishing a motor and train trip over Western Kansas and did not see a poor field. They all expect a crop much above normal. The plant has a fine color and has ample moisture for two to three weeks. The state can lose a million acres and 25 per cent from the present promise and yet have a yield of full 100,000,000."

* * *

Duluth car inspection: Wheat—No. 1 hard, 2; No. 1 northern, 3; No. 2 northern, 1; durum, 2; mixed, 3; total wheat, 11; last year, 21; flax, 8; last year, 3; total of all grains, 19; last year, 39; on track, 20.

* * *

Duluth grain stocks, giving changes in five days:

Wheat—Western and winter, 640,000 bu; increase, 3,000 bu; spring, 10,169,000 bu; increase, 21,000 bu; durum, 2,251,000 bu; increase, 43,000 bu; bonded, 1,433,000 bu; increase, 148,000 bu; total wheat, 14,493,000 bu; net increase, 215,000 bu.

Coarse grains—Corn, 388,000 bu; oats, 3,980,000 bu; increase, 14,000 bu; rye, 319,000 bu; increase, 1,000 bu; barley, 642,000 bu; increase, 14,000 bu; flax, domestic, 159,000 bu; bonded, 426,000 bu; total flax, 2,017,000 bu; increase net, 75,000 bu.

Total all grains, 21,839,000 bu; net increase, 319,000 bu; afloat, wheat, 1,472,000 bu; oats, 226,000 bu; barley, 275,000 bu.

* * *

Clearances reported: Wheat, 115,000 bu; flour, 27,000 bbl; together they equal 237,000 bu; corn, 5,000 bu; oats, 6,000 bu.

* * *

Primary markets report the following receipts and shipments today:

Wheat—Receipts, 254,000 bu; last year, 334,000 bu; shipments, 246,000 bu; last year, 466,000 bu.

Corn—Receipts, 380,000 bu; last year, 325,000 bu; shipments, 566,000 bu; last year, 1,479,000 bu.

Oats—Receipts, 498,000 bu; last year, 495,000 bu; shipments, 708,000 bu; last year, 511,000 bu.

* * *

Duluth bonded grain receipts: Wheat, 2 cars; flax, 1 car. Total, 3 cars.

* * *

Modern Miller says: "The winter wheat crop generally maintains its brilliant prospects. There are practically no complaints from any of the soft winter wheat states and the growth is rapid. In Texas, conditions are uniformly favorable. In Oklahoma and Southern Kansas, green bugs exist with indications of their spread. The principal wheat counties of Kansas show splendid conditions. There are some reports of hessian fly and lack of moisture. Nebraska needs rain.

CHICAGO MARKET.

Wheat Opens Weak, But Soon Develops Firmness.

Chicago, April 17.—Wheat developed firmness today after some weakness at the start. Cables were steady, and predictions of rain had not been fulfilled in the domestic winter crop belt. Kansas reports seemed less reassuring, the weather being windy and hot, with several counties increasing their loss in acreage. Opening prices which varied from ¼c off to ⅛c up, were followed by some advance all around.

Dry weather talk from Nebraska and Oklahoma helped to harden values. The close was steady at ⅛c to ¼c net advance.

Although corn gave way for a while under a rush of selling, the market later became steady as a result of buying on the part of leading speculators. The East was said to be cancelling American purchases, and substituting Argentine. On the other hand, it was pointed out, domestic primary shipments were considerably in excess of receipts. Prices opened ⅛ to ⅞c lower, but soon recovered nearly all of the decline.

Reports that 500,000 bu of cash corn here owned by the chief long had been sold for shipment was the basis for the rally but in the last hour prices suddenly dropped owing to a denial of the supposed cash sale. The close was weak, ⅜@½c to 1@1⅛c under last night.

Oats held steady. Leading commission houses were buyers.

The packers gave support to provisions. First transactions ranged from 5c off to a like amount up and the market seemed disposed to keep within about such limits.

Wheat—No. 2 red, 94½@94¾c; No. 3 red, 93½@93¾c; No. 2 hard, 92⅝c; No. 3 hard, 92⅛c; No. 2 northern, 95@96c; No. 3 northern, 93@95c; No. 2 spring, 94½@95½c; No. 3 spring, 92¼c.

Corn—No. 2, 67¼@67½c; No. 3, 66@67c; No. 3 white, 68c; No. 3 yellow, 66@68½c.

Oats—No. 3 white, 38¼@38½c; standard, 39@39½c.

Range of prices:

Wheat—	Open.	High.	Low.	Close.

July	.86⅞	.86¾	.86¼-⅜	.86⅜-½b
Corn—				
May	.66½-65¾	.66⅝-¾	.65⅞	.65½-⅝
July	.66⅝-⅞	.65⅞	.65	.65-⅛
Oats—				
May	.37	.37¼-⅜	.36⅞	.37b
July	.37⅛	.37½	.36⅞	.37a

MINNEAPOLIS MARKET.

Wheat Is Stronger Owing to Light Receipts and Heavy Demand.

Minneapolis, Minn., April 17.—Light receipts and a heavy cash demand were responsible for a stronger wheat market at the opening here today. Unusually high premiums were offered for the better grades.

Wheat—May opened 88¾@88⅞c; high, 89⅝c; low, 88¾c; closed 89¼@89⅜c bid. July opened 90¼c; high, 90⅞@91c; low, 90¼c; closed 90⅝c bid. Cash: No. 1 hard, 94⅛c; No. 1 northern, 91⅜@93⅛c; to arrive, 91⅜@92⅜c; choice to arrive, 92⅞c; No. 2 northern, 88⅞@90⅞c; to arrive, 89⅞@90⅞c; No. 3 wheat, 86⅜@88⅜c.

Corn, No. 3 yellow, 62@63c; oats, No. 3 white, 35¼@35¾c.

Flax, $1.52⅜@1.54⅜.

The flour market continued strong today. Prices unchanged. Shipments, 54,720 bbl. Barley, 42½@57c; rye, 55½@57c; bran unchanged.

REMARKS—Rain fell over Indiana, Kentucky, Tennessee and the Red River valley.

H. W. RICHARDSON, Local Forecaster.

*—Inches and hundredths.
†—Highest yesterday, lowest last night.
§—Not included in the averages.
NOTE—The average highest and lowest temperatures are made up at each center from the actual number of reports received and the average precipitations from the number of stations reporting 0.10 or more.

New York Grain.

New York, April 17.—Wheat—May, $1.00⅜; July, 95@95¼c.

Liverpool Grain.

Liverpool, April 17.—Wheat—Spot, quiet; No. 2 red western winter, 7s 3¼d; No. 1 Manitoba, 7s 3d; No. 2, 7s 2d; No. 3, 7s 1d; futures, easy; May, 7s 1d; July, 7s 1½d; October, 7s ½d.

Corn—Spot, quiet; American mixed, 6s 7d; Laplata futures, easy; July, 4s 6¼d; September, 4s 6⅜d.

Hops—In London, (Pacific coast), £4@£5 15s.

New York Money.

New York, April 17.—Call money steady, 1¾@3 per cent; ruling rate, 1¾ per cent; closing, 1¾@2 per cent. Time loans steady; 60 days, 2½ per cent; 90 days, 2¾ per cent; six months, 3@3¼ per cent. Mercantile paper, 3½@4 per cent. Sterling exchange steady; 60 days, $4.85.25; demand, $4.86.95. Commercial bills, $4.85½. Bar silver, 58¼c. Mexican dollars, 45½c. Government bonds steady; railorad bonds, steady.

London Stocks.

London, April 17.—American securities opened steady and from ⅛ to a point above parity. A reaction followed, but renewed buying carried prices back to the opening level before noon. Later the trading was limited, but the gains were maintained and the market closed steady.

STOCKS ARE IRREGULAR

Higher Most of Morning But Decline and Close Weak.

Rapid Fall Caused By Demoralization of Lehigh Valley.

New York, April 17.—Although the market was on a higher level most of the morning, the movement was uncertain and irregular. Raiding operations, such as have been of almost daily occurence for the last week, were resumed, with Lehigh Valley the particular object of attack. By noon prices had mounted again to the early level. Success of the bears in seeking out vulnerable points checked buying and the noonday rally was not vigorous. Missouri Pacific was especially susceptible to attack. It dropped 4¼ points to 19⅞, the lowest in more than a decade.

Bonds were steady.

Active bidding for stocks raised prices all around at the opening today. Reading was the only important stock which failed to show initial gains. Canadian Pacific, Southern Pacific, Westinghouse, Utah Copper, American Tobacco and Can preferred made advances of 1 to 2 points.

Bear operators tested the market for weak spots and by concentrating their attack on Lehigh Valley soon had all other shares reacting. Lehigh Valley dropped from 141 to 139, but the general market offered resistance when opening gains had been lost.

A drop in Missouri Pacific to 19 was accompanied by reports of difficulties attending the adjustment of the company's finances. Leading stocks were weaker. Texas company rose 4½.

Professionals covered when they perceived that the various adverse developments were not disturbing the general level. New Haven was strong on the definite announcement that provision had been made for the company's financial needs.

The market closed weak. Demoralization of Lehigh Valley, which dropped 7 points in all to 134, caused a rapid fall in other securities. Can fell 3 points and Reading and Amalgamated 1.

South St. Paul Livestock.

South St. Paul, Minn., April 17.—Cattle—Receipts, 2,000; killers, steady; steers, $5.75@8.40; cows and heifers, $4.75@7.25; calves, 50c lower, $5.25@8.25; stockers and feeders, $4.75@7.40; steady.

Hogs—Receipts, 4,360, steady; range, $8.40@8.50; bulk, $8.45.

Sheep—Receipts, 1,200, steady to 10c lower; lambs, $5.75@7.75; wethers, $5.00@6.25; ewes, $4.00@6.00.

Cotton.

New York, April 17.—Cotton: Futures closed steady. May, 12.54; July, 12.39; August, 12.14; October, 11.64; December, 11.61; January, 11.56. Spot quiet; middling, 13.10; gulf, 13.35.

Bank Exchanges.

New York, April 17.—Dun's Review will say tomorrow: Bank exchanges this week display considerable falling off, the total amounting to $2,754,448,705, a decrease of 8 per cent, as compared with last year. This unfavorable exhibit is due in large part to the fact that the past week included a holiday at some centers, while at others the principal exchanges were closed for one or two days.

THE PRODUCE MARKETS.

SUFFRAGETTE LEAVES BOMB UNDER CHAIR

Great Yarmouth, Eng., April 17.—The theater on the great recreation pier here was destroyed today by a fire caused by the explosion of a bomb left under a seat by a militant suffragette.

At 4 o'clock this morning a violent explosion woke the inhabitants of Great Yarmouth. A few moments later the theater at the end of the pier burst into flames. It was recently rebuilt at a cost of $100,000.

The usual suffrage literature was found strewn along the pier and on the beach.

HEAVY SELLING IN COPPER STOCKS

Granby Declines Sharply on Fresh Liquidation—Small Declines Elsewhere.

After a strong opening, the market in mining stocks at Boston weakened today on the unfavorable turn in the Mexican situation. Selling was renewed in Granby and its quotation ran off $2.75 to a close of $79.25.

Butte & Superior closed 63 cents off at $34.50; Alaska Gold 38 cents up at $27.38; Calumet & Arizona 25 cents off at $66.25; Franklin a fraction off at $5.38; North Butte unchanged at $26. Shattuck 50 cents up at $25; and Amalgamated Copper 38 cents off at $73.62.

In the Duluth curb list, Calumet & Corbin held steady, selling at 29 cents. Alex Scott was stronger on the good reports coming from the mine and sold 50 cents up at $5.50. Denn sold at $8.12@8.25. Interstate at $5, and Keating at $1.62@1.70.

* * *

According to a wire received by Gay & Sturgis from Boston East Butte has opened up an ore shoot on the 1,500-foot level which shows a width of five feet with copper ore running between 5 per cent and 6 per cent and ten ounces of silver to the ton. When first opened, the shoot was but eighteen inches wide, but it is showing a widening tendency. The drifting has not yet reached the point where the management expects to find its richest body of ore.

* * *

The annual report of New Baltic Copper company for the 1913 calendar year shows a balance on hand of $3,908 compared with $23,576 on Jan. 1, 1913.

* * *

The report of the Chino Copper company for the year ended Dec. 31, 1913, shows net earnings of $3,234,034, or $3.75 per share, compared with $2,176,904, or $2.80 per share in the previous year. There were produced 50,511,661 pounds of copper at a cost of 8.49 cents per pound in 1913. The 1912 production was 27,776,088 pounds and its cost 7.69 cents per pound.

* * *

The report of the Ray Consolidated Copper company for the year 1913 shows net profit of $2,675,193, or $1.80 per share, compared with $1,929,262 in the previous year, or $1.30 per share. The production amounted to 52,341,029 pounds of copper, at a cost of 9.783 cents per pound. The production in 1912 was 34,674,275 pounds, and its cost 9.828 cents per pound.

* * *

The following wire was received by Gay & Sturgis from Boston: "Officials of the Inspiration Consolidated Copper company say they expect the new plant will produce between 80,000,000 and 90,000,000 pounds of copper annually, at a cost of between 8 and 9 cents per pound. The production will be through two adjoining shafts, and mining methods will be different from those in vogue in other properties of similar character. The slicing system will be used, and as the overburden is not over 100 feet in depth, mining costs are expected to be comparatively low.

"Inspiration has had a 600-ton experimental plant in operation for some time, and recent work, it is stated, has shown a recovery of 78 per cent. For carrying on further experimental tests, the plant will be made into a 5,000-ton capacity soon.

* * *

Stocks of copper of all kinds, ores, matte, pig, etc., in Great Britain and France over a three-year period shows as follows: March 30, 1912, 42,154 tons; March 31, 1913, 26,024 tons, and March 31, 1914, 11,678 tons.

Traders think that with almost 75 per cent less stock now than two years ago the market price should be much higher, but exactly the reverse is the case. The price of electrolytic has been: March 30, 1912, £73, 5s per ton; March 31, 1913, £70, 10s and March 31, 1914, £67.

AGED MAN TRIES TO ASSASSINATE MAYOR MITCHEL; MISSES AIM

(Continued from page 1.)

any questions about himself. Two letters addressed to Mayor Mitchel were found in his clothing.

The shooting occurred at the Park row entrance to the city hall plaza, shortly after 1 o'clock.

At that time of the day Park row is congested with hundreds of men and women on their way to and from luncheon.

The would-be assassin was seized by a policeman and taken to the police station in the basement of the city hall. He was shabbily dressed. When Mayor Mitchel himself questioned the man he would only mumble:

"I have nothing to say."

Chauffeur Stopped Shooting.

Frank Polk, the wounded corporation counsel, was taken inside the city hall and physicians hurriedly were summoned. He was bleeding profusely but did not lose consciousness. The mayor assisted Mr. Polk into the building and an ambulance was summoned.

Only the quick work of Detective George Neun, acting as chauffeur for the mayor's automobile, saved the man under arrest from firing a second shot. Neun overpowered him and took from him a .38-caliber revolver.

Although the man refused to reveal his name, a mark inside his clothing bore the name David Rose.

IRON RIVER HOTEL HAS CLOSE CALL.

Iron River, Wis., April 17.—(Special to The Herald.) — Firemen worked nearly two hours on a stubborn fire in the new Lennox hotel a few nights ago and finally saved the property from destruction. The building belongs to T. F. Mackmiller and the contents to J. E. Andre.

OCEAN LINER IS SOLD FOR $125,000.

Liverpool, April 17.—The White Star line, in view of the approaching advent of the 50,000-ton Britannic into the service, today sold the Majestic to be broken up. The price paid for the old liner was $125,000.

Nicholas White and Mrs. Amanda Simmons.

SOLID GOLD WEDDING AND ENGAGEMENT RINGS made and mounted to order at Henricksen's.

Deaths and Funerals

BOERNER—The funeral of John A. Boerner, 32 years old, a well known young man of the city and a resident here since boyhood, took place yesterday from the undertaking rooms of C. J. Stewart. Interment was at Forest Hill cemetery. He died several days ago at a local hospital after an illness of several weeks. He is survived by his parents, Mr. and Mrs. Charles Boerner, of 714 Fifth avenue east; three sisters, Mrs. C. U. Reitan, Mrs. F. G. Green and Miss Elizabeth Boerner, and three brothers, Ernest, Carl and Frank, all of this city. He was a member of the Royal league and had a large number of friends in the city to whom news of his death was a sad shock.

EBMER—The funeral of George A. Ebmer, 49 years old, pioneer Duluth resident, who died suddenly Wednesday evening at his home, 514 Fourth avenue east, was held at 2:30 o'clock this afternoon from the family residence. Rev. A. W. Ryan of St. Paul's Episcopal church officiated and interment was at the Forest Hill cemetery.

CITY NOTICES.

NOTICE—
State of Minnesota, County of St. Louis—
District Court, Eleventh Judicial District.
In the matter of the condemnation by the city of Duluth of the following described property, to-wit: Lots 1, 2, 3, 4, 13 and 14, in block 4, of Banning & Ray's sub-division of Duluth, for the purpose of erecting thereon a public armory.
To G. Willis Peters and G. Willis Peters, trustee:
Notice is hereby given, That on the 16th day of May, 1914, before the above named court, at a special term of said court, to be held on said day at the Court House in the city of Duluth, at the opening of court on that day, or as soon thereafter as counsel can be heard, the petition of the city of Duluth in the above entitled matter will be presented to said court.
Notice is further given, That the objects of said petition are to obtain from said court an order adjudging that the taking by the city of Duluth of the land hereinafter described, for the purpose of providing a site upon which to erect a public armory, is necessary and is such as is authorized by law; and appointing commissioners to ascertain the damages that will be occasioned to the owners of said land on account of such taking.
The land proposed to be taken is situated in the county of St. Louis and state of Minnesota, and is described as follows:
Lots one (1), two (2), three (3), four (4), thirteen (13) and fourteen (14, of block four (4), Banning & Ray's sub-division of Duluth, according to the recorded plat thereof on file and of record in the office of the register of deeds in and for St. Louis county and state of Minnesota.
CITY OF DULUTH, Petitioner.
HARVEY CLAPP, City Attorney.
D. H., April 17, 24; May 1, 1914. D 1115.

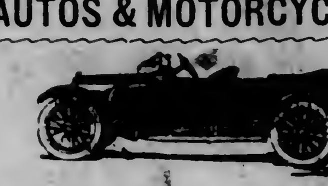

CONTRACT WORK.
Office of Commissioner of Public Works, City of Duluth, Minn., April 17, 1914.
Sealed bids will be received by the Commissioner of Public Works in and for the corporation of the City of Duluth, Minnesota, at his office in the City Hall in said city, at 10 o'clock A. M., on the 1st day of May, A. D. 1914, for grading and gravelling Kenwood road in section 15, township 50, range 14 west; and constructing culvert and concrete pipe in said city according to the plans and specifications on file in the office of said Commissioner.
A certified check for ten per cent of the amount of the bid, payable to the order of the Treasurer of the City of Duluth, must accompany each proposal.
The city reserves the right to reject any and all bids.
CITY OF DULUTH,
By C. S. PALMER, Clerk.
R. MURCHISON, Commissioner.
D. H., April 17, 18, 1914. D 1114.

LEGAL NOTICES.

NOTICE FOR BIDS—
Sealed bids will be received by the Board of Education of the Independent School District of Virginia, Minnesota, up until 2 P. M. April 22nd, 1914, for the erection of a two-story fireproof school building. Plans and specifications can be seen at the Builders' exchange in Minneapolis and Duluth, Minnesota, and can be obtained from the Architects, Bray & Nystrom, 1200 Fidelity Building, Duluth, Minnesota, upon payment of $15.00. This amount will be refunded when plans and specifications are returned in good condition. Separate bids will be received for the entire building complete or in part as follows:
1. General Construction.
2. Heating and ventilating.
3. Electrical Work.
4. Plumbing.
5. Vacuum Cleaning System.
Each bid must be accompanied by a certified check for 5 per cent of the amount of the bid and made payable to Andrew Hawkinson, Treasurer of the Independent School District of Virginia. Said check to be forfeited if contractor fails to enter into a contract with the said board within five (5) days after the receipt of notice of acceptance of bid. All bids to be addressed to R. J. McGhee, Clerk, Virginia, Minnesota, and marked "Bid for School Building."
The Board reserves the right to reject any or all bids.
Bids are to be opened at 8:00 P. M. April 22nd, 1914.
Dated April 8th, 1914.
R. J. McGHEE,
Clerk, Board of Education.
D. H., April 13, 14, 15, 16 and 17, 1914.

ADDITIONAL WANTS

AUTOS & MOTORCYCLES.

98 PER CENT OF AUTO BUYERS READ THE DULUTH HERALD.
The names in which automobile licenses were issued have been checked with The Duluth Herald's subscription lists and it was found that 98 out of every 100 people who buy cars read The Duluth Herald.
If you have a car for sale or trade, offer it in this automobile column and you will reach practically every one who will buy.

HIGH-PRICED CARS REBUILT.
We have two of them, and believe them to be better bargains than the average new ones selling for the same money. Look these two cars over if you want a good family car, or a car for livery purposes, one you know will stand up under hard service. The list is;
A Lozier 7-passenger, Type 1, fully equipped with Presto tank, Klaxon horn, speedometer, extra tire, etc. This is the $5,000 chassis, the model made famous by Ralph Medford in his sensational record-breaking races two and three years ago. It's an exceptional buy at $1,800. Come in and make us an offer.
One 1912 Oldsmobile, fore doors, fully equipped, has been driven but little; looks good, acts better, and is a snap at $1,200. Come in and look this over.
F. E. MURPHY AUTO CO.,
311 East Superior St.

WE FURNISH DEPENDABLE AUTOmobile springs made to your order. Why pay fancy factory prices plus express? Ford springs and Commercial bodies carried in stock. LOST AND FOUND

FOUND—IT HAS BEEN RUMORED that Cameron-Johnson-Horgan, the furniture distributers, "are going off the map." This is not true. Our only object of emptying our present salesroom and wareroom at this time is to wipe the slate clean, to enable us to open our greater salesrooms shortly after May 1 with a much larger assortment of better made furniture, rugs, Buck's steel ranges, etc., for the home, which are being prepared for us by the world's best manufacturers of home furnishings. Right now you can pluck many gems from our stock and yet save 35 to 40 per cent; besides you can pay the bill later. Cameron-Johnson-Horgan, Factory Distributers, 2110-2112 West Superior street.

LOST — BETWEEN NINETEENTH avenue east and Superior street and Twenty-fourth avenue east, gold locket and chain with initial G on locket. Return to 2325 East Second street for reward.

LOST — BLACK POCKETBOOK CONtaining $10 bill and 68c in change. Finder please call Youngstrand, Alliance Real Estate company, 205 Lonsdale building.

LOST — LARGE BULL TERRIER brindle, marked with white on head and feet; brass studded collar; reward. Call Oak Hall Clothing company.

LOST — BROWN FUR SCARF BEtween Twenty-first avenue west and Second street and Star theater, Monday evening. 214 Nineteenth avenue west. Reward.

LOST—WHITE ANGORA CAT, THURSday evening, belonging to an invalid lady. Return to Flat B, Ashtabula.

LOST—ON THIRTY-NINTH AVENUE west car, 10 a. m. Sunday, lady's knit bead pocketbook. Please return to Herald office.

LOST — SMALL BLACK PURSE, SATurday night, between Lake avenue and Sixth avenue east on Fifth street. Return to Herald office. Reward.

LOST—POCKETBOOK CONTAINING $24. Owner's name in same. Return to Herald office for reward.

HUERTA MUST SALUTE BY 6 P. M. SUNDAY

TIDE OF IMMIGRATION HAS TURNED AT LAST TO NORTHERN MINNESOTA

Majority of Newcomers Hail From the Middle West States.

Railroads' Statistics on Cars of Settlers' Effects Are Surprising.

"Coming as Rapidly as They Can Be Absorbed", Says Agent.

The tide of immigration has turned toward Northern Minnesota, Wisconsin and Michigan. Settlers have come this way by the hundreds during the last year, and the flow is steadily increasing.

While there has been a fair sprinkling of European immigrants in the lot, the bulk of the newcomers have hailed from the Middle West states and as a class they are well equipped to succeed being fully conversant with the various farming problems confronting them here.

According to data compiled by Col. Mott, manager and secretary of the Upper Peninsula development bureau, 1,750 settlers took up land in Northern Michigan during the last year.

Northern Minnesota, Northern Wisconsin and Northern Michigan, all territory tributary to Duluth, are being rapidly peopled by farmers of the best type who are uniformly "making good" in developing their agricultural resources of the various districts and creating homes for themselves.

All interests engaged in the work of attracting farmers to this territory, tell of substantial progress as a result of which it is conceded that the wholesale houses and manufacturing establishments here are finding that considerable benefit is accruing to

NO VERDICT YET IN VIVISECTIONIST CASE

Court Gives Jurors Important Rule on Law Against Cruelty.

Philadelphia, Pa., April 18.—The jury in the case of Dr. Joshua E. Sweet, a member of the faculty of the medical department of the University of Pennsylvania, charged with cruelty to dogs after vivisection operations, still was trying to reach a verdict today. The case was given to the jury Friday afternoon. If a verdict is reached, it will be sealed and handed to the court Monday morning.

An important interpretation of the law on vivisection was made in the trial when Judge F. Amede Bregy, in addressing the jury in criminal court, said that a person guilty of wanton, cruel torture of any animal shall be guilty of a crime, even though the cruel treatment be done for scientific purposes.

First Interpretation.

Judge Bregy's interpretation of the laws of Pennsylvania on the matter of cruelty to animals in connection with vivisection is said to be the first ever made in the state. In his charge to the jury he said:

"To indicate a view on the part of physicians that these operations upon the dogs were made for scientific purposes to obtain information for the alleviation of human suffering, I charge you that the law of Pennsylvania does not allow pain and suffering, torment or torture to be inflicted upon dogs for any purpose except the relief of the suffering of the dog itself.

"They have no right to torture the dog or violate the law as I have read it to you, for the purpose of obtaining scientific information. Scientific purposes do not excuse cruelty."

The court's reference to vivisection came as a surprise to both sides in the case, because the indictment against Dr. Sweet mentioned only alleged cruelty after operations, and because testimony as to why these operations had been performed and other subjects pertaining to vivisection had been ruled out of the evidence in the trial of the case.

COXEY FIFERS SWAP FIFES FOR DRINKS

The "General" Reprimands Them and Puts Ban on Getting Drunk.

Louisville, Ohio, April 18.—Because members of the fife corps of Coxey's army of the commonweal traded their instruments for beer, became intoxicated, it was charged, and were jailed by the village marshal, "General" Jacob S. Coxey issued an edict against drinking as the army left here today on the third day of the march to Washington.

"I don't belong to the W. C. T. U., but from now on you've either got to 'cut out the booze,' or we don't want you along," was the substance of the leader's address to his followers. "We're marching to Washington to teach the people a great moral lesson and you'll destroy all its effect if you persist in getting drunk."

Coxey was pleased by the prediction of a gypsy fortune teller, met on the road, that he would live to be 100.

MILES POINDEXTER, United States Senator From Washington, Who Spoke at the Indiana Bull Moose Convention.

ASSAILANT OF MITCHEL HELD

Bail for Mahoney Is Placed at $25,000 By Court.

Prisoner Says He Bought Revolver "to Kill a Rat."

New York, April 18.—Michael P. Mahoney, the gray-haired crank who yesterday attempted to assassinate Mayor Mitchel and in so doing wounded Frank L. Polk, corporation counsel, was arraigned in the Tombs police court today on a charge of attempted murder in the first degree. He was held in $25,000 bail for the action of the grand jury.

When the amount of the bail was announced by Magistrate Simms, Mahoney smiled broadly and said:

"Why not boost it a little? The more the merrier."

Mr. Polk was resting quietly at the New York hospital today. Surgeons expect he will recover rapidly if no complications develop. He spent a comfortable night and seemed to be greatly refreshed today.

Unknown to Detectives.

Before his arraignment Mahoney was taken to police headquarters, where 250 detectives, all masked, "looked him over." None of them was positive he ever had seen the man before.

Mahoney was awakened at 8 a. m. after being allowed four hours' sleep. Until 4 o'clock this morning he was closeted with detectives, who put him through a rigid "third degree." He explained that when he bought the revolver he fired yesterday he told the man who sold it to him in Jersey City that he "wanted to kill a rat."

Wanted a Job.

According to his own story, told to the police commissioner when he was examined, Mahoney had tried to see the mayor last Monday but had not

(Continued on page 3, third column.)

RAILWAYS CAN KEEP BOAT LINES AWHILE

Ruling Is Made By the Interstate Commerce Commission.

Washington, April 18.—Railroads may continue their interest in water lines after July 1, according to a ruling of the interstate commerce commission today, provided they have applied for such continuance to the commission, at least until such time as the commission shall have passed upon the merits of their applications.

The Panama law requires that the common carriers, by rail, which have direct or indirect interest in common carriers by water must divest themselves of that interest by July 1, if the two carriers may or do compete for traffic. The act confers upon the commission discretionary authority to determine whether the rail carrier shall divest itself of its water lines.

It has been evident to the commission for weeks that it would be physically unable to pass upon all the applications by July 1. It probably will take several months to hear and determine the many proceedings which have been instituted. Meantime, no change in the general situation will take place.

BEVERIDGE FOR SENATE

Hoosier Bull Moosers Want Him to Be Candidate.

Senator Poindexter Launches Roosevelt Boom—Scores Democrats.

Indianapolis, Ind., April 18.—Whether Albert J. Beveridge would accept nomination for the United States senate was the question uppermost in the minds of the delegates to the Indiana state Progressive convention when that body opened its deliberations here today. Although the former Republican senator made it known last night that he did not desire the nomination, it was predicted shortly before the delegates were called to order that nevertheless he would be chosen.

In the event that Mr. Beveridge should refuse to accept, friends of Judge James Wilson of Bloomington were ready to urge the latter's name upon the convention as the next strongest candidate.

Divide on Prohibition.

One of the questions which was expected to arouse much discussion in the consideration of a platform was that of a prohibition plank. It was said that the delegates were about equally divided on the question, some favoring a declaration for nation-wide prohibition, others for leaving it to the decision of the people.

Former Senator Beveridge, as temporary chairman, made the first speech. He was followed by United States Senators Moses E. Clapp of Minnesota, Miles Poindexter of Washington and Charles Sumner Bird of Massachusetts.

Address by Clapp.

"Political parties come as a protest against wrong and as the necessary

(Continued on page 2, second column.)

AMERICANS ROBBED AT SEA OF GALILEE

Brigands Wound One Member of Party of Teachers.

Constantinople, April 18.—American teachers from the Beirut American college were attacked and robbed by brigands and one of them slightly wounded by a bullet, while they were on an excursion yesterday to the Sea of Galilee (Lake Tiberias.)

The American consul general at Beirut, Syria, in reporting the occurrence to the embassy here today, said that the wounded teacher was not dangerously hurt.

The Syrian Protestant college, founded by Rev. Dr. Daniel Bliss, an American Congregational clergyman, is generally known as the American college. It is an extensive institution, and is under the direction of Rev. Howard S. Bliss, a son of the founder.

The American ambassador called the attention of the Turkish authorities to the outrage, and was assured that the property of the American teachers would be recovered and the brigands punished.

"KIDNAPED" BOY EATEN?

Theory Is Advanced in Walters Trial at Opelousas, La.

Acquittal of Defendant May Not Solve Puzzle.

Opelousas, La., April 18.—Now that the prosecution has submitted practically all of its evidence in the trial of W. C. Walters, charged with kidnaping 5-year-old Robert Dunbar, speculation centers on the effect the verdict would have on those directly involved. The life of Walters is in jeopardy, and the happiness of two women who claim one boy as their son is at stake. Any verdict will bring disappointment to one woman or possibly leave legal doubt as to the identity of the boy.

Mrs. C. P. Dunbar of Opelousas accepts the child taken from Walters when he was arrested as her son, and the state is trying to prove it. Julia Anderson of North Carolina maintains the boy is Bruce Anderson, her offspring, and the defense contends it has witnesses to bear out her contention.

Two Undisputed Points.

Two salient points are undisputed—that the boy the Dunbars have in their possession was the one found with Walters in Mississippi, and that Walters left North Carolina with the boy known as Bruce Anderson. This has raised the question that if the child is identified as either Robert Dunbar or Bruce Anderson, where is the other?

The defense has indicated that it will attempt to show that Robert Dunbar was not kidnaped from the vicinity of Lake Swayze, near Opelousas, but fell into the lake and was eaten by alligators.

If Walters is found guilty, he may, under the Louisiana law, be sent to the gallows.

May Be Acquitted.

Those who have watched the case closely, however, say that efforts of each side to prove the boy is the one they contend him to be, might raise the question of reasonable doubt as to the guilt of the accused. This would make possible a verdict of not guilty and leave the identity of the child a mystery.

TALK OF MINIMUM WAGE FOR PASTORS

New England Methodists May Decide to Fix Figure.

Malden, Mass., April 18.—Consideration of a plan for a minimum wage for ministers, recommended by a committee of laymen, occupied today's session of the New England Methodist Episcopal conference. The committee recommended that pastors in small towns should receive at the lowest $850 a year in cash, with a parsonage and at least one acre of land. In the larger towns and cities no minister should receive less than $1,000 in cash and a parsonage.

QUEEN'S ENVOY WHO IS ARRANGING TOUR

WILLIAM CASPAR.

Washington, April 18.—William Caspar is the special envoy of the queen of Bulgaria, who is to arrive in New York toward the end of May for a limited tour of America. Mr. Caspar is now in Washington making arrangements with the officials of the government for the reception of the queen. Mr. Caspar is an American who has lived long in Bulgaria. He says the principal object of the queen in coming here is to investigate hospital methods in this country, and charitable work. She also wants to examine the system of caring for immigrants, as her country now has the problem of caring for 200,000 refugees from Macedonia.

RUNAWAY LEAVES FATHER $500,000

Missouri Man Is Notified of Death of Missing Son.

Thayer, Mo., April 18.—The story of the boy who ran away from home at the age of 16 years and died a few days ago, leaving a fortune of $500,000 for his aged father, was revealed here last night when J. N. Noyes, the father, departed for Vernon, Cal., to take charge of his son's body.

Noyes was 16 years old when his mother died. His father married again, and soon after the son disappeared, leaving a note that he had gone West to seek his fortune.

The father instituted a nation-wide search, but failed to get even a trace of the boy. A few days ago the father received a letter from a law firm of Vernon, apprising him of the death of his son, who had assumed the name of Frank L. Henderson. Henderson had made a fortune in oranges, the attorney's letter said.

Gallery Falls; Five Injured.

Due West, S. C., April 18.—Five persons were injured, three seriously, here last night when a section of the gallery of the Woman's college gave way during a performance and precipitated the occupants into the audience.

"TEMPORIZING ENDED," SAYS MEMBER OF THE PRESIDENT'S CABINET

"We Have the Punch; We Know It, and We Are Going to Deliver It," Is the Declaration.

Navy Executives Prepare Plans for Action and Lind Has Conference With Secretary Bryan.

Mexican Maintains Offenses Have Been Apologized for, and He "Demurs at Anything Else."

Washington, April 18.—"The temporizing is ended. We have the punch; we know it; and we are going to deliver it. Huerta has had his last chance."

This was the statement of a cabinet minister—one very close to President Wilson—after a hurried conference called at the White House today to discuss the latest phases of the Mexican situation.

Huerta has until 6 o'clock tomorrow afternoon to comply with the president's demand.

While the text of Huerta's message today and President Wilson's reply were not made public, it became known that the Mexican provisional president contended that all the offenses for which the United States asks apology have been apologized for, and that he "demurs at anything else."

Meanwhile all available war vessels of the Atlantic and Pacific fleets are being hastened to Mexican waters, and the affair has assumed a more warlike aspect than at any time during the negotiations of the last several days.

The executive branch of the navy, in Secretary Daniels' absence, was in secret session working out definite plans for the movements of the war craft, and Secretary Bryan held a further conference with John Lind, the personal representative of the president who recently returned from an eight months' sojourn in Mexico.

Cabinet officials gathered at the White House with grave faces, but discussed the developments confidently, if reticently. If Huerta has not by 6 o'clock tomorrow (Sunday) evening complied with the demands of President Wilson, without equivocation, the president will go before congress Monday morning and ask for such support as may be necessary to deal with the situation.

Will Not Await Fleet.

Officials pointed out that the naval forces at Vera Cruz and Tampico were sufficient to carry out the president's plans without waiting for the arrival of Rear Admiral Badger's fleet.

The transport Hancock already has arrived at Tampico with 800 marines; the battleships Virginia, Connecticut and Minnesota and the cruisers Des Moines, Dolphin and San Francisco also are there. The scout cruiser Chester and the transport Buffalo are at Tampico with the collier Cyclops.

At Vera Cruz are the battleships Florida and Utah and the transport Prairie, the latter having a large complement of marines. Rear Admiral Mayo commands the ships at Tampico and Rear Admiral Fletcher commands at Vera Cruz. When Rear Admiral Badger arrives, he will take supreme command.

Battleships Off Key West.

The flagship Arkansas, with the other ships with Admiral Badger, were off Key West last night, making about 11½ knots, and at that rate would reach Tampico by Tuesday. Orders from Washington, however, put-

(Continued on page 3, third column.)

FAIRBANKS HURT IN FALL OF PLATFORM.

Frankfort, Ind., April 18.—Charles W. Fairbanks of Indianapolis, former vice president, was slightly injured yesterday when the speakers' stand on the courthouse lawn collapsed during the Arbor day exercises here.

BEUM PETITION FOR PARDON FILED

Extenuating Circumstances Urged for Minneapolis Iron Worker.

From The Herald Washington Bureau.

Washington, April 18.—Application for the pardon of Charles Beum of Minneapolis, a member of the executive committee of the Structural Iron & Bridge Workers' union, convicted of participation in the dynamiting conspiracy, was presented today to Assistant Attorney General Graham, who is in charge of the pardon bureau of the department of justice. The delegation that presented the matter to Mr. Graham was composed of National Committeeman Fred B. Lynch of Minnesota, Representative Hammond and E. G. Hall of Minneapolis, president of the Minnesota Federation of Labor, and Representative Stephens of Nebraska, in whose district Beum's father lives.

"Extenuating Circumstances."

In presenting the application Mr. Hall stated that there were extenuating circumstances that left the Beum case outside that of the other members of the executive committee. It was said that Beum, although a member of the executive committee, attended few meetings, and had no knowledge of the appropriation of funds and their expenditure for illegal purposes. He was also a member of the auditing committee, it was stated, but in that capacity only handled the adding machine. Beum refused to serve more than one year as a member of the executive committee, it is claimed, because he could not give his time and attention to the duties imposed upon him.

Mr. Graham promised to give the case careful consideration.

HOLDEN OF MILL CITY COMMITS SUICIDE

Battle Creek, Mich., April 18.—George H. Holden, a Minneapolis stockbroker, en route from Minneapolis to Buffalo, left a train here today and ended his life in a lumber yard by drinking poison. A note was found in his pocket, it is said, in which he expressed fear of arrest because a woman had lost $11,000 through business dealings with him. Holden carried a through ticket to Buffalo.

Not Known There.

Minneapolis, Minn., April 18.—(Special to The Herald.)—The name of George H. Holden who committed suicide at Battle Creek, Mich., does not appear in the Minneapolis city directory and there is no stockbroker by that name here. It is believed, however, that he had relatives living in this city, but this afternoon they had not been located.

'LONG 'BOUT THIS TIME O' YEAR.

THE DAY IN CONGRESS

SENATE.

Not in session; meets Monday.

Former Attorney General Bonaparte spoke before canals committee against the repeal of Panama tolls exemption.

HOUSE.

James A. Gallivan, Democrat from Twelfth Massachusetts, sworn.

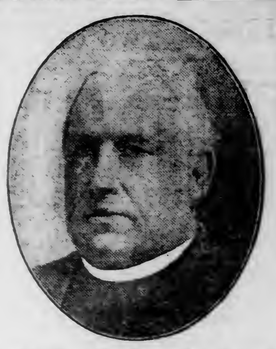

Debate resumed on naval appropriation bill, with Representative Witherspoon of Mississippi leading speeches against increase.

Judiciary committee continued work on omnibus trust bill.

Lands committee resumed consideration of bill for leasing system.

Representative Fitzgerald of New York acted as speaker in the absence of Mr. Clark.

DRESNER TELLS WHO HIRED HIM TO LIE.

New York, April 18.—Karl Dresner has told District Attorney Whitman the name of the man who, he says, paid him to be an eleventh-hour witness for the four gunmen slayers of the gambler, Herman Rosenthal, before Supreme Court Justice Goff last Saturday. Detectives were sent out to find the man named by Dresner, who is in the Tombs as a self-confessed perjurer.

The price Dresner received for his false story before Justice Goff was $100, according to his reported statements before District Attorney Whitman.

APPORTIONS TAX MONEY

County Auditor Makes Distribution of Fund Amounting to $790,743.61.

March Disbursement Shows Gain of $115,000 Over a Year Ago.

A total of $790,743.61 will be disbursed by the county treasurer under the March apportionment of taxes, which was completed yesterday afternoon by the county auditor. The amount to be apportioned is $115,215.05 more than was distributed last year in the March apportionment. The apportionments are made three times a year—March, August and December.

Under the March, 1914, apportionment the state will receive $112,859.09; St. Louis county, $87,219.76; cities, villages and towns of the county, $320,147.55, and school districts, $254,449.89. A separate apportionment of $47,203 on "moneys and credits" is also made.

The $87,219.76 apportioned to St. Louis county will be divided into the following funds: County revenue, $21,035.71; county school fund, $2,975.92; poor commission, $4,196.50; roads, $36,411.09; county bond, sinking and interest funds, $16,248.89; care and control of courthouses and sanitariums, $5,305.09; joint county and city work farm, $1,046.56.

The amounts returned to the various cities and villages are: Duluth, $245,511.89; Ely, $6,564.38; Eveleth, $10,787.53; Tower, $2,187.62; Virginia, $24,644.49; Aurora, $3,022.33; Biwabik, $1,237.57; Brookston, $112.64; Buhl, $1,786.12; Chisholm, $12,146.14; Costin, $84.99; Fall Lake, $129.60; Gilbert, $1,197.39; Hibbing, $7,111.98; Kinney, $1,019.64; Kitzville, $39.70; McKinley, $338.96; Mesaba, $195.96; Mountain Iron, $1,167.29; Proctorknott, $856.60; Spina, $6.82. Sixty-two unorganized towns of the county, $16,068.32.

School Funds.

The school district apportionment is divided as follows: Duluth independent district, $172,003.68; No. 1 Proctorknott, $1,801.34; No. 9, Tower, $4,936.53; No. 12, Ely, $14,616.73; No. 13, Mesaba, $3,003.56; No. 18, Gilbert, $8,273.42; No. 19, Floodwood, $988.82; No. 21, Mountain Iron, $1,256.10; No. 22, Virginia, $15,114.30; No. 24, Biwabik, $1,168.38; No. 27, Hibbing, $2,325.43; No. 35, Buhl, $1,754.01; No. 39, Eveleth, $6,587.66; No. 50, Meadowlands, $1,049.72; unorganized school districts, $2,650.29; fifty-eight other organized districts, besides those specified above, will get the balance.

The apportionment of $172,003.68 to the Duluth district will be divided into the following funds: Local mill, $14,924.10; general fund, $83,598.43; building fund, $48,264.96; interest and sinking fund, $23,723.78; teachers' retirement fund, $1,492.41.

Under the apportionment of "moneys and credits" Duluth city will receive $13,936.99; Duluth school district, $13,926.09, the state, $7,867.20 and the county $8,867.22.

CASE IS SETTLED DURING TRIAL

Dakota Railway Company Will Give Injured Employe $3,000.

The $15,000 damage suit brought by Joseph H. Crosson against the Minnesota, Dakota & Western Railway company for injuries sustained Nov. 21, 1912, when his left hand was crushed between the couplers of two box cars, was settled during the progress of the trial yesterday for $3,000. After the compromise had been effected, Judge Ensign discharged the jury. Crosson was earning $135 a month at the time of the accident. He alleged that his injuries incapacitated him from continuing in that branch of the railway service for which he had been trained.

CITY FOSTERS BASEBALL.

Boys Will Be Encouraged to Use Public Grounds for Games.

Many of the playgrounds and squares in the city will be used by the "kids" as baseball grounds this year. Mayor Prince and Henry Cleveland, manager of the park department, will encourage the boys to use them and in order to help them out will place "back stops" where they are needed.

The diamonds available for the amateur artists are located in all parts of the city and all but two are now equipped with "backstops."

A short time ago delegations of boys from the western part of the city called upon the mayor to ask him to provide grounds for them near the Fairmont and Merritt schools.

SLIGHT DECREASE IN RUSH TO CANADA

Total Immigration for Fiscal Year Only 384,867.

Ottawa, Ont., April 18.—The total immigration to Canada during the fiscal year ended March 31, 1914, was 384,867, made up of 142,622 British, 107,530 Americans and 134,715 from all other countries. These figures were given out by the department of the interior.

During the fiscal year ended March 31, 1913, the total number of immigrants was 402,432, composed of 150,542 British, 139,009 American and 112,881 from all other countries. The decrease is 4 per cent.

D. O. MILLS ESTATE WORTH $36,227,391.

New York, April 18.—The estate of Darius Ogden Mills, who died at Mill Brae, Cal., Jan. 3, 1910, has been appraised at $36,227,391. The residue of the estate is divided equally between Mr. Mill's daughters, Mrs. Elizabeth Reid, widow of Whitelaw Reid, and the testator's son, Ogden Mills. The share of each is $17,509,901.

The public bequests of Mr. Mills amount to $500,000.

Carlton Vidette Sold.

Carlton, Minn., April 18.—(Special to The Herald.)—A deal was closed here this week whereby W. H. Hassing sold the plant and business of the Carlton County Vidette, a weekly newspaper, to J. V. Barstow, recently of the Royalton Banner. Mr. Hassing will remain with the new management for a short time, then go to a sanitarium for treatment for his health, which has not been good for several months.

WHEN FEELING TIRED

Hood's Sarsaparilla Builds Up the Whole System---Makes Pure Blood.

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils and other eruptions are signs that it is impure; and it is also a sign that your system is in a low or run-down condition inviting disease. It is a warning, which it is wise to heed.

Ask your druggist for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. It cleanses the blood, gives new life, new courage, strength and cheerfulness. It makes the rich red blood that will make you feel, look, eat and sleep better.

Be sure to get Hood's, because it is the best. There is no other combination of roots, barks and herbs like it—no real substitute for it—no "just-as-good" medicine.

THREE WIVES ASK DIVORCE

Stories of Cruel and Inhuman Treatment Are Recited.

Court Grants Divorce Decree to Joseph W. Engelking.

Tales of unhappy married lives are recited and stories of cruel and inhuman treatment told in divorce actions filed yesterday afternoon with the clerk of the court by three wives who declare that life with their respective husbands is unbearable.

Sylva May McArthur says her health has been shattered because of the cruelty of William McArthur. One example recited is that he frequently expressed the hope before the birth of their little daughter, that the child would die. She also claims that he struck her several times and called her vile names. She asks for an absolute divorce, the custody of the two children, alimony and the possession of the household furniture.

Mrs. Mina Ranta declares that she withstood the cruelty of Toiva Ranta for sixteen years before she decided that a separation was imperative. She charges that he choked, pinched and beat her until the "blood would run." She asks for the custody of their three children and an absolute divorce. They were married in Finland, Aug. 17, 1898.

Mrs. Beeda Wiljanen wants a divorce from Frank Wiljanen to whom she was married in Finland, Dec. 11, 1898, on the grounds of cruelty. She alleges that on several occasions he has beaten her and threatened to shoot her. She is seeking an absolute separation, alimony and the custody of the three minor children.

Judge Dancer in district court yesterday afternoon signed an order for a divorce decree to Joseph W. Engelking from Florence Engelking on the grounds of desertion. They were married at Ashland, Wis., Dec. 8, 1904. The alleged desertion occurred Aug. 1, 1911. There are no children.

FOR SALE

Baled Planing Mill Shavings, also Lumber, Lath and Shingles. Old phone Calumet 316, New phone Coic 390.

COMSTOCK LUMBER COMPANY
Fifty-first Ave. W. and Main St.
West Duluth, Minn.

JOHN LIND DIRECTOR OF THE NAVY LEAGUE.

New York, April 18.—At the annual assembly of the Navy League of the United States here the following members were added to the board of directors:

John Lind, St. Paul; Col. E. M. House, Austin, Tex.; David Ives Bushnell, St. Louis; Frank M. Symmes, San Francisco; Frank A. Scott, Cleveland, and John Gallan O'Laughlin, Washington.

These directors were selected, it is explained, both on account of their interest in naval affairs and to represent the West and South on the board of directors.

The election of John Lind as a director came as a direct result, the league's announcement says, of his newly awakened interest in the navy and the men in the service, incident to his experience in Mexico. Other directors were re-elected.

INTER-OCEAN SALE POSTPONED AGAIN.

Chicago, April 18.—The sale of the Inter-Ocean, which was to take place today, has been postponed until April 28 at the request of counsel for the Central Trust company, trustee for the bondholders. Federal Judge Carpenter, in a decree embodied his decision of several days ago, that the $600,000 first mortgage bonds constitute a first lien on the property, and may be applied on the purchase price of the paper when it is sold.

BEST LAXATIVE FOR BOWELS--"CASCARETS"

When Constipated, Headachy, Bilious, Breath Bad, Stomach Sour.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

PROGRAM FOR GOVERNORS

Five Chief Topics Are Chosen for the Conference.

Many State Executives Have Promised to Attend.

Madison, Wis., April 18.—Five principal topics for discussion by the governors' conference to be held in June were announced by Secretary Miles C. Riley today. Each will be discussed by at least five governors to be announced later. The titles are:

"Report of the Committee on Cooperation," by Governor Emmet O'Neal, Alabama.

"State Control of Natural Resources," by Governor William Spry, Utah.

"Uniformity of Laws Fixing the Conditions to be Met by Foreign Corporations Before Doing Business in a State."

"Administrative Problems; extradition; submission of the governors' recommendations in bill form."

Safety Laws.

"Uniformity of Safety and Sanitation Laws for Places of Employment, including Administrative Machinery."

The conference will begin Tuesday morning, June 9, in the assembly chamber of the new $6,000,000 Wisconsin state capitol, with addresses of welcome by Governor Francis E. McGovern of Wisconsin; Carl A. Johnson, president of the Madison board of commerce, and Charles R. Van Hise, president of the University of Wisconsin. One of the responses will be made by Governor Joseph M. Carey of Wyoming.

Of the invitations to attend, acceptances have been received from Governors Emmet O'Neal, Alabama; George W. P. Hunt, Arizona; Elias M. Ammons, Colorado; Simeon E. Baldwin, Connecticut; Charles R. Miller, Delaware; Park Tammell, Florida; John M. Slayton, Georgia; John M. Hines, Idaho; Edward F. Dunne, Illinois; George W. Clarke, Iowa; Woodbridge N. Ferris, Michigan; S. V. Stewart, Montana; Tasker L. Oddie, Nevada; Samuel D. Felker, New Hampshire; William C. McDonald, New Mexico; Martin H. Glynn, New York; E. M. Byrne, South Dakota; O. B. Colquitt, Texas; William Spry, Utah; Ernest Lister, Washington; Henry D. Hatfield, West Virginia; Francis E. McGovern, Wisconsin; Joseph M. Carey, Wyoming; Former Governor William Hodges Mann, Virginia; Former Governor John Frank Fort, New Jersey, and Former Governor Albert W. Gilchrist.

Cabinet Men Invited.

Invitations to attend and participate in the program has also been extended to members of the president's cabinet and other men in public life.

The last day of the conference will be spent in Milwaukee. Madison is the first city in the central part of the United States to entertain the governor's conference. The last six meetings have been held in the East, South and West.

CLOQUET'S THEATER IS BEING ERECTED.

Cloquet, Minn., April 18.—(Special to The Herald.)—Work is under way on the new theater to be built on the corner of Arch street and Avenue C, by Frank L. Redfield. The theater which will have a seating capacity of 700, will be of brick and thoroughly fireproof. It will put on motion picture and vaudeville productions, and will probably open some time in June.

Originally the theater was to be built under a lease to H. A. Sherman of Minneapolis, but word has been received that he has sold out his interest to D. F. Eselin of Minneapolis, whom he had taken as a partner. Mr. Eselin will come to Cloquet in a short time and take the personal management of the theater at its opening.

SPECIAL MEETING

Northeastern Minnesota Game & Fish Protective Association

Duluth Commercial Club, Wednesday, April 22, 1914, 8 p. m., election of officers and other business.

CLOQUET SAWMILLS START NEXT WEEK

Three Big Plants Will Begin Cutting Up Logs.

Cloquet, Minn., April 18.—(Special to The Herald.)—The local sawmills will begin the summer sawing season next week, the river being practically clear of ice.

The Cloquet Lumber company's big mill will run night and day; the water power will have only a day crew.

The Northern lower mill will not run day and night as usual, but will be operated days only by the night crew of the upper mill, which has run day and night all winter. The upper mill will tot put on a night crew.

The Johnson Wentworth mill which is at present running day and night will continue to do so during the summer.

INJURY PROVES FATAL.

Man Hurt By Explosion at Baudette Passes Away.

Baudette, Minn., April 18.—(Special to The Herald.)—Earl Selves, who was injured in a premature dynamite explosion yesterday, died at the Northern Minnesota hospital at 2 yesterday afternoon. He leaves a wife and three small children. Mr. Selves worked in the mill at Thief River Falls before taking up his work as setter at the International Lumber company. His people live in Lac Du Filambeau, Wis., and the remains may be shipped there for burial.

Mr. Selves took the day off to remove storm windows and watch the digging of the well. As he was coming around the corner of the house the charge went off. The charge was intended for the bottom of the well, but caught and went off near the top.

He was about 30 years old and is a member of the M. W. A.

COLOMBIA PACT SHOWN

Terms of American Agreement Are Published in Paris.

Contains Certain Canal Privileges for Colombia Republic.

Paris, April 18.—The text of the treaty between the United States and Colombia, settling the controversy over Panama, has been made public here through the Colombian legation by publication in the Temps. The treaty was signed at Bogota on April 7 by United States Minister Thaddeus A. Thomson and Dr. Francisco Jose Urrutria, Colombian minister of foreign affairs, and the members of a Colombian advisory committee.

The first article of the treaty, as published in the Temps, says:

"The government of the United States, desiring to put an end to all disputes and differences with the republic of Colombia, occasioned by events which have brought about the present situation in the Isthmus of Panama, in its name and the name of the people of the United States expresses sincere regret for anything that may have interrupted or altered the conditions of cordial friendship long existing between the two nations."

"Colombia, in her name and in the name of the people of Colombia, accepts this declaration on the full assurance that in this way will disappear all obstacles to the restoration of complete harmony between the two countries."

Use of the Canal.

The treaty provides that Colombia "shall enjoy freely and in perpetuity free passage through the Panama canal for her troops, stores and warships" and stipulates also that six months after the exchange of ratifications of the treaty the sum of $25,000,000 shall be paid to Colombia.

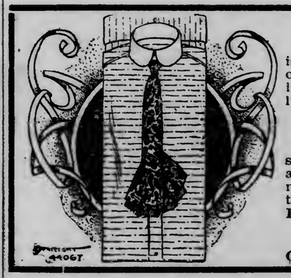

The article relating to canal privileges also provides for commercial advantages in the railway traffic of Panama when the canal service is interrupted for any reason and when it is needed for Colombian agents and troops and for war stores from Colombia.

Colombia recognizes Panama as an independent nation which shall terminate on the Pacific ocean at points equidistant between Cocalito and Ardita, says the last article, which continues:

"The United States undertakes to secure the sending by the government of Panama an agent to negotiate with Colombia a treaty of peace and friendship, which shall include an agreement regarding the pecuniary liability of the two countries."

Patent Chimney Cleaner.

Brainerd, Minn., April 18.—(Special to The Herald.)—Robert Fuchs and Ole Anderson of this county have received a patent on a chimney cleaner. It is somewhat on the plan of a four-armed umbrella, carrying brushes at the end of each arm and operated by means of a rope attached to the upper end of the handle. It is closed and let down into the chimney and when it reaches the bottom its weight operates to unlock the arms and the act of pulling up the rope spreads the arms and brings the arms in contact with the inner walls of the chimney and sweeps the soot off without injury to the chimney and without puffing soot into the rooms of the house.

LAST CALL FOR THE FESTIVAL

Lakeside, Woodland and Fond du Lac Not Yet Represented.

First Meeting of General Committee Will Soon Be Held.

This is the last call to get aboard the Midsummer Festival band wagon.

If any societies that are not already represented on the general festival committee wish to appoint representatives, they still have an opportunity to do so.

The first meeting of the general festival committee will be held about May 1, and in the meantime an effort will be made to complete the list and get in all societies that should be represented.

Lakeside, Woodland and Fond du Lac are not yet represented on the general committee, and delegates from those three suburbs are wanted.

Lester Park is now represented. The Lester Park Literary club appointed the following committee: Mrs. Robert Dryer, Mrs. David H. Williams and Mrs. M. R. Bush.

The city commissioners are now selecting ten men to represent the city at large on the committee.

When the organization meeting of the general committee is held it is believed that at least thirty societies will be represented by delegates, making a committee of fully 100 members, representing all lines of activity, and every community in the city.

MEETING FOR MEN AT THE Y. M. C. A.

The Young Men's Christian association has arranged a special program for Sunday afternoon at the assembly room. Dr. Robert Yost, pastor of the First Presbyterian church will address the meeting for men at 3:30. The Hamline University Glee club of thirty voices will give a sacred concert at the same time. Admission to this special service is free and all men are invited to attend. This service is the third of a series of special Sunday afternoon gospel meetings for April.

Following is the program in part:

"Praise the Lord O My Soul"..... Michael Watson

"When We Stand Before the King"..... G. B. Nevin

"God of Our Fathers"..... P. A. Schnecker

"I Will Lift Up Mine Eyes"..... J. Elliot Trowbridge

Tenor solo—Prof. Jaeger, accompanied by Glee club.

Reading—Selected..... Robert H. Kells.

"Now the Day Is Over"....

WILL STUDY THE NEEDS OF WORKERS

Regular Meetings Planned to Discuss Minimum Wage Scale.

Beginning with next Friday, the mercantile board recently formed to advise the state minimum wage commission, will meet regularly on the second and fourth Fridays of each month. At that meeting the factory board will be organized and tentative plans for it were discussed at a meeting of the mercantile board held yesterday at the Commercial club. Committees of the board will gather information regarding the cost of living among factory workers; and the matter of proper pay for apprentices in factory work.

At the meeting yesterday it was decided to gather data on the cost of living of women workers in order that a minimum wage scale may be fixed for Duluth. Among other features of this data gathering, the boarding houses of the city will be canvassed to find out what it costs a girl to support herself. Those at the meeting yesterday were:

Employers' representatives — J. J. Moe, B. Silberstein, George A. Gray, I. Freimuth, B. P. Neff, C. M. Peterson, M. Stack and a representative of the Woolworth store.

Employes' representatives—Miss Mary Cheska, Miss Pearl Hunt, Mrs. A. A. Kerr, Mrs. Stenaby, Miss Parsons, Miss Duffy and Miss Victoria Ericson, state factory inspector of the bureau of women and children.

Representatives of the public—W. E. McEwen, W. J. McCabe, W. C. Mitchell, Mrs. T. J. Davis, Mrs. F. C. Bowman and Mrs. W. W. Sanford.

BEVERIDGE FOR SENATE

(Continued from page 1.)

organized instrumentality to meet conditions," declared Senator Clapp.

"Jefferson was able to found the Democratic—then called the Republican—party because the American people had begun to realize that the aristocracy of this country, dominating the old Federalist party, was destined to deprive the people of the fruits of the Revolution unless such purpose was arrested by political activities. Thus Jefferson was able to rally the people against the encroachment of aristocracy and found a great political party.

"Lincoln was able to found the Republican party because the Democratic party, representing the aristocratic spirit as exemplified largely in the slave-holding power, was unable to meet the crisis of '61. The Progressive party was founded because the Republican party, in turn, yielded to the influences of the same spirit, working along the line of special privilege."

"You Progressives."

Senator Clapp told of the defeat of the Republican party in the elections of 1910 and continued:

"You Progressives sometimes are charged with having destroyed the Republican party. Remind your detractors that the party was shattered and shot to pieces, dismantled and scuttled by its crew then in command and was plunging bow-foremost to oblivion in 1910, before the Progressive party ever was dreamed of."

Mr. Clapp referred to the Republican national convention of 1912 as the "Chicago crime" and declared that "if the verdict of the people had been reflected in that convention no Democratic administration would have been facing disaster today."

He said it would be impossible for the Democratic party, as it had been with the Republican, to "throw off and sever the tentacles of sinister forces that have woven themselves into its being," and that "all we have to do is to hold our lines."

The senator said that the elections since 1912 show that there is a large number of American voters who never will trust the Republican party again under any circumstances and declared that nothing but an overwhelming industrial panic might reunite the American people in an effort to overthrow the Democratic party.

Boom for Roosevelt.

Senator Poindexter launched a boom for the nomination of Theodore Roosevelt as the presidential candidate of the Progressive party in 1916. The senator, after an elaborate discussion of and attack upon the Democratic and Republican parties, declared the Progressive's presidential nominee would have the support of the great mass of the people. The Democratic administration, he said, had not dealt effectually with current national or international questions, because it was bound by "an unfortunate sectional issue." He denounced particularly President Wilson's stand for repeal of the tolls exemption clause of the Panama canal act.

"Republicans for Roosevelt."

"The Progressive party is fortunate in having in its ranks and as its principal leader Theodore Roosevelt," said the senator. "He has the prestige of his record in the presidency. Should he be nominated by the Progressives—as he probably will be—for the presidency, he will have the support of the great mass of the members of the Republican party, because they are progressive.

"The Progressive party puts forward the proposition that the activities and agencies of the Federal government must be enlarged and extended. Private monopoly is nation-wide, and cannot be restrained or controlled by the individual states. The Democratic party and the Republican party are both opposed to this proposition, the one because it is jealous of the power of the states, and the other because it is opposed to further governmental interference with the great corporations.

Panama Canal Question.

"The Progressive party does not believe in distorting the language of a treaty and depriving the people of the benefit of the Panama canal. It remains for the Democratic party, having voted for the tolls exemption, and having approved it in their national platform and on the stump, now to propose to surrender the sovereignty of this most costly of all the American possessions to the whims, caprice and sordid interests of foreign countries and domestic railroad lines.

"This whim as expressed is nominally based upon article VIII. of the Clayton-Bulwer treaty. That treaty was made in 1850. In 1847 Great Britain seized, in defiance of the Monroe doctrine, Greytown, the American terminus of the proposed canal, which was to be located at Nicaragua. Article VIII. of that treaty provided that the United States and Great Britain should jointly promote not only an inter-oceanic canal, but an inter-oceanic railway.

"Shylock England."

"Shylock England claims the heart of our system, and says it is nominated in the bond. She is generous enough, however, to say that she will not claim any greater privileges in the canal than we ourselves enjoy.

"Since the first railroad was built to the Pacific coast, the people of this country, East and West, have labored under the extortionate charges of a railroad rate policy which levied upon traffic all that it would bear. For twenty years many of the cities of that coast have litigated before the interstate commerce commission and in the courts for relief from the discrimination and overcharges of this system. Now, just as they are about to come into the enjoyment of this competitive transportation line, the cup is dashed from their lips by the Democratic party, in repudiation of its platform and pledges and in surrender of our international self-respect.

Opposes Colombia Settlement.

"Now it is proposed, in pursuance of the same futile policy, to pay $25,000,000 of the people's money to the republic of Colombia, presumably to buy its good will. There seems to be a mania in this administration for making treaties. It is urged as a basis of peace. As a matter of fact, they are the source of controversy and disagreement leading to unfriendly rather than peaceful relations. This proposal of $25,000,000 to Colombia is nothing but an unwarranted raid upon the American treasury.

"The province of Panama severed its connection with the Republic of Panama when the United States purchased from it the canal zone. We did not influence or foment its hostility or its secession from the larger republic. Its hostility was traditional. It has been looted and sucked of its substance by Colombia since the first French canal company made its appearance on the isthmus.

"The Progressive party now has an opportunity given to but few human agencies to render a service to liberty, to democracy, and to mankind by preserving the Panama canal from the unwarranted demands and influence of either foreign power or private domestic monopoly."

ASSAILANT OF MITCHEL HELD

(Continued from page 1.)

been able to get an interview. His idea, he said, was to criticize Mayor Mitchel for the "extravagant expenditures" of his administration and incidentally to ask for a job. His repulse at the doors of the mayor's office embittered him and when he came back on Wednesday it was with the intention of killing the mayor. For some reason, which he could not give, he thought better of his purpose on this occasion and deferred the attempt at assassination until some other time. Yesterday, warmed with a glass of whisky which he said he had just had, he determined to act.

Insane Over Weakness.

In the several examinations given Mahoney he appeared to be a man of weak mentality, the futility of whose protest against fancied individual wrongs and present social conditions had driven him to the verge of insanity. Two letters were taken from his pockets.

During one of his outbursts of speech at police headquarters Mahoney referred to the shooting of Mayor Gaynor by James J. Gallagher in 1910. Mahoney said Gallagher had a just grievance against the late mayor because of his conduct of the city government. Mahoney likened his own case to that of Gallagher in that respect.

Once Worth $100,000.

Among other things Mahoney told the police that he was born in Ireland; that at one time he had been worth more than $100,000 and that he had gone heavily into real estate speculation. He had spent a number of years in Pittsburg, he added, and had lived in New Orleans. For the last ten years he had lived in this city. At one time during his examination he said that he was sorry for what he had done.

Was "Rose" in Pittsburg.

Pittsburg, Pa., April 18.—Michael P. Mahoney, under arrest in New York for an attempt to take the life of Mayor John Purroy Mitchel, resided several years in Pittsburg under the name of David J. Rose, according to information received by the police. According to Mrs. M. E. Carney, with whom Rose boarded, the man was in the city last Christmas time. At that time he acted so queerly that Mrs. Carney says she was afraid of him.

Rose did not work steadily during his residence here, and left early in 1913. He claimed to have owned valuable property in Columbus, Ohio, but had lost it in litigation. He also told of losing a large sum of money when a bank in a Western city closed in the sixties. Mrs. Carney said her boarder was "a very peculiar and queer person at all times." During his last visit here, Mrs. Carney says, he received several letters addressed to Michael P. Mahoney.

Wife Is In Cincinnati.

Cincinnati, Ohio, April 18.—The wife of Michael Mahoney said last night that she believes Mahoney must have been mentally unbalanced when he made his attempt on the life of Mr. Mitchel. Mrs. Mahoney said Mahoney was a contractor, and when they were married, twenty-nine years ago, he was in good financial circumstances, but things began to change soon afterward and he lost money. He then bought a farm, but was involved in land litigation and was obliged to sell out.

Mahoney then purchased a small home for his family in Newport, Ky., and resumed his trade as a blacksmith, working in many cities. Mrs. Mahoney said that the last time she saw her husband was five years ago, but he had always contributed to her support.

HUERTA MUST SALUTE BY 6 P. M. SUNDAY

(Continued from page 1.)

ting the new fast ships under forced draught, would bring them into Tampico on Monday, prepared for action if President Wilson has to lay the situation before congress.

The fact that the senate was not in session today, having adjourned until Monday, was referred to by some officials as the only reason the president had not taken the Mexican matter to the capitol today. On Monday there will be opportunity for Mr. Wilson to address house and senate in a joint session in the hall of the house.

Huerta's final defiance came as a distinct surprise to some officials, and confirmed the suspicions of others who have never believed that the dictator was sincere in his promise to Charge O'Shaughnessy last Tuesday.

In some circles there was a conviction that Huerta, beset with internal troubles and menaced by the continuing advance of his enemies from the north, was bent on making trouble with the United States in the hope of uniting the warring Mexicans factions in a common cause. Officials here, however, did not expect that the Constitutionalists, with whom the United States has no quarrel, would be concerned in the quarrel with Huerta.

The navy department has made public a message from Admiral Fletcher containing Admiral Mayo's original demand for a salute to the flag, addressed in writing by Admiral Mayo to the Mexican Gen. Velasco, at Tampico, on April 9. The communication was as follows:

"This morning an officer and squad of men of the Mexican military forces arrested and marched through the streets of Tampico a commissioned officer of the United States navy, the paymaster of the Dolphin, together with seven men composing the crew of the whaleboat of the Dolphin. At the time of this arrest the officer and men concerned were unarmed and engaged in loading cases of gasoline which had been purchased on shore. Part of the men were on the shore, but all, including the men in the boat, were forced to accompany armed Mexican forces.

"I do not need to tell you that taking men from a boat flying the United States flag is hostile act not to be excused.

"I have already received your verbal message of regret that this has happened and your statement that it was committed by an ignorant officer.

"The responsibility for hostile act cannot be avoided by the plea of ignorance.

"In view of the publicity of this occurrence, I must require that you send, by suitable members of your staff, formal disavowal and apology for the act, together with your assurance that the officer responsible for it will receive severe punishment. Also so that you publicly hoist the United States flag in a prominent position on shore and salute it with twenty-one guns. The salute will be returned by this ship.

"Your answer to this communication should reach me, and the called for salute be given within twenty-four hours from 6 p. m. of this date."

"No War," Says Villa.

Torreon, Mex., April 18.—"I do not believe that the Tampico incident will result in war between the United States and Mexico," commented Gen. Villa today.

"I regard the complication as one existing between President Wilson and President Huerta, and question whether even the bombarding of Tampico would be construed as an act of war against Mexico, since Huerta is the offender and illegally holds that port."

Asked if American noncombatants now resident in Mexico could be protected should war break out Villa replied:

"It would be a war between two civilized nations and American noncombatants could rely on the same protection here as could Mexicans in the United States."

"But suppose there was a popular uprising against Americans, could you control it?"

"Well, I have driven 25,000 Federals out of rebel territory, and I think I could control the proletariat."

Three Rebel Victories.

Brownsville, Texas, April 18.—Three rebel victories in the campaign against Monterey were announced at Constitutionalist headquarters at Matamoras last night.

At Cadereyta, thirty-five miles southeast of Monterey, Gen. Teodoro Elizondo reported that in one engagement his command had routed an entrenched Federal force of 2,000, which sustained a loss of 100 killed and 400 wounded and "dispersed." It was said the Constitutionalists lost five officers and thirty soldiers.

Gen. Elizondo's command was made up of the regiments of Col. Vicente Segura, Col. De La Garza and Col. Nova, with an estimated strength of 2,000 men. Gen. Monez commanded the Federals, who were reported to have abandoned Cadereyta after five hours' fighting.

Gen. Pablo Gonzales, commander of the east, who is directing the campaign against the Neuvo Leon capital, reported the other two engagements, in which the Constitutionalists claimed to have pushed the Federals still farther back toward Monterey, their largest remaining stronghold in Northern Mexico. First taking Morales bridge, an important point for the preservation of rail communications between Monterey and Neuvo Laredo, Gen. Gonzales said he had continued to Saltillas, twenty-five miles north of Monterey, occupying the town after the retreat of the Federal garrison.

No details were given and it is presumed that little resistance was met.

Spaniard Arrested.

Policarpo Suso, a Spanish subject and formerly Spanish vice-consul at Torreon, was arrested at Matamoras, Mexico, yesterday, charged with circulating counterfeit Constitutionalist currency.

NEST BUILT, BROOD COMES, DURING TRIAL

Galesburg, Ill., April 18.—The longest trial in the history of Knox county was concluded today when a jury returned a verdict setting aside the will of the late John J. Rodgers of Abingdon, Ill., disposing of an estate of $250,000. The trial was begun March 16, and 125 witnesses were examined before the case was given to the jury.

While the case was being heard an industrious pigeon built its nest on the window ledge near the jury box and hatched a squab, which was well grown when the case was concluded.

SLEEPING MAN NEED NOT GUARD PROPERTY

Sleeping Car Management Is Responsible, Says the Court.

New York, April 18.—According to a decision of the appellate division of the state supreme court here, a passenger while asleep in a railroad sleeping car is not expected or able to guard his property. The company must station employes to guard the passenger's property, the court ruled, or be held responsible for the loss of it.

The decision was given in the suit of Louis Goldstein against the Pullman Sleeping Car company for damages in the loss of a valise.

CAILLAUX FIGHTING TO BE RE-ELECTED

His Campaign Is Center of Interest in French Politics.

Paris, April 18.—The campaign of Joseph Caillaux, former premier and minister of finance, for re-election to the chamber of deputies, is attracting more attention than that of any other politician in France. The reasons for this are the assassination of Gaston Calmette by Mme. Caillaux, and the alleged influence used by M. Caillaux to postpone the trial of Rochette, the alleged swindler.

While Mme. Caillaux awaits in Saint Lazare prison the opening of her trial for murder, her husband's political friends are busy seeking the support of the voters in his constituency of Mamers, in the department of the Sarthe. He has represented this constituency in the chamber since 1898.

Baron D'Estournelles de Constant, senator from the Sarthe, is Caillaux's principal supporter. The efforts of the baron and other Caillaux partisans have been so vigorous that the usually cold and cautious peasants of the district are beginning to regard Caillaux as the victim of reactionary plots in Paris and are inclined to give him their ardent support.

Use Sympathy Plea.

The line of argument used in behalf of Caillaux is that his adversaries have not hesitated to use any means to ruin him. It is stated that he is threatened every day with blackmail. Baron D'Estournelles de Constant alluded in one of his campaign speeches to anonymous letters received by Mme. Caillaux. He added:

"I myself receive daily anonymous letters saying the loss of my son last year was a punishment of heaven."

Adversaries of M. Caillaux allege that the influence of the government is being used energetically in favor of the former premier.

M. Caillaux himself is taking no part in the speech-making. Moving pictures are being used to attract the voters and to illustrate the election eloquence.

DIFFERENCE OVER DEER RIVER PLANT

Question of Who Is to Build Proposed Creamery Discussed.

Deer River, Minn., April 18.—(Special to The Herald.)—A meeting of twenty-five stock subscribers for the proposed new creamery was held yesterday afternoon, lasting several hours, and between the farmers, the business men and the promoter, a stormy session grew almost to battle. From the fact discovered that a different paper had been circulated among the farmers to that signed by the business men, two weeks was asked for an investigation to be made into the cost and kind of plant wanted, but the promoter insisted on organization at once. The matter was left open, but Mayor H. G. Seaman is out soliciting other subscriptions and intends to go ahead with present plans. The plant is estimated to cost $4,080.

For taking a shot at Conductor Pat Daly on the Minneapolis & Rainy River road, Adam Goodman, a trapper, paid a fine of $75.

Thomas McAloney this week returned with several men from Iowa, who are buying lands from E. Tonkersley, who returned Sunday from Iowa, where he is forming a party of land buyers he expects to locate here.

Plants in Operation.

The box fatory of the Deer River Manufacturing company has been in partial operation for two weeks and will soon be in full operation. The veneer plant of the Northern Veneering company is being rushed to completion, and it is expected the machinery will be installed within the coming month. The Deer River Lumber company's sawmill, employing 250 men, will start up for the season's run as soon as the ice leaves the mill pond.

Clarence Johnson, aged about 17 years, employed by the Everton Electric Light & Power company, caught has arm in the cogs of a gasoline pumping engine Monday and so lacerated it that amputation above the elbow was necessary.

J. A. Quigg, who has been cruising for the International Lumber company in the north part of the state, spent Easter with his family.

Mrs. Henry Herreid, who has been confined in a hospital at Bemidji for a month, returned home the first of the week.

Frank Russell, North Ball Club, returned to St. Paul Monday to resume his route as a traveling salesman, after spending a week here with relatives.

Ed Jury, the Jessie Lake farmer, was in town this week closing a deal for another forty-acre tract adjoining his farm.

Arnold Rudy, another homesteader, who has for several years been fighting the state for title to his claim, was at Cass LakeTuesday attending to his case which was appealed by the state to the commissioner of the general land office.

The new farmers' co-operative telephone organization of North Ball Club held a meeting yesterday and further perfected organization.

Charles Worthing, employed in the woods by the Minnesota Cedar & Logging company, was brought to Dr. Fairall's hospital Tuesday suffering with a badly mashed foot, the result of being caught by a falling pile of timber. Erick Nicola, also employed by the same firm, was also brought down with his shoulder broken and his head badly hurt from a similar accident.

Moke McClusky returned Tuesday from Mount Clemens, Mich., where he accompanied C. H. Fullwood, who will remain for a month taking the spring baths.

Several Seek Postoffice.

Though the vacancy is about ten months away, there is a race on for appointment to postmastership in Deer River among the Democrats. J. A. Zimbrick, Jake Reigelsperger, G. O. Hastings and P. J. Daly are candidates mentioned.

Will Herreid left Thursday for Rochester to see his wife, who has been in a hospital for the past six weeks.

Mrs. W. G. Lowery has entered on the position of night operator at the local telephone station, succeeding Leland Seaman, who has resigned.

Since the opening of the second show house, Deer River is being treated to a superfluous run of vaudeville shows of late. Both houses are putting on good pictures and shows, and receiving large houses nightly.

The Catholic ladies gave their Easter dance at the roller rink last night. On May 1 the Commercial club will give a May dance.

Bids will be received by Postmaster Scott until April 20 for carrying the mails three times a week between here and Coffey postoffice, ten miles.

S. K. Bartholomew left today for North Dakota to start the cropping of his farm and will bring his auto back with him.

A light rain of two hours yesterday afternoon did much to freshen up the air and start the grass. It has been dry here for three weeks.

Postmaster Scott has been confined to his home for the week with a bad attack of grip.

HEALTH HINTS FROM TAFT'S MEDICAL ADVISOR

Some excellent hints for general health were given yesterday afternoon by Dr. Charles E. Barker, ex-President Taft's former medical advisor, in his address at the Y. W. C. A.

The speaker's suggestions were of a practical nature, and were so simple that they might be carried out with little difficulty.

Several well known food cereals were recommended among them being the Duluth product, Roman Meal.

Exercise he suggested as a sure cure for many kinds of liver trouble and gallstones. Proper exercises were given to illustrate the address.

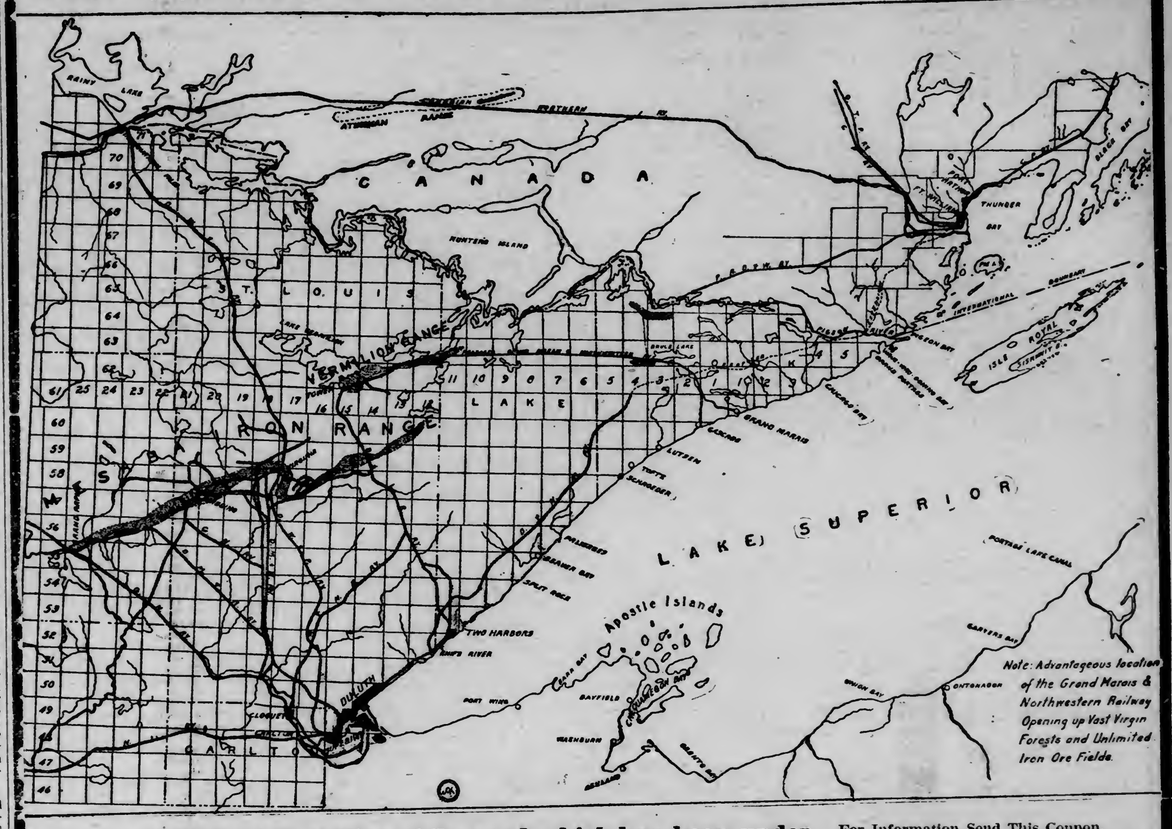

NEW TREATY WITH DENMARK SIGNED.

Washington, April 18.—Secretary Bryan and Minister Brun have signed another peace commission treaty between the United States and Denmark in place of the one which contained the compulsory arbitration feature. The new treaty relates only to the settlement of issues by investigation.

Secretary Bryan stated that he had abandoned the original treaty now pending before the senate, even though it has already been ratified by the Danish parliament, in deference to the objection manifested by the senate foreign relations committee to combining in one treaty the two subjects, investigation and arbitration.

An Opportunity to Acquire an Interest in a Railroad Through a Rich Territory

Over 40,000,000 tons of forest products and unlimited iron ore tonnage awaits the building of this railroad. The Grand Marais & Northwestern Ry. Co., a Minnesota corporation, is capitalized at $300,000. Three thousand shares at $100 each. Cook County has donated $100,000 thirty-year 5 per cent bonds in aid of this railroad company. Bonds are issued under date July 1st, 1913, and are held by the First National Bank of Duluth, Minnesota.

To complete the first section of the road which has been under construction since December, 1913, a limited amount of stock is offered for sale at par $100.00 per share. Payments may be made at rate of 20% with order, balance 20% per month.

Excepting her lecture hours on the third floor—Miss Shaull will be at our corset department on the second floor, where she may be consulted as to your corset problems without charge.

FOOD SUPPLY FOR THE SWISS ARMY

Planning to Get Wheat From America in Case of War.

Geneva, April 18.—The Swiss government is considering the idea of an arrangement with the grain interests in the United States whereby the Swiss might be supplied with American wheat if the powers which surround the little neutral republic were at war. The foreign office is negotiating first with the French and Italian governments to learn what assurances may be had that such grain shipments would not be molested in passing through these countries in time of war.

The problem of wheat supply for the Swiss army became acute during the Balkan war, when the closing of the Dardanelles cut off much of the usual importations from the East, and prices soared tremendously high. Emergency shipments from the United States then relieved the situation.

At present the government keeps a store of wheat sufficient to feed the whole mobilized force of the country, upward of 300,000 men, for several months. The grain is stored in the capitals of eleven cantons and is never allowed to remain in storage more than three months, supplies being constantly taken out and renewed.

A distinguished officer of the Swiss general staff has advised the government to come to arrangement with neighboring powers on a novel basis. In the event of war Switzerland should be allowed to recive its food supplies through any of the countries on its frontiers on condition that the Swiss government received 100,000 sick and wounded soldiers and took care of them until the end of the war. Dr. Hardy of Geneva, who was a surgeon in the Balkan war, says that all the hotels of Switzerland would have to be turned into hospitals to care for 100,000 men and that there are not enough doctors and nurses in the country. The cost in preparation and in maintenance for a year would, he estimates, be $35,000,000, and he adds that it would be far better for Switzerland to spend the money on the army.

Escanaba Boy Drowns.

Escanaba, Mich., April 18.—Porter Shaw, 22, a student at the University of Michigan, was drowned in the Wild Canada river yesterday. He was the son of F. M. Shaw, a leading citizen of this place.

FALSE ALARMS TOO NUMEROUS

The pulling of false fire alarms must stop, according to Safety Commissioner W. A. Hicken.

Frequently the department is called out on a wild goose chase and all the ire of the authorities has been aroused. They propose to leave no stone unturned to put an end to it. Not only does it cost something like $50 for every run the department makes, but the possibility of serious accident is always present.

Commissioner Hicken is making inquiries to ascertain if the market affords any devices which will be useful to assist in apprehending miscreants who pull the fire boxes without reason. Special efforts will be made to bring such offenders to bar in order that examples may be made of them.

FINAL HEARING ON ESTATE DISTRIBUTION.

Judge Bert Fesler of the district court has set June 6 as a day for the hearing on an order of final distribution of the wrongful death money collected by Werner Wirtanen, as administrator of the estate of Walfrid Maximimus Aimala.

Aimala, who was also known as Max Maki, was killed July 10, 1911, at Hornby, Minn., while in the employ of the Duluth & Northeastern Minnesota Railway company. He was 42 years old and unmarried.

Wirtanen, who resides at Maple, Wis., was appointed administrator of the estate and collected from Aimala's employers $100 in settlement of a claim for wrongful death.

STEAMER KITE REPORTED SAFE.

St. Johns, Nfld., April 18.—The sealing steamer Kite, from which no tidings had been received for more than a month, was reported safe today. The Kite has about seventy men on board.

BOYS WHO "RAN AWAY TO SEA" HAVE AN OPPORTUNITY TO MAKE UP LOST SCHOOLING

ONE OF THE CLASSES.

During the winter, ending with the beginning of the Easter vacation, the Lake Carriers' association conducted a school at its quarters at the foot of Fifth avenue west, at which sailors under the care of the welfare committee of the association, could brush up in their studies.

Many of the sailors on the Great Lakes as well as on the other waters of the earth are products of the "run-away-to-sea" class, and the running away has usually occurred before they have managed to gather much information from the school books; some of them, in fact, having none at all. These have small hope of ever advancing to anything beyond deckhands or firemen, and it is for the purpose of giving these men a chance for self-improvement and promotion where the ambition exists, that the Lake Carriers have instituted the school.

The honor of inaugurating the idea belongs to the Duluth office, and especially to G. Ashley Tomlinson, resident director of the association, and to William A. Bourke, commissioner for the association at this point. They started the school during the winter of 1912-13 and Mr. Bourke taught it himself. However, the labor, together with his regular duties, was too much, and this winter a corps of regular teachers was hired and full equipment for the educational work was furnished. The teachers were engaged from the regular teaching staff of the Duluth public schools and conducted classes five nights each week. The teachers are Miss Anna W. Meinhardt, principal of the Madison school, and Miss Anna L. Boucher and Miss St. Clair Nisbet, both of the Madison school staff. Miss Meinhardt had charge.

Copying after the Duluth school, the Lake Carriers will begin, next winter, schools at each of their stations on the Great Lakes, for the work here has been most successful.

ADDITIONAL SPORTS

MISSOURI MARATHON.

Tenth Annual Contest Being Run From Gumbo to St. Louis.

St. Louis, Mo., April 18.—Eighteen men representing athletic clubs as far East as New York were scheduled to start in the tenth annual twenty-six mile Marathon conducted by the Missouri Athletic club here today. The course of the race is from Gumbo, Mo., over the St. Louis county roads to the western limits of the city, and thence over the main streets to the clubhouse at Broadway and Walnut street.

Sidney Hatch of the Illinois Athletic club, Chicago, was picked as the winner early today by local followers of the annual race as he captured the first prize in the contest several times before and as William J. Kennedy last year's winner and Joe Erxleben, the local Marathon "star" are not entered this year. A. H. Monteverdi, a New York runner, 44 years old, was among the entrants.

The athletes accompanied by trainers and timers departed for Gumbo by train this morning and were scheduled to start on the long trot back to St. Louis at the stroke of noon. Other out-of-town entrants were: M. Cooper, Chicago Hebrew institute; Olaf Lodal, Finnish-American A. C., Chicago; H. Sullivan, Illinois A. C.; Tony Weiss, East St. Louis, Ill., and Jole Kowalsky, Sleitner A. C., Chicago.

WILL OPEN IN MAY.

W.-I. League Makes No Changes Despite Franchise Tangle.

Green Bay, Wis., April 18—No change will be made in the time for opening the Wisconsin-Illinois league despite the fact that a new schedule will have to be framed because the franchise, held by Freeport reverted to Wausau, according to a statement made today by President Frank R. Weeks. The league head is fixing a schedule now and he will provide for the first game on May 6, and he will endeavor, if the clubs are satisfied, to provide for a double opening plan by having games played in four cities on May 6 and in four other cities on May 7. He will call the directors together early next week to pass upon the schedule he has drafted.

The trouble over the Wausau franchise has not been entirely cleared up, and it was learned today that the Freeport baseball leaders have objected to reimbursing the Wausau club for the expense incurred while the franchise controvery was on and court action was instituted. It is understood that in the bargain made when the franchise reverted to Wausau that the Freeport people agreed to pay the Wisconsin club for the loss sustained through the transfer of the franchise from Wausau to Freeport and back again to Wausau.

READY FOR BOSTON ANNUAL MARATHON.

Boston, April 18.—Aspirants for marathon honors in the Boston Athletic association's seventeenth renewal of the long distance race on Monday, had their last workout today. Warm weather prevented most of them from covering the entire 25-mile course. Unless rain interferes the roads will be in splendid condition Monday from the start in Ashland to the finish in this city.

Much of the interest centers in the Minneapolis trio, headed by Fritz Carlson, who won last year in fast time. His companions this year will be John Karlsen and Lloyd Peterson.

The race will start at noon and the leaders will probably finish within two hours and a half. The record for the course is 2 hours, 21 minutes, 18 1-5 seconds, made by M. J. Ryan in 1912.

Oxonians to Philadelphia.

Providence, R. I., April 18.—The Oxford relay team, after a short workout at the Brown university track, left today for Philadelphia, where they will compete next Saturday in the national college four-mile champion relay. Capt. A. N. S. Jackson gave a short exhibition of his wonderful stride but did not attempt to run any distance, and the other Englishmen jogged around the track leisurely.

ESCAPE BY MARRIAGE.

Court Frees Young People Arrested in Rooming House.

With Patrolman Pete Barber and Police Matron Mary Walsh as attendants, Lydia Davis, 18, and Christ Autio, 25, were married this morning by Rev. John W. Hoffman at the First Methodist church.

They were arrested by Patrolman Westerlund last night in a rooming house at 121 South First avenue east and when arraigned before Judge Cutting this morning they told the latter that they were planning to marry. Judge Cutting told them he would suspend sentence if they would get married immediately.

Police Matron Walsh and Patrolman Barber took Autio and his bride to the clerk of court, where they obtained a license and then to Rev. Hoffman, who married them.

WILL PLAN FIELD MEET.

Louis Wade Is Elected to Head Committee in Charge.

At a meeting of the Duluth boys' exposition and interscholastic field meet committee at the boys' department last night for dinner, Louis Wade of the Central high school was elected president, Earl Demoe of the Emerson school vice president and Joe Furni of the junior high school secretary. Each school is entitled to two representatives on the boys' committee. This group will have charge of working up the spirit in the various schools, getting the exhibitors signed up and other work in connection with working up these two big events. The exposition will take place Friday and Saturday, May 8 and 9, and is open to every boy in the city under 20 years. Hundreds of boys will have exhibits.

The following boys are on the committee: Duluth Central high school, Louis Wade, Willard Thorp; Junior high school, Joe Furni, George Boyer; Jackson, Eno Strand, Paul Flinn; Salter, Maurice Miller, Jack Kenney; Emerson, Earl De Moe, Tony Rich; Washburn, Francis Crane, Arthur Fawcett; Adams, Herbert Carlson, Lester Peterson; Bryant, Eldon McFarlane, Arthur Castonguay; Munroe, Ralph Questnel, Henry Martin; Cobb, Charles Bush, David Barnes; Endion, Paul Winship, James Wahl; Lakeside, George Borgeon, Tom Gorton; Jefferson, Lester Kiding; Lincoln, William Mallett, Russell Palmer; Fairmount, Howard Boyd, William Erickson.

The next meeting of the committee will be held Thursday, April 30, at 7:30. All the other schools will have their committees selected by that time.

Final arrangements have been made for the first interschool indoor field meet to take place at the Y. M. C. A. gymnasium Friday, April 24, at 8 o'clock. Every Sunday school in the city has been invited to be represented in this meet and it is expected that this will be the beginning of a number of activities that will be conducted for the Sunday schools of the city.

MANY FILIPINOS SHORT IN ACCOUNTS

Conspiracy to Loot Government Funds Found By Inspector.

Manila, April 18.—As a result of the placing in office of native Filipinos and the decrease in the number of American supervistory auditors, cases of shortage in accounts are said to be showing an alarming increase. The auditor's department today reported three cases of shortages aggregating $11,500, and expressed the fear that there are many more.

The American inspector in the province of Pangasinan in Luzon declares he has uncovered a veritable conspiracy to loot the government of funds.

THREE SENTENCED FOR HAVING VENISON.

Three settlers will have to spend the next month on the work farm, because they had venison in their possession out of season. Yesterday afternoon Charles Rinne, 27 years old, was brought to Duluth by Deputy Game Warden Tabor and this morning John Hill, 36, and Charles Salmi, 37, were brought here by Waren Storey. They were all arrested near the town of Duluth. The men pleaded guilty and were each fined $50 and costs, or thirty days on the farm. None can pay their fines and as a result they will be taken to the farm this afternoon.

SMOKING DOES NOT GIVE INSPIRATION.

Paris, April 18.—Is smoking to help a literary composition?

Emile Faguet, the academician, who is an inveterate smoker, thinks not. "I smoke a great deal, but I do not believe that it does any good. I even think it may do harm."

Andre Theuriet, the novelist, who alternates between pipe and cigarette, says: "I have never found that the habit has the least influence on what is commonly called inspiration."

Pierre Loti shares his colleague's opinion: "As far as I have observed the use of the cigarette has no effect whatever on my faculties."

Among smokers who are members of the French academy, Maurice Barres is not averse to a cigar, while Paul Hervieu considers the habit as a vice and a weakness. Rene Bazin also is severe: "I smoke only an occasional cigarette, but I derive nothing from the practice but neuralgia and the unpleasant knowledge that, in continuing to indulge, I surrender to a weakness, which no longer has inexperience as an excuse for it."

PROMINENT MEN AT DOLLAR DINNER

Democrats of Cuyahoga County, Ohio, Are the Hosts.

Cleveland, Ohio, April 18.—Cuyahoga county Democrats entertained distinguished company here today preliminary to the "dollar dinner of Democracy" at the Central armory tonight. Speaker Champ Clark, Secretary of the Navy Josephus Daniels, Governor James M. Cox and Senator Atlee Pomerene of Ohio, are scheduled to be guests of honor at the banquet, and Mr. Clark and Mr. Daniels came early in the day to fulfil other engagements.

The day's program included an address before Western Reserve university law students in the morning by Secretary Daniels; a speech by Speaker Clark before the City club in the afternoon, and addresses by Daniels, Clark and Governor Cox at the banquet in the evening.

Governor Cox will not arrive until late today. Congressman Carter Glass of Virginia, who was scheduled for an address at the banquet, has canceled the engagement because of illness.

John H. Clarke of Cleveland, candidate for United States senator, will preside at the banquet.

STATE MUST PAY FOR CONDEMNED CATTLE

Opinion Is Given By Attorney General of Wisconsin.

Madison, Wis., April 18.—The owner of tubercular cattle on a quarantined farm of the state, even though he be a non-resident of Wisconsin, is entitled to compensation when his cattle are condemned.

This opinion was given by Atorney General Walter C. Owen to State Veterinarian O. R. Eliason today.

Dr. Eliason submitted a letter to the attorney general suggesting that there was some question regarding payment to a non-residents for condemned cattle, when the actual owner lived outside of the state.

In an opinion to District Attorney James F. Malone of Beaver Dam, Attorney General Owen ruled:

"I am of the opinion that county treasurers may not lawfully retain 2 per cent of the state inheritance tax moneys received by them or any amount in addition to the 7½ per cent authorized to be retained for the use of the county."

THREE ARRESTED FOR LAKE MILLS FIRES

Ninth Incendiary Blaze in Four Days Destroys Cattle.

Lake Mills, Wis., April 18.—Following the investigation by the state fire marshal into the origin of the numerous recent fires of supposed incendiary origin in this village, three men were arrested today and the being held on suspicion.

The ninth fire of unknown origin in the last four days occurred last night, a large barn containing a large number of valuable blooded animals being burned with all contents.

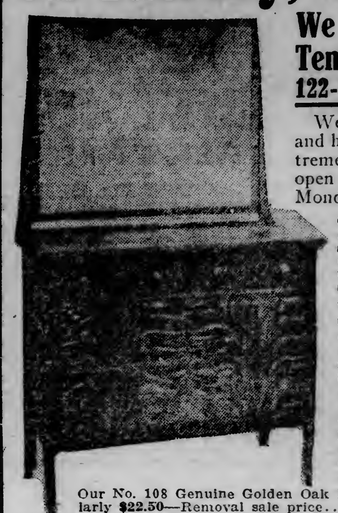

Bull Mooser Appears.

Des Moines, Iowa, April 18.—Caspar Schenk, a young lawyer, has announced his candidacy for the Progressive nomination for United States senator to succeed A. B. Cummins. He has been active in the Progressive party since its organization.

$2.12 to $5.25

ASK DELAY IN PAVING

Petition Is Filed With City Clerk; Saloon Transfer Up Monday.

A petition was filed with the city clerk this morning asking that the paving of Lake avenue from the canal to Twelfth street be postponed for one year. It will be presented to the council at the Monday afternoon meeting.

As the work is already under way to the extent that service connections from water, gas and sewer mains are being installed, and as the improvement has been insistently urged for some years, the petition will be of no avail, according to statements made by members of the council this morning.

The petitioners assert that the avenue is not in fit condition to grade; that a year should be allowed for the excavations to settle; that a year should be allowed to determine whether or not frost will interfere with the operation of the sewer and that the cost of the connection and the paving coming in one year will be throwing a heavy burden on the property owners. In answer to the past point it was pointed out at the city hall this morning that the property owners can have their assessments extended over a period of three years.

The applications for West Duluth saloon transfers, which were laid over for one week at the last council meeting, will come up for consideration Monday. It is understood that instead of being allowed to transfer from 5217 Ramsey street to 5607 Ramsey street C. J. Petruschke will be allowed to transfer to 410 Central avenue. The application of J. E. Bietala for a transfer to 410 Central avenue from 103½ East Superior street will be denied but he will probably be allowed to transfer to another downtown location. Under this arrangement no saloon will be moved to 5607 Ramsey street, to which a large number of residents in the vicinity are opposed.

Petitions for two improvements will be presented. One calls for the improvement of Victoria street from Thirty-fourth avenue east to Woodland avenue and the other is for a sanitary sewer in Fifty-sixth avenue east from London road to the right-of-way of the Iron Range railroad. Several appropriation ordinances will also be passed.

Preceding the council meeting the commissioners will hold a hearing at 2 o'clock to consider objections to the proposed revision of the wheelage tax ordinance.

OBITUARY

George W. Farris, who represented the Fifth district of Indiana in congress for three terms in the '90's, died in Washington, D. C., April 17, aged 60 years.

Dr. George W. Hill, astronomer and inventor, is dead at his home at West Nyack, N. Y., where he lived as a recluse. He held numerous honorary doctor's degrees from universities and had been lecturer at Columbia and president of the American Mathamatical society. Dr. Hill invented improvements to the mariners' compass, and won distinction for researches on the lunar theory. He was at times employed by the United States and foreign governments.

WOULD DIVIDE ESTATE.

Petition in A. C. Robinson Case Filed in Probate.

Ada Myrtle Robinson, 1004 Lake avenue south, today filed with the clerk of the probate court a petition for administration of the estate of her late father, Alonzo C. Robinson, whose death occurred at his home in this city at the age of 62, April 8 last. Robinson left an estate estimated to be worth $2,700, which will be divided between three daughters and one son. Besides the petitioner, the other heirs are Laura Hazel Thompson of Fort Arthur, Can., Ethel Grace Frazer of Clairmont, Wyoming, and John C. Robinson of this city.

Alfred M. May today petitioned the probate court for letters of administration on the estate of his wife, Anna C. May, who died, aged 43, at her home in this city on April 6 last. Mrs. May left an estate consisting of personal property valued at about $1,000. Her husband was her only heir.

SHIP AND CARGO DAMAGED BY FIRE.

Mobile, Ala., April 18.—Damage to ship and cargo, estimated at $150,000, is indicated as the result of the fire yesterday in the hold of the Norwegian steamer Alm. Agents today said probably that proportion of the cargo of sisal, valued at $280,000 in the hold of the Alm had been destroyed or badly damaged.

It is believed the fire was due to flames from sulphur pots used in fumigating.

TWO MEN KILLED IN FAMILY QUARREL.

Youngstown, Ohio, April 18.—Following a family quarrel in their home in Oak Hill avenue last night, Joseph Johnson and Joseph Beeler died early today. Johnson shot twice at Beeler, who is his son-in-law, after first trying to kill his daughter, Mrs. Anna Beeler. He then turned the revolver on himself.

HOW TO LIVE A CENTURY

Dr. Barker's Prescription Is Given to Big Audience at the Y. M. C. A.

Exercise Daily, Take Cool Baths and Drink Water Freely.

"How can I live to be 100 years old?" Dr. Charles E. Barker, noted hygienic authority, answered that question last night at the Y. M. C. A. in closing his series of lectures here, before a big audience.

The doctor's prescription is simple and exercise is the keynote. Any young, healthy person, who follows these rules, says Dr. Barker, can live 100 years under ordinary circumstances.

These exercises will be given and interpreted for the men and women of Duluth at the Y. M. C. A. and the Y. W. C. A. Drinking plenty of water and daily cool or cold baths are suggested. Following are the exercises:

Breathing Exercises.

"Stand with the weight on the right foot, left toe back, hands at the side. Raise arms in front and inhale, lower arms and exhale. Ten to twenty times.

"Stand on the left foot, fists on the chest, horizontal motions of arms, inhale while extending arms outward, exhale while returning them to chest. Ten to twenty times.

"Stand on the right foot, left toe back, right arm extended upwards, left arm extended backwards and downwards. As the right arm is lowered and left arm raised inhale, and vice versa. Ten to twenty times.

"Feet together, arms at the sides. Raise arms over head from the side and inhale, lower arms and exhale. Eight to fifteen times.

"Swimming exercise. Ten to fifteen times on each foot.

Striking Exercises.

"Fists extended straight forward in front. Draw fists back toward chest and bend knees, then strike outwards as far as possible and stiffen knees. Ten to twenty times.

"Feet apart as far as possible. Strike fists obliquely across chest one at a time. Ten to twenty-five times.

Exercises for Kidneys.

"Hands on hips, bend body forward and back keeping the knees stiff. Ten to twenty times.

"Arms extended horizontally in front, feet together. Turn body from side to side as far as possible. Ten to twenty times.

Exercises for the Liver.

"Feet apart as far as possible. Keeping the knees stiff raise arms alternately over the head one at a time. Ten to fifteen times.

"Chopping exercise of Figure 8. Eight to fifteen times.

Stomach and Intestines.

"Lie flat on the back. Raise chin to chest and then back to floor pushing the arms along the side of the body as you raise the chin. Eight to fifteen times.

"Arms over the head on the floor. Keeping the knees stiff throw the body to sitting position. Return body to floor. Five to twelve times.

"Hands under the hips. Draw knees back to chest both at the same time, extend outwards to the floor and so on. Six to fifteen times.

"Hands under hips. Raise legs to vertical position and lower again to floor. Four to twelve times."

NEW YORK MEN FOR TOLLS REPEAL BILL

Chamber of Commerce Representatives Address Senate Committee.

Washington, April 18.—Support for the proposed repeal of the tolls exemption clause of the Panama canal act, was given before the senate canals committee yesterday by representatives of the New York chamber of commerce, who said that their organization had approved of repeal by an overwhelming majority.

Their testimony caused a wordy conflict between Senator Bristow, opposing repeal, and Edward E. Page, a member of the chamber as well as of the New York Merchants' association. After Mr. Page had asserted that, in his opinion, the United States should repeal the exemption clause in order to avoid breaking a contract, Senator Bristow asked wether the supporters of repeal should not be called traitors to America as well as the opponents could be called violators of contracts.

"Those are catchwords used by demagogues," the witness replied, "but I do not intend to use any personalities. I do not believe the opponents of repeal have any right to question the loyalty of those on the other side."

Senator Bristow wanted to know whether the New York chamber of commerce had not been originally chartered before the revolution of the colonies against King George of England. Mr. Page replied that was true, but that it now had a charter from the state of New York, and he added that during the Civil war the organization gave money and loyally supported the Union.

PRYOR AGAIN THE SUBURBAN MAYOR

Glen-Hunt-Wood Members Hear Prof. Cady in Garden Talk.

W. A. Pryor was re-elected mayor of the Glen-Hunt-Wood commission at a meeting at the Glen Avon Presbyterian church last night. About 100 members were present.

Other officers were elected as follows: W. M. Hubbard, commissioner of public safety; C. F. Colman, commissioner of public utilities; J. F. Eby, commissioner of public works, and Norton Mattocks, commissioner of finance.

The members urged the purchase of a machine for spraying trees and the securing of garden seeds for planting by the children.

An excellent dinner was served by the women of the church, preceding the election. Following Prof. LeRoy Cady of the agricultural school of the University of Minnesota, gave an illustrated lecture on "Amateur Gardening."

ATTENTION

LOYAL ORDER OF MOOSE

Every member is urgently requested to attend the memorial service to be held tomorrow afternoon at 3 p. m., in Moose hall, 227 West First street.
BY ORDER OF COMMITTEE.

FOUR WEST VIRGINIA STRIKERS PUNISHED.

Clarksburg, W. Va., April 18.—Judge A. G. Dayton in the Federal district court here imposed sentence on striking miners of Colliers, W. Va., for violation of the injunction against interference with the employes of the West Virginia and Pittsburg Coal company. The men were arrested after, it was allaged, they had prevented a party of eighteen strikebrekers taken to the mines from Pittsburg from going to work.

J. Hoblock was sentenced to serve six months in the Upshur county jail. Other sentences imposed were: Peter Kozuk, four months in the Lewis county jail; Steve Tucki, four months in jail; Samuel Pearick, fined $1 and costs.

CAPABLE OFFICE MAN

OPEN FOR POSITION.
Can handle correspondence or advertising. Address A 890, Herald.

ONTONAGON ITEMS.

Ontonagon, Mich., April 18.—(Special to The Herald.)—J. A. Green, assistant attorney general of Michigan, has been here investigating the charges made against Sheriff Paul Francis and Undersheriff O'Rourke.

W. A. Brown of Mass City, one of the newly elected supervisors, was in town Wednesday and Thursday.

T. A. Green has gone on a business trip to Mississippi.

Several fishermen have already set their nets and others are making preparations.

M. J. Doyle of Menominee who acted as attorney for Paul Francis in his hearing here, has gone back to his home.

Herman A. Wieder, circuit court commissioner of Houghton county, was in town this week.

E. E. Johnson has returned from an extended business trip.

Miss Irene Harrington and Miss Laura Craig entertained at a tango party Tuesday evening.

T. L. Wilcox has been re-elected chairman of the board of supervisors.

Ontonagon township has been officially presented with a copper plate signifying they had the best exhibit at the Ontonagon county fair held at Ewen last fall.

J. F. Fogelsong of Ewen was a business visitor in town Wednesday.

George Wilson was seriously injured while felling a tree three miles from his home. He was fastened under it for over an hour before help came.

In a boxing exhibition here last Saturday between Kid Parker and Billy Murphy lasting six rounds, neither drew a decision. The match was witnessed by a very small crowd.

A. H. Brown has left for Marquette on business.

The Pastime theater gave a performance Friday night for the benefit of the choir of the church of the Ascension.

A public dance Friday night, the first after Lent, was a social event.

Men's Diseases

The more medical science advances, the more apparent becomes the folly of employing harsh and dangerous measures in attempting to cure the ailments of men. Drastic dosing and useless cutting have done irreparable injury in thousands of cases. We cure all special diseases of men promptly and permanently by painless methods that cannot possibly produce undesirable results.

OUR TREATMENT.

Functional derangement is not a disease. To stimulate activity by the use of powerful tonics is an easy matter, and such results are merely temporary drug effects. We have in our service the most powerful X-Ray and High-Potential-frequency machines; with these machines we will build up your broken down system quicker than gallons of medicines and a surgeon's knife could do. Our treatment is local and constitutional, and corrects every abnormal condition of that vital center. Our cures are real cures and permanent.

Twenty years of successful practice as Doctors in Men's Diseases justifies every claim we make. We promise our patients a complete cure in every instance, and in cases where we cannot safely make this promise, we positively refuse to treat.

DEPENDABLE TREATMENT.

Our treatment is absolutely painless, and perfect results can be depended upon in every instance. We do no cutting, burning or dilating, like is usually done in piles and wormlike veins.

VARICOSE VEINS.

Absolutely painless treatment that cures completely. Investigate our method. It is the only thoroughly scientific treatment for this disease being employed. Instead of cutting the worm-like masses, we dissolve them and remove the cause forever.

BLOOD POISON.

No dangerous minerals to drive the virus to the interior, but harmless blood cleansing remedies that remove the last poisonous taint and clean out and clear up the system. "606" is given after the system is thoroughly cleansed of the poisons that circulate in the blood. No cure is perfect, no matter if a patient had 10 injections of "606."

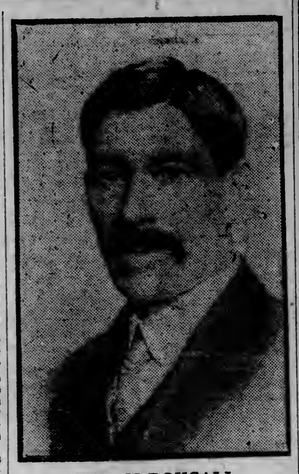

STOMACH TROUBLES,

have the least attention from patient and doctor. Last week a man came in our office who thought he had a little dyspepsia, and it proved to be a cancer. Come in, we will cure you.

Hours: 9 to 8; Sundays, 10 to 1.

INTERESTING PEOPLE WHO ARE DOING INTERESTING WORK HERE

NEIL McDOUGALL.

The words "pest house" is synonymous with smallpox and is classed with other things which are dread and which are to be avoided.

The average person gives it a wide berth and shies away from it as something to be greatly feared, as though the very atmosphere of the place were dangerous. Its mere mention, although it might be miles away, means an involuntary shudder.

For eleven years Neil McDougall has been superintendent of Duluth's detention hospital, more generally termed the "pest house." During all that time Supt. McDougall has made his home there, caring for those who have contracted smallpox.

The "pest house" is a hospital but it differs from other institutions in that it is designed to treat one kind of disease. That there is nothing dreadful about it will be amply evidenced by the hundreds who have been cared for there. The fact that their sickness has been contagious has made it necessary for them to be isolated, but this is equally true of numerous other diseases. Medical men state that all of them could be under the same roof without danger of cross-infection if proper precautions are taken. Separate institutions for smallpox exist because it has been the custom to have them so, according to physicians, and they add that it may be many years before popular prejudice will allow them to be otherwise.

During the eleven years that he has been in charge of the "dreaded" institution, Neil McDougall has had 1,700 patients under his supervision. Some of them have complained that the place is lacking in modern conveniences and is out of date, and justly so, but all of them have had words of praise for the care and attention which have been shown them by Supt. McDougall. He holds a high place in their esteem. Upon holidays and special occasions he has made it a point to make special preparations to help his patients celebrate. The feasts which he has laid before them have been such that they often mention them afterwards when "best feeds" are under discussion.

The institution is kept scrupulously clean and is always spic and span. Some of the time it's a lonesome job, and all of the time it's one which no one envies. But Supt. McDougall takes a deep interest in his work and declares that although it may be unpleasant and lonesome occasionally he finds that the work has its compensations. He fills an undesirable position and gets much satisfaction from it. Any one who is unlucky enough to get smallpox in Duluth need not be afraid of the "pest house," for they can be sure of kindly treatment and proper attention during their sojourn.

MINNESOTA'S TRUST FUNDS GREATER THAN TOTAL OF TWENTY OTHER STATES

St. Paul, Minn., April 18.—(Special to The Herald.)—According to a statement prepared by State Treasurer Walter J. Smith, Minnesota has $2,354,628.45 more invested trust funds than the twenty states east of the Mississippi river from which reports are available. There are no statistics of Delaware, Kentucky, Louisiana, Maryland and Mississippi, as inquiries to the treasurers of those states have not been answered, but the total amount of invested securities for Minnesota and the other twenty states east of the Mississippi is $58,088,208.67. Deducting from this the amount owned by the state of Minnesota, $30,221,418.56, leaves a total amount for the twenty states reported of $27,866,790.11. These figures show the splendid position in which Minnesota stands in regard to permanent trust funds. Following are the figures by states:

	Invested Trust Funds.	State Bonded Debt.
Minnesota	$30,221,418.56	.....
Maine	471,608.62	$ 698,000.00
New Jersey	5,699,550.45	.....
Rhode Island	245,214.69	5,030,000.00
New Hampshire	.....	1,136,000.00
Florida	1,390,867.00	601,567.00
Alabama	.....	9,057,000.00
New York	4,699,023.46	78,730,000.00
West Virginia	1,000,000.00	.....
Pennsylvania	40,000.00	.....
Wisconsin	6,813,062.48	.....
Tennessee	.....	11,400,000.00
Michigan	.....	.....
Illinois	.....	.....
Vermont	1,171,328.62	135,500.00
South Carolina	361,625.39	6,528,485.00
Massachusetts	8,000,000.00	116,234,162.00
Ohio	.....	.....
North Carolina	793,200.00	7,539,000.00
Virginia	973,200.00	24,986,959.00
Indiana	.....	1,149,615.00

EUROPEAN PRINCESSES STRIKE

Protest Against Being Made Victims of Old System of Matrimony Made to Order—Would Select Their Own Life Partners.

London, April 18.—European courts face what is practically a widespread strike on the part of the princesses against matrimony made to order. Individual protests against being made a victim of the old system whereby royal children have no voice in the selection of life partners are as old as the system itself, but the stand now taken, particularly by the princesses is said to appear like a concert of action. It is a blow to the royal match makers, who blame both the scarcity of princesses and the growth of feminism for the failure of their pet system. In this connection it is known that many of the royal dowagers are inclined to lay the responsibility for this state of affairs on the fair shoulders of Princess Patricia of Connaught, daughter of the Governor General of Canada, who is said, during her residence in the New World to have acquired certain odious democratic ideas not at all in harmony with her station.

The recent birth of a son to the Duchess of Brunswick, the only daughter of Emperor William of Germany, has served to call attention again to the small number of princesses and has given further force to the excuse of the royal bachelors that they are unable to find suitable partners of their own rank. This excuse may or may not be entirely valid, but it is undoubtedly true that both the young men and women of the royal circles show a distinct disinclination toward matrimony made to order.

Among the eligible princesses, who seem in no hurry to accept the partners selected for them by their royal parents, are the elder daughters of the Emperor Nicholas of Russia, notably the Grand Duchess Tatiana, the beauty of the Russian imperial family, and Princess Elizabeth of Roumania. The latter is really a beautiful girl and any debutante might envy her perfect features, her cloud of lovely hair and her very expressive eyes. Both she and her younger sister, Princess Marie, have inherited the wonderful Coburg elegance coupled with the half-gay, half-sad charm of their native land.

But the strike is not confined entirely to feminine sprigs of royalty. It is even said that the Prince of Wales, the most eligible of royal bachelors, has turned up his nose at the suggestion of a union with a very highplaced, but extremely unattractive princess.

Church For Women Only.

The Church of the New Ideal, which admits no males to membership, has held its first services. The church is located at Wallasey, the newly constituted borough on the Cheshire side of the Mersey. Some 200 women assembled for the inaugural sermon delivered by the Rev. Hatty Baker of Plymouth. Men were rigorously excluded.

A preliminary declaration of reasons for the formation of the church sets forth "the epoch-making advance in the self consciousness of women as a sex," and women's realization of equality with man in religious as well as other spheres of life. Their exclusion hitherto from any share in conducting church services is referred to as an exclusion by which the general progress of humanity has been delayed.

The Rev. Hatty Baker, who wore what is described as a "white choker" and a black gown of conventional clerical type, took as her subject, "God's Glorious Ideal." She declared that churches as founded and conducted by men obscured this ideal, and the present effort was to create a church of the future which would be along the lines of the ideal. Abraham, she said, as long as he acted on his own initiative, made many mistakes and twice had to be told by God to take the advice of his wife, and the greatest tragedy the world had ever witnessed would never have taken place if Pilate had listened to his wife. The male bias had obscured the message of Christ in the past and the present church would do away with such bias. The preacher warned her adherents that they must expect persecution and ridicule. In the evening a service to which men were admitted was held.

KICKING ON REDUCTIONS

Lower Wage Scale at Panama Objected To By Employes.

Problem Presented By Increasing Number of Unemployed Men.

Panama, April 18.—Much opposition to reductions in the wage scale of skilled labor on the canal has arisen since the new wage scale was promulgated in conformity with an executive order issued by President Wilson on Feb. 2, to become operative on April 1, when the permanent government of the Panama canal went into effect.

The skilled workers have been in communication with the parent unions in the United States with the result that the metal trades department of the American Federation of Labor has instructed the unions on the isthmus to immediately begin the formation of a metal trades council in Panama. Several meetings already have been held at which strong opposition to any wage reduction was voiced.

Under the terms of the Adamson act establishing the permanent government of the Panama canal it is provided that no one on the canal force shall be paid more than 25 per cent in excess of the average wage for similar work paid in the United States. In conformity with this provision Col. George W. Goethals, governor of the Panama canal, issued a circular establishing a new wage scale. This provided for considerable reductions all along the line.

It is understood here that Col. Goethals personally favors the continuation of the present wage scale until the period of construction shall have been ended. If this is done the reduction will become effective gradually and not until after the construction of the canal has been fully completed.

The various labor unions represented on the isthmus, it is understood, have communicated or will communicate with their parent organizations with the view of obtaining strike sanction. It is not the immediate intention, according to labor leaders here, to make use of the strike weapon to force the continuation of the present scale, but only in an emergency of such a character as to make its use a necessity.

It is not anticipated that any opposition to the new wage scale will come from the numerous clerks and other unorganized employes on the canal force. As yet no active opposition has appeared among them, although it is said that many of them contemplate resigning and returning to the United States and seeking other employment.

This class of employe in any event will suffer considerable shrinkage through the gradual reduction in force made necessary by the completion of construction work.

Problem of Unemployed.

A serious problem also confronts the authorities of the canal zone and the republic of Panama because of the increasing number of unemployed men.

Within the last year many thousands of unskilled canal workers have been thrown upon their own resources because there was no more work for them. In almost every case they have saved no money for a rainy day. The result has been an increasing amount of lawlessness running particularly into the line of petty burglaries.

For unskilled labor there is now absolutely no demand either on the isthmus, the outlying provinces of the republic or the neighboring republics of Central and South America. The proposed government railway in the province of Chirique is expected to afford some relief, but the hope of its early start is not at all bright here.

There is little or no other construction work in progress. Public work, with the exception of the National exposition, practically is at a standstill. On the zone the roads are being constructed by the prisoners in the penitentiary. This also is the case in the Panama republic.

Both Panama City and Colon, the two most important cities in the Panama republic, are filled with idle negroes who are looked upon as more or less of a menace by the two police forces. The Panamanian authorities say that the problem is one for solution by the canal government.

The question of the unemployed Jamaican negro is simple. When he left his native shore to come to Panama to work on the canal he was compelled to deposit $6 for his return passage when his job here was done. Many of them, however, do not wish to return for the reason that they are now accustomed to larger wages than they have ever been able to earn in Jamaica. Besides, they say, the island is already overpopulated.

The question of higher wages and overpopulation also is true of the other West Indian islands. Then, too, there is at present little or no demand for this class of labor in any of the West Indies with the possible exception of Cuba and Porto Rico, according to information here.

It is anticipated that the entire question probably will have to be submitted to the governments of the various countries from which these laborers came.

Cremating Bodies.

Ancon cemetery forms part of the site for the permanent canal government town of Balboa. It has been decided to exhume all the bodies buried there. Already more than 1,000 bodies have been removed, most of them being cremated. Others have been shipped to the states and again buried.

The cremation is progressing at the rate of thirty to forty bodies a day. A total of 4,345 bodies have to be disinterred and cremated.

French Legation Building.

The French government soon will build and own its legation building in Panama. A large tract of ground has been given to France by the Panama government.

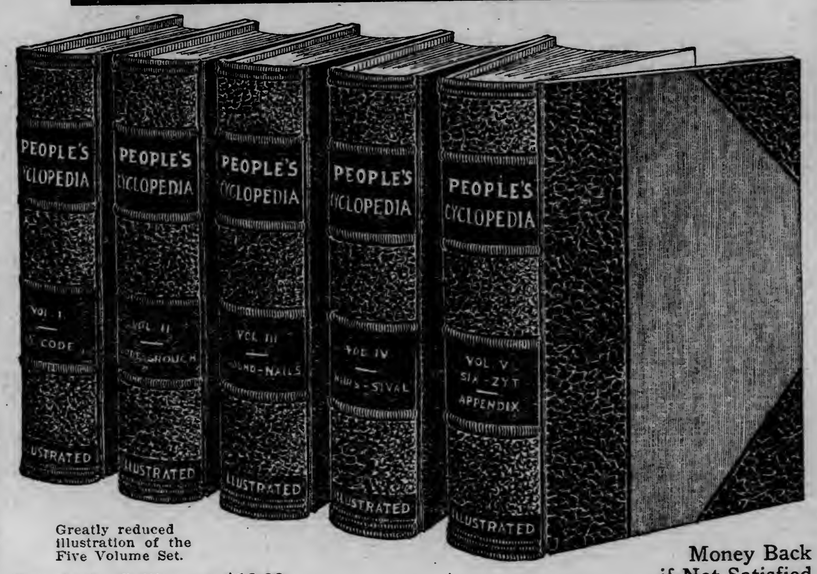

It is near the University club on the seawall and is regarded as one of the choicest locations in the city. It overlooks the bay toward the Pacific entrance of the canal and the several islands on which are the many fortifications that protect the canal entrance.

Plans for the new structure have been prepared in Paris and are being brought to Panama by a supervising architect who will superintend the construction work.

TODAY

This will be a busy day at The Glass Block Store (open until 10 o'clock tonight) where this $12 reference work is being given out complete, for $1.98 and the coupon printed below. Hundreds have gotten their sets during the last four days, and we have been taxed to the limit to meet the rush. This is Saturday, when everyone has some leisure time either during the day or in the evening. We strongly urge YOU to get YOUR books early today, in order that you may be accommodated promptly.

EVERY READER OF THE HERALD SHOULD GET THIS USEFUL SET

Greatly reduced illustration of the Five Volume Set.

Money Back if Not Satisfied

Regularly Selling at $12.00

This great educational distribution to the people of Duluth is being conducted for the benefit of Duluth Herald readers by The Glass Block Store without one penny of profit.

TODAY FOR $1.98 AND ONE COUPON

On every subject this wonderful reference library stands ready with its fund of knowledge. It is indispensable to layman, scholar, professional man and private citizen—to every thinking man, woman and school child.

NO TIME TO LOSE

The National Newspaper Syndicate's allotment for Duluth may be exhausted before the end of next week, when the offer must close.

ORDERS BY MAIL

Money Refunded if Not Satisfactory.

MAIL ORDERS—By parcel post, include EXTRA 14 cents within 150 miles; 24 cents 150 to 300 miles; for greater distances ask your postmaster—amount to include for 10 pounds. Address The GLASS BLOCK STORE, Duluth, Minn.

THE HERALD COUPON

For $1.98 I agree to show this set to my friends and explain how I got it.

This coupon, when presented with $1.98 at THE GLASS BLOCK STORE, entitles the holder to a five-volume set of People's Cyclopedia (regularly selling at $12.00).

THIS COUPON WILL BE REDEEMED AT

The Glass Block Store

2nd Avenue West and Superior St.

HEAVY RAIN FALLS NEAR CROOKSTON.

Crookston, Minn., April 18.—(Special to The Herald.)—Following a terrific thunder storm this morning an inch of rain has fallen and the downfall is continuing. With 40 per cent of the wheat and oats in, the rain is welcome both for crops and pastures.

Fishing Schooner Wrecked.

Gloucester, Mass., April 18.—The Gloucester fishing schooner Harmony, according to dispatches received here today from St. Pierre, was driven ashore on the island and will be a total loss. The crew of twenty men reached shore safely.

REAL HOME-LIKE, REAL HOME COOKING

ESMOND HOTEL

TWENTIETH AVENUE WEST
Fifty-two nicely furnished rooms.
American, $1 up; European, 50c up.

¶THIS To the Farmer

If you are a farmer, we wish to impress on you the many advantages as well as the convenience of a bank account.

Right now is a good time to put your business on a systematic basis.

After you have once used the check plan of paying all bills you will realize the risk of the haphazard loose-money-in-the pocket method you are now using.

This bank will be pleased to furnish you with a bank book and checks when you make your first deposit.

Duluth State Bank

1924 West Superior Street.
Open every Saturday evening.

PREPARED TO SEND 200 MEN

Duluth's Three Companies Could Leave in Twenty-four Hours.

Call for Spanish War Came Just Sixteen Years Ago.

Should war be declared against Mexico and a call be sent throughout the country for the immediate assemblage of the National Guard, Duluth could contribute 200 men and have them prepared and ready for travel within twenty hours from the time the call is received here, according to Col. F. E. Resche of the Third regiment.

There are about 1,000 men in the Third regiment, which includes the three companies in Duluth. In Duluth there are about 200 men, including officers, whose duty it would be to respond in case a call was sent. These men would be considered as deserters if they failed to report. These figures are exclusive of the Naval Reserves.

If a call were received here, Col. Resche said that he would have to issue a special call for volunteers, in order to bring his regiment up to war strength. This was done in 1898, when war was declared against Spain. The war strength of a company is 108 men, including officers, while the companies in the Third regiment have an average of sixty-eight men, including officers. This is slightly above the minimum strength.

The supplies here are sufficient only for the present peace strength, Col. Resche said, and should more volunteers apply, guns, suits and ammunition would have to be secured for them. There would be no difficulty in increasing the strength of the regiment, Col. Resche said.

In 1898 the local regiment received the call at 6 o'clock the evening of April 28, and by the same time the next evening the men were on board trains bound for the South. At that time there were twenty-eight men from Duluth.

Capt. O. A. McGee of the Fifth cavalry has been in Duluth the last few days conducting the annual inspection of three National Guard companies and he completed his work last night. He plans to leave this evening. He reports the local companies in splendid shape and very well trained and equipped for actual warfare.

The local militia would not be called upon until after the regular standing army had been found insufficient. There are 80,000 men in the regular army, of which number about 45,000 are in the Philippines, Alaska and the possessions. This leaves 35,000 men, of whom 10,000 are in the coast artillery. They would be called upon first, after which, if it was found necessary, a call would be sent ordering the 90,000 or 100,000 men in the militia to prepare. The militia would probably be used on the Mexican border protecting the American towns and cities.

PRAISE CLERK OF POOR COMMISSION.

Matteson & MacGregor, expert accountants, have submitted a report to the county poor commission of their examination of the books and accounts of the clerk of the commission for the past two years. The report is accompanied by a detailed report of the receipts and disbursements of poor commission. Among other things, the report says:

"The various books and records of your clerk have been kept in a clear and painstaking manner, evidencing a knowledge in accord with the correct principles of accounting involved."

GOVERNOR AND MAYOR TO SPEAK.

The annual memorial services held by the Loyal Order of the Moose, will be held tomorrow afternoon at 2 o'clock at the Moose hall, 224 West First street. Governor Adolph O. Eberhart and Mayor W. I. Prince will be on the speakers program.

E. A. Sable will preside. Sacred music will be rendered. The addresses will be confined to the work of the order in this city as well as in other cities of the country. The Moose have a membership of about 1,500 in Duluth.

CONFERENCE ON PURCHASING PLANS.

The city council will meet with the general purchasing committee, consisting of the employes who do the buying for the various departments, next Monday morning at 10 o'clock.

The committee met this morning in the council chambers to pass upon the ordinance framed by City Clerk C. S. Palmer, providing for the establishment of a purchasing and storeroom system. Opposition developed to the section requiring all printed blanks and forms to be secured through the purchasing agent on the ground that no saving would be made but much inconvenience would be caused. This and other features will be discussed by the committee with the commissioners at the meeting next Saturday.

The probability is that this feature will not be changed as one of the purposes of the purchasing system is to centralize the city buying. It is recognized that some inconvenience may be caused individuals but the purpose is to conserve the general interest and welfare through a uniform system.

New Law Firm.

E. F. Wharton has become associated with his father, James A. Wharton, former assistant city attorney, in the practice of law under the firm name of Wharton & Wharton.

The younger Mr. Wharton is a graduate of the Duluth Central high school of the class of 1902 and of the University of Michigan College of Law, class of 1913. While in the Michigan law school, Mr. Wharton was quite active in athletics. He was captain of the university hockey team one year, and manager of the baseball team one season.

IRONWOOD MAN FATALLY BURNED

Ironwood, Mich., April 18.—(Special to the Herald.)—A large tenement house in the Norrie location was burned to the ground early this morning. The building was owned by Jacob Raetra. Three Finnish families occupied the building. They were awakened by neighbors about 1 a. m., when the fire had gained headway.

Charles Maki, aged 22, after rescuing his wife and two small children, took a ladder and returned to the bedroom by a window to try and save his trunk, containing $360, and was overcome by smoke, and his charred body was found in the ruins this morning.

The other occupants escaped in nightclothes and lost everything else. The fire is thought to have originated in the basement, where there was a Finnish bath fire that had been in use during the day and had not cooled off.

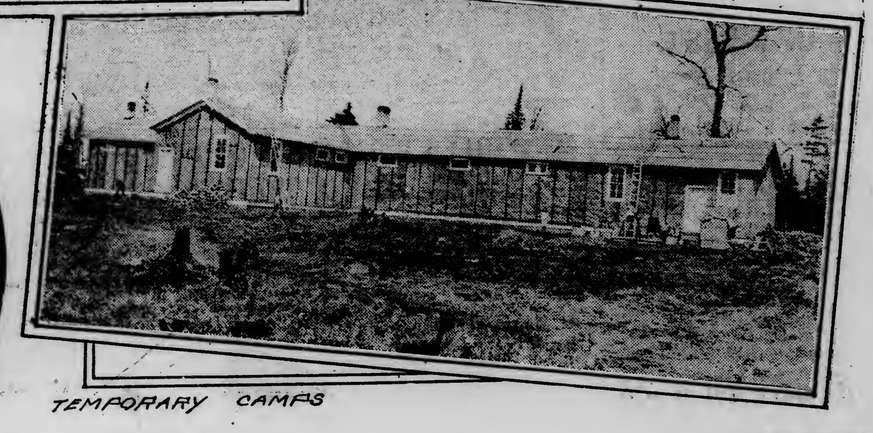

WHERE PETTY OFFENDERS AGAINST SOCIETY ARE NOT "PRISONERS" BUT MATERIAL FROM WHICH GOOD WORKMEN MAY BE MADE

VISITORS AT THE WORK FARM

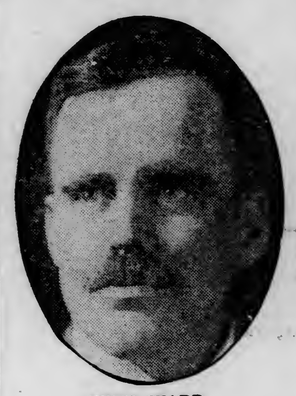

PORTABLE SAW MILL ON FARM SITE

TEMPORARY CAMPS

—Photos by Gallagher.

"The vilest deeds like poison weeds
Bloom well in prison air;
It is only what is good in man
That wastes and withers there."

FRED WARD, Superintendent.

OUTDOOR treatment of crime and the gradual doing away of the timeworn methods which too often have made institutions of detention breeding places for disease and schools for crimes are passing the stage of experimentation so far as Duluth and St. Louis county are concerned. One has but to visit the new county and city work farm to be assured of this.

A visit to the new correctional institution, which is located on a 1,000-acre tract six miles west of the city on the Swan Lake road, impresses one and awakens in him a feeling that the heart of the public has grown in its sense of justice. Although the farm has been operating only since the first of the year, a growing feeling of interest on the part of the public already has been manifested in the work which is being done at the institution.

A party of county and city officials and others interested in the work this week made a tour of inspection of the farm under the direction of A. H. Crassweller, president of the joint county and city board of work farm commissioners, and Fred Ward, superintendent.

It is perhaps needless to say that the visitors learned many new things and came away wiser for the trip. They observed the colony of nearly fifty men at work—useful work out in the woods clearing land for the opening of a big farm. All of them were serving sentences, in a way, for petty offenses ranging from 30 to 90 days imposed by the municipal or district courts.

Not Called Prisoners.

The men—they are not called prisoners at the farm—were found at work in gangs under foremen who live with them. The foremen, or those in charge of the crews, are not called "guards." Neither are they armed. There has been no occasion so far for the use of weapons.

Only two prisoners have escaped since the institution has been running. The percentage of escapes, so far, has been remarkably small. The men, so the visitors were told, are giving faithful and willing service and have even surprised the officials themselves at the farm.

The useful work at the farm site to which the men have devoted themselves, the tonic of the sky and trees and fresh air and the confidence reposed in them apparently have developed a new sense of honor among the prisoners and a sort of a feeling that it is a mean and cowardly thing to run away from the farm.

Such trust and confidence placed in the men, explained Supt. Ward to one of the visitors, calls forth the remnant of manliness which asserts itself and tends to develop in the men a spirit of honor and a willingness to do one's work and lay aside the thought of escape.

Out on the work farm the prisoners have better air to breathe and more wholesome surroundings than in the county jail. The prisoners are human and it is not strange that their dispositions are more agreeable on the farm than in the jail.

"Things are so nice out here," said one of the visitors to the superintendent, "that I would imagine some of the prisoners would like to stay after their time was up."

A marked difference in the feeling of the prisoners might be observed by those who are familiar with the average jail conditions throughout the country. The new order of things, the outdoor treatment, it has been found, brings the men to themselves and arouses the best in them.

Ready to Go to Work.

At the expiration of their sentences, so the superintendent informed the visitors this week, the men leave the farm without the prison pallor on their cheeks, free from jail sullenness, stronger in the face of temptation and best of all ready at once to take a man's job and do a man's work.

The work farm has been in operation scarcely three months but during that time rapid progress has been made in establishing the first unit of a great correctional institution in what was less than six months ago a forest wilderness.

In these three months, the men committed to the farm from the city and county courts have brushed nearly 100 acres of land. About ten acres is now ready for the plow. A garden will be planted and it is hoped that before the summer is over there will be an abundance of fresh vegetables in season raised by the labor of the men. Eventually, all the garden truck used on the farm will be grown there.

The temporary camp which has been erected at the farm will not accommodate more than forty-eight men at the present time in addition to the superintendent and his attendants. Prisoners committed to the farm have to wait their turns to get on to the farm because the institution is now filled to capacity. The work farm commission recently, however, authorized an addition to the camp which will bring the capacity up to 130, which would almost empty the jail.

The present camp buildings, which are more or less of a temporary nature, represent an expenditure of less than $4,500. The main building itself, not taking into account the cost of its equipment, cost about $1,850. On the inside it is finished with tar paper on the studding and shiplap. Sheeting boards have been placed against the studding on the outside and these have been covered by one-ply roofing. The poists and sills used in the construction were cut from the woods in the vicinity. The building for the machinery and stock, 18 by 50, is also of frame construction with tar paper roofing.

The temporary camp was constructed so as to provide for a dining room, kitchen, sleeping quarters and a smoking and reading room for the men, as well as quarters for the superintendent and foremen. Just outside the kitchen door is a well, twenty-three feet in depth and extending down to a solid ledge of rock. It has fourteen feet of water, enough to meet the present needs of the institution.

Permanent Buildings.

Eventually it is planned to supplant the camp now in use with permanent buildings which will probably be either of brick or concrete construction. Supt. Ward is of the opinion that there are plenty of good sand and gravel on the farm site to furnish all the material needed for construction.

During the month of February, the work farm board authorized the purchase of a second-hand portable sawmill which has been moved to a site near the camp and which is now being insetalled. Several thousand feet of timber has been cut and has been hauled to the place where the mill has been set up. A number of the settlers have also brought in their logs to be sawed for them. Sufficient lumber will be sawed for the erection of all buildings needed on the farm this year. Later it is planned to put in a rock crusher so as to give the men an opportunity to learn how to make cement blocks.

The visitors at the farm this week were agreeably surprised when they sat down to one of the meals which Supt. Ward feeds his big crew of men. The meal, which was prepared by Mr. and Mrs. George Dease, was one of the features of the day and brought forth many compliments from the visitors. The menu consisted of beef stew, boiled potatoes and carrots, baked beans, wheat and brown bread, coffee, tea, cookies, cake, and last, but far from least, pumpkin pie. Except for the pumpkin pie and the cookies and cake the menu is an average one. And one of the singular things about it is that the average cost per meal per man is 7 cents. The county pays the sheriff 11 cents per man per meal at the county jail.

Garden Will Help.

When the work farm garden begins to produce vegetables for farm use, it is expected that the high cost of living at the farm will take another downward slump. The kitchen from which the meals are cooked is comparatively small, being about fourteen feet square. Unbreakable dishes are used for serving the food. The cleanliness of the kitchen appealed to all those who visited it.

Prisonere are conveyed to the work farm by the sheriff. When a deputy sheriff turns a prisoner over to the superintendent at the latter's office the responsibility of the sheriff's office ends, and from then on until the prisoner has served his time, the superintendent is responsible for him.

Daily Routine.

The daily routine of the men is interesting. The men rise at 6 o'clock, breakfast at 6:30; go out to work at 7; are recalled at 11:45 for dinner, resume work at 1 p. m. and quit at 5:45 o'clock. Supper is served one hour later. After supper the men may spend the time reading or playing cards in a room which has been provided for that purpose. A number of magazines and newspapers have been supplied for the benefit of the men. Supt. Ward hopes later to establish a night school for the prisoners.

Certain fixed rules are provided for the government of both the employes of the institution and the inmates or prisoners. One of the rules is that the inmates must not speak to visitors nor give or receive anything from them without the permission of an officer. Another is that they keep themselves neat and clean and refrain also from the use of profane language. When drunks are received at the work farm they are usually first fumigated and then put through a Finnish bath house. New clothes are often supplied. The men, who desire to smoke while at work are allowed to do so and are furnished a limited amount of tobacco free every week.

The road into the work farm from the Pike Lake or Swan Lake road is a crude affair as yet and during soft weather is practically impassable. Supt. Ward expects during the coming season to get busy on this road and put it into better shape. Later on a more direct route will be laid out and built to the Pike Lake road.

No resume of what has been accomplished at the work farm during the few months of its existence would be complete without special reference to Fred Ward, the superintendent. Necessarily much depends upon the personality of the superintendent and ability to handle men. Mr. Ward not only has this knack but is also peculiarly qualified for the place as a practical farmer. In addition to this he has had some little experience as head of a boy's correctional institution in Illinois. Members of the work farm commission have felt that they were fortunate in securing the services of Mr. Ward for this position. He was formerly agricultural agent in this county.

The county and city officials who visited the farm site on a tour of inspection this week included: Mayor Prince, Commissioners Hicken and Murchison, District Judge W. A. Cant, Municipal Judge Frank H. Cutting, Chief of Police C. H. Troyer, Lieut. Wilcox, County Auditor Odin Halden and Charles E. Adams, special county counsel. Others in the party included newspaper men and members of the work farm commission.

The personnel of the joint county and city work farm commission is A. H. Crassweller, president; Bishop James McGolrick, Thomas Olafson, West Duluth; Fred B. Myers of Biwabik and A. P. Silliman of Hibbing. With the exception of Mr. Silliman all of the commissioners were present on the trip.

The work farm site is located in sections 1 and 2, range 15, township 50 and at the present time comprises 980 acres. Condemnation proceedings have been started, however, to acquire title to a 20-acre tract in order to make an even thousand acres.

You Can Help Duluth
To grow by asking for "Gitche Gamee" and "Northern Maid" shoes for men and women. The Northern Shoe company guarantees full value for your money—this company, a Duluth institution, is making stylish, comfortable and serviceable shoes, second to none. Ask for Duluth-made shoes.

Isle Royale.
E. T. Singer, manager and owner of Washington harbor has his crew in readiness and will leave on the first boat to get the island in shape for guests by June 15. Eugene Perreault, who entertained there eight years ago, is engaged for the coming season, and in addition to fishing and boating there will be informal dances, cotillions, evening concerts and scouting expeditions. Isle Royale and Washington harbor are noted for delightful summer climate and are visited annually by many pleasure seekers.

Nesbitt a Delegate.
At a business meeting of Aad temple, Nobles of the Mystic Shrine, held at the Masonic temple last evening, fifty-four candidates were accepted and the fifty of them who applied for initiation—the other four being for affiliation—will be initiated at the ceremonial which will be put on at the temple next Friday night. At last night's meeting also, Past Illustrious Potentate Harry Nesbitt was elected a delegate to the imperial council meeting which will be held in Atlanta, Ga., next month. He goes in place of Past Illustrious Potentate A. P. Cook, who resigned.

Lawler Case Postponed.
Because Charles Patrick Lawler, who murdered his sister-in-law at the Astoria hotel a week ago last night, is still unable to appear in court, his preliminary examination set for yesterday afternoon, has again been continued, this time to 10 o'clock the morning of April 28. When arraigned in police court last Saturday on a charge of murder in the first degree, Lawler asked for a hearing.

Women Are Sentenced.
Vintie Schulze was given a straight sentence of thirty days in the county jail, while Mary Meyers, Helen Clemence and Frank Rashman, were each fined $50 and costs or thirty days in the county jail. The convictions of the quartet followed the trial in police court yesterday, as the result of a raid made on the Schulze rooming house shortly before midnight last Tuesday.

Will Resume Monday.
John R. Heino took the stand in his own defense yesterday afternoon in district court where he is being tried for adultery. He had not finished his testimony when court adjourned last evening and will resume Monday morning. Heino's defense is an absolute denial of the charge that he had improper relations with Mrs. Olga Gran. The alleged telephone conversations testified to by the state's witnesses were also denied.

We Make Loans on Real Estate.
Pulford, How & Co., 609 Alworth building.

Two More Beauty Spots.
Two additional triangles will be beautified by the park department this year, according to Mayor Prince. Trees and flower beds will be planted and benches placed in the plots at Woodland avenue and Fourth street and Woodland avenue and Eighth street. The former is now under the jurisdiction of the park department and the latter will be transferred from the works division to the park department at the meeting of the council Monday afternoon.

Allowed to "Make Good."
Charles A. Isaacs, 58 years old, who is canvassing for a small police directory and who was arrested last night on a charge of vagrancy, was this morning given a week's liberty by Judge Cutting. Several complaints have been made by Duluthians to the effect that Isaacs has failed to publish the directory and this morning he promised the court to print the booklet within a week. Should he do so, the court will suspend sentence.

Captures Stray Horse.
Patrolman Riedel yesterday afternoon succeeded in capturing a stray horse in the backyard of his home at 524 East Fifth street. He took the animal to the Harris livery stable, where it now awaits its owner.

Fire From Cigar Stub.
Fire believed to have started from the stub of a cigar that had been left on a chair during the evening caused a $200 fire in the Herman Brown billiard hall and bowling alley at 201-7 West Superior street about 3 o'clock this morning. Patrolman Kreager saw the fire and turned in the alarm.

Free Tickets at Gray's.
Miss Shaull, assisted by living models, wearing new Bon Ton corsets. Only a limited number may attend. First lecture at 2:30 p. m. Monday. Other lectures at 10 a. m. and 2:30 p. m. Tuesday and Wednesday. George A. Gray Co.

Entertain Napoming Patients.
Twenty-five members of the Clan Stewart, under the direction of Simon Clark, entertained the patients at Nopeming hospital last evening. They were accompanied by the pipe band, which gave a program of music, following some Scotch singing and dancing. Mr. Clark arranged the program for the evening, which was highly enjoyed by the patients at the institution.

Not Guilty of Assault.
Kastanty Makovski, 42 years old, who was arrested yesterday morning on a charge of having assaulted Thomas Maloney, was this morning found not guilty by Judge Cutting and the case was dismissed. Makovski pleaded not guilty when arraigned following his arrest and he was out on $10 bail.

Owl Car Kills Horse.
While Oscar Eklund was driving three horses over the Oneota street bridge at Forty-ninth avenue west at 2:15 o'clock this morning, one of the animals was struck by an owl car and later died from the injuries. Eklund was bringing the horses to West Duluth from the woods.

Two Go to Work Farm.
Straight thirty-day sentences on the work farm were this morning given Julius Lange, 55, and John Reedy, 57, for being vagrants. They were arrested last evening and in police court this morning they pleaded guilty to the charge.

Held for Theft.
Fred N. Linn, 23 years old, was arrested this morning on a charge of having stolen several wrenches and hammers from the work box at the new Zelda theater, which is being erected at 309 West Superior street. He was arraigned in police court on a charge of larceny in the second degree and his examination was set for 10 o'clock Tuesday morning. Bail was fixed at $300.

Wants $3,255 for Fall.
For injuries claimed to have been sustained in a fall on a defective sidewalk on the east side of Fifteenth avenue west between Superior and First streets on Oct. 20, 1913, Clara Giers is seeking to recover $3,255 from the city and Joseph L. Shaw, owner of the premises in front of which she was injured.

Will Plead Guilty.
Bernard Diers, 19, Proctor, who was bound over by the justice court at Proctor recently on a charge of having obscene literature in his possession, has asked the county attorney's office to prepare information to which he might plead guilty. Diers will be arraigned before Judge Dancer in district court this afternoon and at that time he is expected to enter a plea of guilty. The offense with which the young man is charged is a gross misdemeanor in this state.

Pursued—Attempts Life.
Bismarck, N. D., April 18.—When Sheriff Barnes and two deputies closed in on him after a pursuit or several miles near Driscoll, Peter Sandberg, 32 years old, unsuccessfully attempted to commit suicide to prevent his arrest, slashing his throat with a razor. He was taken to the state insane asylum yesterday.

Free Tickets at Gray's.
Miss Shaull, assisted by living models, wearing new Bon Ton corsets. Only a limited number may attend. First lecture at 2:30 p. m. Monday. Other lectures at 10 a. m. and 2:30 p. m. Tuesday and Wednesday. George A. Gray Co.

PERSONAL

D. S. Scott of Seattle is at the Spalding.

N. E. McBride of Chicago is at the Spalding.

J. A. Percival of Minneapolis is at the Spalding.

H. W. Thorp, manager of the Goodrich Transit company of Chicago, who came to attend the funeral of his brother-in-law, Walter N. Thompson, who died at Asheville, N. C., April 14, returned home today.

Mr. and Mrs. W. B. Thorp of Stillwater, who were called here by the death of Walter N. Thompson, returned to their home city today.

Benjamin M. Goldberg, a local attorney, will leave this evening for Lansing, Mich., where he will appear before the Michigan supreme court next week. Before returning to Duluth, Mr. Goldberg will go to Washington, D. C., on business.

YOUNG WILBERT UNDER ARREST.

New York, April 18.—Harry J. Wilbert, 24 years old, who said he was the son of the late State Senator Wilbert of Pennsylvania, was arrested here today on a warrant charging burglary, sent by the Pittsburg police. Pending the arrival of extradition papers, Wilbert was held without bail.

According to the police, the young man robbed the home of the daughter of a former mayor of Pittsburg of jewelry valued at $4,000, on March 26 last.

BOTH EXPORTS AND IMPORTS LARGER

Washington, April 18.—Both imports and exports were greater last month than in March, 1913, according to figures announced by the bureau of foreign and domestic commerce.

March imports totaled $181,930,039, against $155,445,498 in March last year, 61 per cent of this being free merchandise against 54 per cent in March 1913.

For the nine months ending with March, current year imports had totaled $1,397,927,317 against $1,401,844,183 in the corresponding period last year and domestic exports $1,859,107,589 against $1,881,043,972 last year.

Superior

BODY IS FOUND FROZEN IN SLIP

The body of Peter Morgan, 52 years old, who made his home with his sister, Mrs. J. E. Weir, 1112 Fisher avenue, was found yesterday afternoon frozen fast in a cake of ice near the Great Northern slip. The body is believed to have been in the water since Dec. 20, 1913, the last day Morgan was seen alive.

It is the opinion of Mrs. Weir that her brother was murdered. It had been pay day and Morgan had received $65 in wages. When the body was found only 35 cents was found in the clothes.

The theory is that the men who committed the robbery threw the body into water. At that date in December only a thin film of ice was on the water and he is believed to have broken through, rising later to the surface and becoming inbedded in the ice.

Morgan was single and employed as car repairer for the Great Northern railroad. He had lived in Superior for fifteen years. He is said to have been of good habits, and his friends scoff at the suicide theory advanced by officials. A coroner's inquest is being held this afternoon.

DIES ON THE WAY TO HOSPITAL.

Lars Stepness, 60 years old, 1427 Lake avenue south, died last night in an ambulance as he was being taken to St. Mary's hospital. Mr. Stepness had been ill for about a year and suddenly turned worse early in the evening. An ambulance was called to take him to the institution.

Mr. Stepness has been a resident of the city for a number of years. He leaves a widow and one son. The funeral will probably be held Tuesday afternoon with services at the First Norwegian-Danish M. E. church, Twenty-fourth avenue west and Third street. Rev. H. A. Ofstie will officiate.

Children Start Fire.

Children playing with matches set fire to a shed at 172 West Second street last evening. The children had started a small camp fire in the shed and this spread throughout the building. Members of the fire department arrived in time to save some of the children from being badly burned.

To Hear Liquor Cases.

Judge A. L. Sanborn of the United States Federal court will listen to twenty-seven cases of alleged offenders against the liquor laws beginning Monday morning. Most of the cases are relating to the furnishing of liquor to Indians. Among these are some local saloon keepers. Twenty-two of the prisoners, many of whom are Indians, are now being held in the local county jail.

Hit By Lightning.

Lightning put the alarm system in the Superior high school out of business late yesterday afternoon. The stroke had touched one of the wires connected with the school. A number of normal students, who were in the building at the time, were given a scare. No damage was done.

CHARGES AGAINST SHERIFF ARE HEARD

Ontonagon, Mich., April 18.—(Special to The Herald.)—The hearing of the charges against Paul Francis, sheriff of Ontonagon county, and Charles O'Rourke, his undersheriff, for alleged misconduct in office, terminated yesterday. J. A. Green, assistant attorney general, examined the witnesses for the people, and M. J. Doyle of Menominee was counsel for Sheriff Francis, together with Van Slyck & Walh, and Chester W. Brown.

The hearing lasted three days. Fifteen witnesses were examined for the people and eight for the defense. H. A. Wieder, circuit court commissioner of Houghton county, acted as tribune, owing to the fact that both Prosecuting Attorney Jones and Court Commissioner Brown of Ontonagon county were disqualified on account of being parties to the affair.

M. J. Doyle, on the opening of the case, protested against the investigation because it was not conducted according to statute, which required the prosecuting attorney of the county to recommend any investigation for misconduct in the office of the sheriff. Assistant Attorney General Green argued against this that the attorney general of the state was ex-officio prosecuting attorney general of each and every county in the state and, as such, the trial was proper and should proceed. H. A. Wieder overruled Mr. Doyle's objection.

Saw Prisoners Beaten

The assistant attorney general examined fifteen witnesses, all of whom testified that on July 18 last, two prisoners who had gone out to empty a garbage can were seen to return and then laid upon by the undersheriff and a number of his deputies together with other county officials and whipped and beaten to what appeared to them brutally.

The defense examined eight witnesses, including the undersheriff, who while admitting that they were partly armed and prepared for the escape of the prisoners, testified that the prisoner was not beaten brutally and that they felt they had done nothing more than their duty in carrying on with the proceeding as they did.

Mr. Wieder, as soon as the testimony is all sworn to will prepare a report to the governor, before whom the assistant attorney general and counsel for the defense will argue the case.

TWO MEXICANS SHOT AT FORT BLISS, TEX.

El Paso, Tex., April 18.—Individual infraction of the rules of the prison camp at Fort Bliss since the Tampico incident culminated last night in the shooting of two of the Mexican Federal prisoners by sentries. One of the wounded men will die.

A Roof That Is Properly Covered

with H. M. Reynolds' Asphalt Slate Shingles requires no repairs. They never rot or decay, never warp, buckle or split. Are adaptable to any roof of ¼ pitch or more. They are laid the same as wood shingles and as each shingle is a unit in itself, there can be no breakage caused by the settling or adjusting of the roof. They are easy to lay and are not affected by climatic or atmospheric conditions.

Very attractive designs may be worked out with red shingles on the roof and green shingles for the siding.

Reynolds' Asphalt Slate Shingles reduce your insurance rate.

We are at all times glad to submit additional information in regard to H. M. Reynolds Asphalt Shingles and to give such assistance as is within our power to any one figuring on using them.

Hints for Prospective Builders----Directory of Duluth's Leading Home Builders, Supplies and Furnishing Concerns

THE SPANISH MISSION TYPE TO COST $4500.

The Spanish mission type, one of The Herald's Home Beautiful series of nine different types of domestic architecture, is presented to our readers above. It is a style of building that appeals to every one on account of its simplicity in detail and yet its very imposing features. It is constructed of interlocking tile covered with stucco finish. The first floor plan has a large living room and dining room with back staircase to second floor and basement. The first floor is finished in birch with maple floors and the second floor with yellow pine, white enameled and maple floors. The building would cost to erect in the city of Duluth about $4,500, complete with plumbing and heating.

The Most Modern Homes Use Electric Appliances

Even homes enjoying the advantages of Electric Light have not reached the highest point of domestic efficiency, unless they are quipped with one or more of the handy electrical household appliances. Besides a saving of time and labor, tasks are performed better and with an indescribable feeling of satisfaction.

Lessen the Household Labors

An Electric Vacuum Cleaner cleans thoroughly and quickly. It does not stir up the germ-laden dust as a broom does, and it avoids the back-breaking labor of sweeping. An Electric Sewing Machine Motor allows you to do a great deal more work than you can accomplish on a foot-power machine—saves time and strength as well. You owe it to yourself to investigate.

Phone for our representatives to explain.

Duluth-Edison Electric Co.
216 WEST FIRST STREET.

THE HOME BEAUTIFUL PAGE attracts the attention of the prospective bride or groom-to-be, the married men and women who wish to improve their home and those intending to build. Why not have your ad here and tell them what you have? Both phones 324.

SARGENT Hardware

Prompt, co-operative and efficient service is assured when Sargent Hardware is specified by the architect under whose jurisdiction the selection almost invariably falls. If you expect to build or remodel, let us show you Sargent designs to harmonize with your architecture and explain points of superiority about this hardware. Sargent Locks are famed for security. All styles, cylinder and bit-key.

WEST END

HERALD BRANCH:
Herman Olson, Manager, 1823 West Superior Street.

WILL TALK TO Y. M. C. A. BOARD

West End Committee Will Submit Plans for Branch.

The committee of the West End Commercial club, having in charge the proposition to establish a Y. M. C. A. in the West end, will be invited to attend the regular quarterly meeting of the board of directors of the Central Y. M. C. A. next Friday evening. At this meeting the West end committee will lay before the board of directors the proposed plans for establishing the branch.

The members of the committee are Rev. George E. Silloway, Martin Timmerman and John J. Moe.

The enthusiasm for the establishment of the building in the West end is increasing every day. The campaign for the funds will likely begin shortly after the conference with the directors.

WOULD SUPPLY GARDENS FOR ALL

Mayor and Charities Would Provide Ground for Such Purposes.

A plan whereby those who have no ground for gardens adjacent to their own homes can be supplied with a small garden is being worked out by Mayor Prince and the Associated Charities. A feature of the plan is to turn over a strip of ground comprising about 145 lots above Lincoln park near the Rogers boulevard for such purposes.

The aim is to allow those who wish to do so, to select a small piece of the ground for a garden on which they can raise vegetables for their own consumption. No one raising a garden at this place will be allowed to sell any of the stuff. Maps of the ground can be obtained at the office of the Humane Society and Associated Charities at the courthouse.

AMATEURS SCORE HIT IN COMEDY DRAMA

It was discovered last night that many prominent church people who are following various vocations in every-day life are missing their calling. The discovery was made during the production of "At the Union Depot," presented by the "pillars" of the Grace Methodist church at the Columbia hall. Some of them should have been actors.

The play was produced before one of the largest audiences that ever packed the hall. Standing room was at a premium before the show began and many people who arrived a little late had to be turned away.

For an amateur play it ran very smoothly. A number of additional features, not down on the program, were run in at the last minute, among them being singing by a trio of young men, members of the Adams Glee club.

James Preston as the ticket agent, Joseph Cumming as "Josiah Potter," Mrs. David Adams as "Mrs. Brown," O. A. Stenberg and Miss Anderson as "Mr. and Mrs. Martindale;" T. S. Fowler and Miss Gladys Shaw as the bride and groom were especially good. Little Miss Annette Germoth, who appeared with E. G. Pash as the Italian musicians, was given an ovation for her singing.

Others who took part were: Chester Haskins, J. W. Selner, George Barnes, Mrs. Barnes, Jessie Lewis, Mrs. J. W. Selner, Mrs. Clarence Kelley, Mr. and Mrs. E. W. Lund, A. Swan, Mrs. George King, A. Condy, Hazel Selseth, Oliver Haskins, Ida Leonard, Hazel Moir, Lillian Doby, George Sullivan, Harry Schrass, Mrs. T. R. Hancock, George Donaghy, Miss M. Gorman, Alton Anderson, Walter Nelson, Frank Bryant and others.

The success of the production last night may lead to another performance in the near future.

WEEK'S REVIVAL TO BEGIN SUNDAY

Rev. Gust F. Johnson, pastor of the Swedish Tabernacle church of Minneapolis, one of the largest Swedish Mission churches in the United States, will conduct a series of a week's revival meetings in the Swedish mission church, Twenty-first avenue west and Second street. His first service will be at 7:30 o'clock tomorrow evening.

REV. GUST F. JOHNSON.

Rev. Mr. Johnson is one of the most fluent Swedish pulpit speakers in America. Since his arrival in Minneapolis from Rockford, Ill., he has crowded the Tabernacle to the doors. This church has a seating capacity for 3,000 people. The evangelist will speak in both Swedish and English during the series of meetings. The address tomorrow night will be in Swedish.

NOT RESPONSIBLE FOR ACCIDENT.

Edward Kaner, owner, and K. A. Franklin, lessee of a building at 1905 West Superior street, cannot be held responsible for a fall on an icy sidewalk in front of their premises on the grounds that the owner and lesssee were negligent in allowing the sidewalk to be covered with ice and snow longer than the time allowed by the city ordinance.

Judge Cant so ruled yesterday in district court where he sustained a demurrer which had been interposed to a suit for $7,600 damages brought against Franklin and Kaner by Erick Wallin. Wallin demanded damages for a broken leg which he sustained when he fell on an ice covered walk in front of the Franklin clothing store at the West end March 16, 1913.

FRENCH CLUB IN PLAY.

Members of the French Naturalization club were treated to a new form of entertainment last evening at the meeting of the club in the French hall, Twenty-fifth avenue west and Third street. Following the business meeting at which twenty-five new members were initiated, mock initiation ceremonies were put on in which a "colored man" was put through the work.

Four members of the club took part in the act. Many of the members who were not aware of what the play was to be, were surprised to hear the French language given in the twang of the Southern negro. The play scored a hit.

In addition to this act wrestling and other forms of entertainment were furnished. More than 300 members attended.

Trinity Lutheran Services.

Rev. F. O. Hanson, pastor of Trinity Lutheran church, corner of Twenty-seventh avenue west and Third street, will conduct communion services tomorrow morning at 11 o'clock, at which there will also be a reception of members. Sunday school will be held at 9:45 in the morning. The evening services will take place at 7:45.

The choir of the church will hold a rehearsal at 8 o'clock this evening with Mrs. A. Lofgren, 2305 West Second street.

West End Briefs.

Mrs. H. G. Thompson of St. Paul, who has been visiting relatives in this end of the city, left yesterday for her home.

Carl Jackson of Bemidji left this morning for Minneapolis after spending a week visiting former friends in this end of the city.

August Lancor of Verndale is spending a few days in this end of the city.

The Rebekah guild of St. Peter's Episcopal church, will be entertained Thursday afternoon at the home of Mrs. Adolph Olson, 429 North Twenty-first avenue west.

Harold Germath of Brandon, N. D., former resident of the West end, is visiting in this end of the city.

The Herald will be glad to have its attention called to any misleading or untrue statement which may appear in its news, editorial or advertising columns.

ABOUT HEARST.

The New York World has given Mr. William Randolph Hearst a rich dressing-down which it is good to read. It's a mighty spirited editorial, full of vigor and truth and hitting straight with sledge-hammer force.

Hearst, who inflamed the murderer of McKinley, is striving with all his cunning to inflame public hatred against President Wilson. There is nothing too vile, nothing too subtly cruel, nothing too venomously dishonest, for him to use in wreaking his revenge for the president's failure to make him supreme in the councils of the administration.

The World quotes a speech made by Elihu Root, then Roosevelt's secretary of state, in 1906, in which he referred to Roosevelt's statement in his first message to congress that the assassin of McKinley was inflamed "by the reckless utterances of those who, on the stump and in the public press, appeal to the dark and evil spirits of malice and greed, envy and sullen hatred," and that "the wind is sowed by the men who preach such doctrines, and they cannot escape their share of responsibility for the whirlwind that is reaped."

In that speech Senator Root added: "I say, by the president's authority, that in penning these words, with the horror of President McKinley's murder fresh before him, HE HAD MR. HEARST SPECIFICALLY IN MIND."

Quoting these trenchant sentences, the World adds:

> Mr. Hearst apparently learned nothing from the assassination of William McKinley. Or if he learned, he has quickly forgotten. He is now making against President Wilson the same "appeal to the dark and evil spirits of malice and greed, envy and sullen hatred" he made against President McKinley. Indeed, his attacks upon President Wilson are even more malicious, mendacious and incendiary than were his attacks upon President McKinley.
>
> Day after day Mr. Hearst, in word and caricature, is picturing the president of the United States as a traitor to the United States. Day after day Mr. Hearst charges the president of the United States with overt and calculated treason. Day after day Mr. Hearst presents the president of the United States as the cowardly and cunning enemy of the American people.
>
> This is the food upon which the twisted and distorted brain of a Czolgosz feeds. If some later Czolgosz, his weak and wayward mind inflamed by Mr. Hearst's demagogic abuse of the president, should carry the Hearst argument to its logical conclusion and proceed to remove the "traitor" that the Hearst papers have portrayed to him, nobody would be more astonished, perhaps, than Mr. Hearst. He and his kind are always astonished when the wind that they have sowed is reaped in the whirlwind.

The World seems to honor Hearst unduly by attention beyond his deserts. Certainly there is nothing in the man or his public activities—at least nothing good—to deserve such prominence. Yet even Jack Cade, even Herr Most, even Czolgosz, have by their deeds of evil wrought havoc which gave them prominence beyond their personal deserts.

Perhaps, then, the World is NOT giving Hearst undue prominence.

Apparently being mayor of New York isn't the right job for the molly-coddle, either.

ENVIRONMENT DOES MAKE CRIMINALS.

The New York World having rebuked those who asserted that the four executed gunmen were the products of their environment, its attitude is approved by a correspondent who writes in to say this: "To say that criminals are the products of life, education and environment is rubbish."

And he names Thaw as an example to prove that environment does not make criminals.

A very unhappy instance, this. For if ever environment made a criminal, it made Thaw a criminal. Too much money, too much leisure, too much coddling by fond and doting parents who were determined that their children should never undergo the deprivation they had endured, made Thaw's crime just as surely as slum environments ever fruited in a gunman or a yegg.

The controversy, however, is interesting. There is one school of thought which would throw all the blame on society, and acquit all criminals of all personal responsibility. That school is wrong.

Then there is another school which would acquit society of all blame, and heap it all upon the shoulders of the criminal, whatever his crime and whatever lack of proper training and opportunity may have blighted his life. That school is wrong, too.

And yet both are somewhat right, as often happens.

Environment does make criminals, because environment often means lack of training, lack of proper influences, lack of fair opportunity. And these things make criminals much oftener than they make useful citizens.

Yet personal responsibility is a thing not lightly to be thrown aside or taken away. To throw the blame on society is too easy a salve for a sore conscience, and those whose theorizing encourages it are doing deadly wrong.

Society must be condemned for every breeding place of crime it neglects. The individual must be blamed for his failure to make the best of such opportunities as fall to his lot.

One of the most evil things in American life has been the recent hysteria that has produced the distorted notion that where society permits wages to fall below a fair level, the victims are justified in sinning and committing crimes to make it up. That's a monstrous doctrine; yet men and women, in plays and books, have taught it.

As the case often is in such controversies, both sides are wrong and yet both are partly right.

It is wrong to divest either society or the individual from whatever full share of blame attaches to each. The one side errs in acquitting society, the other in acquitting the individual.

Peru is having trouble about deciding on a new president. It is possible the Colonel will not return north.

THE CANDIDATES AND THE PRIMARIES.

Governor Eberhart has a piece in the papers in which he sets forth again his conclusion that the future of the statewide primary system in this state hinges on his own political fate.

His belief seems to be—or at least it is the belief he seeks more or less deftly to implant in the minds of the voters—that the primary lives if he lives—politically—and dies—politically—if he dies.

Contrariwise, if Lee, whom he describes adroitly as "the Todd county banker," should win, that is the end of the primary system in Minnesota—according to Eberhart.

Somehow, we are unable to feel the force of this argument. As we have said before, it would be dreadful if it were so. To have so important an institution as the direct primary system hang precariously on the political fortunes of such individuals as Eberhart and Lee would be a situation awful to contemplate.

Frankly—we hate to say it but it is true—we think that both Mr. Eberhart and Mr. Lee are thinking a lot more about Mr. Lee and Mr. Eberhart than they are about the primary election system. We cannot imagine either of them laying down his political life as a sacrifice to save the primary system.

On the other hand, we reckon that as the primary existed a long time before either of these gentlemen became candidates for governor, so it will persist a long time after both of them have ceased troubling the waters of the political pool in this state.

It is too big a thing and too important to hang on the will or wish of any such folks. The truth of the matter is that either of them would be for the primary if he thought it would help him politically, and against it if he thought it would hurt him.

Inspectors have found that some of the sausages sold in Boston are stuffed with sawdust. The incident is interesting in that it brings to light the surprising fact that sausages of any kind are sold in Boston.

A FLIMSY BASIS FOR A SUIT.

One fault with the courts in this country is that it is too easy to bring suits on trivial grounds. We are not prepared to say just how the matter ought to be regulated, but it surely is an imposition when the time of the courts can be taken up at public expense with causes which never should see the light of day.

Sometimes, too, this has an ugly angle. The Chicago case where a man who had dared to testify against the lumber magnates who were charged with corruptly procuring Lorimer's election to the senate was haled into court to answer a ridiculous charge of misbehavior with a woman is a case in point. The cause was whipped out of court, but the stigma remained.

And it is possible to get a lawyer to bring a suit in which you, Mr. Reader, or your wife, may be blackened by the baseless charge of being a co-respondent in an adultery.

The case brought by Tom Meighen of Fillmore county against the 1913 reapportionment law seems another case in point.

The Constitution says that the legislature at the first session following a census may reapportion the legislative districts. The Meighen case is based on the conception that this means that the legislature can reapportion only at the first session after a census; when, reapportionment having failed in 1911, which was the first session after the 1910 census, it could not then prevail until 1913, when the second session after the census was held.

This, surely, is the most technical of technicalities, and the district court has very promptly ruled against the contention. The time of the district court having been taken up with this case at public expense, it now goes up to consume the time of the supreme court.

Which seems an idle use of judicial machinery.

Next thing folks know, Huerta will be claiming that the convention was packed against him.

A SOLDIER OF THE RIGHT.

Minnesota and Minnesota journalism suffered a great and lasting loss when Harwood G. Day, editor of the Albert Lea Standard, passed away Tuesday.

With a powerful and vivid pen, guided by an unerring instinct for the fine and right things in public and private life, throughout a busy and useful life this man who is gone championed the cause of the burdened and the oppressed with high and fearless purpose. An abiding faith in humanity and a pervading sympathy with humanity's sorrows and problems inspired him, and clear vision and a penetrating intelligence guided him. He was a valiant soldier of the right, and Minnesota grieves that he is gone.

"Gen." Coxey sleeps in the best hotels, and the members of his "army" sleep on benches in semi-public halls. But if the "army" continues to dwindle in the same proportion it did the first day out, the general can take them all to the hotel with him and not be overburdened with expense.

THE MAGAZINES AND THE PUBLIC.

The magazines are coming in for criticism these days. The newspapers have always had their share of it, and it has been wholesome for them. Out of the mass of error and misapprehension in common criticism of newspapers, gems of truth have been plucked, and the newspapers that have plucked them are the better for it.

And so the magazines will find.

The present epidemic of magazine criticism, however, is peculiarly interesting to the newspapers because the magazines have obviously sought to supplant the newspaper in certain fields, and with that ambition in mind they have been the most severe critics of the newspapers.

As there was much of truth in the criticisms of the newspapers, so is there much of truth in the criticism of the magazines. That class of them which has been seeking to profit by what was thought to be a public demand for discussions of sex problems that were frank to the verge of rawness are particularly deserving of criticism, and they are getting what they deserve.

The fact is that there are too many magazines of the lower class, and competition for public favor has been so keen that it has led many of them into false steps caused by mistaken judgments of public taste. There are not too many good magazines—the Atlantic, Harper's, Scribner's and the Century have little competition. Though one or two of these have wabbled on their high seats and have shown that they were tempted to plunge into the muck with their ten and fifteen-cent contemporaries, fortunately the falterers have recovered themselves in time.

The erring magazines have attempted an old game in the newspaper business, and one which the newspapers have nearly outgrown—the attempt to profit by the old advice to "raise hell and sell papers." And it worked—as it used to work in the newspaper business—until the public grew weary of hell-raising and disgusted with that modern type of it which the newspapers never attempted—the purveying of indecency under the flimsy guise of "teaching moral lessons."

Moreover, as Hearst was a pernicious influence which the newspaper business has but lately outgrown, so is he a pernicious influence in the magazine field—only the magazines have nowhere near outgrown it.

The Indianapolis News thus discloses the god of greed in the machine of magazine-making: "The popular whim is the lodestone in the magazine business, speaking of it as a whole. Very few magazines in this country are exempt from this influence. For whims and fancies mean patronage, patronage means circulation, and circulation means advertising. It has not been so long since muckraking found its broadest expression in current publications. It was the 'popular thing' to rake and rerake; the more the muss the better the sales. Naturally there was a reaction. Yet muckraking dwindled in popularity only to be succeeded by something else. Yesterday it was sex, but today there is a popular revulsion of feeling. What it will be tomorrow depends on how quickly the magazines that 'go after the business' catch the passing whim."

Worse still, it depends on what the magazine editor conceives the popular whim to be. Just now the indications are that the next popular magazine field may be the liquor traffic. Several magazines have ventured into that field already.

It was sort of mean of this Mexican business to come up just when the baseball season was hoping to claim the center of the stage.

"HOW TO KEEP WELL."

Somebody, whose modesty precluded his accompanying it with his name, sends us a clipping from a magazine telling of the untimely deaths of a couple of men who had been authorities on longevity.

One of them was Dr. West, of Orange, N. J., who was about to lecture on "Scientific Methods for the Prolongation of Life," and who died at forty-nine. The other was Surgeon-General Hamilton of the marine hospital service, who years ago wrote a book on "How to Live to Be a Hundred," and who died only a little past fifty.

From these sad instances, the magazine from which the clipping was taken—we do not know what magazine it is, or what type of thought it represents—draws these deductions:

> This is a good illustration of the health faddists of the day. It is hardly possible to pick up a daily paper in which some doctor or specialist does not exploit some new health fad under the caption, "How to Keep Well," or "How to Live to a Good Old Age," or something of the kind. Most of these claims are wholly unscientific, misleading and harmful.

Now that isn't the deduction we should have drawn at all. No doubt some of the advice about keeping well that is showered upon the public is poor; but we do not believe for a moment that "most" of it is bad. Indeed, on the whole the character of this advice is very good. Usually, the prescriptions are made up of exercise, fresh air, thorough mastication of food, sensible dietetics fitted to habits of life, etc.

The thought that would have struck us in connection with these untimely deaths of men who had given advice about prolonging life is that these doctors did not practice what they preached.

There's the rub. Doctors will advise wise diet, and eat unwisely. They will advise against overwork, and then overtax their own endurance. They will warn people of the perils of drug habits, and then some of them fall victims to the very habits against which they warned others.

When a doctor gives advice on how to keep well and then dies younger than he should, that does not mean that his advice was bad. It is much more likely to mean that he did not follow it himself.

The motto "do as I say, not as I do," and the failure of practice to square with preaching, have much more to do with the matter this magazine is talking about than the character of the advice. Almost any seasoned toper, with rum pushing one foot into the grave, will warn young men against forming the liquor habit. And his advice is all the better because he himself is an awful example of its value.

The house has voted to let go of the mileage rake-off. Here, boy, page Diogenes!

VACATION ANTICIPATIONS.

"We might as well begin to talk about our vacations whether we get any or not," says an Indiana newspaper. "It is pleasant to anticipate. In fact a good part of the pleasure of living is found in anticipation."

Now there's philosophy and good sense.

Half the pleasure of life is in anticipation—in building rosy air castles and dreaming fond dreams. When a man or woman has lost the faculty of building air castles, he has lost half the savor of life. It is when a man no longer has anything to look forward to that he can truly say to himself, "I am old." And that time should never come in the life of any healthy, normal being.

It is indeed time to begin talking, or at least thinking, about vacations—"whether we get any or not." Thinking is perhaps better, because talking about such things often is made difficult by the scarcity of audiences. That is one of the things all people like to talk about, and it may be that the person you pick out to talk to about your vacation will insist on talking about his own vacation, or about his symptoms.

Why not begin planning your vacation? We hope you will get one, but plan it anyway. Make it a change from your daily routine, whatever form it takes, for that is the essence of a successful vacation. If you work indoors, your vacation should take you outdoors. If you work with your brain, your vacation should involve rest for your brain and activity for your body. If your work is physical, rest is what you need.

And always, change is the best rest.

Besides, planning, as the Indiana paper says, is half the fun. Maybe you will be disappointed in the way some of your plans work out; but on the other hand unexpected pleasures will bob up that are as good or better. The two pleasantest things in life are planning—anticipation—and the unexpected enjoyment that flashes into your experience out of the unknown.

Four hundred and thirty-five persons were killed by motor vehicles in London in 1913. And just to fawncy that a motor vehicle can't go on a hunger strike.

"DAMAGED GOODS."

"Damaged Goods," by Eugene Brieux, a play which is a study of the relation of venereal disease to marriage, is to be presented in Duluth shortly.

At the risk of seeming to be inconsistent with its recent expressions of opposition to the disgusting array of stage and book literature that has swarmed upon us in the last few years because of the recent "repeal of reticence," The Herald is going to commend this play, and to urge those of adult years to see it.

We shall do this because the play is sincere, because its terrible lesson is real and wholesome, and because while it trenches on ground long tabooed but recently thrown too wide open, its appearance there is for a sound purpose.

In its recent discussions of this problem of publicity of sex questions The Herald has never suggested a return to the old fashion of the shut mouth and closed ear on the issues of sex. It has protested against the commercialization of this subject, and against books and plays written and produced to traffic in it for gain, and especially against books and plays that, under the guise of teaching moral lessons, teach lessons that are wholly misleading, throw a false glamor around vice and drug the consciences of the erring.

While "Damaged Goods" no doubt is produced commercially, as all plays are produced, still none of the charges that lie against the ridiculous "white slave" plays lie against it. It contains no hysteria, no false pictures, no beguiling sophistries.

"The Traffic," for instance, if it teaches anything teaches that if your wages are too small you may sin freely, and throw the blame upon society. That is a monstrous doctrine, and plays that teach it ought to be whipped off the stage.

"Damaged Goods," on the other hand, teaches the terrible lesson that the bitter fruits of immorality are plucked not only by the sinners but often by the innocent. There is nothing in it anywhere that offends good taste, nothing that makes vice tempting, nothing that can harm and much that will benefit.

Old-fashioned reticence was too reticent for its own good. The new fashioned frankness has been too frank for society's good. It has been debauched and commercialized. It has gone to the opposite extreme and gloated salaciously over that which yesterday was not to be talked about at all.

The right course lies between. Evil things are not to be made good by avoidance. Evil is only increased by libidinous reveling in nastiness. Judged by the tests of soundness, of wholesomeness, of results, "Damaged Goods" is an honest play. It deals with matters we used not to talk about at all; but it deals with them honestly and withal delicately though without reserve. Its lesson is wholesome, and one that society needs to be taught. It is a play that deserves well of the public.

Speaking of Sulzer—Every little party has a leader all its own.

The Bidden Path.

Lo! he that takes the bidden path
  Where Duty beckons, shall go
Betimes the whirling road of Wrath
  And walk the jagged rocks of Woe;
Yet, even so,
Who follows where the Beacon flares
Shall climb the soul's celestial stairs.

Lo! he that goes the ordered road
  Where Duty points, he need must bear
A harsh and often heavy load
  And lodge him in the House of Care;
  But, even there,
He finds that succor which to sup
Shall make him strong and lift him up.

Lo! he that walks the iron ways
  Of Duty gains the strength of ten
Who in forbidden pastures graze
  That sap the hardihood of men;
  So, even then,
Girt round with vivifying fire,
His feet fulfill the soul's desire.
—St. Louis Republican.

Tossing Coins.

Kansas City Journal: Boston men never flip heads or tails. They choose obverse or reverse.

A Bouncing Baby.

Santa Fe New Mexican: It is a bouncing baby, and so they do not care if they drop it out the window or roll it down the stairs.

Lessons From a Merger

Editorial in the New Orleans States.

In the passing of the Picayune, which for seventy-seven years has been a daily visitor into thousands of Louisiana homes, there is a deep note of sadness, as there must be whenever an old and respected institution disappears.

But tragic as is the event, nothing could stay its inevitability except the decline and disappearance of the younger and more virile competitor, which has absorbed it.

Two fundamental causes lie at the bottom of the tragedy. One is the logical growth of the afternoon newspaper. The other is the stern and immutable fact that New Orleans could not—as no other city of its size does—support four cheap seven-day papers.

When last September the two morning papers, reduced to an inferior position in circulation and advertising patronage in a field in which they were formerly supreme, cut their prices to a level with the afternoon papers, at a cost of $100,000 each in gross income, it became merely a question of time, under the law of the survival of the fittest, when one or the other must play the star role in this tragedy.

The man in the street, having no knowledge of the business, finds it difficult to understand the changing conditions which have brought the Picayune to the end of its tether. What has occurred is, however, not local to New Orleans. The Picayune is the third great and long-established morning newspaper which in a few weeks has gasped and died.

The San Francisco Call was one of the oldest, one of the most prominent and long one of the most prosperous morning newspapers in the country. But the other day the news dispatches told of its suspension and consolidation with one of the afternoon papers of San Francisco. A little later the Denver Republican, for many years one of the most influential morning newspapers in the West, was absorbed by the Rocky Mountain News, leaving only one morning as against two afternoon papers in the Colorado metropolis. A fortnight ago the Chicago Inter-Ocean, one of the most widely known morning newspapers in America, passed into the hands of a receiver and its property since has been ordered sold. It is the fourth great Chicago morning paper to go on the rocks in a comparatively few years.

There is a definite limit to the capacity of a community to support newspapers, and these four recent newspaper tragedies are significant of the narrowing field of the morning paper.

When railroad mileage was comparatively small and the means of communication meager, the morning paper dominated the field. Afternoon papers were a slow development and their circulation, advertising and influence were relatively small. But the afternoon newspaper has come to be the more natural newspaper. It gives the world's news, local, domestic and foreign, on the day it occurs—not the day after. It goes into the homes when the day's work is ending and when there is time to read its contents, and so it becomes the more valuable medium of the advertiser, from whom it draws its life-blood.

With increasing prosperity and prestige the afternoon paper has, moreover, become the brighter and better paper—not only a mirror of the day's news, but a compendium of features that appeal to every element of the family group.

Hence it is that the afternoon papers are no longer the subordinate, but the dominant factors in every great American city, with larger circulation and larger advertising patronage than the morning papers; and so, whenever the limit to the capacity of a community to support newspapers is reached, as recently it was reached in San Francisco, Denver, Chicago and New Orleans, it is the morning newspaper which is forced to give up the struggle.

It must not be understood that what we have said assumes a time will ever come that there will be no field for the morning newspaper. There always will be in every city; and we shall always have great and prosperous morning papers as we shall have more and more great and prosperous afternoon papers. But wherever a city is overpapered, the surplus will usually be found in the morning field, from the perfectly natural fact that the earlier tendencies of publishers were to publish at dawn—not in the afternoon.

Joyous Shriek of Freedom.

New York Times: We cultivators of what has once or twice, perhaps oftener, been called "the broad field of metropolitan journalism" are sometimes moved to doubt that field's right to its familiar adjective. Appreciable width it has, indeed, but it is the country editor, not his urban brother, who can move his pen with a free, bold swing when the purpose is to exploit a personal grievance or to characterize a personal enemy.

Once we, too, had epithetical rights and dared maintain them, but little by little we have sacrificed liberty to dignity. Now we must be suave, even in references to the Mormons, and no more can we have the stern joy of calling our neighbor a "hell-hound," no matter how well he deserves the title. These galling restrictions are not tolerated in the American hinterland—there the dear old freedoms survive, with more and more of the ancient glories as one goes further and further west.

Observe, for example, this radiant gem of eloquence, removed from its congenial setting in the editorial columns of the Leesville, Colo., Light:

"Our esteemed contemporary says that in reciting 'Sheridan's Ride' at the Methodist church festival last week we looked and acted like a jackass. We could retort in a way that would imbitter the man's whole future, but we have learned to pass such things by. Suffice it to say that he is an infernal liar and a crawling scoundrel."

That, now, beautifully combines vigor and elegance. The man who wrote it did not have to drive emotion down into his subconsciousness, to gnaw and gnaw there like a Freudian worm in the bud and finally develop into assorted psycho-neuroses, obsessional, phobic and other. He freed his mind and then went home to dinner—no, supper—a calm and happy man.

Timely Question.

Charleston News and Courier: After all, were more Americans killed by non-Americans in Mexico during the past year than were killed by non-Americans in New York during the same period?

In Training.

Pittsburg Post: "I see you have supper a little later every night, my dear."

"Yes; I'm working up gradually so as to get cook ready for those twelve-inning games."

Twenty Years Ago

From The Herald of this date, 1894.

•••Senator Washburn today succeeded in passing through the senate the bill authorizing the Duluth & Superior Bridge company to construct a bridge over the St. Louis river between Connors' and Rice's Points. The president's signature to this bill will end the protracted fight over the matter.

•••Judge Sanborn of the United States circuit court has issued orders enjoining strikers and all other persons from interfering by force or threats or intimidation with the operation of Great Northern trains, and large forces of deputy marshals have been sent out to protect the employes who desire to work. The company claims that its men are ready to move trains and discharge their duties if they are protected.

•••William Simpson of West Duluth will leave in a few days for a trip to Europe.

•••G. F. Swift & Co. will erect at once a two-story building at the corner of Michigan street and Third avenue west, to be occupied by their packing house agency.

•••C. G. Spencer leaves tonight for Sioux City, where he has secured a position with the Cudahy Packing company.

•••Tracy R. Fairchild, 620 West Third street, is critically ill with blood poisoning from abscess.

•••Dr. C. M. Storch and wife, formerly Miss Bessie Kemp, have gone to Ohio to make their home.

•••The Soo canal is open and a boat from the lower lakes will undoubtedly steam through the Duluth canal before tomorrow night. The Centurion, W. H. Gilbert and W. H. Gratwick passed up through the Soo last evening. The Mahoning is scheduled to leave Duluth tonight for the lower lakes—the first boat out this season. She has a cargo of flour from the Imperial mill.

•••Clayton Clark of Brainerd and Grant Nichols, Ralph Marble and Charles Morris of Duluth are taking a competitive examination at the high school today for admission to the naval academy at Annapolis.

•••Dan Murphy, former trainer of the Duluth Rowing club, has been engaged as the Winnipeg Rowing club trainer for the season of 1894.

•••J. H. Temple was yesterday elected general manager of the Ohio Mining company.

•••William Buchanan has been re-elected secretary of the Duluth Jobbers' union for the ensuing year.

SATURDAY NIGHT TALK

Signs of the Time.

It is recorded that our Lord once rebuked a company of men because they could not discern "the signs of the times." They were clever enough about predicting the day's weather from the signals that nature hung in the sky. When the evening sky was red they prophesied a fair tomorrow. From the direction the smoke took on the last day of the Feast of the Tabernacles they undertook to foretell the quantity of rain for the ensuing year. But they were blind when it came to interpreting the signs of God's seasons in the world of men and of morals. They could not see the evidences of divine presence and power in their own times.

The prophets whose words are among the noblest portions of Scripture, were students and interpreters of current events. They observed life around them very closely. They became skilled with the moral microscope before they tried to use the telescope. Understanding what was happening today, they could tell what would happen tomorrow. They were sensitive to the moral laws of God on the one hand, and on the other hand they kept in close touch with human affairs. They knew that whatsoever a nation was sowing that should it also reap. The woes or the blessings which they predicted were the logical and inevitable results of tendencies which they saw at work.

The prophetic instinct is one that may be cultivated. The observant, forward-looking man will be earnest to observe the signs of the times. He will try to comprehend the great ruling ideas of his age, its outstanding events, its manifestations of power or of decadence. He will try to think God's thoughts after Him as those thoughts are indicated by movements and moods that are as the tidal movements of old ocean.

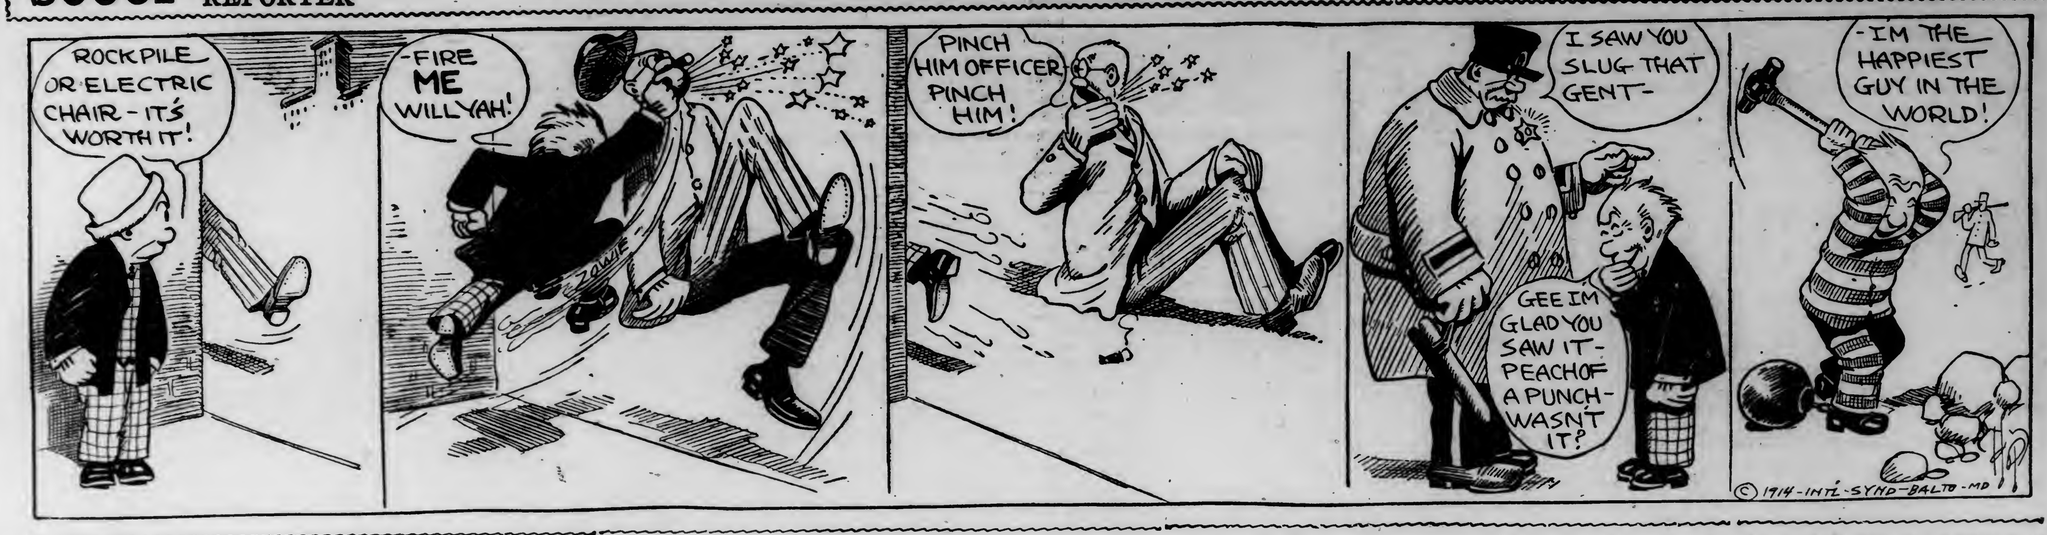

In the industrial world today we behold many difficult readjustments taking place as the result of changed laws and economic conditions. There is the unrest always incidental to a period of transition from one industrial basis to another. We are reminded that what may be in the long run good for most is at least temporarily hard for many. Society is a unit and if one member suffers all the other members suffer with it. The individual is one thread in the texture of the nation, and if one thread is rent the garment is injured.

We live in an era of triumphant democracy, when the individual man is coming into his rights. A new respect for the person is in evidence, a modern application of the teaching of Jesus that the individual man is precious in the sight of God and therefore must be in the sight of his fellow men. If one doubts how far we have traveled in this respect let him glance back through history to those monuments and annals of a former age, with their testimony to the cheapness of human life. There is no place for the doctrine of the divine right of kings, for the foul dungeon, for the medieval instrument of torture in this twentieth century.

We live in an age of faith. There are plenty of signs that men are tired of a mere bread and butter philosophy. The spiritual instinct in man is ineradicable. Science has ascended the pulpit and become the preacher of religion. Church membership keeps pace with the increase in population, and a little more. But beyond the church there are also manifold activities and attitudes of mind that are in essence religious. He errs greatly who imagines that the spirit of God is not brooding over the hearts of men. Christ is to hold this century in the hollow of His hand as He has held no other. Let the watchman on the walls of Zion behold these things and announce, "The morning cometh."

THE PARSON.

SCOOP THE CUB REPORTER — **Sometimes the "Law of Moses" Is Very Satisfying** — By "HOP"

A STUDY IN PLAGIARISM

By SAVOYARD

Washington, April 19.—(Special to The Herald.)—A long time ago there was a popular ditty sung by the thoughtless youth of both sexes of all the cities, towns, villages and hamlets of our country, the refrain of which was, "Shoo fly, don't bodder me!" It took like wildfire and had a run like "Down went McGinty," "Johnnie Jones and His Sister Sue," "A Hot Time in the Old Town Tonight," and the others that appeared subsequently, and all of which had more merit in verse and more melody in tune.

Well—It was about 1870—this ditty was in its bloom of popularity and "shoo fly" was heard every time you turned round. In those days politics was at fever heat in congress and Ben Butler the commanding figure on the Republican side of the national house of representatives. Politically he was the most odious and personally the most execrable individual in public life, and the Republicans had almost as little use for him as the Democrats, but allowed him to fetch and carry for them at a time when much dirty work had to be done to keep the bloody shirt at the mast-head. At that time most everybody in congress or out of congress who had any pretensions to respectability was agreed with what John Mitchell, the Irish patriot, said of him at the close of an invective that was a classic: "Beast, Brute, Devil!" That is how he got the name of "Beast Butler." Subsequently John Young Brown said: "I speak of a man outlawed from good society at his own home, and if I should characterize everything that is pusillanimous in war, inhuman in peace, forbidden in morals and corrupt in politics, I would call it Butlerism."

* * *

As I said, this old devil was universally discredited by respectable folk, but as a debater in congress Ben Butler never met his match. Even Blaine himself carried cruel scars dealt by the old monster. "Sunset" Cox was a Democratic representative from New York. He was a man of diminutive physique, but of brilliant, incisive and powerful mind, cultivated by vast and omnivorous reading. He was a wit and a poet, a scholar and a philosopher. He one day attempted to assail old Butler from a new quarter. Invective, whether from Democrat or Republican, had no more effect on the old scamp than a gentle sprinkle from a May cloud on a veteran old gander's back, and so Cox undertook to defend him and, in a remarkable speech that should have lived, pronounced eulogy on the old reprobate a little after the order of Henry Fielding's chapter on Jonathan Wild, though not precisely like it.

The house was in a titter when Cox sat down and old Butler arose. After half a dozen incisive sentences discussing the question before the committee—and in a running debate he could beat 'em all—he turned to the Democratic side and in that terrible voice, half roar, half bellow, sent this shaft: "As to the gentleman from New York who has so kindly defended me from undeserved enmities and vindicated me from baseless slanders, all I have to answer is in the ditty heard from every gamin on the street: 'Shoo fly, don't bodder me!'"

* * *

The effect was electrical, the two actors being who and what they were. The house and the galleries were convulsed and shouts of laughter went up. Cox, for the first time in his life—the second was when he got that unprintable shaft from the Quaker, Ben Butterworth's, wit—was in a rage. As soon as he could be heard he exclaimed: "The rhinocerosian hide of the member from Massachusetts is impervious to all shafts that would awaken a gentleman to a sense of duty, of decency, of honor, of shame!"

Well, a year or two later these two again clashed, and old Butler was imprudent enough to again hurl his "shoo fly" at his adversary, but now the house jeered the old reprobate and charged him with lack of versatility; they laughed at him and Cox was triumphant. It was said that in his entire public life old Butler never winced but twice—once, this occasion when he served up a warmed over dish of repartee, and the other, one day when he found himself in the supreme court with old Jerry Black on the other side, who shook him as a terrier does a rat.

* * *

In my not very extensive yet somewhat varied reading, I have perused some few books relating to the politics, the letters and the art of that epoch of English history that may be said to have been encompassed between the close of Pope's career and the opening of the regime of which Thackeray was the greatest exemplar, and I read this: Arthur Murphy, a successful dramatist, the companion and the biographer of the greatest actor who ever trod the boards of any stage, one day read to Garrick a new play he had writ. Garrick, the best judge of a composition of that sort ever born of woman, repeatedly interrupted with the criticism: "That is in 'Measure for Measure,' or 'The Winter's Tale,' or 'Twelfth Night,' or 'Hamlet.'"

And Murphy, as guileless an Irishman as ever was, threw down the manuscript and exclaimed in a rage: "It is wonderful how that dammed fellow, Shakespeare, anticipated and forestalled all my most brilliant thoughts!"

* * *

And so Champ Clark might excuse himself with the frank avowal: "It is wonderful how that damned fellow, old Ben Butler, anticipated my most corroding sarcasm."

Mr. Hardwick of Georgia, allow me to congratulate you. Puissant as the Hearst yallers say Champ is, he declined to march through Georgia with his Hearst bunmers till he was reinforced by old Ben Butler.

CHICK DISEASES.

How to Overcome Them.

How to Overcome Them. By A POULTRY RAISER.

Lice, head lice in particular, while not a disease in themselves, are a fertile source of trouble and disease. They are generally found where the chicks are hatched by hens, the little fellows appearing droopy, pale, and with some diarrhea, due to weakness. Dust the hen with a good lice killer, spray the coops with disinfectant and rub a little lice ointment on the chick's head, under the wings and around the vent.

While not so prevalent as sometimes supposed, "white diarrhea" is a real menace, and here prevention is the best remedy. Breed from strong, healthy parent stock and avoid the long, scrawny, crow headed hen, for disease is transmitted through the egg. Keep the incubator dark, feed good nourishing food, separate suspected chicks at once and disinfect thoroughly. If trouble is expected use a white diarrhea remedy in the drinking water for the first ten days. It will save many chicks, but will not cure the disease or save badly infected ones.

Don't Overfeed.

Bowel trouble, due to improper feeding, is often mistaken for white diarrhea. Don't feed chicks until forty-eight hours old, but give fine grit and fresh water from the start. Let the first feed be finely crumbled hard egg, breadcrumbs or a prepared baby chick food, given dry, or moisten with sweet or sour milk. Do not overfeed, but feed often. Later give a little bit of fine grains, such as pinhead oats, cracked wheat or chick size cracked corn, scattered in the litter to induce exercise. Beef scrap should not be given until chicks are at least a week old. Scald the drinking vessels frequently, give plenty of greens after the first five days and keep the chicks exercising and there will never be any bowel trouble among the birds.

Leg weakness frequently comes from lack of exercise. Chicks appear healthy, have good appetites, are bright, but have no use of their legs. Give them every opportunity to exercise, but do not allow them to become chilled. Bottom heat in a brooder will cause this trouble. The heat should always descend on a chick's back, never upward. Lack of bone forming materials in the food, such as bone or shell meal, also causes leg weakness, and every properly compounded chick food contains these ingredients, so, if it doesn't, either add them or get one that does.

To sum all up, if vigorous, quick growing chicks are wanted, breed from only the strongest and best of stock, disinfect freely, clean up regularly, feed the best of food, give lots of good fresh water and use common sense.

SPRING WORK IN THE RASPBERRY PATCH.

One of Our Most Delicious Fruits.

By J. B. MORMAN.

The raspberry is the queen of all small fruits. It is delicious both as a fresh fruit and in preserves, and for culture the raspberry is adapted to both the garden or the truck farm. The canes grow rapidly, the better varieties produce heavily the second year, and a patch with proper care will last for about twelve to fifteen years.

Spring is the best time to set out raspberry canes. If the canes are planted in the fall alternate freezing and thawing cause the rootlets to decay, and the plants, unfortunately, readily winter kill. Among the varieties on the market the Cuthbert red raspberry is still at the head of the list, and in the gardens the canes should be planted about three feet apart, in rows at least three feet from each other. For farm planting rows should be about six feet distant and the plants set out about four feet apart, and, if possible, plant the rows north and south, which permits the sun to reach all of the fruit, and thus it ripens better. The rows should be cultivated once or twice in a season. During the summer the most vigorous shoots should be allowed to grow after being placed carefully between two wires which are stapled to posts placed about twenty feet apart in the row. To keep the wires firm during the winter clamp them together with short pieces of wire.

Winter Care.

In November, when other garden or farm work slackens, pay the raspberry patch a visit and trim out all the dead canes. These should be burned to destroy any lurking raspberry borers. Trim back the live canes to about four feet. This compels the plant, when growth starts in the spring, to throw out numerous side branches and thus increase their fruiting capacity. Then mulch the rows with leaves, if they are abundant, and weight them down with a heavy coating of coarse farm manure, good compost or chicken manure. The decaying organic materials furnish humus to the soil, and humus is necessary to supply the plants with sufficient plant food. The rain and soil moisture dissolve the materials which plants need, and when the raspberry plants take up this moisture they grow rapidly and bear profusely.

Raspberry canes bear about one year only, but nature provides a new supply of young canes, so that a patch cared for as above described will bear annually and last many years, and practically guaranteed against injury from frost. For this reson a raspberry crop is almost a certainty.

THE FAMILY FRUIT GARDEN.

Big Returns in Health and Pleasure.

BY E. KNEELAND.

Fruit for the family table through the growing season and a surplus to sell need not mean a large orchard, but only a few well selected varieties properly cared for. First, then, for a small list of fruits, and the dwarfs and half dwarfs are excellent, as they require less room than the standards and come into bearing the third or fourth year and are easily pruned and sprayed. The trees should be set eight feet apart, and eight trees will provide fruit from June to November. The variety will depend on the latitude and altitude. The United States government's "Farmers' Bulletin No. 208" gives a very complete list.

What to Plant.

Four sweet cherry trees and one sour one will supply enough fruit for the table and also for pies. The following are recommended: Coe's Transparent (June), Downer's Late (July), Windsor (July) and a Dwarf Montmorency (June) for cooking. Eight pears should be ample and may all be of the Dwarf type, such as two Bartletts (August and September), Clapp's Favorite (August and September), Louise Bonnie de Jersey (September), Sickel (September), Howell (September), Beurre de'Anjou (October), Vicar of Winkfield (winter). Plums may be grown in the poultry yard and the garden space saved for other fruit. Grapes are always welcome, and one vine of each of the following will provide a good supply: Dutchess, Moore's Early, Green Mountain (white), Concord, Niagara, Delaware. For currant bushes try eight Fay's Prolific. There are endless varieties of raspberries, but ten Herberts, ten Cuthberts and ten St. Regises are recommended; for blackberries, ten Erics, ten Snyders and ten Wilson's Early. Gooseberries are as easy to grow as currants, and five Industry and five Smith's Improved will provide a good supply.

Prepare the land thoroughly, provide plenty of manure to start things and keep the soil cultivated under the trees and bushes. Set the standard trees thirty-five feet apart, the dwarfs eight feet, the fruit bushes six feet and the canes three feet. Fruit trees, bushes, etc., live many years, but their value depends upon their vigor, shape and ancestry, so be sure to buy only from a reliable dealer or nurseryman and when satisfied as to his standing do not let the price govern the purchase. The saving of a few dollars may often result in a much greater loss later. Finally draw a rough plan of the garden, marking where each tree, bush, etc., is to go, then set them with a line and measure according to the nurseryman's directions.

FLOWERS AND VINES FOR $5.

Planting With an End in View.

It is well to buy plants and seeds only after having in mind a picture of the garden, just where the shrubs and vines are to be and for what purpose they are planted. Let us suppose, then, that with a new house and a bit of surrounding land, one is possessed with the inevitable wish to develop one's property with an eye to color, seclusion, shade and beauty, but the amount to be spent yearly is limited to $5 for seeds and plants.

There is a large choice of perennial vines for the house, but much depends upon whether it is of wood or concrete. If the former, it will be repainted from time to time, and so vines should be the sort which take kindly to wire. Chinese wistaria, white and purple, with lovely, drooping flower clusters, is adapted for this purpose and is twined about heavy wire. Rambler roses and honeysuckle also twine on poultry wire and add color and fragrance. So a purple wistaria (50 cents), a Hall's honeysuckle (20 cents) and a crimson Rambler (30 cents) make a good beginning, but as perennial vines are slow to start, try a New Giant moonflower and Celastrus Scanden vine, as both grow from seed the first season and cost but 10 cents a package. In the same bed with the vines plant a row of purple leaved Barberry bushes set two feet apart, costing 20 cents each. On the side of the house nearest the piazza (not north) plant Bush honeysuckle four feet apart (15 cents a package), this giving us a good start toward screening the piazza and hiding the foundations, and now we come to annual flower seeds for beautifying the grounds.

Planting the annuals.

Plant the annuals either around the borders of the vegetable garden or in a small garden by themselves and run the rows east and west if possible, planting a row of sweet peas (Giant Spencers, one ounce costing 30 cents) on the north side, and plant the other seeds in a corner of the garden, transplanting when well started. A package of each of the following will give an abundance of flowers during the summer and cost 10 cents a package: Larkspur, asters (single and double), balsam, calliopsis, clarkias and nasturtiums. Flowers should have a fine mellow soil and respond quickly to care and plenty of water. In planting sweet peas, dig a trench twenty inches deep, lay inverted sod in the bottom, then six inches of well rotted cow manure, and cover with fine garden loam, planting the seeds one inch apart and two inches deep. Sweet peas are also profitable, being in great demand by the gardenless householders.

commission merchant whose business is to keep in touch with consumers. His charge for this service is one-half cent per bushel, which I think is a very reasonable charge. He pays a draft on this grain as soon as loaded on cars, looks after the grading, selling and weighing. Now, if all these services are honestly performed, he has certainly earned his compensation, and it is not here that we can expect to reduce the cost.

I have no suggestion to make regarding reducing the cost here, but I think there is a chance for the producer himself to get better and steadier prices for his grain if the marketing was distributed through the year as it was wanted by the consumer instead of marketing the bulk of our grain crops two or three months after the grain is harvested.

COST OF RAISING A DAIRY COW

Investigations of Department of Agriculture Indicate Farmers in Wisconsin and Districts Where Similar Land and Feed Values Prevail, Cannot Afford to Raise a Heifer Calf That Is Worth Less Than $60 at Two Years.

Washington, April 18.—According to investigators in the department of agriculture the average net cost of raising a dairy heifer one year old on a Wisconsin farm is $39.52 and of a two-year heifer $61.41. These figures are applicable to other dairy districts in the north and east where land and feed values are similar to those in Wisconsin. They are based on data obtained from raising 117 calves from birth to the time they enter the dairy herd. The details, with a complete summary of the investigation, have recently been published by the department of agriculture in Bulletin No. 49, under the title of "The Cost of Raising a Dairy Cow."

There are in the United States over 21,000,000 dairy cows. These figures give some idea of the importance of this economic problem to the country as a whole, for these cows must be replaced every few years. The cost of the production of these heifers is a large item in keeping down the profits of the dairymen.

The new bulletin contains numerous tables and several illustrations of the Jersey calves from which the items of cost were obtained.

The most important item was the cost of the food, which was estimated at market value and amounted to nearly two-thirds of the total net cost of the heifer, while labor formed 12½ per cent of the cost.

Figures for the average net cost of the 1-year-old heifer are as follows:

Feed	$24.67
Labor	4.45
Other costs	6.36
Total	$35.48

To this should be added the initial value of the calf, which was estimated to be $7.04, making a total cost at the end of one year of $42.52. This charge is justified in view of the fact that dairy cows are credited with this item in determining the cost of milk production. By allowing $3 credit for manure, it leaves a net cost of $39.52 at the end of the first year.

Figures for the average net cost of the 2-year-old heifer are as follows:

Initial value	$ 7.04
Feed	40.83
Labor	7.81
Other costs	13.73
Total	$69.41
Credit for manure	8.00
	$61.41

One-half of the feed cost the first year and one-third for the full two years is for whole and skim milk.

By far the most expensive period in the life of the calf is the first four weeks, the cost being nearly double that for any other four-week period. This high cost is occasioned by its being dependent almost entirely upon whole milk.

The man labor required in raising a heifer is about forty hours during the first year and twenty-three hours the second year. The total cost of man and horse labor for the two years is close to $8. The manure produced during the two years has been valued at $8; consequently, the cost of labor is practically offset by the value of the manure.

The item "other costs" consists of expenses usually overlooked in estimating costs. These are interest, charge for the use of buildings and equipment, expense for bedding, miscellaneous expenses, a share of the general expenses for the entire farm business, and a charge to covor losses by death and discarding. The total for these forms nearly one-fifth of the total cost of the 2-year-old heifer.

The foregoing figures show that it costs more to raise calves to maturity than is commonly supposed, and they support the advice which the department is continually trying to impress upon dairy farmers, that it does not pay to raise any but the best heifers. Raising scrub heifers and selling them at $25 to $40 apiece, as many do, is unprofitable except on cheap land or under other very favorable conditions. But it does pay to raise the best heifers, for in good dairy sections well-bred heifers are worth considerably more than $60 when two years of age. Furthermore, dairy farmers as a rule are obliged to raise their own stock, as it is difficult to buy productive cows at a reasonable price. In some sections of the West where alfalfa is worth only $4 or $5 a ton, or in the Southwest where pastures furnish feed for the greater part of the year, this cost may be greatly reduced. Even where it costs $60 to raise a heifer, two-thirds of this amount is charged for feeds at market prices, a large part of which can be grown on the farm at a profit. Thus by raising the heifers the dairy farmer finds a home market for feeds grown on the farm at remunerative prices, and at the same time aids in maintaining the fertility of the farm.

USE OF BETTER METHODS INSURES CABBAGE CROP

Bad local soil conditions and poor or improper cultural methods are the causes assigned by J. R. Hepler of the college of agriculture, University of Wisconsin, for many of the failures in cabbage growing in this state.

Seed bed for cabbages should be free from disease organisms. New disease resistant varieties of cabbage have been perfected by representatives of the college of agriculture, co-operating with growers in the Southeastern counties. This seed will be sent to men who understand conditions to make a specialty of cabbage culture, who will give the strain a thorough trial.

The seed for the early crop of cabbage is usually started in the hotbed six weeks before transplanting time. A rich loam soil, lightened by the addition of a quantity of well-rotted manure and possibly some sand, is most favorable. The soil should be run through one-fourth-inch mesh and all coarse material thrown away. After the soil is leveled off drills should be made for the seed two inches apart and three-eighths of an inch deep.

Mr. Hepler advises sowing the seed at the rate of from ten to twelve to an inch. After the first leaves are developed the small plants are set out in another part of the bed at about an inch and a half apart. Before the young plants are set out in the fields they should be hardened by ventilation, lower temperatures and spare waterings.

For the midwinter or late crop the plants are started outdoors between May 10 and June 1. The soil should be in fine tilth at seeding time. The seed is usually sown with a drill at the rate of four or five seeds to the inch along the row. The drills should be at least six inches apart in order to facilitate thorough cultivation.

MARKETING GRAIN ECONOMICALLY DONE

By JESSE SIMPSON.

I will speak of this middleman in the grain trade and will say in the outset that I believe that grain is handled from the producer to the consumer more economically than almost any other product. Your co-operative elevator company buys and sells this grain on a margin of not more than ⅜ cents per bushel, and in many cases for less.

They cannot, however, fill the gap between the producer and consumer, so they in turn ship it to some terminal market and sell through a

"Trying to Get Him to Save"

THERE is a volume of sentiment back of those six simple words, if one but stop to consider. The mother, who can picture the future of her boy, is "trying to get him to save." We open accounts almost daily for the boy of today who will be the man of tomorrow. A wife starts an account for her husband. She is "trying to get him to save." She has a vision of the coming years when the accumulation of the earning days will mean rest, contentment, happiness. Perhaps it is a vision of a little farm or a snug home. Saving will make it real. We are trying to get YOU to save, because we see the actual results of saving in the lives of others.

WHIPPING THE SPORT STREAMS WITH THE STEEL ROD OF GOSSIP

Jim Wray Will Prepare Grand Rapids, Mich., Oarsmen for the National Regatta---Sam Meniece Is Lost to the White Sox for the Coming Season--- Hitters Are Needed.

BY BRUCE.

JIM WRAY is going to coach the Grand Rapids, Mich., Boat club. Where do you get that stuff. Right from Boston. And another little thing—Grand Rapids is going to send its crews down to the National. More interesting news for James E. Ten Eyck. Having laid the scenario of the news paragraph, now lets us proceed to turn and contemplate with rude and impudent stare this James Wray person.

Perhaps some of you have not become familiar with this coach or the illustrious deeds that have made him important and high salaried. Wray came from Australia. Not that it is not one of the best countries in the world, but there is more money over here. At this juncture perhaps it will not be out of place or irrelevant to add that congress is at the present time tinkering with the immigration laws.

Having landed in this dear and hospitable land, which dearly loves to show that every man can get a square deal here by enriching the visitors. Mr. Wray took up the business of rowing and along in due course of time was made the instructor of the Harvard crews.

To realize the superlative nature of the prodigious labors accomplished by the Wray one, which might well be compared to the labors of Hercules in the livery stable back in the days of mythology, it is only necessary to state that before Wray came to Harvard Yale used to defeat the dear old Crimson institution in rowing—while since the advent of Wray Harvard scored one win over Cornell. From the ridiculous to the sublime.

Business men, furniture makers and rich and retired lumbermen heartily wearied of employing detectives to keep track of their free spending sons, have contibuted gencrously toward the fund that will help tide Wray over the summer months, so that after the usual success of Harvard over Yale the Wray person will pack his portmanteau and hie himself to the classic environs of Grand Rapids, there to train, teach and otherwise fit the Grand Rapids oarsmen for the clash at Philadelphia. As we said in the beginning, this should prove interesting reading for Ten Eyck and the Ten Eyck college students of rowing expression.

Jeffries or Charles Dana?

SCANNING some of the European art journals, for art, since the exhibition at the courthouse is a subject dear to our hearts, we notice that the pen and ink drawing of "The Champion" has been placed in the Musee de Luxembourg.

Little dabbers like John Sargent, Robert Henri Saint Gaudens and Janet Scudder have expensive things hung in this swell joint. Therefore it is highly honoring the skill of Charles Dana Gibson to have this little sporting life thing hung in the French salon—not saloon—and yet at the same time we are wondering whether it is not the extreme curiosity of the fight mad French to behold the likeness of a real fighter, that led to the hanging of "The Champion" in the Musee de Luxembourg.

P. S. It might be said that there are also pictures in some saloons. Dr. Parkhurst has statistics to prove it.

• • •

It Is Getting to Be Awful.

THE London Daily Mail, which usually throbs with conservatism, bursts forth and declares that it is a national regret that the athletes of dear old Britannia do not excel in more of the games of skill and hardihood. That's going some for the London Daily Mail, or any of the British papers.

England is a pompous nation—proud, intolerant and pig headed. All the way up Bunker Hill the British soldiers kept repeating: "They cawn't 'it us, you know." And until the last defeat of Bombadier Wells the English insisted with red and blustering cheeks that the Wells one was the greatest heavyweight in the world.

Alas and likewise alack, the conservative press of old England is regretting the fact of the lack of keenness of the English athletes, of their casual methods, and is also deploring the fact that the glory contenders of the other side refuse to undergo serious trouble or submit to discipline in order to accomplish great and lasting honors.

• • •

The Grand Test—This!

FOR years, down through the path of romance the writers have searched for the test of true love. Men have literally gone through fire, have gone into exile, have attended afternoon teas, have worn dress suits during the hot evenings of August and given up drinking to prove undying and unyielding love.

But now the supreme test has been devised.

It will cost $200 to see the International polo contest at Westbury, Long Island next June. If any young lady doubt the love of a young and seemingly ardent lover, let her put him to the test by asking him to take her to the games.

• • •

Taking No Chances.

INSURANCE actuaries are generally credited with possessing mathematical minds and a tendency to be pikers when it comes to taking any undue chances in losing the firm's money. A man attempting to sell Robert Browning's works would be considered a risk.

Now we come to those daring speed demons, the behooded knights of the racing automobile wheel.

Delving into some dry figures it is found that the insurance guys consider the profession of speed racing 2,000 times as dangerous as the ordinary business, and tax the poor devil accordingly.

After recalling some of the highly sensational exploits of Barney Oldfield, Webb Jay, Earl Kiser, Ralph De Palma and some of the others, we are inclined to take sides with the insurance gang and say that they have leaned to the conservative side.

• • •

The Dear Old Clouters.

FANS and the more gentle fanness-es of these immediate parts are hoping and gently trusting that in the drag net that has hauled in the players for the depleted ranks of the White Sox, will be found the demon slugger.

Last season Miller hit at the magnificent and highly inspiring figure of .347, Meniece clouted to the lively and effective tune of .292 and Smith at .287, while Schreiber brought up the rear of the heavy artillery with the highly respectable swat average of .285.

Miller and Smith were called to higher posts of duty before autumn tinted the world with its amber shades, and we had left a weak-attacking crew that receded from the average of .261.

Herr Wilkie led the hitters of the second division of the club with the average of .261 followed by Sweeley, .257; McGraw with .248; Monahan, .237; Moll, .209 and the grand Dook himself with the lowly average of .204.

It was announced yesterday that Samuel Sycamore Meniece would not be with us this season. The call of commerce is strong with Samuel and he is going to stick in close proximity, not to say propinquity, to a large assortment of drygoods.

The drygoods we speak of are of a mercantile fabric and are occasionally sold to country merchants, after said merchants have been taken to the theater and to lunch.

Where are we? Oh yes—Sam will not be with us this year, and with such sterling minor league sluggers as Miller, Smith and Schreiber missing, it is up to the Dook to search and comb the bushes for pill pounders of exceeding and lusty strength.

CHICAGO TO STAGE MATCH

Westergaard and Cutler Likely to Meet in Windy City.

Chicago, April 18.—It looks as if the Globe Athletic club of this city would stage the much talked of mat battle between Jess Westergaard of Des Moines and Charles Cutler of this city, which will decide the American heavyweight championship. Cutler is a great favorite here and Matchmaker Ed White of the Globe Athletic club has practically persuaded the big fellow to give the windy city the preference and meet the gigantic Des Moines Swede before the local club.

Fans are divided in their opinion of the outcome of the match. Naturally Cutler has many followers here, but at the same time the remarkable work done by Westergaard this season marks him as one of the greatest grapplers America has produced since the great and immortal Gotch was in the very heyday of his wrestling prowess.

There will be very little difference in the matter of weight. Both men are physical giants. Cutler will tip the beam around 230 pounds and Westergaard will scale 225.

The long Swede is the taller and is constructed more on the order of the raw-boned type. Cutler is shorter and more compact and is the possessor of wonderful strength. The followers of the game give the Des Moines wrestler credit for possessing the greater powers of endurance.

FINALS REACHED IN TENNIS TOURNEY.

Boston, Mass., April 18.—The finals in the national court tennis doubles championships were reached today with the present champions, Jay Gould and W. H. T. Huhn of Philadelphia, pitted against George R. Fearing, Jr., and C. T. Russell of Boston. Gould and Huhn defeated C. E. Sands and Payne Whitney of New York yesterday. Gould carried off a majority of the strokes of his team. Huhn was strong on the defense. The score: 6-4, 6-4, 6-1.

PRESIDENT TENER OF NATIONAL LEAGUE OPENING BROOKLYN GAME

PRESIDENT TENER.

VIRGINIA HAS GOOD MATERIAL

Range Scribe Says Kid Taylor Has a Pennant Winner.

That Virginia will win the Northern league pennant is the opinion of Ralph Wilk, a newspaper man of that city, who is a visitor in Duluth today.

"Manager Taylor has gathered together a fine bunch of ball players," said Mr. Wilk this morning. "His youngsters look good, while the veterans are showing fine form.

"Of the new men, Riley, an outfielder of Indianapolis, looks the best. Taylor expects wonders of him and expects to sell him before the Northern league race is very old. He is a big fellow, 6 feet 3, fast and a good hitter."

Speaking of Taylor's battery prospects, Mr. Wilk said: "The Kid expects to give Virginia the best pitching staff in the Burmeister circuit. Hancock, a youngster of Indianapolis, recommended by Pitcher Dauss of the Detroit Americans, is working in fine shape. His battery mate, Gould, will be the second string catcher, from present indications. Rains, a former Illinois-Missouri league receiver, has about landed the first string job. Superior wants to buy Catcher Nelson. Wright, Pettit and Chase are among the new pitchers who look good. Tony Faeth, a veteran, expects a great season.

"The Virginia fans are taking much interest in Kid Taylor's nine and are expecting a first-division club.

"The Rangers are making good on their spring training trip through Iowa and Illinois."

Fifty Out for Army.

West Point, N. Y., April 18.—Spring football practice for the Army team started here to continue three or four weeks. Fifty candidates have been assigned to Cadet Vernon E. Prichard of Iowa, captain of the Army team and star quarterback of last year's eleven.

WOLGAST IN GOOD SHAPE

Dutchman May Train in St. Paul for Tillman Bout.

St. Paul, Minn., April 18.—Ad Wolgast may arrive today or tomorrow and work out here in preparation for his ten-round bout with Johnny Tillman at the Hudson arena, Thursday evening, April 23.

From Cadillac comes the report that the Dutchman is in really excellent condition for the coming conflict and that Wolgast is going to take no chances with the Mill City lightweight.

In the fight circles of the Twin Cities the setto between Fred Fulton, the gigantic policeman, and Raymond Carcofini, is regarded with almost equal interest as that manifested in the main bout.

These boys have been intense fistic rivals for more than a year. The police stepped in at the last moment and prevented a battle several months ago. The meeting of the giants in the Hudson arena promises to be one of the hottest scraps that has been pulled in the state for some time.

In the semi-windup Kid Coffey of Pittsburg and Billy Defoe of Red Wing are to clash. Defoe is regarded as one of the champion featherweights of the West and the go is expecte to prove a corker.

The Hudson card, the second to be carded for the huge arena at Hudson, is one of the best that has been arranged in the boxing history of the Northwest. The appearance of Wolgast will be his first in the Northwest and the bout will also mark the initial appearance of Johnny Tillman in the role of a serious bidder for the premier honors of the lightweight division.

MENIECE LOST TO WHITE SOX

The Sterling Hitter Decides to Remain Out of Game.

President Harry A. Blume of the Duluth Baseball association announced yesterday that Sam Meniece, for years one of the dependables of the White Sox and one of the best hitters of the several leagues that the Duluth team has been in, will not be with the team this season.

Meniece holds a very good position and after receiving kindly consideration at the hands of his employer he has reached the decision that it will work to his best interests to remain out of the game and stick to more permanent employment.

The loss of Meniece will be regretted by a legion of followers of the game. In a pinch the fans always loved to see the tall figure of Samuel Sycamore Meniece striding to the plate. He was the Nap Lajoie of this league when it came to hitting them on the nose. In the pinches the big boy was often passed, as opposing pitchers knew the propensities of Samuel.

Always loyal to the interests of the team, always working for a win, and generally there with a hit when it was most needed, the passing of Menece will be in the nature of a genuine loss, and one that will be felt in a personal sense more than is generally the case.

Good luck to you, Sam; come out to some of the games on Saturday afternoons.

Navy Race Season On.

Annapolis, Md., April 18.—After a delayed period of coaching, due to the rough weather that has prevailed during the spring, Navy's boat racing season will open on the inner course of the Severn river this afternoon when the midshipmen are to meet the 'varsity and freshman crews from the University of Pennsylvania. The races are scheduled to start at 4:30 o'clock.

SEASON IS NEARING END

Bowlers Are on Last Lap of the League Races.

High Scores Mark the Play of the Present Week.

With the season nearly at an end in the Grand, Major and Duluth-Superior Bowling leagues, the interest of the followers of the pin game is at its highest flow.

The season in the Grand league will come to an end on Monday, and the season in the Duluth-Superior league awaits only the playing off of the two games that are expected to decide the championship of the two cities at the Head of the Lakes.

During the week in Grand league bowling circles McRae made the high score of 248, which is indicative of the exceptional high quality of play.

It is very probable that there will be some post season games before the bowlers give up the game for the summer months.

Below will be found the averages of both the Grand and Major league teams and individual players:

BASEBALL DECISIONS.

National Board of Arbitration Passes on Batch of Claims.

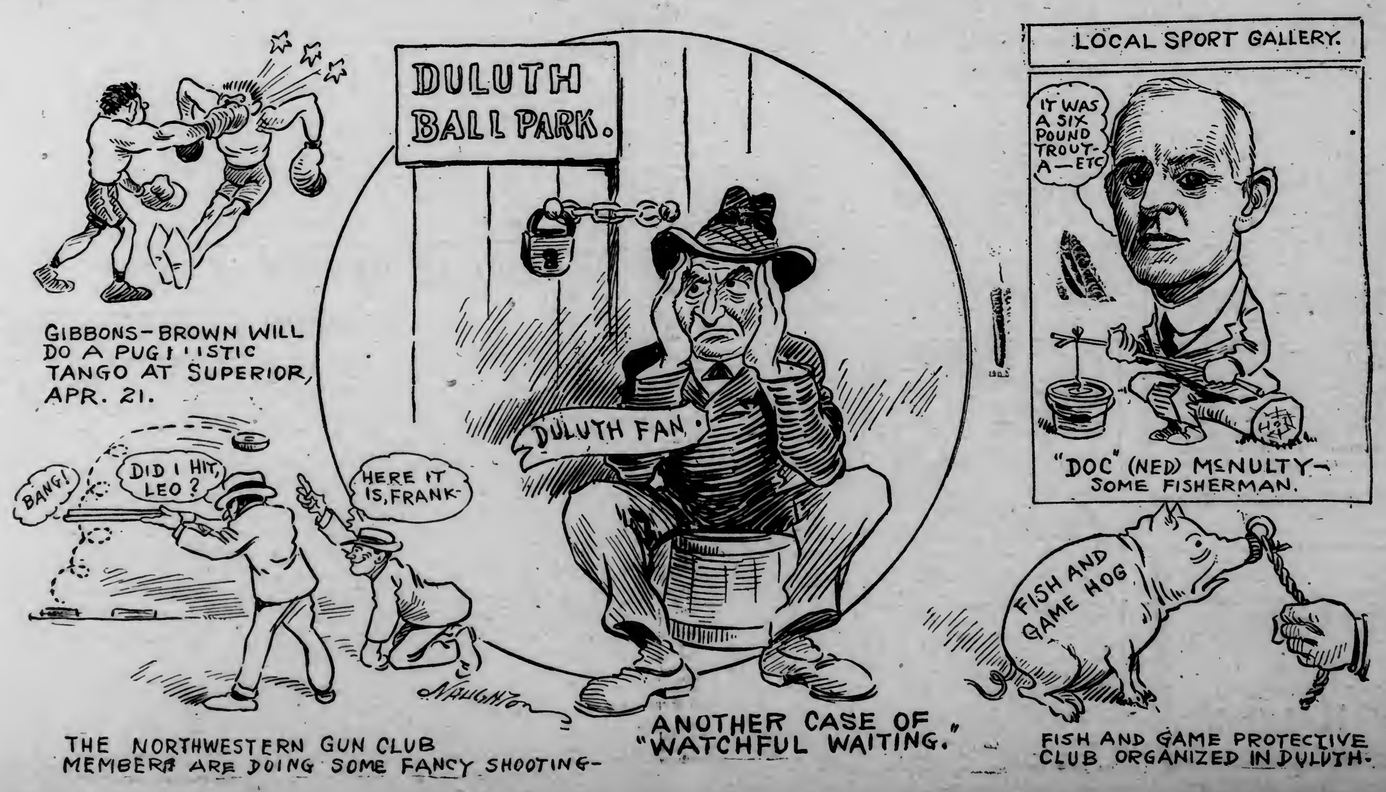

Auburn, N. Y., April 18.—The national board of baseball arbitration today gave out, among others, the following decisions:

Services awarded: Thompson to Calgary; Wentz to Helena; Carter to Burlington; Brown to York, Neb.

Claims allowed: Bell against Burlington, Iowa.

Claims disallowed: Keatts, Strain and Turner against Hugo, Neb.; Kahl against Streator, Ill.

SPORTING EVENTS OF THE WEEK AS SEEN BY THE HERALD CARTOONIST

GOOD CARD IS ARRANGED FOR BOXING FOLLOWERS

Tommy Gibbons and George Knockout Brown Will Meet at the New Arena Athletic Club.

BY BRUCE.

Fistic followers at the Head of the Lakes are justly interested in the approaching bout of next Tuesday evening that will bring Tommy Gibbons of St. Paul and George Knockout Brown of Chicago together.

With Brother Mike laying claim to the welterweight championship of the world, Tommy Gibbons is being boosted by Manager Eddie Reddy as the coming middleweight champion. In all of his starts to date Thomas has justified the high opinion his friends have held of his fistic ability, and bids fair to become one of the real contenders in the confused scramble for the clouded title of the middleweight division.

In the Knockout Brown person Gibbons is going against one of the real tough and unfeeling persons of the middleweight ranks. Gibbons is conceding Brown several pounds, if the reports of the weight of the younger Gibbons are correct. With the Chicago Greek weighing in at 160 pounds he should prove one of the toughest men in the ranks of all the middleweights.

During the week Brown met Chip and some of the more lenient of the critics are inclined to give the Chicago man the credit of a draw with the New Castle, Pa., scrapper. There is some talk of Brown going to the coast and hitching up with Sailor Petroskey or Billy Murray, one of the sensations in the ranks of the middleweights.

Tough, a rude slugger, with small pretensions to a knowledge of the finer points of boxing, Brown is a dangerous man at all stages of the game, for he is liable to stretch any of them out for the count if he lands with his trusty right.

The writer is in receipt of a communication from Eddie Reddy, manager of the two Gibbons boys, in which it is stated that Mike will be in the corner of his brother and will direct the fight of Thomas.

Good Card Arranged.

Kid Billings is to meet the phlegmatic John Bismarck Salvator. It looks as if the resident of the suburb of surburban Superior has bitten off more than he can chew. Salvator is tough if nothing more, and the ordinary blow does not even feaze him.

Salvator should be able to take all that Billings can give and come unperturbed back for more—in the meantime doling out a line of stuff that will seriously disturb the beginner.

This is the way the scrap looks on the dope of past performances—but you can't forecast with any degree of accuracy these days of upsets, and Kid Billings may come through with a real surprise.

Kid Paul is going on with Battling Olson, and as the kid has proclaimed that he is on the trail of the world's featherweight title, he is expected to cut loose and show his fond admirers some Johnny Kilbane stuff.

NATIONAL LEAGUE

Chicago 6: Cincinnati 5.

Cincinnati, Ohio, April 18.—Chicago won an exciting game from Cincinnati yesterday, 6 to 5. The locals had two men on bases and two out in the ninth when Marsans failed in his attempt to steal home from third base, ending the game in favor of the visitors.

Ames practically lost the game for Cincinnati by his wildness in the four innings he was on the mound. He gave four bases on balls, hit a man, allowed three hits, two of which were three-baggers. Davenport pitched effectively, yielding two hits in four innings, and was retired only to permit Yingling to bat for him. Vaughn for Chicago was also wild and was taken out in the third after giving three bases on balls in that inning, two of which developed into runs. Lavender was effective until the seventh when Cincinnati scored two more runs on a base on balls, a double and a single. In the eighth after doubles by Gonzales and Yingling had produced another run, he was relieved by Cheney, who retired the Reds runless thereafter. Score:

	R.	H.	E.
Chicago	3	6	1
Cincinnati	5	9	2

Batteries — Vaughn, Cheney and Archer; Ames, Davenport, Lear and Clark, Gonzales. Umpires—Byron and Orth.

Pirates 2; Cardinals 0.

St. Louis, Mo., April 18.—Recruit Kantlehner, although wild at times, was steady in the pinches while his team mates, by bunching hits in one inning, won 2 to 0, Pittsburg making it three games out of four on the series with St. Louis yesterday. The home team had men on second and third base on two different occasions, and once the bases were filled, but the Pittsburg youngster would tighten and retire the side without a score.

In the third inning, Gibson opened with a single to center and took second on Perritt's fumble of Kantlehner's roller. Both advanced a base on Carey's sacrifice and scored when Joe Kelly shot a hot single to center. Kelly, by a great running overhead catch of Wilson's fly, was the fielding sensation of the day. Score: R. H. E.

Pittsburg	2	6	2
St. Louis	0	0	0

Batteries—Kantlehner and Gibson; Perritt and Snyder. Umpires—Rigler and Emslie.

Dodgers 5; Braves 0.

Brooklyn, N. Y., April 18.—Raleigh Aitchison, who pitched the Newarks to the International league pennant last year, made his 1914 debut with Brooklyn yesterday, shutting out Boston 5 to 0. He allowed only five hits and fanned five batsmen. Only twice were the visitors dangerous, once in the third inning when Gowdy led off with a triple only to be nailed at the plate, and again in the fifth when the Bostons filled the bases. Smith scored for Brooklyn on the single, a sacrifice and two hits. The count remained 1 to 0 until the eighth when the locals resorted to bunting and Smith's long three-bagger helped to send more runs across. Smith's all-around playing featured, counting two runs and driving in two more. Griffith struck out three times in a row. Score: R. H. E.

Boston	0	5	3
Brooklyn	5	11	0

Batteries — Rudolph and Gowdy; Aitchison and Miller. Umpires—Hart and Klem.

Phillies 3; Giants 1.

Philadelphia, April 18.—Philadelphia bunched five of its eight hits off Tesreau in two innings yesterday and defeated New York by 3 to 1. The hitting of Lobert, Magee, Cravath and Merkle featured the contest, the latter hitting a home run drive to center field. Cravath and Murphy made sensational plays, the former's one-hand catch of Burns' drive high above his head, saving at least two runs. Mayer held his opponent down to five scattered hits. Score: R. H. E.

New York	1	5	2
Philadelphia	3	8	1

Batteries—Tesreau and McLean; Mayer and Killifer.

AMERICAN LEAGUE

Senators 1; Red Sox 0.

Boston, Mass., April 18.—One run, scored in the ninth, gave Washington the victory over Boston yesterday, after a scoreless pitchers' battle of eight innings between Boehling and Leonard, youthful left-handers. Boehling pitched a remarkable early season game. He allowed only two hits, one of which was a scratch. The Washington twirler never was in difficulty.

Leonard pitched himself in and out of several threatening situations. Errors figured in some of his difficulties. In the ninth, with one out, Morgan hit cleanly to center. Speaker, trying to scoop the ball on a short bound, missed it, and the Washington man reached second. Scott threw wild on Shank's grounder, Morgan going to third, and the latter scored on Henry's roller to short, Scott's throw to the plate being just too late to catch him. Except in the final inning, Scott fielded sensationally. Score: R. H. E.

Washington	0	7	0
Boston	0	2	3

Batteries — Boehling and Henry; Leonard and Carrigan. Umpires—Connolly and Dineen.

Yankees 4; Athletics 0.

New York, April 18.—The New York Americans made it two straight over the world's champion Athletics yesterday, winning easily by a score of 4 to 0. Caldwell pitched in brilliant form for the locals, holding the champions to three hits. New York drove Brown out of the box in the sixth inning. Wyckoff, his successor, pitched fine ball. The locals scored twice in the fifth on singles by Peckinpaugh and Caldwell, Caldwell's steal and Maisel's single, the latter's hit driving in the runs. Two more runs were scored in the sixth on Hartsell's double, Walsh's safe bunt, Williams' sacrifice fly and Cook's double. Score: R. H. E.

Philadelphia	0	3	0
New York	4	7	2

Batteries—Brown, Wyckoff and Lapp; Caldwell and Sweeney. Umpires—Egan and Evans.

St. Louis 2; Detroit 1.

Detroit, Mich., April 18.—Earl Hamilton celebrated his return to the American league from the Federals by pitching St. Louis to a 2 to 1 victory over Detroit here yesterday. Covaleskie was on the mound for the Tigers and the game was a twirlers' duel all the way.

Timely hitting was repsonsible for all the runs. Detroit counted in the first inning when Bush walked and came home on Crawford's triple. Successful base running helped St. Louis to tie the score in the fourth. With two men out, Williams singled to left and promptly stole second. Walker doubled and Williams counted. The winning run came in the eighth and again two men were retired before a St. Louis player reached first. Austin tripled to center and Pratt drove a double to left, producing the tally. Crawford singled in the eighth with one out, but Crossin broke up a possible Detroit rally, when he threw out Crawford on the latter's attempted steal. Score: R. H. E.

St. Louis	2	7	0
Detroit	1	6	2

Batteries—Hamilton and Crossin; Covaleskie and Stanage. Umpires—O'Loughlin and Hildebrand.

Chicago 6; Cleveland 5.

Chicago, April 18. — Collins' home run drive to center after two were out in the ninth inning gave Chicago the long end of a 6 to 5 score yesterday, making a clean sweep of the four-game series with Cleveland.

Capt. Lord's batting gave the local club a comfortable lead early in the game, but the visitors, by oportune hitting and taking advantage of wild pitches and errors, had little difficulty tieing the count.

Lajoie, one of the leading batsmen of the league, failed to make a hit during the series. He came to the plate sixteen times, drew a base on balls ad made a sacrifice hit. Score: R. H. E.

Cleveland	5	8	3
Chicago	6	11	1

Batteries—Hagerman, Collamore and Carisch; Faber, Russell and Schalk. Umpires—Chill and Sheridan.

AMERICAN ASSN.

Millers 12; Kaws 5.

Kansas City, Mo., April 18.—Minneapolis hammered Covington and Reagon hard and had little difficulty yesterday in winning the last game of the series from the locals 12 to 5. Fourteen hits were made off Covington in the five and one-third innings he was on the mound. Every player on the Minneapolis team but Burns and Lake, pitchers, got at least one hit while Rondeau and Altizer each polled four out of five times at bat.

Centerfield Mattick, who has been playing a star game for Kansas City injured his ankle in sliding to the plate on a close play in the first inning and Roth took his place in the field. Mattick's injury probably will keep him out of the game for a week. Score: R. H. E.

Minneapolis	12	19	0
Kansas City	5	12	3

Batteries—Hogus, Burns, Lake and Rondeau; Covington, Reagon and Moore. Umpires—Owens and Connolly.

Brewers 4; Saints 3.

Milwaukee, Wis., April 18—Cy Young, pitching fine ball won his second game of the series yesterday by pitching the Milwaukee champions to a 4 to 3 victory over the St. Paul club in the final game of the set. Gardner pitched great ball until the sixth inning, when Young's single followed by Barbeau's double gave the home club its first run. In the seventh Beall singled and Felch doubled. Lewis scored both runners with a single to left and scored himself on a double steal with Barbeau. Score: R. H. E.

Milwaukee	4	5	2
St. Paul	3	4	2

Batteries—Young and Hughes; Gardner, Rieger and Gharrity, James. Umpires—Westervelt and O'Brien.

Colonels 5; Senators 1.

Louisville, Ky., April 18.—Louisville defeated Columbus yesterday in the last game of the series by 5 to 1. Loudermilk's pitching proved so puzzling to the visitors that he allowed only five hits and struck out eleven batters. Furthermore he did not give a base on balls. Tripp lost his cunning in the third inning, when the locals found him for two doubles and two singles which netted four runs. Both teams played fast ball in the field. The visitors counted their only score on Miller's triple and Jones' single. Score: R. H. E.

Columbus	1	5	0
Louisville	5	8	0

Batteries—Tripp, Hayes and Smith; Loudermilk and Clemons. Umpires—Murray and Johnson.

Hoosiers 9; Cleveland 5.

Indianapolis, Ind., April 18.—Indianapolis won a loosely played game from Cleveland 9 to 5 yesterday, thereby taking three out of the four game series.

A fist fight between Jay Kirke and Paddy Livingston, which started when the former is said to have "roughed" Livingston at the plate, enlivened the contest. Kirke struck Livingston and the later tried to retaliate, but the players interfered. Umpire Johnston put both men out of the game. Score: R. H. E.

Cleveland	5	15	4
Indianapolis	9	11	2

Batteries—George, Frost and Devogt; Merz and Livingston, Blackburn. Umpires—Johnstone and Irwin.

FEDERAL LEAGUE

K. C. 4; Chicago 3.

Kansas City, Mo., April 18.—Kansas City won a 13-inning game from the Chicago Federals here yesterday 4 to 3. Singles by Henning, Chadbourne and Kenworthy scored the winning run. The locals got off in front. In the second Goodwin singled, took second on Kruger's infield hit, went to third when Tinker threw wild to first and second on an infield to Goodwin. Tinker's single to right scored Brennan. Tinker took third on Beck's single and scored on a wild pitch. Kansas City came back with two scores in the same inning on Perring's single, a sacrifice, an infield out, Chadbourne's triple and Stovall's single. Chicago tied the score in the ninth when Farrell tripled and Flack singled. Score: R. H. E.

Chicago	3	12	1
Kan. City	4	11	1

Batteries—Brennan, Prendergast and Wilson; Henning and Brown. Umpires—Kane and Cusack.

St. Louis 5; Indianapolis 4.

St. Louis, Mo., April 18.—Eleven innings were necessary to decide the second game between the St. Louis Federals and Indianapolis yesterday, the locals winning 5 to 4, when Simon singled, scoring Ward Miller. In the fifth inning Indianapolis scored three runs. Booe grounded to Bridwell, scoring Kauff. McKechnie scored Laporte by a single to center, Dolan making the third score in a double steal with McKenzie. Score. R. H. E.

Indianapolis	9	9	2
St. Louis	5	11	2

Batteries—Mosely and Rariden; Willett and Simon. Umpires—McCormick and Brennan.

NEW INSTRUCTOR OF THE NORTHLAND CLUB

RICHARD CLARKSON.

RITCHIE A REAL 'CHAMP'

Gives Tommy Murphy Worst Beating of Latter's Ring Life.

Has Tough and Courageous Scrapper Whipped All the Way.

San Francisco, Cal., April 18.—Willie Ritchie, lightweight champion of the world, won a decision over "Harlem Tommy" Murphy in a 20-round fight here last night. Nearly every round was easily Ritchie's, but Murphy's ability to stand punishment astounded the crowd.

Murphy fought a courageous, aggressive battle but never was dangerous and often was in distress. There was no disputing the referee's decision at the end of the twenty rounds.

Murphy might have been allowed one questionable round and perhaps two could have been given him as even, but the remainder were all Ritchie's by a wide margin. In the sixth, the tenth, the fifteenth and the twentieth rounds Murphy was dazed and staggered. He reeled and clinched and covered up and leaned against the ropes. Only his vitality and his courage saved him from a knockout. Knocked through the ropes in the last round, he bounded to his feet again and came back with a fine flash of warring, but the round remained Ritchie's by a wide margin.

The battle went exactly as it had been predicted. Murphy made the sort of a fight that Ritchie liked. The champion waited for the challenger to come to him and caught him repeatedly with straight lefts to the face and heavy left and right rips to the body.

Murphy a Glutton.

Repeatedly Murphy took blows delivered with full force that made him gasp and back up, but after an instant's hesitation, he was always able to crowd back with a brisk rally of short-arm blows. In the last rounds the champion was crowding Murphy about the ring, measuring him with his left for heavy right crosses that still failed to carry a knockout.

Murphy scarcely landed a clean single solid blow. Whenever he showed to advantage it was with a shower of short-arm uppercuts and body blows. The greater part of the body blows the champion blocked. A few of the hooks he ducked and those that landed at no time troubled him. In revenge he was always able, in any rally, to land three or four damaging smashes to the body, and in the sixteenth he brought over a right cross which sent Murphy staggering on his heels into a neutral corner. But the challenger's cool head and long experience stood him in good stead.

Murphy was a severely punished man in the last round. The champion bled a little at the mouth from the bruising he received in the clinches, but left the ring otherwise unmarked. Expert opinion at the ringside agreed that Ritchie showed improved execution and better generalship than in any of his previous fights and added punishing power.

Low Score the Rule.

Atlantic City, N. J., April 18.—Low scores were again the rule in the individual and two-men sets at the National Bowling association meeting yesterday, only one change being recorded in the standing of the leaders. Cook and Amundson of Brooklyn, with a sheet of 1,143 rolled into sixth place in the two-men set, while the individual leaders remained unchanged. Al Klein of Brooklyn was high individual for the day, his frame aggregating 598. Two squads of five-men teams bowled last night until a late hour.

Sixty Will Practice.

New Haven, Conn., April 18.—Sixty candidates for next fall's Yale football team registered yesterday for the spring practice, which will begin Monday.

FRED CLARKE THINKS MIGHTY WELL OF PIRATES' CHANCES

Pittsburg, April 18.—"I like it better than last year's team."

Fred Clark made this statement one day last week after a moment's hesitation in replying to the question. He seemed sincere and evidently meant what he said. Yet fans will wonder and ponder over the facts in the case.

This time a year ago the Buccaneers were being widely picked to romp away with the 1913 pennant. They finished a wretched fourth. Nowadays there isn't a pennant whimper hereabouts, thanks to the fact that a few habitual winter champion pickers have been effectually squelched by events since 1909. This may prove a good omen.

But getting back to Clarke's remark that he likes the 1914 Pirates better than last year's aggregation we find room for analysis, writes James Jerpe in the Gazette-Times. Of last year's aggregation the club has lost Jack Miller, Chief Wilson, Claude Hendrix and Rube Robinson. Others have drifted away, but the four mentioned are the important ones.

Miller's departure for other fields is a distinct loss so far as Jack himself is concerned. Konetchy, however, will more than fill his shoes, although there are many well-posted fans who will not admit that Konetchy is a better man than Dots. Wilson also will prove a clear loss, simply because the man who can fill this place has not proved the fact. The club is out a high-grade left-hander, due to Robinson being sacrificed in the big St. Louis trade, and may miss Hendrix, the poor work of the spitballer last season notwithstanding.

Taking the rosy side of the view, however, Clarke has Koney of whom nothing need be said. He has acquired Mowrey, one of the best third basemen in the game. He has Harmon, who, if he does no better than Hendrix did in 1913, can do no worse. "Violinist Bob" is a first-class right-hander and long has been rated as such, but, like Hendrix, he had a bad 1913.

Has Youngsters.

By figuring himself stronger this year than last, Clarke, no doubt discounts the loss of Miller by the acquisition of Koney, and does not feel so much the loss of Wilson because he has jugged up third base and has a variety of outfilders to pick from. He probably places more dependence in his crop of youngsters this year and believes that from among the two speedy Kellys and Jot Watson he will find the needed outfielder. Should it come to pass that these three fail him, Clarke will not have such a bad outfield should he be obliged to depend on Mike Mitchell in center and Eddie Mensor in right.

Mensor is very bit as skilled a fielder and faster than Wilson. True, he cannot hit with the Chief, but if Eddie is allowed to bat according to his own style he should improve. It will be remembered that Jimmie Viox batted below .200 in his first year as a Pirate and looked like a very wretched prospect as a hitter. Now he is among the league's foremost artists with the bat.

Mitchell is a better player than he proved himself last season. Mike, like many others, was jinxed under the fateful spell of the hoodoo 1913 year. He was a grand ball player while with the Reds, batting fourth in those years and being rated among the sluggers of the National league. He declined with the Cubs, flashed awhile upon coming here and then lapsed into his old slump. Mike's fault was chiefly with his inconsistency in batting and on the bases. Clarke had a chance to swing him in the St. Louis deal and save Wilson, but preferred to keep Mike, who is faster than the Chief, hits about on a par with the Texan and can field and throw quite as well.

Of the 1914 infield little need be said. Konetchy, Viox, Wagner and Mowrey will form a formidable quartet, and soon after the big trade with the Cardinals was made many writers joined in the opinion that Clarke had the best infield in the major leagues, barring the "million-dollar" affair in the keeping of one C. Mack.

As for pitchers, it cannot be said that they measure up to the form that was promised for the 1913 squad this time a year ago. But the 1913 crew of artists proved a bitter disappointment. Hendrix and Cavet were below form that had been expected of them. O'Toole was in bad form and after he did get going he was stricken with appendicitis after pitching about five first-class games. Cooper failed absolutely and the youngsters did little or nothing. Robinson held up well throughout and led the National league left-handers. But Robby has gone.

Adams, always ready and steady, was good from April until October and almost shared with Matty the leadership of the right-handers. So far as the work of the 1913 Pirate staff was concerned there isn't much to talk about excepting the advent of George McQuillen, and "Big Mac" is still one of them with the added advantage of being with the club from April on instead of joining it late in the season.

Better work by the pitchers as a crew this year, with the addition of Harmon, the use of McQuillan throughout and the possible development of Duffy and Kanthelehner should offset the loss of Hendrix and Robinson.

The catching department is the stumper, and Clarke probably hesitated over this end of it before pronouncing himself more pleased with the aggregation that left for Dawson Springs yesterday than the one he took to West Baden a year ago. The jumping of Simon may hurt the club, although in Coleman the club has a catcher who is about on a par with Mike. George Gibson seems to have returned to his old self, and unless he repeats his trick of crashing into a grand stand he should be good to officiate in 100 games or more this year. Of the young catchers, Kafora, Walt and Brenegan, little can be said.

Cry for Speed.

There always is a cry for speed on a club, and Pittsburg has been in crying need of it since 1909. Whether the club has improved in this department or not is a question, inasmuch as three fast men were sacrificed in the St. Louis trade. Dolan, Butler and Miller could run bases in elegant style. Konetchy and Mowrey are about on a par with Dots. Koney will steal about twenty-eight sacks a year and Mowrey about the same number. Carey is the only exceptionally fast man on the club, barring, of course, Joe Kelly, the St. Joe recruit, who has yet to show that he can do other things than run bases.

"I'm glad March is here without any one picking us to win the pennant," laughed Clarke before leaving. "I told you all last year that too many people picked us to win for our own good. They did not pick us to win in 1909, but one writer who went South with us that year had us doped for fourth."

Prying into the dope, however, we find a situation in the National league that differs greatly from any other in history. Normally, without the Federal league rumpus, a great fight was promised with the Phillies and Giants having an edge and the Pirates and Cubs looming up very threatening. But the Phillies have lost whatever edge they may have had in the jumping of Brennan, Seaton and Knabe.

The Giants have fared rather badly in the loss of both Hartley and Arthur Wilson from behind the bat. They traded Hartley to Cincinnati along with Charlie Herzog for Bescher and now Hartley has gone over with the Feds.

Should anything happen to Chief Meyers there would be a panic in the McGraw camp. To make matters worse, Tillie Shafer has quit the team, and this time it looks like the real kind of a retirement. With Herzog also gone, McGraw has no other recourse than to play Eddie Grant at third, and Grant is a weak hitter.

And so it runs all along the line, with every club having suffered more or less through loss of men. Fred Clarke, if anything, escaped more luckily than the other first-division clubs. He lost a pitcher and a catcher to the Federal league and if dope runs true he is robbed of but little strength.

WEARY DOGS SECOND.

Malamutes About All in When Alaskan Race Is Finished.

Nome, Alaska, April 18.—The Allan Darling team of eighteen malamutes owned by A. A. (Scotty) Allan of Nome and Mrs. A. Darling of Berkely, Cal., and driven by Allan, finished second in the 412-mile all-Alaska sweepstakes dog team race when they wearily dragged themselves into Nome at 4 o'clock yesterday morning, ten hours behind John Johnson's team of Siberian wolves, which won the race in 81 hours and 3 minutes.

Fred Ayer, driving a team of fourteen fox-hounds, will finish a poor third. At noon he was making slow headway, eighteen miles out from Nome.

SPORTSMEN ASKED TO ATTEND MEETINGS OF LIVE ASSOCIATIONS.

During the coming week there will be two meetings of importance to sport lovers.

On Monday evening at the Kelley Hardware company's store there will be a gathering of all baseball managers and players and followers of the amateur game who are in the least interested in the forming of the Duluth Amateur baseball league. A governing body to take general charge of baseball in the city, to provide parks and promote the interests of the game in every particular.

It is to the advantage of the game to have the league organized, and therefore it is hoped that there will be a large attendance.

On Wednesday evening at the Commercial club will be a special meeting of the members of the Northeastern Minnesota Game and Fish Protective association.

The meeting is called for the purpose of electing officers and transacting some important matters that have held over from last year. As there is some very important work ahead of the association, work of extreme interest to the sportsmen of this section of the community, it is particularly desired that there be a large attendance.

THINKS THIEVES HOUNDED HUSBAND.

New York, April 18.—Mrs. Gerolamo Leone has asked the police of Burlington, Iowa, to investigate the death of her husband, a prosperous New York wine merchant. Leone died in a hospital at Burlington, Tuesday night, and his wife believes he was hounded to his death by men who had robbed him. On Wednesday Mrs. Leone received a telegram from her husband which said:

"Stop payment on my bank books; they have been stolen from me."

Yesterday she got word that Leone rushed into the Burlington police station Thursday night shouting that he was being pursued by three men. He said that the men had accosted him on a train from Chicago and threatened to kill him if he did not cease injuring their wine business. Soon afterward he collapsed and died.

LION'S BITE KILLS POSER FOR MOVIES.

Los Angeles, Cal., April 18.—Bitten by a lion several days ago in posing for a moving picture production, William Warner Kirby, a member of Paul Rainey's expedition to Africa and known throughout the circus world, died yesterday. His wounds were thought trifling at first, but septic infection set in.

SIGNAL CODE IS LARGE PART OF BASEBALL GAME

No Attack or Defense Can Be Concentrated or Effective Without the Aid of a Careful System of Signals.

Charlottesville, April 18.—A code of signals, which every well-regulated ball team uses and guards with great care, plays an important part in the deciding of games.

There is never a ball pitched or any play made in which some sort of a signal is not used, writes J. Ed Grullo of the Washington Star. The average fan is well aware of the fact that the catcher signals the pitcher as to what sort of a ball to expect. He must know the curve from the fast one in order to be able to handle it competently, so when he crouches and hides his hand in the palm of the big mitt he is signaling the pitcher what to throw. But the signal system does not end there. The shortstop and second baseman, for instance, when there are men on the bases, always watch the catcher's signs, for the good reason that they learn from them in what direction to expect the ball. For instance, with a left-handed batter up and a man on first base, if the catcher signs for a fast ball, the shortstop knows that the batter is more apt to hit into his direction than to right field, consequently the second baseman takes the cue and gets ready to cover the bag in event of an attempted steal. If this system was not practiced many more balls would be hit through territory which one or the other of these infielders had left unguarded to cover the bag.

On some teams the shortstop and second baseman repeat the catcher's sign to the outfield so that he can learn in the direction where the batter is most apt to hit, though this feature of the system of signals is used but seldom.

But there are other angles. Every man on the infield, for instance, has a sign with the catcher. If he sees a chance to catch a base runner napping he signals to the catcher for a throw. The catcher in turn gives the pitcher a signal to keep the ball out of the batter's reach. This is called "wasting," and is done so that the ball is sure not to be hit while the baseman goes to cover his bag, and the catcher is thus given clear way to make his throw. The second baseman and shortstop also have a signal by which the question of which one of the two is to cover the bag with a man on first, and there are a great many catchers who signal the pitcher when to throw to first to catch a runner off of the bag.

Offensive Signals Also.

These are all defensive signals, however, but the code extends into the offensive feature of the game. On a well regulated ball team few batters ever step to the plate with men on the bases without informing these runners what they are attempting to accomplish. If it is the intention to play what is known as the "hit-and-run game," the batter signals to the runners to start in advance on the next ball pitched, and he then tries to hit the ball through the position which either the shortstop or second baseman has left open upon starting to cover the bag. If he gets the fielder off his balance, a ball which is hit barely hard enough to roll past the infield will go into safe territory and be a full-fledged base hit, while on a ball so hit the runner is very apt to take two bases.

Under certain conditions the batter notifies the runner that he is going to sacrifice, and again he may inform him to steal, in which event the batter will protect the runner as far as possible by hitting at a waste ball or wide pitch, which the catcher has signaled for in order to make a throw to intercept the runner.

Teams which practice the squeeze play also have a signal for it. The batter tips off the man at third, who starts for the plate with the pitcher's motion, and the batter bunts when he can reach the ball.

Those managers who do not allow players to do their own thinking frequently use a system of word signs from the bench or coaching lines. These signals are to convey the manager's wishes as to what the batter or base runner is expected to do. He may want him to hit and run or bunt, and a word is used to tip off the players, which, however, is not intended to attract the attention of the opposing players.

The fewer signs a team uses the better it is off. A complicated system of signals confuses the average player and there have been some of the most successful teams which did not use any signals at all, using their own judgment at all times.

Griffith Uses Few Signals.

Griffith is not in favor of a confusing signal code. He has a certain set which become in vogue during the championship season and is carefully guarded, for if the opposition ever discerns the signals of an opposing team it naturally has a great advantage.

It often happens that, with the bases full or a man on second base in a close game, the shortstop will run behind him to get a throw from the catcher to nail the base runner. This play is worked in the following manner: The shortstop leads the runner a considerable distance from the base by standing close to third, but not so close as to attract suspicion. Then he signals the catcher, who, in turn, calls for a waste ball from the pitcher. As soon as the pitcher gets in motion the shortstop runs to the bag and the catchar throws there. This frequently catches a wise base runner off of his guard and he is retired with apparently ridiculous ease.

In order that the players may become accustomed to one another's hit-and-run signals these are practiced during the entire spring training period. Many signs are used, for if a player used the same one day in and out it would only be a question of a little time when the opposing catchers would solve them and "cross" the batter, as it is termed in baseball.

One of hundreds of different little things the batter does may mean something. Every time he goes up to the plate with a man on the bases he may do ten different things, any one of which might mean something, but he always covers the real sign by indulging in many for the purpose of deceiving the opposing team.

NOLAN CONFESSES CANADIAN MURDER.

Humboldt, Iowa, April 18.—James B. Nolan, arrested here, confessed to the murder of a homesteader named Cary at Wood Mountain, near Regina, Sask., Canada. He will return to Regina without extradition.

STAGELAND

Lyceum

There is unusual interest among the playgoing public in the coming gala "Blue Bird" week at the Lyceum theater with the matinees Wednesday and Saturday. The box office force has been taxed to handle the extraordinary volume of the advance sale, and all indications are that "The Blue Bird" will enjoy one of the most successful engagements in the history of local theatricals. It is a production heralded far and wide (and heralded justly too) as among the most sumptuous and beautiful of the current stage. The opportunities for stage illusion in Maurice Maeterlinck's Fairyland drama were almost limitless, and the New theater directors took full advantage of them. From one scene to another the spectator is carried in a state of visual wonderment, while at the same time the dramatic thread of the story is not lost and the adventure of the children Tyltyl and Mytyl in their quest for the blue bird, the symbol of happiness, are followed with unflagging interest. More than 100 actors, great and small, appear in the production. At the head of the cast is the remarkable boy actor, Master Burford Hampden, who was brought over from London especially to play the lad Tyltyl. Little Editha Kelly will play the companion role of Mytyl. Among the beautifully poetic ensembles are the group of dancing Happinesses, the shining Hours tripping out of Grandfather's Clock, the Mist Maidens, the Stars and the Blue Children. All are played by young girls whose graceful dancing and evolutions constitute one of the enduring charms of the spectacle. The Song of the Mothers forms one of the delightful musical innovations, there being also much incidental music, interpreted by an augmented orchestra, from the works of Debussy, Massenet and Bizet. In brief, "The Blue Bird" is an entertainment for young and old alike. In London it played for months in the holiday season, and it holds the record of two years in Moscow and St. Petersburg, Russia, a year each in Paris, Berlin, New York and far-off Australia; in fact, wherever civilized man delights in the theater as the mirror of life and the mirror of the ideal, "The Blue Bird" has found ready and lasting welcome for its message of happiness.

* * *

When Richard Bennett and his original New York company of coworkers present Brieux's startling drama, "Damaged Goods," at the Lyceum theater, Thursday, Friday and Saturday, with Saturday matinee, April 30, May 1 and 2, the public will have an opportunity to see the play which has created more comment within the last six months than ever produced in America.

As Dr. Abram Simon, the noted rabbi of Washington, D. C., has said, "This play is the reformer's trumpet blast to the present to give the future a square deal."

The play deals with terrific force and unanswerable logic with the great problem of the terrible "social diseases." It strips the veil of hypocrisy and ignorance from facts which cannot be denied and it details the truth that only by understanding the dangers which confront society can evils be combatted successfully.

The central character in "Damaged Goods" is a young man who is engaged to be married; he has been imprudent and he visits his physician, who tells him that in his present condition it would be criminal for him to marry, but the patient declares that his engagement has already been announced and that he must fulfill his obligation—that it is the physician's duty to cure him. The latter declares that science knows of no sure cure within the time which the young man names, whereupon the prospective bridegroom departs from the office, promising to try to postpone the wedding, but the wedding is not postponed and in the second act the audience sees the happy couple married. Apparently all is well and they are joyful over the arrival of a beautiful daughter, but, now, enters the gaunt specter which the physician had predicted—a frightful hereditary disease, and all the happiness of the young husband and of the innocent young wife withers like a flower before the scorching blast. The sins of the father have been visited upon the child. The father of the young wife goes to the physician and asks for a certificate setting forth the condition of the young husband, so that the girl may secure a divorce, but the physician refuses, whereupon the father flies into a rage and enters upon a tirade of abuse against the son-in-law. It is then that the father has himself to blame for his daughter's woe, for, whereas, he was scrupulously careful to ascertain whether his future son-in-law's social standing was good and whether his business prospects were satisfactory, he did not give a single thought to the young man's physical fitness for marriage. Had the father demanded to know whether the young man was sound in body as well as sound in purse, the tragedy would have been averted. And then, the great preachment demanding a health certificate with every marriage license is driven home by "Damaged Goods."

"This play proves more completely than any other we can remember," says the New York Globe, editorially, "that the theater can be the most influential pulpit in the world."

Orpheum

There will be a double headline bill at the Orpheum for the week beginning with the Sunday matinee when Miss Willette Whitaker, interpretator of folk songs and melodies of the American negro will share first place honors with Percy Bronson and Winnie Baldwin who will present "pickings from song and dance land."

Miss Whitaker will be assisted by F. Wilbur Hill, vocalist and violinist. The two have just returned from a world tour and this season marks their first appearance in vaudeville. Miss Whitaker's art has been compared to that of Kitty Cheatham in her interpretation of negro character and the realism with which she presents to her audiences the characteristic emotion and temperament of the darkey. She has absorbed the songs which have been a part of the negro life for generations and in these character songs she has proved a most popular entertainer to people of every country in the world tour she has just completed. Miss Whitaker is a harpist as well and she is a proud possessor of a valuable Erard, an instrument which she has carried with her on her tours. Mr. Hill, who is her assistant in the act, is a violinist and vocalist and adds much to the interest and charm of the act.

Percy Bronson and Winnie Baldwin will share the headline honors for the week and they will present songs, dances and amusing chatter. The act is presented with spontaneous gaiety and proves a most enlivening fifteen minutes of vaudeville entertainment of the sort that wins immediate favor with the average lover of vaudeville. They have probably been the biggest hit of any "team act" on the circuit this season.

A novelty that is sure to command much interest will be presented by Jackson and McLaren, the Australian woodchoppers. These men are the champion tree fellers of Australia and have a reputation that is the envy of the bushmen and axmen of the big island. In their act the methods of lumbering in the big island are first shown and the two performers then engage in a tree felling contest. The trees are imported for the purpose and from the ease with which the blows of the ax apparently are placed, many of the spectators think the wood is of some soft variety. They are from a hardwood tree, however, and the apparent ease is the result entirely of great skill. A log sixty inches in circumference is cut through in an incredibly short time. The act will be of especial interest in this northern country where the lumbering industry is so familiar. The act closes with an ax throwing contest, blades flying across the stage and sinking unerringly into a given mark on a tree stump. The act proved a sensation in the music halls of London and in the vaudeville theaters of America.

Smith and Cook who have been long associated as "The Millionaires" are this season assisted in their comedy efforts by Miss Marie Brandon. The trio still retains the title of "The Millionaires" and Smith and Cook again appear in their irresistible comedy makeup. The act is said to be a most amusing one.

Conley and Webb who are a musical young man and an attractive young woman will be seen during the week in "The Storm." Piano music that includes all varieties and songs make up the bulk of the entertainment, the act having a most unusual climax. Mr. Conley at the piano plays "Storm at Sea" or some equally realistic effort, and the effect is so realistic that a true tornado sweeps the stage annihilating the entire setting, so that when the thunder quits peeling and the winds die down and light comes again nothing remains of the stage setting and the gifted pianist cowers under a rug.

Miss Annie Kent is billed as "The Little Jester" who talks and sings in a manner that has proved popular with vaudeville audiences. The setting for the act, the songs chosen and the change of costumes, combine in making a pleasing vaudeville entertainment.

Barrows and Milo, exponents of physical culture will appear on the week's bill in wrist to wrist balancing, the point of contact being the wrists of the two performers instead of the palms of the hands as is usual. The act is an interesting one of its sort.

The Hearst-Selig pictorial review will be a feature of the bill as usual and the numbers of the Orpheum concert orchestra will complete the week's bill. The first performance will be presented Sunday afternoon and the bill will be repeated every afternoon and evening of the week.

WILLETTE WHITAKER,
Who Will Be Heard in Darky Folk Songs at the Orpheum.

AT THE REX

"What Happened to Pauline," is the talk of the town in New York. Allan Dale, known all over the world as one of the foremost dramatic critics of the present day, for the first time in history, broke all precedents to put the review of "The Perils of Pauline" on the dramatic page of the biggest morning papers in New York. The third installment of "The Perils of Pauline" will be at the Rex Monday, Tuesday and Wednesday.

Full of wonderful new curves, catches and crinkly new ideas in "The Baseball Fan," which will be shown at the Rex Monday, Tuesday and Wednesday. The men folk will seek the back lot for a trial game after seeing "The Baseball Fan."

"Our Mutual Girl," or Margaret the Saucy, will be on her best behavior when Chapter Thirteen is exhibited at the Rex, Monday, Tuesday and Wednesday. Margaret is so infected with the spirit of St. Patrick's day that she swears allegiance to old Erin and goes to watch the parade on Fifth avenue, and has as good a time as if she came from the "auld sod." She also visits "Louise," the fashionable milliner, and is delighted with the new spring styles and chic Parisian designs. Then she calls on Elsie de Wolfe, the most famous of all interior decorators.

"Washington at Valley Forge," will feature the clever actress Grace Cunard with Francis Ford. This is a picture out of the ordinary and putting it in the words of the trade papers, "A mammoth Revolutionary war spectacle, historically correct and superbly produced." And through it all runs a delightfully quaint love story. Peter Leon, as Washington, has received a great many compliments on his fine make up. A special school kid matinee will be given Saturday afternoon. "Washington at Valley Forge" will be shown Thursday, Friday and Saturday.

Those funny "joker" laugh bringers are going to dispel the smoke of battle left by Washington and the Hessians at the Rex Thursday and Friday and Saturday in "How Green Saved His Mother-in-law."

Al Woods will open the Eltinge theater next fall with a play, entitled "Innocence." It is now running in Vienna and is from the pen of a Hungarian named Arbad Pazstor. The offering is said to be positively unique as regards its structure.

ODD CREATIONS OF MAETERLINCK'S BRAIN APPEAR IN "THE BLUE BIRD"

Theater-goers at the Lyceum theater next week will be entertained with a set of Maeterlinckian grotesques, for which it would be difficult to find parallels in the whole range of dramatic literature. The point about them all is that they're not mere extravagant absurdities, but—cartoons though they are—expressive of deep philosophic concepts.

Take Bread for instance; a pompous, crusty fellow, over-running into weird protuberances and projections. His hostility to Man is explained by the fact that he is the erstwhile savage, bearded Wheat reduced to subjection for Man's use. Or Sugar, a candy-sweet, two-faced character, forever breaking off his fingers to feed the "Blue Bird" kiddies. He, too, dreams now and again of his independence when he was the free and waving sugarcane on the banks of the Nile.

Cat shows his hypocritical, treacherous nature in his every tiger pose. He hates Man profoundedly, for he was undisputed master of the primeval wilderness before human beings cleared the jungle, built habitations and compelled him to fawn and cringe for shelter. Dog, on the other hand, is Man's sole friend. He cuts a fine figure in his flunky coat and breeches, and he is proud of his master, whom he worships as dogdom's God.

Water and Fire are so busy trying to extinguish each other that they have no time for lesser loves and hates. Fire is a violent acrobatic fellow with leaping arms and legs; Water is a sinuous, becurved lady, moving about in a sort of flowing dance. Milk is a timid, frightened creature, always afraid that she's "going to turn."

The Fairy Berylune—assuredly a beldame that would crack any photographer's camera—somehow has the power of evoking the souls of these inanimate folks and giving them reason and speech. Everything in the universe has a soul, Maeterlinck tells us, and in the "Blue Bird" he gives everybody—meaning everything — a chance.

AT EMPRESS

One of the classiest attractions to come to the Empress in many days is "College Days" for the first half of next week starting with the matinee Sunday, April 19. "College Days" is all that the name implies, carrying you back to the days when you had to "bone" for hours over Greek and Latin lessons or get the inevitable "goose egg."

"College Days" is a very prettily written story of one of the famous boat-races which are held yearly between Harvard and Yale universities. It has a clever little love story and is full of jokes, college songs and yells.

* * *

For the last half of next week an excellent vaudeville bill is assured Empress theater patrons as the headline act will be Menlo More's greatest act, "The Stage Door Johnnies" with Trix Oliver in the leading role. This act is practically a miniature tabloid taking only about twenty-five to thirty minutes to produce.

This act is played by Miss Oliver and six young men who have been picked for their ability to sing and dance. "The Stage Door Johnnies" is described as a bit of song, dance, laughs and reval set to the clink, the "pop" and the "honk honk" of midnight life. The songs are charming, the comedy lines bright and original, and the dances all of the present day kind, it is said.

Foster & Foster, billed as "Grief Destroyers," are said to be natural fun makers. Their act is a comedy musical sketch, in which songs and comedy predominate.

Marie Dreams, a young woman said to have a phenomenal voice, is also on the program and is sure to win favor with her baritone voice. Miss Dreams not only has a good voice but is a classy dresser. She has gowns of the latest fashion and will wear them at the Empress on her appearance there.

Another single is Marie King Scott, but of a different style. Miss Scott is a comedienne and of the country town style. Her sayings are full of bright and breezy comedy. She has a fund of jokes that will keep Empress patrons busy laughing.

A two-reel feature film and a single reel will round out the program.

ONE OF THE COLLEGE BOYS IN "COLLEGE DAYS" AT THE EMPRESS.

ROWE PIT MINE TO MAKE ITS FIRST SHIPMENTS THIS YEAR

Millions of Tons of Ore Now Ready for the Cars.

First Hole on Crow Wing Poor Farm Yielded No Ore.

Brainerd, Minn., April 18.—(Special to The Herald.—The Rowe pit mine at Riverton will make its first shipments this season. By steam shovel and hydraulic methods the overburden was cheaply removed and today millions of tons of ore are exposed ready to be hoisted by steam shovel into waiting ore cars. On Thursday morning the laying of 80-pound rails commenced in the pit to connect with the Soo line track. There will also be put in three tracks capable of holding 100 cars each.

Capt. William Wearne of Hibbing was at the Thompson pit mine of the Inland Steel company at Crosby this week. A steam shovel has prepared the pit for shipments this year. At the Pennington pit mine the steam shovel is now stripping the south bank. For the previous month the shovel has been working on the approach.

The Superior-Cuyuna Iron company of Superior, Wis., has given a two-year option to John T. Leirmo to explore for iron and manganese ore, the east half of the northeast quarter of section 10, township 46, range 28 and to call for a lease for fifty years at 25 cents royalty, the minimum tonnage being 5,000 tons the first year, 10,000 tons the second year, 25,000 tons the third year, 40,000tons the fourth year, 50,000 tons the fifth year and every year thereafter. H. Jefferson O'Brien is president and I. E. Bullis, secretary of the Superior-Cuyuna Iron company.

Lease to Cuyuna Central.

Emil J. Hunter owning five-fifteenths and Herman A. Hunter, Lulu B. Peck, Ray Hunter, Vollie and Glen Hunter, each two-fifteenths, have given a mining lease to the Cuyuna Central Iron company, the lease being for fifty years and covering the property in the northwest quarter of the northwest quarter of section 27, township, 47, range 29. The royalty is 25 cents a ton, the minimum being 5,000 tons the first year, 10,000 tons the second year, 25,000 tons the third year, 40,000 tons the fourth and every succeeding year.

Andrew Johnson has given to Nels B. Swanson, W. H. Mantor and F. E. Ebner, a release of option covering the southwest quarter of section 11, township 46, range 28. Torkel Tomson, by attorney, has given an option for a lease to George H. Wyman of Anoka, the land being in the west half of the southwest quarter of section 10, township 46, range 28.

The Cuyuna Central Iron company has drills working on its property in section 27, township 47, range 29 and a big body of very good grade ore has been discovered. The company has recently leased the north forty acres of the Flynn property and drills will be put to work on the land very soon. The company also has a lease on eighty acres in section 29, township 47, range 29, and it is stated drills will soon be put to work here.

The Barrows Mine.

The Barrows mine of the Virginia Ore Mining company now has out stock piles supposed to contain a total of from 80,000 tons of ore and up. Ore is being hoisted from the No. 2 shaft. Sinking is being carried on in the big shaft. The last payday at the mine was $7,000, almost twice that of any former month. The town accordingly is feeling the impetus of increased pay days and business is correspondingly good. Duluth, Superior and Virginia people have organized a new mining company, the Barrows & Mississippi Iron company and they will soon place drills between Barrows and the river. Drilling is also being extensively carried on in other points on the south range. The Barrows Iron company has drilled considerably near Lenox and will soon have drills there again this spring. Little Falls and Brainerd men have formed a company and will plat the town of Lenox and also open an iron property in the neighborhood.

By vote of its stockholders the name of the Helmer Exploration company has been changed to the Seafield Exploration company. William Seafield has been the efficient superintendent of the company ever since its organization. The corporation has removed its headquarters from Deerwood to Ironton.

Drilling South of Deerwood.

South of Deerwood in section 9, township 46, range 28, a drill of the Hale-Bradley Exploration company is at work, and south of Brainerd in section 12, township 44, range 30 another drill is working on the Stillings place. A range visitor this week was Alfred Gross, president of the Mangan Iron company. J. W. Furness was on the range with R. C. Jamieson of Duluth.

Lakes are very numerous on the Cuyuna iron range and the dispute regarding the ownership of lake bed ore is of interest on the range. C. W. Potts and associates have ore interests near Jeune lake. The Cuyuna-Mille Lacs mine and the Kennedy mine are near lakes.

The Armour No. 2 mine at Crosby and the Kennedy mine at Cuyuna, both Rogers-Brown Ore company properties, are loading from shaft to cars and shipping from 10 to 12 cars each. The Cuyuna-Mille Lacs and the Cuyuna-Duluth mines are expected to ship heavily within a short time, their manager with a furnace company making such action possible and assuring them of a constant ore market.

In the city limits of Brainerd the Brainerd-Cuyuna mine has its second shaft down over forty feet, and Capt. John O. Martin will soon drive in forty foot steel piling to help him get through the quicksand area. The Longyear Exploration company is on its second hole at the county poor farm property, the drill being in surface. The first hole yielded no iron ore. A total of nine holes is to be sunk.

The Wilcox Mine.

The timber shaft of the Wilcox mine of the Canadian-Cuyuna Ore company at Woodrow is thirty-five feet deep. Forty men are employed. Cement is being placed back of the timber, thus strengthening the shaft. To drain out expected water the company has two No. 10 Cameron sinker pumps on hand. At present a day and night shift is worked and Supt. MacKay will soon put on three shifts. All the ore of the mine has been contracted for, and so a market is not worrying the Canadian-Cuyuna Ore company people.

At the Adams mine at Orcland grass fires ran up to the shaft on Monday and threatened some of the buildings, and mining was stopped until the fire was put out. In stockpile is over 2,000 tons of ore of good quality. The Cuyuna Range Power company has an electric pump ready for installation, but the mine is only pumping 270 gallons at present, a very inconsequential flow of water. Capt. William Treloar is in charge of mining operations.

Changes in Interests.

Kay Todd of St. Paul has sold to the Cleveland Iron Land company an undivided one-fourth interest in and to lot 3 of section 13, township 46, range 28; the northeast quarter of the northwest quarter of section 30, township 47, range 29, and the southwest quarter of the northwest quarter of section 33, township 136, range 26. The Clinton company, et al, has given to the Cuyuna Northern Railway company an easement deed for $500, covering part of the northwest quarter of the northwest quarter of section 10, township 46, range 29. H. V. Zaiser has sold to Thomas J. Padden an undivided one-twelfth interest in the northeast quarter of the southwest quarter and lot 3 of section 33, township 138, range 26. To C. L. Weiser was sold an undivided one-quarter interest and to John W. Westphal an undivided one-twelfth interest, H. V. Zaiser being the grantor in both cases. Patrick Hammel has sold to Richard S. Patrick an undivided one-sixteenth interest of lot 3 and the northeast quarter of the southeast quarter of section 9, township 136, range 25 and the northwest quarter of section 10, township 136, range 25 and an undivided one-fifteenth of lot 3, the southwest quarter of the northeast quarter and the north half of the southeast quarter of section 17, township 136, range 25.

CASCADE TO BE PRODUCER

New Mine on Marquette Range Has Shaft 800 Feet Deep.

Traders at Iron Mountain to Ship 100,000 Tons This Year.

The Cascade Mining company, which more than a year ago started to sink a shaft on its lands at Palmer, Marquette range, will be producing ore within two months. Excellent progress has been made. The shaft is now more than 800 feet deep. Two stations for pumps, one at the bottom, are being cut out of the rock. Water has caused no annoyance to date, the water stratas having been scaled as they were encountered in the sinking. There will be no flow of water to speak of till drifting to the ore body is started. The company has awarded a contract for the erection of a concrete smoke stack at its boiler plant. The stack will be conical shaped, 130 feet high, twelve feet at the base and six feet in diameter at the top. Four big boilers of the horizontal type will be installed. The mine will be equipped with two large Prescott pumps. As the ground is wet there will be much water to pump after the development work is started. The shaft will be equipped with a steel head frame, but this will not be erected for some months, as the permanent shaft equipment will not be installed until after mining operations are well under way. The company is controlled by the Longyear-Pillsbury interests.

Hematite Mine No. 3.

A steel shaft house is in process of construction at the Breitung company's Hematite mine No. 3 at Negaunee. The Worden-Allen company of Milwaukee is doing the work. The mine was opened only last fall, but the shaft has already been sunk a depth of 560 feet. With the shafthouse completed, development work will be commenced. Boiler and engine houses have been built and by July 1, it is expected, they will have received their equipment. A concrete smoke stack is now in process of erection. The big chimney will be 175 feet high and seven feet in diameter at the top. The machinery for the mine is being manufactured by the Nordberg company of Milwaukee. The boiler house will be equipped with fuel economizers and the boilers with automatic stokers.

Traders Mine to Ship.

The Antoine Ore company, the operations of which are under the directions of the Republic Iron & Steel management, will produce approximately 100,000 tons of ore from its Traders mine at Iron Mountain, Menominee range, this season. A force of 150 men will be employed. The Traders is an open-pit property, wrought under the milling system. Additional ground will be stripped this spring. The overburden to be removed constitutes 20,000 cubic yards; it is twenty to thirty feet in depth. The stripping will be done by contract. The Traders will shut down at the close of the season of navigation each fall, and is allowed to fill with water. Preparations to drain the workings are now in progress.

The Millie mine at Iron Mountain, controlled by F. H. Clergue of Sault Ste. Marie., Ont., and associates, will be operated more vigorously this season than heretofore. Work was recently resumed, after a considerable suspension. The present force of a score of men will be increased shortly to 100 or more.

DUMP OF TAILING WORTH BIG MONEY

Clark to Erect Plant at Butte With 1,000-Ton Capacity.

Butte, Mont., April 18.—Adjacent to the abandoned smelting works of the Colusa-Parrot Mining & Smelting company, which was one of the W. A. Clark properties purchased by the Anaconda company in 1910, is a large accumulation, estimated at close to 1,000,000 tons of tailing from the concentrator, containing a gross value in silver and copper of more than $3,000,000. This valuable dump was retained by the Clark interests pending thorough investigation by a large staff of testing engineers, making use on a large working scale of the latest developments in hydro-metallurgy and ore dressing.

One section of the old concentrator not destroyed by fire was remodeled and fitted with every known device that might throw light upon the commercial treatment of this tailing. Preference was finally given to the oil flotation process rather than roasting and leaching as at Anaconda with similar material and elaborate mill tests were made under supervision of the Minerals Separation American Syndicate, Limited, using a 50-ton agitation unit where a high recovery of the sulphides was demonstrated.

One factor in favor of the process was the extreme simplicity of the operations. The raw tailing was fed directly to a Hardinge tube mill and after crushing to pass 60-mesh screen entered the flotation unit where a remarkably clean high-grade product was removed, dried, sampled, assayed, weighed and shipped for treatment to the Anaconda smelter.

As the tailing has been exposed to weathering a part of the copper occurs as oxides, sulphates and basic sulphates, which will be recovered by a preliminary treatment with weak sulphuric acid solutions. The tube mills are to be lead-lined on this account. A plant with initial daily capacity of 1,000 tons has been designed and will be in operation before 1915.

PROGRESS AT THE FRANKLIN

Richer Grade of Rock Encountered Early in Month Continues.

Winona Will Probably Be Able to Produce to Full Capacity.

Houghton, Mich., April 18.—(Special to The Herald.)—Franklin is now hoisting eighty tons daily from its two drifts. These openings have an extent of 170 feet. Great progress is being made, three drills being employed in the face of each drift. The southern drift is maintaining the high average of the lode and the richer grade met with April 3 is still continuing. None of this improved grade was included in the mill test. The continuation of the crosscut from the point where the work was stopped just beyond the lode will not be resumed until the large compressor is put into commission. The small compressor, now in use, has capacity for only six drills, the number now in operation. The large one will be overhauled and will probably start up within a month.

Winona.

Winona will probably, through the results of the strike, be able to produce to full capacity. For over two years the management has struggled to get a full quota of men. This goal was difficult to reach as when the big mines near the larger towns are short of labor the men will not go to the remote properties. Now the conditions are just the reverse. The big mines in the good locations are filled and the men have to take such places as are open. In addition to the forty-eight men brought in from Chicago three weeks ago many new men have been coming of their own accord, and quite a number of strikers who feared to return to the mines where they formerly worked have been taken on here. April 14, there were on the pay rolls 275 employes, within 100 of the number required for a production equal to the mine's capacity. It has been the opinion that this mine, on account of it low grade, could be only conclusively tested by running at the rate of 1,200 tons daily for a period of at least six months. With the calling off of the strike the necessary labor will be easily obtained. Moreover, with the adoption of the single man drill, only about one-half the old force of miners will be needed. This is a great advantage, as the company's supply of houses is rather limited.

Winona's recovery at the mill of the metal has been greatly bettered by the introduction of the Hardinge conical tube mill for regrinding. A still greater improvement is being sought by the Boston and local managements and it is possible that more tube mills will be added or that some one of the leaching processes now being brought out or that the combination of the Shields-Thellman jig-classifier and the Lovett regrinding mill may be given a trial. It is likely, however, that when the mine and mill are making good progress with a full force, that the combination of the Shields-Thielman jig-classifier and the Lovett regrinding mill will be given a thorough and decisive working test in view of the peculiar adaptability of the latter to the flaky copper of the Winona and of the high recoveries with good capacity and low power costs obtained by the combination. These facts are very convincingly detailed in a report of A. L. Dickerman, a mining engineer of great and varied experience, to the president and directors, by whom he was engaged as consulting engineer. This report can be found in the annual report just issued.

Oneco.

Oneco is working both shifts in just the two same drifts as on July 23, when the last work was done before the strike. The south drift on the twelfth level is making quite a uniform disclosure of commercial copper and the north drift on the third level, while not so even in its mineralization, is encountering good bunches of a fair grade. These openings are on the Oneco lodge, where drifts have been driven on different levels for more than a year. It is thought that this lode is a continuation of that recently found at the New Arcadian and which is still revealing a high grade of ore. This is quite likely to be the case as there is quite a curving in the formations in this locality.

Quincy.

Quincy, according to the most reliable testimony gathered during a period of more than a year and a half, is disproving the old time idea which has generally been accepted for years here at the "Lake" that our lodes diminish in value with depth. Not one, but a score of mining men tell me that the bottom levels are not only good, but rich. These statements apply particularly to No. 2 and No. 6, the two deep working shafts. This means very much, especially if it continues to the north as this mine has such a long or rather deep extent on the dip of the lode. Two decades and a half back mining at 5,000 feet was looked upon as a marvel, but now it is the opinion of the wise men here that if the copper prevails to the depth of 10,000 feet means will be found to hoist it with dividends.

Keweenaw.

The Kewenaw Copper company's Garden City shaft on its subsidiary, the Phoenix, has been enlarged to the third level, the bottom of the old workings. The depth is about 440 feet. The drifts were found to have an extent of 250 feet and no sloping whatever had been done. Evidently this exploration was going to continued when the work had to be stopped for the lack of money. The shaft and the drifts all reveal the same most excellent grade of copper that has been constantly in evidence from the grass roots down. It is the intention of the management to proceed with the sinking in order to open more ground.

Hole No. 12, the fifth of the new series that is being drilled in order to complete the exploratory line of holes started in 1910 with the purpose of examining the lode along its strike at the depth of about 400 feet, has just passed through the lode. The core is very similar to that of the preceding hole No. 11, having about the same width, twenty-seven feet, and having a good disclosure of the metal pretty evenly distributed. The drill has been moved 1,000 feet and is already boring the No. 13 hole. President T. F. Cole visited the property this week.

South Lake.

South Lake has sunk its shaft thirty-eight feet since work was resumed, making a total depth of 565 feet and leaving only 35 feet more to be covered to arrive at the 600-foot level, where the 1,000-foot crosscut to the South Lake lodes will be begun. Three shifts have been working for the last few days and the men relieve each other at the end of a shift in place. The rock has been quite hard and the progress rather slow. There are sufficient men to be had to open up the other properties under President-elect Edwards' management, the Indiana, North Lake and Algomah. As there is a good deal of snow still remaining in that section and as all the water pipes are frozen, work will not be begun until next month, when the spring thaw sets in. Indiana will be the first to resume.

WHY BUTTE & SUPERIOR DOES NOT DECLARE A DIVIDEND

Plenty Money in Treasury But Awaiting Decision of Suit.

Davis-Daly Must Be Greatly Deepened, Says Manager Creden.

Butte, Mont., April 18.—(Special to The Herald.)—With some $400,000 cash in the treasury, no indebtedness and the company earning something better than $130,000 a month the numerous holders of stock in the Butte & Superior company were beginning to become anxious about a dividend. Some of the holders of the stock in this city after reading the statements given out as to the financial condition of the company began to wonder why the dividend was not forthcoming. A man in authority was appealed to and he informed the inquirer that while it was true that the company was in a good position to commence the payment of dividends, it was not deemed good policy to do anything in that direction until the courts had finally determined the suit brought by the Minerals Separation company, which is now awaiting a decision from the circuit court of appeals. The case involves the right of the Butte & Superior company to use the flotation process of which the Minerals Separation company claims the sole patent. When heard before the Federal judge in this city a decision was rendered in favor of the Minerals Separation company and the Butte & Superior company took an appeal. It was also stated that there was a dispute still unsettled between W. A. Clark and the company as to the ownership of some ground, and this would also have to be settled before a dividend would be declared. The appeal case was argued two months ago in San Francisco and a decision is looked for during the next few weeks. In regard to the dispute over ground engineers and experts of W. A. Clark and the company have gone over the territory in dispute very thoroughly, and the exact nature of the conclusions reached have been guarded carefully. There was a story to the effect that they were in favor of the Clark contention, but neither side will admit anything so far as the public is concerned. W. A. Clark, who is a heavy stockholder of the Butte & Superior company, has made a statement to the effect that whatever differences exist will be settled without resort to the courts.

Davis-Daly.

The general report regarding conditions and the ordering of a 50-cent assessment on Davis-Daly has certainly had a very bad effect on the market. According to the statement given out here the company is still shipping 100 tons of ore a day, but it is but 2½ per cent copper and after operating expenses, along with freight and mill charges are deducted, little is left for the treasury. The shaft is down to a depth of 1,900 feet and Manager Creden is of the opinion that by carrying it down to a depth of 2,600 or 2,800 feet rich ore will be found. With the money derived from the 50-cent assessment and the $25,000 said to be in the treasury, this work can be carried on. It is admitted that the development work of the past few months has not been satisfactory and either the mine has got to be carried to greater depth and thoroughly explored or work abandoned. To pursue the course of abandoning work, in the opinion of Mr. Creden, would be the height of foolishness.

Tuolumne.

The ore body on the 2,400-foot level of the Tuolumne mine has widened out to five feet, but the ore has somewhat decreased in value with the width. It is now running 5 per cent copper and 12 ounces of silver to the ton and there is every indication that the ore body will rather increase than decrease in value. The work of sinking the shaft has been resumed and it is not intended to stop until a depth of 2,800 feet is reached, except for the purpose of cutting a station on the 2,600-foot level when reached. The gross earnings of the company for the month of March were $18,000 and the net amount for the treasury was close to $5,000.

Exhibit at Frisco.

E. P. Mathewson, one of the best known smelter men in the country and manager of the Washoe smelter, has been named by Governor Stewart as the man to assume general charge of the Montana mineral exhibit at the Panama exposition. Mr. Mathewson says that he proposes to see that one of the most complete mining exhibits ever shown in any part of the world is sent to San Francisco.

Butte & London.

The Butte & London property will commence operations somewhere around the latter part of the present month. After being over one month on the road the compressor has arrived and is being installed. All the other machinery has been on the ground for some time. The shaft is down a little over 1,100 feet and it is estimated that there is in the vicinity of 1,000 feet of water to be removed.

East Butte.

The East Butte company has opened up an ore shoot on the 1,500-foot level which shows a width of five feet with copper ore running between 5 and 6 per cent and ten ounces of silver to the ton. When first opened the shoot was but 18 inches wide and it is showing a widening tendency right along. The drifting has not reached the point where the management expects to find its richest body of ore.

Mountain Con.

The Mountain Con mine, which was closed for several months undergoing general repairs and having the engines changed from steam to compressed air, is now operating to a capacity of about 600 tons of ore a day. By the first of the next month the Neversweat and Stewart which have been down for a long time will resume work. With those mines in operation the production can be considerably increased if necessary by the Anaconda company and the loss sustained by the closing down of the Diamond for several months for retimbering the shaft and the Belmont for shaft sinking will be fully made up.

Royal Basin.

The Royal Basin Milling company, operating in Granite county and financed by McKeever Brothers of New York and Boston, is going to erect a mill to treat the ore now being mined. Surveys are being made for a water system and the installation of a power plant. The ore is sulphide copper in form, but some high grade native copper has been found in the south workings. The ore has been opened at a depth of 815 feet and for 2,000 feet in length. The work of erecting the mill will be commenced at once and those in charge say that the property will be on a paying basis before the close of the year.

Pilot Butte.

Pilot Butte is pushing its development work on the 2,700-foot level with very encouraging results. The ore body opened recently now shows a width of 2½ feet of copper running between 8 and 9 per cent and about one and one-half feet of ore running around 4 per cent. The sinking of the shaft to a depth of 3,400 feet will be completed in about two weeks and after a station is cut and the sinking will be continued to a depth of 2,600 feet, which will be the deepest point of the mine for some time as it is intended to develop extensively on the lower levels and commence shipments around about the middle of June.

Sulphuric Acid Plant.

A sulphuric acid plant with a capacity of 100 tons a day is to be built by the Anaconda company. Charles S. Rogers and W. H. Dederick, two well known Philadelphia experts are in the city for the purpose of preparing plans and specifications for the plant. It has transpired that one of the reasons the company has in view in starting up a sulphuric acid plant is to supply the acid for use in the leaching plant which the company has commenced to erect. As the plant for a time will be but 2,000 tons capacity only a part of the acid turned out will be required for the leaching process, but when the leaching plant is enlarged to 10,000 tons a day all the acid will be required. This is another one of the economical methods which the Anaconda company from time to time puts into operation. The acid will be turned out for a considerably less amount than it can be purchased even in large quantities in the open market.

Butte-Duluth.

The work of enlarging the leaching plant of the Butte-Duluth company is going ahead and it is estimated that around the first week in May the plant will be in a position to treat 500 tons of ore a day. It is Capt. Wolvin's intention to bring the capacity of the plant up to 3,000 tons before the close of the year.

ANACONDA REPORT DUE NEXT MONTH

Would Not Be Surprising If a Deficit Were Reported.

Butte, Mont., April 18.—The annual report of the Anaconda Copper company will be issued some time in May. Amalgamated's annual report will follow that of Anaconda. As has been stated, Anaconda showed a very sharp contraction in earnings in 1913, and it would not be surprising if a deficit were reported. In 1912 the company reported a surplus of $5,025,085.

The contraction in earnings of the Anaconda company was due to a number of extraordinary causes, among them the cleaning of the flue of the Washoe smelter, which resulted in a suspension of operations for many days. Then again, higher wages contributed largely towards increased costs. In addition, a large amount of money was spent for new construction and operations were interrupted by fires. Production in 1913 was something like 20,000,000 pounds less than it was in 1912, and the company is supposed to have received an average of 15¼ cents a pound for its product compared with something like 16 cents the preceding year.

Many of these developments contributed toward increased cost of production. If the Anaconda shows a cost of 10¾ cents per pound in 1913 it will be doing well.

Amalgamated Copper gets its main source of income from Anaconda. In fact, the dividend received by Amalgamated from Anaconda is about equal to the annual disbursements of Amalgamated. Amalgamated, however, has other small sources of income and its report will probably show a surplus.

KEWEENAW IS IN GOOD CONDITION

Annual Report Shows Surplus Assets of Approximately $300,000.

The annual report of the Keweenaw Copper company for 1913 shows surplus quick assets of approximately $300,000. The railroad was operated at a loss of $21,133. Increased railroad traffic is looked for this year. The report says "During the year diamond drilling operations have been continued on the old Agate Harbor, Empire and Aetna properties of this company, along the strike line of the Ashbed lode. Fourteen holes amounting to 7911.5 feet have been drilled, results of which show the Ashbed lode in place with its usual characteristics and with mineralization in the core of some of the holes. It is intended to continue this diamond drilling exploration along this lode.

"On the property of the Phoenix Consolidated company, exploration by diamond drilling along the Ashbed lode was commenced in September, 1913, near the Garden City property.

"The cores showing good copper obtained by diamond drilling in the Ashbed lode and information received from parties who were familiar with the value of the copper rock opened by mine development on this lode prior to 1865 were the factors that influenced the decision to commence development of the Ashbed lode at the old workings at Phoenix.

These old workings consist of an inclined shaft sunk to third level, with all vein matter including nearly all the shaft pillars, stoped above the second level for a distance of about 400 feet along the vein. These workings were full of water and in October, work of unwatering, reopening and enlarging old shaft was commenced. Necessary plant and equipment was erected and ready for operation at end of year.

"In sinking the new shaft about four feet of the rock under the old shaft was taken out disclosing good copper values and total depth reached on Dec. 31, 1913, was 120 feet. An examination of the faces of the openings made on and above the first level of the old workings shows good copper values. It is proposed to sink this shaft as rapidly as possible in order to develop the Ashbed lode below the old workings."

SHATTUCK MAY GET WOLVERINE

Latest Report Regarding Sale of Warren District Mine.

Bisbee, Ariz., April 18.—Whether there is a deal on for the sale of the Wolverine property still remains to be learned. Its stock continues to advance, which lends strength to the report of an impending deal, and none of the big blocks held by a few people has come on the market.

For Shattuck the Wolverine would be an ideal purchase. It is already connected up with the property. One overhead charge would do all the work. Copper Queen also is in close touch with Wolverine and for this company Wolverine would likewise seem to be an admirable purchase. Calumet & Arizona is now much interested in the vicinity of Wolverine and it would be valuable territory for acquisition by that company. With the first advance in Wolverine shares the supposition was that it was probably caused by Calumet & Arizona interest, the latter company having just at that time made the purchase of the Higgins claims. Recently this opinion has veered around and Shattuck is now looked upon by many as the likely purchaser, if there is a deal on.

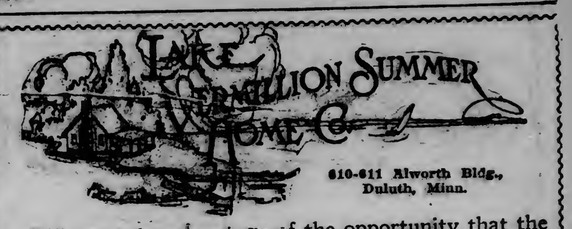

There was a long period during which Wolverine snagged along as best it could, with plenty of discouragement attending its movements. The last year the property has been looking better every week. Early this year a compressor was put on and machine drills installed. With this equipment at work the shipments of ore were raised from a couple cars a week to a car a day. The ore is high grade stuff. It accumulated a surplus in the treasury of around $50,000 during 1913 on the two-car a week basis. Under the larger shipments, the surplus account is growing proportionately. From a scarcity of pay stuff a few years ago, the company has broken into a plenty of fine ground. The latter is coming in wherever they reach for it. It is believed that on a sale of control $10 a share would probably be paid.

SMELTER TO BE BLOWN IN SOON

United Verde Mill in Arizona to Treat Custom Ore.

Kingman, Ariz., April 18.—Senator W. A. Clark is making a round of the mines of the state with a view, it is understood, of getting at the true condition of the copper producers.

The United Verde smelter at Clarkdale is to be blown in some time the latter part of this month, and after that the big Clark corporation will be in the market for copper ores, as the plant was built with a view to treating a lot of custom ore in addition to that from the United Verde mines. This part of Arizona will then be able to mine a lot of ore that could not be mined heretofore because of a lack of transportation and smelting facilities.

Capital, Surplus and Profits $2,500,000.

Beer Is The Greatest Beverage Made By Man

WHY IS IT that beer remains the world's greatest manufactured beverage in spite of the endeavors of science and vast appropriations of money to produce "soft" and other drinks to take its place? There is only one reason—Beer is the purest, most healthful and satisfying beverage for all occasions.

Fitger's Beer

30 Years the Choice.

The real goodness of bear is demonstrated in Fitger's. It combines all the valuable qualities of other good beers with a peculiarly delicious flavor produced only by the Fitger process. Try a case in your home. That's the best test.

HARRY GRANT ENTERS 500-MILE RACE

Vanderbilt Cup Winner Expects to Make a Non-Stop Run.

Indianapolis, Ind., April 18.—Harry Grant, two-time winner of the Vanderbilt cup, has been entered in the next Indianapolis 500-mile race at the wheel of a Sunbeam, by William Ziegler, the New York millionaire. The car is the same that overturned while in the lead during the grand prize at Santa Monica recently, Marquis driving. It is rapidly being put in shape, it is stated, and will be in prime condition for the contest.

Grant expects to make a non-stop run of the race, if he can, the light weight of his car, and the smallness of its motor, placing this entirely within the realm of possibility. Fuel enough will be taken on for the entire grind, so that tires promise to be the only unknown factor in Grant's equation. Even these, however, he figures will stick with him to the finish, because of the light avoirdupois they will have to carry.

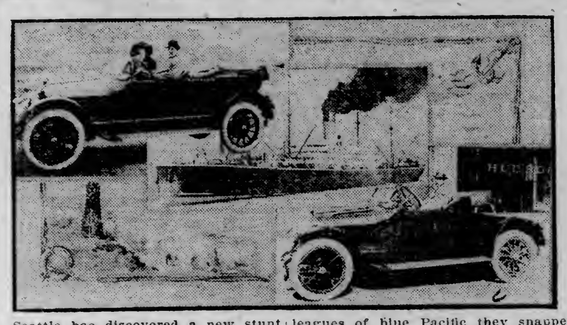

The advent of the famous American puts the Sunbeam into the running with a vengeance, another car of that make already being nominated, with Chassagne, holder of the world's hour record, at the wheel. With two such noted dr'vers, the English machines are expected to make the rest sit up and take notice.

The speedway entry list has now attained a total of twenty-two, with but eight more needed to fill. These, it is thought, will be forthcoming in the next few days. The field, at present, stands as follows: Burman, Burman and one other; Stutz, Oldfield, Cooper and Anderson; Gray Fox, Wilcox; Beaver Bullet, Keene; Peugeot, Goux, Boillot, and Duray; Sunbeam, Chassagne and Grant; Delage, Guyot and Thomas; Excelsior, Christiaens; King, Klein; Mercedes, De Palma and Mulford; Mercer, Bragg, Pullen, and Wishart; and Marmon, Dawson.

Racers Take Big Chances.

Speedway racing is exactly 2,000 times as dangerous as ordinary means of livelihood, according to actuaries engaged in figuring rates of premium for drivers in the next Indianapolis 500-mile contest. Pilots of Stutz cars were thus compelled to pay $250 each for policies of $10,000, covering the practice period of two weeks and the day of the race. Inasmuch as the total number of hours they will spend on the course during this time will not exceed twenty-four, or a period of two days, it will be seen that their rate is the colossal one of 65.625 per cent. The ordinary figure is .003, estimated on the basis of $5 premium for $1,500 insurance for one year.

PASSENGERS ON STEAMER MINNESOTA BUY HUDSON SIXES BY WIRELESS

Seattle has discovered a new stunt in the motor car business.

The steamship Minnesota—that hugest of all American freighters—was many hundreds of miles out on the Pacific, when her commander, Capt. Thomas W. Garlick, and his friend, W. C. Ruckman of Seattle, concluded that life for them was not worth living unless they each could number among their portable property a Hudson Six.

Whereupon the captain invoked the aid of the wireless and across the leagues of blue Pacific they snapped a message to the effect that two Six-40's should be waiting for them at the Smith's Cove dock when the big steamship arrived in Seattle.

And here we have the picture of the boat—likewise Capt. Garlick and daughter in a Six-40 phaeton—likewise W. C. Ruckman in a Six-40 roadster. Mr. Ruckman has owned thirteen motor cars. And he declares his fourteenth car, the Six-40 roadster, gives him more pride and pleasure than even cars that cost him $5,000.

DATES ARE SET FOR TOURING WEEK

Annual Runs Will Be Made From June 27 to July 4.

Chairman Frank X. Mudd of the American Automobile association touring board, has declared the week beginning Saturday, June 27, and concluding Saturday, July 4, as the official touring week for 1914. It will be accentuated by a night and day run from Chicago to Boston and its conclusion will be marked by the mid-summer semi-annual meeting of the association to be held at Bretton Woods, in the White mountains. A year hence the scene will shift to the Pacific coast, with San Francisco as the terminus.

Chairman Richard Kennerdell and his contest board are at work on the stock-car rules that will govern the Chicago-Boston event, the principal prize in which will be the famous Clidden trophy.

For the gathering in the White mountains, Chairman L. R. Speare of Boston has the arrangements in hand, and those who make the trip by way of the Hub city will start from there on the morning of July 3, the Chicago-Boston contest run finishing on the preceding day. This notable and quite unique form of competition will be conducted under the joint supervision of the A. A. A. touring and contest boards, with the Chicago Automobile club in direct charge of the details of the run, which will be accompanied by a special chartered train traveling on a schedule that will permit the officials to arrive at each control ahead of the contestants and to leave after the last car has passed. The schedule for the tour will be within the legal speed limits permitted in the several states traversed between Chicago and Boston.

In the latter part of June or early in July the White Mountains country is at its best, and many A. A. A. clubs and members in various parts of the country have signified their positive intention of spending their touring week in New England territory, with an itinerary to include the rendezvous at Bretton Woods.

In connection with the various tours to the White Mountains, the beautiful A. A. A. national touring trophy and the Anderson cup donated by the South Carolina city of that name, will be offered in competition under rules that have yet to be formulated and announced by Chairman Mudd.

During the touring interval, inter-county and inter-state runs of all kinds will be encouraged by the touring board, which has been assured of the co-operation of the National Automobile Chamber of Commerce, that in its turn will co-operate with local automobile trade bodies in all parts of the country.

TRUCKS ARE NEEDED ON MOVING DAYS

Speed of Auto Puts Horse in the Shade, Says Willys.

"The regular semi-annual moving days, which have become an established institution in the United States, show clearly the popularity of the motor truck over horses," says John N. Willys, president of the Garford company of Elyria, Ohio. "Of the vast number of families that make two annual migrations, from city residence to country home and return, only a very small percentage now see their goods packed into old-fashioned horse-drawn wagons. The motor truck has almost eliminated the horse from this field of activity.

"Twice a year every large city and a great many small towns see these migrations. In the spring the fashionable families move from their town residences to their homes in the suburbs or the country. In the fall they return. On both trips practically all the household furniture must be taken along. This is a lucrative work, for the people who make these moves have the money to pay liberally for the kind of service they want. And the motor truck is the one transportation means that gives this service.

"Before the advent of the truck, these moving days were a source of worry and annoyance to the householder, for if the distance to be traveled was more than 15 or 20 miles it always meant a long wait for the goods. Horse travel has always been limited to about this distance in a single day, and when the 15 or 20 miles had been accomplished, there was usually a stop for the night to rest the team. With the greater speed of the motor truck, any distance under 100 miles can be negotiated in one day, providing the roads are anywhere near good. The average moving van, mounted on a motor truck chassis, has two to three times as much packing area as the horse-drawn wagon. The latter was naturally limited, because a team could haul only a comparatively small load. Nowadays it is no uncommon sight to see all the furniture from a large house stored away in the motor van and the whole thing started away up the street at a 10 or 15 miles an hour clip. And if the distance is longer and the roads poor, it makes no difference to the truck. Unlike the horse, which would necessarily be laid up the next day for rest, they can make the return trip easily at night and be ready again early the next morning for another day's work."

OPEN TO VISITORS.

Staff of Guides to Receive Guests at Ford Factory.

Detroit, Mich., April 18.—The policy of the Ford Motor company is rather unique in the respect that every effort is made to welcome and encourage visitors. In Europe, and in some of the Eastern automobile factories, it is impossible to gain admittance under any pretext. Visitors come to the Ford in great numbers from all over the United States and Europe and they average about 150 a day. For their reception and guidance a staff of from 25 to 30 guides is available and a good proportion of these are on the job constantly. They take the visitors around the plant in small groups and over a regular route, much as Cook's touring party is shown the high spots of a foreign country.

Of course, summer, when visitors to Detroit are most numerous, sees the largest crowds at the Highland park plant, but the number of sightseers keeps up pretty well throughout the year. The name and address of every visitor is kept in a register. When celebrities of international fame are at the plant, they are generally followed by the moving picture man who makes motion picture films for the exclusive use of the Ford company.

Two hundred and fifty Michigan editors and printers, in attendance at a meeting of the State Press association in Detroit, visited the plant of the Ford Motor company recently and were taken on a tour of inspection through the great Highland Park factories. The visiting journalists were given an intimate view of all the various operations necessary in the manufacture of Ford cars and got some idea of the system that makes the huge Ford production possible. They were taken to the motion picture theater in the Ford plant and shown several reels of film which illustrate interesting phases of Ford manufacture.

MUST LOOK TO RESULTS.

Buying a Car Is Important, Says Franklin Man.

"Buying an automobile is not alone investing a good deal of money, but inasmuch as the car is used a great deal, it is tying up possibilities of pleasure, and satisfaction in the purchase," says Arthur Holmes, vice president of the Franklin Automobile company. "It is something like buying a home, for one lives with the car a good part of the day. The purchaser should get full value for his money. He should think of the returns to be obtained from the investment for years to come.

"A great deal of thought should be put into the purchase of a car and a study of the fundamentals that will produce satisfactory results. The machine should be purchased with the idea that it is really worth the money. It should bring returns in satisfaction, in usefulness, in dependability, and in small total cost.

"Perhaps the individual items one should investigate primarily are the comfort that is possible in one design over another and the days the car can be used—whether it is a car for six months in the year or a car that is good for every day in the year.

"Some cars are not built to be used on all kinds of roads. Maybe it will be taken over lots of bad places, even though the owner does not expect it will. Why not buy a car that can be used on all roads where a horse and carriage can go? Some cars are too heavy to go certain places. Gradients are too steep, roads are too heavy. It may be that service demands that you go to such places. This should be considered.

"Finally, the one big thing that can be demonstrated, that can be shown by examples of what others have done, is the total cost of the car—the first cost, the maintenance and the depreciation. The first cost and the depreciation can in general be determined. In mantenance the big items are tire cost, gasoline and oil cost, and repair charges. Knowing this total cost, and with a knowledge of the comfort and dependability of the car, it is possible to estimate in advance the real satisfaction of one car over another."

ESSENTIALS IN SELLING.

Frank Advertising and Organized Salesmanship Prime Factors.

Frank advertising and organized salesmanship are the two prime essentials to good business results in the opinion of President George A. Kissel of the Kissel Motor Car company.

"I believe," says Mr. Kissel, "that extravagant statements regarding any product are, in the end, not only barren of benefit, but positively harmful to the advertiser. The public is tired of reading that Smith, Jones and Johnson each builds the best motor car, or bakes the best beans, as the case may be. Instead of sparkling superlatives, they want to know the reason why the car is so surpassingly wonderful or why the beans are so infinitely good.

"Of course an automobile manufacturer cannot go thoroughly into detail in his advertising—space forbids—but he should at least dress his generalities with a fact or two to prove his case. If the reader is at all interested in reading, for instance, that a certain car is exceptionally comfortable, he is even more interested in knowing what makes it so.

"Advertising and salesmanship are so closely akin as to be positively interdependent. Many a worthy product has been swamped through the lack of a sales system to properly follow up the advantage secured through publicity. Capable selling organizations, on the other hand, have been badly handicapped by underdone or overdone advertising.

"Show me good, plain, factful advertising copy, attractively laid out, and an aggressive personal follow-up, and I'll show you a business success nearly every time."

MOTORCYCLE NOTES

"I know of nothing," says John Lee Coulter, secretary of the United States commission to investigate and study rural credits, "that has come onto the farm where I was brought up, that was more useful as a farm tool than the motorcycle. The motorcycle makes it possible if the separator breaks down, or the threshing machine breaks down or any other part of farm machinery needs repairs, to go to town six miles away, in six minutes or a little more and get the necessary part of the machine, bring it back and have the machine running again in a half hour or so."

* * *

While American motorcyclists are enjoying Memorial day club runs, social runs, endurance and speed contests, riders of Italy will be holding their greatest annual motorcycle event. On that date the Grand prize of Italy will be held, the event being open to both single machines and sidecars. The course covers 186 miles.

COME, see the much-talked-of HUDSON Light Six — the car that amazes even its builders. In 8 economy contests it utterly defeated the best Fours in America. Full details and names of competing Fours on application. Let us tell you about this remarkable contest.

Oakland
"THE CAR WITH A CONSCIENCE"

Three important fundamental principles are incorporated in the Oakland chassis.

The dependability of the mechanical construction comes first, because without it an automobile is not of any use.

The second great thought is accessibility because we are dealing with metals and metals require attention and lubrication.

The third great thought is exterior appearance. We want a beautiful housing for our mechanism and luxurious surroundings and comfort for the passengers. Fours and Sixes in a wide range of body designs.

$1,150 to $2,600

Overland $950

$1075 With electric starter and generator
Prices, f. o. b. Toledo

The Mechanical Construction of This—
The World's Greatest Motor Car Value—
Could Not be a Bit Finer

THE Overland motor is the same in principle, design, action and fundamental construction as the motor used in the $3000, $4000 and $5000 cars!

The Overland frame is of open-hearth steel, identical with that used in the $3000, $4000 and $5000 cars!

The Overland steering knuckle bolt is of 3½% nickel steel, just the same as those used in the $3000, $4000 and $5000 cars!

The Overland drive pinion is of 3½% nickel steel, the same as used in the $3000, $4000 and $5000 cars!

The Overland live axle, which is the driving shaft of the rear axle, is of Chrome nickel steel, the same as used in the $3000, $4000 and $5000 cars!

The Overland front axle, a one-piece drop-forging, is the same as used in the $3000, $4000 and $5000 cars!

The Overland steering knuckle is the same as that used in the $3000, $4000 and $5000 cars!

The Overland radiator in quality is the same as used in one of the most prominent $4000 cars!

The Overland fenders, in quality and material, are the same as used on the $3000, $4000 and $5000 cars!

We use more aluminum, on larger and more important parts, than any other manufacturer in the world. Where others and often makers of $5000 cars, use cast iron at 3 cents per pound we use aluminum at 28c per pound!

Each separate Overland test and inspection for quality of material and accuracy of machining is far more thorough than the methods used by manufacturers of $3000, $4000 and $5000 cars!

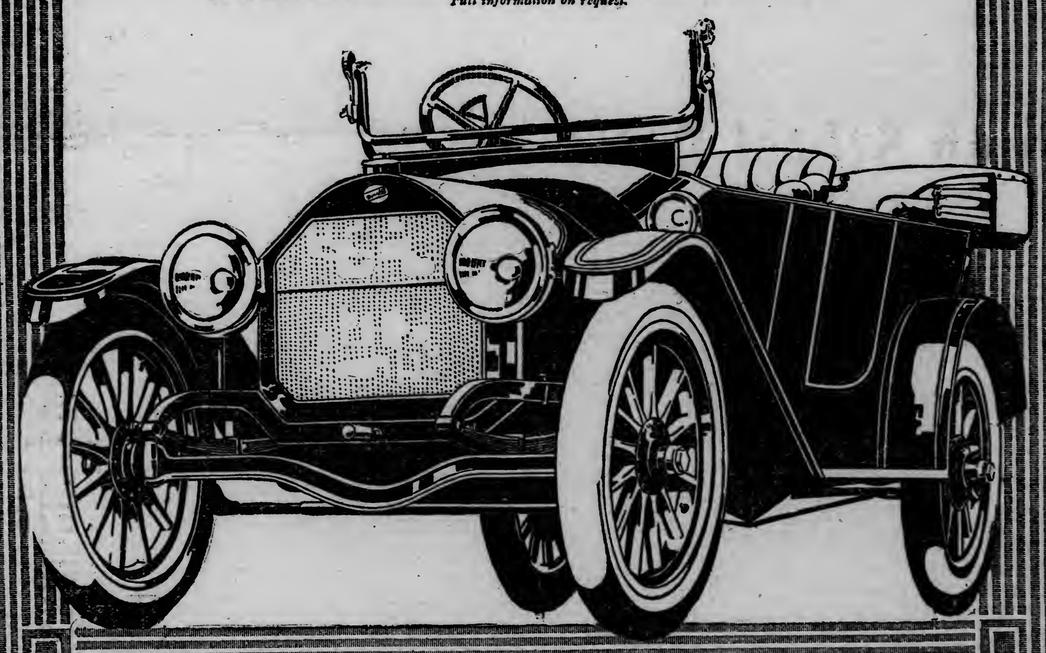

The significance of these facts should mean much to those who expect to buy a car. A practical demonstration will mean a great deal more.

Telephone the Overland dealer and make your appointment as early as possible.

Chalmers
The Master "Sixes"

Master Light Six
$1800
Coupelet #205

Ride Behind the Wheel of This "Six" and You Will Never Again Want to Drive a "Four"

The "Six" has long been supreme in the high priced field. For the first to recognize six-cylinder luxury were those who could pay any price for the best. They demanded cars of highest efficiency. And they found the "Six" smoothest, most silent, and easiest for both car and passengers.

Our problem was to build a car with the silence, flexibility, luxury of high-priced "Sixes" to sell at a medium price. The 1915 Master "Light Six" is that car.

Building this new "Light Six" in thousands we are the first to be able to give the real quality of a high-priced "Six" at a quantity price. It has what "Sixes" in the past have lacked; a low first cost which makes it easy to buy; a low operative cost which makes it easy to keep.

Six-Cylinder Value—at Less Than Four-Cylinder Price

Many have waited for this day to come

They want a car of low first cost; yet a car of generous size and ample power. A light car, but not a little one.

But that car must be a "Six." For they know that means a car easy to ride in, easy to run and easy to keep.

In the 1915 Master "Light Six" at $1,800 weight has been lessened but strength has been preserved. Everything is reduced to simplest form, yet nothing essential has been omitted. It gives the luxury and economy of the "Six" at less than the price of any comparable "four."

Safety First Always

When you ride in the 1915 Chalmers "Light Six" you can trust it. Frame and axles are heat-treated steel with a four-fold margin of safety. Gears and roller bearings have withstood a crushing test of fifty tons. Its brakes will stop it within its own length.

Its electric starter prevents the motor from going dead at a critical moment. The gears lock themselves in mesh. The shifting device won't let you go wrong.

The assurance of safety is the corner stone of motoring pleasure.

A Lighter "Master Six"

What the Master "Six" at $2,175 is among high powered cars, the 1915 "Light Six" at $1,800 is among medium powered cars.

It has the same flexibility; the same silence; the same six-cylinder smoothness which make the appeal of the Master "Six" resistless.

For the man who wants a lighter car—one of low first cost and minimum upkeep, there's none better than the 1915 Master "Light Six."

Ride once behind the wheel of this new Chalmers "Six," say for 10 or 15 miles, and you will never again be content to drive any "four."

Let us give you the Chalmers Standard Road Test which proves every claim.

Chalmers Master "Light Six" Touring Car..$1,800
Chalmers Master "Light Six" Coupelet....$2,050
Larger Master "Six," 2, 4 or 5-passenger..$2,175
Larger Master "Six," 6-passenger type....$2,275

LAST DAY OF THE PASSOVER

Jews Complete Eight Days of Special Services and Feasting.

Rabbi Lefkovits Compares Jewish Feast to the Christian Easter.

The observance of Passover or Pesach by local Jews came to a close last evening with special services at Temple Emanuel and the Adath Israel synagogue. The orthodox Jews will continue observing the Feast until sundown this evening, when, after a week of special services and customs, the Jews will again be able to eat bread and the ordinary foods denied them during the last eight days. While some foods are forbidden, Passover is a feast and many special dishes are prepared.

Passover commemorates the flight of the Jews from Egypt and is the oldest holiday in Jewish history. During the week they eat matzahs, or unleavened bread, symbolizing the bread the Jews were compelled to eat on the night they fled from Pharoah's rule.

At Temple Emanuel last evening the close of Passover was observed with a special song service and a sermon on "An Easter Vision" by Rabbi Maurice Lefkovits. He said in part:

"The nations of antiquity nearly all celebrated the beginning of the year in the joyous springtide. The Scriptures command that the spring month, Nissan, should be the first of the months. Persians and Egyptians, Greeks and Romans, all held religious festivals in the spring in commemoration of a year's commencement. And what more natural that at such a time the heart should be attracted to God? And as it was in nature, so man thought concerning himself. There would be an awakening, not physical, but spiritual.

The Modern Idea.

"But the spring festival today no longer speaks of the resurrection of nature from her seeming death in winter. It is of the god who bursts the fetters of the grave and physically arises therefrom, that the Easter morn speaks today. The church holds it as a dogma that on Easter morn nearly 2,000 years ago Jesus of Nazareth arose bodily from the dead Whatever we are willing to concede in connection with the history of Jesus, this we cannot admit. We cannot accept a resurrection story as a truth. How can we have faith in the resurrection of the body?

"I am glad in one respect that the resurrection story has been given to the world. It has been the means of preparing the world for the final conquest to be made by religion, by the Judaism that he taught. You will hear men say that Judaism is a preparation for Christianity. The very converse seems to be the truth. For Christianity is but a modification of Judaism and the truth cannot be supplanted for all time by a modification of the truth. Christianity is but a method of making the pure and lofty truths of Judaism understandable to the masses by concretizing them around a human divinity, but ultimately the method must give way to the pure truth.

"Cast out from Christianity those typical Christological dogmas, all of them based on miracles and concerning which Christians themselves are greatly at variance, and what have you left but a development of Judaism? And the time will come when the human in religion will fade and the institutions of priests will die, and the vagaries of an adopted paganism will perish, and that which is true will alone endure.

"A vision. A vision, you cry. So let it be. A nomad in the wilderness. Call Judaism a vision, if you will; it has a mission. It will bring God to abide with man. The vision will appear again and again. It will fade perhaps. It will never vanish. Its hope, its help, its message of love, its word of peace, its eternal glory will remain forever."

HOUSE VOTES OUT OLD MILEAGE RATE.

Washington, April 18.—The house struck the time-honored "mileage allowances" for congressmen out of the legislative appropriation bill yesterday and provided for actual expenses of members to and from Washington to attend congress. The senate has yet to agree to the proposal.

BOWLES QUITS AS FORE RIVER HEAD.

Quincy, Mass., April 18.—Former Rear Admiral Francis T. Bowles resigned the presidency of the Fore River Shipbuilding corporation at the annual meeting of the directors here yesterday. Admiral Bowles retained his membership in the board of directors, all of whom were re-elected. His resignation becomes effective July 1. It was announced that his successor would be chosen by the directors at an early date.

Admiral Bowles, who was chief naval constructor, resigned from the government to assume the presidency of the Fore River Shipbuilding company, as it was then known, May 2, 1903.

Last July the control of the company was obtained by Charles M. Schwab of New York, and some of his associates in the steel business, and the name was changed to the Fore River Shipbuilding corporation.

RICH MAN'S SON IS HELD FOR MURDER

Crime Committed in April, 1913, Traced to Malcolm Gifford.

Albany, N. Y., April 18.—Malcolm G'fford, Jr., the 19-year-old son of a wealthy manufacturer of Hudson, N. Y., is in jail here charged with the murder of Frank J. Clute, a chauffeur.

Clute was shot to death on April 1, 1913, while driving an unidentified man to Troy from here. The passenger shot Clute in the back of the head, robbed him, threw his body into a ditch, and fled. The slayer was known to have worn a gray overcoat and a light fedora hat.

On that night Gifford, who had been expelled from a private school a month before but never had gone home and had not notified his parents of his dismissal, left the house of a friend, Derrick Boardman, in Troy, ostensibly to attend a dance. He was garbed in a dress suit, a gray overcoat and a light fedora hat, it is said, but instead of going to the dance immediately, he disappeared.

Several hours later Gifford appeared at the dance. Witnesses before the grand jury said his clothing was soiled. The next morning, it further was testified, he put his overcoat in one of the friend's suitcases, his hat in another, borrowed a cap and left for home.

Victim's Property Found.

Recently property belonging to Clute was found under an eave of the house where Gifford stopped on the night of the killing. Detectives arrested Gifford last Tuesday. He was brought here and his detention kept a secret.

Detectives worked on the case with no suspect for several weeks after the murder. Interest in it was revived when Clute's belongings were found in the Boardman house. Henry Boardman, father of Derrick Boardman, Gifford's friend, then communicated with the authorities. The grand jury returned an indictment and Gifford was arraigned before Supreme Court Judge Chester. As he had no attorney, District Attorney Alexander entered a plea of not guilty for him. He refused to make any statement when arrested.

For GOOS-OLENE is the old remedy of our Grandmothers put up in collapsible tubes, the new, sanitary way. It is clean and soothing to apply and will not blister. Made of Goose oil, combined with mustard, turpentine, camphor, amber oil, eucalyptus, menthol, etc.

Also put up in a milder form for the ailments of BABIES and YOUNG CHILDREN, and called GOOS-OLENE NO. 2. Invaluable for CROUP, WHOOPING COUGH and all infantile congestions.

At all Druggists, 25 and 50 cents, or mailed on receipt of price by the GOOS-OLENE COMPANY, Superior, Wis. TAKE NO SUBSTITUTE.

High School Notes

E. P. Gibson gave a very instructive talk Tuesday afternoon before the Agricultural club, which is one of the livest organizations at the high school. Mr. Gibson took for his subject the Guernsey cow, and the talk was well illustrated by lantern slides.

• • •

Frank Crassweller spoke to the student body on Wednesday morning during the chapel period on the subject, "Be Square." Mr. Crassweller's practical talk was much enjoyed by the students.

• • •

The Delphian Literary society held its regular weekly meeting on Monday afternoon. Miss Evelyn Ahlen gave a talk on "Women's Styles." A recitation and a reading by Sarah Weinberg and Dorothy Erickson concluded the program.

• • •

The high school orchestra held its last rehearsal of the year on Wednesday under the direction of Dwight Heistand. The musical numbers for the senior class play are being given by Mr. Heistand's organization.

• • •

Two vocational talks were given Thursday afternoon for junior and senior girls. Miss Smith of St. Luke's hospital gave a talk as "Nursing as a Vocation" and Miss Austin's subject was "Gardening as a Vocation." During the series of talks given the upper class girls have a splendid opportunity of hearing experts in lines of activity for women.

• • •

During the week seniors have had the opportunity of examining the cap and gown idea in a definite way. A number of these have been placed at the disposal of the class of 1914 in order that they may become familiar with the new style of graduation. A very large per cent of the parents favor the idea.

• • •

On Friday morning, during the chapel period, Dr. Barker gave an optimistic and helpful talk to the students on the subject, "The Finest of the Fine Arts, or Learn to Be Always Happy." Dr. Barker gave the students a very interesting prescription and made evident the fact that genuine happiness is from within and not a matter of externals or environment.

• • •

At the regular meeting of the Athenaeum, Mr. Stemberg of the public speaking department gave a talk on "Parliamentary Law."

• • •

The Wallace cup contest will be held this year at the Superior high school on May 8. Duluth Central is assured of a good representation in this annual public speaking contest for a number of candidates have appeared for the try-outs.

• • •

T. F. Phillips, who is away on leave of absence, is reported as being in a much improved condition and will return to Duluth soon for a visit before going into the Northern woods for a vacation.

FATHER OF TEN SHOOTS HIS WIFE

Holds Her Against Hot Stove and Kills Her—Wounds Himself.

Boonville, Ind., April 18.—Pushing his wife, Mary, 42 years old, against a hot stove in his home here, William Folsom, 52 years old, formerly a prosperous Warrick county farmer, held her while he fired two shots into her heart, killing her instantly. He then turned the weapon upon himself, inflicting three wounds in the breast, none of which, doctors say, will prove fatal.

The shooting occurred following the wife's denial of infidelity made by Folsom, it is said, and her refusal with his demaid that she surrender her wedding ring. The Folsoms are the parents of ten children, ranging in age from 3 to 25.

WOMAN HELD FOR FALSE TAX RETURN.

St. Louis, Mo., April 18.—Mrs. Louisa Wildi, a wealthy citizen of Madison county, Illinois, was arrested at her home in Highland, Ill., thirty-five miles from here, on a charge of making a false return to the tax assessor. The arrest was made on an indictment charging perjury. The alleged false return was that on personal property. Mrs. Wildi was released on $5,000 bond.

CANADIAN PACIFIC IS DENIED DELAY.

New York, April 18.—Four Federal judges, sitting as an expedition court, refused to grant a postponement in the government's suit under the anti-trust law against the ten steamship lines and the Canadian Pacific Railway company charged with being members of an unlawful association known as the Trans-Atlantic Steamship Pool. The defendants asked that final arguments be put over until next fall.

The four judges decided that on account of its international importance the suit should proceed, and attorneys for the government then presented their case under a provision of the anti-trust law, so as to expedite getting it to the supreme court for a final decision.

TRIED TO GET BETTER HEALTH AND FAILED
BECAUSE OF WRONG METHODS

In the face of failure with strong drugs and a strong appeal to her to submit to an operation if she wanted to live, she felt that there was a better way for her to get well, than to take a half chance on the operating table. This is what Mrs. T. S. Butterfeld of 1924 West Michigan street said when she came to consult the Electro Medical Doctors. After she began to use Natural Methods she experienced relief at once and two weeks later she wrote the following testimonial:

"Duluth, March 20.—I thank you Doctors for the good work you have done for me, after having used drugs for years and steadily getting worse. The doctors said that only an operation would save me from death. Now compare that with your simple, painless treatment, without any risk to life whatever. Only two weeks and all my excruciating pain is gone. I hope that other people who suffer like I did will read this and investigate your treatment.' (Signed) Mrs. T. S. Butterfeld, 1924 West Michigan St.

Natural Methods cure large abdominal tumor. Lady from Michigan writes the following:

"Electro Medical Doctors, Duluth, Minn.—Dear Sirs: I write to tell you that the tumor has entirely disappeared and I feel no symptoms of its presence." She writes further: "I had an injury to my eye recently and a Milwaukee Specialist tells me I must have an operation to prevent blindness. Can you save me once more from an operation?"

Natural Methods Cure Tuberculosis of Neck Glands.

Mrs. Mary Lustin of Eveleth had the above disease when she consulted us, with a deep hole eaten into the sternum (breast bone). Within reasonable time the wound is completely healed and the swelling reduced. She writes: "I am feeling fine and get stronger right along."

Natural Methods Cure Goiter.

Goiters have been cured by Electro Medical Methods. Patients living right here in Duluth. Name and address will be given to inquirers.

Rheumatism Cured By Natural Methods.

Mrs. Scougale of Hibbing, whose fingers were badly deformed and enlarged, was told by local doctors that if any doctor would cure her condition, his fortune would be assured. Today her hands are normal. Electro Medical Methods did the work. The Electro Medical Doctors are Specialists in Chronic Stubborn Diseases, and the above testimonials should convince the most skeptical of the merits of their healing system.

ALL CONSULTATIONS FREE AND STRICTLY CONFIDENTIAL.
NO. 20 WEST SUPERIOR STREET, DULUTH.
ELECTRO MEDICAL DOCTORS, INC.

WOULD HAVE TRUST LAW AMENDED

Chicago, April 18.—Resolutions urging amendments to the Sherman law to permit legitimate organizations of farmers were adopted at the closing session of the Western Economic society here, held in connection with the national farm credits conference. A fight which the resolutions committee expected to be waged against the resolution did not develop, and only one person, E. R. Kone, commissioner of agriculture, spoke against its adoption. Mr. Kone charged that trusts were seeking to arouse sentiment against the Sherman bill among farmers in order to gain advantage by which they would profit.

"I believe the trusts have brought influence to bear on this conference to have this resolution adopted," he said. "I know they have similarly influenced other such conferences."

ON THE IRON RANGES

BATH HOUSE FIRE CAUSES EXODUS

Many Partly Dressed People Leave Virginia Place in Panic.

Virginia, Minn., April 18.—(Special to The Herald.)—A chimney fire at the Finnish bathhouse of John Rahjala last night caused a near-panic among about 100 bathers, many of whom were women. When a cry of fire rang through the building the bathers, clothed only in sheets, rushed from the pools to the streets, where several of them, afraid to return to the baths, suffered in the cold and rain. No damage was done to the building.

TO MAKE EDIBLES MORE SANITARY

More Stringent Regulations Promised By Virginia Health Officials.

Virginia, Minn., April 18.—(Special to The Herald.)—A more rigid examination of the city's milk supply and the sanitary inspection of lunch counters, restaurants, saloons and other establishments furnishing food or drink will be required when the re-organization of the department of health is completed under the direction of Dr. John H. Crowe, city health officer.

The tentative plans of the department of health provide for a chief of the department, who shall be a reputable physician, whose duties will include the supervision of all departments, the recording of vital statistics, the quarantine of contagious diseases and the care of the contagious cases at the city detentoin hospital.

To Care for Indigents.

A medical assistant is provided, who will act as city physician and furnish medical attention to worthy indigents. He also will have charge of school inspection and will act as assistant milk inspector.

The superintendent of the garbage collection will be a non-medical assistant to the chief of the department. He also will act as sanitary inspector of dairy barns, buildings used by the public, and will be meat inspector and quarantine officer.

INSPECTS COMPANY.

Federal Officer Puts Eveleth Militiamen Through Tests.

Eveleth, Minn., April 18.—(Special to The Herald.)—The annual Federal inspection of Company F Third infantry, Minnesota National Guard, took place last night at the armory. Equipment and supplies were checked up during the day by Capt. O. A. McGee of Fort Sheridan and in the evening the company was lined up for inspection and put through the drills.

Forest Wickey of Minneapolis, secretary of the Section Four Mining company, a company in which State Treasurer Walter J. Smith and Fred B. Lynch of St. Paul are interested, was in the city yesterday inspecting the property owned by the company at Ely lake.

An Easter program was given by the Leonidas Sunday school.

Mrs. Francis Karl of New Duluth visited at the home of John Agnich this week.

Harry Wallace has returned to Duluth after a visit at the home of Dan Dalson.

William Fatherick of Ely spent Easter at the home of his daughter, Mrs. James Trezona.

James Fraser of Duluth was a guest at the home of J. M. Trevarrow Friday.

Mr. and Mrs. Wm. Shea have moved to Duluth.

John McWhirter and family of Hibbing spent the week end at the home of Mike Sheehy.

Miss Ruth Jesmore, a student at the university spent her Easter vacation at the home of her parents, Mr. and Mrs. Chas. Jesmore.

Mrs. Albina Viger has been visiting her sisters, Mrs. Harry Hurtibise and Mrs. Joseph Hickey at Chisholm.

Francis S. Malley has returned from a visit at the home of his parents at Albany.

John B. King has returned from an extended stay in California.

Mrs. Charles Brockman and children of Chisholm are visiting at the home of Harry Tregillis.

George Scott, formerly of this city and now located in Minneapolis, was here Wednesday.

Elias Lindell and Ivor Ljungberg of Trade Lake, Wis., have been visiting Gunner Lindgren.

Arthur Shepard is visiting at the homes of T. P. Murphy and J. H. Kane in Duluth.

Miss Gladys Karkee of Aurora has been visiting at the home of Mrs. A. Penglase.

Mr. and Mrs. Grant Rogers and son Roland are visiting at New Auburn and Chippewa Falls, Wis.

Robert T. Holcombe, time keeper at the Spruce mine, is spending a vacation of several weeks at the home of his parents at Ulster, Pa.

A card party was given last Saturday night by Mr. and Mrs. Walter James of Jackson street.

A blaze on the roof of the home of Mrs. Mary Hegler, 616 Hayes street, yesterday afternoon was easily extinguished by the fire department.

VIRGINIA FOX HUNT.

Animals Escape From Park and Are Chased Through Streets.

Virginia, Minn., April 18.—(Special to The Herald.)—Virginia enjoyed a genuine fox hunt this morning when a family of red foxes escaped from their den at Olcott park. Many men and boys started after the animals and finally located them in various parts of the city. Two of the foxes put up a stubborn fight before they submitted to capture.

IVANCOVICH GUILTY.

Jury Returns Verdict Against Man Who Shot at Bartender.

Virginia, Minn., April 18.—(Special to The Herald.)—Mike Ivancovich, charged with shooting at a bartender in a saloon at Old Mesaba, when the latter requested him to pay for a drink, was found guilty of assault in the second degree by a jury in district court which returned a verdict yesterday afternoon.

CURRENT BUHL NOTES.

Mrs. W. J. Doyle Is Recovering From a Minor Operation.

Buhl, Minn., April 18.—(Special to The Herald.)—Mrs. W. J. Doyle underwent an operation at the Shaw hospital Wednesday morning. The operation was one of a minor nature but left the patient in a very weakened condition and her recovery has not been quite as rapid as hoped for. A trained nurse from Duluth is in attendance.

The new steel drags ordered at the last meeting of the village council arrived the early part of the week and were immediately put into commission on the village streets together with a large crew of men.

Men are at the power plant putting in a concrete foundation for the new Corliss engine that is expected to arrive some time next week to replace the one wrecked in the early part of the spring.

On Friday, April 24 James B. Boyle, candidate for congress from this district will speak here.

After an illness extending over four years Mrs. Mary E. Nichols, an old resident, died Sunday evening at the residence of her son, M. A. Nichols, aged 67. She is survived by two sons, M. A. Nichols of Buhl and Ralph Nichals of Little Falls, Minn., where the remains were taken Tuesday for burial after brief services here, conducted by the Rev. Mr. Hainsworth of the Methodist church.

BREADWINNER KILLED.

Aged Father Comes From Austria to Learn of Son's Death.

Buhl, Minn., April 18.—(Special to The Herald.)—Expecting to make their home here with their son and brother who had been prospering in his chosen occupation as a miner, an aged man with his two sons and daughter, arrived yesterday from Austria to find that William Keyfes, their bread-winner, had been killed in an accident last week and had been buried Sunday from the Buhl Catholic church. Mr. Keyfes, Sr., and his children came to America with an older son who conducts a store here. It is probable that they will make their home with him and relatives at Lucknow for a while.

GET BIWABIK JOBS.

Village Council Fills Various Positions Within Its Power.

Biwabik, Minn., April 18.—(Special to The Herald.)—The village council met this week and appointed the following officers: William O'Hara, marshal; Matt Tomatz, night policeman; John F. Harrington, superintendent water and light; Anton Berkness, janitor village hall; Carl H. Schuster, village attorney; Dr. C. W. Bray, health officer; Matt Orava, cow herder.

The First National bank was made the sole depository.

The Biwabik Times was made the official paper. The meeting dates were set for the 12th and the last of each month.

F. W. Lochridge returned from an extended trip through the various Southern cities and resumed his position as conductor on the Iron Range railway.

J. S. Lutes returned Thursday from Crosby, where he has been attending to business matters for a number of days.

Miss Clara Hunter is quite ill and is reported to have a case of appendicitis.

Roydan Dane, who some time ago was operated on for kidney trouble in a St. Paul hospital, is reported to be getting along nicely and is expected home in a short time.

Miss Margret Riley has been quite ill this week with tonsilitis but is reported to be improving.

Miss Florence O'Connell of Plymouth, Wis., arrived Tuesday for an extended visit with Mrs. Manley.

Mrs. E. I. Casey and daughter, Anna, were in Chisholm Tuesday calling on friends.

N. B. Shank was a Virginia visitor Wednesday.

Miss Edith and Berna Anderson of Ely, who spent several days this week visiting at the home of C. L. Watts, returned to their home Thursday.

Guy Coulter and wife returned the first of the week from the Soo, where they spent the winter with relatives.

The Literary club met at the home of Mrs. H. G. Seely on Tuesday.

H. A. Brennan returned Friday from an extended visit in Idaho, Washington and Western Canada, and will resume his position as brakeman on the Iron Range road.

John Shea, road master for the Iron Range road, was in town Friday on business.

Miss Elizabeth Guimont was an Eveleth visitor Saturday.

Sheriff John R. Melning was in town the first of the week.

Miss Lennie Wenstrom spent Sunday at Winton, visiting relatives.

Miss Melinda La Valle has been ill this week with a severe case of tonsilitis.

FORMER PROFESSOR SUCCESSFUL FARMER.

Grand Rapids, Minn., April 19.—(Special to The Herald.)—Prof. W. M. West has received a fine six-months-old pure bred Jersey bull which he will place at the head of his herd of fine grade Jersey cows on his farm south of Pokegama lake. The animal is from the Roycroft farms at Sidnaw, Mich.

Prof. West is a retired University of Minnesota professor who came to Itasca county to make his home several years ago, and he has made a remarkable success of his agricultural work, which, while he had invested considerable capital, is paying him handsomely.

WANT RURAL ROUTE.

North Feeley and Trout Lake Farmers Working to That End.

Grand Rapids, Minn., April 18.—(Special to The Herald.)—An Itasca County Farmers' club which is doing some excellent work for its community is the North Feeley club which organized last fall. The club has purchased a pure bred registered Guernsey sire for the community.

The matter of a rural mail route was talked over, and it was decided to try and get a mail route established running from Warba north, through the North Feeley and Trout Lake settlements, and back via Blackberry and south of the track to Warba.

GOES TO HIBBING.

Larimore, N. D., Pastor to Change With Hibbing Minister.

Larimore, N. D., April 18.—(Special to The Herald.)—Rev. Ross W. Adair of Larimore, pastor of the Methodist church, and Rev. E. W. Elayer of Hibbing, Minn., will exchange locations next week, Mr. Adair going to Hibbing while Mr. Elayer comes to this city.

The Larimore pastor who will take up work in the range city has been very successful in the local field. He has been stationed here since 1910, and during that period he has built up a splendid new church. He also takes a deep interest in the Boy Scout movement, and has been head of the local body.

ORE SELLERS WAIT.

Mining Operator Richards of Duluth Sizes Up Situation.

Virginia, Minn., April 18.—(Special to The Herald.)—"The mine operators are waiting so far as determining the prices for 1914 ore," said M. E. Richards of Duluth, one of the owners of the Allen mine near Virginia, while here yesterday.

"There also is an inclination to hold back to see how the freight rate question will be decided. If the railroads obtain their 5 per cent increase they will be very active and will endeavor to make as big a showing as possible. So far, however, the roads have done practically nothing in the way of improvements and of course this affects the mining situation as it does practically every line of industry."

HOSPITAL WILL RECEIVE CRIPPLES.

Virginia, Minn., April 18.—(Special to The Herald.)—Axel Bergstad, 5 years old, son of Bror A. Bergstad, has been accepted as a patient at the state hospital for crippled children at St. Paul. The child was crippled by infantile paralysis. He will be taken to St. Paul within a few days. Petra Langlo, daughter of Olaf Langlo of Maple street, also will be taken to the state institution for treatment for a dislocated hip.

The funeral of Grace Whitmore, 2-year-old daughter of Phillip Whitmore, of Seventh street, was held from the Polish Catholic church at 9 a. m. yesterday. Interment was in Calvary cemetery.

WILL DEDICATE VIRGINIA ORGAN.

Virginia, Minn., April 18.—(Special to The Herald.)—The new pipe organ at the Cleveland Avenue Presbyterian church will be dedicated tomorrow morning. The order of service follows:

Organ prelude, "Gloria;" invocation; hymn, "Holy, Holy, Holy;" Scripture reading and prayer; hymn, "All Hail," choir; "Te Deum," No. 7 in B Flat, by D. Buck; duet, "A Song of Praise" (F. H. Brackett), Mr. and Mrs. G. R. Forbes; "Light and Life Immortal" (F. Bullard), choir. J. H. Hande will preside at the organ.

The regular Sunday school service will be held at noon. Evening service will be held at 7:30 p. m. and the chorus choir will sing.

CALUMET, MINN., BRIEFS.

Calumet, Minn., April 18.—(Special to The Herald.)—Frank Cadwell of Minneapolis was in the village Thursday.

Miss Hendricks is sick with quinsy and was unable to have school the latter part of the week.

Fred J. Willette, Jr., visited Daniel Scannell Sunday.

Randolph McDonald returned to work Monday after being called to Duluth to attend his father's funeral.

Mrs. D. Gemmell and daughter, Alice returned home from Hibbing Tuesday evening.

W. E. Scott and J. J. Dorey of Duluth have set some drills up on section 16.

Miss Edna Scannell and F. J. Willette attended mass at Nashwauk Easter Sunday.

Tony Van Rudden transacted business in Duluth last week.

Jack Mattson has moved his family to Hibbing, where he is working in one of the mines.

Mrs. Louis Cucci is on the sick list this week.

Mrs. Virginia of Marble was in the village Thursday.

G. Berent of Eveleth is visiting his uncle, Gabriel Crottier.

Mr. and Mrs. Z. Mathoch were callers at Bovey yesterday.

D. Scannell, Jr., went to Hibbing yesterday morning.

PIMPLES COVERED FACE COMPLETELY

Also Neck. Would Fester. Almost Size of a Boil. Always Red and Irritating. Itched and Burned. Cuticura Soap and Ointment Cured.

22 East Fifth St., Carthage, Ohio.—"I had been troubled for a few years with pimples which completely covered my face and neck. They would fester and this would cause me to pick at them. When ripe they were almost the size of a boil and had something the appearance of one; they were always red and irritating. They itched and burned and made me very uncomfortable. Often they waked me during the night.

"I applied face creams but with no result. Then I saw Cuticura Soap and Ointment advertised. Two boxes of Cuticura Soap and Ointment cured my face." (Signed) Miss Mabel Locke, Oct. 14, 1913.

ECZEMA ON CHILD'S FACE

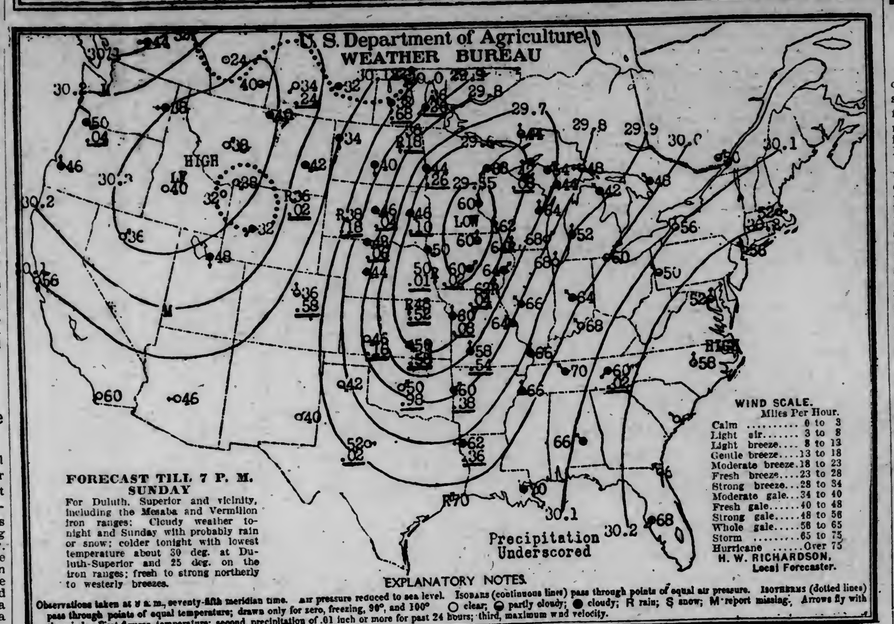

R. F. D. No. 2, Box 31, Peck, Kansas.—"My little girl had eczema from the time she was born. She had it on her face. When it would first come it would look like heat and then get scabby. It was in great scabs on her cheeks. She used to be cross because I think it itched. It would break out about every three weeks and stay about a week.

"I used one half of a cake of Cuticura Soap and two boxes of Cuticura Ointment and by the time she was a year old it was all gone and she has never been bothered with it since." (Signed) Mrs. E. Simpson, Oct. 16, '13.

Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap find will it best for skin and scalp.

OFFICIAL MAP OF THE WEATHER

SNOW

Just think of it—the 18th day of April and there may be snow. And especially after all the threats of good weather. But the weather man was up at the Shrine meeting last evening and got so mixed up trying to straighten out the parliamentary tangles caused by several nobles that he has carried the tangle into the weather business. Today is gray and with a damp feeling in the air.

A year ago today was cloudy and warm. The sun rose this morning at 5:14 and will set this evening at 7 o'clock, giving thirteen hours and forty-six minutes of sunshine, three minutes more than yesterday.

Mr. Richardson makes the following comment on weather conditions:

"The disturbance centered over the Upper Mississippi valley caused rains over the Northwest, and in most districts lying between the Mississippi river and Rocky mountains. Colder weather prevails from Manitoba and Saskatchewan southward to Texas and New Mexico, while to the eastward of the Mississippi valley the temperature has risen somewhat."

General Forecasts.

Chicago, April 18.—Forecasts for the twenty-four hours ending at 7 p. m. Sunday:

Wisconsin—Unsettled weather tonight and Sunday; probably rain in north and thunder storms in south portion, cooler tonight and in south and west portions Sunday.

Minnesota—Rain and cooler tonight; Sunday cloudy with warmer in northwest portion.

Iowa—Showers this afternoon and tonight; colder tonight; Sunday cloudy with colder in east portion.

North and South Dakota — Cloudy and colder tonight; Sunday probably fair with rising temperature.

Montana—Fair tonight and Thursday; not much change in temperature.

Lower Michigan—Rain tonight; colder in north and west portions; Sunday unsettled and colder, probably local rain.

Upper Michigan—Rain and colder tonight; Sunday unsettled and colder, probably snow flurries.

Temperatures.

Following were the highest temperatures for the last twenty-four hours and the lowest for the last twelve, ending at 7 a. m.:

GRAND RAPIDS NOTES.

Grand Rapids, Minn., April 18.—(Special to The Herald.)—Art Romans, who is running a drill at Aurora, came here Thursday to visit his father, J. M. Romans.

James P. Boyle of Eveleth, candidate for the Republican nomination for congress, was here Thursday, meeting the people and getting acquainted.

A very pleasant dancing party was given at the Pokegama lake schoolhouse Thursday evening.

Mr. and Mrs. C. F. Kennedy were in Minneapolis the first of the week.

J. M. Holdridge, a well driller of Deer River, was in town yesterday.

W. Q. Yost of Goodland was a visitor here Thursday.

Mrs. Fred Betz and infant and Master Shirley Betz went to Deer River to visit J. E. O'Connell.

Chris Baker of Cohasset and Emil Rockel, recently of Minneapolis, but who is now a resident of the Bass lake country, north of Cohasset near the Baker farm, were here Thursday.

J. B. Sinnett came down the first of the week from Chisholm, where he has been looking after the cutting in the woods of the Northland Lumber company.

Pat Long, at the head of the driving operations of the Northern Boom company which does the log driving on the Mississippi river from this place down, was here yesterday looking over the river conditions here.

Joseph Metzenhuber, one of the new settlers in the Romans neighborhood of East Pokegama lake, this week entertained John and Harry Smith, father and son, of Minneapolis, who were here looking over the country with a view of investing.

Buys Grand Rapids Store.

Grand Rapids, Minn., April 18.—(Special to The Herald.)—J. F. Metzger, recently in business at Hill City, has purchased the Marden store which was recently badly damaged by fire and which has been closed while the insurance was being adjusted. Mr. Metzger will continue his work on the road for a Duluth packing house, and Mrs. Metzger will have charge of the store.

Lands Texas Job.

Virginia, Minn., April 18.—(Special to The Herald.)—Emil Horwitz, who decorates the streets for Virginia's annual Fourth of July celebrations and arranges the decorative features of the county fair at Hibbing, has been awarded the contract for placing the flags and bunting for the Fiesta San Jacinto, which opens at San Antonio, Tex., next week.

Virginia Loses to Rockford.

Virginia, Minn., April 18.—(Special to The Herald.)—The first division of the Virginia Northern league team, which is in training in Illinois, was defeated by the Rockford club yesterday afternoon by the score of 4 to 1. The Virginians won on Thursday, 8 to 4. The batteries for Virginia yesterday were Lampman and Hargrave and Wright and Rains. Virginia obtained six hits, but made four errors to Rockford's one.

Kid Taylor's squabs lost to Marshalltown yesterday, 2 to 1. Virginia had the Iowans shut out hitless up to the last of the ninth, when the home club won out with a home run, two-bagger and a single. Fritz and Rhoades pitched for Virginia.

SANDQUIST SOUGHT.

Inheritance Awaits Man Who Lived in Two Harbors and Duluth.

Two Harbors, Minn., April 18.—(Special to The Herald.)—Mayor Towl received a communication from Henry A. Johnson, administrator of the Magnus Sandquist estate in Scandia, Minn., informing him that among the heirs is a son of John G. Sandquist, sometimes known as Gustaf Sandquist. This man generally worked in the lumber camps and the summers he sometimes spent in Two Harbors, Duluth and Superior. His share of the estate amounts to $570.32 and is ready to be delivered to him at once.

Gustaf Sandquist is about 40 years old and by nationality a Swede. According to the parents of the man he used to be of a roving disposition and his relatives have no known address and furthermore do not know anything of his movements for the past two years.

As no particular means of identification were given nothing could be learned of Sandquist in this city, but undoubtedly he is known by sight, but probably not by name. Mayor Towl will be glad to receive any information in regard to the man.

CHISHOLM GOING AFTER STATE CAMP.

Chisholm, Minn., April 18.—(Special to The Herald.)—Maj. Wilkinson camp, Spanish American War veterans of Chisholm, will have a good representation at the state gathering to be held in Minneapolis this summer. Commander Willem Clemens, Adjt. Walter B. Brown and Frank Peaks, Henry Thompson, Fred Meyers have already declared their intention of going and it is believed others will join before the date arrives. A strenuous effort will be made to land the next meeting at Chisholm.

GETS CHISHOLM JOB.

Gust Anderson Will Make Proposed Repairs in Village Hall.

Chisholm, Minn., April 18.—(Special to The Herald.)—The water and light board yesterday afternoon opened bids for rearranging the village hall. The contract was awarded to Gust Anderson for $285.10. The work includes cutting up of the council chamber into offices and tearing down the partition in the police station to accommodate the newly created offices of village accountant and superintendent of bureau of statistics and complaints.

Superintendent of Water Works C. J. Sullivan was given a two weeks' vacation to attend the American water works convention in Philadelphia next month.

Ask Your Doctor

Stir up your liver a little, just enough to start the bile nicely. One of Ayer's Pills at bedtime is all you need. These pills act directly on the liver. Made for the treatment of constipation, billousness, dyspepsia, sick-headache. Ask your doctor if he knows a better pill for a sluggish liver.

J. C. Ayer Co., Lowell, Mass.

ELUDES OFFICERS THEN HE RETURNS

Peter Zubert, Wanted in Eveleth, Surrenders Himself to Judge.

Eveleth, Minn., April 18.—(Special to The Herald.) — Peter Zubert, who eluded the officers last summer after breaking a man's arm with a fence rail near the Troy mine, gave himself up yesterday. He had been as far as Butte, Mont., but decided to return and face the charge.

Zubert surrendered himself to Municipal Judge Moylan and admitted his guilt. His family has been in destitute circumstances since the trouble which caused him to flee and Judge Moylan decided to give him a chance to redeem himself. He was placed on probation for a year with the understanding that he quit drinking and support his family.

RAILROAD MEN ARE TO VISIT PROCTOR

Two Harbors, Minn., April 18.—(Special to The Herald.)—The members of the Order of Railroad Conductors, Brotherhood of Locomotive Engineers, Railroad Trainmen and Locomotive Firemen will go to Proctor tomorrow by special train.

The men employed in train and engine service have never visited their brother workmen at Proctor in a body, and the visit Sunday will enable the men employed on the Iron Range and the Missabe railroads to get acquainted and to exchange ideas in the matter of work in their particular lines. The safety first movement will also be largely discussed, and it is the hope of all that by co-operation between the men and the company the number of accidents and personal injuries may be materially reduced.

J. M. Latta and M. M. Elliott of the conductors and Martin Muth of the engineers have charge of the arrangements.

BOVEY JOTTINGS.

Bovey, Minn., April 18.—(Special to The Herald.)—Mr. and Mrs. J. H. Bluntach motored to Grand Rapids Sunday afternoon.

The Five Hundred club met Wednesday afternoon with Mrs. A. A. Mitchell. Mrs. Nels Lexen and Mrs. J. K. Jasper winning the favors.

Mrs. C. A. Webb and daughter are visiting at the home of Mr. and Mrs. H. E. Wescott. They will return to their home at Mountain Iron Monday.

The Pythian Sisters entertained a number of their friends Thursday evening in the Johnson hall. Five hundred was played. Mrs. Gordon Meagher and Eric Johnson won first prize. Mrs. G. A. Wilson and I. Kingston received the consolation.

Neil Blumtach went to St. Paul Tuesday, returning Wednesday.

Mrs. Barlow was a Grand Rapids visitor Wednesday afternoon.

E. L. Rose of Duluth was in town Wednesday looking after the interests of the Pilger Brewing company.

W. C. Tyndal of Grand Rapids was in Bovey Wednesday.

JUMPED FROM WINDOW.

But That Did Not Save Eveleth Man Cornered By Officers.

Eveleth, Minn., April 18.—(Special to The Herald.)—Mike Miklavic, of Eveleth indicted for alleged assault in a recent cutting affray here, who was arrested by Deputy Sheriff Artie O'Dea and John Zidar and Joseph Shoneng of the local police department at a farm house two miles from Wolf, as told in Friday's Herald, crashed through both glass and screen and onto the roof of a shed when cornered. Zidar had hastened to the rear of the house and located his man with a flashlight as he prepared to leap to the ground. The farmer at whose house the arrest was made was not aware that he was harboring a fugitive.

Miklavic was not injured by his reckless leap through the window but has an infected leg from a wound received in the fight for which he has been arrested.

Coleraine Man Hurt.

Coleraine, Minn., April 18.—(Special to The Herald.)—A gas tank that was supposed to be empty exploded yesterday presumably as a result of a workman dropping a lighted cigar or cigarette therein and August Lundstrom janitor at the Greenway school, was badly burned about the face while one of his hands was shattered and may have to be amputated.

Rains Delay Trains.

Virginia, Minn., April 18.—(Special to The Herald.)—Heavy rains along the Canadian Northern road north of here delayed trains from the north today as the road issued orders for trains to run slowlyy to prevent accidents.

FARMING TOPICS BEING DISCUSSED

Grand Rapids, Minn., April 18.—(Special to The Herald.)—The farmers institute here is concluding a successful session today. Yesterday afternoon Prof. W. J. Corwin told of work in the agricultural school. Supt. A. D. Wilson spoke on "Co-operation."

Mr. Wilson stated that he believed in the farmer's clubs, which are being organized all over the state because they foster confidence between neighbors, make people pleasant to meet, knock the rough, harsh edges off, shows people the fallacy and the good points of the ideas which come to them when there are alone, and the general betterment socially as well as in a business way and laying the foundation for co-operation along business lines. He outlined examples of business co-operation which farmers may practice, and gave pointers along the line of co-operation, working comparisons between efficient and inefficient co-operation.

Other speakers in the afternoon were Mrs. George Becker, Jr., who told of the farmers' club work in the Harris township community, C. K. Mundy, who spoke on sheep, and Supt. McGuire, who spoke on general farming.

The evening session proved a very profitable and enjoyable. Five-minute talks were made by W. M. West, A. M. Sisler, H. W. Stark, E. C. Kiley, W. J. Stock, A D Wilson and James J Boyle, with A. J. McGuire presiding.

DEDICATE BUHL SCHOOL.

Splendid Building Formally Opened With Fine Exercises.

Buhl, Minn., April 18.—(Special to The Herald.)—Another splendid educational institution was added to those already on the Mesaba range, yesterday afternoon and evening when the fine, new high school here was formally dedicated with appropriate exercises. The program printed in Friday's Herald was carried out. C. G. Schulze, state superintendent of public instruction; President Bohannon of the Duluth state normal; C. A. Shallman, state superintendent of school buildings; George B. Aiton, state high school inspector and others participating.

BOYLAND PRESIDENT.

Virginia, Minn., April 18.—(Special to The Herald.)—Rosie Rivar of Hibbing today began suit in district court against James Hazelcamp to recover $500 for alleged damages to her premises, 307 Third street, Hibbing, for work done which she claimed she did not order.

Judge Hughes in district court today heard application from thirty for citizenship papers. Sixteen were granted. One applicant caused a laugh when asked who was president of the United States replied, "Michael Boylan," referring presumably to Virginia's mayor.

VIRGINIA MINER IS DEAD OF INJURY.

Virginia, Minn., April 18.—(Special to The Herald.)—Moose from all over the range are expected here tomorrow when the local lodge of Moose will hold the first memorial exercises with Rev. Father Power speaking. Since the organization of the lodge there have died: Charles Oberg, Steve Cronin and Hugh Holmes.

MOOSE MEMORIAL.

Virginia, Minn., April 18.—(Special to The Herald.)—Tilly Tonti, aged 24, a miner, who sustained a broken leg in the Allen mine in February, died last night never having recovered. He has a brother-in-law living here and will be buried Sunday.

Bury Drowning Victim.

Mountain Iron, Minn., April 18.—(Special to The Herald.)—The body of John Lundquist, the farmer who, with his team of horses, was drowned near here, was brought to Mountain Iron last night and the funeral was held from the Presbyterian church at 1 p. m. today. Rev. Hugo Thoreen officiated. Interment was in Greenwood cemetery, Virginia.

Men Entertain Wives.

Two Harbors, Minn., April 18.—(Special to The Herald.)—The railway conductors recently entertained their wives and families with a dinner. F. A. Hall, F. W. Hiller, T. E. McCarthey, J. M. Elliot, L. F. Kain and P. J. McIndle as waiters performed their duties in splendid style.

After the dinner a delightful musical program was given and toasts were responded by several guests. Charles Porger was toastmaster and J. M. Elliot gave an address of welcome.

Given Two Harbors Party.

Two Harbors, Minn., April 18.—(Special to The Herald.)—Mr. and Mrs. George Swindlehurst entertained at the home of F. Carlson for Miss Bessie Raubert of Ligonier and Mr. Le Roy of Minneapolis. Miss Raubert was formerly employed in the Highland scale office and during the coming season will hold a position in the dock office in this city. Mr. Peglow, who is attending the Minnesota university, is also a former scale office employe.

CANDIDATE NO. 7 AFTER McINNIS' JOB.

Erick Erickson, Palo, is the seventh candidate in the field for the office of county commissioner from the Sixth district. He filed notice of his intention of becoming a candidate for the office at the June primaries with the county auditor. Neil McInnis will not seek re-election.

Man of Mystery

His Wonderful Power to Read Human Lives at Any Distance Amazes All Who Write to Him.

Thousands of people in all walks of life have benefited by this man's advice. He tells you what you are capable of, and how you can be successful. He mentions your friends and enemies and describes the good and bad periods in your life.

His description as to past, present and future events will astonish and help you. All he wants is your name (written by yourself), your birth date and sex to guide him in his work. Money is not necessary. Mention the name of this paper and get a Trial Reading free. If you want to take advantage of this special offer and obtain a review of your life simply send your full name, address, the date, month and year of birth (all clearly written), state whether Mr., Mrs. or Miss, and also copy the following verse in your own handwriting:

"Your power is marvelous,
So people write,
Please read my life,
Are my prospects bright?"

If you wish you may enclose 10 cents (stamps of your own country) to pay postage and clerical work. Send your letter to Clay Burton Vance, Suite 142-M Palais-Royal, Paris, France. Do not enclose coins in your letter. Postage on letters to France is 5 cents.

It is Just Natural To Admire Babies

Our altrustic nature impels love for the cooing infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external

abdominal application sold in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommend it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

A little book mailed by Bradfield Regulator Co., 305 Lamar Bldg., Atlanta, Ga., refers to many things that women like to read about. It refers not only to the relief from muscle strain due to their expansion but also to nausea, morning sickness, caking of breasts and many other distresses.

MINNESOTA HISTORICAL SOCIETY 2

Society

SUNDAY—Y. W. C. A. vespers at 4 p. m.; sacred concert at St. Clement's church at 8 p. m.

MONDAY—Meeting of the Housewives' league in the library club room at 2:30 p. m.; "A Dream of Fairyland" presented by the children of Lincoln school at St. Jean Baptiste hall afternoon and evening; Prof. Raymond Phelan's address on "Social Reform" under the auspices of the Duluth Suffrage association in the council chamber of the city hall at 8 p. m.; meeting of women wage earners in Memorial hall, courthouse, at 8 p. m.; meeting of the Silver Guild of St. Paul's Episcopal church with Mrs. Anne Evered of 123 East Third street at 8 p. m.; assembly dance at the Kitchi Gammi club at 9 p. m.

TUESDAY—Meeting of the Woman's Auxiliary of the St. Louis County Medical society at the Commercial club at 2:30 p. m.; meeting of the Greysolon du Lhut chapter, D. A. R., at the home of Mrs. T. W. Hoopes, 2206 Woodland avenue, at 2:30 p. m.; meeting of the Duluth center of the Drama League of America at the Lyceum theater at 4 p. m.; joint banquet of the W. C. T. U. organizations at the First Swedish Baptist church.

WEDNESDAY—Meeting of the Jewish chautauqua in the library club room at 3 p. m.; "at home" of Mrs. Charles T. Fitzsimmons and Miss Fitzsimmons of 1431 East First street from 3 to 6 p. m.; concert for St. John's Episcopal church at the Lakeside Masonic hall at 8:15 p. m.; dancing party given by the Blue Bell club at Coffin's academy.

FRIDAY—Dance given by the Duluth chapter of the American Institute of Bankers at Coffin's academy.

SATURDAY—Meeting of the Saturday club in the library club room at 2:30 p. m.; meeting of the afternoon class of the Bishop's club in the Bishop's club room at 2:30 p. m.

Since the close of Lent the social world has awakened, and various affairs, both formal and informal, marked the first week of the post-Lenten season.

Several Easter Monday dances set the ball rolling and now entertainments for the spring are well under way. The "Carnival of Nations" dinner and the costume ball at the Kitchi Gammi club and the wedding of Miss Anna Marie Hibbing were among the most notable events of the week.

In the past about the only glimpse of costume balls that Duluth has had, has been through the medium of pictures in Eastern society journals, but the costume dance at the Kitchi Gammi club proved that the ability to evolve striking and artistic costumes is not confined to the New York Four Hundred.

The "Carnival of Nations" was another striking and unique entertainment, and caused much favorable comment, and many compliments for those responsible for it.

The coming week will be taken up with dances, club meetings and small affairs. The serious and intellectual sides of life will not be neglected, for there will be a meeting of wage-earning women and a talk before the Duluth Suffrage club.

The dramatic conference on Tuesday will be a new undertaking for Duluth. Such conferences originated in Paris, where they are held at frequent intervals. The purpose is to bring the actors into closer touch with their audiences. At the conference on Tuesday Dr. Powell will represent the local branch of the Drama league. Dr. Powell is always an interesting speaker, and the conference promises to be most instructive and entertaining.

The Drama league will doubtless be one of the most active of the city's clubs during the summer. The first suggestion of a midsummer pageant for Duluth emanated from the league, and the members are much interested in the success of the proposed midsummerd festival and pageant for Duluth.

Events of Interest

The spring Assembly dance will be held in the Kitchi Gammi club Monday evening at 9 o'clock. The committee in charge of the affair consists of E. C. Congdon, William P. Harrison, Cavour Hartley and Philip L. Ray.

* * *

The children of Lincoln school will repeat their presentation of the cantata, "A Dream of Fairyland," Monday afternoon and evening at St. Jean Baptiste hall.

* * *

Mrs. C. D. Warner of 401 West Wlnona street entertained at a small party Monday afternoon in honor of her sister-in-law, Mrs. Clarence H. Welch of St. Paul. Mrs. Welch returned home today, accompanied by Mrs. Wagner.

* * *

Miss K. Rasmusen entertained at a bundle shower Wednesday evening at the home of Mrs. H. Denison in honor of Miss Anna M. Larson. Those present were:

Misses—
Gertrude Johnson of Superior, Mabelle Johnson of Superior,
Rena Johnson of Superior, Olga Lundberg,
Gertrude C. Gunderson of Superior, Jennine Peterson,
Nora Gunderson of Superior, Signe Peterson,
Annette Johnson,
Amy Carlson,
Inga Aakre.

* * *

The Young Men's Sodality of St. Clement's church entertained at a dance last evening in Sodality hall. The decorations were in the sodality colors, white and red. The committee in charge consisted of E. Robinson, Charles C. Kremer, Walter Emerson and L. P. Drohan.

A shower was given Tuesday evening in honor of Miss Anna Larson at the home of Mrs. Roy Gamache, 5720 Olney street. The guests were:

Mesdames—
Emil Johnson, Charles Johnson,
A. Larson, A. Nelson.

Misses—
Ellen Moberg, Esther Johnson,
Mabel Nystrom, Anna Peterson,
Cecelia Peterson, Julia Olson,
Carrie Rasmusen,
Olga Lundberg, Jennie Nelson.
Anna Olson,

Mr. and Mrs. O. Anderson of 1727 East Sixth street will entertain Monday evening in honor of Rev. and Mrs. T. T. Roan of Cloquet.

* * *

Miss May Hammill of 141 Faribault street, Woodland, entertained twelve guests at luncheon yesterday to compliment Miss Irene Keehan, whose wedding to Leonard Krause of Chisholm will take place next Saturday. Killarney roses were used to carry out the color scheme of pink in the dining room and bowls of jonquils were effective in the living room and parlor.

* * *

Miss Gladys Warner entertained a number of friends last evening. Games and dancing were the amusements of the evening, after which a luncheon was served. Those present were:

Mesdames—
Warner, Ceough.

Misses—
Gladys Warner, Julia Tilseth,
Elsie Strandberg, Ida Hjerpe,
Helen Strandberg, Lucille Hall,
Blanche Ettinger, Emilie Wahlstrom,
Ada Warner.

Messrs.—
Ingewal Herstad, Marshall Napp,
Clarence Nelson, Fred Lavoy,
Carl Carlson, Percy Ceough,
Roy Ceough, Albin Johnson,
George Wood, Leland Mohaupt,
Howard Harper, Bill Currie,
L. Warner, H. Warner,
Russell Wallace.

* * *

Mrs. Sarah E. Ashworth of 320 Restormel street was surprised by a large number of her friends yesterday afternoon, the occasion being her birthday. She was presented with a purse. Those present were:

Mesdames—
H. Oliver, C. Anderson,
Westberg, Shelly,
Anderson, Bergh,
Nilson, Johnson,
E. Anderson, Nyquist,
Blair, Peterson,
F. La Brosse, A. Landilin,
Kampf, A. Lofquist,
L. Hubbert, H. Petersen,
J. Bradley, H. Envall,
McIver, L. Mattson,
W. Aldridg, Lundholm,
F. Beede, Davis,
H. C. Mason, Eklund,
Flow, Leionquist.

HIGH SCHOOL SENIORS PRESENT "THE STARRY FLAG" WITH GREAT SUCCESS

ARTHUR SPEAR.

HAROLD BRADLEY.

SEWARD KEMPTON.

Jollity mixed liberally with more serious dramatic effort in the production last night of "The Starry Flag" by members of the senior class of Duluth Central high school, and a good audience was kept in high humor from beginning to end. The evening's work was decidedly creditable to the participants, a notable feature being the evident understanding and appreciation of the individual parts, a characteristic too often lacking in amateur theatricals. There were some difficulties due to the innate cussedness of stage scenery, but with the limitations of the high school stage such difficulties might easily have fallen to the lot of more experienced actors.

The play is a story of Spanish war times, and most of the male characters are members of the New York National Guard who have volunteered for service. The scene changes successively from the Maitland home in New York to a Spaniard's cabin in Cuba, a deserted hut on the island, the regimental field hospital and back to the Maitland home. The plot involves a lost daughter, a rivalry for the hand of Alice Maitland, and the clearing of a mystery and unmasking of the villain.

Milton Stickles showed dignity and consistency in the part of Mr. Maitland, in spite of the stilting effect of certain lines that should have been remodeled before the play left the author's hands. William Craig as Kenneth Tracy, the successful lover, carried the part well, and easily won the sympathy of the audience. He accomplished one of the most difficult feats of theatrical work—that of being a good listener. Harold Bradley as Mark Horton, a fellow-officer and friend of Tracy, proved exceptionally well chosen for that character. Seward Kempton as Capt. Le Claire, rival of Tracy for the hand of Miss Maitland, bore well the part of the unscrupulous lover who seeks to advance himself by defaming his rival in the eyes of the young woman.

Oliver Vivian took the house by storm in the part of Harvey Maitland, and showed unusual ability in comedy work. He could improve the part materially by remaining more in the background during the few moments of one or two more serious scenes, and his use of the full right arm gesture became monotonous. But it is rarely that an amateur production is able to boast a better bit of comedy work than was shown last night by Mr. Vivian. Gilbert Denfeld as Barney O'Shea, another comedy character, also made a decided hit, though a little more clearness of enunciation would have improved his work.

RUTH O'BRIEN.

MILTON STICKLES.

Arthur Spear's playing of the part of the rascally Spaniard, Don Alfreao Surarez, was excellent, both in costuming and in action. He made his character a type, and was convincing and consistent throughout. He was well supported by Abe Shapiro as Jose, a fellow-villain.

Miss Marie Elston as Alice Maitland made an attractive heroine, and Miss Lucile Bieberman as Mabel Horton, the charmer of Harvey Maitland's affections, was vivacious and pleasing. Miss Irene Keyes played the part of Juanita in excellent fashion, and won equal praise as the defiant or imploring prisoner of her Spanish abductor and as a rescued prisoner in the Red Cross service. Miss Ruth O'Brien as Bridget had comparatively little to do, but did that little well. Her welcome to Barney when he returned from the war and her chastisement of him during their lovers' quarrel were carried out with great effectiveness.

Sam O'Gorman, as an army surgeon, filled the needs of that position to the full. As supernumeraries the Misses Vera Bronson and Ruth and Rachel Fesler added to the festivity of the dancing scene.

Music for the evening was furnished by the high school orchestera, led by D. W. Helstand. The musical program consisted of a series of appropriate classical selections. "The Starry Flag" will be repeated tonight at the high school auditorium.

RETURNS FROM CONCERT TOUR

MISS ELIZABETH MADDOX.

Miss Elizabeth Breckenridge Maddox has returned to Duluth after a seven months' tour with the Crescent Concert company of Chicago. She was violinist and soprano soloist and appeared in the cities of the South and East. Next season Miss Maddox will be with the Cecelian Concert company of Boston and will tour the East.

OBSERVATIONS

By PEGGY PEABODY

Woman's Legal Status Should Be On High Plane.

Because they lead protected lives, the majority of wives do not realize how dependent they are upon men in the era said to be woman's, and in which they are usurping more rights than the body of men think they should.

But in spite of what they may assume, the statute books of most states show women pretty well held in check. So long as they live in harmony, or that which passes for peace and congeniality, they do not feel the pinch of these injustices. Just let a woman attempt to separate from her husband and let him determine to be disagreeable and she, a wife and keeper of a home and mother maybe, will find that she is not legally entitled to the clothes she wears, if his money has purchased them.

Be it said, in justice to the average man, that he would not be likely to insist that she leave them behind her when she left his house, still, it is demeaning to think the woman's services entitle her to little that she can call her own unless a man chooses to be generous. The great majority of women never have occasion to feel the bitterness and injustice of these conditions. But how about those who do?

There is much talk to the effect that women can obtain anything and everything they require, through their fathers and brothers and husbands, without having to work to have laws framed. That may be the case with most, but it does not hold good with all. Because it does not protect all good women, there is reason enough for women with woman's interests at heart to make it an issue.

On what a low plane it puts all of woman's efforts in the home—the conduct of a home and the rearing of children—when those efforts do not even entitle her to the clothes she wears if her husband is disposed through any disagreement to take them from her. A great many persons are constantly harping upon the ennobling duties of home-keeping and child-bearing and importuning women to remain in the home. Conditions there are not as ideal as they might be for all women.

The woman who contributes her share to making the wheels go round in a partnership of two, where there are or are not children, is entitled to an equal share of what remains after all the bills of necessity are paid, providing her skill and hard work are factors in the saving. The good wife and mother should have a recognized status in law far superior to and far more definite than that she now holds in these capacities.

Director—J. L. Golcz.

Weddings

The home of Mrs. Frank Hibbing, 1830 East Superior street, was the scene of a very pretty wedding Wednesday evening when her niece, Miss Anna Marie Hibbing, became the bride of Dr. Hermann M. Koller of Minneapolis. The ceremony was performed at 7:30 o'clock in the presence of the immediate family. Miss Senta Erd who was to have been maid of honor was unable to be present on account of the death of her father, J. B. Erd. Dr. Koller was attended by his brother, Dr. Louis Koller.

The bride was beautifully gowned in a brocaded crepe de meteor, made with court train and trimmed with real lace. Her veil was caught with orange blossoms and she carried a shower bouquet of lilies of the valley. Mrs. Hibbing wore a handsome gown of gray silk crepe dechine. Mrs. Hibbing's mpther wore black brocaded satin.

Effective decorations were used throughout the rooms. In the hall Easter lilies and smila were entwined around the balustrade. The living room was decorated with Easter lilies, palms and American beauties. The fire place was banked with roses. Yellow was the color note in the dining room. A mound of jonquils formed the center piece. The upper rooms were decorated with La France roses.

About 100 guests called during the reception that followed the ceremony. In the receiving line with Mrs. Hibbing and the bride and bridegroom were Mrs. Hibbing's mother, Mrs. Lutz, Miss Alva Patenaude, Dr. Louis Koller and Thomas Flaherty of Minneapolis. Assisting about the rooms were Misses Elsie Kugler and Marguerite Turner.

The out of town guests were Mr. and Mrs. Chinberg, Dr. Louis Koller and Thomas Flaherty, all of Minneapolis.

Dr. and Mrs. Koller left this evening for New York. They sailed today on the Olympic for Vienna, where Dr. Koller will study six months. They will be at home in Minneapolis after Dec. 1.

* * *

Miss Alma Inez Jackson, the daughter of Mr. and Mrs. J. W. Jackson, formerly of Duluth but now of Portland, Or., was married April 8 to Edwin Le Roy Minar. Mr. Jackson was at one time connected with The Duluth Herald. The family lived at Lakeside.

The ceremony took place at the home of the bride's parents and was performed by the pastor of the Congregational church. Miss Jackson wore a gown of ivory charmeuse with tunic of princess lace. She wore a full-length veil that fell from a cap wreathed with orange blossoms. Her shower bouquet was of roses and lilies of the valley. Miss Dorothy Malchester of Seattle, Wash., was the bridesmaid. She wore a costume of coral charmeuse and duchess lace and carried pink carnations. Eby M. Barley was best man.

Mr. and Mrs. Minar went for a honeymoon to Garibaldi Beach. Mr. Minar is an attorney of Portland and a graduate of the University of Oregon.

* * *

The wedding of Miss Irene Keehan,

A Skin of Beauty is a Joy Forever.

DR. T. FELIX GOURAUD'S Oriental Cream or Magical Beautifier.

Removes Tan, Pimples, Freckles, Moth Patches, Rash and Skin Diseases, and every Blemish on Beauty, and defies detection. It has stood the test of 64 years, and is still harmless we take it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the Hauton (patient): "As you ladies will use them, I recommend 'GOURAUD'S CREAM' as the least harmful of all the skin preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

Ferd. T. Hopkins, Prop., 37 Great Jones St., New York

daughter of Mr. and Mrs. James Keehan of 4709 West Sixth street, and Leonard Krause of Chisholm will be held Saturday morning, April 25, at 9 o'clock, at St. James' Catholic church. Miss Gertrude Keehan, sister of the bride, and Dr. Graham of Hibbing will be the attendants. There will be a wedding breakfast at the home of the bride.

* * *

Miss Alice Frances Little and Lawrence Davis of Duluth were married at Brunswick, Me., Wednesday evening. The ceremony was performed in the First Parish Congregational church. The bride was attended by Mrs. Harrison C. Chapman as matron of honor. Four cousins acted as bridesmaids.

Mr. Davis is connected with the Smith & Allen company of this city. He is a graduate of Bowdoin of the class of 1911. The bride's brother was best man, and the ushers were four Beta Theta Pi fraternity brothers.

Relatives and a few friends were entertained at an informal reception after the ceremony.

Lodge Affairs

Majestic Rebekah lodge, No. 60, will give a card party Monday evening at 8:30 o'clock at the hall on Lake avenue north.

* * *

The regular monthly dance of Duluth council No. 3 Modern Samaritans, will be held Monday evening at 9 o'clock after the business meeting. Lavick's orchestra will play for the dancing.

* * *

Bishop Morrison will conduct services at Mission hall Sunday morning at 10:30, at which time a class will be confirmed.

DULUTH GIRL WILL STUDY WITH FAMOUS MUSICIAN

MISS LORETTA O'GORMAN was accepted recently as a pupil by Madame Teressa Carreno, the greatest woman pianist, and in the fall will go to Berlin to begin her work, which she expects to continue two years at least. Madame Carreno heard her play Beethoven, Bach and Schubert and accepted her without the condition of preparatory work. Miss O'Gorman is a pupil of Miss Josephine Carey, who studied under Carreno three years.

Owing to the great pianist's many concert engagements the number of her pupils is necessarily limited. She has just finished a tour in this country and will return home soon.

Teresa Carreno played difficult compositions before she was 9 years old. She studied under Gottschalk and later under Rubinstein, or rather with Rubinstein, as all he was obliged to do was to advise her concerning the interpretation of the works they reviewed together.

Madame Carreno is a South American Spaniard. She was born in Caracas, Venezuela, where her father was for a time minister of state. Her grand uncle, Simon Bolivar, helped free the country from Spanish rule. When Venezuela was planning the centennial celebration of Bolivar's birth they asked his famous niece to set the national hymn to music.

Carreno has written compositions that artists and accomplished amateurs delight to play. Americans have praised her for her labors in making the compositions of McDowell better known in Europe.

LORETTA O'GORMAN.

CLUBS AND MUSICAL

DRAMA LEAGUE.

Dr. John Walker Powell Will Speak at Dramatic Conference Tuesday.

Rev. John W. Powell of Minneapolis will represent the Duluth center of the Drama League of America at the dramatic conference at the Lyceum theater Tuesday afternoon at 4 o'clock. His subject will be "The Literary Influence of Maeterlinck." Dr. Powell was formerly pastor of Endion Methodist church of this city and was one of the original directors of the Duluth center of the league, with which he is still connected. He is in charge of the religious department of the University of Minnesota.

The purpose of the meeting on Tuesday is to discuss Maurice Maeterlinck and the stage version of his fantasy, "The Blue Bird," that will be played here. Charles Hampden, stage director of "The Blue Bird," will speak on "A Visit to Maeterlinck," and Miss Alice Butler, who plays the part of the Fairy Berylune, will tell of "The Blue Bird Behind the Scenes."

The advisory board of the Duluth center consists of Dr. Richard Burton, Bishop McGolrick, M. Benedict Papot of Chicago, Dr. John Walker Powell, Mrs. Robert Morris Seymour and Mrs. J. L. Washburn. Dr. Burton will be the next president of the Drama League of America.

"Social Reform."

Prof. Raymond Phelan of the extension department of the University of Minnesota, will speak on "Social Reform" Monday evening at 8 o'clock in the council chamber of the city hall. The talk will be given under the auspices of the Duluth Suffrage association.

Bishop's Club.

The last meeting of the afternoon class of the Bishop's club at the Bishop's clubroom. The following program will be given:

Bible reading—Psalm xx.....
Miss Mary McCabe.
Piano solo .....
Miss Marie Sarazin.
Book review, "The Job Secretary"...
.....Mrs. Wilfred Ward
Miss Florence Flynn.
Reading—Selected .....
Mrs. Henry Anderson.
Current events .....
Miss Lucile May.

Theosophical Society.

The advanced study class in "The Science of Peace" will meet tomorrow afternoon at 3 o'clock. An inquirers' study class in "Ancient Wisdom," open to those interested in the study of theosophy, will meet Wednesday evening at 8 o'clock. The regular lodge meeting for members only will be held Thursday evening at 8 o'clock in the lodge room, 203 Temple building.

Greysolon Chapter.

Mrs. T. W. Hoopes and Mrs. De Vey will be the hostesses for the meeting of the Greysolon du Lhut chapter, D. A. R., Tuesday afternoon at 2:30 o'clock at the home of Mrs. Hoopes, 2206 Woodland avenue. Roll call will be answered by "Great American Educators." "American Culture" will be the subject of Mrs. W. A. McGonagle and "Sages and Heroes of the Revolution" the subject of Miss Laurie Brown.

Housewives' League.

The Housewives' league will meet Monday afternoon at 2:30 o'clock in the clubroom of the library. Mrs. S.

UNCLE SAM WILL GATHER FOLK LORE

American Versions of English and Scotch Ballads Are Wanted.

ONE of the latest undertakings of the United States government is the collections of American versions of Old World folk songs. This search for ballads is under the direction of the bureau of education of the department of the interior in co-operation with Dr. C. Alphonso Smith of the University of Virginia, the founder of the Virginia Folk Lore society.

It was decided to confine the quest to English and Scotch ballads in the beginning, but it was intended to widen the scope later to include the ballads of other nationalities. The English and Scotch ballads were chosen chiefly because they have been definitely numbered by Prof. Child of Harvard university, and with this foundation the new work can be pursued with a definite end in view.

The decadence of communal singing, the growing diversity of interests and the popular songs are crowding out the old ballads that were passed along from generation to generation in the mother countries and during the early years in this country. Unless they are collected soon there will be none to collect. The members of the new undertaking are not searching for printed copies of ballads. They want the ones that have never been printed and those of which copies are not in existence. Even a portion of a ballad will be received gladly by them, also different versions of the same one. The public is asked to send to Washington any contribution they can make along this line.

THE ST. LOUIS MASQUE AND PAGEANT

Percy Mackaye Writes for The Herald of the Approaching Festival in Missouri City—Sees Great Possibilities in Duluth Pageant.

AT the request of The Herald, Percy Mackaye, the dramatist and poet, has written an article telling of the St. Louis masque and pageant.

Mr. Mackaye wrote "The Masque of Saint Louis," a symbolic interpretation of the forces which are shaping that city, while Thomas Wood Stevens directed the pageant. They will be presented next month at St. Louis, about 7,000 people taking part, and they are attracting nation wide attention.

Mr. Mackaye was brought to Duluth by the Drama league about two years ago, and lectured here. He made a study of the pageant possibilities of Duluth's history, and expressed himself as much interested in them.

"Owing to the approach of the St. Louis pageant and masque" he writes, "I am so pressed for time that I cannot go into the subject as deeply as I would like. I was indeed greatly interested in Duluth and its progressiveness in public affairs when I had the pleasure of visiting there."

Mr. Mackaye's article on the St. Louis pageant and masque follows:

"In 'The Masque of Saint Louis' it is my object to set forth, in symbolic form the national and universal meanings underlying the pageant.

"In his pageant Mr. Stevens will emphasize, and marshal movingly in onward flowing episodes, the more local and historical meanings of human life, as that life has been enacted by successive generations on or near the locality of Saint Louis. These meanings he will naturally, as poet and pageant master, interpret by large-scale groupings and animated pictures of history technically adapted to the Forest Park pageant stage; yet necessarily and appropriately the emphasis of the pageant will be upon a selection of actual local occurrences. Out of these episodes it becomes the problem of the pageant to present an artistic harmony of active scenes, which shall vivify the history of Saint Louis to the audience.

"At the conclusion of the pageant, the audience will, as it were, have witnessed from a hill top (not too distant for the recognition of personalities in the groupings) the social life of their city from its beginnings.

"Thus, then, at the point of the pageant's conclusion it becomes the function of the masque to adopt another scale of outlook and to relate that local life to larger national and world life. In other words, the masque will seek to remove the audience in imagination from its hill top to a viewpoint of even larger vantage—let us say, to the bird's-eye view of the horizon's rim. There another and distinctive method of appeal must be adopted by the interpreter—the method of symbolism.

The Characters Symbolic.

In conceiving my masque, therefore, I have taken the historical material advanced by the pageant master, and —submitting that to more drastic eliminations—selected only such elements of local history as take on national and world significances. These I have reinterpreted by means of a very few symbolic characters—who are themselves the spokesmen of great mass-groupings.

"To make clearer this difference of method in pageant and masque let me exemplify:

"In the pageant are presented as important persons of the white man's civilization at St. Louis such local leaders as Pierre Laclede, Governor Piernas, St. Ange, Auguste Chouteau, Daniel Boone, etc.

"In the masque, on the other hand, none of these historical persons appears, but—expressive of their several leaderships, as well as of the racial and human forces of millions of their fellow citizens during those successive generations—there rises in my masque the single symbolic figure of Saint Louis.

"Again, in the pageant, certain particular fights, skirmishes or wars are dramatized or touched upon in historical episodes. In the masque these are not introduced or referred to, but instead—typical of that menacing human force which underlies them all—there occurs a scene of dramatic spectacle and conflict, of which again a single large symbolic figure—the war demon—becomes the spokesman of his vast group, in opposition to Saint Louis, who champions the counter-forces of his contrasted groups.

Saint Louis a Young Crusader.

"Visually, then, the outward symbols available to the masque-maker differ largely from those available to the pageant-maker. The armies of the war demon may appropriately be clothed and equipped with any martial insignia, costumes, heraldry harmonious within the dramatic idea. For them the historical uniforms of American soldiery would not be adequate or appropriate.

"By the same principle Saint Louis appears in armor symbolic of a young crusader in the cause of social civilization.

"Being thus free to omit all minutiae of history, in form the masque is more focused and unified than the pageant can necessarily be. The scope of its form and the inner relationship of its parts are determined wholly by the mind of its maker reacting on the materials of history at his disposal. In short, the masque becomes a special form of drama, technically adapted—through range of eye and ear—to the special conditions; in this case to an auditorium and stage vast in scale.

"While to the eye the masque should be always a moving decoration, and to the ear a pleasing harmony of sound, to both it should be essentially a human drama, interpretative of the large meanings of that which is its poetic theme.

PERCY MACKAYE.

The Theme of the Masque.

"The theme of 'The Masque of St. Louis' is the fall and rise of social civilization.

"Interpreting symbolically the historical material of the pageant, I have conceived the national and world meanings of that material as revealing the lapse and resurgence of man in the evolution of a more highly socialized state.

"For centuries, perhaps for ages, the mound builders sustained on this continent—notably on the site and in the vicinity of St. Louis—a civilization of a comparatively high order, contemporary with the Maya and Aztec civilizations to the south.

"To interpret this mound building society on the scale of its world meanings in the Western hemisphere, I make use of a single symbolic figure—Cahokia, who stands for the pinnacle of the social aspirations of the Indian race, regarded ethnologically. The fall of this mound building civilization—as the pageant indicates—took place through the invasion not of human agencies, but of wild nature forces—the invasion of the hordes of the bison. Because of that invasion, the Indian race lapsed and reverted from a stage of agriculture and many simple social arts to the nomad hunting stage of man.

Cahokia the First Figure.

"My masque, then, opens at that significant world-moment when Cahokia—a lonely, tragic figure—is discovered surrounded and threatened by the wild nature forces, among which his own kin, now degenerated to nomads forgetful of their former social empire, mingle their savage rites with the menacing powers of chaos.

"How, with the coming of the white man, my theme deals with the hopeful, resurgent powers of civilization the masque itself sets forth.

"It is also important to point out that, for this world-scale interpretation, all symbols of the red race at its highest social status, as well as of the white race, are appropriately available to the stage production of the masque; and hence the use it makes of symbols both of the Maya and Aztec civilizations of the red race and of the ancient, mediaeval and modern civilizations of the white race.

"So much, then, for the technique and theme of the masque.

"The execution of it is a work of co-operation among the technical artists in charge of the production and the citizens of St. Louis—a co-operation in which the artists show a happy zest and enthusiasm."

SPEAKERS FOR CONVENTION OF EIGHTH DISTRICT WOMEN'S CLUBS

DR. JOHN HENRY GRAY, head of the department of economics of the University of Minnesota, has been secured to give the chief address at the convention of the Federated Women's Clubs of the Eighth congressional district to be held in Cloquet May 5 and 6. Dr. Gray will speak on "Democracy and Education" at the evening meeting of May 5. He gave this lecture before 4,000 persons in Los Angeles at the recent California teachers' convention.

Dr. Gray has an international reputation as a lecturer and an economist. In addition to his education in this country he has studied at Halle, Vienna, Berlin and Paris.

Since 1907 he has been professor of economics and head of the department of economics and political science at the University of Minnesota. He was chairman of the World Congress Auxiliary on Political Science at Chicago in 1893; chairman of the municipal committee of Civic Federation of Chicago from 1894 to 1896. He was vice president of the American Economic association in 1897-98 and 1903-04. During 1902-03 he was expert in the United States department of labor to investigate restrictions of output in Great Britain. He represented the United States as commissioner of labor at the International Co-operative congress at Manchester, England, in 1902. The same year he also represented the United States at the International Congress on Insurance of Laboring Men at Dusseldorf, Germany, and at the International Congress of Commerce and Industry at Ostend, Belgium. He was a member of the national civic federation commission on municipal ownership in 1905 and chief expert to the commission for American investigation.

He is the author of the German book, "The Position of Private Lighting Companies to City and State," "Experiences in Vienna, Paris, Jena and Manchester in 1893" and "Regulation and Restriction of Output in Great Britain in the Eleventh Special Report to United States Commissioner of Labor." He also has written many papers for economic publication, especially in reference to public utilities.

The club women of Cloquet will defray the expenses of Dr. Gray's lecture at the convention.

Duluth will be represented on the convention program by Miss Katherine King, whose subject will be "Child Conservation," by Mrs. F. L. Barrows, who will lead the discussion on Miss King's paper and by Miss Margaret Culkin, who will speak on "Social Center Work in the Small City." Mrs. Barrows is treasurer of the federation and Miss Culkin vice president at large.

The president, Mrs. C. L. Atwood of St. Cloud, will speak on "The New Community Spirit." Other subjects that will be taken up at the convention are: "Medical Inspection of Schools," Mrs. N. W. McMillan of Hibbing; "The Child's Birthright," Mrs. J. G. W. Havens of Cloquet; "County Sanatoria," Mrs. C. C. McCarthy of Grand Rapids; "Making the Home a Social Center for Boys and Girls," Mrs. E. N. Simons of Virginia; "The Influence of Women on French Literature," Mrs. Frank O'Donnell of Duluth.

R. Holden will speak on the proposed Duluth pageant and Mrs. F. L. Barrows on the need of a county and city hospital.

Jewish Chautauqua.

The final meeting of the season of the Jewish chautauqua will be held Wednesday afternoon at 3 o'clock in the clubroom of the library. Dr. Maurice Lefkovits will talk on "The Woman and the Child in Jewish Literature. All who are interested are invited.

Will Repeat Reading.

Mrs. R. B. Liggett will repeat her reading of "Rigoletto," assisted by the victrola and pianola, in the guild rooms of Trinity pro-cathedral Monday evening. The proceeds of the concert will be given to the Sunday school.

Auxiliary Meeting.

* * *

Thursday evening Frances Tunnegan and Edith Resseler were hostesses at a spread in their rooms at Torrance hall. Those present were: Grace McDonald, Gertrude Shook, Helen Dailey and Esther Englebretson.

WONDERFUL ISLAND OF JAVA

William E. Richardson Writes Glowingly of the Tropical Beauty Spot—Island Is One Great, Magnificent Garden—One Place in All the World for Tourists and Travelers.

Mr. and Mrs. W. E. Richardson and Frank A. Day, who are now making a tour of the world, were in the interesting Island of Java in the latter part of February. Mr. Richardson has writen from Garoet to a Duluth friend the following graphic description of what the party saw during their visit to this wonderful tropical beauty spot:

"I never before wished so hard for a fluent pen; I would like so much to be able to convey to you my impressions of this wonderful island of Java.

"I have read all the books I could get hold of describing this country and its people. As every one wrote so glowingly, praising it to the skies, I was of course prepared to see a beauty spot, but I found that all failed utterly to paint in bright enough colors, which I may say is unusual.

"Even the seas which bathe its shores are serene and beautiful. The soft blue sky of the day, and the multitudinous stars of the tropical night are above it, while the island itself is one great, magnificent garden. Of course, the greatest botanical garden of the world is here at Buitenzorg. Where else could it be? Yet aside from the little signs under all trees, shrubs, plants, etc., giving the scientific names, you hardly know where 'the garden' ends or begins. The catalogue gives the names, however, of over 10,000 species of trees and plants.

At a Real Dutch Hotel.

"We are at this little place of Garoet for eight days, very charmingly lodged at a real Dutch hotel. We are the only English-speaking guests, but having our own servant for Java, who speaks 'all languages,' we have no difficulty in being mighty well served.

"The hotel occupies more than a city block, and of course it is a garden. It consists of I don't know how many detached little one-story bungalows, flowers, trees and shrubs between. When we want a 'lime squash,' our servant steps to the door and picks some limes and goes to the iceroom and gets the ice and Apollinaris.

"I don't dare to attempt to describe our delicious food; but when I say to you that I never sat down to meals as good, or as well served, you can believe they are fair at least. I don't know what I shall think when we are again served by waiters whose feet are shod—for over three months now all the waiters have been barefoot.

Rice in All Stages of Growth.

"Well, I have not given you much of an idea of the hotel, and probably won't be able to make you see this little place of Garoet. It is situated in a little plain or valley up in the mountains 2,500 feet above the sea. It is surrounded on all sides by volcanic mountains, rising right out of the valley like petals in a flower. The plain itself is the richest ground in the world; and nowhere else is the soil so exquisitely cultivated. Rice is the principal crop, and the seasons are so alike that you see it in every stage of growth. Planted first thick in beds, it sprouts and grows in a night and is a very light green. It is then transplanted by hand into the paddy fields, which are prepared to a nicety to receive it—just fine mud. The planters are in to their knees when they set the little plants, about six inches apart. Nothing that grows is more beautiful than these little fields of rice—each a few days or a few weeks further along in growth than its neighbor, so in a half-mile ride you can see every stage of development, and even see the harvest, which is so interesting. Each individual stem of rice is cut separately by the picturesque harvesters in their funny straw hats as large as umbrellas. These are cut about nine inches below the grain and carried like bouquets until the hand is full. Then with a wisp of the straw it is tied up and laid down. Others come along with a short bamboo pole, with a rack at both ends. After filling the racks with these 'bouquets' they trot off to their houses, where the grain is spread out to dry, still tied up in bouquets.

Women Threshing the Rice.

"At the next house you will probably see the women threshing it. This is done in a trough made out of a log—dug out—and the threshing is pounding with a two-handed wooden pounder, just as you see cement or concrete tamped, one woman 'tamping,' the other blowing out the chaff with one of their big hats.

"I don't mean to convey the idea that this is the only way it is threshed, for it may be the rich Dutch planters use other means, but we have seen none. To see a crop sown, growing, transplanted, thinned, irrigated, harvested and threshed all inside of a half mile is a wonderful and interesting remembrance.

"A little further up towards the mountains you pass groves of banana trees, cocoanut palms, mango steen, bamboo oranges, lemons, limes, nutmegs, cardamon and hundreds of others of that class. Still higher up you pass through groves or plantations, as they call them here, of coffee trees, rubber, etc. Still higher up you come to the big rice estates, which are only handled by wealthy planters. After leaving these, which are planted on steep terraces on the mountain side, you come to the 'jungle'—and such a jungle. It is the tropical 'forest primeval,' so thick you cannot see into it at all. All you know of it is what you see from your bridle path, which zigzags up the mountain side, now nothing but the most dense green for a hundred feet above you on either side, then winding around the edge of a precipice, with a sheer drop of hundreds of feet below you and rock above. If you dare stop a moment and look off, you see the whole valley spread before you like a map—beyond the green tops of the forest trees stretching out below you, the water on the lately irrigated paddy fields and in the little lakes catching the sun and reflecting it on the green fields and groves.

A Wondrous Valley.

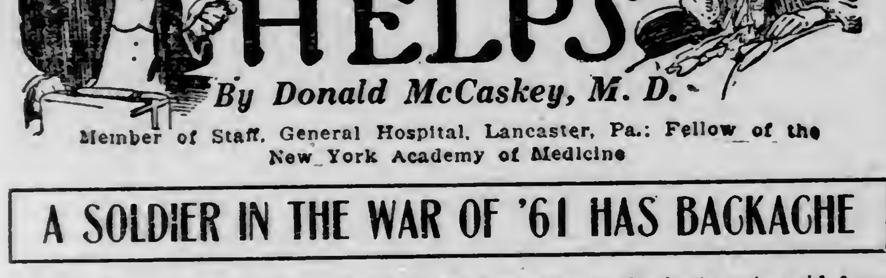

"The scene is exquisitely beautiful, as you raise your eyes and see this wondrous valley shut in by a circle of mountains, each one of them once an active volcano. You wonder—then grow silent. Another look, and you see clouds of steam rising from holes still remaining in these forest-clad mountains. Then later, when, after infinite toil, you reach the crater of the particular mountain you are on, and smell the clouds of sulphur which is being belched forth perpetually, and see the boiling springs of calcium and sulphates, and hear the roar of gas escaping from numerous holes which surround you, you will do as we did—eat your well-earned lunch hurriedly, and quickly get away, and wonder if the terrible power chained up below you will wait until you can get down the mountain side, as with the marvelous beauty of this spot there still remains the thought 'that that which has been once may be again.' Still there is a fascination about a volcano which I can't understand, unless it is the same feeling one has to see if 'the gun is loaded,' or 'if it is a live wire,' or 'if it will bite,' or 'is it bitter.' We all have it to a more or less degree. With me it is quite well developed, and I expect to see the inside of many more volcanoes, but will never forget the feeling I had when up on Mount Papandajan the other day.

How the Trip Was Made.

"It was rather a hard trip, although not as difficult as many we have made when out fishing. This was the way it was done: Up at 4, breakfast at 4:30, two-wheeled cart with three horses at 5, two hours' jolting ride, but over a wonderful road, paved the whole distance, to a village 1,500 feet higher than our hotel. Then Frank and I to mountain ponies and Mrs. Richardson to a sedan chair carried by eight coolies on long, springy, bamboo poles (that is, the chair was), for three hours, six miles of travel and a rise of 4,560 feet. Many places the trail was actually steps cut out of the rock. I have not yet ceased to wonder how we got up as well as we did.

"Java is bound to be the one place in all the world for tourists and travelers. All whom we have met here and elsewhere sound a chorus of praise of its advantages. For a sportsman there is fish and big game in abundance; for the student of history, the wonderful ruins of Boro Budur; for the lover of the quiet beauties of nature, nowhere else can he so feast his eyes; for the lover of bold mountain scenery, here it rivals the Alps; for the student of political economy, here he can see a country rich and prosperous, its population by natural means alone increasing faster than any other on earth; a colony ruled and owned by foreigners, yet ruled so well that all are happy, prosperous and contented. For instance, in this place there are 15,000 people, 270 only of whom are Europeans. I have not seen a policeman yet, nor a drunken man, nor a quarrel, nor any fuss.

"But gracious, I must stop this or you will think I am crazy."

By Donald McCaskey, M. D.

Member of Staff, General Hospital, Lancaster, Pa.; Fellow of the New York Academy of Medicine

A SOLDIER IN THE WAR OF '61 HAS BACKACHE

"Will you please tell me what is the best way to eliminate uric acid from the system? I think this is my most troublesome symptom, although I suffer from sleepless nights and am nervous. There is also a numbness, or dead feeling, in my limbs and feet, and after eating dinner or supper I become quite drowsy. I am a soldier of the war of '61, look healthy, weigh 175 pounds, am 73 years of age and have considerable backache."

It looks from your note as though you are eating too much. It would be well for you to adopt the theory of Mr. Fletcher, who advocates the very necessary principle of chewing the food. Mr. Fletcher urges that the food should be chewed and chewed and still chewed. Mr. Fletcher was ill with various aches and pains, similar to the description your letter gives of yourself, until he was 60 years of age. Then he adopted the principle of chewing his food to an exaggerated degree, since which time the improvement in his health has been most wonderful. Go to your librarian in your city and have him procure for you the recent books written by Mr. Fletcher on the question of "Diet and Mastication." Read also the previous Doctor's Health articles about "Insomnia and Its Relief," "Starve This Patient for Ten Successive Days for His Rheumatism," "What to Do for Rheumatism."

"ATTACKS OF COLIC AT THE PIT OF MY STOMACH."

A young lady from New York state asks:

"Please advise me what you think my disease is and the proper manner of treatment. I have attacks of colic at the pit of my stomach, pains lasting from one to twenty-four hours, and I have these attacks at intervals of from two to eight weeks."

Pain in the pit of your stomach has as many different causes as the weather. Your main plan should be to sleep until you are rested. Chew your food thoroughly. Eat such substantial things as you know by your own common sense and experience agree with you. Take a weekly cleaning out of one-half glassful of castor oil for the next eight weeks. This latter will so purify your system and rid it of many irritating pains, if there is no deeper seated disease than merely intestinal colic, that you will feel all right. If, however, after eight weeks of conscientious treatment along this line you do not obtain the degree of relief necessary to your comfort, by all means pick the best physician in your community, go to him with this article and follow his advice. That is what you are paying him for.

FOR EXCESSIVE SWEATING OF THE BODY.

"Please tell me what is the cause of excessive sweating of the body; likewise its odor. Even a slight walk makes me perspire as though I had just finished some particularly hard work. My appetite is fine. Would nervousness or overeating or any blood trouble be the cause of this excessive sweating? Please tell me of a permanent cure."

The nerves which control the blood vessels of your skin are unduly sensitive to irritation. As soon as you start to exercise, even to the slightest degree, poisons are thrown off from your muscles, and these poisons irritate the delicate nerves which control the tiny nerves of the blood vessels in your skin. Your urine should be analyzed and yourself treated until a perfectly normal result is obtained. You should give yourself a weekly cleaning out, using five grains of powdered calomel, say, every Friday afternoon about 4 o'clock, followed in three or four hours by half a glassful of castor oil. Don't sidestep this treatment. It will help to eliminate immediately much of the aggravating cause for your trouble. Furthermore, it will likewise remove much of the unpleasant odor you inquire about. This odor is the result of decomposing fat, and is peculiar to every individual, just the same as to every species of animal. The reason why some individuals are not annoyed by it so much as others is on account of a better degree of internal purity of their blood and system in general. For the next two months, therefore, follow out this treatment of calomel and castor oil and live exclusively on a fruit-and-vegetable diet. Do not touch a single morsel of meat, eggs, cheese or milk. Stick faithfully to this regime for the next two months. It gets at the cause from the inside and cuts off its very root. The superficial application of powder is very good so far as it goes; likewise is bathing; but your trouble is deeper seated, and if the above counsel within the next two months does not bring the result you wish, by all means go to your family doctor and take this article with you.

Yeomen Social.

Duluth homestead, No. 3131, Order of Yeomen, will give a social at Woodmen hall, Twenty-first avenue west and First street, on Monday evening to members and invited friends.

IRON RIVER, MICH.

Iron River, Mich., April 18.—(Special to The Herald.)—William Haydon of Traverse City is in town.

W. J. Walters was a business visitor at Ishpeming several days this week.

U. C. T. MINSTRELS

Members of Troupe Promise Best Amateur Show Ever Seen in Duluth.

With an augmented orchestra and a company of sixty, the United Commercial Travelers of Duluth will, this evening, present their annual minstrel and vaudeville show at the Lyceum theater.

The production this year promises to excel those of former years. Those taking part have been rehearsing for several weeks and from reports coming from the innermost recesses, the minstrels this year have some entirely new stunts up their sleeves. At least, the members all claim that the show to be given by Zenith council this evening will be the best amateur production ever presented in this city.

A feature of the entertainment will be an augmented orchestra, with Charles Helmer as leader. There will be a regular minstrel first part, followed by a program of vaudeville numbers.

COLLEGE BAND WILL PLAY IN DULUTH.

A quartet and band from the agricultural college of North Dakota will spend two days in Duluth, April 25 and 26. Two entertainments are already decided upon and one is still to be arranged.

The musicians will arrive Saturday morning, April 25, and give a noon entertainment at the Commercial club. Their engagement for Saturday evening is still to be decided upon. At 3 p. m. Sunday they will give another program at the Masonic temple.

The boys are traveling in a special car, and are paying a visit to St. Paul, Minneapolis and Duluth. The band numbers forty-five pieces, and the players are from 8 to 23 years of age.

Coming to Duluth

DR. J. E. DORAN
SPECIALIST

Will Be at the

LENOX HOTEL
FRIDAY, APRIL 24

AND WILL REMAIN

One Day Only

Hours: 9 a. m. to 9 p. m.

OFFERS HIS SERVICES FREE OF CHARGE.

Dr. Doran licensed by the state of Minnesota for the treatment of deformities and all nervous and chronic diseases of men, women and children, offers to all who call on this trip consultation, examination, advice free, except the expense of the medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that his treatment is reasonably sure and certain in its effect.

According to his system no more operations for appendictis, gall stones, tumors, goitre or certain forms of cancer.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, catarrhal deafness, rheumatism, sciatica, malaria, bed-wetting, leg ulcers, weak lungs and those afflicted with long standing, deep-seated chronic diseases, that have baffled the skill of the family physicians, should not fail to call.

If you have kidney or bladder trouble bring a two ounce bottle of your urine for examination.

No matter what your ailment may be, no matter what others have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see him at once. Have it forever settled in your mind. If your case is incurable he will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself and friends or relatives, who are suffering because of your sickness, as a visit at this time may stop the disease and save your life.

Remember, this free offer is for one day only.

Married ladies must be accompanied by their husbands and minors with their parents.

Dr. J. E. Doran, Boston Block, Minneapolis, Minn.

LOUDERBACK DEATH DECLARED MISTAKE

Overdose of Poison "Taken Inadvertently," Is the Finding.

Chicago, April 18.—De Labasq H. Louderback, railroad builder and real estate man, died of an overdose of a violent poison "taken inadvertently," according to the verdict of a coroner's jury. The only witness at the inquiry was Mrs. Sarah E. Ritter, a step-sister. She said Mr. Louderback suffered from insomnia and was in the habit of taking medicine to make him sleep. On the morning of his death, April 9, when she called him, he said he wished to sleep a whil longer, she said. When she called a second time she found him unconscious.

The estate will not exceed $80,000, according to a business associate of Mr. Louderback, who asserted the deceased was generous and "could easily have given away millions."

ARMS ARE RETURNED; INCIDENT CLOSED.

Douglas, Ariz., April 18.—With a severe reprimand administered by Col. A. M. Guerrero, Constitutionalist commander along the Sonora border, to the captain of the squad which deprived four arsenal militia officers of their sidearms on Wednesday, and the return of the swords yesterday, the incident was closed.

When Governors Hunt of Arizona and McDonald of New Mexico crossed the border on Wednesday to visit Agua Prieta, the border guards took the arms of the officers. It has been customary here to lay aside weapons when crossing the line.

Prescribed by physicians for nineteen years

Resinol

the skin treatment that acts instantly

YOU don't have to *wonder* if Resinol is doing you good, you *know*, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Won't *you* try the easy Resinol way to heal eczema or other skin-eruption?

Resinol is so nearly flesh-colored that it can be used on exposed surfaces without attracting undue attention.

Resinol clears away pimples and blackheads, and is a most valuable household remedy for sores, burns, boils, piles, etc. For sample write to Resinol, Dept. 41-S, Baltimore, Md.

PARKER'S HAIR BALSAM

A toilet preparation of merit. Helps to eradicate dandruff. For Restoring Color and Beauty to Gray or Faded Hair. 50c. and $1.00 at Druggists.

NEWS OF THE NORTHWEST

EX-CASHIER UNDER FIRE

Former Official of Park River, N. D., Bank Being Examined.

Alleged to Have Embezzled About $10,000 From Concern.

Grafton, N. D., April 18.—(Special to The Herald.)—C. R. Verry was still being examined this morning when his preliminary examination, on the charge of embezzling approximately $10,000 from the Farmers Security bank of Park River, was resumed in a local justice court.

Verry, former cashier of the bank, was on the stand almost continuously yesterday, testifying with relation to the methods of handling certain note transactions, which have become involved in the charges against Verry.

It is probable the examination will be concluded late today.

IRONWOOD PLANS ON HOMECOMING

Big Festivals to Be Held in Michigan City in August.

Ironwood, Mich., April 18.—(Special to The Herald.)—Plans are being considered for the big home-coming and summer festival to be held here Aug. 3 to 8. The Commercial club has offered a prize of $15 for a suitable design advertising the affair that can be mailed.

The competition is open to only the residents of Ironwood. The committee in charge are O. E. Olson, F. J. Sullivan, J. V. Brennen, C. E. Houk, J. O. Gustafson.

Civic—O. E. Alson, F. J. Sullivan, J. I. Gustafson, J. V. Brennen, C. E. Houk.

Entertainment—J. V. Brennen, J. C. Thomas, O. E. Olson, W. H. Van Carrow, F. F. Thalner.

Athlete—F. J. Sullivan, Dr. J. H. Urquhart, Ed Hedlund, J. V. Brennen, R. A. Heidmann.

Booster—R. A. Heidmann, O. E. Olson, F. J Sullivan, W. H. Van Carrow, F. F. Thalner.

PINE COUNTY COURT.

Three Indictments Returned and One Indicted Man Sentenced.

Pine City, Minn., April 18.—The grand jury was in session here Tuesday and Wednesday and brought in three indictments. John White was indicted for selling liquor in Hinckley last winter without a license. White pleaded guilty and was fined $50 and thirty days. This sentence was suspended during good behavior upon recommendations of the county attorneye.

Mike Novitske was indicted for assault in the second degree for an occurrence in Sturgeon Lake, Jan. 15. One other indictment was found.

Anna Miller secured a divorce from John L. Miller of Sandstone on the ground of cruel and inhuman treatment and Effie M. Brower of Nickerson was granted a separation on the ground of desertion from Andrew J. Brower, who was arrested on this charge last fall.

All the jury cases were set for next Tuesday and Wednesday, the libel suit of James Hurley against W. R. Newman and J. T. Mider being set for Tuesday. Twenty-eight new citizens were given their papers.

STONE CUTTER DIES.

Sandstone Man Taken to Hospital for Treatment in Vain.

Sandstone, Minn., April 18.—(Special to The Herald.)—N. A. Stenmak accompanied Barney Dahlgren to Minneapolis Monday, the latter's poor health necessitating treatment at a sanitarium. Word reached here Wednesday that he had succumbed and the remains were brought back home for burial on Friday. Mr. Dahlgren was a single man and made his home here for the past ten years, working at his trade of stone cutter. He has no relatives living in this country.

ICE HAMPERS FISHING.

Marquette Fishermen Find Difficulty in Getting to Nets.

Marquette, Mich., April 18.—Fishing operations in Lake Superior are being severely hampered by large ice fields which have drifted from the shore. Both Marquette fishing tugs have made repeated trips, but have not been able to make catches of more than 200 pounds a day.

The tug Columbia returned Thursday after making several unsatisfactory attempts to nose through the ice. Capt. Anderson says that the ice, while it looks comparatively soft on the surface, is still thick, and the tugs are unable to make headway against it. The company has now about twenty-five miles of nets set out and is unable to tell when it will be able to raise them.

ENJOINED FROM ISSUING LICENSE.

Motley, Minn., April 18.—Judge Rooser has granted a motion for an injunction restraining this village council from granting liquor licenses until the election contest has been decided. The village voted "wet" at the recent election, but the "drys" contested the vote, and enjoined the council from granting licenses until the contest was decided.

IRON COUNTY BOARD.

New Organization Takes Charge of County Educational Matters.

Hurley, Wis., April 18.—(Special to The Herald.)—The new county board of education is composed of J. T. Kendrigan, A. L. Ruggles, Marion Reid, Miss Sarah Waters and Mrs. Mary E. Rogers. The new board will supervise all the territory in the county. The board will meet on the first Tuesday in May when the members will decide the number of years they shall serve, one for one years, one for two years, another for three years, one for four years and another for full term of five years. Commencing next year each member elected will serve five years. The board has the power to appoint an assistant to the county superintendent of schools, if deemed necessary; power to form, alter, organize or consolidate school districts; appoint on the nomination of the county superintendent five examiners and fix the salaries of the assistant to the county superintendent and examiners shall exercise all the powers and privileges conferred by law on county training schools. State aid of $500 is to be granted to each county board of education each year.

MURDER AND SUICIDE.

Is Latest Theory of Two Deaths at Geddes, S. D.

Geddes, S. D., April 18.—(Special to The Herald.)—Developments in the killing of W. H. Menzie and Miss Blanche Signal, whose bodies were found in the ruins of a lumber office here yesterday afternoon, now point strongly toward murder and suicide. Examination of the body of Menzie disclosed a bullet hole through the head, entering on the right side, penetrating the brain and leaving on the left side. A pistol which had been kept in the office for protection, was found in the ruins at a spit near where his body lay. One exploded shell was found in the weapon and another shot seemed to have blown the gun barrel off.

The robbery theory apparently was shattered by the discovery that no money was taken from Menzie, a considerable sum being found in his clothing.

Mr. Menzie was widely known in the state as a promoter of the farmers' co-operative idea.

BLIND PIG IN PROHIBITION TOWN.

Hankinson, N. D., April 18.—(Special to The Herald.)—That blindpigs have been operated in Hankinson contrary to the state prohibition law, was brought out in the hearing of the charges against Mayor Hein and Chief of Police Phillips, which closed yesterday, and on which the referee will make a report to Governor Hanna within the next twenty days.

BISMARCK HAS SCARLET FEVER.

Bismarck, N. D., April 18.—On account of several cases of scarlet fever in town, many parents have become alarmed at the danger to their children and in a few cases have urged the school authorities to close the public schools as a preventive measure.

THREE TO COMPETE.

Will Seek Honors in Grand Forks Intercollegiate Debate.

Grand Forks, N. D., April 18.—(Special to The Herald.)—Dr. Herbert Leonard of Minneapolis, R. A. Lyman of the University of Chicago, and A. B. Sloan of the University of Iowa, will be the judges of the annual North Dakota intercollegiate oratorical contest which will be held in Grand Forks next Friday.

Representatives of five colleges will compete for the gold watch, given by the grand lodge of Masons, and for the honor of representing the state in the annual contest with the representative of the South Dakota colleges.

Lester M. Smith of the state university; Daniel Darrow of Fargo college; E. Musberger of the agricultural college, and Theodore Zeyher of the state science school, are contestants.

FROM THEATER TO JAIL.

Drum Player in Brainerd Theater Has Unpleasant Experience.

Brainerd, Minn., April 18.—(Special to The Herald.)—To play the drums at a moving picture theater while the deputy sheriff sat seven seats away to arrest him when the performance was over was the experience of Clarence Carlson of a local theater. Armed with a warrant from Fergus Falls charging Carlson with the carnal knowledge of a girl under age, the sheriff's office in Brainerd speedily got busy and within half an hour Deputy Sheriff Claus Theorin had located young Carlson and after the performance arrested him.

PUTTING IN SEED.

Farmers Around Jamestown, N. D., Are Busy Planting.

Jamestown, N. D., April 18.—(Special to The Herald.)—Farm work in this district has been pushed ahead very rapidly this week, the splendid weather making ideal working conditions.

On the Louis Allen place near here, over 200 acres have already been sown to wheat; on the J. C. Lee farm near Buchanan over 100 acres has been sown, and many farmers have from twenty to forty acres sown.

The top frost has left the soil, putting the ground in condition for working. There still is much frost which will continue to supply moisture for some time to come.

TWO NURSES ATTACKED.

Delirious Patient in Grand Forks Hospital Gets Troublesome.

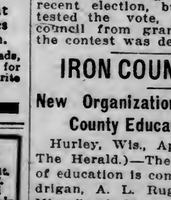

Grand Forks, N. D., April 18.—(Special to The Herald.)—Two student nurses at the Deaconess hospital here narrowly escaped serious injury at the hands of Wm. Watson a delirious patient yesterday, when he attacked them while they were caring for him. Watson's wild cries attracted employes at a barn nearby who made their way into the hospital through the window of the room and subdued Watson.

Grow Your Own Vegetables

Cut down your living expenses. You'll be astonished how healthful it is to cultivate a garden, and how easy if you use

Planet Jr
Garden Tools

Adapted to almost all garden uses. Opens furrows, plants, covers, and marks next row in one operation.

S. L. ALLEN & CO., Box 1207-A, Philadelphia.

RAINY RIVER ICE HAS DISAPPEARED

Goes Out at Spooner and Baudette Earlier Than Last Year.

Spooner, Minn., April 18.—(Special to The Herald.)—The ice on Rainy river went out Thursday, one day earlier than last year here and at Baudette. The Baudette river above the bay has been open for several days and there is a good stage of water for driving purposes. With the opening of the river, it is only the matter of a few days before the sawmills will begin operations.

The Lake of the Woods does not usually open until about a month later than the river, as the water freezes to a depth of six to eight feet and the large fields of ice are driven from one shore of the lake to the other with the shifting wind, so it is hardly expected navigation on the lake will open until the latter part of May.

John Morris, the local forest ranger, with a crew of men has been busy the past week burning dead and down brush and timber around the outskirts of the two villages, so as to avoid any repetition of the conflagration of three years ago, in the event that the spring season should be a dry one.

Mr. and Mrs. R. M. Everest of Zippel were guests at the Rex here on Tuesday on their way home after visiting at the home of Mrs. Everett's parents at Bemidji.

Charles Nystrom, one of Cedar Spur's homesteaders, was in town on Tuesday.

Erick Johnson of Roosevelt came up the early part of the week, preparatory to his taking charge of the work at the Rainy Lake river boom.

MANY SETTLERS COMING NORTH

Kansas and Other States Furnish Future Minnesota Citizens.

Brainerd, Minn., April 18.—(Special to The Herald.)—The rush of new settlers into Northern Minnesota continues.

On April 3 there was shipped cars of emigrants' movables and household goods from Ottawa, Kan., to Kelliher. Later cars of stock, emigrants' movables, etc., were shipped from Hastings to Pequot, Maiden Rock, Wis., to Hackensack, Marshalltown, Iowa to Hackensack, Rapidan to Laporte.

SUES EX-MARSHAL.

Administratrix of Man Killed By Spooner Officer Wants $7,500.

Spooner, Minn., April 18.—(Special to The Herald.)—Mrs. Ella M. Paton, administratrix of the estate of John Harvey, deceased, has brought suit for $7,500 against H. A. Rydberg, former marshal of this village. The suit is the outcome of the fatal shooting by Rydberg of John Harvey, a Pitt homesteader in front of the Auditorium here December 1912. Rydberg was arrested at that time on a charge of manslaughter, but the grand jury did not indict him.

It was claimed that the marshal was on the lookout for a tough character and mistook Harvey as being the man in the dusk of the early evening.

The action will probably be brought on for trial at the next term of court to be held here in July.

WISCONSIN BRIEFS

Milwaukee — Ludwig Brandner, 701 Prairie street, saloonkeeper, was, Friday, held under $500 bail by United States Court Commissioner Francis E. Bloodgood for assaulting a Federal officer.

Menominie—August Retzloff, a farmer, aged 56, lost his left leg by being caught in the belt of a gasoline engine here.

Milwaukee—The condition of Mrs. Carmella Musso, convicted of the murder of her husband, is reported as serious. Since returning to the jail, after the jury found her guilty, her nervous condition has been aggravated by inflammation of the stomach and liver trouble due to an operation a year ago.

Madison—The store of the University Co-operative company, in the heart of the student quarter, was entered Wednesday night with a loss of $800 in cash and goods, including 200 fountain pens, 150 pocket knives and 169 pairs of men's gloves.

Neenah—A number of girl employes at the plant of the Bergstrom Paper company in this city refused to go back to work following a demand for higher wages.

Madison—M. F. Gaukel, a young attorney, was sent to the Dane county jail for ninety days by Judge Fehlandt of the municipal court for obtaining money by means of a confidence game.

Green Bay—Dan E. Hyde, detective in the employ of a detective bureau in Milwaukee, was on Thursday found guilty by a jury in municipal court on a charge of slandering Edward F. Cunningham, another detective.

Madison—New bronze tablets, six by eighteen inches, are soon to replace the old wooden tablets which were placed on the Indian effigy mounds near the agricultural buildings of the University of Wisconsin in 1909.

DAKOTA BRIEFS

Marquette—The Hegner Construction company of Appleton, Wis., was awarded the contract for the construction of the orphanage for the Catholic diocese of Sault Ste. Marie and Marquette that will be erected at the corner of Sixth street and Fisher, west of St. Mary's hospital, where a several acre site was recently secured. Their bid was $75,400.

Negaunee—Funeral services will be held Sunday for Frank Dunshane, Sr., an old resident, who died Thursday, aged 78. He is survived by one son, Frank Dushane, Jr., of Marquette, and three daughters, Miss Matilda, Mrs. Louis Grenier and Mrs. Catherine Dudley of this city.

Houghton—Victor Makl, who shot and killed his brother, John Makl, in cold blood at Painesdale Monday afternoon, told Assistant Prosecutor McCormick he desired to plead guilty at once and begin his sentence. He will plead and be sentenced Saturday.

Devils Lake, N. D.—Wednesday evening a mile southeast of Pekin, a motorcycle carrying Peter Running and Hans Nesseth and an automobile driven by August Pickford collided. Running received very severe injuries and for a time his life was despaired of. He was taken to Pekin.

Fargo, N. D.—The city commission received a protest, signed by over 50 per cent of the property owners on North Broadway, against paving that street this year. As a result of this protest the commission decided to put over the paving until next year.

New Rockford, N. D.—James Shea, Jr., arrested Betsy Clayton at New Rockford on the charge of selling liquor to the Indians. The prisoner was taken before United States Commissioner Covell at Sykeston and in default of bail was remanded to jail at Carrington. Her hearing is set for Monday.

Hettinger, N. D.—Congressman Norton returned here Wednesday from Washington to spend a few days looking after his farming and political interests.

Grand Forks, N. D.—A divorce was granted to Minne Woock from William Woock by Judge C. M. Cooley Wednesday afternoon at a hearing held at his chambers in the Federal building. Desertion and non-support were the grounds alleged by Mrs. Woock.

Jamestown, N. D.—A project is being considered looking toward the building of a potato warehouse near the Midland Continental tracks, and it is probable that the railroad company will encourage the matter with practical assistance.

Minot, N. D.—Donald McCannel, 3-year-old son of Dr. Archie McCannel, was painfully bruised when Dr. McCannel backed out of his garage, 710 Mount Curve avenue, and struck the young lad with his automobile.

Langdon, N. D.—The directors of the Cavalier County Fair association will hold a meeting here Tuesday next to make arrangements to increase the size of the grounds so that parties from a distance coming with teams or autos can have their rigs inside the grounds.

PENINSULA BRIEFS

Iron River—Attorney W. J. Embs of Iron River, formerly of Escanaba, has been re-elected to the office of village attorney, with his salary doubled, for the ensuing year.

Escanaba—Mrs. George Young has begun suit here against George F. McEwen and James Nolan for damages resulting from the alleged action of the defendants in renting property owned by them on Wolcott street to tenants who, the Escanaba Press says, disturbed the district about Mrs. Young's home.

Negaunee—The Rexall ball nine has been organized here with these players: Catchers, Sam Hocking and Sam Harper; pitchers, Cy Harper and Earl Rule; first base, Painter Harris; second base, John Withiel; third base, Fred Roberts; shortstop, Joe Holman; outfielders, Charles Tall, Emery Willet, Wilfred Jandron and Charles Vincent.

Crystal Falls—Peter Allushka, a character, committed suicide here. He had been drinking heavily the night before. Allushka placed the muzzle of a shotgun under his chin and pulled the trigger. As a result, his head was literally blown to pieces. Allushka was employed as a laborer at the Great Western mine.

Ishpeming—T. F. Francis of this city is a candidate for nomination for state representative of this district on the Republican ticket. Mr. Francis came to this country from England in 1871. In 1876 he located in Ishpeming. He worked for the Lake Angeline company until last year, when he was put on the pension roll.

Calumet—The following appointments by the Red Jacket village president have been confirmed: Marshal, Joseph Trudell; night police, Paul M. Spehar, James Glasson and Henry Tomlinson; attorney, John B. Curtis; health officer, James C. Abrams, M. D.; engineer fire department, Fred W. Pepler; assistant engineer, John Hermann; electrician and electrical inspector, Bert Forster; janitor town hall, John Bastian; janitor fire station, George Strucel; fire warden, Joseph Trudell; street commissioner, M. T. Jacka; superintendent sewers and plumbing, J. F. D. Smith; inspector water meters, Joseph Carne.

MINNESOTA BRIEFS

Blackduck—The county commissioners were successful in disposing of the road bonds issued to secure funds for the construction of the proposed Elwell roads. Work on Road No. 15, from Farley north will, as a result, be resumed at once.

Middle River—A whole trainload of immigrants went north on Monday's train, most of them going to Roseau county.

New York Mills—Christine Olivia Stum has begun action at Fergus Falls against John J. Stum to secure a divorce on the ground of desertion. They were married here on July 11, 1909. The complaint alleges that he deserted her Aug. 17 of the same year.

Crookston—G. H. MacFarlane of Duluth was in the city Wednesday as a guest of Judge G. C. Wilde. This is the first time he has visited the city since 1880 when coming on his way from St. Paul to Winnipeg he was forced to stop here a short time.

Sandstone—Mr. and Mrs. Herre Duit arrived here Friday from the Twin Cities while on their honeymoon trip to spend a short time at the home of the bride here. Mrs. Luit was Miss Ruth Jensen until last Wednesday when she was married at Mora and where she will reside in the future. A reception was held here by her many friends.

Cloquet—Attorney F. T. Persinger of Cloquet will be a candidate for the office of state representative from this district.

Mahnomen—Miss Gladys Cooley, who taught the Beaulieu public school last year and the year before, has been elected to a position in the Valley City, N. D., schools for the coming year. Miss Cooley has been attending the Valley City normal the past year.

International Falls—C. W. Spellman has completed the construction of the boat which he will use in his fishing operations on Rainy lake during the approaching season. It is said to be a model boat for its purpose.

Moorhead—Mrs. Bertha Studien, aged 52, widow of the late Ole Studien, died April 16 at the home of her daughter, Mrs. A. O. Kragnes. She was one of the old settlers of this portion of Clay county and had led an exceedingly active life in her younger years. She is survived by four daughters and two sons.

Wadena—A four weeks' summer training school for teachers will be held here beginning June 29 ending July 24. Supt. W. C. Cobb of Brainerd will be in charge of the school and his assistant will be Miss L. Josephine Curtis of Red Wing. Other members of the faculty will be Miss Bertha K. Newell of Minneapolis, and Mrs. Sarah A. Allen of Winona.

Princeton—P. L. O'Reilly has received an appointment from the Philippine commission to travel in the United States and solicit orders for the goods manufactured by the natives of the island. He left for Washington on Monday to receive his instructions from the officials of the insular department.

Ada—C. D. Simpson assumed the duties of deputy county auditor the latter part of this week. Miss Jean M. Fulton, who acted as deputy auditor for several years will retire from that office at the end of this month.

Willow River—A carload of woven wire fencing was consigned here to Emmet Mark this week to be used in fencing his 800 acres of land southeast of town. A crew of men will be put at work at once stringing the fence.

Little Falls—Two men were slightly injured at the sawmill Wednesday when one of the carriages stuck. Jed Mayrand was injured in the hand and Eugene Abel in the knee.

HOTEL DYCKMAN

FOR COLDS, INFLUENZA, COUGHS, SORE THROAT

GRIP

Since by its use you have proven the curative value of Humphrey's "Seventy-seven" for Grip, Coughs, Colds, Influenza, Catarrh and Sore Throat, let us send you free a copy of Dr. Humphreys' Manual of all diseases, giving the treatment and care of the sick, with his system of medicine.

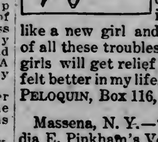

A new edition just published in celebration of sixty years. The picture on the cover is of Noah's Ark; indicates the wide use "Remedies for every living thing."

Humphreys' Homeo. Medicine Co., 156 William Street, New York.—Advertisement.

IN STERLING LIVES A GIRL

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Miss BERTHA A. PELOQUIN, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYRES, Box 74, Massena, N. Y.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

WHEAT OFF ON GOOD RAINS

Market Weakens With Reports of Liberal Moisture Through Southwest.

Flaxseed Develops Strength in Sympathy With Advance at Winnipeg.

Duluth Board of Trade, April 18.—Good rains through Kansas, Nebraska and other sections of the Southwest were responsible for weakness in the wheat market during today's session. Initial quotations were fractionally off and the sagging tendency continued, with closing prices the lowest of the day.

May wheat opened ⅛c off at 90⅞c, and it closed ½c down at 90⅝@90½c. July opened unchanged at 91⅞c and closed ½c off at 91⅜@91½c. There was no business in September, and it closed ⅝c off at 87½c bid.

Trading in durum was limited, with apparently no call from any quarter. The May option opened unchanged at 86⅝c and closed ⅝c off at 86c. July closed nominally at 87⅞c.

Oats were weak, closing at 35c on the track and 33½c for to arrive. Rye closed unchanged at 54½@56½c for the best grades. There was no market in barley.

At Winnipeg, May oats closed at 31⅝c bid, and July at 35¾@35⅞c.

Puts on Minneapolis May wheat closed at 88½c bid, and calls at 89@89¼c asked.

With the brilliant reports coming to hand regarding crop prospects in the Southwest, and seeding proceeding under favorable conditions through the Northwest, there was little encouragement for longs today.

A sharp break in corn at Chicago and other markets was another weakening factor. On the other hand it was reported from the seaboard that two cargoes of hard winter and Manitoba wheat had been sold for export to Portugal. Chicago also reported some export business in new fall wheat.

Primary receipts today were 191,000 bu short of last year's figures, and with the practical certainty of that condition continuing, traders are confident it must exert an influence in uplifting prices in spring wheat in the end, especially in view of the light shipments now going forward to Liverpool.

Inspections at Duluth were 12 cars today, against 29 last year. Stocks in the elevators here are now 14,511,000 bu, an increase of 233,000 bu in the week. With the amount of grain already loaded on steamers, and not reported out as yet, and loadings arranged for next week, the figures will soon tell a different story.

Flaxseed Turns Strong.

Flaxseed moved up at the opening in sympathy with a bulge of ¾c at Winnipeg, where the working of some export trade was reported. There was liberal buying by crushers and operators while the excitement was on, and then the market became quiet, with final quotations slightly off from their high of the session.

Foreign markets were weak, Buenos Aires closing ¾c off; London ⅞c off, and Antwerp unchanged.

May flax opened unchanged at $1.56⅞ and closed ¾c up, at $1.56¾ asked; July opened unchanged at $1.58⅛, and closed ¾c up at $1.58½ asked; September opened unchanged at $1.59⅞, and closed ¼c up at $1.60¼.

At Winnipeg, May flax closed at $1.37¼ and July at $1.40¼ bid.

Cash Sales Saturday.

MARKET GOSSIP.

Duluth car inspection: Wheat—No. 1 northern, 1; No. 2 northern, 4; rejected, 1; durum, 1; mixed, 5; total wheat, 12, last year 29; flax, 8, last year 5; oats, 1, last year 5; barley, 1, last year 6; total of all grains, 22, last year 45; on track, 30.

* * *

The Minneapolis cash market was steady with the demand good but not so keen. It was the usual Saturday market. No. 1 northern blue stem sold at from 2c to 3¾c over May, with the top premiums for very choice wheat. Velvet chaff sold at 2c over May. Flour reports disclosed very free inquiry from all over, but bids were low and little new business was accepted by the mills. Shipping directions, which have been slow, are improved a little. One of the larger milling companies will start up an additional mill Monday. Cash No. 1 northern wheat sold there at from 90⅞c to 92⅝c and No. 2 northern at from 88⅝c to 90⅝c.

* * *

A Modern Miller editorial under date of April 18 says: "The weather to date has been propitious for the rapid multiplication of green bugs, which abound in Kansas and Oklahoma. These bugs do not do their real damage until June."

* * *

The Chicago Inter Ocean says: "Wheat traders who covered shorts in July and September yesterday said they did so because prices have been around the present level for several weeks, and with all the bearish crop reports and other factors they do not appear to hold prices down. They said that crop conditions were as good as they can be and any change will be for the worse."

* * *

Broomhall cabled from Liverpool: "Wheat opened unchanged and steady and later advanced ⅛d with fair speculative support. Lighter American shipments as indicated by Bradstreets, steadiness of Manitoba offers and our Australian advices, together with improved spot demand, helped the moderate advance. At the close the market was steady, unchanged to ⅛d higher.

"Corn opened ⅛d lower and declined ⅜d further with the undertone easy. Lower American cables, pressure of Plate cargoes and parcels and declining spot prompted outside liquidation. At the close the market was ½d lower."

* * *

Broomhall had the following foreign advices:

France—The weather continues wet, and dry weather is needed.

Portugal—The importation of corn is on a liberal scale and further free takings are expected.

Australia—At New South Wales stocks are inadequate to complete loading and at Victoria the visible is diminishing.

India—The United Provinces arrivals are increasing, but they are meeting a good home demand.

* * *

Parker Paine had the following from Chicago today: "There is rain over Kansas and Oklahoma, light in some spots, heavy in others. The effect will probably be a little selling pressure at the outset. The trade will watch the forecast closely. The map and bugs are the most active features for the trade to work on at present. It is believed that the concentrated holdings of May wheat are in as strong a position as ever. Many in the trade count the bearish crop news to date as largely discounted by the July and September prices. This is making short sellers go slow. On account of the rains Southwest, would limit buying orders to a fair dip in prices."

* * *

Duluth bonded grain receipts: Wheat, 15 cars; barley, 1 car; flax, 4 cars. Total, 20 cars.

Elevator receipts of bonded grain—Wheat, 8,586 bu; last year, 38,959 bu; flax, 4,257 bu; last year, 12,680 bu.

Shipments of bonded grain—None.

CHICAGO MARKET.

Corn Prices Lurch Heavily Downward Under Rush of Selling.

Chicago, April 18.—Corn prices lurched heavily downward today under an irresistible rush of selling. A slight rally that resulted from profit-taking by shorts brought on a fresh attack from the bears and caused the May option to fall 1¼c before again showing any sign of having reached even a temporary support. A sickening drop in quotations from Argentine had much to do with depriving the market here of strength. The opening was a shade to ⅜@¼c lower, with May suffering the worst. This was also the case in the further weakness that ensued.

Estimate that the Argentine crop would amount to 324,500,000 bu as against 196,841,000 bu a year ago counted against the bulls. The close was weak at a net loss of ¾ to ⅞ to 1⅝c.

Wheat eased off in consequence of good rains extending from Oklahoma to Central Nebraska. Corn weakness, too, had a bearish influence. Prices started ⅛@¼c to ½c down, and after a little recovery declined lower than before.

Little or nothing was heard today in regard to chances of damage from insects in winter wheat. Spring crop seeding was reported to be more than two-thirds complete. The close was steady bu ⅝ to ⅞c net lower.

Commission houses were generally on the bear side of oats. The market nevertheless held relatively steady compared with other grain.

Provisions developed firmness owing to less plentiful receipts of hogs First sales varied from the same as last night to 12½c up, but not all of the advance was retained.

Wheat—No. 2 red, 93½@94½c; No. 3 red, 92½@93½c; No. 2 hard, 92@92½c; No. 3 hard, 91@91½c; No. 2 northern, 94@95c; No. 3 northern, 92@94c; No. 2 spring, 93½@94½c; No. 3 spring, 92½@93½c.

Corn—No. 2, 66c; No. 3, 64@64½c; No. 3 white, 66¼c No. 3 yellow, 65c.

Oats — No. 2 white, 39½c; No. 3 white, 38@38¼c; standard, 39c.

Range of prices:

Wheat—	Open.	High.	Low.	Close.
May	.91½-¾	.91⅞-92	.91¼	.91⅜a
July	.86¼-⅛	.86¼	.85⅝	.85⅝b
Corn—				
May	.65⅛-64¾	.65¼	.63⅞	.63⅞-64
July	.64⅝	.65⅛	.64	.64⅛
Oats—				
May	.36⅞-¾	.37	.36½-⅝	.36½-⅝b
July	.36⅞-⅝	.36⅞-37	.36½	.36⅝b

MINNEAPOLIS MARKET.

Wheat Follows Chicago's Lead and Becomes Easier.

Minneapolis, Minn., April 18.—Following the lead of Chicago the local wheat market was easier today. Rain reports from the Southwest, rapid and favorable progress of seeding operations in the spring wheat districts of the Northwest is said to have had much to do with market conditions here.

Wheat—May opened 89⅛c to 89c; high, 89⅛c; low, 88⅝c; closed 88⅝c bid. July opened 90½c to 90⅜c; high 90½c; low, 90c; closed 90⅛c asked. Cash: No. 1 hard, 93½c; No. 1 northern, 90¾@92½c; to arrive, 90⅜@91⅝c, choice to arrive, 92½c; No. 2 northern, 88⅛@90¼c; to arrive, 89⅛@90¼c; No. 3 wheat, 85⅜@87⅝c. Flax, $1.53¾@1.56⅛¼.

Millers reported the flour trade today a trifle easier than on Friday. Prices unchanged. Shipments, 53,804 bbl. Barley, 43@57c; rye, 55½@56c. Bran, unchanged.

Liverpool Grain.

Liverpool, April 18.—Wheat: Spot, quiet; No. 2 red western winter, 7s 3d; No. 1 Manitoba, 7s 3d; No. 2, 7s 2d; No. 3, 7s 1d; futures steady; May, 7s 1⅛d; July, 7s 1⅝d; October, 7s ½d.

Corn—Spot quiet; American mixed, 6s 7d; La Plata, futures easy; July, 4s ⅝d; September, 4s 5⅛d.

New York Grain.

New York, April 18.—Wheat—May, $1.00; July, 94⅞c.

REMARKS—Rains fell over the Dakotas, Minnesota, Wisconsin, Iowa, Nebraska, Kansas, Missouri and Oklahoma. Colder weather prevails in most of these states.

H. W. RICHARDSON,
Local Forecaster.

*—Inches and hundredths.
‡—Highest yesterday, lowest last night.
§—Not included in the averages.
NOTE—The average highest and lowest temperatures are made up at each center from the actual number of reports received and the average precipitations from the number of stations reporting 0.10 or more.

London Stocks.

London, April 18.—American securities opened unchanged, and after moving irregularly closed undecided with prices ranging from ⅜ above to ⅝ below parity. There was a good supply of money and discount rates were easy.

Cotton.

New York, April 18.—Cotton: Futures closed weak; May, 12.40; July, 12.23; August, 11.98; October, 11.51; December, 11.45; January, 11.39.

Spot quiet; middling, 13.10; gulf, 13.35.

South St. Paul Livestock.

South St. Paul, Minn., April 18.—Hogs: Receipts, 900; steady; range, $8.35@8.45; bulk, $8.40.

Cattle—Receipts, 270; killers, 5c lower; steers, $5.75@8.40; cows and heifers, $4.75@7.25; calves steady, $5.25@8.25; stockers and feeders, $4.75@7.40, steady.

Sheep—Receipts, 30; steady; lambs, $5.75@7.75; wethers, $5.00@6.25; ewes, $4.00@6.00.

STOCKS MAKE GOOD SHOWING

Material Net Gains in a Few Instances at the Close.

Indication That the Selling Movement Has Run Its Course.

New York, April 18.—The decline in stocks was resumed at the opening today. Reading and Union Pacific, which lost a point each, sold at the lowest figure of the year. Northern Pacific, Canadian Pacific and Can receded a point or more. Missouri Pacific and Lehigh Valley, yesterday's weak features, opened fractionally higher, but later sold off to below yesterday's close.

Evidence of concerted support stopped the raiding tactics of the bears after a number of influential stocks had been driven down 1 to 2 points to the year's low levels. Shorts were forced to retreat and bought heavily, causing full recoveries in some cases.

The market closed firm.

The action of the market indicated that the selling movement had run its course for the time being. Raiding tactics of the bears failed to bring out more long stock and after the early decline the market made a consistently good showing.

At the end of the session prices ranged around yesterday's close, with material net gains in a few instances. Heavy covering of Lehigh Valley and Missouri Pacific sent them up sharply. Announcement of plans for meeting the Missouri Pacific and New Haven notes which soon fall due was of good effect on those stocks and stimulated buying elsewhere.

Bonds were steady.

Weekly Report to Stockholders.

MUTUAL IRON MINING COMPANY

Gentlemen—The Secretary of your Company, who is responsible for these weekly reports, was criticized yesterday by a large stockholder who had just returned from a visit to the mine, and said that the weekly report wasn't strong enough, that he found everything a great deal better than had been represented and that the **McComber is now a real big mine** with unlimited quantities of high-grade ore. We admit being conservative and very careful to make no statements that are not absolutely correct, so that when you visit the mine this spring you will find things even better than you expected. If every stockholder could make this trip and learn the true conditions they would understand better what **a rare bargain Mutual Stock is now at $1.50 per share.** Several of the larger stockholders have added to their holdings during the past week. Just figure for yourself what this stock will be worth when we start shipping next year, with the small number of shares out.

The drift is now in to the east 102 feet in ore assaying better than 65 per cent. We are getting a little more water deeply stained with red.

Call at office and see some of the last samples from 100-foot level.

New Mining Sensation
—ON THE—
Cuyuna Iron Range

The iron property of Ver-Mes-Cuyuna Mining & Development company is situated in the very heart of the Cuyuna iron range. A year's drilling has proved up a large body of ore. The over-burden is the lightest yet encountered on the range. Mining will be cheap. The location is ideal and there are no transportation problems.

Results already secured at this mine fully warrant and demand further development work. To strengthen the company's treasury for that purpose, 25,000 shares of stock are offered for subscription at par, $1.00 a share.

This is the first stock offered the public since the company's organization was completed. It is a rare chance. Investigation is invited. Get some of this offering before it is all taken. Prospectus and any information desired on request.

TRADE REVIEW

New York, April 18.—Dun's Review says today: Adverse weather conditions accounted for the prevailing quietness in trade. Evidences of importance are not lacking, although business is checked by the backward spring. This retards distribution of seasonable merchandise and has caused accumulation of goods in some quarters.

The supply of commercial paper continues light, notwithstanding the attractive terms offered by financial institutions. Confidence in the future, however, is maintained, largely because of the splendid agricultural outlook.

Winter wheat is in such shape that even last year's banner yield probably will be surpassed; everything points to an increased cotton acreage, while other leading crops are starting well. Speculative influences have imparted some firmness to prices of farm staples, but in a broad sense, commodities are still tending downward.

Failures this week numbered 313 against 295 last year and 30 in Canada, compared with 27.

LIGHT TRADING IN COPPER ISSUES

Mining Stocks Sell Off Slightly on Bearish Mexican Situation.

Trading in mining stocks was dull and featureless at Boston today but the undertone was good, and final prices showed only fractional losses here and there through the list.

Granby was a weak issue, selling off 75 cents to a close of $78.75. Butte & Superior closed unchanged at $34.25; Calumet & Arizona 33 cents up at $66.50; North Butte 25 cents off at $26; Shattuck 50 cents up at $24.50; Alaska Gold 37 cents off at $26.50; Amalgamated Copper 25 cents up at $73.50 and Butte & Ballaklava unchanged at $2.75.

In the Duluth curb list, Calumet & Corbin was strong, selling at 29 cents. There are buying orders from the West in the market for Keating which brokers are unable to fill at the limits set. The issue sold today at $1.63.

There will be no session of Boston Exchange next Monday. All Patriots' day. The occasion will be observed by the business interests there.

* * *

A wire received by Gay & Sturgis from Boston this morning said: "It is understood that certain developments of the last week have created a situation which promises a long continuance of comparative peace in the sugar refining industry of the United States. When another sugar price-slashing war was in the incipient stage in New York last week, pressure was brought to bear upon an important sugar refining concern from influential sources and this corporation was given very plainly to understand that it could no longer use its power as a scourge to other refiners or as an instrument of revenge and personal rancor. If the warning of last week is lived up to, and good authorities expect it will be, then there is a prospect that the sugar refining industry of the country can get on to a living basis and that much of the unrest of the last year-and-a-half will disappear, both from the income account and the wholesale trade."

LOWER FARES NEXT FRIDAY

New Passenger Tariffs, Effective May 1, Make Important Change.

The new passenger tariffs, which become effective on May 1, according to the recent order of the interstate commerce commission, are being received in the railroad offices in Duluth, and preparation is being made to start doing business on the new passenger rate basis next Friday.

The readjustment, caused by the order of the interstate commerce commission, followed the decision of the United States supreme court upholding the state laws fixing passenger rates at 2 cents a mile. The principal effect of the decision and the order following is that, beginning May 1, all fares to points outside of Minnesota will be based on the 2-cent fare to the state lines.

There is a considerable difference in fares that will come into effect as a result. There are some advances under the new order, but in most instances there is a big reduction. Taken as a whole the reductions are about 95 per cent of the changes, and the increases are 5 per cent.

For instance, the rate to Chicago is higher, the rate being based on the actual mileage between Duluth and Chicago, figured by the shortest route. There will be little or no change to points East. The fare to New York, Buffalo and other points that far East remains unchanged. However, to points nearer at hand there is considerable difference, as the following table, the cities having been selected at random, and chiefly because of their importanc as gateways, will show:

	Old rate.	New rate.
Chicago	$ 9.15	$ 9.29
Kansas City, Mo.	15.55	13.09
St. Louis, Mo.	14.75	14.61
Sioux City, Iowa	10.85	8.44
Fargo, N. D.	7.25	5.07
Grand Forks, N. D.	9.20	5.69
Winnipeg, Man.	10.75	9.00
Omaha, Neb.	11.90	10.22

NURSES FOR THE PUBLIC SCHOOLS

No Decision Reached on Hiring of Ten Additional Inspectors.

No decision was reached at the meeting held by the school board this morning with Dr. H. E. Webster, director of public health, relative to employing ten additional nurses to visit the schools of the city in connection with the medical inspection. The purpose is to check all absentees and examine the children at more frequent intervals in order to keep the contagious diseases as low during the school season as during vacations. Various phases of the subject were discussed today and a committee, consisting of Directors Frank H. Brewer, C. F. Colman and Mrs. T. J. Davis, was appointed to take the question up with Mr. Webster and Dr. C. H. Schroeder, medical inspector, at greater length and report to the school board.

SPRINKLING WILL BEGIN MONDAY

Beginning Monday, J. Pluvius will not be depended upon to lay the dust or clean the streets and avenues of the city.

Commissioner Roderick Murchison, head of the works division, announced this morning, that all sprinkling and cleaning contracts will be in effect the first day of next week. The city began cleaning and flushing the downtown section some time ago and this will be continued and the operations extended.

For a time some of the oil districts will be sprinkled with water but only until such time as the streets which will be treated with oil can be put in proper shape to receive it.

JUST LIKE PROFESSIONALS.

U. C. T. Minstrels Have Street Parade Headed By the Band.

Circus style, with a band and banners, the Duluth Commercial Travelers, some 100 strong, marched up and down Superior street this noon, announcing the annual minstrel show at the Lyceum theater this evening.

The men, including the Third Regiment band, were all dressed in long white dusters, with top hats. They marched two abreast, Joseph Sattler leading as marshal of the parade, and George O'Sullivan marching at the head of the traveling man. George will be the interlocutor at this evening's show. Following the men were two automobiles, bearing large signs and banners, announcing the show and entertainment to be given by the members of Zenith council this evening.

LAKES-MISSISSIPPI CANAL HEARING SET.

From The Herald Washington Bureau.

Washington, April 18.—A hearing will be given before the rivers and harbors board of the engineers' office of the war department on June 2, to members of the Minnesota and Wisconsin commissions in charge of the proposed Lake Superior-Mississippi river canal. The local board of engineers that had the matter before it last summer has reported against a complete survey, and the state commissions will try to have that decision overruled.

Fire Laid to Suffragettes.

Belfast, Ireland, April 18.—The Belfast corporation's tea rooms in Bellevue Gardens were destroyed by fire today. The damage was very extensive. The police say the fire was the work of a suffragette arson squad.

WEST DULUTH

HERALD BRANCH OFFICES:
A. Jensen, 330 North 57th Ave. W. J. J. Moran, 316½ North Central Ave.
Herald's West Duluth reporter may be reached after hour of going to press at Calumet 173-M and Cole 247.

BANQUET FOR ITS EMPLOYES

D. M. & N. Will Run Special Train to Proctor Tuesday.

More than 400 employes of the Duluth, Missabe & Northern railroad are expected to attend the annual banquet given by the railroad to its employes next Tuesday evening at the Odd Fellows hall in Proctor. It will begin at 6:30 o'clock.

These banquets to the men have become an established custom with the railroad and have done a great deal to cement a closer relation between the men and the officials.

The program this year will be a little out of the ordinary. In previous years railroad matters were the principal theme of address by the speakers. This time motion pictures showing the process of steel making in some of the largest steel plants of the East will be featured.

The speaking part of the program will include short talks on what the D., M. & N. railroad has done and what it expects to do this year. J. W. Kreitter, superintendent of the road, will be toastmaster.

A special train leaving the Duluth union station at 6 o'clock Tuesday evening, and West Duluth station at Fifty-seventh avenue at 6:15, will take the Duluth contingent to the banquet.

BURGLARS ENTER LUMBER OFFICE

Attempt Also Made on Hardware Store; Boys Are Accused.

Burglars broke into the American Lumber company's office and attempted to make an entry into E. J. Ketchum's hardware store last night. A typewriter and an old hand saw were taken from the former place.

The work is believed to have been that of boys bent on mischief. Lieut. C. E. Wilcox of the West Duluth police station was notified and is of the opinion that the police will get the boys before night.

They entered the lumber office through a window. At the hardware store a piece of the door was chipped off near the lock. It is presumed that the boys were frightened away before they could effect an entry.

HICKEN TO ADDRESS W. C. T. U. BANQUET

William A. Hicken, commissioner of public safety, Mrs. Bessie Laythe Scovell of Minneapolis, Dr. Robert Yost, and Bert N. Wheeler will be the principal speakers Tuesday evening at the annual joint banquet given by the West Duluth, Duluth Scandinavian and Central Women's Christian Temperance unions at the First Swedish Baptist church, Twenty-second avenue west and Third street. The supper will be served at 6:30 o'clock.

Mr. Hicken will speak on "Law Enforcement"; Mrs. Scovell will talk on "The Last Element of Temperance Reform"; Dr. Yost will speak on "The Relation of the W. C. T. U. to the Church"; and Mr. Wheeler's subject will be "If This Were a Dry City."

The hostesses will be Mrs. C. R. Keyes, Mrs. H. H. Phelps, Mrs. T. B. Jones, Mrs. B. H. Smith, Mrs. Helen Stewart, Mrs. Joseph Cochran, Mrs. W. C. Ives, Mrs. George R. King, Mrs. J. T. Culbertson, Mrs. Swaney Nelson, Mrs. E. Gustafson, Mrs. Charles Mork, Mrs. L. W. Lindor, Mrs. P. L. Morterud, Mrs. C. Bergquist, Mrs. E. T. Seglem, Mrs. Alice Warren, Mrs. W. G. Harrison, Mrs. Ella Robinson, Dr. Mary Gillen, Mrs. John Tidvall and Mrs. W. D. Bennett. Mrs. Cochran, president of the district union, will be toastmistress.

LUTHERANS MAY BUILD HOSPITAL

The annual meeting of the Duluth Mission district for the Swedish Lutheran church will be held Tuesday and Wednesday at the Elim Swedish Lutheran church, Fifty-sixth avenue west and Elinor street, and the Bethel Swedish Lutheran church, Fifty-third avenue and Wadena street. Fourteen ministers representing the district, as well as many laymen will be present.

The meeting will open Tuesday evening with communion services. On Wednesday forenoon the principal business session will be held and on Wednesday afternoon and evening devotional services.

It was announced this morning that the mission district would take up the proposition of the erection of a Swedish Lutheran hospital. This subject has been under consideration for a number of years by the Swedish people. Many prominent people of the district have suggested West Duluth as the possible location of this hosupital.

FIND STOLEN PAPERS IN WEST DULUTH JAIL.

A package of papers containing bills and two checks, one for $50 and the other for $201, made out in favor of S. Kanner & Co., butchers at 215 John avenue, Superior, was found yesterday afternoon by Officer Oscar Peterson when cleaning up the cell room of the West Duluth police station. The package had been stuffed into a water box in the cellroom.

The police notified Mr. Kanner of the find and were told that the papers had been stolen out of his coat pocket several days ago. One of the checks was dated April 14, and the other April 15. Mr. Kanner said both checks had been dated ahead.

It is believed by the police that some lodger accommodated at the station had stolen the stuff and was afraid to use the checks. In order to get rid of them is crammed the papers into the water box.

SMOKE THE

MONOGRAM SEGAR

now on sale in West Duluth. This smoke is a product of the new L. Schreiner factory and is a cigar of quality.

LOUIS SCHREINER
MANUFACTURER
Basement Kreidler-Doyle Bldg.

SAY MOTORCYCLISTS ARE RECKLESS.

Reckless motorcycle driving on Grand avenue has been complained of by people using that street. It is said that several young men use the street during the early evening for racing at breakneck speed, showing little concern for persons on the street.

"Some of these fellows imagine that the street was paved in order that they might have a race track to practice on," said one of the merchants on the street. "The practice must stop and the police should be the ones to stop it. So far they have paid no attention to it."

Going to State Meet.

William Petty of West Duluth, regent of the Duluth council of the Royal Arcanum; Douglas C. Moore, past regent, and C. Brook, secretary of the lodge, will leave on April 27 for Minneapolis, where they will attend the annual state convention of the order. The state convention will convene on Tuesday, April 28. The Duluth delegation will attempt to bring the next state convention to this city.

Lodge Will Entertain.

West Duluth council, No. 4, Modern Samaritans, will entertain at another of its social meetings Monday evening at the West Duluth Commercial clubrooms. The program will include a musical sketch of dancing and singing put on by a quartet composed of Al. Lauermann, Neil Lavermann, Oscar Bergren and George Sherman. Violin numbers will be given by Master Henry Brill, and a tango exhibition dance will be given by Webster Briggs. The latter will also sing..

Play Is a Success.

Another large crowd attended the second production of "The Singing School," presented by the Ladies' Aid Society of the Merritt Memorial M. E. church last night. The play was declared a success by all those who attended.

Mrs. Alexander Dies.

Mrs. Anna Alexander, 67 years old, died last evening at the home of her daughter, Mrs. C. Kellett, 210 South Seventieth avenue west, after an illness of several weeks. She leaves her husband, two other daughters and a son. The body was taken to Richter's undertaking rooms, from whence it will be sent to Bruno, her former home, for interment. The body will leave here Monday.

West Duluth Briefs.

Mrs. D. E. Seashore, 702 North Fifty-seventh avenue, has as her guest her father, Dr. Jones of Wadena, Minn.

Louis Gibson returned this morning from a week's business trip to Virginia and other range cities.

The Delta Gamma club will hold a business meeting Monday evening at the home of Mrs. George Jewell of the U. S. block.

Lawrence Gilley, 322 North Central avenue, has returned from a three months' visit to Eastern cities. He visited in New York, Boston, Washington and other principal cities.

For rooms go to the Grand hotel, open day and night.

Miss Anna Colfax of Port Huron, Mich., who has been a guest of relatives in West Duluth, left this morning for the Twin Cities, where she will spend a week before going home.

The Young Girls' Sewing Society of the Elim Swedish Lutheran church will entertain this evening at its annual spring festival, at 7:30 o'clock.

Richard J. Fisher, attorney-at-law, will open an office May 20th at room 8, Nelson Bldg., Grand Ave., W. Duluth.

Watch repairing, Hurst, West Duluth.

SUES ON POLICY OF HER LOST SON

Ozelia Rotell Asks $1,000 Insurance for Son Seven Years Absent.

Under the theory that the law presumes one who has been missing for seven years to be dead, Ozelia Rotell has started suit in district court to collect $1,000 on the life insurance policy of her son, Fred Rotell, who has been missing since September, 1906. The Independent Order of Foresters, a fraternal and insurance order, is defendant in the action.

Fred Rotell became a member of the order and took out a $1,000 insurance policy on Nov. 17, 1905, naming his mother as beneficiary, while they were living at Ontonogan, Mich. Shortly thereafter mother and son moved to Duluth, where they lived together until September 1906, when Fred left for Livingston, Mont.

Since the day of his departure from Duluth, his mother has never heard from him. She kept up his payments on the life insurance policy, however, and the order continued to accept the payments up to Nov. 29, 1913, when she alleges that he was arbitrarily suspended from the order. It is asserted, however, that seven years had elapsed in September, 1913, and that under the law, her son was supposed to be dead.

When the insurance order learned that Rotell had dropped out of sight in 1906, he was dropped from the rolls. One of the rules of the order is that when an insured member is missed for two years, he shall be suspended.

CITATION AGAINST THAW IS GRANTED.

Pittsburg, Pa., April 18.—In the orphan's court here today the Fidelity Title & Trust company of Pittsburg was granted a citation on Harry K. Thaw to show cause why there should not be a suspension from further proceedings regarding the distribution of $160,733 income from the estate of William Thaw until the court has issued further orders. The citation is returnable April 29.

Last Feb. 20, the court directed that Thaw's relatives or his trustees, the Trust company, should have sixty days to file an answer to Thaw's application for a jury to determine his sanity. The Trust company sent alienists to Concord, N. H., to examine Thaw, but they were refused that privilege by Thaw, according to the Trust company.

We have several thousand dollars worth of well-secured first mortgages bearing from 6 to 10 per cent interest for sale.

GRAIN WILL MOVE EARLY NEXT WEEK

Loading of Vessels at Duluth Elevators in Progress.

Considerable work is being done at the elevators loading grain into boats for shipment down the lakes as soon as navigation is known to be safely open. With the news received today that the Canadian Soo canal will be open for business tomorrow, and the additional news from Capt. Root at the Soo, who, after investigation says that the boats can get through at almost any time, it looks as though the boats that are now being loaded for Buffalo delivery will be starting out very early next week, particularly in view of the further facts that several boats are on their way up and will soon test ice conditions in the Soo river and in Lake Superior. The following vessels have been lotded within the last day or two or are being loaded:

The J. G. Ashley took on 336,000 bushels of wheat at the Great Northern elevator "S," finishing today.

The Penobscott is finishing taking on a load at the Itasca elevator and when it will have been completed, she will have 300,000 bushels of oats and 70,000 bushels of wheat.

The William G. Pollock is finishing a load at Elevator K and will have on board about 300,000 bushels of barley, 270,000 bushels of which she loaded last fal.l

The M. A. Hanna will load wheat at Elevator K on Monday.

The W. H. Gratwick will load wheat at Elevator M, beginning this afternoon.

The steamer Thomas Barlum is taking on a cargo of wheat at Elevator S, and will be finished by Monday. She will take at this elevator about 150,000 bushels.

THREE STEAMERS REACH DETOUR

May Have Trouble With Ice Before Arriving at Sault.

Sault Ste. Marie, Mich., April 18.—(Special to The Herald.)—The steamers McKee, Franz, and Agawa arrived at Detour at 9:30 this morning up bound. The Franz and Agawa are loaded with coal for the Algoma Steel corporation, while the McKee is light. After fueling the steamers will make an attempt to get up the river this afternoon. Detour reports the ice at the foot of Lime Island about eighteen inches thick, and it may cause some trouble for the boats. It is honeycombing very rapidly, however, and if the steamers can get around Lime Island there is no question but that they will reach the Soo.

A heavy thunder storm with brilliant flashes of lightning raged over this section early this morning. The weather today continues warm and probabilities point to rain over this section today and tomorrow. It will be necessary, however, to have strong easterly winds to loosen up Whitefish bay to allow steamers to break through. The latest reports give no change in conditions there. Heavy windrowed ice extends up to the point and the lake fields continually shift with the wind.

Open at Ontonagon.

Ontonagon, Mich., April 18.—(Special to The Herald.)—The harbor here is opened considerably earlier than last year. Outside of some large fields of drifting ice the harbor is open. There is, however, considerable ice still coming down the river, making it quite hazardous for navigation.

SOO CANAL WILL OPEN ON SUNDAY.

Sault Ste. Marie, Mich., April 18.—The ice in St. Mary's river is melting rapidly and will soon be broken up, according to Capt. F. D. Root, who returned last night from Sailors' Encampment, where he went with a tug two days ago. The Canadian canal will be opened Sunday.

New Appointments.

Capt. J. W. Brion, manager of the Corrigan-McKinney fleet, yesterday announced appointments for the season. Capt. James Buchanan, who was with the Chicago & Duluth Transportation company the last four seasons, was appointed to the steamer Australia. The masters and engineers are as follows:

Steamer—	Master—	Engineer—
P. McKinney	E. C. Van Patten	Adam Sharp
Polynesia	A. E. McGregor	F. W. Wolfe
Amazon	J. C. Hayes	Aug Dumars
Australia	J. Buchanan	Hugh Kelly

Detroit Passages.

Detroit, Mich., April 18.—(Special to The Herald.)—Up: Wyandotte, 10:30 p. m. Friday; E. L. Wallace, Mary Boyce, 8:30 a. m. Saturday.

Down: Helen C., 7:30 a. m. Saturday.

RECORD CLASS OF NEW CAMELS

Nearly 200 Put Over Hot Sands—Temple Almost Certainty.

What is claimed to be the largest class of candidates ever initiated into any order in Duluth, became Camels last night by virtue of the ordeal inflicted upon them by Duluth temple, Camels of the World. The class numbered 174, and it signalled the close of the charter of the temple. There are now nearly 900 members.

Owing to the time taken up last night in giving the novitiates the hot sand test, the business of nominating officers for the ensuing year did not take place but was put over until next Friday night. At that time, also, there will be further discussion of obtaining new club rooms. It has been practically determined to take the offer of the Dickerman Investment company to build a temple building on First avenue west between Superior and First streets for the use of the order.

DANIELS NOTIFIED HE MAY BE WANTED.

Cleveland, Ohio, April 18.—Secretary Daniels, who delivered a lecture here today, said he had received a telegram from his secretary telling him to hold himself in readiness to return to Washington.

The telegram, he said, stated that President Wilson had expressed the fear that it would be impossible to continue the peace.

This afternoon Secretary Daniels conversed with Secretary Bryan over the long distance telephone and was told he would not be needed before 4:45 p. m., Sunday, the hour at which Mr. Daniels expects to return to Washington.

WOULD SELL TIMBER ON RED LAKE TRACT

From The Herald Washington Bureau.

Washington, April 18.—Representative Steenerson today introduced a bill providing for the sale of timber on the Red Lake reservation. Under the present law only dead and down timber can be sold, and this cannot be removed without the destruction of much green timber. As a measure of economy and for the benefit of the Indian owners, Mr. Steenerson believes the standing timber should be sold as well as the dead trees.

MAY TAKE INDIANS' BODIES TO SUPERIOR.

From The Herald Washington Bureau.

Washington, April 18.—The Indian appropriation bill, as agreed to by the senate committee on Indian affairs, carries an appropriation of $8,500 for the reburial in the cemetery at Superior, Wis., of the bodies of Indians on Mille Lacs, Gull Lake and Sand Lake reservations in Minnesota.

PROMISES TO PAY WIFE.

Contempt Action Against August Pestka Is Continued.

When August Pestka appeared before Judge Ensign in district court this morning on an order to show cause why he should not be punished for contempt of court in failing to obey an order of the court with respect to alimony, he secured acontinuance of his case on the promise that he would immediately pay what he was in arrears.

Pestka was divorced from his wife, Anna Pestka, in October, 1911, and the court at that time ordered him to pay $20 a month alimony. Pestka explained that he had lost most of his personal effects in a recent fire and that it was owing to this fact that he had fallen behind in his payments to his wife.

HAZERS SUSPENDED AT LA FAYETTE.

Easton, Pa., April 18.—As the result of wholesale hazing which is prohibited by the college rules, fifty-four members of the sophomore class of La Fayette college have been suspended indefinitely by the faculty. It is charged that the sophomores took some freshmen to a river road on the night of April 10, and made them run a gauntlet, clubbing them with heavy sticks.

TWO FILE FOR OFFICE.

Steenerson and Judge B. F. Wright Seek Re-election.

St. Paul, Minn., April 18.—Halvor Steenerson of Crookston filed yesterday for re-election as representative from the Ninth district. The district is not changed by the reapportionment except that Beltrami county is taken off.

Judge B. F. Wright of Park Rapids, filed for re-election to the bench in the Fifteenth district.

LEGAL NOTICES.

ORDER TO EXAMINE FINAL ACCOUNT—
State of Minnesota,
County of St. Louis—ss.
In Probate Court. In the Matter of the Estate of Karolina Lindvall, Decedent.

The petition of George A. Lindvall, as representative of the above named decedent, together with his final account of the administration of said estate, having been filed in this court, representing, among other things that he has fully administered said estate, and praying that said final account of said administration be examined, adjusted and allowed by the Court, and that the Court make and enter its final decree of distribution of the residue of the estate of said decedent to the persons entitled thereto, and for the discharge of the representative and the sureties on his bond. It is ordered, that said petition be heard, and said final account examined, adjusted, and if correct, allowed by the Court, at the Probate Court Rooms in the Court House, in the City of Duluth in said County, on Monday the 11th day of May, 1914, at ten o'clock A. M., and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, that this order be served by publication in The Duluth Herald, according to law, and that a copy of said notice be mailed to each heir and interested party at least 14 days before said day of hearing.

Dated at Duluth, Minn., April 16, 1914.

By the Court,
S. W. GILPIN, Judge of Probate.
Attest: A. R. MORTON,
Clerk of Probate.
Seal Probate Court, St. Louis Co., Minn.
D. H., April 18, 25; May 2, 1914.

NOTICE OF TRUSTEE'S SALE.

REAL ESTATE NEWS

GOOD INQUIRY FOR LOW PRICED HOMES AND LOTS

Demand Is Keen With No Vacant Houses in Western Suburbs.

New Addition of Realty Associates Will Be Called Waverly.

Though nothing of special moment transpired in real estate circles during the present week, satisfaction was expressed by operators regarding the general indications for the season.

Inquiry for moderate priced homes and building lots was the feature, and as the week's transfers show, many sales were put through. The scarcity of houses is the subject of general comment and that condition is leading to a strong inquiry for well located building lots. Interest is being largely focused at present toward properties in the steel plant districts, and West Duluth and the West end are also sharing to the fullest extent in the interest now being awakened. It is said that at the present there is practically nothing in the way of a modern house vacant in those sections, and that a general furnishing up of old and formerly neglected structures is noticeable.

Two important deals in central properties are reported to be pending with every probability that they will be closed up within the next few weeks.

It is announced that the addition to be placed on the market early in June by members of the Duluth real estate exchange for the International Realty Associates will be known as Waverley. That name was selected from among the number forwarded to N. J. Upham in response to the intimation through The Herald that name suggestions would be welcomed by him. A large number of men have been engaged during the past ten days in clearing the land and grading streets in the 36-acre tract.

* * *

Richardson, Day & Cheadle effected several sales during the week, including the following: A lot on Allen avenue, between Eighth street and Irving place; a lot on Seventh street, between Eighteenth and Nineteenth avenues east; a lot on Sixty-first avenue west, and a lot on the boulevard and Twelfth avenue west. Two Norton's acre outlots were also disposed of. In the latter, it is said, that out of forty-three lots sold since last fall, fifteen are already being improved and cleared up.

* * *

An active week was reported by A. W. Kuehnow, president of the Gary Land company. A block of eight lots was sold yesterday to a Minneapolis syndicate for building purposes, and another deal that will involve the transfer of four entire blocks or 120 lots is now pending. Eight lots were disposed of to a contractor from Kenosha, Wis., who proposes to build on them this summer.

* * *

Eby & Gridley sold for C. C. Redlock to Louis Polinsky, house No. 227 Eleventh avenue east at a consideration of $4,000.

* * *

The Field-Frey company sold a two-story frame house at 319 Fifty-eighth avenue east for Arthur P. Barnes to Ethel M. Abell. The consideration was $4,000.

* * *

Eby & Gridley sold to W. H. Tischer a house and lot at Thirteenth avenue east and Tenth street, at a consideration of $3,250.

* * *

E. W. Markell sold two lots on Thirtieth avenue east in the Greyselon addition. The purchaser proposes to improve during the present season in the building of two houses.

* * *

The Alliance Real Estate company sold two market gardening tracts at Exeter Farms and a lot at Glenwood Park during the week.

* * *

W. M. Prindle & Co., advised a good inquiry for building lots at Kenilworth Park. Four lots were sold, the purchasers in each case propose to build homes during the coming summer.

* * *

The Anchor Realty company sold a flat building at 622 First avenue east for Nels B. Nelson to A. J. Plaskat-check. Earnest money was also taken on the sale of a house and lot at Lakeside.

* * *

Stephen H. Jones sold to Grace T. Adams, a building lot in the Mount Royal addition.

* * *

C. A. Stack sold to the Scott company, a fifty-foot lot on Water avenue near Ramsey street. The consideration was not named.

* * *

The Bartlett-Pearson company, First National Bank building, reported the sale this week of a farm near Sandstone and the receipt of earnest money on sales of two acre tracts at Lakewood. The company is placing on the market 6,000 acres of lake land in Pine county, much of it in improved farms.

* * *

The Hoopes-Kohagen company, agents, has had the plat of its North Homeland addition filed with the registrar of titles.

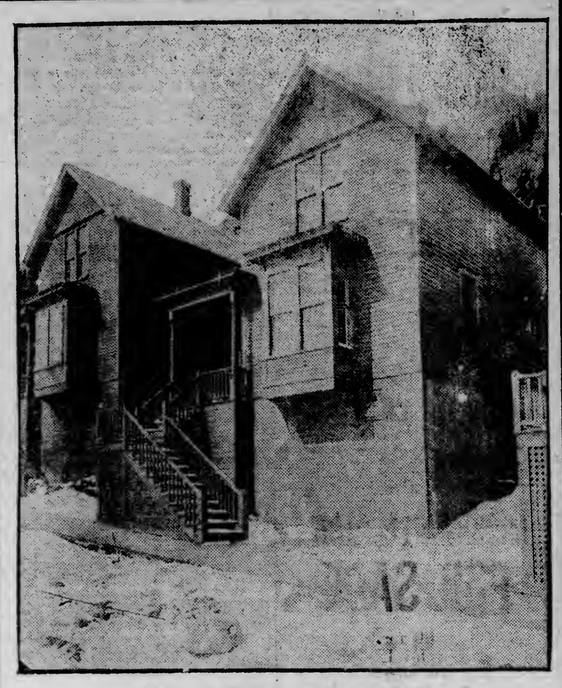

This plat adjoins Morningside park at Hunter's Park and is made up of acre tracts to be sold on the easy payment plan. A good advance inquiry for these tracts has been already received by the company, and a number of sales have been effected.

* * *

The following real estate transfers were recorded during the week with the register of deeds:

CARBOLITE COMPANY TO SPEND $55,000 ON IMPROVEMENTS

Duluth Factories Will Be Enlarged and Many New Houses Built.

Extensive Building Operations Being Planned for Gary.

The feature of the week in building trade circles was the announcement that the American Carbolite company proposes to expend $55,000 in additions and improvements at its factory premises in West Duluth that will result in increasing the capacity of the plant about two-thirds. This is one of the many Duluth enterprises that have "made good" and gradually expanded, as a result largely of the exceptional transportation facilities afforded here. It is to be mentioned that this company's product is shipped over a territory extending as far south as New Orleans.

It was intimated yesterday that another industrial enterprise that started here in a small way a little more than a year ago, is now negotiating for a factory site in West Duluth and that it will probably erect a building during the present season.

The Western Linen company's factory building is now so far along that the installing of the heavy machinery has been begun, and it is expected everything will be in running order early in June for operations on a large scale.

Work is being pressed by the Lounsberry-McLeod company on its contract for the erection of 170 houses in the Minnesota Steel company's model town. It is expected that seventy houses now approaching completion, will be occupied next month by employes at the plant. The foundations for sixty more houses are now in.

* * *

Extensive house building operations in the steel plant districts during the present season are foreshadowed. The erection of several houses is now under way at Gary, and contracts for a number of others will probably be awarded during the next three or four weeks. An interesting item of news in that connection came in the intimation this week that negotiations are in progress for the sale of three entire blocks in Gary Central division, and that if the deal goes through, the purchases will inaugurate a big building campaign.

* * *

A ninety-five room hotel to cost $35,000 is about to be built by Joseph Oreckowsky at 625-627 West Superior street. The building will be three stories, and is to be modernly appointed throughout. The contract has been let to Otto Johnson and work on the job will be started by May 1. It is thought it will be ready for occupancy early in August.

* * *

Edward P. Shurick, architect, has prepared plans for a bungalow for D. J. Callahan to be built in West Duluth. The design was selected from The Herald's home beautiful series.

The same architect has awarded the heating and plumbing contract for a flat building to be built for Mrs. Margaret Melville on East Fourth street, to J. J. Mullin at $1,187. It is expected the general contract will be let next week.

Plans for a frame and stucco moving picture house at Gary for J. E. St. George will go out for figures next week from the office of Vernon J. Price & Co., architects.

Permits issued at the building inspector's office this week reached a creditable aggregate being thirty-one in number with the cost of improvements placed at $37,695.

* * *

The contract for the building of a three-story brick addition to the Rex hotel at International Falls has been awarded to L. J. Klippen of this city. An expenditure of about $20,000 will be involved. The plans were prepared by Wangenstein & Gilluson, architects.

* * *

Berquist Bros., contractors for the M. L. Davies building on West Superior street near First avenue, are now at work on the interior. It is expected it will be ready for occupancy by May 1.

* * *

Fawcett & Bergstrom are making good progress on their Grand and Abrahamn theater contracts. Both are expected to be completed for opening in June.

* * *

Holstead & Sullivan, architects, have plans out for figures for a frame and stucco home for G. W. Turner, to be built in Crescent View Park.

* * *

Figures are being taken by F. G. German, architect on the Bernard Silberstein home to be erected on First street and Twenty-first avenue east. It is to be of pressed brick, and will entail an outlay of about $15,000.

* * *

Arthur Hanford, architect, has prepared plans for a $2,500 bungalow to be built for E. Erickson at Cook street and Forty-fifth avenue east.

The same architect has plans out for a brick and stucco house and an office to be built for the Highland Land company at Duluth Heights. He is preparing plans for a $3,000 stucco house for James Ross, to be built at Jay stret and Forty-eighth avenue east, and for a $4,000 home to go up in Hunter's Park.

He has besides plans out for figures for two houses for Richard McCue, to be built on Cascade square.

* * *

Gustafson & Olson have been awarded the contract for a frame house to be built for Miss Annie M. Fish at Gladstone street and Forty-second avenue east. The plans were prepared by Arthur Hanford.

* * *

Bray & Nystrom, architects, will receive figures up till April 27 on the general contract for the proposed South side school at Virginia, Minn. The cost of the structure is estimated at $55,000.

The same architects have plans out for figures for a store and office building for the Carlson Mercantile company of Hibbing. It will cost about $10,000.

* * *

The contract for the new Pine City, Minn., school has been awarded to G. W. Carlson of Cambridge, Minn. Its cost is placed at $25,000. Kelly & Williams were the architects.

That office also has plans for two rural schools in course of preparation.

The following permits were issued during the week at the office of the building inspector:

To A. Anderson, stone foundation, East Eighth street between Seventeenth and Eighteenth avenues	$ 400
To A. Olson, concrete foundation, Ninth avenue east between Tenth and Eleventh streets	300
To P. Hartman, repair foundation, Sixty-third avenue west between Nicollet and Roosevelt streets	100

WILL LECTURE ON CONCRETE

R. A. PLUMB.

A lecture on the subject of waterproofing and dampproofing of structural concrete will be delivered at the Commercial club by R. A. Plumb of Detroit, Mich., next Monday evening under the auspices of the Duluth Architectural club.

Mr. Plumb is a member of the American Society of Testing Materials, and of the Society of Chemists, and with his wide experience in the trade his lecture is expected to prove interesting from both practical and technical standpoints. It will be illustrated by stereopticon slides.

ORDER FOR HEARING ON PETITION FOR PRORATE OF FOREIGN WILL.—
State of Minnesota,
County of St. Louis.—ss.
In Probate Court. In the Matter of the Estate of Edgar Day, Decedent. Certain instruments, purporting to be authenticated copies of the Last Will and Testament of Edgar Day, decedent, and of the probate thereof in the District court of the District of Edmonton, in the Province of Alberta and Dominion of Canada, having been presented to this court, and the petition of the administrator of the estate of said Edgar Day, decedent, being filed herein, representing, among other things, that said decedent, then being a resident of the Province of Alberta and Dominion of Canada, died in the City of Edmonton, in said Province of Alberta, leaving a Last Will and Testament, and that said instrument has been allowed and admitted to probate as his Will, in the court above named, and praying that said Last Will and Testament and said duly authenticated copy thereof, and said probate thereof, be examined by this court and testimony taken thereon, and that if said will be found valid in all respects that said Will be admitted to probate in this court, and that letters testamentary or letters of administration, with the will annexed, thereupon issue from this court according to law; and that this court make and enter such further orders in the above entitled matter as may be deemed just and proper; and for such other relief as should be granted according to law;

It Is Ordered, That said petition be heard before this court, at the Probate Court rooms in the Court House in Duluth, in said county, on Monday, the 27th day of April, 1914, at ten o'clock a. m., and all persons interested in said hearing and in said matter are hereby cited and required, at said time and place, to show cause, if any there be, why said petition should not be granted. Ordered further, that this order be served by publication in The Duluth Herald, according to law, and that a copy of this order be served on the County Treasurer of St. Louis County, Minnesota, not later than ten days prior to said day of hearing, and by mailing a copy hereof to each heir, devisee, legatee and interested party, at least fourteen days before said day of hearing.

Dated at Duluth, Minn., April 4, 1914.
By the Court,
S. W. GILPIN, Judge of Probate.
Seal Probate Court, St. Louis Co., Minn.
D. H., April 4-11-18, 1914.

ORDER OF HEARING FOR DISSOLUTION—
State of Minnesota County of St. Louis.—ss. District Court Eleventh judicial District.
In the Matter of the dissolution of the United States & Dominion Life Insurance Company a Minnesota corporation.

There having been duly presented and filed in this court in the above entitled matter a petition by a majority in interest of the stockholders of the United States & Dominion Life Insurance Company, a corporation organized under the laws of Minnesota praying for the decree of this court dissolving said corporation and appointing a receiver to close up its affairs.

Now, Therefore, It Is Ordered, That said petition be heard before this court at the Court House in the City of Duluth in said county and state at a special term of said court to be held on Saturday, the 2nd day of May, 1914, at 9:30 o'clock a. m., or as soon thereafter as counsel can be heard and all persons interested in said hearing and said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted.

Ordered further, That notice of the hearing of said petition be served by publication of this order in the Duluth Evening Herald for three successive weeks, once in each week, prior to said date of hearing and that a copy of this order be served upon all the stockholders of said company named in said petition for dissolution on file herein by mailing a copy thereof to each of said stockholders at their respective places of address as in said petition stated at least three weeks before the date of hearing.

Dated at Duluth, Minnesota, this 4th day of April, 1914.
By the Court.
H. A. DANCER,
JAS. A. WHARTON, Judge.
Attorney for Petitioner.
D. H., April 4-11-18, 1914.

ORDER FOR HEARING ON PETITION FOR ADMINISTRATION.—
State of Minnesota,
County of St. Louis.—ss.
In Probate Court. In the Matter of the Estate of Joseph Szymanski, also known as Joe Szymanski, Decedent.

The petition of Antonina Szymanski having been filed in this Court, representing, among other things, that Joseph Szymanski, also known as Joe Szymanski, then being a resident of the County of St. Louis, State of Minnesota, died intestate, in the County of St. Louis, State of Minnesota, on the 23rd day of March, 1914; leaving an estate in the County of St. Louis, State of Minnesota, and that said petitioner is the surviving spouse of said decedent, and praying that letters of administration of the estate of said decedent be granted to said Antonia Szymanski.

It is ordered, That said petition be heard before this Court, on Monday, the 4th day of May, 1914, at ten o'clock A. M., and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this order be served by publication in The Duluth Herald, according to law, and a copy of this order be served on the County Treasurer of St. Louis County not less than ten days prior to said day of hearing, and by mailing a copy of this order to each heir and interested party at least fourteen days before the said date of hearing.

Dated at Duluth, Minn., April 11th, 1914.
By the Court,
S. W. GILPIN,
Attest— Judge of Probate.
A. R. MORTON,
Clerk of Probate.
Seal Probate Court, St. Louis Co., Minn.
KENNY & KENNY, Attorneys.

SOME OF THE POSSIBILITIES THAT THE NEW SETTLERS WILL FIND IN NORTHERN MINNESOTA FARM LANDS

A SMALL FORTUNE IN POTATOES.

THE ARID WEST SPENDS MILLIONS FOR STREAMS LIKE THIS.

DULUTH LAND AGENTS REPORT BRISK DEMAND

Say Investors Have Wearied of Wildcat Speculations.

Inquiry for Everything From Acre Tracts to Farms.

Duluth farm land agents all feel confident the tide of immigration has turned this way.

"We look for a big season, as inquiry is much better than last year," said C. H. Gordon, secretary of the Fay-Schau company. "People seem to have had their fill of wild-cat speculation, and they are now turning their attention more to city real estate and farm lands. A satisfactory feature is that lands are being rapidly taken up for actual settlement. There is a nice call now for acre lots and small tracts near the city for market gardening purposes."

The company is now offering on the market, the Fay addition located west of Colman's additon, eighteen blocks from the end of the Woodland car line. It comprises eighty-acre tracts, of which ten have been sold so far this spring.

A camping proposition, located on the Sucker river, three miles north of French river station, has also been put on. Seven of the sixteen tracts in it have been sold since last fall.

* * *

A substantial inquiry this spring for St. Louis county lands, was commented upon by George H. Ebert of the Ebert, Walker company. A tract of 1,400 acres, located south of Aurora, was sold yesterday to a Chicago operator for colonization purposes. The office besides sold 120 acres near Aitkin to A. Peterson for mineral exploration. Mr. Ebert reported that during the present week landseekers were in the office from Southern Minnesota, Illinois, South Dakota and Missouri points.

* * *

J. B. Warren, of the Anchor Realty company, averred that inquiry for lands in Duluth district is the best he had ever seen it. "Outsiders are now beginning to realize more fully the splendid opportunity farming is offering in Northern Minnesota," he said. "We have had parties in from Wisconsin and Iowa during the last few days to look up propositions that had been offered through correspondence. We have effected several sales during the last few weeks and now have three large colonization deals under negotiation." The company is specializing in lands in Carlton and Lake counties.

* * *

Jones & Blackwood reported a steadily growing outside interest in lands near Floodwood, through Carlton county, and in the Swan River valley, Itasca county.

"Settlers who have taken up land in Duluth territory during the last few years, have done well on the whole, and now they are interesting their friends. I feel certain that we are now in a fair way to get the agricultural districts of Northern Minnesota settled up," remarked George L. Blackwood.

* * *

Substantial inquiry for farms was noted by the Whitney Wall company. Farm sales were advised to be pending in Carlton county, and in the vicinity of Barnum.

TIDE OF IMMIGRATION HAS TURNED AT LAST TO NORTHERN MINNESOTA

(Continued from page 1.)

them through the increased business being taken over the territory being covered by their salesmen near at home.

Well Satisfied.

"I think we have good reasons for feeling gratified over the results that have attended our development campaign so far," said J. A. Jeffery, superintendent of the Duluth & South Shore railroad's land department, today. "We have numbers of farmers coming into the districts along our line in Northern Wisconsin and Northern Michigan, and it may be remarked that Duluth is the natural market for them all. There is a good inquiry for land in the Lake Nebagamon district, Wisconsin, and our settlements at Painesville, Trout Creek and Bruce's Crossing, Mich., are absorbing considerable attention. At Painesville between eighty and ninety houses were built by settlers last summer. One of the most interesting incidents that I know of at present is the sale of a whole township near Ewing, Mich., just made to a syndicate of farmers. It is intended to accommodate the overflow from a German colony at Frankenmuth, Michigan. That colony is now so thickly populated that it has become necessary for some of those there to swarm."

Mr. Jeffery considers that this district is exceptionally well adapted for dairying and cattle raising on account of its grasses and abundant rainfall. As illustrating the advancement being made by settlers in that line, he mentioned the recent formation of a pure breed cattle association at Ewing, Mich., and of another one at Bruce's Crossing. The latter has now 200 cows and three pure bred bulls, and it is expected the number will be doubled in the near future.

Sheep are a valuable auxiliary to settlers in clearing land, in Mr. Jeffery's estimation. With six good cows, a few sheep and his roots crops, he thinks that an industrious settler is assured of a good living from forty acres of land.

Making New Record.

The experience of the Duluth & Iron Range railroad's land department is regarded as remarkable in that, according to officials, over 20,000 acres of land in St. Louis and Aitkin counties were disposed of to actual settlers during the 1913 season. Inquiries and sales by the company since Jan. 1 are reported to be in excess of any previous period in the history of the company, so it is fully expected that last year's record will be eclipsed during the present season. The settlers have come largely from the older Middle West states with a good contingent also from Pennsylvania points. The company's demonstration farm at Meadowlands is said to be proving of great value in furnishing hints to farmers upon proper methods of soil cultivation.

Splendid results are also being achieved by the Northern Pacific railroad through its development campaign inaugurated two years ago. Besides arrivels from other states, the shipment to Northern Minnesota points of 684 cars of immigrants outfits during 1913 was reported by L. J. Bricker, the road's immigration agent. For the first three months of the present year, 363 cars have been brought into the same territory by the road, thus showing a larger increase.

The number of cars of effects handled does not convey an adequate idea, he thinks, as to the real extent of the movement into the northern half of this state for the reason that not more than one family in ten would have a car. It would be a difficult proposition, he avers, to make a compilation of the vast number of shipments in less than car lots. Furthermore many families come in with nothing more than personal baggage and buy whatever supplies they need on their arrival.

Is Bringing Returns.

"There is no question but that the hard work we have all been doing, in bringing Northern Minnesota to the attention of homeseekers, has had its effect, and is bringing splendid returns," said Mr. Bricker. "The truth of the matter is, I believe they are coming into Northern Minnesota about as rapidly as we are prepared to absorb them. A good, normal, healthy growth is far better than an abnormal growth, or putting people into a territory faster than they can be properly located. The Southwest paid the penalty for rushing people into that district without any previous preparation to receive them, or any facilities or development to care for them. We can congratulate ourselves on the evidence of a steady stream of immigration that we have started to Northern Minnesota. It is one thing to secure the settler, but it is even more important to take care of him properly after he arrives in our territory."

Along Soo Line.

Unqualified success has also attended the efforts of the "Soo" line towards attracting settlers up here. During 1913 the company brought in 531 cars of immigrants moveables and placed them at various points on its system. The recapitulation shows that 213 cars were distributed along its Winnipeg line with the following stations scoring the heaviest—Thief River Falls, 41 cars; Mahnomen, 55 cars; Parker's Prairie, 16 cars; Ottertail, 14 cars; Callaway, 16 cars; Plummer, 14 cars; Erskine, 11 cars, and Brooks, 10 cars. On the Brooten line there were 25 cars; on the Cass Lake, Bemidji line, 88 cars; on the Cuyuna branch, 22 cars; on the main line west from Minneapolis, 113 cars, and on the wheat line, 10 cars.

Following is a statement of the number of cars of immigrant moveables received at Soo Line stations in Minnesota during the year 1913:

Main Line West of Minneapolis.

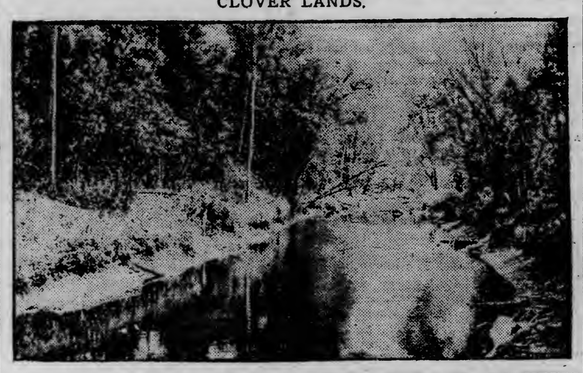

Watkins, 3; Eden Valley, 9; Belgrade, 5; Brooten, 8; Glenwood, 31; Lowry, 4; Kensington, 1; Hoffman, 20; Barrett, 3; Elbow Lake, 9; Wendell, 0; Nashua, 5; Tenney, 15.

Winnipeg Line.

Forada, 8; Alexandria, 4; Carlos, 5; Parker's Prairie, 16; Almor, 2; Henning, 9; Ottertail, 14; Richville, 9; Dent, 9; Virgas, 3; Detroit, 6; Westbury, 6; Callaway, 16; Ogema, 6; Waubun, 15; Mahnomen, 55; Bejou, 7; Winger, 4; Erskine, 11; Cisco, 0; Brooks, 10; Plummer, 14; Hazel, 6; Thief River Falls, 41; Newfolden, 2; Strandquist, 3; Karlstad, 6; Halma, 1;

GOOD FARM LANDS CHEAP.

5,000 acres in Pine county, Minn., close to railroads, in good settled community; good roads; land slightly roiling; very well adapted for stock raising; creameries in the community; can be sold in tracts from 40 acres and up, on easy terms, 10 to 15 years' time; prices range from $18 to $25 per acre. Pine county is considered one of Minnesota's best farming counties.

83 acres on Cloquet river, half mile from Miller trunk road; about half mile river front; cheap if taken at once; only $16 per acre.

40 acres near Sim station, on D., M. & N., railroad; over quarter mile of beautiful lake front, with finest kind of fishing. Price $25 per acre.

200 acres near French river, in 40 and 80-acre tracts; good roads and schoolhouse on the land. Price $20 per acre; 10 to 15 years' time.

I specialize in cheap farm lands, cut-over lands, timber lands and lands with mineral possibilities. Also have some improved and partly improved lands. Tell me what you want and I will send you descriptions.

FARM LANDS!
FARM LANDS!
FARM LANDS!

ST. LOUIS COUNTY.

120-acre improved farm; 40 acres cleared; good buildings; on good road; near to town and creamery; ideal location for dairying. Price $4,500; terms.

960 acres cut-over lands on Eastern Mesaba, close to railroad; half mineral right goes with this land. Price $4.25 per acre.

160 acres, beautiful location, on French river, three miles from Jean Duluth farm; (some timber); ideal trout stream at this point. Price $16 per acre; easy terms.

FLOODWOOD DISTRICT.

This part of St. Louis county is settling up rapidly, and lands in this district are considered an A-1 investment. We have some well improved property, on good roads, near to town; can sell on easy terms. Send for list!

ITASCA COUNTY.

We are headquarters for lands in the beautiful Swan River valley, southern Itasca county, Minnesota. These lands are particularly adapted to diversified farming; excellent soil; free from stones; easily cleared; on good roads and close to good markets. Special inducements offered to actual settlers.

CARLTON COUNTY.

Forties, eighties, one hundred and sixties, three hundred and twenty and six hundred and forty-acre tracts, near good roads; easily cleared; good soil; close to the stations of Foxboro and Holyoke; fifty minutes' ride from Duluth and Superior, on line of Great Northern railroad. $15 per acre; one-third cash, balance easy payments.

DOUGLAS COUNTY, WISCONSIN.

Near Kingsdale, on the line of the Soo railroad, about forty miles south from Superior; we have a tract of 12,000 acres, cut-over lands, for sale on easy terms.

This is an ideal location for dairying and cattle raising, as lands are mostly open and grown up with an abundance of natural grasses, and is well watered with numerous streams and rivers, and has good shipping facilities.

FARM AND FRUIT LANDS.

ANCHOR REALTY COMPANY, 216-217 TORREY BLDG.
LIVE LAND MEN.

OUR LIST OF IMPROVED FARMS IN DIFFERENT COUNTIES IN MINNESOTA.

KITTSON COUNTY.

160 ACRES, 90 ACRES CULTIVATED, 40 ACRES FENCED, 30 ACRES brush and slightly low, but fine for pasture, 10 acres good poplar timber; on good road, and drained by creek flowing through pasture; good house, easily remodeled; barn ready for use; fine black soil; 8 miles from Karlstad. This farm is in Kittson county, Minn. Our price only $2,950, $600 or $700 cash, balance easy terms, long time.

CARLTON COUNTY.

TWO 80-ACRE FARMS, ONE HAS 12 ACRES CLEARED, A SMALL house and barn, good well, roothouse, etc., balance of land easily cleared; land is level. The other eighty has about 5 acres cleared and has a new house fairly good. These farms are only 2¼ miles from Cromwell on N. P. railroad. And our price for either farm is only $1,500, on terms of about $400 down, and balance very easy terms at 6 per cent.

80 ACRES, ONLY 2 MILES FROM BARNUM; VERY FINE SOIL; SOME small timber land, easily cleared; owner instructs us to sell at a sacrifice.

120 ACRES RIGHT AT SAWYER STATION ON N. P. RAILROAD; 16 acres cleared and under cultivation, balance very easily cleared; land is almost level and owner had two crops of clover from this land last year. They are drilling for ore only 80 rods south of this property, with excellent prospects of getting iron. There is a nice little house, barn and good well on this land, and the owner will sell this property for the low price of $2,400, on terms of about $400 cash, balance to suit. This is a snap.

80 ACRES, ONLY 1¼ MILES FROM CROMWELL, AND FACES ON A beautiful lake, has between 20 and 25 acres cleared; main road to Cromwell runs right through property. The house is a log house and not very good, but could be put into good repair without very great expense. Lake front property is very scarce and for a quick sale we will let this select piece of water front property go at the low price of $1,800. Write us for terms and more information.

SEND FOR OUR LIST!

UNIMPROVED AND CUT-OVER LAND.

640 ACRES, ONLY 2 MILES FROM HOLYOKE, CARLTON COUNTY; VERY easily cleared, excellent soil; land is almost level and a fine creek runs through it. We will sell this fine section at $15 per acre or would trade for good Duluth city property.

WE HAVE ABOUT 1,000 ACRES IN THE VICINITY OF CROMWELL AT prices ranging from $10 to $14 per acre. This land has been ditched and will make fine dairy land. Our terms are so easy that you cannot afford to miss the opportunity of making a small investment, which is better than putting your money in any bank.

WE HAVE ABOUT 2,000 ACRES OF BEAUTIFUL LANDS IN AITKIN county near Bain on the Soo Line, at prices ranging from $8 to $20 per acre. Some of this land is open land and some is timbered with small hardwood timber. This land is at the present time being ditched and the low land is considered the best land after being ditched. There are fine ore prospects in this vicinity and with this land goes one-half of the mineral rights. We are prepared to sell in 40, 80 and 160-acre tracts. Some of this land is only ½ mile from Bain and most of it lies within 2 to 4 miles. We will be glad to show you this property at any time.

SEND FOR OUR LIST!

AITKIN COUNTY.

NO. 1A. 120-ACRE IMPROVED FARM, ONE MILE FROM LAWLER; 15 acres cultivated, 10 acres clover meadow, and 90 acres timber. NO. 12A. 80-ACRE IMPROVED FARM, 4 MILES FROM LAWLER; BLACK loam, 15 acres good hay land, 5 acres cultivated, and rest timber; all fenced; 1 mile to school. Price $17 per acre, $500 cash.

SEND FOR OUR LIST!

WHOLESALE TRACTS.

ABOUT 2,400 ACRES IN AITKIN COUNTY IN THE HILL LAKE DISTrict. This land is mostly open land, some of it low, but ditches will be put through this district before very long. The Soo Line runs through this tract, and for colonization purposes it cannot be surpassed. The land is very well bunched, and would make excellent farm lands. Our price only $9 per acre.

ABOUT 12,000 ACRES IN AITKIN COUNTY. WE HAVE NO DETAILED report on this land. Some of it being low, and some high, in every case so far as we know it is all easily cleared and drained. The soil is a light colored loam that does not bake or go into clods. It will raise corn, wheat, oats, potatoes and hay, and is very enduring soil. There is plenty of good water to be had at a moderate depth. Crop failures not unknown, as they are cut-over land on which there is now a growth of small brush, and it will take little work to clear them. There never was much pine on them, so the stumps are a small factor. Our price on this tract is only $10 per acre, $2 per acre down, and balance about $1.50 per acre per year, 6 per cent interest. One-half mineral rights go with this land. Railroad runs through land.

7,000 ACRES, ST. LOUIS COUNTY. THIS IS CUT-OVER LAND, AND FOR the most part lays fairly good. Considerable small timber on it; location: From 20 to 30 miles north of Duluth. There are some stones on this land, though it is not considered stony land. There are some very good farms in this neighborhood. We think one-half mineral rights can be secured with this land. (While giving this description we received word that one-half mineral rights go with the land.) This can be sold in smaller tracts if necessary, the price for the whole tract being $6 per acre. In lesser quantities, $6 per acre, easy terms.

9,000 ACRES, MORE OR LESS, IN ST. LOUIS AND LAKE COUNTIES. This is cut-over land, and can be sold as a whole for $5 net to us per acre. On this tract we will not go into detail unless the parties are interested to the extent of examing the land. Then we will send you checkings and full description upon request.

44,000 ACRES IN ONE SOLID BODY; RAILROAD RUNS THROUGH land; fine train service; excellent colonization tract; fruit land in Wisconsin, only 40 miles distant sells for $200 per acre. Our price on whole tract only $4 per acre; easy terms. Send for our list!

SEND FOR OUR LIST!

ACRE TRACTS.

WE HAVE THE MOST COMPLETE LIST OF ACRE TRACTS NEAR DUluth. Call us up or write us to send you list. We will take you out and show you these beautiful tracts. Low prices, easy terms.

WISCONSIN LANDS.

WE HAVE THREE SOLID SECTIONS RIGHT ON LINE OF N. P. R. R., only a few miles from Superior, Wis. Will sell in 80 or 160-acre tracts. This community is in a very fine fruit-growing belt; land near by sells for $100 to $150 per acre. The lake keeps the early frosts away. Soil is finest possible. It will be worth while investigating this; get our price, on easy terms.

BARTLETT-PEARSON CO.,
FIRST NATIONAL BANK BUILDING.

FARM AND FRUIT LANDS

NATIONAL CO-OPERATIVE REALTY AGENCY,
ROOM 1,
2022 WEST SUPERIOR ST.

WHEN SOMEONE OFFERS YOU SOMETHING FOR NOTHING, RUN!

This agency does not handle anything so cheap that they can afford to give it away.

We are representatives for land in all parts of the United States. We handle thousands of acres of Northern Minnesota land, Lake, Cook, St. Louis, Carlton, Aitkin counties, and we do not hesitate saying that we are handling as good land as can be bought anywhere, at as reasonable prices and terms you will find anywhere. We even claim that we can do better than most offices because of our National Co-Operative System.

We have land in St. Louis county at terms of $10 down and $10 per month for each forty-acre tract, if only forty acres are wanted, otherwise we will sell you a large tract, one or two sections, and will give you thousands of acres to pick from.

We have large tracts in Aitkin county, located around Tamarack and McGregor. We have also tracts of land in Carlton county that we will sell forty-acre tracts or more if the customer desires it, at prices and terms very reasonable.

We will sell land in Lake county at $5.50 and $6 per acre; that is not saying that the land is not worth more, but prices quoted are for purposes of inducing settlers in this territory, and we can, therefore, not give any guarantee as to how long these prices will last. We believe that the prices of land will double in a year or so because it is good land, or we would not handle it.

We invite correspondence from anywhere and anybody, and we will do our utmost to satisfy our customers, as that is the policy of our organization; honesty and fair dealing, or no dealing, and we have practiced and found that those methods bring the best results in the end. There is no deal so small that we will not give it our entire attention, and there is no deal so large that we will not be able to handle it through our organization if given a chance.

If you have property that you wish to sell or exchange, write us or call, as we have a large listing of properties for exchange, farm lands for city property, and vice versa, and we have at present a communication from a party wanting to trade a farm in North Dakota of 160 acres, for 80 acres partly improved land in Northern Minnesota. Stock and machinery and seed goes with the farm.

We receive such communications very often and this is a bargain, according to the values given, and would like to get in communication with a party that would be interested in such a trade. We will be glad to have you list your property with us, as we have customers waiting to buy or rent that are absolutely reliable.

SUMMER RESORT PROPERTY.
SUMMER RESORT PROPERTY.

We are agents for summer resort property at Lake Minnewawa, the most picturesque spot in all Minnesota, now platted into 696 large lots siutable for fishing and hunting lodges, and for summer cottages. This lake used to be called Rice Lake, about 7 miles north of Tamarack in Aitkin county. It is used by official, business and professional men who come here with their families every summer, all the way from South Dakota and Nebraska, to enjoy bathing, hunting, fishing and boating, and rest among the pines and birches of Minnewawa.

The North Star Gun Club of Duluth has also, on account of the splendid shooting and fishing, found its way to "The water of the wild goose." They have erected a simple, yet comfortable, club house on its shore, where the members and their families enjoy healthy sport and outdoor life.

LOG CABINS

erected on the installment plan. Prices on the lots range from $75 and up. Terms $5 to $10 cash and $2.50 to $5 per month.

WRITE US, OR BETTER STILL, CALL AT THE OFFICE AND WE WILL SHOW YOU.

FARM AND FRUIT LANDS

ADVANTAGES OF A ST. LOUIS COUNTY LAND INVESTMENT.

DAIRYING HAS OFFERED THE OPPORTUNITY FOR THE BEGINNER TO PUT HIS FARM ON A PAYING BASIS FROM THE START. THERE ARE FOUR IMPORTANT FACTORS FOR THE DAIRY FARMER TO CONSIDER BEFORE HE CAN MAKE A SUCCESS OF DAIRY FARMING:

FIRST—HE MUST HAVE LAND THAT WILL PRODUCE AN ABUNDANCE OF GOOD ROUGHAGE, SUCH AS CLOVER, HAY AND VARIOUS ROOT CROPS.

SECOND—HE MUST HAVE MARKETS, WHICH WILL GROW WHILE THE DAIRY INDUSTRY EXPANDS.

THIRD—HE MUST HAVE ECONOMICAL TRANSPORTATION FACILITIES, SUCH AS GOOD WAGON ROADS AND RAILWAY TRANSPORTATION.

FOURTH—THERE MUST BE A UNIFORM CLIMATE AND AN ABUNDANCE OF PURE SOFT WATER.

Perhaps nowhere in the United States are these facilities all offered to better advantage than in St. Louis County, Minn.

Not long ago we heard nothing but irrigation and Western Canada. Today the same people that went to that country are flocking back to take advantage of the undeveloped facilities that have been opened up in St. Louis County.

The Land Department of the D. & I. R. R. Company has started several prosperous communities and are co-operating with the settlers to make this enterprise a success. The small payment of $2 per acre down gives the farmer a chance to reserve capital to work on; and the fact that the balance of payment is made in nine annual installments gives him a chance to make his payment money off of the land.

SALE — MISCELLANEOUS

FOR SALE—THERE IS A VAST DIFFERENCE between the FURNITURE FACTORY DISTRIBUTERS' SALESROOMS' method of doing business compared with the RETAIL FURNITURE SHOPS' COLD STORAGE idea of doings things. Our METHOD of DISTRIBUTION ELIMINATES the necessity of getting 100 per cent profit or more in order to make good from a business standpoint. UNCLE SAM'S PARCEL POST method of putting the consumer in closer touch with the producer or manufacturer is along the lines we are operating. We go UNCLE one better, as we maintain a salesroom right here at your very doors, thus enabling everybody in our city and immediate vicinity to make their selections of home furnishings right off the floors. We also have a reserve stock wareroom for the purpose of filling orders out of town, or we ship direct from the factory to all customers who reside at points nearer the manufacturer. Our mail order business is wonderful. We make shipments clear across the continent. Any one studying our system can readily understand why we CAN and DO SAVE purchasers of HOME FURNISHINGS 35 TO 40 PER CENT of the retailers' profits. RIGHT AT THIS TIME WE ARE DETERMINED TO EMPTY OUR West First street WAREROOM and PRESENT SALESROOM, 2110-2112 West Superior street, before opening our GREATER SALESROOM soon after May 1. Everything goes, come now and make your selection. We will deliver any time up to July 1 on all purchases made during this sale. YOUR CREDIT GOOD.

BUY A HOME

FOR YOURSELF INSTEAD OF THE LANDLORD

$20.00 a month rent amounts to $240.00 a year, $2400.00 in ten years. You've paid the landlord full price for his house in ten years, but he still owns it; all you have is the rent receipts.

For a small payment down and $20 or less per month you can buy a home and own it, clear of all encumbrance, in less than ten years.

Watch THE HERALD for large and complete lists of homes for sale on

EASY PAYMENTS

in the "Real Estate" and "Houses for Sale" columns.

ADDITIONAL WANTS ON PAGES 27, 28, 29, 30 AND 32

WANTED—SHOEMAKER. 2223 WEST Piedmont.

AUTOS & MOTORCYCLES.

98 PER CENT OF AUTO BUYERS READ THE DULUTH HERALD.

The names in which automobile licenses were issued have been checked with The Duluth Herald's subscription lists and it was found that 98 out of every 100 people who buy cars read The Duluth Herald.

If you have a car for sale or trade, offer it in this automobile column and you will reach practically every one who will buy.

HIGH-PRICED CARS REBUILT.

We have two of them, and believe them to be better bargains than the average new ones selling for the same money. Look these two cars over if you want a good family car, or a car for livery purposes, one you know will stand up under hard service. The first is:

A Lozier 7-passenger Type 1, fully equipped with Presto tank, Klaxon horn, speedometer, extra tire, etc. This is the $5,000 chassis, the model made famous by Ralph Medford in his sensational record-breaking races two and three years ago. It's an exceptional buy at $1,800. Come in and make us an offer.

One 1912 Oldsmobile, fore doors, fully equipped, has been driven but little; looks good, acts better, and is a snap at $1,200. Come in and look this over.

F. E. MURPHY AUTO CO., 311 East Superior St.

WE FURNISH DEPENDABLE AUTOmobile springs made to your order. Why pay fancy factory prices plus express? Ford springs and Commercial bodies carried in stock. We specialize on Swedish steel springs, Foredoors. Business wagons, Auto Truck bodies. Special attention given out-of-town orders. Write for our "Share-Expense-Plan." "Dimco," 22-24 East Michigan street, Duluth.

Second-hand motorcycles; 2 good used machines at big bargains. We carry accessories and supplies and repair all makes of motorcycles. Motorcycle Repair Shop, rear 312 West First street.

DULUTH AUTO RADIATOR AND Lamp Repair Works, Joe Gertner, proprietor. We repair burnt, frozen and wrecked radiators; also auto fenders and bodies straightened; work guaranteed. 328 E. Sup. st. Mel. 778.

Minister Rojas Issues a Statement Giving Huerta's Side.

Says They Had Supposed Incident Closed Long Ago.

Mexico City, April 20.—The Mexican capital awaited with intense interest today the next word from Washington in reply to the refusal of Provisional President Huerta to comply with the demand of the United States.

Provisional President Huerta displayed comparative indifference to the crisis, and passed several hours last evening listening to the military band playing in Chapultepec park.

Several hundred American residents spent the evening at the American club, where a dinner and entertainment were given.

Rojas' Statement Published.

All the morning papers published a lengthy statement by the Mexican foreign minister, Senor Portillo y Rojas, outlining the reasons for the position Gen. Huerta had taken—namely, that the American flag was not flying on the boat when the bluejackets were arrested on shore at Tampico; that therefore the flag had not been insulted, and that compliance with the demand for an unconditional salute would be humiliating to Mexico.

This statement was followed by a statement from President Huerta advising Mexicans to refrain from demonstrations which might embarrass possible future negotiations.

News of the deadlock came as a complete surprise to the large majority of Mexicans as the existence of the diplomatic controversy had been kept out of the newspapers.

Some Americans Will Stay.

Many American residents have made preparations to stay in the Mexican capital, whatever be the outcome of the present crisis, unless they are ordered to leave by the Mexican authorities. They express belief that they will not be harmed in any eventuality. Other Americans are going to Vera Cruz or are making preparations to leave if necessary.

Portillo y Rojas, minister of foreign affairs, in announcing that it would be impossible to agree to the demand of the United States that the flag of that country be unconditionally saluted, gave out the following statement:

"On the 9th of the present month,

SAYS CONGRESS WILL BACK THE PRESIDENT

Speaker Clark Makes Emphatic Declaration at New York.

New York, April 20.—While waiting for his train to return to Washington early today, Speaker Champ Clark, who delivered a church address here last night, was informed of the lastest turn in the Mexican situation. Speaker Clark expressed hope that a peaceful solution of the question could be found.

"But," he declared with emphasas, "But," he declared with emphasis, There will be no division between the president and congress on that question. And the whole country will stand behind the president, as well as congress."

ILLINOIS MILITIA READY IN 15 HOURS

Six Thousand Spanish War Veterans Also Ready to Serve.

Chicago, April 20.—Should the National Guard be called upon for duty in Mexico, the 7,000 members of the Illinois National Guard could be mobilized at Springfield approximately fifteen hours after receiving the call, according to Adjt. Gen. Frank S. Dickson.

In addition to the 7,000 regular enlisted members of the militia, Adjt. Gen. Dickson said that 6,000 additional trained and armed men, most of whom saw service in the Spanish-American war, could be recruited within a short time.

The Illinois National Guard consists of eight regiments of infantry, one regiment of cavalry, one battalion of field artillery, one signal company, one engineering company, one field hospital and ten divisions of naval reserves. The infantry regiments are organized into two brigades, each having three regiments and an attached regiment.

LIQUOR FIGHT DUE FOR D. A. R.

Temperance Forces Want Approval of Army Canteen Rescinded.

Over 2,000 Women Attend the Meeting at Washington.

Washington, April 20.—A vigorous controversy is expected to develop during the annual meeting here of the Daughters of the American Revolution, which began its sessions today, over the society's action last year in adopting a resolution proposing the restoration of the army canteen. Temperance organizations, led by the National Anti-Saloon league, began an active campaign today to have the resolution rescinded.

William H. Anderson, state superintendent of the Anti-Saloon league of New York, announced today that he had written letters to the various chapters and state organizations of the society, urging their support of the movement.

Mr. Anderson asserts that when the resolution was adopted last year many of the delegates did not realize just what its effect would be, and that its passage did not represent the real sentiment of the organization.

Temperance Forces Ready.

Mr. Anderson announced that the temperance forces would not attempt to have the resolution rescinded until the congress has been given ample time to act itself. He added, however, that unless assured that the action would be reversed, temperanc advocates would make an effort to be heard on the matter.

More than 2,000 patriotic women, descendants of patriots who fought for American liberty, filled the big auditorium of Memorial Continental hall here today, when Mrs. William Cumming Story of New York, president general, called to order the twenty-third annual meeting of the Daughters of the American Revolution.

Representatives from every state in the country with its 1,377 chapters which are members of the organization, were in their seats at the open-

THE DAY IN CONGRESS

SENATE.

Senator Chamberlain introduced a bill to appropriate $50,000,000 for national defense and other purposes.

Arranged to meet in joint session at 3 p. m. with house to hear president on Mexican situation.

HOUSE.

Arranged joint session with senate at 3 o'clock p. m. to hear president on Mexican situation.

McGillicuddy's workmen compensation bill ordered favorably reported by judiciary committee.

Foreign affairs committee arranged for meeting immediately following president's address.

MEXICO CHIEF BRITISH TOPIC

Both Local and Imperial Politics Forgotten for the Time.

Predictions of Trouble for United States Are Made.

London, April 20.—Mexico overshadowed all other matters in public interest here today. Throughout the British Isles local and imperial politics, although of great importance, had to give way to what had been considered here for a long time the inevitable intervention by the United States to restore order in Mexico.

The Westminster Gazette, leading government organ, in expressing the view that nothing can now avert war, "or if not war, what the late William E. Gladstone would have called military operations," says:

"One cannot pretend to be surprised that this should be the end of the refusal of the United States to recognize Gen. Huerta. There are a good many nations which, in other circumstances, might have tackled the hornets' nest, but this case is one in which the Monroe doctrine saddles the United States with heavy obligations, from which there is no escape."

Sympathy for Americans.

The Pall Mall Gazette, an opposition newspaper, says: "Our sympathy with the Americans does not blind us to the perils of the course to which they

(Continued on page 4, third column.)

WISCONSIN GUARD READY FOR ACTION

Can Put 3,000 Men in Field in Twenty-Four Hours.

La Crosse, Wis., April 20.—Gen. Orlando Holway, commander of the Wisconsin National Guard, left here at noon for Camp Douglas to put the state camp in condition for the expected mobilization of the Wisconsin National Guard, preparatory to a possible war. Gen. Holway announced that he could have 3,000 men in the field in twenty-four hours.

"The Wisconsin National Guard is ready for war," said Gen. Holway. "It is always ready. The organization plan provides for the increases of the company's strength from 65 to 108 in case it is needed. The first step after mobilization would be to recruit up to 108 men. This would give us a force of substantially 5,000 men."

The Wisconsin guard is in perfect condition, ready to go to the front on a day's notice.

ARMY AND NAVY HEAD OFFICERS CONFER ON JOINT ACTION PLAN

WILL COMMAND TROOPS THAT MAY ENTER MEXICO

GEN. LEONARD WOOD, Who Will Retire Wednesday as Chief of Staff of the United States Army.

LINERS COLLIDE: CLEVELAND SINKING.

New York, April 20.—The New York & Porto Rico line steamer Carolina, while coming to anchor at Quarantine early today, was in collision with the Hamburg-American line steamer Cleveland, which had previously arrived from Naples and was at her anchorage. The Carolina's stem was twisted above the water line and the Cleveland's plates on the port side were dented for some distance above and below the water line, causing her to leak. Nearly all of the passengers on both vessels were asleep and there was little excitement.

DESTROYER FLEET IS ORDERED TO SEA.

Pensacola, Fla., April 20.—Orders were received early today directing the flotilla of twenty torpedo boat destroyers here to put to sea this afternoon, meeting Rear Admiral Badger's fleet in the Gulf and accompanying it to Tampico. Officers of the destroyers, with two tenders, were ready to depart.

Second Division of Troops Is Mobilized at Coast.

Five Thousand Men Go Aboard Transports at Galveston.

Washington, April 20.—The joint army and navy board, headed by Admiral Dewey, today had its first session in many months. It discussed plans for co-operation of the army and navy in case it becomes necessary to adopt measures in Mexico. Maj. Gen. Wood, chief of staff and Maj. Gen. Wotherspoon, assistant chief, attended the meeting.

Second Division Moves.

Houston, Tex., April 20.—The Second division of the United States navy, here on a practice march, began a hurried movement back to Texas City and Galveston today, on orders received from Washington at 3 o'clock this morning. The Fifth brigade of the division was rushed aboard troop trains, but the remainder of the big army unit, which brought nearly 10,000 men here, was ordered to make the sixty mile "hike" back to the coast on foot.

Plans were made for the Fifth brigade to go aboard transports, although it was said no sailing orders have been received. The plan was to have the Fifth, numbering 5,000 men, ready for sailing to Vera Cruz by Tuesday morning in case a troop movement should be ordered.

The Second division, which has been grooming in Texas City and Galveston for a year, had marched to Houston

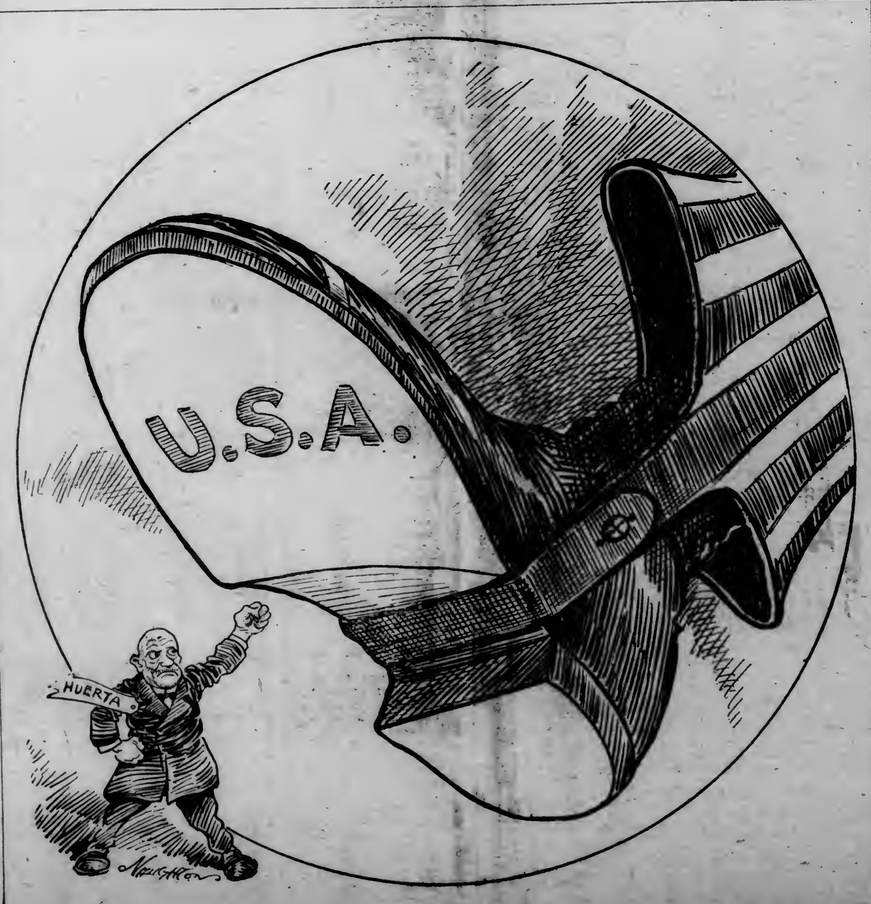

(Continued on page 4, fourth column.)

CLAIMS REWARD FOR HANGED HUSBAND

Widow Says She Induced Him to Surrender to Authorities.

Clearfield, Pa., April 20.—Judge Singleton Bell of the county court was called upon today to decide whether the reward offered for the capture of John O. Keeler, since hanged for murder, should be paid to his wife. Mrs. Keeler claimed the reward on the ground that she induced her husband to give himself up.

THE MEXICAN AJAX.

$50,000,000 FUND IS PROPOSED IN BILL

Executive Recounts Events in Mexico and Disclaims Intent of War on Mexicans.

Merchant Vessels Are Warned By U. S. Naval Chief to Leave Vera Cruz Harbor.

Washington, April 20.—At 3 o'clock p. m. sharp, President Wilson today delivered his message to congress asking for approval to use the armed forces of the United States in such ways and to such extent as may be necessary to obtain from Gen. Huerta and his adherents the fullest recognition of the rights and dignity of the United States.

A bill to appropriate $50,000,000 to be expended by the president, was introduced by Senator Chamberlain, chairman of the military affairs committee, to which the bill was referred.

The Chamberlain bill provides:

"That the president of the United States be, and he is hereby, authorized to expend in his discretion for the national defense and for each and every purpose connected therewith the sum of $50,000,000 out of any moneys in the treasury not otherwise appropriated, which sum shall remain available until expended."

This is identical to the bill passed before the war with Spain.

The senate also passed the volunteer army bill for taking into the regular service militia regiments in time of war. The bill already has passed the house.

A dispatch from Vera Cruz said that Commander Charles F. Hughes, chief of staff of the United States Atlantic fleet, today called on Gen. Gustavo Maas, commander of the Federal troops at Vera Cruz, and on the commander of the port, and instructed them to order all merchant vessels out of the harbor.

The president finished reading his address at 3:12 p. m. and left the chamber amid a roar of applause and cheers.

President Wilson laid the Mexican situation before congress in these words:

"Gentlemen of the Congress: "It is my duty to call your attention to a situation which has arisen in our dealings with Gen. Victoriano

(Continued on page 18, second column.)

PRESIDENT DEPLORES WAR TALK IN ADDRESS TO NEWSPAPER MEN

Plans for Action Toward Mexico Are Discussed at the National Capital.

Americans Are Warned to Leave That Country--- Volunteer Bill Framed By Army Heads.

Washington, April 20.—President Wilson told the Washington correspondents today not to get the impression that the United States was going to have war with Mexico. He pointed out that under no circumstances would the United States fight the Mexican people; that it was their friend.

The president's statement was made in reply to questions brought out by the final refusal by Huerta yesterday to comply with the demand of Admiral Mayo, backed up by President Wilson, for a salute to the United States flag.

Mr. Wilson said he was going to congress to tell of a special situation and to ask approval of plans to meet a special situation. He declared the issue was only one between the United States and a man who calls himself president of Mexico, but whom the United States had never recognized as entitled to that right.

DOES NOT WANT WAR.

The president said the intention of the United States was to help the people of Mexico, and that he had gotten a feeling of uneasiness when he found the newspapers fired with enthusiasm for war. Mr. Wilson declared he did not want war, but justice, and that he did not consider such acts of reprisal as are planned acts of war, but measures short of war, sustained by the Greytown precedent, for one.

The president said that in reality he was going to congress on an occasion for which, strictly speaking, it was not necessary to obtain authority, but that it was his desire to have the full co-operation of thought and purpose of congress. Mr. Wilson stated that the executive could take steps which would fall short of a declaration of war.

Has Not Lost Patience.

The president emphasized that he had not lost his patience with Mexico, for to lose patience seemed to him an act of weakness on the part of a person strong enough to do as he ought; but that he felt such incidents as recent ones might go from bad to worse and eventually bring about a state of conflict.

The president added that he thought it was wise, in the interests of peace, to cut off these repeated offenses at an early stage.

Events of the day, the president indicated, such as a final acceptance from Huerta, might alter his plans, and he added that even the course of action by the navy was dependent upon circumstances from hour to hour.

When the president was asked the direct question if the purpose of his

(Continued on page 4, fifth column.)

DEFECTIVE PAGE

WILLING TO VOLUNTEER

Many Spanish War Veterans Would Respond If Called Upon.

May Call Roll at Reunion to Be Held Wednesday.

If President Wilson should issue a call for volunteers to defend this country's attitude in the present Mexican crisis, it is believed that aside from the 200 Duluth members of the National Guard, who would be compelled to serve, there are about 100 Spanish War veterans would readily enlist.

There are about 300 Spanish War veterans in Duluth and a prominent officer of one of the camps said this morning that should this country need more men, there is no doubt but what many of the veterans would enlist a second time. A large number, however, are above the age limit and as a result would be ineligible.

When war was declared against Spain and a call for volunteers was issued there were about 280 men from this city who offered themselves for service. They were all members of the National Guard, the three companies being in command of Col. Resche, Maj. Eva and Capt. Teare.

The local Spanish War veterans from the John G. McEwen and Maj. A. M. Diggles' camps will hold a reunion at Memorial hall Wednesday evening to celebrate the anniversary of the day they left for the Spanish war. It is probable that at the gathering a roll call will be taken to see how many members would re-enlist and the offer sent to President Wilson to show the feeling of the former soldiers now residing in Duluth.

BATTLE REPORTED IN COLORADO HILLS

Squad of Militia Said to Be Cut Off By Strikers.

Denver, Colo., April 20.—Reports received at the office of Adjut. Gen. John Chase today stated that a sharp battle was in progress in the hills between Berwind and Hastings, in the Colorado strike district. One report was that Lieut. Linderfelt, with seventeen men, had been cut off by strikers when a machine gun they were operating failed to work.

The first official report came from Maj. P. J. Hamrock, in charge of the forty-five militiamen left in the district north of Trinidad. He told Gen. Chase that 300 armed strikers were in the hills above Berwind canon. Gen. Chase ordered him to take his troops and drive them out. At the same time a fresh troop of forty-five men recently recruited in the strike district was put into active service.

A later report from Maj. Hamrock stated a battle was in progress in the hills.

Killed by Wild Parsnips.

Owatonna, Minn., April 20.—Luella, the 6-six-old daughter of Fred Manke, a farmer, is dead and her small brother and sister are in a serious condition as the result of poisoning from wild parsnips. On their way home from school the children ate many of the plants.

RATES ON TWO CENT BASIS

West Will Derive Chief Profit From Revised Passenger Tariffs.

Following the order for the revision of passenger tariffs, which becomes effective on May 1, the Western lines have revised most of their through rates with a view to a combination of local rates, which results, it is claimed, in putting through fares in the Middle Western states on practically a 2-cent basis.

Throughout the West the general prevalence of 2-cent fare laws, in contrast to the higher mileage rates in the East, since 1907 has gradually pulled down more than 50 per cent of the interstate rates to a 2-cent basis prior to the Minnesota rate case decision. Under the aggregate fare clause of the Mann-Elkin amendment to the interstate commerce act, the influence of the shorter interstate fares made it necessary to reduce the long distance fares to a 2-cent basis.

Under the readjustment many rates will be raised slightly and many more lowered, the general effect being a slight decrease in the total. The "aggregate fare" clause mentioned provides that carriers may not "charge any greater compensation for a through route than the total of the intermediate rates subject to the provisions of this act."

Fares from Chicago to the Atlantic coast will remain unchanged, though many short interstate fares in the Eastern states, where a 2½-cent mileage rate exists, will be raised. There will be delay also in readjusting the tariffs between the Middle Western states and the Pacific coast. This is due to a mix-up of conditions in South Dakota. Two months ago it was announced that in the case of South Dakota against the carriers the Federal court at Sioux City had decided that while the 2-cent fare established by the South Dakota legislature was confiscatory, it had not been shown that a 2 1-3-cent fare ordered by the railroad commission was confiscatory. The railroads then, by stipulation, made a 2½-cent fare effective April 15. This made the work of months past worthless and it became necessary not only to refigure the intrastate fares in South Dakota, but also the interstate fares which had previously been figured from, to and through the state. Because of this situation the interstate commerce commission granted the roads ninety days' additional time to complete the readjustment. Accordingly rates from the Middle West, affected by South Dakota, this vicinity being among the territories included, to the Pacific coast will not be effective until Aug. 1.

It is believed to be probable that the new passenger rates in the Eastern states may be suspended by the interstate commerce commission on the request of citizens of those states because, as it now stands, the rates for long hauls are higher than for short intrastate hauls, an illogical situation.

HELPED BY RED CROSS SEAL SALE

Father and Two Children, Consumptives, Will Have Sleeping Shack.

Miss Louise E. Schneller, visiting nurse of the health department, is planning the erection of an outdoor sleeping shack for the use of a father and two small children, all of whom are afflicted with tuberculosis.

The two tots have been at Nopeming, where they have been taught how to treat themselves, while the father has been under the supervision of the visiting nurses. He has been able to do odd jobs and the mother has done what she could to make both ends meet, but they have no funds with which to build and equip a proper outdoor sleeping shanty.

The Red Cross emergency fund, raised by the sale of Red Cross stamps during the Christmas season, provides the means of helping this family recover health. It will be drawn on for $35 or $40 for the necessary material. Most of the work will be done by the father under the direction of the visiting nurse.

Although a tent might serve the purpose the shack is considered more economical, as it can be used for several years, while a tent would not last much over a year. Later in the year one or two more shacks may be built from the Red Cross fund for the use of patients who are fighting tuberculosis. The health department officials feel that all preliminary efforts will have been practically wasted if the patients are forced to go back to their former habits of living. The cost of the outdoor shacks is comparatively small and will enable the patients to fully recover their health if they make the right use of them.

SUES ROAD FOR ALLEGED ASSAULT

Theatrical Manager Claims Unlawful Ejectment From D. W. & P. Train.

Although he had purchased a ticket which entitled himself and company to ride from Virginia to Fort Frances on the trains of the Duluth, Winnipeg & Pacific Railway company, Dave Pickett, theatrical manager, says he was thrown off from the train and refused a ride. In district court today Pickett began suit against the railway company for $2,999 damages for the experience.

Pickett says that he was the manager of a theatrical company of eleven people which was touring this part of the country and that on Nov. 5, 1913, at Virginia, he purchased transportation for himself and company to Fort Frances, Can.

Before the train pulled out, however, he claims he was set upon by agents of the company and was "beaten, kicked, struck and otherwise injured" and then ejected from the car. He claims that he was obliged to cancel his engagement at Fort Frances and suffered other damages.

The case was started in the Koochiching county district court but was recently transferred to St. Louis county.

Admits Killing Brother.

Houghton, Mich., April 20.—Victor Maki, of Painsdale, who killed his brother, John Maki, pleaded guilty in circuit court to second degree murder and Judge O'Brien gave him an indeterminate sentence of from twenty years to life in Marquette prison with a recommended maximum of twenty-five years. Maki was taken to Marquette by Sheriff Cruse.

LOW WAGES HIS THEME

Pastor Advocates Passage of a Minimum Wage Law.

Sermon on "Hours and Labor" Is Illustrated By Stereopticon.

Rev. W. H. Farrell advocated a minimum wage scale as one of the solutions for labor troubles and as an aid to better conditions among the working people of the country, in his sermon last night on "Hours and Labor" at the Asbury M. E. church, Sixteeth avenue west and Raleigh street. The sermon was the first of two which he will give touching on this subject.

The speaker illustrated his sermon with a number of slides showing conditions in sweatshops employing cheap labor as well as those among the coal mines of Pennsylvania.

REV. W. H. FARRELL.

Rev. Mr. Farrell said in part:

"No portion of the world can suffer without all suffering. The question of wages and hours of toil is a matter of concern to all.

"We should distinguish between wages and income. Twenty dollars a week would be good wages but if the income last for only a small portion of the year it does not mean much of a wage. To say the average wage is $7 a week when 75 per cent of the employes are receiving only $5 a week is misleading.

"From 1890 to 1900 there was an increase of over 50 per cent in people engaged in trade and transportation, agriculture, manufacturing and the professions barely holding their own.

"In 1900 less than one-half of the farmers in the United States owned their farms free of incumbrance. Farm wages run as low as 40 cents a day in North Dakota.

"According to government reports 60 per cent of the male workers in the cities of the United States receive less than $600 a year. This means that 60 per cent of the workers must put their children to work early in order to live.

"Practically 72 per cent of the employes in the steel industry are foreign born. These are not only paid small wages but are exploited by the saloon and every other vicious interest.

"Dr. Josiah Strong says: 'Pensylvania coal fields furnish an industrial Bull Run annually.' In four years our industries killed more than fell in battle and died of wounds on both sides during the Civil war. The worst conditions exist among the sweat shops. In New York city among the garment workers men make from $7 to $5 a week. In the midst of dirt and death most of the cheap clothing is manufactured.

"The corporations should provide comfortable houses. A living wage must be paid. If the minimum wage law will do it let us have it. The community must help. Employer and employe must get together and for the good of all, nation, state and municipality must join to bring the man that labors a better day."

Will Entertain Women.

The Ladies' Aid Society of the Westminster Presbyterian church will be entertained Thursday evening at another of its series of social sessions at the home of Mrs. G. L. Shoup, 122 North Fifty-third avenue west. The women assisting the hostess will be Mrs. T. F. Olsen, Mrs. Eli Moore and Mrs. Rudolph Sieger. A program of music is being arranged.

SULPHUR DRIES UP ECZEMA AND STOPS ITCHING

This Old Time Skin Healer Is Used Just Like Any Cold Cream.

With the first application of bold-sulphur cream the angry itching attending any eczema eruption ceases and its remarkable healing powers begin. Sulphur, says a renowned dermatologist, just common bold-sulphur, made into a thick cream will soothe and heal the skin when irritated and broken out with Eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

He tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur cream and apply it to the irritated, inflamed skin, the same as you would any cold cream.

For many years this soothing, healing sulphur has occupied a secure position in the treatment of cutaneous affections by reason of its parasite-destroying property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always establishing a permanent cure it never fails to instantly subdue the irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

AGED MACHINIST CALLED SUDDENLY

Feels Faint on Way to Work, Returns Home and Dies.

After starting to go to work this morning at 6:30 and getting half way to his place of employment, Carl Alfred Olin, better known in West Duluth as "Fred" Olin, 75 years old, returned home because he felt faint, and died almost immediately after he got into the house. Heart trouble was the cause of death.

Mr. Olin has been a resident of West Duluth for twenty-two years. He resided with his family at 5309 Albin street. During the last three months he has had three or four fainting spells, but the trouble was not considered very serious by the family.

This morning he started out to go to his work at the National Iron works, where he was employed as machinist, and had reached Central avenue and Cody street, when the fainting spell came upon him. He immediately turned back to his home, dying shortly after getting back.

He leaves a widow and six children. The children are Mrs. E. Weir of Fifty-third avenue west, Hilma, Ed, John, Alfred and Carl. With the exception of Ed Olin, who is in California, all of the children are in Duluth. He also leaves two brothers, John A. Olin and Frank Olin of West Duluth, and one sister, Mrs. Fred Gustafson of the West end.

Funeral arrangements will not be made until word has been received from his son, Ed Olin, in California.

AMATEUR CLUBS WANT CITY GROUND

Boys Are Eager to Get Early Start on the Diamond.

Boys of West Duluth are hoping that the city will make some early arrangements for the establishment of baseball diamonds and playgrounds in this end of the city. Several amateur teams, including teams which will represent each of the grade schools, are being organized and the boys are looking for places on which to play their games.

In addition to the grounds at Fifty-second avenue and Wadena street, the city will be asked to arrange for grounds near Forty-sixth avenue and Eighth street, Fifty-eighth and Cody, and near the Fairmont and Irving schools. The Fifty-second avenue ground is said to be crowded continually on Saturdays, Sundays and after school and that in order to properly take care of the boys other grounds must be arranged for.

This summer it is expected that many of the city league's games will be played on this ground. For the games to be played by the school league, which will include the Merritt, Ely, Longfellow, Irving and Fairmont schools, it is hoped to get grounds near these institutions.

ARREST NO. 13 UNLUCKY FOR SALO.

Victor Salo, 45, appeared before the West Duluth police court this morning on a charge of being drunk and disorderly. Salo just completed a thirty-day sentence at the work farm and was given another term of forty days by Judge Lanners.

Salo's arrest this time is the thirteenth appearance in police court on similar charges within the last four years. He had been out of jail only two days this last time.

FORM BIRDS OF PARADISE CLUB.

Mrs. C. V. S. Engstrom and Mrs. Albert Johnson organized a Young Girls' society Saturday afternoon in connection with the West Duluth Swedish Mission church at a meeting of young girls held at the home of Mrs. Johnson, 1116 North Central avenue. The society will call itself the "Birds of Paradise." Mrs. Engstrom was elected temporary president, and Mrs. Johnson, vice president. The next meeting will be held Saturday, May 2, at the home of Mrs. Engstrom.

Yeomen to Entertain.

Non-Excelled homestead, No. 4276, Brotherhood of American Yeomen, will entertain at a basket social in Gilley's hall Wednesday evening. A musical and literary program is also planned. The committee in charge consists of Mrs. S. Burton, Mrs. M. Bushey, Mrs. C. Brassard, Marshall Murray, William Labeau and X. Tessier.

West Duluth Briefs.

Miss Blanch Murphy, who has been visiting for several weeks at the home of Mrs. L. J. Brotherton, 627 North Fifty-seventh avenue west, and other relatives in this end of the city, left this morning for her home in Grand Marais.

William Carroll of Stillwater, who has been visiting at the home of his sister, Mrs. J. J. Holmes, 422 North Fifty-third avenue west, left yesterday for his home.

Watch repairing, Hurst, West Duluth.

The Ladies' Aid Society of the St. James Catholic church will be entertained Thursday afternoon at Gilley's hall, 322 North Central avenue. Mrs. Wheeler is chairman of the committee in charge.

Read Wieland & Wade's paint and varnish ad on this page.

Richard J. Fisher, attorney-at-law, will open an office May 20th at room 8, Nelson Bldg., Grand Ave., W. Duluth.

A. L. Stevenson and Thomas Daley left this morning for a month's visit at International Falls and other border towns.

Ideal heat the world around!

The best thing anywhere soon becomes the best thing everywhere, spread abroad by the quickening conditions of present day commerce. It is probably not surprising to you to learn therefore that our heating outfits are fast finding users in Alaska, Greenland, Iceland, and Siberia. But it may be at least informing to say that in Japan, China, Australia, Argentine, Chili, Egypt, Arabia, India, Siam, Corea, Venezuela, Mexico, South Africa, and other countries where the climate is cold or damp or where the people have to live in the near-by mountain heights to escape tropic dangers at the ports, you will find many users of the justly famous

AMERICAN RADIATORS & IDEAL BOILERS

This recognition of the perfection and supremacy of IDEAL Boilers and AMERICAN Radiators is best attested in the adoption of these heating outfits by eminent officials, upon the high endorsements of boards of distinguished scientists, engineers and architects, for use in heating and fire-protecting such cherished buildings as

The White House	The Vatican	Westminster Abbey	Louvre	Kaiser's New Palace	Canadian Parliament Bldgs.
Independence Hall	Doge's Palace	Marlborough House	Ecole Polytechnique	Berlin Dom	Royal Palace Madrid
Old North Church	Uffizzi Gallery	British Museum	Pasteur Institute	Deutsche Bank	Royal Palace Tokio
Old Boston State House	Palace Davanzati	Warwick Castle	Musee de Cluny	Czar's Summer Palace	Pekin Legation Bldgs.
U. S. Capitol	Roman Senate	Bank of England	Palais de Institut	Sultan's Palace	Royal Palace, Sofia, etc.

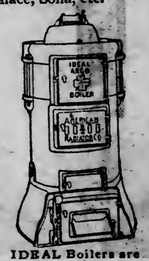

IDEAL Boilers and AMERICAN Radiators have within the past few years been put in hundreds of other notable buildings, palaces, institutions, universities, schools, churches, stores, flats, etc., of America and other countries. And best of all, these outfits have already been put into many hundred thousands of humble homes, *old* and new, *farm* and city. In countries where every penny counts in the practice of domestic science, these heating outfits are thoroughly appreciated by the old world's people. If Americans were not so wasteful, no inhabited building of any kind in this country would be without an outfit of IDEAL Boilers and AMERICAN Radiators.

A No. 2-32-W IDEAL Boiler and 461 ft. of 38-in. AMERICAN Radiators, costing the owner $225, were used to heat this cottage. At this price the goods can be bought of any reputable, competent Fitter. This did not include costs of labor, pipe, valves, freight, etc., which are extra and vary according to climatic and other conditions.

They save so much in fuel, need so little care, protect the family health, do away with repair bills, give vastly longer life to furnishings because of absence of ash-dust, soot and coal-gases, will wear as long as the building stands and finally enable one to sell or rent his property at quicker, higher price.

Don't wait until you build—*comfort* your present home. Our foundries are so located at home and abroad that they save heavily in freight and handling between maker and user. Sold at prices no greater than asked for inferior apparatus. Fully *guaranteed*. Accept no substitute. Call, phone or write today for free catalog, "Ideal Heating." Prices are now most attractive. Act now, when you can be sure to get the services of the most skillful fitters!

IDEAL Boilers are safer and easier to run than stoves, and their cleanliness reduces housework one-half. They will last as long as the building and need no repairs. Accept no substitute.

Learn about this successful stationary Vacuum Cleaner

Our ARCO WAND Vacuum Cleaner has been in steady use for over three years, and no failures. It works through an iron suction pipe running to each floor of home—or other building. Keeps all rooms thoroughly cleaned of dirt, dust, cob-webs, moths, insect eggs, which are drawn to sealed dust-bucket in basement. Lasts, without repairs, as long as the building it cleans. Ask for *new catalog* (free).

Sold by all dealers.

BLOODY BATTLE WITH BEER BOTTLES

A fight with beer bottles underneath the Lake avenue viaduct was terminated by Patrolman Dave Olson yesterday afternoon and ended in the arrest of Maxim Kurach, 26; Mike Kerry, 35, and Nick Felenovich, 30, on a charge of drunkenness.

Patrolman Olson was walking his beat on Michigan street yesterday afternoon, when he saw the three men in a battle royal, with beer bottles as weapons. The men were covered with blood and if the officer had not interfered, serious consequences might have been the result. Single-handed, the officer took the three men to the patrol box and called for the auto patrol.

They were arraigned in police court this morning and pleading guilty, they were each fined $1 and costs or three days in the county jail.

Find Boy at Washburn.

Washburn, Wis., April 20.—The body of a man was found under the ice in the bay near the dock here Saturday and from cards found in the pocket he is supposed to have been William Harper. There was a time slip in one of the pockets made out to the above name by the Rust-Owen Lumber company of Drummond on Nov. 1, 1913. There was also a baggage check from the Ashland depot, a letter addressed to a man at Barnes, and $4.60 in silver, a $2 bill, a silver watch, a button hook and a bottle opener.

ARMY DESERTER IS ARRESTED

After arresting Henry A. Blixt Saturday night on a charge of drunkenness, Patrolman Le Beau discovered at police headquarters that his prisoner was a deserter from the United States army. This morning he took Blixt to the army authorities at Fort Snelling, where he will receive a reward of $50.

Blixt enlisted in the United States army on Nov. 21, 1911, and on June 26 the following year he deserted. Circulars announcing the desertion were sent out broadcast, one of which was received at local headquarters. Upon going over the list shortly after arresting Blixt, the patrolman discovered that his prisoner was an army deserter.

Patrolman Le Beau left with his prisoner this morning and is expected to return tomorrow.

PLOT IS RUMORED IN CAMP AT FORT BLISS

Scheme to Free 6,000 Mexican Refugees Is Reported.

Fort Bliss, Texas, April 20.—Vigilance over the Mexican prison camp was redoubled today on receipt of information hinting at the possibility of a plot to free the 6,000 former Federal soldiers interned here. A deadline has been marked out inside the fence, beyond which the prisoners are not allowed to move.

It was learned that a man on whom habitual watch has been kept for months, had purchased a supply of wire clippers which might be used to cut the barbed wire fence around the prison camp.

The shooting of two Mexicans last Friday night by United States soldiers was due in one case to the victim's having shot out a large number of electric lights in the camp with a slingshot, and becoming refractory when punishment was threatened. The other case was that of a refugee attempting to escape, and refusing to halt when ordered to do so.

Phones: Grand 976, Melrose 1168.

WILL PUT IN CULVERT.

Beginning Made on the Improvement of Oneota Street.

Although Oneota street will not be paved this year, the division of public works will prepare for the improvement by putting in a concrete culvert at Forty-third avenue west.

The contract for the job was awarded today to Gust Bodin on his low bid of $1,645.

When the culvert is completed the fill can be made and if any opportunity to get the dirt this summer appears, it will be dumped in that gulch. It was in this manner that the bridge at Fortieth avenue west and Oneota street was replaced at small expense. The culvert had been built and the street railway company hauled dirt excavated from Fourth street when it was improved last summer.

The only cost to the city was the wages of the men who handled the dirt at the fill. Another advantage of this plan is that the fills have plenty of time in which to settle before the paving is done.

AMERICA ON FIRST TRIP

After Several Delays Steamer Clears for Canadian Ports.

Ice Going Rapidly But Little Demand for Ore Is Reported.

The navigation season on the Great Lakes opened today when the America of the United States & Dominion Transportation company, started on a trip down the lake bound for Canadian ports. The America was scheduled to leave Duluth April 12 and again yesterday, but conditions have been unfavorable until today.

A heavy gale on Lake Superior and a high sea made it inexpedient for the vessel to leave port yesterday. At the Duluth entrance yesterday two more pier lights were put up, and it is probable that all the pier lights will be up tonight. The life saving station has not yet received orders to begin operations.

The America of the Booth line, was the first licensed passenger steamer to leave Duluth last year, and has the same distinction this year. Her initial trip this spring is seven days earlier than last year. No other vessels will leave port for several days at least.

This is the earliest time, save once, that the America has started her year's work. Three years ago she started out on April 16, and that set the earliest mark.

When this staunch little steamer left port at 10 o'clock this morning bound for various north shore points, Port Arthur, Fort William and Isle Royale, she had on board eighty passengers and a full cargo for distribution at the various ports she will visit.

It has come to be the fashion in Duluth to regard the arrival of the first robin, the prevalence of the game of marbles and the departure of the America as the first authentic signs of spring.

The America is under the command of Capt. E. C. Smith, who had planned the trip earlier. Boiler trouble is said to have been partly responsible to the vessel's delay as well as unfavorable ice conditions.

Ice Going Rapidly.

The weather of the last week has for the most part been very favorable for clearing ice. The Duluth-Superior harbor is now almost free, and big freighters are expected to leave port before the close of this week. Inspectors have almost completed work. The inspection work this spring has not been so extensive as it was a year ago. Less than half the usual number of vessels docked here last fall, and many of these do not require inspection this spring.

Receipts of ore at Duluth and Superior docks are reported to be very slow this spring, and practically no orders for ore have come in so far. Unless orders begin to come in at once, it is not probable that any extensive ore shipments will be made until May 1 at least.

Some ore is reported to have come in to the Great Northern docks from Hibbing. The Soo and Northern Pacific, likewise, have handled a small amount from the Cuyuna range. Shipments fro mthe Vermilion range will begin today according to Superintendent Owens of Two Harbors in charge of the Duluth & Iron Range dock at that port.

A strong northeast gale sprung up on Lake Superior last night, and this following the warm weather which rotted the ice last week, did a great deal to loosen and break up the ice fields still remaining. The ice at Whitefish Point, which is the key to lake navigation, was weakened according to reports.

Rain fell nearly all day yesterday on the lower end of Lake Superior. It is said that conditions are sufficiently improved to permit the passage of vessels at this point. Vessels are still anchored at Detour, but no efforts will be made to break through to the Soo.

CONTRACTS FOR CANAL ARE LET

Welland Waterway Costing $50,000,000 Will Connect Two Lakes.

It has been announced by J. L. Weller, chief engineer, that the contracts for excavating most of the sections of the new Welland canal have been let, and that work on some of them is now well under way. The estimated cost of the canal is $50,000,000 and it is expected to be completed in four years.

The canal will have a clear width of eighty feet with thirty feet of water on the sills. The total rise in elevation of 365 feet between lakes Ontario and Erie will be effected by seven locks, each having a lift of 46½ feet. With the method of locking to be employed, it is expected that ships will pass through in from six to eight hours, whereas eighteen hours are sometimes required to go through the present canal. The route of the new canal would be from Lake Ontario, via Thorold, Allanburgh, Port Robinson and Welland, to Port Colborne, on Lake Erie. From Thorold the route would be almost identical with the present Welland canal.

DREDGE COMPANIES MERGE.

Starke Company Now Part of Great Lakes Concern.

Milwaukee, Wis., April 20.—The C. H. Starke Dredge & Dock company, one of the oldest local business concerns, has been merged with the Great Lakes Dredge & Dock company, Chicago. The transaction, which involved a transfer of stock, was completed about a week ago, but it has just been made public.

The present officers of the Starke concern are: President, A. F. Bues; vice president and treasurer, Arthur H. Vogel, and secretary, Henry J. Niederman. They will remain in control of the Milwaukee branch of the Chicago company.

The new firm will not confine its operations to the Great Lakes, but is prepared to do work along the Atlantic coast. The C. H. Starke Dredge & Dock company was established about fifty years ago. During that time it has taken part in the construction of many of Milwaukee's largest buildings and bridges. Among these are the Wells building, Majestic building and city hall.

Detroit Passages.

Detroit, Mich., April 20.—(Special to The Herald.)—Up: Niagara, 12:35 a. m., Monday; Wyandotte, 5; tug Fisher, E. M. Peck, 7:20.

Down: Nothing.

SOME ORE DOCK CHANGES MADE

W. A. Clark, chief engineer of the Duluth & Iron Range Railway company, has just issued a blue print map showing the status of the shipping ore docks on the Great Lakes. But few changes have occurred during the year.

Dock No. 4 of the Duluth, South Shore & Atlantic and Dock No. 1 of the Lake Superior & Ishpeming railway are being torn down. Both of these are at Marquette, Mich. Dock No. 3 of the Great Northern railway, Superior, is being shortened.

Engineer Clark's map is comprehensive, and includes all the vital facts relating to the docks, including capacity, dimensions, etc.

The storage capacity of the various docks follows: D. & I. R., Two Harbors, total capacity, 200,100 gross tons; D., M. & N., Duluth, 172,800; Great Northern, Superior, 57,600; Northern Pacific, Superior, 35,700; Soo, Ashland and Superior, 121,440.

ICE IS BACK IN WHITEFISH BAY

Sault Ste. Marie, Mich., April 20.—(Special to The Herald.)—The sun shone brightly today after the storm which prevailed over this section Saturday night and Sunday. Six inches of snow fell in places and the temperature was freezing.

The ice barrier in Whitefish bay was badly shaken up and broke away from the shore for a distance of ten miles down the bay.

The changing northwest wind, however, jammed the floating ice back and filled in above the point to beyond vision.

The steamer Yates joined the three steamers, Agawa, Franz and McKee, at Detour yesterday, and the little fleet started out this morning for the Soo.

Up to noon no word had been received of their progress.

ASKS $5,729 FOR PERSONAL INJURIES

Woodsman Declares Excavation at Rex Hotel Site Was Unprotected.

Ole Oleson, woodsman, wants $5,729 damages for the pain and suffering he experienced while laying for eight weeks in a hospital as a result of a broken leg received in a fall into an excavation made by contractors who were engaged last October in the erection of the Rex hotel, Twentieth avenue west and Superior street.

In Judge Ensign's division of the district court today, Oleson is asking a jury to award him damages from the Duluth Brewing & Malting company, owners of the premises in front of which the accident occurred, and Charles Danielson and Louis Ramstad, contractors, who are charged with responsibility for the accident.

Oleson alleges that while walking along Twentieth avenue west at 11 o'clock on the evening of Oct. 24, last, he stepped into an unprotected excavation and in the fall he broke his right leg above the knee and was confined to his bed for two months.

Silberstein & Bondy Company Established 1870

Top Coats for the Little Tots

We can fit the youngsters from fifteen months up. Here it isn't just a single pile, but a whole big table full of top coats to select from, and the prices range from $1.95 clear up to $10.

$1.95 will give you choice of plain colored coats in three different shades—blue, gray or tan.

$3.50 At this price we show fancy colored garments in gray, brown, tan and blue.

$4.90 The famous "Little Columbo" quality, in any shade you may want, and made in a number of different styles.

$7.50 These high-class topcoats for the little fellows speak for themselves. Come and see them.

At $5.00 we have splendidly tailored topcoats in light tan, gray, brown and blue shades, made in Sampeck's New York city shops.

"Little Columbo" $4.90 Suits are an Every-day Special

Absolutely the best suit sold in this town at this or a similar price. Six different styles of the "Little Columbo" $4.90 suits—some with two pairs of pants.

The old-fashioned, low-priced Norfolk suit gave mothers much reason for complaint owing to loose straps, but these 1914 Columbo Suits have stitched-down pleats in front and back. The belts, too, are stitched down, and the whole suit is beyond reproach.

Let us show you.

MEMBERSHIP ROLL LARGELY ADDED TO

Trinity English Lutheran Church Receives Eighty-Eight New Members.

Eighty-eight new members were taken into the membership of Trinity English Lutheran church, Twenty-seventh avenue west and Third street, at the first regular communion services held in the new place of worship yesterday morning. Of this number fifty-four were adults and thirty-four children.

The added membership brings the total to 169 adult members and the aggregate membership, including children, to over 250. Rev. F. O. Hanson, pastor of the church, who organized the flock a little over a year ago, declared this morning that this gain in membership is very encouraging to himself and his congregation.

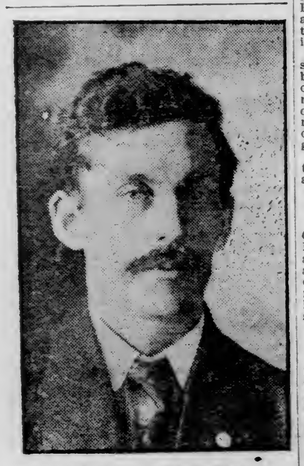

The Sunday school, which held its first regular service in the church at 9:45 a. m., has also shown a healthy increase. Its membership now is well over the 200 mark.

DISTRICT MEETING OF VASA ORDER

Andrew Horngren, 1724 New street, district president for the Vasa order, has issued a call for the annual meeting of the organization to take place on May 24 and 25 at Superior. The meeting will be attended by delegates from about fifty lodges located in Minnesota, North Dakota and Wisconsin.

The order has attained a rapid growth in Minnesota during the year, according to a statement made this morning by Mr. Horngren. Nine new lodges have been organized during his term of office, one of these having been organized in Duluth.

The Duluth lodge is a ladies' auxiliary which came into being last week. The new lodge has a membership of seventy-five women. Its officers are: Miss Victoria Anderson, past president; Mrs. A. Lundsten, president; Mrs. Elizabeth Gustafson, vice president; Mrs. Anna Holmstrom, secretary; Miss Esther Olson, financial secretary;

ANDREW HORNGREN.

Mrs. Hulda Blomstrand, cashier; Mrs. Maria Johnson, chaplain; Miss Linea Bjorkman, master of ceremonies; Mrs. Anna Larson, inside watch; and Mrs. Josephine Wyman, outer watch.

The district convention will be attended by representatives of both the men's and women's lodges. A program for the two days is being arranged by Mr. Horngren, assisted by C. W. Soderstrom of Minneapolis, the district secretary, and a committee of members from Duluth and Superior. One of the days will be given over to social affairs.

YEOMEN WILL INITIATE CLASS.

Duluth homestead, No. 3131, American Brotherhood of Yeomen, will initiate a class of candidates this evening at its meeting at the Woodmen hall, Twenty-first avenue west and First street. Following the ceremonies a social has been planned at which there will be dancing for members and invited friends.

The local homestead is planning to send its entire team of eighteen members to the dedication of the home office in Des Moines, Iowa, in June. A membership campaign is being carried on by the team members and if enough members are secured before the date of the dedication the team will be given a free trip.

Mrs. A. Bordeleau, lady rowena of the lodge, is in charge of the social arrangements for this evening.

Surprised By Friends.

Mrs. H. A. Ofstie, wife of Rev. Mr. Ofstie, pastor of the First Norwegian-Danish Methodist church, was pleasantly surprised at her home Saturday afternoon by about seventy-five women of the church and friends of the family. The party took place at the home of the pastor, 2115 West Third street.

Aftenro Society.

The Aftenro society of the West end has arranged to entertain Friday evening at a musical and literary program at the First Norwegian-Danish M. E. church, Twenty-fourth avenue west and Third street. The program will include addresses on the work of the society as well as instrumental and vocal music.

Among those who will take part in the program will be Prof. T. J. Morck of Superior, who will give piano numbers; Mrs. Valborg Gunderson Finkleson, violin; Mrs. J. J. Moe and John Heitman, short talks; and vocal numbers by the choir of the church.

Will Repeat Cantata.

"A Dream of Fairyland," the children's cantata, which recently was successfully produced by children of the Lincoln school, will be repeated in a matinee and evening performance today at the French hall, Twenty-fifth avenue west and Third street. Sixty pupils of the school are taking part.

The cantata is given under the direction of Miss Franc Adele Ensign, principal of the school, assisted by some of the teachers. The costumes used by the pupils have been made by them under the direction of the domestic science instructor.

Entertains Spaa Club.

Miss Ruth Peterson entertained for members of the Spaa club of the Second Presbyterian church at the home of her sister, Mrs. Martin Larson, Friday evening. Games and music featured the entertainment. The guests were: Mr. and Mrs. Martin Larson, Mr. and Mrs. Carl Anreson, Mr. and Mrs. Charles Peterson, Misses Florence MacKenzie, Elsie Gottschald, Loretta Mulvahill, Hazel Mulvahill, Edna Smith, Ellen MacKenzie, Carrie Gyllen, Rose Gottschald, Florence Larson, Mildred Peterson and Messrs. Raleigh Gottschald, William Maghan, H. A. Elliott, Alex Gottschald, Norman Kolbak, John McPhail, Henry Gould, Melvin Hinchliff, Harold Larson and Thomas MacInnes.

Revival Meetings Begin.

Rev. Gust F. Johnson of Minneapolis began a series of revival meetings at the Swedish Mission church, Twenty-first avenue west and Second street, last evening. The meetings will be held every evening this week. Rev. Mr. Johnson is pastor of the Swedish Tabernacle of Minneapolis, the largest church in the state, and is one of the most fluent Swedish pulpit speakers in the Northwest. He will speak this evening on "A Christian's Responsibility to the World."

Mrs. Siewert to Speak.

Mrs. A. B. Siewert, founder of the industrial home for girls, will speak this evening before the junior women's club at the Bryant school social center. Mrs. Siewert will speak of the work being done among delinquent women.

West End Briefs.

Mrs. Fred W. Coon, 2112 West Second street, will entertain this evening at a farewell party in honor of her sister, Mrs. Newton Randall of Milwaukee, who has been her house guest for the last three weeks. Mrs. Randall will leave for her home tomorrow.

Mrs. A. H. Proctor has returned to her home in Ironton, Minn., after spending a week at the home of her sister, Mrs. D. J. Murphy, 4115 West Third street.

Mrs. Adolph Olson, 429 North Twenty-sixth avenue west, will entertain Thursday afternoon for the Rebekah Guild of St. Peter's Episcopal church.

Dr. and Mrs. J. W. Ekblad, 2301 West Third street, are spending a few days visiting relatives at Scandia, Kan.

Mrs. G. Ledingham of Chatsworth, Can., is a guest at the home of Mrs. John Ledingham, 1927 West Third street.

The mothers' conference of the Central Baptist church will be held Wednesday afternoon in the church parlors, Twentieth avenue west and First street.

Central Plumbing & Heating company, 2004 W. Superior St. Lincoln 593.

MAN WHO BUILT THE MILLER TRUNK ROAD WOULD BE SHERIFF

CHARLES G. MILLER.

Charles G. Miller, one of the most widely known men in Duluth, or in St. Louis county for that matter, has filed for the nomination of sheriff. This will hardly be comforting news for those who are already in the race, for on the only other occasion when Mr. Miller made the race he was beaten by only 29 votes against an admittedly strong candidate, the late "Bill" Butchart. That was quite a number of years ago, and although Mr. Miller has been urged, before almost every election since, to make the race, he has kept out.

His acquaintance was created and kept perpetually growing and intimate by reason of the fact that he has been traveling in St. Louis county—hitting every town—and in most of Northeastern Minnesota, for the Duluth Paper company for forty years—a long time, during which, it has been asserted that "'Charley' Miller has never made an enemy and has never failed to make a friend when he got acquainted."

Years ago he was a member of the board of county commissioners and made a notable record. During that time, he was responsible for the construction of the first county road of any extent. It is the noted Miller trunk road which extends between Duluth and the ranges, and is named after Mr. Miller.

The other candidates for the nomination so far are Sheriff John Meining, Frank Magie and Walter M. Johnson.

If Coffee Don't Agree

Much of today's nervousness, indigestion, languor, kidney and liver trouble, come from indiscretions in eating and drinking, so commonplace that they are seldom considered till Nature pulls one up with a sharp jerk.

More often than is suspected, coffee is the cause of these troubles.

A simple, easy way to discover the real cause and relieve one's self of a lot of discomfort is to quit coffee for ten days and try

POSTUM

This beverage contains none of the coffee drugs (caffeine, tannin, etc.) which are responsible for many human ailments, big and little. Postum is a food-drink made from prime wheat and a bit of molasses. It is pure and contains only the wholesome goodness of the grain.

Postum comes in two forms:

Regular Postum—must be boiled. 15c and 25c packages.

Instant Postum—a soluble form. A teaspoonful stirred in a cup of hot water dissolves quickly and makes a most delightful beverage, with cream and sugar added to taste. 30c and 50c tins.

The cost per cup of both kinds is about the same.

Thousands who have changed from coffee to Postum know

"There's a Reason"

Grocers everywhere sell Postum.

from Mexico, unless incidents should arise directly concerning France.

ARMY AND NAVY HEAD OFFICERS CONFER ON JOINT ACTION PLAN

(Continued from page 1.)

to remain until the middle of the week. The soldiers were to have paraded in a local celebration, April 21, of the battle of San Jacinto, when Texas won independence from Mexico. Their march here from the coast last week indicated that the men are hardy, no case of serious illness appearing in the big command.

Trains Were Ready.

The Fifth brigade, which returned to Galveston by train under the plans already worked out for troop movements by sea, would be the first to go aboard transports unless orders for embarkation should specify some change in program.

By daylight, less than three hours after the orders to return had been flashed into a sleeping camp, the Fifth brigade was boarding trains. The quick movement developed the fact that the trains made up, except for hooking on the engines, had been held in readiness for just such orders.

The Fifth brigade comprises the Fourth, Seventh, Nineteenth and Twenty-eighth infantry and is in command of Col. David Cornman. Its station is at Fort Crockett, Galveston, while the remainder of the Second division is stationed at Texas City.

Gen. Frederick Funston, commanding the division, returned to his headquarters in Texas City in advance of his army.

LIQUOR FIGHT DUE FOR D. A. R.

(Continued from page 1.)

ing of the meeting, which will continue throughout the week. The bright uniforms of the United States Marine band gave a touch of rich color in the hall filled with beautifully gowned women.

Greeted by Marshall.

Vice President Marshall greeted the Daughters at the formal opening of their session this afternoon. The morning session had been devoted simply to roll call and reports of credential and program committees. "Our Glorious Banner" was the march which the Marine band chose to start the congress on its patriotic way, and this was followed a little later in the afternoon program by "The Stars and Stripes Forever." Right Rev. Alfred C. Harding, Protestant Episcopal bishop of this district, gave the invocation. In addition to the vice president, other prominent officials who welcomed the daughters were Secretary Daniels of the navy; Senator Works of California; John Barrett, director general of the Pan-American union, and Rogers Clark Ballard Thurston, president general of the Sons of the American revolution.

Mrs. Story Presents Address.

Mrs. Story, president general of the organization, was loudly applauded when she arose to deliver her annual address, which recited the progress made by the society during the past year, and paid a tribute to its many activities along patriotic lines.

The important events in the congress this week will be the election of ten vice presidents, one half of the entire number, to succeed those whose terms expire. The voting for these will be on Thursday. The administration candidates are Mrs. Joseph Wood, New York; Mrs. George H. Minor, Connecticut; Mrs. George Smallwood, District of Columbia; Mrs. Alvin Lane, Texas; Mrs. Charles E. Davis, Minnesota; Mrs. C. C. Abbott, New Hampshire; Mrs. Edmund F. Noel, Mississippi; Mrs. T. Bradford Prince, New Mexico; Mrs. John H. Leary, Washington, and Mrs. William H. Crosby, Wisconsin. In addition two honorary vice presidents general will be chosen to fill vacancies caused by death. No president general is elected this year, Mrs. Story serving until next year.

The president and Mrs. Wilson will receive the Daughters at the White House Wednesday afternoon. Tonight Mrs. Story gives a reception at Continental hall. In honor of two past presidents of the organization who have died during the past year, both of them if so happens, having been wives of vice presidents of the United States, Mrs. Adlai E. Stevenson and Mrs. Charles W. Fairbanks, memorial exercises will be held tomorrow night. Mrs. Stevenson was president general of the D. A. R. from 1893 to 1895 and from 1896 to 1898; Mrs. Fairbanks from 1901 to 1905.

State Flags.

Presentation of state flags from virtually every state in the country, which will be used in the decoration of the auditorium of the Continental hall, will be the feature of Friday night's program, when addresses will be made by James H. Preston, mayor of Baltimore, and president of the Star Spangled Banner Centennial commission, which is planning a celebration next September of the one hundredth anniversary of the writing of the famous national air. Other speakers will be Edwin Warfield, former governor of Maryland; A. Barneveld Bibbins and Robert E. Lee, of the Centennial commission; and A. S. Goldsborough, representing the Sons of the American Revolution and the Sons of the Revolution. The same evening there will be presented a bust of Hugh Vernon Washington, a descendant of Washington, which will be unveiled by Mrs. Eleanor S. Washington Howard of this city. There will be an address by Dr. J. G. B. Bulloch of this city, president of the Order of Washington.

Reports of numerous committees, including those on revolutionary relics, patriotic education, southern mountain schools, conservation, preservation of historic spots, desecration of the flag, genealogical research, international peace arbitration, and the centenary celebration of the treaty of Ghent, are to be presented, as also reports of various officers. Numerous social functions in honor of the prominent state and national leaders in the work of the society will be scattered through the week.

MEXICO CHIEF BRITISH TOPIC

(Continued from page 1.)

seem about to commit themselves."

The Globe says: "Upon the United States will be laid the extremely difficult duty of protecting both its own citizens and foreigners, exposed to Mexican barbarity. In all probability an eventual reorganization of the whole country of Mexico will be necessary. Undoubtedly Gen. Huerta's action is a counsel of desperation, adopted in the hope that all factions in Mexico will unite with him to repel the Gringo attack. Many observers are of opinion that this may prove correct. In that case the United States has before it a gigantic task."

Thinks Huerta Guessed Wrongly.

The Evening Standard thinks that Gen. Huerta is mistaken if he expects to produce a wave of popularity for himself. It says:

"Gen. Villa is unlikely to let dust be thrown into his eyes by such a maneuver. He is winning and knows it, and he has no intention of relinquishing the prize when it is almost within his grasp.

"Intervention should be hailed with satisfaction by Europeans. Great Britain has $300,000,000 invested in Mexico, and cannot afford to lose that sum. The outcome will be that Mexico will be policed by a strong national army under American supervision."

The Daily Express says: "President Wilson and Secretary Bryan wished for peace at any price. The price may be heavier than America cares to pay. President Wilson temporized and selected Villa as the barbaric and unofficial instrument of his spite. He is now reaping the consequences of his irresolution."

The Times, in an editorial, says: "President Wilson has decided to act in the spirit of Gen. Scott's orders at Vera Cruz in 1846: 'When dealing with Mexicans, command, never argue.' Our Washington correspondent makes it clear that both congress and public opinion are behind the president, and that intervention is inevitable sooner or later."

France Mere Spectator.

Paris, April 20.—The attitude of the French government in connection with President Wilson's policy toward Mexico, is one of calm observation, according to the view expressed at the foreign office today. A disposition exists here to remain detached from events

VIVISECTIONIST'S JURORS DISAGREE.

Philadelphia, April 20.—The jury in the case of Dr. Joshua E. Sweet, the University of Pennsylvania professor charged with wanton cruelty to dogs in failing to care for them properly after vivisection operations, was discharged Sunday after the foreman reported that an agreement could not be reached. The case had been in the hands of the jury more than forty-eight hours.

PRESIDENT DEPLORES WAR TALK IN ADDRESS TO NEWSPAPER MEN

(Continued from page 1.)

action was to secure the elimination of Huerta, he replied that the Tampico incident did not involve that question. He replied that the United States merely wanted full recognition of its dignity and such a recognition as would constitute a guarantee that such incidents as the one at Tampico would not occur again.

Ten-Minute Message.

The president said that he had his message ready, that it was about a thousand words long, and would take about ten minutes to read. He declined to give out copies of it in advance, as has been the custom, saying he wanted to keep it under advisement until the last moment. He arranged, however, to have copies given out at the capital simultaneously with its delivery.

The president revealed that foreign diplomats at Mexico City had been using their good offices with Huerta in an effort to induce him to accede, but that no representations had been made to this government in any way by other nations.

The president returned to Washington from White Sulphur Springs, W. Va., at 7:54 o'clock, and went at once to the White House for a conference with Secretary Bryan. This preceded a special cabinet meeting called for 10:30 o'clock.

Message All Ready.

President Wilson had outlined his message last night while traveling, and after going over a first draft with the secretary of state, submitted it to the cabinet.

House and senate leaders were early at the White Houcs to learn the details of the president's plans so they might prepare the necessary resolutions putting congress squarely behind the president and giving him full authority to act.

While the president's plans were not officially disclosed, it was conceded in official circles that he would ask congress to authorize what are known in international law as "measures short of war," which, while not being a declaration of war on the part of the United States, might so be construed by Huerta.

Plans as Outlined.

According to best informed officials, these would consist of the following:

First—Seizure of the ports of Tampico and Vera Cruz.

Second—Seizure of the Mexican gunboats in those waters.

Third—Seizure of the railroad from Vera Cruz to the Mexican capital, to a point including a trestle twenty miles west of Vera Cruz, to prevent the route to the Mexican capital being blocked.

Fourth—Probably a request for a special appropriation to carry out these measures. This latter point, however, was not definite early today.

Secretary Garrison announced that Maj. Gen. Leonard Wood, chief of staff of the army, would command the American forces, should it finally become necessary to use them.

Everything Ready.

In the naval establishment everything was in preparedness for action. Few orders remained to be given. Secretary Daniels was early at his desk, scanning overnight reports of the movements of the big fleets steaming to both coasts of Mexico.

Rear Admiral Badger's ships will be at Tampico early Wednesday, according to latest calculations.

While President Wilson's ultimatum to the dictator expired at 6 o'clock last night, there was no doubt here that should Huerta recede completely before congress authorizes President Wilson to act, his acquiescence would be accepted. This in effect extends the ultimatum until 3 o'clock this afternoon.

No further negotiations, parleys and counter propositions will be considered, however. The Washington government regards the diplomatic situation as closed.

Secretary Bryan left his early conference with the president saying the situation was unchanged, that no new dispatches had been received and that nothing but a complete backdown by Huerta could stop the Washington government's plan of action.

Carranza and Villa.

The attitude of Carranza and Ville, leaders of the Constitutionalists, the secretary said, he considered very favorable and did not expect any complicating developments from that phase of the situation.

Cabinet members began arriving at the White House before the hour set for the meeting, with the result that the session began before the appointed time. All other callers were turned away.

No orders were issued to Gen. Wood, and their issuance depended upon the outcome of the cabinet meeting and the action of congress. Secretary Garrison said no orders had been issued for any movement of troops.

Gen. Wood's four-year detail as chief of staff of the army will expire next Wednesday. He probably will leave immediately for Texas City, where the second army division has been mobolized for the last fourteen months.

Bristow is Critical.

The general comment among congressmen was in hearty support of the president and the possibilities of action. Some, however, dissented from the president's plan. Republican Leader Mann of the house had issued a statement saying he was not in sympathy with the movement, and today Senator Bristow commented adversely upon the administration's attitude.

"When President Wilson comes to congress today asking for the use of the armed forces of the United States to compel Huerta to apologize, he will not receive my vote," announced Senator Bristow. "If he asks for authority to put down insurrections or establish a stable government in Mexico, a more serious question for consideration will arise. This thing of making war upon the Mexican people merely because a man the president calls a bandit refuses to apologize, is idiotic."

Message from O'Shaughnessy.

Secretary Bryan announced that he had received the full text of Mr. O'Shaughnessy's message from Mexico City, containing Huerta's reply. He said it was not a long message, but declined to make the full text public until after the cabinet meeting.

Mr. Bryan said that so far as he knew, the Mexican government had not given Mr. O'Shaughnessy his passports nor had the state department instructed the charge to leave Mexico.

According to official advices, Americans in Mexico already are beginning to leave. Officials understood that hundreds of Americans left Mexico City yesterday for Vera Cruz.

Americans Warned to Leave.

The state department, through Mr. O'Shaughnessy, and by direct messages from Mr. Bryan to American consuls throughout Mexico, has warned all Americans to leave.

Such protection as the United States has undertaken to extend to foreigners will no longer be afforded, according to the present purpose. The diplomatic body in Washington has learned that the United States will continue to look after foreigners in Northern Mexico in the Constitutionalists' zone where foreign governments have no consular representative. In the Federal territory, those governments will continue to look after their own subjects.

Secretary Garrison conferred with Gen. Wood, Gen. Wotherspoon, who will become chief of staff next Wednesday, Brig. Gen. Crowder, judge advocate general, and other officials of the department. It was understood they were preparing recommendations to congress looking to the immediate passage of legislation providing for a large volunteer army.

The basis of the recommendations will be the Hay bill, already passed by the house, which would permit the mustering into the United States army of militia organizations with their officers, providing 75 per cent of the men are willing to do so.

Senator Shively called a meeting of the foreign relations committee after the cabinet had met. Some senators were prepared to urge that any resolution adopted by congress specifically should provide for the protection of the lives and property of citizens of the United States and other foreigners in Mexico.

Senator Martin, chairman of the appropriations committee, expressed the belief that an emergency appropriation was not necessary at this time, but that an appropriation of $50,000,000, the sum appropriated at the beginning of the Spanish-American war, would be made if asked by the president.

Secretary Daniels said before the cabinet meeting that no orders had been sent to Rear Admiral Badger's fleet, nor had any been issued to the battleships New York and Texas, which are almost ready for sea duty.

Mr. Daniels received a message from Rear Admiral Fletcher at Vera Cruz, dated Sunday, saying "No further developments at Vera Cruz or Tampico."

Admiral Fletcher informed the state department that the British cruiser Lancaster had gone from Vera Cruz to Porto Mexico and that the British cruiser Essex had gone from Vera Cruz to Tampico.

State department estimates put the number of Americans in Mexico City at 1,200; Vera Cruz about 800; Tampico, 500; Torreon, 150; Chihuahua, 150; Guadalajara, 200, and the rest scattered in Guayamas, Mazatlan, Acapulco and other small towns.

"I find this the handiest food in the house.

"I use it almost every day, either as a soup or in some other way. I could hardly keep house without

Campbell's Tomato Soup

"Prepared as a cream-of-tomato it is specially delicious. A sprinkling of croutons or grated cheese gives variety to its tempting flavor. I make it extra-hearty sometimes by adding noodles or boiled rice. And I use it for making cocktail-sauce, brown sauce, or tomato tartare, and as a tasty seasoning for many other dishes.

"I order it by the dozen, always. And that is the practical way."

Your money back if not satisfied.

LIKE BEFORE SPANISH WAR

Scenes About State and Navy Departments on Sunday.

Modern Application of Science to Naval Affairs Much in Evidence.

Washington, April 20.—Scenes about the state and navy departments throughout Sunday were reminiscent of the days immediately preceding the Spanish-American war. The telegraph rooms were fully manned, and in the naval annex building the general board was in secret session a good part of the day. Headed by Admiral Dewey, there were gathered around the long table Rear Admirals Southerland and Fiske and Captains Winterhalter, the aide for material, Knapp, Hood, Shoemaker and Oliver, director of naval intelligence, and Commander Campbell, secretary of the board.

The board was engaged in going over the latest dispatches received by wireless from Rear Admiral Badger on the Arkansas, then in the Florida straits; Rear Admiral Fletcher at Vera Cruz and Rear Admiral Mayo at Tampico.

Science Applied to War.

Never was there a more vivid illustration of the march of scientific invention as applied to warfare than the facility with which these ranking admirals and captains, engaged in plotting out the strategy of a possible war, were able to keep in touch by wireless with the developments at every point where an American warship is lying. Some of the men engaged in this task had fresh in mind the painful experiences of the old naval strategy board, which, in the spring of 1898, sixteen years ago, were despairingly trying to get in touch with the commanders of the two fleets which, excepting Dewey's own Philippine squadron, represented all of the American naval strength of that day.

Keeping Plans Up to Date.

So perfect were the plans that had been laid out and reduced to form months ago by the student officers of the naval war college, covering possible operations of the navy against Mexico, that there was very little for the general board to do beyond keeping them up to the moment in matters of detail to correspond to each day's developments. Because of the almost non-existence of a Mexican navy, the conditions which the American sailors may meet are quite unlike those covered in the plans of campaign prepared for other countries.

Generally, the Mexican plan covers elementary problems such as the simultaneous establishment of an efficient blockade, which the rather extensive coast line of Mexico would make no small task. Next in order comes the seizure of certain ports, and this is where the painstaking and exhaustive drills of the marine regiments last fall and winter are expected to find their application.

American Theory.

The whole modern American theory of advance base operations, with the marines as an active force, was planned to meet just such emergencies as the rapid seizure of a port in a hostile country, to form a base to be held for the arrival of an army of occupation.

About the only other feature of naval activity, in the beginning of hostile operations at least, would be the dispatch inland of expeditionary forces to hold some of the important strategic points, such as the great trestle on the Vera Cruz-Mexico City railroad, supposed to be the key to the possession of that road. With the 15,000 men or more in his fleet, Admiral Badger could spare a force ample for that purpose.

BRYAN'S ACCOUNT OF FINAL NEGOTIATIONS

Washington, April 20.—Just before midnight last night Secretary Bryan issued this statement:

"A little after 11 o'clock last night a brief dispatch came from Charge O'Shaughnessy at Mexico City, saying that the president's demand of yesterday had been communicated to the foreign minister and was being carried by him to Gen. Huerta. The foreign minister asked O'Shaughnessy whether, in case Gen. Huerta acceded to the demand, a protocol would be signed providing for a return of the salute. The following dispatch was sent to Charge O'Shaughnessy, in substance:

"'President Wilson is out of the city. Impossible to reach him before 8 a. m. tomorrow. Am certain he would not consent to have you sign the protocol mentioned in your telegram. The salute should be fired without any agreement as to the return of the salute. The United States of America can be relied upon, according to the international custom and courtesy, to do its duty. The signing of the protocol would be objectionable in addition to other reasons, because of the fact that it might be construed as recognition of the Huerta government, whereas the president has no intention of recognizing that government.'

President Approved Refusal.

"Early this morning a dispatch was received from Charge O'Shaughnessy saying that Gen. Huerta was willing to accede to the demand of Admiral Mayo providing a protocol was signed, and setting forth a copy of the proposed protocol. Charge O'Shaughnessy asked whether he was authorized to sign it. I communicated with President Wilson by telephone, and at his direction sent a telegram to Mr. O'Shaughnessy of which the following is a paraphrase:

"'Copy of your telegram of 6 p. m. last night was sent to the president with a copy of my reply to the effect that a protocol would be objectionable. The president replied:

"'Your reply to O'Shaughnessy is exactly what I should have wished it to be. In no case should any concession of any kind in detail or otherwise will be made.'

Talked Over Telephone.

"'I talked with the president over the telephone when your telegram at 11 p. m. last night was received, to the effect that Gen. Huerta had acceded to the demand, but only on condition that you sign a protocol. He repeated most emphatically his objection to any protocol or agreement. He insists that the salute shall not be fired as a matter of contract or with any stipulation that it be returned by us. It must be fired in accordance with international custom as an apology for the insult offered. Gen. Huerta must trust that the United States will live up to the requirements of international courtesy in returning his salute when it shall have been fired. The proposed protocol is especially objectionable, for it is so phrased that Gen. Huerta might construe it as recognizing his government, whereas the president has informed Gen. Huerta and the foreign governments that Gen. Huerta's government will not be recognized.

"Unconditional" Acceptance.

"'Gen. Huerta's acceptance of the demand of Admiral Mayo must be unconditional. The details can be arranged directly with Admiral Mayo after Gen. Huerta announces that he will comply with that demand.

"'Make it clear to Gen. Huerta that further negotiations are unnecessary. It is expected that he accept at once in order that the incident shall be closed.'

"At 9 o'clock a telegram was received from Charge O'Shaughnessy, but it was not conclusive and stated that he would call at the foreign office at 6 o'clock for a final answer.

"At 10 o'clock a telegram, of which the following is the substance, was received from Charge O'Shaughnessy, conveying Gen. Huerta's final refusal. This was communicated to the president immediately by telephone, and he directed that a cabinet meeting be called for 10:30 o'clock tomorrow morning.

Definite Refusal.

"'At 5:50 p. m. I called at the foreign office and was handed a note by the minister of foreign affairs. The note stated in substance that the government of Mexico is not disposed to concede to the unconditional demand of the government of the United States. It further states that the Mexican government is disposed to act according to the terms of the protocol which I have transmitted to you. I informed him that, so far as this embassy is concerned, the matter is closed and that I should immediately inform my government that Gen. Huerta had definitely refused the demands of the United States. A translation of the note will be cabled later.'"

WILSON GETS AWAY FOR SUNDAY REST.

White Sulphur Springs, W. Va., April 20.—President Wilson detached himself almost completely from the Mexican crisis Sunday, diverting his mind from worry over what Huerta's answer might be to the American ultimatum, by a quiet day in the company of Mrs. Wilson and their two daughters.

Realizing that there was nothing to do but wait, the president spent the day enjoying the scenery. A bright sun colored the mountains, covered with the early spring verdure, as the president stepped from his private car at 8 o'clock in the morning and walked to a hotel nearby. There Mrs. Wilson and her two daughters, Miss Margaret and Mrs. Francis B. Sayre, who had been spending the last ten days here, greeted him.

To forget the Mexican situation the president took a stroll in the morning sunlight. Only Mrs. Wilson accompanied him.

In the afternoon the entire Wilson family went riding in a buckboard. They drove seven miles over the steep roads, climbing high in the Alleghany range. They paused at the Green Brier river, watched the green stream eddying its way through the mountains, picked some wild cherry blossoms, and started back. As they passed the links near the hotel they saw a young woman dressed in black, with a nurse, and in a baby carriage beside them was a little, ruddy-faced child.

The woman was Mrs. Madeline Force Astor, widow of Col. Astor, with the millionaire Astor baby.

GERMANS READY TO FIGHT FOR U. S.

New York, April 20.—The Mexican situation was referred to at the dinner here last night of the Associated German Military societies, celebrating the fiftieth anniversary of the Battle of Dueppel, ceding Schleswig-Holstein to Germany.

"The measures so far taken by the president," said Alphonse C. Koelble, "are certainly approved by the German societies, and should war come I am sure that we shall prove ourselves worthy as those have who on this day fifty years ago fought and fell for the honor of the Fatherland."

The German consul general, Dr. Paul Faicke, in proposing a toast to President Wilson, joined in one toward a peaceful settlement in Mexico.

Twenty-eight of the 800 present were veterans of the Battle of Dueppel.

SHIPS AND MEN ON MEXICAN COAST

Washington, April 20.—Officials of the navy department said last night that there were in Mexican waters or en route by the East and West coast, 17,950 sailors, 3,970 marines and 855 officers. Of this number 14,170 sailors, 2,990 marines and 700 officers were in the Gulf of Mexico, while off Pacific Mexican ports or en route there were 3,560 sailors, 980 marines and 140 officers. The force includes:

At Vera Cruz, two battleships, 1,820 men, 120 marines; Des Moines, 240 men; Chester, 300 men, 200 marines; Dolphin, 180 men; San Francisco, 400 men; Solace, hospital ship; Hancock, transport, 950 marines.

With Admiral Badger en route to Tampico, eight battleships, 7,280 men, 500 marines; Tacoma, 240 men; Nashville, 180 men.

En route from Pensacola to Tampico: Birmingham, 300 men; Dixie, repair ship; fourteen destroyers, 1,150 men. Dixie will carry two hydroaeroplanes with spare motors and pontoons.

Battleship Mississippi, at Pensacola, awaiting orders will carry 500 marines.

On Mexican Pacific coast: Raleigh, 350 men; New Orleans, 350 men; Annapolis, 150 men; Yorktown, 180 men; California, 900 men, 60 marines; supply ship Glacier.

En route to Mexican Pacific coast, battleship South Dakota and collier Jupiter, 860 marines; Cleveland, 350 men; Chattanooga, 350 men; Maryland, 900 men, 60 marines.

At San Diego, Cal.: Five destroyers, 250 men, fifteen officers.

IDAHO WOULD SEND FIRST STATE FORCE.

Boise, Idaho, April 20.—Governor Haines of Idaho last night telegraphed President Wilson that Idaho desires to be the first state to offer the services of her National Guard. The guard consists of one regiment.

"ADMINISTRATION BLUNDERED"—MANN.

Washington, April 20.—When Republican Leader Mann heard about Huerta's refusal, he said:

"There is no occasion for war at this time, and I do not think there is any occasion for war, or anything like war, for an imagined slight. I think the course of the administration has been a very blundering one. We have not been informed as to what the facts have been in this matter. It would be disgraceful to bring about war without making an effort to prevent war. The administration seems to want to go to war over what it calls a punctilio."

"Regardless of party," said Representative Cooper of Wisconsin, ranking Republican on the house foreign affairs committee, "congress will stand by the administration in this grave emergency. I sincerely hope that this situation will not develop into war. Every effort should be made to avert war."

AEROPLANES ON THE MISSISSIPPI.

Washington, April 20.—The battleship Mississippi, equipped with an aeroplane corps and with 600 marines aboard, was ordered late yesterday to sail at once from Pensacola, Fla., to Tampico, with the Prairie, the Dixie and the destroyer flotilla.

YALE MEN CHEER AT SIGN OF WAR.

New Haven, Conn., April 20.—Two thousand Yale students paraded the campus last night, cheering the news of Huerta's refusal to salute the flag. Headed by an impromptu band and singing patriotic songs, the student throng charged up the hill to Prof. Taft's residence, and after repeated cheering Mr. Taft came to the door. The former president said he hoped sincerely "the calamity of war" would be averted.

"It will not be a trail of glory—it will be a trail of woe," he said.

SPANISH WAR MEN OFFER TO VOLUNTEER.

St. Louis, Mo., April 20.—Following the annual celebration of Muster day, the Spanish war veterans of this city through Capt. T. R. Roemer, last night sent the following telegram to Congressman William Igoe, from this district.

"The Army and Navy club of St. Louis offers a regiment of seasoned Spanish war veterans at call."

AVIATORS READY FOR WAR SERVICE.

St. Louis, Mo., April 20.—"Every member of the Volunteer Reserve Aviation corps of the army and navy, including myself, is ready to leave for Mexico on a moment's notice, when the call for active service comes."

Such was the announcement made here by Albert Bond Lambert, millionaire founder of the corps. There are forty-two aviators in the corps, scattered all over the country.

LOVERS DROWN ON BOATING TRIP.

New Memphis, Ill., April 20.—Julius Pfeiffer and his fiancee, Esther Williams, were drowned in the Kashkaskia river Sunday when the boat in which they were rowing struck a submerged snag and sank.

Pfeiffer, 23 years old, resided at Rentchler, seven miles from Belleville, Ill. Miss Williams, who resided at Concordia, Kan., was visiting a sister, Mrs. Irwin Biebel, at Rentchler.

The General says:

"My three big roofing and building paper mills are the most complete in the world"

Large scale production, modern and scientific manufacturing methods, unexcelled shipping facilities—these are some of the factors that determine the cost and quality of any manufactured article. This is the reason for our success and the success of our dealers on

Certain-teed

Quality *Cert-ified* **Roofing** Durability *Guaran-teed*

At each of our three mills we manufacture the following complete lines of roofing and building papers, etc.:

Certain-teed Roofing—extra quality—for use where long and efficient service is required—reasonable in price—made in rolls—1, 2 and 3-ply; guaranteed 5, 10 and 15 years—for factories, farm buildings, stores, warehouses, etc.

Certain-teed Construction Roof—excellent as a built-up form of roofing.

Certain-teed Asphalt Shingles—for residences or any steep roof—have the general appearance of slate—guaranteed 15 years.

Certain-teed Insulating Paper—acid and waterproof—odorless—for cold storage and refrigerator works.

Certain-teed Asphalt Felts—for built-up roofs and waterproofing purposes—do not dry out as tarred felts do.

Certain-teed 20X Waterproof Liner—saturated in *Certain-teed Cement*—cold storage and sheathing purposes.

Certain-teed Roofing Cement—for roofing and waterproofing purposes.

Certain-teed Roof Coating—renews life in old roofs—contains no coal tar.

Standard Quality Roofing—a standard grade product guaranteed equal to other manufacturers' standard grades—our prices are lower.

Competition Quality—made for a price proposition—not the cheapest that can be made, but the cheapest that ought to be made. Nothing better for the price.

Slate Shingles—red and green—not recommended for durability as surfacing comes off in a few years—artistic when new—*Certain-teed Asphalt Shingles* are more satisfactory.

Tarred Felt—No. 1, 2 and 3—slater's felt, stringed felt, dry saturated felt.

Resin-sized Sheathing—red and gray—for general sheathing purposes.

Blue Plaster Board—for lining inside of walls, etc.

Deadening Felt—used between walls and floors and under carpets.

Coal Tar and Pitch.

SPECIAL—*Certain-teed* PLASTIC CEMENT—of semi-hard consistency and is applied with a putty knife—for repairing leaks and holes in metal, felt, and tile roofs, flashing gutters and water troughs; in fact has hundred uses around a house. For sale by dealers. If your dealer does not handle it, send us 25c for small can by Parcel Post as an introductory offer.

All the above goods are put up in standard size rolls, weight and packages. They are accepted as standard by leading architects and engineers. Be sure the goods are made by us; we stand behind them. Sold by dealers everywhere at reasonable prices. Your local dealer will be glad to give detailed information about our goods.

THE "SWEEPER-VAC" VACUUM CLEANER AND SWEEPER

is the only three-in-one machine—(1) Run as a combination vacuum cleaner and carpet sweeper; (2) Vacuum cleaner alone; (3) Carpet sweeper alone.

Don't Buy a Vacuum Cleaner Because It Is Cheap.

A cheap cleaner is dear at any price; the Sweeper Vac will outlast by many times any of the cheaper cleaners made and will do the same work in half the time on account of the greater efficiency. Test one out at your home, with any other cleaner you are considering, and decide from the results and on the merits of the two machines. You owe it to yourself to make this test as you naturally want the best. An allowance for your old cleaner or carpet sweeper.

All the Sunshine of Summer

may be found in this wholesome, nourishing combination—the choicest product of the Northern fields and the most luscious fruit of the American garden,

Shredded Wheat Biscuit

With Strawberries

an ideal dish for the warm days when the body craves relief from heavy foods. All the body-building elements in the whole wheat made digestible by steam-cooking, shredding and baking. The only cereal breakfast food that combines naturally and deliciously with fruits, fresh or preserved. Try this delicious dish tomorrow morning for breakfast.

Heat one or more Biscuits in the oven to restore crispness; then cover with berries or other fresh fruit; serve with milk or cream and sweeten to suit the taste. Better than soggy white flour "short-cake"; contains no yeast, no baking powder, no fats, no chemicals of any kind—just the meat of the golden wheat, steam-cooked, shredded and baked.

The Shredded Wheat Company, Niagara Falls, N. Y.

Woman's Realm

The Mexican situation is a subject of the keenest interest to every Duluthian and every American, of course, but one young woman in Duluth is probably more interested than anybody else in the city. The reason for this is a very good one.

Her young husband is an officer on board the battleship Florida, which is now at Vera Cruz, and before night may be taking part in a bombardment of the town, or in its capture by marines.

The young woman is Mrs. Gerald Howze, daughter of Mr. and Mrs. W. E. Richardson of Duluth. Her sailor-husband is Lieut. Gerald Howze of the Forida. Mrs. Howze has received three most interesting letters from him, telling of the sentiment of the fleet officers and their momentary expectancy to be ordered to attack on the Mexican cities.

Lieut. and Mrs. Howze were married in Duluth, and the lieutenant is well known to many Duluthians.

WOMEN WAGE EARNERS.

Miss Evans and Miss Peterson Will Speak.

Miss Victoria Ericson, deputy factory inspector, has sent out notices of a meeting of women wage earners to be held in Memorial hall, courthouse, this evening at 8 o'clock. Miss Agnes L. Peterson, superintendent of the bureau of women and children, department of labor, and Miss Eliza Evans, secretary of the minimum wage commission, will speak at the meeting. All women who are wage earners are urged to attend and to take with them others who are interested in the campaign for better hours and better wages. Owing to the investigation into the cost of living of women workers in Duluth, the meeting tonight promises to attract a large number.

Early in March Miss Peterson and Miss Evans spoke at a similar meeting in Memorial hall. The representatives of the state labor department have planned a series of meetings hoping to get into touch with the women wage earners of the city.

LOOKING FOR HOME.

Miss Wilson and Secretary McAdoo House Hunting.

New Bedford, Mass., April 20.—William Gibbs McAdoo, secretary of the treasury, and his fiancee, Miss Eleanor Randolph Wilson, visited Mattapoisett Sunday, coming on the revenue cutter Onondaga. They looked at a number of houses in that summer resort, for the purpose of leasing a place for the summer. There were several others in the party. The Onondaga sailed for New York later.

FOR RANGE WOMEN.

Mrs. Engel Speaks at Hibbing and Virginia.

Mrs. J. C. H. Engel returned Saturday from Hibbing and Virginia, Minn., where she talked before the Saturday club of Hibbing and the Progressive Woman's club of Virginia on the "Study of the Modern Drama." Mrs. Engel is chairman of the recently organized Duluth Modern Drama Study club.

LECTURES ON RANGE.

Mrs. Speigel Talks on "Maeterlinck" at Virginia.

Mrs. R. Speigel and Mrs. J. H. Norton went to Virginia, Minn., this morning. This afternoon Mrs. Speigel spoke on "Materlinck" to the members of the Virginia Woman's Study club. This talk was planned as introductory to the attendance of some of the Virginia club women to "The Blue Bird" at the Lyceum in Duluth this week. Mrs. Speigel took a greeting from the Duluth Modern Drama Study club to the club women of Virginia. Mrs. Speigel will return home tonight. Mrs. Norton will remain for a few days' visit with friends.

Maeterlinck Program.

A Maeterlinck program will be given at the conference of the Duluth center of the Drama League of America at the Lyceum theater tomorrow afternoon at 4 o'clock.

Charles Hampden, stage manager of "The Blue Bird," that is running at the Lyceum this week, will speak on "My Visit to Maeterlinck." Miss Alice Butler, who plays the part of Fairy Berylune, will tell of "The Blue Bird Behind the Scenes." The local organization of the Drama league will be represented by Dr. J. W. Powell of Minneapolis, whose subject will be "The Literary Influence of Maeterlinck." Dr. Powell, who was formerly pastor of the Endion Methodist church of Duluth, was one of the original directors of the Duluth center of the league and is still connected with it. In addition to Dr. Powell, the members of the advisory board of the Duluth center are Dr. Richard Burton, who will be the next president of the Drama League of America; Benedict Papot, Bishop James McGolrick, Mrs. J. L. Washburn and Mrs. Robert Seymour.

Traphagen-Starkey.

The engagement has been announced of Miss Gertrude Traphagen, daughter of O. G. Traphagen of San Francisco, to Alan Burton Starkey, son of Mr. and Mrs. H. A. Starkey of 1421 East Second street. Two years ago Miss Traphagen visited in Duluth and was the guest of her uncle, Charles Traphagen.

"Social Reform."

Under the auspices of the Duluth Suffrage association, Prof. Raymond Phalen of the extension department of the University of Minnesota will speak on "Social Reform" this evening at 8 o'clock in the council chamber of the city hall. This will be an open meeting.

LATE PARIS HATS AND CAPES ARE EXTREME

This picture just received from Paris shows the extreme of style of the new cape so much affected, and a new type of spring hat which Paris offers to the world.

Dancing Party.

David, Allan and Newton and Genevieve Black entertained at a dancing party at Prof. Leo's studio Saturday afternoon from 3 to 6 o'clock. Mrs. Black received the guests, assisted by Mrs. C. W. Stilson.

Those present were:

Misses—
Charlotte Warner, Virginia Warner, Hortense Speigel, Caroline Lyder, Isabel Jacobi, Beatrice Spangler, Maxine Spangler, Sherley Spangler, Helen Stilson, Mary Weiss, Ethel Bunnell, Gertrude Wangenstein, Virginia Carlson, Clara Elizabeth Baldwin, Faith Douglas, Elizabeth Stocking, Elizabeth Lynam, Frances Sellwood, Josephine Cotton, Mary Cotton, Eulalla Chisholm, Helen Christianson, Mary Mitchell, Helen Macrae, Mary Macrae,
Masters—
Homer Stilson, Shores Walker, Arthur Walker, Fred Engles, John Engles, William Stephenson, John Stephenson, Lindsley Edson, Alexander Gow, Jack Gow, Donald Miles, Ernest Locker, Richard Sellwood, Gerald Sellwood, Donald Kirby, Benton Stearns, Jack Marshall, Tom Wood, Allen Hoyt, Harvey Owen, James McAuliffe, Locell Turle, Edson Van Bergen, Harry Strong, Gerald Prince, Robert Dowse, Junior Prince, Robert Currie, Reginald Cowan, William Rossman, William Upham, Ruby Britts, Helena Silberstein, Melba Bruen, Helen McGreagor, Catherine McGreagor, Helen Wallace, Elizabeth Willcuts, Helen Ross, Helen Birch, Lucy Hostettler, Frances Cockrane, Margaret Craig, Ruth Williamson, Gertrude Collins, Jean Peyton, Jeannette Boyer, Marie McGeever, Sylvia Lounsberry, Helen Fosburg, Marion Medd, Helen Bullard, Frances Eaton, Genevieve Black, Dorothy Black, Brown, Ralph Watson, Harvey Williamson, Max Gebauer, Edward Skinner, Kendall McClure, Milton Mead, Donald McGreagor, Hastings Barber, Maurice Martin, John Ball, John Cheseborough, Rosser Cheseborough, Jack Wangenstein, Carl Luster, Robert Luster, Wilfred Smithies, William Watson, William Magie, Donald Wells, George Wells, Sam Boyer, Harlow Lounsberry, David Black, Allen Black, Newton Black, Richard Bowden.

Little Mothers' Club.

A Little Mothers' club will be organized at the Bryant school Wednesday afternoon and at the Irving school Thursday afternoon. The organization was urged by the health department to teach the girl pupils who have to watch over their small sisters and brothers the proper care of them. A nurse from one of the local hospitals will teach the "Little Mothers" how to prevent disease, what food a young child should be given and other important items pertaining to the care of babies.

Lodge Notes.

Zenith lodge, No. 99, Degree of Honor, will give a dance tomorrow evening at Maccabee hall, 21 Lake avenue north.

* * *

Duluth council, No. 3, Modern Samaritans, will give its regular monthly dance this evening at K. of P. hall, 118 West Superior street. Dancing will follow the regular business meeting and will begin at 9 o'clock.

* * *

Majestic Rebekah lodge, No. 60 will give a card party this evening at 8:30 o'clock, at the hall on Lake avenue north.

* * *

Duluth lodge, No. 110, D. of H., will entertain at cards Friday evening at 9 o'clock at Maccabee hall, 21 Lake avenue north. All members of D. of H. and A. O. U. W. are invited to attend. The committee in charge consists of Mrs. F. Leslie, Mrs. J. Shiren and Mrs. A. Otto.

Club Entertained.

The members of the Adams Junior's club were entertained Saturday evening at the home of Mr. Vexal, 23 North Eighteenth avenue west. The evening was spent in music and games. A luncheon was served. Those present were:

Mr. and Mrs. Vexal.
Misses—
Elsie Strandberg, Lillian Hallin, Ida Hjerpl, Grace Grenval, Helen Grenval, Eva Givings, Hazel Bloomquist, Elmira Hunter, Hilda Leander.
Messrs—
Carl Traff, Fritz Lindblom, George Ledingham, Arthur Borgeson, A. Johnson, Dick Jenson, Thomas Atol, George McNab, Kenneth Vexal, Felix Bovine, Edward Horngren, Axel Grenval, Harry Morrison.

RUMMAGE SALE

The Endion M. E. Church will hold a Rummage Sale at 10 West First Street, Wednesday, April 22.

Sacred Concert.

Under the auspices of the Tabernacle Society of St. Clement's Catholic church, a sacred concert was given at the church last evening by the choirs of the Sacred Heart cathedral and St. Clement's church. The program was arranged by Mrs. Emil Borth and Miss Theresa Lynn, who were the accompanists. Rev. Hugh T. Floyd spoke on "The Constitution of the United States and the Church."

Auxiliary Card Party.

Under the auspices of the Ladies' auxiliary, A. O. H., Division No. 1, a card party will be given tomorrow evening at cathedral hall.

Birthday Party.

Mrs. T. Maher of 624 Second avenue east entertained Saturday in honor of the fifth birthday of her daughter Katherine. The guests were:

Misses—
Evelyn Hurstade, Marian Ptacek, Elsia Maher, Berenice Beladeau, Emily Feaka, Anna Espe, Marguerite Alm, Katherine Cohaske, Marguerite Maher, Ellen Feaka.

Jamieson-Savage.

Mr. and Mrs. Marcus W. Jamieson of Warren, Pa., have issued invitations to the marriage of their daughter, Miss Marcia Crary Jamieson, to Edward Savage of Duluth. The wedding will take place Wednesday afternoon, April 29. Mr. Savage and his bride will make their home in this city after June 15.

Emanuelson-Richards.

Mr. and Mrs. J. J. Emanuelson of Rush City, Minn., have announced the marriage of their daughter, Miss Nellie Elizabeth Emanuelson, to A. Keene Richards, on April 3, at the home of the bride's aunt, Mrs. Dahlquist of St. Paul. Mr. and Mrs. Richards will be at home after June 1 at 1303 East Sixth street. Mrs. Richards has been secretary to President Bohannon of the normal school.

Trinity Guild.

There will be an all-day meeting of Trinity guild at Trinity pro-cathedral guildroom tomorrow.

Teachers' Association.

The Duluth Teachers' association will give a social for its members Friday evening at Salter school.

Greysolon Chapter.

Mrs. T. W. Hoopes and Mrs. F. W. DeVey will be hostesses for the meeting of Greysolon du Lhut chapter, D. A. R., tomorrow afternoon at the home of Mrs. Hoopes, 2206 Woodland avenue.

Y. W. C. A. Vespers.

At the Y. W. C. A. vesper service yesterday afternoon Mrs. George A. Reifsteck read "The Man in the Shadow" and Miss Myrtle Hobbs sang "My Redeemer and My Lord," by Dudley Buck, and "Still, Still With Thee," by A. F. M. Custance. A social hour followed vespers.

Personal Mention.

Mrs. John Stone Pardee, formerly of Duluth, is visiting Mrs. Parker Paine of 528 Twentieth avenue west. Mrs. Pardee spent the winter in St. Paul.

* * *

Mrs. Margaret Herrick of 1828 East Fifth street spent the week-end in Minneapolis.

* * *

Miss Georgia Everest of 4840 London road, who was called home on account of the illness of her father, has returned to New York.

* * *

Mrs. Earl F. Bradley and daughters, Margaret and Muriel, 4411 Regent street, returned Friday from a three months' visit in Los Angeles and other California points.

* * *

Mr. and Mrs. David H. Williams, 5619 London road, went to St. Paul Saturday, called by the death of Mr. Williams' brother.

* * *

* * *

Miss Clementine Blackwood has returned from a visit with her father at Minneapolis.

* * *

Mrs. R. Speigel of 1902 East Fifth street and Mrs. J. H. Norton of 581½ East Superior street went to Virginia, Minn., this morning. Mrs. Speigel will return tonight, but Mrs. Norton will remain for several days to visit friends.

* * *

Mrs. Verne Culbertson of the Alexandria apartments left today for Minneapolis, where she will spend a week with her mother.

Living Models at Gray's.

Lecture on Bon Ton corsets illustrated by handsome living models. Lectures tomorrow and Wednesday at 10 a. m. and 2:30 p. m. A limited number of reserved seats free at corset department.

MANY SUMMER BIRDS ARRIVING

S. G. Stevens Says Feathered Folk Have Come a Week Late.

Summer birds are arriving in flocks and are filling the air with song and twitterings. S. George Stevens, naturalist and bird lover, says that they are a week late. Mr. Stevens says that last year they arrived in some instances ten days earlier than they have appeared this year.

Yesterday and this morning the outlying districts of the city, Lakeside in particular were alive with these little harbingers of summer. There were some peculiar looking birds, according to the reports that come in from these districts. One flock of birds were marked by their bright green beaks, which Mr. Stevens is unable to place off-hand. Another is a yellow bird with grey markings or a grey bird with yellow markings, as the case may be. This, Mr. Stevens thinks, is the yellow hammer or flicker, and he says they have been in the vicinity for several days. Some blackbirds with white breasts he is unable to place, but some grey birds with white breasts he says are juncoes and are the earliest birds to arrive on the Northern migration.

Aside from these there are flocks of song sparrows, wrens, cherry birds, and robins which have been here for weeks. Mr. Stevens says that he has been informed that some martins have been seen, but rather doubts it for martins are about the last to test the Northern climate. Some phoebes are here, however.

Free Tickets at Gray's.

Living models and lecture on Bon Ton corsets. Next lectures at 10 a. m. and 2:30 p. m. tomorrow. A limited number of reserved seats free at George A. Gray's.

DOCTORS LAX IN MAKING REPORTS

Careless About Filing Vital Statistics With Health Department.

It is claimed by the health department that Duluth physicians are neglecting to report vital statistics and have become so lax that often reports are made from one to two months late.

At the health department this morning it was said that birth reports especially are neglected by Duluth physicians and as a result necessary statistics are never available, because these records are always incomplete. This morning a birth record was received reporting the birth of a child on March 9 last, almost six weeks ago.

The state board of health, one of the officials said, this morning, is constantly after physicians to make these birth reports within at least twenty-four hours after the birth. Local physicians, with but a few exceptions, never have complied with this request and as a result the records are never complete, it is asserted.

A special campaign is to be made among local physicians and an effort made to have them realize the importance of these statistics and to urge them to make their reports within the prescribed time.

MILD EPIDEMIC OF SCARLET FEVER.

The city now has more than eighty cases of scarlet fever, according to health department records.

The number has been showing a slight increase in the last week. Dr. H. E. Webster states that conditions in Duluth are much better than in most of the cities of the country. He believes the principal reason for the increase to be to the fact that some of those who have the disease have not been sick enough to think they need the services of a physician and have been infecting others by mingling with them. No cases have originated from outside points, as far as can be ascertained. Other contagious diseases are comparatively small in number.

ARMY RECRUITING STATIONS BESIEGED

Central Division Troops Can Start South in Twelve Hours.

Chicago, April 20.—All the United States troops remaining in the Central division, about 1,500 cavalry and six batteries of field artillery, are ready to entrain for the South and can be on their way in twelve hours, it was stated at division headquarters today. There are four troops of the Fifth cavalry at Fort Sheridan and four at Fort Leavenworth, as well as about 700 men at Fort Riley. Five batteries of field artillery are at Fort Riley. The Sixth is at Fort Snelling, St. Paul, Minn.

Despite the large numbers of applicants at the recruiting offices in this city the officers in charge have accepted only the few men required to fill vacancies caused by the discharge of men who have completed their enlistments. No orders have been received from Washington to increase the army.

The recruiting stations here have been beseiged by applicants who have asked to be assured of active service.

CELESTIAL MAY BE DEPORTED

Gained Entrance as Merchant—Found Operating Laundry in Hibbing.

Coming into this country with a $1,000 "roll" and claiming to be a merchant, Sin Tax Sam, 33 years old, was arrested Saturday at Hibbing by Immigration Inspector Brown McDonald on a charge of being an illegal resident of the United States. Sam is alleged to have been operating a laundry and when arrested is said to have been working over his tub.

The law in this regard is to the effect that Chinese and Japanese are excluded from this country, unless they are students or merchants. All others are barred from entry by the officials on the Pacific coast points, where the Orientals usually try to gain entrance.

About eighteen months ago Sin Tax arrived at Seattle with $1,000 in cash and affidavits to prove he was a merchant. He was granted admission and shortly after he drifted to Hibbing where he has been operating a laundry. The authorities are of the opinion that the money Sin Tax flashed was loaned to him for a purpose and that he actually misrepresented himself to gain entrance in the United States.

This morning Inspector McDonald held a hearing and a report will be sent to the immigration authorities at Washington. If the Chinaman's story is found to be untrue, he will be ordered deported to China. He has been here less than three years and is liable under the exclusion act.

SIMPLE WEDDING FOR VINCENT ASTOR.

New York, April 20.—The wedding of Vincent Astor and Helen Dinsmore Huntington will in all probability, take place on April 30, the date originally set. This was the substance of a statement given out today by Mrs. Robert P. Huntington. The wedding will be much simpler than originally intended.

Find Son Drowned.

Columbus, N. D., April 20.—(Special to The Herald.)—Returning in elation with a son, who had been to a hospital in Bowbells and was convalescent, Mr. and Mrs. Hierath found their 3-year-old son had drowned. In their absence, he had been playing in a slough near the farm home, two miles from here, and had fallen into the water.

State Senate Filing.

Brainerd, Minn., April 20.—(Special to The Herald.)—Senator C. D. Johnson of the Fifty-third district has filed for renomination. The Brainerd man was indorsed by the Democratic county mass meeting. C. W. Bouck of Royalton, it is said, may file as representative-at-large of the Crow Wing-Morrison county district.

How Many Times Do You Race Around the Kitchen Each Meal?

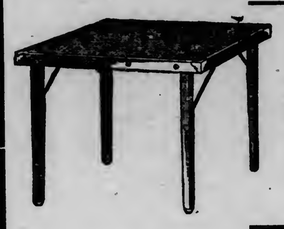

getting articles that you ought to have at your finger's ends? How many unnecessary steps do you take? Wouldn't you like to have the pantry and cupboard and table all brought together? The combination of the three can be had by equipping your kitchen with the

OBSERVATIONS

By PEGGY PEABODY

Men Not Blameless in Affairs With "Other Women."

A case was recently called to my attention in which the relatives of a professional gentleman roundly scored a woman who was employed in his office for being irregularly associated with her employer, who in this instance happened to be a married man. According to this man's relatives he happened to be a model man until he met this business associate.

To my way of thinking, it is not possible for a man to be without blame in such a matter, more especially a married man who has knowingly taken vows upon himself to love and cherish and cleave to another woman. There will be little progress in such affairs until the idolizing mother and the too lenient wife looks the thing squarely in the face, and admits that her darling boy or adored husband is fully as much to blame as the woman party to the disgraceful entanglement.

I know of a young wife who had to stop asking girl friends to visit her. Her husband had attempted a little more freedom than a well-bred girl permits from her friend's husband. One girl visitor packed her bag and went home, while another remained and strove to ignore the embarrassing state of affairs. At first the young wife blamed the first girl for quick action, and in turn became suspicious of the one who remained, claiming she was a temptress.

Repetitions of these embarrassing incidents kindled the young wife's sense of justness and she directed blame where it was due. The girl who packed her bag did the right thing, though it might be unfair to state that the other was intentional of any wrong doing. It is always safest to remove yourself from temptation and anything that looks like acquiescence in an affair with another woman's husband.

It does not absolve a man from blame when a woman accepts his attentions. A married man knows he does wrong when he enters an association with a woman not his wife.

Shame upon any woman who interferes in the domestic relation of husband and wife. But shame, too, upon the man who forgets his own vows or ignores them. I think the man's whole family should labor with him. If they can relight in his heart the sense of duty he owes his wife you may be sure that the other woman's influence will not count for much.

Armours "STAR"

"The Ham What Am" and Bacon too

Full of juicy, rich flavor to the last bite. "Mild sugar" cure, they call it. Always keep them on hand. They stimulate, as well as satisfy, the appetite.

THE DULUTH HERALD

AN INDEPENDENT NEWSPAPER

Published every evening except Sunday by The Herald Company.

Both Telephones—Business Office, 324; Editorial Rooms, 1126.

Entered as second-class matter at the Duluth postoffice under the act of congress of March 3, 1879.

OFFICIAL PAPER, CITY OF DULUTH

SUBSCRIPTION RATES—By Mail, payable in advance, one month, 35 cents; three months, $1; six months, $2; one year, $4; Saturday Herald, $1 per year; Weekly Herald, $1 per year.

Daily by carrier, city and suburbs, 10 cents a week; 45 cents a month.

Subscribers will confer a favor by making known any complaint of service.

When changing the address of your paper, it is important to give both old and new addresses.

The Duluth Herald accepts advertising contracts with the distinct guaranty that it has the largest circulation in Minnesota outside the Twin Cities.

The Herald will be glad to have its attention called to any misleading or untrue statement which may appear in its news, editorial or advertising columns.

PEACE IMPOSSIBLE AT THE PRICE.

Now, when unavoidable war with Mexico is at hand, this nation is solidly buttressed by the inescapable fact that despite insistent urging and constant temptation, it has withheld the mailed hand until it could no longer be withheld with honor.

Whether Huerta's invitation of this punishment is mere impudence and braggadocio, or a dismal last resort in the hope of uniting his sundered country around him, the invitation is plain. The insolence of the de facto government of poor afflicted Mexico has passed all bounds of patience, and prompt action is the only course that lies open.

And in taking this action the government of the United States has a united nation behind it—notwithstanding the despicable attempt of James Peanut Mann, the Republican house leader, to make political capital out of his disagreement with the Wilson policy.

There is no nation on earth whose people are more firmly wedded to peace than the United States. There is no nation less eager for war, less likely to wage war unnecessarily. Peace at any price except the price of national honor is the motto of the American people.

But peace at the price of national humiliation by the bloodstained hand of a drunken upstart braggart is peace at too great a price. Americans cannot afford it.

Congressional action will not constitute a declaration of war, but that is simply because war cannot be declared against an unrecognized government. In all except form, when congress gives the president a free hand it means war and nothing but war.

And when a nation takes the road to war, it is a road whose end no man can see.

War is war, and a very serious and tragic thing no matter how microscopic its beginning. It sounds simple enough, the opening program. We are to invest and take Tampico and Vera Cruz, capture the railroad leading from Vera Cruz to the capital, and blockade both coasts. These are easy tasks, and the job is simple—if it ends there. But will it—can it—end there? Setting out to war is touching a flame to a train of powder that leads to a magazine of unknown possibilities.

But whatever the hazards and whatever the possibilities, they will be accepted. From now on, they are all in the day's work; and it is a united and unanimous nation that is attacking that day's work, whether it is to last a day, a month or years.

And one thing more that united nation is determined upon, and it will be well if certain people have that determination clearly in mind. This is that in this enterprise there will be no chestnuts pulled out of the fire in behalf of unpatriotic exported American dollars. How we are to get out of Mexico once we get in we do not know, but get out we shall—and not an ounce of Mexican soil will stick to our fingers when we leave!

While nobody honestly can be glad that it had to come to this, in certain aspects it is a good thing. If anybody, here or abroad, had an idea that President Wilson lacked a backbone, he will know better now. Mexico is to be taught a lesson. Europe is to be taught a lesson. And America will be taught a lesson, too.

"Watchful waiting," it now is clear, was not without its "gun behind the door." Nobody hereafter will be deceived, and mistake poise and patience for timidity and hesitation.

Incidentally, John Lind of Minnesota, no longer grimly silent but for a space grimly eloquent, is a striking figure, fit to stand beside that of the president. He has been of great and splendid service to his country, and he shares with Wilson the applause that shatters the hush preceding the roar of the opening guns.

The action of the navy thus far doesn't seem to bear out all those bear stories that were recently sent the rounds of the appropriation committee.

Has anybody here heard of Ulster recently?

WILL SENATOR CLAPP MISREPRESENT THE PEOPLE OF MINNESOTA?

At last accounts Senator Moses E. Clapp of Minnesota was accounted to be an opponent of the president's program of redeeming the national honor by the repeal of the clause exempting the vessels of the coastwise shipping trust from the payment of canal tolls.

So far as anything he has said is concerned, he still stands in that melancholy crowd which clamors for ship subsidies and the betrayal of the nation's honor.

We shall still hope that before the vote in the senate is taken it will develop that the reports which placed him in this category of dishonor did him an injustice.

If Senator Clapp thinks that a vote for ship subsidies squares with the conscience of the people of his state, he is mistaken.

If Senator Clapp thinks that a vote for treaty violation squares with the conscience of the people of his state, he is mistaken.

If Senator Clapp thinks that a vote to make his country's pledged word a byword around the world squares with the patriotism of the people of his state, he is mistaken.

If Senator Clapp thinks that a vote to embarrass the administration in the hope of profiting the Bull Moose party squares with the conscience and public spirit of the people of Minnesota, he is mistaken.

If Senator Clapp thinks that a vote to profit the two coasts unfairly at the cost of his own state squares with the thought of the people of Minnesota, he is mistaken.

If Senator Clapp thinks that a vote to profit a shipping trust at the cost of the whole country squares with the economic ideas of the people of Minnesota, he is mistaken.

If Senator Clapp thinks that a vote to give the industries of other sections an unfair advantage over the industries of his own state meets with the approval of the people of Minnesota, he is mistaken.

If Senator Clapp thinks that a vote for national perfidy and dishonor, for a disguised raid on the treasury, will further endear him to the people of Minnesota, he is bitterly mistaken.

And, finally, if Senator Clapp thinks that the people of Minnesota are not watching his vote on this test of honor, good faith and sound statesmanship, and that they will not use it to resolve whatever doubts his public and political acts may already have created, he is mistaken—and it may be a very costly mistake.

Egypt is afraid she will be able to raise only a hundred and fifty million pounds of onions this year. That seems a reasonable allowance.

THEY KNOW!

Huerta, at first, manifestly didn't think Wilson meant business.

Any congressman could have told him different.

Senator La Follette maintains that President Wilson is inclined to be a standpatter. It must be the senator is getting hard up for some means to attract the limelight.

TEACHING THE PRISONER.

The Rev. Andrew J. Patrick, chaplain of the Illinois state penitentiary at Joliet, writes in the Northwestern Christian Advocate of the excellent and interesting experiments he is carrying on there in educating the prisoners.

Fundamentally, the aim of this prison school is that every inmate, when he is turned loose, shall be able to write and read; and, above that, that every inmate shall receive such general education as he is willing to gain and as the prison machinery can possibly furnish him.

As lack of education landed many of these men where they are, in filling that lack prison authorities are helping them to set a firm foot in the pathway of a better life when they leave prison.

"The primary aim of our prison school," says Mr. Patrick, "is to give the boys those things which are everywhere essential to intelligent living. We aim to develop the powers to see things in the right light, and to think independently—in a word, to teach them the art of right living. We offer courses in English, history, civil government, arithmetic, geography, grammar, reading and writing; there is also a course offered in algebra, geometry and advanced history, grammar and geography."

For next year, too, a commercial course is planned.

This school was started only last October. It is doing admirably. Minnesota, too, has taken this advanced stand toward the welfare of its prisoners, and it took it much earlier. For years the Minnesota prison at Stillwater has conducted a night school, which is in operation eight months of the year, and which aims to give every inmate the opportunity to acquire the foundations of a good education. The better educated prisoners are privileged to join a branch of the Chautauqua society which is located within the walls of the institution. This circle is officered and managed entirely by the inmates, and under the direction of the main organization pursues the regular course of Chautauqua study each year.

These instances are interesting and valuable not only in themselves but because they illustrate the distance society has traveled since the time when it regarded every prisoner as lost, and since its prison entrances might well have borne this motto: "Abandon hope, all ye who enter here."

The prisons that device would fit are, thanks to growing public intelligence, becoming fewer year by year.

What does Admiral von Diederich think of all this naval affair?

Wilson and the Interests

Ohio State Journal: Secretary Bryan, in his statement on tolls exemption, hints at the real animus of the fight against the president on this issue. It was simply another case of big selfish interests fighting for special privilege under a specious plea. The rallying cry this time was patriotism, unwillingness to bow the knee to Great Britain and all that sort of thing, but pure selfishness was at the bottom of the whole campaign for tolls exemption. Certain rich men were seeking a subsidy and trying to fool the president, the congress and the people into thinking that they were actuated only by the highest motives.

It is the same old story—big interests struggling to hold on to their special privileges under false pretenses. When the tariff bill was up, their hearts bled for the honest American workingman. When it came to the currency measure they cried out that the poor little country banks would suffer. Beaten on both these issues by the president, they picked up international prestige as a mask for their next operations, and this fight, too, they have as good as lost. The president sees right through them and he does not waver when the pressure is applied.

No one ever had any doubt about Woodrow Wilson's integrity, courage and high purposes. Some sincere men did fear, however, that he was more theorist than practical man and might be misled by the clever and designing. Such fears have vanished with a year's experience of him in office. He seems to be the hardest man to fool that the interests have found in the presidential chair for many a year.

Is 35 Years or 40 the Ball Player's Age Limit?

Grantland Rice in Collier's Weekly: The prime of life, if there is such an institution, might well be placed at that experienced yet still eager period between 35 and 40 years of age.

But on the ball field this period becomes the Fossils' Retreat, as a few highly eminent statistics will quite shortly prove.

In the two big leagues—and the Feds, or the three big leagues, just as you esteem it—there are now enlisted 700 ball players in the service of the game. From this service exactly five, or less than 1 per cent, are over 35 years of age.

These five are: Hans Wagner, 40; Nap Lajoie and Eddie Plank, 39; Miner Brown, 38, and Tommy Leach, 37. The list shows two pitchers, two infielders and one outfielder, the remarkable part being that only one outfielder has survived.

We thought the list would be much larger until we toyed a trifle with the dope. But we found that Jimmy Sheckard wasn't 35, that Mathewson wouldn't be 34 till August, and that others, listed as doddering old war horses, were fading out while only a step beyond 30. Bender, for example, is only 33, but two years older than Tris Speaker, who is three years older than Ty Cobb, despite the fact that Cobb has been longer in the game.

As these conditions are normal, it is reasonable to assume that only 1 per cent from the Main Corral stick under fire after they have passed the age limit of 35 years. Another remarkable feature connected with the above list is that all five in the Veterans' Nook had fine seasons last year. Wagner batted .300; Lajoie, .335; Plank did good work through the year in over forty games and was the pitching star of the world's series; Leach tied with Carey as the main run-getter in the National at ninety-nine precious tallies through one of his greatest years, and Brown, working with Cincinnati, was as effective in curbing earned runs as Rucker, Seaton, Sallee and other such stars. It is also interesting to observe that while 5 out of 700 have passed 35 years, only 1 out of 700 has attained the sedate age of 40—the name being Henry Wagner of Pittsburg.

Decided to Ponder.

Philadelphia Telegraph: Speaking at a banquet recently, Harry P. Judson, president of the University of Chicago, referred to the great wisdom of giving some matters a second thought. Then he told the story of pretty Norah.

Norah was demure. She was likewise coy, while Pat, who loved her with a carload of devotion, was too bashful to grab her in his arms and tell it to the dear one like a phonograph. One day, however, he rallied enough nerve to cautiously approach the important subject.

"Norah," he timidly said after many painful attempts, "did yez iver think about gettin' married?"

"Shure now, Pat," was the teasing rejoinder of Norah, "the thought of marrying has niver intered me head."

"Is that so?" mournfully answered Pat, as he arose and started for the door. "Indade it's sorry that Oi am."

"Just wan minute, Pat," softly called Norah, intercepting her lover at the door. "Yez have set me to thinking."

Fine Young Seamen in Our Navy.

From "Our Many-Sided Navy" (Neeser): No patriotic citizen can visit one of our great dreadnaughts and escape a feeling of admiration when he sees the clean-cut, intelligent bluejackets who are giving their services to their country. Each one of them is an exponent of healthful life, good habits and the discipline of the service. How high is that standard of character is not generally appreciated, and cannot be, unless one realizes that out of 75,475 applicants for enlistment in the navy during the past year (1913) only 17,918 were accepted. Membership in the navy is indeed an honor from which undeserving should be excluded.

Hard Coal and Millions.

Philadelphia Record: Some one has estimated, after a series of scientific experiments, that it took nature about 8,000,000 years to produce anthracite. Curiously enough, that seems to be just about the length of time that will be required, at the present rate of progress, to force the Reading railway and other carriers to reduce their charges on this same coal. Anthracite just naturally runs into millions.

About Panama Tolls

Editorial in the Louisville Post.

The Chicago Tribune, which supported Roosevelt with such vigor and success in 1912, repudiates the Progressives in Congress who are fighting for the Panama tolls exemption, and declares that they altogether misrepresent the spirit that made Mr. Roosevelt so formidable a contender in the last presidential race.

The Chicago Inter Ocean, which supported Mr. Taft and is now trying to rebuild the Republican party in the Middle West, is equaly emphatic. After reviewing the terms of the treaty made by the United States with Great Britain and the evident evasion of its meaning in the section permitting American coastwise trade to go through the canal free, the Inter Ocean says:

There is our solemn contract, not merely with England, but with all the world. Is there any possibility of dispute about its meaning? It may bind us to a bad bargain, but it is our bargain, freely and voluntarily entered into. Honorable men and nations do not repudiate their contracts merely because later found disadvantageous.

Neither will the American republic do this dishonorable thing. This comes from a newspaper that is an unsparing critic of President Wilson's policies upon other things, but which raises its voice to protest against the assumption that the best men of the Republican party stand for this evasion of the nation's pledge.

There are, and there should be, no party lines in this matter. Mr. Clark, Mr. Murphy and Mr. Hearst, who call themselves Democrats, fight for this odious and disgraceful subsidy. Mr. Bradley and Mr. Penrose, who call themselves Republicans, take the same position, as do Mr. Murdock and others who call themselves Progressives.

But the true temper of the American people is reflected by the attitude of Democrats such as President Wilson, Republicans such as Mr. Root and Mr. Burton, and the Chicago Inter Ocean, and Progressive newspapers such as the Chicago Tribune and the Kansas City Star.

Wash Day

Walt Mason in Judge: In those olden, golden days, which the bards and dreamers praise, Monday was a day of dread, and the housewife left her bed before the break of dawn; then she "put the boiler on," carried water by the ton, and the day's work was begun.

O'er the washboard then she bent, as the long hours slowly went; and she rubbed and rinsed and wrung, till upon the line were hung all the children's Sunday clothes, whiter than the driven snows. Oh, she rinsed and wrung and rubbed, where the heaps of clothes were tubbed, till her back was warped with pain and an ache was in her brain; in the steam and suds she toiled, and her hands and arms were boiled, and the world seemed shorn of hope, for her hair was full of soap.

When the husband came at noon, keen to ply the fork and spoon, keen to wield the carving knife, he would grumble at the wife, for no banquet had been spread, and he had to eat dry bread, with perchance a slice of beef; and he loudly voiced his grief. He rebuked that household plan which would force a hungry man to consume such victuals stale as they serve to men in jail. And the children raised complaint; hunger made them sick and faint, and they sighed, with broken hearts, that there were no pies or tarts.

So the housewife toiled and wrought, in the water, bubbling hot; toiled away, distressed and weak, in the steam clouds and the reek, till the long, dark day was done, and her hour of rest was won. When she went to her repose, she could taste the steaming clothes; in her dreams she tried to cope with the wash tub and the soap. This was wash day in the time oft embalmed in poet's rhyme, in the olden, golden days, shining through a mystic haze.

In this unromantic time wash day isn't such a crime. For electric currents turn cunning little wheels that churn soap and water through the clothes, and the wringer gayly goes; and the housewives sit and read helpful books like "Kim" or "Queed," while the cranks and cogwheels buzz, doing work no giant does. And the husbands get their meals when the clock the noon hour peals, and the children, bless their hearts! do not pine away for tarts; and at eve unwearied dames come forth ready for some games of lawn tennis or croquet—washing done and put away!

The Missing Unemployed.

Philadelphia Telegraph: The most illuminating paragraph written about the "unemployed" demonstration in New York last Saturday is the opening one of an account of the event printed in the Call, the Socialist daily of that city. It reads:

"The greatest rally for the unemployed which has ever been held in this city without the presence of the unemployed took place yesterday afternoon in Union square."

Of the 8,000 persons present 90 per cent were curiosity seekers, "while the other 10 per cent were anarchists, I. W. W.-ites, syndicalists and several other ists and ites, who felt it their duty to be there because they were supposed to face the music, and of some Socialists who felt it incumbent upon themselves to be there because they had been warned by the party executive committee to stay away." After referring again to the prosperous appearance of the crowd, this newspaper says: "It was noticed that the most forlorn and hungry individuals in the square sat in their accustomed places on the benches and refused to get up for anybody."

Hard times with large numbers of men out of work are supposed to be "pie" for the recruiting agents of radicalism. When the principal Socialist organ in America takes a view like the above of alleged industrial depression and widespread unemployment, the condition advertised may safely be regarded as an exaggeration.

The Whole Show.

Philadelphia Telegraph: The status of the office boy came up for discussion in the lobby of a Washington hotel the other afternoon, when Congressman Samuel J. Tribble of Georgia told of an incident that happened in one of the metropolitan cities.

One day a young man went to the office of a large firm and asked to see the head of the house. On being received by that party the young man intimated that he would like to be connected with the firm.

"I see," thoughtfully mused the head of the house. "What particular position in our establishment would you like, sir?"

"I was thinking," loftily returned the young man, "I might be made the confidential manager or the general manager."

"Just the thing!" happily replied the boss. "You may have both jobs. I will make you the office boy."

Statesmen, Real and Near

By Fred C. Kelly.

Washington, April 20.—(Special to The Herald.)—Senator Moses E. Clapp wears a vast white vest and has a face as stern as a savage, but he has a keen sense of humor and goes in for quiet little practical jokes. One day two old friends happened to meet in Clapp's office and at once they sat down to hold a little reunion.

"We'll walk up town and—and look around a bit," suggested one.

Which meant that they would set out and buy each other a number of drinks with which to fill in and cement the chinks of the renewed acquaintance.

"Just a minute, Bill," said Clapp, beckoning to one of the pair before they started out. And when they had retreated to a far corner of the room for a confidential chat he told him:

"It just occurred to me that you might not have heard about old George there going on the water wagon. Oh, yes, he quit the stuff and hasn't touched a drop now for more than a year and a half. Fact is, he gets insulted if anybody ever mentions it. So you want to be careful not to breathe a word about things to drink or you'll make a lifelong enemy of him."

Then to the other man, a moment later, Clapp said casually:

"George, if you'll step into the private office here, I'll give you that letter you wanted."

When he had him thus to one side, he whispered:

"I just wanted to caution you not to suggest any form of alcoholic drinking while you're with Bill. Maybe you haven't heard about it, but he swore off drinking seven or eight months ago, and it has been a hard struggle for him to stick to his good resolutions. It would be an awful thing, now that he has practically won out, to lead him back into the old life. Oh, yes; he was hitting it up pretty lively there for a while. Well, good luck."

So the two wandered uptown, and spent the afternoon looking in the shop windows, each fearing to speak the thoughts that lay uppermost in his mind.

* * *

Secretary Josephus Daniels has a violent aversion to divorce. He thinks that when a man gets married he ought to stick it out. Whenever he sees the word "divorced" in the record of a naval officer up for promotion, Daniels shakes his head dubiously, and the man's record, otherwise, has to be just that much better.

On the other hand, Daniels, as is well known is a great booster for matrimony. On several occasions since he has been at the head of the navy, he has shifted an officer from one vessel to another or from a boat to shore duty, to give him an opportunity to get married.

As one of Daniels' assistants remarked one day:

"If you keep on trying to get the whole navy married, you'll have to expect a few divorces."

* * *

Raymond W. Pullman, Washington newspaper man, was talking to a foreign diplomat who took himself rather seriously, and who pronounced his words peculiarly. He had to ask the man to repeat a word that he couldn't understand.

"If you understood Latin," observed the foreigner haughtily, "you wouldn't have to ask me to repeat that."

"If you understood English," replied Pullman, with all the quiet courtesy he could summon, "I wouldn't need to understand Latin."

* * *

Representative Percy E. Quin of Mississippi lives in a section where magnolia trees are perhaps a little more numerous than they are anywhere else in the country, if not in the entire world. People have to cut them out almost as they would weeds. So a few days ago one of Quin's constituents wrote him as follows:

"Please have the agricultural department at Washington city send me four or five nice young magnolia trees. I want them for the front yard."

* * *

Another constituent wrote Quin asking for tobacco seeds. "And please be sure to send me both varieties," he added. Quin wrote back and asked him what he meant by both varieties.

"I want both chewing and smoking tobacco," the man replied.

* * *

Judge Warren Gard, member of congress from Ohio, always looks dignified—so much so that a colored employe at the capitol remarked one day that Gard looked to be utterly "irreproachable." However, Gard is not "irreproachable." One can approach him with impunity, and his seeming dignity isn't really there at all. He cracks quaint little jokes whenever he feels like it. For example, one day a young woman pranced by a group of men and women where Gard was sitting, and she had her hair done up in a Psyche knot.

"What is a Psyche knot?" somebody asked.

"It's a knot on a nut," gravely replied Gard, without changing his calm, judicial expression.

Bad Teeth.

Baltimore News: How many people realize the dangers of bad teeth? At a hopeful estimate, about one in ten thousand. Every one knows that a toothache is about the most villainous pain human beings are called on to endure, and that a sore tooth always feels about half an inch longer than any of its fellows. There public information on this matter stops; and, unfortunately, some doctors are not much wiser. Decayed or badly filled teeth may cause a whole lot of troubles without their bad work being suspected by the patient. Pus pockets often form at the roots of such teeth, and poison the whole system by constant discharge of virulent germs. Many persistent headaches are due to this slow, unsuspected poisoning. Joint troubles usually diagnosed under the omnibus title of "rheumatism" have been traced to the same source, and it is worth noting that this particular form of rheumatism is very frequently followed by heart affections, sometimes of a very serious nature.

Good teeth are almost priceless possessions. But a tooth that has a pus pocket at the root and is emptying a steady stream of disease germs into the system is not much less vicious than a chronically inflamed appendix.

The Only Alternative.

Chicago News: A pompous city official upon reaching his home one evening found the street blockaded and a heap or earth piled against his doorstep. Observing a workman wielding his shovel in a nearby ditch, he accosted a passing policeman and complained that the laborer was trespassing upon private property.

"What do yez mean by trowin' dirt on th' gintleman's steps?" demanded the officer, pompously.

"Sure, an' there's no other place t' throw it, d' ye mind," replied the workman, indifferently.

"Well, thin, in thot case, yez had better dig another hole an' trow it in there."

Keeping Up With Minnesota Editors

Press Comments on Current Events.

Coming Right From Home.

Long Prairie Leader: Some of the machine papers are worrying because in the few minutes' speech William E. Lee made at the state conference March 19 he did not say anything about county option. It is about as necessary for Mr. Lee to declare himself on the matter of county option as it is for Supt. Safford or P. J. Youngdahl.

Tut! Tut! How You Talk!

Lake Crystal Union: Governor Eberhart has proclaimed a "hog cholera day," the purpose is to exterminate all the cholera in the state on that day. We might suggest the surest way to accomplish the end is to kill all the hogs in the state, but such drastic measures might leave some of the offices in the capitol vacant.

You Know the Old Straw Story!

Deerwood Times: 'Tis rather strange, indeed, but the only thing Governor Eberhart stands on in his campaign for the nomination is the very thing the opposition are assailing—his past record. One would think that anything which has caused such a furore as has the governor's record, would be a poor thing for a drowning man to clutch at.

Let's Hope for More Than That.

Anoka Union: Treasurer Walter J. Smith's smile will keep him in office another term.

He Was Simply Forced.

Virginia Enterprise: The Hill City News calls it Governor Eberhart's economy and efficiency commission, but it isn't and it is a mistake to so denominate it. It is the commission appointed in response to a general demand from all sections of the state and practically all business interests to sort of look over the ship of state and see whether there are not a few seams that need calking. And it is doing very nicely. We are perfectly willing that the devil be given his dues, but the economy and efficiency commission isn't any more Governor Eberhart's than anybody else's.

Poor Outlook for Adolph.

Montevideo Leader: Governor Eberhart has decided to run for the nomination again and it looks to us as if he has made the mistake of his life. We do not believe he can be nominated as against Lee and if nominated we do not believe he can be elected as against Hammond.

Poor Advocates, But Good Subject.

Waseca Herald: Senators Clapp and La Follette are leading a revolt against holding sessions behind closed doors, except to consider foreign relations. More power to them. The idea of holding executive sessions to discuss the fitness of some candidate for office or matter of a similar nature is obnoxious to the average American citizen.

None in Sight, Though.

Royalton Banner: A third Republican seeking the gubernatorial nomination can be safely sized up as a stool pigeon in the interests of the Lee opposition and will make but a small show in the primary.

Starved Out

New York World: The copper strike in Northern Michigan has been ended by the votes of the miners. It began last July. It has been attended by violence and suffering, by obstinacy and tyranny. Those who surrendered were at the point of exhaustion.

For fifteen years there had been no material change in wages or working conditions. Native American labor had been gradually displaced. When 15,000 imported foreigners at length attempted to organize they found even in a free country obstacles that could not be overcome.

The strike has cost them dearly, but it has taught them and others many things. In Houghton county the copper companies are more than employers. They are the government. They control the streets, houses, schools, churches and local officials as well as the mines.

What the employers do as a matter of course it is unlawful for the employes to do. The employers combine; they monopolize; they set aside law; they hire fighting men; they make war. Because the employers have these advantages and have refused to arbitrate, they have won a famous victory over a naturally industrious and peaceable population, which has not been worn out so much as it has been starved out.

Some triumphs are worth while and some are not. In this country injustice and hunger never yet made a conquest that endured.

Remarks From the Pup.

She's taught me that I mustn't bark
At little noises after dark,
But just refrain from any fuss
Until I'm sure they're dangerous.
This would be easier, I've felt,
If noises could be seen or smelt.

She's very wise, I have no doubt,
And plans ahead what she's about;
Yet after eating, every day,
She throws her nicest bones away.
If she were really less obtuse,
She'd bury them for future use.

But that which makes me doubt the most
Those higher powers that humans boast,
Is not so much a fault like that,
Nor yet her fondness for the cat,
But on our pleasant country strolls
Her dull indifference to holes!

Ah me, what treasure might be found
In holes that lead to underground!
However vague and small one is,
It sends me into ecstasies,
While she, alas! stands by to scoff,
Or meanly comes to call me off.

O, if I once had time to spend
To reach a hole's extremest end,
I'd grab it fast, without a doubt,
And promptly pull it inside out;
Then drag it home with all my power
To chew on in a leisure hour.

Of all the mistresses there are
Mine is the loveliest by far—
Fain would I wag myself apart,
If I could thus reveal my heart,
But on some things, I must conclude,
Mine is the saner attitude.
—Burgess Johnson in Harper's Magazine.

Domestic Diplomacy.

Chicago Record-Herald: "Does the house you built last year continue to give your wife entire satisfaction?"

"Yes. I'm permitting her to use my den as a closet now."

Twenty Years Ago

From The Herald of this date, 1894.

***A heavy snowstorm, accompanied by wind blowing sixty miles an hour, raged at Devils Lake, N. D., with the temperature about freezing point.

***The St. Paul citizens' committee that named O. I. Cullen, Democrat, as candidate for mayor some time ago, has withdrawn his name with his consent and has indorsed F. B. Doran, the Republican candidate. The committee has also indorsed J. J. McCardy, Republican candidate for comptroller, and John Wagener, the Democratic candidate for treasurer.

***W. H. Conley, formerly of West Duluth, is here on a visit.

***Col. E. H. Milham, at a Knights of Pythias brigade meeting at Minneapolis, was re-elected colonel of the Second regiment, uniform rank. The Second regiment comprises the divisions of Minneapolis, St. Paul, Brainerd and Duluth.

***J. A. McCuen has filed $250 bonds as recorder of the village of New Duluth.

***Deputy Sheriff Iwan Hansen was at Moose Lake yesterday and while walking between some piles of cordwood one of the largest fell, burying him completely. No damage was done, except to a new tile of which Hansen was rather vain.

***The committee chosen to investigate the plans of the Altamonte and Minnesota Canal companies consists of R. Angst, W. W. Billson, T. D. Merrill, B. Silberstein and W. B. Silvey.

***Mrs. A. E. Mead has returned from a visit of several weeks to Fergus Falls, Minn.

***A marriage license has been issued to Alfred Olson and Augusta Bergstrom.

***Miss Teresa Jefferies of Minneapolis is the guest of Miss Minnie Fawcett, 414 Fifth avenue east. Miss Marguerite Fawcett is home for a few weeks' vacation.

***The case of the Merritts against the American Steel Barge company has been transferred from the St. Louis county district court to the United States circuit court, on the ground that the defendant is a resident of another state and the amount at issue exceeds $100,000.

***Three thousand laboring men marched out of Omaha today with banners flying, bound for the camp of Gen. Kelley's Commonwealers at Weston, Iowa, fourteen miles east of Council Bluffs.

***Duluth temperature at 7 a. m. today, 38 deg.; maximum yesterday, 39; minimum yesterday, 35; rainfall, .74 inch. Total rainfall to date during April, 5.45 inches, being the largest precipitation for twenty-four years.

Are the Poor Shiftless?

Albion Fellows Bacon in the Survey: It hurts me to hear the tone in which the poor are condemned, as "shiftless," or "having a pauper spirit," just as it would if a crowd mocked at a child for its weakness, or laughed at a lame man because he could not run, or a blind man because he stumbled.

"Lazy!" Some of them are "born tired," and enter into life without their share of vigor or vitality. Some of their mothers were overworked and under-nourished, perhaps scrofulous. Some of them, themselves, are overworked and under-fed, or have lost their efficiency through illness or exposure. And they breathe poisonous air, sleeping in unventilated quarters, six or twelve in a room. They drink sewage-poisoned water that makes people lethargic and dull.

Matter of Form.

Kansas City Star: "I hope," says the Alfalfa Sage, "that the enfranchised women will not decide to change the form of government as frequently as they change their own forms."

Cubist Art.

Louisville Courier-Journal: "Is the cubist fad doing you any good?"

"Well, I don't have to hire a model any more. The clothes-horse answers very well."

DEFECTIVE PAGE

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their ideas about the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 300 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer though these need not be published. A signed letter is always more effective, however.)

MARKET PLACE AND THE ARMORY

To the Editor of The Herald:

The basement of the Armory is not a suitable place for marketing garden stuff. Very few farmers will display their truck there, and judging from past experience, only a few of our citizens will go there and buy.

It seems foolish and a squandering of money to throw the public works equipments out in the mud, or erect temporary quarters which would have to be moved again and again, which would interrupt and cripple the service. Tools are apt to be lost and machinery damaged, which would likely be a great loss; yes, it would probably run up to $25,000 by having to shift around a few times.

I would suggest that the southwest corner of Fourth street and Second avenue east (the old St. Luke's hospital site, 100 by 140 feet) be secured for a market place, or the old courthouse ground.

The basement of the Armory is best suited for the public works department, and they need the whole floor, but if no site can be secured and made ready for the fall season a part of the space could be set aside for the farmers the same as in previous years.

I am informed that the majority of farmers do not think the Armory is or ever will be satisfactory for that purpose. They want a larger place and stalls for horses, which they cannot get in the Armory.

The commissioners likely have in mind to secure a suitable place for a market place as soon as they can.

O. G. OLSON.
Former member board of public works.
Duluth, April 18.

THE HOUSING CODE.

To the Editor of The Herald:

Never was there in Duluth passed a law that has caused more general discontent than the new housing code created some time ago.

For a long time past much carelessness has been practiced in arrangements and construction of buildings, and when it was realized that this went too far, a remedy was brought into existence. But things are so apt to go to extremes and it so happened that this remedy proved to be a good deal worse than the evil it was going to cure.

As a rule people do not get acquainted with an ordinance till they get concerned, and this is also true of the housing code.

First, when a person is going to build and applies for a permit he finds out what he is up against.

It is a wonder that an ordinance like our housing code in its present shape can exist, and it is indeed time that something is done to put it in shape so its provisions can be complied with.

In the Open Court of Wednesday night was a very good suggestion by a gentleman who wanted to build, and it would be a very good idea to find out by builders and people in general who are making homes whether they think we have a sane building code.

G. SILVERNESS.
Duluth, April 19.

"CASEY AT THE BAT."

To the Editor of The Herald:

Would you kindly publish in the columns of your Open Court the poem entitled "Casey at the Bat"?

A READER.
Duluth, April 18.

Following is an authentic copy of the poem as written by Ernest L. Thayer:

It looked extremely rocky for the Mudville nine that day;
The score stood two to four, with but an inning left to play.
So when Cooney died at second, and Burrows did the same,
A pallor wreathed the features of the patrons of the game.

But Flynn let drive a "single" to the wonderment of all,
And the much despised Blakey "tore the cover off the ball,"
And when the dust had lifted and they saw what had occurred,
There was Blakey safe at second and Flynn a-huggin' third.

Then from the gladdened multitude went up a joyous yell,
It rumbled in the mountain tops, it rattled in the dell;
It struck upon the hillside and rebounded on the flat;
For Casey, mighty Casey, was advancing to the bat.

There was ease in Casey's manner as he stepped into the place,
There was pride in Casey's bearing and a smile on Casey's face;
And when responding to the cheers he lightly doffed his hat,
No stranger in the crowd could doubt 'twas Casey at the bat.

Ten thousand eyes were on him as he rubbed his hands with dirt,
Five thousand tongues applauded when he wiped them on his shirt;
Then when the writhing pitcher ground the ball into his hip,
Defiance glanced in Casey's eye, a sneer curled Casey's lip.

And now the leather-covered sphere came hurtling through the air,
And Casey stood a-watching it in haughty grandeur there,
Close by the sturdy batsman the ball unheeding sped;
"That ain't my style," said Casey. "Strike one," the umpire said.

With a smile of Christian charity great Casey's visage shone;
Then stilled the rising tumult, he made the game go on;
He signaled to the pitcher, and once more the spheroid flew;
But Casey still ignored it, and the umpire said "strike two."

The sneer is gone from Casey's lips, his teeth are clenched in hate;
He pounds with cruel vengeance his bat upon the plate;
And now the pitcher holds the ball, and now he lets it go,
And now the air is shattered with the force of Casey's blow.

Oh, somewhere in the favored land the sun is shining bright,
The band is playing somewhere, and somewhere hearts are light;
And somewhere men are laughing, and somewhere children shout,
But there is no joy in Mudville; Mighty Casey had struck out.

ANSWERS TO TWO.

To the Editor of The Herald:

In answer to a Gary Reader will say the broker bought 100 shares of stock at $85 per share and sold the 80 at $115 per share. And my answer to the cannon ball and train question in last evening's Herald is that in one minute they would be two miles apart less twice the distance between the breech and muzzle of the cannon.

Yours truly. R. McN.
Duluth, April 17.

HIS ANSWER.

To the Editor of The Herald:

I got $624 for the answer to that loan problem that appeared in your last night's paper. W. H.
Duluth, April 18.

DOES NOT LIKE THE HOUSING CODE.

To the Editor of The Herald:

I see in your Open Court of April 15 another very good article on the housing ordinance, or the fool ordinance as it is generally known. I own a 25-foot lot. I started to put in a foundation in 1912, but stopped the work on account of sickness in my family. Then in 1913 I started again and had plans drawn up for a house which cost me some hard-earned money. Those plans called for a building which left 3 feet 6 inches on one side and 18 inches on the other side, with plenty of large windows in all the rooms. I took those plans to the building inspector's office and was refused a permit to build in view of the fact that the windows were not five feet from my lot line. Now I shall try to sell my place and leave Duluth unless this ordinance is revised or amended before I can sell. Yours very truly.

A TAXPAYER AND A RESIDENT OF DULUTH FOR 22 YEARS.
Duluth, April 19.

AN ANSWER AND ANOTHER PROBLEM.

To the Editor of The Herald:

Herewith is a solution to the problem in your Open Court column of your paper.

The clerk of the cigar store gave the customer a two-dollar-and-half gold piece and four dimes.

Am also giving you another one for readers of a mathematical turn of mind:

9 9 9
7 7 7
5 5 5
3 3 3
1 1 1

Take any six of these numbers and add them up so as to make twenty-one (21). W. E. W.
Proctor, Minn., April 17.

ANSWERED.

To the Editor of The Herald:

Here is my answer to the change problem in the Open Court of Friday's Herald:

If the cigar clerk could not change $1 so as to give 90 cents back; to change $3 he must have had a $2.50 gold piece and 40 cents in any kind of small change. A. L. A.
Duluth, April 18.

ANOTHER ONE.

To the Editor of The Herald:

A farmer's wife came to town with some eggs. Going into store No. 1 she sold half an egg over half her eggs. At store No. 2 she sold half an egg over half her eggs, and at store No. 3 she sold half an egg over half her eggs. How many eggs is the smallest number she could have had at the start? E. W. JOHNSON.
Duluth, April 18.

A SCOFFER IN THE MATHEMATICS CLASS.

To the Editor of The Herald:

As the study of mathematics seems to be popular just now I beg to submit a simple little problem.

If fourteen dogs with three legs each can catch forty-eight rabbits with seventy-six legs in twenty-five minutes, how many legs must twenty-four rabbits have to get away from 3,000 dogs with no legs at all? Yours very truly, EDWARD ARMSTRONG.
Duluth, April 18.

ISN'T THIS A MISTAKE?

To the Editor of The Herald:

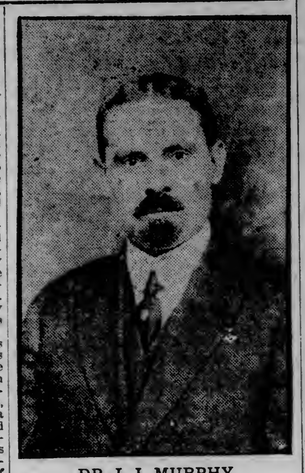

I have here a problem which I wish you would kindly print. It is not of the hardest.

A man had seventeen camels and three sons. The man died, leaving the seventeen camels to be divided among the three sons. The first was to receive one-half, the second oldest was to receive two-thirds and the youngest one-ninth. The sons began to quarrel about dividing the camels; so a man who happened to pass that way on his camel decided to settle it. How was he to settle the question so that each would receive his respective share?

Thanking you for the space, I remain, yours truly, JULIUS ELIASEN.
Duluth, April 18.

Apparently Mr. Eliasen has misstated his problem. If the second were to receive one-third instead of two-thirds, the Editor could supply the answer. Readers of the Open Court might try to work the problem that way, if they fail on Mr. Eliasen's statement of it.—The Editor.

INTERESTING PEOPLE WHO ARE DOING INTERESTING WORK HERE

DR. I. J. MURPHY.

Every day is a busy day for Dr. I. J. Murphy, medical inspector of the health department.

By virtue of his position he has active charge of the contagious diseases of the city, in which the health department is chiefly interested. Where other physicians have been summoned the activity of the health department is limited to maintaining quarantine regulations or removing the patient to the hospital, except in instances where there is uncertainty as to the diagnosis, and then the assistance of the medical inspector is often asked.

Suspicious cases are continually reported from all parts of the city. All of these are investigated by Dr. Murphy, to determine whether or not they are contagious. The search for one case in a neighborhood not infrequently results in several being discovered. Prompt attention to these is highly important as a more or less serious epidemic might be the consequence.

More interesting and scarcely less important is Dr. Murphy's activity as police surgeon. In that capacity he responds to the hurry-up calls which are transmitted to the police department. It may be an attempted suicide, a drowning, a broken leg or arm, a bullet or knife wound, a fit, a battered head, asphyxiation, accidental poisoning or any one of a dozen and odd ills or accidents to which mankind is subject. These calls come at all hours of the day and night, and always there is the ever-present possibility that a life may be hanging in the balance. Several times a week he is summoned to the station to attend sick men who have been sent into headquarters by the patrolmen. Most of these are "too much whisky."

Dr. Murphy is editor of the monthly bulletin which is issued by the health department. This contains general health articles written by Dr. H. E. Webster, director of public health, and Dr. Murphy, and a summary of the statistics as well as a brief review of the accomplishments of the various inspectors.

Coming to Duluth

DR. J. E. DORAN
SPECIALIST

Will Be at the

LENOX HOTEL
FRIDAY, APRIL 24

AND WILL REMAIN

One Day Only

Hours: 9 a. m. to 9 p. m.

OFFERS HIS SERVICES FREE OF CHARGE.

Dr. Doran licensed by the state of Minnesota for the treatment of deformities and all nervous and chronic diseases of men, women and children, offers to all who call on this trip consultation, examination, advice free, except the expense of the medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that his treatment is reasonably sure and certain in its effect.

According to his system no more operations for appendicitis, gall stones, tumors, goitre or certain forms of cancer.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, catarrhal deafness, rheumatism, sciatica, malaria, bed-wetting, leg ulcers, weak lungs and those afflicted with long standing, deep-seated chronic diseases, that have baffled the skill of the family physicians, should not fail to call.

If you have kidney or bladder trouble bring a two ounce bottle of your urine for examination.

No matter what your ailment may be, no matter what others have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see him at once. Have it forever settled in your mind. If your case is incurable he will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself and friends or relatives, who are suffering because of your sickness, as a visit at this time may stop the disease and save your life.

Remember, this free offer is for one day only.

Married ladies must be accompanied by their husbands and minors with their parents.

Dr. J. E. Doran, Boston Block, Minneapolis, Minn.

PEYTONS AND VOLKS ARE IN HOTEL FIRE

Duluth People Among the Guests Burned Out at Pasadena.

Pasadena, Cal., April 20.—The Hotel Maryland, one of the finest hotels in Southern California, was completely destroyed by fire early Sunday morning. The loss is estimated at $500,000. Guests of the hotel were helped to places of safety, and with thousands, watched it reduced to ashes.

H. M. Peyton of Duluth and his wife and daughters were forced to flee from the fire. The Peytons lost most of their wearing apparel and other belongings in the fire.

Mr. and Mrs. A. C. Volk of Duluth were also among the guests, and lost all of their belongings but the clothes they were able to hurriedly don.

Mrs. Edmond Guthrie was rescued from the hotel by a fireman. When the hotel caught fire, Mrs. Guthrie was asleep and did not hear the alarm that roused other guests. The room was filled with smoke. She awoke, but was almost instantly overcome by the dense smoke.

Fireman Hadley had gone up a ladder, and, in searching the rooms, found Mrs. Guthrie. Picking her up, he carried her down the corridor until he found the ladder. The fireman then carried Mrs. Guthrie down the ladder. As he reached the bottom, he was overcome by the smoke and dropped unconscious.

President at Wedding.

Washington, April 20.—Late Saturday President Wilson attended the wedding of Representative Henry D. Flood of Virginia, chairman of the house foreign affairs committee, and Miss Anna V. Portner of Appomattox, Va.

French Remedy for Stomach Troubles

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince you. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, lower bowel, liver and stomach troubles should try Mayr's Wonderful Stomach Remedy. It is now sold here by all druggists.

WILL UNVEIL MAINE TABLET

Spanish War Veterans Will Commemorate Muster Day.

Local Spanish war veterans will commemorate the annual Muster day Wednesday evening, April 22, by the unveiling of the Maine memorial tablet at Memorial hall in the courthouse. The tablet is made of material from the ill-fated battleship.

The exercises will be under the auspices of Camp John G. McEwen No. 6, of this city. They will be attended by other camps in this part of the state, including Maj. Diggles camp, No. 13 of Duluth, Hector Swift camp of Superior, Maj. Wilkinson camp of Chisholm and Maj. Ridwell camp of Virginia.

The unveiling will be followed by a program a banquet and a smoker. Patriotic addresses will be delivered by Department Commander Samuel Skoog of St. Paul, C. C. Teare of Camp McEwen and C. V. McCoy of Maj. Diggles camp.

Muster day has been dedicated by Spanish war veterans as a special occasion for renewing their allegiance to the flag and the country.

Farmer Burned Out.

Red Lake Falls, Minn., April 20.—Fire destroyed all the buildings except the house on the farm of Swan Akenson, two miles southeast of town recently. The fire started in the granary and spread to the barn, machine shed and smaller buildings. Mr. Akenson estimates that his loss is at least $3,000. He carried no insurance on the property.

A WOMAN DOCTOR

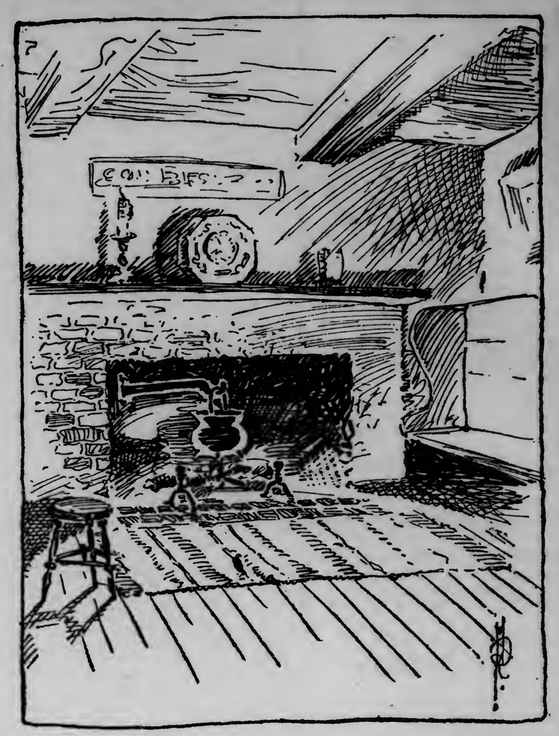

says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but it weak and ailing girls passing from girlhood to womanhood, would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound — that simple remedy made from roots and herbs,—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.

See the Electrical Display at the Women's Exposition, April 20 to 25

The Way to Cook

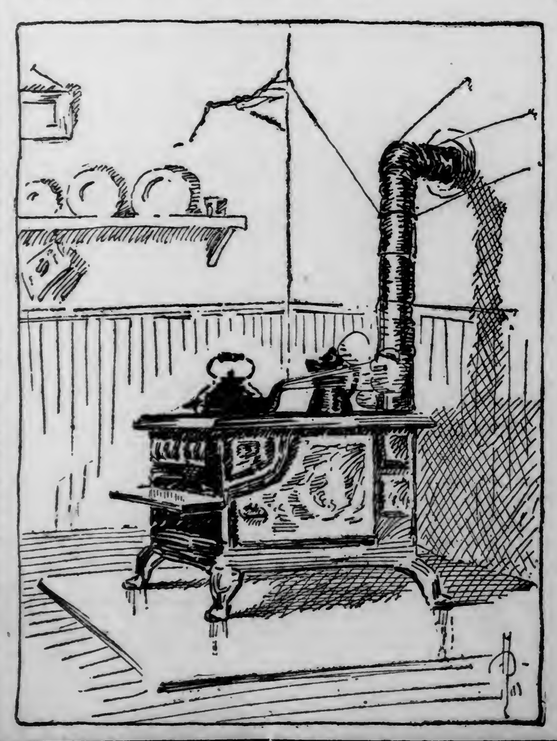

Has been improved in the last 300 years just as much as any of the other ways of living. The Indians had good, fresh, rich venison and other meats and fruits of the forest. Doubtless they thought the viands produced over their smoky, dirty fires were delicacies. But they wasted most of the meat, practically all of the juices, and from the point of view of today spoiled their food in the cooking. Their way of cooking has gone with the past.

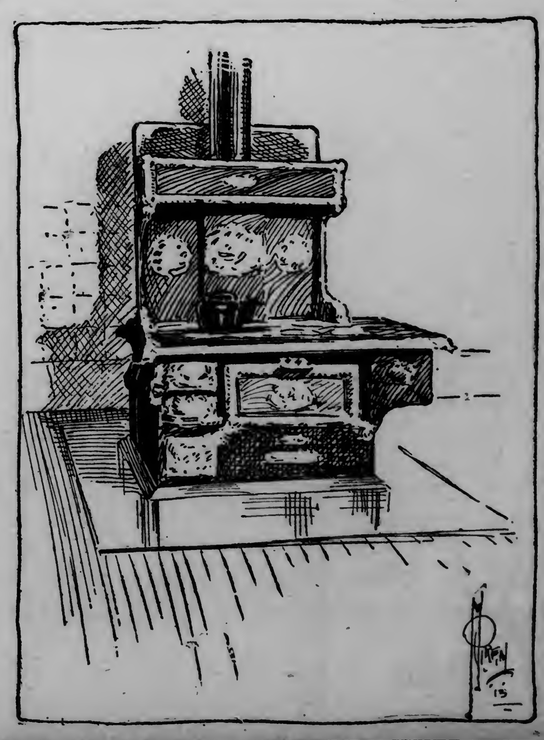

The old-fashioned fireplace with its yawning cavern and big bake oven was a decided improvement over the Indians' open fire, but it was wasteful, and people had already begun to think of economy in their ways of living. Of course in comparison with the open fire in the woods, the fireplace was economical, just as the old colonial home was more comfortable than the Indians' tepee, but those conditions were favorable only because of comparison. Now people think the old fireplace is romantic and the food produced by this means tempting in its delicacy, but they forget that the occasions when this sort of living is enjoyed are exceptional. The old home was cold and draughty, the occupants "froze one side while thawing the other," and it took strong backs, long arms and hard hands to handle the heavy cooking equipment of those days.

And then came the old wood stove. Here was another step forward; many people still clung to the old-fashioned fireplace just as the savages (what few there were left of them) clung to their tepees and open fires in the woods. Those who clung to the then old-fashioned things thought they didn't have time to adopt the new way. They couldn't see how the cookstove, such as came into use a little over two generations ago, could possibly be of any use; many of the dear old grandmothers said: "Why, we can't use a thing like that. There's no place to put anything!" But the cookstoves stayed and the old fireplace disappeared. And the cookstoves have been improved; they are now called ranges and coal is burned in them instead of wood. Today, however, modern cooking done in the best, most efficient, cleanest, promptest way is done on the electric range — the modern cook stove.

SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organs regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

SEEK SETTLEMENT OF OHIO MINE WAGE

Miners and Employers Hold Conferences at Columbus.

Columbus, Ohio, April 20.—Activities looking toward a settlement of the differences between the idle Ohio coal miners and their employers were begun here today with a convention of 200 delegates from the miners' organizations, called for the purpose of drawing up a wage scale agreement under the new anti-screen law, for submission to the operators at a joint conference tomorrow.

William Green, secretary-treasurer of the international mine workers' organization and author of the law, arrived here today to attend the meeting. He said that even if the operators were successful in their application for a Federal injunction against the execution of that section of the law which provides for an investigation by the state industrial committee to determine the percentage of the impurities allowable in the proper mining of coal, it would not have the effect of annulling the law, as another section provided that this percentage could be fixed by an agreement between the employers and employes.

Sow Injures Child.

Ellendale, N. D., April 20.—(Special to The Herald.)—A brood sow terribly lacerated the face and the head of the 3-year-old son of Mr. and Mrs. Emil Durheim, living near here. The child had gone into the hog lot and was attacked by the animal in protection of some little pigs. The child will be permanently disfigured.

DECLINE IN FATALITIES

State Labor Department Shows Results of Three Years' Agitation.

Especially Large Decrease in Mine and Lumbering Accidents.

In a report just issued by the Minnesota state department of labor, it is declared that fatal accidents in Minnesota industries, during the last three years have steadily decreased. In the fiscal year ending July 31, 1910, there were 251 fatal accidents and 8,137 accidents that did not prove fatal, exclusive of railroad transportation, maintenance of ways and construction accidents. In 1913 there were 136 fatal accidents, and even that number would have been reduced had it not been for the large number of accidents among those engaged in agricultural pursuits.

The department says in its report that agitation, legislation and increased efficiency of factory inspection are the three lines which have been the most effective in causing this change for the better. The Oliver Mining company, with its safety campaign and appliances, the state labor department and the Minnesota Employers' association are given chief credit for the improvement. In part the report says:

"The people of the state of Minnesota were astounded when the labor department's report for the year 1910 showed that 251 fatal accidents and 8,137 non-fatal accidents had been reported by the industries of Minnesota (exclusive of the railroad transportation maintenance of ways and construction accidents) in the fiscal year ending July 31, 1910. This was the first time that an effort had been made to really enumerate the number of accidents occurring in the industries of the state, and the realization of the terrible number of casualties occurring immediately started in motion a vigorous safety campaign.

"During the four years that have since elapsed there has been a steady decline in fatal accidents from 251 in 1910 to 136 in 1913, representing a decrease in fatal accidents of 46 per cent. Even this large decline shown by the statistics does not fully reveal what has been accomplished in accident prevention. Agricultural fatalities which had been averaging from 11 to 12 a year jumped to 21 in 1913, while the railroad shop and mercantile industries had an unusual series of peculiar mishaps which increased the railroad shop and repair yard accidents from an average of 3 fatalities a year to 11 in 1913 and the mercantile industries from an average of 4 a year to 10 in 1913. If these three industries had not had such abnormal fatality rates in 1913 the decrease since 1910 would have been 56 per cent.

Decline in Mine Accidents.

"In the mines there was a decline from 83 fatalities in 1910 to 28 in 1913, and in lumbering and woodworking from 55 fatalities in 1910 to 18 in 1913. Many other industries reveal similar decreases. When we turn from the fatal to the non-fatal accidents we find that in spite of the fact that accidents were much more completely reported in 1913 than they were in 1910, there was a decline from 8,137 in 1910 to 5,490 in 1913, or a decline of 32.6 per cent.

Three General Lines.

"The safety campaign in Minnesota has taken three general lines—(1) agitation, or the arousing of interest in safety; (2) legislation, and (3) increased efficiency of factory inspection. The state labor department, the Minnesota Employers' association and the Oliver Mining company have all been instrumental in forwarding the safety movement, and it would not be fair for any one of the three to claim entire credit for what has been accomplished. Nevertheless, the state department has necessarily been the leader and center of the movement and their assistance has unquestionably been of considerable value to the private organizations. A three days' safety conference that was held in December, 1911, under the joint auspices of the Minnesota Employers' association and the state labor department, and at which safety experts from all over the United States were in attendance and on the program, played a great part in arousing an interest in safety among the employers of the state, while a series of safety bulletins and safety regulations promulgated by the labor department and distributed by tens of thousands throughout the state, together with safety columns run in the weekly trade bulletins of the employers' organizations have caused both a widespread interest and increased knowledge of effective safety method.

Stringent Laws.

"But the arousing of interest and the diffusion of knowledge on accident prevention are not sufficient. The laws of the state must be so stringent that if a case comes up where an employer refused to install proper safety devices or methods he can be compelled to do so. Minnesota's 1913 legislature enacted what is probably the most stringent safety law in the United States. It embodies the best provisions in all of the American safety laws, but its essence is all contained in one expression, 'every dangerous place of every description in or near to which any employe is obliged to pass or be employed shall be securely fenced, enclosed or otherwise protected.' In one form or another this expression is contained in various portions of the law, and it is made to apply not only to factories and workships, but to every place where labor is employed, and to the manual training departments of the public schools. Our safety law permits an inspector to seal up a machine and forbid its use instead of arresting the employer and bringing him into the court, and it has been the experience of our department that the sealing up of a machine is a far more effective means of enforcing laws than prosecution.

"Good laws, however, are effective only when vigorously administered, and we have felt in Minnesota from the beginning that the center of the safety movement is the efficiency of the central supervision of the factory inspection service.

"It might be of interest in closing to cite the attitude of the employers of the state as shown by their letters to the department. It is very rare that we receive a hostile letter from an employer, but it is the common thing to receive letters from employers thanking the department for the inspector's visit and for the suggestions which the inspector made."

SEE IF THE CHILD'S TONGUE IS COATED

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gentle move out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

GOVERNOR SPEAKS AT MINSTREL SHOW

Huge Crowd Greets Chief Executive and Duluth Commercial Travelers.

Greeted by Governor Adolph O. Eberhart, who came from St. Paul especially to see the performance, and a house packed from the orchestra pit to the roof, the United Commercial Travelers of Duluth presented their minstrel show at the Lyceum theater Saturday evening. The minstrel first part and vaudeville olio were easily the best of all the annual productions given so far by the members of Zenith council.

The production opened with a minstrel first part, including George O'Sullivan as interlocutor, and McGraw, Quinn, Buckley, Amonson, Robinson and Rolb, as end men. The chorus consisted of the following: Anderson, Peterson, Beatty, Hickenberg, Milberg, Jewell, Chalmers, Shapiro, Monroe, Farmer, Anderson, Mahon, Wagner, Martin, Wardem, Danielson, Feider, Nelson, Lawrence, Bradbury, Spires, Rankin, McGinnis, Bokken, Ekholm, Olson, Cahill, Wiltzbacker, Fay and Holmstrand.

End Men Do Well.

The end men proved themselves able entertainers. There was a professional touch in the entire production that reflects credit on Mr. O'Sullivan and Charles Helmer, director of the augmented orchestra, that deserves special mention. Messrs. O'Sullivan and Helmer arranged the show, which delighted the big audience Saturday evening.

The show opened with the general chorus number, "Sailing Down the Chesapeake." Following this ballads were rendered by Milberg, Martin, Capt. Mahon and Quinn. Ragtime numbers were sung by all the end men, who also presented clever dancing specialties while the chorus sang the encores. Some good jokes were also introduced by the "stars." O'Sullivan scored a hit with his ballad "The Light of the World Is Love."

Before the close of the minstrel first part the Svea Glee club was introduced and the members sang the sextet from "Lucia." With the close of this part of the performance, Bentley P. Neff gave a short talk and then introduced Governor Eberhart, who also addressed the audience.

Stanley Lamb and Miss Myrna Newell presented their original skit, "Something Different," which includes several good songs and dances and clever monologue by Mr. Lamb. Ted Haagensen as "Our Swede Friend" proved a delightful entertainer, with his sermon and text on "Mother Hubbard." Musical selections by the trio, Mrs. Valborg Gunderson Finkleson, Mrs. Florence Lawson Ter Bush and Miss Mary Bradbury were well received.

Sketch Is Big Hit.

The hit of the show was the sketch, "The Dilemma," written by one of the members of the council. It introduced the U. C. T. quartet, O. H. Warden, George O'Sullivan, E. A. Rosemond and Capt. W. M Mahon. They handled their characters exceptionally well and closed their number with several popular quartet selections, which were well received. M. Plasha as the one-man band proved an efficient entertainer with the concertina.

Motion pictures of the grand council session at Crookston last year and cartoon slides of some of the members closed the show, which ran continuously from 8:15 until 11:30 o'clock.

STOLEN NOTES MISSING.

Grip and Valuables Taken at Mott, N. D., Not Recovered.

Mott, N. D., April 20.—(Special to The Herald.)—Efforts of the police officials of the state, and of detectives employed by the Rumely Products company, have failed to reveal the whereabouts of the grip containing $12,000 in notes, stolen from A. M Kime, a traveling collector of the concern.

The grip with its valuable contents disappeared from a local hotel where Mr. Kime was housed while here on a business trip. He supposed at first that the grip had been secreted by friends, as a joke, and when search for the missing valuables was finally started, no trace whatever could be found of it.

Prairie Fire Damage.

Bowman, N. D., April 20.—(Special to The Herald.)—Heavy damage was done by a prairie fire which swept the district near Buffalo Springs, this county.

The fire that hit this district was started, it is believed, by the wildfire tban ran over about 30,000 acres in the Lemmon, S. D., district, just south of here.

Grain Thieves Sentenced.

Minnewaukon, N. D., April 20.—(Special to The Herald.)—Admitting their guilt on grain stealing charges, J. C. Look was sentenced to eighteen months and Fred Olson to a year in the state prison. Look had taken a lond of oats from the McGlenn elevator and is also alleged to have stolen a load of wheat. Olson took a load of wheat from the Harlow elevator.

CONFERENCE OF UNSHORN

Bloody Battle With Tangled Whiskers Will Begin Tuesday Morning.

Candidates for Big League Barber Shops Will Have Tryout.

While the good people of this country are contemplating whether we are going to war with the Mexicans, or part of the Mexicans, another little war is about to start in our very midst.

This war is a revolution against the existing reign of germs, long and tangled hair, which is frequently seen flowing over the shoulders of pedestrians, whiskers of various shades and lengths, and one might also add, torpid dispositions.

To end the suspense that the reader may possibly be in at this juncture, it should be said that the amateur barbers who aspire to become regular fellows in the barbering world are going to enter spring training tomorrow at the Gibson supply house on East First street, and all comers will be met and shaved during the course of the day.

Just as baseball players enter spring training in the spring and the South, so it is necessary to have amateur and semi-pro barbers enter training and show what they have.

Three of the members of the state examining board will be on hand and will give the novices the once over. If the novice looks good he gets a license.

To be a regular barber you have to cut a man's whiskers and cut his hair and tell him what is on his mind and in his head—dandruff, or some of the other 149 scalp diseases that the resourceful and business-like barber learns to speak fluently of.

And the barber must also be able to tell how to keep the classical countenance of the regular customer in good repair through the use of various antiseptic remedies that are sold at all of the leading barber supply houses and on which there is a very good profit.

What is Needed.

According to the entry blank that is supplied to the barber going into spring training to pass the state examination and enter the big league shops, he must know how to cut hair, shave, hone a razor, must make time, must be clean, must have good deportment and must also be able to tell why tonic No. 116 or tonic 78 will do so and so, or if not, why it will not accomplish results next time.

Some people as they recline in the upholstered chair and listen to the daily dissertation upon the weather from the bright young barber, have grown accustomed to believing that there is nothing to the barber game. There is where they are wrong.

The barber, according to the entry blank, must know of the tonics, must look like a young and budding Chesterfield, and must be able to answer some 5,278 questions starting with the scalp health talk series and ending in a general and illuminating discussion relating to the general health as benefited by the steady application of antiseptic tonics.

Agents today are passing along the streets of our city with little tickets in their possession. When a man with a long bunch of whiskers and a long bunch of hair is espied, he is handed one of these tickets, which entitles him to $2.75 cents of work for nothing.

If the man with the accumulated bunch of whiskers or the Elbert Hubbard bunch of locks should be cut severely in the region of the Adam's apple, or severely sliced across the countenance, he should not complain, for he is doing it all in the interests of science, for if he is cut it gives the young bush league barber the opportunity to apply one of the 149 tonics or antiseptics, showing the efficacy of the antiseptic in stopping the flood of blood.

Must Be "There."

The bush league barber desiring to pass the examination and break into the big league shops, with their white chairs and gilded mirrors and spray machines and automatic towel racks and manicurists with golden hair and new style fold skirts, must show the examiners that he is there in every sense of the word for anyone entitled to work in one of these palatial shops must prove worthy of this tonsorial dream.

The applicant must bring a certificate from a physician stating that he is perfectly healthy and free from worry. He must tell his age and previous condition of servitude. He must tell where he learned the rudiments of his trade—and why he learned them. And another very important little thing, the bush league barber must pay the state $5 for the privilege of taking the examination.

It is expected that there will be about fifty bush league barbers on hand tomorrow to try their hands at cutting, shaving and honing, to answer questions relating to dandruff, its cause and origin and possible removal by very gradual process; to exhibit neatly shined shoes and neatly creased trousers, neatly laundried coats and sweetly scented hair; and tell the batting averages of all the big league players.

In diametrical opposition to the radiant cleanliness of the barbers, with said sweetly scented locks and shining bay-rummed countenances, will be aligned the large flock of those who are to taste all the delicious sensations of the barber chair—taste these manifold physical sensations perhaps for the first time in months.

The contest is free and open to the public. Those interested in psychology, sociology, bacteria, the general betterment of mankind—and surgery, are invited to attend.

Early in this article it was stated that the war was against torpid dispositions.

Let someone nip you with the business edge of a razor and behold your sluggishness vanish and your interest in the general movements of the world increase.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. Agent, Wirth's Red Cross Drug store, 13 West Superior street.

ISSUE BULLETINS ON HEALTH OF EMPEROR

Doctors' Optimistic Words Are Discounted By Austrians.

Vienna, Austria, April 20.—"The Emperor Francis Joseph passed a fairly comfortable night. His health is not unsatisfactory."

This was the official bulletin issued at the palace of Schoenbrunn today. It was also stated that his majesty rose at his usual early hour and transacted official business.

The guarded language of the official bulletin caused apprehension in Vienna that the emperor's condition was graver than was admitted by his physicians. Fear was expressed in court circles that unless the catarrh from which he is suffering diminishes within a short time, serious complications will develop.

Archduchess Marie Valerie, the emperor's daughter, arrived at Schoenbrunn today from Walsee.

Official bulletins as to his majesty's health are to be issued daily through the premier's offices in Vienna and Budapest.

A bulletin issued earlier in the morning said:

"For a fortnight his majesty has been suffering from intermittent hoarseness and catarrh of the bronchial tubes, but without any symptoms of fever. On Saturday, however, his majesty was seized with an attack of shivering, and there was also an accumulation of mucus in the small air passages of the upper lobe of the right lung."

BOY'S STORY ADDS TO KIDNAPING MYSTERY

Crowd Hears Woman Claim Lad Is Her Illegitimate Child.

Opelousas, La., April 20.—Another rush for seats in the courtroom to hear Julia Anderson's testimony was expected to greet the opening of the second week of the trial for his life here today of W. C. Walters, charged with kidnaping the 5-year-old boy claimed by Mr. and Mrs. C. P. Dunbar as their son. The Anderson woman came here from North Carolina to testify for the defense that the boy found with the itinerant tinker is Bruce Anderson, her illegitimate child.

The boy taken from Walters has himself added to the complexities of the situation by a statement he is said to have made outside the court.

"Walters was inside playing the piano. I was in the wagon holding the horse. The horse became scared. The other little boy fell out of the wagon," the child is said to have stated.

When questioned as to the other boy's name the lad is claimed to have replied only "they took Bruce to the graveyard."

One of the many theories of the case is that Walters exchanged Bruce Anderson for Robert Dunbar.

ASKS CITY TO SETTLE FOR $100

Frank Klenowicz Demands Damages for Fall on Sidewalk.

When Frank Klenowicz stepped into a hole in the sidewalk in front of 515 West Michigan street, spraining his hip and ankle, two policemen picked him up and "set him on the side of a building," according to a letter received from A. F. Piniarchowski of Ashland by the city clerk today. It is said that Klenowicz was placed on a Superior car by two strangers and was treated at St. Joseph's hospital. From there he went to relatives at Ashland. Through Piniarchowski he offers to settle his claim against the city for $100. The accident is alleged to have occurred March 9, about 10 o'clock. Klenowicz alleges he has been unable to work since he was hurt.

HARVESTER COMPANY TO SECURE CLAIM.

Judgment for $258.11 in favor of the International Harvester company and against Peter Larson was ordered by District Judge Ensign this morning on the motion of Courtney & Courtney, plaintiff's attorney.

The motion was made and granted after evidence in the case had been taken before a jury. It appeared from the evidence that the harvester company had secured a judgment against Larson in Clark county, Wis., for $368.34 in December, 1911, and had failed to satisfy it in full. Suit was brought in this county to enforce the collection of the unpaid balance. Larson has property here.

EIGHT CHILDREN TO SHARE ESTATE.

Seven daughters and one son will share equally in the estate of John E. Riley, who died, aged 45, at his home at Biwabik on April 4 last. Riley's will was filed with the clerk of the probate court today by Nicholas P. Riley, who was named as executor in the will. The estate consists of real and personal property valued at $1,500. All of the children are under 21 years of age.

Wife Deserter Held.

Colfax, N. D., April 20.—(Special to The Herald.)—Charged with deserting his wife and child Andrew Peterson of this place has been held to the district court under $1,000 bonds. In his defense Peterson claimed his marriage was invalid. It was performed by a Lutheran minister who had preached three years in this state but had not been formally ordained.

If Your Little Baby Could Talk

he would tell you that he does not want cow's milk that settles into lumps in his little stomach—that makes the long, hot, close days of summer feel like a leaden weight on his little hot head—he would tell you that the still, sultry nights would be easy for him and for you, if he had the food his small stomach could digest.

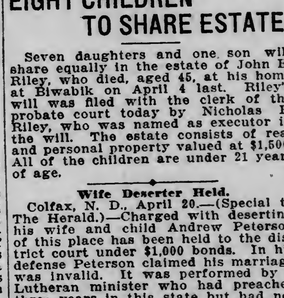

He would tell you that he likes your breast milk best—he tells you now—as best his little voice can—that at about four months that breast milk is not enough for his growing bones and body—that he wants something more—as nearly like that breast milk as he can get.

And your mothers and grandmothers knew that what their babies needed was

Nestlé's Food

the nearest food to mother's milk.

Begin at the fourth month with one feeding a day—then slowly make it two, then three feedings—until at last your baby will be weaned—and neither you or the baby will know the difference.

Wean your baby on Nestlé's because Nestlé's brings health, while cow's milk may carry sickness. Our government in Washington says our dairies are dirty. The government of New York State says that one cow in three has tuberculosis, and the government of England says that these sick cows bring sickness to our babies.

NESTLÉ'S is made from the milk of healthy cows kept in sanitary dairies. All the heavy parts of milk are modified, so that the curd is soft and fleecy as in mother's milk. All that your baby needs and the calf doesn't is added. It comes to you in a tight can—you add only fresh water. And—there you have NESTLÉ'S on which three generations have grown healthy and strong.

Send this little coupon for a big can of Nestlé's (enough for 12 feedings) and for the book about Care of Babies by Specialists.

NESTLÉ'S FOOD COMPANY
Woolworth Bldg., New York

PRECAUTIONS TO CHECK DISEASE

Only Relatives May Visit Patients at St, Mary's Hospital.

Following the precaution taken last week by the hospitals in Minneapolis and St. Paul, the sisters at St. Mary's hospital announced this morning that only immediate relatives of patients would be admitted at the institution for the next week or two on account of the prevalence of contagious diseases at this time.

Contagious diseases have spread rapidly in Minneapolis the last few weeks and the precaution was taken there because of the dangers the patients were subjected to when visitors came to the hospitals. Although the conditions here are not so serious, it was deemed advisable by the sisters, to ward off any danger before it is too late.

For the next week or two, at least, only immediate relatives of patients will be allowed to visit at the hospital. Scarlet fever is reported to be very prevalent at this time. No such order has been given out by the authorities at St. Luke's hospital as yet, but similar action may be taken.

Consolidation Carries.

Sheldon, N. D., April 20.—(Special to The Herald.)—School consolidation in Owego township carried by a large majority as did the $2,700 bond issue. The voters instruted the trustees to erect the buildings as near as possible to the center of the township. The contract for the building will be let as soon as possible so the structure will be ready for use when the fall term opens. There was a spirited contest over the matter.

NEWS OF THE NORTHWEST

CASHEL TO SEEK TOGA

Grafton, N. D., Senator Candidate for United States Senate.

To Oppose Purcell and Jones for Democratic Nomination.

Grafton, N. D., April 20.—(Special to The Herald.)—J. L. Cashel of this city, dean of the state senate by virtue of service extending over twenty years, will not be a candidate for re-election, and it is expected that he will announce himself a candidate for the Democratic nomination for United States senator.

During the many years that he has served in the legislature, he has been an important figure in many big legislative contests. He has been elected as a Democrat during the entire period, although the district that he represents is normally Republican.

Mr. Cashel's announcement that he will not be a candidate to succeed himself, it is explained, was made at this time to leave the way clear to other Walsh county candidates, who might be reticent about coming out for the office if it was supposed that he—Mr. Cashel—was to again be a candidate. There now appears no longer any question but that Cashel, W. E. Purcell and George P. Jones will be opposing candidates for the senatorial nomination.

FRANCIS' CHARGES TO START SOMETHING

Accusations Against Ontonagon Sheriff May Hit "Higher Up."

Ontonagon, Mich., April 20.—(Special to The Herald.)—Until Governor Ferris has ruled upon the case presented here last week for and against Sheriff Francis of this county and Charles O'Rourke, his undersheriff, of brutality to prisoners there will, of course, be no further moves in the affair. Judging by a statement by the accused and his counsel something may develop of a sensational turn if action is adverse to the sheriff.

Sheriff Francis after the hearing was concluded made this statement:

"In answer to the general desire to know what course I will pursue in regard to the revoking of appointments of my undersheriff and deputy sheriffs, now that the charges that were made against my official administration have been fully investigated, my reply is that after hearing all the evidence and a thorough inquiry, the only one of my deputies that I believe should be dismissed is Deputy Sheriff T. A. Green, one of the complainants in the case, and, who by the way did not even take the stand as a witness. I have notified him, giving him my reasons for such action. This ends the dramatic attack on the sheriff's office."

May Go Higher.

M. J. Doyle, who was counsel for the defense, made the following statement: "We will wait just long enough to allow the attorney general of the state and his deputy to rescind their recommendations to the governor and to offer Sheriff Francis and Undersheriff O'Rourke amends for the wrongs both have suffered through a proceeding the most unwarranted and indefensible in the history of the state. If this reparation be not voluntarily offered within a reasonable time after the record of the case reaches Lansing an investigation into the attorney general's department will be demanded.

These Lower Peninsula men may as well realize right now that neither a state officer nor any of his subordinates can unchallengally invade the rights of our local officers. We respect state authority within its jurisdiction but defy coercion or dictation.

"As Sheriff Francis well put it to Assistant Attorney General Dougherty: 'Before I will remove Undersheriff Charley O'Rourke, whom I know to be as good if not the best sheriff's officer in this state without a hearing, I will stand removed myself.' There is not even a gleam of possibility that Governor Ferris will remove Sheriff Francis. Indifference, prejudice or ignorance to one of these must be attributed the only action of the attorney general's department. Our confidence in Governor Ferris' character, care and judgment assure us of ultimate justice."

MAIL THIEF CAUGHT.

Nabbed in Minot, N. D., Postoffice While Picking Mail Box.

Minot, N. D., April 20.—Charged with tampering with the United States mail, James Davis, a youth of 20, broke down in his cell at police headquarters and confessed to United States Marshal Doyle and Deputy James Shea, who put him under cross-examination, that he stole over $22,000 worth of checks and drafts belonging to the Second National bank of Minot.

Missing checks and drafts which should have arrived during the past few days, the bank complained of to the postoffice. The police were notified and plain clothes men were stationed in the postoffice to investigate.

Davis walked into the postoffice and started to pick the lock of the Second National bank mail box late Saturday when he thought he was unobserved. He was placed under arrest. The police found a bundle of checks and drafts amounting to $22,987.06 in his room.

THIRD MAN IN RACE.

Lake Linden, Mich., to Have Candidate for Congress.

Lake Linden, Mich., April 20.—Special to The Herald.)—With the practical entry of Representative Fred Kappler of Lake Linden in the race, the contest for the Twelfth Michigan district's congressional seat next fall has assumed probably definite form. Mr. Kappler, who is one of the very few men of his party ever sent to the legislature from the Upper Peninsula, is generally considered a candidate for the Democratic nomination, and it appears at this time he will be made the choice without opposition. State Senator W. Frank James of Hancock is the only avowed aspirant for the place on the Republican ballot. There is little doubt, he will receive the nomination, irrespective of whether there be opposition. Congressman William J. MacDonald of Calumet is slated to again make the run on the Progressive ticket.

TRAIN INJURY FATAL.

Man Run Over at Bemidji, Catching Train, Is Dead.

Bemidji, Minn., April 20.—Emil Wiselding, who was run over by a train here Friday, while trying to board it, died in a local hospital Saturday afternoon from the shock of losing both legs. Those who witnessed the affair say Wiselding tried to board the train as it was leaving the station. Just as he reached for the end gate of the second coach his feet went from under him on to the tracks and the train passed over his two legs, severing them from the body. The train was brought to a standstill and everything possible was done in the power of the company to save the man but to no avail.

Wiselding was a former resident of Crookston, having been employed in the La Fiante livery barn about a year ago. His relatives have been notified and the funeral will be held here.

PLAN ASSESSMENT.

Sons of St. George Coming to Relief of Victims' Survivors.

Ishpeming, Mich., April 20.—(Special to The Herald.)—It is now practically assured that the supreme lodge of the Sons of St. George will levy an assessment on its 50,000 members in the United States for the relief of the survivors of Harry and Arthur Jane and Thomas Daily, miners, murdered in their beds at Painesdale the night of Dec. 7, as an incident of the Western Federation strike in the Copper country. The assessment probably will be 25 cents per capita. It is planned to use part of the proposed fund for the erection of a monumet to the victims.

COMMANDERY ELECTS.

Ironwood Eastern Star Lodge Also Chooses Officers.

Ironwood, Mich., April 20.—(Special to The Herald.)—The following officers of the Gogebic Commandery No. 46, Knights Templar, were elected at their annual meeting which was held in the Masonic hall in this city: Eminent commander, Luther C. Brewer; generalissimo, Henry Rowe; captain general, W. F. Truettner of Bessemer; senior warden; F. J. Alexander; junior warden, W. H. Cook; prelate, B. E. Jussen; treasurer, C. E. Houk; recorder, H. M. Erickson; standard bearer, A. P. Lofberg; sword bearer, C. E. Bennett; warder, Richard Banfield; sentinel, J. W. Oxnam.

The Eastern Star lodge elected the following officers: Worthy matron, Mrs. Anna Dear; worthy patron, Fred Brewer; conductress, Miss Ethel Holmberg; associate conductress, Miss Jessie Wotherspoon; associate matron, Mrs. Fred Brewer; secretary, Miss Jennie Nelson; treasurer, Frank Hewick.

Miss Arnold, kindergarten teacher in the Ironwood public schools, was called to her home in Chicago Friday by a telegram telling of the serious illness of her mother in that city.

WOULD SAVE SPARROWS.

Upper Michigan Women Against Bounty on English Sparrows.

Marquette, Mich., April 20.—(Special to The Herald.)—The Women's Welfare club of this city has adopted a memorial address to the legislature, asking the repeal of the law which provides for the payment of a bounty of 2 cents a head on English sparrows during the months of December, January and February. Women's clubs, suffrage associations, D. A. R. chapters and various other organizations will be requested to co-operate in the movement.

The memorial recites the belief of the club that "the damage done by the English sparrow, either by his alleged untidy habits or by his belligerence toward other birds, has been greatly exaggerated, and his good qualities as an insect destroyer and weed eater have been underrated."

MONEY IN CLOTHING.

Widowed Husband Finds $720 Sewed in Late Wife's Cape.

Gould City, Mich., April 20.—(Special to The Herald.)—Following the recent death of his wife, Jacob Stefanitz of Manistique removed to the woodshed a quantity of Mrs. Stefanitz's clothing preparatory to burning it. When a woman of the neighborhood asked whether hoarded money had been found, a search was instituted. The investigation revealed $720 concealed in the lining of an old cape which Stefanitz was about to consign to the flames of a bonfire. The wife had saved the money unknown to her husband.

BLOODHOUNDS ON TRAIL OF ROBBERS.

Bismarck, N. D., April 20.—William Arnovitch, night operator at Balfour, on the Soo, was shot in the lung and probably fatally wounded by a man who made an attempt to rob the Soo depot. Two men implicated in the robbery ordered the operator to hand over the cash. When he attempted to close the door a shot was fired, and the men made a get-away. A party who was purchasing a ticket gave the alarm, but before a possee could be gathered the robbers left town and all track of them is lost.

A special train was run from Bismark carrying bloodhounds from the penitentiary, with Trainer Cabanas, and they were put on the trail Saturday at 7, but have not picked up the scent as yet.

GOGEBIC COUNTY MACCABEES ELECT.

Bessemer, Mich., April 20.—(Special to The Herald.)—A large delegation from the hives of Gogebic county attended the county convention held here of the ladies of the Modern Maccabees. Mrs. Louis Holdorf of this city was elected delegate to the great hive convention to be held at Bay City in June, and Mrs. Martina Grimm of Ironwood was elected alternate.

The following officers were elected: Lady commander, Mrs. Alice Oxnam; lieutenant commander, Mrs. Martina Grimm; past commander, Mrs. Anna Dear; secretary, Mrs. W. H. Knight; finance keeper, Mrs. Jennie Nelson; chaplain, Mrs. Ella Winn; sergeant, Mrs. Seeberg; mistress-at-arms, Mrs. Rummel; sentinel, Mrs. Hassenau; picket, Mrs. Franty.

The next convention will be held in Ironwood in 1918, these conventions being held only once in four years.

POLK COUNTY TO HAVE SANITARIUM.

Crookston, Minn., April 20.—The Polk County Tuberculosis sanitarium commission has selected thirty-five acres south of the river and just west of the city, securing the property from B. Sampson at the price of $200 per acre. It is a beautiful location, ideal for the purpose, protected to the north by a fine wooded tract, and providing ample ground for garden and horticultural work.

Bessemer Lodge Elects.

Bessemer, Mich., April 20.—(Special to The Herald.)—The following officers were elected at the annual meeting of Dorcas Chapter, No. 181, Order of the Eastern Star, for the ensuing year: Worthy matron, Mrs. Mary Vevern; associate matron, Mrs. Cordelia Coad; worthy patron, Cal L. Sollbers; conductress, Mrs. Ada Madajesky; associate conductress, Mrs. Ada Madajesky; associate conductress, Mrs. Nellie Davis; secretary, Mrs. Forman; treasurer, Mrs. Jessie Holly. The installation will take place on May 11.

Hooks Sixteen Pounder.

L'Anse, Mich., April 10.—(Special to The Herald.)—The season during which Lake Superior trout are caught with hook and line through the ice of L'Anse bay has come to a close, with David Bedell holding the record for taking the largest fish. Bedell's prize weighed sixteen and one-half pounds.

Press Association Secretary.

Minot, N. D., April 20.—(Special to The Herald.)—W. H. Francis of Velva was elected secretary of the North Dakota Press association, succeeded W. E. Holbein of Lansford, who has resigned because he is a candidate for commissioner or agriculture and labor. The annual summer association meeting will be held at Valley City, July 9 and 10.

Wins Bessemer Contest.

Bessemer, Mich., April 20.—(Special to The Herald.)—For the first time in many years, local high school students have entered the oratorical and declamatory contests, and the try out was held in the auditorium of the Bessemer high school. There were ten contestants. Ruthford Solberg, who delivered "Vision of War," was awarded first place in the boys' oratorical contest. Miss Sarah Silverman's "The Stepmother," received first in the girls' declamatory contest. Donald Frazer and Helen Olson received second honors.

Socialists Carry Township.

Channing, Mich., April 20.—(Special to The Herald.)—In the recent elections in Upper Michigan, the Socialist party was successful in one township, Drummond Island, in Chippewa county. Every candidate on the Republican ticket was defeated by his Socialist opponent. Drummond island is largely populated by Finns, colonized there by Miss Maggie Walz of Calumet, leader of that nationality in the Upper Peninsula.

WISCONSIN BRIEFS

Amery—Oscar Hielstuen, 30 years old, died here Saturday as the result of a fall from a wagon. The wheels passed over his body.

Ladysmith—Members of the school board have been served with an injunction restraining them from using the receipts of the $65,000 bond issue recently authorized for a new high school and site. The matter will come up in court in a few weeks.

Milwaukee—Charles M. Kendall, well known real estate broker and Civil war veteran, died April 18. Mr. Kendall suffered a paralytic stroke two weeks ago. Mr. Kendall was born in Ogdensburg, N. Y., in 1842. He has resided in Milwaukee for over thirty years. He served in the Civil war in Company K, Twenty-ninth Wisconsin volunteers.

Kenosha—Charles A. Pearson, a switchman for the Northwestern Railway company, residing in Evanston, had both of his legs crushed under a freight train here this morning.

La Crosse—A Conservative Republican convention will be called in this county. E. L. Phillips, who was here Friday night, persuaded the local stalwarts on this course.

Fond du Lac—Frank J. Wolff, serving his second term as mayor of Fond du Lac, who is declared to be the youngest mayor in office in Wisconsin, will be a candidate for congress in the Sixth district if statements emanating from close friends are true.

Washburn—Washburn will have only one telephone company operating here after a short time. By an adjustment between the Bell and the Home company, approved by the Wisconsin railway commission, the Bell people take over the Washburn and Mellen exchanges, while the Ashland business is left with the Ashland Telephone company.

Grand Rapids—John Kohler, a young man living in the town of Cary, accidentally plunged a huntink knife into his abdomen, Wednesday, and is in a serious condition in consequence.

Neenah—Charles Wolk, arrested and fined here several days ago, has retained an attorney to sue the city for the alleged loss of a suit of clothes, the alleged clothes contracted fleas and he says that he contracted fleas and had to throw his suit of clothes away and now wants the city to pay for a new suit.

Milwaukee—John M. Maloney, chief clerk in the office of City Comptroller Louis M. Kotecki, was arrested April 17 under the Mann white slave act, following his indictment by the Federal grand jury on twenty counts. The action was based upon alleged relations with Grace Morton, who created a sensation recently by an attempted suicide.

Bayfield—Bayfield voted to take the necessary steps to have the town set apart from the city into a separate school district. Under the new law, this must be done by the county board of education, which has just been elected.

PENINSULA BRIEFS

Marquette — Crushed by falling rock and timbers, when a stone wall on which he was working caved in Saturday, George Thoney, a carpenter, is in St. Mary's hospital, with a badly cut head, several broken ribs, and other internal injuries.

Calumet — Rev. Dr. H. D. Hunter, a former pastor of the Calumet Congregational church, who was known and loved by hundreds of residents of the Copper country, died suddenly at his home in Yale, Mich., April 7. He was the pastor of the First Presbyterian church of that city.

Hancock — Otto Probst, a resident of Quincy location, was arraigned before Justice Eichkern, charged with attempting to leave town without settling his board bill. The man was sentenced to twenty days in the county jail, with no alternative of a fine.

Lake Linden — Students of the 1914 class of St. Anne's academy have received their class pins, a gold crescent upon which the letters "S. A. A." are engraved.

Ironwood—A determined step has been taken to stop the practice of allowing dogs to chase deer in the woods. Deputy State Game Warden Herman Leisner of Escanaba killed five deer hounds a few days ago at the camp of the Fesston Lumber company.

Negunce—The jury in the case of Alfred Temby, who was killed Tuesday afternoon at the Rolling Mill mine, returned a verdict at the inquest that he came to his death in a manner unknown.

Calumet—Maj. Arthur Cass of Minneapolis, in charge of the industrial work of the Salvation Army, was in Calumet to conduct special services Saturday and Sunday.

Houghton—The remains of George Leslie Gordon, son of Mrs. W. D. Gordon, who was killed by lightning at Loretto Wednesday afternoon, were brought to Houghton by Charles H. Baxter, superintendent of the mine at which Mr. Gordon was employed as a mining engineer. The funeral was held Saturday.

Lake Linden—Thomas Hosking is temporary manager of the Grand theater at Hubbell, pending the arrival of Mr. Holcomb, who will take charge of the playhouse.

Hancock—Supt. H. D. Lee of the Hancock public schools has been advised that the high school is again on the accredited university list.

Laurium—Christ Lowney, local manager for the Portage Coal & Dock company, who was recently appointed to the postmastership of Laurium, has assumed his office.

Lake Linden — Leonard Jacobson, business manager of the Lake Linden Junior Basket Ball club, is out looking for games with any junior team in the county whose players weigh in under eighty pounds.

Houghton—Jonah Orrison has left for Chicago, where he will enter the Presbyterian hospital for treatment. Mr. Orrison has been ill for many weeks.

DAKOTA BRIEFS

Wahpeton, N. D.—Andrew Peterson of Colfax, this county, unsuccessfully pleaded an excuse from supporting his wife in police court, receiving a severe reprimand for his attempt at so doing, and also being bound over to the district court for trial.

Devils Lake, N. D.—Judge C. W. Buttz granted a divorce to Emelia Simonsen of Grand Forks from Henry Simonsen on the grounds of desertion. The Simonsens were former residents of Devils Lake. There are two children.

Grand Forks, N. D.—The funeral of J. S. Johnson of Mountain, who killed himself by drinking carbolic acid in his room at the Columbia hotel in this city last Tuesday, was held Friday afternoon at the Mountain Lutheran church. Rev. K. K. Olafson conducted the services.

Bismarck, N. D.—The date of the high school commencement was fixed for the evening of June 12, and the speaker decided upon was President W. E. Johnson of the state normal industrial school at Ellendale.

Valley City, N. D.—All box-elder trees in Valley City are infected with a scale that will destroy them unless attended to at once. Spraying may be done up to the time the leaves appear, and unless it is done there will not be a live tree in Valley City in two years if the experience of Minnesota towns is to be repeated.

Fargo, N. D.—The saddle and wheels of the bicycle of Rev. O. E. McCracken of Glad Tidings mission, have been stolen. The theft was committed at the residence of Rev. Mr. McCracken on First avenue south.

Grand Forks, N. D.—A permanent Valley City Normal School Alumni association was formed Saturday evening at the state university at a banquet held in the Commons building. There are about twenty-five graduates of that institution here, and nearly all of them attended the gathering last evening. Miss Eleanor Dougherty was elected president of the association and Harry Fitch was chosen vice president. Miss Johnson was made secretary and Thordar Thordarson was elected treasurer.

Minot, N. D.—The North Dakota game board, composed of J. P. Reeves, president; W. E. Byerly, vice president, and the ever jovial and smiling Col. Charles Brewer, was in this city Saturday afternoon at the Association of Commerce rooms, listening to suggestions and complaints of quite a large number of sportsmen from Northwest North Dakota.

Williston, N. D.—T. L. Delehanty of Chicago, contractor of the Williston Federal building, has begun work. The new structure will cost in the neighborhood of $85,000.

New England, N. D.—A shocking accident which snuffed out the life of a 4-year-old child happened at the Adam Nieder farm, several miles east of New England, when the little son of Mr. and Mrs. Nieder was dragged to death by a horse. The tragedy took place in sight of the parents, who were powerless to save their child from death.

MINNESOTA BRIEFS

East Grand Forks—Funeral services for Mrs. Catherine Brazille, who passed away at her home on Minnesota Point Wednesday night, were held at Sacred Heart Catholic church Saturday morning at 9:30 o'clock. Deceased was 65 years old and had been a resident of Minnesota Point for thirty-five years.

Roseau—The Commercial club elected these officers: President, Mike Holm; vice president, S. T. Hodahl; secretary R. J. Bell; treasurer, Carl von Rohr; executive committee, J. L. Delmore, Riley Rasmussen, A. O. Hagen, Israel Sjoberg, M. J. Hegland, G. M. Stebbins, T. D. Thorson.

Thief River Falls—The Park Region Conference of the German Lutheran church will meet in this city Tuesday, Wednesday and Thursday of this week at the German Lutheran church of which F. J. Seltz is pastor.

Roseau—There will be twenty or more Presbyterian ministers in Roseau Tuesday, in attendance at the annual session of the Adams presbytery.

Crookston—The annual ice floe in the Red Lake river which has been moving some but not much, for a week, left the river Thursday evening and the river this morning is completely clear of obstructions.

Ada—Samuel Fulton, a pioneer of Norman county, died at his home here April 17, at the advanced age of 89. He is survived by five sons and daughters, one of whom, Mrs. W. B. Sheffield resides in Crookston. The others are Daniel, David Fulton, Mrs. W. C. Patterson and Miss Minnie Fulton.

Stillwater—Work has been in progress at the United States boat yards at South Stillwater this spring in repairing the dredge Feele and consort barges. They are now in condition for operations as soon as an appropriation of money passes congress to provide for the operation of this and other river repair fleets.

Fergus Falls—Emil Sedlack and his family of six children, from Thief River Falls, passed through Otter Tail county Tuesday and Wednesday in an automobile following the line of the Soo railway, en route to California.

Pine River—Hay Hamilton, employed in the Kenworthy mill, four miles east of Backus suffered an almost complete severing of an arm in a cut-off saw.

Little Falls—J. L. Webb, boom master for the Mississippi & Rum River Boom company, speaking of the work on the river, states that there is not much doing as yet. One drive was begun a few days ago, starting just below St. Cloud, and is now at Monticello. This drive is in charge of Otis Webb.

Fosston—Boys in the country around Fosston are taking an interest in the corn contest. Many living south and southwest of town are already making their plans. Some north and east of town are also preparing to enter the contest.

St. Cloud—Mrs. Elizabeth Burton, wife of John Burton of Watab, died here April 17, after an illness of a week. Heart disease was the cause of death. She was 55 years of age. Mrs. Burton was a life-long resident of this section. Besides her husband she is survived by five daughters and four sons.

Bagley—Mrs. James Stanley of Duluth returned home Tuesday after having spent a week at the home of Mr. and Mrs. Thomas Keefe.

Moorhead—Carl Anton Cornelliussen, aged 78, one of the earliest settlers in the southern portion of the county, died April 17. Mr. Cornelliussen was the father of John and Evan Cornelliussen, and was well known and highly respected. The funeral will be held on Monday at the Comstock church and the Rev. J. M. O. Ness of Concordia college will conduct the service.

ON THE IRON RANGES

NEW ENGINEER HAS QUIT JOB

Man Just Appointed to Virginia Position Declines.

Virginia, Minn., April 20.—(Special to The Herald.)—A. E. Anderson selected by the new Virginia council city engineer to succeed B. F. Johnson, who held the job eight years, declined the appointment today—just why he does not state. The council will try to fill the position tomorrow night when another effort will be made to agree upon a street commissioner. It is anticipated there will be a big fight.

To Visit Duluth.

The members of the fire and police commission will leave here tomorrow for Duluth to meet Commissioner Hicken and get pointers on handling the police and firemen. The commissioners will also go to Superior and consult the commissioner in charge of the fire and police in the Wisconsin city.

VIRGINIA MINES ARE SHIPPING ORE

First Shipments to Two Harbors Docks Now Being Made.

Virginia, Minn., April 20.—(Special to The Herald.)—The first ore shipped from this mining district over the Duluth & Iron Range road to the ore docks at Two Harbors left today, and it is expected there will be regular shipments in the future.

The Bangor and the Miller mines began shipping today and others will follow suit. The labor difficulty at the Bangor mine, wherethe men went on a strike because of the adopting of the contract system instead of the per diem has been satisfactorily adjusted and the men are back on their jobs.

AS TO "EVOLUTION."

Theme Will Be Discussed By Hibbing Chautauqua Reading Circle.

Hibbing, Minn., April 20.—(Special to The Herald.)—The Chautauqua reading circle will hold its regular meeting at the home of Mr. and Mrs. B. B. Beal tomorrow evening. The program to be given follows: "Meaning of Evolution," Mrs. Mary Johnston; "Locy's Biology and Its Makers," H. P. Blair; summary of chapters 1, 2, 3 and 10 of Osborn's "Great Darwin, B. B. Beal; "The Underlying Ideas," from Schumaker, chapter 3, Mrs. R. W. Elliott.

The Lady Maccabees of the World will entertain at a card party April 25 in Central hall.

Move to Salt Lake.

Mrs. Guy Kack and children, who have made their home in Hibbing the past five years, left Saturday noon for Salt Lake City, Utah. Mr. Kack has been employed there since last December as steam shovel engineer, and they will make that city their future home.

The regular meeting of the Dramatic club will be held at the home of Miss Marcella and Myrtle Lavell this evening.

Percy Webster was the guest of friends in Virginia yesterday.

Mrs. F. H. Herrmeyer of Mountain Iron is the guest of her daughter, Mrs. David Graham, for a week.

Invitations have been issued for the marriage of Benjamin Wahldahl and Miss Anna Domsch which will occur May 11.

Myles Furlong left this morning for Virginia, where he has accepted a position.

MATICH ON TRIAL.

Alleged to Have Obtained Money Under False Pretenses.

Virginia, Minn., April 20.—(Special to The Herald.)—Mike Matich of Chisholm and Hibbing is on trial in district court here today on the charge of getting money under false pretenses. It is alleged that he represented that he was to fall heir to an estate in Austria and on the strength of this secured considerable sums in both Hibbing and Chisholm.

TROUT FISHERMEN ARE VERY HOPEFUL.

Two Harbors, Minn., April 20.—(Special to The Herald.)—Local trout fishermen are anticipating a good fishing season. The results of the many fish fry that have been planted in nearby streams during the past five years are expected to show more than ever this season. The past winter has been a very mild one and favorable to the fish, especially the young ones.

The local gun club and especially Dr. J. D. Budd will exert every effort to get a large amount of fish fry. It is due to the efforts of Dr. Budd, and other members of the Rod and Gun club that fishing in Lake county has been successful in the past few years.

HIBBING MAN WEDS.

Bervard Taylor Leads Miss Proctor to Altar.

Bessemer, Mich., April 20.—(Special to The Herald.)—Bervard Taylor, formerly of this city, now of Hibbing, Minn., and Miss Catherine Proctor of this city, were married here last Wednesday by Rev. W. S. Smith, pastor of the M. E. church, at the Methodist parsonage. They were attended by James Taylor, brother of the groom, and Miss Magma Brown of this city. The bride wore pale blue charmeuse trimmed with silk shadow and the maid of honor white embroidered mull trimmed with shadow lace. Mr. and Mrs. Taylor are in Duluth spending their honeymoon after which they will leave for Hibbing, where they will reside.

Marries Virginia Woman.

Thomas McBride of Wakefield, Mich., and Mrs. Labiah Clark of Virginia, Minn., were married at the home of the groom's brother at Wakefield by the Rev. W. S. Smith, pastor of the Methodist Episcopal church of this city. Only the immediate friends of the contracting parties were present. Mr. and Mrs. McBride will make their home in Wakefield.

POSLAM SOOTHES BURNING SKIN, STOPS ITCHING

If you are not familiar with the rapid action of Poslam in the relief and eradication of any skin trouble, you will be astonished to see how readily it takes hold and how easily its work is accomplished.

Eczema, Acne, Tetter, Psoriasis, Piles, Skin-Scale, Salt Rheum, Barbers' and all forms of Itch are eradicated. Slight troubles, such as Pimples, Red Noses, Rashes, Complexion, Blemishes, etc., respond so readily that overnight treatment is often enough.

All druggists sell Poslam. For free sample, write to Emergency Laboratories, 32 West 25th Street, New York.

Poslam Soap, medicated with Poslam, improves and beautifies skin and hair. New toilet size 15 cents.

TWO HARBORS BALL FANS WILL MEET

Question of Organizing Team and Getting Ball Park Up.

Two Harbors, Minn., April 20.—(Special to The Herald.)—The local baseball players and fans will hold a public meeting tomorrow evening at the Commercial club rooms to get a line on the material which will represent the city in baseball this year. A manager and captain will be elected. The present outlook for a successful season is very bright. Nearly every man that composed the champion team last year will be in the lineup again.

The matter of securing a new ball park also will be taken up tomorrow evening. An endeavor is being made by baseball fans to secure the site where the city had the ice rink last winter. The location is a very favorable one and if they succeed in getting it it will aid materially in a financial way, as the present ball park is located nearly two miles from the city, and owing to the great distance the attendances at ball games are small.

Baseball promoters are very anxious to have a large crowd out to the meeting tomorrow evening.

SAFETY FIRST IS PROVING POPULAR

Eveleth Mining Employes Like U. S. Instruction Offered.

Eveleth, Minn., April 20.—(Special to The Herald.)—That the mining companies are co-operating heartily in the "safety first" movement is the statement of W. W. Sullivan, one of two government agents who are giving lectures and demonstrations here. The mining men are taking an interest in the work and Mr. Sullivan believes that much good is being accomplished.

Instructions in mine rescue work are given by Mr. Sullivan while A. A. Krogdahl gives a series of lectures and demonstrations of first-aid work. The two travel in a special car and carry rescue equipment, charts and supplies for demonstrations. Their territory includes the three states in the Lake Superior iron mining region and their next stop will be at Virginia after leaving this city Wednesday.

Many Attend Demonstrations.

Mine rescue work was taught in the Spruce district last year and a rescue station was erected which is being used for the demonstrations this year. Twelve men from the Fayal district and W. H. Harvey, state mines inspector for St. Louis county, are taking the rescue work, which consists principally in instructions in the use of breathing appartus.

Mr. Krogdahl is using the Fayal hall for his first-aid-to-the-wounded work and has had good crowds every afternoon. He explains and demonstrates the method of checking the flow of blood when arteries are severed and methods of caring for and alleviating the suffering of wounded men before the arrival of regular surgeons.

SHACKERS FINED.

Mulcted $50 Each for Killing Deer Out of Season.

Two Harbors, Minn., April 20.—(Special to The Herald.)—Deputy Game Warden August Tabor arrested John Hill, Charles Salmi and Charles Renne Saturday for killing deer out of season. The men were arraigned in municipal court and fined $50 and costs. The men are shackers and live near Palmers.

MOTORCYCLE CLUB.

Preliminary Steps Taken at Hibbing to Form Organization.

Hibbing, Minn., April 20.—(Special to The Herald.)—A number of the local motorcyclists met yesterday in the village hall and took preliminary steps to organize a motorcycle club. Carl Schirmer was elected as temporary chairman and appointed a committee to secure the attendance of all of the owners of machines at a meeting to be held next Sunday when officers will be elected and plans made for the coming season. According to the sentiment expressed there will be no entrance fee to the club and an effort will be made to secure every rider. The first trip would be made in about three weeks to one of the range towns and other runs arranged. An effort would also be made to have an expert motorcycle man locate in the village to handle repair work and supplies. It is believed that no little interest can be aroused in the approaching meeting.

CHICAGOAN IS BURIED ON RANGE.

Hibbing, Minn., April 20.—(Special to The Herald.)—Dominik Santoro who arrived from Chicago ten days ago to take charge of the steel construction gang of the Great Northern at Kelsey, was burned here yesterday following his death from pneumonia. Three brothers were employed in his crew and attended the funeral. The deceased was 28 years of age and single.

RANGE PUBLISHERS MEET AT VIRGINIA.

Virginia, Minn., April 20.—(Special to The Herald.)—The Mesaba Range Editorial association, made up chiefly of publishers of daily and weekly papers in this section, are meeting here today to talk over trade matters. A dozen or so are present. M. I. Stewart of Duluth will deliver the chief address this afternoon.

BREAKING THROUGH ICE, TWO ESCAPE.

Tower, Minn., April 20.—Victor Fecto and Phil Aubin and their horse and sled plunged into the icy waters of the Lake Vermilion twice a few days ago. Both times the men got out but the horse had to be rescued. They drove onto the river ice to go up the lake, at a point near the J. B. Frederickson boat house where the water is eight or ten feet deep. The old horse had not gone far before he went in headon with the rig pushing him still farther. A rope was secured and the old horse yanked out on the ice; none the worse for the cold bath.

BURNTSIDE LAKE TO HAVE HOTEL

Suitable Structure at Resort Near Ely Is Being Built.

Ely, Minn., April 20.—(Special to The Herald.)—The Burntside Outing company began Saturday morning to gather the material at the property on Burntside lake, six miles west from here for the erection of a hotel. The building will be about 80x36 feet, and will be surrounded by a wide screened porch to which all the rooms will connect. The building will be finished on the inside with beaver board and have hardwood floors.

It is planned to use this as a center for a group of cottages to be built later, this serving as a reception room and dining room. Tents will be secured by the Outing company for rental to those who desire to camp entirely in the open air.

The elte of the hotel is one of the best in Northeastern Minnesota, and the company had a difficult time in securing the property. It originally belonged to the state of Minnesota, but those in authority would fail to have the property placed for sale although listed for several years, finally it was placed on the market, and secured by the company for $60.60 per acre.

A splendid road runs direct to the property, and this road has been placed in the best of shape during the past year. The Burntside river is open for navigation to within a few rods from the hotel site, and a board walk leads direct to the hotel property. The river was last year cleaned of weeds and widened, making it a pleasure trip from the very moment that one starts to Long lake.

Club House on Island.

Burntside lake is becoming very popular as a summer resort. The Oliver Mining company have just finished a $10,000 club house on an island on Burntside lake, and parties from Minneapolis have secured a tract of land just west from the site of the Outing company's property as a site for a club house to be built under their auspices. A number of citizens already own private summer cottages there and spend much of their summer vacations at the lake.

With the building of this hotel and the cottages, it is expected that the Burntside lake will become even more popular with the traveling public. Already a number of applications have been received relative to securing accommodations there have been received.

Contractors Miettunen and Peterson plan on having the hotel ready for use at the opening of the present season.

The Finnish Lutheran church held a social at the Kalava hall on Saturday evening which proved very popular, netting the organization nearly $125.

EVELETH'S DEBT IS QUITE SMALL

Only About One-Ninth of Property Assets of City.

Eveleth, Minn., April 20.—(Special to The Herald.)—City Clerk A. P. Romer has prepared a statement showing the property assets and bonded liabilities of the city. It shows property worth approximately $400,000 and liabilities of $43,500. Real estate is listed at cost and not at present value.

Following is the statement:

Permanent improvements — Paving, sidewalks, boulevards, curbs and gutters, $40,000; ornamental street lighting, $5,000.

Water works and sewer systems—Water plant and system, $140,000; sewer system, $58,000.

Real estate and buildings—City hall, $21,000; fire hall, $25,000; auditorium, $37,000; public library, $19,000; public market, $2,500; detention hospital, $3,800; vacant ground, $1,000.

Parks and cemetery — North Side park, $4,000; Lake park, $4,000; Central park, $25,000; cemetery improvements, $5,000; equipment, furniture and supplies, $18,950; total, $399,350.

Bonded indebtedness—Water works extension bonds, $5,500; water works plant bonds, $32,500; sewer extension, $5,500; total, $43,500.

"DICK" CULLEN TALKS.

Duluthian Tells Towerites of Early Days Up There.

Tower, Minn., April 20.—Dick Cullen, the Duluth mining man, has been renewing old acquaintances here and telling the younger generation how he came to this section way back in 1883. He tells how he packed his grub and blankets into this section in February 1883, long before there was any sort of a road except the old Vermilion trail. He pointed out where the first building was put up in Tower and related many early day incidents.

Eveleth School Dance.

Eveleth, Minn., April 20.—(Special to The Herald.)—The junior class of the high school have mailed a large number of invitations for the annual junior-senior hop, which is to be given Friday, April 23, at the Auditorium.

Kelly Lake Yardmaster.

Hibbing, April 20.—(Special to The Herald.)—Albert Fritz of St. Cloud, has arrived from Crookston, where he has been employed by the Great Northern and assumed his new duties as yardmaster at Kelly Lake. Mr. Fritz is a brother of Andrew Fritz, public examiner of the state, and belongs to one of the oldest families in Stearns county.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

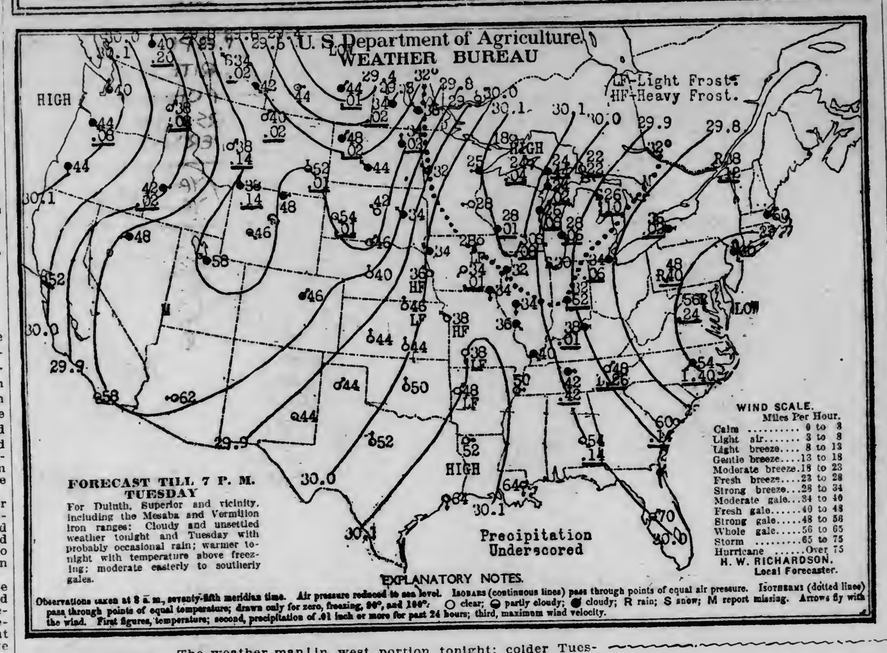

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O. All druggists.

Arrows fly with the wind. First figures, temperature; second, precipitation of .01 inch or more for past 24 hours; third, maximum wind velocity.

CLOUDY

The weather man refuses to be lenient and will not promise any better weather. He does not threaten any more snow, leaving the fall of yesterday as the last so far at least. But the clouds will still hang over the city and the weather will remain unsettled, with probably occasional showers. However, the temperature will be warmer.

A year ago today was fair. The sun rose this morning at 5:11 and will set this evening at 7:03, giving thirteen hours and thirty-two minutes of sunshine, six minutes more than Saturday.

Mr. Richardson makes the following comment on weather conditions:

"During the last twenty-four to forty-eight hours light to heavy rains fell from the Mississippi valley eastward to the Atlantic coast and rain or snow in the lake region and Northwest. Much colder weather prevails in the lake region, Upper Mississippi and Ohio valley states, but the temperature is rising rapidly in the Northwest."

General Forecasts.

Chicago, April 20.—Forecasts for the twenty-four hours ending at 7 p. m. Tuesday:

Wisconsin—Fair tonight; Tuesday unsettled, with probably showers in afternoon or night; warmer tonight and in east portion Tuesday.

Minnesota—Cloudy and unsettled tonight and Tuesday; warmer tonight; colder in west portion Tuesday.

Iowa—Mostly cloudy tonight and Tuesday; warmer tonight and in east portion Tuesday, colder in northwest portion Tuesday.

North Dakota—Mostly cloudy tonight and Tuesday; colder Tuesday and in west and central portions tonight.

South Dakota—Mostly cloudy tonight and Tuesday; warmer in east and colder in west portion tonight; colder Tuesday.

Montana—Fair tonight and Tuesday; colder tonight.

Loer Michigan—Partly cloudy tonight; warmer in north and west portions; Tuesday partly cloudy and armer.

Upper Michigan—Partly cloudy and warmer tonight; Tuesday increasing cloudiness and warmer.

PIKE SPAWN TO BE GATHERED

State Getting Ready for Operations on Vermilion Lake.

Tower, Minn., April 20.—(Special to The Herald.)—State Superintendent of Fisheries Cobb has been out to Pike river getting things ready for the annual taking of pike spawn from Lake Vermilion. If weather permits they will commence work some time this week.

Mr. Cobb states that there will be more spawn taken this year than before, on account of their new equipment. There will be as much fry returned to the lake as the capacity of the local hatchery will permit.

L. D. App, formerly employed by the Trout Lake Lumber company here, has moved his family to Molde, Minn., where he expects to spend some time, and then start for Northern Minnesota to look up timber. Mr. App is now in business with E. R. Cook, under the name of the Cook & App Timber company.

DIES SHOVELING SNOW.

Emil Autio, Old Resident of Ely, Suddenly Stricken.

Ely, Minn., April 20.—(Special to The Herald.)—Emil Autio, for the past twenty years a resident of this city, fell dead on the sidewalk in front of his home yesterday morning from heart failure. Mr. Autio has a shoe store and repair shop on Central avenue and was out shoveling off the snow from the walk, when he was seen by Mrs. Autio to fall. She immediately rushed to his side, but he was able to say just a few words and passed away before medical aid could be secured.

Mr. Autio was born in Finland, coming to Northern Michigan when a boy, and about twenty years ago coming to Ely. He leaves a widow and five children. Funeral arrangements have not yet been definitely made.

Mr. Autio was apparently in the best of health until the last, only last Sunday evening, he took part in the Eastern exercises at the Finnish Lutheran church here, and was active at his work all the week.

BURY BUFFALO MINER.

Hibbing, Minn., April 20.—(Special to The Herald.)—Joseph Simenc of the Nelson location, was buried yesterday. Father Hogan officiating at the funeral services which were in charge of the St. Barbara's society. Mr. Simenc was 32 and is survived by his widow and one child. One of his children died but a month ago. A brother, Frank, also lives in Hibbing. The cause of death was pulmonary embolism. The man was employed as a miner at the Buffalo mine.

Eveleth Child Falls.

Eveleth, Minn., April 20.—(Special to The Herald.)—A 2-year old son of Martin Panlan, the Eveleth shoemaker, who recently demonstrated a patent fire proof suit and helmet, was badly injured by a fall from the back porch of the Panlan apartments. The child fell over twenty feet onto frozen ground and was severely bruised and cut.

CHATFIELD MAN DIES.

Frank Prouty Expires at Hibbing of Bright's Disease.

Hibbing, Minn., April 20.—(Special to The Herald.)—Frank Prouty of Chatfield, Minn., who has been making his home with his brother William Prouty of the Pool location since last January, died Saturday night from Bright's disease. He was 29 years of age and single. Mr. and Mrs. B. W. Murphy of Grasston arrived Saturday. Mr. Prouty's condition having been considered serious last week. Mrs. Murphy is a sister of the deceased and with William Prouty will accompany the body to Chatfield, where funeral services will be held. They left this noon.

DESMOND HAS SCHEME.

Duluthian Would Include Duluth and Cloquet in League.

Chisholm, Minn., April 20.—Jack Desmond, the Duluth baseball man, has submitted a scheme to Manager Leighty of the local ball nine to include Duluth and Cloquet in the league that has been formed by Chisholm, Hibbing, International Falls and Proctor and Manager Leighty thinks so much of the scheme he will go to Duluth to confer with Desmond, then report to the meeting to be held here Wednesday evening. Opinion here appears to be divided as to the feasibility of the plan.

Headquarters at Virginia.

Virginia, Minn., April 20.—P. J. Ryan, secretary of the Lake Superior Tax association, announces that the offices of the organization will shortly be moved here from Duluth, offices having been rented on the fifth floor of the First National bank building. Several clerks will be employed in the offices here which will be opened about May 1.

PROLONGING LIFE BRIGHTS DISEASE

It is hard for physicians who have had nothing but failure in chronic Bright's Disease to believe that there is such a thing as recovery and many honestly feel that patients reporting recoveries under Fulton's Renal Compound are but temporarily benefited. Let us refer to the case of the daughter of the late N. W. Spaulding, former U. S. Sub-Treasurer of San Francisco.

After her father "had spent ten thousand dollars" in efforts to cure her and the dropsy came and the end looked near she was put on Fulton's Renal Compound. To use the words of the physician, let us say that she was "temporarily benefited." We must now stretch "temporary" to twenty years, for it was twenty years ago, and she was living and attending to her household duties at last advices, in January, 1914.

The ability of Fulton's Renal Compound to oppose Renal Degeneration and reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT IN PHYSICS, and we will mail formula for albumen test that will show the percentage from week to week. As the albumen declines improvement commonly follows, recoveries having been reported in thousands of cases. Send for formula and literature mailed on request. John J. Fulton Co. For sale at druggists.

RESISTANCE TO DISEASE

Why is it that one person can work all day standing in cold water, slush and snow with no harmful effect, while another with less exposure contracts colds, pneumonia, rheumatism, sciatica or something equally distressing and dangerous.

Because in the first case the body was in such perfect balance that there was "resistance" to disease. In the second there was lack of tone that invited ill health.

Keep your system toned up with Dr. Williams' Pink Pills and foods that once distressed you will be harmless, exposure will bring no fears of rheumatism and neuralgia and even germ diseases need hardly to be dreaded.

Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the pallor of face and lips that are the results of thin, impure blood.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now.

Send to the Dr. Williams Medicine Co., Schenectady, N. Y., for a free booklet, "Building Up the Blood."

LOOK FOR THE BLACK AND GOLD STREET CAR AD

TAKEN TO OHIO.

Body of Chisholm Man Who Expired Suddenly Taken East.

Chisholm, Minn., April 20.—(Special to The Herald.)—Following ritualistic services by the Eagles, of which he was a member, held at the home of his brother-in-law, Rev. Ralph C. Jones of the M. E. church, the body of John M. Patridge, a well-known citizen, who died suddenly yesterday of a hemorrhage, was taken to Duluth today en route to his former home at Jackson, Ohio, where interment will be made Thursday. Rev. and Mrs. Ralph Jones, Henry Jones and the widow accompanied the body.

Mr. Patridge was 54 years old and leaves, besides his wife, two brothers and an aged mother. D. T. Patridge, a brother, lives at Leesburg, Ohio, and Lee Patridge lives in Columbus, as does also the mother, who is now 80 years old.

Mr. Patridge for thirty years was a business man of Wellston, Ohio. He was born in Jackson, Ohio, in 1860.

CHISHOLM CUTTING.

Three Men Badly Cut During Sunday Drinking Row.

Chisholm, Minn., April 20.—(Special to The Herald.)—While celebrating the Montenegrin Easter Sunday afternoon, Pete Chapich was badly beaten and cut above the head with beer bottles, while Steve and Joe Radakovich, cousins, received numerous cuts about the arms, wrists and hands in an endeavor to wrest Chapich's hands from a huge knife. The affair happened about 4 o'clock, after the men had been celebrating Saturday night and yesterday and were more or less intoxicated.

Before the police arrived a number of the participants had escaped and their names have not been learned. So far only the three named have been arrested. Four policemen fought the men for several minutes before the knife was taken away from Chapich. When the police were notified Joe Radakovich had Chapich partly under control but received a severe slashing before he was able to pin him to the floor. Others in the place gave Chapich a severe beating while he was attempting to slash the crowd. It took a physician two hours to dress the wounds of the three men.

MEXICO CITY GETS ITS FIRST NEWS THAT ANY DISPUTE EXISTS

(Continued from page 1.)

between 11 and noon, a boat without an American flag and with nine marines and one officer landed at a point called the Beach of Iturbide, in Tampico. Col. Raymond Hinojosa, who has charge of defending that point, detained the marines and officer and conducted them to the presence of the general who had command of the fort, Ignacio Morelos Zaragoza.

"It should be remembered that at this time the port not only was under military control, but was withstanding an attack by rebels.

"Thought Incident Closed."

"Gen. Zaragoza immediately, and without even investigating the case, put the marines and the officers at liberty, placed Hinojosa in prison and sent an apology to Rear Admiral Mayo, the commander of the American fleet.

"We thought the incident was closed, but unfortunately this was not so, because Mayo sent to him some time afterward an ultimatum in which he asked that a second apology be presented to him by the staff of the chief of the fort, Gen. Zaragoza; that the American flag be hoisted at a public place in Tampico and saluted by twenty-one guns, and besides the severe punishment of Hinojosa, stipulating that all this be done within twenty-four hours.

"The time was later extended when diplomatic pourparlers were begun between the sub-secretary of foreign affairs in Mexico, the minister being absent at that date, and continued until now.

Huerta Ordered Inquiry.

"The president of Mexico, when informed of the case, ordered another investigation of the facts and the punishment of the guilty officer if it were proved he was blameworthy. He also authorized the minister of foreign affairs to express regret on account of the incident. When he became aware that the American government supported the request of Rear Admiral Mayo relative to a salute of the American flag, which had not been insulted, he proposed to show his good will toward the American people, though he did not think that such a request was just, proposing that the flags of the two nations be hoisted and saluted reciprocally and simultaneously.

Point of Disagreement.

"The American government did not agree with that idea, but insisted upon Rear Admiral Mayo's request, giving assurance that, according to international practice, the salute would be returned by American cannon after the salute to the American flag.

"This was not accepted by President Huerta, who insisted upon his proposition.

"Then the American government determined that pourparlers be brought to an end by the final decision of President Huerta within a term which expired at 6 o'clock tonight, announcing that if by that time he had not agreed to the salute of the American flag as requested, the affair would be presented to the American congress for decision.

Offered Protocol.

"The Mexican government, believing that the salute in question was of no importance unless previously and formally agreed upon by both parties, proposed the signing of a protocol, and the minister of foreign affairs presented last night a draft of such protocol to the American chargе d'affaires, Nelson O'Shaughnessy.

"O'Shaughnessy answered that he must consult his government; that he would advise the minister of the nature of this answer; and this afternoon he communicated to the minister the fact that his government did not accept the idea of a signature of any protocol whatever, but wanted an unconditional salute of the American flag.

Gave Final Refusal.

"This the Mexican government refused, feeling it had done all possible, in view of the friendly understanding between the two governments, and believing the acceptance of such an imposition would be equivalent to yielding by Mexico to humiliation. The Mexican government is confident that the civilized world will find its conduct has been wise and temperate; that it has observed all the requirements of international law, and that the refusal to yield further is inspired only by a regard for its honor and dignity."

TWO CHILDREN SLAIN WITH AX.

Monkton, N. B., April 20.—The two children of Neil Mullin were killed with an ax in their home, nine miles from New Castle, Saturday. It has been learned here. Park Sobey, who is alleged to have committed the murders and to have made an unsuccessful attack upon the father of the children, was found dead in his backwoods camp. The authorities believe he killed himself.

THROW AWAY YOUR EYEGLASSES!

A FREE PRESCRIPTION

You Can Have Filled and Use at Home.

Do you wear glasses? Are you a victim of eyestrain or other eye weakness? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days, everything seems clear. I can even read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona, fill a two-ounce bottle with warm water, drop in one Optona tablet, and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

By BRUCE

IN the event of the senior four of the Duluth Boat club going through the present season without a defeat, Ten Eyck's quartet will have established one of the greatest records of any crew in the history of the United States.

With the exception of "Dug" Moore the members of this remarkable rowing aggregation have been together since the spring of 1912.

D. Moore came out for a while and then was compelled to stop rowing, Cowan taking his place in the crew of that year and making up one of the fastest bantam crews that has ever been developed in the history of the Northwestern International Rowing association.

On July 10, 1912, this crew defeated the Winnipeg bantams at Winnipeg, the St. Paul bantam crew, also trailing in, hopelessly beaten. This race was merely a romp for the Duluthians, Dave Horak never putting up the stroke at any stage of the race.

The following year at St. Paul, July 10, 1913, the same crew, with the exception that Dug Moore was back in the boat, won the junior four event so easily that the race was a virtual procession, the St. Paul bantam coming in second and the Winnipeg boys bringing up the rear, both of the contenders being so badly beaten by the Ten Eyck lads that there was no race to it.

On Friday, Aug. 8, at Philadelphia, the same crew won the intermediate four event at the National regatta, the Vespers coming in second and the Argonauts of Toronto getting third place.

Upon the following day this wonderful rowing machine went into the senior national four sweepstakes event, and pitted against the greatest fours of the United States and Canada, and with the load of the race of the previous day upon their shoulders, won hands down, the Metropolitans coming a bad second and the Detroits and Maltas following in the order named.

This is the four that will probably be sent to England to contest for the Stewards challenge cup and the championship of the world. The crew will not be sent this season, mind, but in the event of continuing the wonderful rowing progress that has marked the four since its first race, will sail from the shores of the United States sometime in the early part of 1915, to contest for the highest rowing honors in the world.

As the crew is composed at the present time—Horak, stroke; D. Moore, 3; Rhinberger, 2, and P. Moore, bow, it is doubtful—at least that is what the followers of the game hereabouts believe—if there is a greater four in the world; or at least that is what Ten Eyck would like to determine.

Its record surely is a wonderful one. It has beaten the best in the country, and the most convincing part of this remarkable performance is that the wins have been accomplished in so easy a manner.

Rowing with a long, clean stroke, that picks the water cleanly and develops a heave the second the blades hit the water, with every ounce of rowing weight and strength in the final heave that sends a boat along, this crew has excited the admiration of rowing men from Winnipeg, where the critics wear monocles and are exceeding captious, to the shores of the famous old Charles river at Boston, where rowing men have absorbed the atmosphere of some of the most famous crews of the new world.

James T. Ten Eyck has the unreserved and enthusiastic right to feel proud of these boys; for they have hung up a record that has caused blase old oarsmen to sit up and gasp.

Horak is but 21 years of age, not as yet in the possession of his mature strength, and Dug Moore is but 20 years of age, a boy in everything but skill. Max Rheinberger is 23, and Phil Moore, the quiet, drawling brother of little "Dug," the coolest and craftiest bowman ever developed in the history of racing years in the Northwestern association, shoulders the burden of 25 years.

Take it from us, who have watched it from the first day it went out on the water, this is some crew.

* * *

George Tebeau Worried.

THE fact that the Kansas City Federals drew some 15,000 people the opening day against the 1,500 that journeyed to the American association park to witness the game between the Kansas City and Minneapolis teams pastime, is causing owner George Tebeau of the American association team to forget that execrable phrase, Ish ki bibble.

Other owners of teams in the American association will possibly share in the general worry as to the future of the baseball situation in K. C.

Early last season one of the most popular and overdrawn subjects for instant and ready use of the joke-maker and others not so gifted, was reference to the Federal league. But now the situation is changed, some of the owners of the Federal league teams even going so far as to cast humorous eyes in the direction of some of the stands of organized baseball.

* * *

Ritchie, a Real Fighter.

GRADUALLY there has been dawning the impression that William Ritchie, Esq., is one of the realest champions we have had for sometime, as champions go since they have reduced the number of rounds of milling to the superlative figure of twenty.

This idea received its greatest impetus in the second meeting with Wolgast, the one at Milwaukee—throwing out of consideration that four-round affair.

Any gink who will stand from deliberate choice and slug with the little Cadillac wonder, is surely a real fighter; a fighter of the purest and choicest rays.

And now comes the aristocratic holder of a plebeian title and knocks the last championship aspirations from the tenacious nature of Harlem Tommy Murphy. Some feat that—for a lot of the others tried and failed dismally.

There must naturally be a lot of the followers of the game who do not in the least approve of the methods of match making pursued by the money-grabbing Ritchie; and yet at the same time it will have to be admitted that Ritchie is a sure enough champion.

MANY SEE MARATHON.

Big Boston Race On, With Minneapolis Man the Favorite.

Boston, Mass., April 20.—An overcast sky threatened showers for the eighty-three entrants in the eighteenth annual marathon race of the Boston Athletic association today. The course, as in previous years, was from Ashland, twenty-five miles southwest of this city to the association's clubhouse on Exeter street. The light air that was stirring was at the backs of the runners and the roads were dry and hard. A quarter of a million spectators gathered along the route.

The record for the course is two hours, 21 minutes, 18 1-5 seconds, made by Michael Ryan in 1912. Fritz Carlson of Minneapolis, last year's winner, was the favorite today. Among his competitors were James Duffy of Hamilton, Ont.; Edward Fabre of Montreal; Joseph M. Lordan of Cambridge and Festus J. Madden of South Boston.

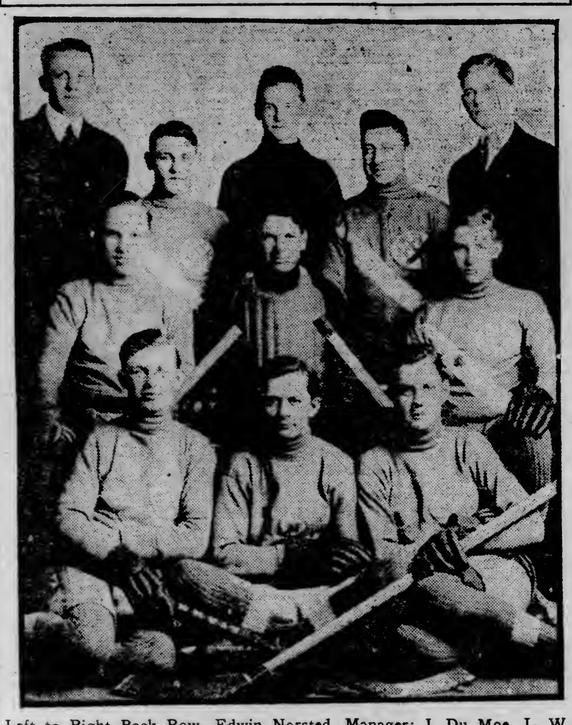

Athletes Need Permit.

Boston, Mass., April 20.—Athletes of this country or Canada, who cross the border to take part in competitive events, will be required to have an international permit, according to a tentative agreement reached last night between representatives of the athletic governing bodies of the two countries. Mutual recognition of suspensions and disqualifications was also agreed to.

Pennsy Wins.

Annapolis, Md., April 20.—Pennsylvania on Saturday defeated Navy's varsity and freshmen crews over the mile and five-sixteenths course; varsity by 2½ lengths in 7 minutes, 42 seconds; freshmen, by one-third length in 8 minutes, 29½ seconds.

NORTHERN HOCKEY TEAM THE LEAGUE CHAMPIONS

Left to Right Back Row—Edwin Norsted, Manager; J. Du Moe, L. W.; A. Stavrum, Spare; A. Swanstrom, P.; D. Larsen, Assistant Manager. Middle Row—P. Warner, Spare; J. Richards, G.; H. Parsons, C. Front Row—G. Nelson, R. W.; A. Grenner, C P. and Captain; G. McCormick, Rover.

Not in Picture—E. Rickard, Rover.

While the hockey season is over and most of the incidents of the close race in the Duluth Amateur Hockey league are forgotten, the members of the Northern hockey team got together the other day and sat for a photograph. The team finished ahead in the pennant race, though beaten in the post season series by the Lakes.

NATIONAL LEAGUE

Saturday's Results.

Brooklyn, 9; New York, 6.
Pittsburg, 8; Cincinnati, 5.
Philadelphia, 5; Boston, 3.
St. Louis, 5; Chicago, 2.

Pirates 9; Reds 3.

Cincinnati, Ohio, April 20.—Ineffective pitching by Cincinnati hurlers and better all round work on the part of Pittsburg, enabled the latter to win the second straight game from Cincinnati yesterday, 9 to 3. Benton for the locals was taken out of the box after the visitors had scored five runs on five hits. Adams, who succeeded Benton, while not wild, was batted hard. Pittsburg obtaining one or more hits in each of the innings he pitched.

Cooper, who started for Pittsburg, was hit in every inning except the sixth, but kept them scattered. He was taken out in the seventh. McQuillen held Cincinnati safe during the remainder of the game. Both teams ran wild on the bases. Score: R. H. E.

Pittsburg .....10031003 1—9 13 2
Cincinnati .....00001110 0—3 9 3

Batteries—Cooper, McQuillen and Gibson; Benton, Adams and Clark, Gonzales. Umpires—Rigler and Emslie.

Cubs 9; Cardinals 7.

St. Louis, Mo., April 20.—Chicago, by bunching hits and errors and bases on balls in the eighth inning yesterday afternoon scored seven runs, and these with two scored earlier in the contest proved to be enough to win the second game of the series with St. Louis, 9 to 7. Part of the game was played in a light drizzle.

In the eighth inning the Chicago team batted around once and made seven hits, one of them a double by Zimmerman. In this inning Goode secured two singles, driving in two runs and scoring one himself. Tommy Leach was banished in the eighth for disputing a decision by Umpire Orth. Score: R. H. E.

Chicago .....00020007 0—9 13 5
St. Louis .....10000240—7 7 2

Batteries—Cheney and Archer; Grimer and Snyder, Wingo. Umpires—Orth and Byron.

AMERICAN LEAGUE

Saturday's Results.

Washington, 4; New York, 1.
Chicago, 5; St. Louis, 3.
Boston, 1; Philadelphia, 0.
Detroit, 4; Cleveland, 3.

Cleveland Loses Again.

Detroit, Mich., April 20.—Pulling the game from the fire by rallies in the eighth and ninth innings, the Detroit Tigers defeated Cleveland 7 to 6 yesterday. It was Cleveland's sixth consecutive defeat. The last five games have been lost by a single run. Veach's sizzling liner over Lajoie's head with two out in the ninth, won the game. Kahler, unsteady throughout the contest, sacrificed the game by walking Bush and after Kavanaugh forced the shortstop, Kahler passed Cobb and then deliberately gave Crawford four balls, filling the bases Veach hit the first ball Kahler was able to get over. Boehler, who started to pitch for Detroit, was erratic. He was in trouble in the first and third, and in the fourth inning, after five runs were scored, Dubuc replaced him. The latter allowed only one run and three hits. Olson started the Cleveland rally with a triple and four hits, an error and a base on balls followed before the side was retired.

Score: R. H. E.

Cleveland .....00060000 0—6 9 3
Detroit .....00300003 1—7 9 3

Batteries—Kahler and O'Neill; Boehler, Dubuc and Stanage. Umpires—O'Loughlin and Hildebrand.

Break Winning Streak.

Chicago, April 20.—St. Louis broke Chicago's winning streak yesterday, winning 5 to 1. Pitcher Wellman was almost invincible and held the locals to four scattered hits.

The visitors took a four-run lead in the fourth inning through errors by Cicotte, Blackburn and Weaver, a base on balls to Pratt, Leary's single and Crossin's triple. Chicago started a batting rally in the ninth inning when Wellman became unsteady, but good fielding by Austin made the rally short-lived.

Score: R. H. E.

St. Louis .....00040100 0—5 9 1
Chicago .....00000000 1—1 5 5

Batteries—Wellman and Crossin; Cicotte, Jasper and Schalk. Umpires—Chill and Sheridan.

AMERICAN ASSN.

Saturday's Results.

Milwaukee, 6; Minneapolis, 4.
St. Paul, 11; Kansas City, 6.
Louisville, 5; Cleveland, 4.
Indianapolis, 8; Columbus, 4.

Colonels 4; Cleveland 2.

Louisville, Ky., April 20.—Louisville won the second game of the series from Cleveland yesterday, 4 to 2. Stansbury tripled in the fourth inning, Beaumiller was hit by a pitched ball, Osborn doubled and Clemons singled, netting the locals three runs. Outside of this period, Baskette proved effective. Toney was steady throughout. A running catch in deep center by Osborn from Kirk's bat was a feature. President Tom Chivington of the American association witnessed the game. Score: R. H. E.

Cleveland .....00020000 0—2 7 0
Louisville .....00030010 x—4 7 1

Batteries — Baskette, Brenton and Yantz; Toney and Clemons. Umpires—Murray and Johnson.

Saints 5, 12; Kaws 12, 9.

Kansas City, Mo., April 20.—Honors were divided yesterday between Kansas City and St. Paul, the locals winning the first game and St. Paul the second. Inability of Rieger to hold down the local batsmen in the early stages of the game was responsible for St. Paul's defeat in the first game. While the Kansas City pitchers allowed hits freely, the good fielding of the players prevented St. Paul from piling up many runs.

In the second contest Kansas City took the lead and held it until the sixth inning when Withers was knocked out of the box. Reagan, who took his place, was wild at first, and gained control too late to save the game. In this contest, four double plays were made by the Kansas City team. Titus, the Kansas City left fielder, starred at the bat with three home runs, a triple and a single in the two games. Score:

First Game— R. H. E.
St. Paul .....11001011 0— 5 12 1
Kansas City ...02150004 x—12 16 2

Batteries — Rieger, Gardner and Glenn; Morgan, Willis and Moore. Umpires—Owens and Connolly.

Second Game— R. H. E.
St. Paul .....02111016 0—12 17 1
Kansas City...20006010 0— 9 13 1

Batteries — Works, Hall and James; Richie, Withers, Reagan and Moore. Umpires—Owens and Connolly.

Hoosiers 5; Senators 4.

Indianapolis, Ind., April 20.—Joe Willis, pitcher for Indianapolis, scored the winning run with one out in the last inning, when Catcher Murphy dropped Benson's perfect throw on Cole's grounder. Indianapolis appeared to have the game won early, but two singles, a sacrifice hit and a sacrifice fly, together with Kelliher's error gave Columbus two runs in the ninth, enough to tie the score. Jones, trying to score from second was caught at the plate for the third out.

Score: R. H. E
Columbus .....00001001 2—4 12 2
Indianapolis ....01000030 1—5 9 5

Batteries—Cook, Tipple and Murphy, Smith; Willis and Blackburn. Umpires—Johnstone and Irwin.

No Game; Rain.

Milwaukee, Wis., April 20.—Rain interfered with the scheduled Milwaukee-Minneapolis game here yesterday after two scoreless innings had been played, and the game was postponed.

FEDERAL LEAGUE

Saturday's Results.

St. Louis, 4; Indianapolis, 2.
Chicago, 6; Kansas City, 3.
Buffalo, 4; Baltimore, 2.
Brooklyn, 4; Pittsburg, 3.

K. C. 7; Chicago 6.

Kansas City, Mo., April 20.—Chadbourn's single, Potts' sacrifice and Kinworthy's drive over second base scored the winning run in the fifteenth inning and gave Kansas City a 7-to-6 victory over the Chicago Federals yesterday. Wilson's home run in the ninth sent the game into extra innings. Score: R. H. E.

Chicago— 00110003 1000000—6 15 1
Kansas City— 00104100 0000001—7 12 2

Batteries—Fisk, Lange, Watson and Wilson; Harris, Packard and Easterly. Umpires—Kane and Cusack.

St. Louis 9; Indianapolis 2.

St. Louis, Mo., April 20.—The St. Louis Federal league team won its third consecutive game from the Indianapolis team here yesterday by the score of 9 to 2. Score: R. H. E.

St. Louis .....02041020 x—9 13 0
Indianapolis ...00002000 0—2 6 8

Batteries — Keupper and Hartly; Falkenberg and Rariden.

WOLGAST WIRES HE IS IN SHAPE

Another Report Says Former Champion's Hand Is in Bad Condition for the Tillman Bout.

There seems more or less mystery surrounding the Wolgast-Tillman bout, scheduled for Hudson next Thursday evening.

From Chicago yesterday came the wire that the bout was off. From Minneapolis today comes the contradictory message that the bout is on and that the Cadillac Dutchman will go through with the bout as scheduled.

In this connection the following wire was received Saturday by the writer, which only serves to add to the general mystery:

"Milwaukee, Wis., April 18.—Bruce, sporting editor, Duluth Herald, Duluth, Minn.: All reports that my hands are hurt are wrong. I am going with Mike Collins to Hudson tonight and will box John Tillman April 23. I am in the best shape of my life."

"AD WOLGAST."

This was sent Saturday from Milwaukee, as the date line indicates, and yesterday from Chicago came the report that the bout had been called off following an examination of the left hand of the former lightweight champion.

Wolgast evidently did not follow his message and go to St. Paul or Hudson with Mike Collins.

According to the story that comes loping out of Minneapolis, Collins held a hair-raising conference with Wolgast and told the arrogant little ex-champion a few things. This is rumor, and goes for what it is worth.

It is probable that a definite message will be received here from Promoter Collins some time today.

WALTER MILLER WANTS TO MEET JOE CARR.

Walter Miller is in the city, coming down from Fort William. Miller declares that he wishes to arrange another wrestling match with Joe Carr, believing that he can reverse the win Joe scored over him in Minneapolis a little more than a year ago.

The little wrestler is looking in the best of health. "The statement that Carr laid down to me is untrue," said Miller. "I defeated Carr on the level and believe that I can turn the trick again. I don't have to ask anything from any of them, just say that much."

MEETING OF BASEBALL MEN

Gathering to Be Held for Purpose of Organizing New League.

Every baseball manager of the city and every fan interested in the progress of the game, is expected to be on hand this evening at the meeting at the Kelley Hardware store, when the formal organization of the Duluth Baseball association is expected to be perfected.

It is very important that all of the members of the organization committee be on hand. Final plans should be considered at the meeting of tonight and the permanent organization effected.

The season is advancing and many of the teams of the city are being organized. As it is the intention of the Duluth Amateur Baseball league to have the general control of the situation here, scheduling games, assisting in securing grounds, and in every way promoting the welfare of the game, it is of the utmost importance that the league should at once begin the work of lining up the various teams.

One of the matters that will be considered at the meeting of this evening, is the great problem of securing suitable baseball grounds. And in this connection it might be of vast assistance to those behind the project of forming a league to have one of the city commissioners present, in order that some light may be shed on the question as to what assistance the city is willing to lend in the effort to solve the baseball playing ground problem.

As the plans for the projected league call for a general supervision over all teams from the tender and sprouting age to the mature amateur age of over 21 years, the meeting should enlist the interest of various team managers from the graded school impresario to the more experienced magnate of the large teams.

If a success is going to be achieved by the new baseball movement, it is necessary to have the backing and enthusiasm of the followers of the game of Duluth, and it is therefore important that the attendance at the meeting should be large.

LIPTON LIKES CHALLENGE.

Shamrock IV Cannot Be Launched Until Middle of May.

London, April 20.—Sir Thomas Lipton and William P. Burton, the British amateur yachtsman, who is to sail the Lipton challenger for the American cup, expressed satisfaction with the Shamrock IV, which they carefully examined during a week-end trip to Charles E. Nicholson's yard at Gosport.

The Man Behind "The Makings"

"Bull" Durham is first, last and always a *man's* smoke. You never find a smoke-dabbler rolling his own. These thoroughly *satisfying* hand-made cigarettes appeal to the aggressive, stalwart *fighters* in every walk of life—from the cowpuncher, toiling in the round-up, to the millionaire polo player, riding hell-for-leather to win an international cup. No U. S. battleship ever leaves port without a supply of "Bull" Durham on board—no U. S. Army Post ever runs short of "the Makings."

GENUINE "BULL" DURHAM SMOKING TOBACCO

(Enough for forty hand-made cigarettes in each 5-cent sack)

As many cigarettes are rolled from "Bull" Durham in a year as *all* brands of ready-made cigarettes in this country *combined*. And the sales of "Bull" Durham are steadily growing.

The *freshness* and *flavor* of "Bull" Durham hand-made cigarettes are a *revelation*. Get a sack of "Bull" at the nearest dealer's today and "*roll your own.*"

Ask for FREE book of "papers" with each 5c sack

FREE

An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes and a Book of cigarette papers, will both be mailed to you, *free*, on postal request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO COMPANY

Sir Thomas, on his return to London today, said:

"The Shamrock IV looked every bit what she was intended to be—a sure cup lifter."

The only thing that troubles Sir Thomas Lipton is that the work on the challenger is a little behind, owing to the insufficient supply of metal on hand. She cannot be launched until the middle of May.

FEDERALS STILL ON KILLIFER'S TRAIL.

Indianapolis, Ind., April 20.—At a conference here last night between James A. Gilmore, president of the Federal league, and Edward E. Gates, counsel for the organization, it was decided to file application in the United States court at once for a permanent injunction to restrain William Killifer of the Philadelphia National league club from playing baseball with that team. The petition will be filed before Judge Sessions at Grand Rapids, Mich., and it was said that if the restraining order is refused, the case will be appealed.

The Federal league's petition for a temporary injunction to prevent Killifer from playing with any team except the Chicago Federals, was recently denied by Judge Sessions.

Mr. Gilmore declared that the Kansas City club was not for sale and had never been offered to any persons. He said the report that a proposition had been made to Frank A. Stuart of Marshall, Mich., to transfer the franchise to Detroit was untrue. The Federal league, he said, was not considering Detroit as available territory.

KNOCKOUT BROWN IS A TOUGH RING CUSTOMER

Tommy Gibbons' Opponent of Tuesday Has Met Them All.

The St. Paul Boy Should Win on Cleverness and Speed.

George "Knockout" Brown, the Chicago Greek, is at Superior today and will put in just enough exercise to keep his muscles limbered up for the go of tomorrow night. Tommy Gibbons, convoyed by Brother Mike and Eddie Reddy, the manager of the two boys, will arrive this afternoon.

Summing up the abilities of the two men, the opinion is in order that Thomas will secure the popular decision. For the ten-round gallop the younger member of the house of Gibbons has all the advantages that should enable him to grab the popular verdict.

Knockout Brown is not fast, but is tough, one of the toughest in the ring, and is possessed of a wallop that has earned him his ring soubriquet. But Gibbons is a real boxer, fast and clever and possessing many of the evasive qualities that have gone to make the Peerless Mike one of the real boxing marvels of the age.

Not only is the younger of the Gibbons boys some boxer, but he is also stronger and a harder hitter than Mike, if the opinion of many of the followers of the game in the Twin Cities is of any value.

Turning to page 171 of the little red record book, we find that the real name of the Greek is George Contas and that he was born Aug. 25, 1890, Sparta, Greece, the home of many fighters of the mystic past, being the birth place of the boxer who is about to make his bow to the Head of the Lakes fans.

Perusing the record further, it is also found that the Greek has fought every one of the title contenders, including such effective warriors as Frank Klaus, Hugo Kelly, Jack Dillon, George Chip (twice), Buck Crouse, Jimmy Clabby, Leo Houck and Gus Christle, and in no instance has the tough and olive-skinned ringster taken the count.

Brown Is Some Tough One.

Any time a middleweight can meet Jack Dillon and hold his own, he is some tough one. Toni Caponi was given an unmerciful beating at Winnipeg last September by the Indianapolis boy, and but recently Battling Levinsky, the man who has been shouting loudly for a crack at Gunboat Smith, was worsted by this same Dillon.

In the event of Knockout Brown landing fairly with his right, it is liable to be curtains for Gibbons. But this is just what the followers of the Gibbons' fortunes do not expect, and this is also liable to be one of the cares of Thomas.

In addition to the bout between Gibbons and Brown, Johnny Salvatore and Kid Billings are to meet, and this scrap is attracting quite as much interest as the main event of the evening.

Billings is a comer and a youngster who has shown some of the real attributes of ring promise. In Salvatore the red-headed member from the Billings Park constituency is going against one of the toughest heavy lightweights in the ring.

Johnny has the wallop, he is one of the most courageous boys in the boxing game, and he can take the ordinary punches with nonchalance, not to mention sang froid. Isn't that great—for Johnny?

Battling Olson and Kid Paul will meet, and Young Burke is scheduled to make his second appearance in a Superior ring.

Altogether the card looks good and the fans should see some high class fistic doings during the course of the evening.

Mike Gibbons will be in the corner of Tommy and will be director general of his line of battle.

THIS WEEK'S WEATHER

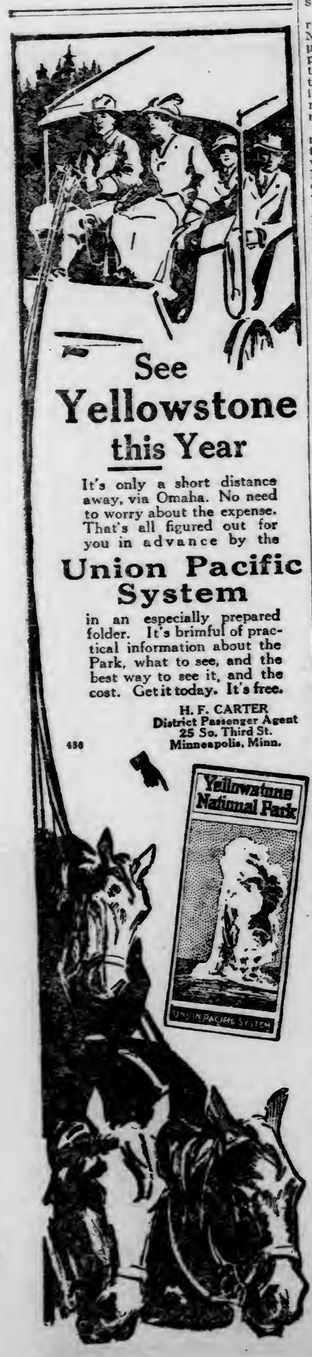

Washington, April 20.—Frost as far south as Northern Alabama is promised for the beginning of the week by the weather bureau.

"The week will open," said the bulletin, "with showers and lower temperatures in the Atlantic states and with generally fair and much colder weather in the lake region and the great central valleys, with freezing temperatures over the Northern states and with frost as far down as the Texas Panhandle, Oklahoma, Northern Arkansas, Tennessee and possibly the extreme northern portions of Mississipi and Alabama.

"By Tuesday the cool weather will reach the Middle Atlantic states and New England and fair weather will prevail for several days. The cool period will be short, and the higher temperatures over the west will extend rapidly eastward after Monday in advance of a Northwest disturbance, reaching the Atlantic states by the middle of the week.

"The northwest disturbance will move eastward and southeastward, attended by showers over the Northwest early in the week, reaching the Plains states and the central portion of the country by the middle off the week.

"After the passage off the first Northwest disturbance, fair weather with moderate temperatures will prevail over the West until the end of the week."

BEVERIDGE ACCEPTS SENATE NOMINATION

Indiana Bull Moosers Adopt State Platform Unanimously.

Indianapolis, Ind., April 20.—The platform of the Progressive party, unanimously adopted at the state convention here, pledges the party to work for the elimination of all breweries and saloons in the state and indorses the Hobson resolution now before congress. The platform attacks the Democratic administration and criticizes its Mexican policy.

Other planks indorse the initiative, referendum and recall for all elective and judicial offices; a state-wide direct primary law; the short ballot; equal suffrage for women; home rule for cities; elimination of the judiciary from politics; prohibition of injunctions in labor disputes; revision of state laws to eliminate technicalities; a minimum wage for women; free school books, and a law to compel the giving of ample notice before a strike or lockout.

Another plank opposes the approval of any treaty with Colombia which provides for the payment of $25,000,000 to that country.

Albert J. Beveridge, former United States senator, was the unanimous choice of the convention as the party's candidate for United States senator. He accepted the nomination.

WALKS FIVE MILES TO HIS OFFICE.

Charles G. Futter, secretary of the works division, is a physical culture man, being a firm believer in exercise. One of his most strenuous stunts is walking from his home at West Duluth to the city hall on mornings when the weather is favorable. Futter "legs it" at a lively clip, negotiating the distance in about an hour and one-quarter.

LOOK FOR THE BLACK AND GOLD STREET CAR AD

HICKEN CODE IS APPROVED

Judge Dancer, in District Court, Declares September Election Legal.

Applies Rule of Reason in Determining What Is Majority's Desire.

Judge Dancer in district court Saturday afternoon upheld the validity of the count on the so-called Hicken liquor ordinance which carried by a small majority at the referendum election of Sept. 16, 1913. The court handed down a decision in which it denied the appeal of W. W. Clayton, in whose name contest proceedings were instituted.

In his decision, Judge Dancer holds that while some irregularities were shown up as affecting the count, none were of such a character as to warrant the court in setting aside the election in the event that it appeared that the majority of the contested ballots were for the ordinance.

The Hicken code was declared by the city council, sitting as a board of canvassers, adopted by a majority of 52 votes out of 9,514 ballots cast. The contestant, through his attorney, Hugh J. McClearn, conceded that if the election were in all respects upheld by the court, the ordinance carried by a majority of 21 votes. City Attorney Clapp, however, claimed 52. The difference between the two figures was caused by a failure to agree upon how 31 disputed ballots should be counted.

"Under the circumstances existing," said the court in its memorandum, "it is immaterial who is right or what the exact majority is, and in the view of the desirability of an early decision, the court has not considered it advisable to withhold its decision for such length of time as would be necessary to consider and determine as to each of the disputed ballots, how they should be counted."

Main Question For Court.

The main question for the court to decide was the legality of 2,316 ballots, which were among those counted at the election, and which were received from voters who, not having registered for the election, failed to present proper affidavits of their qualifications as voters to the election officials. The ballots were received pursuant to the instructions of the city clerk.

W. W. Clayton, contestant, contended that the provision of the city charter which requires that no person shall be allowed to vote at any municipal election unless his name shall have been previously registered or unless he presents such affidavit showing his qualifications as a voter and corroborated by two freeholders and electors, is mandatory and invalidated the count on the Hicken code. The court held otherwise.

"There is force in some of these contentions," said the court, "but in the opinion of the court, the weight of reason and authority is to the contrary. Our state constitution provides as to who may and who may not vote, and those provisions may not be added to or taken from by legislative enactment or city charter. The manner of exercising the electorial privilege may, however, be regulated to a reasonable extent for the purpose of securing fair elections and free expression of the public will.

Courts Are Protective.

"It is universally conceded by all courts that an entire election is not to be set aside except in an extreme case. This is not in the opinion of this court an extreme case. There is no proof of any fraud. It would appear that the entire irregularity was due directly to the inadvertance or error of judgment on the part of the city clerk or his advisers. It conclusively appears that some at least of said ballots were against the ordinance. There were more of such irregular ballots cast in precincts where the ordinance failed to carry than there were in the precincts where it carried."

In touching upon the voter's knowledge of the election laws, Judge Dancer said:

"The average voter can never be expected to be and will not be familiar even with all of the details regulating his right to vote. On the other hand, we have election judges and other officials who may ordinarily inform themselves sufficiently to see to it that the particular election upon which they are serving is properly conducted. They should do so.

"The average voter should have a right to depend to some extent upon their instruction and advice, and he does so. To err is human, and if elections are to stand at all, and the will of the public is to be given effect thereby, numerous and varied irregularities and errors on the part of the voter and of the election officials will have to be overlooked and disregarded when it comes to the final count."

CROWD SEES AIR MEN BURNED TO DEATH

Gasoline Tanks Explode After Collision Between Aeroplanes.

Buc, France, April 20.—The aviators, Francois de Roy and Marcel Dablin, who were making a flight, were burned to death as the result of a collision near here Sunday. Thousands witnessed the accident.

De Roy's machine and another piloted by the aviator Bedault, with a passenger, M. Pelladeau, collided in midair. Evidently the gasoline tanks exploded, for both machines burst into flames and fell to the earth. Bedault and Pelladeau, although badly injured, manged to extricate themselves from the blazing wreckage, but De Roy and Dablin were pinned down and the intense heat prevented rescuers from approaching.

BLEASE REFUSES TO CHANGE LETTER

Will Forfeit Military Maneuver Planned in His State.

Columbia, S. C., April 20.—Refusing to withdraw a letter to which Secretary of War Garrison took exception, Governor Blease Sunday sent his reply to the secretary's ultimatum that unless the matter objected to were withdrawn by this morning the Southwestern militia maneuver would be held elsewhere than in South Carolina. The governor also declined to invite the troops to camp on the Isle of Palms, the place tentatively selected, saying it would offend "other cities in my state that want this encampment."

MACHINE IS IN VERY DESPERATE STRAITS

Opposition Press Taking Firm Stand Against Smith-Eberhart Forces; Latter's Adherents Showing Unmistakable Uneasiness; Senator Sageng's Indorsement of Lee Unexpected and a Body Blow; Lee's Strength Growing Daily; Foolish Charge Against Henry Rines.

Nothing seems clearer than that the Smith-Eberhart machine forces are getting desperate, except that they have need to be.

There is not that sneering tone of confidence in their conversation that existed a few weeks ago, nor are they any longer blatantly declaring that "the governor will have a walkaway." Numerous things have happened. The state press that is not tied up to the administration by oil, inspectorships and such is coming out flatly against Governor Eberhart and the campaign thunder which the papers are using is full of facts that are dangerous to the present regime.

There is another notable thing in connection with this fight which the state press is making against the state administration. The papers are no longer appealing, as in the past, for some Moses to follow to get rid of the plague that besets the state in the shape of a weak and inefficient government. They have two men to follow or between whom they can take their pick—Hammond and Lee.

Just now most of the state newspapers that are opposed to the present machine men are wisely devoting their time to the support of Lee, regardless of whom they will support after the primaries of June 16. Scores of papers are already actively supporting Hammond.

* * *

In short, the belief is spreading that the governor is up against the fight of his life to defeat Lee for the nomination. They have lost their old assured manner and are sullenly battling against the combined enemy. They had a hope for a while that Ole Sageng would come out as the Bull Moose candidate, which, they believe, could they possibly beat Lee in the primaries, would split the Hammond support and so pave the way to the goal of re-election in November.

But Senator Sageng, with the good judgment that has characterized his actions throughout his legislative career, refused to accept the bait which Hugh Halbert held out to him. That Senator Sageng refused to become a candidate was bad enough, but that indorsement of his for Lee was too much. Since that time the administration press has said not a word in comment either way on the Sageng stand—not a word—while before they were pouring honeyed phrases into his ear about how formidable a candidate he would be on the Bull Moose ticket. That unkind indorsement by the Otter-tail senator hurt, and hurt badly.

That Senator Sageng's indorsement of the Long Prairie man will have a decided effect even the Eberhart adherents do not deny, or, when they do, they employ a superabundance of "ifs" in connection with their statement; for Senator Sageng has a large following that admires him and believes in him.

* * *

As a sample of the desperation of the administration forces, it just now develops that they are charging that Henry Rines, anti-machine candidate for state auditor, as speaker of the last house of representatives, influenced the house so that the state game and fish commission was crippled by losing the license revenue. Mr. Rines is being opposed by the present state insurance commissioner—Jake Preus, a mighty nice but misled chap—and many have believed that Mr. Preus would beat the man from Mora. Sad to relate, they find that their high hopes of Jake winning votes, and thus strengthening the further ambitions of Governor Eberhart, are not materializing. Hence desperate measures—heroic ones, if you please—must be resorted to. The first thing charged was that Henry Rines was the boss of the house, that he made the rest of the members lie down, roll over, jump through and play dead at any time he said the word. Of course that was dissipated, for even the machine members of the house resented the imputation; so that was dropped. Now comes the charge that he is responsible for the crippling of the game and fish commission. Mr. Rines quickly shows that up, and his statement is backed up by other state officials. The charge will hardly be used again. Mr. Rines asserts:

That the law abolishing standing appropriations, and turning license money into the state treasury is not chargeable to the "house organization," but was prepared and introduced by the senate finance committee.

That the legislature made an appropriation for the game and fish commission equal to the fees it received during the previous year, so as to make the department self-supporting.

That the commission was apprised of the situation a year ago, but retained its large force of wardens and exhausted its funds, so that now it proposes to cut off all its field wardens until Aug. 1.

* * *

It is claimed that the congressional campaign is beginning to assume warmer degrees than in the past in this district. Congressman Miller, who was here a short time ago, said he found things in satisfactory shape; while Senator James P. Boyle, his opponent, declares on the other hand that matters are shaping in his favor in splendid style. Senator Boyle is conducting an active if rather quiet campaign, and Congressman Miller will join him about the first of the month.

* * *

The Democratic congressional situation may be decided next Saturday. On that day, according to a call issued some time ago, a congressional conference for the Eighth district will take place in this city and at that time an attempt will be made to obtain the consent of a representative Democrat —one with ability and possessing the confidence of the people—to make the race. There is talk that the man will be Andrew Nelson.

* * *

Charles G. Miller of Duluth, one of the best known men in the county, has filed for the nomination for sheriff. Mr. Miller's candidacy is dealt with in another column in this issue.

* * *

For the information of prospective candidates and for the public in general, The Herald repeats the data concerning filings produced a few weeks ago as follows:

May 7 will be the last day on which candidates for congress, the legislature, supreme and district court judgeships and state offices can file under the 1913 primary law.

Candidates for county offices can file at any time up to May 27.

Tuesday, June 16, is the primary date, and Attorney General Lyndon A. Smith has ruled that June 2 and 9 will be the registration days for the state primary.

Election judges must be chosen at least twenty-five days before the primary.

* * *

O. P. B. Jacobson, who has just been appointed to the state railroad and warehouse commission to succeed C. F. Staples, resigned, spent several days of last week in Duluth. When one gets acquainted with him he takes well and he seems well versed in the grain inspection business and well fitted for the office to which he has been appointed. Mr. Jacobson was a farmer before his appointment to the grain inspection department; and this will be significant in his campaign for the nomination for the office to which he has now been appointed, for he will be the only representative of the grain-growing interests on the railroad and warehouse commission. That will be very important to the farmers.

* * *

J. H. McNiven of Chisholm is being strongly urged by many to file for the nomination for representative from the Sixtieth district, but as yet has withheld his consent. Mr. McNiven, who is widely known throughout the county, is admittedly one of the best men the district could send to the state legislature and would add greatly to the strength of the St. Louis county delegation.

* * *

Morris Sun: Both Eberhart and Lee are very anxious to get away with the claim that this reform movement originated with them. As a matter of fact neither of them is entitled to any such credit, least of all Eberhart, who has in the past done not a little to block any such movement. The first record of any reform movement was the introduction in the 1909 legislature and again in the 1911 session by Representative Spooner of a joint resolution authorizing the appointment of a joint committee of both houses empowered to administer oaths, summon witnesses, take testimony and formulate bills with a view to insuring economy and efficiency in the administration of the affairs of this state. This resolution was amended through Eberhart's influence, giving the governor the right to appoint a part of the members of such committee, but this precaution was, it seems, unnecessary, for the governor's friends were able to have the bill killed in the senate. The governor's real record on reform is not as praiseworthy as it looks from the outside.

The editor of the Morris Sun wrote the foregoing in regard to the economy and efficiency commission and seems to have the "dope" on who's who in connection with it.

* * *

Ada Index: Congressman Mamahan of Minnesota predicts that the next congressional campaign will be fought almost entirely on the Panama canal tolls issue. He says: "I believe it will result in a Republican house, because the country is strongly against Wilson on that question." He declared that the bill for the repeal of the no tolls question will never pass the senate in its present form. He also said that Secretary Bryan had made serious mistakes in the handling of the nation's foreign affairs.

In view of the fact that James Manahan, congressman-at-large, by virtue of a misapprehension of the people, has been wrong on pretty much everything that has come up in congress since he went there, his prediction should give encouragement to all Democrats and to the people as a whole, who are almost universal in their indorsement of the president.

LOCAL DRUGGIST MAKES MANY FRIENDS

W. A. Abbett, druggist, 205 West Superior street, reports they are making many friends through the QUICK benefit which Duluth people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy became famous by curing appendicitis, and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-i-ka relieves constipation and gas on the stomach almost IMMEDIATELY.

MARQUETTE TO HAVE CANNERY.

Marquette, Mich., April 20.—(Special to The Herald.)—A canning factory, the output of which will be small fruits, is to be established in Marquette by the Peter White Land company. It will be ready for operation July 1. The factory will can blueberries, principally, vast quantities of that fruit growing in the wilds of the Marquette region. Strawberries, raspberries and currants will be preserved also, and the raising of these and other small fruits will be encouraged. The factory will have a daily capacity of 5,000 cans.

IOWA MAN STUCK WITH PITCHFORK

A farmer living in the Northern part of Iowa stuck himself in the leg with a pitch fork. The wound would not heal and for two years he had a running sore. He tried all the common salves and liniments and sometimes the sore would heal, but it always broke open again. Finally he healed it up to stay healed with Allen's Ulcerine Salve.

This salve is one of the oldest remedies in America and since 1869 it has been known as the only salve powerful enough to cure chronic ulcers and old sores of long standing.

Allen's Ulcerine Salve acts by drawing out the poisons and healing the sore from the bottom up. It is so powerful that it heals new cuts and sores in one-third the time that common salves and liniments take. And it heals burns and scalds without a scar. Sold by the Spencer Pharmacy company and other leading druggists.

AMUSEMENTS

TYLTYL AND MYTYL IN "THE BLUE BIRD"
At the Lyceum Tonight.

TONIGHT'S ATTRACTIONS.

LYCEUM—"The Blue Bird."
ORPHEUM—Vaudeville.
EMPRESS—"College Days."

AT THE ORPHEUM.

Excellent Bill of Vaudeville Follows the Road Show.

When the average American youth headed for the woodshed to go against a birch log with a good, old-fashioned bucksaw and an ax, he doubtless never imagined that he was going to rehearse a possible vaudeville act.

Anybody who does not believe that sawing and chopping wood can be made a thrilling and interesting sight, should see the Australian Woodchoppers at the Orpheum this week. They are one of the really interesting features of an all-round good bill, one that is quite the equal of the road show last week.

The two men—clean-cut, well developed athletes—first slice through a thick log with a crosscut saw, as if it were a piece of cheese. They then engage in a contest in tree felling. Their thorough, rapid workmanship is fascinating, and it would be interesting to see some of the old-time lumberjacks of Minnesota compete with them. The men also hurl axes at a target, and do other interesting stunts.

Two very clever young people are Percy Bronson and Winnie Baldwin. They have one of the most attractive "team acts" seen at the Duluth theater this season. With a very pleasing appearance, an attractive personality, grace and agility as dancers, and a good collection of songs, they scored one of the real hits of the bill.

A riotous hodge-podge of fun is offered by Smith, Cook and Marie Brandon, who call themselves "The Millionaires." The two men are dressed as tramps, and the young woman is an expert toe dancer. There is little but nonsense and burlesque in the act, but it is all very clever foolery. The two men have a dialogue that is amusing in the extreme, and they do some burlesque sharp shooting that was a scream last night. The burlesque Spanish dance was also funny, and the trio closed the show in a very hilarious manner.

A real artist is Miss Willette Whitaker, who plays the harp and sings some Southern darky melodies, assisted by F. Wilbur Hill from the orchestra pit. Mr. Hill accompanies her numbers on a banjo, and also sings. Miss Whitaker is in a class by herself in interpreting negro melodies, and it would seem that she could devote her entire act to that, instead of interpolating a modern popular number.

A riotous, nonsensical musical offering is presented by Jack Conley and Margaret Webb. Conley is a clever comedian at the piano, and his partner has an excellent soprano voice. Judged by the applause, they were probably the hit of the bill last evening, and the audience could not seem to get enough of their comedy. The act is called "The Storm," and culminates when a cyclone whisks away the stage settings, and even the dress of the young woman.

Annie Kent sings several popular numbers, and makes two or three costume changes. She fared very well with last evening's audience.

The opening number is a remarkable acrobatic turn by Barrows and Milo, who have some new stunts in hand balancing, and one feat in "wrist balancing" which is new to the local stage.

The Hearst-Selig pictures are most interesting, as usual, and complete a remarkably entertaining and lively bill.

AT THE LYCEUM.

"The Blue Bird" Will Open a Week's Engagement Here.

The "Blue Bird Special" arrived in the city this morning from Billings, Mont., and the tremendous task of setting the stage for this evening's performance began immediately.

The engagement of "The Blue Bird" in Duluth has attracted more attention than any theatrical engagement since "Ben Hur" made its first appearance. The production is a tremendous one, fully 100 people appearing in the company. It is too large for many of the theaters in the smaller cities of the country, but the Lyceum stage is ample to accommodate it.

It will continue at the Lyceum all this week with a matinee Wednesday and Saturday.

Tomorrow afternoon there will be a "dramatic conference" at the Lyceum free to any person interested, when members of the company and Dr. John Walker Powell representing the Drama League will discuss Maeterlinck and his influence.

AT THE EMPRESS.

"College Days" Is the Bill for First Half of Week.

The Chester Bishop players returned to the Empress theater yesterday for a half week engagement in the campus comedy, "College Days." This company makes a visit to the local playhouse in a new stock vehicle once every two weeks.

"College Days" deals with the annual race to take place between Harvard and Yale. Of course, there is the campus rivalry and here the members of the cast are given an opportunity to present the many humorous scenes. An attempt is made to keep Jimsey, star member of the Harvard crew, away from the race. He escapes his captors and arrives in time to win the annual event, and incidentally, Margaret, the "girl of his dreams."

Jimsey is ably presented by Mr. Bishop, while the part of Margaret is delightfully handled by Miss Emma Boulton.

"College Days" will be seen at the Empress the first half of the week, with daily matinees.

Superior

Will Have Policewoman.

The city commissioners passed an ordinance on Saturday establishing the office of policewoman in Superior. The woman will be selected to begin her duties on May 1. The object of having a woman on the force is to attempt to effect a check on cases of waywardness on the part of young girls. Miss Emma J. Tyler has been recommended for the place by a number of women's organizations of the city.

Thinks He "Otta" Marry.

Otta Box, owner of a barber shop at 1421 Belknap street, will be married shortly. He took out a license Saturday to marry Lillian Lawrence of London, Eng. The lady of his choice is now on her way to America and is expected to arrive before May 1. Otta says he has never met the woman, but says he does not care and is worrying little. The wedding will take place immediately following her arrival.

Labor Time Reduced.

A reduction in the hours of labor at the Great Northern railroad shops of Superior went into effect today. The men will work eight instead of nine hours, and only five days instead of six each week, as formerly. The reduction in time of employment will reduce the wage of the higher class of mechanics from $20 to $25 per month. Lack of railroad work is claimed by the officials to be the cause of shortening the hours of labor for its employes.

Municipal Boathouse.

The new municipal boathouse under construction at Billings Park will be ready about May 15. The building is costing the city about $3,000. Accommodations will be made for 100 boats. The building will be 30 feet wide, 80 feet long and two stories high.

KNEW "LEFTY LOUIE."

Late New York Gunman Figured in Mandan, N. D., Escapade.

Mandan, N. D., April 20.—(Special to The Herald.)—One of the four gunmen, "Lefty Louie" Rosenberg, recently executed in New York, was well known here. In 1907 he spent several months in Mandan. He was engaged in gambling the greater part of the time and was charged with various other offenses. During the fair that fall he conducted a gambling outfit at the grounds and in a dispute with one of his dupes is alleged to have attempted to stab the victim. He was arrested and placed in jail, but when the farmer refused to prosecute he was released on condition that he leave immediately, which he did. His arrest, trial, conviction and execution were closely followed by the people of Mandan.

ADDITIONAL SPORTS

"MUGGSY" M'GRAW WITH FORKS TEAM

Reports for Practice at Clinton, Iowa, After Holding Out.

Grand Forks, N. D., April 20.—(Special to The Herald.)—Frank McGraw of the Duluth club for several years past, reported Saturday to Manager Eddie Wheeler of the Grand Forks Northern league club at Clinton, Iowa, and will play with the Flickertails during the coming season if he succeeds in outclassing the list of brilliant outfielders whom Wheeler has in hand at Clinton.

McGraw was traded to the Grand Forks club by the Duluth club, Jerry Edmunds going to the Duluth aggregation. For some time McGraw has been a holdout, but he finally came through with a contract and is ready to get to work.

HAMILTON RUNNER WINS THE MARATHON.

Boston, Mass., April 20. — James Duffy, Hamilton, Ont., won the Marathon race here today.

Athletics Win One.

Boston, Mass., April 20.—The Athletics won the morning game from Boston here, 8 to 2. It went ten innings. The score:

	R.	H.	E.
Philadelphia	8	12	3
Boston	2	6	2

Batteries—Houck, Wyckoff, Plank and Shang; Collins, Bedient, Kelley and Cady.

Briton Wins Aerial Trophy.

Monte Carlo, April 20.—C. Howard Pixton, a British aviator, today won the international hydro-aeroplane contest for the Jacques Schneider trophy. The prize carried with it $5,000 in cash. He completed the 150-knot course in 2 hours and 13 seconds in a strong wind.

DEMOCRATIC COUNTY COMMITTEE TO MEET.

James A. Farrell, chairman of the recent county Democratic conference, has called the county committee to meet next Friday night at the St. Louis hotel. The meeting will elect a chairman, secretary and other officers and organize for the coming fall campaign.

On the following day the Democratic congressional conference for the Eighth district will meet at the city hall.

The members of the county committee are as follows:

At large—Alfred Jaques, Andrew Nelson, John Jenswold, Jr., C. O. Baldwin, John Kenny, Harris Bennett, Walter Gonska and E. A. Furst of Duluth; J. B. Connors, Hibbing, and Michael Boylan, Virginia.

Floodwood—J. W. New.

Buhl—W. J. Doyle.

Proctor—Patrick McCabe.

GOVERNOR SPEAKS TO DULUTH MOOSE

Order Holds Memorial Services—Mayor Prince Also Addresses Them.

The Duluth lodge of the Loyal Order of Moose held its memorial services in its hall yesterday afternoon and the large audience that was present was addressed by Governor Eberhart, himself a member of the order, and by Mayor W. I. Prince. E. A. Sable, dictator of the Duluth lodge, presided. Miss E. Taylor sang "The Chains of Memory," and several instrumental numbers were given by the Flaaten quartet. When the list of members who have died since the memorial service a year was read, roses were attached to the memorial shield placed in the vacant chairs, and at the same time, memorial candles in the hearts of Easter lilies, were lighted. Those who have died during the past year were:

Frank Le Taine, F. E. Berry, Philip Allard, George Trador, William Loucher, Thomas McCormick, Neil Mooney, A. Mozark and John Muittinen.

In his address, the governor spoke of the mission of the fraternal orders, and said that they fill the requirement demanded by the fatherhood of God by furnishing the brotherhood of man. He lauded the spirit of the Order of Moose, and the sentiment which leads the order to hold such a ceremonial as that of yesterday, perpetuating the memory of dead brothers in the minds and hearts of the living.

Mayor Prince spoke of the great growth of the fraternal spirit throughout the world, and said that the spirit of the age is typified by the Moose.

FIREMEN CALLED OUT TWICE SUNDAY

The millinery store of Miss Ella Haster, 430 East Fourth street, was damaged to the extent of $500 by a blaze of unknown origin shortly after 7 o'clock yesterday morning.

The fire started in a stock room at the rear of the store, and by the time the fire department arrived, had gained considerable headway. The origin of the fire is unknown.

At 1:45 o'clock yesterday afternoon the department was called to the residence of George Stone, 2222 East Superior street, where the garage roof caught fire from chimney sparks. The damage was nominal.

SLOGAN IS BEING COPIED

"Get an Acre and Live on It" Adopted in Salt Lake.

The Duluth slogan, "Get an acre and live on it," originated by George E. Lynott of this city, is spreading throughout the country, and the patness of the phrase in hitting off the idea of getting "back to the land" in a small way and solving the high cost of living problem for the city family of moderate or small means, is directing the attention of many to this subject.

The Salt Lake Tribune in a recent editorial discusses the subject at length, and highly indorses the idea expressed in this phrase. The editorial suggests the acre farm as the ideal residence spot for the family of moderate means, and a garden, one or two cows and poultry are recommended as an excellent means of cutting down the household expenditures.

In speaking of the efforts being made in Salt Lake City to put this idea into working form, the Tribune says:

"We understand that a committee from the Commercial club is now engaged in preparing a booklet on the possibilities of reclaiming by tile drainage the greater portion of the land lying between Salt Lake City and Salt lake. Experiments conducted there some years ago by the United States department of agriculture in co-operation with the Utah experiment station demonstrated the feasibility of reclaiming these lands from the alkaline condition and making them fruitful and productive. In the particular case referred to the cost of drainage was not prohibitive, involving, as we understand, a cost of less than $25 per acre. It is certain that the Commercial club is performing an excellent service in getting at the real facts in connection with this resource and in placing them before the people. For if a thoroughly satisfactory demonstration of the feasibility of reclaiming these lands can be made then reclamation will follow naturally and speedily and the broad acres of this Western plain will afford homes and sustenance for thousands of industrious citizens."

TRIAL IS POSTPONED.

Charge Against Mining Promoter Will Be Aired Later.

Marquette, Mich., April 20.—The trial of P. H. Finnegan, indicted by the Federal grand jury on a charge of fraudulent use of the United States mails, was called in United States court Saturday, but because John Walsh of Chicago, an important witness for the defendant, could not be here, Judge Sessions ordered the case continued until the next term of the court, which will be held in June.

The case has attracted much attention in this part of the country, as Finnegan is well known in Michigan, Wisconsin and Minnesota. He made his headquarters in Calumet for some months. For almost two years, Finnegan had been selling shares of what he claimed to be a prosperous mine in Arizona. It is claimed by the prosecution that he defrauded hundreds of foreigners laboring in the woods, receiving their money and giving them a statement of a sale in return, which they supposed was a receipt for their money. To defraud these people, it is alleged he obtained the help of an Austrian, who however, thought he was engaged in legal work.

Finnegan was arrested in Des Moines, Iowa, by Postoffice Inspector M. E. Schlabach about three months ago.

The jury in the case of Brogan-Rich & Co., vs. the Escanaba Traction company, returned a verdict of $15,759.16 in favor of the plaintiffs. The plaintiffs claim was for $25,000, which they claimed was due them for extra work in the construction of a dam in the Escanaba river.

BLOCK OF MESABA BONDS IS PLACED

Proceeds Will Be Used in Financing Railway Project.

The sale of $1,100,000 worth of bonds of the Mesaba Railway company has just been effected to New York bankers. The proceeds are to be used to complete the financing of the project.

Results of the first year's full operation of the system are regarded as in every way satisfactory. For the twelve months ended in March the gross earnings of the road were reported at $232,591, with net earnings of $102,594. After providing for interest charges and taxes, a surplus of $52,158 was left. Over thirty-five miles of high speed electric lines are operated and the towns served by them on the Mesaba range have an aggregate population of 50,000.

The capitalization of the company, according to the official statement, consists of an authorized issue of $2,500,000 first mortgage bonds of which $1,100,000 have been issued; $1,250,000 7 per cent preferred stock, of which $550,000 have been isued, and $2,500,000 common stock, of which $1,575,000 has been put out.

The company has therefore ample resources in its treasury to provide for any extensions of its system that may be decided upon from time to time.

FROM MINNEAPOLIS.

Man Who Took Life at Battle Creek Confessed Wrong Doing.

Battle Creek, Mich., April 20.—The man who left a train here Saturday en route from Chicago to Buffalo, and ended his life in a lumber yard, was iedntified as George Holden, a one time Minneapolis stock broker. A note was found in his pocket reading:

"To the coroner: I have taken poison to kill myself. When you find me, notify Mrs. G. H. Holden, 728 East Sixteenth street, Minneapolis, Minn. I cannot bear the thought of being arrested. I got $11,000 from Mrs. Ketchell. Give her some shares of stock and give (name not legible) $500."

Widow Discusses Case.

Minneapolis, Minn., April 20.—Holden's wife lives here with her mother at the address given by Holden. Mrs. Holden said she had not seen her husband, who is nearly 70 years old, in two years. He was engaged in a stock brokerage and real estate business at Portland, Or. Three letters were received recently from Holden, one from Omaha, one from Clinton, Iowa, and a third dated at Chicago, in which the husband said he was engaged on a big deal, and was on his way east on business. Mrs. Holden declared that she did not believe her husband had been connected with any intentionally dishonest transaction.

MADAME GAIN MAY HAVE NEW TRIAL

Arguments Will Be Heard By Judge Cant Next Saturday.

Arguments for a new trial for Mary Le Flohic, alias Madam Gain, who was convicted by a Jury on Feb. 4 on a charge of keeping a house of ill-fame, will be heard before District Judge Cant of the trial court Saturday. Formal notice of the motion for a new trial was served upon County Attorney Warren E. Greene and his assistants, Mason M. Forbes and Harry F. White, Saturday afternoon by John H. Norton, defendant's attorney.

The motion for the new trial is based principally on the alleged failure of the state in bringing the madame to trial at the next term of court in which the indictment was found. The woman was indicted at the September, 1913, term of court. She was put on trial at the November term but the jury disagreed. The case was then continued over to the January term. The point urged by Attorney Norton is that the "mistrial" was not a trial at all and that after the jury disagreed at the November term the state should have drawn another jury and disposed of the case at the same term, instead of continuing the action to the next term.

The same point was urged by Attorney B. M. Goldberg, who acted as counsel for Madame Gain at the two former trials. It was raised by him on a motion to dismiss the indictment when the case was moved for trial at the January term by Assistant County Attorney Forbes. Judge Cant denied the motion to dismiss at that time and permitted the state to proceed with the trial. The trial started on Jan. 29 and continued to Feb. 4. The transcript of testimony in the case, which has just been prepared, consists of 440 typewritten pages.

Madame Gain was indicted and found guilty of having conducted the Clifton hotel, 321 West First street, as a house of ill-fame, between June 25 and July 5, 1913. Since her conviction the woman substituted attorneys in the case.

HARTLEY TO BUILD OFFICE BUILDING

Three-Story Structure to Cost About $60,000 Will Be Erected.

A three-story office building, to entail an investment of between $50,000 and $60,000, will be erected by G. G. Hartley during the present season on a site opposite the Kitchi Gammi club on East Superior street. The plans for the building are now in course of preparation by Cram, Goodhue & Ferguson, New York architects.

It is intimated that the structure is designed for use as offices for Mr. Hartley and his associates. It is announced the work will be started upon it in the near future with a view to its being ready for occupancy next fall.

The value of the attar of rose industry of Turkey is estimated at $1,000,000.

REPORT IS ENCOURAGING

North Butte's Annual Statement Shows Large Gross Earnings.

Good Balance Left After Quarterly Dividends Were Paid.

The report of the North Butte Mining company for the year ended Dec. 31, last, presented at the annual meeting of shareholders held at the company's offices today, was regarded as encouraging in every respect.

The financial statement showed gross earnings during the twelve months of $5,183,674.07 on sales of copper, silver and gold.

Miscellaneous expenditures came to $3,744,896.88, leaving a net income of $1,437,777.19. Out of that four quarterly dividends of 50 cents a share were paid aggregating $820,000. The company had the following quick assets: Cash, $48,627.81; accounts receivable, $5,313.81; supplies at mine, $56,026.96, and copper and silver on hand, $2,251,231.57.

There was issued during the year 20,000 shares of the capital stock of the company as part payment for new and valuable mineral properties acquired, which makes the total outstanding capitalization now stand at 430,000 shares of the authorized capitalization of 500,000 shares.

Thomas F. Cole, president of the company, reported that during the year there were shipped 462,99 wet tons of ore and 71 wet tons of precipitates, and there were treated at the smelter 454,984 dry tons of ore and 45 dry tons of precipitates, of which 121,775 dr ytons or 26.8 per cent were first class, and 333,211 dry tons or 73.2 per cent were second class.

This ore produced 28,318,321 pounds of fine copper, 1,602,163,67 ounces of silver and 1,567,114 ounces of gold.

Sales of metals for immediate and future delivery were made as follows: Copper, 27,685,400 pounds, at prices averaging 15.086 cents per pound; silver, 1,422,177.08 ounces at prices averaging 59.824 cents per ounce; gold, 1,567,114 ounces at $20 per ounce.

John D. Pope, general manager, reported that the mine was in operation 345 days, the average number of men employed were 880, and the average number of tons hoisted per day was 1,342.

Development during the past year has kept the ore reserves at the same figure at which they stood on Jan. 1.

The following will compose the board of directors for the year: Term expires 1914—Thomas F. Cole, Duluth, Minn.; Daniel M. Clemson, Pittsburg, Pa.; John M. McLean, Duluth, Minn.

Term expires 1915—Chester A. Congdon, Duluth, Minn.; William J. Olcott, Duluth, Minn.; John Uno Sebenius, Duluth, Minn.

Term expires 1916—Joseph B. Cotton, Duluth, Minn.; Charles A. Duncan, Duluth, Minn.; G. Ashley Tomlinson, Duluth, Minn.

CITY BRIEFS

Saving Money for City.

The advantages to be gained through businesslike purchasing of supplies are illustrated by the results accomplished through buying electric light globes in quantities. City Clerk Charles S. Palmer advertised for Mazda lamps from 40 to 500 watt. At the regular price they could cost $309 or more. By getting them in one order a discount of 21 per cent, or $63 is allowed. The lamps will be delivered as needed in standard packages. This was the only response to the advertisement for bids and will be submitted to the council this afternoon.

Dance.

Given by Zenith lodge, No. 99, D. of H., Tuesday evening, April 21, Macabe hall.

Fred Kretschmar Better.

Fred Kretschmar, the well known clarionetist, and member of Flaaten's orchestra and the Third Regiment band, is out today for the first time after a severe siege of pneumonia. He has been laid up at his home, 459 Mesaba avenue for several weeks and for a time was in a critical condition. He is still very weak, but believed to be practically out of danger.

Union Church Notes.

On Wednesday evening at 7 o'clock the Bible study class of the Union church will meet at K. P. hall, and on the same evening at 8 o'clock the regular prayer meeting will be held with C. J. Hockin as leader. The subject for discussion at the latter meeting will be "The True Foundation." Next Sunday evening the Union church will unite in a union baptismal service with the Central Baptist church at Twentieth avenue west and First street, at the latter church.

Living Models at Gray's.

Lecture on Bon Ton corsets illustrated by handsome living models. Lectures tomorrow and Wednesday at 10 a. m. and 2:30 p. m. A limited number of reserved seats free at corset department.

W. S. Moore Named.

At the annual meeting of the Minnesota Sunday School association held Saturday at Winona, Minn., a movement was started "to consider the problem of practical co-operation of church, home and public school in a unity of educational effort that will provide for the development of the whole personality," and the association appointed a commission to meet with seven members from each of the state Sunday school associations to try to reach a solution of the problem. The commission named by the state organization contains the name of Watson S. Moore of Duluth.

Gets Money Back.

Anton Korpenen, 29 years old, left three $20 bills on a table in the M. Danculovich saloon, 528 West Michigan street, after he had finished his meal last Saturday night, and yesterday morning he reported to the police that he had been robbed. An investigation brought out the real facts and the three bills were returned to Korpenen.

Elephant Tag on Each Orange

is a guarantee of the highest quality.

Admits Assault.

For striking Mrs. Alex Campeau last Saturday, Claude Groves, 22 years old, this morning paid a fine of $5 and costs to avoid going to the county jail for five days. He pleaded guilty when arraigned on a charge of assault in the third degree.

No Baseball on Streets.

Baseball playing in the streets will not be allowed by the police during the coming summer. Orders have been given out to keep a close watch on the youngsters and to keep them off the streets altogether. Ten lots have been provided for the playing of the national game and these, the authorities think, should suffice for the boys in Duluth. The action is taken to avoid serious accidents.

FOR SALE!

Fixtures complete for a confectionery and ice cream parlor, at 13 East Superior street; snap for quick acceptance. Inquire BRIDGEMAN-RUSSELL COMPANY, 13 East Superior street.

Free Tickets at Gray's.

Living models and lecture on Bon Ton corsets. Next lectures at 10 a. m. and 2:30 p. m. tomorrow. A limited number of reserved seats free at George A. Gray's.

Mothers' Meeting Postponed.

The annual meeting of the Mothers' Club of Bryant school, at which officers for the ensuing year will be elected, has been postponed from tomorrow afternoon until April 30.

M. I. Stewart Co.

Complete line office supplies. Phones 114

Fine Pictures and Frames.

Decker's, cor 2nd Ave. W. & First St.

Lodgers Are Numerous.

On Saturday night the police gave 105 men free lodging at headquarters, while last night there were 109 men accommodated.

Sholund Case Up.

The stay granted Charles Sholund, convicted saloon keeper on a charge of having kept his saloon open before hours several weeks ago, expires this afternoon. His case will come up for final disposition before Judge Windom.

Would Bring Son Here.

Chin Fong Go, a local Chinese merchant, this morning made application to Brown McDonald, immigration inspector, for permission to bring his son to this country. His application will be sent to Washington, from where a decision is expected within the next few weeks. Fong Go must establish the facts that he is a merchant and that his son is under the age of 21 years. He claims that the latter is but 20 years old.

Say They Were Robbed.

Charles Gustafson and Charles Johnson came to police headquarters Saturday night and reported that they had been robbed at the Sixth Avenue hotel. Gustafson claims he lost $14 and Johnson declares he was robbed of $43. The police are investigating.

Struck Officer.

For striking Patrolman Dave Olson while the officer was causing his arrest, Emil Aho, 26 years old, will have to spend the next sixty days on the work farm. Patrolman Olson was attempting to arrest Aho on a charge of drunkenness, when the latter struck the officer on the nose. He pleaded guilty in police court this morning, and, being unable to pay a fine of $50 and costs, he was taken to the work farm for sixty days.

PHAETON ELECTRIC FOR SALE

Batteries and car in first-class condition. Any reasonable price considered. Phone Grand 483; Melrose 675.

Will Get Lumber Contract.

A contract for supplying the city with approximately 500,000 feet of lumber to be used for maintenance purposes by the works division this year will probably be awarded to the Heimbach Lumber company at the council meeting this afternoon. The lumber will be used for laying and repairing walks and repairing bridges. The cost is approximately $10,000.

Advance Agent Here.

Jacob Wilk of Eveleth, who managed stock companies at the Lyceum theater during the summers of 1910 and 1911, is in the city today as advance representative for Richard Bennett, who will appear at the local playhouse next week in "Damaged Goods." Mr. Wilk is very well known here.

Confirmation Dinner.

In honor of their son, George, Mr. and Mrs. H. Casmir, 420 Third avenue east, entertained at a confirmation dinner yesterday afternoon at the Hebrew institute. He was confirmed at the Adath Israel synagogue Saturday by Rabbi W. Kissen. There were 100 guests present at the dinner.

Lecture On Concrete.

An illustrated lecture on "Waterproofing and Damproofing of Structural Concrete" will be given before the Duluth Architectural club at the Commercial club this evening by R. A. Plumb of Detroit, Mich. The lecture is one of a series arranged by the local organization.

Will Lecture On Socialism.

L. J. Hopkins of Chicago, formerly of this city, will lecture on "The Philosophy of Socialism" this evening at the Unitarian church. He will be the guest of the Men's club at a dinner to be served at the church at 6:30 o'clock.

Ban on Hospital Visitors.

Because of the prevalence of scarlet fever in the city, St. Luke's hospital authorities decided this afternoon to admit no visitors except relatives of patients. St. Mary's hospital had already put this rule into force. The action of St. Luke's hospital was taken after careful consideration and upon the advice of the city health department.

La Follette at Chautauqua.

Devils Lake, N. D., April 20.—Interest in the coming North Dakota Chautauqua assembly, July 4 to 17, was aroused when a communication was received from United States Senator Robert M. La Follette, in reply to an invitation to agree to featuring "La Follette Day," indicating that he expected to make arrangements to address the assembly.

PERSONAL

John Nelson of Eveleth is at the McKay.

S. I. Granoff of New York is a guest of the McKay.

Ella Cox of St. Paul is registered at the McKay for the day.

J. S. Berger of Stevens Point is at the Spalding.

Nels P. Flodin of Marquette is at the Spalding.

Fred Crabtree of Pittsburg is a guest of the Spalding.

George Sylvester of New York is at the Spalding.

Walter Miller of Calumet is at the St. Louis.

William Steele, formerly a resident of Duluth but now living in San Francisco, is registered at the St. Louis for a few days.

Charles Sickles of Marquette is at the St. Louis.

Harry Thorson of St. Louis is at the St. Louis.

Railroads

LAUNDERERS' PLAINT.

North Dakota Rail Commission to Hear Their Kick.

Grand Forks, N. D., April 20.—(Special to The Herald.)—Laundrymen of North Dakota will appear before the state railroad commission when that body meets here soon to protest against existing rates on laundry. The rates recently were advanced quite materially through the new classification ordered by the express companies. It is maintained by the laundrying companies that the new rates make the handling of the country business almost prohibitable.

South Dakota laundry shipments, it is pointed out by the North Dakota clothes handlers, are being cared on a tariff that is between 50 and 75 per cent less than the North Dakota figure.

TRAINMASTER IS TRANSFERRED.

Grand Forks, N. D., April 20.—S. J. O'Gara, who has been trainmaster of the Dakota division of the Great Northern for the past four years, has been transferred to the Wilmar division. F. Stone, formerly of St. Paul, will succeed Mr. O'Gara. The transfer is to take place during this week.

OBITUARY

Ferdinand Schnecke, widely known as a German-American journalist and president of the German Press club of New York, died April 19 at his home in Brooklyn. Death was due to Bright's disease.

Samuel Muncie, one of the famous Muncie twins, died at his home in Babylon, N. Y., April 19, aged 96 years. He and his brother, William, were said to be the oldest twins in the United States, if not in the world.

John J. Spangler, mayor of the city of Jefferson, Wis., and for many years the leading mason contractor of Jefferson county, is dead, aged 59 years. Mr. Spangler was prominent in Democratic politics and has held many city and county offices. His second two-year term as mayor of this city would expire April 21.

CITY GETS TWO BIDS ON PROPERTY

Offers Appear Favorable and Council Expected to Accept Them.

Two bids were received by the city in response to the advertisements offering for sale three different pieces of city property.

A. D. MacIntyre offers $1,200 for the town hall at Lakeside and the Endion Lumber company is willing to pay $1,950 for the property on South street between Thirteenth and Fourteenth avenues east, formerly used by the engineer of the Endion pumping station. No offer was made for the lot at Twenty-fourth avenue west and Eighth street.

The bids will be submitted to the city council at its meeting this afternoon. The bids are considered favorable and it is believed that they will be accepted.

Eight lots purchased as a site for the middle system reservoir have been advertised for sale. They were not used, another site being secured later.

The city commissioners feel that as the city will probably never have any ues for these properties they should be sold and the money applied towards getting other property for which it will have use.

STATE CAN REGULATE RATES OF INSURANCE

Supreme Court Upholds Kansas Law—Three Justices Dissent.

Washington, April 20.—The right of a state to regulate insurance rates was settled today by the supreme court's upholding as constitutional the Kansas fire insurance law of 1909. Chief Justice White and Justices Vandervanter and Lamar dissented, holding insurance was a private contract with which the state had no right to interfere.

Justice Lamar is a dissenting opinion, declared with vehemence that the decision upheld the principles that the state had the right to fix the price of every article on the markets.

Justice McKenna, for the majority of the court, declared insurance had become so clothed with a public interest as to distinguish it from ordinary business.

SMALLPOX PATIENT WALKS TO PESTHOUSE.

Saturday afternoon a woodsman presented himself at the door of the isolation hospital asking to be admitted to the institution. He said that he had smallpox and wanted to go to the pesthouse. Supt. Neil McDougall has been handling smallpox for eleven years or more and a brief examination convinced him that the man's claim was correct. The woodsman said he had walked in from a camp of the Cloquet Lumber company. It's a rare exception for any one to apply personally for admission to the pesthouse. Even though they know they have smallpox most people are reluctant to go upon a physician's advice and sometimes try to conceal the fact that they have the disease for fear that they may have to go there.

PRESENCE OF MIND AVERTS DROWNING

Harry Dow Walks Beneath Waves and Escapes Death.

Harry Dow, 220 West Fourth street, driver for Nick Witt, had a narrow escape from drowning Saturday evening while delivering meat to a steamer at the Northwestern Fuel company's dock. While carrying a piece of meat weighing fifty pounds over the gang plank, the plank slipped and Dow fell into the water.

Dow says that only presence of mind saved him from drowning. He walked on the bottom toward the dock and climbed one of the posts to the surface. In the meantime several men of the boat who saw the accident got busy and began dragging the bottom for his body. It was nearly ten minutes before Dow could make the men hear his cries for help from his position where he was hanging to one of the posts.

Dow, who is an ex-salt water seaman, said this morning that he felt no worse for the experience. He said he experienced a little trouble in coming to the surface on account of his heavy clothing and that if the accident had been at one of the concrete docks he would have been unable to get up. "I held my breath as long as I could and only shipped about a glass of water," he said.

ACTION BEGUN TO GET SCHOOL SITE

Independent School District No. 12, which comprises the city of Ely, today started proceedings in district court to secure possession of certain unused streets and alleys within the city limits for use as a site for a new school building and playgrounds.

Application is made to the court to vacate certain streets and alleys in Whiteside's addition to the town of Ely, which is within the present city of Ely. The petition recites that the land is needed for school purposes and that the charter of the city of Ely provides no method or procedure for the vacating of streets by the municipal authorities.

WOULD ESTABLISH ALIBI FOR HEINO.

Martin Raska and Gust Jacobson were called by the defense at the Heino adultery trial this morning in Judge Dancer's division of the district court as witnesses to establish an alibi for John R. Heino during certain times he is alleged by witnesses for the state to have been engaged in telephone conversation with Mrs. Olga Gran.

Raska, who gave his testimony through an interpreter, testified as to being in Attorney Hollister's office on certain days at the noon hour. He fixed the times exactly to a minute on each occasion. On cross-examination he testified that he appeared as a witness at the Gran divorce case on April 16. The trial of the divorce case had been concluded several days before that date.

Heino finished telling his story this morning. He denied the various telephone conversations and denied that he was found in a compromising situation with Mrs. Gran when Gran and four detectives broke down the door to his office on the afternoon of Jan. 31.

The case will probably be concluded this week.

STAR IN THE EAST ORDER WILL HOLD OPEN MEET.

The Order of the Star in the East will hold its regular monthly open meeting tonight at room 203 Temple building. A special program has been prepared and any interested, whether members or not, are invited to attend.

One of the organizers of the Duluth branch of the order and former local representative will speak on the subject, "The Value of an Ideal." One of the members will speak on the subject, "The Basis for Our Belief in the Near Coming of the World Teacher." It is expected that another member of the order from out of town will be present and address the meeting.

ANNUAL BANQUET OF "GYM" FREQUENTERS

The annual Y. M. C. A. gymnasium banquet will be held in the assembly hall of the association building Wednesday evening, April 22. Arrangements are now practically complete and several speakers have been secured.

One of the interesting parts of the program will be pictures of volley ball stars taken during the games. These will be thrown upon the screen so that the players may see themselves as others see 'em. Phonograph records of a game have also been secured.

On the speakers' program will appear Jimmy Ten Eyck, who will talk on "Prospects for 1914;" George Wilson, "As Seen From the Galleries;" I. K. Lewis, "Handball;" Bert Wheeler, "Hits and Misses of Baseball;" Russell McLean, subject not chosen; Henry Nolte, illustrated lecture.

Music will be rendered by a vocal quartet composed of Jamar, Morterud, Hathaway and Olson. The orchestra will be directed by Harry Denny Sidney Morterud will sing a tenor solo and H. W. Cheadle will be toastmaster.

Catarrh is Often Deep Seated

Local Congestions May Indicate Much Internal Inflammation.

Just because catarrh affects the nose and throat, few people realize how deep-seated it may be until it creeps into the bronchial tubes and settles down into the lungs. The way to treat catarrh is to recognize the fact that it is in the blood.

And there is only one blood purifier that can be safely used. It is S. S. S., the most powerful, the most searching, the most assimilative blood remedy known today, for it is not a mineral, but a vegetable remedy.

The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive properties of the grains, meats, sugars and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write Medical Dept., The Swift Specific Co., 532 Swift Bldg., Atlanta, Ga. Carefully avoid any and all substitutes for S. S. S. There is nothing "just as good."

DULUTH WOMAN FOR D. A. R. JOB

Mrs. Henry F. Davis Being Urged for Vice President.

From The Herald Washington Bureau.

Washington, April 20.—The Minnesota delegates to the D. A. R. congress are Mrs. George C. Squires of St. Paul, the state regent, Mrs. S. M. Dick of Minneapolis, vice regent; Mrs. Henry F. Davis of Duluth, Mrs. L. C. Jefferson, Mrs. James Schoonmake, Mrs. Janes, Mrs. D. W. McCourt and Mrs. Edward Feldhauser of St. Paul and Mrs. Legrand Powers and Miss Ristine of Minneapolis, and Mrs. Charles R. Davis of St. Peter, wife of Congressman Davis.

The Minnesota delegates are working for the election of Mrs. Davis as vice president general, of whom ten are to be elected this year.

Mrs. Davis' friends say they have the support of the delegations from New York, Connecticut and other states and that the Minnesota candidate will be elected.

CASH PRIZES FOR GARDEN CONTESTS

In addition to the prizes which will be offered by the county fair association for products raised by boys and girls of St. Louis county, K. D. Van Waganen, county agricultural agent, announces that certain banks of the county have each contributed $25 each to a fund which will also be devoted to prizes in a boys' and girls' contest. Farmers' clubs of the county are being urged to arrange for such contests in their respective localities.

The only conditions imposed upon each club desiring to promote such a contest is that the organization shall contribute to the fund an amount equivalent to 25 cents for each active member of the club and that one member be appointed to conduct the contest under regulations issued by the county agent. Mr. Van Waganen desires to be notified of such action before May 15.

The contests will be for the following prizes:

Potato Contest.

Each boy or girl under 18 years of age who desires to enter the contest shall plant one-eighths of an acre to Carmen potatoes, purchasing the seed from the experiment station at Grand Rapids. Arrangements have been made so that ninety pounds of choice Carmen seed potatoes can be purchased for $1. This is also a chance to get good seed on each farm, as the product of this ninety pounds will furnish seed for next year's main crop. For each farmers' club the following set of prizes for boys' and girls' potato growing will be offered: First prize, $3; second prize, $2; three third prizes, $1 each; five fourth prizes, 50 cents each.

The product of the one-eighth acre must be the grower's property. The county fair will make a special prize for the best three pecks of potatoes grown and exhibited by a boy or girl These prizes will be in addition to local prizes.

Gardening Contest.

For the boy or girl in each locality under 18 years of age who makes the best showing in raising general garden truck for home use, the following prizes will be offered: First, $3; second, $2; third, $1. In addition there will be several special prizes at the county fair for garden truck raised and shown by farm boys and girls.

Poultry Contest.

Record blanks will be furnished for keeping records of the egg production of the home flock of chickens. For the best showing of a flock of chickens in percentage egg production, where any boy or girl under 18 years of age has care of the flock for ninety consecutive days ending Aug. 15 or before, the following prizes: First, $3; second, $2; third, $1.

In addition the county fair offers a special prize for the best pair of chickens raised by a boy or girl. Further details of all these contests will be supplied by the county agents.

Grand Forks Man Fined.

Grand Forks, N. D., April 20.—L. F. Lamson, who was arrested on a charge of keeping a disorderly house, was arraigned before Police Magistrate J. R. Church and sentenced, under a provision in the Grand Forks city ordinances and laws, to pay a fine of $50 and to keep the place in a proper condition in the future.

The Living Models Will Show You the Beauty of the Bon Ton Corsets

You will enjoy the lecture Miss Schall gives again tomorrow on the "Art of Corseting." She demonstrates her talk with living models.

You yourself can see how beautifully the proper corset molds and grasps the figure while at the same time giving that suppleness, poise and ease, which would seem to be possible only to the perfectly uncorseted natural figure.

If we could tell you in type just how helpful this lecture is you would not miss hearing it.

Tuesday lectures at 10 a. m. and 2:30 p. m.

Wednesday lectures at the same hours.

A limited number of tickets free at the Corset department.

Don't Envy the Woman With the Good Figure

Be fitted to a Bon Ton and have one others will envy.

A Spring Hat Will Give You a Delicious Spring Feeling

Our millinery section is a garden of blossoming beauty—almost every hat seems garlanded or bouqueted with flowers of most natural charm.

Even the $5.00, $6.00 and $7.50 hats are charming—but the lovely creations at $12.00, $15.00 and $18.00 are finding rapid sale among those who usually pay even more for their hats.

Tomorrow We Will Have Augmented Stocks of Smart Suits for You Good Dressers

There are daring styles for those who want the "extreme."

There are conservative styles for the woman who wants refinement and quiet elegance.

And there's a style that especially suits your individual taste.

Will you come in and "try on?"

In that way—you'll see just exactly what is most becoming to you—and incidentally you'll find prices most attractive.

"SALADA"

GREEN TEA

36

—try it against the finest Japan, Gunpowder or Young Hyson you ever tasted. You will find it superior in every way.

Never before such Wonderful Values, Beautiful Fabrics and Smart Styles in

MEN'S AND YOUNG MEN'S SPRING CLOTHES

$10 $15 $20 $25 $30 $35

Instead of $15 to $45 as heretofore.

Thanks to the low tariff, the woolen markets of Europe are open to you in our superbly tailored new Spring clothes. The competition that now exists between American and foreign woolen mills has forced fabric values up and prices down to bedrock. Knowing that conditions would be as they are today, we prepared for it—closed out all 1913 stocks and consequently—

This store stands head and shoulders above competition—offering magnificent all-new selections of Spring Clothes at a guaranteed saving of $5.00 to $10.00 or your money back.

COUNTY FAIR DATES.

Time for Holding Upper Peninsula Shows Announced.

Escanaba, Mich., April 20.—Dates for the holding of the various county fairs in the Upper Peninsula were discussed; officers were elected; articles of association were drawn, and a circuit including all the Upper Peninsula fairs were formed at a meeting of the Cloverland Fair association. The dates for the fairs are as follows:

Marquette county—Sept. 1, 2, 3, 4; Iron county—Sept. 8, 9, 10; Delta county—Sept. 15, 16, 17, 18; Dickinson county—Sept. 15, 16, 17, 18; Menominee county—Sept. 15, 16, 17, 18; Schoolcraft county—Not given.

A meeting will be held in Menominee May 5 to rearrange the dates so that one fair will follow another. The following were elected. President, J. D. Mangum, Marquette; vice president, T. T. Strom, Escanaba; secretary, H. B. Moulton, Menominee.

Militia to Guard Polls.

Danville, Wis., April 20.—One hundred local militiamen have been sworn in as special police officers for duty here Tuesday during the local option election. In addition fifty specials will be held at police headquarters as a reserve.

PRESIDENT ASKS CONGRESS TO APPROVE USE OF FORCE TO HALT HUERTA INSULTS TO U. S.

(Continued from page 1.)

Huerta at Mexico City, which calls for action, and to ask your advice and co-operation in acting upon it.

"On the 9th of April a paymaster of the U. S. S. Dolphin landed at the Iturbide bridge landing at Tampico, with a whaleboat and boat's crew, to take off certain supplies needed by his ship, and while engaged in landing the boat, was arrested by an officer and squad of men of the army of Gen. Huerta.

"Neither the paymaster nor any other of the boat's crew was armed. Two of the men were in the boat when the arrest took place, and were obliged to leave it and submit to be taken into custody, notwithstanding the fact that the boat carried both at her bow and at her stern, the flag of the United States.

"The officer who made the arrest was proceeding up one of the streets of the town with his prisoners when met by an officer of higher authority, who ordered him to return to the landing and await orders, and within an hour and a half from the time of the arrest, orders were received from the commander of the Huertista forces at Tampico for the release of the paymaster and his men. The release was followed by apologies from the commander, and later by an expression of regret by Gen. Huerta himself.

Huerta's Explanation Insufficient.

"Gen. Huerta urged that martial law obtained at the time at Tampico; that orders had been issued that no one should be allowed to land at the Iturbide bridge; and that our sailors had no right to land there. Our naval commanders at the port had not been notified of any such prohibition, and even if they had been, the only justifiable course open to the local authorities would have been to request the paymaster and his crew to withdraw and to lodge a protest with the commanding officer of the fleet. Admiral Mayo regarded the arrest as so serious an affront that he was not satisfied with the apologies offered, but demanded that the flag of the United States be saluted with special ceremony by the military commander of the port.

Incident Not Trivial.

"The incident cannot be regarded as a trivial one, especially as two of the men arrested were taken from the boat itself—that is to say, from the territory of the United States; but had it stood by itself, it might have been attributed to the ignorance or arrogance of a single officer.

"Unfortunately, it was not an isolated case. A series of incidents have recently occurred which cannot but create the impression that the representatives of Gen. Huerta were willing to go out of their way to show disregard for the dignity and rights of this government, and felt perfectly safe in doing what they pleased, making free to show in many ways their irritation and contempt.

"A few days after the incident at Tampico an orderly from the U. S. S. Minnesota was arrested at Vera Cruz, while ashore in uniform to obtain the ship's mail, and was for a time thrown into jail.

Official Message Withheld.

"An official dispatch from this government to its embassy at Mexico City was withheld by the authorities of the telegraphic service until peremptorily demanded by our charge d'affaires in person.

"So far as I can learn, such wrongs and annoyances have been suffered only to occur against representatives of the United States. I have heard no complaints from other governments of similar treatment. Subsequent explanations and formal apologies did not and could not alter the popular impression which it is possible it had been the object of the Huertista authorities to create that the government of the United States was being singled out, and might be singled out with impunity, for slights and affronts in retaliation for its refusal to regard Huerta as the constitutional provisional president of the republic of Mexico."

"The manifest danger of such a situation was that such offenses might grow from bad to worse until something happened of so gross and intolerable a sort as to lead directly and inevitably to armed conflict.

Apologies Not Enough.

"It was necessary that the apologies of Gen. Huerta and his representatives should go much further; that they should be such as to attract the attention of the whole population to their significance, and such as to impress upon Gen. Huerta himself the necessity of seeing to it that no further occasion for explanations and professed regrets should arise. I, therefore, felt it my duty to sustain Admiral Mayo in the whole of his demand, and to insist that the flag of the United States should be saluted in such a way as to indicate a new spirit and attitude on the part of the Huertistas.

"Such a salute Gen. Huerta has refused, and I have come to ask your approval and support in the course I now purpose to pursue.

Wants No War.

"This government can, I earnestly hope, in no circumstances be forced into war with the people of Mexico. Mexico is torn by civil strife. If we are to accept the tests of its own constitution, it has no government. Gen. Huerta has set his power up in the City of Mexico, such as it is, without right and by methods for which there can be no justification. Only part of the country is under his control.

"If armed conflict should unhappily come as a result of his attitude of personal resentment towards this government, we should be fighting only Gen. Huerta and those who adhere to him and give him their suport, and our object would be only to restore to the people of the distracted republic the opportunity to set again in operation their own laws and their own government.

"But I earnestly hope that war is not in question. I believe that I speak for the American people when I say that we do not desire to control in any degree the affairs of our sister republic. Our feeling for the people of Mexico is one of deep and genuine friendship, and everything that we have so far done or refrained from doing has proceeded from our desire to help them, not to hinder or embarrass them. We would not wish even to exercise the good offices of friendship without their welcome and consent. The people of Mexico are entitled to settle their own domestic affairs in their own way, and we sincerely desire to respect their right.

"The present situation need have none of the grave complications of interference if we deal with it promptly, firmly and wisely.

Reason for Request.

"No doubt I could do what is necessary in the circumstances to enforce respect for our government without recourse to congress, and yet not exceed my constitutional powers as president, but I do not wish to act in a matter possibly of so grave consequence except in close conference and co-operation with both the senate and house.

"I, therefore, come to ask your approval that I should use the armed forces of the United States in such ways and to such an extent as may be necessary to obtain from Gen. Huerta and his adherents the fullest recognition of the rights and dignity of the United States, even amidst the distressing conditions now unhappily obtaining in Mexico.

"There can, in what we do, be no thought of aggression or selfish aggrandizement. We seek to maintain the dignity and authority of the United States only because we wish always to keep our great influence unimpaired for the uses of liberty, both in the United States and wherever it may be employed for the benefit of mankind."

JIM MANAHAN TO ANNOUNCE SELF

Expected to Throw Hat in Ring for Attorney Generalship.

From The Herald Washington Bureau.

Washington, April 20.—James Manahan, congressman at large, is expected to announce his candidacy for the office of attorney general of Minnesota within a few days. Manahan said upon his return to Washington today that he would make a statement shortly, but he would not say definitely that he had decided to make the race for the state office rather than for congress in the Tenth district.

WIDOW WINS HUSBAND.

Empress Contest Closes, Larson Getting Start With Family.

After a week's contest between six women for the right to marry Olaf Larson of Holland, Mich., the final vote Saturday night was declared to be for Mrs. Selma Olsen of Thief River Falls, Minn., a widow with six children. The couple have already left for the Minnesota city and will be married there this week.

The matrimonial contest was started at the Empress theater last Monday afternoon, when six women entered their names as contestants for the hand of Olaf Larson. Ballots were passed out at each performance during the week and on Saturday night the management of the theater announced the winning candidate. Mrs. Olsen was No. 5 in the list of the contestants.

Mrs. Olsen received a total of 1,478 votes, while her nearest competitor, No. 1, received 1,297 votes. The others came in line as follows: No. 6, 1,240; No. 3, 972; No. 2, 654, and No. 4, 591. W. M. Abrahamson, manager of the Empress, offered Larson $100 if the couple would be married on the stage, but this offer was declined, Mrs. Olsen declaring she wished to marry at Thief River Falls. A $100 wedding present was later given by Mr. Abrahamson to the couple.

Larson recently wrote Mayor Prince for a wife and the proposition was later taken up by Mr. Abrahmson, who offered to find a wife for Larson. The matrimonial contest was arranged and it drew a record attendance at the local playhouse during the week.

GET READY FOR MOVE BY ARMY.

Washington, April 20.—Secretaries Garrison and Daniels and Assistant Secretary Breckenridge of the war department conferred until long after midnight over plans for co-operation between the land and naval forces in any movement that may be undertaken against Mexico.

Later Secretary Garrison had a long talk over the telephone with Gen. Wood, chief of staff of the army. It was generally believed here that Gen. Wood will go to the border to take command of the forces there. Secretary Garrison said, however, that he had not "ordered anybody to the border yet."

Gen. Wood is the highest ranking officer on the active list of the army. His detail as chief of staff expires next Wednesday, and he has been assigned to command of the Department of the East. It has been known, however, that he would not assume his duties for some time, and unofficial reports said he would go to Mexico.

Secretary Garrison telegrapher to division commanders throughout the country a resume of Huerta's refusal to accede to President Wilson's demand, in order that his officers may be prepared for any situation which may arise.

Two "Onyx" Days Left!

The One Great Hosiery Opportunity of the year. This is your chance for a big money saving—to secure the Top Notch Values. The distributer's way of introducing "Onyx" Quality to you.

CARRANZA AND VILLA TO MEET

Important Conference Is Begun at Chihuahua City.

Rebel Attack on Monterey Begins, With Partial Success.

Juarez, April 20.—The conference between Carranza and Villa, considered of great moment by rebels, began at Chihuahua today, according to an official report received here.

It is understood among rebel officials that they will take no part in opposing the United States over the Tampico incident unless rebel territory is invaded.

Fighting at Monterey.

Brownsville, Tex., April 20.—The rebel attack on Monterey, chief city of Northern Mexico, still in the possession of the Federals, began yesterday, and according to a report in Matamoras, Gen. Pablo Gonzales established Constitutionalist headquarters last night in an iron and steel foundry about two miles from the heart of the city.

Next in point of attack is the strongly fortified brewery on the edge of the city proper, where the Federals are expected to make a strong stand.

Gen. Gonzales three days ago captures Salinas, twenty-five miles north of Monterey, but details of his advance south and casualties in yesterday's fighting are not known.

FIVE KILLED IN STREET CAR WRECK

Saginaw Car Splits Switch, Upsets and Hits Iron Pole.

Saginaw, Mich., April 20.—Five persons were killed and a score injured, several of them seriously, late last night when a street car split a switch at a street intersection, turned over on its side, and crashed into an iron pole.

The dead are:
FLETCHER SMITH, 65 years old, a druggist.
MISS ETHEL ESTELLE.
MISS ELSIE BOOM.
TWO-YEAR-OLD DAUGHTER of Mr. and Mrs. William Golden.
MOTORMAN BROWN.

The most dangerously hurt are Mrs. John Gilmore and Mrs. W. W. Van-Brunt, both of whom physicians say, probably will not recover.

There were seventy-eight passengers on the car, which was running at a rapid rate when it left the rails. It was practically demolished by the impact, and those injured were severely cut by flying glass and splintering wood.

TOLLS REPEAL PLAN IS FAVORED BY 504

Latest Returns on Baltimore Convention Poll Are Announced.

Washington, April 20.—Latest returns, anounced by the Democratic national committee, from Senator Gore's poll on the Panama tolls question, showed that of the 1,094 delegates in the Baltimore convention, 504 have registered their approval of the administration's policy, urging the repeal of the free tolls provision of the Panama canal act. Ninety-eight expressed themselves against repeal, while 23 were non-committal.

DIVORCE SUIT FILED; DESERTION CASE DROPS

Because his wife recently instituted divorce proceedings against him and he will be brought under the jurisdiction of the court in that action, Frank Wiljanen will not be obliged to stand trial on the criminal charge of desertion.

On the motion of the county attorney, District Judge Dancer Saturday afternoon dismissed the charges preferred against Wiljanen by his wife, Beeda Wiljanen. He will be obliged to appear in court within a few days and show cause why he should not pay his wife temporary alimony during the divorce action. The Wiljanens were married in Finland, Dec. 11, 1898. In the divorce action she charges cruelty and desertion and asks for alimony and the custody of their three children.

ALLEGED HORSE THIEF ARRESTED.

Mandan, N. D., April 20.—(Special to The Herald.)—Charged with stealing nine grown horses and a colt, F. S. Schofield is in the county jail. He came here about a year ago from the western part of South Dakota. Recently the horses disappeared from the Boley place north of Mandan and were sold to Black & Cole of the reservation. Five were shipped to Canada, four were found on the reservation, and the colt was located in a pasture along the route taken by the thief.

ORGANIZE CUYUNA MINING COMPANY.

Brainerd, Minn., April 20.—(Special to The Herald.)—The Cuyuna Northern Land & Iron company, to engage in mining and the buying and selling of mineral lands, has been incorporated by William D. Washburn, Jr., president; C. E. Purdy, vice president, and Otto J. Borer, secretary-treasurer, all of Minneapolis, with a capital of $250,000, being 2,500 shares of $100 each. The highest amount of indebtedness allowed is $500,000. Minneapolis is the principal place of business. The company will operate extensively on the Cuyuna iron range.

PROCTOR ASKS CITY'S CO-OPERATION AND AID

C. J. Birch, chief clerk of the D., M. & N. at Proctor, called upon several of the commissioners at the city hall this morning to ask them to provide lights for that part of the city lying adjacent to Proctor. To do this an arrangement with the Proctor water and light company would be necessary.

The Proctor officials have asked the city to contribute towards police and fire protection afforded the settlement inside the corporate limits where they adjoin Proctor. It is probable that the commissioners will visit that part of the city before reaching any decision.

HIGHLAND SUNDAY SCHOOL IN THE LEAD.

In the attendance contest being held weekly by the Presbyterian Sunday schools of the city the Highland school holds the banner won yesterday. The following table shows the standing of each school for last week and also for the whole period of the contest:

	April 19.	Total.
First Presbyterian	451	4,123
Second Presbyterian	167	1,584
Endion	68	558
Westminster	187	1,823
Hazelwood	74	532
Highland	90	648
House of Hope	47	483
Glen Avon	195	1,783
Lakeside	155	1,465
Totals	1,434	12,999

Killed at Eau Claire.

Eau Claire, Wis., April 20.—L. A. Ford, 40 years old, was instantly killed here Saturday while attempting to board a moving freight train. His head was crushed and his body was mangled.

Badger Firebug Confesses.

Green Bay, Wis., April 20.—Stewart Fargo, 16 years old, was arrested yesterday with having caused several fires at Lake Mills, Wis., in four days. Fargo confessed to setting fire to his father's barn, according to the police.

WHAT CHANCE HAS A NEGRO?

Just how far is the door of opportunity shut to negroes? A searching answer to this question has been made by the Juvenile Protective Association of Chicago. Startled at the discovery that one-eighth of the boys and young men, and nearly one-third of the girls and young women confined in the jail of that city in a year were negroes, the association sought to find the reason why. The results of the investigation are reported in The Survey by Mrs. Louise de Koven Bowen, president of the organization.

Good home environment is often denied negroes, for they find it difficult to move into desirable parts of the city. Colored young people become discouraged in efforts to secure education, for employers who use colored persons at all, place and keep them usually in menial labor. The chance for skilled work and a good job is small. Of the colored men in Chicago, 12 per cent work in saloons and pool rooms. The virtue of colored girls is placed in jeopardy, for employment agencies openly send them to work as maids in disorderly houses—where white girls are not sent, the agency fearing charges of pandering if they are forced into prostitution.

Opportunities for play and amusement are meager. Of fifteen small parks and playgrounds, only two are utilized by colored children. They avoid the others because of friction with white children.

But the most cruel injustice is done in "suspecting" negroes of crime and railroading them to prison on flimsy evidence. The association has found flagrant instances—one in which a negro boy was frightened, cuffed and kicked into confessing rape. He was sentenced to fourteen years. The association found indisputable proof that the boy was innocent.

HOW WALTER SCOTT WROTE.

Ariadne Gilbert in St. Nicholas: So cordial and outdoorish is our host, so ready to guide in our rambles, "overwalking, overtalking, and overfeeding his guests," as his wife used to say, that we may easily forget his business in life, or that he has anything else to do but entertain. But Walter Scott rose, presumably, this day, as all others, at 5 o'clock, and was writing away rapidly at 6, so that he "broke the neck of the day's work before breakfast." This was his regular program. While he was bathing and dressing, his thoughts were "simmering" in his brain, so that he dashed them "pretty easily" when his pen was in his hand. With no interruption except for breakfast, he worked steadily until 11 or 12. By this system, very rarely broken, he could afford a ride after lunch, and, at 1 o'clock, rain or shine, he could mount his big horse for a gallop over the hills. The pictures he saw on these rides are in his books, and so is the joyous outdoor spirit. One of his first poems, "Marmion," was practically written on horseback, the lines coming into his brain while he trained his regiment, raced over the moors, or plunged through floods.

And just as he would not let his work cheat his outdoor life, he would not let it cheat his children or his friends. When Irving visited him, he had to excuse himself after breakfast to correct proof; but often he wrote in a room filled with people. Perhaps he used manuscript sheets the same size as letter-paper, so that he might write his books and yet seem to be writing a common letter. The shouts of his children playing marbles or ninepins around him, or his dogs sleeping at his feet, or even leaping in and out of the open window, could not interrupt his thought, though occasionally the father stopped to tell a story to the pleading pets who talked, or give an affectionate pat to those who only looked their love. And then his active hand drove on, laying aside sheet after sheet.

WHEAT EASY AT THE CLOSE

Market Sells Off After Early Strength on Mexican Situation.

Flaxseed Finishes Lower With Small Demand From Any Quarter.

Duluth Board of Trade, April 20.—The market became easy at the close. May wheat closed ⅛c up; July ¼c up and September ⅜c up. May Durum closed ¼c up and July ⅜c up.

Oats closed unchanged at 35c on the track and 33½c to arrive.

Rye closed unchanged at 54½@56½c.

There was no market in barley.

At Winnipeg May oats closed at 34½c and July at 35⅝c bid.

Puts on Minneapolis July wheat closed at 90⅛c, and calls at 90⅝c.

Wheat opened strong on all the American markets today as a result of the unfavorable Mexican developments. After a little flurry at the start, trading became quiet and at the closing hour the early advances were not quite held.

The general market situation was bearish. While cold weather was reported through the winter wheat belt no damage could be located in any quarter. The cash demand was poor and further liquidation in corn was a factor.

News from over the Northwest was favorable. While the heavy rains of last Saturday will delay seeding operations somewhat, it is agreed that great benefit will be derived.

A decrease of 1,577,000 bu for the week in the American visible supply compared with 2,032,000 bu last year, and was attributed largely to the quietness of export trade this year.

The foreign markets all closed higher, strength being brought about through the small Canadian and world's shipments. The latter came to 9,792,000 bu against 11,664,000 bu last week, and 14,544,000 bu a year ago. Wheat on passage was reported at 46,712,000 bu, a decrease of 3,312,000 bu from last year.

Loading is now proceeding at all the local elevators and it is expected that stocks will have been brought down to a low notch within the next ten days. The demoralization in the vessel trade is attested in the fact that grain space is now offering at 1¼c as compared with 2½c on April 17 last year.

Current receipts at the terminals are showing a falling off. Inspections here today were 25 cars as compared to 37 a year ago, and there were 30 cars of all grains on the tracks for the day. Arrivals here last week were 511,000 bu, while shipments, including grain taken out by the mills aggregated 101,000 bu. In addition a number of steamers were loaded but as yet the grain has not been reported out of store.

May wheat opened ⅛c up at 90½c and advanced ¼c more up to the final hour. July opened ⅛c up at 91½c and also gained ¼c more, and September opened ⅜c up at 87½c and strengthened ¼c more. May durum opened unchanged at 96c and advanced ⅜c. The July option opened ¼c up at 87⅝c, and gained a fraction more.

Flaxseed Sags Down.

Business in flaxseed was comparatively limited and the feature was special weakness in the July option at the start, with liberal offerings. There was a sagging tendency from the opening with light demand in evidence from any quarter. Final prices showed declines of ⅝@¾c.

The foreign markets were weak, Antwerp closing 1¼c off; Buenos Aires ⅝c off and London unchanged.

May flax opened unchanged at $1.56¾ and closed ¾c off at $1.56; July opened unchanged at $1.58½ and closed ⅝c off at $1.57¾@1.57⅞ asked; September opened unchanged at $1.60⅛ and closed ⅝c down at $1.59½ asked.

At Winnipeg, May flax closed at $1.36 and July at $1.38¾ bid.

Cash Sales Monday.

MARKET GOSSIP.

Stocks of wheat at Duluth and Minneapolis elevators as on April 18 were 35,230,000 bu against 41,724,000 bu last year. Supplies in Duluth houses were 16,032,000 bu against 20,254,000 bu last year; and at Minneapolis there were 19,198,000 bu compared with 21,470,000 bu a year ago.

* * *

World's shipments — American 3,328,000 bu; Russian, 3,696,000 bu; Danubian, 912,000 bu; Indian, 80,000 bu; Argentine, 848,000 bu; Australian, 928,000 bu; total, 9,792,000 bu; against 11,664,000 bu last week and 14,544,000 bu last year; corn, total, 5,605,000 bu; against 3,181,000 bu last year.

* * *

On passage, wheat, 46,712,000 bu; decrease, 3,312,000 bu ;corn, 11,374,000 bu; increase, 3,120,000 bu.

* * *

Broomhall cabled from Liverpool: "Easter American cables on Saturday and brilliant weather in the United Kingdom, stimulated moderate realizing here at the opening and values were ¼d to ⅜d lower. Following the opening there was a further decline of ⅛d. Private advices received here are to the effect that the American outlook is highly favorable with winter offers liberal. During the morning there was some tendency by shorts to cover and prices advanced ¼d on the smallness of Canadian shipments, reported inquiry for Australian steamers and light world's shipments. At 1:30 p. m. prices were ⅛d to ¼d lower.

"Corn—Weakness in America Saturday stimulated further profit-taking and prices declined ⅛d with world's shipments larger. Later shorts covered on decreasing stocks here and at 1:30 p. m., the undertone was steady."

* * *

The Minneapolis cash market was steady, with the demand fair. No. 1 northern blue stem sold at 2@3¾c over May, and velvet chaff at 2c over the future. Flour trade was quiet and shipping directions were reported slow. There were plenty of bids in the market but they were too low for acceptance. Cash No. 1 northern sold there at from 91⅛c to 92⅞c and No. 2 northern at from 88⅝c to 90⅝c.

* * *

The following was received from Verdi, Minn: "Seeding is progressing very fast. Wheat is about all planted and 75 per cent of the oats has been seeded. Soil is in the very best condition. Early sown wheat has already sprouted, and will be above the ground in a few days. The acreage of each kind of grain will be about the same as last year."

* * *

Baker had the following from C. E. Lewis at Minneapolis: "Wheat prices have firmed up this morning on the war scare and cold weather in the Southwest. The former feature we do not consider of importance as we do not see where it has any particular bearing on grain prices. Continued weather in the Southwest might hurt some grain that is jointed, but this feature, of course, will disappear with predictions of warmer temperatures.

"Seeding is progressing favorably over the Northwest. It will be delayed temporarily by the recent heavy rains, but the benefit derived from this source will more than offset any delay in operations. We have reports this morning stating that all of the early sown wheat is already sprouted. New wheat is being contracted to arrive in Chicago for July and August shipment. From now on the weather will be the determining feature in prices and should be watched closely. Sell on bulges and buy on breaks. Corn is a small market and hard to trade in. There is a fight on between big interests, and it is advisable to operate on a small scale, more especially in the nearby months. Oats will follow corn."

* * *

American visible supply: Wheat, decrease, 1,577,000 bu; corn, decrease, 2,032,000 bu; oats, decrease, 2,613,000 bu.

* * *

Fort William and Port Arthur, as reported to Parker Paine: Wheat, 14,870,904 bu; last week, 14,001,560 bu; last year, 14,323,120 bu. Oats, 7,119,433 bu; last week, 6,405,682 bu; last year, 5,973,934 bu. Flax, 3,342,061 bu; last week, 3,155,535 bu; last year, 3,207,756 bu; barley, 1,881,061 bu; last week, 1,771,361 bu; last year, 2,394,991 bu.

In vessels not included above: Wheat, 4,083,630 bu; last year, 8,255,441 bu. Oats, 2,514,311 bu; last year, 669,387 bu. Flax, 461,017 bu; last year, 1,648,377 bu. Barley, 334,832 bu; last year, 447,581 bu.

* * *

With the exception of a year ago, July and September wheat is now selling at the lowest prices in six years. Operators are disappointed at the lightness of the export business, clearances indicating 600,000 bu for this month as against 10,800,000 bu last year. Total clearances for the month are placed at about 12,000,000 bu, as compared with 122,000,000 bu during the same period last year.

* * *

Reports just issued by the Soo Line regarding soil conditions and the progress of seeding in North and South Dakota are uniformly favorable. Advices from over Great Northern and Northern Pacific territory are equally good. There is said to be abundant moisture to start the seed.

It is estimated that in the Pacific Northwest where spring wheat seeding operations have just been completed there is an increase of 20 per cent in the acreage under crop. The three states of Idaho, Washington and Oregon are expected to produce 70,000,000 bu of winter wheat alone this year.

* * *

Clearances reported: Wheat, 333,000 bu; flour, 8,000 bbls; together they equal 369,000 bu; corn, none; oats, 10,000 bu.

* * *

Primary markets report the following receipts and shipments today:

Wheat—Receipts, 642,000 bu; last year, 803,000 bu; shipments, 283,000 bu; last year, 2,063,000 bu.

Corn—Receipts, 427,000 bu; last year, 538,000 bu; shipments, 499,000 bu; last year, 992,000 bu.

Oats—Receipts, 690,000 bu; last year, 793,000 bu; shipments, 689,000 bu; last year, 651,000 bu.

Shipments of bonded grain—None.

CHICAGO MARKET.

General Scramble to Buy Wheat Caused By War Talk and Cold.

Chicago, April 20.—Because of war talk and the cold weather, there was a general scramble today to buy wheat. Offerings were rather limited and a decided advance in prices took place. Nebraska reports of the worst dust storm in years tended further to hamper the bears. Opening quotations were ⅛c to ⅝@⅞c higher and the market hardened still more, but then reacted to slightly below the initial level.

A further setback ensued owing to statements that President Wilson still had hopes of peace. Reports of noticeable damage by hessian fly in Ohio and Indiana rallied the market but the close was weak, ⅛c net lower to ⅛@¼c advance.

Corn rose with wheat. Commission houses had plentiful buying orders, and there were signs that the market had been considerably oversold. Prices started a shade to ¾@⅞c higher and steadied about midway between the extremes of the opening range.

Later the market broke sharply under sudden heavy selling. Texas dealers were said to have cancelled purchases of 1,000,000 bu at Kansas City. The close was weak, 1 to 1⅜c to 1⅞c net lower.

Traders in oats governed themselves by the action of other grains. Business on the resulting advance was quite active.

Provisions were handicapped by a decline in the hog market and seemed inclined to waver. First sales varied from 2½@5c lower to a rise of 2½c, with later transactions showing no radical change.

Wheat—No. 2 red, 94@95c; No. 3 red, 93@94c; No. 2 hard, 92@92½c; No. 3 hard, 91@92c; No. 3 northern, 95@96c; No. 3 northern, 93@95c; No. 2 spring, 95@96c; No. 3 spring, 93@94½c.

Corn—No. 2, 66½c; No. 2 yellow, 67c; No. 3, 64@66c; No. 3 yellow, 64¼@66c.

Oats—No. 3 white, 37½@38¼c; standard, 38@38½c.

MINNEAPOLIS MARKET.

Mexican Situation Gives Higher Opening to Wheat.

Minneapolis, Minn., April 20.—The wheat market opened higher today on news on the Mexican situation. The range was narrow but the market continued comparatively strong throughout the forenoon. A fair cash demand was reported earlier in the day.

The flour market was reported fair today. Prices unchanged. Shipments, 58,420 bbls. Barley, 43@57½c. Rye, 55c. Bran unchanged.

Wheat — May opened 89⅛@89¼c; high, 89⅝c; low, 88⅞@89c; closed, 89⅛c bid. July opened, 90½c; high, 90⅝c; low, 90¼c; closed, 90⅜c bid.

Cash: No. 1 hard, 93⅞c; No. 1 northern, 91⅛@92⅞c; to arrive, 91⅛@92⅝c; choice to arrive, 92⅝c; No. 2 northern, 88⅝@90⅝c; to arrive, 89⅝@90⅝c; No. 3 wheat, 86⅛@88⅛c. Flax, $1.53@1.55½.

REMARKS—Much colder weather prevails in the lake region and the Ohio and upper Mississippi valleys and rain or snow fell over these districts.

H. W. RICHARDSON, Local Forecaster.

*—Inches and hundredths.
†—Highest yesterday, lowest last night.
‡—Not included in the averages.
NOTE—The average highest and lowest temperatures are made up at each center from the actual number of reports received and the average precipitations from the number of stations reporting 0.10 or more.

DECLINES IN STOCKS

Stocks Show Downward Tendency During Most of the Session.

Liquidation and Short Selling in Full Swing at Close.

New York, Apriiy 20.—Low prices for the current decline were established in some of the popular trading shares before the market began to swing upward definitely. President Wilson's expression of hope that a conflict with Mexico might be averted helped with the rally that set in after the opening break.

By noon the market had fully recovered with small net gains in some cases. Continued cuts in crude oil prices caused oil stocks in the Standard Oil group to break sharply on the curb and affected petroleum shares on the Stock Exchange.

There was heavy trading in some of the speculative bonds. Blocks of 5,000 to 200,000 of Southern Pacific convertibles, of which $1,000,000 changed hands in fifteen minutes, forced down the price to 100. Recently this issue was quoted at 103½. Rock Island collaterals rose 2 points and then lost their gain.

Bonds were irregular.

Prices gave way in all quarters of the market at the opening. While the market betrayed no nervousness over the acute stage reached in the Mexican crisis, it gave the bears an opportunity to make another drive such as they launched repeatedly and with invariable success last week.

Quotations for United States government bonds on call were ⅛ to ¾ lower with the 4's most affected. The decline in these bonds was influenced by the possibility of a new issue of government in case of hostilities with Mexico.

American stocks were lowered fractionally in London, which tended to depress this market. Most of the active stocks were forced down about a point on active selling during the first fifteen minutes. The market met with good support on the decline and prices quickly hardened, with full recoveries in some cases. Oil stocks were especially heavy.

Aggressive tactics by the bears brought about another brief downward movement, in which Reading touched the year's lowest; Union Pacific, Southern Pacific, Steel and Erie also being prominent in the decline.

The market closed weak. The tendency was downward throughout the day except a period in the forenoon when, after an opening break a full recovery was effected. Liquidation and short selling were in full swing in the final dealings with the principal shares showing losses of 1 to 3 points. Practically all of the stocks established new low levels.

GOPHER BOY DROWNS.

Loses His Life During Storm at Delafield, Wis.

Delafield, Wis., April 20. — Three members of the varsity rowing crew at St. John's Military academy, here, were drowned, while six others were rescued by the heroism of Palmer Rugee, Milwaukee, and Fred Lindsay, caretaker of the Rugee cottage, when a sudden squall filled and upset the rowing shell on Lake Nagowicka Saturday afternoon.

The drowned are:

I. H. KELLY, aged 19, St. Louis.

DONALD MOGG, aged 18, Hinsdale, Ill.

FREDERICK SPRUTE, aged 19, Farmington, Minn.

The rescued are: John Behr, Chicago; "Buck" Lange, Chicago; Bennett, Chicago; Dickey, Ohio; Hayes, Washington, D. C.

To Divide Church Work.

Jamestown, N. D., April 20.—(Special to The Herald.)—McKenzie county people will have religion brought to them on the districting basis, adopted by the state county commission, at its annual meeting. The county has been divided into three districts, which have been apportioned to the Methodists, Presbyterians and Congregationalists. In each of the districts the churches are to have full sway, as designated.

SHERIFF'S EXECUTION SALE—

Under and by virtue of an Execution issued out of and under the seal of the District Court of the State of Minnesota, in and for the Eleventh Judicial District, and County of St. Louis, on the 3rd day of April, 1914, upon a Judgment rendered and docketed in said Court and County in an action therein, wherein Wrights Health Underwear Co., a corporation, was Plaintiff, and Lionel A. Sherwin in business as Northern Manufacturing Co., was Defendant, in favor of said Plaintiff and against said Defendant, for the sum of Six Hundred Eight-two and three-hundredths (682.03) Dollars, and 70 cents increased costs, which said judgment was on the 21st day of November, 1911, assigned to National Surety Company, a corporation, and on April 2, 1914, a partial satisfaction of said judgment to the amount of $166.57 was filed in the office of the Clerk of the District Court in and for St. Louis County, Minnesota, which said execution for the residue of said judgment and interest has to me, as sheriff of said St. Louis County, been duly directed and delivered, I have levied upon and will sell at public auction to the highest cash bidder, at the Sheriff's Office in the Court House, in the City of Duluth, in said County of St. Louis, on Wednesday, the 27th day of May, 1914, at ten o'clock in the forenoon of that day, all the right, title and interest that the above named judgment debtor had in and to the real estate hereinafter described on the 17th day of October, 1911, that being the date of rendition of said judgment, or any interest therein which said judgment debtor may have since that day acquired. The description of the property being as follows, to-wit:

Lot numbered Ten (10) in Block numbered Ninety-seven (97), Portland Division of Duluth, in St. Louis County, Minnesota, according to the recorded plat thereof on file and of record in the office of the Register of Deeds in and for St. Louis County, Minnesota.

Dated, Duluth, Minn., April 8th, 1914.

JOHN R. MEINING,
Sheriff St. Louis County, Minn.
By V. A. DASH, Deputy.

COURTNEY & COURTNEY,
Attorneys for Judgment Creditor,
Duluth, Minnesota.

Sale of School and Other State Lands

State of Minnesota, State Auditor's Office.

St. Paul, April 1, 1914.

Notice is hereby given that on May 20, 1914, at 10 o'clock A. M., in the office of the County Auditor at Duluth, St. Louis County, in the state of Minnesota, I will offer for sale certain unsold state lands and also those state lands which have reverted to the state by reason of the non-payment of interest.

Terms: Fifteen per cent of the purchase price and interest on the unpaid balance from date of sale to June 1st, 1915, must be paid at the time of sale. The balance of purchase money is payable in whole or in part on or before forty years from date of sale; the rate of interest on the unpaid balance is four per cent per annum, payable in advance on June 1st of each year: provided, the principal remains unpaid for ten years; but if the principal is paid within ten years from date of sale, the rate of interest will be computed at five per cent per annum.

Appraised value of timber, if any, must also be paid at the time of sale. Lands on which the interest is delinquent may be redeemed at any time up to the hour of sale, or before resale to an actual purchaser.

All mineral rights are reserved by the laws of the state.

Not more than 320 acres can be sold or contracted to be sold to any one purchaser.

Agents acting for purchasers must furnish affidavit of authority. Appraisers' reports, showing quality and kind of soil, are on file in this office.

Lists of lands to be offered may be obtained of the State Auditor or the State Commissioner of Immigration at St. Paul, and of the County Auditor at above address.

SAMUEL G. IVERSON,
State Auditor.

D. H., April 13, 20, 27; May 4, 1914.

SUMMONS—

State of Minnesota, County of St. Louis—ss.

District Court, Eleventh Judicial District.

Hattie Forrest, Plaintiff,
vs.
Bert Forrest (Some times known as George Forrest), Defendant.

The State of Minnesota to the above named defendant:

You are hereby summoned and required to answer the complaint in the above entitled action, which has been filed in the office of the clerk of said court, and to serve a copy of your answer thereto upon the subscribers at their office in the City of Duluth, in said County of St. Louis and State of Minnesota, within twenty (20) days after the service of this summons upon you, exclusive of the day of such service.

If you fail to answer the complaint within such time the plaintiff will take judgment against you for the sum of Ninety-eight Dollars ($98.00) with interest at the rate of six per cent (6 per cent) per annum from the first day of January, 1914, together with the costs and disbursements of this action.

Dated, April 4, 1914.

WASHBURN, BAILEY & MITCHELL,
Attorneys for Plaintiff, 1200 Alworth Building, Duluth, Minnesota.

D. H., April 6, 13, 20.

THE HERALD IS DULUTH'S GREAT WANT AD MEDIUM

MISSING--NOT LOST

A great many people give up things that are just missing for lost, without first trying the best known means of retrieving their belongings. Hundreds of people in this community have the Lost and Found Column of The Herald to thank for the return of their temporarily missing goods.

The wide field covered by the daily paper is responsible for the success of the Lost and Found Column, which success is a fact admitted by all who have had any experience at all with this great medium of Want Advertising.

If you are the one who has lost or found some article that you wish to recover or return, just give this Lost and Found Column a try this time. You have the word of the great newspaper-reading public that it will work wonders for you.

ADDITIONAL WANTS ON PAGES 20 AND 22

PERSONAL.

PERSONAL—SPRINGTIME IS BLOSSOM TIME, May and June brings showers of NEWLYWEDS, COZY HOMES to Cupid's "Aim," RIGHT here is where we SHINE. The "QUALITY" of home furnishings we feature are hard to find, and the prices we quote spell "ECONOMY" all the time. Come now and pluck the very GEMS your HEART DESIRES and pay a little now and some more another time. Our GREATER SALESROOM SALE is on in earnest and you can save 40 per cent of the retailers' profits.

CAMERON-JOHNSON-HORGAN,
Factory Distributers of "Good Furniture." Salesroom, 2110-2112 West Superior street.

PERSONAL — MAY AND JUNE WILL bring forth a shower of newlyweds; it's none to early to look around for the furniture required to make the home cozy; right at this time our greater salesroom sale means you can pluck many gems from our stock of home furnishings much below even our own regular prices, which spells economy in large quantities for those who partake of this opportunity. Cameron-Johnson-Horgan, factory distributers of good furniture, salesroom, 2110-2112 West Superior street.

"Our Newlywed Outfit" consists of fine dignified furniture that any bride will be proud of; all the necessaries for four rooms at a reasonable small figure. You should not worry about the payment; we make the terms easy. Anderson Furniture Co., Twenty-first avenue west. "The Big House with the Little Rent."

Personal—Ladies! Ask your druggist for Chichester Pills, the Diamond Brand, for 25 years known as best, safest, always reliable. Take no other. Chichester Diamond Brand Pills are sold by druggists everywhere.

PERSONAL — SHOULD THERE BE any doubt in your mind as to the genuineness of the R. R. Forward company's removal sale, it will quickly be dispelled by seeing the price marks on the furniture. Big reductions on everything.

PERSONAL — AN EXPERIENCED and reliaable paperhanger will furnish wall paper at cost and do your work at a reasonable price; satisfaction guaranteed. Phone, Grand 2197-D.

SMALL PAYMENT down and a little each month sends a piano to your home.

U. S. ADMIRAL ORDERED TO SEIZE VERA CRUZ CUSTOM HOUSES---GIVEN EXTENDED POWER

AMERICANS ARE SENT OUT OF CHIHUAHUA BY U. S. CONSUL LETCHER

Mexicans There Predict Rebels Will Be Involved in Crisis.

Carranza Assists in Getting United States Citizens Away.

Some Regard Washington's Action as National Affront.

Chihuahua, Mex., April 20, via El Paso, Tex., April 21.—Consul Letcher, on instructions from Washington, is notifying Americans in this city and other towns of the state of Chihuahua to leave the country as a precaution against possible unfortunate eventualities growing out of the decision of the Washington government to seize Tampico and Vera Cruz.

They will be sent out in small bodies if time permits as a general exodus, it is feared, might precipitate trouble.

Six American women left tonight.

Arriving at El Paso.

El Paso, Tex., April 21.—Six Americans, eight Germans and nine French men and women arrived here today from Chihuahua. The Americans confirmed the statement that they were instructed to leave by Marion Letcher, the American consul. They said Mexicans in Chihuahua held the belief that the rebels will be unable to remain out of the Huerta-Washington complication and added that rebel leaders feel compelled to accept the view that the blockading of Tampico and Vera Cruz will be a national matter affecting the honor of every Mexican regardless of political affiliations.

Letcher, they said, was endeavoring to get the Americans out without attracting undue attention, and his efforts in this direction were being assisted by Gen. Carranza. Most of the latter's conferences with Gen. Villa yesterday, they asserted, was devoted to consideration of the Tampico incident and its developments as affecting the rebels.

Gravest View Taken.

The gravest view was taken, according to report. In the cafes, clubs and other gathering places Mexican citizens, practically all of whom are rebel sympathizers, said openly that President Wilson's course is an affront to the Mexican nation and that a common enemy must be met by a united country.

Meanwhile there was no definite announcement of policy by Carranza, the Americans reported, adding that it seemed to be his purpose by silence to imply the truth of reports that he would continue with the revolution regardless of foreign complications. This, they said, in view of the excited talk in the cafes and elsewhere, deceived nobody.

DIAZ REFUSES TO TALK OF SITUATION

Former Dictator Keeps in Close Touch With Mexican Affair.

Monte Carlo, April 21.—Gen. Porfirio Diaz, formerly Mexican dictator, has come here to recover from the effects of an attack of grip. He is accompanied by his wife.

The convalescence of the general, who is nearly 84, is progressing normally, although he is troubled with deafness. He shows great interest in the news about Mexico, and besides reading all available newspapers, receives many private telegrams on the subject.

Gen. Diaz today resolutely refused to make any comment whatever upon the action of the United States toward Gen. Huerta, although a correspondent reminded him of his often repeated remark that the only circumstances under which he would return to Mexico would be when peace had been established there, or when his country was attacked by a foreign power.

Some months ago Gen. Diaz urged Gen. Huerta, as an act of patriotism, to retire from the dictatorship of Mexico in favor of some one who could obtain the confidence of all factions in the country.

STREET CAR AND TAXI COLLISION FATAL

One Killed and Three Are Dying in Buffalo, N. Y.

Buffalo, N. Y., April 21.—One person was killed and three others were probably fatally injured in a collision between a taxicab and a street car last night.

Helen Siebert was killed. Louis Frick, the chauffeur, has a fractured skull. C. L. Hunt of Reading, Mich., and Rose Johnson, said to be from Cleveland, were probably fatally injured.

The taxicab is alleged to have been racing with another machine.

NAMED FOR MILL CITY POSTMASTERSHIP

EDWARD A. PURDY.

From The Herald Washington Bureau.

Washington, April 21.—President Wilson today nominated Edward A. Purdy to be postmaster at Minneapolis.

President Wilson also sent to the senate the following names for Minnesota postmasters: Otis W. Newton at Martin; Michael E. Gartner at Preston; Gunstein D. Aakhus at Erskine; May B. Rossing at Cannon Falls; G. E. Comstock at Houston; Thomas H. Bunn at Pine Island.

M'GOVERN INDIGNANT

Will Not Call Extra Session of Legislature—Finds No Demand.

Scores Proponents of Plan as Players of Politics.

Madison, Wis., April 21.—Governor McGovern will not call a special session of the legislature to reduce the tax burden. In declining to do so, he today made a caustic attack on other Republican state officers who recently petitioned for it.

Little popular demand for the special session exists, he says. According to the governor less than 40 per cent of the townships to which the question was submitted at the April elections voted for it, and less than one-fourth of the members of the legislature even replied to the inquiries regarding it. Furthermore, more than 60 per cent of the towns voted large highway appropriations as usual, showing where they stood on the question of the reduction of the highway fund, which was to have been one of the purposes of the extra session of the legislature if it had been called.

Scores the Petitioners.

The governor, in discussing the petition presented to him by the four state officers affiliated with the La Follette group of his party, attacks the methods adopted by the petitioners. He refers to the plan as "hatched in the dark," that pledges of secrecy were demanded from clerks and state employes, and that the contents of the petition itself were made public before presented to him.

"Petty factional politics" and a desire to have "a political conference in continual session at Madison at the expense of the state," are among the motives that the governor declares he finds actuating the petitioners.

THE DAY IN CONGRESS

SENATE.

Continued consideration of the Mexican resolution.

Representatives of the New Orleans chamber of commerce appeared before the canals committee to oppose the repeal of the Panama tolls exemption.

HOUSE.

Awaited action of the senate on the Mexican resolution and resumed debate on the naval bill.

RELIEF FELT BY FRANCE

Press, However, Is Pessimistic Over Mexico and Criticizes Washington.

London Papers Foresee Big Task for United States.

Paris, April 21.—The French foreign office, although no announcement has been made of its attitude toward the Mexican situation, is understood to regard the action of the United States with a feeling of relief. The French government has long been embarrassed by the difficulty of protecting adequately French interests in Mexico, and considers that the phase now beginning must end in constitutional order and peace.

The Mexican crisis occupied a prominent place in the Paris morning papers. The view taken generally is pessimistic, and in some quarters there are cynical and hostile references to Washington.

Much Attention in London.

London, April 21. — Considerable space is devoted to the Mexican situation by the British newspapers today.

The Manchester Guardian, organ of the English peace party, says:

"War, should it come, would be purely ridiculous if the stakes were not human lives and national reputations. If both sides are itching to be at each other's throats, it would be discreditable to them both to have no better occasion for beginning.

"The originating cause of the dispute is undoubtedly the extension of the Monroe doctrine, which from being a mere notice board to Europe against political trespassing in the new world has become a sort of gazetting of the United States as the political school mistress of Central and South America.

"Villa Worse Than Huerta."

"President Wilson was wrong in re-

LAWRENCE STUDENTS READY TO ENLIST

Parade Under Banner Resenting Insult to the Flag.

Appleton, Wis., April 21.—The first war demonstration here occurred last night when 100 Lawrence college students were ready to enlist.

They paraded the streets headed by a banner inscribed "To Hell With the Man Who Insulted the Flag." They had bugles, drums, blank cartridges and dynamite torpedoes. College yells mingled with cries to avenge the flag.

THIRTEEN KILLED IN FIGHT IN COLORADO COAL FIELDS

Militia and Deputies Clash With Strikers Near Ludlow.

Man Carrying White Flag Opens Fire That Starts Battle.

STRIKERS DISAPPEAR.

Trinidad, Colo., April 21.—Hundreds of armed strikers who yesterday fought fourteen hours with state troops in the Ludlow district had disappeared today and quiet prevailed in and about the strikers' demolished tent colony. The 100 militia men who opposed the strikers were in possession of the railroad tracks from the steel bridge to a point north and west of the burned colony.

Trinidad, Colo., April 21.—Thirteen were believed dead and the number of wounded was unknown when day dawned on the Ludlow battlefield where yesterday 100 militiamen and sheriffs' deputies fought a sanguinary engagement with strikers.

Throughout the night bodies of strikers, heavily armed, moved from various coal camps toward Ludlow, and a renewal of the conflict was expected momentarily. Eighty-seven militiamen from Lamar and Walsenburg, ordered out last night by Gen. John Chase, reached the scene of con-

(Continued on page 10, second column.)

MISSIONARY KILLED BY LION IN SUDAN

Rev. Ralph W. Tidrick Survives Injuries for Seven Days.

Khartum, Egyptian Sudan, April 21.—Rev. Ralph W. Tidrick of the American United Presbyterian mission in the Sudan, died today of wounds received in an encounter with a lion.

Mr. Tidrick, who was stationed at Doleib Hill, Sobat river, was attacked seven days ago. He started down the Nile for Khartum to undergo treatment. The trip occupied six days. He arrived here yesterday and died today.

Mr. Tidrick entered the mission field in 1906. The mission is directed by the United Presbyterian Church of North America, with headquarters in Philadelphia.

GETS FIRST ORDER TO MOVE AGAINST HUERTA

REAR ADMIRAL FLETCHER, U. S. N.

MORE SALOONS FACE OUSTER IN ILLINOIS

Local Option Elections Affecting 250 Are Being Held.

Chicago, April 21.—About 250 saloons are involved in local option elections which were being held today in two Illinois counties, Bond and Minard, and in twenty-five additional cities and towns.

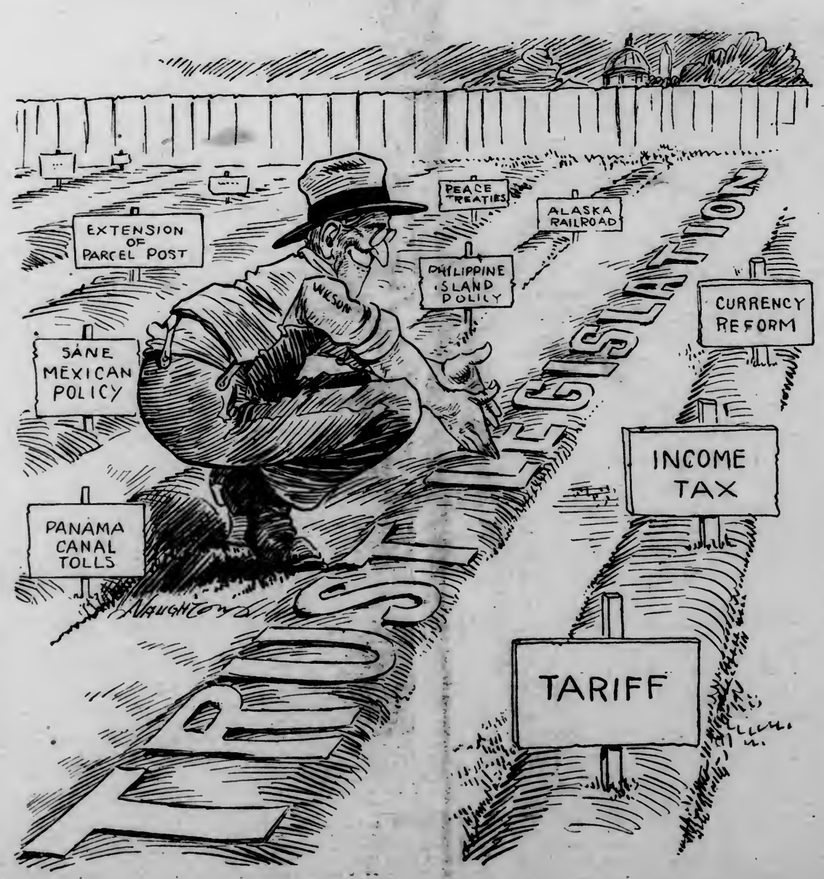

The greatest interest in today's election was in the city of Danville, where the fate of seventy-eight saloons was at stake. Several hundred more women than men had registered for the Danville election, and the drys confidently claimed the election would result in their favor.

Murphysboro, with thirty-four saloons, was one of the largest cities voting. Most of the municipalities voting are small villages.

Astor Still Improving.

New York, April 21.—Vincent Astor's condition continues to improve, it was said today at the Staatsburg home of Robert P. Huntington, father of Mr. Astor's fiancee. "In ten days we hope for a complete recovery, said Mr. Huntington.

STARTING ANOTHER ROW.

WILL CUT OFF CARGO OF WAR MATERIALS

Senate Debates at Length Over Resolution to Support the Administration in Its Action.

President Favors Amended Resolution That Disclaims Any Intention to Make War on Mexico.

Widely separated sources furnished the Mexican news today, but principal of them was Washington, where orders were issued by the government to Rear Admiral Fletcher to seize the customs house at Vera Cruz, Mexico, and take any other steps he might deem necessary to prevent the Huerta government from obtaining a big supply of arms and ammunition consigned to the dictator, and about to be landed from a German steamer.

At 3:20 this afternoon officials at Washington declared they had received no report from the admiral.

Other reports came from the Mexican border, where it was said that various minor outbreaks of anti-American feeling had occurred among Mexicans.

From Laredo came dispatches saying that a party of Huertaista officers had gone under a flag of truce to confer with Constitutionalist officers, the object of the conference being reported as the establishment of a common cause against the United States.

From Mexico City came a dispatch saying that Gen. Blanquet, Huerta's minister of war, when asked whether the reserves would be called to the colors, replied:

"In due time, if it should be necessary, they will be so called, as will every citizen in Mexico."

Vera Cruz reported a rumor that in case of the landing of United States forces there the Huerta forces would make no resistance, but would retire to the railroad trestle twenty miles inland. Washington officials flatly refused to discuss the report.

Acted While Senate Talked.

Washington, April 21. — While the senate was discussing the Mexican crisis today, orders went forward to Admiral Fletcher to seize the customs house at Vera Cruz to prevent a large cargo of artillery and ammunition from falling into the hands of the Huerta forces, to whom they were consigned, and which were transported from Europe aboard a German vessel.

As there has been no blockade declared, the United States could not seize the ship on which the war munitions were being transported, but it could seize the port and prevent them from being landed. It was to accomplish this obvious crippling of the provisional government of Mexico that Admiral Fletcher was instructed to act without awaiting the result of the debates in congress.

Cabinet in All-Night Session.

The orders went out to the naval commander in Mexican waters at daybreak, although the fact did not become known for several hours. President Wilson and his cabinet had been in constant conference until 4 o'clock in the morning.

The orders to Admiral Fletcher, it was said, conferred the broadest authority and directed that, if necessary, he should take the city of Vera Cruz as well as the customs house, in order to prevent the landing of the munitions at that point.

Officials here pointed out that Admiral Fletcher might act in several ways. He might wait until the German steamer had actually landed her cargo and then take the customs house and the munitions, or when the German steamer comes into port he might seize the customs house and if the cargo were discharged it would come into the possession of the United States forces.

That the vessel might take her cargo to some other port was a possibility of which naval and state officials took cognizance.

Ample Authority.

A report from Admiral Fletcher momentarily was awaited with no little anxiety in official circles in Washington. It was pointed out that President Wilson had ample authority for his action without awaiting approval of the move by congress.

When news reached the capitol that the order had gone to Admiral Fletcher, it aroused considerable enthusiasm among senators and representatives.

Democratic senate leaders believed an order to the American commander to begin actual operations would serve to hurry action on the resolution to back up the president's course.

Republican leaders were planning to champion the substitute submitted by Senator Lodge, which refers to the long series of outrages against Americans in Mexico. This was not accepted, however, by the Democrats.

(Continued on page 10, fourth column.)

FRANCIS JOSEPH'S CONDITION BETTER.

Vienna, April 21.—Emperor Francis Joseph's condition was "satisfactory" today, according to the semi-official bulletin. His majesty passed a good night, and his temperature this morning was 97.5. The doctors say their patient's general condition gives no cause for apprehension. The official bulletin today says:

"The slight improvement in the emperor's health which began yesterday continues in a gratifying manner. His majesty passed a quiet night and had a refreshing sleep. His appetite is satisfactory and his general condition good. The emperor rose at 4 o'clock this morning, and will hold his usual audiences today."

NEW YORK AND TEXAS READY

New Superdreadnoughts Soon Will Be in Southern Waters.

No Immediate Need of Moving Troops, Says Washington.

New York, April 21.—The new superdreadnoughts New York and Texas, the two largest battleships in the world, soon are expected to be on duty in Southern waters. It was announced at the Brooklyn navy yard today that the New York, which was placed in commission last week, would sail for Guantanamo, Cuba, on Sunday. The New York has been under orders for some time to proceed to sea for her "shaking down."

Since the Mexican situation became acute, the work of putting the finishing touches on the vessel has been rushed. A large quantity of ammunition today was being stowed away on the New York and Texas.

"Unless orders to the contrary are received before Sunday," said an official at the yard, "the New York will proceed to Guantanamo. There she will be close to the Atlantic fleet, which she can join at any time."

The Texas is ready for sea duty on short notice.

South Dakota at Frisco.

San Francisco, Cal., April 21.—The cruiser South Dakota, from the Puget Sound navy yard, entered San Francisco bay at 4 a. m. today. She pro-

(Continued on page 10, third column.)

LIND CRITICIZES OPPONENTS OF THE "WAR" RESOLUTION

From The Herald Washington Bureau.

Washington, April 21.—John Lind today made this comment on the vote in the house yesterday on the "war" resolution.

"I cannot understand the action of the congressmen who yesterday, in the house, voted against sustaining the president and in favor of Huerta. Do they not know that Huerta has already assassinated more Mexican congressmen than those who voted 'aye' yesterday, and has imprisoned a larger number?"

NINE KILLED IN GAS BLAST

Seven Others Injured in Wrecking of Hotel at Macoun, Sask.

Lighting Plant Blows Up and Ruins Take Fire.

Macoun, Sask., April 21.—Nine persons were killed and seven injured when the dining room of a local hotel was wrecked by the explosion of a gas plant in the basement directly beneath the room yesterday. The floor of the dining room collapsed, carrying the victims to the basement and burying them under tons of burning debris. The dead are:

MRS. HOCHHOUSE, Macoun.
MISS EMMA HOCHHOUSE, Macoun.
JOE GRANT, Estevan.
HAROLD CLARK, Estevan.
TOM DRAKE, Moose Jaw, Sask.
CLIFF BENDER, Macoun.
FRED SCHMIDT, Macoun.
J. DUNGER, Estevan.
MRS. PETERSON, Macoun.

Panic prevailed, and excitement reached such a stage that the survivors made little headway in work of rescue. The building soon was enveloped in flames. A strong wind drove long tongues of fire toward surrounding buildings, and for a time a general conflagration was feared.

No City Water System.

The town is without a water system, and the only means of checking the flames was resort to the use of a railroad water tank.

Communication with the outside world was uncertain, but when finally established a corps of physicians motored from Estevan and cared for the injured, all of whom were taken to Estevan.

Several of those who escaped death were in a state of nervous collapse. Several of the victims were pinned beneath huge timbers and slowly burned to death, frantically pleading to be taken from the cellar which had become a veritable furnace.

Reports that more than nine persons had perished in the ruins were generally discredited.

Authorities announced that an immediate investigation would be made. With the possible exception of Miss Martha Peterson, all of the injured will recover, according to reports from the Estevan hospital.

MANY EAGER TO JOIN NAVY

Prospect of Seeing Service Swells the Number of Applicants.

The majority of the fifty former members of the United States navy, who are now residing in Duluth, have declared that they will re-enlist in case war is declared against Mexico, said Chief Quartermaster Erickson of the local navy recruiting station this morning.

Quartermaster Erickson is of the opinion that all those who are eligible for re-enlistment, will have no hesitancy in again joining the naval forces. Several of the former seamen have reported at the local station the last few days and declared that they would re-enlist immediately upon hearing of a move to occupy Mexican ports.

The local navy station is a busy place. Hundreds of young men have called there for information since the Mexican situation became critical and a record number of applications is reported by Quartermaster Erickson. This morning six men applied and it is probable that two of these will be accepted. Two others were yesterday sent to Minneapolis, where they will be assigned to a battleship or some navy yard in the East.

Although the enlistment in the United States navy today has reached the maximum of 51,500 allowed by congress, the stations throughout the country are constantly enlisting men. This is being done, so that in case of war, the ships in Eastern ports may be sent out with complete crews.

MANY SMOTHERED IN TENT COLONY FIRE

Three Women and Perhaps Ten Children Are Dead.

Trinidad, Colo., April 21.—Three women and a number of children, possibly ten, were smothered to death in the fire that swept the Ludlow tent colony last night, according to a statement given out at union headquarters. The party had taken refuge in a cave. The statement is confirmed at the military camp at Ludlow.

MORE U. S. JOBS OPEN.

Nine Civil Service Examinations Will Be Held Here.

Nine more civil service examinations will be held here next month to fill government positions in the United States and the possessions.

Information regarding the examinations may be obtained from the department at Washington, or from E. M. Barker, superintendent of the registry department at the Duluth postoffice, who is secretary of the local examining board.

The dates for the respective examinations and the essential particulars follow:

May 18.—Assistant chief, office of information, for men only. The duties will be to assist the chief at the department in Washington. It pays a salary of $2,000 a year.

May 18—Assistant pathologist, for men only in the bureau of plant industry at Washington. Salary, $1,800.

May 20—Junior structural engineer for the interstate commerce commission at a salary of $1,080; computor and estimator in the office of supervising architect at Washington, $1,600; tariff clerk in the interstate commerce commission, $1,200; junior structural engineer in the interstate commerce commission, $1,080; junior railway signal engineer in the interstate commerce commission, $1,080; junior mechanical engineer, $1,080, and junior electrical engineer, $1,080.

SUPPORT ALIBI OF JOHN HEINO

Several Testify Regarding Telephone Conversation in Adultery Case.

In support of an alibi for John R. Heino at times when he is alleged by witnesses for the state to have been engaged in telephone conversation with Mrs. Olga Gran, several witnesses were called by the defense this morning at the Heino adultery trial. Among those who testified as to the whereabouts of the defendant on certain occasions were Theodore Hollister, one of Heino's attorneys at the trial, Miss C. S. Tremelling, a stenographer in Attorney Hollister's office, Dr. George H. Davis and C. S. Liscomb.

Walter C. Bonham, an attorney, and Hans B. Knudsen, were called as witnesses by the defense to testify as to certain tests which they had made in Heino's office following the raid of Jan. 31 by Gran and detectives.

Judge Dancer ruled against the admission of that part of their testimony which was made by them as to whether one in Heino's office could hear the metallic click of a key when it was inserted in the lock on the door and turned.

County Attorney Greene objected to the testimony on the grounds that the test was not made under conditions which are claimed by the state to have prevailed at the time Gran and the officers broke into the room after having attempted quietly to unlock the door with a pass key.

SPEAKS ON CONCRETE.

Detroit Man Addresses Duluth Architects and Builders.

Before an audience of architects and builders, R. A. Plumb of Detroit, Mich., known throughout the country as an expert on cement, gave an illustrated address at the Commercial club last evening on "Waterproofing and Dampproofing of Structural Concrete." He spoke under the auspices of the Duluth Architectural club, there being about sixty present.

Mr. Plumb used about fifty lantern slides during the course of his talk, showing the various methods employed in testing cement.

Following the lecture Mr. Plumb left for Minneapolis, where he will give a series of similar lectures before architects and builders in the Twin Cities.

If You Need a Medicine You Should Have the Best

Although there are hundreds of preparations advertised, there is only one that really stands out pre-eminent as a remedy for diseases of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root is not recommended for everything.

A sworn certificate of purity is with every bottle. You may receive a sample size bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose 10 cents.

For sale at all drug stores in bottles of two sizes —50c and $1.00, also mention The Duluth Daily Herald.

MILLER TALKS OF FILIPINOS

Delivers Hour Speech in House Opposing Island Independence.

Duluth Man Declares Such a Move Is "Unthinkable."

From The Herald Washington Bureau.

Washington, April 21.—Representative Miller delivered an hour speech in the house this afternoon in which he opposed Philippine independence.

He declared at the outset that by reason of many conditions, any one of which is controlling, representative, self-government in the islands is absolutely impossible, and independence, for the United States, is unthinkable. He said that the population of the islands lacked homogeniety, and that there are "more kinds of humanity and more different grades of human development in the Philippine islands than in any other single region of the world's surface."

Describing conferences he had with members of all the different classes of people he found in the islands, Mr. Miller said that the educated people are crying "independence." Among the other people he found strong opposition, those with whom he talked declaring that independence meant Filipino rule, which they did not want.

Lack Proper Consciousness.

Mr. Miller said that for a people to be completely self-governing, they must possess a governmental consciousness, or an appreciation of the responsibilities of popular government.

"The lack of this consciousness," he said, "and the lack of this sense of responsibility, impressed me more than any other thing I found in the islands. Again, Filipino officials have not shown honesty and capacity in handling public funds."

These are a few of the reasons Mr. Miller declared, why independence should not be granted the people of the Philippine islands.

PERSONAL

Edwin H. Lee, manager of the Spalding hotel, is spending several days in Chicago.

William Steele of San Francisco is registered at the St. Louis.

Michael McNulty of St. Paul is at the Holland.

Edward Ellis has returned from a visit to Florida.

Walter Ryberg of Minneapolis is registered at the Spalding.

Harry Stout of Racine is at the St. Louis.

George Deering of Hibbing is at the St. Louis.

B. D. Sheridan of Gilbert is at the Holland.

Henry Sheldon of Minneapolis is registered at the St. Louis for the day.

Harry Jones of Stillwater is in the city today.

S. D. James of Virginia is at the Holland.

J. T. McKay of La Crosse is at the McKay for the day.

Henry White of Chisholm is stopping at the McKay.

CITY BRIEFS

Would Administer Estate.

Helge S. Haugsrud, 1608 Hughitt avenue, Superior, today petitioned the probate court here for letters of administration in the matter of the estate of his late brother, Sigrid Haugsrud, who died in this city on Feb. 18 last. Haugsrud left an estate of about $700, which will be divided among five brothers and sisters, three of whom reside in Norway. Besides a brother in Superior, Haugsrud was survived by a sister, Mrs. M. Brien, residing at Strum, Wis.

Wisconsin U. Club Meets.

The University of Wisconsin club of Duluth will entertain at an informal dinner next Tuesday evening in the grill room of the Spalding hotel. The dinner will be served to the members at 6:30 o'clock, after which a program of addresses and music will be rendered. Henry R. Ratsley, president of the local alumni association, will preside at the gathering.

Fine Pictures and Frames.

Decker's, cor 2nd Ave. W. & First St.

Say Company Is Bankrupt.

Creditors of the Orth Lumber company this morning filed an involuntary petition in bankruptcy with the clerk of the United States court. The creditors claim a total indebtedness amounting to more than $1,000 and ask the court to declare the company bankrupt.

For Women Only.

Handsome living models, illustrating Miss Shaull's lecture on "The Art of Corseting." Free tickets at George A. Gray Co.'s corset department.

Settler Held for Assault.

Edward Pepper, 27 years old, of the town of St. Louis, was arrested this morning on a charge of assault preferred against him by Edward Dahlen, who claims Pepper struck him last Wednesday. Pepper pleaded not guilty and asking for a jury trial it was set for 10 o'clock the morning of May 5.

Drunk Too Often.

Gust Maki, 52 years old, will have to spend the next two months on the work farm for being drunk a third time. He was arrested last night by Patrolman L. Johnson and he pleaded guilty in police court this morning, drawing a straight sixty-day sentence. Charles Aspenall, 48 years old, pleaded guilty to being drunk a second time and he was fined $50 and costs or sixty days on the work farm.

Boy Rides Home in Style.

Thomas O'Connor, 5 years old, had a ride home in the police patrol yesterday afternoon all by himself. He was found wandering about at Eighth avenue east and Superior street by Patrolman Danielson and after being brought to headquarters was taken to his home at 108 East First street in the police patrol.

For Non-Support.

Michael Mierzwinski, 25 years old, was arrested this morning on a charge of failing to support his wife and 2-year-old son from April 12 to April 20. He pleaded not guilty and his trial was set for 10 o'clock the morning of May 5, when his case will be heard before a jury.

Living Models at Gray's

At 10 a. m. and 2:30 p. m. tomorrow. Free tickets at corset department. Get yours at once.

Find Stolen Auto.

The automobile belonging to E. L. La Chance, 4825 London road, who reported it stolen from in front of the Armory shortly before 10 o'clock last evening, was found at 12:45 o'clock this morning at 111 East First street. Officer Perry discovered the machine and had it removed to the Interstate Auto company's garage.

Finds a Bicycle.

Patrolman Perry found a bicycle at Lake avenue and First street at 1:50 o'clock this morning and it is being held at police headquarters, awaiting its owner.

Married In Court.

Judge F. E. Watkins officiated at the marriage of Anton Dodich and Rozi Ivanchich, both of St. Louis county, in the office of the judge of probate this morning. Judge Watkins of Carlton county is holding court here today in the absence of Probate Judge S. W. Gilpin, who was called to Pennsylvania last week owing to the serious illness of his mother.

Plumber Is Paroled.

David Ruben, who was arrested last week on a charge of plumbing without a license, was found guilty in police court this morning and was fined $20 and costs or thirty days in the county jail. The court later placed him on parole for six months.

Fined for Cruelty.

Samuel Widdes of 1514 West Superior street, who was last week arrested on a charge of ill-treating a cow, was found guilty in police court yesterday afternoon. He was fined $20 and costs or twenty days in the county jail. He paid his fine.

Held for Larceny.

Fred N. Linn waived examination when arraigned in police court this morning on a charge of grand larceny in the second degree and he was bound over to the May term of the grand jury. Bail was fixed at $200. Linn is accused of stealing some plumbers' tools from the tool chest at the new Zelda theater, Third avenue west and Superior street.

Recovers from Operation.

Leonard Bardwell, telephone operator at fire headquarters, who has been confined at St. Mary's hospital the last month, returned to his duties yesterday. He was taken to the hospital for an operation.

Big List of Lodgers.

There were 124 men given free lodging by the police last evening. This is the largest number cared for in the last ten days, the list having dwindled during the last week.

Held for Reckless Driving.

Wilfred Martel, 28 years old, who was arrested by Patrolman Harry Toewe at 11:30 o'clock last evening on a charge of driving his automobile recklessly, pleaded not guilty when arraigned before Judge Cutting this morning and his trial was set for 2 o'clock this afternoon. Bail was fixed at $15. Patrolman Toewe claims that Martel drove his automobile into another machine at Second avenue west and Superior street.

Northland Printery.

Good printing. Call Zenith 494. Adv.

Pierz Man Bankrupt.

Jacob M. Blake, a merchant at the village of Piers, near Little Falls, Minn., this morning filed a voluntary petition in bankruptcy with the clerk of the United States court. He gives his assets as $6,165.57, of which he claims $500 is exempt, and his liabilities as $7,664.41.

Hotel Clerk Resigns.

Peck Grivot, clerk at the Spalding hotel, has tendered his resignation to take effect on May 1 and he will leave on that date for Denver. Mr. Grivot came to Duluth last October and made a host of friends during his stay here. He is compelled to leave because of ill health.

Next Lectures, 10 A. M.

And 2:30 p. m. tomorrow. The models wear Bon Ton corsets giving the proper uncorseted effect. Free tickets at George A. Gray company.

Will Wed Duluth Girl.

Word was received by The Herald today that a marriage license has been issued in Chicago to Miss Celia Pommerville of Duluth and George Falmann of Nekoosa, Wis. Miss Pommerville's name does not appear in the Duluth directory.

D. E. Giffin's Mother Dead.

Don E. Giffin, telegraph editor of The Herald, received a telegram today announcing the death of his mother, Mrs. Jane C. Giffin, at her home in Fond du Lac, Wis. As Mr. Giffin had not been informed of her sickness, it is believed that her death came suddenly. Mrs. Giffin, who was 79 years of age, was the widow of the late Judge N. C. Giffin, and was an old resident of Fond du Lac. The funeral will take place on Thursday.

"Where Are the Dead?"

Judge J. F. Rutherford of New York City will give a free lecture Sunday afternoon at the Lyceum theater on "Where Are the Dead?" It is announced that he will discuss the subject from a lawyer's point of view.

OBITUARY

Samuel Rutherford Crockett, the novelist, died in London April 20. He was born in 1860. Mr. Crockett entered the Free Church of Scotland in 1886. He was a voluminous writer, "The Stickit Minister" being among the best known of his works.

Sir Edwin Durning-Lawrence, who attained celebrity by his two works, "Bacon in Shakespeare" and "The Shakespeare Myth," died in London April 21, aged 73 years. One of Sir Edwin's best known contributions to the Bacon-Shakespeare controversy was his assertion that the classical "long word" cited in "Love's Labor Lost" is an anagram in Latin for "these plays F. Bacon's offspring preserved for the world." He made numerous other attempts to prove his point by cryptographic evidence. The "long word" is "honorificabilitudinatatibus."

Sir Edwin was for more than forty years in English politics, part of the time as member of the house of commons. He was made a baronet in 1898.

Maj. W. H. Cotton, former inspector general of the Canadian militia, died suddenly in Almont, Ont., April 20.

Mrs. Jane C. Giffin died suddenly April 21, at Fond du Lac. Wis., at the home of her daughter, Mrs. Waldo Sweet. She was 79 years old and was the widow of the late Judge N. C. Giffin. She was born in Jefferson county, N. Y., and came west with her husband in the early '60s. She is survived by four children: Mrs. Waldo Sweet of Fond du Lac; Mrs. F. T. Stevens of Colorado Springs, Colo.; Mrs. R. O. Irish of Chicago, and Don E. Giffin of Duluth.

ROBBED TWICE IN ONE NIGHT

Alex Kurhela Loses $35 at 7:30 o'Clock and $5 at 11:30.

Robbed twice in one evening was the odd experience yesterday of Alec Kurhela, who reported at 7:30 o'clock that he had been held up and robbed of $35 and who was a victim again at 11:30 o'clock, losing $5.

The second time Kurhela was robbed, he yelled for the police and Patrolman John Link, who heard the call, succeeded in arresting John Koski, 28 years old, as a suspect. The officer saw Koski running away from the scene of the hold-up and he followed the fugitive to his home at 234 South First avenue east, where he found him hiding in the attic.

In police court this morning Koski waived examination on a charge of robbery and he was bound over to the May term of the grand jury. No bail was allowed.

Kurhela reported to police headquarters early last evening that he had been robbed of $35. An officer was detailed to investigate and Kurhela went his way. About 11:30 o'clock he was again held up and this time his remaining $5 was taken away from him. The robber had evidently become frightened as three of the five silver dollars were found lying in the street near the scene of the hold-up.

DULUTHIAN DIRECTOR OF $1,500,000 CORPORATION

There has recently been organized under the laws of New York a company called the United Jewelers, Inc., with a capital stock of $1,500,000 authorized. The principal offices of the company will be in New York city. Duluth's interest in the new concern is due to the fact that Cassius Bagley of this city is one of the directors and a member of the executive committee, and it was due in no small measure to his personal efforts that the organization was perfected.

The purpose of the organization will be to secure the leading retail jeweler in every city in the United States. He will be invited to buy stock, and the money subscribed will be used to buy merchandise in large quantities and to import and manufacture a line of specialties handled in the jewelry stores, all of which will bear the trade mark of the company, the "Hallmark." The stores are to be known as the "Hallmark" stores in every city.

The company incorporated with forty-six jewelers from all sections of the country, and a board of twelve directors was elected, each one being the leading jeweler in his respective city.

SHAGGY LOCKS ARE FALLING

Whiskers Yield to Budding Barbers at Convention of Unshaved.

Delegates Recall Days of Populists and Boy Bang Movement.

The annual convention of the unshaved and unshorn opened today with a large delegation packing the assembling place.

The Gibson store, where the delegates to the shaving reform convention gathered, was so crowded that some of the delegates were contestsed and finally ruled out of the convention.

Tapping a razor on the back of one of the barber chairs that had been placed on the temporary platform, one of the state examiners called the meeting to order. One of the young barbers, being from Cook and somewhat experienced, at this juncture stated that he would take a gin fizz, regarding which he had heard much gossip.

After the state examiner had sufficiently rebuked the young and impetuous barber, the regular order of business was proceeded with, the delegates being let into the convention room and the shaving begun.

Since the decadent days of Populist faith and the masculine bang movement or the days when young men played football without head gears and wore long and flowing locks to protect their heads and win the admiration of the fair co-eds, long hair has gone out of date. But present early today at the annual convention of the unshaved and unshorn were many that seemed a recrudescence from the Populistic times, for their locks in many cases flowed over their shoulders, and their whiskers looked out with inquisitive and straight standing interest upon the world.

In all there were more than 200 candidates present to have their hair cut, their whiskers shaved and perhaps their necks washed. It was a great and glorious day for the young barbers. They were turned loose amid the rank profusion of long and tangled hair and luxuriant whiskers, and told to get to work and show what they had.

Sixty Applicants.

There were some sixty applicants for higher honors in the barber world, and during the course of the day these sixty embryo barbers, eager to break into the gilded shops with long mirrors and a manicurist who can discuss literature and art, will try their hand on certain of the 200 delegates that were admitted to the floor of the convention.

As has been stated previously, the rush for the floor was so great that some of the delegates had to be contested, and one whole delegation from the union station precinct was unseated.

But be that as it may, the fact remains that the gathering is one of the largest in the history of local state barber examining politics, and it promises to go into history.

The key note speech of the convention was made by William Hamblin of Minneapolis, who told the young barbers and various delegates from the unshaved and unshorn world, that progress was the byword in the barbering world and that the platform of the party called for free and untrammeled use of hair tonics of all sorts and descriptions, preferably the more expensive ones, and the free right to resort to face massages and face cream at frequent times.

After the key note speech of the state examiner, the various party workers were assigned their places and the delegates turned over to the members of this ways and means committee. Great progress was being made at the time the paper went to press.

Speaking seriously for the once, it might be stated that the largest class of barbers in the history of local examinations is being put through the hirsute nnces today and that they have some 200 unshaved and unshorn to work upon. The streets will late today exhibit the largest number of shaved countenances since the last convention, and presently there will be some new faces in the barber shops of our town.

Rub MUSTEROLE on That Sore, Tight Chest!

Try this clean, white, soothing ointment. See how quickly it brings relief.

MUSTEROLE does all that the old-fashioned mustard plaster used to do in the days of our grandmothers, but **it does it without the blister!**

Doctors and nurses frankly recommend MUSTEROLE for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet —Colds of the Chest (it prevents Pneumonia).

MUSTEROLE
WILL NOT BLISTER

At your druggist's, in 25c and 50c jars, and **a special large hospital size for $2.50.**

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

WILLIAM NESS, Sacramento, Calif., says: Gentlemen: Enclosed please find P. O. Money Order for $4.00 for which kindly send by return mail eight jars of 50c size Musterole. This is my third order of Musterole, which speaks well of its merits. Our friends and ourselves would not willingly be without it, as it has saved doctor's expense many times. (70)

their cases. Billy Monroe of Superior pleaded not guilty to the charge. His case will be tried at the next session of court.

Joseph Wilson, Basil Gordon and John Sky, Sr., three Indians from the Odana reservation, pleaded guilty to the charge of introducing liquor to Indians, and were sentenced to Fort Leavenworth Federal prison in Kansas for one year and one day. They were also fined $100.

The next term of the Federal court will be held at Eau Claire on June 2.

Duluth a Gretna Green.

Superior swains find it much easier to get married in Duluth since the passage of the eugenics law providing for physical tests of applicants for marriage licenses. This morning three couples from Superior secured their permits from the clerk of court in St. Louis county. They were Frank Kaze and Anna Zayarowicz, Fred C. Zebott and Mamie Tronich, Herbert John Hanson of Superior and Mabel Stevens of Duluth.

Fined for Lifting "Lid."

Bert Walling, a Tower avenue saloonkeeper paid $53 and costs yesterday afternoon when arraigned on charges of selling liquor on Sunday. Walling is said to have attempted to lift the "lid," but was caught in the act by the patrolman.

Decide on Paving.

Residents of the East end decided that they wanted a nine-foot pavement on each side of the street railway tracks on Fifth street from L to Nettleton avenues, and a twenty-foot pavement on West Sixth street from Stinson to Cadotte avenues at a meeting attended by 100 property owners in the East End Chamber of Commerce rooms. It was decided to take immediate steps to have the improvement made on these two streets.

Will Fill City Offices.

The city commission will meet at 3 o'clock this afternoon for the purpose of electing a city clerk and various other minor officials for the city. The salaries of these officials will also be announced. Few changes will be made.

Next Lectures 10:00 a. m.

And 2:30 p. m. tomorrow. The models wear Bon Ton corsets giving the proper uncorseted effect. Free tickets at George A. Gray company.

Superior

DRAW HEAVY FINES.

Selling Liquor to Indians Proves Serious Offense.

Seven Superior bartenders, two Gordon saloonkeepers and a number of others were heavily fined by Judge A. L. Sanborn of the United States Federal court when arraigned on charges of selling liquor to Indians.

Billy Readz, bartender for Kruth's saloon, 1301 North Third street, paid a fine of $50 and his sentence was suspended. Charles Lee, bartender for the Jewson saloon at Connor's Point, was sentenced to sixty days in the Douglas county jail, besides payment of a fine of $50. Tom Leahy, proprietor of the Commercial hotel, 602 Tower avenue, pleaded not guilty to the charge. His case will be tried at the next session of Federal court. Ernest Wilkinson and Pete Nelson of Gordon, both paid a fine of $100 and were also sentenced to ninety days in the Douglas county jail. Ray Phelps, Henry Fisher, Charles View, alias Coxey, alias Fox, all local bartenders, were each given a fine of $50 and a sentence of sixty days by Judge Sanborn. Sentence was suspended in

AFTER TAX DELINQUENTS

Twenty-Three Hundred Citations Issued on Personal Property.

Citations have been issued by J. P. Johnson, clerk of the district court, against about 2,850 taxpayers who are delinquent in the payment of their 1913 personal property tax, and on Thursday the list of delinquent accounts will be turned over to Sheriff Melning for collection. The sheriff will issue tax warrants to enforce collection.

About $40,000 in taxes are delinquent. The total amount of personal property taxes to have been raised for 1913 was $500,000. The taxes are now paid under a penalty.

Real estate taxes are now coming in at the office of the county treasurer. They may be paid in two instalments, one-half before May 31 and the balance before Oct. 31.

NEW HAVEN OWNERS RATIFY AGREEMENT

Approve the Plan for Dismemberment of the System.

New Haven, Conn., April 21.—The stockholders of the New Haven railroad today ratified the agreement reached by its officers and the government for the dismemberment of the system. They also adopted an amendment to the by-laws making the number of directors 23 instead of 27.

OLD IRONWOOD RESIDENT DIES.

Ironwood, Mich., April 21.—(Special to The Herald.)—Mrs. S. S. Curry, an old and respected resident, died early this morning of heart trouble superinduced by acute indigestion. Her husband and three children survive.

HERALD BRANCH OFFICES:
A. Jensen, 330 North 57th Ave. W. J. J. Moran, 810½ North Central Ave.
Herald's West Duluth reporter may be reached after hour of going to press at Calumet 178-M and Cole 247.

FOUR SUDDEN DEATHS IN DAY

Heart Failure, Electrocution and Hemorrhage Are Causes.

O. M. Hellum Grasps "Live Wire;" B. W. Roberts Drops Dead.

Four residents of West Duluth died suddenly yesterday. Heart failure, hemorrhage of the lungs and electrocution caused three of the fatalities and the other was from an unknown cause.

Orval M. Hellum, 56 years old, was electrocuted while at work piling lumber for the Zenith Box factory. Just how the accident occurred will probably never be known. Hellum was working on top of a pile of lumber and it is believed that he either lost his balance or that a board blown against him by the high wind caused him to grasp the "live wire" near the pile. His body was taken to Filiatrault's undertaking rooms. No autopsy was thought necessary by the coroner. Hellum leaves a widow in Norway. He had boarded at 128 North Fifty-seventh avenue, from where the funeral will be held Friday afternoon, with interment in Oneota cemetery. He is survived also by two sons, one of whom is Olaf Hellum, 3626 Oates street.

Bertram W. Roberts, 42 years old, employed as engineer at the Minneosta steel plant, dropped dead from hemorrhage of the lungs shortly after 6 o'clock last evening. He had just left the train at New Duluth and was walking up Commonwealth avenue when the fatality occurred. An autopsy was held this morning under directions of the coroner at Filiatrault's undertaking rooms. Doctors McAuliffe and Graham performed the autopsy. Mr. Roberts is survived by a widow living at Little Falls, who is expected here this evening, and one son, Warren E. Roberts, employed in the engineering department by the same company. Arrangements for the funeral will not be made until after the arrival of the widow.

Joe Le Vato, 35 years old, was brought to the Duluth hospital at 7 o'clock last evening from New Duluth, seriously ill. He died at 11 o'clock. The cause of his death has not been ascertained. An autopsy will be held this afternoon under directions of the coroner.

The funeral arrangements for Carl Alfred Olin, 57 years old, who died of heart failure early yesterday morning, will be held tomorrow afternoon at 1:30 o'clock from the family residence, 5309 Albin street, and at 2 o'clock from the West Duluth Swedish Mission church, Fifty-ninth avenue and Greene street. Rev. C. V. S. Engstrom will officiate. Burial will take place in Oneota cemetery.

"EVERY YARD A GARDEN."

That Will Be the Slogan in West Duluth This Year.

The initiative in a garden contest for the children of the six schools of West Duluth will probably be taken at the meeting of the West Duluth Commercial club Friday night. P. H. Martin, president of the club, announced this morning that the subject would be taken up.

"Every back yard a garden," will be the slogan which the club expects to make popular in this end of the city. Co-operation of the principals of the Ely, Longfellow, Irving, Fairmont and Oneota schools will be asked for in getting the contest started.

According to the plans being proposed those entering the contest will in the fall join in holding an exhibition of their products at the West Duluth public market. At that time prizes will be awarded for the best products raised. Members of the club expect to raise about $50 or $100 to be distributed to prize winners.

BANQUET FOR WORKMEN

D., M. & N. Will Give Annual Spread to Employes.

Four hundred employes of the Duluth, Missabe & Northern railroad will be guests of the railroad this evening at its annual banquet given its employes at Proctor. A special train carrying the employes residing in Duluth and West Duluth will leave the union station at 6 o'clock and West Duluth at 6:15 o'clock.

The banquet is one of the features instituted several years ago by the railroad before the opening of the season. It is looked forward to by the employes as one of the biggest social affairs of the season taking place in Proctor.

The program will include short addresses by officials on railroad work and what the road expects to accomplish this year. A feature of the program will be the exhibition of pictures showing work in the large steel plants of the East.

SIX NARROWLY ESCAPE.

Piece of Car Wheel Falls Through Roof of Iron Works.

Several workmen employed in the cast house at the National Iron works are thankful that they are alive today. They received a bad fright yesterday by the dropping of a 200-pound piece of a car wheel through the roof of the building.

The accident occurred while employes of the plant were breaking a car wheel with a heavy trip hammer outside of the building. In some manner the edge of the piece was struck by the hammer sending the piece of wheel high into the air. In descending it came through the roof of the cast house striking within two feet of where six workmen were busily engaged.

The accident is the first of the kind that has occurred at the shop.

Revival Services.

Rev. Havig Gjelsette of Nelson, Wis., will open a series of revival meetings tomorrow evening at Our Savior's Norwegian Lutheran church, Fifty-seventh avenue west and Wadena street. Rev. Mr. Gjelsette is well known as a good pulpit speaker as well as a singer. The meetings will be continued until May 1. Members of the choir will assist in the musical program.

NAMED POSTMISTRESS.

Dorothy Dash Gets Job Once Held By Her Father.

Dorothy M. Dash of Smithville, daughter of Victor A. Dash, the first postmaster in that suburb, yesterday received her commission from Washington giving her the appointment of postmistress. A. G. Renstrom, who has held the position for twenty years, recently resigned.

With the change in the postoffice at Smithville the office will be removed a block and a half west from Ninety-third avenue and Clyde street. This will bring the office closer to the new model city being built by the Minnesota Steel company.

Smithville has had only two other postmasters. These are Mr. Renstrom, who held it for twenty years, and Victor Dash, who was its first postmaster and held the place for five years.

WILL GIVE JOINT PROGRAM.

Irving Glee and Social Center Clubs Will Entertain.

The Irving Glee club and the Irving Social Center Athletic club will entertain this evening at a joint program in the assembly hall of the Irving school. It will be given for the purpose of letting people know just what progress these organizations are making at the social center.

John Nettleton of the athletic club and Ernest Willie of the glee club are in charge of the program, which will include wrestling and boxing exhibitions as well as other athletic stunts, musical numbers by the glee club and other members of the social center.

Since the installation of the gymnasium apparatus by the West Duluth Commercial club the basement of the Irving school has been the scene of busy evenings for members of the athletic club.

West Duluth Briefs.

The ladies' aid society will entertain Thursday evening at another of its series of "get-together" socials at the home of Mrs. G. L. Shoup, 122 North Fifty-third avenue west.

Non-Excelled homestead, B. A. Y., will entertain at a social tomorrow evening at the Gilley's hall, 322 North Central avenue.

West Duluth lodge No. 145, A. O. U. W., will hold a business meeting at Dormedy's hall tomorrow evening. Plans will be made for a membership campaign to begin early in the summer.

The Ladies' Aid Society of the Merritt Memorial M. E. church will be entertained tomorrow afternoon at the home of Mrs. L. H. Merritt, 2105 East Second street.

Watch repairing, Hurst, West Duluth.

Zenith Camp No. 1027, Royal Neighbors, will entertain at a social affair at the Great Eastern hall Friday evening.

Richard J. Fisher, attorney at law, has opened an office at room 8, Nelson building, Grand avenue, West Duluth.

George E. Hanson, 5723 Pacony street, left this afternoon for Seattle, Wash., where he intends to spend the summer.

The Grand hotel is serving a regular eight-course dinner every day.

DENIES RUMOR ON ENGINEERSHIP

Merritt Says Acquiring Electric Plant Is First to Be Considered.

"The report that W. B. Rittenhouse would be electrical engineer when the city acquires the plant of the Duluth-Edison Electric company is preposterous," said Leonidas Merritt, commissioner of public utilities, this morning. "It is utterly without foundation. The city could not even begin to consider that question until it has acquired the plant, and that is still a question to be determined in the future. We have not yet completed making the valuation, but that will be finished shortly. The next step will be to proceed with the acquisition, and if an agreement cannot be reached with the company we will proceed to the courts. When that is settled it will be time to consider men to take charge of the plant.

"What I did say in discussing the matter was that as Mr. Rittenhouse is probably more familiar with the power situation here than any other man, he would be of great assistance in working out a schedule of rates, should the city take over the plant and should he be available at that time. He figured the rate schedule of the Great Northern Power company and in making the revaluation of the plant of the Edison company he has increased his knowledge of the power conditions at the Head of the Lakes."

Commissioner Merritt said that he has been greatly encouraged recently by assurances of support which he has received from municipal ownership advocates in the city.

MUNICIPAL COURT CALENDAR CALLED

Judge Windom this morning called the regular jury calendar and the first case being tried today is that of the state against Sievert Harum, who is charged with having driven his automobile recklessly on the afternoon of March 29. He ran into the curbing at Lake avenue and First street and was arrested the following day, when he pleaded not guilty to the charge.

The other cases to be heard during the present term are: Hanson vs. Johnson; Campbell vs. Kolstad; Silberstein & Bondy vs. Stitt; Sykora vs. Hersey; Carlson vs. Ogren, and Johnson vs. Ogren.

Telephones are used to teach parrots to talk in a London bird school.

BON TON
Corsets for the Girl Graduates

ST. BERNARD MONASTERY IS IN FINANCIAL DIFFICULTIES

Geneva, Switzerland, April 21.—The St. Bernard monks gave shelter and food to 40,000 persons last year. The average voluntary contribution dropped into the box at the gate was equivalent to 2 cents a person. The monastery finds itself in financial difficulties, and the chapter is considering whether a fixed charge must not be made in the future for the rich travelers who visit the monastery during fine weather, stay for the week-end and drop a franc or two into the box in payment for themselves and chauffeur for two days' keep.

The monks have carried on their charity for nine centuries without asking any visitor to pay. They have been able to do so by the income from lands vested in the monastery. But during the last ten years the cost of everything has gone up about 40 per cent, while rentals have remained stationary.

"We have to continue," says the Abbot Bourgeois, the head of the chapter, "giving free hospitality as we have done since the eleventh century. Although if the burden becomes too heavy for our means we shall be obliged to charge a small sum more against our inclination and our principles."

Celebrates 103rd Birthday.

Baron Fernand de Turckheim celebrated his 103rd birthday at Montreal on March 21, playing to his relatives and friend two unpublished nocturnes of Chopin, whose intimate friend he was, and who gave him the two manuscripts. His wife, who is 92, shared honors with him. They were married fifty-one years ago. Baron de Turckheim is a grandson of Lily Schoenemann, who was the fiance of Goethe, and his grandfather was Gen. Jean Rapp of Napoleonic days. Baron de Turckheim is a Frenchman of Alsace, and after the Prussian conquest he left his province, lived first in Paris and then here. He is an author in five languages.

Falsified Circulation.

Friedrich Lutz, the proprietor and editor of a technical newspaper called the "Commerce of the Continent Beyond the Seas," published at Zurich, has been sentenced to a year's imprisonment on a charge of defrauding the public by claiming a larger circulation in Europe and America than he had. Lutz's defense was that he knew of no newspaper on the continent which published its real circulation, and that he had followed the usual practice of letting the advertiser find out for himself.

THEATERS MAY USE ASBESTOS

The city commission decided to amend the building ordinance to allow asbestos curtains to be used in local theaters, at a conference held in the mayor's office following the public council meeting yesterday afternoon.

Mayor Prince had copies of the building codes of a dozen large cities in which asbestos curtains are permitted and the consensus of opinion was that they afforded a sufficient degree of safety. But they must be hung properly and there must be ample overhead ventilation above the stage. The latter is for the purpose of directing the draught upwards in case of fire, as otherwise the pressure would be against the curtain and cause it to buckle.

The present ordinance allows only steel curtains to be used, but they are much more expensive than those made of asbestos.

The Spring Diet

Calls for a change from the requirements of colder weather.

The system is apt to be more or less clogged as a result of hearty eating for resisting cold. And so Nature has provided in the field grains wholesome nourishment to meet changing weather conditions, and rebuild played-out nerves.

Grape-Nuts FOOD

—made of wheat and barley—serves a double purpose—

It not only furnishes true nourishment for body building, including the mineral phosphates especially required by nerves and brain, but, being partially predigested, it relieves the digestive organs that are overworked and clogged by a heavy diet.

Every spring new thousands take on Grape-Nuts as a part of their regular breakfast.

"There's a Reason"

—sold by Grocers everywhere.

MARINE NEWS

NEW PASSENGER SHIP IS WITHOUT RIVAL ON LAKES

THE NORONIC.

A new passenger steamer, the Noronic, owned by the Northern Navigation company, which is said to be superior in size and service to any steamer on the upper lakes, will be added to the Duluth fleet of passenger vessels this summer. The ship was only recently completed by the Port Arthur Dry Dock company, and will make her maiden voyage to Duluth June 8, remaining here one day.

Vessel Without a Rival.

This vessel, which is a magnificent floating hotel, will compare with ocean liners in size and appointments. Her dimensions are: length, 385 feet; beam, 52 feet; depth, (moulded) 29 feet; gross tonnage, 6,100 tons; cargo, 3,500 tons; speed, 19 miles an hour. She will accommodate 600 first-class passengers and 75 second-class; and will have a crew of 165 men. Her first-class dining room will seat 300 passengers.

With the enlisting of this vessel into the service, the Northern Navigation company will have an unrivalled fleet of steamers in the lake service, and this season will have vessels leaving Duluth three times a week; Tuesdays, Thursdays and Saturdays. The new vessel and the Hanonic and Huronic, the other two large steamers of the company, will be able to accommodate 1,100 passengers a week.

The new vessel will go from Duluth to Sarnia and there connect with the Grand Trunk.

TOM BARLUM OFF FOR SOO

First Steamer of Season to Head for Lower Lake Ports.

Loaded With Wheat—Season Earlier Than Last Year.

The steamer Thomas Barlum left port this morning shortly after 10 o'clock headed down the lakes. She is the first steamer to leave the Head of the Lakes in the inter-lake trade this season and the second steamer in any trade to head out into old Lake Superior, the America, in the north shore trade, being the first. So far as known no vessels have yet left Port Arthur or Fort William, so to the Barlum belongs the honor of being the first boat on Lake Superior to start for the Soo.

The Barlum has in her hold 290,000 bushels of wheat, which she loaded last week at Elevator "S." As yet her destination is not known. She will go to the Canadian Soo, that canal now being open, and there await orders. The Barlum is the property of John J. Barlum of Detroit and is managed at this end of the lakes by the G. A. Tomlinson company. She is of the modern type of vessel, is of steel construction and is 480 feet long. She was built in 1907. Her master is Capt. Richard Caine.

The first boat to leave port last year was the Selwyn Eddy. She left the piers on April 25, so that the opening of navigation as signified by the first sailing is four days earlier this year than last. The earliest sailing on record since 1883 was in 1902, when the steamer F. R. Buel left Duluth on April 6. The latest opening of navigation was in 1885, when the steamer Arizona left on May 14.

No other vessels are expected to go out today. One or two may go tomorrow, but that is indefinite as yet.

The steamer W. H. Gratwick has just finished loading and has taken on 200,000 bushels of wheat.

TAKES FLOUR CARGO.

Steamer Muncy Will Leave Duluth Harbor April 27.

The Anchor Steamship line is preparing to send out two large vessels on April 27, the Muncy with a cargo of flour, and the Allegheny with merchandise.

The Muncy was taken to the Daisy mill this morning and will there take on a cargo of flour. Her capacity is 5,000 tons. These boats will be the first sent out by the Anchor line this spring. The Muncy is one of the largest freighters on the Great Lakes.

Detroit Passages.

"THE BLUE BIRD."

Maeterlinck's Beautiful Symbolic Fantasy Given a Gorgeous Production

Somebody has said that a "sense of humor is the death of romance." It is equally hard upon fantasies and symbolisms.

It was therefore with a feeling akin to trepidation that one who has delighted in Maeterlinck's charming symbolic fairy story attended "The Blue Bird" at the Lyceum last evening. American audiences have a rather ruthless sense of humor, and an inadequate caste might make of a "Peter Pan" a jest, or of a "Blue Bird" a sorry burlesque.

There are several reasons why the stage performance of "The Blue Bird" presents difficulties that seem almost insurmountable, and make it all the more amazing that it proved such an artistic success as last evening's performance was.

In the first place the play requires a great number of scenes. This is the same difficulty that is presented to the producers who seek to revive Shakespeare's plays for the modern stage. The modern audience has become accustomed to long scenes, with the entire action of the play, taking place in three, two, or possibly one scene. In "The Blue Bird" there are eleven scenes. The short scenes, and the many and varied settings obtrude upon the attention of the theater-goer, and make it seem incoherent and fragmentary to him.

In the second place the principal roles are in the hands of children of tender years. A child finds it difficult to avoid a stilted, oratorical delivery, and such a delivery for the beautiful lines of this fantasy is fatal.

Subtleties and symbolisms are foreign to the American mind, and here an unfortunate sense of humor also threatens. Just as it is difficult for a modern American theater-goer to translate himself into the spirit of Shakespeare's time, and take seriously the tragedies of bygone ages, when seen on the stage, without viewing them with a whimsical twist, so it is difficult for an American theater-goer to enter into the spirit of a fairy story, a fantastic symbolic tale like "The Blue Bird" without seeing in it something of the ridiculous, and the ineffective gesture of an incapable actor may ruin the most beautiful scene for this very reason.

For these reasons, those who have read with delight Maeterlinck's simple, direct philosophy of life, clothed in the most beautiful and poetic of language, feared for it when it fell among the rude hands of stage managers and stage carpenters. But anything is possible to the modern stage, it seems, and this statement was never better proven than by the New theater production of "The Blue Bird" which opened a week's engagement in Duluth at the Lyceum last evening. If it was disappointing to some, it was for the above reasons, and because they expected too much. Certainly the production could not have been disappointing, nor the cast as a whole.

Perhaps the success of "The Blue Bird" on the American stage is due to the fact that it may appeal in many different ways to different people. It may be viewed simply as a charming fairy tale, told in poetic language. It may be viewed as a symbolic drama. It may be viewed as a subtle blending of truth and unreality, containing a complete philosophy of life, the philosophy of the true optimist.

Every child should love it as he loves the tales of Hans Christian Anderson or "Peter Pan" or Grimm's stories. All grownups, even the most literal and practical minded of them, must be moved by the great Belgian's wholesome, happy philosophy of life.

The story of "The Blue Bird" is almost too well known to need repetition. Briefly it is that of two children who are sent out by a fairy to search for the blue bird, which signifies happiness. They travel, in their dreams, through many strange lands, the Land of Memory, the Kingdom of the Past, the Kingdom of the Future, the Palace of Night, the Land of Happiness, and finally return to find the blue bird in their home. "I have seen bluer ones," says Tyltyl, "But those which are quite blue, you know, do what you will, you can't catch them." This is the central allegory of the play—the search for happiness, and finding that happiness lies within the mind of the searcher, and not in exterhals. The story is full of symbolisms, but they are merely the poet's whimsical fancies, and have no direct bearing on the central theme. The Palace of Night of course, is symbolical of ignorance and superstition; the Kingdom of the Future, the influence of heredity. But it is such incidents as these that constitute the chief charm of "The Blue Bird."

The production of such a fantasy offers unlimited opportunities to the stage craftsman, and apparently none of them have been overlooked. It is a wonderful piece of stage handiwork. The lighting effects are wonderful; the costumes show great study; and the scenery is fantastic and beautiful.

The cast is adequate, with two or three possible exceptions, but apparently there is need of a sterner disciplinarian back of the curtain, if the loud talking between scenes is a regular occurrence. An occasional direction may be needed in making such quick and difficult changes, but audible conversation between the members of the company is not a necessary part of the scene shifting.

Burford Hampden as Tyltyl and Editha Kelly as Mytyl are a charming pair of natural, wholesome, clever children, free from the posing and precocious habits of youthful prodigies.

Outside of the two children's work, the most effective bit of the entire performance must be credited to Ethel Brandon in her scene as the Joy of Maternal Love.

The cast is so large that individual mention of all of the members is impossible. Special credit for excellent work is due John Sutherland as Bread; Angelo Romeo as Fire; W. H. Denny as the Dog; Cecil Yapp, a Minnesota boy, as the Cat; Rosepha Chisholm as Water; Emily Cameron as Milk; George Sylvester as Sugar; Martha Messenger as Light, and Alice Butler as the Fairy Berylune.

"The Blue Bird" will continue at the Lyceum all of this week, with matinees Wednesday and Saturday. Considering a long list of counter attractions last evening; the attendance was good, and it should grow during the week. "The Blue Bird" is an extraordinary attraction and one that every Duluthian should make an effort to see.

J. E. R.

Amusement Notes.

That English and Australian audiences are even more enthusiastic over American ragtime and American popular songs than American audiences, is the statement of Miss Willette Whitaker, who is headlining the Duluth Orpheum bill this week.

Miss Whitaker has just returned from a tour of the world, during which she visited Australia and all parts of

MISS WILLETTE WHITAKER.

Great Brfitain. The audiences in England and Australia especially, she said, received her darky folk songs most enthusiastically.

"The ragtime craze has somewhat worn itself out in England," said Miss Whitaker, "for the reason that it was so overdone, but anything in the line of character songs is popular with an English audience. The English audiences love character studies in any form, and especially character songs. The ordinary ragtime song has been sung by countless hundreds of American performers and they are growing this country, but folk melodies of the real Southern darkies they revel in."

Miss Whitaker is a native of St. Louis, and since her early childhood has been in contact with Southern darkies as household servants, thus becoming familiar with their mannerisms.

LICENSE YEAR ENDS SOON

Permits to Conduct Many Kinds of Business Are Expiring.

Dog Catcher Will Again Be Sent After Untagged Canines.

Applications for licenses to conduct various lines of business are beginning to flood the city hall.

The majority of the licenses expire April 30 and most of those affected will have their permits renewed during the coming two or three weeks. Some of them require the approval of the city council and others are issued directly by the city treasurer.

The principal exception is saloon licenses, which are issued during the year as they expire. The revenue derived from this source this year will be $170,000, or less, because of the policy of reducing the number of saloons which is being followed by the council. In former years it was $183,000.

The next in importance is the wheelage tax, which brings a return of $14,000 to $15,000 a year. These licenses are issued directly by the city treasurer. The aggregate received from the other licenses is about $10,000.

Among the licenses expiring April 30 are the dog licenses. A reasonable time will be allowed owners in which to secure proper tags for their canines. The dog-catcher will then resume his job and all strays lacking the proper brass credentials will be hauled to the dog pound. If they are not redeemed within forty-eight hours they will be shot or poisoned.

Other licenses expiring then include those for hacks and drays, employment offices, auctioneers, billiard and pool halls, bowling alleys, expressmen, chauffeurs, second-hand dealers and pawnbrokers.

OVERTHROWS OLD COURT CUSTOM

Judge Windom Gives State the Right to Closing Argument.

Court procedure with regard to misdemeanor cases before a municipal court jury was changed by Judge Windom in a decision made this morning.

In the future the state will have the right to argue last before the jury, instead of first, as has been the procedure since the local municipal court was instituted in 1885. The decision of Judge Windom was made this morning as the result of a motion presented several weeks ago by Harry Faber White, third assistant county attorney. The latter argued before Judge Windom on April 3 and the court decided to change the rule this morning.

The motion by Assistant County Attorney White was made during the trial of the state against Heikkila, who was convicted on a charge of violation of the state game laws. Mr. White contended that the procedure in the local municipal court was different from that in the courts in the Twin Cities and he asked that the state be allowed to present its argument last before the jury.

SENIORS TO WEAR PLAIN BLACK GARB

Cap and Gown Economy Appeals to Parents of Central Students.

Caps and gowns will be the dress worn by the seniors of the Central high school at the graduation exercises this year. This conclusion has just been reached by Principal Leonard Young after sending out letters to the parents of all the seniors, asking their opinion on the matter of graduation garb. The majority rules.

Mr. Young formed his decision after 167 parents had replied with the majority favoring the gowns. The figures stood 141 favoring caps and gowns and 16 opposed. Fifteen of the latter, however, signified their intention of following the majority, but one was entirely opposed to the plan.

The matter of arranging for the caps and gowns will be gone over in detail by Mr. Young later in the week. As Duluth firms are not handling caps and gowns it is probable that Mr. Young will arrange to secure them through out-of-town houses. The rental fee for one night is $1.50 and the purchasing price about $9.

SCHOONER LOST OFF SANDY HOOK.

New York, April 21.—A three-masted schooner which foundered off Sandy Hook yesterday was identified today as the Sullivan Sawin and fears for the safety of her crew of six were dispelled when it was learned that they were rescued by a tug. The Sawin was on her way from Boston to Philadelphia and sprang a leak bumping into a shoal.

ARMED PEACE NOT DESIRABLE KIND

Mrs. J. J. Moe Talks on "Peace and War" to Missionary Societies.

"Peace and War" was the subject of an address given by Mrs. John J. Moe before the members of the Women's Home and Foreign Missionary society of the First Norwegian-Danish M. E. church, Twenty-fourth avenue west and Third street, last night. Mrs. Moe said that in her opinion there was no necessity for war and that peace should be maintained at all costs.

She said that war was necessary only when this country was being attacked by a foreign power and then only after all efforts of arbitration had come to an end. The speaker declared that she did not believe war with Mexico was necessary.

"All disputes of nations should be referred to The Hague peace commission," she said. "Universal disbanding of all armies and navies should be sought and all troubles submitted to arbitration. The peace which requires the gun behind the door is not the kind of peace desirable."

NORWAY'S SONS TO CELEBRATE HERE

Local Festivities Planned for Those Who Cannot Return Home.

While hundreds of Norwegians of the city are preparing to go to Norway to attend the centennial celebration of the country's independence, natives of that country who are unable to go will not lose sight of their fatherland's natal day locally. The Varde club, Sons and Daughters of Norway lodges and other organizations composed of Norwegians are planning extensive celebrations of the day in Duluth.

It is probable that a joint celebration, which will include a big picnic, addresses and music, will be held. Plans are being made to use Lincoln park for the celebration.

The program will probably be ready early in May. Because of the day coming on Sunday, it is probable that arrangements will be made to give a sacred concert during the afternoon and evening. Norwegian songs and music will play the important part in the program.

THIS To the Farmer

If you are a farmer, we wish to impress on you the many advantages as well as the convenience of a bank account.

Right now is a good time to put your business on a systematic basis.

After you have once used the check plan of paying all bills you will realize the risk of the haphazard loose-money-in-the pocket method you are now using.

This bank will be pleased to furnish you with a bank book and checks when you make your first deposit.

Duluth State Bank
1924 West Superior Street.
Open every Saturday evening.

JOINT BANQUET OF W. C. T. U. BRANCHES.

The three W. C. T. U. organizations of the city will hold their joint annual banquet at the First Swedish Baptist church, Twenty-second avenue west and Third street, at 6:30 o'clock tonight. Mrs. Joseph Cochran, president of the district union, will be toastmistress.

The following will be the program:

Invocation ..... Rev. H. A. Ofstie.
Solo ..... Dr. J. G. Annand.
Address of welcome ..... Rev. Swaney Nelson.
Address—"Law Enforcement" ..... W. A. Hicken.
Solo—Selected ..... Harold Larson.
Address—"If This Were a Dry City" ..... Bert N. Wheeler.
Address—"Relation of the W. C. T. U. to the Church" ..... Rev. Robert Yost.
Duet ..... Mrs. J. J. Daniels and Rev. W. R. C. Wermine.
Address — "The Last Element of Temperance Reform" ..... Mrs. Bessie Laythe Scoveli.
Song—"All Around the World"..... Mrs. C. B. Gilbert and Members of the W. C. T. U.

CONFIRMATION CLASS RECEPTION.

The confirmation class of the First Norwegian Danish Methodist church, Twenty-fourth avenue west and Third street, which took its vows last Sunday will entertain at a social and reception in the church parlors Thursday evening. The following program has been arranged:

Prayer ..... Rev. H. A. Ofstie.
Scripture reading ..... Miss Judith Antonson.
Song ..... Girls of the Class.
Address of welcome ..... Paul Stokke.
Vocal solo ..... Miss Stella Howalt.
Recitation ..... Miss Johanna Anderson.
Piano solo ..... Miss Ruth Jergenson.
Recitation ..... Henry Olson.
Vocal solo ..... Miss Florence Hanson.
Class song ..... The Class and Former Graduates.
Refreshments ..... The following are the members of the class:

Misses Della Howalt, Gagne Harron, Judith Antonson, Ruth Jergenson, Florence Hanson, Esther Larson, Olga Anderson, Johanna Anderson and Rubin Matison, Arthur Harron, Fred Granwall, Anthony Gabrielson, Henry Olson, Claud Johnson, Paul Stokkl and Clarence Stokkl.

Swedish Baptist Notes.

The finance committee and trustees of the First Swedish Baptist church, Twenty-second avenue west and Third street, will meet tomorrow evening at the home of Albert Anderson, 327 Vernon street.

Rev. Swaney Nelson will conduct midweek services in the church Thursday evening.

The missionary finance committee of the church will meet in the church Friday afternoon. Missionary finances will be discussed for the coming year. Mrs. Swaney Nelson will be hostess.

Rev. Swaney Nelson will leave Friday morning to attend a mission meeting to be held at Brunswick, Minn. He will be gone about a week.

Revival Services.

"Not Far From the Kingdom" will be the subject of the sermon this evening to be delivered by Rev. Gust P. Johnson of Minneapolis at the Swedish Mission church, Twenty-first avenue west and Second street. Last evening the evangelist spoke on "A Christian's Responsibility to the World." The meetings so far have been attended by crowds that have filled the church.

West End Briefs.

Duluth homestead, No. 3131 Brotherhood of American Yeomen, entertained at a dancing party last evening at the Woodmen hall. Mrs. A. Bordeleau, was at the head of the committee in charge.

The Men's Welfare Club of the Swedish Mission church will hold a business meeting in the church tomorrow evening.

Mrs. Newton Randall of Milwaukee, who has been a guest at the home of Mrs. Fred W. Coon, 2112 West Second street, left this morning for a short visit in the Twin Cities.

The Epworth League of the First Norwegian Danish M. E. church will entertain Friday evening at a social in the church parlors. A musical program is being arranged.

Mrs. Milton Fish, 502 North Twenty-fifth avenue west, returned yesterday from Winona, where she attended the Baptist Sunday school convention.

Mrs. F. W. Coon, 2113 West Second street, entertained this afternoon for members of the West End Five Hundred club.

To Grow Hair on A Bald Head

BY A SPECIALIST.

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavona de Composee, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. —Advertisement.

OLD OIL LAND ORDER TEST CASE UP AGAIN.

Washington, April 21.—The supreme court has restored to the docket for reargument before the entire court May 4, the case testing the validity of President Taft's order in 1909, withdrawing Wyoming and California public oil lands from entry.

Smallpox at St. Cloud.

St. Cloud, Minn., April 21.—There are a dozen or more cases of smallpox in this city, only two of which are considered severe. Fearing possible quarantine here, a young woman said to be suffering with smallpox went to Clear Lake, her home, for treatment. The local health authorities traced her to that place and notified the physician to be vigilant and place the girl under immediate quarantine.

SINGERS WILL SAIL JUNE 4

Normanna Chorus Has Itinerary for Trip to Norway Arranged.

Will Give Concerts at Many American and Norwegian Cities.

Most of the members of the Normanna Male chorus, together with Jens Flaaten, the director, are expected to leave on their trip to Norway, June 4. This trip is being arranged through a committee representing the Norwegian American Singers' Association of America. All the members of Normanna will go to Chicago, where 1,000 of the Western singers will congregate and hold a three-day festival. Each chorus will carry the banner of its respective city.

Duluth Chorus a Leader.

Never in its history has Normanna shown such activity as at present and it is now considered one of the foremost in this country.

A big "Seventeenth of May" ball is to be held Saturday evening, May 16, at the Auditorium. The proceeds will go toward financing the trip to Norway. Many business men of the city have promised to help.

Sangerfests in the past have been held in such places as Omaha, Sioux Falls, Duluth, St. Paul, Grand Forks, La Crosse, Minneapolis, Fargo and Chicago. The Normanna chorus has attended all of them in a body and carried the Third Regiment band to Sioux Falls and St. Paul. In the past they have confined themselves to Norwegian songs only, but in the last few years they have gathered a selection of the best American songs.

The date of the farewell concert has not been arranged, but will be announced shortly. Some of the best talent in the city has promised to assist, according to George Thrana, president of the society.

Itinerary Is Arranged.

"Kyrie at Sen" and "Drink to Me Only With Thine Eyes" will be sung by the Normanna in Chicago as an individual chorus, with Mrs. Donna Riblette Flaaten as soloist. This affair in Chicago will last three days with one concert each day, winding up with a picnic at some park. The assembled choruses will go from Chicago to Washington, D. C., where they are expected to sing at the capital. At Brooklyn they will meet the Eastern singers. Three days of singing has been arranged for in Brooklyn. June 12 they will sail on the steamer Christiania Fjord for Bergen, Norway, where they will stay two days and hold two concerts. They will go to Stavanger, where one concert will be given. The next stop is at Christiania, where they will meet all the singers of Norway, and 2,800 voices will sing in three joint concerts at the New Music temple, which has just been erected for the occasion. This temple has a seating capacity of 5,000. The Sangerfest will take a recess, July 3 and 4, so that the Americans can celebrate the Fourth.

From Christiania they will go to Sarpsborg to take part in the festival arranged by 800 singers in that community and then return to Christiania and leave July 6 for Hammar, where one concert will be held. July 7 they will go to Trondhjem, where they will close the big celebration with three days of concerts, one of which will be an open-air concert.

The Duluth chorus is planning to take a trip from Trondhjem to Levanger, Stenajerand Namsos, before disbanding and going to their respective homes and friends.

AVOID SPRING ILLS

Purify and Build Up the Blood With Hood's Sarsaparilla.

In the spring your blood needs cleansing and enriching, largely because your diet has been chiefly heavy and your life mostly indoors during the winter. You feel poorly, and there is more or less eruption on your face and body. Your appetite is not good, your sleep is broken, and you are tired all the time.

You need Hood's Sarsaparilla. It is the one safe and effective tonic that has stood the test of forty years. It makes the pure red blood that will make you feel better, look better, eat and sleep better. It is the old standard tried and true all-the-year-round medicine for the blood and the whole system, and any druggist will supply you.

Be sure to get Hood's Sarsaparilla. Nothing else acts like it, for nothing else has the same formula or ingredients. Get it today.

AT THE SPALDING
MOST DELIGHTFUL AND LUXURIOUS RESTAURANT IN DULUTH.

BLOOD POISON

Pimples, spots on the skin, sores in the mouth, ulcers, falling hair, bone pains, catarrh, etc., are symptoms. Delays are dangerous. Send at once to Dr. Brown, 135 Arch St., Philadelphia, for BROWN'S BLOOD TREATMENT. Convincing proof in a $2.00 bottle—lasts a month.

Sold in Duluth by Max Wirth, 13 West Superior street, and by all druggists.

OUR FUNNY LANGUAGE.

Popular Magazine: John Mason is an actor. The dramatic critics say so. So does he. That makes it unanimous. Moreover, he's a professor when it comes to explaining the intricacies and difficulties of the English language.

The night that he and Martha Hedman, the beautiful Swedish actress, who was then giving her first performance in England, opened in "The Attack," Miss Hedman asked Mason how she had gotten away with her English pronunciation.

"Fine," said Mason. "There were two or three instances of quaint accent which added to the charm of your work. But there was one word which you pronounced in such a way that it got on my nerves. Instead of pronouncing 'resign,' meaning to 'give up in despair,' as if the second syllable began with a slow, slimy and crawling z, thus, 're-zine,' you persisted in pronouncing it as if the second syllable began with the sharp, crackling and sizzling s—which it does, but only in the spelling book, not on the tongue.

"'Let me illustrate, my dear Miss Hedman. If you get sick of looking at me every night in the play, you will 're-zine' at the end of the season. On the other hand, if we get along all right together, you will probably 're-sign' with Charles Frohman as my leading woman for next season."

OBLIGING HER.

Pennsylvania Punch Bowl: The sweet young thing was being shown through the Baldwin Locomotive works.

"What is that thing?" she asked, pointing with her dainty parasol.

"That," answered the guide, "is an engine boiler."

She was an up-to-date young lady and at once became interested. "And why do they boil engines?" she inquired again.

"To make the engine tender," politely replied the resourceful guide.

No More Troublesome Superfluous Hairs

(The Modern Beauty)

Nothing is quite so annoying to a woman as ugly fuzzy growths on the face, and while the electric needle bring relief, it is no more effective than a simple paste made with powdered delatone and water. This paste is spread on the objectionable hairs for 2 or 3 minutes, then rubbed off. After this treatment the skin should be washed to free it from the remaining delatone and it will be soft, clear and hairless. Be sure, however, that you get the real delatone.

The Experience of Others with Peruna

Is a Safe Guide to Follow.

Peruna has been the household remedy of a multitude of people for the last fifty years. The *testimony* of those who have used Peruna proves it to be

An Excellent Remedy

For Ordinary Coughs;
For Catarrhal Colds and Grip;
For Prevention of Colds.

A Tonic-Laxative

For The Convalescent;
For That Irregular Appetite;
For Weakened Digestion.

"Seeing is Believing." Peruna testimonials present the best story to convince those who are in doubt.

The continued use of testimonials, old and new, is the kind of proof that no fair mind can resist.

Are you interested in your health? Well, then, you owe it to yourself to send for our latest publication, "The Ills of Life," and how they have been overcome in the home.

THE PERUNA CO.,
Columbus, . . Ohio.

THOSE WHO OBJECT TO LIQUID MEDICINES WILL FIND PERUNA TABLETS A DESIRABLE REMEDY FOR CATARRHAL CONDITIONS.

"Trying to Get Him to Save"

THERE is a volume of sentiment back of those six simple words, if one but stop to consider. The mother, who can picture the future of her boy, is "trying to get him to save." We open accounts almost daily for the boy of today who will be the man of tomorrow. A wife starts an account for her husband. She is "trying to get him to save." She has a vision of the coming years when the accumulation of the earning days will mean rest, contentment, happiness. Perhaps it is a vision of a little farm or a snug home. Saving will make it real. We are trying to get YOU to save, because we see the actual results of saving in the lives of others.

AMERICAN EXCHANGE NATIONAL BANK

GRANDMA SAYS:

"Get me a tube of GOOS-OLENE for this pain in my chest. It is pretty near like what I used to use when I was a girl on the farm, only **it is better now** because the Doctors nowadays know more about Chest and Throat troubles than in our young days."

GRANDMOTHER'S REMEDY
GOOS-OLENE

Grandma was right. GOOS-OLENE is an ointment composed of **old-fashioned home remedies** such as Goose oil, Amber oil, Mustard, Turpentine, Eucalyptus and Camphor, combined with other potent modern discoveries in drugs, which makes it the sovereign remedy for all throat, chest and lung troubles, as well as for Rheumatism, Sciatica, Lumbago, Sprains, Bruises and every kind of ache and pain. You simply rub it on the part affected and the **result is almost magical.** WILL NOT BLISTER.

Also put up in a milder form for the ailments of BABIES and YOUNG CHILDREN, and called GOOS-OLENE NO. 2. Invaluable for CROUP, WHOOPING COUGH and all infantile congestions. At all Druggists, 25 and 50 cents, or mailed on receipt of price by the GOOS-OLENE COMPANY, Superior, Wis. TAKE NO SUBSTITUTE.

D.D.D. **Prescription** — for 15 years the standard skin remedy — a liquid used externally — *instant* relief from itch.

Soap the mildest of cleansers — keeps tender and delicate skins always clean and healthy

BETTER CALL FOR MONEY

Northwest From Duluth to Spokane in Prosperous Condition.

Savings Deposits Well Maintained—New Capital Invested Here.

With the opening of navigation now only a few days off the call for money is showing some improvement, according to Duluth financial men.

"Reports we are receiving from over the Northwest afford every ground for encouragement," said a local bank official. "The whole country from here to Spokane, with which Duluth commercial interests do business, appears to be prosperous. The banks in all the towns have money and the merchants are in good shape on the average. Considerable new capital is coming into Northern Minnesota, both through the influx of settlers and for mineral development and that will probably count more heavily from now on. The conditions under which seeding is proceeding could not be well improved upon, and what is more it is estimated that the largest acreage in twenty years was plowed last fall and is ready for seeding.

"The various mining interests operating on the ranges have been disbursing a good deal of money of late in initial operations for the season at the mines. The money for that is practically all arranged for in the East, but we can see evidences of that branch of activity in various directions."

Savings.

Savings bank deposits here are reported by bankers to be well maintained for the season, which is taken as an indication that labor is well employed in industrial pursuits.

A better tone is noted in the money market at the Eastern centers. Discount rates are firmer at New York and there is said to be a larger supply of miscellaneous paper being offered for discount. There has been excellent buying of high-grade bonds in the East and the demand is said to be broader than a month ago. One of the largest bond distributing organizations in the United States has reported the greatest volume of business in the quarter just ended in its history.

The First National bank of New York in its last letter says: "There is an appreciable improvement in the textile field, notably in worsteds, woolens and coarse cottons. The wool trade is undoubtedly a bright spot. Contracting for wool on the sheep's back in the West has been active and extensive, much larger than a year ago. The highest prices of the season are prevailing. Domestic and foreign wools are both strong in price, inquiry is persistent and shipments are heavy. There is some shearing under way and some new clip wool already headed to market.

"The woolen and worsted mills are about in the middle of the fall run. They are well stocked with orders, enough to carry them through and insure operation at about 80 per cent of capacity. Business is considerably better than a year ago, partly because of the cleaned-up and sold-out conditions which have been existent. This season's business appears to be secure, although the margin of profit is unduly low. Raw wool, like hides, is on a strictly demand and supply basis. The supply is unequal to demand and the disparity seems likely to increase. Raw wool is still low priced as compared with other years despite the recent advance."

Arrested on Old Charge.

Mott, N. D., April 21.—(Special to The Herald.)—Charged with a two-year-old forgery of a $60 check, which was passed on a restaurant keeper in Fillmore county, M. J. Lintch was taken back to Minnesota. He located on a homestead near here and had married and was doing well when arrested. His location had not been discovered by the Minnesota officials until recently.

CALL FIRST MEETING OF FESTIVAL COMMITTEE

Representatives of Twenty-Nine Societies Will Assemble May 4.

City Names Strong Committee—Prize Offered for Best Name.

Tentative plans for the midsummer festival and pageant proposed for Duluth for 1915 will be discussed, and the general committee organized at a meeting May 4, when the representatives of all organizations which have so far pledged their support to the big affair, will assemble for the first time.

The call for the meeting is now being sent out by a committee from the Duluth Retail Merchants' association, an organization which has taken the initiative in stirring up enthusiasm for the event. The meeting will be held at the Commercial club.

It is expected that between 100 and 150 delegates from various organizations of the city which have indorsed the idea will be present. Most of the clubs and societies which have put their shoulder to the wheel will be represented by three delegates.

City's Committee.

The festival received a magnificent forward boost through the appointment by the council yesterday afternoon of a committee of ten of Duluth's leading citizens to act as a general city committee to represent the municipality.

The personnel of the general city committee is such as to remove the last vestige of doubt as to the success of the gigantic undertaking which has been so enthusiastically indorsed from one end of the city to the other. They are men who have been in the van of all forward movements to advance the interests and welfare of Duluth, and none are better fitted by ability or experience to act as the guiding spirit of the mammoth enterprise now assuming definite shape.

The members of the committee named by Mayor Prince and approved by the council are: Julius H. Barnes, Judge Bert Fesler, G. G. Hartley, C. A. Luster, R. B. Whiteside, R. A. Horr, W. A. McGonagle, David Williams, C. A. Congdon and Henry Bridgeman.

Twenty-nine in Line.

At the annual meeting of the Retail Merchants' association last evening, A. K. Squier, chairman of the association's committee on the festival, submitted an interesting report of the pragress already shown. Mr. Squier stated that twenty-nine organizations had affiliated with the festival proposition and that each would be represented at the meeting called for May 4, when a permanent organization would be effected.

Mr. Squier also announced that the American Exchange National bank had offered a prize of $10 for the most suitable name for the 1915 pageant. He will be in charge of the competition and all suggestions, he stated, should be sent to him at the Columbia Clothing company, before May 1. The result of the competition will be announced May 10.

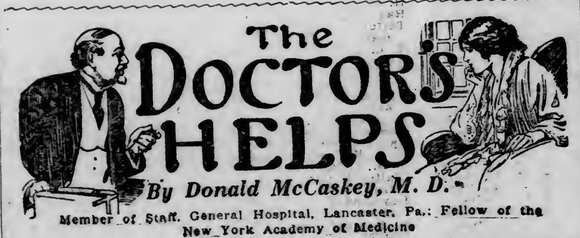

The following rules must be observed in the contest: The suggested name for the festival must be written on the outside of an envelope, inclosed in which must be the name of the person suggesting the same. The envelope must be sealed and inclosed in another envelope and mailed to Mr. Squier. The names may be such as "Duluth Midsummer Pagcant," "Pete of the Voyageurs," etc. They should suggest the historical significance of the event as far as possible.

Mr. Squier stated today that among the latest organizations to announce their intentions to support the festival plan were the Swedish-American National league and the Duluth Jobbers' Credit Bureau. The former organization has named as its committee O. W. Olson, August Melander and C. E. Johnson. The jobbers' credit bureau has also indorsed the movement and will be represented at the meeting May 4 by George H. Wright.

Merchants' Election.

At the annual business meeting of the Duluth Retail Merchants' association last evening at the Holland hotel, John J. Moe was re-elected president for the ensuing year. A. K. Squier was named as vice president and George M. Peterson was again selected as secretary treasurer. The following board of directors was named: George A. Grey, A. B. Siewert, A. B. Anderson, W. N. Hart and T. A. Reynolds. The board of directors will meet today at the Commercial club to select standing committees for the year.

The annual meeting of the merchants was well attended and the reports of the officers showed that considerable progress had been made during the last twelve months. The association's committee on the summer festival for 1915, which has been largely responsible in bringing about the organization of the permanent working staff, consists of A. K. Squier, A. C. Pearson and W. B. Brinkman.

DON'T GIVE UP TRYING FOR HEALTH; ONLY THE QUITTERS ARE OVERCOME.

There is a good deal of similarity in the so-called hopeless cases of alcoholism and of the man or woman afflicted with tuberculosis. The basis for this similarity lies in the fact that the individual is either a quitter or he is not. There is little to be said in favor of the man or woman who gives up, and it has been truthfully and graphically stated by somebody with a keen and accurate judgment that "tuberculosis takes away mainly the 'quitters.'" Most everybody has read the book, "Treasure Island," by Robert Louis Stevenson, one of the masterpieces of modern literature. Yet few know that this writer suffered from tuberculosis.

He had the nerve and the bravery and the courage. In spite of everything apparently being against him, he insisted that he WOULD LIVE in spite of fate and disease.

Mr. Stevenson went ahead bravely doing his daily work, and he used as his motto the three words, "I WILL LIVE."

It is just here that the parallelism between tuberculosis and the alcohol habitue or other invalid stands out conspicuously, for it is only the "quitter" that becomes a down-and-out. This subject of despondency has been discussed for many, many years, and standing out head and shoulders above everything else in the discussion is just one thing, and that is "CONFIDENCE."

Without confidence no man or woman can win out. There develops a certain kind of grit and nerve that clearly distinguishes the Robert Louis Stevenson type of invalidism from the down-and-out "quitter." There is a lot indeed to be said on this question of breaking away from the despondent habit, but the simplest and best remedy that anybody can use to win out that I know of is to HAVE CONFIDENCE. A friend sent me a little poem the other day called "My Little Job." The spirit expressed is of the right type, and I shall pass it on to you:

"It isn't as big as the other 'chap's'
With the flaming sign,
It isn't as marked as your own perhaps,
But it's mine.
Just my own little JOB to hold down tight,
Freeze to and stand to,
With man's strength and might.

"It doesn't lead down to the golden way,
Sun kissed and alight,
It isn't all laughter and cloudless days,
But it's mine all right;
MY OWN LITTLE JOB that I have to do,
Earnestly, faithfully, fearlessly, too."

This subject of invalidism and despondency is such a big one, and, with many people, such an apparently hopeless one, that I just wanted to emphasize the difference between the "quitter" and the confident, determined sufferer, who, like Robert Louis Stevenson, with his tuberculosis, had the nerve and the courage to insist that "I WILL LIVE."

HAVE YOUR PSORIASIS TREATED BY THE MODERN DESICCATION ELECTRICAL TREATMENT.

A gentleman writes:

"For two years I have had chronic psoriasis. I have tried several prescriptions without results, and also some of those 'cure-all' patent medicines. I am 25 years old and have never drunk or smoked or had any immoral disease, and I would like to know if there is any treatment you know of for psoriasis which will cure this trouble."

Oftentimes the skilled use of the X-ray will cure psoriasis, but the best thing I know of has been in the skilled use of the desiccation electrical treatment. This treatment dries up the old tissue that is only about half alive, and so stimulates the underlying flesh cells that there is a vigorous, healthy growth set up, which soon causes the old, chronic psoriasis area to utterly disappear. Consult the secretary of your local medical society as to the proper X-ray doctor skilled in the desiccation treatment. Special experience is required.

SHE SLEEPS WITH HER HEAD COVERED MOST OF THE TIME.

A long letter from a lady in Erie goes into great detail about headache and how her food does not taste good to her. "I am getting greatly discouraged," she says, and down at the end of her letter she says: "I sleep good, but sleep with my head covered most of the time."

Don't you think if you would give your blood the full chance to invigorate your system by breathing only the purest of air your symptoms would rapidly disappear? Read the previous Doctor's Helps article urging the importance of sleeping at night with one's head right up close to the open window.

WHAT YOU CAN DO FOR DIZZY SPELLS.

"S. J. B." writes:

"I am troubled with dizzy spells and have been so for two years. They come suddenly, and I stagger and become sick at the stomach. When I lie on my right side all symptoms disappear. As soon as I get up, however, the dizziness reappears at once. These spells last for two or three days, and during the attacks I have no appetite. I work in an office and am rather nervous at times, sleep poorly and my bowels never move without a laxative; likewise, I have some indigestion trouble."

There may be something the matter with your ears. Go to an aurist and have them examined. Very often periodic periods of dizziness are likewise due to some accumulation of poison within the system as the result of certain food which you eat at special times. From the character of your letter I would certainly counsel you to have your urine examined and likewise to swing in on a complete change of diet. Live, for example, for the next two months on exclusively a fruit, a wheat and a vegetable diet. This will give your system a chance to throw off any excessive accumulation of waste poisons which are irritating the nerve center in your brain that controls your equilibrium. By all means keep your skin pores well open by a bath at least twice a week and a good hot foot bath once every evening just before retiring. Sleep cozily bundled up, but with your head right up against the open window, so that you inhale all night practically the pure, raw, cold, outside air. If two months' treatment along these simple lines does not bring the result, there certainly exists some deeper-seated cause of an organic character, which must be ferreted out and treated.

TO MEET AT FARGO.

North Dakota Academy of Science to Convene April 25.

Grand Forks, N. D., April 21.—(Special to The Herald.)—A. G. Leonard of this city, president of the North Dakota Academy of Science, has completed the program for the annual meeting of the organization, to be held in Fargo April 25.

Among speakers will be Prof. E. F. Chandler of Grand Forks, R. E. Donceghue, O. E. Stevens, M. L. Dolt, G. A. Abbott, A. Hoyt Taylor, Lynn B. Mullen, R. T. Young, Howard E. Simpson, C. B. Waldron and several others.

RAILWAY EMPLOYES OUST THE PLUMBERS.

Kansas City, Mo., April 21.—Delegates to the railway employes department of the American Federation of Labor late yesterday voted to unseat the United Association of Plumbers and Steamfitters.

Advocates of the plan to unseat the plumbers and steamfitters held it would be a step toward a more cohesive and centralized organization of the railroad crafts. They said the plumbers and steamfitters should be absorbed by other departments of the Federation. When the question was put to a vote, after an all-day debate, the convention was found equally divided and President A. C. Wharton of St. Louis cast the deciding vote against the plumbers and steamfitters.

In speaking for the ouster, Thomas Vanlear of Minneapolis declared the united association had claimed under their jurisdiction work that had been machinists' work for fifty years.

CONSTIPATED, BILIOUS, HEADACHY? CASCARETS TONIGHT! DIME A BOX

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets.

They end the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach. They cleanse your Liver and Bowels of all the sour bile, foul gases and constipated matter which is producing the misery. A Cascaret tonight will straighten you out by morning—a 10-cent box keeps your head clear, stomach sweet, liver and bowels regular, and you feel cheerful and bully for months.

CASCARETS WORK WHILE YOU SLEEP.

ITALIAN RAILWAY STRIKE ABANDONED

Rome, April 21.—The threatened general strike, for which the government had taken extensive measures of precaution, has been abandoned.

ILLINOIS BUYS HISTORIC FORT.

Ottawa, Ill., April 21.—Fort Chartres, in Randolph county, built by the French in 1721, the oldest structure in Illinois and probably in the Upper Mississippi valley, has been purchased by the Illinois park commission.

FORMER MARSHAL TO PRISON AGAIN.

Des Moines, Iowa, April 21.—William ("Bill") Richards, formerly United States deputy marshal, was sentenced to an indeterminate term of not exceeding two years in the penitentiary at Fort Madison on a charge of carrying concealed weapons. Richards, on parole, had thirteen years of a twenty-year term to serve.

"Let the GOLD DUST TWINS do your work"

Woman's Realm

Last evening under the auspices of the Duluth Suffrage club Dr. Raymond Phelan, of the University of Minnesota, spoke on "Scientific Management," showing the high percentage of efficiency that may be obtained if man will give attention to deails and study the conditions that favor large production.

"In comparison with what Nature can do and what man could do under favorable circumstances, man is a most inefficient animal," Dr. Phelan said. As an example of the wastefulness or inefficiency of man the lecturer cited the case of coal mining and the convertion of coal into electricity. "We leave in the ground about three-fourths of the coal we might get out," he said. "Ten per cent of this small amount is converted into electricity and of this amount 5 per cent is converted into light."

Dr. Phelan gave many statistics to prove that efficiency is increased under proper conditions but his figures were illustrated with concrete examples and were dealt with so interestingly that there was none of the dryness usually associated with statistics.

Efficiency of War.

With the thought of war uppermost in the minds of many, examples from recent wars served as striking examples for Dr. Phelan to employ. "Efficiency may be increased not only in material things but in the domain of human capacity as well," said the speaker. "For instance, von Moltke added staff organization to the Prussian army. He established a medical staff, a road staff and a provision staff. As a result of this highly organized condition it took the Prussian army eighteen days to mobilize at the declaration of the Franco-Prussian war the French army twenty-one. The three days gained by Prussia gave the Prussians the chance to take the seat of war into France, and put France under the disadvantage of supporting both her own army and that of the enemy to a certain extent."

Coming down to later times, Dr. Phelan spoke of the efficiency obtained from the Japanese army during the Russo-Japanese war. Japan realized there were three Russians to one Jap. Her efforts was to make each Jap as efficient as three of the enemy. To accomplish this end it was necessary to see to it that Japs were killed only by well directed shots from the Russians. The health department was put under efficient supervision, bacteriologists were sent ahead to test the water, and the food supply was guarded carefully.

In the Spanish-American war many Americans died because of inefficiency, bad water, bad food, and other avoidable evils, he said.

Modern business men have got away from old slip-shod methods and make a science of their business, said the speaker, and gave as an example the system in force at the Henry Ford factory that has attracted widespread attention recently through its introduction of a generous profit-sharing plan. At the Ford factory, the lecturer explained, when a man fails at one kind of work he is put at another. If he fails again he is tried at still another branch. This may go on until he has been given a trial in four or five departments. Dr. Phelan characterized this method as humane and economical, humane, because it gives the workman a chance to make good, and economical, because a man who is often a failure at one kind of work is valuable to the firm in another branch and would have been lost by that firm if he had been discharged after his first failure.

"Surroundings may either detract from or add to efficiency," he said. "A cigar factory is a very quiet place. It has been found that the output is increased by having the workers read to or entertained by music. Dr. Hugo Munsterberg found that when a cat was allowed to stay in a room with cigar makers their efficiency was increased, because there was something to relieve the monotony.

"A girl who worked in an aisle where she was constanly annoyed by the noise made by a truck had her efficiency increased 25 per cent after she was given a quiet place in which to work.

"At the Bethlehem steel works a plan was worked out to establish a system of movements for the workers. By the proper bending, lifting and carrying of burdens, a man worked 43 per cent of his time at the factory and rested 57 per cent. This does not mean that he was off duty more than half the time of the working day, but that every motion counted and that between the times he was using his energy he was storing it up by periods of rest. This system increased the amount of material handled a day by each man from 12½ tons to 47½ tons and increased the wages 60 per cent.

"Some persons are energetic in the morning, others are not in a good working condition until afternoon or night. When it is necessary to have two shifts this difference should be taken into consideration."

Dr. Phelan gave another example of the scientific management at the Bethlehem steel works. It was decided that instead of one kind of shovel for all kinds of work there should be ten. Shovels with a capacity of twenty-one pounds were introduced. The result was that the force of shovelers was cut from 500 to 140, the cost of production went down one-third and the wages went up two-thirds.

Treatment of Employes.

In regard to the treatment of employes in business places, Dr. Phelan advocated taking all persons into the plan of the work. This gives interest in the work, he said. There should be a personal touch between workmen and foremen and out side the humane consideration the foreman of head of a business should try to make his workers happy for the economic reason that happiness makes a man or a woman work better.

In connection with this fact, Dr. Phelan said it was the woman at home who had a large share in the happiness or unhappiness of the workers. The right kind of woman will have the conditions as favorable as she can, will prevent illness as far as possible and in other ways will promote efficiency among the workers over whom she watches. This "super woman," as the lecturer characterized her, is the modern woman who has a broad view of life, and of course every member of the Suffrage club and those who were not members knew Dr. Phelan meant these "super women" are those who would improve conditions by the proper and intelligent use of the ballot.

After the lecture Dr. Phelan invited those present to ask questions. In reply to the question "What becomes of the workmen who are thrown out of employment when efficiency is increased to such a extent that the number is cut down?" Dr. Phelan said that this is a problem that can not be adjusted immediately but that the demand being greater than the supply there is work for all if a way can only be found for getting these men started into an industry.

Speaking of the failure to get persons to stay on farms he said Europeans are used to agricultural villages and demand sociability. This difficulty he said, would be overcome by establishing farm villages, as in Belgium and the Balkan states, in order that workers in the field would have the companionship they crave.

WORKING GIRLS' CONFERENCE

Employes of Duluth Stores and Factories Report Few Violations of Labor Laws in Duluth—Workers' Problems Discussed.

Few violations of the law governing labor conditions among women and children in this state may be charged against Duluth employers, if expressions received from working girls who attended a meeting for wage earning women at Memorial hall, courthouse, last evening, are to be taken as a true indication.

The meeting, which was attended by 150 working girls, was arranged for by Miss Victoria Ericson, factory inspector for the Duluth district, and Miss Agnes Peterson, superintendent of the women's and children's bureau of the state department of labor.

During the course of the meeting, the women wage earners were asked for expressions as to whether they were satisfied with their present conditions and as to whether the labor laws were being strictly observed by their employers. According to Miss Ericson, only a few reported violations of one kind or another. Their complaints will be given immediate attention.

In general, the working girls seemed to be satisfied that their employers were observing the letter as well as the spirit of the law governing their working hours and other conditions. According to Miss Ericson, most of the young women were eager to see legislation calling for an eight-hour day and a minimum wage scale.

"The idea of the meeting," said Miss Ericson this morning, "was to get into closer touch with the working girl and her conditions and I think that we accomplished much. It is probable that another series of meetings will be arranged for the girls next fall."

Miss Peterson addressed the girls on the subject of working hours and sanitary conditions and asked the girls to give their ideas on employment conditions in general. Asked as to whether they preferred the stipulated wage scale or piece work, most of those who expressed an opinon seemed inclined to favor the latter particularly for the experienced worker. They were also asked as to dull season

MISS VICTORIA ERICSON.

problems. This subject was discussed at some length.

Miss Ericson explained the law relating to working hours, stating that the law provided that no mercantile establishment would be permitted to work more than ten hours a day or eighty-eight hours a week. The only day excepted is Saturday, when eleven hours are allowed. In restaurants the same rule applies, but in factories, laundries, bakeries, tailor shops, dressmaking establishments and in telegraph and telephone establishments, the maximum is nine hours a day or fifty-four hours a week, she explained.

said there should be wards where those of moderate means could receive treatment at a nominal cost. Many physicians and surgeons gave a great deal of their time to patients from whom they expect no pay. A centrally located hospital would make it possible for each of these physicians to give several hours a week of his valuable time without any great inconvenience. Mrs. Barrows said many think the aged poor have been brought to want through intemperance, whereas many of them have been reduced to pauperism through the spending of their scant resources on account of illness and accident. The speaker said health is an economic asset, and the institution that puts a sick person on his feet promptly is an economic asset.

Mrs. Barrows said the work done by the Bethel, the Children's home, visiting nurses and the Masonic order should be supplemented by the work that would be done by a city and county hospital that would take care of mothers, babies and sick children.

Under the present plan a person who is even temporarily insane must go before a probate judge, be declared insane and sent to Fergus Falls. A detention hospital would do away with this harsh treatment.

Other features of the proposed hospital that were advocated were a contagious ward and a ward for those recovering from minor operations.

Mrs. R. P. Boyington urged the members of the Housewives' league to can their own fruits and vegetables. She said 50 per cent of the grocery bill and 25 per cent of the meat bill can be saved if the housekeepers put up their own supplies.

Mrs. S. R. Holden spoke of the work of the Drama league. She gave a history of the league from the time of its foundation in 1910. Mrs. Holden invited the members of the Housewives league to attend the dramatic conference, being held at the Lyceum this afternoon.

The members of the Housewives' league have heard nothing regarding the conference about using the entire Armory for a market. It was decided that Mrs. O'Donnell and Mrs. Spring go to the committee with the recommendation from the league that the entire building be used and to ask the decision of the committee.

HOUSEWIVES' LEAGUE.

Need of a City and County Hospital Is Shown.

At the meeting of the Housewives' league yesterday afternoon Mrs. F. L. Barrows spoke of the need of a city and county hospital.

There are only 300 beds in the three hospitals here, Mrs. Barrows said, and no record is kept of the number of persons turned away from them because of lack of room. Mrs. Barrows

SPRING ASSEMBLY.

Brilliant Dance Held at the Kitchi Gammi Club.

The two ball rooms of the Kitchi Gammi club were filled with dancers last evening when the Assembly gave its spring dancing party.

La Brosse's orchestra was divided into two parts, one for each room, as the large number made it necessary. The dancers could not all be accommodated in one room.

Among those present were:

Messrs. and Mesdames—
Walter G. Amundson, F. A. Amundson, William P. Abbott, J. A. Sinclair, J. E. MacGregor, H. J. Mullin, G. Herbert Jones, Chauncey E. Hazen, Ray Helm, Walter Carr, R. A. Horr, Heber L. Hartley, Elmer N. Whyte, L. B. Arnold,
B. Murray Peyton, John Peyton, H. W. Zimmerman, George C. Stone, J. E. Gardner, Jr. J. F. Parker, C. E. Prudden, P. H. Ginder, H. F. Williamson, C. H. Steele, H. R. Burgo, W. T. Mishler, Tom Miller, T. P. McCarthy, George Joerns.

Misses—
Frances Swift, Irma Hartley, Helen Congdon, Marjorie Congdon, Kathryn Hubbell, Mary Jeffrey, Marjorie Shipherd, Dorothy Dowse, Rhea McManus, Wood of Two Harbors, Dorothy House, Marie d'Autremont, Berta Schmied, Margaret Florada, Barbara Rupley, Irene Walker,
Gwathmey, Jean Marshall, Boyer, Vivian Turrish, Marie Luther, Dorothy Davis, Ethel Farmer, Edna Cargill, Carolyn Swift, Edna Park, Katherine Van Vleck of Superior, Jane Van Vleck of Superior, Frances Loney of Superior, Lucy Nightingale Marjorie Harrison, Lois Fee.

Mesdames—
Hugo, Kramer,
Edith Lawson.

Messrs.—
G. G. Barnum, Jr. J. A. McLennan, Walker Jamar, Philip L. Ray, P. F. Otis, W. E. Kennedy, Fritz Friederici, O. K. Brown, A. L. Goodman, William Crawford, Fred E. Wolvin, F. E. Brooks, William P. Harrison, Mrs. N. H. Gillespie, A. W. Hepworth, G. P. Van Buren, E. G. Gridley, M. A. Nicholson, J. H. Andres, H. H. Van Vleck of Superior, Carlisle Heimbach, L. S. Gordon, J. S. Sneve, T. F. Field, W. P. Heimbach, Jr., C. H. Bradley, Jr. C. H. Kelley, W. D. White,
Leo L. Schmied, H. C. Duakey, Ray Higgins, Telford C. Hartman, T. C. McNary, Henry Becker, C. W. d'Autremont, Arthur D. Traphagen, R. M. Smith, Kenneth S. Cant, Ralph Pfaneo, R. S. Walker, A. G. Thomson, Walter McCarthy, Raymond F. Hunt, B. Rosenkrantz, Harvey Clapp, Edward H. Windom, W. R. McCarthy, Maurice d'Autremont, D. H. Lewis, W. S. Telford, Charles McLennan, John Boshart.

Among the beautiful gowns worn last evening were: Mrs. Heber Hartley, tango shade over white; Mrs. Hugh Burgo, lavender taffeta and shadow lace; Mrs. Harry Zinsmaster, white satin and chiffon; Mrs. Luther Arnold, her gown with pearl ornaments; Miss Marjorie Shepherd, white satin with turquois blue tunic trimmed with fur; Mrs. Tom Miller, black taffeta with bodice of white and silver chiffon; Mrs. H. J. Mullin, yellow taffeta; Miss Dorothy Davis, gown of American beauty shade; Mrs. Walter Amundson, white satin and chiffon; Mrs. Chauncey Hazen, pink veiled in blue; Mrs. George Joerns, white satin with bodice veiled in silver lace; Miss Jane Van Vleck, pink chiffon, lace and chiffon; Miss Lois Fee, pink taffeta made with paniers; Mrs. P. H. Ginder, white lace; Mrs. J. F. Parker, yellow satin with deep green velvet girdle; Miss Vivian Turrish, frock made with lace frills and flowered panniers; Miss Gwathmey, white satin with gold paniers; Miss Jean Marshall, gold brocaded silk; Miss Frances Swift, white satin and chiffon; Miss Margaret Fiorada, figured chiffon over white satin; Miss May Jeffrey, turquois blue; Miss Dorothy Dowse, white satin and American beauty shade.

Birthday Surprise.

Mrs. H. Allen of 731 West Third street was surprised Saturday, the occasion being her birthday. Cards were played. Mrs. O. T. Morris and Mrs. R. D. McKercher were the hostesses. The guests were:

Mesdames—
Goldsmith, Will Hancock, R. Hancock, Curry, Eagles, McDonald, Streeter,
Waklin, McCurtey, Waist, Patterson, T. Hancock, Grettum, Hessy.

Misses—
Waklin, Murray,
Martin, Joy Gibbs.

Master Ensign McKercher.

Suffrage Plans.

At the meeting of the Duluth Suffrage society last evening the president, Dr. Mary McCoy, announced the Duluth organization would celebrate the national suffrage day, Friday, May 1. The Superior organization will celebrate Saturday, May 2. May 2 has been established as the national suffrage day, but by holding the exercises on different evenings, the organizations of Duluth and Superior may assist each other. It is hoped many members of the Superior society will come here and that many Duluth suffragists will return the compliment by going to Superior the next evening.

Missionary Meeting.

The Missionary society of the First Methodist church will be entertained tomorrow afternoon at the church parlors. The hostesses will be Mrs. Annand, Mrs. Ellison, Mrs. Voight and Mrs. Pond. Mrs. J. P. Culbertson will speak on "Observations at Ellis Island" and Mrs. L. A. Larson will present a paper on "Our New Neighbors." All women who are interested are invited to attend the meeting.

Woman's Alliance.

The Woman's alliance of the Unitarian church will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. G. R. Langdon, 1105 East Sixth street.

Ladies' Aid.

The Ladies' Aid society of St. John's English Lutheran church will meet at the home of Mrs. George Bayha, 1922 Jefferson street, tomorrow afternoon at 2:30 o'clock.

Weds in Honolulu.

Miss Gudrun Frank, daughter of Mr. and Mrs. C. Frank of 319 North Sixtieth avenue west, was married to Clinton M. Hicks in Honolulu April 4. The ceremony was performed in the parsonage of the First Methodist Episcopal church and was witnessed by only a few friends. The bride has been in Hawaii two years and has been stenographer for the Hawaiian board of missions. She has many friends in Honolulu.

Mr. and Mrs. Hicks left on their wedding day to visit the volcano of Kilauea and to spend a few days at Kaneohe. After May 1 they will be at home at 1708 Nuuanu street, Honolulu.

Dramatic Conference.

At the dramatic conference of the Duluth center of the Drama League of America held this afternoon in the Lyceum theater an opportunity was given to the members of the league and their friends to hear something of the life behind the scenes, of the visit of the stage manager to Maeterlinck, and of the literary influence of the Belgian dramatist.

The idea of dramatic conferences originated in the University of the Sorbonne in Paris. There professors and students meet to discuss the stars of the Theater Francais and to exchange views on literature and the drama.

Riis Lecture Cancelled.

The lecture on "My Neighbor" that was to have been given by Jacob Riis this evening at the First Methodist church under the auspices of the Association of Collegiate Alumnae has been called off on account of the illness of Mr. Riis. Mr. Riis has been ill at Battle Creek and has had to cancel all his engagements.

Thomas Aldrich.

Mr. and Mrs. James Ellis Thomas of Minneapolis have announced the marriage of their daughter, Clara Chapline Thomas, to Chilson Darragh Aldrich of that city on April 18. Mrs. Darragh is a sister of Mrs. Rene Hugo of 1504 East Second street, and has visited in Duluth often. Mrs. Aldrich is well known as "Quentin," who conducts "Quentin's Corner" in the Minneapolis Tribune.

Dinner Party.

In honor of the home-coming of Mr. and Mrs. John Peyton, Mr. and Mrs. Murray Peyton gave a dinner at the Kitchi Gammi club last evening before the spring assembly dancing party. The table was decorated with American Beauties. Seated with the host and hostess and the honor guests were: Mr. and Mrs. Seth Marshall, Miss Irma Hartley, Miss Helen Congdon, Miss Marjorie Congdon, Miss Kathryn Hubbell, Charles McLennan, John Boshert, D. H. Lewis and W. S. Telford.

In Honor of Visitors.

Mr. and Mrs. O. Anderson of 1727 East Sixth street entertained last evening in honor of Rev. and Mrs. T. T. Roan of Cloquet. The guests were: Rev. and Mrs. Sternberg, Rev. and Mrs. Nelson, Rev. and Mrs. Flagstad, Rev. and Mrs. Austad, Mrs. and Mrs. Martin Knutson and O. G. Hulberg.

Personal Mention.

Miss L. N. Hobbie of 112 East Third street left Sunday for St. Paul to attend grand opera there.

* * *

Mrs. C. B. King of 2016 East First street was called to Ironwood, Mich., by news of the sudden death of her aunt, Mrs. S. S. Curry of that city. Mrs. Curry was well known on the Marquette and Gogebic ranges of Michigan, and had many friends in Duluth, for she has visited here often.

* * *

Miss Pearl Conley of 1201 East Ninth street left Friday for Ontario, Canada, where she will spend the summer.

* * *

Mrs. Virginia Morris Ring will go to Minneapolis today, where she will join her parents, Judge Page Morris and Mrs. Morris, to attend grand opera.

* * *

Mrs. R. P. Boyington will leave for Moose Lake today to address a meeting at that city this evening and assist in the formation of a community club.

* * *

Mr. and Mrs. H. W. Budd, 310 Second avenue east, have returned from a visit at Minneapolis, St. Paul and Northfield, Minn.

CORSET DEMONSTRATION AT THE GRAY STORE

The demonstration of the Bon-Ton corsets that began at the George A. Gray company's store yesterday will continue all week. Miss Elizabeth Shaull, who has made a study of the human form, shows the advantages of wearing a properly fitting corset and the disadvantages of wearing a poorly fitting one.

"Remember," she said yesterday, "a corset is a garment. It is not something to be bought, wrapped up and carried home under your arm like a bunch of celery. A woman tries on shoes, gloves and even hats that do not have to fit. She should try on her corsets."

Miss Shaull showed by living models the kinds of corsets that are suitable for stout, medium and slender figures. She demonstrated the proper ways of adjusting corsets for comfort, beauty and health. She urged that a corset be loosened before it is taken off so that it may be unhooked easily and that it be adjusted each time it is put on by drawing up the strings.

The demonstrator said: "Live on top of your corset; don't let your corset live on you." She urged her hearers to take a deep breath when putting on their corsets and if possible to hold the breath until the strings have been adjusted. This long breath gets the body in a proper position and raises the chest, doing away with the "scooped out" appearance so many have on account of hollow chests.

Miss Shaull showed the proper positions to assume in a chair so that the person may rise without a preliminary screwing around that detracts so much from grace.

For Women Only.

Handsome living models, illustrating Miss Shaull's lecture on "The Art of Corseting." Free tickets at George A. Gray Co.'s corset department.

FATHER'S MISTAKE.

Portland Spectator: Tommy came home from school very morose.

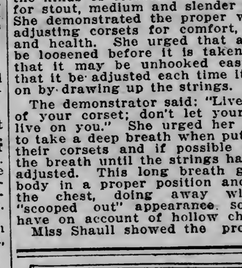

"Well, my son," observed his father cheerfully, "how did you get on at school today?"

Tommy said that he had been whipped and kept in.

"It was because you told me the wrong answer," he said. "Last night I asked you how much was a million dollars, and you said it was 'a hell of a lot.' That isn't the right answer."

Special Showing of New Draperies
For the Spring Season

THE most attractive, varied and appealing lines of curtains and panels are offered you by our **Drapery Department.** Consisting of the newest patterns in **Marquisette—Voile—Pongee** and **Rajah Silk** with hand embroidered medallions — **Filet—Cluny—Arabian Lace** and **Insertion** trimmings, also **Venetian, Milan, Brussels Net** and novelty curtains.

A new and exclusive line of laces and trimmings which we can make up for you in any pattern, length or width at satisfactory prices.

The World's Finest Chinas On Exhibit

Theodore Haviland
Haviland & Company
Royal Doulton
Copeland and Minton
Royal Copenhagen
Dresden Dinnerware

All of the above quality lines of China are represented in our extensive stocks. These trade-mark lines in their many new and exclusive patterns should be inspected to fully appreciate their worth and beauty.

On our display tables you will also find the products from the best **American Potteries.** Such famous ware as **"Homer Laughlin," "Steubenville," Pope-Gosser," "Knowles Taylor and Knowles"**— in fact all the leading manufacturers have contributed their products to our spring display of dinnerware.

This is the season of weddings—as usual "THE BIG STORE" will be the mecca for those who seek **gifts** combining unusualness with quality at the most reasonable prices.

OBSERVATIONS

By PEGGY PEABODY

Don't Starve to Death for Art's Sake.

A woman's death in Philadelphia recently was due to starvation, and it was all for art's sake, so it is claimed. Never would she consider anything but work of the highest art type, and that she could not make remunerative. She preferred to remain steadfast to her ideals, patiently waiting the recognition and reward which she was sure must follow such effort and faithfulness. Even in the face of death by starvation she persisted and refused work of lesser merit that would have insured a livelihood.

And they say she died for art's sake. Perhaps she did. Anyway, if it was any comfort for her to think so while suffering the pangs of hunger, it was probably just as well that she had her way. But let me have my say. I should say a perverse and improper pride was more responsible than a genuine love of art, for the reason that genius does not prefer to starve in a garret and will not when it can find any way of sustaining itself.

It is a pitiable picture—that of a woman of 50 denying herself food to keep her handsome studio and follow art at what she believed its highest, but it seems very unnecessary in these days when artists who cannot do what they will still have a market for their abilities. This woman who died for art's sake remarked to a friend, "I would rather starve than do the trash that some folk take pride in." There is nothing heroic in such a remark, but borders rather on the selfish. If all the world should refuse to do anything but the chosen task we should have a very terrible state of affairs.

I realize fully that artists are given more leeway than the average of human beings. I realize, too, that the pursuit of art for itself entails many sacrifices. That of life in these days seems not only unnecessary, but a weak and deplorable thing from any standpoint.

It might be argued that to engage in commercial work would be the death of the higher art, since one cannot serve two masters; also that the effort necessary to excel in commercial illustration is considerable; therefore, one has not the same enthusiasm to bring to real art work after hours or days spent at the meaner work. This is not to be disputed, and yet many a great genius has plodded away at toil he detested and made the most of the moments he could give to what he loved, with the result that his fame has rung down the centuries.

A Skin of Beauty is a Joy Forever.

DR. T. FELIX GOURAUD'S Oriental Cream or Magical Beautifier.

Removes Tan, Pimples, Freckles, Moth Patches, Rash and Skin Diseases, and every blemish on beauty, and defies detection. It has stood the test of 64 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the haut ton (a patient): "As you ladies will use them, I recommend 'GOURAUD'S CREAM' as the least harmful of all the skin preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

Purifies as well as beautifies the skin. No other cosmetic do it.

THE DULUTH HERALD

AN INDEPENDENT NEWSPAPER

Published every evening except Sunday by The Herald Company.

Both Telephones—Business Office, 321; Editorial Rooms, 1126.

Entered as second-class matter at the Duluth postoffice under the act of congress of March 3, 1879.

OFFICIAL PAPER, CITY OF DULUTH

SUBSCRIPTION RATES—By Mail, payable in advance, one month, 35 cents; three months, $1; six months, $2; one year, $4; Saturday Herald, $1 per year; Weekly Herald, $1 per year.

Daily by carrier, city and suburbs, 10 cents a week; 45 cents a month.

Subscribers will confer a favor by making known any complaint of service.

When changing the address of your paper, it is important to give both old and new addresses.

The Duluth Herald accepts advertising contracts with the distinct guaranty that it has the largest circulation in Minnesota outside the Twin Cities.

The Herald will be glad to have its attention called to any misleading or untrue statement which may appear in its news, editorial or advertising columns.

QUIBBLING WITH NATIONAL HONOR.

The worst insult to the flag comes from congress.

The act most certain to inflame the war spirit comes not from the president, but from congress under Republican partisan leadership.

Instead of promptly passing the required legislation to support the president in his defense of the national honor, congress, to show how far partisanship has gone to drown patriotism in this country, quibbles over terms.

Of the melancholy minority of thirty-seven that opposed the resolution in the house, twenty-nine were Republicans—five of them from Minnesota.

The filibuster in the senate against the use of Huerta's name came from Republicans and "Progressives"—save the mark!

The obvious effect of this quibbling—whether it was its purpose or not—will be to stiffen Huerta's backbone and encourage his impudence, thereby increasing the certainty of war which the president by prompt and decisive action is seeking to avert.

It is a pitiful spectacle, but nothing surprising in a congress which would quibble with national honor in such an issue as that raised by a plan to deal out ship subsidies by direct violation of a treaty to which the nation's word and honor are pledged.

The European editor who can't get up nerve enough to criticize the United States for its action regarding Mexico is in a bad way.

THE FLY-SWATTING CRUSADE.

Among the minor campaigns in progress—though in view of the evils it attacks it seems rather unjust to use the term "minor"—that commend themselves to serious thought the fly-swatting crusade is notable.

The fly has very bad habits. It adores filth, and lives and breeds in it. Next to dirt, it loves the inside of a spotless home, and if it can journey back and forth through its brief life from the garbage-pile to the dinner-table it is happiest.

The housewife who has waged a life-long war against the fly preceded science by a long time, but she was scientific, though unwittingly. She did not know that the fly very often carries the germs of deadly diseases on its hoofs, but she fought it just as hard as if she did know.

One very good by-product of the anti-fly crusade is that the discovery that flies breed in filth helps to clean up communities. If there are no breeding places for flies, there will be no flies; and thus the swat-the-fly campaign helps town clean-up crusades.

The importance of beginning at the beginning of this fight is emphasized by modern knowledge of the fly's prodigious facility in reproduction. The fly expert of the Kansas City Star has been figuring; and the result, though distressingly discouraging to those who hope to win the fight by flattening adult flies against the wall with a folded newspaper, is highly encouraging to those who hope to win the fight by preventing flies from breeding.

Flies increase in geometrical ratio—like the famous contract for shoeing a horse at a cent for the first nail and double price for each succeeding nail up to thirty-two nails. It looks like cheap horse-shoeing, but anybody foolish enough to do it by straight multiplication will find, if he persists, that it comes to umpty-ump millions.

So with flies. Here is the way the Star's statistician works it out:

June 1—One fly lays....120 eggs
June 10—60 flies lay....7,200 eggs
June 20—3,600 flies lay 432,000 eggs
June 30—216,000 flies lay
..... 25,920,000 eggs

That's as far as the column-width will let us go, but the results by September can easily be imagined. The Star's statistician says that by September 28 the progeny of the single fly of June 1 will number 4,353,564,672,000,000,000—which is utterly beyond the reach of the imagination.

Which seems to teach that the way to swat the fly is in the cradle—or, better still, the best way is to abolish the fly cradle—which is the garbage pile.

Peary is to get another medal. If this keeps up he may yet grow to wish he had let Dr. Cook have the old pole.

THE ARMORY MARKET.

Not only is there need that the city commission take action to free the Armory market and throw it open to market gardeners, but there is need that that action be taken promptly.

In a few days planting will begin. The farmers will govern their planting according to the facilities they are to have for marketing their crops.

If the city is to do its best to provide them with ample marketing facilities, they will plant crops to meet the market's needs.

If the city is to fail to do its part, the farmers will plant only what they will be able to sell with restricted marketing facilities.

The community and the farming territory near it should know at once whether or not the city proposes to do its duty in bringing together the products of willing near-by soil and the eager and human market in Duluth.

Sir Edward Durning-Lawrence is dead, and the pity of it is that he can't report on his latest information on the Shakespeare controversy.

THAT SHIP SUBSIDY PLANK.

That was a happy thought of Senator Gore's, to write out to the delegates to the Baltimore convention and find out how they feel about the proposal to repeal the provision exempting American coastwise vessels from the payment of canal tolls.

It was appropriate, too, because despite the fact that the Democratic platform contained a strong protest against subsidies of any kind, some Democratic ship subsidy senators were hiding behind the obscure and mysterious plank approving the exemption.

They can hardly find refuge behind that queerly interpolated plank any longer. A second report of the returns from Senator Gore's poll shows that out of the 625 delegates heard from, 504 are for repeal, only ninety-eight against repeal, and twenty-three are non-committal.

Twenty-nine Republicans in the house think they see a good chance to put the administration in a bad light. And yet there are those who would have the people believe that the old spirit of rabid partisanship is dead!

A WORK FARM FOR THE RANGE.

The Herald agrees with the News Tribune that instead of enlarging the auxiliary county jail at Virginia, the county should provide a work farm for the range communities.

If the work farm is provided, no addition to the jail will be needed.

Moreover, if a work farm is created on a similar plan to that of the splendid institution that is being built up north of Duluth, the shame and contamination of the jail influence will in a large majority of cases be supplanted by the humanizing influence of the work farm plan.

Economically it will be cheaper in the long run, practically it will be better, and from the viewpoint of human welfare it will be infinitely more valuable.

Such a partnership between city and county as the Duluth institution is founded upon of course would be impracticable for a range work farm, because so many communities would be involved. It would be much better to have the county operate the farm, and to assess each community its pro rata share of the cost. Indeed, there are evidences that it would have been as well if this plan had been adopted for the Duluth work farm.

In view of the splendid success that has so far attended the operation of the Duluth work farm, and the promises for still greater success it affords for the future, there can scarcely be any question that there should be a similar work farm at some central point on the range. To enlarge a jail instead of providing such an institution is to refuse civilization and to cling to barbarism.

Prof. Taft predicts that the movement against Mexico will leave "a trail of woe." Does he think the troops are going to Winona?

ALAS!

Balked in his efforts to make a speech, a French politician satisfied himself by singing a song. We hope the precedent will not be adopted in this country.—Chicago Evening Post.

Alas! the hope is too late and in vain!

Minnesota has a governor who can ride in a pullman or private car, make a speech, dance the tango or sing "'Tis Only You" with equal readiness, and all as a part of the day's political labors.

What was that name you thought of for the midsummer festival? Here's a chance to make ten dollars out of it.

Taxes in the States

Editorial in the New York Evening Post.

Most of our states are perennially torn by questions of taxation. Expenditures are always rising. Various sections complain that they bear an unjust share of the burden, and various property owners insist upon readjustment. We still hear echoes of the debate in New Jersey, which has attempted by a bank tax and automobile tax act to avoid a direct levy. In Wisconsin county mass meetings are protesting against a system that has "reduced the value of rentable property 10 per cent and eats up two-thirds of its income." Governor Walsh's proposal in Massachusetts to bolster the state revenues by retaining the whole corporation tax has drawn a storm of protest from the towns and cities which formerly shared it. "The entire tax situation in Massachusetts," remarks the Springfield Republican, "is rotten. The system is fundamentally wrong, based as it is upon the general property tax, and every effort to readjust it means a slambang opposition from somewhere." So many of these agitations relate to underlying principles that students of state taxation naturally ask, "Are we really getting anywhere?"

The main problems can be clearly outlined. There is the separation of sources of state and local revenue; the endeavor to hold corporations and individuals to the same account; the movement against the "outworn" general property tax; the unearned increment idea applied to land taxes. The legislation of the last few years shows plainly which of these are being brought to the front. It has tended, mainly, to improvement in central control of the effectiveness and uniformity of tax assessment, and to an attack upon the general property tax. Towards these two goals, remarks the last bulletin of the department of commerce, moves the "decided trend." And of the two, the more direct and sweeping tendency has been that towards making tax collection more thorough. This has been the chief concern of Wisconsin since the passage of her income tax enactment, while the need which it answers is one of the roots of discontent in states like Massachusetts; for whatever the basis of taxation may be, its administration by a state body with strong powers of supervision over all local agents is recognized as essential.

In revelations by the temporary tax commissions which many states have found it necessary to appoint is fresh evidence of the nation-wide want of concentrated administration. The irregularities of the old local assessment plan need analysis to few American taxpayers. But the Minnesota report is typical. Her commissioners have found that the assessors not merely regularly agreed in many counties to evade the law which requires full valuation, but that the rates varied in different regions by as much as 25 per cent. They often resolved, moreover, to assess all articles alike, as a piano at $50, regardless of the great range of values in those articles; and they carried this principle even to the assessment of all land at the same amount per acre! Between county and county, man and man, ran the report, "the assessment inevitably abounds in the grossest inequalities—inequalities that cannot be corrected by equalization. Never, until we are able to get away from these conditions, will we have anything even approximating equality and justice." In New Hampshire some selectmen were discovered to be assessing at 50 per cent or less, and others at 70 per cent or more. The remedy both states have partially secured is two-fold. The establishment of a permanent state tax commission to govern and advise all assessors, to institute prosecutions, to order reassessments, and to study the whole tax question; and the reduction of the body of many hundreds of local assessors to one of a few score county assessors, with competent assistants. It is only six or seven years since the reform was first really begun; and from nineteen states with such bodies in 1908 the number will soon be doubled. In just two years New Hampshire, Montana, Florida, Idaho, Arizona and Rhode Island have created such permanent and powerful tax commissions, and Maine, Vermont, Massachusetts, Ohio and other commonwealths have greatly strengthened those already existing.

This is quite apart from the question of the basis of taxation; and it is notable how swiftly the general movement towards classification of property by state act is threatening the old basis of taxing uniformly all possessions, real or personal, tangible or intangible. Ohio is virtually alone in holding herself "wedded to the theory of a general property tax and a uniform ad valorem assessment." Rhode Island has perhaps led in the separation of selected classes from the general property of the state, each taxed at its own particular rate; but her law is little more advanced than the recent ones of Maine or Minnesota, the latter taxing personal property at 25 per cent of its value, farm products, stock and unplotted land at 33 1-3 per cent, iron ore at 50 per cent, and other general property at 40 per cent. It has seldom been possible to begin, as in Michigan and California, a classification without constitutional amendment; and the number of such amendments proposed since 1912 is significant. Arizona incorporated the provision in her Constitution; Kentucky and Maine adopted it in 1913; in Illinois, New Hampshire and Kansas it has been recommended by the governors, and in New England by the tax conference, and in Nebraska, Kansas and Oregon it will be voted on this year, and in Iowa in 1916. States like Pennsylvania and Maryland already have special rates for intangible securities. It has received certain checks, but its general progress in undeniable. It tends to the exemption or low rating of personal and intangible property. The vices of the general property tax are more and more confidently pointed out: the fact that personal property assessments fall on taxpayers in averse proportion to ability to pay; its difficulty of administration, even with Ohio's drastic penalties: its unbusinesslike character, Europe and Australia recognizing that it is necessary to discriminate between various classes of property, and apply to them different methods and rates.

There are other general tax movements, as legislation affecting non-resident decedents, legislation of the type of New York's "secured debts" law, and the laws considered in Oregon, Louisiana and Kentucky for the separation of state and local sources. But they are significant mainly in showing a recognition of the value of uniformity in state tax laws. The tax conferences of New England have attempted some unification of their systems, and since 1906 the International Tax association has been active. The growth of tax commissions, with the results of rectification of the assessment system, and effort to arrive at the best tax bases, remains the true index of recent progress.

The State's Greatest Need

Editorial in the Hibbing Mesaba Ore.

If the Democrats are elected to office in Minnesota, and carry out the land policy as set forth in a resolution unanimously adopted at the meeting of last week, this state will then be in a position to attract settlers with an offer worth coming for, and will add millions upon millions of dollars to our wealth.

The state has no fixed land policy, notwithstanding the fact that it has thousands of acres of the very best land that lies out of doors, and all that is lacking is the attention that should be given by the owner. These acres are now idle and useless because of the flagrant neglect of the Eberhart administration that blatantly says that it has "within the last five years nearly doubled the value of Minnesota lands by attracting and securing more active settlers than all other surrounding states combined."

That is simply Eberhart campaign buncombe, and has little truth in fact.

The Democrats seem to have studied the conditions carefully and in the appended resolution will be found all of the essentials that are now lacking—things for the advancement of the agricultural interest of Minnesota that can never be even hoped for under the present order of political affairs in the state.

This is the Democratic promise:

"Our state should adopt a systematic and business-like plan of development and settling its rich resources of public lands, now idle and fruitless through state neglect. To this end, we recommend the creation of a state revolving fund, to be used in improving state-owned lands, by draining submerged areas, and by partial clearing of stump-covered lands; the cost of such improvements to be charged to the lands benefited and recovered into the revolving fund when such lands are sold. Wherever lands privately owned are benefited by such improvements, they should be assessed their full share of the cost. We urge this not only as a measure of true conservation and development for Northern Minnesota, but as a business plan that will profit the entire state."

Under the present arrangement nothing is done toward development of state lands—they don't even pay taxes—and yet their value increases year by year because of the improvement made just over the line by the homesteader who is trying, amidst all kinds of hardship and handicap, to hew out a home for himself and his family. As he improves his land his taxes increase, which in itself is a vicious system, and he gets nothing for the value he had added to the state land.

A Voice for Man's Good Friend.

There's a union for teamster and waiter,
There's a union for cabman and cook,
There's a union for hobo and preacher
And one for detective and crook,
There's a union for blacksmith and painter,
There is one for the printer, of course,
But where would you go in the realm of woe
To discover a guild for the horse?
He does not make murmur in protest,
Though they strain him both up and down hill,
Or force him to work twenty hours
At the whim of some drunken brute's will,
Look back at our struggle for freedom—
Trace our present day's strength to its source,
And you'll find that man's pathway to glory
Is strewn with the bones of the horse.
The mule is a fool under fire;
The horse although frightened stands true,
And he'd charge into hell without flinching
'Twixt the knees of the trooper he knew.
When the troopers grow old they are pensioned,
Or a berth or a home is found;
When a horse is worn out they condemn him
And sell him for nothing a pound.
Just think, the old pet of some trooper,
Once curried and rubbed twice a day,
Now draws some ragpicker's wagon
With curses and blows for his pay.
I once knew a king of racers,
The best of a cup-winning strain;
They ruined his knees on a hurdle,
For his rider's hat covered no brain;
I met him again four years later,
On his side at the foot of a hill,
With two savages kicking his ribs,
And doing their work with a will.
I stroked the once velvety muzzle,
I murmured the old name again.
He once filled my purse with gold dollars,
And this day I bought him for ten.
His present address is "Sweet Pastures,"
He has nothing to do but to eat;
Or loaf in the shade in the green, velvet grass,
And dream of the horses he beat,
Now, a dog—well, a dog has a limit;
After standing all he thinks his due,
He'll pack up his duds some dark evening,
And shine out for scenes that are new.
But a horse, once he's used to his leather,
Is much like the old-fashioned wife;
He may not be proud of his bargain,
But still he'll be faithful through life,
And I envy the merciful teamster
Who can stand at the bar and say,
"Kind Lord, with the justice I dealt my horse,
Judge thou my soul today."

—Life.

Tip to the Timid.

The Masses: "Are you a feminist?" we asked the stenographer.

She said she was.

"What do you mean by feminism?"

"Being like men," she answered.

"Now you are joking!"

"No, I'm not. I mean mental independence. And emotional independence, too—living in relation to the universe rather than in relation to some other person."

"All men are not like that," we said sadly.

"Then they ought to join the feminist movement!"

In the Rural Jungle.

Chicago News: She was even more afraid of cows than most girls, so when she spied a placid animal recumbent under a tree, peacefully chewing its cud, she at first refused to go through the pasture at all. Her husband calmed her fears to some extent, and they started by, when the cow slowly commenced to get up, hind legs first, as they always do. At this the little lady shrieked with terror and said:

"Oh, Bob, hurry hurry! He is getting ready to spring at us!"

The Situation to Date.

Buffalo Courier: Calamity predictions continue to balk. Not one prophecy has hatched fulfilment.

Statesmen, Real and Near

By Fred C. Kelly.

Washington, April 21.—(Special to The Herald.)—Every night, along toward midnight, Uncle Jeremiah Donovan, Connecticut Yankee and picturesque congressman, dashes into a little oyster studio here in Washington and gulps down about a dozen and a half of "raws." He eats them hastily simply because he has fallen into the habit of appearing to be in a great hurry no matter what he is doing, or how much time he has to spare.

After finishing his oysters he walks home and goes to bed. As he could still walk home and go to bed, a few minutes later, there is no reason why he shouldn't tarry and contemplate his oysters with the quiet thoughtful air of a connoisseur, for that is what he is.

Jeremiah Donovan knows more about oysters than any other congressman. They raise and educate a great many oysters up in the part of Connecticut that he comes from, and to him an oyster is a thing almost human. He can look into the cold, moist features of an oyster and estimate its age within a few months. To eat oysters in company with Donovan is a revelation.

"Here's one," says he, "that was taken up too young. It doesn't look to be more than 4 years old, and it should have been left in the beds at least a year longer.

Most people, of course, do not know whether an oyster is at its best when 4 or 5 years of age, like a dog, or whether it does not attain full possession of its faculties until it is 25 or 30, as in the case of a man. There is a small oyster raised on Long Island that is popular, says Donovan, and sometimes oysters that would be much larger when full grown are pulled when young to be faked as regular graduates of that Long Island conservatory.

* * *

After about two oyster lunches with Donovan one begins to feel almost like a cannibal. The little oysters perhaps were torn from their folks when they were too young to shift for themselves. They never had a chance in life. And now as they lie helpless before one, shall one take advantage of them and eat them? Donovan does, with great alacrity, so that after all there may be no harm.

The chances are that Donovan dotes on oysters and studies their habits, psychology and home life, because of an inborn sympathy for all creatures of a retiring disposition. He has a great relish for the society of all creatures who live a life apart from the general public.

If there is a hermit or a recluse in the neighborhood, Donovan is certain to get acquainted with him, and they will become friends. Up in Connecticut there is an old chap who makes his living mending violins and performing other esoteric services. He dwells all alone and the only man who really knows him is Donovan. They sit together in the old man's shop and visit by the hour.

When he came to congress, Donovan managed, some way or other, to get acquainted with the monks who live in a monastery near Washington. Inasmuch as Donovan used to be a saloon keeper, one might think that he and men who have retired to a monastery to be apart from worldly things would find little in common. But the monks like Donovan and he likes them. Nearly every Sunday he goes to the monastery and plays at being a recluse for part of the day. He and the monastics sit about together for hours at a time exchanging conversation and trying one another's point of view.

* * *

When Samuel G. Blythe was Washington correspondent for one of the big New York newspapers, it leaked out one day that he had written a two-column screed about a big appropriation steal that was to be enacted in the house of representatives. The house, however, changed its mind about the steal, and it was not carried out. Henry D. Clayton, now chairman of the house judiciary committee, met Blythe at a little dinner and began to twit him about his two-column article being prepared for nought.

"We fooled you," chuckled Clayton. "You called the members of the house thieves for putting over this steal, but we didn't put it over. What are you going to do with that long article you had all written?"

"I'm going to print it," promptly replied Sam. "The only change that will be necessary will be to substitute the word 'cowards' in place of 'thieves.'"

The State Seal

Hallock News: The Duluth Herald has been discussing a "revision" of the state seal of Minnesota, on the grounds that it does not picture present day conditions. The Herald argues that the plowman and the Indian depicted in the picture do not portray the state today, with its magnificent acres, vast mineral resources and unbounded wealth.

The good old Minnesota state seal does not need fixing. It is good enough for all eternity. It pictures the conditions of the early days of the territory in a very graphic manner and will always be revered and honored by citizens of the Gopher state. It is probable that a new state seal adopted in the year 1914 would be equally obsolete fifty years hence?

And when we stop to consider the afflictions of some of the other states of the Union in this respect, we have reasons for jubilation.

The seal of Arkansas, for instance, shows a long deer, with a background of lonesome pines and more lonesome mountains, without a vestige of humanity or civilization suggested.

Indiana's seal depicts a woodchopper with a herd of buffalos tearing up the ground in the distance.

Ohio's great seal shows a couple measly shocks of grain and the sun sneaking down behind the distant mountain peaks.

Utah, perhaps with deference to the industry of the Mormons, is represented by a bee hive.

Virginia still sticks to that grewsome "Sic Semper Tyrranis" emblem, with the victor planting his foot in the stomach of his prostrate foe.

Vermont is represented by a scrubby cow standing under an equally scrubby tree, which is supposed to stand for "freedom and liberty."

And so it goes—the seals of the different states representing the historic and traditional rather than the modern. There is not an automobile, aeroplane or vacuum cleaner portrayed in the entire lot.

Unappreciated Compliments.

Smart Set: "This cake is fine, my dear. Where did you get it?"

"You are an elegant waltzer. The younger girls never dance so well."

"I came as soon as I heard of your trouble. I wanted you to feel that you had one friend, anyway."

"You look so neat, folks would never know you make your own clothes."

"You people surely set a good table; it's a mystery how you do it."

Wanted—A Real Man for State Executive

Views of the state press on a much needed change.

Good and Able.

Park Rapids Enterprise (Rep.): Congressman Hammond will endeavor to lead the Democrats of the state to victory in the approaching campaign. Mr. Hammond has a good reputation and is an able man.

The Situation Defined.

Breckenridge Telegram: So far as the governorship is concerned the issue will be clear in both the Republican and Democratic primaries this year. Lee and Hammond stand for government of the people by the people and for the people, while Eberhart and Lawler stand for government of the people by the machine for the interests.

A Huge Joke.

Northfield News: For a candidate on an "economy" platform Governor Eberhart is a huge joke. The brand of economy which he has been preaching and practicing during his incumbency would bankrupt any business institution in short order. By the way, how much of his contingent fund is preserved for use in contingencies?

His Record Stamped "Failure."

Albert Lea Tribune: No man elevated to the governor's chair ever had a greater opportunity to do a great work for the state than has Adolph O. Eberhart. Nor has any man ever fallen farther short of the mark. He has been tried for several years and found wanting every single month of that time.

He has had just the same opportunity to do, during the years he has occupied the office, just what he says he will do if the "dear people" will only give him and his machine two years more of power. He comes up smilingly after all his failure and neglect of the affairs of the state and says, "just give me another term, and all this will I do."

He shoulders all the blame for extravagance in state affairs upon the legislature and then says that he will work for "greater care and economy in making appropriations so as to reduce taxation." If re-elected to the office he now holds he will have just as much influence with the legislature as he has had in the past, and that has been nothing.

It should be remembered by the voters that under his administration they have this year paid the highest taxes in the history of the state. If given another two years lease of official life there is nothing to show that he would not continue his trot around the country getting before the footlights "advertising Minnesota."

Well Described.

Crosby Crucible: Governor Eberhart says that a machine is a machine, no matter who may operate it, and, by the same rule, we suppose that he would hold that "pigs is pigs" and so on down the line. However, this rule does not apply to governors, for all of them are not governors—there are governors and governors. Mr. Eberhart is and isn't; while it is said that Ed. Smith isn't and is.

Notice the Cipher.

Isanti News: Adolph O Eberhart has gained a follower. Since the Democratic meeting in St. Paul Daniel W. Lawler joins our peerless governor in thinking that the state conferences are bum affairs. They will have another opportunity to exchange sympathy after the primary election in June.

Has Governorship Application, Too.

Cambridge North Star: An old Scotch proverb has a plain local application: "If a man deceive me once, shame on him: If he deceive me twice, shame on me!"

Write Them a Letter Tonight.

Don't go to the theater, lecture or ball,
But stay in your room tonight;
Deny yourself to the friends that call,
And a good long letter write—
Write to the sad old folks at home,
Who sit when the day is done,
With folded hands and downcast eyes,
And think of the absent one—
Write them a letter tonight.

Don't selfishly scribble: "Excuse my haste,
I've scarcely time to write,"
Lest their brooding thoughts go wandering back
To many a bygone night,
When they lost their needed sleep and rest,
And every breath was a prayer
That God would leave their delicate babe
To their tender love and care—
Write them a letter tonight.

Don't let them feel you've no more need
Of their love and counsel wise;
For the heart grows strangely sensitive
When age has dimmed the eyes.
It might be well to let them believe
You never forget them quite—
That you deemed it a pleasure, when far away,
Long letters home to write. Then—
Write them a letter tonight.

Don't think that the young and giddy friends
Who make your pastime gay
Have half the anxious thoughts for you
The old folks have today.
For the sad old folks at home,
With locks fast turning white,
Are longing to hear of the absent one—
Oh, write them a letter tonight.

—Author unknown.

Our Songs.

Chicago Tribune: Twenty and twenty-five years ago we were sentimental in song, lackadaisical, melancholy. "Sweet Marie" floated up from porches "Sweet Marie" floated up from porches under spreading maple trees and made the June moon sad. "After the Ball" filled swains and maidens with tender fear of the tragedy of life.

Now we are chill, cynical, sophisticated, singing "This Is the Life." The farmhand on the vast Dakotas, the town beau on the Wabash, the village belle in Nebraska know nothing of "Sweet Marie."

They are "ca-ba-ret-ing" with Farmer Brown: "I love the cows and chickens, but this is the life—this is the life—I love to raise the dickens!"

A cheap world, but not sad. Once it sang of broken hearts. Now it sings of outbursting Reubens. Our moon's an arc light.

Danger of Too Much Talk.

Atchison Globe: Don't talk too much. Just after you have talked a man into buying, if you keep on talking you will talk him out of buying.

Common Bond of Sympathy.

Toledo Blade: Mrs. Inez Milholland Boissevain stands up for the I. W. W. She's the woman who talked at one time about devoting ten minutes each day to her housework.

Twenty Years Ago

From The Herald of this date, 1894.

***The townsite which was being laid out on Sandy Point at Rainy lake by G. D. Stinson has been sold for $14,000. Mr. Stinson received $5,000 cash on the deal.

***The Columbia club is the name of a new organization composed of West Duluth young men. It starts out with forty-eight charter members. The following officers have been elected: E. McGinnis, president; A. Shaul, vice president; James Connolly, secretary; Martin Wilson, treasurer; George Carlin, M. Filiatrault, P. Daily, C. Murphy and F. Green, directors. Rooms are to be fitted out with a gymnasium, library, card table, pool and billiards, etc.

***Company G, West Duluth, held a meeting last evening and elected A. S. G. Sharp president and N. C. Kingsbury vice president of the civil organization.

***Rev. G. E. Keithley of Chicago has been extended a call to the pastorate of the Presbyterian church at West Duluth.

***George L. Robbins is teaching a vocal class in Oneota.

***J. J. Mack has returned to West Duluth from a winter stay at Boston.

***A receiver has been appointed for the West Superior Iron and Steel company, on application of the Northwestern Iron company of Milwaukee. John D. Rockefeller holds $1,750,000 of first mortgage bonds against the steel company, and the Land and River Improvement company is a creditor to the amount of about $500,000.

***Charles T. Moore of Duluth has filed an application at the treasury department for special inspector of customs.

***Mrs. A. D. Allibone has returned from a fortnight's visit to friends in Milwaukee.

***Dr. Bowers is slowly recovering from a severe attack of typhoid fever.

***The W. H. Gratwick No. 2 was the first boat to enter Duluth harbor opening the season of 1894. The steamers Codorus, Gilbert and Centurion followed several hours later in the order named.

***Twenty thousand miners went on strike today in the Clearfield district of the bituminous coal region. Thousands in other districts have quit, and the greatest strike in the country's history has begun.

***D. E. Holston has resigned as treasurer of the Scott & Holston Lumber company, but retains his interest in the firm.

A Reminder of What War Is.

Indianapolis News: The stained and worn original of the following letter is in the Confederate museum at Richmond, Va.:

Spottsylvania, county, Va., —, 1864.

Dear Father—This is my last letter to you. I went into battle this evening as courier for Gen. Heth. I have been struck by a piece of shell and my right shoulder is horribly mangled, and I know death is inevitable. I am very weak, but I write to you because I know you will be delighted to read a word from your dying son. I know death is near, that I will be far from home and friends of my early youth, but I have friends here, too, who are kind to me. My friend, Fairfax, will write you at my request and give you the particulars of my death. My grave will be marked so that you may visit it if you desire to do so, but (it) is optional with you whether you let my remains rest here or in Mississippi. I would like to rest in the graveyard with my dear mother and brothers, but it is a matter of minor importance. Let us all try to reunite in heaven. I pray my God to forgive my sins, and I feel that His promises are true and that He will forgive me and save me. Give my love to all my friends. * * * My strength fails me. My horse and my equipments will be left for you. Again a long farewell to you. May we meet in heaven. Your dying son,

J. R. MONTGOMERY.

Thursday—"THE STAGE DOOR JOHNNIES," with TRIX OLIVER.

DEFECTIVE PAGE

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their ideas about the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 300 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer though these need not be published. A signed letter is always more effective, however.)

WHAT EFFECT WILL DAM HAVE?

To the Editor of The Herald:

From time to time during the last few months meager references have been made in the news columns of the Duluth papers to the construction by the Northern Power company of a new 40-foot dam at a point on the Cloquet river about ten miles below Island lake.

The general public, however, has been given but little inkling what change this portends to the channel of the Cloquet above the proposed dam and to the land of settlers and others along its banks.

Rumor has it, based on statements of engineers employed, that the dam will raise the present level of the Cloquet river nine feet above the plank floor of the Rice Lake road bridge, will obliterate Island lake and its picturesque surroundings and will wipe out the falls of the Cloquet two miles above Island lake.

In addition, it is said, the raise will inundate thousands of acres of land along the present course of the river, a large part of it owned by the Weyerhaeuser outfit and its subsidiaries, but a considerable amount owned by settlers who will have to appeal to the courts for damages sustained—and we all know what that means.

Can The Herald throw any light upon this proposed immense undertaking? Can the county commissioners tell us how much county property—roads, bridges, etc.—will be damaged by this change? Although material and machinery are already at the site of the new dam, details are studiously being withheld from the general public.

A little light on this subject, please, Mr. Editor. It's a news item worth printing. FONTINALIS.

Duluth, April 20.

PHRENOLOGISTS.

To the Editor of The Herald:

Is there a phrenologist in Duluth? If not, have any of the medical doctors in the city specialized in phrenology? INQUIRER.

Duluth, April 20.

The Editor knows of no professional phrenologist in Duluth, and no physician who makes a specialty of it.—The Editor.

"IS THERE A DOCTOR IN THE AUDIENCE?"

To the Editor of The Herald:

Will some doctor please answer this question to settle a dispute: "Are soft boiled eggs easier to digest than hard boiled?" O. R. E.

Duluth, April 20.

SOLVES IT.

To the Editor of The Herald:

My solution for the Open Court problem of a cigar store clerk being able to make change for $3 and not for $1 after a 10-cent cigar had been purchased is: That he used a $2.50 gold piece together with 40 cents in change. HERBERT TURNBULL.

Duluth, April 20.

EXPRESS RATES.

To the Editor of The Herald:

I would like to know if the express companies can charge more for one case of eggs coming from the same distance than they charged two weeks ago. I paid 35 cents two weeks ago and yesterday I had to pay 53 cents. A READER.

Duluth, April 20.

The manager of one of the local express companies, after some study, discovered the reason for the above discrepancy. It is due to a confusion resulting from interstate and intrastate rates. Under the old rates the charge from certain points on the Northern Pacific is 35 cents. But these rates apply to only one train, which runs entirely within the state of Minnesota. The other trains on the ... Northern Pacific come through Superior, and under the interstate commerce commission's schedule the rates from these points must be 53 cents. The manager in question said that the express companies had no alternative but to charge the rates fixed.—The Editor.

THIS LOOKS EASY.

To the Editor of The Herald:

A gentleman steps into a clothing store and purchases a hat for $10. He hands the clerk a $50 bill, and as the clerk has not the correct change he runs to the next drug store for the change. The clerk returns and hands the customer his hat and $40. Shortly after the customer has left, the druggist comes into the clothing store and tells the clerk that the $50 bill was a counterfeit. The clerk is therefore obliged to give the druggist $50 in exchange for the $50 bill. What was the loss to the clerk? H. D.

Duluth, April 19.

NURSES IN THE PUBLIC SCHOOLS.

To the Editor of The Herald:

Permit me space in your Open Court to thank the school board for no decision reached on hiring ten extra nurses for the Duluth public schools. I firmly believe that most of the fathers and mothers who have children attending the public schools think as I do, that there are too many nurses now employed. I have four children attending school, and one or more of them, it seems, about every night has to tell about the nurse looking over their heads for bugs, they call it; also looking down their throats and putting a glass tube in their mouths. I have one boy 11 years old who is up every morning at 7 o'clock and takes in most of the town before going to school, and walks seven blocks to school and home at noon and gets his lunch and walks to bring me my lunch, and after school he helps deliver cream out in the east end of the city. He has not missed a meal to my knowledge this winter and does all this running around for nothing, just because he loves to be out and going, and twice last week he told me the school nurse advised him to get more outdoor exercise and fresh air. He said last night: "Papa, she don't know much, does she?" Three weeks ago he was sent home three different times and told to go see a doctor. Twice the doctor accepted a fee of $1 and the third time he said the doctor looked down his throat and smiled and said: "You're O. K. Keep your money. Gentlemen of the school board, I do hope you hire no more nurses. If Dr. Webster has any friends who must have a job, hire them to help the backward children along with their studies. Yours truly, A FATHER.

Duluth, April 20.

HERE'S A QUESTION FOR CRIBBAGE PLAYERS.

To the Editor of The Herald:

I have been playing cribbage for the last fifteen years and know the game fairly well. I have been told that it is possible to make all hands from one to twenty-nine, with the exception of nineteen.

I have already asked some very good players how to make twenty-six and they all say it can be made, but none of them could show me how to make it. After giving this subject many trials I give up and hope to be favored with a reply from the Open Court, naming the cards that will make Twenty-six.

Hoping to be favored with a reply in the near future, I remain, M. C. GREENFIELD.

West Duluth, April 20.

THE SHIP SUBSIDY AGAIN

By SAVOYARD

Washington, April 21.—(Special to The Herald.)—Behold, my son, how the debate on the bill to repeal the dishonest and the dishonorable subsidy granted the American ship monopoly in the free tolls graft has vindicated the great Balzac, when he wrote: "Asses often get into fine stables." The issue is sharply drawn and it is this: Is the Democratic party in favor of a ship subsidy? And by nearly five to one the Democrats in the national house of representatives said nay to that.

If this ship subsidy would be honest and come into congress stark-naked it would not muster a dozen Democratic votes in the house or half a dozen Democratic supporters in the senate. But it wraps itself in the American flag and thus it has deceived some excellent folks. In 1871 it was patriotic for a senator or a representative in congress to sell his vote to the Pacific Mail Steamship company, that was begging and buying a subsidy, if that statesman could cuss Southern treason in eloquent speech, and now it seems all right for a Democrat to tax the people to bestow a subsidy on a grasping monopoly—if he has the eloquence to cuss England. I hope Senator Vardaman will consult the record as to that Pacific Mail subsidy. I am not sure, but it is possible that his illustrious predecessor, Revels, the first negro who ever held a seat in the United States senate, supported that subsidy. Be that as may be, it is certain that there is not a negro in Mississippi who, if he had Vardaman's place, would not vote to rebuke the Democratic president on this tolls graft, as Vardaman announces he will vote. So you see the niggers of Mississippi are not entirely without representation in the United States senate. The Hon. Vardaman reflects their opinion on the paramount issue of the hour.

* * *

One of the tremendous men I have met was the late Thomas B. Reed. What a giant mind it was, what a tremendous character he made! If he could have divested himself of prejudice, and had he had less capacity for personal hatred, he would have been the greatest American of his generation—and perhaps he was all that with all his faults. He was an honest man and he ought to have been president, in which station his tremendous personality would have served to advance all the people. In academic debate he was not the equal of John G. Carlisle—nobody was—but as a leader, as a master of men, I never saw his match.

* * *

One day in private talk with folk in whose company I was admitted as a listener, I heard this great man discourse about the canal and he contended that it would aid the railroads, as it will. He spoke of things I had never dreamed of—that in our age the element of time, rapidity of transport between buyer and seller, would furnish all the business the railroads could tend to, that all perishable goods would go by rail and as the country was settled between the Mississippi and the Pacific the canal would only tend to enlarge and augment the business of the roads.

And so it is—You can't build a mile of railroad in Texas that will not carry a reflex advantage to Maine remotely. The railroad will benefit for the reason that the canal will serve to help all the patrons of the road, and you bet, if the canal breaks the railroads the canal itself will go into bankruptcy. Each will help the other—the ships the cars and the cars the ships. Else it were idiotic to build it.

* * *

But free tolls is not only national dishonor, but it is national improvidence. Look at it. O'Gorman is a Tammany "brave." Nixon is the Tammany boss who succeeded Dick Croker, was succeeded by Charles F. Murphy, and is the head of the ship trust. You know what Tammany is. It has a score of members in congress and it saved old Joe Cannon's bacon on a deal, and so the votes Tammany gave the ship trust the other day don't count, for it only expressed the will of Boss Murphy, who will get his "rake off" from this ship subsidy if it holds, which it won't.

* * *

I am sorry my excellent friend Jones of Virginia, whom I thought a Democrat of the straightest sect, stood with the enemies of the president on this question; but there is a shipyard in his district, at Newport News, as there is another at Wilmington, Del. On the other hand, I rejoice that Hal Flood and all the other Virginia Democrats stood with the president for repeal.

There are some folks who support this subsidy because it is in the platform in one place. But it is out of the platform in two places. The platform denounces ship subsidies. And the platform indorses the Democratic side of the Sixty-second congress. Now a majority of the Democrats in that congress voted against this subsidy. Champ Clark seems to think there would have been no Democratic party had it not been for the Democrats in that congress, but here he is opposing the majority of his own side in fighting the president on this question.

* * *

Suppose there had been sneaked into the platform a plank demanding an amendment to the Constitution providing for an established church, or a denial of the writ of habeas corpus, or legalizing an ex post facto law, or the suppression of the liberty of the press, or abolition of trial by jury.

Would any Democrat have felt bound by it? I trow not. This ship subsidy is equally odious, for it taxes one man and gives the swag to another man.

The Homecroft Corner

Conducted By C. E. Roe.

Questions sent to Mr. Roe or to The Herald will be answered.

Gardener's Calendar.

Prepare soil for lawn and sow grass seed.

Spread manure and spade or plow garden.

Don't set trees or plant garden until the frost is out and the soil warms up.

Whenever the ground is dry enough to work, preparations for the lawn may begin. Deep spading will pay, and, after it is done, a liberal supply of well rotted stable manure should be thoroughly mixed with the top soil by raking. Be careful to have a thoroughly pulverized soil and an even surface before the seed is applied. A roller is a good thing for crushing the lumps and packing the soil, if available.

The seed may be sown broadcast by hand when there is no wind. Sow thickly enough to insure a heavy stand. After sowing the surface should be gently stirred with a garden rake unless the seed is applied just before a shower; and, by the way, this is the ideal time for planting grass seed. The action of the rain on the newly worked soil will cover the seed sufficiently and the moisture will insure quick germination.

Lawn grass mixtures are very uncertain, both as to freedom from foul seed and as to germinating power. The following mixture will make a good lawn if the seed is pure and fresh: Four parts Kentucky blue grass, 1 part red-top and 1 part white clover.

In locations where the garden is high and dry enough coarse manure may be applied now and thoroughly spaded under. In three or four weeks or just before planting, the ground should be respaded. By this process the manure becomes thoroughly incorporated with the soil and much better crops will result.

Don't Plant Too Early.

There is a tendency on the part of many people to do their planting too early in the spring. Don't do it. Few things can be planted safely until the soil becomes thoroughly warm. Even though seed may come eventually, the slow germination means a weakened vitality and unsatisfactory growth for the entire season. Invalid crops like invalid people need constant nursing, and results must be measured by vigor to achieve.

Tender bulbs which must be housed in the cellar receive a decided shock when planted in cold, damp ground. If a hard freeze follows their planting, the chances of loss are great. Even though such bulbs may not be lost through early planting, there is no real gain because growth will not start until the ground warms up.

Hardy plants and trees which are moved too early in the spring are apt to prove a failure. It is always something of a shock to move a plant and renewed signs of life should be manifest before the moving takes place. Then, too, the soil should be in proper condition to give immediate aid to the plant in its new environment. Cold or frozen soil cannot respond to the needs of the new plant.

When nursery stock arrives too early for planting in the open, place in a cool cellar and protect the roots with damp earth or straw. If this cannot be done, dig a trench in the garden and cover both roots and tops until it warms up. Nursery stock coming from farther South is often so far started that it is particularly sensitive to the change, and our frosty nights might prove disastrous.

SUE EXPRESS FIRMS FOR $15,000 DAMAGES

Philadelphia Merchants Say They Have Been Overcharged.

Philadelphia, April 21.—Alleging that they have been overcharged for years because of a misconstruction of the freight tariff rates, a number of large department stores in this city have brought suits in the United States district court for sums aggregating $15,000 against express companies doing an interstate business. Nineteen suits were filed by counsel for the stores, who declares that the weight of the packages sent by a consignor to one destination at the same time should be charged in the aggregate instead of by the individual package.

ROBERT HILLIARD WEDS RICH WOMAN.

Denver, Colo., April 21.—Robert Hilliard, the actor, here late yesterday married Mrs. Olga Williams, a daughter of James Everhard, a millionaire of New York. The bridegroom's son, Lieut. Robert Bell Hilliard, U. S. N., attended the wedding.

GETS OUT ON WRIT.

Alleged North Dakota Forger Raising Technicalities in New York.

Mott, N. D., April 21.—(Special to The Herald.)—The officials at Hudson, N. Y., took Dr. Davis, a veterinarian, in custody but he obtained his freedom through habeas corpus proceedings. He is charged with passing some forged checks here. Davis has served one term in the state prison, formerly having practiced in Mercer, Oliver and Morton counties, where he became involved in considerable trouble. He is being kept under surveillance and another effort will be made to bring him back.

MASONIC CONCLAVE.

Grand Commandery of North Dakota Is Meeting.

Fargo, N. D., April 21.—(Special to The Herald.)—The annual conclave of the Grand Commandery, Knights Templar, convened here this morning. The Sir Knights in uniform paraded from the temple to the hotel at which the grand commander was stopping and escorted him to the temple. At noon lunch was served by the ladies of the Eastern Star. Tonight there will be a grand ball. The movies of the last national meeting of the organization will be shown.

GEESE HUNTER KILLED.

Casselton, N. D., April 21.—(Special to The Herald.)—While hunting geese with a pistol near here, Oather Ellson, a farmer living near Amenia, accidentally shot and killed himself.

SPECIAL MEETING

Northeastern Minnesota Game & Fish Protective Association

Duluth Commercial Club, Wednesday, Ajril 22, 1914, 8 p. m., election of officers and other business.

BUT FEW STEEL RAILS IMPORTED

Importations of steel rails into this country have been smaller since the new tariff came into effect on Oct. 3 last than they were previously. In January only 200 tons were brought in, while in February there were no imports of heavy and only a few hundred tons of light rails were cleared.

The light imports of rails that have been in evidence for many years are partially explained in the fact that American railroads are now insisting upon their materials being rolled under very rigid specifications, and furthermore it is not considered good policy to place steel rail orders out of the country in view of the consideration that the iron and steel mills are the roads' best customers in the way of furnishing freight tonnage.

According to statistics, the production and consumption of steel rails has made remarkable strides in the United States during the last few years.

Last year 3,502,780 tons were produced, 3,052,635 tons consumed and 460,553 tons exported. Imports were only 10,408 tons. In 1903, 2,992,447 tons were produced, 3,017,195 tons consumed and only 30,837 tons exported, while imports came to 95,555 tons.

SHOLUND GETS ANOTHER STAY

Convicted Saloon Keeper Will Carry Case to District Court.

By giving notice of an appeal to be made in district court in the cases of Charles Sholund, saloon keeper at 101 East Michigan street, and his bartender, Henry C. Johnson, their attorney, Charles V. McCoy, yesterday afternoon succeeded in securing a thirty-day extension of the stay granted by the police court last month.

Sholund was arrested by the police on a charge of keeping his saloon open before hours and was found guilty and fine $100 or thirty days. He secured a stay and in the meantime, losing his saloon license at the hands of the city commission, obtained a writ of certiorari through his attorney, returnable in the state supreme court on April 7 last. The hearing was continued until next week.

When Sholund obtained a writ of certiorari in his efforts to fight the revocation of his saloon license, he opened his bar and did a thriving business for a day. The next morning his bartender, Henry Johnson, was arrested on a charge of keeping his saloon open without a license. Johnson was found guilty and fined $50 or thirty days. He also secured a stay of thirty days.

Yesterday afternoon the stay of Sholund expired, but on motion from his attorney an extension was granted. Sholund now plans to fight his case and that of his bartender in the higher tribunal.

MEXICANS DUCKED AT NOTRE DAME "U."

Washington, April 21.—Senor Algara, charge of the Mexican embassy here, was informed last night by a telegram from the Mexican vice consul at Indianapolis that eleven Mexican students at the University of Notre Dame at Notre Dame, Ind., were thrown into the river near there and badly treated by American students in the institution. The consul informed the charge he would take the matter up with the president of the university.

Denied By Prefect.

Notre Dame, Ind., April 21.—Rev. Joseph A. Burke, prefect of discipline at Notre Dame university, declares the report received by the charge of the Mexican embassy in Washington that Mexican students at the university had been thrown into the St. Joseph river near here by American students was untrue.

3,000 CATTLE DIE IN PEORIA FIRE.

Peoria, Ill., April 21.—Fire early last night swept over three blocks, destroying the cattle-feeding barns and a block of baled hay belonging to the Nelson-Morris company. Six thousand cattle were housed in the sheds and it is estimated that 3,000 of them burned. Loss, $400,000.

WANT HEARING ON "MOTHER" JONES CASE.

Denver, Colo., April 21.—Attorneys for "Mother" Mary Jones have requested the state supreme court to hear the habeas corpus case, notwithstanding that the aged strike-leader has been released. The court gave no ruling.

$1.98 FOR THIS $12 CYCLOPEDIA

INSTALLING A NEW UNIT

Power Company Is Making Good Progress on Addition to Plant.

Manager Says Settlers Will Not Suffer From Overflowed Lands.

Good progress is being made by the Great Northern Power company in the installing of its additional power generator unit at Thomson. The steel pipe is now being laid and the machinery is being installed by the contractors. It is expected the new plant will be in operation by Sept. 1, affording the company an additional 15,000-horse power, bringing its capacity up to 57,000-horse power. An outlay of $300,000 will be involved.

With reference to a communication in The Herald's Open Court to the effect that the building of the proposed new dam on the Cloquet river by the Great Northern Power company will result in raising the water of the river nine feet above the floor of the Rice Lake road bridge and inundate thousands of acres of land, W. N. Ryerson, manager of the company, said today that it is proposed to build a new bridge one and one-half miles above the present one.

His company, he averred, is buying up all the lands that will be affected by the dam, having taken over 8,085 acres from the Weyerhaeuser interests and considerable holdings from settlers. No loss, he pointed out, will therefore be incurred by anyone through the improvements being undertaken.

On account of the nature of the ground, it has been found necessary, Mr. Ryerson said, to change the plans of the new dam from a concrete to an earth-fill affair. The engineers are now on the spot preparing fresh specifications, and it is expected the work will be proceeded with shortly.

RELIEF FELT BY FRANCE

(Continued from page 1.)

fusing to recognize Gen. Huerta. The resulting intervention will put Pancho Villa in the position Huerta now occupies. This is not an attractive prospect, for Villa possesses in a higher degree every fault that President Wilson has found with Huerta."

The Liverpool Post says: "President Wilson's message was the inevitable culmination of the American policy in refusing to recognize Gen. Huerta. The responsibility of the United States cannot cease with a mere conquest under arms and the upholding of American dignity, nor can it be confined to the immediate protection of international commercial interests.

Further Responsibility.

"The further responsibility will devolve upon the United States of taking such steps as may be considered necessary for the permanent protection of those interests. That can only be done by establishing a form and personnel of government as will ensure the greatest degree of orderly life. The civilization of Mexico would have a beneficent influence throughout the world."

The Daily Telegraph says: "One of those great waves of national feeling which from time to time sweep away political dissensions among Americans has gone throughout the United States. There is no nation in the world more punctilious over the honor of its flag and it is merely just to Americans to say that if an insult had come from a more formidable aggressor the manifestation of the public resolve to have reparation would only have been stronger and more violent. There is, of course, no question as yet of war in the strict meaning of the term."

"Annexation or Protectorate."

The Globe says: "In the declaration that the military operations of the United States are being taken not against the people of Mexico but against Huerta, we have the root weakness of President Wilson's policy. He undertakes to say who does and who does not represent the Mexican people. That is a pretension to which there is no other issue than annexation or a protectorate, as valid as that now exercised over Cuba."

The Times, in an editorial on the Mexican crisis, says this morning:

"The crisis has come in a form, which, as sincere friends of the American people, we could have well wished different. Their justification for forcible interference in Mexican affairs is far stronger than the particular pretext upon which the president decided to abandon his policy of watchful waiting.

"It is questionable, however, how far the aspirations the president voices in his message can be realized, or the distinctions he mentions maintained in practice. The president's diplomacy has been lofty in air and spirit, but unfortunate in its results.

"It is not probable that Americans will care to rest their case for intervention on the failure of the various proposals submitted to the Mexican government by President Wilson during the past year."

The Daily News says: "It is only fair to President Wilson to recognize that he resorted to direct action only when the maladroit impudence of the dictator left him no alternative. But the fact that it has unwillingly been taken in his hands does not lessen the danger of the new weapon."

THIRTEEN KILLED IN FIGHT IN COLORADO COAL FIELDS

(Continued from page 1.)

flict during the forenoon.

The known dead:

PRIVATE A. MARTIN, Company A, Denver.

LOUIS TRIKAS, Greek strike leader.

Wounded:

Private Lewis Purcell, Colorado Springs.

Ammunition Lost in Fire.

The Luwlow tent colony presented a scene of death and desolation today, only four or five of the tents remaining standing. Soldiers declare that quantities of ammunition were exploded by the blaze that swept the tent colony during the night.

An unidentified man, driving a horse attached to a light buggy, dashed from the tents waving a white flag just after the fire started. When ordered to halt he is said to have opened fire with a revolver and was killed by a return volley from the militia.

Yesterday's battle centered about the big trestle of the Colorado & Southeastern railroad, and several dead were said to be lying along the tracks, behind which the strikers took refuge.

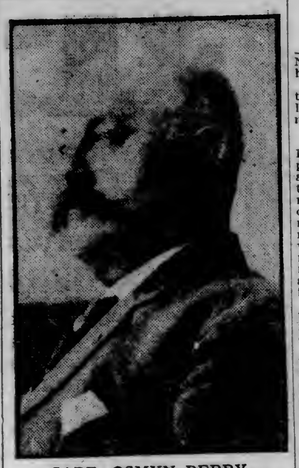

Throughout the day and intermittently during the night the fighting raged over an area of approximately three square miles, bounded on the west by Berwind and Hastings, on the east by Barnes station, on the north by the Ludlow tent colony, and on the south by Rameyvillo.

Wires Were Cut.

The battlefield was completely isolated by the cutting of telegraph and telephone wires.

The fighting began early yesterday when a militia detachment under

LOSES HIS LICENSE OWING TO COLLISION

CAPT. OSMYN BERRY.

Washington, April 21.—Capt. Osmyn Berry of the Merchants' & Miners' packet Nantucket, which rammed and sank the Old Dominion liner Monroe off the Virginia capes in January, with a loss of forty-one lives, has been found guilty of negligence and his license has been revoked. A board of steamboat inspectors at Philadelphia divided the responsibility for the disaster between Capt. Berry and Capt. Johnson of the Monroe. On appeal to Capt. Seeley, the inspector commanding, Capt. Berry has been held guilty alone.

Capt. Seeley's decision holds that the Nantucket might have seen the Monroe nearly a mile away; that the Nantucket heard the Monroe's whistles, and that Capt. Berry might have avoided the collision.

Lieut. Linderfelt started to investigate the cause of firing near Cedar hill. As the day progressed word of the clash reached officials and a relief expedition consisting of fifty members of the newly organized Trinidad militia company was sent to the scene on a special train manned by J. H. Abrams, superintendent of the Colorado & Southeastern, with Master Mechanic Roach as engineer and Dispatcher Willis as fireman.

They detrained south of Ludlow, and came upon the strikers barricaded in the pumping station. As dusk closed in the strikers retreated along a gully back of the blazing tent colony, followed by the militia who swept the valley with machine guns.

Sent for Ammunition.

Maj. P. J. Hamrock spent the night strengthening the position of his men. A request was sent to Denver for additional supplies of ammunition.

With the arrival of Walsenburg and Lamar militia today, Maj. Hamrock had approximately 175 men opposed to strikers variously estimated at from 400 to 800.

NEW YORK AND TEXAS READY

(Continued from page 1.)

ceeded to California City to take on coal preparatory to departing for Mexican waters.

About 500 marines from the Mare Island navy yard also will be taken aboard the South Dakota, which will bring 260 marines from the North.

Troops Not Needed Yet.

Washington, April 21.—War department officials said today there was nothing to indicate necessity for immediate orders for the movement of troops. No unusual alarm is reflected in border distatches over anti-American outbreaks, but such communications as came in from frontier towns were forwarded to Brig. Gen. Bliss, commanding the border patrol.

Secretary Bryan said he was in uninterrupted correspondence with Charge O'Shaughnessy in Mexico City. He gave no intimation as to the nature of the exchanges, although he said he had heard nothing concerning possible presentation of the American charge with his passports.

The flotilla of fourteen torpedo boat destroyers under escort of the scout cruiser Birmingham and the tender Dixie sailed from Pensacola yesterday for Vera Cruz. The destroyers in the squadron were the Henley, Drayton, McCall, Warrington, Paulding, Ammen, Burrows, Patterson, Trippe, Fanning, Beale, Jarvis, Jenkins and Jouett.

Marines Leave San Francisco.

San Francisco, Cal., April 21.—Commanded by Capt. William Henry Pritchett, recently arrived from the Seattle recruiting station, 300 marines left Mare Island navy yard today for Galveston, Texas, on board the collier Jupiter, which will take them as far as the advance base at San Diego.

Fifth Brigade Ready to Sail.

Galveston, Texas, April 21.—Troops of the Fifth brigade, U. S. A., under command of Col. Daniel Cornman, were ready today to go aboard the four army transports here, at a moment's notice.

The brigade, which is composed of the Fourth, Seventh, Nineteenth and Twenty-eighth infantry, will be reinforced by the Sixth cavalry, one battery of the Fourth field artillery, E. company of engineers; D. company signal corps, and an ambulance corps. The full brigade numbers approximately 4,700 officers and men.

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More

A Physician's Advice.

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving fat-producing elements known to the medical profession. Taken with meals it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by the Boyce Drug store and other good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.

U. S. ADMIRAL ORDERED TO SEIZE VERA CRUZ CUSTOM HOUSES

(Continued from page 1.)

Neither will it be accepted by the house leaders, it was stated.

The house resolution as amended by the foreign relations committee was laid before the senate soon after it met at noon.

President Approves Changes.

It was made plain at the White House by Secretary Tumulty that the president approved the resolution as amended by the senate foreign relations committee; that the president did not wish to individualize Huerta because of any personal resentment, but merely to differentiate him from the remainder of the Mexican people with whom the United States has no quarrel. The new resolution instead of referring to Huerta by name, is aimed at "the de facto government in Mexico City."

President Wilson opposed making the resolution too broad for fear that it might be construed as a declaration of war.

The language of the amended resolution adopted by the senate foreign relations committee is satisfactory to the president because it specifically disclaims any purpose of making war on Mexico. The administration expects the house to accept it promptly.

Works Should Back Down.

A new resolution, to accept the apologies already offered by Huerta as "sufficient reparation" for the Tampico incident, was introduced by Senator Works, Republican.

Secretary Daniels left the cabinet meeting at 12:20 o'clock. He was asked about the orders to Admiral Fletcher.

"It would be very unwise for me to say anything at this time," was his reply.

Senator Lodge opened the debate.

"In a situation of high seriousness, such as now confronts congress, it is well to remember the responsibility of the senate," he began. "The power to declare war rests, under the Constitution, with the congress.

Lodge Recalls Deaths.

"When the president lays an international controversy before congress he takes the last step that precedes war," continued Mr. Lodge. "The president might have taken further steps, but he had come to the body which alone has power to declare war. I think he has done well."

Senator Lodge resented any imputation that the Republicans were "lacking in proper regard for the honor of the flag."

"But we must also think of that which the flag covers—the citizens of the United States" he said. "One hundred and fifty American citizens have perished on Mexican soil. I cannot, in demanding atonement for the insult at Tampico, overlook these outrages. I cannot pass these murders silently by, without saying that here is a greater wrong to be atoned, and a wrong which must not be and shall not be repeated.

Would Not Choose Faction.

"I cannot be put in a position where I appear to pick and choose between the factions that today tear Mexico asunder. I cannot join in a resolution that puts the United States in a position of preferring one murderer and cutthroat above another murderer and cutthroat."

The cabinet meeting broke up while the senate debate was on and Secretary Tumulty and some of the cabinet members hurried to the senate chamber to hear the speeches.

"Nothing new in the situation," was the way Postmaster General Burleson put it.

Senator Williams asked how long it took congress to pass the Spanish war resolution. Senator La Follette replied that congress took from April 11 to April 19 to pass the resolution in 1898.

Representatives Present.

Members of the house filed into the senate chamber and crowded the rear of the hall. Majority Leader Underwood took a seat on the Democratic side.

Senator Lodge took up the pending resolution.

"This resolution uses the word 'justify' instead of 'authorize,'" he said. "The result will be the same. This resolution does not contemplate the declaration of war. The president, in his message, disclaimed any hostility toward the Mexican people. But this resolution carries with it armed intervention.

"The consequences of armed intervention are in many respects precisely the same as war. But they present a task less capable of speedy completion; less fertile in speedy glory of victories won, and may bring a long period of the exercise of what would be the police power in a foreign country, involving vast expenditures, great loss of life, perhaps, and after months and possibly years, possibly only the satisfaction of feeling that we had brought back peace and order and liberty to a distracted country."

The Tampico Incident.

Reviewing the Tampico incident, Senator Lodge continued:

"There is no doubt in my mind that that incident at Tampico constituted an insult to the American flag and the American uniform. No nation can allow such an insult to pass unnoticed. It is the duty to seek proper atonement and reparation. The form of such atonement is universally recognized. It is a salute to the flag of the offended nation. But that salute is a governmental action. All party lines disappear in the demands for amends for such an insult and we all stand behind the president's demand for atonement."

"I have no desire to criticize President Wilson," said Senator Lodge, "for his failure to recognize Gen. Huerta. He no doubt proceeded on grounds appearing to him as sufficient. I condemn as strongly as I can the methods of treachery and bloodshed by which Huerta reached his present position.

Would Not Support Villa.

"But the fact that I condemn his methods does not lead me to put myself in a position which, by distortion of the acts which we take here or of the words which we utter here, would put me behind Villa—Villa who began life as a hired assassin and whose pathway had been marked with bloodshed, rapine, plunder and unnamable crimes which are a disgrace to the country in which we live.

"It is for that reason that the minority of the committee on foreign relations has presented the substitute for the preamble of the resolution. No one sentence can be denied. Each is a melancholy truth."

The senator added that the first act under the resolution would be the taking of Vera Cruz.

Taking Historic Action.

"We are engaged at this moment," he declared, lowering his voice emotionally, "not only in dealing with a question involving the gravest responsibilities that can confront the congress, but as not often happens, we are participating in a great historic action. The grounds of our action here today will lie before the world and will come to the tribunal of history. If we are to intervene in Mexico at any point, I want to lift it up from the level of personal hostilities, and place it on the broad ground of great national action, taken in the interest and for the protection of American lives in a foreign country, and for the purpose also of restoring peace and order, if we can."

Senator Shively, acting chairman of the foreign relations committee, declared the pending resolution "of paramount importance."

Shively Denies Parallel.

"The attempted parallel between the present proceedings and the proceedings leading up to the declaration of war on Spain is futile," he said. "It never is too late to declare war, it may easily become too late to secure peace. That action was a declaration of war. This resolution is a good faith effort to preserve peace."

He said the president had not asked congress for authority, because he did not wish to pursue war. Mr. Shively contended the Lodge preamble would have no result but war.

"Expedition here is vital," said Senator Shively emphatically. "Because this is an effort to preserve peace."

"Would the seizure of Vera Cruz by force be an act of peace or an act of war?" asked Senator Brandegee.

"It would not be an act of war," said Senator Shively; "it would be an act of reprisal. On many occasions has the United States landed forces and seized property and no war has ensued."

The True Complaint.

Senator Shively insisted the true complaint was of acts, not assaults on private persons or property, but acts that had all the evidence of being meant as insults to the United States government and meant to impeach the power and sovereignty of the land of the Stars and Stripes.

"It was a plain, deliberate assault on our uniform, on all our navy stands for," said Senator Shively, referring to the Tampico incident.

"The situation in Mexico is bad enough. No one will dispute that. But here we are engaged in an effort to avoid going further than is necessary, and at the same time endeavoring to impress upon those in authority that the dignity of the United States must be respected."

FOUND HIS WIFE ON ANOTHER MAN'S LAP

Husband Beats Up the Man and Is Acquitted of Assault.

Chicago, April 21.—James McVittie, president of a plating company, was found not guilty by a jury today of attempting to kill Albert G. D. Mercer, business manager of a society magazine.

According to testimony at the trial, McVittie found Mercer in his office with Mrs. McVittie on his lap. McVittie knocked Mercer down, breaking his arm and inflicting other injuries.

URUGUAY WILLING TO SIGN TREATY.

Washington, April 21.—Uruguay's willingness to sign a peace treaty with the United States along the lines of those signed by Secretary Bryan with many other nations was communicated to Mr. Bryan today by Dr. De Pena, Uruguayan minister in Washington.

MAKES FLESH AND STRENGTH

Father John's Medicine contains the exact kind of nourishment needed by those who have lung troubles and are weak and run down.

Father John's Medicine is for sale in Duluth by William A. Abbett, 205 West Superior street, 101 West Fourth street, 932 East Second street, also Boyce Drug store, 331 West Superior street; Wirth Drug Store, 13 West Superior street, and practically all other drug stores in the city. ROTARIANS TALK FLYING

Appoint Committee on Proposed Duluth to San Francisco Flight.

At the regular meeting of the Rotary club, held last evening at the Elks' club, not much business was done, the evening being spent in a social way for the most part, but important action was taken in regard to the proposed all-water flight to San Francisco next summer in an aerial yacht by Murrell Ellis of Duluth. This matter was brought to the attention of the club by E. J. Filiatrault, the promoter of the trip, and was quite thoroughly discussed.

The members of the club were very enthusiastic and believe they can see in it the best of publicity for Duluth. It was decided to appoint a committee to investigate the matter more fully, and to work with such other committees as may be appointed to work on the plan.

Mr. Ellis' proposal is to take the aerial yacht from Duluth, down the Great Lakes—in the air, of course—along the St. Lawrence river, down the Atlantic coast, over the gulf of Mexico, sail over the Panama canal, thence up the Pacific coast to the Panama-Pacific exposition at San Francisco. The flight will be made for the express purpose of advertising Duluth, both by its novelty and by the opportunity to distribute literature pertaining to Duluth and Northern Minnesota.

Among the features of the social part of the evening were some stories by the inimitable Ike Black, who had a flock of new ones and kept his auditors in a roar from the time he started until he finished his "stunt."

One of the most interesting announcements of the evening was that received from the Chronicle of Houston, Tex., where the next national meeting of the Rotarians will be held. A short time ago the Chronicle offered a prize for the best article on the subject "Why a Business Man Should Attend the Convention at Houston." Scores entered the contest, but the paper awarded the prize to Charles H. Mackintosh, advertising manager of the Clyde Iron works of Duluth, and publicity man for the Duluth Rotary club. The prize, which is a handsome mahogany clock, valued at $100, Mr. Mackintosh announced, he will present to the club.

Dinner preceded the business and social meeting. Not much was done in the way of business, as that part of the business prior to the national convention had been well cleaned up a week before.

JOHN SULLIVAN IS SUMMONED

Passes Away at His Son's Home After Long Illness.

John Sullivan of Towanda, Pa., died this morning at 1028 East First street, the residence of his son, Francis W. Sullivan, with whom he has lived since his health began to fail, nearly three years ago. He was 72 years of age. Death was due to hardening of the arteries.

The funeral will be held on Thursday morning, with mass at 9 o'clock, at Sacred Heart cathedral. Interment will be made in Calvary cemetery.

Railroads

PLEASED WITH LINE.

Midland Continental Officials Like Showing Made By Road.

Jamestown, N. D., April 21.—(Special to The Herald.)—Officials of the Midland Continental railroad, including a large number of the state members of the organization, met here yesterday. They inspected the line, and declared themselves well satisfied with the progress that is being made, and with the business.

Plans for construction work during the coming year were discussed, but not completed.

SOO LINE TO BUILD.

Extension to Berthold Indian Reservation Is Now Assured.

New England, N. D., April 21.—(Special to The Herald.)—Fifty men and teams are at work on the extension of the Milwaukee line from this point to Amidon, which is expected this summer. Amidon was named after the Federal judge in Fargo, and is the location for the proposed county seat of the new county to be created by a further division of Billings.

MILWAUKEE LINE TO BE EXTENDED.

Ryder, N. D., April 21.—(Special to The Herald.)—Settlers on the Berthold reservation are once more assured of the construction of the Soo road across that section this summer.

A letter to Editor Larin of The Ruder Journal, who is secretary of the development association for the reservation, from G. W. Webster of the office of President Pennington of the Soo says: "We expect our plans will be carried out, unless something unforseen transpires, and that we will get the line to the river this year.

How to Quickly Beautify the Face

Yaleska Suratt's Remarkable Secret for Giving an Exquisite Complexion, Also for Dissolving Away Superfluous Hair Almost Magically, as Recommended by Her in the Boston American.

"You can acquire at a startlingly small cost and for very little trouble beauty even more transcendent than she who has 'fooled and fiddled' for years at her dressing table with the ordinary low-powdered creams sold in the stores.

"These formulas you can mix yourself at home in a few minutes, and for only a few cents you can have a quantity far greater than you would get of any of the prepared articles sold at many times the price.

"Here is the formula which makes the exquisite, satiny skin beautifier which has never had a rival for quick, splendid results. Mix two tablespoonfuls of glycerine and one ounce of zintone in a pint of hot water. It will form a cream. When cool it is ready to use. The zintone will cost no more than 50 cents at the drug store. This cream should be used very liberally every day. It will remove every spot, freckle and blemish, giving the skin a marvelous purity and freshness."

• • • "Hair on the upper lip, and for that matter, on any part of the face, arms, shoulders, armpits, and even on the tenderest skin, may be positively removed by the use of simple sulfo solution. This does not burn off the hair and leave a burn or red spot as other hair removers almost invariably do, but simply dissolves away the hair. Simple sulfo solution can be obtained at drug stores for one dollar."

The Mind Expands As Health Returns

Quick Improvement Is Noticeable When Proper Aid to Nutrition Is Given.

LUCILE McBROOM.

A low state of the general health is now the accepted cause of backwardness in children. So in the case of a backward child it is best to look towards building up its health. It will usually be found that the main trouble is in the food, in lack of assimilation and digestion. Hence care should be taken in the kind of food given to the child. This, with plenty of air and exercise, should bring about a change for the better.

Watch the condition of the bowels, to note whether the waste is being passed off or not, or whether it is being passed too freely. If either condition prevails give a small dose of that gentlest of all laxative-tonics, Dr. Caldwell's Syrup Pepsin. Thousands of mothers will testify to the wonders it has wrought in the lives of their own children, and for that reason legions of families like those of Mrs. Daisy McBroom, Hillsboro, Ind., are never without it in the house. She is the mother of Lucile and has been using Dr. Caldwell's Syrup Pepsin for Lucile since she was two. Mrs. McBroom says it saved Lucile's life. It is the standard family medicine in the McBroom home.

It is pleasant to the taste and so perfectly safe that it is given to infants, and yet is equally effective for grown people. All druggists sell it and the price is only fifty cents and one dollar a bottle, the latter for families who need it regularly.

Dr. Caldwell's Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, headaches, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable and should never be given to children.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

A Real Bargain

in a whole complete new household outfit of high grade furniture at a snap. This includes a beautiful new piano. Our lease expires by the 27th. Come today, 2 to 4 p. m.; 7 to 9 p. m.

1426 East First St.

PROVIDES FOR VOLUNTEERS

House Bill Passed the Senate With Some Amendments.

Authors Say It Would Expedite Raising of Troops.

Washington, April 21.—Prompt organization of a volunteer army for service in Mexico or in any other crisis, would be provided for in a house bill passed yesterday by the senate, with amendments. Sending of the measure to conference was delayed by a motion by Senator Reed to reconsider the vote, but senate leaders said the motion probably would be disposed of today.

The bill would revise the law under which a volunteer force was organized for the Spanish-American war in 1898. Its authors claim that a volunteer force could be raised more quickly than under the existing laws; that it would prevent the payment of bounties; would do away with a short term of enlistment by making the terms of volunteers the same as those in the regular army; would produce the necessary number of men at the beginning of the war for a long period, thus making drafting unnecessary, and would decrease the pension list after the war.

Training Service Provided.

Unlike the present law, the bill would provide for the recruiting of all organizations of land forces. This would include a training service, to which duty partially disabled officers would be assigned when superseded by able-bodied men at the front.

Another change in the existing law would give the president, instead of the governors of the states, the authority to appoint all officers of the volunteer forces, requiring him to give preference in their selection to those who have had military training and instruction in the regular army, National Guard, volunteer forces or military schools.

Instead of the volunteer forces waiting to be called into service until all the organized militia of all arms has been called, it would permit the organization of volunteers of a particular arm as soon as the militia of that particular arm had been put into service.

Another provision is that the number and grade of officers should be the same in the volunteer forces as in the regular army.

Militia 120,000 Strong.

The present strength of the organized militia, including officers and men, is approximately 126,000, according to the latest returns from adjutants general of the different states to the war department. These civilian soldiers divided, include:

Illinois, 5,941; Iowa, 2,981; Michigan, 2,750; Minnesota, 2,942; North Dakota, 629; South Dakota, 679; Wisconsin, 2,983.

OFFERS WOODMEN FOR MEXICO SERVICE.

Omaha, Neb., April 21.—W. A. Fraser, sovereign commander of the Woodmen of the World, has tendered to the government a number of regiments fully organized and drilled for service against Mexico, should it be found necessary to send an invading army into that country.

In his telegram, sent to United States Senator Morris Sheppard, Mr. Fraser said there is now ready near the Texas border a full regiment, fully uniformed and drilled, and requests that it be given first duty across the border in the event of invasion. The regiment is under command of a captain of the United States army. The telegram closes:

"As chief of the uniform rank of the Woodmen of the World, I hereby tender to the United States government through you as many regiments as can be mobilized. While hoping war with Mexico may be averted, in the event war is declared, would like for Texas regiment to be first to cross the Rio Grande to wipe out insult to our flag.

W. A. FRASER,
General Commanding."

MEXICAN BEATEN IN TUCSON PLAZA.

Tucson, Ariz., April 21.—A Mexican who went to the Plaza yesterday to shout "viva Huerta" was sat upon and beaten until the police interfered. There was no other disturbance.

The Home Beauty Parlor

By Betty Dean

Mrs. A. T. B.: You are not shampooing often enough and may not use the best shampoo. Try my favorite, which is canthrox—just dissolve a teaspoonful in a cup of hot water and rub briskly as you pour it on the hair and scalp. This makes an abundance of rich, cleansing lather that is very soothing to tender, itchy scalps. Rinsing leaves the scalp immaculately clean, and each strand of hair will be soft, shimmery and full of health. Canthrox shampoos are splendid for correcting unnatural conditions, such as excessive oiliness, dryness or profuse dandruff. I like its drying qualities, too.

Mrs. G.: The symptoms you describe, pains and aches in the limbs and small of back, loss of appetite, lack of strength and ambition are danger signals—warnings your blood is laden with poisons which will cause serious sickness if not eliminated from the system. The kardene tonic of grandmother's day is excellent to use and can be prepared at home at little cost by dissolving ½ cupful sugar and 1 ounce kardene (which you can get at your drug store), in ½ pint alcohol (not whisky), to which is then added hot water to make a full quart. A tablespoonful before meals is the dose. The timely use of this tonic frequently saves serious ills.

Mazie: Yes, you can cure your weak, watery eyes with a soothing, healing, strengthening eye tonic which can be made at little cost by dissolving an ounce of crystos in 1 pint clear water. If you will put 2 or 3 drops in each eye daily, it will relieve the inflammation and soreness and reduce swelling. This crystos tonic is especially fine to make the eyes sparkle and give them expression.

Society Girl: Here is that weight-reducing treatment which she told you would work without danger or inconvenience: Put 4 ounces parnotis (which you can obtain at any drug store), in 1½ pints hot water. Strain when cold, take 1 tablespoonful before meals. Keep up treatment until weight is sufficiently reduced. Parnotis is gentle in action and positive in results and leaves the flesh and skin firm and smooth.

Girlie: It is easy to make an inexpensive hair tonic at home by mixing 1 ounce quinzoin with ½ pint alcohol, then adding ½ pint water. The scalp should be massaged once or twice a week with this quinzoin tonic. Its regular use will quickly banish the dry, scaly condition and correct excessive oiliness, and when this is done the natural color and silky softness returns and the hair will grow in long and thick and have a beautiful sheen.

Marge: Friends tell me I have every reason to be proud of my complexion, which is the result of discarding powder and using spurmax lotion. This is inexpensive and easily made at home—I just dissolve 4 ounces spurmax in ½ pint witch hazel or hot water, then add 2 teaspoonfuls glycerine, and it is ready. I apply this lotion sparingly and rub lightly for a moment until it dries and seems to become a part of the skin, to which it gives a velvety smoothness and refined color that is delightful.

O. T.: The wrinkles of which you speak will soon vanish if you apply almozoin cream-jelly and massage the long way of the creases. This simple treatment tends to vivify the dormant tissues, causing the creases or lines to fill out. To prepare the cream-jelly, put 1 ounce almozoin (which you can get at your drug store) in ½ pint water and add 2 teaspoonfuls glycerine. Let remain over night before using. As a skin-cleanser and beautifier this greaseless cream-jelly is not equaled.

HOUSE VOTES TO UPHOLD THE PRESIDENT, 337 TO 37

Spirited Two-Hour Debate Precedes Adoption of the Resolution.

Anderson, Davis, Steenerson, Stevens and Volstead Oppose It.

Washington, April 21.—After a spirited debate of more than two hours, the house last night passed the administration resolution, approving President Wilson's purpose to use the armed forces of the nation to obtain from Gen. Huerta the fullest recognition of the honor and dignity of the United States.

The vote was 337 to 37. The resolution was passed at 9:25 and went to the senate.

Those who voted against the resolution in the house were:

Democrats—George, Kindel, Sisson, Stephens of Mississippi, and Witherspoon—5.

Republicans—Ainey, **Anderson,** Anthony, Bartholdt, Britten, Butler, Campbell, **Davis,** Fordney, French, Gardner, Gillette, Good, Hayes, Howell, Johnson of Utah, Johnson of Washington, Kahn, Langham, La Follette, Madden, Mann, Mondell, Platt, Sells, **Steenerson, Stevens** of Minnesota, **Volstead, Woods**—29.

Progressives—Bell of California, Temple—2.

Independent—Kent—1.

Representative Flood opened the debate in favor of the resolution after the adoption of a rule to limit debate.

Not Declaration of War.

"In his lucid manner, the president today demonstrated the necessity of some action to resent insults to the United States flag by Huerta," he said. "This is not a declaration of war. This is only a step that he has taken now to prevent war. It has been carefully drawn to prevent war."

"Would it give the president the right to blockade the ports of Mexico?" asked Representative Gillette.

"Yes," said Mr. Flood.

"Isn't that an act of war?" asked Mr. Gillette.

Representative Flood said that the blockade he had in mind contemplated simply the preventing of the delivery of cargoes to the de facto government in Mexico. He said that the resolution conferred practically no authority on the president that he did not already have.

Representative Harrison of Mississippi, Democratic member of the foreign affairs committee, declared that the American people approved the president's course.

Mondell in Opposition.

Representative Mondell of Wyoming, Republican, arraigned the president's policy and denounced the Constitutionalists as "murderous robbing brigands."

He declared the administration had accepted "miserable and humiliating" replies from Villa and Carranza to its demands. "During all this time," he added, "the Huerta administration has been preserving order and its conduct toward this government has been perfect."

Representative Stephen of Mississippi was the first Democrat to speak against the resolution. He said the resolution was a declaration of war and that he did not believe the "president had made a sufficient case to justify us in declaring war."

As the debate drew to a close the house became restless, applause became boisterous and speakers frequently were interrupted by shouts of "vote, vote."

The crowded galleries joined in the spirit of restlessness and Speaker Clark had considerable difficulty in suppressing disorder.

Mann Closed Opposition.

Closing debate against the resolution, Minority Leader Mann declared that he was opposed to war because he had "served in this house through one war."

"I have seen the results of the Spanish war," he said, "and I have seen that no one can foretell the results of war. I do not believe it is possible for us to have war with Mexico and ever leave Mexico. I think that when our troops land in Mexico City when the war is over we will own Mexico. I am not now in favor of acquiring the responsibility for that ownership. I know that when the time comes I will join with a majority in this house who will say the flag must never come down."

Representative Henry concluded the debate in support of the resolution.

Would Seize Cargoes Landed.

The debate in the house brought out the fact that while the American navy probably would block Mexico off from commerce with the United States, it would not interfere with the passage to and fro of foreign vessels, though cargoes discharged on the shore might be held at the customs houses if they were occupied by American forces.

The joint resolution passed by the house read as follows:

"A joint resolution justifying the employment of the armed forces of the United States in enforcing certain demands against Victoriano Huerta.

"Resolved by the senate and house of representatives in congress assembled, that the president of the United States is justified in the employment of armed forces of the United States to enforce the demands upon Victoriano Huerta for unequivocal amends to the government of the United States for affronts and indignities committed against this government by Gen. Huerta and his representatives."

Objected to Phraseology.

During the evening there were informal conferences of Democrats and Republicans, and opposition to the phraseology of the resolution was apparent. Many senators, among them a few Democrats, objected to singling out Gen. Huerta as an individual, and wanted to amend the resolution to direct it against the de facto government in Mexico City. Others wanted to make the resolution broad enough to cover Mexico generally.

It was said that one of the reasons the White House was insistent on individualizing Huerta in the resolution was to prevent the Constitutionalists from misinterpreting present movements as threatening hostilities against them or the Mexican people generally.

With the announcement earlier that the battleships Virginia, Nebraska and Georgia of the Third division had been ordered from Boston to Tampico, it was believed the final orders had been given for the movement of ships on the Atlantic side of the continent.

Huerta Contradicts Maya.

The receipt late last night of the statement dictated by Gen. Huerta to the Associated Press, saying there was no American flag in the Dolphin's whaleboat, brought out informal comment from navy department officials, who asserted that Rear Admiral Mayo had reported the boat as flying the colors of the United States at both bow and stern. In any event the American government considers the arrest of the bluejackets in uniform unwarranted.

Dispatches from Mexico City quoted Huerta, replying to queries from the newspapers, as saying:

"Mexico awaits with tranquility the development of events growing out of the controversy with the United States, and in the remote case of friction between the countries, the people of the republic will bear no animosity toward the people of the United States, whose neighbors they are."

WOMEN GO ABOARD REFUGE SHIPS.

Vera Cruz, April 21.—In compliance with Consul Canada's suggestion, made on instructions from Washington, many women have taken up their quarters on the steamers Mexico and Esperanza. The Americans residing here number not more than thirty or forty, but yesterday morning there were about 200 Americans in Vera Cruz. The largest foreign colony is Spanish.

The consuls have all been notified by Mr. Canada that he has been instructed to care for all nationalities as far as possible, and the consular representative of the other powers called upon him to obtain directions for transmission of their nationals.

There is a surprising lack of uneasiness generally among Mexicans here. While uncommunicative, they appear to be little perturbed at the developments, and there have been no acts of violence towards Americans nor even discourteous remarks or acts.

"SUPPORT WILSON," ADVISES UNCLE JOE.

New York, April 21.—"Whether President Wilson's decision with regard to Mexico is wise or not, the country should support him," said Former Speaker of the House Cannon, who arrived here yesterday from Bermuda. "The president is entirely competent to act. Whether his course has been a failure or not, whether his present decision is wise or not, I believe that congress should now support him. And whether his decision is wise or not, I hold that the country should support him and will support him. For the country is not a divided one, but united."

FEDERAL OFFICERS CHEER FOR HUERTA.

Eagle Pass, Tex., April 21.—Federal officers in Pedras Negras met at headquarters and repeatedly cheered Huerta for his refusal to order a salute to the flag of the United States. The military band paraded the streets and bulletins were posted announcing that Huerta had called the Yankee bluff.

The Constitutionalist junta in Eagle Pass meanwhile met here and passed resolutions of regret at the action of Huerta. The Tampico incident, they declared, was a deliberate act intended to cause intervention and prevent the victory of the Constitutionalists. Members of the junta stated that even if the United States intervenes, the Constitutionalists will, under no conditions, aid Huerta, but will preserve a neutral attitude.

CAN USE PANAMA CANAL IN A PINCH.

Panama, April 21.—Only in case of urgent necessity may battleships use the Panama canal in proceeding to the blockade of the Mexican Pacific ports. This was made plain by Governor Goethals, who declared that if the United States insisted he could speed up the work on the Cucaracha slide in order to obtain a forty-five-foot channel. He could, he said, also demolish the Empire bridge across the canal, and tear out the railway trestle at Paraiso.

It is understood the secretary of the navy had requested information relative to the passage of warships.

OFFERS MEN TO RUN TRAINS IN MEXICO.

Chicago, April 21.—An offer of locomotive engineers to man trains in Mexico was telegraphed to President Wilson and to the secretary of war from temporary headquarters here of the Brotherhood of Locomotive Engineers. The telegram read:

"Woodrow Wilson, President of the United States: The Brotherhood of Locomotive Engineers stands ready to furnish locomotive engineers to handle all troop trains that may be needed in Mexico. These men are thoroughly familiar with Mexico and know every foot of railroad there. They, like the rest of us, are Americans, and may be relied upon. WARREN F. STONE,
"Grand Chief Engineer."

ESTIMATE HUERTA HAS 40,000 IN ARMY.

Washington, April 21.—Estimates at the war department put the armed forces of the Huerta government in Mexico at about 40,000, well scattered throughout the country. According to the department's figures there are 6,000 troops in Mexico City; about 6,000 around Saltilo, south of Torreon; 2,500 in the state of Sonora; 2,000 in Sinaloa; 800 in Tepic; 6,000 in Jalisco; 1,100 in Colima; 4,500 in Zecatas; 1,250 in Guerrero, and scattering bands in the other southern provinces.

On the east coast there are said to be about 1,500 in Nuevo Laredo, about 2,500 in San Luis Potosi, 4,100 in Vera Cruz, about 1,000 in Puebla, and 800 in Morelos.

RED CROSS HAS 4,500 NURSES ENROLLED.

Washington, April 21.—The American Red Cross has 4,500 nurses enrolled and ready for service with the forces in Mexico, according to a statement by Miss Mabel T. Boardman. Miss Boardman said that a meeting of the Red Cross war relief board probably will be called by its chairman, Surgeon General Gorgas of the army. She added that one of the first moves, in event of war, would be the establishment of reserve hospitals for sick and wounded on the Gulf, Atlantic and Pacific coasts. Hospital ships for the army and navy are also contemplated.

The Red Cross expects to appeal to chambers of commerce and civic organizations for support of its hospitals and ships.

AMERICANS CLEARED OF MEXICAN MURDER.

Washington, April 21.—State department reports say that the Americans Farias and Boyless, held at Piedras Negras in connection with the murder of two Federal Mexican soldiers, have established their innocence. Boyless, however, will be placed under bond to appear as a witness.

William Byrd, another American held by Mexican Federal authorities in Mexico City, has been released, and is understood now to be in Vera Cruz.

GERMAN PAPER DENOUNCES U. S.

Berlin, April 21.—The Post this morning closes a bitter anti-American editorial as follows:

"Germany has no reason to desire an American victory. The American colossus would thereby grow still more gigantic and become more dangerous for us economically than it already is."

SITUATION IN MONGOLIA

Little Left of the Empire Erected By Ghenghis Khan.

Mongol Nation Will Founder Without Russia and China's Aid.

New York, April 21.—The Asiatic institute of this city has made public the first of a series of reports from W. W. Rockhill, former United States minister to China, and more recently ambassador to Russia and later to Turkey, on the situation in Mongolia. In behalf of the Asiatic institute Mr. Rockhill recently penetrated the regions where the once powerful Mongol race has been trying to maintain its independence from the new republic of China.

The last limits and boundaries of this race, which seven centuries ago conquered nearly the whole of Asia and part of Europe have begun to disappear, says Mr. Rockhill, in the crucible formed by Japan and China on the one side and Russia on the other. The naive, guillible descendants of the Mongol conquerors are no match for the canny Chinese trader from the south, and the imperially escorted Russian manufacturer from the north, who have undermined and transformed all of this country's relations and conditions.

The Buriat Mongols.

"Seven hundred thousand rather dull people is the existing remnant of the Mongol empire," he says. The Buriat Mongols, believed to be of the same tribe as Genghis Khan, that great conqueror who left to his sons in 1227 an empire which stretched from the China Sea to the Dnieper, are under Russian domain in Southern Siberia, the birthplace of Genghis Khan, but the land of the Tartar nation that was his, is that included in the Outer Magnolia, which declared independence from China during the revolutionary rebellion in China in 1912. It is known as the land of the Khalkas.

This newly created state defines the spot where all that remains of ancient Tartary is to survive or perish, says Mr. Rockhill. Here is all that is left of perhaps the most wonderful empire of all time, that erected on horseback by Ghenghis Khan.

Outer Mongolia's aspiration to stand alone is altogether dependent on the adjoining powers, says Mr. Rockhill.

"They know their helplessness, and that for the present their fate is sealed." In his opinion the Mongol nation will founder completely without the co-operation of Russia and China. Its only hope of existence is in being a "buffer state" and becoming the head of that necklace of smaller unadvanced vassal nations bordering the present-day great Asiatic empires. As such, if it succeeds, he says, it will be as a "damp course" between the power magazine of Russia, Japan and China.

"Except for the use of things brought them by the Chinese, without whom they would go unclad and half starve, the Mongols remain as originally known to us in the middle of the thirteenth century," he adds.

Assets Are Small.

Outer Mongolia's assets with which to begin modern statehood are small. It has one gold mine to tax, and its chief trade is through Russian Kiachta on the northern boundary, where exports in 1911 were valued at $2,500,000. Imports from Russia at $615,000 and from China $1,485,000. The only other trade mentioned is that of $1,000,000 material through Kobdo in the west. This is the Mongol empire's status in the scale of the moderns.

This is the first expedition of travel and investigation in his particular field of Middle and East Africa, which Mr. Rockhill has embarked on since his expedition into Tibet when he discovered the great geographical features of the region east of Lhasa and the existence of, until then, unknown Islam colonies.

Mr. Rockhill started on his present trip in September, 1913, from Constantinople. He went eastward through Central Asia and reached first the land of the Buriat Mongols. Mrs. Rockhill accompanied him, crossing into Outer Mongolia by the four wheeled boat-shaped vehicle known as the tarantass, and by sleigh.

Forty Below Zero.

During the mid-winter journey to the Mongol Midlands, under the northeastern eaves of the "roof of the world," the temperature ranged from 15 to 40 deg. below zero. In these exhilarating altitudes and under short-lived but brilliant winter suns, with long nights of pinching cold, the couple penetrated to Urga, the capital of the nascent Mongol buffer state.

They have since arrived in Pekin, from which city Mr. Rockhill's first letter is mailed. He takes occasion to deny the recent reports that he would become a traveling representative for the Chinese republic. It was said he would be a sort of nomadic ambassador for Yuan-Shi-Kai.

Mr. Rockhill does not say whether any such proposition was made to him, but declares that he has accepted no appointment in the Chinese service. "I shall return to the United States not later than the middle of May next," he says, "and intend to make my home there."

Mexican Exchange Higher.

Mexico City, April 21.—The rate of exchange here became a trifle firmer yesterday over that of Saturday, and very perceptibly over the rate of a few days ago. A peso was worth 29½ cents gold against 27 cents gold last week.

To Keep the Face Fresh, Clear, Youthful

More important than the cosmetic care of the complexion is its physical care. To keep the face clean, fresh, youthful, there's nothing better than common mercolized wax. It absorbs the soiled or faded wornout skin particles. Cosmetics simply add unwholesomeness to the complexion. That's the difference. By all means, acquire the mercolized wax habit. It's so easy to get an ounce of the wax at the druggist's, apply at night like cold cream and wash it off next morning. There's no detention indoors, the old skin coming off so gradually no one suspects you're using anything. When in a week or two the alluringly youthful, rose-like, underskin is fully in view—well, you won't want, or need, a make-up complexion after that. It must be apparent that this process means complete riddance of all cutaneous blemishes, like freckles, pimples, blotches and blackheads.

For obstinate wrinkles a face bath made by dissolving an ounce of saxolite in a half pint witch hazel, surpasses massage cream and everything else for results.—Advertisement.

WHY ACID STOMACHS ARE DANGEROUS

Scientific Reports, April:—Acid in the stomach is dangerous and frequently fatal, because acid from its corrosive nature has a natural tendency to destroy the mucous lining of the stomach itself. No one intentionally swallows hydrochloric acid, but it is often present in large quantities as the result of food fermentation in the stomach resulting from the chemical action, which so frequently follows the eating of the daintiest and most tasty foods or the indulgence in any form of alcoholic stimulants, including beer, wine, liqueurs, etc. This fermentation causes pain, uneasiness and discomfort because of the acid which burns like a red-hot iron, and the formation of gas which distends the stomach, causing shortness of breath and palpitation of the heart. The trouble being entirely due to the unnatural condition of stomach contents, and not in any way to the fault of the stomach itself, physicians have adopted with marvelous success the plan of neutralizing the acid and stopping the fermentation by means of one teaspoonful of simple bisurated magnesia taken in a little water immediately after eating or whenever discomfort is felt. The immediate relief following the use of bisurated magnesia is striking proof of the contention of medical men that failure to digest food properly is almost invariably due to the acid condition of food contents, and in no way the fault of the stomach or vital organs.—Advertisement.

ON THE IRON RANGES

"COUNT" MATICH IS DECLARED GUILTY

Posing as Austrian Nobleman and "Panhandling" Causes Conviction.

Virginia, Minn., April 21.—(Special to The Herald.)—It took a jury in district court only a few minutes to decide that Paul Matich, who has been posing as an Austrian nobleman was an imposter. When Matich arrived in Hibbing and announced that he represented the blue blood of Austria, word spread quickly that a real count was in town, and he soon had a large following as he was a good spender. When his funds gave out suddenly a number of Hibbing residents replenished his purse on the strength of Matich's story that he was about to receive a large sum of money from home. The money was not forthcoming, and Matich was indicted for obtaining funds under false pretenses. While in the county jail the "count" has entertained the jailers and deputy sheriffs with the most difficult grand opera selections, but his fine tenor failed to get him an extra slice of pie.

RANGE TROLLEY TO BE EXTENDED

Generally Believed Mesaba Concern Will Branch Out.

Virginia, Minn., April 21.—(Special to The Herald.)—Definite news of extension to the Mesaba electric railway to be made during 1914, is expected within a short time, and the impression prevails that not only will the Biwabik extension be authorized, but that a short extension to the westward from Hibbing will be made.

General Manager H. S. Newton and other officials of the line were at Hibbing yesterday on a trip of inspection over the line and there the story prevails that an extension of the line will be made to Alice and possibly to Keewatin.

While the Biwabik extension has been favorably reported on by this company's engineers, the sanction of Eastern capital interested in the line must be given before the matter is definitely decided.

It is now before them for consideration.

EVELETHIANS TO PROTECT ALL GAME

Gun Club Has Been Organized With Twenty Charter Members.

Eveleth, Minn., April 21.—(Special to The Herald.)—Local sportsmen last evening organized the Eveleth Gun club to promote trap shooting and to protect the game in this vicinity. The organization will have about twenty charter members.

C. B. Hoel was elected president and Frank Malloy secretary and treasurer. They will also act as a committee on membership and will look up grounds for trap shooting. Another meeting is to be called soon.

The new club will take the place of an old club which became disorganized last year, and will go further than the old club in that an especial effort is to be made to make the club a factor in preserving the game and to prevent the illegal fishing of the lakes near Eveleth.

GIRLS CHALLENGE MEN.

Ely Young Women Anxious to Uphold Suffrage Question.

Ely, Minn., April 21.—(Special to The Herald.)—Miss Mabel Prisk entertained the young ladies of the auxiliary at her home on Third avenue east last evening. The young ladies of the auxiliary have challenged the young men's club to a debate on "Woman's Suffrage," the debate to be held next week. The speakers for the young ladies will be Miss Edith Trezona and Miss Ivy Green. The young men have selected William Jones and John Spedding to represent their side of the question.

REPORT VIRGINIA FEELING BITTER

Contest Over City Engineer's Job May Cause Recall Election.

Virginia, Minn., April 21.—(Special to The Herald.)—There is every prospect of a hot fight at the regular meeting of the city council this evening over the appointment of a city engineer to fill the vacancy made by the resignation of City Engineer Anderson.

Friends of Edward F. Johnson, for eight years city engineer, are circulating a petition in his behalf, which is being largely signed today. D. C. Reed is also a candidate, according to report. Keith Maitland, the present city engineer, is being openly supported by some of the members of the council for the place, although he is doing no work in his own behalf.

Refusal to Reconsider.

The council at its last meeting refused to reconsider the appointment of Engineer Anderson by a 4 to 5 vote. Alderman McGhee introduced and spoke in behalf of a motion for reconsideration of the engineer's appointment in favor of Mr. Johnson.

The street commissioner's appointment is also to come up tonight, but there is little apparent interest in it, the fight over the city engineership over-shadowing all other issues.

Threats of a recall are being made about the streets of the city today, indicating the bitterness which attends the fight over the engineership.

NASHWAUK PIPEMAN NOW BEING SOUGHT

Fred Young Drops From Sight Day After Drawing His Pay.

Nashwauk, Minn., April 21.—(Special to The Herald.)—Chief of Police Hays, the members of the force and the friends of Fred Young, a popular miner, employe of the Hawkins mine, are much concerned over his whereabouts. Young disappeared April 10 and so far all efforts to locate him have proved futile. He is about 30, of good character, has a pleasant disposition, and so far as known, had no enemies.

He was employed at the Hawkins mine as pipeman and has worked at this mine at different times for the last six years.

He received his pay check the day previous, April 9, and was last seen on the evening of April 10. He boarded at the De Petro hotel and roomed at the American house. Chief of Police Hayes has tried many ways to locate or find out his whereabouts, dead or alive. A photo of Mr. Young could not be obtained by The Herald correspondent as none could be found at his room, where all his clothing and effects still remain.

Searching for Body.

A searching party is scouring the country and examining old test pits, as it was thought that he had perhaps become despondent and had killed himself in this way. His many friends know of no motive other than sudden death, as he had no worries; has always been in good standing as to credit in town, and had been in good health as far as can be learned. All his good clothing and other wearables still remain at his room, and when last seen he wore high boots and his working clothes.

VILLAGE JOBS ARE TO BE HANDED OUT

Not Expected Hibbing Council Will Make Any Big Changes.

Hibbing, Minn., April 21.—(Special to The Herald.)—The new village council will meet tonight for the first time with Mayor Victor Power, who was re-elected and who has returned much improved in health. The mayor will read his message outlining what he deems best for the village during this year. So far as known he will not advocate anything sensational, although it is reported there may be a recommendation in favor of abolishing the water and light board because of more or less past friction. It is not expected there will be any change in the heads of the fire and police departments, but there may be a change in street commissioner, while a vacancy on the water and light board must be filled, providing the council does not decide to do away with that body, as suggested.

For Range Hospital.

The Commercial club, at its meeting tomorrow night, is expected to take definite action upon the question of the local or a branch county hospital and work farm on the range and will indorse the effort being made to locate it at Wolf. Chisholm, Eveleth and other nearby points are in favor of the Wolf location, while Virginia is working to have the correctional institution located near that city.

HARRIS RE-ELECTED.

Chisholm Editor Again President of Range Press Association.

Virginia, Minn., April 21.—(Special to The Herald.)—Frank G. Harris of Chisholm was re-elected president of the Mesaba Range Editorial association at the meeting of range publishers held here yesterday afternoon. C. M. Atkinson of Hibbing was elected treasurer, and E. H. Yarick of Aurora secretary. The question of an increase in legal printing rates was discussed and members of the legislature from this section will be asked to work to that end. The establishment of the universal cost system in this section was also advocated. Among publishers present were: R. W. Hitchcock, C. M. Atkinson and C. F. Hughes of Hibbing; Oscar La France and Frank G. Harris of Chisholm; A. F. Pfremmor of Eveleth; Pete Schaefer of Ely; Dave Cuppernull and T. Moody of Virginia; F. A. Cohen of Biwabik, and Earle Yarick of Aurora.

AUSTIN LOCKED OUT.

Village Recorder of Chisholm Springs Coup on Him.

Chisholm, Minn., April 21.—(Special to The Herald.)—The differences between Village Recorder B. E. Culver and Frank L. Austin, former deputy recorder under Recorder Tremontin, which got into the courts when Culver started mandamus proceedings against Austin to compel him to turn over the office records, came to a climax yesterday when Culver, during Austin's absence from the office had a new lock placed on the door. Culver slept last night in the office, holding the fort against Austin. The village council is expected to take some definite action on the difficulty at once. Austin was recently appointed village accountant by the council after filling the position of deputy recorder under Tremontin, as Mr. Culver declined to reappoint him deputy. Austin is a brother of Joseph Austin, the new village president.

FIRST COUNCIL MEET.

Newly Elected Ely Officials to Take Hold of Affairs.

Ely, Minn., April 21.—(Special to The Herald.)—The new city council will meet tonight for organization and for their first regular business session. Three of the new aldermen are new members this year. James White, John Presheren and Axel Hegfors. The three old members are: P. B. James, Olof Knutson and Mike Somero.

TO TALK ON HEALTH.

First of Series of Eveleth Addresses to Be Given.

Eveleth, Minn., April 21.—(Special to The Herald.)—The first of a series of lectures at the high school auditorium by A. R. Sylvester will be delivered this evening. The talks will be along the lines of health and only high school and eighth grade boys and parents will be allowed to attend. The evils of the use of narcotics and intoxicants will be taken up and a little sex hygiene will be touched on. Those attending will be given the privilege of asking questions.

LEAVES FOR MEXICO.

Virginia Youth Decamps Ostensibly to Settle International Row.

Virginia, Minn., April 21.—(Special to The Herald.)—John Harju, 14 years old, 103 Oak street, may be on his way to Mexico to intervene. He left his home this morning with a suitcase containing his belongings and a sum of money which he is said to have appropriated. Yesterday he told his playmates that he was going to Mexico and join the army of Gen. Villa.

IS PRESENTED IN FINNISH TONGUE.

Eveleth, Minn., April 21.—(Special to The Herald.)—The Finnish people met with good success in presenting at the city auditorium a Finnish translation of the play, "The Blindness of Virtue." It was greatly enjoyed by a large Finnish audience and a good sum was realized which will be contributed to a fund to build a Finnish-American pavilion at the San Francisco exposition grounds.

GREAT NORTHERN IS HAULING DOWN ORE

Hibbing, Minn., April 21.—So far the ore sent from this district to the lake ore docks has gone over the Great Northern, as the Missabe has not begun loading. It is expected the big properties that ship over the Missabe will soon begin loading for the Missabe docks at Duluth and then the shipping season will be at full blast. The impression seems to prevail that the shipments from this district this year will fall below those of last year.

Hibbing Wedding.

Hibbing, Minn., April 21.—(Special to The Herald.)—Miss Josephine Sabbatina, daughter of Mr. and Mrs. A. Sabbatina, and Guy Tomasoni were married early Monday at the church of the Immaculate Conception, Rev. Father Gilli officiating. The bride was attended by Miss Mary Tomasoni, sister of the groom, and Baldwin Gambucci was best man. Only a few intimate friends were present. Following the ceremony a wedding breakfast was served at the home of the bride's parents on Washington street. The couple left for Duluth on a brief honeymoon. The bride lived here practically all her life. She was for four years in the employ of the Itasca Bazaar and made many friends. Mr. Tomasoni is a young man of many sterling qualities and is employed by the city. They will be at home in Hibbing after June 5.

Addresses Ely Pupils.

Ely, Minn., April 21.—(Special to The Herald.)—The Ely high school faculty are having a number of speakers give addresses before the student body. This morning the Rev. Fr. Buh delivered the address of the week.

Supt. H. E. White of the Ely schools has returned from Buhl, where he attended the dedication of the new high school building.

Great Scott Bonds.

Buhl, Minn., April 21.—Great Scott township will vote next Saturday on the $50,000 bond issue, urged by Chairman W. J. Doyle, who is also president of the village council, as a part of his campaign for good roads in the vicinity of Buhl. It is proposed to lay a sample mile of cement road, the township and the village officials cooperating.

GLAD TO RETURN TO GOPHER STATE.

Ely, Minn., April 21.—(Special to The Herald.)—Mr. and Mrs. J. D. Conan have returned from New Orleans, La., Jacksonville, Fla., Asheville, N. C., Philadelphia, Pa., New York city, Niagara Falls and many other points of interest. They report having had a most pleasant journey, yet a satisfaction at again reaching Minnesota.

Mr. and Mrs. John Cowling have returned from Southern Minnesota. While away Mr. Cowling was at Rochester for treatment. Mrs. Cowling visited with relatives at Pine City.

Body Sent to Ohio.

Chisholm, Minn., April 21.—(Special to The Herald.)—The remains of John M. Patridge, who died Sunday from a hemorrhage of the lungs, were shipped yesterday to Jackson, Ohio, where interment will take place. The Eagles held a service in the morning and in a body marched in uniform to the depot and assisted in seeing their departed brother given all the rights of the order. Rev. Ralph C. Jones, Mrs. Jones and Henry Jones and the widow, Mrs. J. M. Patridge, accompanied the remains to their destination.

Is in Mexico City.

Chisholm, Minn., April 21.—(Special to The Herald.)—Harry O'Brien, formerly agent for the Missabe railway, has a brother now located at Mexico City who is at present general manager for the Wells-Fargo Express company. Recent letters from there indicate that the situation there is very tense, and while he does not fear for himself, he predicts a fortune could be made in purchasing Mexican securities very cheap.

Bad Piece of Road.

Eveleth, Minn., April 21.—(Special to The Herald.)—A bad stretch of road on the Miller trunk road in Fayal town is causing autoists and teamsters a good deal of trouble. The muddy piece of road is on the main road to Duluth and is much used by motorists. A number of machines have been stalled there recently.

To Open Eveleth Concern.

Eveleth, Minn., April 21.—(Special to The Herald.)—The Hendrickson & Peterson company, a firm composed of Virginia men, will open a wholesale feed and grain house here on Fayal road, adjoining the city market building.

Itasca Land Sale.

Grand Rapids, Minn., April 21.—(Special to The Herald.)—About 1,700 acres of state land were sold here at the April state land sale for Itasca county.

The average price received was $5.80 per acre. The total receipts were $9,789.

The sale last month amounted to 5,270 acres at an average of almost $8 an acre. During the whole of 1913 there were 7,338 acres sold in this county. The average price received for land last season was $6.12.

State Odd Fellows Meet.

Oakes, N. D., April 21.—(Special to The Herald.)—The annual encampment of the North Dakota grand lodge Independent Order of Odd Fellows will be held here June 3 and 4. The Oakes lodge will provide entertainment for the visitors, about 150 delegates being expected.

May Oppose Norton.

Minot, N. D., April 21.—(Special to The Herald.)—Attorney H. W. Blichfelt of Tagus, Marshall county, probably will be a candidate for the Republican nomination for congress, opposing P. D. Norton, the present member.

This would make it a three-cornered race, Norton already being opposed by Leslie Simpson of Dickinson.

MOTION PICTURES OF LOGGING WORK

Charles H. Mackintosh, advertising manager of the Clyde Iron works, has just returned from Southwestern Louisiana, where he and others have been engaged in taking motion pictures of logging and lumbering scenes, showing Duluth-made machinery in operation. These scenes will be shown at the Empress theater on Thursday, Friday and Saturday of this week.

Mr. Mackintosh and his colleagues took 2,400 feet of films which are shown in three reels. The lumber industry is followed from the felling of the trees in the yellow pine forests of Louisiana to the mill and in fact to the lumber piles, showing every feature of the business, the skidding, floating of the logs down the river with lumberjacks at work on them, up the bull chain to the mill, showing the sawing and distribution of the lumber. Everything is shown in detail.

Duluth-made machinery has a strong hold in Louisiana's lumbering industry, and the "movies" will be used to advertise it throughout the country.

For washing dishes without soiling the hands a New York woman has invented a fountain mop, to which water is fed by rubber tubes to be connected with a kitchen sink faucet.

FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer Restored to Health by Lydia E. Pinkham's Vegetable Compound.

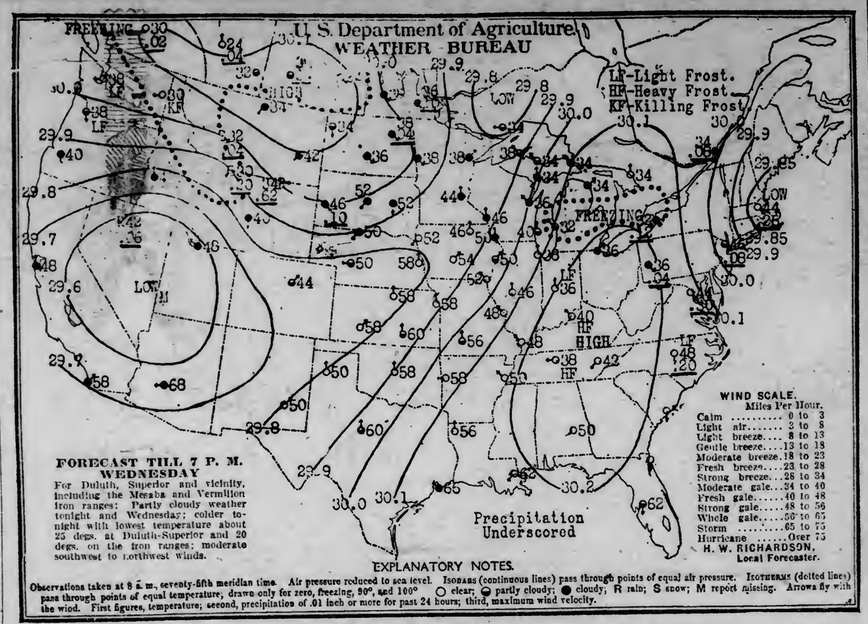

Kasota, Minn. — "I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do my work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do." — Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

OFFICIAL MAP OF THE WEATHER

FORECAST TILL 7 P. M. WEDNESDAY

For Duluth, Superior and vicinity, including the Mesaba and Vermilion Iron ranges: Partly cloudy weather tonight and Wednesday; colder tonight with lowest temperature about 25 degs. at Duluth-Superior and 20 degs. on the iron ranges; moderate southwest to northwest winds.

EXPLANATORY NOTES.

Observations taken at 8 a. m., seventy-fifth meridian time. Air pressure reduced to sea level. Isobars (continuous lines) pass through points of equal air pressure. Isotherms (dotted lines) pass through points of equal temperature, drawn only for zero, freezing, 90°, and 100°. ○ clear; ◒ partly cloudy; ● cloudy; R rain; S snow; M report missing. Arrows fly with the wind. First figures, temperature; second, precipitation of .01 inch or more for past 24 hours; third, maximum wind velocity.

COLDER

The temperature remains decent, even though the cloudy weather continues. There will be something of a let up tonight and tomorrow, according to the weather man's prediction, for it will be only partly cloudy instead of wholly so. However the temperature will be slightly lower. The winds will be moderate. Today is not so bad, and the air is nice.

A year ago today there was rain during the early hours, following which came fair weather. The sun rose this morning at 5:09 and will se this evening at 7:04, giving thirteen hours and fifty-five minutes of sunshine, three minutes more than yesterday. The fourteen-hour day will be reached on Thursday.

Mr. Richardson makes the following comment on weather conditions:

"During the last twenty-four hours light rain or snow fell over scattered portions of the Northwest and rain quite generally over North Atlantic states. Much warmer weather prevails in the Middle West and the Lower Missouri and Upper Mississippi valleys, while from Utah and Colorado northward the weather has turned colder. Light to heavy frosts occurred last night in Ohio valley states, Tennessee and North Carolina."

General Forecasts.

Chicago, April 21.—Forecasts for the twenty-four hours ending at 7 p. m. Wednesday:

Wisconsin—Mostly cloudy tonight and Wednesday; cooler Wednesday and in west portion tonight.

Minnesota—Cloudy and possibly unsettled tonight and Wednesday; colder tonight.

Iowa—Unsettled weather tonight and Wednesday, probably showers; cooler in west portion tonight and in east and central portions Wednesday.

North Dakota—Cloudy and possibly unsettled tonight and Wednesday; not much change in temperature.

South Dakota—Unsettled weather tonight and Wednesday, with rain; colder tonight.

Montana—Mostly cloudy tonight and Wednesday; probably snow or rain; not much change in temperature.

Lower Michigan—Partly cloudy tonight and Wednesday; warmer tonight in south portion.

Upper Michigan—Partly cloudy tonight and Wednesday; little change in temperature.

Temperatures.

Following were the highest temperatures for the last twenty-four hours and the lowest for the last twelve, ending at 7 a. m.:

NO PHILOSOPHY IN SOCIALISM

Leaves Out Theory of Individualism, Says L. J. Hopkins.

Young Men of Unitarian Church Hold Discussion After Lecture.

Declaring that there was no philosophy in Socialism, L. J. Hopkins of Chicago, formerly of Duluth, gave a lecture on "The Philosophy of Socialism" under the auspices of the Young Men's Club of the First Unitarian church last night. The address was given in the church parlors.

"Philosophy," said the speaker, "not only unifies knowledge, but attempts to answer all questions relative to the universe in which we live. On the other hand, Socialism is that theory of government opposed to individualism, requiring the public ownership of all elements of production and distribution.

"After examining the philosophy of Plato, I find that his republic is not Socialistic and would not be accepted by modern Socialists, as Socialistic schemes ordinarily have no relation to his philosophy and his scheme of government.

"August Comte's philosophy, which rests on a purely scientific basis, puts his scheme of government not upon his philosophy, but upon idealized humanity, which he hypothecates as fundamental conditions of his Socialistic state, is in reality not Socialism, but an aristocracy.

Spencer's Ideal State.

"Herbert Spencer accepted the theory of environment which naturally implies a Socialistic state, while as a matter of fact, his ideal state is purely individualistic and has no apparent relation to his philosophy.

"Henri Bergson, the most popular of modern philosophers, who in his 'Creative Evolution' advocates an original impulse as the cause of instinct, intuition and mind, may perhaps contribute something to the history of philosophy, but there is no relation whatever between his philosophical theories and Socialism."

In referring to the philosophical aspects of Socialism, Mr. Hopkins said if the original form of government was patriarchal, it would be an argument in favor of the Socialists, but he said as the patriarchal theory gave way to the contract theory, the argument would favor individualism.

"In the opinion of Wundt," he continued, "the idea is developed that ethical progress is coincident with progress and development of government, which, if true, is an argument in favor of Socialism, for the reason that Socialism demands more government.

Two Views Defined.

"There are two ways of viewing the biological theory. One is that the environment, acting on the individual organism, produced modifications which are transmitted to posterity, and which is known as the environment theory. The other theory is that of Darwin, which holds that every organism is subject to variation and that natural selection or some form of selection seizes the favorable variation and destroys the unfavorable ones.

"The environment theory is naturally favorable to a Socialistic form of government while on the other hand the theory of selection, which is the one now held by all biological authorities, is opposed to the Socialistic state and favors the theory of individualism.

"It should be noted that the theory of natural selection is not as hard and cold as is generally supposed, for the reason that if you go back to the earlier forms of organic life you find millions were destroyed while only a few were selected, and now in the higher organism, only a few are destroyed while the many are selected, showing conclusively that here is a law which must ultimately result in a perfected human race.

"It is to be noted that in all theories of Socialism and all the Socialistic states that have been proposed that a high morality on the part of mankind is required. Plato's Republic, Comte's Positive Polity and Moore's Utopia, all predicated as a fundamental condition that the citizens are highly cultivated, moral, honest, and intelligent. If you were to apply to an individualistic form of government the same conditions the question naturally arises; 'would there be any objection to the individualistic form of government under those conditions?'"

Economic Aspects.

At the conclusion of his lecture Mr. Hopkins gave a few ideas aside from the main talk. Said he:

"Referring to the economic aspects of the question there are two or three questions that may be pertinently asked in regard to the actual operation of Socialism. As an illustration let us say that two individual men are cultivating the soil in a very primitive way. One is thrifty and enterprising while the other produces only enough to satisfy his absolute necessities. After a time the thrifty farmer converts some of his savings into labor saving devices and he doubles his output. After doing this he turns to his neighbor without thrift and says to him 'I will furnish you with the facilities to double your output with the same labor and energy that you are now using provided you will give me a portion of the increased product.'

"Now it is very difficult for anyone to find any objection to this bargain either from the standpoint of justice or ethics, and the Socialist cannot claim that there is any exploitation connected with the bargain. As a matter of fact we have in this primitive bargain, the beginning of capitalism.

"Then if we turn to that argument introduced by Mallock in which he shows that two manufacturing establishments existing side by side using the same raw material the same labor and at the same prices, one under good management will produce a profit while the other will barely exist. The difference in the product of these two institutions is brought about not by land, labor or capital, but by the ability displayed in the management, and it is very difficult to see why such ability should not be rewarded. Assuming that it is just and fair as it should be, then we have instead of the older basis of economics, land, labor, capital and ability as factors of production, and it is difficult to see—where these factors are properly regulated—any argument against their continued existence."

MRS. SKOUG'S FUNERAL.

Wife of Crookston's Postmaster Will Be Buried Wednesday.

Crookston, Minn., April 21.—(Special to The Herald.)—The funeral of Mrs. Charles L. Skoug, wife of Postmaster Skoug, who died Saturday night of pneumonia, will be held tomorrow at 2:30 p. m. from the synod church.

Mrs. Skoug was born at Tracy, Minn., Sept. 19, 1876. Her maiden name was Anna Marie Nordly Jacobson, and on June 4, 1895, she became the wife of Charles L. Skoug, the marriage ceremony being performed in their home town of Tracy.

Three children were born to the union, Kenmare, Nordly Skoug, now 15 years old; Vivian Atlanta Skoug, age 12, and Viola Adeline Skoug, age 4.

Mrs. Skoug, with her husband and children, moved to Crookston eight years ago, and have resided here ever since.

Danish Brotherhood Meets.

Kenmare, N. D., April 21.—(Special to The Herald.)—The North Dakota Danish Brotherhood, which represents practically the entire Danish population of the state, will hold its annual meeting here June 20, 21 and 22.

Several prominent Danes of the nation will participate.

Resinol heals baby's itching skin

RESINOL OINTMENT and Resinol Soap are absolutely free from anything of a harsh or injurious nature, and can therefore be used with confidence in the treatment of babies' skin troubles—eczema, teething rash, chafings, etc. They stop itching *instantly* and speedily heal even severe and stubborn eruptions. Doctors have prescribed Resinol for the past 18 years.

***Every* druggist sells Resinol**

Resinol Soap and Ointment clears away pimples, blackheads and dandruff, and is a most valuable household remedy for sores, burns, boils, piles, etc. For trial size of Resinol Ointment and Resinol Soap, write to Resinol, Dept. 9-S, Baltimore, Md.

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of helpful influence than those who theorize from observation.

At any rate when a prospective grandmother urges her daughter to do as she did—to use "Mother's Friend," there is ample reason to believe it the right kind of advice.

Its purpose is to furnish pliancy to the muscles, to take away the strain on the cords and ligaments, to relieve the tension of nerves and tendons so apt to provoke or aggravate nausea, morning sickness, twitchings of the limbs and so on. It is applied externally.

Although, in the nature of things, a woman would use "Mother's Friend" but rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been prepared by Bradfield Regulator Co., 306 Lamar Bldg., Atlanta, Ga., and advertised by us for over twenty years. Ask at the drug store for a bottle of "Mother's Friend." It is worth while.

THIN BLOOD CAUSES BACKACHE

Every muscle in the body needs a supply of rich, red blood in proportion to the work it does.

The muscles of the back are under heavy strain and have but little rest. When the blood is thin they lack nourishment and rebel. The result is a sensation of pain in those muscles.

The best medical authorities agree that backache seldom or never means kidney trouble. Real organic kidney disease may have progressed to a critical point without developing a pain in the back. Doctors detect its presence by the excretions of the kidneys themselves.

Pains in the back should always lead the sufferer to look to the condition of the blood. It will be found in most cases that the use of Dr. Williams' Pink Pills to build up the blood will stop the grumbling of the ill-nourished muscles of the back. How much better it is to try Dr. Williams' Pink Pills for the blood than to give way to unreasonable alarm about your kidneys. If you suspect your kidneys, any doctor can make tests in ten minutes that will set your fears at rest or tell you the worst.

All druggists sell Dr. Williams' Pink Pills. A free book, "Building Up the Blood," will be sent on request by the Dr. Williams Medicine Co., Schenectady, N. Y.

NEWS OF THE NORTHWEST

NORTH DAKOTA TROOPS READY

National Guardsmen of State Only Waiting Nation's Call.

Can Be Mobilized at Devils Lake Within Forty-Eight Hours.

Grand Forks, N. D., April 21.—(Special to The Herald.)—The North Dakota National Guard could be mobilized at Devils Lake—the state mobilization point—within forty-eight hours, according to Adjt.-Gen. A. I. Berg of the state guard.

The recent inspection of the state militia developed that it is in better condition at the present time than for many years past, such being the report of Col. J. H. Fraine of the inspecting staff.

University Students Drilling.

The possibility of war was responsible for the organization at the University of North Dakota law school yesterday of two battalions, which will engage in regular military practice in the anticipation that some of the students may join the army.

Joseph L. Lewinsohn and C. E. Carpenter, members of the faculty of the law school, are in charge of the two battalions. Lewinsohn once having been a member of the Twenty-first Illinois cavalry.

The law students, who first thoroughly discussed the situation that has arisen between the United States and the provisional government of Mexico, voted unanimously in support of Wilson's policy.

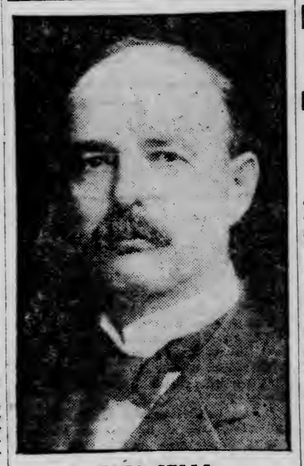

Cando Wants Free Delivery.

Cando, N. D., April 21.—(Special to The Herald.)—Free mail delivery for Cando is being sought by the Commercial club. It has been taken up by the congressmen and in view of the recent appropriation for the extension of free delivery, it is anticipatd there will be little difficulty in securing the free system.

Otter Tail Farmer Loses.

Fergus Falls, Minn., April 21.—Fred Harthun's large barn in the town of Dora was totally destroyed by fire Friday night. Twenty-one cattle, six horses and a large amount of hay, feed and machinery were consumed by the all-devouring flames. The barn was a large one, and the total loss is placed at $5,000 or $6,000.

WILL INVESTIGATE BIG LAND OPENING

CATO SELLS.

Billings, Mont., April 21.—Cato Sells, United States commissioner of Indian affairs, is coming to Billings to investigate the proposed opening to settlement of 1,800,000 acres of the Crow reservation, according to a telegram received here yesterday. It is understood that on his report will depend the attitude of the interior department. Southern Montana and Northern Wyoming are united in demanding the opening of the reservation to settlement.

FLOODWOOD BOX MILL DESTROYED

Favorable Wind Alone Saved Big Pile of Lumber.

Floodwood, Minn., April 21.—(Special to The Herald.)—Fire breaking out about 11 o'clock at night destroyed the box mill here owned by Charles A. Bartz.

A favorable wind prevented the lumber yards from being consumed, where upwards of 200,000 feet of box lumber is piled ready for shipment. Less than half an hour had elapsed between the time Mr. Bartz had left the mill, after seeing that everything was ready for the night and the sounding of the fire alarm, at which time the entire structure was ablaze. How the fire had gained such headway cannot be explained, while the origin is just as much of a mystery. Mr. Bartz had just recently purchased the plant from the Superior Box company and had neglected taking out any insurance. It will be rebuilt at an early date, as there still remains thousands of cords of box wood.

NOMINATED BY REFERENDUM

Beltrami County Socialists Have Selected County Ticket.

Bemidji, Minn., April 21.—(Special to The Herald.)—By a referendum vote from their various locals, the Socialists of Beltrami county have named the following as their county ticket: District judge, W. N. Weber, Bemidji; senator, Robert Ap Roberts, Bemidji; representative, Gustaf Erickson, Spooner; auditor, Arthur Tannum; treasurer, Earl Geil; clerk of court, F. W. Schroeder; register of deeds, C. O. Moon; sheriff, Viggo Peterson; judge of probate, J. E. Harris; superintendent of schools, Clara B. Heffron; coroner, Garfield Ackerberg; county attorney, Henry Funckley; county surveyor, D. M. Robertson; commissioner, First district, T. W. Bell; commissioner, Third district, J. F. Hayes.

The referendum vote for Koochiching county is not as yet announced, the two in the field for member of the legislature being tied on the vote.

DULUTH WILL HEAR COLLEGE MUSICIANS

North Dakota Agricultural College Band to Visit Zenith City.

Fargo, N. D., April 21.—(Special to The Herald.)—The Agricultural College Cadet band will make a Minnesota trip this week, playing at Minneapolis Thursday, St. Paul Friday and Duluth Saturday and Sunday. The organization has the reputation of being the best agricultural college band in the West. President and Mrs. Worst, secretary, and Mrs. Yoder and Prof. and Mrs. Arvold will accompany the band on the tour.

The Fargo College Glee club will sing Thursday night at Hawley and Friday night at Wadena, Minn. It is under the direction of Director Orr of the Fargo college conservatory.

INDISCREET WOMAN GETS NINETY DAYS.

Fargo, N. D., April 21.—(Special to The Herald.)—Mrs. Ida Campbell, wife of Thomas W. Campbell of Devils Lake, who was arrested here with John Shaford on a statutory charge, pleaded guilty and was sentenced to ninety days in jail. Shaford may stand trial. The woman and her husband had been separated two years and she and Shaford had been here some months.

FARGO SCHOOL ELECTION

Three Tickets in the Field to Choose From.

Fargo, N. D., April 21.—(Special to The Herald.)—There are three tickets in the field for the election of five members of the board of education today. Three of the candidates are being chosen for three years and two for one year each. Three of the present members of the board, Stone, Boerth and Bowers, are candidates for reelection. Associated with them are Messrs. Richardson and Hall. This is regarded as the administration ticket. Another slate is composed of Pure Food Commissioner Ladd, J. S. Frame, one of the members who resigned a year ago, W. J. Howe, Mrs. Blake and Mrs. Hicks. A third, or labor ticket, is composed of J. W. Green, C. O. Strom, Mrs. de Lendrecie, Mrs. Blake and Mrs. Hicks. There has been little bitterness in the campaign, but a lot of active work has been done.

MUZZLE ASHLAND DOGS.

Horse Maddened By Rabid Dog, Bites Boy, Causing Such Action.

Ashland, Wis., April 21.—(Special to The Herald.)—The police order all dogs here muzzled or shot. Rodney Osborn, 15 years old, was bitten by a horse made mad by being bitten by a rabid dog, and was sent to the Pasteur institute at Madison.

BEMIDJI ELKS WILL BUY SITE.

Bemidji, Minn., April 21.—(Special to The Herald.)—On May 6 bids will be opened for the site of the Elks' new home. Members of the site committee thought it best to lengthen the time for receiving bids, and the date was set for May 6. Bids will be received on the purchase of from one to three lots.

NAMES CARLTON MAN.

Judge Appoints O. L. Dent, Beltrami County Judicial Ditch Engineer.

Bemidji, Minn., April 21.—(Special to The Herald.)—O. L. Dent of Carlton has been appointed supervising engineer of the judicial ditches in Beltrami and other counties in this district by Judge C. W. Stanton. His duties will comprise supervising and inspecting all ditches, and he will also have to audit all bills for labor. He will begin his duties at once. The ditches being constructed in Beltrami, Clearwater, Koochiching and Marshall, together with those already established and those petitioned for, will necessitate an expenditure of $4,000,000 in the next three years.

DEPUTY U. S. MARSHALS.

North Dakota Official Has Named His Deputies.

Fargo, N. D., April 21.—(Special to The Herald.)—E. S. Cameron, Wahpeton; Thorwald Mostad, Minot; C. R. Wattles, Sheyenne, are three new deputy United States marshals named by United States Marshal Doyle to succeed C. W. Haggart, James Shea, Jr., and J. C. Brown of the deputy force under Marshal Shea. Gilbert Stout, chief deputy, remains in the office for some time. Jack F. Duis of Bowbells Lake is reported to be slated for that position later.

DULUTH MAN BIDDER.

E. A. Dahl Is After Big Paving Job in East Grand Forks.

East Grand Forks, Minn., April 21.—(Special to The Herald.)—Eleven companies are competing for the job of laying paving in a big section of the residence district of the city, bids being opened last night. The contract will not be let for several days.

The bidders are E. A. Dahl of Duluth; Hussey Manufacturing company, Crookston; General Contracting company, Minneapolis; Bitulithic Paving company, Boston; Kettle River Quarries company, St. Cloud; Standard Ashland company, Chicago; J. J. Jackson, Grand Forks; Adams Portland Cement company, Minneapolis; Barber Asphalt company, Minneapolis; S. Birch & Son, Fargo; Fielding-Shipley company, St. Paul.

EXPOSED TO GLANDERS.

Many Horses Near Couderay, Wis., Being Watched By Veterinarian.

Couderay, Wis., April 21.—(Special to The Herald.)—A horse belonging to William Corbine residing on the Indian reservation, died from glanders, and nearly 200 horses were exposed in this vicinity. The state veterinarian from Madison is here to take all necessary steps to check the disease from spreading.

BUYS FAIRCHILD PLANT.

Chippewa Valley Railroad Company Takes Over Concern.

Eau Claire, Wis., April 21.—George B. Wheeler, general manager for the Chippewa Valley Railway, Light & Power company, has closed a deal with N. C. Foster for the purchase of the electric light plant at Fairchild, Wis. As announced by Mr. Wheeler, this means the building of a transmission line between Altoona and Fairchild, through Fall Creek and Augusta. It is also stated that the Chippewa Valley Railway, Light & Power company will start in actively on the work of construction within thirty days. The deal means the construction of a transmission line of thirty-two miles and an outlay of $50,000.

DRAGGED TO DEATH.

North Dakota Child Ties Horse's Halter About Body.

Mott, N. D., April 21.—(Special to The Herald.)—The 4-year-old child of Mr. and Mrs. Adam Neide was dragged to death while leading a horse with the halter tied about his own body. The horse became frightened and ran twice around the pasture before it could be stopped. The child was undoubtedly dead long before the horse could be stopped.

WOMEN'S BIG VOTE.

Gentler Sex Figures in Grand Forks School Election.

Grand Forks, N. D., April 21.—(Special to The Herald.)—M. Norman, who has been a member of the Grand Forks board of education continuously for sixteen years, yesterday was defeated by T. Carter Griffith.

Women played a big part in the election, the feminine voters casting nearly half of the total of 2,615 votes that were cast, and of which Griffith received a majority of 953. W. H. Shulze, Mrs. James Collins, Dr. Homer M. Cook also were elected to the board.

BREAK UP PARTY.

Bismarck Hoodlums Throw Panic Into Social Affair.

Bismarck, N. D., April 21.—Hoodlums who threw a big plank through the window of the basement parlor of the Presbyterian church here while some girls were participating in a 'social affair, following which the electric feed wire into the church was cut, plunging the place in darkness, nearly created a fatal panic.

Thrown into hysterics by the crash of glass and the landing of the big plank in their midst, the girls were rushing about the room, and when the place was plunged into darkness, they became panic-stricken. Several were injured in the scramble, which was finally quieted.

TO DESIGN STATUE.

North Dakota Boy to Mould Image of Gen. Custer.

Mandan, N. D., April 21.—(Special to The Herald.)—The statue of Gen. Custer which it is proposed to erect here may be designed by Paul Fjelde, a North Dakota boy and the son of the former Minneapolis sculptor. After the latter's death young Fjelde and his mother resided in Burleigh county, and later he attended the normal at Valley City. It was first planned to have the statue designed by Paul Crunelle, but now it is hoped Fjelde can do the work. He has just completed the statue of Gen. Custer, a replica of which will be presented by North Dakota to Norway July 4, Governor Hanna and staff going to Norway to make the presentation.

Boys' Alfalfa Contest.

Fargo, N. D., April 21.—(Special to The Herald.)—There is to be an alfalfa contest in North Dakota this year for the boys between 12 and 18 years of age. It will be conducted under the joint auspices of the extension department of the North Dakota Agricultural college and the county superintendents of schools. More bushels of corn than were ever grown by adult farmers were produced last year by the youthful participants in the corn contest.

WISCONSIN BRIEFS

Eau Claire—A thief broke into the Klassen store at an early hour Sunday morning and got away with two overcoats and a suit of clothes, the total value of which is placed at $60.

Madison — Lieutenant Governor Thomas Morris of La Crosse, candidate for the Republican nomination for United States senator, on Saturday filed a statement declaring that he had spent $176.86 for his campaign.

Marinette—Dropping suddenly from a chair in a hotel lobby Saturday night, Jacob Witting, Jr., 37 years old, cashier of the First National bank of Marinette, never regained consciousness and died Saturday night.

Manawa—Struck by lightning during a severe thunder storm late Saturday, Leo Zentel, a farmer living near here, was instantly killed as he was returning from work in a field. Two horses which he was driving were knocked down and one of them was killed outright.

Milwaukee—Pierre Mischel, 70 years old, a veteran of the Civil war, died at the Soldiers' home of heart disease Saturday. The body will be buried from the home. As far as is known Mischel has no living relatives.

MINNESOTA BRIEFS

Brainerd—The M. & I. ball team has been reorganized, with the following officers: Manager, Charles Milton Fay; treasurer, William Frederick Marx; secretary, Philip Josephus Daveau; mascot, James Sebastian McGarry. The boys are working every night and expect to round themselves into a lively bunch before the season opens.

Moorhead—Oscar J. Hillestad of Cromwell township has filed for the non-partisan nomination as county treasurer. County Treasurer C. Paulson has not yet filed for the nomination, but it is presumed that he will do so.

Red Lake Falls—William St. Ive of Red Lake Falls, formerly of Crookston, died here, April 17, at the age of 33, from an attack of pneumonia. The young man leaves a wife and three children.

Crookston—City Attorney R. J. Montague of Virginia arrived Friday evening and is shaking hands with acquaintances, having formerly resided here.

St. Paul—The state of Minnesota received $25,504 from the estate of the late H. C. Akeley, the Minneapolis lumberman, as inheritance tax.

Foley—Mrs. Nellie Staples, found guilty by a Benton county jury of manslaughter in the second degree at Foley Friday, will be sentenced here Tuesday by Judge Roeser.

Fergus Falls—Vernon Kenneth Rudzenske died at the home of his parents, Mr. and Mrs. Charles Rudzenske, at 6:30 o'clock Saturday, aged 8.

Barnesville—Barnesville Sons of Veterans was the name adopted by the new lodge which was launched here by J. D. Bentley, chief officer of the state organization, and L. Benshoop, state deputy.

Little Falls—John Kern, a resident of this city for the past fifteen years, died Saturday. He was 78 years of age and death was caused by advanced age. Mr. Kern was born in Schoenbeck, Germany, March 16, 1836, and was married there in 1857. He came to Minnesota in 1862 and to this city in 1899.

St. Paul—For many years Michael Frankett, pioneer brickmaker of St. Paul, had cherished a desire to live to be 88 years old. His eighty-eighth birthday was celebrated Saturday. He died Sunday.

PENINSULA BRIEFS

Lake Linden—Negotiations are under way for a lease on the building formerly occupied by the Grand theater here on the main street. It is intended to engage the quarters for a moving picture house.

Calumet—Dr. A. C. Roche has returned from Rochester, Minn., where he accompanied Capt. John Pentecost of Centennial, who is at the Rochester hospital.

South Range—The South Range Baltic Young Men's Catholic club will entertain with a concert in the Star theater, South Range, next Wednesday evening, April 22.

L'Anse—The several lumber mills in Baraga county have begun operations. The Baraga Lumber company started this week at Baraga, while the Zenith Lumber mill will start their sawing as soon as navigation open the early part of May. The Hebards mill at Pequaming will most likely operate within the next few days.

Calumet—There will be very large confirmation classes at St. Joseph's Slovenian and St. Mary's Italian churches, Calumet, this spring. The confirmation exercises will be held at these two churches by the Right Rev. Bishop Els, head of the Marquette diocese of the Roman Catholic church, on June 18.

Ishpeming—John A. Dielle, superintendent of the schools of Houghton, has secured an option from the J. M. Longyear company on section 35, town 49, range 27, Marquette county and will proceed to explore it in the hope of locating paying gold veins.

Hancock—The New Baltic Mining company has elected these officers: President, Robt H. Shields; vice president, J. P. Edwards; secretary-treasurer, John Edwards; directors, John C. Shields, John Merton, Simon J. Beahan and Robert H. Shields.

DAKOTA BRIEFS

Lisbon, N. D.—The runaway which caused the broken ankle of E. Falk, a Ransom county farmer, till the bones protruded through the skin, almost proved fatal to Falk's faithful dog, chained to the buggy.

Kenmare, N. D.—The Danish Brotherhood of North Dakota will hold the annual convention here June 20, 21 and 22. There are fifteen sub-organizations in North Dakota which will be represented by 200 delegates. These with the 200 or more local Danes will make a large attendanee. Speakers from the national organization will be present.

Minot, N. D.—Mark D. Chatfield, former member of the state legislature, elected from his county as a Republican, is announced as the successor of D. J. Tinnes as secretary of the state central committee of the Progressive party.

Grand Forks, N. D.—Rolla and Hatton high schools are in the finals for the state interscholastic debating honors, and they will compete here May 15 for the state championship.

Valley City, N. D.—The Fritch jewelry store suffered the loss of about $100 worth of jewelry, the result of some person breaking one of the plate glass windows in the front of the building and reaching through the opening.

Grand Forks, N. D.—May 26, 27 and 28 are the dates for the annual meeting of the Mississippi Valley Historical association, which will this year hold forth in Grand Forks. The North Dakota Historical society will meet in joint session with the Mississippi organization.

Fargo, N. D.—A fine of $40 with the alternative of sixty days in the county jail was given James Harris, proprietor of a pool hall, for allowing minors to play in his place of business.

Bismarck, N. D.—Mrs. J. P. Dunn returned Friday night from Porto Rico, where she has spent the past three months visiting her son, Platt, who has charge of the sanitary conditions of the island.

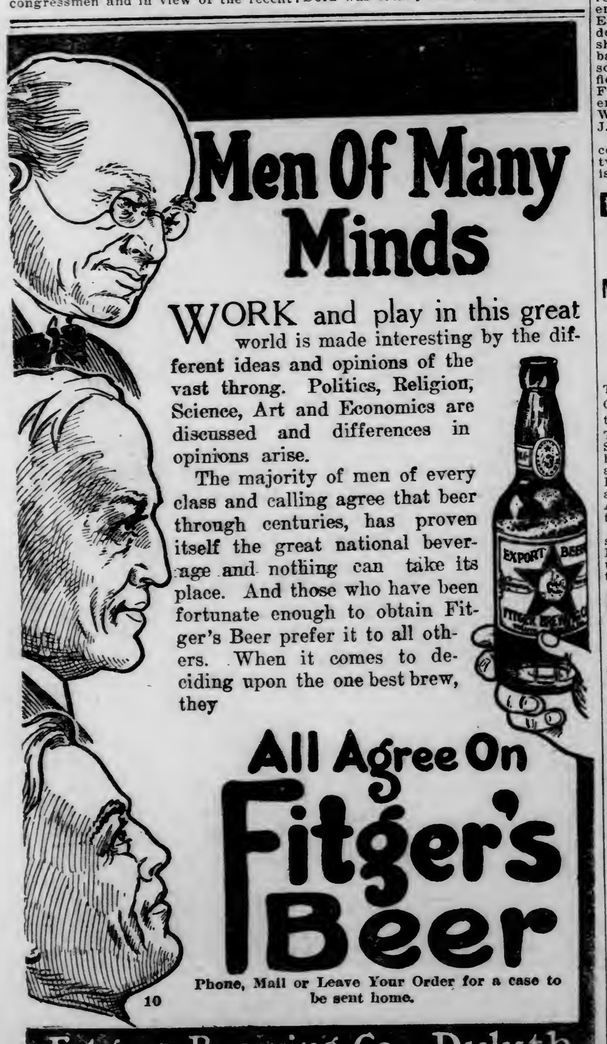

Manning, N. D.—Dunn county, the only one in the state without a railroad, has a mutual fire insurance company with $50,000 insurance in force. C. L. Melby has succeeded Rev. Noah Garwick as secretary.

Brach, N. D.—C. L. Brewer & Son are to establish a broom factory here at an early date. The material is being shipped in carload lots from Indiana and the plant will soon be in operation.

Bowman, N. D.—The difference over the terms of the franchise for the proposed electric light plant here will be adjusted and the franchise granted. The first submitted by the applicant was unsatisfactory and he rejected the terms proposed by the city officials. After much correspondence the terms are being modified until satisfactory to both sides.

Grand Forks, N. D.—Grand Forks county newspaper men will be entertained at dinner by the Commercial club publicity department.

Bismarck, N. D.—The insurance business in North Dakota this year will show a tremendous increase over last year, the total fees, which are paid on a taxation basis, having already exceeded the total payments of last year by $3,000.

Men Of Many Minds

WORK and play in this great world is made interesting by the different ideas and opinions of the vast throng. Politics, Religion, Science, Art and Economics are discussed and differences in opinions arise.

The majority of men of every class and calling agree that beer through centuries, has proven itself the great national beverage and nothing can take its place. And those who have been fortunate enough to obtain Fitger's Beer prefer it to all others. When it comes to deciding upon the one best brew, they

By BRUCE

MANAGERS of the baseball teams of Duluth are authority for the statement that the booking agency started by H. F. Smith of the Kelley Hardware company is already filling a long felt want and will during the course of its development make it far easier to book games than has been the case in the past.

Max Klein, manager of the Moose baseball team and one of the most enthusiastic sport boosters of Duluth, in speaking of the new booking agency, said: "It deserves all of the boosting it has received through the sport columns of The Herald. Already we are beginning to reap the advantages of a systematic booking system. In the past most of the team managers secured their games by luck more than anything else, but now the case is different.

"Our team has scheduled a number of games through the help of the agency and as the season advances it will assist all of the teams in this section of the country. It is especially useful in scheduling games between the Duluth and outside teams. For years the best teams of this city have wanted to play the crack teams of International Falls, Cloquet, Hibbing, Virginia and other of the surrounding towns. It has been hard to get together and few games have been played. Now if the managers of the teams on the range and in the surrounding towns will simply take advantage of this offering and send in the names of their teams and the open dates, amateur and semi-professional baseball in these parts will have one of its best seasons."

* * *

Bill Steele Is in Town.

WILLIAM ESMOND STEELE, who in the years that have been tucked away in the filing cabinet of Old Man Time, was a boxing promoter in these parts, is back in the city for a visit of a few days.

Holding a lucrative position out upon the joyous and golden Pacific coast, the former Duluthian is now working in and out of San Francisco, watching some of the big boys workout for the large and luscious battles of San Francisco and Los Angeles, and in general looking upon the fistic life while it palpitates.

"The fight game is nearly through on the Pacific coast," said Steele today. "We can see the anti-fight law coming. Southern California is against the game and it looks as if the next session of the legislature will put the kibosh on a game that has thrived for years in the Golden West.

"You might have heard of some talk about dividing California into two states. Yep—they are chattering along this line out that way.

"Let me tell you, at a picnic out there some local statistician counted thousands of people who originally came from Iowa. These people are for reform; they came from a quiet and unexciting state and they are for converting the present state of their whereabouts into a community where a game of croquet is quite an event."

During the course of his conversation Mons. Steele declared that there is a decided tendency in some quarters to cut out the guarantee and make the fighters combat for a 60 and 40 per cent basis, or upon some other settlement that will make it some object to win.

"Now," Bill went on, "in some cases it makes little difference who wins. The boys know how much money they are going to get and know they will get so much regardless of whether they win or not. This very fact is hurting the boxing game, in fact, making it thoroughly commercialized.

"Montana has one of the best clauses in the boxing laws of the state that I have noticed anywhere in this country. A fighter is compelled to be at the scene of the bout ten days before the battle—and he has to train. In this way the fight commissioners and the people who support the game can be sure that the fighters are at least making some effort to get in condition."

* * *

The Browns Are Safe.

ONE consolation the owners of the St. Louis Browns have is that the members of that organization stand little fear of violating the anti-Sunday baseball ordinance. The Browns don't even play baseball during the week.

* * *

The Way Jonathan Views It.

OUR old and dearly beloved friend of the Minneapolis Journal, Jawn Ritchie, voices a gentle opinion that the intention of Adolph Wolgast may have quite a lot more to do with the result of the forthcoming bout than the training and condition of John Tecumseth Tillman.

* * *

He Would Make Good.

JACK O'CONNOR, manager of the St. Louis Federals last year and at one time one of the greatest catchers in the history of the game, has been sued for $35,000 damages for striking a man.

If the amount of damages is really based upon the strength of the blow, some of the managers in search of the white hope solution should haste to sign the baseball man.

* * *

It's Getting to Be a Habit.

THE Yale second varsity scored a decisive win over the first varsity eight the other evening.

All of the other schools have beaten Yale, and now even the unloyal undergraduate is getting the habit.

* * *

The Awful Torture of It.

READING in Mr. Bullfinch's book of the terrible times Prometheus had with the birds and beasts while tied to the rock, reminds us faintly of some of the tortures that must be suffered by a member of the St. Louis American league team with a long time contract.

* * *

It Is the Early Spring.

WHILE it is a very difficult matter to convince some of the people in this district of the country that spring is here, one glance at the standings of the teams in the American and National leagues should cinch the argument to that effect.

* * *

Outside of That Bill Is Rational.

WHILE holding extended conversation with William Esmond Steele yesterday we heard Bill remark that Arthur Pelkey is really a great fighter. We asked him to repeat the assertion. Bill still persisted. Outside of this hallucination Friend Steele seems rational and very well informed.

HAIR-RAISING END TO MARATHON RACE

Canadians Win, First Two Being Only Fifteen Seconds Apart

Boston, Mass., April 21.—Canadian runners, headed by James Duffy of Hamilton, Ont., the favorite in the event, outfooted and outclassed their American competitors in the eighteenth marathon run of the Boston Athletic association yesterday. Duffy made good time but not a record, covering the twenty-five miles on rolling roadway in 2 hours 25 minutes and 1 second. Two years ago J. R. Ryan of New York established the course record of 2 hours 21 minutes and 18 1-5 seconds.

Trailing but fifteen seconds behind Duffy came Edward Fabre of Montreal.

More than three minutes elapsed before the first American, John M. Lordan of Cambridge, reached the finish, with Walter Bell of Montreal, coming up strong for fourth place. The rest of the prize winners were Americans.

After the four leaders, the next six men to finish were: Arthur V. Roth, Roxbury, Mass.; Villier Kyronen, Kaleria A. C., Brooklyn; G. F. McInerney, Shannahan C. C., Philadephia; C. Fritz Carlson, Minneapolis A. C., Minneapolis; Thomas H. Lilley, North Dorchester A. C., Dorchester, Mass.; Festus J. Madden, Roxbury, Mass.

NATIONAL LEAGUE

St. Louis, Mo., April 21.—Willie Doak was invincible in the pinches yesterday afternoon while his teammates took advantage of Chicago's errors and hit Humphreys when hits meant a run, St. Louis winning, 2 to 0. Two errors figured in St. Louis' first run in the fifth inning. After one was out Cruise singled to left. Snyder also singled and when Johnston fumbled the ball Cruise raced to third. On Johnston's throw home, Bresnahan erred and Cruise counted. In the next inning Huggins singled and reached second when Zimmerman dropped Breshnahan's fly. Magee then singled to left counting Huggins with the locals' last run. The score:

	R.	E.
Chicago	0	0
St. Louis	2	1

Batteries—Humphreys and Bresnahan; Doak and Snyder. Umpires—Byron and Orth.

AMERICAN LEAGUE

Athletics 8, 6; Red Sox 2, 0.

Boston, Mass., April 21.—The world's champion Philadelphia Athletics broke into the winning column of the American league standing for the first time this season by defeating Boston in two Patriot's day games yesterday. The score of the morning game was 8 to 2, in ten innings, and of the afternoon contest, 6 to 0.

Afternoon game score:

	R.	H.	E.
Philadelphia	6	8	1
Boston	0	4	1

Batteries—Pennock and Lapp; Foster, Johnson and Thomas, Nunamaker. Umpires—Dineen and Connolly.

AMERICAN ASSN.

Cleveland 9; Colonels 3.

Louisville, Ky., April 21.—Cleveland defeated Louisville yesterday, 9 to 3 in the third game of the series by superior batting. Brenton settled down after the second inning, while Clemons and Ellis were batted hard in the final rounds. Casey Jones wrenched his knee sliding to third base and had to retire. Score:

	R.	H.	E.
Louisville	3	8	4
Cleveland	9	14	6

Batteries—R. Clemons, Ellis and V. Clemons; Brenton and Devogt. Umpires—Murray and Johnson.

Kaws 12; Saints 4.

Kansas City, Mo., April 21.—Kansas City piled up eleven hits and ten runs off Dixie Walker in the four innings he was on the mound and easily defeated St. Paul, 12 to 4. Score:

	R.	H.	E.
St. Paul	4	7	3
Kansas City	12	14	4

Batteries—Walker, Gardner and Glenn; Covington and Giebel. Umpires—Owens and Connolly.

TWO FAMOUS BOXERS OF THE SAME FAMILY

TOMMY AND MIKE GIBBONS.

FEDERAL LEAGUE

St. Louis 3; Tinkers 1.

St. Louis, Mo., April 21.—Groom was steady in all but one inning yesterday while Hendrix was hit at opportune stages, St. Louis taking the opening game of the series with Chicago, 3 to 1. Score:

	R.	H.	E.
St. Louis	3	7	2
Chicago	1	5	2

Batteries—Groom and Hartley; Hendrix and Wilson. Umpires—Brennan and McCormick.

Indianapolis 7; Kansas City 2.

Kansas City, Mo., April 21.—One good inning, the second, in which the visitors piled up six runs, was enough to give the Indianapolis Federals a 7 to 2 victory over Kansas City yesterday. Score:

	R.	H.	E.
Indianapolis	7	10	0
Kansas City	2	7	2

Batteries—Kaiserling and Texter; Hogan, Stone and Easterly.

JOHNSON'S JUMP MAY CAUSE LEGAL TANGLE

Big Indian Pitcher Leaves Reds for Federals Because He Is Fined—Cheney of Cubs Figures With Tinker's Outlaw Team.

Cincinnati, Ohio, April 21.—George "Chief" Johnson, the big Winnebago Indian pitcher of the Cincinnati team, last night signed a contract with the Kansas City Federals and left for St. Louis to join it. What salary was promised Johnson was unknown. Johnson was accompanied by President C. C. Madison of the Kansas City club.

The action of Johnson was prompted by a dispute with Manager Herzog who fined the pitcher $100 Monday night for not reporting in condition.

President Herrmann of the local club, who is also president of the national commission said last night that he would seek an injunction today to prevent Johnson from playing with the Kansas City club.

St. Louis, Mo., April 21.—Pitcher Larry Cheney of the Chicago Nationals conferred with Manager Tinker of the Chicago Federals here yesterday and it is reliably reported that he practically has decided to leave the Cubs and join the "outlaws." The deal is awaiting only the sanction of President Weeghman, according to report. Manager Tinker did not want to sign Cheney conditionally unless Weegham considered the legal obstacles taken care of.

****

BIG JESS WESTERGAARD ISSUES A DEFI TO AMERICUS AND CUTLER.

Des Moines, Iowa, April 21.—Jess Westergaard today, through his manager, Oscar Thorson, declared his willingness to wrestle Charles Cutler of Chicago for the American heavyweight title, and also declared that he was willing to meet Gus Schoenlein of Baltimore, better known to the wrestling world as Americus, on the winner take all basis.

"Westergaard is the greatest of all American grapplers," declared Thorson, "and he is willing to meet any of them on their own terms. For some time we have been after Cutler and Jess is willing to sign the articles at any time. We will meet Americus on the winner take all basis and also give the Baltimore man a substantial side bet on the result."

It looks at the present time as if one of the largest bouts of the winning season will be staged at Chicago.

****

Win Rather Easily.

New York, April 21.—Playing in the initial games of the world's professional championship tournament at 14.1 balk line billiards here last night, Willie Hoppe, who holds the 18.1 and 18.2 title, and young Jacob Schaefer of Chicago won their respective matches rather easily. Hoppe's opponent, Harry P. Cline of Philadelphia, was outplayed from the start. George Slosson played Schaefer.

NEW LEAGUE ORGANIZED

Baseball Association Formed to Boost Amateur Game.

Various Managers Indorse Plan to Improve Local Leagues.

Duluth amateur baseball was given a decided boost at the meeting held last evening at the Kelley Hardware company's store, when the organization of the Duluth Amateur Baseball league was effected and officers elected for the year.

There were about seventy-five enthusiasts on hand to listen to the reading of the by-laws of the St. Paul Amateur Baseball association, which have been patterned closely after the rules and regulations governing the Cleveland Amateur Baseball league, and upon which it is proposed to model the local association.

Some of the managers of the leading amateur teams of the city were present and several suggestions were received from them as to the proposed plans for operating the league. It is proposed, though this matter has not been definitely decided upon as yet, that the age limit governing the players of the various classes be done away with, except in the matter of the grade school teams, where some sort of restriction is generally necessary to keep the playing strength of the various teams uniform.

It was announced during the course of the meeting that a grade school league would join the governing league body immediately, and it was also announced that the Commercial Baseball league would come under the management of the league. It is expected that the various teams of the city that made up several local leagues last year will also boost the movement by coming into the league.

Season to Open Soon.

With the initial steps taken in the organization of the various teams, the appointment of the board of directors, various committees and umpires will be accomplished in the next week and every detail be satisfactorily worked out for the opening of the season.

Managers and boosters present were enthusiastic in their belief that the league is going to place amateur baseball upon a higher plane of efficiency and also assist in securing grounds, competent umpires, appropriations for running the game, and in general exercise a control over the game that will work for its best interests.

There will be another meeting of the managers of the city early in the coming week, when it is believed that the board of directors of the league and the various committees will be chosen.

The following officers were elected: R. E. Liggett, president; G. H. Hargreaves, vice president; Jack Desmond, second vice president; S. Barkell, secretary treasurer.

THE OLD FAIR GROUNDS MAY BE RECONSTRUCTED

Deal Is Being Considered for Rebuilding of Race Track, Construction of Grandstand and Laying Out of Baseball Diamond.

Announcement was made yesterday that plans are nearly consummated that will result in the providing of a large athletic field and race track for the city of Duluth.

The deal that those behind the scheme are working upon provides for the reconstruction of the old half-mile race track at the fair grounds, the building of a grandstand and the leveling and grading of the field in the inside of the track.

If the lease of the grounds, which are a part of the Wheeler estate, is made and the projected athletic field becomes a reality, Duluth will have a race track for the growing sport of motor cycling, two or three baseball diamonds and a track that will also occasionally be used for horse races.

For several years there has been a desire upon the part of the followers of sports to see the old track restored. It would mean the bringing to Duluth of a number of sporting events that have been impossible to promote here because of the lack of a race track.

Motor cyclists of Duluth are planning some races for the season and desire to secure a real race track where contests can be held at frequent intervals during the summer.

Also it was announced last evening that in the event of the lease on the fair grounds being secured it would be possible for the officials of the Duluth Amateur Baseball league to make arrangements to use the grounds for a very reasonable rental.

Motor Cyclists to Meet.

There is to be a meeting of the Duluth motor cyclists in the near future, when plans for the season will be made.

According to the announcement made yesterday by several of the local dealers, the sales of motor cycles this year have eclipsed all former records and that the number of riders in Duluth is possibly as large as in any city of like size.

For several seasons the interest in the sport has been increasing. Last year races were put on here and at Hibbing, and both in Duluth and on the range the meets were very successful. With a real race track and enclosed field the officers of the motor cycle association figure that the race meets would be a success from the start.

Amateur baseball men are jubilant over the prospect of a new baseball field, for the scarcity of playing diamonds is one of the grave handicaps to amateur and semi-professional baseball of Duluth.

WOLGAST REPORTED FIT FOR THE TILLMAN BOUT

The Wolgast-Tillman contest is on. After two days of more or less uncertainty it is announced today that every detail has been satisfactorily settled and that Wolgast will step into the ring of the new Hudson Athletic club on Thursday in the best of condition.

One of the interesting explanations of the reports emanating from Chicago that Wolgast had declared his bouts with Tillman and Billy Wagner off, is that several cooks attempted to spoil the broth.

It is said that in this match Wolgast has transacted all of his own business, but at the last moment several people attempted to step in and take a hand in the bout.

Another little announcement that was forthcoming today, is that the Cadillac Dutchman has $1,000 up as an appearance forfeit. In this case Wolgast will take no chances.

The following wire, received by the writer early today from Promoter Mike Collins, is sufficient to clear up all doubts and possible misgivings and puts the quietus on any belief that Wolgast has been disposed to crawl out of the contest:

"St. Paul, Minn., April 20.—Bruce, Duluth Herald, Duluth, Minn.—Wolgast training today here at Wood's. Worked ten fast rounds in championship form. The big gymnasium was packed to the doors. Interest in Wolgast-Tillman match here red hot. Wolgast offered to bet any part of $10,000 any way Tillman's followers want to take it. The advance sale is beyond all expectations. At 5 today in St. Paul and Minneapolis $7,680; looks like a $15,000 house.

"MIKE COLLINS."

Says Wolgast Is Earnest.

While here, some two weeks ago,

Why Should I Smoke TUXEDO?

GEO. CURRY
ex-Governor, New Mexico
"Tuxedo appeals to me strongly on account of its cool, mild, pleasant flavor. Therein lies its superiority to all other tobaccos."
Geo Curry

STANTON WARBURTON
Congressman, State of Washington
"My own experience leads me to believe that every desirable quality is present in Tuxedo Tobacco. It is the best smoke I ever had."
S. Warburton

IRVIN S. COBB
humorist and novelist
"I can't think of any reason why I shouldn't say I like Tuxedo—because I do like it, very much."
Irvin S. Cobb.

TUXEDO is the logical smoke for *millionaires* because it is impossible to buy a *better* tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin—making the *average cost per pipeful only one-fourth of a cent!*

To buy cheaper tobacco means to get less pleasure out of smoking, because it is impossible to *make* a tobacco as good as Tuxedo at less than the Tuxedo *price!*

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo is made of only the finest, choicest selected leaves of perfectly aged Burley tobacco. It is made by the *original* Tuxedo process which takes all the *un*pleasantness *out* of tobacco and leaves all the pleasantness *in!*

Tuxedo has a deliciously mild, fragrant aroma that is pleasant to all. It is the *only* tobacco you can smoke in a room full of lace curtains without leaving even a trace of an odor.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked. Buy a tin—today.

YOU CAN BUY TUXEDO EVERYWHERE

Famous green tin with gold lettering, curved to fit the pocket 10c
Convenient pouch, *inner-lined* with moisture-proof paper . . 5c
In Glass Humidors 50c and 90c

THE AMERICAN TOBACCO COMPANY

Impresario Collins was authority for the statement that Wolgast was never more in earnest in his ring career regarding a bout.

"At the request of the little Michigan fighter the date was put over in order that Wolgast would have more time to fit himself for the bout," said Collins. "Wolgast declares that he can afford to take no chances of losing, as he has several big engagements on the coast."

Interest in no contest fought in Wisconsin under the Hedding law has reached the high altitude of fevered anticipation that has been wrought up by the bout that is to be decided on Thursday evening.

As a former champion of the world and one of the greatest lightweights of modern fistania, Wolgast is the magnet of attention. Tillman is young and by some considered one of the comers of the lightweight division. The great and all absorbing question is whether or not Tillman can weather the storm of Wolgast charges for ten rounds. It is this question, this angle of the coming ring argument that has made the battle one that is attracting wide attention.

ODD ENDING TO FIGHT IN ENGLAND

"No Contest" Is Decision When Bandsman Blake Is Fouled.

London, April 21.—The bout between Joe Borrell of Philadelphia and "Bandsman" Blake, the English middleweight, at Blackfire last night, disappointed a big crowd when the gong sounded at the close of the fourth round. Blake turned to go to his corner, and Borrell swung a hard right to the head, flooring him.

Blake's seconds claimed a foul, but the referee thought the blow was unintentional and declared it "no contest."

Borrell had the better of the exchanges up to that time.

INVITE CANDIDATES.

Four Would-Be North Dakota Governors to Speak May 17.

Devils Lake, N. D., April 21.—Gubernatorial candidates of three political parties in North Dakota will speak from the same platform in Devils Lake, if the plan of Siver Serumgard, chairman of the local committee in charge of the May 17 celebration, is carried out.

Mr. Serumgard has invited Governor L. B. Hanna and U. L. Burdick, Republican candidates; J. Nelson Kelly of Grand Forks, Democratic candidate, and H. H. Aaker, Progressive candidate, to participate.

The celebration will be one of the biggest in the state, and Mr. Serumgard is confident he will be able to bring the quartet of candidates together.

Barber Shoots Himself.

Fergus Falls, Minn., April 21.—While Eugene E. Heustis, aged 50, married, a well-known local barber, formerly of Northfield, was examining a shotgun in his room here, the weapon went off, blowing off part of his head. A wife and two children survive. The coroner pronounced death accidental.

"GIBBONS TO WIN"---REDDY

Manager of St. Paul Boxer Predicts a Decisive Victory.

Johnny Salvatore Confident of Stopping Kid Billings.

Tommy Gibbons arrived last evening and is in fine condition for the bout of this evening with George "Knockout" Brown before the newly organized Superior Athletic club.

The Chicago Greek arrived yesterday and put in a light workout on the other side of the bay, merely to keep his muscles in good working order.

Manager Eddie Reddy, the mentor of the Gibbons boys, is here with Tommy. The Peerless Mike will hop a rattler at St. Paul early today and will blow into Superior early this morning, and will act as instructor in the corner of the young member of the house of Gibbons.

Mike McNulty, well known in fistic circles in the Twin Cities and at the Head of the Lakes, is here with Jack Burke, the diminutive cockney who is to go against one of the best boys that can be found for him.

With the Gibbons-Brown match as the headliner, and with such clever performers on the bill as Johnny Salvatore, Kid Billings and Young Burke, the card of this evening gives promise of being one of the best that has been staged under the Hedding boxing law.

Reddy Is Confident.

"You know Tommy Gibbons is going to win," said Reddy today. "The Greek is one of the very toughest and most dangerous of all the middleweights in the boxing game. He has a wallop and is almost punch-proof. Look over the long record of the Greek and you will find that he has never been knocked out—as a matter of fact, I can't recall any time Brown has been knocked down."

It might be added that Mike McNulty is equally enthusiastic over the chances of the durable Johnny Salvatore in the bout with Kid Billings.

"John is one of the best 135-pound boys in the country," said McNulty. "They stuck him up against the clever and hard-hitting Jimmy Potts in his first professional fight, and he showed all the stuff that a game kid should have. There was no quit to the little Dutchman.

"With experience and a better knowledge of the boxing game, Salvatore is one of the real contenders, and he will prove that I am right when he finishes off this Billings boy. Johnny will stop Billings—just make a note of that and see if I'm not right."

Interest in the various bouts of the new club augurs for a large house. The first appearance of one of the Gibbons boys has created a lot of talk, for the bout with Brown promises to show all the goods in the repertoire of the younger of the now famous boys.

ERD ESTATE IN PROBATE COURT

Duluth Jeweler Left Property Valued at $43,500.

John B. Erd, Duluth jeweler, whose death occurred at St. Paul on April 15, left an estate consisting of real and personal property worth $43,500, according to a petition for administration filed yesterday with the clerk of the probate court by Mrs. Marie Erd, widow.

Mrs. Erd asks the court to grant her letters of general administration and names herself and daughter, Senta Erd, as the only heirs.

The court appointed Emil Geist as special administrator of the estate. He will temporarily manage the jewelry business of the late Mr. Erd.

MIND UNBALANCED BY CHURCH SCANDAL

Husband of Witness Against Pastor Burns Self to Death.

Joliet, Ill., April 21.—Robert Whitley of Lockport, whose wife was a witness in a church scandal, died yesterday in a hospital of burns, after he had been found in a cemetery. The grass about his body was burned and a bottle partly filled with kerosene was near by.

Whitley is thought to have suffered a mental lapse as a result of the turmoil that resulted from the charge of a young women that the pastor of her church had unfastened her garter while playing a game at a church social. Whitley's wife supported the young woman's accusation. Whitley was a director in the church's affairs.

The scandal caused much commotion in Lockport church circles. On Sunday an affidavit, signed by the young woman accuser of the pastor and exonerating the preacher, was read from the pulpit. Later the young woman repudiated her affidavit, saying she had intended only to stop the notoriety she had gained.

Whitley appeared overwhelmed by the incidents connected with the affair, and finally disappeared. A searching party was organized, and after a long hunt found the fatally burned man in the Lockport cemetery.

It Is So Easy To Get Rid of Skin Troubles

By Using **Cuticura Soap** exclusively and a little **Cuticura Ointment** occasionally that it is a pity not to do so in all cases of pimples, redness, roughness, itchings and irritations.

SAYS GREAT WORLD TEACHER IS COMING

Theosophist Speaker Declares New Force in Life Is Necessary.

At a meeting of the Order of the Star in the East, held last evening at 203 Temple building, one of the members spoke on "The Bases of Belief in the Near Coming of the World Teacher" as follows:

"All knowledge is based on experience. But knowledge is of different degrees of certainty and that of which we are not absolutely certain we call belief. Now there are some members of our order who know the Great World Teacher will soon again come out into the outer world to give the impulse that will guide the development of the new race now forming in America, but for most of us, it is a matter of belief; and it is profitable for us to consider in a public meeting of this kind, upon just what do we base that belief.

"When we study the civilizations of the past, we find that nations come and nations go. They rise slowly from small beginnings to be world powers. They reach the zenith of their development and then decadence commences. We study the conditions that surround the beginning of this decadence and we find that it is a transition stage, a time of sudden changes and great confusion. We find a deadlock in religion, science and art; great luxury and extreme poverty face to face; labor troubles, deterioration of the physique, etc., all signs of a closing age. We examine the present and we find that such conditions are just what we have with us today. Religion has lost in its long fight with science and is losing influence with the masses. Science has reached the limits of its powers with present methods, which are those connected with observation and the use of apparatus. There are limits to the powers of physical observation and the delicacy of apparatus. Science is reaching out into metaphysics for the solution of its problems. It can go no further by present methods, speaking broadly.

"Though our order has a specific belief and exists only because of that belief, yet there is no authority who seeks to impose on us acknowledgment of any particular personality as the Teacher. We are all at liberty to believe Him to be whom we choose and to hold our own opinions as to the time when He will come. Those who know say it will be within the next fifteen years and all evidence points to the correctness of that view, but that is not of great importance. How will we know Him? By His teaching. Only if we have some of his beauty and goodness in our own hearts shall we know Him. If there is in us anything that can respond to the divinity in Him, by that we may know Him. Therefore it is that one of the principles of our order is to cultivate gentleness, steadfastness and devotion."

DROPS DEAD OF HEART DISEASE

Fred Block of Duluth Heights Expires Without Moment's Warning.

Fred Block, 55 years of age, fell dead at the upper terminal of the incline at 4:30 yesterday afternoon. He had just alighted from an incline car and started for his home at 18 West Orange street. Upon reaching the street he staggered and fell to the ground. He was dead when pedestrians reached his side. Heart disease, it is believed, was the cause.

Mr. Block had apparently been in good health and his death yesterday came as a shock and surprise to his many friends. He had lived in Duluth for many years and was very well known among the residents of Duluth Heights. He is survived by a widow and two children.

Coroner McComb was immediately notified of the death of Mr. Block and ordered the body removed to the Stewart undertaking rooms, where an autopsy will probably be held this afternoon.

The funeral arrangements will be made some time today.

Minnesota Soldiers Ready.

Minneapolis, Minn., April 21.—The First regiment, Minnesota National Guard, is ready to leave for Mexico if called upon. Col. E. D. Luce, in command, said that his regiment had a full complement of 1,000 men, and could be gotten under way in two hours' time.

NEW SYSTEM OF NUMBERS

Plats With Uniform Numbering of Duluth Houses Are Approved.

Council Transfers Saloon to Central Avenue Instead of Ramsey St.

Duluth will hereafter have a uniform house numbering system.

The city council at its regular meeting yesterday afternoon approved numbering plats of many different divisions and additions of the city.

The plats were prepared by the city engineering department under the direction of Commissioner Roderick Murchison, head of the division of public works, and were submitted by him to the commission yesterday. The commissioner's attention was recently called to conditions existing at Lakeside and Lester Park, where houses bore numbers in the thousands when it would ordinarily be thought that they would be in the hundreds. This results in considerable confusion and causes people trying to find the houses much difficulty.

Select Dividing Lines.

When the commissioner investigated the situation he found that the same was true of other parts of the city and had numbering plats prepared to straighten out the tangle. As far as possible the system is continued on the same basis as that in effect in the main part of the city, Lake avenue being used as the dividing line of avenues and Superior street as the dividing line of streets.

The numbering plats approved were for Oatka Beach addition, Boulevard Place addition, Colman's First, Second and Third divisions, Colman's Second acre tracts, Norton's Steel Plant addition, Brookline addition, Lemagie addition, Glen Avon, Seventh and Eighth divisions, Kennilworth Park addition, New Duluth and Riverside park, Harrison's Brookdale division, Gary, First division, Gary, Second division, and Lester Park divisions.

Saloon Transfers.

The applications of C. J. Petruschke for a transfer of a saloon license from 5217 Ramsey street to 5607 Ramsey street and of J. E. Bietala for a transfer from 103½ East Superior street to 410 North Central avenue, were both denied.

Bietala was represented before the council by Attorney M. E. Louisell, who stated that his client had moved most of his fixtures to 410 Central avenue and negotiated a lease in the belief that his application would be acted upon favorably. He asked that the transfer be granted on the ground that Bietala had prior claims to the location.

Commissioner Hicken informed the attorney that he had told Bietala not to enter into any lease as he would not give him assurances that he would recommend the transfer. He said that Bietala would be allowed to locate in the central part of the city.

Compromise on Transfer.

Instead of transferring to 5607 Ramsey street, Petruschke will be allowed to open his saloon at 410 Central avenue, for which Bietala applied. The residents of West Duluth objected strenuously to allowing a saloon to be established at 5607 Ramsey street and the present arrangement is in the nature of a compromise.

The offers of $1,200 for the lot and town hall at Lakeside and of $1,960 for the house and lot on South street between Thirteenth and Fourteenth avenues east, formerly used by the engineer of the Endion pumping station, were submitted to the council, but were not acted upon. The commissioners decided to view the property before accepting the bids, and laid them over until next week.

A petition was received asking that Eleventh avenue west between Superior and First streets be turned over to the park department and beautified, except for a ten-foot roadway in the center. It was pointed out that the grade is too steep to be of much use for traffic. The petition was referred to the works division.

A resolution was passed transferring the triangle at Seventh street, Clover stret and Irving place from the works division to the public affairs division. It will be beautified by the park department.

The contract for furnishing lumber to the works division for maintenance purposes during the season was awarded to the Heimbach Lumber company and that for lumber for new walks went to the Duluth Lumber company.

The contract for constructing a concrete culvert at Forty-third avenue west and Oneota street was awarded to August Bodin on his low bid of $1,645. After the culvert is built the gulch can be filled whenever an opportunity appears to get the dirt at small cost, as was done at Fortieth avenue west and Oneota street.

Petitions were received for the vacation of that part of Ruthrin court which has not heretofore been vacated; for a sanitary sewer in Eighth alley between Thirteenth and Fourteenth avenues east; for the improvement of Victoria street between Thirty-fourth avenue east and Woodland avenue, and for a sanitary sewer in Fifty-sixth avenue east from London road to the Iron Range tracks.

Appropriations Are Made.

Ordinances appropriating $500 for office partitions in the office of the water and light department, $1,500 for hauling gas and water pipe during the season, $200 for purchasing nursery stock for the grounds of the Lakewood pumping station, $155 for linoleum for the council chamber and $1,500 for completing the valuation of the plant of the Duluth-Edison Electric company were passed.

The wheelage tax ordinance was given its second reading. Before the regular meeting the council met with W. A. Worley and Gage Baldwin, representing commission men who claimed that although the charge of auto trucks was being reduced from $10 to $8 per ton capacity, the tax was still too high, compared with a charge of $12 per year for three-horse teams. They thought that Commissioner Voss' suggestion that the charge be made $10 for 1-ton trucks, $8 per ton for 2-ton trucks, and $6 per ton for 3-ton trucks, or greater, would be equitable. No action was taken as the council wished to learn the rates charged by Chicago. Another conference will be held before the ordinance is passed. No protest was made against other proposed changes incorporated in the ordinance.

Read Store Ordinance.

The ordinance establishing a purchasing and storeroom system and designating the city clerk as purchasing agent was given its first reading, as were ordinances appropriating $300 for the purchase of electric light globes and $150 for lithographing 500 registered bond forms.

Upon motion of Mayor Prince the salary of Frank Hicks, manager of the welfare department and probation officer, was raised from $1,800 to $2,400 a year. He also has charge of the free legal aid bureau.

FRENCH SOCIETY TO HONOR PEARY.

Washington, April 21.—Rear Admiral Robert E. Peary, U. S. N., retired, the Arctic explorer, has been notified that the Geographic Society of France has decided to award him its grand gold medal, the highest honor it can give.

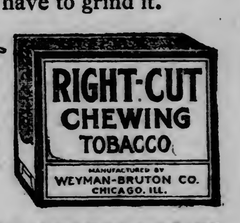

THE TRAPPER AND THE GOOD JUDGE

TAKE less than a quarter your old size chew and just nibble at it easy like. "Right-Cut" is *the Real Tobacco Chew.* It will satisfy you. Gives you comfort such as you never knew there could be in tobacco. Pure, rich, sappy tobacco—seasoned and sweetened just enough. *Ready* chew, too. Short-shred, cut fine so the flavor *comes.* You don't have to grind it.

TRIED TO GET BETTER HEALTH AND FAILED
BECAUSE OF WRONG METHODS

In the face of failure with strong drugs and a strong appeal to her to submit to an operation if she wanted to live, she felt that there was a better way for her to get well, than to take a half chance on the operating table. This is what Mrs. T. S. Butterfeld of 1924 West Michigan street said when she came to consult the Electro Medical Doctors. After she began to use Natural Methods she experienced relief at once and two weeks later she wrote the following testimonial:

"Duluth, March 20.—I thank you Doctors for the good work you have done for me, after having used drugs for years and steadily getting worse. The doctors said that only an operation would save me from death. Now compare that with your simple, painless treatment, without any risk to life whatever. Only two weeks and all my excruciating pain is gone. I hope that other people who suffer like I did will read this and investigate your treatment." (Signed) Mrs. T. S. Butterfield, 1924 West Michigan St.

Natural Methods cure large abdominal tumor. Lady from Michigan writes the following:

"Electro Medical Doctors, Duluth, Minn.—Dear Sirs: I write to tell you that the tumor has entirely disappeared and I feel no symptoms of its presence." She writes further: "I had an injury to my eye recently and a Milwaukee Specialist tells me I must have an operation to prevent blindness. Can you save me once more from an operation?"

Natural Methods Cure Tuberculosis of Neck Glands.

Mrs. Mary Lustin of Eveleth had the above disease when she consulted us, with a deep hole eaten into the sternum (breast bone). Within reasonable time the wound is completely healed and the swelling reduced. She writes: "I am feeling fine and get stronger right along."

Natural Methods Cure Goiter.

Goiters have been cured by Electro Medical Methods. Patients living right here in Duluth. Name and address will be given to inquirers.

Rheumatism Cured By Natural Methods.

Mrs. Scougale of Hibbing, whose fingers were badly deformed and enlarged, was told by local doctors that if any doctor would cure her condition, his fortune would be assured. Today her hands are normal. Electro Medical Methods did the work. The Electro Medical Doctors are Specialists in Chronic Stubborn Diseases, and the above testimonials should convince the most skeptical of the merits of their healing system.

ALL CONSULTATIONS FREE AND STRICTLY CONFIDENTIAL.

OUST CROWD FROM SENATE DURING TALK

Demonstration During 'War' Resolution Debate Is the Cause.

Vice President Acts When Williams Stirs Applause.

Washington, April 21.—Charge O'Shaughnessy at the direction of the state department has advised the foreign diplomatic body in Mexico City to have their nationals leave Mexico.

Washington, April 21.—About 100 men were summarily ousted from the senate galleries today by the sergeant-at-arms for a demonstration during debate on the "war" resolution. The action was taken by Vice President Marshall.

Senator Shively, speaking on the resolution, said those who had been "clamoring for intervention" had not thought of the danger to the thousands of American citizens in Mexico.

"I say it is a marvel, in view of the character of that people, with 60,000 of our citizens there, that we have escaped without a great number of casualties," he declared.

Mr. Shively referred to the Lodge preamble.

"This proposed preamble would transform this resolution into a declaration of war," he said. "If we are to make a declaration of war—then let us make it. Let us not engage in the snivelling Phariseeism of citing facts which justify war and instant war and then adopt these resolutions.

"Reasons for War."

"Are we in the same breath to declare half a dozen reasons why war should be declared on Mexico, and in concluding the resolution declare our purpose not to do so? There can be no question as to what the natural effect of that preamble would be if addressed to any great power of the world. All the recitations of the resolves would be idle."

Senator Shively said that senators who were anxious for war may well wait until "this resolution is tried as a means for peace."

Senator John Sharp Williams, Democrat, then took the floor in support of the committee's resolution.

"If the president had overlooked this insult to the flag, he would have been condemned from every hill and valley in the United States," said Mr. Williams. "Therefore, with the world, semi-barbaric, semi-civilized, I must support the president. I don't want to kill any Mexicans. I don't want any Mexicans to kill me."

Williams Got Applause.

The Lodge substitute, Senator Williams said, was a declaration of war against Mexico and the Mexican people.

"I want," he said, "this resolution to be so worded that the world shall know it shall be war on Huerta until Huerta salutes that flag, or Huerta becomes an American prisoner, or Huerta dies."

A wave of applause swept the galleries.

"The sergeant-at-arms will clear the galleries," directed Vice President Marshall.

About a hundred men immediately were removed.

"Huerta has studiously endeavored to insult the president and the government of the United States. It is not a matter of injury, or property, or life; it's a matter of insult to the honor of the flag," continued Mr. Williams.

"The president sounded the right keynote—peace. The house of representatives struck the keynote—Victoriano Huerta. And when I vote for these resolutions I do it with the hope that the house, in conference, will insist on naming Huerta, the insulting party.

"If war shall follow these resolutions, the civilized world should know that it is war forced by Huerta. And if war shall come, it should be war against, not the Mexican people, but against Huerta."

Bryan Meets Ambassadors.

Secretary Bryan asked the foreign ambassadors to confer with him at 2:30 p. m. It generally was accepted that he would advise them of the situation in detail.

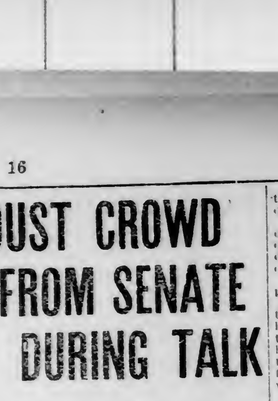

Count Von Bernstorff, the German ambassador, was the first to confer with Secretary Bryan. He told inquirers he could not discuss his visit and that he was without information of the German ship carrying munitions of war to Huerta at Vera Cruz.

Germans to Leave.

Juarez, April 21.—Max Weber, German consul here, today was instructed to get German subjects out of his district in Mexico.

An official report received today states that the smelter and brewery at Monterey have been occupied by the rebels, who began their attack yesterday.

There's A Big Reason Why

Paragon Typewriter Ribbons are the best

WE realized years ago, when we first started to make Paragon Ribbons, that *they had to be the best*—at whatever cost.

There was a special reason *—the Remington Typewriter.*

We make the Remington and we make the ribbon. We started to make the ribbon for the Remington. No writing machine can do better work than its ribbon, therefore none but the best ribbon is good enough for the Remington Typewriter.

So you see that Paragon Ribbons *had to be the best*—not only for their own sake but for the machine's sake. This double incentive has produced the best ribbon—*the ribbon that outsells them all.*

Of course there are other reasons for Paragon Ribbon leadership. We are *the* typewriter ribbon manufacturers with the best facilities, and the most complete knowledge of the qualities in a ribbon that typewriter users want and how to produce what they want. But all of these reasons have followed from the first. It was Remington leadership which demanded and produced Paragon leadership.

But do not think that the Paragon Ribbon is simply a Remington affair. What the Paragon Ribbon has done for the Remington, it has done, incidentally, for every other writing machine. Paragon Ribbons, of absolutely uniform quality, are made for all makes of typewriters.

TWO LICENSES ARE HELD UP

Cody Hotel Bar May Close; Holland Must Make Changes.

The saloon licenses of Forrest Maloney, proprietor of the Cody hotel, Central avenue and Ramsey street, West Duluth, and I. Goldberg of the Holland hotel, Fifth avenue west and Superior street, were held up at the council meeting yesterday afternoon.

Commissioner W. A. Hicken, head of the safety division, asked for the division of the resolution granting saloon licenses and at his request action on these two was laid over for one week.

Under the provisions of the Hicken code Maloney cannot be granted a license and the hotel building will be penalized for one year. Last week his bartender, Archie Ohman, was arrested for selling liquor to Henry Herman, 18 years of age. He pleaded guilty in the West Duluth police court and paid a fine of $50. The facts did not become generally known at the time. The license expires May 1.

The section of the code governing such cases states: "That no license shall be granted to any person to sell intoxicating liquors in any room in any building wherein there has been a violation of the provisions of this ordinance or of the laws of the state of Minnesota for which conviction has been had, until more than one year after the date of such conviction and more than one year after the termination of any license for selling liquor in the room in which such violation occurred; provided farther, however, that this shall not apply to other rooms in said building wherein the sale of intoxicating liquors was licensed at the time of such violation."

It is understood that the reason for holding up the license of the Holland hotel was pending the making of satisfactory arrangements for the location of the bar, which is now back of a jewelry store.

Under the same provision of the Hicken code as affects the Cody hotel, Joseph Sharabon of 415 West Michigan street will not be granted a renewal of his license, which expires July 1. The building will also be penalized for a year after that date. Sharabon's bartender was recently convicted of selling liquor to a minor.

DESERTION AND ADULTERY CHARGED

George J. Goodyear Sues Wife for Divorce on Double Charge.

Less than a month after his wife left his home she ran away to Canada with another man, according to the story of domestic trouble related in divorce proceedings started today in district court by George J. Goodyear.

Goodyear, 32, is seeking a divorce from his wife, Grace L. Goodyear, 27, on the grounds of adultery, naming Harold Rudd as co-respondent. Goodyear alleges that his wife deserted him on July 10 last and on Aug. 9 left for Canada with Rudd.

Between Jan. 15 and March 5 of this year, Goodyear asserts, his wife and Rudd were living as Mr. and Mrs. Rudd in a boarding house at Moose Jaw, Canada. Mrs. Goodyear returned to Duluth shortly afterwards, but has not been living with her husband.

The Goodyears were married at Aitkin, Minn., on March 23, 1905, and are parents of three children, Gladys, 7; Cecil, 7, and Ethel, 5. Judge Ensign today signed an order issuing a commission to John E. Chisholm, a notary at Moose Jaw, authorizing him to take a deposition from Barclay Stewart, a witness for the plaintiff in the divorce case.

Mrs. Goodyear is in default and will not contest the case.

HAMMOND FILES FOR NOMINATION.

Winfield Scott Hammond of St. James, congressman from the Second district, yesterday filed with Secretary of State Schmahl as candidate for the Democratic nomination for governor. His affidavit, together with a check for $50, was received by Mr. Schmahl in a letter mailed from Washington, and in which the election laws of Minnesota are criticized. "It occurs to me," he asserts, "that a candidate running on a plank promising to make the election laws of the state intelligible ought to be unanimously elected."

DULUTH ELKS TO VISIT SUPERIOR

Will Get Better Acquainted With Herd Across Bay Thursday.

"Hello, Bill; going to Superior Thursday night?"

The Superior herd has framed some stunts for that evening and Duluth Elks will journey across the bay in large numbers.

The Duluth members of the antlered tribe are planning just an informal, friendly call on their brothers across the state line. Special cars have been chartered for the occasion, to leave Third avenue west at 7:30 o'clock. All those who intend to go are requested to turn in their names to Martin Rosendahl, chairman of the visiting committee, or to Secretary George V. Heathcote. They are expected to assemble at the lodge rooms at 7:15.

The chairman says that a large number have already signified their intention of going but he is confident that when knowledge of the trip becomes more generally known, the number will be doubled or trebled. The purpose of the trip is to strengthen the friendly relations between the two lodges.

WOMEN FIGHT ON STREET CAR

Roll on Floor While They Pull Each Other's Hair.

Conductor and Male Passengers Fail to Separate Combatants.

Coming to Duluth on the last Duluth-Superior street car last night were two girls and a man.

The man seemed to possess particular powers of attraction, for shortly after the car had passed the interstate bridge one of the young la—women, approached the one seated with the young man and asked with rising inflection what right she had to take her "steady" away.

This is the manner in which the fight started. Eye witnesses to the affair declared that the two la—women were soon entwined in an embrace, not of the loving kind, and that hair was pulled, blows exchanged and high power adjectives flung heedlessly not to say ruthlessly throughout the car.

According to one of the witnesses of the affair the conductor seemed reluctant to separate the combatants, failing to recognize either one as a party qualified to carry on negotiations.

It is also said that none of the men on the street car made any effort to stop the fight. "It was so good, that we hated to see it come to an end," explained one, so they also assumed a position of watchful waiting.

If the story told of the affray is correct, the two la—women, rather, rolled on the floor of the car, struck, pulled hair, emitted shrill screams and in other ways created a regular fuss.

The trio alighted at Garfield avenue, and it is said the battle was waged in vehement manner right up to the time of the alighting.

What happened after that, it is very difficult to say. The young la—women did not leave their names or addresses with the other passengers.

WOULD AMEND THE COMPLAINT

Minneapolis Traffic Commission Seeks Delay in Lake and Rail Hearing.

St. Paul, Minn., April 21.—(Special to The Herald.)—A request for permission to file an amended complaint showing just what has been done since the filing of the original complaint, Jan. 23 last, was made by Frank B. Kellogg today at the continuation of the lake-and-rail hearing before R. T. Eddy, examiner for the interstate commerce commission, in the Federal building.

The request was made on account of constant objections to the testimony of W. P. Trickett, traffic director of the Minneapolis Civic & Commerce association, who covered in his evidence the rates to interior Iowa not put in prior to the filing of the complaint.

Ballard Objects.

Ernest R. Ballard, representing the New York Central Railway company and the Trunk Line association, New York, objected to the introduction of the amended complaint. The application will be decided by the interstate commerce commission.

H. T. Quinlan of Foley Bros. & Kelly, J. W. Cooper of Griggs, Cooper & Co., P. W. Lyon of Janney, Semple, Hill & Co., Minneapolis, and W. P. Trickett of Minneapolis, were the witnesses before the examiner today.

The representatives of business houses testified as to the effect the new 50-cent rate, lake-and-rail, from New York, would have upon their business in limiting their territory both North and South through discrimination against the Twin Cities.

The objections referred to in the above dispatch were doubtless backed by the representatives of the Duluth traffic commission, Julius H. Barnes and G. Roy Hall. It is understood here that Minneapolis attempted to confuse the issue. The original hearing was on the justice of the increase in the lake and rail rates made by the railroads, following the decision in the lake and rail case before the interstate commerce commission. Minneapolis protested that the increase of 7 cents in the differential was too great, and this was the subject that was to have been argued. Later, however, Minneapolis complicated the case by attempting to obtain a readjustment of the entire structure of rates from the East. The Duluth representatives were prepared for this, and were ready to demand that the Twin City representatives stick to the issue originally raised.

CUT WIRES; BLOW SAFE; ROB STORES

Four Missouri Bandits Fire at Citizens and Escape With $3,000.

Phillipsburg, Mo., April 21.—Four bandits, after cutting this town off from all telegraphic communication early today, broke into two stores after eight explosions blew open the vault in the Farmers' State bank, and escaped to the hills with $3,000. More than a hundred shots were fired by the robbers at citizens who attempted to interfere.

A posse of fifty men, led by Sheriff Hufft of La Clede county and Sheriff Shields of Webster county, started in pursuit with bloodhounds.

The bandits first appeared in the St. Louis and San Francisco railway station. They bound A. C. Lawson, night operator, and left a man to guard him. The remaining three then cut the telegraph wires. After ransacking the postoffice and a hardware store, they robbed the bank.

QUARTER CENTURY ON THE BENCH

Judge Ensign Has Been in Service Twenty-Five Years.

Judge Josiah D. Ensign, Duluth pioneer, has passed the twenty-fifth milestone of service as a judge of the district court in this county.

Thursday, April 16, marked the anniversary of a quarter of a century on the bench, but the day went unobserved even by his honor himself, who had forgotten the exact day.

When asked about the anniversary of his twenty-fifth year of service as a district court judge, he confessed that he would have to look it up in the "blue book," as he had forgotten himself.

The "blue book" or legislative manual shows that Judge Ensign assumed office as district judge on April 16, 1889, and has served continuously since that time. He is the oldest of the St. Louis county judges, both in years and in point of service.

Judge Ensign will celebrate his eighty-first birthday on May 14 next.

FICTION ADDED TO THE LIBRARY

The following books of fiction were added to the library in April:

Adams, Andy, "The Outlet."
Aldrich, T. B., "Prudence Palfry."
Aldrich, T. D., "The Stillwater Tragedy."
Altsheler, J. A., "The Wilderness Road."
Austin, J. C., "Dr. Le Baron and His Daughter."
Balzac, Honore de, "Cousin Bette."
Balzac, Honore de, "The Magic Skin."
Banks, N. H., "Oldfield."
Barbour, R. H., "The Land of Joy."
Barlow, Jane, "At the Back of the Beyond."
Barr, A. E., "Friend Olivia."
Barr, A. E., "The Hands of Compulsion."
Barr, A. E., "Jan Vedder's Wife."
Barr, Robert, "In the Midst of Alarms."
Bates, Arlo, "The Puritans."
Becke, G. L., "By Reef and Palm."
Bell, J. L., "Whither Thou Goest."

THE WAITER'S PRICE.

Lippincott's: It was a banquet where a notable gathering of politicians had assembled. A certain aspiring young attorney was among the number, and as he spied an influential judge at the far end of the parlor, he called the head waiter, slipped half a dollar into his hand, and whispered: "Put me next to Judge Spink at the table."

Upon being seated, however, he found he was at the other end of the room from the judge.

He called the head waiter to explain. "Well, sir," replied the official, "the fact is that the judge gave him a dollar to put you as far from him as possible."

WHEELER AGENCY,
808 ALWORTH BLDG.
"We Write Fire Insurance Right."

County Fire Insurance Company.
Principal office: Philadelphia, Pa. (Organized in 1832.) Charles R. Peck, president; E. A. Law, secretary. Attorney to accept service in Minnesota: Commissioner of Insurance.

J. A. O. PREUS.
Commissioner of Insurance.

MARKET IS SLIGHTLY UP

Wheat Turns Strong on Some Dry Weather Reports From Southwest.

Flaxseed Is About Steady With Fair Inquiry From Crushers.

Duluth Board of Trade, April 21.—The market was steady at the close. May wheat closed ⅛c up; July ¼c up and September ⅛c up at 88c. May durum closed ¼c up and July ¼c up. Oats closed ⅜c up at 35⅝c for on the track and 33⅞c for to arrive. Rye closed unchanged at 54½@56½c for the best grades.

At Winnipeg May oats closed at 34¾c and July at 35⅞c.

Puts on Minneapolis July wheat closed at 90¼c asked and calls at 90⅞c asked.

Reports of dry winds through some sections of Nebraska and Kansas and lack of moisture, led to a strong market in wheat today. Another factor was a more bullish situation in corn, with advances showing at Chicago and other markets.

It was reported from Winnipeg that export bids were being received and that some business had been worked. Considerable seeding is said to have been done in Alberta and Saskatchewan, but very little in Manitoba where the weather is cool and showery.

The general foreign wheat markets are working stronger, advances being the rule at all the leading centers today. The world's visible supply report showed a decrease of 8,150,000 bu in the week, bringing it down to 175,989,000 bu, compared with 199,370,000 bu last year. A decrease of 4,136,000 bu was shown in the European visible supply.

Receipts of wheat at Duluth today were just nineteen cars, compared with 120 last year. With a portion of the grain loaded out of the elevators during the last few days, reported stocks in the houses have been reduced 921,000 bu bringing them down to 13,639,000 bu, and raising the quantity afloat up to 2,285,000 bu. A further substantial reduction is assured before the week is out, taking into account the number of steamers chartered to load.

At Minneapolis, receipts showed an improvement, being 139 cars against ninety last year. With the good milling demand, stocks there have decreased 700,000 bu in the last three days. A rush of grain from the interior elevators was reported at Winnipeg, receipts there today coming to 527 cars against ninety-eight last year.

May wheat opened ⅛c up at 90⅝c and gained ¼c more up to the final hour. July opened unchanged at 91⅜c and strengthened up ¼c more. The September option was traded in ¼c up at 88c.

There was a slightly better call for durum. The May option opened unchanged at 86 c and gained ½c, and the July opeion advanced ¼c to 88c after opening unchanged.

Flaxseed Steady.

Trading in flaxseed was quiet again today but moderate strength was in evidence as a result of a higher range at Winnipeg and steady bidding on the part of crushers' interests. Trades were mainly confined to small lots. The market showed recessions from the top points of the day at the close and final prices were unchanged to ½c off.

The foreign markets were weak, Buenos Aires closing ½c off; London 1¾c off and Antwerp ⅝c off.

May flax opened ½c up at $1.56½ and closed unchanged at $1.56 asked; July opened ½c up at $1.58 and closed at ½c off at $1.57⅝. The September seed opened unchanged at $1.59½ and closed ⅛c off at $1.59⅝ asked.

At Winnipeg, May flax closed at $1.36¾ and July at $1.39⅝.

Cash Sales Tuesday.

No. 1 northern wheat, 1 car	$ .90¾
No grade wheat, 1 car	.87¾
No. 2 mixed wheat, 1 car	.83½
No. 1 flax, 1 car	1.55¾
No. 1 flax, 1 car	1.55½
No. 1 flax, 1 car	1.55¾

MARKET GOSSIP.

At Minneapolis the cash demand for spot stuff was not so keen as the mills are drawing freely from the terminals. The market was quoted steady but top premiums were for very choice offerings. No. 1 northern blue stem sold at from 2@3¾c over May, and velvet chaff at 2@2¼c over May. Flour sales were still limited, but there was a little improvement in shipping directions. Cash No. 1 northern wheat sold there at from 91¼@93c and No. 2 northern at from 88¾@90¾c.

* * *

A crop report from Des Moines, Iowa, said: "Weather conditions during the last week were generally favorable for farm work and the growth of vegetation. Much ground was plowed for corn. Winter wheat is reported in good condition, except in a few southern and southwestern counties where some fields are spotted."

* * *

The following letter from Antwerp was received on the board of trade: "Nothing of interest has happened except the Washington bureau report confirming prospects of a winter wheat crop of nearly 650,000,000 bu. There is nothing to compete with such a magnitude and unless the figure is cut down, it would perhaps be wise not to attach much importance to the European scares of the crops, which might turn up before harvest. In the meantime, the trader on this side has about three months before him to liquidate his holdings and he will probably make the best of it. The lower he will start on the new campaign, so much the better."

* * *

Broomhall's special Russian news said: "There is a scarcity of grain in all Black sea ports, and freight business is remarkably dull. There is a scarcity of spot tonnage at Odessa, and this proves a difficulty in filling, owing to the exhaustion of stocks. At Nicolaieff stocks are light and prices higher than elsewhere, and at Kherson lack of supplies is evident because wheat arriving is needed to fill old contracts. At Novorassisk arrivals of barley are smaller, but wheat is increasing. At Taganrog 60 per cent of the March contracts could not be executed. The market remains very steady."

* * *

Chicago public and private elevator stocks of wheat total 4,626,000 bu, decrease, 201,000 bu; last year, 4,633,000 bu. Corn, 9,552,000 bu; decrease, 957,000 bu; last year, 5,352,000 bu. Oats, 7,514,000 bu; decrease, 665,000 bu; last year, 4,136,000 bu.

* * *

Foreign crop summary: United Kingdom—The outlook for the winter crop is favorable, with weather very fine.

France—The acreage sown to wheat will be smaller than last year owing to unfavorable wet weather for spring planting. A full acreage is probably sown to oats. Crop prospects are being maintained, with the weather now fine.

Germany—Crop prospects are good and the weather fine.

Russia—Crop outlook is generally favorable.

Roumania and Bulgaria—The outlook for the winter crop is good. Early spring crops are well planted. Corn is progressing.

Hungary—The crop outlook is favorable and weather seasonable.

Italy—Crop conditions are good, with the weather generally seasonable.

Spain—The weather is dry, which is unfavorable.

India—There are no further complaints received regarding the weather.

Australia—According to an official report, good rains are reported in New South Wales.

* * *

Broomhall cabled from Liverpool: "Wheat—The market at the opening was under pressure of moderate realizing owing to favorable European crop news and private reports here of the highly favorable American crop outlook, and prices were ⅛d to ¼d lower. Following the opening, shorts covered and speculative buying developed, and the market advanced ¼d to ⅜d on a better millers' demand for Manitobas and the decrease in the visible supply here. Cargoes are more firmly held with a better Continental demand. Advices from Russia regarding arrivals for shipment helped the advance. Argentine offerings are light and Australian smaller. At 1:30 p. m. the undertone was steady, ⅛d lower to ⅛d higher, with support in July.

"Corn opened ⅛d to ¼d lower with America, but later gained ⅜@½d with shorts' profit-taking."

* * *

European visible—Wheat, 81,248,000 bu, against 85,384,000 bu last week; decrease, 4,130,000 bu.

* * *

The following report by Lecount was received by Baker: "Having just returned from a trip through Kansas, Oklahoma and Missouri and Southern Illinois, I consider the wheat situation the most promising that I have ever seen. Through the southern part of Kansas and Oklahoma wheat is beginning to joint. There is plenty of moisture in this territory, but in the northwestern part of Oklahoma and West Central Kansas, it is beginning to become dry. This territory is also infected with green bugs. In some fields they are very numerous and can be found more or less in all fields. Now, I consider the green bug should be watched very closely, for in my opinion, if the weather remains dry, the green bug will do considerable damage in this territory, while if we get good rains, I believe, with the healthy condition the plant is in now, it will grow away from the bug. I found wheat in Southern Illinois in almost absolute perfect condition. The bad reports coming from Highland, Gillispie and Carlinville last week were the result of a frost a week ago which caused the tops of the leaves to turn brown. The plant has entirely outgrown this condition and now the fields appear green and in perfect condition. Oat seeding, while late in this state and in Missouri, is drawing toward the finish. I believe the oat crop in Illinois and Missouri is 75 per cent to 80 per cent completed. In conclusion will say that aside from a small territory that is dry in West Central Kansas, Northwest Oklahoma and Western Nebraska, this territory being infected with green bugs, the balance of the crop is in an aunusual promising condition."

Duluth car inspection: Wheat—No. 1 northern, 5; No. 2 northern, 4; No. 3, 2; durum, 5; winter, 1; mixed, 2; total wheat, 19; last year, 120; flax, 6, last year, 14; oats, 1, last year, 8; rye, 2, last year, 5; total of all grains, 28, last year, 165; on track, 15.

* * *

Duluth grain stocks, giving changes in two days:

Wheat—Western and winter, 495,000 bu, decrease, 150,000 bu; spring, 9,371,000 bu, decrease, 809,000 bu; durum, 2,282,000 bu, increase, 3,000 bu; bonded, 1,491,000 bu, increase, 35,000 bu; total wheat, 13,639,000 bu, net decrease, 921,000 bu.

Coarse grains—Corn, 388,000 bu; oats, 3,979,000 bu, increase, 2,000 bu; rye, 318,000 bu; barley, 624,000 bu, decrease, 27,000 bu; flax, domestic, 1,610,000 bu, bonded, 444,000 bu; total flax, 2,054,000 bu, increase, net, 19,000 bu.

Total all grains, 21,002,000 bu, net decrease, 927,000 bu.

Afloat—Wheat, 2,285,000 bu; oats, 226,000 bu; barley, 304,000 bu.

* * *

Clearances reported: Wheat, 87,000 bu; flour, 49,000 bbls; together they equal 308,000 bu; corn, 7,000 bu; oats, 32,000 bu.

* * *

Primary markets report the following receipts and shipments today:

Wheat—Receipts, 333,000 bu, last year, 471,000 bu; shipments, 309,000 bu, last year, 2,442,000 bu.

Corn—Receipts, 319,000 bu, last year, 346,000 bu; shipments, 98,000 bu, last year, 1,183,000 bu.

Oats—Receipts, 490,000 bu, last year, 692,000 bu; shipments, 687,000 bu, last year, 565,000 bu.

* * *

Duluth bonded grain receipts: Wheat, 70 cars; barley, 11 cars; flax, 9 cars. Total, 90 cars.

* * *

Cars of wheat received:	Monday.	Year ago.
Duluth	19	120
Minneapolis	139	90
Winnipeg	527	98
Chicago	45	137
Kansas City, bu	24,000	50,000
St. Louis bu	23,000	66,000

* * *

Cars of linseed received:	Monday.	Year ago.
Duluth	6	14
Minneapolis	3	23
Winnipeg	63	27

* * *

Foreign closing cables: Liverpool—Wheat, unchanged to ⅛d higher; corn, ⅜d higher. Paris—Wheat, ¾@1c higher; flour, ¼@¾c higher. Berlin—Wheat, ¼c lower. Budapest—Wheat, ¼c higher. Antwerp—Wheat, unchanged.

* * *

Receipts of wheat at the leading primary markets show a falling off of 59,000,000 bu from last year. In view of the spring wheat crop having been a record one, the reduction is regarded by trade experts as indicating that a larger proportion of the grain has gone directly from the growers into millers hands than in previous years. Total receipts at eleven primary points from July 1 up to last week aggrregated 281,482,000 bu, against 340,342,000 bu a year ago.

The comparative receipts by markets were as follows:

	1913.	1912-13.
Minneapolis	94,135,000	111,790,000
Duluth	59,560,000	77,215,000
Chicago	43,026,000	37,885,000
Kansas City	29,107,000	44,466,000
St. Louis	24,005,000	34,470,000
Omaha	16,788,000	16,791,000
Milwaukee	5,426,000	9,030,000
Toledo	4,844,000	4,291,000
Peoria	1,495,000	1,708,000
Indianapolis	1,747,000	1,813,000
Detroit	1,349,000	883,000
Total	281,382,000	340,342,000

Receipts of oats at primary markets so far this season totaled 170,584,000 bu, compared with 188,310,100 bu last year.

* * *

That shorts in May wheat at Chicago are placed in an uncomfortable position is shown in the fact that the spread between that and the July option has widened out to 5⅜c. A leading bull interest is regarded as responsible for that condition as the cash demand is light and the receipts there liberal for the season.

* * *

It is announced that F. H. Peavy & Co. will shortly pay off $6,000,000 6 per cent notes which were given in 1911 to cover current obligations following the death of Manager Pettit of the Peavy Grain company, the Chicago branch of the Minneapolis concern.

REMARKS—Rain or snow fell over the Red river and upper Ohio valleys; warmer weather prevails in the Middle West, but it is colder in the Western Dakotas and Montana. H. W. RICHARDSON, Local Forecaster.

*—Inches and hundredths.
‡—Highest yesterday, lowest last night.
§—Not included in the averages.
NOTE—The average highest and lowest temperatures are made up at each center from the actual number of reports received and the average precipitations from the number of stations reporting 0.10 or more.

CHICAGO MARKET.

Decreased Visible Supply and Lack of Rain Put Wheat Up.

Chicago, April 21.—Wheat developed strength today, helped by a big decrease in the European visible supply and by lack of rain in the West and Southwest parts of the domestic winter wheat crop belt. There were advices of much delay to port arrivals from the interior of Russia. Pit offerings here were far from liberal. Prices which at the opening varied from ⅛c off to ¼@⅜c up, made a subsequent material advance all around.

Complaints from Western Nebraska that high winds were hurting wheat tended to lift prices still more. The close was firm, ½ to ½@⅝c net higher.

Improved demand from feeders gave corn an upward turn. Besides, the bears were cautious about attempting to press the selling side after an almost continuous decline of 6 cents. Opening prices were ⅛@¼c higher, and there was a subseqeunt additional gain.

There was good buying of July against sales of May, causing May to lose its premium over deferred deliveries. The close was firm at ⅛@⅞@1c net advance.

Oats hardened with other cereals. Buying though scattered, reached a fair volume.

Provisions sagged owing to weakness in the hog market. First sales varied from 7½c decline to 10c advance, but afterward prices suffered a general fall.

Wheat—No. 2 red, 94@94½c; No. 3 red, 92½@93½c; No. 2 hard, 92@92¼c; No. 3 hard, 91@91½c; No. 2 northern, 94@95c; No. 3 northern, 92@94c; No. 2 spring, 93½@94½c; No. 2 spring, 92@93½c.

Corn—No. 2, 63½@64¼c; No. 3 white, 65c; No. 3 yellow, 65@66½c.

Oats—No. 3 white, 37¾@38¼c; standard, 38½c.

Range of prices:

Wheat—	Open.	High.	Low.	Close.
May	.91¼-⅜-⅛	.91¾-⅞	.91⅛	.91⅝-½
July	.85½-⅝	.86½-⅝	.86	.86¼-⅜a

July	.36⅝-¾-⅝	.37⅝	.36⅝	.37-⅛b

MINNEAPOLIS MARKET.

Wheat Is Slightly Stronger, But the Range of Prices Is Narrow.

Minneapolis, Minn., April 21.—While prices moved in a narrow range today the local wheat market was slightly stronger at the opening on a better cash demand. Cool weather in the Northwest had a tendency to retard seeding in the spring wheat districts, but this, it was said, had very little effect on the general market.

Wheat—May opened 89⅛c to 89⅛@89¼c; high, 89⅜c; low, 88⅞c; closed, 89c. July opened 90⅝90¾c; high, 90⅞c; low, 90⅜@90½v; closed, 90½c asked.

Cash—No. 1 hard, 93¾c; No. 1 northern, 91@92¾c; to arrive, 91@92c; choice to arrive, 92½c; No. 2 northern, 89@90½c; to arrive, 89⅛@90½c; No. 3 wheat, 86¾88c.

Oats—No. 3 white, 35¼@35¾c.

Corn—No. 3 yellow, 61@61½c.

Flax, $1.54@1.56.

The flour market was reported quiet today. Prices unchanged. Shipments, 59,523 barels.

Barley, 42½@52c; rye, 55½@57c; bran, unchanged.

Liverpool Grain.

Liverpool, April 21.—Wheat—Spot quiet; No. 2 red western winter, 7s 3d; No. 1 Manitoba, 7s 3½d; No. 2, 7s 2½d; No. 3, 7s 1½d. Futures firm; May, 7s 1⅜d; July, 7s 2⅛d; October, 7s 1d.

Corn—Spot quiet; American mixed, 6s 7d; La Plata futures firm; July, 4s 6⅛d; September, 4s 6½d.

ADVANCES IN STOCKS

Substantial Rise Is Caused in Prices By Oversold Conditions.

Early Depression of Short Duration and Close Is Strong.

New York, April 21.—The opening bulge brought out an increased supply of stocks which temporarily checked the advance. Traders who bought in the belief that the decline had been checked, threw over their holdings and short selling was resumed. The early advance was cancelled, but the depression was of short duration and in the late forenoon the upturn was resumed. Reading, the Hill and Harriman shares, Lehigh Valley and other issues made gains of about a point.

Trading diminished on the rise and the market became dull while the street awaited news from Mexico. A block of $500,000 Southern Pacific convertible 5's was marketed at 100⅛ and New York City old 4¼'s fell to 101.

Bonds were irregular.

There was a better demand for stocks in the early trading today, and the market betrayed none of the weakness of the preceding session. With no essential change in the Mexican situation over night the bears were able to make little headway by using this factor, and their efforts were more than offset by the increased buying induced by the low levels established yesterday.

Stocks of corporations with large investments in Mexico were heavy, Southern Pacific and Mexican Petroleum falling to new low levels for the movement. Oil shares were again weak but otherwise the movement was upwards. In the first half hour the standard shares were placed on a substantially higher level, with numerous gains of 1 to 1⅝ points.

The government's favorable review of weather conditions in the crop region and the rally in oil stocks on the curb helped the market which held steady after noon. A raid on Lehigh, forcing it down nearly 3 points, had little effect elsewhere. Foreign houses were liberal sellers, putting out about 15,000 shares.

The market closed strong. Oversold conditions caused a substantial advance in prices despite the Mexican crisis. Buying of stocks went on steadily, although business contracted in the late dealings.

Midway Horse Market.

Minnesota Transfer, St. Paul, Minn., April 21.—Barrett & Zimmerman report: Good retail demand from farmers for farm horses and mares, numerous small shipments being made to points in upper Michigan, Wisconsin and Minnesota. Several lumber companies have consigned in carloads of logging horses for the Wednesday auction. The local market was greatly shocked and grieved at hearing of the sudden death today of William H. De Lancy at Gowrie, Iowa., where he was buying horses. Mr. De Lancy was in point of service the veteran horse buyer shipping to this market. His many friends throughout the Northwest will learn of his death with deep regret.

BROKERAGE TROUBLE AFFECTS COPPERS

Mining Issues Sell Lower on Heavy Closing Out of Trades.

Mining stocks showed a sagging tendency at Boston today with trading affected somewhat by the suspension of Gay & Sturgis. Recessions were general through the list. Butte & Superior closed 75 cents down at $33.50; Alaska Gold unchanged at $26.50; Granby 25 cents off at $78.50; North Butte 25 cents off at $25.75; Shattuck $1.50 down at $23 and Amalgamated Copper 38 cents up at $73.87.

Business in the Duluth curb list was quiet. Calumet & Corbin sold at 28@29c and Keating unchanged at $1.62.

* * *

Shattuck's March production was reported at 1,136,458 pounds of copper, 27,054 ounces of silver and 319 ounces of gold.

BROKERS HAVE SUSPENDED

Receiver in Charge of Business of Gay & Sturgis.

The suspension of Gay & Sturgis, stock brokers, was announced this morning on the Boston stock exchange.

F. T. Greenhalge, former assistant attorney general, to whom an assignment was made, ordered an immediate examination of the books. Until this is completed no statement of liabilities and assets will be made.

Mr. Gay said that suspension was due to general depression in the stock brokerage business, and to inability to realize on an outside investment.

The firm dealt extensively in Lake Superior copper mining shares, and held membership in both the Boston and New York stock exchanges. It had an extensive clientele among Duluth traders to whom the news came as an unpleasant surprise. It is reported that a large number of accounts are being carried, both of local operators and of traders located in towns in this territory.

"I do not know of anything further than the bare news of the suspension conveyed in the announcement," said R. T. Goodell, local manager, this morning. "I presume the difficulties were brought about through the quiet situation that has prevailed in trading for some time back and to declines in some of the securities traded in on the exchanges.

"The receiver is now going through the accounts and in the meantime we cannot transact any business. No money can be paid out on the accounts of customers. I hope that the house's difficulties are only temporary and will be straightened out shortly."

D. A. R. READY TO SERVE IN MEXICO

Women Give Enthusiastic Approval to President's Policy.

Washington, April 21.—Enthusiastic approval of President Wilson's Mexican policy, with the adoption of a resolution pledging the members of the organization to "hold themselves in readiness for any service which may be required in the dilemma of war," marked the session of the twenty-third congress of the Daughters of the American Revolution here. A spirited demonstration followed an announcement by Mrs. W. S. Story, president-general, that war with Mexico had been practically declared.

Oregon has 545,000,000,000 feet of standing timber valued at $680,000,000.

New Mining Sensation
ON THE
Cuyuna Iron Range
The iron property of Ver-Mes-Cuyuna Mining & Development company is situated in the very heart of the Cuyuna iron range. A year's drilling has proved up a large body of ore. The over-burden is the lightest yet encountered on the range. Mining will be cheap. The location is ideal and there are no transportation problems.
Results already secured at this mine fully warrant and demand further development work. To strengthen the company's treasury for that purpose, 25,000 shares of stock are offered for subscription at par, $1.00 a share.
This is the first stock offered the public since the company's organization was completed. It is a rare chance. Investigation is invited. Get some of this offering before it is all taken. Prospectus and any information desired on request.

LEGAL NOTICES.

ORDER TO EXAMINE FINAL ACCOUNT—
State of Minnesota,
County of St. Louis—ss.
In Probate Court. In the Matter of the Estate of Charles J. Peterson, Decedent.

The petition of Euril Francis Wharton as representative of the above named decedent, together with his final account of the administration of said estate, having been filed in this court, representing, among other things that he has fully administered said estate, and praying that said final account of said administration be examined, adjusted and allowed by the Court, and that the Court make and enter its final decree of distribution of the residue of the estate of said decedent to the persons entitled thereto, and for the discharge of the representative and the sureties on his bond. It is ordered, That said petition be heard, and said final account examined, adjusted, and if correct, allowed by the Court, at the Probate Court Rooms in the Court House, in the City of Duluth in said County, on Monday the 11th day of May, 1914, at ten o'clock A. M., and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this order be served by publication in The Duluth Herald according to law.

Dated at Duluth, Minn., April 13, 1914.
By the Court,
S. W. GILPIN, Judge of Probate.
Attest: A. R. MORTON,
Clerk of Probate.
Seal, Probate Ct, St. Louis, Co., Minn.
D. H., April 14, 21 and 28, 1914.

ORDER FOR HEARING ON PETITION FOR ADMINISTRATION—
State of Minnesota,
County of St. Louis—ss.
In Probate Court. In the Matter of the Estate of Mary E. Lockhart, Decedent.

The petition of G. Omer Lockhart having been filed in this Court, representing, among other things, that Mary E. Lockhart, then being a resident of the County of St. Louis, State of Minnesota, died intestate, in the County of St. Louis, State of Minnesota, on the 23rd day of June, 1913; leaving estate in the County of St. Louis, State of Minnesota, and that said petitioner is the surviving spouse of said decedent and praying that letters of administration of the estate of said decedent be granted to said G. Omer Lockhart. It is ordered, That said petition be heard before this Court, at the Probate Court Rooms in the Court House in Duluth, in said County, on Monday, the 11th day of May, 1914, at ten o'clock A. M., and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this ordered be served by publication in The Duluth Herald, according to law, and that a copy of this order be served on the County Treasurer of St. Louis County not less than ten days prior to said day of hearing.

Dated at Duluth, Minn., April 13, 1914.
By the Court,
S. W. GILPIN, Judge of Probate.
Attest: A. R. MORTON,
Clerk of Probate.
Seal, Probate Ct, St. Louis, Co., Minn.
D. H., April 14, 21 and 28, 1914.

NOTICE OF MORTGAGE SALE—
Default having been made in the payment of a certain mortgage executed by John A. Ramberg and Elizabeth E. Ramberg, his wife, mortgagors, to H. N. Johnson, mortgagee, dated May 1st, 1907, and recorded in the office of the Register of Deeds for St. Louis County, Minnesota, on May 2nd, 1908, at one o'clock P. M., in book 247 of Mortgages on page 277, upon which said mortgage there is claimed to be due on the date of this notice the sum of one thousand sixty-five and 53-100 dollars ($1,065.53);

Which said mortgage, together with the debt secured thereby, was duly assigned by the said H. N. Johnson, mortgagee, to Waite H. Squier, by written assignment, dated May 2nd, 1907, and recorded in the office of said Register of Deeds on the 30th day of January, 1911, at one o'clock P. M., in book 186 of Mortgages on page 611.

No action or proceeding at law, or otherwise, has been instituted to recover said mortgage debt, or any part thereof.

Notice is hereby given, That by virtue of the power of sale contained therein said mortgage will be foreclosed by the sale of the premises therein described, which are situated in St. Louis County, Minnesota, and described as follows, to-wit: Lot sixteen (16) in Block One hundred twelve (112), London Addition to Duluth, to pay said debt, taxes, if any, and fifty dollars ($50.00) attorney's fees, as stipulated in said mortgage in case of foreclosure, and the costs and disbursements allowed by law; which said sale will be made by the Sheriff of St. Louis County, Minnesota, at the front door of the Court House in the City of Duluth in said county and state on the 23rd day of May, 1914, at ten o'clock in the forenoon.

Dated April 7th, 1914.
WAITE H. SQUIER,
Assignee of Mortgagee.
C. W. STILSON,
Attorney for Assignee of Mortgagee,
Duluth, Minnesota.
D. H., April 7, 14, 21, 28, May 5 and 12, 1914.

NOTICE FOR PROPOSALS
